

Lions Defeat VFW In Donkey Basketball Game

Stratford Lions defeated the local post of the Veterans of Foreign Wars in a donkey basketball game in the school gymnasium Tuesday night by a score of 16 to 12 although comical situations which arose during the latter part of the game overshadowed interest in the score of the opposing teams.

H. R. Tillery and R. H. Coffman of the VFW and Joe Doby and Jim Taylor of the Stratford Lions opened activities by racing around the gymnasium twice on their burrows before the opening of the game. Tillery finished first, Doby second, Coffman third, and Taylor finished last, his long legs reaching to within a few inches of the floor from his position astride one of the smaller animals.

Joe Doby, Cone Donelson, Van Boston, Jim Taylor, and Leo Smith composed the mounted starting line-up for the Lions with C. D. Holmes on foot as the roving center. Only mounted men were allowed to try for goals.

H. R. Tillery, R. H. Coffman, Doss Brewer, and J. B. Thompson mounted with Gene French as roving center on foot composed the starting team of the VFW. Bill Frizzell refereed.

Cone Donelson scored the first goal and H. R. Tillery the second, bringing the first quarter of the game to a 2 to 2 tie.

Doss Brewer, Harold Turner, Dr. J. R. Parker, Glen Slaton and Jimmie Jackson of the VFW were opposed by Earl Riffe, H. L. McMahon, Van Boston, and Kenneth Kendrick of the Lions in the second quarter.

J. R. Parker scored the third goal, Glen Slaton the fourth, J. R. Parker the fifth, Jim Taylor the sixth, and Kenneth Kendrick the seventh and eighth, closing the half with a score of 8 to 10 favoring the Lions.

Hose Flores, Ernest Goule, Joe Doby, Jack Golladay, and Kenneth Kendrick represented the Lions in the third quarter. Johnny Townsend, H. R. Tillery, Doss Brewer, R. H. Coffman, and Gene French played for the VFW.

It was in this quarter that Doss Brewer's burrow broke in two to stage a regular rodeo performance which practically stole away the interest in the game itself.

Tillery scored the ninth goal, Golladay the tenth and eleventh, and R. H. Coffman the twelfth goal, bringing the score at the close of the third quarter 12 to 14 favoring the Lions.

Coffman, Townsend, Jackson, Parker, and Brewer represented the VFW in the last quarter and were opposed by Donelson, Holmes, McMahon, Golladay and Leo Smith. Smith managed to score one goal, making the final score of the game 12 to 16 in favor of the Lions Club.

Goule and Coffman, using electric prod poles, kept burrows of the opposing sides from nearing a scoring position under either goal, resulting in action which made up with laughs for the public what the game failed to produce in scores.

City Buys Asphalt Pot To Repair Paving

A 400 gallon asphalt tank equipped with motors for spraying asphalt has been secured by the City Council for the purpose of repairing damaged spots in paving on the city streets.

The council also voted to extend the sewer mains east of the Foxworth-Galbraith Lumber yard to serve residences in that section of the city.

Arrangements were completed for laying of pipe for irrigation purposes in the City park. Trees will be planted in the park this year.

Mrs. Hooley Accepts Civil Appointment

Mrs. Charles Hooley has accepted a position with the Civilian Personnel branch at Fort Belvoir, Virginia where her husband is stationed as an instructor in the army.

Mr. and Mrs. Hooley are making their home in Alexandria, Virginia.

Road Boosters To Austin March 31

Members of the Commissioners' Court, citizens of precincts 2 and 3, interested citizens of Stratford and possibly a delegation from Hansford County will appear before the Texas Highway Commission in Austin March 31 to ask designation of approximately 37.6 miles of Sherman County road for paving under the newly proposed State-County paving program.

If the highway commission grants designation of the roads, road boosters will immediately ask for an election for passage of bonds to complete the paving project.

Represented School At Coronation

Miss Rosemary Keener and Phillip Bain represented Stratford Schools at the crowning of the personality king and queen of West Texas State College in Canyon Thursday of last week.

Neal Jackson, a senior at the college, was one of the contestants in the personality king contest.

