BAND CONTESTS NEXT

Muleshoe's Speech Department Wins

Muleshoe high school's speech department walked off with top honors in the Floydada invitational school tournament, gathering sweepstakes trophy for its success.

Muleshoe's speech contestants won nine of the 10 first place trophies, and the overall sweepstakes trophy. Ten other schools participated in the tournament in addition to Muleshoe.

Coming up soon, another Muleshoe department will try for high honors in area meets: the Muleshoe Mighty M band will take solos and ensembles to the UIL contest in Lubbock's Monterey high school Feb. 20. The

McDorman Rites Set for Today

Funeral services will be held at 2:30 today in the First Methodist Church here, conducted by the pastor, the Rev. J. Frank Peery, for William D. McDorman, 86, who died at 8:30 Monday evening in Muleshoe Nursing Home. Assisting will be the Rev. W. C. Strickland, pastor of the First Methodist Church at Farwell.

Burial will be in the Muleshoe cemetery under direction of Singleton Funeral Home.

Survivors include his wife, Willie; three sons, Marvin, San Leandro, Calif.; James, Farwell, and Johnny, Fence Lake, N.M.; three daughters, Mrs. Raymond Pence, Wilcox, Ariz.; Mrs. Byron Gwynn, Muleshoe, and Mrs. Bill Shields, Salt Lake City; one sister, Mrs. Mary McRorey, Dallas, 13 grandchildren and 20 great grandchildren.

McDorman had lived in the Muleshoe area since 1925, moving here from Elida, N.M. He was born Sept. 6, 1879 at Hall Town, Mo., and was a retired farmer. He was a member of the First Methodist Church.

19 Courthouse Trees Get Axing As Bird Control

The "front" side of the courthouse is going to look somewhat bleak this summer: Nineteen trees on the east side of the courthouse are going to feel the heavy ax in a trimming measure approved this week by the county commissioners.

One reason given for the harsh trimming of the courthouse elms is to discourage birds which have been populating the courthouse trees heavily in recent months.

Said Judge Glen Williams: "The commissioners ordered 19 of the trees on the east side trimmed, and then they'll take a second look to see whether

Gimmicks Aid '66 Incomes For Farmers

Joe Bloe, the West Texas farmer who raises cotton or grain sorghum, first pretty much discouraged by new and rigid controls, may not be so bad off after all, a survey of the 1966 picture revealed this

week. By means of "gimmicks," insurances, swap-outs of acreages and other means, he may wind up the growing season next autumn "as well off or better off financially" than he was this year.

That last was compound opinion expressed by several persons, including ASCS officials. For example, many Texas farmers are eligible for top-notch crop insurance in 1966, according to Ben A. Jordan Jr., state director for the Federal Crop Insurance Corp.

A. S. Stovall was named vice-president, and Elizabeth Harden the secretary-treasurer. Owen Powell was elected reporter.

The session Monday was the third monthly meeting of the oldsters in the Methodist Church's Fellowship Hall. The Rev. J. Frank Peery will continue as president of the Governor's Bailey County Committee on Aging. MASCO will be sponsored by the Committee on Aging, composed of Mr. Peery and 15 other persons.

The organization has recently secured the backing of the Budget and Admissions committee of the Muleshoe Area United Fund; the UF committee has granted \$500 to finance MASCO next year.

At a ceremony this week, Don Davidson, Hereford, formally presented the certificate to Mr. Peery from the governor, establishing the organization here. Music was provided by Walter Buice. Accompanying was Mrs. Arvis Grogan.

Charlie J. Tiller

Tiller Announces For Commissioner

Charlie J. Tiller, Needmore, has filed for county commissioner's post, precinct 4, subject to the May 7 Democratic primary, and he says his "only campaign promise is to do the very best job I can."

Tiller has lived in the Needmore area for 25 years and has been farming in that area since moving there in 1937.

He and Mrs. Tiller have one daughter, Mrs. Wayne McNatt, Dallas.

The Tillers attend the Baptist Church at Longview.

"I'm not making any campaign promises," Tiller said, "except one: I promise to do the very best job I can."

A lot of people are going to the polls in May, June and November to cast their ballots for Joe Bloe, office-seeker.

At least, sale of poll taxes would indicate that the polling places are going to be crowded, come election time.

