## Summer Occupation

A good lawnmower, lots of energy and a bit of hustle make it possible for a lad to pick up quite a bit of change during the summer vacation. Such a lad is Jerry Putman, 13, son of Dr. and Mrs. B. R. Putman hard at work. (Journal Photo)

## July 4th Program Planned

Preliminary plans for Muleshoe's big annual Fourth of July celebration have been made, and Kenneth Henry, a Muleshoe insurance man, has been appointed as chairman. This year's event will be the fifth such celebration, the Chamber of Commerce announced.

The appointment was made by Dr. Charles Lewis, president of the chamber.

Henry has been active in a number of committees and is immediate past president of the Muleshoe Jaycees.

In announcing the appointment Dr. Lewis said: "We are pleased to have such capable leadership for this all-important committee. Our annual celebration has proved to be one of the most successful and beneficial of the chamber's projects, bringing thousands of people from surrounding areas for an evening of wholesome, free family entertainment on our national holiday."

This year's celebration will follow virtually the same pattern as previous events of its kind. The program will be held on Monday, July 4, beginning with the preliminary talent competition at 2 p.m. in the high school auditorium. This will be followed by Henry said, by a continuous musical entertainment from the stage of the football arena. Music will start at 6:30, and the formal program will get under way at 7 p.m.

Before the program, however, people are invited to bring basket suppers and spread their dinners in the football grounds.

Finals in the talent contest will get under way at 7:30 with \$500 in cash prizes being offered.

As in the past years, a gigantic fireworks display will wind up the program, put on by the Bailey County Volunteer fire department.

Talent is invited to enter the competition from surrounding areas — Bailey county, Cochran, Hockley, Lamb, Castro and Parmer counties. In addition,

Harvey Bass, county Democratic chairman, said only two voting places will be open for Saturday's election. Those living in commissioners' precincts 1 and 2 will vote in the election house on the corner of Ave. D and 2nd; those living in commissioners' precincts 3 and 4 will vote at the Enochs gin.

Other adults going with them will be Mrs. Breckenridge, Mrs. Doyle Trapp, Mrs. Lonnie Bass and Mrs. Horace Hutton.

Students who will make the trip include: Pat Malone, Hal Anderson, David Dillman, Neil Finley, Lynn Bryant, Brenda Tanner, Marsha Blackman, Jean Davis, Marcie Williams, Lynn Ericson, Jan Everett, Jan Landers, Ellen English, Sonja Bass, Nancy Lee, Jackie Seymour, Pam Seymour, Val Moore, Diane Bryant, Jane Branscum, Sheryl Mason, Kathy Williams, Lynna Pitts, Gail Locker, Brenda Weyer, Debbie Burrows, Vicki Kelley, Sasie Tanner, Sherry Trapp, Connie Botkin, and Gary Edwards.

Heavy scoring marked activities in the Muleshoe Little League, a check of the record kept by Nelda Merriott revealed Wednesday. The teams buckled down to a heavier schedule with seven games poured out.

A feature of the series came when four home runs were rung up by the Lions in their 15-13 setto with the Sox; Randy Fields got two and Larry Mitchell and Randy Burris one each. Ronnie Mason was the winning pitcher and Ricky Favor the losing hurler.

In other games, the Sluggers beat the Dollar Bills, 17 to 15 with Dusty Davis as the winning hurler. Joe Donaldson, losing pitcher. In another setto the Cards tripped the Colts, 9-0 with Johnny Hayes hurling a no-hit game. Lee Wayne Clodfelter was the loser.

The Cubs beat the Lions 9-8 with Eugene Clemmons as the winning hurler and Ricky Favor the losing hurler. Raul Fields scored three home runs for the Lions.

The Motormen nosed the Builders, 16-14 with Mark (Continued on page 8)

talent will be invited to participate from two adjoining New Mexico counties — Curry and Roosevelt.

Each year, several thousand persons witness the talent show. Last year's event also included the dedication of the Mule Memorial monument with Attorney General Waggoner Carr delivering the address.

## Broken Foot Only Injury

A Friona man, Richard Perkins, escaped with a broken foot after being trapped in his rolled-over panel truck Tuesday night near the SIB gin in Parmer county.

Perkins was pinned in the truck for a time. He was taken to the Parmer County Hospital by a Singleton ambulance from Muleshoe.

## A Royal Shoe

A golden Horseshoe (only in Muleshoe it's a mule's shoe instead) was presented to Roy Davis (right) Tuesday by the Muleshoe Rotary club, in appreciation for his services to the club and to the Muleshoe area. Making the presentation is Robert Alford, Rotary president. (Journal Photo)

## Reading Class To Open Monday For Grades 4-12

Registration for Developmental Reading Class (Grades 4-12) will be Monday, from 8 to 11 a.m. in the Muleshoe junior high building, according to Elizabeth Watson, curriculum director for the city schools.

Mrs. Willie V. McAlpin will be the instructor and instruction will be geared to meet the individual needs of the students. The main emphasis will be on developing reading comprehension, but techniques in increasing reading rate will also be taught.

A variety of materials and equipment will be used in this class.

The class will continue for four weeks — (June 6 — July 1) and the cost will be \$20.

If further information is needed regarding this course, you may contact Mrs. W. V. McAlpin or Mrs. E. Watson (Phone 272-3325).

## Davis' Parting Question: Is Muleshoe Complacent?

Roy Davis, who came here as chamber of commerce manager May 16, 1963, and left three years and two weeks later for a similar position in Kermit let his hair down in his swan song Tuesday and offered a bit of advice to Muleshoe folk: "Don't get complacent."

He spoke to the Muleshoe Rotary club, the last of the three civic clubs to hear the chamber official as he looked back on "the three good years behind me," and looked to the future.

He pointed out that the future for Muleshoe, while generally bright, "will require lots and lots of hard work in a competitive world which is going more and more toward urbanization. It's that urbanization that will give the small towns a run for their money, and only those that face the situation squarely without complacency

and with a willingness to face the new, competitive world — only those will survive."

Davis suggested that Muleshoe citizens should not take for granted the good things about their town and their area. He listed some of the assets; including a pattern of growth and prosperity; fine people; ability to work together; progressive thinking; abundant irrigation water; fertile soil; terrain that lends itself to mechanized agriculture; fine schools, churches, banks, homes, government offices; county seat and good living conditions.

