The installation banquet for the Muleshoe Jaycees will be held Saturday, May 27, at the Muleshoe high school cafeteria.

Present at the meeting Monday were one guest, Edwin Cox, and the following members: Gary Glover, Gary Shipman, Monty Dollar, Dean Allen, Bob Finney, Jim Tucker, Dwyane Calvert, John Johnson, Doyce Turner, Jerry Don Haley, Marlin Mills, Max King, Jeff Smith, Gene McGuire, Derrell Oliver, Glen Watkins, Smitty Aylesworth, Bruce Little, Corky Green, Paul Wilbanks, John Blackwell, James Brown, Curtis Walker, Joe Patte, Joe Bob Stevenson, Richard Hawkins, Bill Russell, Wayne LaGrone, Wayne Peterson, Mark Gist, and Don Barnes.

Bailey County citizens attended political conventions Saturday in Muleshoe. The Bailey County Democratic Convention was held at 10 a.m. in the courtroom at the courthouse. The county chairman, secretary and delegates to the state convention were elected for the next term.

Buck Johnson was elected permanent County Chairman and Mrs. J.G. Arnn was elected permanent secretary. Delegates elected to attend the state convention were Buck Johnson, Joe Costen and John Hubbard. Alternates will be Jack Young, Martha Young and Harvey Bass.

Seven resolutions were adopted by the convention. The first one reads: "Be it resolved to promote a bonafide two party system in the State of Texas, and to strengthen the Democratic Party."

Other resolutions stated that "the only required lights upon cotton trailers should be one tall light and one stop light and that there should be a 30 miles per hour speed limit for such trailers."

That we are against child control laws. That we are against all Family Assistance Plans which would involve paying an annual guaranteed income.

That the property value added tax be eliminated. And that the Federal Government should attempt to balance the budget by reduced spending.

Presidential nominees were voted on and results were as follows: Hubert H. Humphrey, seven; George McGovern, seven; George Wallace, 12; and uncommitted, 11.

Board Accepts Resignations

The Muleshoe Independent School District Board of Trustees met Monday night, May 15, for its monthly meeting.

The board heard the following current financial reports; studied balances of all categories in operating budget; checked bank balances of all school funds; heard report on athletic fund and lunchroom fund; heard report on current tax collection of which 98.18 per cent of all current taxes have been collected; and approved payment of current bills.

Questions And Answers

The Journal received a phone call from a lady this week wanting the answer to the following question: "What is the standard procedure for a highway patrolman in asking questions when he stop someone for speeding?"

Highway Patrolman Joel Young responded with the following answer: "First, the person stopped is asked for his driver's license; second, the patrolman tells the person why he was stopped and third, if it is an emergency, in standard procedure, the patrolman may ask any other questions pertaining to a given situation."

The second question received this week concerned whether or not the intersection of Highway 84 and State Highway 214 was a four lane road. The patrolman stated that although there is room for four lanes on both sides of Highway 84, the south side is not striped for four lanes.

The state is planning to stripe

4-H Play Day Scheduled

Bailey County 4-H horse project group members will be in competition for honors to see which ten members will advance to the District Horse Show during three county wide play days.

The play days will be held May 21 at 1:30 p.m., at the Presley arena; May 28 at 1:30 p.m., at the Three Way Arena and June 11 at 1:30 p.m. at the Muleshoe arena.

The object of these play days, according to Spencer Tankersly, county agent, is to select ten 4-H members to represent Bailey County at the District Show to be held at Post on June 28.

Any boy or girl, 9-19, who is currently enrolled in 4-H horse project group program in Bailey County is eligible to participate.

The events will include halter, western pleasure, reining, pole bending and barrel racing. There will be 20 selected at the District Horse Show to represent District Two at the State Horse Show which will be held July 19-22 in the Joe Freeman Coliseum in San Antonio. Several new events have been added to the show this year, according to B.F. Yeates and Dr. Gary Potter, horse specialists with the Texas Agriculture Extension Service.

