STEERS FALL TO LONGHORNS IN ANNUAL BATTLE, 16-13

by Ronnie Baker

Well, all hope is over for a playoff spot and losing it to your old-time rival smarts a little. The game itself was exciting to the point of the closeness of it, but losing after the lead is sort of disappointing, but it's over and just as well be forgotten. The only consolation is that we don't have to play Roscoe!

But it would be nice.

FIRST QUARTER

The Steers received the opening kickoff at the 12 with a return to the S. 32. The Steers then got a 1st down at the B. 36 and another at the 20. Then a penalty and a loss and the Longhorns held at their 38. The Steers punted to the 5 with a return to the B. 27. The Steers then halted Bronte and a bad snap on 4th down forced the punter to run and the Steers took over at the B. 36. The Steers moved to the 28, where Grim circled the end for the first TD. Naico kicked the extra point and the Steers led 7 to 0. Bronte received the kickoff and returned it to their 22. The Steers held at the 17 and they punted to the S. 35 with a return to the S. 44. Then Bronte held and the Steers punted to the B. 11 with a return to the 24. Bronte ran one play as the first quarter ended.

SECOND QUARTER

Bronte then quick kicked the ball on 3rd down to the S. 49. The Steers then got a 1st down on a penalty to the 29. The Steers then scored another TD on a perfect pass for 28 yards, Rasco to Larry Palmer in the end zone. The extras failed and the score was 13 to 0. Bronte received the kickoff at their 23 and returned to the B. 46. They made a 1st down at the S. 39, but the Steers then held on downs at that point. The Steers then lost ground and punted to the B. 37. The Steers then held and Bronte punted to the S. 20. The Steers start again with two 1st downs to the B. 49 where they fumbled and Bronte recovered at the 50 yd. line. Then Bronte made a 1st at the S. 37 and another at the 1 yard line on a pass interference call. But Bronte then fumbled and Hood recover-

ed with 16 seconds left. The Steers run one play as the half ended.

THIRD QUARTER

Bronte received the 2nd half kickoff with a return to the B. 28. They made a 1st on the S. 45 and the Steers then held. On the punt to the S. 17 it is fumbled and Bronte recovered at that point. Bronte then made a 1st down at the 7 and 3 plays later they scored. They ran their extra points and the score was 13 to 8. Bronte kicked off to the S. 5 with a return to the S. 13. The Steers made a 1st at their 24 and then Bronte held and the Steers punted to the B. 25. The Longhorns then made 2 big 1st downs to the S. 15, but the Steers held on downs and with a Bronte loss, they took over at the S. 25 as the quarter ended.

FOURTH QUARTER

The Steers then made a 1st down to the B. 44, but Bronte held and the Steers punted to the B. 4 yd. line. Then it happened as the Longhorns put on a time consuming march, making 6-1st downs to the S. 5 yd. line. From there, they scored and ran their extra points making 16 to 13 in their favor. In this drive the Longhorns used up nearly 7 minutes off the clock. The S. returned the kickoff to the S. 34. They made a 1st down at the 50, but the Longhorns then held on downs at their 43. They proceeded then to just run out the clock.

Miss Runnion To Play For South Plains

Leigh Ann Runnion of Robert Lee will compete this season on the Texas Women's Basketball Team at South Plains College, according to Lyndon Hardin, women's coach.

Hardin announced recently that Runnion has made the team and will play wing and post for the Texans.

"We are pleased with the progress Leigh Ann has made during pre-season workouts," said Hardin. "We feel she will be a great asset to our sports program and will represent SPC well in the conference."

SPC is a member of the tough Western Junior College Athletic Association, and the Texas Women opened their 1983-84 campaign Oct. 31 in a non-conference game against Wayland Baptist University's junior varsity squad.

Runnion, a freshman at SPC, was a two-year All-State and four-year All-District performer at Robert Lee High School. She was a regional and state qualifier in the high jump. She was valedictorian of her graduating class, and was also a class officer, band officer, cheerleader, Miss RLHS and a member of the National Honor Society and Student Council.