Mrs. Boren Hostess To Kerrick Club

The Kerrick Home Demonstration Club met in the home of Mrs. Allen Boren Friday of last week. Three members and one visitor were present. Two members gave their experiences in making yeast breads.

It was decided to have a covered dish supper at the Murdock school house March 18th. Mrs. Fred McDaniel was elected as a delegate to the district meeting.

Miss Stinson, home demonstration agent, did some pruning and made some cuttings that were given to the members.

Refreshments were served to Mesdames Sam Roach, Bill Johnston, Pete Eden, Miss Corinne Stinson and Mrs. Allen Boren.

The club meets the second Friday in April with Mrs. Bill Johnston.

Christian Ladies Met Wednesday

Ladies of the First Christian Church met Wednesday at 1:00 o'clock for a luncheon with 21 present. After the luncheon the following program was given.

The president called the meeting to order and Mrs. R. C. Buckles conducted the program on China as follows:

A musical number of Chinese music was played by Mrs. J. R. Pendleton as the opening number.

Song: "Jesus Saves." Prayer: Mrs. Reaves.

Devotional: Mrs. Frank Judd. Talk by Mrs. R. C. Buckles, subject: "The Will of the Chief."

"The Church and the Modern Chinese," by Mrs. Everett Palmer.

"Sixtieth Anniversary of the University of Nanking," by Mrs. Elmer Hudson.

Song: "Faith of Our Fathers." Following the program a business meeting was held and a letter was read from a missionary to China, Mrs. Glen Adsit.

The meeting was closed by the Missionary benediction.

Mrs. John Knight conducted a Bible study course following the meeting.

Mrs. Foster Hostess To Inter Se Club

To show her appreciation for invitations to the Inter Se Club of which she is not a member, Mrs. Agnes Foster graciously entertained the club Friday. Several other guests were also invited which completed five tables of "42." Lovely refreshments were served and an afternoon of enjoyment was reported.

Street cleaners are sometimes known as white wings.

THE STRATFORD STAR

No. 24.

Scouts And Parents In Joint Meeting

A joint meeting of boy scouts, their parents, and sponsoring committees was held in the American Legion Hall Wednesday night of last week.

Pins were presented to the scouts as a part of their program in the "Crusade of Liberty" drive.

Games were played in which both scouts and adults participated.

Plans are being made for joint sessions to be held at least once each month.

Offensive Pens Classified As Public Nuisance

Notice is being given by the City Council that effective April 12 parties allowing pens to be kept in the city limits which may be classified as unhealthy or offensive shall be deemed as a public nuisance. Those having such pens at the expiration date of this notice will be subject to prosecution under Chapter 2, Article 17, of the penal code.

The council order was dated March 12 and will be effective at the end of 30 days.

Mrs. Price Hostess To Bridge Club

Mrs. W. N. Price was hostess to the Thursday Bridge Club Thursday afternoon of last week in the home of Mrs. C. T. Watson. The entertaining rooms were decorated with gladioli. Refreshments of a delicious salad course were served. Corsages were given as plate favors to Mrs. Peach Smith, Mrs. Floyd Wington, Mrs. Kenneth Kendrick, Mrs. Jim Taylor, Mrs. E. O. Palmer, Mrs. Claude Sloan, Mrs. Leslie Parker, Mrs. Joe Doby, Mrs. Earl Riffe, Mrs. Hose Flores, Mrs. C. T. Watson, and the hostess, Mrs. W. N. Price.

Mrs. J. G. Cummings Honored On Birthday

Mrs. J. G. Cummings was honored Wednesday night of last week with a birthday dinner given in the home of her daughter, Mrs. Ralph Harding. Other guests enjoying the occasion were Mr. and Mrs. Ernest Cummings and family, Mr. and Mrs. Harold Cameron, J. G. Cummings, Mrs. Agnes Foster and the hosts, Mr. and Mrs. Ralph Harding and Dorothy Nell.

