Around Muleshoe

Lazbuddie Young Homemakers are still selling pecans. To place your order call Mandy Seaton at 965-2438.

The Junior Class at Lazbuddie will be taking orders for Homecoming Mums during the week of October 3-7. Prices range from \$5 for a boutonniere, \$12 for child, \$17 for a medium size, \$20.50 for large and \$24.50 for an extra large mum. They may be ordered by calling Carolyn Nail at 965-2440 or Shandra Engelking at 965-6434. Lazbuddie's homecoming will be held on October 14 at 7:30 p.m. and a bonfire will be held on October 13 at 7:30 p.m. next to the football field at Lazbuddie.

Bailey County Farm Bureau Board of Directors will meet on Thursday, October 6 at 8:30 p.m. in the local farm Bureau office for their regular monthly meeting. All members are urged to attend.

Muleshoe 4-H Club will sponsor skating Friday, Oct. 7 from 7 until 9 p.m. at Bailey County Civic Center.

Five year old John Boston Horne, son of Andy and Sylvia Horne of Houston, and grandson of Mr. and Mrs. Lee Pool of Muleshoe, will be starting in the NBC movie, "Adam" to be aired locally Monday night at 8 p.m.

The movie concerns the kidnapping and murder of a young boy in Florida.

State Comptroller Bob Bullock has announced that Phillip Land from his Lubbock field office will be at the Bailey County Courthouse in the county Commissioners Courtroom on Tuesday, October 11, 1983 from 2:00 p.m. to 4:00 p.m.

PIK Producers

Need Class Cards

The U.S. Department of Agriculture will require cotton producers participating in the payment-in-kind program who have contracted their 1983 crop cotton to present class cards in order to receive payments, the National Cotton Council points out.

Cards will enable USDA to make quality conversions based on the area in which the cotton was produced. A USDA official said the requirement could mean a two-to-three-week delay for producers required to "harvest for PIK" to receive their PIK payments or the purchase price USDA was paying producers for PIK cotton.

GOLD STAR WINNERS--Zanna Huckaby and Shelley Sain, both Bailey County 4-H'ers, were named as 1983 Gold Star Winners at the annual Bailey County 4-H Achievement Banquet on Monday at the Civic Center. Zanna is the daughter of Mr. and Mrs. Lyndon Huckaby and Shelley the daughter of Mr. and Mrs. Walter Sain.

Huckaby, Sain Named 1983 4-H Gold Star Winners

The culmination of a year's work for some and many years work for others was in the spotlight on Monday, October 3 at the Annual Bailey County 4-H Achievement Banquet. The banquet, which was held in the Bailey County Civic Center, was the culmination of county 4-H programs held through October of this year.

Mistress of Ceremonies was Zanna Huckaby, the invocation was given by Britta O'Tay, the pledge of allegiance by Gena Pearcey and the 4-H motto and pledge by Robin Kindle.

A special welcome to all guests and members was given by Dewayne Lloyd, representative of the Bailey County Electric Cooperative, who sponsors the banquet in Bailey County each year.

Introduction of guests was provided by 4-H'er Shelley Sain. Those special guest present included Mr. and Mrs. Rudolph Moraw, Mr. and Mrs. Roy Whitt, Mr. and Mrs. James Warren and Mr. and Mrs. R.L. Scott. Also, other noted guests were Judge and Mrs. Gordon H. Green, Mr. and Mrs. Delaine Crawford (Mrs. Crawford is the District 2 Extension Agent from Lubbock), and members of the local paper, television and radio. County extension agents from Bailey County and a former extension agent J.K. Adams and his wife were also recognized.

The program guest speaker was Chris Caddell, a 4-H member from Lubbock, who spoke to the group about the difference between a leader and a boss. He gave a short resume on leadership abilities and urged the youth present to "Be the best you can be and be yourself - give your all to the job at hand."

Named as outstanding 4-H'ers and awarded the 4-H Gold Star, the highest County award available was Shelley Sain, daughter of Mr. and Mrs. Walter Sain and Zanna Huckaby, daughter of Mr. and Mrs. Lyndon Huckaby.

Shelley has been active in 4-H for eight years and has completed projects in clothing, foods and nutrition, food preservation, citizenship and junior leadership. She has participated in county fund raising activities and in the Bailey County Fair. In her 4-H years, she has served in many offices and has also been active on the district and state levels in contest competition.

City's 80-Forward Project Begins To 'Catch On'

The Muleshoe Eighty-Forward Project, being sponsored by the Muleshoe Chamber of Commerce and Agriculture, is beginning to show results around the city. Several businesses have been noticed repainting the exteriors of their buildings. Also noticeable is the removal of weeds from vacant lots and the removal of a dead tree from in front of Summit Savings. Western Drug has repainted their signs, and other businessmen around town have expressed an interest in renovating their storefronts.

"This is all very encouraging in our efforts to make Muleshoe more attractive," according to chamber manager John Gulley. The Eighty-Forward Project is aimed at cleaning up the city in order to make it more attractive to both customers and prospective new businesses. "While we may not have expressed our appreciation to every business

which has begun improvements," Gulley continued, "we want everyone to know that their efforts have not gone unnoticed, there have already been a number of improvements to the appearance of the city, and it is a goal of the chamber to have every businessperson in the community to take a critical look at their storefronts"

A special award was given to Zanna Huckaby for her participation in numerous projects. Among these are citizenship, food and nutrition, clothing, swine and sheep. She has been active in the cultural exchange program and fund raising activities and has exhibited her livestock on the state level, placing well. She has served as officer in many phases of the 4-H program and is very active in school activities.

City, County, School Taxes Reflect Stability

Villalobos Gains Lead In Journal Contest

Just for the records, all you Muleshoe Mules and coaches will be pleased to know that out of close to one hundred entries in the last Journal football contest (September 29), only two people picked the Morton Indians over the Mules! Now...is that confidence, or is that confidence?

As in the past couple of contests, fate threw some curves this week, causing some upsets in several games and throwing scoring off for most everyone.

The figuring really came down to the wire, with a lot of close scores. However, we managed to come up this week with a clear-cut first place win with Raymond Villalobos' entry. Villalobos missed only two games - that of Iowa and Illinois and the Muleshoe-Morton game. He picked the Mules 28 over 21 for the Indians, making him 22 points off in tie tie breaker. Ray will get a \$6 check plus 10 points toward the contest end. And, besides this, he take the overall lead by adding the ten points to six others he won in a previous contest.

Second place was won this week by Terry Pollard, with three games missed and three points off on the tiebreaker. Terry gets \$3 and six points towards the final score total. Pollard, for the records, also missed one game in a previous contest.

Commissioners agreed to accept the old Santa Fe Railroad Depot as proposed, and also agreed to make available land already owned by the county to locate the building upon. The agreement was done with the ruling that the group responsible for the Depot would see to the relocation, restoration, maintenance and upkeep as well as insurance. The old depot building has been designated as a Senior Citizens center.

In other business, the Court designated R.L. Scott as Bailey County representative to the board of directors of the Bailey County Appraisal district. Commissioners also passed an order raising the Sheriff's service fees to \$20

Three Years Of Taxes, Budgets Examined

As with all budgets, the amount of income greatly affects the budget spending of individuals as well as organizations and businesses. Taxes in three separate entities of Bailey County have been up at times and down at others for the County, School and City. Many changes are due to new budgeting procedures and exemptions; and some do not always present an accurate picture.

As of October 1, Bailey County, the City of Muleshoe and Muleshoe Independent School district property owners were mailed tax assessment notices on tax evaluation for 1984 taxes. The taxable valuation is arrived at by taking the actual market value of property involved and applying all legal exemptions. The type property taxed is all real and personal property, including automobiles. There is also an inventory tax for businessmen, in which all stock is valued and taxed. This is paid by the businessman unless he has it on consignment and has made arrangements with the manufacturer to pay the taxes.

In the County entity of the Bailey County Appraisal District, both market values and taxable value have dropped considerably each year since 1980-81. In 1981, the County's total market value in taxes stood at \$278,763,100. After exemptions were applied, however, the taxable value came to \$225,745,240. The rate of tax for 1981-82 was 45 cents per \$100 of valuation.

The total budget for county expenditures for 1982 was \$1,056,648., based on a collection rate of taxes due making the assessed taxes collected come to 91 percent of the County's overall budget for 81-82.

In 1982, market values of \$272,178,830 were reflected for the county, and after applied exemptions, total taxable value came to \$212,399,663, with a 48 cents tax rate per \$100. County taxes actually collected were \$1,142,896. This percent of this tax revenue figured to be 86 percent of the county's 1982 actual budget for 1982-83.

The decrease in the tax rate for Bailey County between the two years mentioned went down due to increases in market values. Persons who live in Bailey County pay county and school taxes, although some may actually pay different school districts. Those who live in Muleshoe pay city, county and school tax due to the extra protection and services provided them by the city as opposed to persons living out in the county.