He suggested that Muleshoe area residents should be hopeful about the future, that they should realize there is a very real potential for future development. He stressed that while it has been said that two out of three small towns in Texas will virtually die in the

years to come, Muleshoe has the makings to be one that will survive and grow.

Among these "makings" he mentioned the fact that Muleshoe is a highway hub with a high traffic count flowing through this hub, having two US highways and one state highway passing through the town. He mentioned the fact that Muleshoe has "elbow" room — room to operate in and grow in, not being smothered by some nearby metropolitan area. He mentioned the large trade and service territory surrounding the town, and the fact that an agricultural expert asserted that regardless of what crop was in demand, it could be grown in Muleshoe area long after some farm areas to the east of here had reverted to the pine woods. To illustrate the potential growth future of the Muleshoe (Continued on page 4)

## Only Four Cast Absentee Votes

Four persons pleaded guilty in county court to worthless check charges and were assessed fines by County Judge Glen Williams. Those receiving fines were R. C. Jones, fined \$2 and costs. Ronald Heard, fined \$6 and court costs. Milton Lesley, fined \$3 and court costs, and Mary Langford, fined \$4 and court costs.

Among those who received degrees at the May 28 graduation services at Texas Tech were Curtis Palmer Green, Enochs, park administration major; BS from school of agriculture; Mary Elizabeth Sanders, Muleshoe, elementary education major, BS in education from school of arts and sciences; Robert Keith Robinson, Muleshoe, bachelor of business administration degree from the school of business administration.

J. K. Adams is the delegate and Frank Ellis is the alternate from Muleshoe to the annual North Texas Annual Methodist conference being held next week in Dallas. Pastor of First Methodist Church is the Rev. J. Frank Peery. The conference this year is being held June 6-9 at Southern Methodist University when eight conferences from Texas will hold joint sessions. Appointments will be read for 2000 Texas Methodist ministers.

South Plains Maid of Cotton contest to be held in Lubbock Aug. 29-31, has been announced, and girls wishing to enter were asked to submit applications not later than 5 p.m. Aug. 15. To compete, girls must be between the ages of 19 and 25 inclusive, never have been married and be at least 5 feet, 5-1/2 inches tall.

Linda Kathryn Scott, daughter of Mr. and Mrs. Paul Scott, Muleshoe, was graduated from Lubbock Christian College May 27 with an associate in applied arts degree. She is a 1964 graduate of Muleshoe high where she was active in band, Future Homemakers of America, Future Teachers of America, National Honor Society and basketball. A LCC she was secretary of the band, chorus accompanist, member of Music Masters and vice-president of Christlich Damen.

Interest in a spirited Tiddy-Winks tourney might be greater than interest in next Saturday's election so far as Bailey county voters are concerned.

This was evident at mid-week when a check of the district clerk's office revealed that only four persons had bothered to vote absentee. A couple and two men, all of whom plan to be out of town, climbed the stairs at the courthouse and cast their

## Bottles, Barrels & Bones!

All winter there has been a nice, deep dumping place for bottles, bones and barrels.

It's the city swimming pool which seems to have accumulated more crud than a well-patronized city dumping yard.

Albert Field, city manager, and a crew went out to the pool Tuesday to drain it and start sprucing it up for the next Monday's opening.