Mrs. Richardson Entertains Friends

Mrs. J. W. Elliott was an honored guest at a luncheon given in the home of Mrs. J. K. Richardson Tuesday. Other friends who were invited and enjoyed the luncheon and visit were Mrs. D. L. Buckles, Mrs. C. R. Foster, and Mrs. Tim Flores.

Best Yet Club Met Friday

The Best Yet Home Demonstration Club met Friday at 11:30 A. M. in the home of Mrs. R. O. Dickson. After a delicious luncheon was served Miss Dorothy Dixon gave a demonstration of "hide and play in your backyard."

Those present at the meeting were Mrs. Ben Biddy, Mrs. Earl Bond, Mrs. Delbert Cummings, Mrs. Leon Guthrie, Mrs. Lorel Halle, Mrs. Jim Taylor, and Miss Dixon.

The next meeting will be March 25 at 11:30 A. M. in the home of Mrs. Walter Pendleton.

Didactic poetry is instructive or moral poetry.

Legion Post To Be Honored At Convention

Howard Norvell Green Post of the American Legion will lead the big parade on Saturday, April 9, at the 19th District Convention of the American Legion.

They received this honor for having been the first post in the district to reach their membership quota.

Bill McCraw will attend the spring convention of the 18th district which will be held in Shamrock April 9 and 10. McCraw will be the principal speaker at the Sunday morning meeting and will dedicate the beautiful new home of the Shamrock Legion Post.

William "Bill" McCraw is a native Texan, having been born in Dallas County in 1897. He studied for the state bar examinations and was admitted to the bar at the age of 19.

In World War I, he enlisted and became a lieutenant in the 132nd Machine Gun Battalion of the 36th Division. He returned from the war to become a charter member of John Low-Joe Smartt Post No. 53, Dallas, and began the practice of law. He was elected district attorney of Dallas County and served three terms.

From there, he was elected attorney general, serving two terms. Between the World Wars he became a pilot and joined the Army Air Corps Reserve. He was called out early in World War II and served more than five years. He served in both the European and Pacific theaters and was awarded the Bronze Star for participation in the battle of Iwo Jima. He was a full colonel at the end of World War II.

He returned to Dallas to the practice of law. He was elected Department Commander of the American Legion at Corpus Christi last September. He is also executive director of the variety Clubs of America. He is married, has no children and is a member of the Baptist Church.

County Gets One Drilling Location

Sherman County was designated for another drilling location of the Magnolia Petroleum Company this week.

The Magnolia Petroleum Company Bradley No. 1 is located 1,320 feet from the south and east lines of section 2, Block 2 PSL. This location is 18 miles south of Stratford.

'49 Plymouth Placed On Display

The 1949 Plymouth is being shown by Garrison Motor Company this week. Throughout the new Plymouth is streamlined. Bodies are lower and narrower but seats are wider and the car has more headroom. Over all dimensions have been reduced but the wheelbase has been extended to 118 inches and horsepower raised to 97. Fenders flowing into the body of the car may be removed for ease in repair.

The main bone of the lower leg is called the tibia.

Independents Won Guymon Tournament

Stratford's Independent Basketball Club has scored another victory that can be considered a credit to the athletic ability of the territory.

The Independents claimed top honors of the Independent Tournament at Guymon March 9, 10, 11, and 12. They defeated Texhoma 62 to 37 on Wednesday night. By defeating Boise City 54 to 35 Friday night they were advanced to the finals. Saturday night they met the Hammond Hot Shots of Goodwell, who, though offering pretty stiff competition, were not hot enough to attain their goal. The tournament prize of \$50.00 was won by defeating the Hot Shots 44 to 39.

The Independents express their gratitude to the many fans who accompanied them to Guymon and offered fine moral support, and to all those whose assistance throughout the season has helped to make the club a success.

Conference Baseball Games Start March 25

Stratford's first high school conference baseball game will be played March 25 at Stinnett. The opening game of the double-header will be commenced at 1:30 P. M.

Star Club Reports Meetings

The Star Home Demonstration Club met with Mrs. Kenneth Borth Tuesday of last week at 11:30 A. M.