Jean Lovelady, tax assessor-collector, said 2158 persons paid their poll taxes before the deadline, midnight, Jan. 31. In fact, a number of receipts were issued after office hours Monday after Muleshoe Jaycees had taken over the job for a late selling windup. Earlier, the Chamber of Commerce had done a yeoman's job of selling the receipts.

The total is not a record, but it is probably the greatest number ever issued for a non-presidential year. It far surpasses last year's "off-year" poll tax receipts.

As the deadline neared for filing for a place on the May 7 ballot, two additional candidates filed Monday with County Democratic Chairman Harvey Bass.

Don Cihak, a young Muleshoe attorney, tossed his hat into the ring as a candidate for county judge on the Democratic ticket, and Tuesday morning, Charlie J. Tiller, Needmore, became a candidate for county commissioner, precinct 4. Earlier in the year, Calvin Calvert had tossed his hat into the ring for county judge. (The incumbent, Judge Glen Williams, has announced he will not seek re-election.) Tiller is opposed by the incumbent, R. P. McCall.

Candidates for the May 7 primary have only until next Monday in which to file their names with the county chairman

MR. AND MRS. WILLIE ELLIS

Mr. and Mrs. Willie Ellis Celebrate 50th Anniversary

Mr. and Mrs. Willie Ellis, residents of the Muleshoe area for the past 35 years, will be feted with a reception Sunday in their home at 1907 W. Ave. F on the occasion of their 50th Wedding Anniversary.

Hosts for the event will be the couple's children. The reception will be from 2 to 5 p.m. and is to be attended by all friends of the family.

The Ellis family moved to Bailey County in 1931 and settled in the Longview community 12 miles southwest of Muleshoe. Later the couple farmed near Baileyboro, before purchasing farm land north of Muleshoe.

Ellis recently retired and turned his farming operations o-

ver to a son who lives north of Muleshoe.

Other than six children the Ellis' have two grandsons.

The couple were married in Montague County Texas on Feb. 6, 1916. Mrs. Ellis is the former Dovie Fletcher.

Many people are fortunate enough to have a supply of pecans from their own trees, if you are not that fortunate, you'll find plenty of pecans in the stores at attractive prices.

Flavorful in-the-shell pecans generally are more economical than those already shelled. Compare the costs by figuring two pounds of in-the-shell nuts to one pound when shelled.

Dinner Held By 4-H Club

Family night was observed at the Bailey County Electric Co-operative Community Room by all the Progress 4-H Clubs combined. A chicken dinner was served with all the trimmings.

During the business session of the meeting Barbara Wilhite and Clifford White were appointed representatives for the club at county council.

Gary Murrah was elected as Secretary and Vickie Stallings, Reporter to fill recent vacancies.

Jack Hicks was elected as adult leader in the beef cattle division and Mr. and Mrs. Clarence Mason are the new Organization Leaders.

Extra guests present for the meeting and dinner were Mr. and Mrs. J. K. Adams, Jean Martin and Karen Mayhugh.

According to the reporter, the club will meet each fourth Tuesday in the Bailey County Community Room.

Elaine Embry Feted at Shower

Miss Ketchum, Mr. Bledsoe Are Wed In Lubbock Ceremony

St. Luke's Methodist Church in Lubbock was the scene of the recent wedding of Miss Wanda June Ketchum and Charles Thomas Bledsoe Jr., both of Lubbock. The Rev. R. M. Huckabee solemnized the double ring ceremony.

The bride is the daughter of Mr. and Mrs. E. C. Ketchum of Lazbuddie. Parents of the bridegroom are Mr. and Mrs. C. T. Bledsoe Sr., Van Alstyne. Given in marriage by her father the bride was attired in a formal wedding gown of white silk organza over taffeta, styled with a scooped neckline, princess line waist, bell shaped

skirt and bracelet length sleeves. The bodice and waist were accented with alecon lace motifs and re-embroidered with seed pearls and crystal beading. The chapel train was detachable from the neckline with a bow. Her three tier shoulder pedal veil of nylon illusion was secured by a peau de soie dior bow atop an alecon lace motif touched with seed pearls and beading. She carried a cascade bouquet of white feathered carnations centered with a white orchid.

