FIRST in Total Truck Production and Sales for the total 17-year period, January, 1931 to January, 1948 -according to published nation-wide figures.

FIRST in Total Number of Cars and Trucks on the road today—according to official nation-wide regisWE, YOUR LOCAL CHEVROLET DEALER—and every other Chevproud and happy to make the fol-lowing report to buyers and prospective buyers of Chevrolet products: Again in 1947, Chevrolet built and

sold more cars and more trucks than any other maker in the industry, just as Chevrolet has built and sold more cars and more trucks than any other maker for the total seventeen-year period, dating from January, 1931 to January, 1948—the modern period of motor car history

Naturally, we as well as the Chevrolet Motor Division of General Motors are deeply grateful for America's outspoken preference for Chevrolet passenger cars and trucks; and we are determined to do everything in our power to continue to deserve this preference in the future as in the past.

We want to thank each and every person in this community for his friend-ship and goodwill for this organization. We solicit and appreciate your patronage. We are doing our level best to prove that, by filling orders for new Chevrolets just as promptly as we can—even under today's trying conditions—and we are deeply and doubly appreciative of the patience and understanding of all our cus tomers who are awaiting deliveries

Needless to say, you buy wisely when you buy the product of the world's largest producers of cars and trucks, for that is the way to maximum dollar value! Rest assured that we'll fill your order for a new Chevrolet just as soon as it is humanly possible to do so. Meanwhile, please let us help to keep your present car or truck in good running condition by bringing it to us for skilled service, now and

portion of the farm income in the

There were approximately 400,00 farm gardens in Texas in 1947, according to an estimate made by J. F. Rosborough, extension horticulturist for Texas A. & M. College. The figure includes gardens up to an acre in Rosborough says. If the weath-The value of the vegetables and fruits produced, including those processed for home use as well as fresh for the table, averaged \$110 per garden. That figures out to a total income from the gardens of \$44,-000,000.

"Cotton and wheat, the crops that we figure make the most money, actually brought in an income only a little over eleven times, in the case of cotton, and about six times, in the case of wheat, that of the value of the gardens," Rosborough says. The value of the gardens was over ten times that of flaxseed, an up and coming crop in the southern part of the state.

According to a recent report from the USDA's bureau of Agricultural Economics office in Austin. sorghum for grain, cotton-

INSECT DAMAGE-(Continued from Page 5)

The entomologists recommend a mixture of three parts of ethyene dichloride to one part carbon tetrachloride as the ideal fumigant for killing insect pests in stored grain. It won't burn or explode, but it is a poison gas and care must be taken not to inhale its fumes. The grain must be stored in tight cribs or bins and a garden-type sprayer is best for making the application. Spray the liquid thoroughly and evenly over the grain at the rate of 6 to 8 gallons for a thousand

BUS HARBAUGH - Russell, Kansas

\*\*Authors of the "little man," would give each individual taxpayer an immediate \$40 tax cut for himself. dependent. To offset that reduction in federal income he proposed that corporation taxes be raised by 3.2 pillion dollars.

Mr. Truman presented the scheme as a "cost of living" credit designed primarily to relieve the small tax-

In a phrase certain to be quoted with relish by Democratic orators during the coming campaign, the President said he wants to keep revenue collections where they are and still help those who need relief to "buy the necessities of life."

Supplementing the tax proposals he called for a 75-cent-per-hour minimum wage, representing a 35-cent increase over the present 40-cent minimum. Although in the past he has favored raising the national minimum wage, the 75-cent figure was the highest flat demand he has

General tone of the President's message to the joint session led most observers to believe that he was swinging his administration back to "a little left of center," a point which generally is identified with New Deal philosophies.

Some saw in the speech a perceptible bid for the left-wing and liberal vote that Henry Wallace's third party is threatening to take away from the Democrats.

Republican reaction to Mr. Truman's speech was bitter and intense and the G.O.P. went ahead more determinedly with its own tax-reduction bill.

