BAIRD'S NEW POSTMASTER

M. J. Holmes' appointment as postmaster at Baird, was confirmed by the Senate, Nov. 18th. (The Star was in error last week in saying the appointment had been confirmed. It was the appointment of the President that had his name in list.) There is no mistake this time as the

confirmation of my Holms' appointment appears in the list of Postmasters for Texas under heading, Confirmations, Page 86 Congressional Record of Nov. 18th, Legislative day Nov. 10th. Mr. Holmes had already been notified by the bonding company that his bond, that his appointment had been confirmed by the Senate.

MISS MAGEE'S OLD FASHIONED SCHOOL PARTY

The advanced and intermediate music pupils of Miss Hazel Magee's were entertained at her home Friday night, Nov. 18th with an old fashioned school party. The place represented a little red school house, and the pupils were very simply dressed and carried their lunches in little baskets. The school session began at 7:15 p. m. and closed several hours later.

Many interesting games were played at recess. Then "books were taken up" again. Every one had a good time and plenty to eat, as the lunches were spread together. Mr. Jones and Miss Magee were the teachers. X

UNION THANKSGIVING SERVICE

The Union Thanksgiving service held at the Baptist Church yesterday, was well attended. Rev. Fitzgerald, pastor of the Presbyterian Church, preached the sermon to a crowded house and it was a good one. Baird people have much to be thankful for, and we are glad so many realize this.

BAZAAR

The Leader Class of the Methodist Church, will hold a Bazaar on Dec. 10th at the Electric Light office. They will have cakes, pies and candy for sale, will also serve hot chocolate, coffee and cake. In addition to these good things to eat there will be many beautiful Christmas gifts, on sale. Remember the date and place—Dec. 10th at Electric Light office.

BOYS' PIG CLUB

As a forerunner to the Boy's Pig Club and as an inducement to the boys of Callahan county, there will be a Contest, beginning Friday, November 25th and ending Dec. 9th, 1921, which any boy under 18 years of age will be eligible to enter. The two winners will be entitled to one gilt each. The gilts will be one Duroc Jersey given by the Scott Ranch, Putnam, and one Poland China given by Tom Edward, of Clyde. State in your letter which breed you prefer.

The rules governing the contest will be as follows:

For the two best letters written on the following subject and containing not more than 300 words:

- 1st. Why I wish to enter this Contest.
- 2nd. What I will do with a pig should I be the winner.
- 3rd. The advantage, as I see them, of raising pure bred hogs.

The only coat there will be to the winner will be one dollar, which will go for registration papers.

The winner will be required to sign up the membership card which will make him a member of the Pig Club of Callahan County. While the cost to him will be nothing for membership, he will be required to conform with all rules laid down by this Club for his betterment. Each boy must have his parents approval for entering this contest.

All letters must be mailed to reach Earl C. Hays, Clyde, Texas, who is the Secretary-Treasurer of the Callahan County Pure Bred Livestock Association, not later than Friday, Dec. 9th. The winner

will then be declared by the officers of the Association Dec. 10, 1921.

The Pig Club form will be published before long and we hope that we will see a large membership for the Club. There will be some fine prizes offered for the best showing at the Fair next fall.

MRS. MARY ELIZABETH ALVORD IS HONOREE AT BIRTHDAY PARTY

An affair which will go down in red letters upon the honoree's book of memory was the party given Monday afternoon by Mrs. E. L. Finley celebrating the birthday anniversary of her mother, Mrs. Mary Elizabeth Alvord.

A few friends were gathered in the home of Mrs. Finley which had been given a very attractive decoration, and spent the afternoon most pleasantly with the guest of honor, one of the pioneers of this section of the country. Mrs. Alvord was born in South Saram, Ohio on November 21, 1831, but has lived in West Texas for many years, moving to Callahan county in 1882.

There were many pleasing features to make this a happy occasion, a delightful refreshment plate was served and later there was the enjoyment of cutting the lovely big birthday cake.

Those enjoying this afternoon with Mrs. Finley and Mrs. Alvord were Mesdames R. E. Rankin, Walter Jennings, Fred Alvord, W. W. Wilson, Williams, Norman Finley and Rev. and Mrs. R. B. Twitty and children.—Abilene Reporter,

CHINA IS SEEKING TERRITORIAL RIGHTS

PLAN WOULD ADOPT OPEN DOOR POLICY AND BAN ALL SECRET PACTS.