The attitude prevails in Washington that Congress is almost certain to pass some sort of minimum wage legislation in this election year, including an increase in the minimum rate for both industrial and agricultural workers.

This is the report of Ed Dean, Field Service Director of Plains Cotton Growers, Inc., Lubbock, following a recent meeting of the National Council of Agricultural Employers (NCAE). NCAE is an association of producers, producer associations and allied interests formed in 1963 to protect the interests of agricultural employers. PCG is a charter member of the organization and Dean is one of the organizing directors.

Legislation to force a higher minimum wage in agriculture without regard for other economic considerations will intensify what is already a tight cost-price squeeze in the industry," Dean said, "We are strongly opposed to any and all such legislation," he added, "but there are strong political winds blowing against us."

Major activity in Washington now centers around three wage bills. The Senate Labor Subcommittee has reported S-1861 which would raise the minimum for industrial workers to \$2.25 per hour in 1973. The minimum for farm workers, now \$1.30 per hour, under S-1861 would equal the industrial base by 1974. The law would apply directly to employers using more than 500 man-days of labor in any quarter of a calendar year. It would require payment of \$1.70 upon enactment, \$2.00 a year later and \$2.25 in 1974. Overtime exemptions contained in current law would remain intact for on-the-farm employees.

minimum to \$1.50 this year and to \$1.70 in 1973 with no further scheduled increases. Like S-1861 it would phase out all overtime exemptions for processors and handlers of agricultural commodities.

The Administration is sponsoring a bill by Representative John Erlenborn (R-Ill., HS-1404, which is to be offered as a substitute for the Dent Bill when it comes to the floor. The Erlenborn bill proposes the same wage increases as the Dent bill, but is slightly less onerous to NCAE in that it would maintain present overtime exemptions for processors.

Dean said NCAE would make a concerted effort to defeat all three bills. "But if it becomes obvious that this can't be done, we'll work for the least possible increase and for a bill which retains overtime exemptions at all levels."

CONGRESSMAN Bob Price 18th Congressional District

Cont. from page 1

This past Thursday the House passed an increased minimum wage bill by a vote of 330-78. I opposed final passage of this legislation which I believe is both irresponsible and unfair to all concerned. While the bill which passed was a watered-down version in that the minimum wage increase to \$2.00 will come in two stages from the present \$1.60 an hour to \$1.80 for the first year and \$2.00 an hour thereafter instead of the original version which would have raised the minimum wage to \$2.00 immediately, nevertheless, this action will solve fewer problems than it creates.

Increasing the minimum wage will help in eliminating existing low wages; however, a high wage is not all happiness for higher wages lead to higher prices which too often fall hardest on low-income workers for whose benefit the act was passed.

I have received a great amount of mail concerning minimum wage legislation, the great bulk in opposition. I do not believe employers to be heartless or callously unconcerned about the well-being of their employees. However, employers as businessmen, must make a profit to survive. If those who run our Government operated a business corporation with their same utter lack of understanding and total disregard of the laws of economics, their business would be bankrupt in short time and their many creditors would be pounding on the door for payment.

## Children's Clothing Should Provide For Freedom

COLLEGE STATION--Bouncy, playful and energetic children dot the playgrounds as spring and summer weather rolls in. "Because children are happy and free, young mothers will want to provide their offspring with clothing that helps them enjoy their freedom," said clothing specialist Roxanne Schnorr of the Texas Agricultural Extension Service. Miss Schnorr said that spring and summer clothing should encourage the growth of children. "Independence may be developed by selecting clothes that have self-help features," she said. "A child wants his clothes to be easy to manipulate. Children become impatient if dressing takes too long or if they have to obtain help in dressing." The ability to dress himself gives a child the feeling of in-