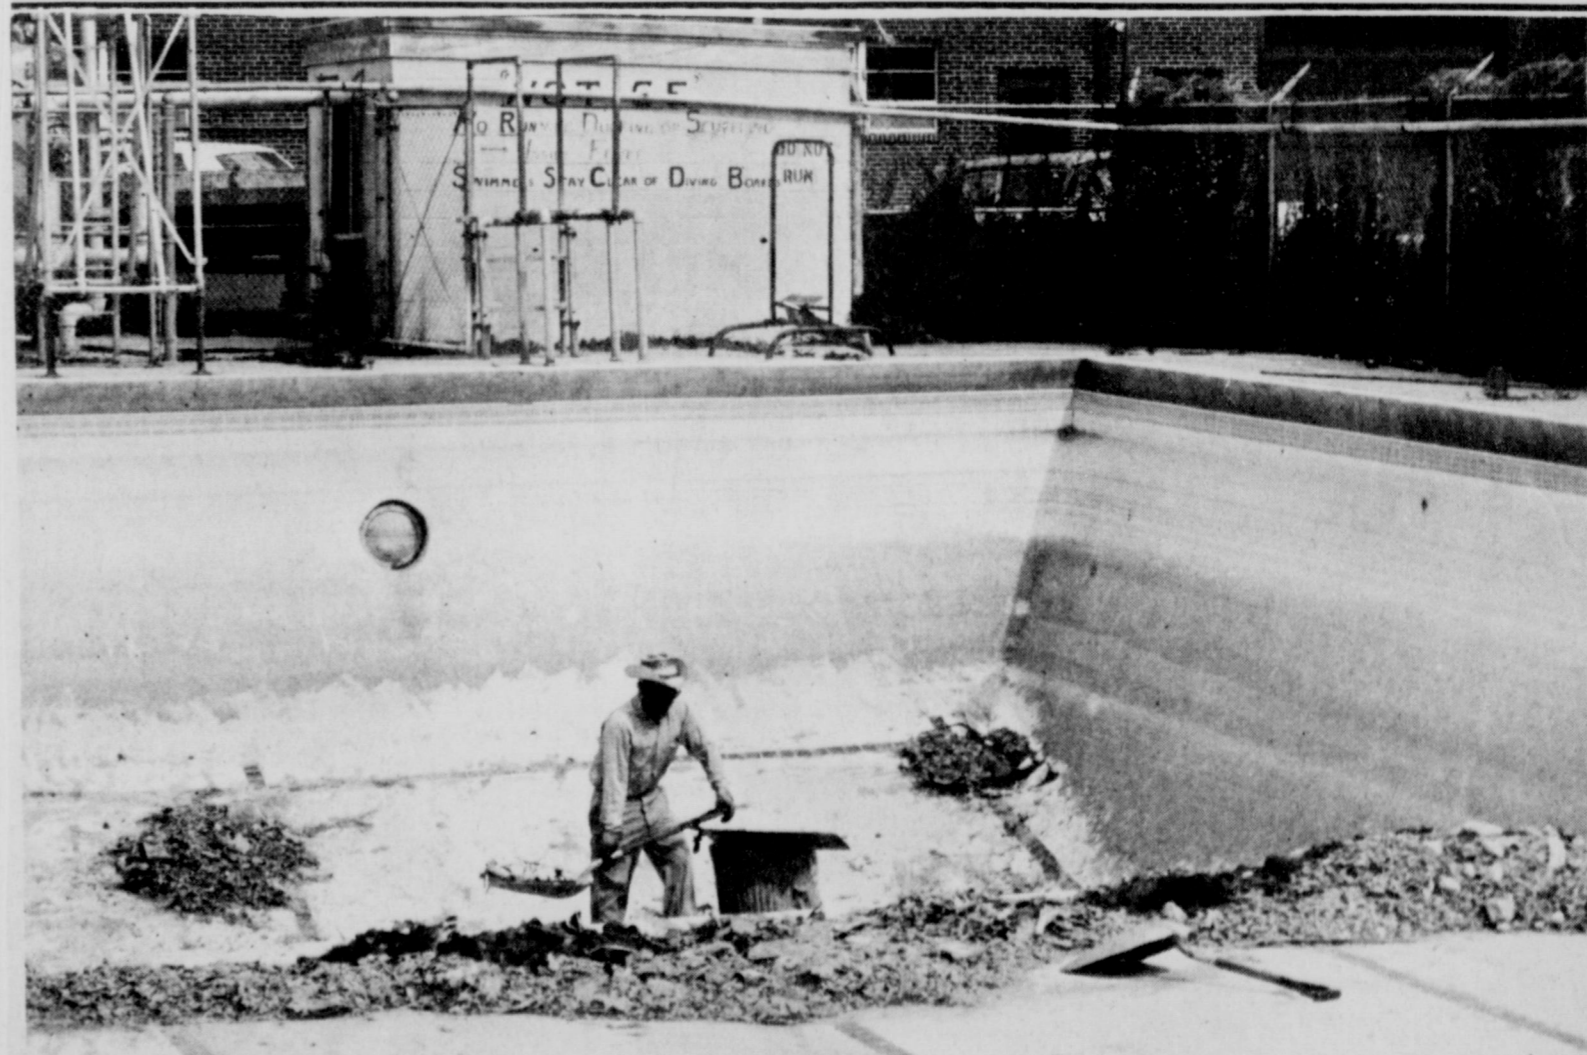

"Every year it's like this," he said with disgust when he viewed the winter's accumulation, "but it seems to me that it's even worse than usual this spring."

There were beer bottles — lots of them, and bits of lead and iron pipe, from what, nobody knew.

There were even barrels and paint cans and signs in the pool and a ton or two of dirt. The dirt, incidentally, came in both the good and bad variety. The crew drained the pool and then set work gingerly on removing the unwanted items. Frogs also were in abundance and even one fairly decent fish.

Now the pool will be painted and allowed to stand idle for three or four days before the water is turned in.

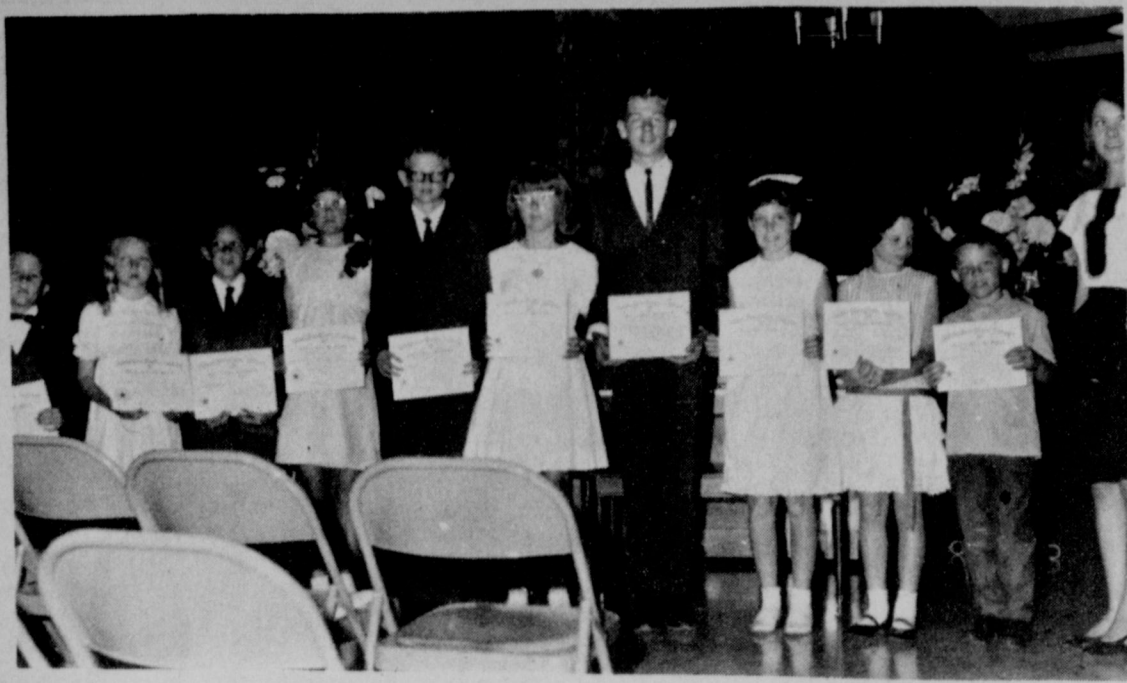

But, even so, it'll be ready for the first of bolder swimmers next Monday, rain or shine. Byron Hardgrove will be manager, and the lifeguards will be Charles Jones and Rhonda Wagoner.

## Swimming Pool Cleanup

It's surprising what a lot of junk a swimming pool will pick up during the winter. This is the municipal pool here being given a thorough cleaning job before next Monday's official opening. Shoveling up the dirt is Ramon Ramirez of the city's staff. Beer bottles, pipes, barrels, iron pipe and lots and lots of dirt accumulate during the winter as the pipe, in the foreground indicates. ## Ira Lea Inman, Eddie Puckett Pledge Troth in Baptist Ceremony

Ira Lea Inman, daughter of Mr. and Mrs. John W. Inman and Eddie Floyd Puckett, son of Mrs. John H. Puckett and the late Blondie Puckett, were united in marriage Saturday at 8 p.m. in the First Baptist Church with the Rev. Don Murray, pastor of the church, officiating.