She is the daughter of Mr. and Mrs. Arthur Runnion of Robert Lee.

STEERS TRAVEL TO EDEN FOR FINAL FOOTBALL GAME

The Robert Lee Steers travel to Eden Friday, (tonight), to wind up the season with the Eden Bulldogs. Kickoff time is 7:30 p.m. in Eden.

After last week's loss of the Coke County Championship to Bronte, the Steers are ready to wind up their season with a bang against Eden. It promises to be a good game.

The Bulldogs are standing at a 3-3 district record while the Steers enter the contest with a 2-2-2 in district play.

MYF Plans Bake Sale

Dogies Lose To Forsan, 33-0

The Robert Lee Jr. High team traveled to Forsan last Thursday October 27, losing to a 0-33 score. The coach stated that numbers and size again got the best of the Dogies. He said he was proud of the boys hanging in there and continuing to try as hard as they could in the face of such overwhelming odds.

The Dogies traveled to Mertzon last night, (Thursday), to wrap up their season.

AON Plans Bake Sale

Members of Alpha Omicron Nu chapter of Beta Sigma Phi are planning a double bake sale on November 22. All proceeds from this sale are to go to "The Ronald McDonald House" in Houston. The Ronald McDonald Houses provide help for families with children stricken with cancer in all forms and have been targeted as a special service project by AON this year.

OMISSION

In last week's article on the Lions' Club Birthday at the Nursing Home, Calla Mae Cargile's name was omitted from the list of honorees. Happy Birthday, Calla Mae!

day, (today). A spokesman from the clerk's office stated they had mailed out three ballots with two being returned and three votes were cast in the office, making a total of five absentee votes so far. I hope this is not an example of the turn-out at the polls on Tuesday.

On November 8 the polls will be open at 7:00 a.m. and close at 7:00 p.m.

Coke County will have six voting boxes in operation on election day. Locations of the boxes are:

Precinct #1-Old Recreation Hall in Robert Lee.

Precinct #2-City Hall in Bronte.

Precinct #3-Courthouse in Robert Lee.

Precinct #4-Tennyson Schoolhouse in Tennyson.

Precinct #5-Old Depot in Bronte.

Precinct #9-Pecan Baptist Church in Robert Lee.

Again, let me encourage each and every Coke County Voter to go to the Polls November and Cast Your Vote.

There are explanations of the amendments inside this paper and the voter's guides are still posted on the windows of the Observer and the Enterprise. Take a minute and familiarize yourselves with these amendments before you go to the polls, so you can cast an informed vote.

Fall Festival Is Big Success

The RLHS Fall Festival was considered a huge success. There was a large turnout and everyone seemed to really enjoy themselves.

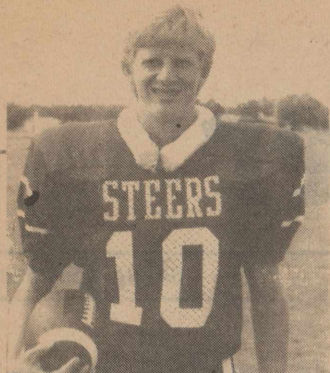

Coach Rasco asked the Observer to extend his and the Student Council's thanks and appreciation to all the people who attended and helped with the festival. Without your help, the festival wouldn't have been the success it was.

Following are the results of the Fall Festival with the grade, booth, total intake and total less 15% listed:

Saturday, Nov. 12, has been set as our next free Blood Pressure Clinic. Time is 10 a.m. to 1 p.m. in the West Texas Utility Office building. Take this opportunity to keep a re-

gular check on your blood pressure or to detect an unknown condition. It's known as the 'Silent Killer' because many don't realize they have high blood pressure.

We might mention a belated report on our Annual Labor Day Barbecue. After all expenses were tallied, our fund for needed ambulance items gained a total of \$330.89 from the benefit.

So far this year, our ambulance crews have made a total of 103 runs, with two months left on the calendar.