dependence and self confidence. Miss Schnorr suggested choosing dresses and shirts with front openings--snaps, decorative zippers or large buttons. Pullovers that easily slip over the head are helpful. "Avoid back openings, back tying sashes and small buttons," Miss Schnorr said. According to the specialist, poor fit is why many young children don't wear certain clothes. Comfortable clothes allow freedom. On the other hand, loosely fitting garments bought for a child to grow into are just as disturbing as those that are too tight. "To allow for growth, look for clothing designs that may adapt themselves easily to growth, rather than buying garments which are too large," Miss Schnorr said. Features that allow some growth include undefined waist-

lines, raglan or kimono sleeves, deep hems or cuffs, long tails on shirts and blouses and knit or stretch fabrics. Deep-cut armholes, comfortable cuffs and necklines also allow freedom of movement. Miss Schnorr pointed out that a well-dressed child is better mannered, more self confident and less rowdy than a poorly dressed one. As children approach school age and enter a world of playmates and classrooms, their dress should suit the activities they'll take part in. Simple, uncluttered lines are compatible with a child's active life. "Consider the number and size of pockets," the specialist said. "Children are collectors and enjoy using large pockets. Younger children prefer bright colors and often want to express their choice.

# Bridal Shower Honors Miss Dorothy McMahan

Dorothy McMahan, the bride-elect of Jerry Mick, was honored with a bridal shower on Monday evening, May 15, from 8 to 9:30 p.m. at the First National Bank.

Guests were registered by Betty Harbin. Special guests were the honoree's mother, Mrs. C. McMahan, and Mrs. C.W. Mick, her prospective mother-in-law.

The serving table was covered with a white lace cloth over blue and centered with an arrangement of iris and white carnations in a milk glass vase.

The bouquet was entwined with a white satin bow and ribbon streamers. Assorted fruit breads, punch, nuts and mints were served from crystal and silver appointments. Sharon Harris presided at the serving table.

The hostess gift was an electric skillet.

Hostesses for the shower were Mrs. S.K. Flatt, Mrs. Ben Pointer, Mrs. Lee Lewis, Mrs. Jay Harbin, Mrs. Joe Harbin, Mrs. Vern Taylor, Mrs. Paul Poyner, Mrs. Eddie Wilson, Mrs. Haney Poyner, Mrs. Ivan Woodard, Mrs. Charles Pummill, Mrs. Charles Hamilton and Mrs. Dan Throckmorton.

# Courtesy Fetes Judi Wellborn

A bridal shower honoring Judi Wellborn, bride-elect of Roy DuBose, was held Saturday afternoon, May 13, from 2 to 4 p.m. in the home of Mrs. Harvey L. Bass.

Receiving guests were the honoree; her mother, Mrs. Curtis Wellborn; the prospective groom's mother, Mrs. Doug DuBose; and Mrs. Bass.

The serving table, covered with an ecru lace cloth, was centered with a spring arrangement of Dutch iris, daisies and baby's breath in a milk glass bowl. Refreshments of thumb-print cookies and white punch were served from crystal appointments by Mrs. G.L. Splawn. Guests were registered by Mrs. Sena Stevens.

Hostesses for the occasion were Mrs. Sena Stevens, Mrs. Earl Harris, Mrs. Cliff Griffiths, Mrs. E.M. Pruitt, Mrs. Troy Atkinson, Mrs. Orville White, Mrs. Derrell Turner, Mrs. John Crow, Mrs. W.G. # Study Club Hears Program On "The Migrant School"

The Muleshoe Study Club met Thursday, May 11, at 4 p.m. in the home of Mrs. Jimmy Dale Black with Mrs. John Agee and Mrs. G.L. Splawn as hostesses.

The meeting was called to order by the president, Mrs. Splawn. Mrs. Agee gave the prayer and Mrs. R.O. Gregory led the group in saying the Pledge of Allegiance.

The resignation of Mrs. R.F. Wright was accepted. She was presented with a lead crystal butter dish.