The bride was attired in an imported chantilly lace gown over satin fashioned with Sabrina neckline, fitted bodice and long sleeves. The bouffant circular skirt terminated into a chapel train. A scalloped crown of pearls and iridescent, sequins caught her veil of imported silk illusion. The bride carried white orchids and a cascade of ruse buds with her white Bible.

Mrs. Robert M. Halsell, sister of the bride from Houston, served as matron of honor.

Mrs. Gary Ray Hicks, sister of the bride from Muleshoe, served as brides matron. Miss Anita Smithwick from Abilene, was bridesmaid along with Miss Brenda Nelson from San Antonio.

Wayne Tunnell from Muleshoe served as best man and groomsmen were Burl Mardis, Muleshoe; Johnny Kitrell from Hart and Melvin Chisholm from Tula.

Ushers were Gary Ray Hicks from Muleshoe and Phil Brewer from Graham.

Miss Joyce Puckett, sister of the groom from Muleshoe, and Ricky Snowden from Tye were candlelighters.

Flower girls were Ray Ann Hicks and Stephanie Brantley, nieces of the bride and groom respectively, from Muleshoe.

Ring bearer for the wedding was Curby Brantley Jr., nephew of the groom from Muleshoe.

Miss Barbara Nelson from Houston provided music and was accompanied by Mrs. Maron Inman at the organ. Miss Nelson sang "One Hand, One Heart", "Whether Thou Goest" and "Wedding Prayer".

Attendants were dressed identically in dresses of orchid

silk organza over cotton satin designed with sheer basque waists and round necklines. Their A-line skirts were street length and they carried May baskets accented with carnations and gladiola.

A reception in the church parlor followed the ceremony. In the house party were Mrs. Curby Brantley, sister of the groom from Muleshoe and Mrs. Vivian Stevenson, aunt of the groom from Muleshoe.

The bride is a graduate of Muleshoe High School and a senior at Hardin-Simmons University in Abilene. The groom is also a graduate of Muleshoe High School and attended South Plains College at Levelland and is now attending Texas Tech where he is classified as a junior.

Following a wedding trip to Ruidosa, N.M., the couple will make their home in Abilene for the summer where the bride will attend summer school and then move to Lubbock where the groom will continue his schooling at Texas Tech.

### Clovis College Summer School Courses Listed

Elizabeth Watson, Curriculum director for Muleshoe schools, announced Saturday that summer school for Clovis Community College will open June 13 in Clovis high school. Enrollment fee is \$12 per credit hour, plus tuition fee of \$5 per person. New students pay a \$5 matriculation fee for their first enrollment. The government will pay 75 percent of the tuition costs for military personnel.

Mrs. Watson said a number from here may want to take the courses, and that a schedule of classes can be had at her office in junior high school here.

Subjects offered include accounting, business administration, English, geography, history, mathematics, political science, psychology, sociology and speech.

### 4-H News

Your canine pet can send you on a free trip to Chicago, help pay your way in college, and provide the right time of day, says the National 4-H Service Committee.

There is one requirement, however, and that is membership in the 4-H Dog Care and Training program. Since the program was first offered in 1961 by the Cooperative Extension Service, enrollment has increased from 9,256 to 47,398 in 1965.

To be eligible for state, sectional or national awards, club members must be between 14 and 19 years of age, and have completed at least three years of club work with the current year in the dog care and training program.

Lois Norwood  
... Worthy Matron of Muleshoe Eastern Star

### Lois Norwood is Feted With Tea in Bank Room

Lois Norwood, Worthy Matron of Muleshoe Order of Eastern Star No. 792, was honored with a tea Sunday from 3 to 5 p.m. in the community room of the First National Bank.

Mrs. Norwood will conclude her year as Worthy Matron Saturday night when Ruby Green will succeed her in that office.

The event was hosted by her daughter and son-in-law, Mr. and Mrs. Bill Johnson. In the receiving line were the honoree, her daughter and a close friend from Las Cruces, N.M., Mrs. Bob Murphy.

Others in the house party were Past Matrons, Mrs. El-

bert Nowell, Mrs. John Farley and Mrs. Frank Hinkson. Mrs. Farley and Mrs. Frank Hinkson attended the serving table.

The table carried out the Worthy Matron's colors for the year, red and silver. The table was covered with a lace cloth over red and featured an open Bible, the Worthy Matron's emblem, decorated with red roses, her flower. Mrs. Norwood also wore a red rose corsage.

Red punch, cookies, nuts and mints were served.

### Mrs. Beaston is Representative

Mrs. Janet Beaston, Muleshoe, has agreed to serve as the Easter Seal Representative for Bailey County. As the Texas Easter Seal Society for Crippled Children and Adults' Representative, Mrs. Beaston is the person to contact to request assistance or services from the Texas Easter Seal Society.

Mrs. Beaston's appointment was announced by Robert W. Milam, M.D., of McAllen, Texas, Chairman of the Case Service Committee.

Last year the Society aided 14,395 Texans in the form of treatment, services, equipment. The Society is carrying out a program to reach every disabled person in the state who needs assistance. This program is to insure that every disabled child and adult has an equal opportunity at a normal

way of life.

Mrs. Beaston urged that any person needing assistance from the Easter Seal Society contact her at the Muleshoe State Bank. There is no charge for these services, she added.

Disabled Texans are aided by the Texas Easter Seal Society for Crippled Children and Adults regardless of age, race, cause of disability or financial status. Mrs. Beaston said that to secure services that a disabled person or their family should contact her.

The Texas Easter Seal Society for Crippled Children and Adults is the oldest organization providing direct care and treatment for the crippled children and adults of Texas.

Mr. and Mrs. Donald Ray Griswold  
... the former Trescia Gay Groom

### Trescia Groom, Donald Griswold United in Trinity Baptist Church

Miss Trescia Gay Groom, daughter of Mrs. Francio Groom and Donald Ray Griswold, son of Mr. and Mrs. Leonard Griswold, also Muleshoe, were united in single ring ceremonies in the Trinity Baptist Church at 7 p.m. last Thursday. The wedding was solemnized by the pastor of the church, the Rev. Troy Walker.

Given in marriage by Ted Allen, the bride wore a white

formal length gown with a fitted bodice designed with scalloped seed pearl beaded neckline with long sleeves of chantilly lace. Her shoulder length veil of white bridal net fell from a tiara crown encrusted with seed pearls.