Mrs. Mona Davidson, Amarillo, attended her sister as matron of honor. She wore an aqua blue floor length sheath with matching dior headpiece. She carried a cascade of white feathered carnations.

Best man was Dwight Baker, Idalou. Serving as ushers were Dub Mount and Charles Par-rack, Lubbock. Tapers were lighted by Edward Ketchum, brother of the bride.

Mrs. Beddingfield has been asked to serve as a consultant for local officers by Evelyn S. Brown, South Central Regional Director from Omaha, Neb.

Mrs. Beddingfield is attending a meeting of the State Classroom Teachers Board and State Welfare Committee today of which she is a member from District XIII.

First general session of this conference will be held tomorrow at 9 a.m. with an address "Opportunity for Responsibility" by Mrs. Elizabeth D. Koonta, president NEA Dept. of Classroom Teachers. There will also be discussion groups on Time to Teach, School Finances, Professional Negotiations, Tenure, Sanctions, Leadership and Public Relations.

Second general session will be held at 7:30 p.m. with an address, "Classroom Teachers and The Challenge of Change", by Margaret Stevenson, Executive Sec. of NEA Dept. of Classroom Teachers.

Friday at 9 p.m. the Texas Classroom Teacher Association will be host of a social hour for

those attending the conference.

The third session will be Saturday morning with a business session. A banquet on Saturday night will conclude the conference.

The third session will be Saturday night will conclude the conference. Mrs. Beddingfield will return home Sunday.

Note to new brides: Keep a cake tester in your kitchen if you plan to do some baking. This little gadget is nothing more than a slender piece of firm wire with a looped handle, it is inexpensive and widely available in dime stores and at the gadget counters in household wares departments of stores.

When modern recipes call for brown sugar, the term "firmly packed" follows. To measure the sugar this way, fill the cup (or fraction of a cup) with the brown sugar and as you do so press it down so tightly and firmly that when turned out it holds its shape; level off the measure with a spatula.

Prices on some fresh vegetables are edging upward slightly as a result of unfavorable weather. Price comparatively and save, suggest Mrs. Clyatt, Texas A&M University Extension consumer marketing specialist.

What's the best 5-letter word for fertilizer?

And for wheat — NIPAK 45.
Get better wheat crops and earn bigger profits. Topdress your wheat with Nipak 45 right now — for greater yield and higher protein. Nipak 45 — 45% nitrogen fertilizer from Urea — gives you one-third more nitrogen per pound than any other form of solid nitrogen fertilizer — which enables you to handle less fertilizer and cover

more ground in less time. Nipak 45 is uniformly prilled, too. It flows easily, won't clog — or corrode your equipment. Nipak also dissolves in the soil moisture and moves quickly to the root zone where it stays put until your crops need it. So for more grow power, ask your local Nipak dealer about Nipak 45. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service.

Farmers

(Continued from Page 1)
mer is guaranteed a minimum under the two programs of \$50.96 an acre, or \$67.16 an acre, depending on when the loss happens.

The FCIC is a non-profit agency of the USDA. New features of the FCIC program this year include increased production guarantees, particularly in the blacklands cotton areas. Also cotton farmers can now select a price per pound in plac-

ing a value on their cotton for loss settlement purposes. More than 10,000 Texas farmers participate annually in the crop insurance, and are now insured for some \$25 million.

Still another method by which farmers are boosting their cotton potential is through buying up "released" acres from other counties. One farmer put it this way: "My cotton acreage here was cut, but I have bought enough acreage from other counties just about to cover the loss ground. In fact, I believe I'll wind up better off than last

year." Meantime, USDA has reported that cotton allotments of about 1 million acres have been transferred by cotton farmers to other cotton growers in the same county and in other counties within the same state under provisions of the new cotton program.

The allotments, reported USDA, are shifted either by sale or lease to another grower, or by transfer by an owner from one farm to another owned or controlled by the farmer making the transfer.

Department officials pointed out that the 1,031,329 acres of transferred allotments comes close to the total amount of allotments released in 1965 under the release and reapportionment system which has operated for many years. Under this system, the releasing grower received no reimbursement. Under the new program, the grower sells or leases his allotment for what it will bring. The purchaser, under the new sale arrangement, acquires the allotment on a permanent basis and is in a position to plan and farm more

efficiently than when he was dependent on receiving reapportioned allotment annually.