Mrs. Alfred Pronger gave a report on "Don't be ashamed to cry." Mrs. J. W. Smith spoke on "The simple art of writing letters."

Plans were discussed for a box supper to be held March 25 at 7:30 P. M. in the home of Mrs. Roscoe Dyess to raise funds for the club.

Those present were Mrs. Harold Oquin, Mrs. S. J. Lavake, Mrs. Raymond Keener, Mrs. Webb Whorton, Mrs. Alfred Pronger, Mrs. I. D. Wall, Mrs. Roscoe Dyess, Mrs. J. W. Smith, Mrs. Art Ross, and the hostess, Mrs. Kenneth Borth.

The club adjourned to meet with Mrs. Harold Oquin Tuesday, March 22, at 11:30 A. M.

"Don't let the decorator pick your pictures," Miss Dorothy Dixon told Star Club members and visitors who met in the home of Mrs. Tommy Wakefield February 22 at 11:30 A. M. She gave a demonstration on "wall personality."

Those present were Mrs. John Lavake, Mrs. Oma Ellison, Mrs. Luther Browder of the South Side Club, Mrs. Ralph Keener, Mrs. Harold Bennett, Mrs. Webb Whorton, Mrs. Alfred Pronger, Mrs. Roscoe Dyess, Mrs. Kenneth Borth, Mrs. Shuler Donelson, Mrs. Raymond Keener, Mrs. J. W. Smith, Miss Dorothy Dixon, Mrs. Herman Lavake, a guest, and the hostess, Mrs. Wakefield.

Mrs. Brewer Brought Home From Hospital

Mrs. Doss Brewer, hospitalized in Northwest Texas Hospital Thursday of last week, was brought home Monday by her husband, Doss Brewer, and her father, L. E. Brannan.

340 Attended John Deere Day Program

340 guests were fed at the unch hour at the Bennett Implement Company Saturday afternoon. The guests were later entertained with a theatre party at the Roxy Theatre.

Freshmen Won Dalhart Cage Tournament

Stratford Freshmen, a team composed of Bobby Lovelace, Tommy Wakefield, Carroll Reed, Fred Green, Billy Keener, Don Knight, Bill Riffe, Charlie Boren, Greg Whatley and Richard Perkins, won the boy's division of the junior invitation basketball tournament held at Dalhart Friday and Saturday of last week.

A beautiful trophy was presented to the team and gold basketballs were given to members of the first string.

The Freshmen won the final game of the tournament from Sunray by a score of 43 to 20. Lovelace was high point man with 12 points.

In their first game the Freshmen defeated Texline 41 to 13. Boys Ranch fell to the Freshmen in the second game 31 to 20. Tommy Wakefield was high point man with 8 points.

In the third game the Freshmen were matched with the Eighth grade boys of their own school. They won over the grade team 34 to 18. Carroll Reed was high point man with 10 points, Lyall Wakefield followed with 8 points.

Stratford's junior girls lost their first game of the tournament to Channing by a score of 23 to 24.

Eighth graders won over Channing 29 to 24. Lyall Wakefield was high point man with 11 points. They were later defeated by the Freshmen of Stratford High School.

Mrs. Ellison Hostess To South Side Club

South Side Home Demonstration Club met with Mrs. Oma Ellison Thursday of last week. After a business meeting led by the president, Miss Dixon, county home demonstration agent, gave a very interesting lesson on "Shrubs for year around color," and "outdoor living room." This was a very good lesson and enjoyed by all.

Some time was spent on the making of table lamps.

Those who enjoyed the afternoon were Mrs. Arthur Cartrite, Mrs. Guy Sweny, Mrs. M. Sweny, Mrs. John Lavake, Mrs. T. F. Baskin, Mrs. Luther Browder, and three guests, Mrs. Mac Carter, Mrs. Ridley, Mrs. Tommie Frank Baskin, and the hostess, Mrs. Ellison.

The next meeting will be March 22 with Mrs. T. F. Baskin, Sr.

Attended Sorority Dinner

Mrs. A. W. Allen, Mrs. Hilma Cleveland, Mrs. C. D. Holmes and Mrs. Alma Perkins represented Stratford at the initiation service and dinner of the Gamma Ki Chapter of the Delta Kappa Gamma meeting in Dalhart.