Market value for Bailey County for 1983 came to \$252,214,799, and after exemptions were applied a total of \$195,162,479 in taxable value was left. This was based on a rate of 48 cents per \$100. Actual taxes collected for Bailey County for the 1983-84 year are projected to be \$870,137.64. This amount represents 93 percent of the County's 1984 total projected budget of \$1,358,037 for 1983-84. Total budget Cont. Page 6 Col. 1

Arthritis Drive Forum

Scheduled Here Thursday

A Rheumatologist, an Orthopedic Surgeon, and a Physical Therapist, all from Amarillo, will be in Muleshoe Thursday evening, October 6, to present an informative program on the prevalent and devastating disease of arthritis, the program will be presented at 7:30 in the Civic Center meeting room, and the public is urged to attend at no charge, according to Elaine Damron, local chairman of the Arthritis Foundation.

The program is being sponsored by the Bailey County Arthritis Foundation, along with the Bailey County Four-H Clubs. Arthritis literature will be available to the public at the program.

The Rheumatologist who is co-ordinating the program is Dr. Charles W. Seward, a well-known doctor in this area. He has been in Amarillo the past eleven years. He says that slides will be shown, along with comments by each participant on the program.

Dr. Seward, was born in Oklahoma and did undergraduate work at Central State University, Edmund, Oklahoma. He received his M.D. degree from the University of Oklahoma School of Medicine and served his internship and residency at Baptist Memorial Medical center, Oklahoma City, Oklahoma. He was the recipient of a fellowship for the study of Hematology and Rheumatology at Washington University School of Medicine in St. Louis, Missouri.

Along with his private practice of medicine at the Amarillo Diagnostic Clinic, he is an associate professor of clinical medicine for Texas Tech Medical School, Amarillo. He also has done clinical research for Merck and Company, Boots Pharmaceutical and others. He is on the Board Cont. Page 6, Col. 6

Mules Begin District Play Against Abernathy Friday

The Muleshoe Mules will take the field against the Abernathy Antelopes this Friday night in Abernathy for their first district game of the year, beginning at 7:30 p.m. this week. The Lopes stand 3-2-0 in season play this year, and the Mules are 3-1-1, after last Friday's untimely defeat by the wild Morton Indians.

A talk with Head Coach at Abernathy, Larry Aldridge, revealed to the Journal that the Antelopes are a little nervous about the Friday encounter with the Mules. Aldridge stated: "The Mules held the Idalou Wildcats, one of the toughest in the state to a standstill, and in my opinion played probably the best 2-A team in the state in Morton last week." We know they are good, and we've not played anything anywhere close to Muleshoe's caliber this year, Aldridge said. Aldridge is on his ninth year as coach at Abernathy.

The Lopes have been riddled with injuries since the first part of the season and several of their starters are questionable for this Friday night. It seems that their biggest problem of all is getting healthy. As far as their game goes, the Lopes have a pretty balanced game and can run and throw, with the help of their good quarterback Brian Smith. While their size is good, their speed is about average, and they don't have the size up front that the Mules do. Of course, one learns to be a little wary of coaches who don't come on too strong about their team since a lot of times, they have the goods hidden under cover prior to game-time. Although fullback Billy Cooper and tackle David Kemp are currently on the injured list, Aldridge has enough boys out to come in and fill their shoes. The Lopes also have some 200 pounders plus on as tackles and some guards

with good size, so the game doesn't promise to be any picnic. Although the loss to Morton was a disappointing one for the Mules, the coaches and the fans, not Cont. Page 6, Col. 4

SPECIAL SERVICES AWARD--Janie Lou Moraw (center) was awarded a plaque by the Bailey County 4-H'ers in recognition of her many years of service to the 4-H'ers of the county. She is joined on the left by County Agent Spencer Tanksley and on the right by District Extension Agent Catherine Crawford of Lubbock.

GOING AFTER A SCALP--Jeff McCarty, Muleshoe Mule, has blood in his eye as he and another unidentified Mule go after the ball carrier for the Morton Indians in last Friday evening's traditional battle. The Mules came back in the second half, but just not quick enough to overcome the Indian lead and the game ended 21-6 in favor of Morton.

Weatherize Mobile Homes Before Winter

Mobile homeowners can do several things right now to make for more comfortable living when winter arrives, says housing specialist Dr. Peggy Owens.

Drilling Application Increase

AUSTIN, Texas, Sept. 8--A total of 12,320 drilling applications were processed by the Railroad Commission in August as oil and gas operators sought to avoid paying a \$100 drilling permit application fee that went into effect on Sept. 1. In July, 3,860 applications were processed.

The drilling application fee was approved by the Texas Legislature to provide funds for plugging abandoned wells and general enforcement of state pollution prevention laws involving oil and gas operators.

The August total included 10,301 applications for permits to drill new oil and gas tests, 132 applications to deepen existing holes, 502 applications to plugback existing holes, and 184 applications for service (non-producing) wells. Operators also filed 1,201 amended drilling applications.

The July total included 2,826 applications for permits to drill new oil and gas holes, 75 applications to deepen, 231 applications to plugback, 72 applications for service wells, and 656 amended applications.

Applications for new oil and gas holes in August included 2,541 in the San Antonio area, 151 in the Refugio area, 452 in Southeast Texas, 244 in Deep South Texas, 271 in East Central Texas, 295 in East Texas, 1,875 in West Central Texas, 440 in the San Angelo area, 704 in the Midland area, 531 in the Lubbock area, 2,316 in North Texas, and 529 in the Panhandle.

In August a year ago, the Commission processed 3,758 drilling applications, which included 2,510 applications for permits to drill new oil and gas holes. That total also included 55 deepening applications, 238 plugback applications, 110 service well applications, and 845 amended applications.

The Commission also processed 62 oil and 96 gas discoveries in August of 1983. In the same month a year ago, 67 oil and 122 gas discoveries were processed. A total of 67 oil and 111 gas discoveries were reported in July 1982.

In August, operators reported that 520 oil and gas tests wound up as dry holes.

health," says Owens who is with Texas A&M's Agricultural Extension Service. "Some exchange between indoor and outdoor air should go on all the time. When you weatherize, make sure you do not seal or block openings intended to ventilate the wall cavity," says Owens.

If the inside air seems stuffy, homeowners should ventilate with exhaust fans or open a window a crack. Owens suggests that homeowners take these steps to weatherize a mobile home:

*If cold comes up from the floor, place a second carpet on top of the old one to help keep the cold out.

*Adding skirting or underpinning, will cut drafts under the house but will

not always help reduce energy loss. "Temporary skirting with hay bales is hazardous. You may close necessary vents and create a fire hazard as well," warns Owens.

A permanent noncombustible material like brick is best for skirting. "Use heat tape to wrap exposed water pipes beneath the floor and use special duct insulating blankets over exposed heating duct. If these are loose in older mobile homes, remove the floor registers and tighten connections with furnace or other heat resisting tape.

*Weatherstrip around windows and outside doors. Double check the threshold portion of outside doors and be sure there's no heat leak.

*Check holdings, sidings, joints, nails, screws, splash panels, windows, doors, roof vents, wheel housings, and all top seams for air-leaks and cracks. Correct these by caulking during warm weather because most caulks won't adhere well in the cold. Inside, polyfoam seal can be used to close cracks and cavities around light switches.

*Create storm windows by taping a layer of 4 to 6 mil polyethylene over them. Use pressure sensitive masking or duct tape and place along the entire edge on all four sides. Even if the mobile home has storm windows, a third layer of protection helps.

Caution Recommended In 1984 Feed Grain Program

Carryover stocks of feed grains at the end of the 1983-84 marketing year are being estimated at 900 million bushels of corn and 216 million bushels of sorghum. That is 1.7 months' supply at the current usage of the combined two grains and is fully adequate for expansion of sales, according to Elbert Harp, Executive Director of Grain Sorghum Producers Association.

Grain Sorghum Producers Association (GSPA) is the national organization of grain sorghum farmers with its national offices in Abilene, Texas and state organizations in Texas, New Mexico, Oklahoma, Kansas and Nebraska.

In its recommendations to USDA for the 1984 feed grain program, GSPA states that this is the level of carryover we should attempt to maintain. An analysis of carryover stocks

and their affect on prices during the past twenty years shows that every time the carryover exceeds a two months' supply, prices dropped below the national average cost of production.

GSPA believes that 1984 feed grain program should be designed to hold production at no more than 7.25 billion bushels of corn and 650 million bushels of sorghum. That is the amount of the current three-year average annual consumption.

One way to achieve this goal, according to GSPA, would be with a 10% required set-aside and enough additional paid diversion to hold production at the desired level. The paid diversion could be paid with cash or PIK, but must be made attractive enough to enlist the necessary participation. Based on GSPA cal-

culations, the 1984 planted acreage of corn and sorghum should be 89 1/2 of 1981, 91.5 1/2 of 1982, or 145.3 1/2 of 1983.

Without such a program American Farmers will, under normal conditions, produce far more grain than the market will absorb, creating another surplus and depressing price. The 1982 corn crop was 8.4 billion bushels and sorghum was 841 million bushels. With no program, another crop of that size, or larger, is most likely.

The combination of the success of the PIK program for feed grains and the 1983 drought have reduced feed grain stocks to what GSPA considers almost ideal carryover levels for the first time since 1975. USDA now has an opportunity to design and implement a feed grain program at modest cost to the government that will prevent surplus from rebuilding and give feed grain producers an opportunity to sell their product for a reasonable price.