Preliminary figures released for the cotton producing states on 1965 allotment transfers shows Texas producers have sold 144,383 allotment acres; leased 237,401 acres and owner transfers have included 28,961 acres. Nationally, 266,510 allotment acres have been sold; 663,019 acres leased and owner transfers have involved 61,800 allotment acres of cotton. Meantime at January's end, Plains Cotton Growers, Inc.

compiled and released its seventh and final quality report on the 1965 season cotton crop from the High Plains. The report covers the 2,079,000 bales classed through Friday, Jan. 21, well over 90 percent of the estimated 2,273,000-bale crop.

The report shows a small improvement in both grades and staple lengths for 1965 but reveals a disappointing decline both in pressley strength and micronaire readings. The 1965 crop graded 60.8 percent white cotton, with 18.0 percent middling white and above, as compared to 57.3 percent white and 8.6 percent middling white and above in 1964. Light spots this year totaled 36.4 percent of the crop as opposed to 34.0 percent last year. Only 1.9 percent of the 1965 crop was graded full spot while 2.4 percent fell in this category in 1964.

There was a big difference in the percentage of cotton in the "all others" class (including tinged, yellow stained, light grays and grays). Last year 6.3 percent of the crop fell in these classes, but this year the figure dropped to 1.0 percent.

Staple average for the 1965 season came out to 30.2 thirty-seconds of an inch as compared to last year's 30.1 thirty-seconds average. Added significance accrues to this gain of only one-tenth of an inch when it is noted that it came on top of a gain last year of three-tenths of a thirty-second over the 1963 crop. Also notable is the fact that 8.2 percent of the 1965 crop, or about 180,000 bales, pulled one inch or longer. Last year only 5.8 percent, about 11,000 bales, measured one inch or more.

In addition, there has been an estimated 40,000 to 50,000 bales from the Plains which went directly to consuming mills, bypassing the classing office, and it is believed that most of this cotton was in the one inch plus staple range. More bales of this longer stapled cotton is one of the things cotton marketing experts have indicated the area needs in order to broaden the base of its markets.

Pressley, or fiber strength average of the 1965 crop dropped to 78,300 pounds per square inch from the 1964 average of 78,800 pounds per square inch. Only 69 percent of the crop was 75,000 psi or stronger as compared to 73.4 percent in that range last year.

The quality factor which perhaps has attracted more attention than any other this year in the area is micronaire, or fiber fineness. The reason for this is tied directly to the cotton producer's pocketbook.

In the past only those bales which sold into commercial trade channels were discounted in price because of poor micronaire. But this year for the

and post their fees. So far, the ballots here are not crowded, but several more candidates for various offices are expected to file between this time and next Monday.

Deadline for a candidate to file for an office is Feb. 7; candidates must have handed their proper declaration of intention, accompanied by a fee of \$50, to the county chairman on or before that date to be assured of a place on the primary ballot, it was pointed out. When the lists have been closed after Feb. 7, Bass and his executive committee will de-

termine the primary assessment fee to be levied against each candidate. The \$50 fee is a part of this assessment.

first time premiums and discounts for micronaire were written into the government loan schedule to reflect on the price of every bale. This fact, coupled with the fact that micronaire readings on the High Plains crop of 1965 hit the lowest average since 1961, has almost made micronaire a dirty word on the Plains. Average micronaire on this year's crop came to only 3.4, compared to 3.7 in 1964, 3.5 in 1963 and 4.3 in 1962.

terminate the primary assessment fee to be levied against each candidate. The \$50 fee is a part of this assessment.

they want to go further with their trimming job."

Except for the tree-trimming job, Monday's commissioners' session was mostly routine — bill paying for the most part. They will sell a knobby-wheel road packer Feb. 14, and on that day, too, they'll name election officials for the general election Nov. 7. The commissioners have "nothing to do with the Democratic and Republican primaries, slated for May 7," Judge Williams said. "Naming of officials for the primaries," he explained, "is a function of the parties themselves."

Citrus still highlights most fresh fruit counters, with Texas-grown Ruby red grapefruit the "real star." Temple oranges, the easy-to-peel and easy-to-section fruit, is excellent for eating out-of-hand. Grapes, pears, avocados and pineapples also are in good supply.

Still more new cars and diesels, too, for Santa Fe.