Washington.—The Washington conference has turned to consideration of Far Eastern questions with almost the same momentum with which it tackled the question of naval armaments.

The Chinese delegates led the way this time. In the committee of nine at which all Nations participating were represented, they produced a basis of discussion which represents their views.

The open sympathy of the United States with their position was at once manifest. The British supported it in many respects. The positions of the others were not so clearly defined, although members of the Japanese delegation have given expression of approval, in part at least, of China's "bill of rights."

In brief, China wants guarantees for territorial integrity and political and administrative independence; she proposes the open door for all in all parts of the country; she wants all spheres of influence relinquished; she wants no treaties made affecting her without being consulted about them.

The full extent of China's proposition is much broader than that, but these are the essentials. The last feature may be construed as affecting the Anglo-Japanese alliance, although the British take an opposite view.

Washington.—The "open door" in China, consistently advocated by the United States for many years as the backbone of a real settlement of Oriental problems, Saturday was indorsed by the nine powers represented in the conference on arms limitation and Far Eastern questions.

The approval of this principle was voiced in the committee on Far Eastern questions, which is in reality the entire arms conference.

One after another, according to an official communique, the representatives of the powers—Japan, Great Britain, France, Italy, Portugal, Belgium and Holland—arose and indorsed the "open door." The United States and China, in previous meetings, had reiterated their belief that the "open door"—equal commercial and industrial opportunity for all Nations—should be strictly observed.

NEFF NAMES CURETON AS CHIEF JUSTICE

Austin, Texas.—Governor Neff has appointed Attorney General C. M. Cureton as Chief Justice of the Supreme Court of Texas to succeed Judge Nelson Phillips, resigned. The appointment was made in a telegram to General Cureton, who is in Washington appearing before the United States Supreme Court on a case involving the State of Texas. The text of the message is as follows:

"As a tribute to your sterling worth as a man and in recognition of your splendid services as Attorney General of Texas, I hereby tender to

you the position of Chief Justice of the Supreme Court of Texas made vacant by the resignation of Judge Nelson Phillips."

Mr. Cureton has been in the department since 1913, but has been Attorney General only since 1919. He was appointed First Assistant in 1913 under B. F. Looney, then Attorney General, and served in that capacity until elected to his present office in 1919.

KEELING ADVANCED TO ATTORNEY GENERALSHIP

Austin, Texas.—Attorney General C. M. Cureton has accepted the position as Chief Justice of the Supreme Court of Texas and Governor Neff has named First Assistant Attorney General Walter A. Keeling to be the Attorney General of the State. Judge Keeling did not announce his successor as first assistant, but it will be either E. F. Smith of Snyder, Scurry County, or W. P. Dumas of Terrell, both assistants in the department at this time. The preference may be given Mr. Smith because he has been engaged in the general practice for the department and is familiar with the details of outstanding litigation, while Mr. Dumas has made an enviable record as assistant in charge of bond matters for the last several years and devoting himself exclusively to that work.

Labor Dispute Is Settled

Palestine, Texas.—The two years or more of ill feeling between organized labor and the open shop organization was settled Friday before District Judge Bishop, acting as arbitrator. Both sides pledged themselves to wipe out all unjust discriminations and to pull together for the common good of the town.

Plan To Divide Milam County.

Thorndale, Texas.—That Milam County should be divided and a separate county formed of that part of the county south of Little River seems to be the consensus of opinion of large as well as small taxpayers of this section following the action of the County Judge and Commissioners' Court at Cameron recently in refusing a petition of 300 residents of this section for the appropriation of \$15,000 toward a bridge across the Brazos River near Gause.

Twelve Killed By Storms.

Little Rock, Ark.—Twelve persons were killed, thirty or more injured and considerable property damage done by two tornadoes which struck in widely separated parts of this state Thursday night. One storm near Mena, in the extreme western part of the State, wiped out a family of eight persons. Another storm striking a lumber camp near Arkadelphia killed one person, injured twenty-four others and then skipped north to a point near Malvern, where three more persons were killed and a number injured.

Rain Falls In Several Places.

Dallas.—Reports from various places in Texas Thursday indicated that the long drought has been broken by copious local rains. Several sections reported heavy rainfall.

SUPERINTENDENT KING TENDERS RESIGNATION

GIVES REASONS IN LENGTHY LETTER TO COWELL COVERING MANY PHASES.