The theme for the meeting was "Honoring Our Founders and Retiring Teachers."

John Haney Buys Thompson Residence

John Haney has purchased the Theo Thompson residence in the north part of Stratford. Mr. and Mrs. Thompson left Sunday for Cheyenne Wells, Colorado where they will make their home.

CARD OF THANKS

Thanks to all of you for the beautiful flowers sent to me while I was in the Dumas hospital with pneumonia.

Mrs. E. M. Simpson.

League Track Meet Set For April 1st

April 1 has been set as the date of the interscholastic league track meet which will be held at Stinnett instead of Gruver as had been formerly planned. High school athletes are in training for this event.

Dial System Is Being Installed

Dial telephone equipment of the latest and finest type available is being installed in the newly completed dial exchange building by three factory representatives of the Stromberg Carlson Company District Manager T. M. Rogers of the Southwestern Associated Telephone Co. reported at the meeting of the Stratford Lions Club Monday night.

City officials have been assured that every citizen applying for a new phone will be supplied with one when installation of the new system is completed.

Rogers states many citizens who think they have placed applications for new phones may be disappointed to find that no application is on record. With the change of operators and records many of these applications have been lost.

Citizens who desire telephones should check with the local operator to see if they have an application on file at the present time.

With the establishment of Street markers which is rapidly being completed by the Stratford Lions Club, City Councilmen look forward to the numbering of houses of the residential section and business buildings.

It is hoped that this new venture may be completed in time for the listing of addresses as well as new telephone numbers in the contemplated new telephone directory.

Completion of such a civic venture will establish essential information to direct those not familiar with the city to any location they wish to find.

Kings In Car Wreck Monday

Mr. and Mrs. A. L. King and their son, Lloyd, suffered abrasions and contusions Monday morning when the car in which they were riding flipped over as the wheels struck a stretch of pavement covered with ice on U. S. 287 south of Dumas.

Mr. and Mrs. King were taking Lloyd to Amarillo for his return to Lexington, Missouri, where he is a student in Wentworth Military Academy.

The pavement had been dry until they neared the top of the long hill just south of Dumas. Two car passing over the road ahead of the King car managed to top the hill before their drivers lost control.

Offer Training Courses For Bricklayers

ARLINGTON — With skilled bricklayers earning from \$20 to \$30 per day, and up, and a prospective demand for hundreds of new bricklayers for years to come in the nation's efforts to catch up on the national housing shortage, North Texas Agricultural College at Arlington, is pioneering a

new educational field by offering young men of Texas an opportunity to learn the fundamentals of bricklaying in an intensive eight week's vocational course. The first experimental class, with 15 students, was carried on last fall, with the cooperation of a group of contractors and builders in the Dallas-Fort Worth area, and it was so successful that the college immediately made plans for continuing the training indefinitely to meet the widespread demand for prospective

students. A second class was begun early in February, and a third will get under way about April 1. Applications are now being received from young men with high school education, preferably between 18 and 25, for the April class.

The training is all practical, the boys are given a set of tools, and under the guidance of an expert bricklayer mechanic-teacher, who has many years of experience working at the trade and training apprentices, they actually work at laying brick eight hours daily, five days a week. They first learn simple operations, the handling of tools, brick and mortar, and then begin constructing veneer walls, masonry walls, and later small structures such as cisterns, barbecue pits, columns, chimneys, etc. They also learn to handle clay tile and other clay masonry products commonly used in construction work.

The school is conducted at the College plant at Grand Prairie, where buildings formerly used by the Navy are available for use as class-rooms and dormitories. Room and board are made available to boarding students in bricklayer training at a nominal cost, and the only charge for the instruction is a nominal registration fee required by State law, as all tools and materials are furnished without cost to the students.

The first class of boys during their eight weeks of training, completed the work of veneering a large house under construction in Dallas within a few days, and contractors who inspected the work declared it the equal of that produced by bricklayers with long experience.