### AND FURTHERMORE . . .

Taxes were not the only controversial issue touched upon by Mr. Truman in his message to congress. He also asked for:

1. The once-rejected 10-point anti-inflation program with power to impose wage and price controls and rationing.

2. Universal military training. 3. Authorization of the four-

year Marshall plan. 4. Stronger and extended rent controls. 5. Public housing for low-

income families and government action to cut building costs. 6. Modernization of farm price supports and broader crop insur-

7. Extension of unemployment compensation, old age and survivors' benefits, a national health plan and federal financial aid for

education. 8. Admission of European refugees into the U.S. 9. Statehood for Alaska and

SCRIPTURE: II Corinthians 5:20 to 3:10; Hebrews 11. DEVOTIONAL READING: Romans 12:

### When We Work With God

Lesson for January 25, 1948

DR. E. STANLEY JONES was in Atlanta on one of his several him about his notable and unique experience as a

missionary in the Orient. "If you had it all to go over. Dr. Jones, would you devote your life to the peoples of faraway Asia, or would you choose to live in America with its abundance of good things?" he was asked. Quick Dr. Newton as a flash of light-

ning he replied: "If I had a thousand lives to give, they would all gladly go to the wistful souls of Asia."

Paul would have been enheartened in the day that he wrote II Corinthians 5:20 to 6:10, and Romans 12:9-21, to have heard someone talk as Dr. Jones talked that afternoon, for in our lesson for Sunday, Paul is summoning every Christian to the highest possible commitment to the will of God as we go forth in the task to beseech all men to be rec- the comfortable sleeves-the caronciled unto God through Jesus digan front is as young as can be. Christ, who hath taken upon himself the iniquity of us all, "that we might be made the righteousness of God in him."

Thus we come to see the significance and the meaning of the 'We are fellow workmen for God," I Corinthians 3:9.

PEOPLE WHO WORK WITH GOD R EAD Hebrews' 11th chapter for a picture of some of the noble souls who really worked with God, by faith, as the writer delights to

Abraham, for example, "went out, not knowing whither he went," but when he came to the end of life's day, he was accounted the friend of God. Moses. "choosing rather to suffer affliction with the people of God, than to enjoy the pleasures of sin for a season, esteeming the reproach of Christ greater riches than the treasures of Egypt, endured as seeing him who is invisible."

HOW WE WORK WITH GOD R EAD again that eleventh chapter of Romans to discover how the men and women named there worked with God. Two words will quickly come to light - faith and obedience. They believed God, and they obeyed God. Junior boys and girls will do well to recall some of the heroes of history - men like Washington and Lincoln and Leeand in every instance you will discover that they, too, believed God and obeyed God. Remember the story of Washington kneeling in

prayer in the snow at Valley Forge? We cannot work with God unless and until we believe and obey him. "Can two walk together except they be agreed?" You cannot please your earthly father unless you believe him and obey him.

GOOD WORKMEN ESSENTIAL WE COME now to the deeper implications of the lesson, revealed in II Corinthians 5:20 to 6:10. 'We then, as workers together with him, beseech you also that ye receive not the grace of God in vain; but in all things approving ourselves in much patience, in afflictions, in distresses, in watchings, by kindness, by love unfeigned, by the pow-

er of God. . . Here is the acid test of doing the work of an ambassador of Christ — we must first be fully committed to him before we can persuade others to accept him as Saviour and Lord. We shall not have better homes and better churches until we first have better Christians. We shall not have better business until we first have better business men.

And the only way by which we become good workmen is through the redeeming, transforming grace of the Lord Jesus Christ.

JOY OF WORKING WITH GOD WHY did Dr. E. Stanley Jones answer so quickly about giv-

ing a thousand lives to the benighted, wistful souls of Asia? Because he had discovered the unspeakable joy of working with God in recon ciling men unto him. The largest, surest wages in this world is the experience of working for and with God. "What I kept, I lost; what I gave, I have.'

Do you believe it? It is difficult to believe until you try it. Indeed, I would say that it is beyond all imagination to grasp the meaning of working with God. You have to take Christ at exactly what he meant when he said, "Come and see."

'When we walk with the Lord, in he light of his word, what a glory e sheds on our way!"

kind has little to combat the invasion of pneumonia germs.

Sufficient rest and care during the period of convalescence are extremely important. There s no known way to produce immunity to the disease. One attack does not set up immunity On the contrary, pneumonia frequently recurs.

Success with sulfa drugs and enicillin in treating pneumonia no reason to relax our guard against the disease. It is still one of the most widespread and fatal of all acute diseases, and its early detection and treatment can still mean the difference beween life and death.