Thanks for HELPING US, HELP YOU.

Again, let us say THANK YOU ALL for your most generous hospitality. We most certainly are looking forward to coming back to Robert Lee next October.

Sincerely,

John Cooper, President

Dear Editor,

Enclosed is my check for another year's subscription of the Observer. It is the first newspaper I ever read and I still enjoy it, although it's been almost twenty years since I left Robert Lee. It's still "home" to me as I have lots of family and friends there. Continue your fine work!

Sincerely,

Jerry Blair

Clifford Burch of Ventura, California was a weekend visitor with Mr. and Mrs. Add Davis, Mr. and Mrs. John Gregston, and other acquaintances. Burch's family lived in Robert Lee in the late '60's and early '70's. He is a graduate of RLHS.

Modern postage stamps came into use in 1840.

Fikes Return From Tour Of Northwest

Brice and Weldon Fikes are back home after enjoying a leisurely two-week trip through the Northwest.

In Garden City, Kansas, they visited with Ernest and Jerry Stewart, former Robert Lee residents. Mr. Stewart was pastor of the Baptist Church here in the early '50's.

Weldon re-newed acquaintances with two army buddies from their service in Alaska during World War II when the couple visited Mr. and Mrs. William Riner in Cheyenne, Wyoming and Mr. and Mrs. James Kerstetter in Seattle, Washington. Brice met the service friends for the first time; they had previously been only names on correspondence!

The Fikes' toured Yellowstone Park and saw Old Faithful in its timeless eruptions as they headed for California.

They centered the trip at their final destination of Napa, CA. to see Weldon's sister and husband, Lorene and Roy Baker.

At the logging town of Tuolumne, CA., they spent a short stay with Brice's cousin, Larue and W.T. Jones.

The couple arrived back in Midland in time to help celebrate the birthday of their 10 year old grandson, John Mark Washam, as well as see their daughters and family.

The Fikes' stated they enjoyed the delightful trip, but were glad to be back in Coke County.

50 YEARS AGO

Edward Welch, Eugene Mitchell, and J.B. Scott of Hamlin, and A.C. Welch of High Rolls, N.M. were visitors in the home of Mr. and Mrs. A.D. Puett and family Wednesday and Thursday. Mr. Welch is a brother to Mrs. Puett.

On Dec. 28th at 11 a.m. at the Robert Lee Methodist Church, Miss Geneva Leggett and Mr. Jesse I. Sealy were invited in marriage with Rev. J.W. Leggett, father of the bride and Methodist pastor officiating.

Preceding the marriage, which was a ring ceremony, Woodrow Gardner, accompanied by Mrs. Cortez Russell at the piano, sang "I Love You Truly", Mrs. Russell also played the Bridal Chorus and Wedding March.

Gwendolyn Higginbotham, Phelan Leggett, and James Wallace Clift of Robert Lee and Gurney Miller of Hutto served as attendants and were guests at a luncheon honoring the bride and groom, given at the home of the bride's parents following the wedding.

Mr. Sealy is head of the Dept. of Biology and Botany at the Texas Technological College.

After a short wedding trip, Mr. and Mrs. Sealy will be at home in Lubbock.

Dock Benningfield will leave Monday for Salt Lake City, Utah.

Mr. D.L. Campbell is sporting a new V-8 Ford bought from Coke Motor Company.

Mr. and Mrs. Charlie Clawson are moving above Blackwell this week.

W.T. Olson of San Angelo has bought and moved onto the Wallace place one mile south of town.

Well, I see in the papers where the people are still hanging niggers for raping white women and little girls, and the lawyers and judges are raising thunder about it. Let the courts clean up their own dirty linnen before they take any cracks at the bloodstains on the hands of honest men who want LAW and cheat them out of the pleasure of giving the dirty currs a suspended sentence.

There's one thing about it, the people are going to have LAW in this country, in spite of the courts and lawyers-- Smoke that.