Gatesville, Texas.—Superintendent C. E. King of State Juvenile Training School Friday tendered his resignation to become effective in sixty days, in a letter to S. B. Cowell, chairman of the State Board of Control.

"Hon. S. B. Cowell, chairman, State Board of Control, Austin, Texas, esteemed sir:

"This letter conveys to you my resignation as superintendent of the State Juvenile Training School, effective at the end of the sixty-day period from the date hereof which the law contemplates that I should have while making arrangements to sever my connection, and that you should have within which to perfect your plans in regard to my successor.

"I do not intend to discuss now the false charges of excesses and cruelties by which the institution and its management have been assailed. As the men in this State best qualified and best informed, you have vindicated the institution and myself.

"My second reason proceeds from considerations for your welfare. I am unwilling that on my account you shall be required to pay the price of your own peace of mind or, possibly, be required to enter a vexatious and expensive contest to maintain your position. I do not desire to embarrass you.

"Until the 24th day of September, 1921, for nearly even years, praise of the institution and its work was widespread and general. Many familiar with the institution did little less than marvel at its success.

"Operating amidst, if not under, the influences above mentioned, the Governor entered in. He commissioned one who has been much heralded as the Governor's personal representative to take active part in the whole

affair. The representative was and had been for many years politically opposed to me; he was active in the early days of the investigation. He fell and naturally resented to the public excitement which attended the mere announcement of such an act as the killing of a boy by a man while the boy was helpless in his power."

"Concede, if it is desired, that this representative of the Governor tried to cast aside all prejudice and to resist all influences toward passion, it would be but natural if he did not succeed. At any rate, his role throughout was that of a prosecutor, along with Mr. Johnson of the board, who shared all his labors with him, and this representative finally announced that he was a prosecutor. This is the man who prepared the report upon which Governor Neff came up his conclusion, or fortified those already held, and if he has read the record, which I doubt, it was in his frame of mind and from this point of view."

ANTI-BEER BILL NOW GOES TO PRESIDENT

Washington.—Congressional action on legislation to prohibit the medical prescription of beer and other malt liquors was completed Friday through adoption by the Senate 56 to 22, of the conference report.

The legislation, which would also put additional "teeth" in the national prohibition enforcement code, now goes to the President, the House having acted last August.

The bill will set aside the ruling by former Attorney General Palmer who, two days before he retired, advised that the prohibition enforcement officials that there was nothing in the Volstead act to prohibit the prescription of beer and light wines for medicinal purposes.

The bill limits physicians to 100 prescriptions for vinous and spirituous liquor each three months and specifies that not more than a quart of spirituous or vinous liquors containing in

the aggregate not more than one-half pint of alcohol may be prescribed for one person in ten days.

WISE COUNTY MAN IS STATE TREASURER

Decatur, Texas.—Former State Senator C. B. Terrell of Wise County left for Austin Friday morning in response to a summons from Governor Neff tendering him the appointment of State Treasurer. It is understood that State Treasurer G. N. Holton has tendered his resignation and that the Governor has asked Senator Terrell to take the position. Announcement of the appointment has not been made officially from Austin.

Mr. Holton, the retiring State Treasurer, it is understood, will accept a position in the fire prevention division of the State Fire Insurance Commission.

Texas Has 3,500 Dependent Children.

Corsicana, Texas.—O. Minatra superintendent of the State Orphans' Home in Corsicana, recently sent out a questionnaire to orphanage heads over the State from which the following facts were deducted: That 3,500 dependent children are now in the orphanages of various kinds in Texas and that 1,500 were denied admission last year, making a total of 5,000 helpless children in Texas. More than \$4,000,000 is invested in orphanage property in Texas.

Shoemakers to Take Wage Cut

Lynn, Mass.—Conferences have begun between shoe workers here and their employers who are trying to put through a wage reduction without which they claim they can not make shoes at prices low enough to meet Western competition. The unions, as their plans to meet the situation, have agreed to accept the proposed wage cut which takes off a bonus of 12½ to 20 per cent being paid under the present wage agreement, for two months.

I get of water and would have to set it down I could lift it to the shelf, of course, to do even was a task almost impossible.

I couldn't rest well at night and was just lifeless. "I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it. . . . "In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work. "Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness." The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it.