Mrs. Dale Griswold, sister-in-law of the groom served as matron of honor for the ceremony. She wore a two-piece

pink suit complimented with white accessories.

Dale Griswold, brother of the groom, served as best man.

A reception was given in the home of Mr. and Mrs. Ted Allen following the ceremony.

Mrs. Troy Walker provided appropriate music.

For traveling, the bride chose a blue and white lace shift and wore white accessories.

The couple attended Muleshoe High School and the groom is employed in farming in Muleshoe.

(Continued from Page 1)

economy, he gave statistics on retail sales vs. buying income saying that from 1949-1963, effective buying income in Bailey county rose from 139 per cent while retail sales increased 368%.

He suggested that all citizens of the Muleshoe area must pitch in and work together if Muleshoe is to grow and be better in the future, Davis said: "We must put aside any small differences that stand between us, and pull together for the good of all. We must realize that our competition — our real competition — is not our fellow business man here in Muleshoe, but those in Clovis, Lubbock, Amarillo, etc. Your fellow citizens or business man here in Muleshoe actually helps your business, providing additional

goods and services for the area consumer; giving your customers a choice of places to do business and creating additional traffic in the community."

"Muleshoe in general has the reputation of being able to work together, and we actually do have more unity than most towns, but remember you need each other, so work together," Davis said.

Again Davis listed some of the motives for individuals to enter into civic and community activities, asserting that any individual or business eventually would benefit from work to improve the basic economy of the living conditions in the Muleshoe area.

He urged that ideas for progress be made available immediately to the leaders of the appropriate board or organization. Also stressed the importance of attending public meetings, and being in conver-

sation about common problems, seeking out goals together. He suggested that a conscious effort be made to arrive at the right solution for problems and the right programs to reach these mutual goals. That this decision making process should be a thorough, comprehensive deliberation.

He further suggested that in organizing for the effort to affect these programs, that total community resources of money, talent and energy must be mobilized. He said it takes lots of time to accomplish any worthwhile project. Using as an example one West Texas Chamber of Commerce which kept a record and found that 14,000 volunteer man hours were used in 1965 in their program. This time involved is necessary because of the educational orientation, information phase, the decision-making process, the planning and duty assignments and the execution and follow-through phases.

It takes lots of money to be effective in community development work and mentioned the cost of correspondence, mail-outs, telephone materials and staff time.

In answer to the question "What can we do about our community?" Davis mentioned general categories: 1. Work to stimulate our basic economy. Under this category he listed as strong possibilities improvement of agriculture, travel and tourism, industry development, and retail-wholesale business. He suggested that in this time of rapid change in the agricultural program that Muleshoe area farmers need to invest time and money in establishing Muleshoe as a center for some new crop. Specifically he mentioned the possibility of Muleshoe taking a leadership position in tomato production.

In the field of travel and tourism, he said further efforts need to be made to exploit the name of the town and the location of the Mule-

The military has expressed a distinct preference for 100 percent cotton fabrics in combat uniforms and fatigues in tropical climates.

There is more than an adequate supply of cotton, much of it in public storage at government expense, from which to produce such fabrics.

And the American textile industry has ample capacity to produce the cotton fabrics needed, at the time needed.

He also mentioned the need for additional facilities and activities to serve the traveling public. A luxury-type motel complex, large enough to accommodate small conventions and banquets is a need he said.

In the field of industrial development he stressed the activities of MAIF were long-range in nature, designed to bring the community step-by-step over a period of years to readiness for industry. He expressed the belief that new manufacturing payroll would eventually be obtained for the area; but called for patience on the part of the citizens.

In the commercial field, he asserted that retail and wholesale sales of under \$20 million annually could be increased to \$25 or \$30 million by aggressive and far-sighted action by area merchants.

2. Under the category of living condition improvements, Davis said there were innumerable projects which could be undertaken by the various civic, service and charitable agencies to upgrade the "livability factors" such as parks and recreation, health, welfare, culture, education, religious and organizational improvements.

In summary, Davis challenged the group to recognize that the time is now to make an all-out, unified effort to insure the future of the Muleshoe area through community development, volunteer work.

While stressing that he did not wish to "cry with alarm", he pointed out certain indicators that future growth and prosperity would not come as easily as it has in the past, mentioning the changing farm program, outflow of agricultural workers. Also the decrease in number of scholastics and the sharp increase in competition from other communities for new business and industrial development; and the remarkable trend toward urbanization, or the influx of small town and rural residents into the metropolitan areas.

He suggested that business had been good in Muleshoe, that growth had become a way of life, taken for granted by the business community and that this attitude must be changed. He said the business community can no longer be complacent, but must become aggressive and actively fight for more business and recognizing that it is sometimes necessary to spend money in order to make money.

Davis expressed his appreciation for the friendship and cooperation of individuals and business firms during his three year period of service in the community. He said that his entire family will always have a warm spot in their hearts for Muleshoe and the people of Muleshoe. He expressed intention to be a regular visitor to Muleshoe in the years to come.

Harvey Bass, program chairman, asked Davis to make the appraisal speech with specific suggestions, based on his three years in the community.

These are some of the facts being used by Plains Cotton Growers, Inc., and other cotton producer organizations to block an effort by some in the textile industry to have the military accept substitute fabrics containing synthetic fibers.

Lubbock's 19th district congressman, George Mahon, is especially concerned both with matters related to cotton consumption and those which pertain to military procurement. In addition to being the representative from the nation's largest cotton producing area he is chairman of both the House Appropriations Committee and the Defense Appropriations Subcommittee.

And Mahon assures PCG that he has discussed the entire situation with Assistant Secretary of Defense Paul Ignatius and with the appropriate supply officers in the Army, Navy and Air Force.

All of these have told Mahon they would keep in close touch with him where military textile procurement policies are in question. Ignatius has indicated he is very sympathetic to the problem, and at Mahon's request has promised to give the matter his special attention.

Mahon said "This is one of those fortunate situations in which there is no conflict whatsoever between national interests and the interests of my constituents, the cotton producers of the High Plains, I am doing and will continue to do all I can to look after cotton producer interests, and at the same time I will be doing my best to see that our servicemen are not deprived of the 100 percent cotton uniforms they prefer."

What appears to be the desire of the textile industry to see blended fabrics accepted by the military no doubt stems from the fact that so many mills in recent years have switched from 100 percent cotton to blended fabrics. Many of these are reluctant to switch back.