Mrs. Agee presented Mrs. John Watson, curriculum director of the Muleshoe Independent Schools, who presented the program, "The Migrant School." Mrs. Watson discussed the different migrant programs in the school system and stated that "the Texas Migrant Program is based on the belief that the purpose of the public school system is to provide educational opportunities for all children; opportunities that will enable each child to function creatively and usefully in dignity and freedom."

Each individual has the potential for useful contribution to society and the right to a meaningful educational program that will make provision for his academic, social, physical and psychological development. Much of the child's success in such a broad and comprehensive program is dependent on the attitudes of parents, educators and community.

A migratory child of a migratory agricultural worker is a child who has moved with his family from one school district to another during the past year in order that a parent or other member of his immediate family might secure employment in agriculture or in related food processing activities. For the summer migrant school, a migratory child may have moved into the district within the last five years," concluded Mrs. Watson.

Those present were the guest, Mrs. Watson, and members, Mrs. Agee, Mrs. J.G. Ann, Mrs. Joe Costen, Mrs. Douglas DuBose, Mrs. R.O. Gregory, Mrs. E.W. Johnson, Mrs. George Johnson, Mrs. Barry Lewis, Mrs. Mildred Neeley, Mrs. Levina Pitts, Mrs. Splawn, Mrs. Mervin Wilterding, Mrs. Wilson Witherspoon and Mrs. Wright.

A prom followed at the Community Center.

Some of the long dresses for resort wear are backless with a ruffle instead of a regular hem at the bottom of the skirt.

Shirts for pants and skirts are colorful this season. Printed ones of cotton and others of silk are being featured. Some have tiny patch pockets and others feature padded shoulders. Sleeves may be long or short.

**BIRTHDAY PARTY...**The monthly birthday party for the Muleshoe Nursing Home was hosted by the Joyce Hill Circle of the First United Methodist Church on Tuesday afternoon, May 16, at 2:30 p.m. in the day room of the Nursing Home. Entertainment was provided by Mrs. Opal Robison, pianist, and Mrs. Matt Nix, soloist. Celebrating birthdays in May are, from left, Mrs. Mae Danforth, 82; Mrs. Buelah Motheral, 87; Mrs. Anna Stevens, 88, and, not pictured, Audrey Gore, 65.

# Sudan Banquet Has Showboat Theme

"Showboat" was the theme for the annual Sudan Junior-Senior banquet held in the school cafeteria Saturday night. The entrance was decorated with a large mural of a showboat with bales of cotton, cargo boxes and barrels of goods to be shipped. Highlighting the dining room was a large water wheel underneath a star studded blue sky.

The invocation was given by Keith Downs and the welcome by Cecile Bandy with Rene Markham responding. Brent Wiseman and James Black read the Senior Class "Will." Velma Legg, Linda Robertson and Georgia Ray read the class "Prophecy." Toni McWilliams gave the benediction.

The candlelight meal consisted of baked ham, baked potatoes, green beans, tossed salad, cherry ice-box cake, rolls, butter, tea and coffee and was catered by Kern's Corner of Levelland. The meal was served to some 20 seniors and other

guests and members of the junior class by Kaye Warren, Debra Edwards, Jo Gaye Doty, Debbie Ritchie, Donna Provence, Tommy Seymore, Roby Lynn, Curtis Chester, Mark Hanna and Pat Hedges who were attired in black skirts or pants, white tops, checked aprons and bandanas.

A prom followed at the Community Center.

*In Fashion*

It has been truly said that if one waits long enough fashions of yesteryear come back in. And so it is today. The favorite fabrics for summer sports wear this season are seersucker, muslin, denim and cotton knits.

Neutral shades have stripes or designs of bright colors.

## A History Of Bailey County Pioneer Families

**BRINGING IN A WELL.** Pictured here are (left to right) Frank Johnson, Mr. Teidy of Bovina, E.H. Buhrman and sons Russell and Cecil. This was the first irrigation well of its type in this part of Texas. Land agents used to hold water carnivals to promote land sales in Bailey County.