A TEN YEAR NAVAL HOLIDAY PROPOSED

SECRETARY HUGHES OFFERS A WAY TO PRESERVE PEACE BETWEEN NATIONS

LIMITED NAVY TONNAGE

United States Would Have 18 Ships, Great Britain 22, and Japan Would Have 10

Washington.—A ten-year naval holiday, a temporary suspension of naval construction, involving the scrapping of ships now on the ways or contemplated by the United States, Great Britain and Japan, was proposed to the conference on limitation of armaments by Secretary Hughes at the opening session Saturday as America's proposal. The American proposal is: That there immediately be destroyed the navies of the three great powers 66 capital fighting ships and a total tonnage of 1,878,043 tons. Within three months after making agreement the navies would consist of designated and agreed upon ships as follows: United States, 18; Great Britain, 22; Japan, 10.

In tons, this would be: United States, 500,050; Great Britain, 604,450; Japan, 299,700.

Replacements would be limited by an agreed maximum of capital ship tonnage as follows:

United States 530,000 tons, Great Britain 500,000 tons, Japan 300,000.

Subject to the ten-year holiday limitation capital ships could be replaced when they are 20 years old. No replacement ships would have a tonnage of more than 35,000 tons.

A total tonnage in cruisers, flotilla leaders and destroyers for each power would be fixed as follows:

For the United States 450,000 tons, for Great Britain 450,000 tons, for Japan 270,000 tons.

The total tonnage of submarines allowed each power would be as follows:

For the United States 90,000 tons, for Great Britain 80,000 tons; for Japan 54,000 tons.

The total tonnage of airplane carriers was proposed as follows:

For the United States 80,000 tons, Great Britain 80,000 tons, Japan 48,000 tons.

In each case it would be provided that no Government whose present tonnage exceeds the prescribed limit would be required to scrap such excess until replacements have begun.

Similarly destroyers, flotilla leaders and submarines could be replaced when 12 years old and airplane carriers when 20 years old. Other features of the auxiliary craft reduction program included. Exemption from the terms of the agreement of the existing monitors, unarmed surface craft under 3,000 tons, fuel ships, supply ships, tenders, repair ships, tugs and mine sweepers.

No new auxiliary combatant craft could be built, exempt from terms of the agreement that exceeds 8,000 tons, had a speed of more than 15 knots and carried more than four five-inch guns.

All auxiliary surface craft whose keels already have been laid could be carried to completion.

Agreement would be made later for details of scrapping the ships falling outside the proposed limitation.

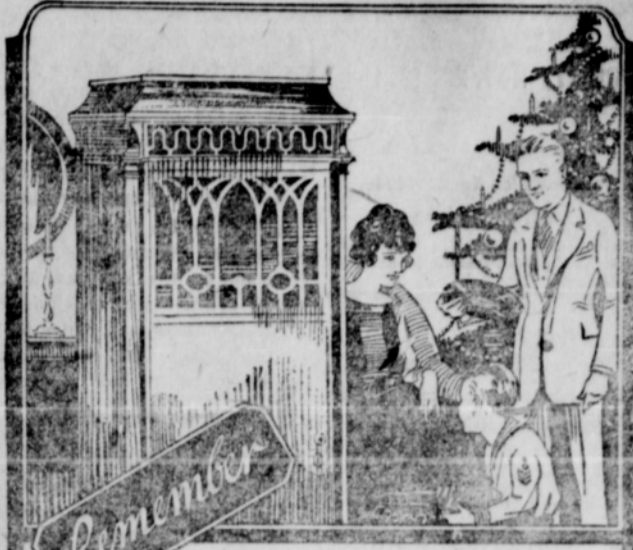

Each of the powers party to the agreement would bind itself to inform all the other parties concerning:

1. The names or number of the ship to be replaced by new construction.
2. The date of authorization of replacement tonnage.
3. The dates of laying the keels of replacement tonnage.
4. The displacement tonnage of each new ship to be laid down.
5. The actual date of completion of each new ship.
6. The fact and date of the scrappings of ships replaced.

Japan and America can Agree

Washington.—Secretary Hughes' pronouncements at the inaugural session of the armament conference have clarified the situation. Admiral Baron Kato declared at a reception given Sunday night at the Shoreham by Baron Shidehara, the Japanese Ambassador. The reception was arranged to present journalists who are reporting proceedings of the conference to the Japanese plenipotentiaries, and had been postponed until on account of the assassination of Premier Hara.