In its recommendations to Secretary Block, Grain Sorghum Producers Association urged him to take advantage of that opportunity because the survival of a large segment of U.S. farmers depends on it.

NEWS NOTES

BLOOD TEST

BOSTON -- A blood test that measures a rare form of interferon may help doctors spot seemingly healthy people who have early stages of AIDS but no outward symptoms of the devastating disorder, researchers say.

ON AUTO SALES

DETROIT -- Domestic auto sales for the six major U.S. carmakers rose 15.9 percent in late August to their best daily sales rate since 1981, the companies reported recently.

IMPROVING

WASHINGTON -- The International Monetary Fund, in a report citing "improved confidence" in the global economy, said that the "pressing task" now is to

assure that the economic recovery under way in the United States and other nations can be sustained and spread to parts of the world still in recession.

DEPLOY MISSILES

BREMEN, WEST GERMANY -- Chancellor Helmut Kohl said recently the disintegration of NATO and domination by the Soviet Union would result if West Germany backed out of agreements to deploy new U.S.-made nuclear missiles.

Yes I Can!

Boss: "Who told you you could neglect your office duties just because I gave you a little kiss now and then?"
Secretary: "My attorney did."

Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Acres defends television this week, more or less.

\$10,000 Scholarship Offered At U. of Texas

Outstanding high school seniors across the state and in Muleshoe will be interested in a \$10,000 scholarship to The University of Texas at Austin. The Texas Excellence Award for Scholarship and Leadership is the first of its kind in the state. Funded by alumni through The Foundation for Texas Excellence of The Ex-Students' Association, the award is based solely on academic accomplishment and leadership in extracurricular activities. Presented for the first time in 1982, five more such awards will be presented in March 1984. Each award will be granted over a four year period (\$2500 per year).

To be eligible, students must rank in the top 5% of their class at the end of their junior year in high school. Beyond scholastic achievement, students must demonstrate leadership ability. Approximately ten finalists will be selected in a process involving University deans, distinguished alumni, and other UT officials. Following on-campus interviews, five recipients will be chosen. Announcements will be made in the winners' hometowns by local Texas Exes Clubs, and awards will be presented on campus in the fall.

One hundred years ago, the Texas Legislature established The University of Texas at Austin to serve

It's surprising what some people will do in the expectation of monetary gain.

Dear editor:

Other than the organization that argues the earth is flat, I guess the next group least likely to attract many members is the Society For the Eradication of Television.

There is such an organization, and it wants people to turn off their TV sets and leave them off.

"People have become addicted to the tube," members say, claiming endless

watching has just about destroyed conversation.

I don't understand the argument. I thought one big advantage of television is it eliminates conversation. My contention is that anybody who can't say all he's got to say during the commercials is bound to be repeating himself.

Also, the anti-TV group says, getting rid of television gives you more time to read. They don't say what they're reading, but if it's some of the recent best-sellers, they'd be just as informed watching a re-run of the Beverly Hillbillies.

Actually, the people who ought to be fighting television are politicians. It has just about ruined them.

Years ago, when people saw their Congressman or Senator maybe just once a year and could go a lifetime without ever seeing a President, a Vice President or a cabinet member, those dignitaries took on a mystique that made them seem larger than life. Some people would stay up half the night to get a chance to see one of them pass through town on a train. Nowadays, you can sit at

home and see all the great ones on television, and it turns out they are just ordinary human beings like the rest of us. When the camera closes in on them, most of them stumble and fumble and duck and dodge and don't seem to have any better answers to problems than you and me, especially me. Some of them don't even know what the problems are.

This is democracy and I'm in favor of it. What's on TV tonight?

Yours faithfully,
J.A.

Robert Dole, Senator (R-Kan), on near-launch of Titan II missile:

"However, after extensive research, I have absolutely no reason to believe a near-launch ever occurred."

Caspar Weinberger, Defense Secretary:

"What we are saying is that a military victory is clearly achievable by the Salvadorans themselves if we can give them a little more support."

Reduced Acreage Could Help Wheat Farmers

Texas wheat farmers have started planting their 1984 crop, but many are still in the dark as to what to do about the government's wheat program.

"While the new wheat program is not as attractive as last year's, participating in the 30 percent reduced acreage program (RAP) could be profitable," says Ed Smith, an economist in grain marketing with the Texas A&M University System.

"This is because the expected deficiency payment rate (\$1.15 per bushel) more than compensates farmers for not producing on the least productive 30 percent of their wheat land. Overall, the 30 percent RAP looks like cheap price insurance."

On the other hand, the decision to participate in the 20 percent PIK phase of the program is not as clear cut, notes Smith. Participation in PIK is close to a breakeven situation with the 30 percent RAP program since a producer gives up deficiency payments on 20 percent of his land and is paid 75 percent of his farm program yield in PIK wheat.

Farmers still have plenty of time to make a decision -- the sign-up period is Jan. 16 through Feb. 24, 1984. And Congress could still make some changes. But, as of now, Texas farmers have three options:

--Not participating in the RAP and forfeiting all rights to direct farm program benefits.

--Participating in the 30 percent RAP only, guaranteeing access to Commodity Credit Corp. loans and possible deficiency payments.

--Participating in both the 30 percent RAP plus an additional 10 to 20 percent PIK acreage diversion.

Major differences in the 1984 wheat program and

Father Dies

In California

Funeral services for Emmett Alvin Beller, 89, of Helmet, Calif. were held at 10 a.m. Thursday, Sept. 29 in the chapel of the Bells, Virgin Mctuary with Bobby Witherton, evangelist, officiating.

Burial was in the San Jacinto Valley Cemetery. Beller died Monday in a Riverside Hospital.

He was born March 19, 1894, in the Indian Territory and has lived in California for the past 43 years with the last eight years being in Helmet. Prior to his retirement he was a farmer.

Survivors include his wife, Carrie L. Beller of Helmet; one son, Alvin Beller of Fallbrook, Calif.; three daughters, Nita Buhrman of Muleshoe; Ouida Hupp of Helmet and Wanda Buchanan of Romoland, Calif.; six grandchildren and ten great grandchildren.

the past year's program are these:

--The target price will increase from \$4.30 to \$4.45 per bushel.

--The national average loan rate will be lowered by 35 cents to \$3.30 per bushel.

--The maximum deficiency payment rate will increase from 65 cents to \$1.15 cents per bushel.

--Acreage reduction requirements will increase from 20 to 30 percent of the established wheat acreage base, and there will be no paid acreage diversion or advanced deficiency and

Former Area

Man Dies

In Lubbock

Services for Doyle Davis, 61, of Lubbock, formerly of Goodland, were held at 10 a.m. today, Oct. 6 (Thursday) in the Calvary Baptist Church of Lubbock with the Rev. Hugh Jack Norwood and the Rev. Harold Abney officiating.

Interment was in Peaceful Gardens Memorial Park at Lubbock under the direction of Franklin-Barley Funeral Home of Lubbock. Davis died at 11 a.m. Tuesday in the Methodist Hospital following a lengthy illness.

A native of Haskel County, Davis was born Dec. 20, 1921 and moved to Lubbock three years ago from Goodland. He served on the Bailey County ASCS Committee nine years, served on the board of directors of the Maple Co-op Gin, served for 20 years on the Three Way Independent School District school board, past president of the Maple Butane Co., charter member of the Manle Lions Club, listed in the Who's Who Leadership of Texas in 1975, taught a mens Sunday School class at the Three Way Baptist Church, served on the High Plains Water Board and the South Plains Association of Government in 1975-76.

Davis was a retired farmer and a veteran of World War II serving in the U.S. Air Force. He married Margie Driskill on July 19, 1947, in Avoca. Survivors include his wife, Margie; two daughters, Doyleen Terrell of Maple and Tammy Davis of Lubbock; one son, Allan Davis of Goodland; his mother, Mrs. T.F. Davis of Stamford; four grandchildren, Shelli, Scott and Shane Terrell of Maple and T.J. Davis of Goodland; two sisters, Martha Toliver of Haskel and Jane Whittemore of Stamford; three brothers, Tommy Davis of Lubbock, Harold Davis of Anson and Vonay Davis of Hawley.

Palbearers were Jack Furgerson, Joe Sowder, Jack Lane, Wes Tunnell, Pete Tarlton, Ed Latimer, Bobby Kindle and Pat Risinger. The family suggest memorials be made to the Three Way Baptist Church Building Fund.

diversion payments.

--Grazing of reduced acres will be allowed only outside the six principal wheat-growing months, and no haying or graze-out will be permitted.

The effectiveness of the new wheat program will have a major impact on prices for the '84 crop. However, Smith sees '84 wheat through the remainder of this year but some strengthening in early 1984 as farmers hold their wheat in the loan program and have used PIK entitlements. That increase will likely be short-lived, though, with competition from the Southern Hemisphere and new crop expectations, says Smith.

FRENCH & BUDGET

PARIS -- The Socialist government of President Francois Mitterrand adopted a 1984 budget laced with cutbacks and tax increases to cut a deficit created by two years of free-spending.