However, some mills have already made the change back to cotton. And according to James Parker, PCG's textile consultant, this ordinarily is not so expensive or troublesome as the original changeover.

The Defense Supply Agency recently accepted a 50 percent cotton, 50 percent polyester fabric to meet an emergency need for 300,000 "shell type" overcoats, and a filament yarn fabric to be used as a substitute for or in conjunction with cotton balloon cloth in sleeping bags has also been accepted.

Presumably to foster more such substitution for all cotton material, the American Textile Manufacturers Institute has appointed a special subcommittee for the development of alternate military fabrics in the blended field.

This is all the result of a tremendous increase in government textile orders to supply the military buildup in Viet Nam. By June 30, end of the 1966 fiscal year, military orders for clothing and textiles will have climbed to over \$1.1 billion, more than triple the \$320 million total for 1965.

Calls for bids totaled 146 million yards for all fabrics during the first quarter of 1966, almost 40 million yards more than was projected at the start of the quarter. Cotton goods accounted for 70 percent of the call, man-made fiber textiles 17 percent, and wool, blends and mixtures 12 percent.

Continued heavy military textile procurements are forecast for the fiscal year 1967. Continued heavy military textile procurements are forecast for the fiscal year 1967. PCG has pointed out to Congressman Mahon and others that military preference for all cotton combat uniforms and fa-

## 2000 to Attend 4-H Roundup Week

College Station — It's roundup time in Texas, 4-H Roundup that is. On June 7 and 8 some 1,400 4-H boys and girls from every section of the Lone Star State will be on the campus of Texas A&M University to participate in the state's oldest regularly scheduled 4-H event.

The traditional barbecue will officially open the program on the evening of June 7 and will be followed by the first general assembly in Kyle Field Stadium. A highlight of the assembly program will be the presentation of awards to individuals and business concerns which are strong supporters of 4-H on the district and state levels.

Winners will be determined on June 8 in 30 different team demonstration and judging events, ranging from Beef Cattle Business Junior Symposium to Vegetable Production and Marketing. Each of the participants will be a winner since they have already been awarded county and district honors. The two high scoring teams in district competition are eligible to participate in the state contests.

Several of the state winners will be eligible to participate in national contests later in the year. These include dairy cattle, livestock and poultry judging teams. Other state winning teams will be invited to present their demonstrations at state and national meetings.

Speaker of the Texas House of Representatives, Ben Barnes, will be the featured speaker at the banquet which will honor contest winners and donors on the evening of June 8.

Share-the-fun acts from among the winners in the contest will provide entertainment for the evening program in Guion Hall.

In addition to the 1,400 4-H boys and girls, local 4-H leaders, county Extension agents and Friends of 4-H are expected to push the total attendance for the event to well over the 2,000 mark.

DAVIS LEAVE — Roy Davis, who has been manager of the Muleshoe Chamber of Commerce since May 16, 1963, locked the chamber's door Tuesday for the last time and took off for his new post as manager of the Kermit Chamber of Commerce. See complete story on page 1. (Journal Photo)

## Tower's Advice: Delay Judgement on Vietnam

By Sen. John G. Tower

Certainly the news stories we hear are accurate enough. The problem is to place these spot news events in proper focus. News stories are zeroed in on what happens at a specific place at a specific time — such as a street demonstration in Saigon. What happens the rest of the time in the rest of the city is not particularly newsworthy. The reason is that nothing is happening most of the time in most of the city.

Any impression that Saigon is a seething cauldron of anti-American violence is fanciful. The really remarkable thing about Saigon today is the utter impunity with which Americans move around the city night and day. The chances of an American being hurt in a Saigon demonstration are less than his auto-accident chances here at home.

Some non-spontaneous demonstrations do have anti-American overtones, a result of obvious Viet Cong influence.

But, among the mass of the South Vietnamese people there is appreciation, not antipathy for American help. Even the Buddhist leaders, though they sometimes utilize a sort of "tactical anti-Americanism" for their own political purposes, do not exhibit a "strategic anti-Americanism."

We are wanted in South Vietnam, and we are winning there. We must not use the muscle to get this war over with, stabilize the area and bring our boys home.

**BAMBOO COULD CUSHION CARS**

MIAMI (AP) — The Florida Nurserymen's Association has proposed using bamboo to border roadside canals rather than guard rails.

The nurserymen say bamboo clumps would cushion cars leaving the highway as well as keeping them out of the water. Many persons have died in collisions with canal guard rails.

## Elaborate Water Plan Proposed

By Vern Sanford  
Texas Press Association

AUSTIN — That mammoth Texas Water Plan was laid out Monday by Gov. John Connally and the staff of the Texas Water Development Board at a special meeting with members of the Legislature.

It shows how Texans can save and improve their water supplies to meet the needs of the 30,000,000 Texans expected by the year 2020.

This plan has been called the most comprehensive and far-reaching yet undertaken by a state. It calls for 54 more major reservoirs, for \$1 billion worth of waste treatment facilities in the 21 major metropolitan areas alone to clean up waste water, and a \$1 billion system of pipelines and canals to move surplus water from the Red River Basin in Northeast Texas.

This transfer system can only be described as fabulous. First the surplus water would be moved to the Fort Worth-Dallas region. After use, it would be purified and then go down the Trinity River. At a point below Waco, some of it would be moved to the Brazos River to bolster its flow. Near Eagle Lake, some would be moved to the Colorado River to meet downstream irrigation and industrial needs.

Finally, water would be moved into a canal from the Colorado down the Gulf Coast to the Lower Rio Grande Valley region, to provide irrigation and industrial water for the vast South Texas region.

By supplementing the flows of the Trinity, Brazos, Colorado and Nueces Rivers near their mouths, the plan would make possible the holding of water in the upstream regions of the Brazos and Colorado Basins to serve needs of that West Texas area.

Tightly put together, the plan released Monday is but a summary of the conclusions proposed by the Development Board's staff. Hearings will be held in 27 cities to get other ideas and suggestions, or criticisms. Series of hearings will begin on June 17 with the presentation of the West Texas portion of the plan at Lubbock. When the series is completed in August, the Development Board will adopt the final version of the plan. It will become a flexible guide by which the cities, river authorities, water districts, and state and federal agencies will develop the resources of Texas streams.

Before any project actually can be undertaken, its individual feasibility and a method of financing must be shown to the Texas Water Rights Commission, which will approve and grant permits for each project.