"We have a very heavy demand for enrollment in these courses," said Roy Burdett, Head of the Engineering and Trades Department of the College, "and prospective students who are interested in enrolling in the April 1 or later classes should contact the Engineering and Trades Department at North Texas Agricultural College, Arlington, at once for reservations."

The largest church in the world, the Cathedral of St. Peter at Rome, is 636 feet long.

Childhood Diseases Spreading

Measles and chickenpox have been widespread throughout the State during the past few weeks, and in the week ending March 5 measles reached a total number of cases, 3,909, that was the second highest in history. Chickenpox was almost twice the seven year median, and Dr. Geo. W. Cox, State Health Officer has stated that there is an unusual

number of adults suffering from this so called "childhood" disease. "Both diseases are extremely contagious," Dr. Cox said, "and the strictest isolation and sanitation precautions are necessary to halt their spread. Dishes, toys, towels, or anything that has been around the patient can carry the germs to other members of the household, and all such articles should be thoroughly disinfected before being handled by others susceptible to these diseases." Dangerous complications often accompany or follow measles, and a child may have his entire

future health endangered unless he receives competent care during his illness.

NOTICE

Stratford, Texas
March 12, 1949.
By order of the City Council of the City of Stratford, Notice is hereby given that if any person in this town shall keep or cause or allow to be kept any lot, pen, place or premises owned or controlled by him as agent, tenant, or otherwise in such manner or condition as to be unhealthy, injurious or offensive to others he shall be deemed guilty of a nuisance: (Chapter 2, Article 17 of the penal code). All persons are hereby warned

that on and after the expiration of thirty days from the date of this notice the above will be put in force.

Eye, Ear, Nose, and Throat

Dalhart — Texas

breaks and ornamentals, says Sadie Hatfield, extension landscape gardening specialist of Texas A. & M. College.

But she admits there's a trick to it. The secret of success is in properly collecting and storing rain water in the soil for the trees to use. Terraces and contours should be constructed so as to collect and hold the moisture which falls throughout the year. And the terraces may be built any time you can get around to it.

Soil is the most natural, the easiest and the best place to keep water for growing trees in the Panhandle, the plains, and in all the drier regions of Texas, says Miss Hatfield.

She goes on to say it is true that

three or four acres of soil may be needed to produce one acre of trees, because it's necessary to take rainwater from nearby soil in order to give a tree, or a group of trees as much as two or three times the annual rainfall of a semi-arid region.

That's where terracing and contouring come into the picture. These practices, long recommended by county agricultural agents, can bring about a diversion of water in almost any area selected for trees.

Among the trees which are being grown successfully, and have been grown for more than 10 years, by landscape garden demonstrators in the Panhandle and on the plains are black walnut, red cedar, osage orange or bois d'arc, green ash, desert willow, hackberry and honey locust, says Miss Hatfield.

Also grown in these and the drier regions of the state are tree jujube, mulberry, Russian olive, salt cedar, wild plum and Chinese elm.

There's a trick to it, but trees can be grown in any Texas county.

Dalhart, Texas

The cost of operating farms and ranches in this country in 1948 amounted to more than the gross farm income of all our farms and ranches in any year prior to 1942.

Say You-Saw It In The Star

OUR TAX BILL WAS BIG TOO

IN MANY TOWNS we serve, Southwestern Public Service is the largest tax payer. Just as many other tax paying citizens we pay each year municipal, county, state and federal taxes.

Most of these tax bills have gone up in the past several years as tax rates have risen, and as our investment in equipment has increased.

Despite increased expenditures for taxes, wages and equipment, your Public Service Company is happy that it is still able to provide dependable electric service today at lower cost than ever before.