TEXAS MAY GET NEW FEDERAL JUDGESHIP

Washington.—Favorable report on the Walsh bill to create twenty-three additional judges was ordered Tuesday by the House Judiciary Committee. Similar legislation is pending before a Senate committee and has been recommended by Attorney General Daugherty and Chief Justice Taft.

The measure as provided by the House committee also provides for the holding of an annual conference of judges in Washington with the Chief Justice of the Supreme Court presiding.

The bill which authorizes temporary transfer of judges to other districts to relieve docket congestion creates among others one new district judgeship each in Northern Illinois, Eastern Illinois, Eastern Missouri, Western Missouri, Eastern Oklahoma and Northern Texas.

The only safe way is to do the best you can and let the other fellow weed his own row in his own way, so long as he does not interfere with or make trouble for your work.

Modern politics means to praise all your own party does and belittle or condemn all the opposition does. No political party in this country is free from this charge. That is why we do not feel the interest in politics we did years ago.

Lord Northcliff, the noted English publisher says that the alliance between England and Japan is responsible for Japan's pertness in dealing with the United States, and that alliance will have to go. Neither the people of England, her dominions, as well as the United States want it to continue, and if the disarmament does nothing more than smash this alliance, that has given Japan a bad case of swell head, it will not have been in vain, because it will lesson if not completely dissipate all war clouds between America and Japan.

We received the Big Spring Herald last week after an absence of two years or more. We missed the Herald more than any of our exchanges along the T. & P. Ry. and are glad to get it back on the exchange list. During and after the war news print became so scarce and high priced most country papers had to cut out their exchanges. The government had something to do with it but conditions have changed somewhat and we can afford a few exchanges, but the old time unlimited exchange list has gone. That perhaps is better for all of us, because we will appreciate the few exchanges we have all the more.

Crown Prince George of England, is visiting his loyal subjects in India who greeted the future king with rioting in which life was lost. It is not safe for English officials to travel without a heavy guard in Ireland, India, Egypt and Afghanistan. The British Empire never in its history, perhaps, experienced as much trouble with its own subjects since the American revolution. England itself has had no end of labor troubles since the war ended, but England has always weathered bad political storms and no doubt will weather the storms that beset her. Ireland and India are perhaps a greater liability than an asset, but they cannot turn either loose with safety to the empire.

A news item in Monday's papers says the Interstate Commerce Commission had notified the railroad companies that they must cut freight rates. That must have been a shock to the railroad companies, that af-

ter squeezing the last drop of money the commerce of the country would stand in high freight rates to be informed that the public was more interested in cutting freight rates than in cutting down the wages of railroad employes. The roads have been so busy cutting down wages we suppose that they forgot to reduce freight rates, except a small reduction on hay and grain and by the way, we learned from that same item that this cut, heralded all over the country by the railroad officers, has not yet been put into effect.

The Dyer anti-lynching bill now before congress is only another effort to invade the right of the state, and no doubt is aimed at the South mainly. For many years we have favored an anti-lynching law, but see no reason why the federal government should stick its nose into a question that belongs particularly to the states. We have always opposed lynch law of any kind and the state should enact strict laws against it, and each county should be held responsible in damages where persons are killed or seriously injured. You can arouse some people only by hitting their pocket book and since a law as we suggest would make law abiding tax payers take more interest in enforcing the state laws, and thus do away with the excuse for mob law. We would not favor of a law that makes the county alone responsible, but make each individual connected with a mob, either directly or indirectly, responsible in a damage suit where death or serious bodily injury is inflicted by a mob. Men who would be legally responsible for damages inflicted upon any one would hesitate to join in a law breaking mob when they would be subjected to both civil and criminal suits. People are not much afraid of the victim of mob violence is a notorious disreputable character, and some of them perhaps deserve all they get and more, but let the punishment be inflicted by the legally constituted courts of the state. Lynchings are dangerous to the established order of society and should be condemned by all good citizens. The only way to have a good government is to enforce the law against all manner of crime.

TO THE PEOPLE OF CALLAHAN CO.

When any candidate announces for an office the voters are entitled to complete information as to the candidate's fitness and ability. I am a candidate for the office of County Tax Collector, subject to the action of the Democratic Primary next July, and shall try to present my merits personally to every voter in this county, but now I wish to outline briefly the qualifications which I feel, entitles me to your consideration.

I am a young man and thoroughly competent to fill the office. For more than twenty years I have lived in Callahan County, and consequently I know something about the conditions of our people and country.