Our \$145-million improvement program for 1966 includes 60 high-horsepower diesels and 5,000 freight cars. That brings our investment—in just 4 years—to more than \$360-million for 18,000 modern cars and diesels. All to serve still better our busy Santa Fe Country.

Soon more than 20 per cent of Santa Fe's huge fleet will be less than four years old. But this does not tell the whole story. Many new cars are longer; others have capacities multiplied 2 1/2 times; many haul double the tonnage of cars they replace.

Our fleet of giant 100-ton covered hopper cars for grain, and other bulk commodities is being expanded. Soon 5,600 of them will be in service—with the carrying capacity of 11,000 conventional box cars! Half of Santa Fe's diesel freight power is in new high-horsepower units—and more keep coming to move our trains on fast, dependable schedules.

Tower Says Vietnam Should Top Agenda

By Sen. John G. Tower

For the information of the Press: The following is the text of Senator Tower's weekly report to Texans:

Congress now has completed the first two weeks of the 1966 session, and the two issues most important to Texans already are vying for attention.

Those issues are, of course, the needs of our men in Vietnam and the campaign to preserve our state's Right-to-Work law.

It is most unfortunate that these two vital issues have been placed on an apparent collocation's announced legislative schedule.

Most of us had expected that the Senate would deal first with the Vietnam needs, spending all the time and effort necessary to see that this priority national effort is fully discussed and adequately provided for. However, the Senate has been put on notice that next week Administration leadership will call up not the bills concerning Vietnam, but the same anti-Right to Work measure which was defeated three months ago.

I certainly hope the Administration leaders will reverse this announced plan. I believe the Vietnam war must be dealt with first. This much, I think, we owe to the American men and officers fighting communism in Southeast Asia.

As a member of the Armed Services Committee, I know full well the extent of legislative work which needs to be done on Vietnam issues. It is not just one job quickly done but is, in effect, three jobs each of which requires undivided and intensive attention.

First, the Armed Services Committee, and the Senate, must consider the Defense Department's request for 12.7 billion more dollars. This 12.7 billion is money needed in addition to the more than 50 billion dollars already budgeted for defense expenditures this fiscal year.

It is important to note that what the Defense Department is asking for, on a rush basis, is a 25 percent increase in the nation's defense funds. This money the Department says it needs to add to the budget for the current fiscal year. As you know, the government's fiscal year runs from July to June, so this fiscal year now is about half over.

I have been to Southeast Asia. I have talked to General Westmoreland, Ambassador Lodge and our men in the field. There is no doubt in my mind that those fighting men need added financial support if they are to get the weapons, equipment and ammunition they must have.

However, the American people should not expect Congress to pass a 12.7 billion dollar appropriation bill without full study — study that takes days, not hours.

The second Vietnam task facing Congress is provision of an adequate Vietnam G. I. Bill. Texans have been leaders in the fight to achieve such a bill, providing education and loan benefits for our combat servicemen. More than a year ago, I introduced such a bill. This year the Administration indicates it will support a Vietnam G. I. Bill.

Perfecting this bill will take additional days of Senate work.

The third Vietnam job for Congress is the normal defense job faced in January and February of every year. The Armed Services Committee must hear, from our civilian and military Defense Department leaders, a summary of our nation's worldwide defense posture. These hearings — we will call them Defense Posture Hearings — sometimes take weeks.

After completing this work, Congress can proceed to provide the funds that will be needed for our defense in the coming fiscal year — the fiscal year starting next July.

These defense tasks should have priority on the Senate's agenda. Yet, it is proposed that the question of repealing Section 14B of the Taft-Hartley law, the Right-to-Work section, be brought up first.

Only three months ago the Right to Work was preserved by a Senate vote of 47 to 45. It seems needless to press the very same issue again, deliberately sidetracking consideration of far more crucial Vietnam bills.

Now, whenever this second try to repeal Section 14B does come, I will join again in an extended debate to save the Right to Work. This long debate could preclude any other serious Senate business, and I think it is both unnecessary and unwise to place this long debate ahead of the Vietnam bills.

OUR OLDSMOBILE will give you better service with AMALIE 100% Pure Pennsylvania Motor Oil

Why? Today's high compression engines running at high or low speeds; running in grueling stop and go traffic require the superior oiliness, the heat resistance found only in AMALIE Pennsylvania Oil.