STERILIZATION VS PILL

NEW YORK -- Male and female sterilization for the first time has pushed the contraceptive pill out of first place as a birth control method in the United States, a report said recently.

Bingo Tax Nets \$2 Million First Year

State Comptroller Bob Bullock completed the first year of collecting the state's new bingo tax Thursday by mailing checks worth \$718,723 to the 50 Texas counties and 36 cities who have legalized the game and levied the 2-percent local tax, although Muleshoe did not share in the checks.

"This makes nearly \$2 million we've collected and returned to local governments since we began making these allocations in August 1982," Bullock said.

"That means Texans are calling the numbers on bingo games worth at least

\$100 million a year. In addition to the \$1,870,886 we have collected in taxes and turned over to local governments, bingo has generated almost \$16 million in net proceeds to the charities running the games," Bullock said.

Among the 13 states who keep bingo statistics on a statewide basis, Bullock said Texas ranks second to New York in the dollar amount bingo generated for charity. Of the 13 states, Texas' 13.5 percent of bingo gross receipts devoted to charity was a full third better than the 10-percent, 13-state average.

 Week Beginning October 10th
DON'T MISS IT!!!

"We've got a new law this year that should help us get even more money for charity," said Bingo Regulation Division Director George Garland. The new law, updated by the Legislature, will require tighter bookkeeping for bingo operators along with licensing of bingo equipment makers and distributors, Garland said.

Harris County received the biggest check-\$116,707; Dallas County got \$116,633; Tarrant County got \$77,186 and Bexar County received

\$73,803. Falls received the second biggest check of the cities, for \$6,811, and the City of Orange got \$6,077.

Book of Life

When all has been said and tried about philosophies of life, how to be happy, or how to be a success, mankind unfulfilled elsewhere will still turn back to this book. Here indeed are the words of life. Here is a guide to your footsteps and a lamp for your path. No man needs to stumble through life as if blind; God has provided a light and it shines through this book. Go where the Book is treasured and understood, to the Church, and hear The Word for your life.

Is something wrong with your life -- an inner restlessness, dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and restore.

Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. Experience should be in the Church and the Church should be to everyone.

ENGAGEMENT ANNOUNCED... Dolores Harvey of Muleshoe and Richard Kelton of Lubbock announce the engagement and approaching marriage of their daughter, Shawna Kelton to Darrell Clark, son of Mr. and Mrs. W.L. Clark of Amarillo. Vows will be exchanged at 7:30 p.m. Saturday, Oct. 22 at the Community Church of Muleshoe.

Creative Woman

By Sheryl Borden

Topics to be presented on "The Creative Woman" show on October 11 and 15 include "2+2+5=30" concept of wardrobe planning. The guests will be Pris Salpeter, Regional Fashion Coordinator for Casual Corner in Dallas, Texas and Barbara Edwards, Manager of Casual Corner in Lubbock, Texas. They'll be telling about the new fall colors, new fabrics, and explain how investment dressing is for everyone -- whether they work outside the home or at home.

Another guest will be Nina Swan, Director of Consumer Relations with the National Oats Company in Cedar Rapids, Iowa. Ms. Swan will demonstrate making fruit crisps, which are nutritious, as well as delicious and quick and easy to make. The recipe has lots of variations.

On October 13 and 16, main dish salads and body language will be the featured topics. One guest, Mae Martha Johnson, Food-Nutrition Specialist with the Cooperative Extension Service at NMSU in Las

Fall Festival Scheduled In Hereford

Wesley United Methodist Church of Hereford is once again sponsoring their third annual "Fall Festival of Arts and Crafts". The date is Saturday, Nov. 12 from 9 a.m. until 6 p.m. at the Hereford Community Center.

Kelly Wagner, publicity chairman said "only a limited number of booths are available and applications will be scanned. Only handmade items can be accepted."

"Booth fees are \$15.00 and applications may be obtained by contacting Mrs. Phil Cokers, 1101 Union, Hereford, Texas 79045, or call 806-364-3200.

"Our show is unique in the fact that live entertainment is provided all day, designed to draw in large crowds."

Cruces will show how to create a main dish salad. As she'll explain, a main dish salad can be a creation or it can be a last minute dish that saves the day.

Frankie Clemons, assistant Dean in the College of Business Administration and Economics at NMSU will discuss body language. Do you always know what feelings or emotions you convey through your body language? Ms. Clemons will share her insight concerning this topic.

"The Creative Woman" is produced and hosted by Sheryl Borden. The show airs on KENW-TV, Channel 3 on Tuesday and Thursday at 12 noon, on Saturday at 2:00 p.m. and on Sunday evenings at 7:00 p.m. "The Creative Woman" is in its fifth season, and is also carried nationally via satellite to PBS stations by the Pacific Mountain Network.

Viewers can request copies of printed materials offered on the show by calling Monday through Friday, between 8:00 a.m. and 5:00 p.m. on KENW-TV's toll-free telephone lines. The numbers are: New Mexico: 1-800-432-2361, out of state: 1-800-545-2359 and Portales and Roosevelt County: 545-2112.

Sudan Booster Club Meeting Held

Twenty-four Boosters turned out to see the film of the Sudan-Nazareth game Monday night.

Ansil Locke, vice president, presided over the business meeting. There was a discussion on a project for the Boosters. Tommy Lacey won the contest this week.

A report was given on the junior high game with Nazareth--they tied the Swits. The junior varsity won their game. The JV's will play Anton here Thursday.

Refreshments were furnished by Pat DeLoach and Gloria Humphreys.

4-H Program Celebrates 75 th. Anniversary

"4-H: Building on Experience," the yearlong theme of the 4-H program across Texas and the nation, reflects on the rich past of this youth program. The theme will receive special emphasis during the upcoming National 4-H Week, Oct. 2-8.

"The 4-H program has long taken pride in its roots and the practical learning experiences that it has provided for millions of youth," says H.T. "Tom" Davison, state 4-H program leader with the Texas Agricultural Extension Service, Texas A&M University System. "In fact, 4-H is celebrating its 75th anniversary this year.

"4-H, which now reaches some five million youth each year in the U.S., actually had its beginning in Texas in Jack County back in 1908," notes Davison. "From the early corn clubs for boys and canning clubs for girls, 4-H has grown into the largest youth organization outside of schools that today reaches young people from all backgrounds and walks of life."

Conducted by the Cooperative Extension Service in each state and supported by each state's land-grant university and the U.S. Department of Agriculture, the 4-H program is built around a "learning-by-doing" philosophy that has

stood the test of time.

"We now have more than 187,000 Texas youth between the ages of 9 and 19 enrolled in 4-H, and they are engaged in some 50 project areas that provide a host of learning experiences to prepare them for the future," Davison points out. "These educational projects help young people gain practical skills, develop good nutrition and health habits, explore career opportunities, generate leadership capabilities, and become involved citizens."

From the traditional projects of field crops and livestock to baking and sewing, 4-H has expanded over the years into such areas as small engines, rocketry and veterinary science. And now computers are finding their way into 4-H.

"With new projects and programs to challenge today's young people, the future of 4-H looks bright," says Davison. "4-H has a proud past on which to build as it continues to help youth prepare for the future."

Joshua Meeks Tyree

Mr. and Mrs. Tim Tyree are the proud parents of a son, Joshua Meeks, born Sept. 12 at the Methodist Hospital in Memphis, Tenn. He weighed nine pounds 11 ounces and was 22 and a fourth inches long.

Grandparents are Mr. and Mrs. Dewain Parrish of Germantown, Tenn. and Mr. and Mrs. Jessie Tyree of Memphis, Tenn. Great grandparents include Ouida Parrish of Sudan and Mr. and Mrs. Pete Woolever of Lubbock, former Sudan residents.

Amy Lynn Grado

Mr. and Mrs. Willie Grado of Portales, N.M. are the proud parents of a daughter born at 9:32 a.m. Sept. 27 in West Plains Medical Center.

The young lady weighed seven pounds 14 ounces and has been named Amy Lynn. She has a brother, Dale, 27 months old. Grandparents are Mr. and Mrs. Dale Pirtle of Indiana and Esther Grado of Eunice, N.M.

Smart parents let their children learn something by experience.

It's easier to utter brave words than to live a brave life.

We believe most people are ready for autumn this year.

There's no way to accurately predict what people will do.

Few friends come through when the majority is on the other side.

RIF DISTRIBUTION... The children from the Texas Migrant Council located at 101 E. Ave. B. had a R.I.F. Distribution Tuesday, Sept. 27. Each child had fun selecting a book of their own to keep.

Epsilon Delta Attends Area Meetings

Members of the Epsilon Delta Chapter of Delta Kappa Gamma International have gotten the 1983-84 years off to a fine start by attending meetings in Olton on September 10th and Springlake on October 1.

The first meeting was attended by nine members from Muleshoe -- Georgia Pena, Virginia Bowers, Lucy F. Smith, Joyline Costen, Elizabeth Watson, Jane Rudd, Mary B. Obenhaus, Carrie L. Bishop and Blanche Johnson. H. John Fuller, Superintendent of the Muleshoe School, gave a very interesting program on "Educational Issues - Past, Present and Future."