FIND TIME TO DO THE THINGS YOU WANT

With the holiday crunch just around the corner, we all find a shortage of hours in the day. Finding time to get things done is often a big challenge.

Making a list of the activities you need to complete each day will help you remember items that need to be done NOW. Spend five to ten minutes each day planning your daily activities. Make a "to do" list, and complete the activities according to their importance. Write the list on a calendar or make the list on separate paper and attach it to a calendar. Look at your list frequently to stay up-to-date with commitments. Let your list guide

you through daily activities.

Cross off completed tasks. Completing the list is not what counts the most. What counts most is whether you complete the most important tasks on the list. If you don't complete the list in one day, put the items you don't finish on you next day's list.

Learn how to say NO! Have you ever said yes when you wanted to say no? We say yes to things we don't really want to because we are afraid of hurting other's feelings, but we can be more productive if we learn to say NO. Saying no takes practice. Practice saying no to items that do not rank high on your priority list, requests that do not help you reach the goals you have outlined for yourself, items that would cause you to be overcommitted and frustrated, and requests others could handle themselves.

Make a list and learn to say no. You'll soon find time to do the things you want to do.

DOLL WORKSHOP

The Soft-sculpture doll making workshop will begin Wednesday, November 9, at 7:00 p.m. in the New Recreation Hall. Participants are reminded to bring scissors, a pillowcase, and lots of creativity!

Exum To Head County Child Welfare Board

Ronald S. Exum was elected President for 1983-84 of the Coke County Child Welfare Board in a regular meeting held November 1.

Other officers elected were: Juanita Schnable of Robert Lee, vice president; Christine Abalos of Robert Lee, secretary; and Dorothy Collins of Bronte, treasurer.

The members plan to meet

again November 21. Some members of the board plan to attend the Regional Board meeting, November 22 in Abilene.

Gas dryers maintain one's appearance for less.

Saving money is important. For everyone. That's why natural gas dryers are the preference for those who know.

They cost less to operate than non-gas models. In fact, high-efficiency gas dryers dry about three loads of wash for the cost of drying

one in a non-gas dryer.

Tom Watson Writes Article Concerning Use Of Drugs

Editor Note: This article was written by Tom Watson, Project Director of the Runnels County Council on Alcohol and Drugs, which is affiliated with the Texas Department of Community Affairs Drug Abuse Prevention Division.

PEER PRESSURE: IT'S OK TO SAY NO

You might think that most teenagers smoke marijuana. Well, that's really not so. According to a recent door-to-door survey across the country, three out of four young people age 12-17 said they had not tried marijuana even once. And, in a survey of high school seniors, only 6 out of 100 said they used marijuana on a regular basis. Most of the seniors surveyed also think smoking marijuana is dangerous and don't approve of those who use it, even occasionally.

Here's what some other kids actually had to say about the people they know who smoke marijuana.

"They turn you off. They're jerks, punks."

"They're spaced out in class. I know someone who dropped out of the 9th grade."

"Their lives are ruined, as far as I'm concerned."

"They talk slow and stare a lot. It messes up their minds."

"They don't have anything better to do."

So, even though most kids don't think smoking marijuana is cool, sooner or later you're likely to know someone about your own age who will pressure you to try pot. Once you know about these pressures and what to expect, saying no to marijuana will be easier.

What Is Peer Pressure?

Everyone, no matter how old they are, cares what other people think and wants to fit in with the people they know, especially their friends. When you are just starting to feel independent, the influence of people about your own age-- your peers-- is especially powerful and can affect the way you feel, act, dress, and behave. This influence is called peer pressure.

Is Peer Pressure Bad?

The pressure you feel to go along with the crowd can be either good or bad. A good influence might lead you to play sports, join a club, or to do well in a particular class; a bad influence is one that would encourage you to smoke cigarettes or skip school. You have to think about what could happen if you go along with the crowd, and then make up your own mind about what to do, whether your peers agree with you or not.

What About My Friends?