AMALIE is the oilier oil refined from the world's finest crude by special low-heat process. AMALIE stands up under engine heat long after conventional oils break down, thin out, drain off. Cuts wear, insures long miles of smooth engine performance...

change to AMALIE 100% Pure Pennsylvania Motor Oil!

Your service station man will stock AMALIE for you... Just ask him.

UNWANTED RUSSIAN IMPORT — A compact car is shown in a jungle of tumbleweed. The weed, a Russian delivery of 90 years ago, is a headache to West Texas farmers, clogging cotton rows in Bailey county. The weed arrived in this country with a group of Russian immigrants in the early 1870s. The settlers brought the seeds mixed with flax. (AP Photo)

Medicare Opens Hospital Jobs, Officials Say

Several vacancies now exist in the newly created Medical Care Administration Services Section (Medicare) of the Texas State Department of Health. State health officials are trying to fill these positions immediately:

Hospital consultants; medical records librarian supervisor; public health nursing consultants; laboratory consultant and pharmacist consultant.

Persons interested in these positions must have adequate education and experience. Prerequisites for employment may be obtained from the Personnel Director, Texas State Department of Health, 1100 West 49th Street, Austin, Texas.

Also needed are hospital survey specialists. This position requires a college degree, plus public health and - or admission concerning this position may also be obtained through the state health department personnel director.

Persons qualified and who are interested in these positions should contact the health department personnel officer immediately, either in person or by letter, health officials said.

King Antiochus I built a 150-foot-high funeral cairn 2,000 years ago on Nemrud Dagh (Mount of Nimrod) in southeast Turkey. At the time he was monarch of the tiny but strategic crossroads kingdom of Commagene.

Queen Elizabeth receives an annual grant of about \$1,350,000 from Parliament. This includes her privy purse of \$168,000 and funds for household salaries and expenses.

It is not necessary, as old-fashioned recipes direct, to wet a mold before it is filled with a gelatin mixture. The "wetting" process does not aid in unmolding.

Our men in Asia are doing an important job for this nation; the Administration should allow the Senate to do its important work first.

When you are making up a package of lemon-gelatin dessert (four-serving size) to use for a molded salad, add a tablespoon of vinegar and a dash of salt along with the water called for; fold in the salad ingredients after the gelatin has thickened slightly.

Meet the MULESHOE STATE BANK CUSTOMER of the Week

Earl Peterson

Meet Earl Peterson, Muleshoe State Bank's customer of the week. Peterson farms in the Lazbuddie community. He and his wife, Medalene, have two children at home, Pat and Earl Jr. They have a married daughter and son. The Petersons attend the First Baptist Church at Lazbuddie. Peterson said he had banked with the Muleshoe State Bank since 1953, and "It's a fine bank. They are very friendly and have treated me awfully good." We are proud to recognize this customer of the week.

Western Area Sweeps Honors For Homemakers

Today's Meditation
The Rev. Clifton J. Corcoran
Catholic Chapel

Area I Young Homemakers took top awards at the fourth annual State Young Homemakers of Texas convention in Austin Jan. 13-15.

Placing as the Outstanding Chapter of the year was the Clarendon Young Homemaker Chapter. Hale Center took first place honors in the Publicity Award.

Debbie Cade, Cooper Rural High School, Lubbock, was named State Little Sister of the year. The award goes to an outstanding member of the Future Homemakers of America, little sister organization of the Young Homemakers.

Gayle Fortenberry of Lockney, was installed as a state officer and will continue her work in the state organization for a second term.

A highlight of the convention was the announcement of the new scholarship for Future Homemakers. The Ann Lane Homemaker Scholarship will be offered by the rural electric systems of Texas in honor of Ann Lane, a pioneer in the Young Homemakers of Texas and outstanding civic leader from Gustine in Comanche County.

Ignatius Loyola in his writings called the Spiritual Exercises tells us, "We must, then, above all things and endeavor to establish in ourselves a complete indifference with regards to all created things, even that of which use is not forbidden us; not preferring as far as depends on us, health to sickness, riches to poverty, honor to humiliation, a long life to a short one; since order requires that we wish and choose in everything what will lead us most surely to the end or reason for which God created us.