Lucy F. Smith was presented a scrapbook commemorating her two-year term as President of the organization and Nettie B. Hilburn was honored by the group with the Achievement Award for 1982-83.

The meeting at Springlake was attended by Mary B. Obenhaus, Carrie L. Bishop, Elizabeth Watson, Jane Rudd, Virginia Bowers and Georgia Pena. Fall decorations adorned the tables set up for the "Brown Bag" luncheon. The program on "Schools and Nutrition" was presented by Barbara Kinneson from Olton.

RECIPE

By Sarah Anne Sheridan

With the coming of fall and cool weather, my thoughts always turn to tasty soups and stews and this is the time when I start stocking my freezer with these. I find this bread a delicious accompaniment and quite tasty enough for guests too.

Mexican Corn Bread

- 1 1/2 c yellow cornmeal
- 2 eggs
- 3/4 c corn oil
- 3 t baking powder
- 1 t salt
- 1 c sour cream
- 1 c cream style corn
- 3 Jalapeno peppers, chopped
- 1 c grated sharp cheese

Mix first eight ingredients. Pour half into a hot greased pan. Cover with half of cheese. Add other half of mixture and top with remaining cheese. Bake at 350 degrees for 35-40 minutes.

* Jalapeno peppers are usually hot so I never use more than one.

Bread Tip: Cut corn muffins in halves. Spread with butter or margarine; then sprinkle with sesame seed, poppy seed, grated cheese or thyme leaves; or spread lightly with jelly, jam or apple butter. Broil until golden.

'Dated' Eggs Could Help Consumers

COLLEGE STATION--An easy-to-understand "date" on egg cartons could be a big help to consumers looking for high quality, fresh eggs.

Present regulations do not require either a "pack" date or "pull" date on egg cartons, says Dr. David B. Mellor, poultry marketing Specialist with the Texas Agricultural Extension Service, Texas A&M University System. But, many egg cartons are "dated."

A "pack" date on cartons is usually based on the Julian Calendar. Under this system, days of the year are numbered consecutively, explains Mellor. For example, Jan 1 is 001, Jan. 31 is 031, June 25 is 176 and so on. Packers and store personnel use this date for inventory control and proper shelf stocking.

In addition to a "pack" date, many companies use a "pull" or expiration date. This is usually a month followed by the date and preceded by "exp" or "sell by." This date is usually from 10 to 30 days following packing, depending on the grade of eggs and the store or company involved, notes the specialist.

Even though eggs may have reached this "pull" date, they would not have lost their high nutritional value, Mellor assures. If the eggs have been maintained under refrigeration, they could probably be kept in the home refrigerator for a month or more without any noticeable difference in taste, flavor, appearance or nutritional quality.

For many years, some people have suggested the dating of food containers in an easy-to-understand fashion while others have questioned the practice.

Perhaps the most understood dating system for eggs would be an uncodified pack date that retailers and consumers would understand, says Mellor.

Hints for Homemakers

A Tip For Good Taste

One single ingredient can turn you into a better cook. It's an ingredient you use every day. One most people take for granted. It's water. Many good cooks are becoming aware of the fact that the water they cook with or use to make coffee, soups and other beverages can have a major effect on the way foods taste.

Bottled water can make food taste fresher.

Many started using bottled water because they were concerned about the purity of their water sources. They soon found that the change paid off in other ways, too. Vegetables cooked in bottled water seem to have a fresher taste. It combines beautifully with frozen and powdered juices, dehydrated and concentrated soups. Summertime coolers can taste even better when the ice cubes are made with bottled water.

The International Bottled Water Association suggests that you add bottled water to any recipe that calls for water. It's more than just a refreshing beverage.

For a free booklet about bottled water available, send a self-addressed stamped envelope to the International Bottled Water Association, 1010 Vermont Avenue, N.W., Washington, DC 20005.

INVESTMENT TIDBITS

Although your investment portfolio will change from year to year, it should contain investments with which you're personally comfortable. If you have a working knowledge of real estate, you will probably be most comfortable with investments concerning real property. Others may be more comfortable in the stock market and still others with dealing in collectibles, precious metals, etc.

The following short items should be of interest to most investors:

1. Keep a detailed record of all expenses having to do with tax and investment advice to provide for maximum income tax deductions.
2. Consider investing in corporations that regularly distribute stocks dividends as opposed to cash to give you capital gains on the ultimate sale of the stock as opposed to current ordinary income on the cash dividend.
3. Invest in commercial real estate to give an ordinary deduction for depreciation expense with the profit upon resale taxed as capital gains.
4. Don't "over invest" in tax exempt securities. Your tax bracket and alternative investment yields will determine the amount of tax exempt securities you should buy.
5. On year-end tax planning give proper consideration to the "alternative minimum tax." If you have large capital gains in relation to your ordinary income, you could owe alternative minimum tax.

No matter how experienced you are in any investment field, you may still want to bounce your ideas off another knowledgeable person; involve your accountant in your investment planning.

MR. AND MRS. MARK HILL

Wedding Shower Honors

Mrs. Mark Hill

Mrs. Mark (Robin) Hill was honored with a wedding shower Sunday, Oct. 2 from 2 until 4 p.m. in the home of Viva Lindsey. Charlene Shafer registered the guests and Traci Zoth served punch, cake, nuts and mints from crystal

and silver appointments. The serving table was covered with a beige lace cloth with mauve rose overtones and accented with a basket of mauve rose and beige silk flowers. The honoree's corsage was made of white carnations.

Muleshoe AAUW Meets In

Cage Home

The Muleshoe Branch of the American Association of University Women met Monday, October 3 at 7:30 p.m. in the home of Mrs. J.D. Cage on the Plainview Highway. Tracy Ellis, Dorann Jones and Pam Zwickey were co-hostesses.

As the members and guests entered the house they were greeted by the hostesses dressed as a witch, a spider, and a black cat. Cookies shaped as owls and punch were served preceding the program.

President Dorann Jones presided and called for reports from committee chairmen and officers. Tracy Ellis read the letter from AAUW that was sent to the County Commissioners to support the making of the old Santa Fe Depot a place for senior citizens to meet.

A report was made relative to the Management Team Meeting which was held September 24. Consultants Doris Scott, Lubbock and Carol McGilfrey, Hereford instructed the Muleshoe Branch officers concerning their duties.

K.K. Flowers, daughter of Mr. and Mrs. Charles Flowers, was selected as the October Girl of the Month.

Debra Redwine announced that the Children's Theater presentation of "Sacramento Fifty Miles" would be presented to Dillman, DeShazo and Junior High students on Wednesday, November 9.

Virginia Bowers, Program Development Chairman, introduced Tracy Ellis and Debra Redwine who assisted her in presenting the program, "Women in Education: Past, Present and Future".

Members attending were: Jean Allison, Carrie Lee Bishop, Annette Bonds, Virginia Bowers, Susie Barron, Pat Brewer, Julie Cage, Debra Cloud, Joyelle Costen, Esther Marie Dillman, Tracy Ellis, Pat Gunter, Pam Hancock, Holly Hooten, Dorann Jones, Ameta Mittal, Marjorie Precure, Debra Redwine, Magann Rennels, Lucy Faye Smith, Wilma Smith, Elizabeth Watson, Johanna Wrinkle and two guests, Barbara Hill, Lazbuddie and Gayle Fuller, Muleshoe.

Beef Provides Key Nutrients For Dieters

Many dieters deny themselves beef when they might be better off including it in their meals, says nutritionist Marilyn Haggard.

Beef and other meats are nutrient-dense foods that provide relatively large amounts of essential nutrients in relation to the total calories they contain, she explains.

"When dieting it can be difficult to obtain recommended levels of all nutrients, especially those which are present in relatively low concentration in foods," says the Texas Agricultural Extension specialist. Nutrition-conscious dieters who are concerned about getting enough vitamin B-6, iron and zinc, will often take costly vitamin pills and dietary supplements. Yet beef is an easily available source of these nutrients, says Haggard.

The key to including beef in low-calorie diets is selecting lean meat and eating it in appropriate amounts, says the nutritionist.

For example, a 3-oz. serving of cooked lean meat will provide a considerable quantity of B-vitamins, minerals and trace minerals like iron and zinc, but contains only 200 calories.

Increasing consumption of lean meat is one way to improve the zinc and iron content of a diet low in calories, Haggard says.

Teenage girls and women who are dieting should be especially concerned about their consumption of lean meat, since this is the group most likely to be iron-deficient, notes the specialist.

The Milky Way can be easily seen as a bright haze on a clear summer night.

Pumpkin Treat No Trick

Capture the look of autumn with colorful arrangements of dried leaves and flowers, with a bowl of big red apples, a spray of Indian corn on the door and pumpkins everywhere! Then, capture the season's flavor with a fresh new pumpkin dessert. Made with La Creme whipped topping with real cream, the dessert has a nutty graham cracker crust topped with a pumpkin pie spiced, creamy mixture of marshmallow creme, pumpkin, gelatin and whipped topping. Frozen topping - right from the freezer - blended with orange juice makes another great treat for ghosts, goblins and other Halloween revelers.