Courts Speak — State Supreme Court threw its weight behind the decision that once-submerged lands (mud flats) rising from the floor of Laguna Madre in Cameron County are not vacant and unsurveyed public school property subject to sale or lease on application. Ruling, affirming lower courts, upheld position of Land Commissioner Jerry Sadler in refusing to accept application to purchase a tract 15 miles northeast of Brownsville.

Third Court of Civil Appeals sustained transfer of two small sections of land from Freshship Rural High School District to Shallowater Independent School District of Lubbock County.

Same court said the Pennsylvania Insurance Co. cannot get refund of \$101,589 in gross premium taxes paid under protest for a firm acquired in merger.

Third Court of Civil Appeals directed Savings and Loan Commissioner James O. Gerst to reconsider his denial of a charter to Northwest Savings Association of Houston.

Appointments — Mrs. Ray-clippers. Then they wet the clipped surface with alcohol and apply the brand.

Several animals in the A&M beef cattle herd at College Station have been freeze-branded experimentally. A&M researchers are using dry ice and acetone; they report good results from 30 to 40 seconds contacts.

The freeze-branding is fairly inexpensive — usually less than a nickel a brand. According to Washington researchers, all-white animals can also be freeze-branded using a nitrogen chilling method.

## Ranchers Using 'Freeze' Branding; Hair Turns White

COLLEGE STATION — Texas cattlemen are on the ball. County agents around the state report cattlemen are already trying the newly developed freeze-branding.

The freeze-branding was developed by Washington State University researcher Dr. Keith Farrell.

The way it works is simple enough. According to L. A. Maddox, Jr., Texas A&M University Extension animal husbandman, copper branding irons are cooled to about 94 degrees F. below zero by a mixture of dry ice and alcohol. The dry ice cools the alcohol and the alcohol cools the branding iron.

When the iron is applied, it destroys pigment producing hair follicles and the hair grows out a permanent white, said Maddox. It makes an extremely legible brand that can be read on the longest haired animals from a distance. It should be a big help identifying cattle in winter when the hair coat is extra long, he said.

Another advantage is that freeze-branding doesn't harm

bourne Thompson of Houston, Wendell W. Mayes of Brownwood, and E. Gary Morrison of Austin have been appointed by Governor Connally to Board of Regents of Texas Women's University, Reagan Houston III of San Antonio has been re-appointed.

Mrs. Gladys Drake, assistant professor of education of the deaf at Texas Woman's University, has been appointed by Lt. Gov. Preston Smith to Citizens Advisory Committee to work with the Texas Legislative Council's Study Committee on Services for the Deaf. Findings are to be reported to the 60th Legislature in January, 1967.

Texas Defense Spending Up — State's share of defense contract spending is increasing. Defense contract work for first three quarters of present fiscal year is up to \$1 billion or 7.5 per cent of national total. This compares with \$1 billion and 7.3 per cent of U. S. total for same period in fiscal 1965.

Texas bases cleared for construction work by Senate were Fort Bliss, \$4 million; Fort Hood, \$1,800,000; Bergstrom Air Force Base, \$4,400,000; Carswell AFB, \$1 million; Kelly AFB, \$450,000; Laredo AFB, \$220,000; Laughlin AFB, \$675,000; Randolph AFB, \$236,000; Sheppard AFB, \$1,900,000; Perrin AFB, \$61,000; Reese AFB, \$546,000; Webb AFB \$226,000; and Naval Auxiliary Station, Chase Field, \$93,000.

Attorney General Rules — Fees of \$3 should be taxed against drivers arrested and convicted for misdemeanor traffic offenses, and court costs should be added in peace bond proceedings, Atty. Gen. Waggoner Carr has ruled.

In other opinions, Carr concluded that: — Old iron fence which once surrounded capitol ground, and now in storage, can be used at governor's mansion without conflicting with state law.

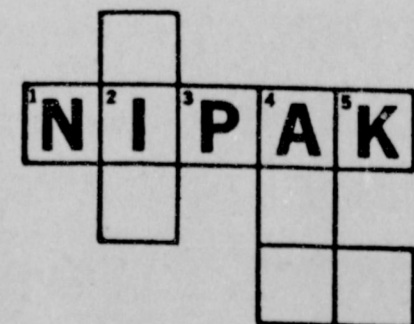

Texas needs a wholesale reduction in the number of independent school districts, according to Dr. J. W. Edgar, Texas Commissioner of Education, and he thinks districts with less than 500 scholastics should be merged with other districts.

Game and fish regulations for 184 counties under Parks and Wildlife Department management will be aired in public hearings over state on June 6-9.

Although business activity declined one per cent last month, April value of index was highest for the fourth month since World War II and second highest in history of the measurement.

Twenty-four Texas colleges and universities have received \$493,503 worth of supplemental authorization and grants from U. S. Office of Education for expansion of summer work study programs to provide 90 per cent of payrolls for needy students who work at various jobs on the campuses.

## What's the best 5-letter word for fertilizer?

### And for cotton — NIPAK 45.

Get better cotton production and earn bigger profits. Side-dress your cotton with NIPAK 45 right now — for greater yield. (You may get more than the average \$6 return for every \$1 invested in fertilizer, depending on your farm. Experiment station tests averaged this.) NIPAK 45 — 45% nitrogen fertilizer from Urea — gives you one-third more nitrogen per pound than any other form of solid nitrogen fertilizer —

which enables you to handle less fertilizer and cover more ground in less time. NIPAK 45 is uniformly prilled, too. It flows easily, won't cake, clog or corrode your equipment. NIPAK also dissolves in the soil moisture and moves quickly to the root zone where it stays put until your crops need it. So for more grow power, ask your local NIPAK dealer about NIPAK 45. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service.

## *She reads the Ads*

According to the U. S. Bureau of Advertising, ADVERTISING ranks first with women, over all other newspaper content, for interest and readership! Women actually read ads in preference to anything else in the newspaper. (For that matter, ads rank third with men for readership!) And reading the newspaper is a favorite habit with American women.

So, if you have a product to sell—display it in an ad in your local newspaper. If it's for the home, write it to the housewife's point of view. For, more than anyone else, she'll read it. And, more than anyone else, she's the one who does the buying for the family!

Mrs. Housewife is your NUMBER 1 Prospective Customer . . . and she LIKES to read newspaper ads.