All creatures were given to us to lead us to our good God. How is it that so many things draw us away from God and are the cause and instruments

of the eternal ruin of far too many? All too often The creatures of God are turned to an abomination, and a temptation to the souls of men and snare to the feet of the unwise. The irregularities of our affections creates difficulties for many. Our nature degraded by the original sin seeks or avoids God's material things in so far as they flatter or mortify our upset condition. The purpose of this meditation is to reform the disorder of our attachments or ourselves a perfect indifference. This indifference consists in neither seeking or avoiding with a free and deliberate will any created thing for itself, but solely as it may bring us to or separate us from God.

Lubbock Move Set By Oxfords

By Mrs. H. W. Garvin
MAPLE — Mr. and Mrs. Roy Oxford, who have been living in California since their marriage in August, visited her brother and wife, the W. C. Eubanks, also Mr. and Mrs. H. W. Garvin. Mrs. Oxford is the former Karen Eubanks. The Youngs plan on making their home in Lubbock.

The WMS of the Maple Baptist Church met in the D. L. Tucker home Tuesday morning with a circle program on Missionary Education. A short business meeting was held then cake was served to Mrs. E. A. Wright, Mrs. Paul Carlile, Mrs. E. M. Lowe, Mrs. C. A. Pearce, and Mrs. T. D. Davis, by the hostess, Mrs. D. L. Tucker, who was killed in a car wreck Tuesday, was a niece of the Emersons and a cousin to Mrs. Adolph Wittner and Mrs. Ed Neutzler.

Mr. and Mrs. Johnnie Wheeler spent Sunday with their son, Jimmy and family in Lovington, N. M.

Mrs. A. E. Robinson has returned to her home in Maple after a month's visit with a daughter at Hemstead and another daughter at San Antonio, Mrs. R. S. Reeves is in Lubbock undergoing medical treatment.

An estimated 98 per cent of the homes in Bermuda have electricity.

LEGAL NOTICE

NOTICE OF ELECTION ORDER FOR INDEPENDENT SCHOOL DISTRICT TRUSTEE ELECTION AND APPOINTMENTS OF OFFICERS

Be it ordered by the Board of Trustees of Muleshoe Independent School District:

That an election be held in said School District on April 2, 1966, for the purpose of electing three members of the Board of Trustees of said School District.

That said election shall be held at the following place and the following named persons are hereby appointed officers for said election:

At the Library, Junior High School Building in Muleshoe, Texas, in said school District, with Ernest Kerr as Presiding Judge and clerks appointed by him.

The manner of holding said election shall be governed, as near as may be, by the Election Code of this State, and this Board of Trustees will furnish all necessary ballots and other election supplies requisite to said election.

Immediately after said election has been held the officers holding the same shall make returns of the results thereof to the Board of Trustees of said School District, and return the ballot box to the Secretary of said Board for safekeeping.

The Secretary of this Board of Trustees shall forthwith issue a notice of said election by posting copies of this order at three different places within the boundaries of said School District which posting shall be done not less than ten days prior to the date for said election.

Adopted this 24th day of January, 1966.

(S) John W. Smith, President
 Board of Trustees
 Muleshoe Independent School District
 (S) Horace Edwards, Secretary.

Clarence Mason where they discussed menu planning.

Foods the girls prepared were chile pie and yeast rolls.

Present for the meeting were Charlotte Wedel, Kathy Pena, Linda Mason, Andrea Hicks and Tami Murrah.

Pecans are plentiful now, reminds Mrs. Gwen Clyatt, Texas A&M University Extension consumer marketing specialist. A huge 1965 pecan harvest of about 264 million pounds was estimated, or approximately enough for 1-1.3 pounds for every man, woman and child in the country.

A rat eats 40 pounds of food a year, according to the Department of the Interior.

If you like to grease baking pans with butter, clarify the butter and keep it tightly covered in the refrigerator to have on hand for this use. Though clarification, you gain a salt-free "oil" that tends to prevent baked products from sticking — and of course the clarified butter gives good flavor to the crusts of cookies, cakes and breads.

Bleak wintry days provide an excellent opportunity to enlist the aid of the children in shell-ing pecans. The youngsters will be eager to help prepare the nut meats, if they think in terms of pecan-enhanced fudge, cakes, cookies, salads and pies.