- Fluffy Pumpkin Dessert**
- 1 cup graham cracker crumbs
 - 1/4 cup Parkay margarine, melted
 - 1/4 cup finely chopped nuts
 - 2 tablespoons sugar
- 2 envelopes unflavored gelatin
1/2 cup cold water
1 cup milk
1 7-oz. jar Kraft marshmallow creme
1 16-oz. can pumpkin
1-1/2 teaspoons pumpkin pie spice
1/2 teaspoon salt
1 8-oz. container (3 cups) La Creme whipped topping with real cream, thawed

Combine crumbs, margarine, nuts and sugar; press onto bottom of 9-inch square pan. Bake at 350°, 10 minutes. Cool.

Soften gelatin in water; stir over low heat until

dissolved. Add milk. Cool. Combine marshmallow creme, pumpkin and seasonings, mixing with wire whisk or electric mixer until well blended. Gradually add gelatin mixture, mixing until blended. Chill until thickened but not set; fold in 2 cups whipped topping. Pour over crust; chill until firm. Top with remaining whipped topping.

- 6 to 8 servings
- Dreamy Orange Shakes**
- 3/4 cup orange flavored drink or Kraft pure 100% unsweetened pasteurized orange juice
 - 1 8-oz. container (3 cups) frozen La Creme whipped topping with real cream
- Cut frozen whipped topping into pieces. Place orange juice and whipped topping in blender container. Cover; process on high speed until well blended.

Taxes Stable

Cont. From Page 1

projections equal 64 percent of the total county budget.

Muleshoe Independent School District taxes are based on the same types of property, within the school district, as those are in the county. Taxable value amounts for MISD for 1981 assessments were \$158,586,163, out of a \$206,439,618 market value. This taxable value was set at 85 cents per \$100 evaluation. Actual taxes collected amounted to \$1,218,983, which represented 35.3 percent of the total school budget of \$3,451,071 for the 1982 budget.

In 1982, the taxable value amount for Muleshoe ISD was \$155,018,759 out of \$207,485,460 market valuation. The rate for the taxable value was set at 88 cents per \$100 value. Total budget for 1981-1982 amounted to \$4,351,051, and total collections amounted to \$1,275,417. These taxes amounted to 29.3 percent of the school budget for 1983.

The 1983-84 projected school budget has been estimated at \$4,230,871, with a rate of 99 cents per \$100 evaluation. At least \$1,235,068, and estimated 29.2 percent of the total taxes, will be used in the budget for 1984. Market value for property in the MISD is set at \$193,423,370 with the total taxable value set at \$142,109,150.

Many of the changes have resulted in various losses of revenue on property which has become exempt. However, a larger difference could be likely as other exemptions are applied.

Most entity budgets are set for a year's period - such as 1982-83 - but, the taxes (in this story) are designated as 1982 taxes while the budget actually covers the 1983 collections.

Taxes in the City of Muleshoe in 1981-82 were \$67,272,022 at a rate of 62 cents per \$100; then, in 1982-83 they increased by one cent to 63 cents. However, the increase in taxable and market values

raised taxable values to \$74,359,508. For 1983-84, taxable values for the city were \$68,339,730, down largely because of the difference in inventories and exemptions.

The city budget for 1982, totaled at \$1,390,455; and \$373,156, in ad valorem collections played 26.84 percent in the total city budget. Tax rate for the year was 63 cents per \$100.

In 1983, the city budget was set at \$1,461,324, with \$403,449 in taxes expected to play 27.61 percent in the overall 1982-83 budget.

Total proposed budget for the City in 1984 for the 1983-84 tax should give the city a projected 380,128, or 25.53 percent of the budget, in ad valorem tax collections, based on a 63 cents per \$100 tax levy.

City of Muleshoe Manager, Dave Marr explains the difference in the taxable property is largely due to property being added and property being deleted due to various exemptions. Taxes are raised or lowered, depending upon individual entity budget requirements, said another official.

City revenue is also generated by various fees, licenses, water, sewer, sales tax and other charges for services performed.

Texas Will Battle Sooners In Dallas

When Oklahoma meets Texas, the game usually steals the thunder from most other games in the country. And this year is no different. The Longhorns, based on their conquest of Auburn, appear to be stronger than last year's 9-2 team that lost to North Carolina in the Sun Bowl. The answer will come during the next three weeks as they meet - in order - Oklahoma, Arkansas, and S.M.U. Oklahoma has already tasted defeat, bowing to Ohio State two weeks ago 24-14. However, the intensity of this match-up has little to do with past performance. Oklahoma, 8-3 in 1982, whipped Texas 28-22, recovering from losses the two previous years. As usual, the game will be played in Dallas. All statistics favor Texas.

Since the 1980 season, Florida State has had little success against Pittsburgh. That year the Panthers' only loss in a 10-1 season came at the hands of the Seminoles 36-22. '81 and '82 were both one-sided Pitt wins - 42-14 two years ago, 37-17 last fall. Florida State is coming off a tough tussle at Auburn and the Panthers have been on the road, first against Maryland and last week at West Virginia. Pittsburgh is finally back home in friendly Pitt Stadium... the Seminoles are underdogs.

Southern Methodist goes after its second league win in its quest for a second straight Southwest Conference championship. The Mustangs host Baylor Saturday, and S.M.U. remembers escaping from Waco in 1982 with a skimpy

22-19 win over the Bears. Southern Methodist is favored, but it could be just as close this year.

And Michigan State, with an eye on another upset, hosts Michigan in an intra-state biggie. The Spartans haven't beaten the Wolverines since 1978, but look tough enough to possibly pull it off. Until they do, Michigan is rather a strong favorite.

Mules...

Cont. From Page 1

one fan left the stands before the game ended. Also, in the Journal's football contest, the loyalty to the home team persisted, with only two people out of about 100 picking Morton over the Mules.

The Mules have got the power, they've got the size, the strength and the speed and they can take it all the way, if they put their mind to it and remember their motto: "Together We Can."

Coach Windy Williams and his staff are proud of the Mules and of the efforts they are putting out. These kids just don't quit, and they don't start dragging in the fourth quarter. They are in condition and can play the fourth just as good as they do in the first and with just as much determination.

So, Mules, gather up and let's go after those Abernathy Antelopes and do things one at a time. All you fans be sure to remember that the game starts at 7:30 this week instead of 8 p.m. as in the past few weeks. We have one more out of town game this year and the rest will be in Muleshoe, which could be an advantage to our boys. Get out and support the Mules and wear your black and white to the game. GO BIG MULES. *****

The nation needs statesmen searching for what is right rather than for votes.

4-H Gold Star

Cont. From Page 1

given to Mrs. Rudolph (Janie) Moraw, by members of the Bailey County 4-H. In the introduction of the award, Agent Kirby Rankin pointed out the support that was contributed by Janie to any 4-H program, and her willingness to give of her time and energy to the program. Mrs. Moraw was presented with a plaque inscribed "For Meritorious Service."

Other 4-H'ers who received awards Monday night in various 4-H projects were: CITIZENSHIP: Shelley Sain, Donae Parker, Gena Pearce, Robin Kindle, Britta O'Tay, Zanna Huckaby, Leah Irvin and Staci Kindle.

Clothing awards were given to Brenda Muddford, Jamie Wheeler and Christy Pena. Food and Nutrition awards were given to Melissa Toombs and Amy Montgomery.

In Photography, awards were presented to Brandi Estep, Troy Watson, Holly Huckaby, Kristen Chitwood, Amber Green and Wendy Green.

Wade Wheeler received an award in Swine: Jason Morris was awarded in sheep and Colin Tanksley in Beef.

In auto mechanics, awards went to A.J. Lines, Doug Chitwood and Brett Pylant.

Recordbook completion awards were given to Britta O'Tay, Brandi Estep, Zanna Huckaby, Holly Huckaby, Christy Pena, Colin Tanksley, Shelley Sain and Dona Parker.

High point winners for the Bailey County Fair in the 4-H division were also recognized at the banquet. Junior boys who were named included Troy Watson, first place and Doug Chitwood with second. Pee Wee boys named included Neal Watson for first place and Brandon Bush for second.

In the girl's division, junior girls recognized were Holly Huckaby, first place and Brenda Muddford second place. Senior girls were Shelley Sain, first and Donae Parker, second.

Contest...

Cont. From Page 1

the games of Iowa, Houston and Muleshoe.

Right on his heels for third place was Terry Hutto. Hutto missed the Iowa, Tulane and Muleshoe games (3) and was seven points off in the tie breaker. He will receive \$2 cash and 4 points toward the contest end.

The Villalobos win puts him in first place and moves previous leader, Debbie Weir, with 14 points to second place up to this date.

Winning entries still with ten points each, who could move up to first place with another win include: Sam Whalin and Gerald Shanks.

Contestants who have six points each are Art Murillo, Scott Calvert, Deborah Noble, Jimmie Crawford and this week's winner Terry Pollard. There are also a few contestants who have third place points.