When your friends pressure you to do something, saying no can be especially hard because you want them to like you and consider you part of the group. Sometimes going against your friends will make them angry or make you feel alone. It may seem risky to say no, even about a little thing. Just remember, you don't have to do everything your friend does in order to stay friends. Most people admire others who make up their own minds and stand up for themselves. If others don't like you because you won't go along with them about using drugs, then they aren't your friends anyway. Your real friends are the ones who most of all want you to be yourself.

Make Your Own Decisions

Everyday you have to make

decisions. For example, you decide what to wear, when to do your homework, and which TV program you want to watch. Some of your decisions are more important than others. Your decisions say a lot about what's important to you and what kind of person you are. When you feel unsure, try talking to someone you trust: your parents, another adult who cares, or maybe a close

friend who doesn't use drugs. Make up your own mind and you won't give someone else a chance to make up your mind for you.

How to Make Decisions About Drugs

Making decisions about using drugs will be easier if you are familiar with the pressures that tempt you to try drugs. When people pressure you to do drugs, they are really saying, "Don't think for yourself, just do what we do." Being independent means making your own decisions.

When you know the facts and know the risks that go along with drug taking, your decisions will

be easier. Think about the bad things that would happen if you were caught smoking marijuana. Remember, it only takes one good reason to say no.

Reasons Why People Use Drugs

People try certain drugs like marijuana because they are curious or because it may seem like everyone else is. They may feel that taking drugs will make it easier to talk to people or will help them to escape their problems. When you feel as though you won't be liked for yourself unless you use drugs, you just end up feeling worse. Taking drugs never solves problems; in fact, it can even create problems

that weren't there before. Why take a change?

Peer Pressure and Pot

Most kids are introduced to marijuana by their friends, brothers and sisters, and acquaintances: their peers. They can pressure you in obvious ways or in ways you may not even notice. Someone may threaten or tease you or tell you reasons why you should use marijuana. These kinds of pressures "hit you over the head." Sometimes the least obvious kinds of pressure can be the most powerful because you may feel as if you are making your own decisions when you are

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 8, 1983

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 91 proposes a constitutional amendment which requires a county with a population of 30,000 or more to be divided into not less than four nor more than eight justice of the peace precincts. A county with a population of 18,000 or more but less than 30,000 shall be divided into not less than two nor more than five justice of the peace precincts. A county with a population of less than 18,000 shall be designated as a single justice of the peace precinct or, upon a finding of necessity by the commissioners court, shall be divided into more than one justice of the peace precinct but not more than four. The amendment provides further, that in any precinct in which there is a city with a population of 18,000 or more, two justices of the peace shall be elected. The amendment allows a justice of the peace, constable or commissioner to continue in office until the expiration of his term, although a change in precinct boundaries results in the officer no longer being a resident of the precinct for which he was elected or appointed and allows a justice of the peace or constable to continue in office until the expiration of his term even though a change in precinct boundaries results in the abolishment of the precinct or more than one justice of the peace or constable serving the precinct. Vacancies in the office of justice of the peace or constable that result from a precinct boundary change shall be filled by the commissioners court until the next general election. The amendment would take effect on January 1, 1984, and counties with populations of less than 30,000 and with more than four justice of the peace and constable precincts would have until January 1, 1987 to comply with the amendment.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing fewer justice of the peace and constable precincts in counties with a population of less than 30,000 and providing for continuous service by justices of the peace, constables, and county commissioners when precinct boundaries are changed."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 105 proposes a constitutional amendment which would limit a homestead in a city, town or village to a lot or lots amounting to not more than one acre of land, together with any improvements on the land. The constitutional requirement that, at the time of

designation, an urban homestead not exceed ten thousand dollars in value without reference to the value of any improvements on the land would be eliminated.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment replacing the limitation on the value of an urban homestead with a limitation based on size."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that authorizes the Legislature to enact legislation that permits representative associations of agricultural producers to collect refundable assessments on their product sales to be used solely to finance programs of marketing, promotion, research and education relating to those products. It provides, further, that adoption of the proposed constitutional amendment will bring into effect Senate Bill 607, Acts of the 68th Legislature, Regular Session, 1983, with rejection of the amendment resulting in Senate Bill 607 having no effect.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment providing for the advancement of food and fiber production and marketing in this state through research, education, and promotion financed by the producers of agricultural products."