Army Natick Laboratories, Natick, Mass., and 100 percent cotton consistently shows up superior to cotton-synthetic blends. As one industry spokesman puts it, it is unthinkable that our GIs fighting in the jungles of Viet Nam will have to wear hot, sticky, blended fabrics. With respect to the delays being encountered in delivery of military orders for 100 percent cotton clothing and textiles, Johnson has pointed out that the executive branch of the federal government already has legislative authority to require mills to produce the fabrics necessary to meet military requirements. This authority was granted by Congress during the Korean war and is still in effect.

### A THANK YOU NOTE,

To whom it may concern;  
 I am just a little boy,  
 With very little to say.  
 Thank you all for making,  
 My Hospital visit so gay.

I only had the measles,  
 Thank goodness it was not the  
 mumps.  
 Because had it been,  
 I would have had to stay,  
 In the Hospital for months.

Now if any of you out there get  
 sick,  
 And are wondering where to go,  
 Be sure you select,  
 West Plains Hospital,  
 They are good, cause I know.

The Doctors and the Nurses,  
 Are courageous, brave and true,  
 You can risk your assurance,  
 They will take good care o you.

They are always there on duty,  
 And greet you with a smile,  
 It makes you feel much better,  
 Though you have been sick for  
 Quite a while.

So this one thought I leave with  
 you,  
 As I journey on my way,  
 If you attend the West Plains  
 Hospital,  
 You will surely win the day.  
 Respectfully,  
 Eddy Cyle Nash,  
 522 West 8th St.,  
 Muleshoe, Texas.

Age 7 years, first grade, Mary  
 DeShazo School.  
 P.S. Thanks to all the good  
 friends, who came to visit me  
 while I was in the Hospital.

## Lazbuddie Class Back from Trip To New Orleans

By Mrs. C. A. Watson

LAZBUDDIE - Lazbuddie  
 seniors returned late Sunday  
 evening from a week's trip.  
 They went to New Orleans af-  
 ter seeing Six Flags over Tex-  
 as. They were in Mississippi  
 and Alabama, seeing points of  
 interest. They came back by  
 way of Houston.

Mr. and Mrs. Juel Treider,  
 Nola Treider and Mrs. Laura  
 Treider were in Weatherford,  
 Okla. this past weekend to at-  
 tend the graduation of Mrs.  
 Laura's grandson, Wash Char-  
 ley. Charley graduated from  
 Southwestern State College in  
 Weatherford. His major was  
 pharmacy.

Guests in the Leon Smith Sr.  
 home this week are Mrs. Scott  
 Downing and son, Stewart, and  
 Mrs. Oma Sigman, all of Can-  
 yon. Mrs. Downing is Mrs.  
 Smith's sister and Mrs. Sigman  
 is her mother.

Mr. and Mrs. Sam Bradley  
 returned to Lazbuddie Friday of  
 last week after a few days visit  
 with relatives. They were ac-  
 companied by his father, R.  
 A. Bradley, Muleshoe.

James Brown and Dianne Wil-  
 son will exchange wedding vows  
 July 8 at 8 p.m. in the North-  
 side Church of Christ in Muleshoe.  
 The bride-elect graduated with  
 the 1966 class of Muleshoe  
 high and the prospective groom  
 is a 1962 graduate of Lazbuddie  
 high school. He is presently a  
 senior at WTSU, Canyon.

Mack Holt of Lazbuddie re-  
 ceived a scholarship from the  
 Muleshoe State Bank. Mack is  
 uncertain at present what col-  
 lege he will attend. His mother,  
 Mrs. Pearl Holt, is an elemen-  
 tary teacher at Lazbuddie. The  
 Holts are formerly from Hico,  
 Texas.

The Lazbuddie Baptist  
 Church is having their vaca-  
 tion Bible school this week at  
 the church for classes from the  
 ages 5 - 12 at 8:30 lasting  
 until 10 a.m. The classes for  
 teenage group will be each even-  
 ing from 7 to 10 p.m. Ref-  
 reshments are being served for  
 all classes.

Mr. and Mrs. Olen Ivy went  
 to Andrews during the weekend  
 to help move their son, Chunky  
 and family from Andrews to  
 Odessa.

Mr. and Mrs. T. L. Gleason,  
 Bobby and Linda; Mr. and Mrs.  
 Curtis Walker and Dr. and Mrs.  
 Jerry Gleason and Stacey Lackey  
 enjoyed the past weekend on  
 vacation at Ruidosa.

Terry Darling is home from  
 WTSU, Canyon at present.  
 Terry will work during the  
 summer at Amarillo.

Mr. and Mrs. Orville Burnett,  
 Bart and Laura visited her par-  
 ents, Mr. and Mrs. Bill Short  
 at Hale Center.

Annie Cargile returned home  
 Sunday from a trip to various  
 parts of California where she  
 visited about three weeks. Presently  
 Mrs. Cargile is at Sea-

## The Sandhills Philosopher

Editor's note: The Sand-  
 hills Philosopher on his  
 Johnson grass farm takes a  
 look at the traffic problem  
 this week.

Dear editor:  
 According to an article in a  
 newspaper which I found caught  
 on a corner post where my pas-  
 ture makes a right angle and  
 which I pulled off as that post  
 has enough to do to hold up  
 the fence without any extra  
 weight being added, there are so  
 many cars in this country now,  
 90 million at the moment and  
 multiplying faster than people,  
 that city people are having more  
 and more difficulty getting any-  
 where.

A survey showed that at peak  
 traffic periods in big cities  
 cars travel about 6 to 8 miles  
 an hour, which is no faster than  
 you could go with a horse and  
 buggy.

I was discussing this with  
 a neighbor and he said, "See  
 there, that's what I've been  
 arguing. We're no better off

with cars than we were with  
 buggies. It was a mistake to  
 ever start building them. They  
 ought to be outlawed."

I didn't argue with him, but  
 I got to thinking, maybe he  
 has a point; then I thought  
 some more.

Ninety million cars, I'll ad-  
 mit, is a lot of cars, but have  
 you ever stopped to think how  
 many buggies 90 million would  
 be?

Can you imagine New York  
 city at 5 p.m. with 350,000  
 horses and buggies jammed up  
 in Times Square?

Trying to find places to park  
 that many cars during the work-  
 ing day is impossible enough,  
 but what kind of a problem would  
 you have trying to tie up and  
 feed that many horses? Just