I shall make the race entirely on my own merits and not on another's demerits. I will appreciate your support, and if I am elected, I will give to you the very best service of which I am capable.

Respectfully,
CLYDE WHITE.

COTTON GINNED.

ANNOUNCEMENTS

We are authorized to make the following announcement, subject to the action of the Democratic Primary For County Tax Collector Clyde White.

"DEATH! WHERE IS THY STRING"

Go visit the homes of the railroad men who lost their lives in that horrible accident four miles west of Clyde on the morning of Nov. 8th— you will find the answer there. Little children, too young to understand, no doubt each day are asking when Daddy will be in.

On the morning of November 8th, three railroad men were hurried to eternity by the explosion of the boiler of Texas & Pacific engine No. 508. No one here on earth will ever know the cause. The mangled bodies of those who rode this giant piece of machinery now rest in the silent city of the dead, their lives are sealed forever. Thousands of them leave their homes each night to man the trains that move the commerce of this great country, many never return alive. Little does the average person know of the hardships he endures to make a living for his loved ones. Working night and day, rain or shine, year in and year out he struggles on to the end. He never quite once he gets started in this extra hazardous work. Fascinating it must be, something about the work holds him until death takes him away.

My sympathy has always been with the train men, in fact I admire any man who bravely faces death each day in order to make a living for his family. Those of you who think this class of men are overpaid I beg of you to visit the homes made desolate by this terrible accident. No right thinking man will differ with me when I say they are sadly underpaid.

TO WHOM IT CONCERN

The law now requires every person or firm doing business under an assumed name, to file an affidavit with the County Clerk, setting out the name or names of each individual concerned or interested in said firm or Company. An assumed name is any other than the real name or names of the owners of the concern, such as John Doe & Co., or Jos., etc.

There is now on the statutes a law requiring hotels, restaurants, cafes, dairies, any public eating house or bakery to have all employes examined and given a health certificate.

If this concerns you please attend to it as soon as possible.

Respectfully,
L. W. GREEN,
County Attorney.

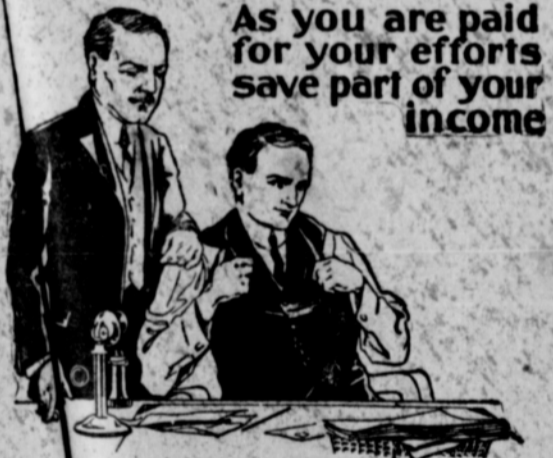

NOTICE TO CONTRACTORS

I will receive sealed proposals for tearing down, moving and erecting two bridges on Highway No. 1, between Baird, Texas and Putnam, Texas, being bridges across Brushy Creek and across Deep Creek, said bridges to be moved a few hundred yards south on new roadbed of said Highway No. 1. Plans and specifications for erecting said bridges are now on file in County Clerk's office, at Baird, Texas.

Said proposals are to be sealed and to be on file in County Clerk's office, at Baird, Texas, by ten o'clock, Monday, December 12th, 1921. Bond will be required of successful bidder in sum of \$1,000.00. We reserve the right to reject all bids.

J. R. BLACK,
County Judge,
Callahan County, Texas.

MONEY TALKS

Save saving is a fine discipline. It is a priceless asset and an expression of intelligent regard for the value of time.

The best safeguard against hard times is a bank account. It denotes power and ability to observe one of the first laws of nature, "self-protection."

A man shows strength who doesn't burden his friends or neighbors when the unexpected happens.

FUNDS TO BE ASKED FOR HELIUM PLANT

For Worth Making Efforts to Keep Plant Running and Save Loss

Fort Worth, Texas.—The entire city of Fort Worth is aroused over news from Washington telling of the exhausting of funds available for operating the Government helium plant at Fort Worth and the proposed closing of the plant Nov. 30. Every effort will be made to keep the plant in operation so that what has already been accomplished will not be lost. Roscoe Ady, industrial commissioner of the Chamber of Commerce, declared.