Away With Windburn

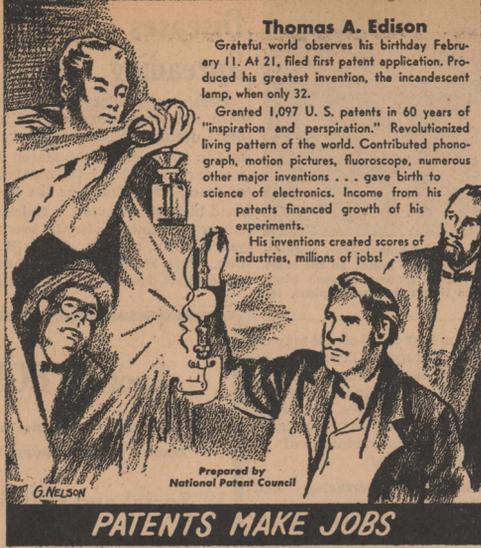

EYES THAT BURN after a day out in the wind may be refreshed in this easy way: Lie down, feet propped higher than head. Place on your closed lids sterile absorbent cotton balls moistened in warm water or boric acid solution. Relax completely for a quarter of an hour.

Farmhouse Plans Available

Thirteen up-to-date farmhouse plans, every one designed to give farm families comfortable and efficient surroundings, are pictured and described in a new U. S. Department of Agriculture bulletin, "Farmhouse Plans for the Northeastern States." W. S. Allen, extension agricultural engineer-buildings of Texas A. & M. College, says that county home demonstration agents now have the bulletin in their offices. These 13 houses are adapted to most Texas conditions. Since a farmhouse is a combined home and work center, the designers have seen to it that each house has outstanding features that farm families want and need. Included are: rooms planned for

Inventions That Serve You

Thomas A. Edison

Grateful world observes his birthday February 11. At 21, filed first patent application. Produced his greatest invention, the incandescent lamp, when only 32.

Granted 1,097 U. S. patents in 60 years of "inspiration and perspiration." Revolutionized living pattern of the world. Contributed phonograph, motion pictures, fluoroscope, numerous other major inventions . . . gave birth to science of electronics. Income from his patents financed growth of his experiments.

His inventions created scores of industries, millions of jobs!

Prepared by National Patent Council

PATENTS MAKE JOBS

family work and living; space for eating in the kitchen; a place near the back door for the men to wash and hang work clothes; indoor traffic routes that do not cross busy work areas; adequate storage space for food and fuel; and ample closet space.

Every house, adds Allen is designed plan provides for at least one bathroom.

These plans are the product of the Regional Plan Services. This is a cooperative arrangement between the U. S. Department of Agriculture and the states in a region. They work together in developing plans for farm buildings that are suitable for the region. The 13 farmhouse plans for the northeast were developed by three agencies in the Department, the Bureau of Plant Industry, Soils and Agricultural Engineering, the Bureau of Human Nutrition and Home Economics, and the Extension Service, and twelve Northeastern States cooperating.

Junior Gardeners Will Compete For \$6,000 In Awards

A new production for Texas junior vegetable gardeners, with \$6,000 in awards, has been announced by Chesley Hines, extension horticultural specialist, Mississippi State College, southern regional chairman of the National Junior Vegetable Growers Association.

In announcing the ninth annual production-marketing contest, Hines pointed out that all Lone Star State boys and girls between ages of 14 and 21 are eligible to compete for A & P Food Stores' \$6,000 in agricultural scholarships. He added that such a program should be of particular value and interest to youthful gardeners of Texas where more than 384,000 farms in 1948 marketed crops valued at approximately \$1,082,200,000.

The regional chairman also pointed out that such activities among the young farmers of the state are becoming increasingly important in view of the ever-growing population resulting in demands for more and better food. He cited recent estimates

indicating the nation has 148,000,000 people to feed now, as compared with 130,000,000 in 1940. He also pointed out that the average American is eating about 15 per cent more food than in pre-war years.

"In view of the above," Mr. Hines said, "it is more and more important that our young farmers learn as much as possible a-

bout improved production and more efficient marketing methods. The program of the National Junior Vegetable Growers Association provides them with that opportunity."

All youths can enroll through their local 4-H Club leaders or agents, their instructors in vocational agriculture, or by writing

directly to Mr. Hines at the Mississippi State College, State College, Miss.

Texas winners in the 1948 production contest were: Doris Marie Prater of Lubbock; Sally Jane Fitzgerald of Chireno; Myrlos Waters of Rio Hondo; and Margie Fogle and Josie Slaught-ter, both of Marshall.