Don't be discouraged, because the contest is still fairly young. And, as you can see, changes in the lead are occurring each week. So, fans, get to work and get your entries in. Be sure that they are post-marked at least by the Friday ending the contest, or dropped in the box at the Journal before 5:30 p.m. on Friday. That \$100 prize winner could be you. Be sure to put your names and addresses on your entry blanks and match up your block numbers in correct sequence with the contest entry blank.

Most of all - get out and make the trip to Abernathy Friday night as the Mules begin their 1983 conference play. They need your support, so get behind them and lets go to the state playoffs.

Several other miscellaneous items were taken care of according to Bailey County Judge Gordon H. Green.

SMALL HARVEST

Dry, blistering heat has cut further into this fall's corn harvest, likely to be the smallest since 1970 and barely over half of last year's record crop of 8.4 billion bushels, the Agriculture Department said recently. That almost surely means another nudge in 1984 food prices.

Several other miscellaneous items were taken care of according to Bailey County Judge Gordon H. Green.

Arthritis Forum

Cont. From Page 1

Elaine Damron wishes to remind everyone of the approaching Arthritis Victory March in Bailey County

October 10th through 12th, with the Muleshoe House to House Campaign being held Monday evening, October 10th, from 5:00 to 7:00. "Everyone is urged to give generously to help in finding the cause and cure of this devastating disease that affests 37 million Americans," Mrs. Damron says.

Forward...

Cont. From Page 1

determine what they might do to contribute to an overall improvement in Muleshoe's appearance.

The Muleshoe Eighty-Forward Project is different from past cleanup efforts due to the fact that it is the intention of the chamber to make this a long-term project which will maintain the city's new "clean look" on a permanent basis. The chamber invites the comments and suggestions of all area citizens on problem areas and ways in which they may be improved.

NEEDS BACKING - BALTIMORE - The Reagan administration policy in Central America won't succeed "as long as Congress keeps crippling the president's military assistance program," a top Pentagon official said recently.

James D. Keister, a physical therapist, will also accompany the group to Muleshoe Thursday evening. He presently serves as Director of Physical Therapy at St. Anthony's Hospital in Amarillo.

Keister received his B.S. Degree from Salem College in Salem, West Virginia and received his certificate in Physical Therapy from Baylor University Medical Center, Dallas, Texas. He served as a staff physical therapist at Ft. Worth Children's Hospital for two years and was Director of Physical Therapy at High Plains Baptist Hospital in Amarillo for seven years before coming to St. Anthony's Hospital, where he has been the past eight years.

Depot...

per citation, effective October 1, 1983.

The Court designated upcoming holidays for County Employees. The court house will be closed on Thursday and Friday, November 24, 25 in observance of Thanksgiving; and will be closed on December 23 and 26 for the Christmas holiday.

Sudan News

By Evelyn Ritchie

October 15 has been set for a "clothing drop" at Bellar's Department store from 9:00 a.m. until noon that day. This is a county wide event with each city participating, with clothing to be given to Welfare.

Good used clothing and especially children's clothing, good winter coats and toys are needed and will be greatly appreciated.

Mr. and Mrs. Byron Lynn have returned from visiting relatives in Fort Worth and in Shreveport, La.

Mr. and Mrs. Tom Rigsby were in Colorado during the weekend to attend a wedding of her nephew.

Mr. and Mrs. Jack Engram visited in Vernon recently with their daughter, Karen Rich.

Mr. and Mrs. C. E. Nichols have returned home from vacationing in Arkansas & Louisiana visiting relatives.

Mrs. Opal Dodd of Lubbock visited this week with Louise Serratt.

Visiting Tuesday with Dorothy Jones were her uncle, Mr. and Mrs. Pete Hill of Fort Worth.

Sudan News

By Evelyn Ritchie

Mr. and Mrs. Wayne Doty were in Hobbs, N.M. during the weekend to visit their daughter, Mr. and Mrs. Doyle Mapp.

Mr. and Mrs. Jim Fields were in Miami during the weekend to attend the wedding of Mary Lou Grantham and Brian Burns.

Juanda Fields was honored Friday on her birthday with a coffee held in the home of Marge Cardwell. Others attending were her daughter, Debbie Bingham and Alyson of Lubbock, her daughter-in-law, Donna Fields and LaRhonda, Billye Doty, Evelyn Ritchie and Debbie Phillips.

Mrs. Brent Wiseman has been released for the Littlefield Hospital following a week's stay there.

Among those who have been or are patients in the Amherst Hospital are Claudia Cook, Marvin Tollett, Curtis Savage, Jack Kelly, Noel Lumpkins.

Mr. and Mrs. James Withrow were in Abilene recently to visit their daughter, Marie, prior to attending the School Board Convention in San Antonio. They also visited with Judy Wiseman in Snyder.

Mr. and Mrs. Calvin Wiseman were in Snyder recently to visit their daughter, Judy who is a student at the college there and they also visited their son, Barry in Abilene.

Mr. and Mrs. Claud Kropp visited recently in Lorenzo with Mr. and

Mrs. Tom Word and also in Crosbyton with her mother who is a patient in the hospital there.

Judy Wiseman plans to arrive this weekend for the Homecoming festivities as does Marie Withrow and Caprice Johnson.

Debbie Bingham and Alyson of Lubbock visited here last week with her parents, Mr. and Mrs. L.S. Fields.

Among college students home during the weekend were Caprice Johnson, Scott Ballew, Sheribob Taylor, Jamie Cox, Laura Ramos, Sheila Summer, Sandra Hill, Becky Byerley, Jon Ann Williams, Paul Kent, Randy Wiseman, Dale Harper, Kendall Johnson, Shanda Vernon, Johnson, Shanda Vernon, Ginger Gore.

Mrs. Dyanne Humphreys and boys, Chip and Trent of Levelland were Sudan visitors Friday and attended the Nazareth-Sudan football game.

Mr. and Mrs. Todd Chumbley of Lubbock visited Sunday with her parents, Mr. and Mrs. Pete Phillips and sister, Mr. and Mrs. Kevin Humphreys and were here to observe her birthday with her family & attended church services Sunday morning at the FBC.

Wanda Thompson of Littleton, Colo is visiting her mother, Mrs. J.V. Hill cluding, Mr. and Mrs. Gaylon Burns, Mr. and Mrs. Orville Hill and Mr. Mrs. Theron Hill. She was also here to attend the wedding of her nephew, Brian Burns and Mary Lou in Miami Sat. night.

Mr. and Mrs. Derwin Beauchamp, Mr. and Mrs.

B.A. Beauchamp, and Mr. and Mrs. Dewaync Powell were in Miami Saturday to attend the wedding of Brian Burns and Mary Lou Grantham.

Mr. and Mrs. Joe Ellison were in Itasca recently to visit his brother, Mr. and Mrs. Mac Ellison and to attend Itasca school Homecoming.

Mr. and Mrs. B.A. Beauchamp were in Albuquerque, N.M. this week to attend funeral services for her nephew, Robert, 24 years old son of Jim Haines, who was killed in an accident late Friday night when he apparently lost control of his jeep & was thrown into the median.

Mary Lena Maxwell was recently in Coddoo Mills to visit her daughter, Mr. and Mrs. Lynn Drum and family.

Over 100 persons were served at the FBC dinner last Sunday when the Ruth Sunday School class sponsored the event. Last week's paper stated 50 were served.

Mr. and Mrs. Charlie Lyle of Houston have moved back to Sudan to make their home Charlie will be in association in farming with his father-in-law, Calvin Vernon.

Mr. and Mrs. J.C. Wells visited Sunday with their daughter, Mr. and Mrs. Claude Pope in Lubbock and they all attended the fair. The Wells returned home Monday.

Mr. and Mrs. Waymon Bellar have returned home from visiting recently with their son, Mr. and Mrs. Roger Bellar in Tyler and they met their new granddaughter for the first time.

1983 School Enrollment Down By 50 Students

A recent report from the Muleshoe Independent Schools reveals a total of 50 students actually in school this year less than the number enrolled in September 14, 1982. The projected total of the current year, which was 1555 is about half-way between the two. Total enrollment as of September 9, 1983 for Muleshoe stood at 1596, while the prior year's total enrollment was 1646 students.

In high school, last year totals reflected 447 students enrolled in September of 1982. Actual students enrolled on September 9, 1983 in high school were 419, with 404 being the projected current enrollment. Of the 419 students in high school, 84 are seniors, 102 are juniors, 120 are sophomores and 113 are freshmen.

Students enrolled in Junior High for September, 1982 totaled 374, while the actual current enrollment for 1983 is 376. The projected total was 365, so the enrollment is up from the projected figures. Eighth grade students total 127, seventh grade students number 119 and sixth grade students number 130 for the current year.

In Mary DeShazo Elementary, 128 students are in fifth grade, 150 in fourth, and 136 in third grade, bringing the total actual enrollment for 1983 to 414 students. Last year's totals for DeShazo showed 407 students enrolled as of September 14, 1982; and, reflect that school's enrollment to be up for 1983.