### Mr. and Mrs. E.H. Buhrman

Mr. and Mrs. E.H. Buhrman, Russell and Cecil, (their first two sons), came to Bailey County from Nebraska. The Buhrmans made their move to this part of West Texas in the fall of 1908.  
Mrs. Buhrman remembers Bailey County as "a vast prairie land with white face cattle grazing the plains." The wind blew hard and long. As soon as the settlers began to plow the ground, there was dust everywhere. Once Cecil Buhrman was sitting in front of their dining room window during a bad sandstorm and remarked: "This is an easy way to see the world--just sit here and watch the states go by."

The facts that follow are quotes from Mrs. E.H. Buhrman, "Our home was 25 miles from a railroad. There was a grocery store at Hurley where we bought our groceries. For our other supplies we had to go either to Farwell or Bovina. This was quite a distance to travel in those days and many times we went for supplies on day and returned the next."

"The first years we farmed it was dry and our crops did not make much. But in 1910 we put down an irrigation well. The well motor was hauled by horse from Bovina. It produced 900 gallons of water per minute and was a 25-foot pit type well. A 25 horsepower Fairbanks Morse hothead motor was used. It was the first well of this size in this part of the country. Land sellers used to bring prospective land buyers out to show them our well."

"With the irrigation water we were able to raise grains, potatoes, onions and alfalfa."  
"After being here for a few years, several children of the early pioneers were nearing school age. A house was bought and moved onto our farm in 1912. This house became the Liberty School. It was commonly referred as the Buhrman school. Eight pupils attended. At that time a school could be established wherever there were at least five pupils to enroll."

"By 1925, five students had passed all the required subjects and Liberty School had its first high school graduating class. In all, eight classes graduated from the school, the last one in 1933. The convenience of school buses came to the Liberty School in 1931. The Liberty School had been consolidated with the YL School in 1918. In the fall of 1933, the junior and senior classes were sent to Muleshoe School. All the high school students were sent to Muleshoe by 1935 and in 1947, the YL-Liberty School was completely consolidated with Muleshoe.

This is one in a series of historical biographies of Bailey County pioneer families who arrived here prior to 1930.

**Frank confession:** "I don't know!"  
**Sports?**  
"I disapprove of all brutal sports, prize-fighting, angling--"  
"Good heavens! How can you name those two sports in the same breath?"  
"Why not? Isn't it the object of both pugilist and angler to land a hook in the jaw?"

## Rodeo, America's Number One Sport

by Gene Bray

If you have never been to a rodeo, you ought to go. To me it is America's no. 1 sport. It is exciting, wild and faster than any other sport. The stock producers (men who are paid to furnish the bucking horses, bulls, calves and steers for the rodeo) make sure that each contestant gets a fair chance and comes out as fast as possible. You see more action during that two to three hours than you will ever see again in your life. Of course some rodeos are slower than others, but that is only natural. The rodeos that I'm talking about are the professional or R.C.A. (Rodeo Cowboys Association) rodeos. These will always be speedy and exciting.

The closest R.C.A. Rodeo from Muleshoe will be in Clovis, N.M. There's also some in Lubbock and Amarillo. These towns have not been recognized as being good rodeo towns. Such towns as Cheyenne, Wyo., Calgary Canada, and Pendleton, Oregon are big names in the rodeo business. They attract thousands of spectators and hundreds of contestants to their annual rodeo.

The events approved by the R.C.A. are bareback bronc riding, saddle bronc riding, bull riding, calf roping, bull dogging and steer roping.

The classiest of all events is the saddle bronc riding. There is a single rein running from the contestants hand to the broncs halter. The contestant has to spur the horse on the first jump out of the chute, this is called "marking him out." Then he continues spurring the horse from the front of the shoulder to the rear portion of the saddle. The saddles used in this contest are called "committees." They have no horn and they all have the same measurements except for the stirrup length.