PROPOSITION NO. 4 ON THE BALLOT

The amendment empowers the Governor, after consultation with the Speaker of the House and the Lieutenant Governor, to suspend the constitutional requirement that the Legislature hold its sessions in Austin and allows the suspension of procedural rules by the Governor issuing a proclamation in which the House of Representatives and Senate concur by resolution approved by a majority of the members present. Suspension of the constitutional rules may not exceed a period of two years under a single proclamation; however, the Governor may renew the suspension by issuing a new proclamation concurred in by the House of Representatives and the Senate through a resolution approved by a major-

ity of the members present.

The amendment will appear on the ballot as follows: "The constitutional amendment authorizing statutory provisions for succession of public office during disasters caused by enemy attack, and authorizing the suspension of certain constitutional rules relating to legislative procedure during those disasters or during immediate threat of enemy attack."

The amendment provides, further, that the Legislature may appropriate part of the available school fund for administration of the permanent school fund or of a bond guarantee program established pursuant to the amendment.

The constitutional amendment will appear on the ballot as follows: "The constitutional amendment authorizing use of the permanent school fund to guarantee bonds issued by school districts."

PROPOSITION NO. 6 ON THE BALLOT

The proposed amendment will appear on the ballot as follows: "The constitutional amendment allowing the Legislature to provide for additional remedies to enforce court-ordered child support payments."

PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that authorizes the Veterans' Land Board to provide for, issue, and sell general obligation bonds of the State of Texas in an amount not to exceed \$800 million to provide financing to veterans of the state. The amendment requires that three hundred million dollars of the state bonds be dedicated to the Veterans' Land Fund. The Fund is to be used to purchase land to be sold to veterans under such terms, rules and regulations as may be authorized by law. The amendment creates the Veterans' Housing Assistance Fund and requires that \$500 million of the state bonds authorized by the amendment be dedicated to the Fund. The Veterans' Housing Assistance Fund will be utilized by the Veterans' Land Board for the purpose of making home mortgage loans to veterans for housing within the state and for the administrative

costs of administering the fund and issuing the bonds. The amendment provides, further, that if there is not money in either the Veterans' Land Fund or the Veterans' Housing Assistance Fund available for payment of principal and interest on the general obligation bonds issued pursuant to the amendment, then money coming into the Treasury in each fiscal year is appropriated in an amount sufficient for payment of principal and interest due in that fiscal year.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment for financial assistance to veterans and to authorize the issuance of \$800 million in bonds of the state to finance the Veterans' Land Program and the Veterans' Housing Assistance Program."

PROPOSITION NO. 8 ON THE BALLOT

The amendment requires that the veterans' organizations be chartered by the United States Congress, be composed of members or former members of the United States Armed Forces, and be organized for patriotic and public service purposes. The amendment provides, further, that political subdivisions may exempt fraternal organizations from ad valorem taxation on their property. The amendment requires that the fraternal organizations be organized to perform and be primarily engaged in charitable or benevolent functions. The Legislature would be authorized to enact laws that prescribe eligibility requirements for fraternal organizations to benefit from the exemption and to pass legislation limiting the types or amount of property owned by a fraternal organization which may be exempted from ad valorem taxation.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to authorize taxing units to exempt from taxation property of certain veterans' and fraternal organizations."

not. For example, you may be at a party where people are passing a joint and even though no one asks you to smoke, you may feel pressured to join in. If you are aware of the "unseen" pressures, along with the obvious ones, you can do a better job of saying no.

Saying No

Remember, you have the right to say no to drugs. Think about how you will say no. Here are some suggestions on how to do it:

1. **Give a reason.** If you already know the facts, someone telling you that it feels good to be stoned won't fool you. You can say, "No, I know it's bad for me. I feel fine right now."