At Dillman Elementary, 139 students are enrolled in the second grade as of September 9, 1983, with 128 being enrolled in first grade. Kindergarten boasts 118 students for the 1983 enrollment and early child-

hood students number two for 1983. Out of the total, children enrolled, 139 students are in the second grade, 128 in the first grade and 118 in the kindergarten. Last year at Dillman, a total of 418 students were enrolled in the first, second and kindergarten. The projected enrollment total for the Dillman school was set at 381 students.

Local Student Honored At Migrant Conference

Martina Valdez is one of twelve students chosen to be honored at the Texas State Migrant Conference in Laredo, Texas on Saturday November 12, 1983 and will be presented a plaque to acknowledge her accomplishments as an exemplary student throughout her school years. The Texas Migrant Interstate Program, in conjunction with the Texas Education Agency, received two hundred and fifteen (215) statewide nominations from which an impartial committee selected twelve (12) students as being truly exemplary migrant students.

Martina Valdez was nominated by the Muleshoe Schools because of her outstanding academic and extracurricular achievements. She maintained a 90 or better average academically during her High School years, and included subjects such as advanced biology, chemistry and math courses beyond the requirements necessary for graduation, as well as being involved with the DECA program and working after school. She is actively involved in the ac-

tivities of the Catholic Church, of which she has been a member all her life. She was honored in April of 1983 by the local chapter of the American Association for University Women when they chose her as "Girl of the Month". She was a member of the National Honor Society while in High School and served as DECA President during her Senior Year. Valdez is presently enrolled at South Plains College at Levelland, Texas and is very interested in studying for a career in the field of accounting and law. Martina's personal career goals are set very high and her determination to achieve these goals is evidenced by her willingness to push herself and maintain a high level of accomplishment in all areas of endeavor.

Martina Valdez is the daughter of Mr. and Mrs. Bernardo Valdez, Sr. who have been residents of Muleshoe for many years.

Honest Answer

Bos'n--Why aren't you working?
Seaman--Didn't see you coming!

Lamesa Producer Talks About Farm Program

The government farm program is working as it was intended to work -- providing help to the farmer when he needs it.

That was the view expressed by Lloyd E. Cline, a Lamesa, Texas, cotton producer and National Cotton Council vice president, at a meeting here this week of the Cotton Board.

Cline said that without question farm program costs have increased.

"But in all fairness," he added, "those outlays should be measured over a period of years and not just on the special conditions of the past two seasons."

He explained that government expenditures for cotton programs, as now constituted, averaged only about \$266 million annually over the past ten years.

Reviewing the history of cotton programs since passage of the 1973 farm act, Cline explained there were no deficiency payments for cotton for the first seven

years. They were triggered for the first time in 1981 by a record yield coming out the market in the deepest worldwide recession since the 1930's.

Cline stated that when people talk about \$22-23 billion in farm payment outlays they generally include all price support loans in the bottom line.

"What they fail to mention is that most of these loans are repaid with both interest and storage charges," he said, adding that some \$7 billion of the so-called cost is repaid.

"It is important to remember that supply and demand are being brought into better balance," Cline told the group. "We are beginning to see some price recovery and the cost of deficiency payments is going down."

Cline stressed that it is imperative that "we in the cotton industry work more closely together than ever before and do everything possible to maintain and strengthen our self-help program."

He added, "In times like these, effective research and promotion programs to help sell our fiber are more important than ever. Competition from man-made fibers is intense. Competition from foreign-grown cotton is intense."

Lesser Evil

"Madam, what do you mean by letting your child snatch off my wig?"
"Sir, if it is just a wig, think nothing of it. I was afraid that the little devil had scalped you."

MARTINA VALDEZ

City Ordinance Violations, Speeding Top Local Courts

A total of 67 disposals and payments of fines were made in Municipal Court to Judge Linda Huckaby during the period from September 13 to October 3. There were 61 new filings of violations during this same period.

Violation of the city ordinance on open containers carried the largest number of fines over the past couple of weeks, totaling 16. Speeding violations, usually in the forefront, were numbered ten. Six cases were disposed of on expired plate violations and five for no drivers license and bad checks. There were three disposals each on violation of city ordinance of leash law and for no MVI sticker. Two cases each were disposed of for illegal parking, running red light, and no liability insurance.

One case each was disposed of on the following violations: no Texas registration, failure to leave information at the scene of accident, fail to yield right of way, violation of drivers license restrictions, failure to control speed, exhibition of acceleration, defective lights, public intoxication, excessive noise, running stop sign, driving on wrong side of road, fail to stop in school zone and failure to appear.

Cases filed during the 9/13 to 10/3 period totaled 61, with 16 being filed for speeding. Ten cases were filed for city ordinance violation of leash law and seven were filed for no drivers license. Three cases each were filed for the following violations: running stop sign, expired

plates, running red light. Two violations were filed for: failure to yield right of way, no liability insurance, violation of drivers license restrictions. One case each was filed on the following: excessive noise, defective muffler, defective lights, failure to leave information at accident, expired MVI, no Texas registration, disorderly conduct, permitting unlicensed driver to drive, minor in possession, no trailer lights, and no commercial drivers license.

In Justice Court from September 29 to October 3, a total of 60 cases were filed and 21 cases disposed of and fines paid, with speeding still leading the list of offenses.

For this period of time, Justice of the Peace Jack Bates recorded a total of 41 speeding cases. Six were filed for no MVI and three each for no Texas drivers license and discharging firearms from a public road. One case each was filed for failure to stop at stop sign and public intoxication.

Cases disposed of during this period included 13 for speeding, three for over allowed gross weight and one each for the following:

no MVI, failure to stop at stop sign, expired license plates, failure to display lease agreement and cutting across parking lot to turn.

TEXAS PRIDE IN TEXAS SCHOOLS

TSTA Tips For Parents

The Texas State Teachers Association wants to become partners with parents in advancing quality education in our Texas public schools. The following is the first in an eight part series to assist parents in helping children learn at home, as well as in school. The first series focuses on "reading."

Developing Good Readers, Part I
Read to your child often. Make a pleasant experience of the event, making sure the session is relaxed and unhurried. Let your child choose a favorite story and explain pictures and answer questions about it. As time goes by you can stop in the middle of a familiar story and ask what happens next. This encourages memory skills and reinforces the material in the text.

Begin talking to your child from infancy. Make sounds, call attention to sounds and connect and explain activities as you perform them. Listen and encourage conversation with you.

Answer questions patiently and as promptly as possible. Play listening games with your child. A good bedtime game is to listen quietly and identify as many sounds as possible--heartbeats, breathing, traffic. Listening attentively is essential in learning.

When your child is learning to read, try "labeling" household objects with the child's name printed in bold letter on masking tape. Encourage the reading of signs, posters--everything!

Besides regular children's materials, read aloud from ordinary books, magazines, newspapers, advertisements. Your child will begin to recognize the fact that the printed word is a part of everyday life that conveys useful, interesting and amusing information.

Good reading skills developed early will help your child throughout his schooling. The following is the second in an eight part series to assist parents in helping children learn. The first series continues on "reading."

Developing Good Readers, Part II
Introduce your child to the wonders of the public library at an early age. Stop at the library and browse, answering questions about various books and other printed materials.

As soon as possible, a child should be allowed to apply for a library card and choose books. Encourage frequent use of the school library. Read and discuss books brought home for possible school projects or during family sharing periods.

Subscribe to a children's magazine. Children love the idea of having their very own periodical.

Make certain the reading area is comfortable and well-lighted.

Is your child creative? The Texas State Teachers Association wants to work with you to help you stimulate and encourage creativity in your child. The following is the fourth in an eight part series.

Creative Arts
Keep your child supplied with sheets of paper, crayons, finger paints, modeling clay, burlap, paste, marking pens, scraps of cloth, styrofoam, yarn, scraps of wood and water colors. Provide work space for the child and encourage the creation of works of art.

Proudly display your child's best creations on the wall, door, or bulletin board. Give frequent opportunities for the expression of artistic ability--making valentines and greeting cards. Encourage help with holiday decorations.

Encourage musical activity in the home or on family trips. Family songs are fun for everyone. Let your child make up songs.

A toy piano, drum, tonette, tuned bells or mouth organ can help teach the rudiments of rhythm and tone.

As soon as your child is old enough to operate a record player, purchase one along with some children's records. Record players are now simplified so that even very young children can operate them.

If your child plays an instrument, help budget practice time. Encourage performance and practice. Genuine praise does wonders.

Allow the observance of art forms in nature and surroundings. This opens all doors to confidence. Be positive about the child's attempts and encourage development of interests. Help your child to really "see" the subtle variations in nature. Point out differences in color intensity.

Be subtle in helping your child learn. Keep things light-hearted and fun, never grim or tense. Don't stifle curiosity. Don't brush off questions. After a while you won't be asked.

Next: Social Studies

Warm Fall?
The National Weather Service says odds are fall weather will be warm--and probably through November in the Midwest and Atlantic coastal states.

Much of the country, the ninety-day forecast predicts, will get more than the normal amount of rain in September. But there are exceptions--the Pacific Coast, Southeast, North Atlantic Coast and Central Plains.

If the forecasts are accurate, it may be a beautiful fall in much of the country, not too cold, even into December. That was the experience of many areas in 1979. It would be a just reward for the severe heat wave and drought so many have suffered this summer.