The most dangerous of all the events is bull riding. The contestant gets down on 1600 pounds of beef with just a single rope

to hold on with. He is not required to spur, just hang on, which gets pretty hard at times, real hard at other times, and plumb impossible at more times.

Bareback bronc riding is comparable with sitting on top a silver dollar while riding a roller coaster. A leather "rigging" is cinched down on the horse's withers. The rigging has a stout handle on it that the contestant holds on to. There is nothing on the horse's head but a wanting to pitch real hard.

Calf roping is the big money event. The world champion calf roping nearly always makes more money than any of the other champions. The contestant is required to come from behind a barrier, rope his calf any way possible, get off and tie any three legs of the calf with a small rope called a piggin string. The calf gets so many feet head start and when or if he is tied down, he has to stay tied for a required time.

Two partners have to enter the steer roping. One ropes the horns of the steer and the other ropes the heels of the steer. Both the calf ropers and the steer ropers have to come from behind a score line. Let me explain. If the calf gets a 16 foot head start, the score line will be 16 foot also. A rope is placed around the calf's neck, when the calf gets to the end of it, it breaks and the barrier is jerked from in front of the calf. If the horse comes out of the chute before the barrier is pulled, he breaks the barrier and is penalized ten seconds.

In bull dogging there is also **"Gabby" Revealed**

by Cheryl Johnson  
All through the year, the students of Muleshoe Junior High have been wondering who Gabby is. Well, this week Gabby is going to be revealed. We have been giving "Gabby Clues" for the last few weeks. Your "Gabby Clues" for the last few weeks were:  
(1) Participates in hard athletic sports, and wears dog-eas.  
(2) Has a delicate stomach, and rides horses.  
(3) Wears cowboy boots, and listens to Grand Funk.  
(4) Has long hair, and rides motorcycles.  
Your Gabby for 1971-72, it's nickname, is.....Carkacedacyen Cherkimartament Westewsonorinsudmaralay, if you can't figure that out, ask one of your Journalism Staff students.

two riders involved. The contestant entered, is the bulldogger. His partner, the "hazer" rides along to keep the steer running in a straight line. A bulldogger comes from behind a barrier just like the ropers. He rides alongside the steer, gets a hold of the steer's horns, then he slides off his horse and twists the steer's head to make him go down on his side. The last and most important rodeo hands are the clowns. These men are dressed up to look funny, but they have saved many lives from the horns and hooves of the bulls. The clowns do various acts, and sketches throughout the rodeo to humor the crowd. Then when bull riding comes, they steer the bull away from the cowboys on to himself. They'll play with bulls, make the bulls charge, and then move swiftly out of the way. If you've never been to a rodeo, you ought to go.

## Signing Off

Since school lets out May 26 this is the last F.B.I. for the 1971-72 school year. This year the Journalism staff has reported on just about everything that goes on at Junior High. There have been articles on sports, school organizations, teachers, and students. We have sold annuals, book covers, and taken pictures. The F.B.I. has been a lot of fun this year, we hope you've enjoyed it. So long for now, we'll be back again next year.

## MJHS Faculty Party Held

The Muleshoe Junior High faculty had a well deserved party Friday, May 12, in Mrs. Horton Griffin's home. The party was catered by Underwoods. The teachers have worked very hard all year and this party was well something they deserved. The teachers all had a very good time and were tempted not to return to school.

## CARTOON OF THE Week

## Junior High Sees Movie

by Tammy Webb

Monday May 8, the Junior High saw an exciting western movie, "Chisum." John Chisum was played by John Wayne, a owner of a big ranch in New Mexico. Such characters as Billy the Kid played a roll in this dramatic western movie. The story was really spurred on when John Chisum stamped his cattle through the small town near him. The Junior High enjoyed this movie, from humorous points

of the movie, to the many bloody gun battles held on open range, and in town.