2. **Have something else to do.** "No thanks, I'm going to get something to eat."

3. **Be prepared for different kinds of pressure.** There are different levels of peer pressure. It can start out friendly or teasing; if so, you can respond the same way. If the pressure seems threatening, then you might just have to walk away.

4. **Make it simple.** You don't have to explain why you don't want to use marijuana if you don't want too. You can just say, "No, thanks." If that doesn't work, you can always say, "No thanks again" or even stronger, "No way."

5. **Avoid the situation.** If you see or know of places where people often use drugs, stay away from those places. If you hear that people will be using drugs at a party, don't go.

6. **Change the subject.** Someone says, "Let's try some pot." You say, "No, I was on my way to the mall if you want to come along."

7. **Hang out with friends who don't use drugs.** Sometimes, however, you may already have friends who decide to try marijuana. If they are real friends, they will like you whether you smoke pot or not. And maybe, by saying no, you might make them think twice about using drugs themselves. That's how peer pressure can be positive too.

Dove Hunting Poor This Year

The curtain fell on Sunday, Oct. 30, on an unproductive Mourning Dove season. Birds have been few and far between this year as the drought in Texas axed crops and watering holes.

Dove hunters will be given another chance, however, when a second split season will be open Jan. 7-Jan. 16, 1984, in Coke County. Many times, this has produced larger birds in great numbers.

As Mourning Dove season closes, another bird season opens for area shotgunners. Quail season opened endzone 3, which includes Coke County, on Saturday, Oct. 29, and runs through Jan. 29, 1984.

Bag limits in Zone 3 have been set at 20 birds. Game surveys are taken by Texas Parks & Wildlife Department personnel and regulations set accordingly.

The department has predicted a large number of birds, but warn they should be harvested as early as possible because food shortages and cold weather take their toll.

As in every hunting season, if a sportsman is unsure of a regulation or plans to hunt in another county, he should consult the TP&WD's hunting guide or contact local game warden, Sparks Burdett.

Comptroller Rep To Visit In Coke

State Comptroller Bob Bullock will have a representative from his San Angelo office in Robert Lee on November 15, 1983 to assist local taxpayers and answer questions about state taxes.

Bullock said Enforcement Officer Steve Mercer will meet with local taxpayers in the Conference

Room at the County Courthouse from 9:00 a.m. to 10:00 a.m.

"If Robert Lee area merchants, or anyone else for that matter, have any questions about state taxes or need help in preparing state tax forms, Mr. Mercer will be there to assist them," Bullock said.

"We're trying to cut the red tape in this office, and we believe these face to face sessions with taxpayers help do just that,"

Bullock added.

The San Angelo office, headed by Ron Parish, serves San Angelo and surrounding counties.

General George Washington received an honorary degree from Harvard College in 1776.

FALL FRUIT TREE SPRAYING CONTROLS DISEASES

Fall is often the time when fruit tree care is forgotten or neglected, but it's a critical time for controlling many peach and plum tree diseases to insure a good crop next year.

With the arrival of fall, there's often a tendency to forget our peach and plum trees that served us so well last summer. Applying a copper fungicide now can stop or reduce three of the six diseases that attack peach and plum trees in Texas. These are peach leaf curl, bacterial leaf spot and bacterial canker.

Puckered and distorted peach tree leaves that were either bright red or light green in diseased areas last spring were due to peach leaf curl fungus. The only time to effectively control this disease is in the fall with a copper-containing fungicide such as Kocide 101.

Timing of the fall spray is critical for effective control and for avoiding tree damage. Copper

is a metal and may cause severe defoliation unless applied correctly.

Correct time to spray is when 70 percent of the leaves fall off the tree. Spraying too early will cause leaf shed or cause the spray to be ineffective later.

Bacterial leaf spot and bacterial canker can be partially controlled by fall spraying with a copper fungicide. But again it's important to spray at the right time to prevent foliage burn.