A hurried conference of business men, city officials and officials of the Chamber of Commerce was called for Saturday and plans for immediate action necessary for the retention of the plant were worked out behind closed doors. Following the meeting it was announced that pressure would be brought to bear on certain Washington navy officials in an attempt to keep the plant in operation during the winter months.

Magnesium in Alloys.

Magnesium in massive form, as sticks or rods, is used to deoxidize other metals in foundries and is a constituent of alloys. More magnesium is now used as a deoxidizer or scavenger in metallurgy than for any other purpose, but its employment in alloys is increasing and may eventually become the largest one. An alloy of magnesium and aluminum is used in making castings for aircraft engines and parts of airplanes. The skeleton of the British airship R-34, the first dirigible to cross the Atlantic, is an alloy of aluminum and magnesium, and the yacht Resolute, the defender of the America's cup in the races in July, 1920, as well as the alternative defender the Vanite, carried gaffs made of this alloy.

PERSONALS

See large display ad of Mitchell-Gilliland Motor Co., in this issue.

Tom Windham and son Frank, of Oplin, were in town Wednesday.

Miss Rex Gilliland, of Breckenridge, spent Thanksgiving with the home folks.

Mrs. J. F. Waite, of Fort Worth, spent Wednesday with her parents, Mrs. G. W. Jones.

Mr. and Mrs. Harry Powell, and family, of Abilene, spent Thanksgiving with Mr. Powell's sister, Mrs. A. M. Miller.

Miss Wren Foy who is teaching a class in music in Breckenridge, came in on the Sunshine Special to spend Thanksgiving at home.

McGowen & Melton sold the C. L. Gunn place of 80 acres, adjoining Baird on the north-west, last Monday, the purchasers being Fred Hart and C. W. Conner.

Miss John Gilliland came up from Ranger Wednesday evening from Ranger and spent Thanksgiving with the home folks. She returned to Ranger this morning.

Mrs. L. L. Blackburn, President of the Wednesday Club, and Mrs. G. M. Hall of the Merry Matrons Club, attended the State Convention of Federated Clubs at Fort Worth, last week.

The members of the Church of Christ have called Elder R. H. Rogers, of Abilene, to preach for them each Sunday. This gives four of the five organized churches in Baird regular preaching services each Sunday.

Miss Bernice Perry, who has for several years held a position as book-keeper with Frick-Reed & Co. oil well supplies at Ranger and later at Breckenridge, has been promoted and transferred to the Company's general office in Tulsa, Okla. She came in from Breckenridge Wednesday night for a short visit with her parents, Mr. and Mrs. Tom Perry, west of town, before leaving for Tulsa.

The Star force was all laid out with colds the first of last week, but worked on anyway, but in spite of all we could do we were late last week and again this week. All have recovered except Col. Symonds, who has a deep seated cold and scarcely been able to work for two weeks, but held out gamely until Tuesday last, when he had to take to bed. It is hoped that with some medicine which Dr. Powell left him and few days rest that he will be alright.

ELEVEN IN FUNERAL CORTEGE ARE KILLED

TWO INJURED ALSO AS FLYER STRIKES AUTO IN THICK FOG AND SNOW

BODIES ARE BADLY MANGLED

Victims and Small Pieces of Car Found Scattered Along Track for Some Distance

Chicago, Ill.—A fast Atchafalaya, Toledo & Santa Fe Railroad express train, plowing through a thick fog and flurry of snow Saturday crashed into the second of two automobiles forming the funeral procession of 2-year-old Emily Ziemann at a crossing near Summit, Ill., killed 11 persons, injured two and so demolished the car that not a piece of it bigger than a man's arm could be found.

The car was crowded with funeral attendants, the casket being in a car ahead.

The bodies of eight of the victims were terribly mangled and carried along the tracks for some distance.

The train, pulled by two engines, traveled nearly a mile before it could be brought to a stop. Richard Bartlett and George Tinsler, the engineers, and John Hauck, one of the firemen, are from Fort Madison, Iowa. The other fireman, Albert Swanson, lives in Chicago.

The scene of the accident is 14 miles west of Chicago.

Parts of the victims' bodies and

fragments of the machine were blown along the track for nearly a mile. The accident occurred at a bend in the road and it is thought the driver was unable to see the approaching train on account of a driving snowstorm.

Not even the license plate could be found in the wreckage to identify the car. The largest piece of the wrecked automobile measured no more than four feet long.