Bacterial leaf spot affects both fruit and foliage. The infection causes fruit to crack and leaves develop angular spots which drop out. Bacterial canker will kill trees slowly. Infected trees will have gum or wax forming on the trunk and main limbs.

Fall spray in this area is most often applied from November 1 to December 1. Application time will vary with the season, so close inspection of your fruit trees is suggested.

Fall spraying is important to the health and production of fruit trees, because there's no other time when 50 percent of peach and plum tree diseases can be controlled with one spray.

Most hunters know whitetail bucks drop their antlers in late winter every year. Given the dense populations of deer in some areas, hunters may wonder why they don't run across more shed racks in the woods. Naturally, snow and fallen leaves cover them for some time, but the main reason is that small rodents, attracted by antlers' nutritional value, gnaw on them, gradually eating them away. NRA STAFF.

Social Security News Items

January 1984 will bring a change to the Social Security system-- for the first time, Social Security benefits will be subject to income tax under certain conditions. This change is part of the Social Security Amendments of 1983, which are designed to financially strengthen the system.

The taxation of benefits will apply only to those people whose income is more than a certain amount:

- \$25,000 for an individual
- \$32,000 for a couple filing jointly, and
- zero for a couple filing separately.

To compute whether or not your countable income is over the base amount, you will need to add:

- Your adjusted gross income (as shown on your tax return), plus
- Any non-taxable interest income you received in the year, plus
- One-half of your Social Security benefits received during the year.

If the sum of the above exceeds the base amount that applies to you, you will have to include some of your Social Security benefits as taxable income.

The amount of your benefits to be included in taxable income will be the lesser of:

- One-half of your Social Security benefits received for the year, or
- One-half of the excess of your combine income (adjusted gross income plus one-half of benefits) over the base amount.

People who receive Social Security should keep a record of the amount of each month's check. This record will make it much easier for you or your tax-preparer to compute your 1984 taxes.

This provision is estimated to affect about 10 percent of Social Security beneficiaries in 1984. However, taxes will not be withheld from your Social Security benefits during the year unless you are a non-resident alien receiving Social Security.

A free leaflet, "Social Security Strengthened", is available from your local Social Security Office. It describes the changes in Social Security brought about by the 1983 Amendments. The San Angelo Social Security Office is located at 2214 Sherwood Way or call 949-4608.

Grandparents rights lost

The Alabama Supreme Court, in a case of first impression, has decided that adoption breaks all former family ties. This decision (Broystein, 5/6/83, 9 FLR2498) overruled a lower court finding that favored grandparents visitation rights after their son's child had been adopted by his ex-wife's new husband. This ruling agrees with similar cases considered by the Iowa and Rhode Island Supreme Courts. Other state courts are still deciding these issues. In all cases, whatever is in the best interest of the child, as is determined by the court, remains the standard for consideration of grandparnts privileges.

The Family Therapy News further reports that--- A Washington Appellate Court has guaranteed grandparents permission to intervene in custody proceeding for visitation rights. A North Carolina Court has found that once grandparent visitation rights are established the child's custodians may not arbitrarily terminate them. Various legislatures are re-writing their family laws in this regard now, including Texas. The sixty-eighth Legislature has passed a law that

allows grandparents to claim visitation rights and allows for inheritance privileges to the children in cases of divorce and adoption.

James D. and Becky Clendennen

Couple United In Marriage In Massachusetts Church Ceremony

In the beautiful fall foliage, in the center of Newburyport, Massachusetts, stands a little white church, built in the late 1700's. The First Baptist Church of Newburyport was the setting of the marriage of James D. and Becky Clendennen. On October 17, 1983, the church pastor, William Swiling, performed the simple ceremony by the light of single candles on each side of the podium.

The bride wore a taupe wool suit with a fur collar complemented by a string of pearls. She carried a bouquet of chrysanthemums and flowers of the brilliant fall colors so typical of the North East in October.

The Clendennen's spent six days in the New England States and other cities they visited included, Boston, Salem and Concord.