Billions Go to Waste.

Three billion dollars waste a year due to smoke! This is one of the tributes America pays to the economic vice of thriftlessness, at least this prodigious sum is so specified by a leading statistician who states that the benzol, tar, ammonia and gas which yearly float away in the air is conservatively worth \$1,000,000,000, while the consequent damage to property, health and comfort is placed at twice that amount.—Boston Transcript.

Ambulance for Sheep.

A motor ambulance especially designed for the care of sheep, and containing ten pens, five on each side, is an unusual but highly valuable adjunct to an enormous sheep ranch in Alberta, Canada. During the past season some 7,000 lambs were born on the ranch and the busy ambulance was the means of saving the lives of hundreds of them.—Popular Mechanics Magazine.

Philippines Like Electricity.

Applying characteristic American methods to the development of electric service in Manila, P. I., now a city of 350,000 people, the local electric light and power company supplies some 18,000 customers.

TO FOSTER PURE BRED LIVESTOCK—The Callahan County Pure-Bred Livestock Association, which was organized in Baird Saturday, October 29, adopted the following constitution and by-laws:

Article No. 1. This association shall be known and designated as The Callahan County Purebred Livestock Association of Callahan County, Texas.

Article No. 2. The object of this association shall be to promote interest in the breeding and improvement of high grade, purebred livestock; to instruct its members in the prevention and eradication of the diseases peculiar to such animals; to provide and establish adequate markets for the same; and to create in the members of the association an affection for farm animals which will result in a fuller appreciation of farm life and purebred livestock.

Article No. 3. The place of business of this Association shall be at Baird, Texas.

Article No. 4. The officers of this Association shall consist of a President, a First Vice President, a Second Vice President, a Secretary-Treasurer and five Directors who shall be elected each year by the members, each member being entitled to a vote, a majority of votes to constitute a choice; and they shall hold office during the fiscal year in which they were elected or until officers are chosen. Vacancies may be filled at any time by the Board of Directors.

Article No. 5. The President and five Directors shall constitute a Board of Managers for the transaction of business, three of whom shall constitute a quorum to transact business for the Association.

Article No. 6. It shall be the duty of the President to exercise a general supervision over the affairs of the Association, to preside at all meetings

of the Association and of the Board of Managers; to call special meetings of each when necessary, or upon request of ten of the members.

Article No. 7. It shall be the duty of the Vice President to assist the President in the discharge of his duties and, in his absence, he shall act as President. The Second Vice President shall assist the First Vice President and, where both the President and Vice President are absent, he shall act as President.

Article No. 8. It shall be the duty of the Secretary-Treasurer to keep a record of all proceedings of the Association and of the Board of Managers; to receive all money due the Association and pay all bills payable which have been approved by the Board of Managers; to receive all money due the Association and pay all bills payable which have been approved by the Board of Managers. He shall keep an account of all receipts and disbursements and report same, with proper vouchers to the Association at its annual meeting and to the Board of Managers as often as they shall require. The yearly accounts shall be made up and examined by a committee appointed by the Board of Directors, previous to annual meetings in each year, and the accounts thus examined shall be audited by a committee of three members, to be appointed by the Association at its annual meeting.

Article No. 9. The dues per year shall be five (\$5.00) dollars per member, which may be increased at any meeting of the Association by a two-thirds vote of the Association.

Article No. 10. The constitution may be altered or amended by a two-thirds vote of all the members present at any annual meeting; provided, that notice of such amendment shall have been given in writing thirty days prior to such meeting.

Article No. 11. Twenty-five per cent of the total membership of the Association must be represented at the annual meeting of the members of the Association to constitute a quorum for the transaction of business; voting by proxy must be authorized in writing.

Article No. 12. It shall be the purpose and intention of this Association to keep and maintain a clean and honorable membership, and at any time any member shall be found guilty of any misrepresentation as to any animal or transaction or in any way doing a dishonorable or questionable business, he shall be expelled by a two-thirds vote of the members present.

Article No. 13. All persons interested in purebred livestock are eligible for membership.

Article No. 14. Annual meetings shall be held each second Saturday in January of each year, or as soon after as the Board of Directors shall designate.

Article No. 15. That the President, First and Second Vice-Presidents, Secretary-Treasurer and Board of Directors are authorized to establish Community Organizations, if, in their wisdom, they see proper to do so.