See this new Maytag Dutch Oven Gas Range

Cooks either automatically, or as a conventional gas range. Also gives you the never-equalled flavor and excellence of famed Dutch Oven cooking

As a conventional range, you'll find many important, modern improvements, such as the speedy, heat-focusing, gas-saving Spiral Flame burners. And you'll like the ease of cleaning; range top and burner bowls are stamped from one piece of gleaming white porcelain.

Large oven cooks automatically, or by usual methods. Dutch Oven method cooks a whole meal, automatically, while you're away. Heavy insulation holds heat in - keeps kitchen cool. Only Maytag Dutch Oven Gas Range automatically turns off the gas and keeps right on cooking.

RUSSELL BEALL, Proprietor

"We get faster handling of larger payloads

...with our new 145-horsepower Ford Model F-7 BIG JOBS!"

THE ACTUAL operation cost for our fleet of Ford F-7 Big Jobs is the same as the two-ton trucks they replaced, but we get faster handling of larger payloads," reports Mr. H. B. McCuiston of Beaumont, Texas. "We find our new 145-horsepower Ford Model F-7 Big Jobs are more versatile, more capable. They are far superior to the two-ton trucks."

Sensational reports on the new F-7 and F-8 Ford Big Jobs are coming in from everywhere. Men who know trucks claim 6,000 miles per month, for months on end, with no time out . . . gross loads of 50,000 lbs. . . power that leaves other trucks eating dust . . . passenger-car type of driving ease and comfort . . . gasoline economy that even smaller two-ton trucks cannot excel on comparable runs. Come in and let us give you more facts on the Mr. Big of big-time trucking—the Ford Big Job.

Ford Model F-7 Big Job shown has Gross Vehicle Weight rating of 19,000 lbs.; Gross Train Weight rating of 35,000 lbs. as a prime mover.

- ★ Brand New 145-Horsepower Ford V-8 Truck Engine
- ★ New Heavy Duty Quad-axle Axles; Single-Speed on F-7 and F-8 or Two-Speed on F-8
- ★ Big Tires; up to 10.00-20 on F-8, up to 9.00-20 on F-7
- ★ New Heavy Duty Five-Speed Transmissions
- ★ Big Rear Brakes, Power Actuated, 16-in. by 5-in. on F-8
- ★ Built and Warranted for the following ratings:

| | Gross Vehicle Weight | Gross Train Weight |
|--------------|----------------------|--------------------|
| '49 FORD F-7 | 19,000 lbs. | 35,000 lbs. |
| '49 FORD F-8 | 21,500 lbs. | 39,000 lbs. |
- ★ Nationwide Service From Over 6400 Ford Dealers

LACKLAND AIR BASE, TEXAS — (Soundphoto) — The first peacetime influx of lady recruits is shown arriving at the Lackland Air Force base with their duffie. Shortly after this photo was made they were "processed," and started on their 11-week training grind to convert them into full-fledged Air Force women. Biggest part of the processing was the trimming of civilian locks to conform to Air Force regulations.

Sports Afield

(By Ted Kesting)

Within the last half century, hunting has become a mass pastime to a greater extent than ever before in this country. Likewise, sport fishing has increased by leaps and bounds. Along with this increase, there is much evidence to indicate a decline in the average level of sportsmanship.

This decline in standards of conduct among sportsmen is a serious matter writes Dr. Ira N. Gabrielson in his forthcoming book "Wildlife Management." Dr. Gabrielson is president of the Wildlife Management Institute and formerly was head of the U. S. Fish and Wildlife Service.

He remarks that there are many different opinions as to what constitutes good sportsmanship, but all definitions should include some, if not most of the following:

Shoot only when the game is clearly visible. Observance of this rule would eliminate accidents that occur each year.

Shoot only when game is within range. Every man who goes into the field with a gun should know accurately its range and pattern.

Shoot only at individual targets. Don't shoot blindly into a flock of birds. If the majority of gunners would follow this practice, crippling losses could be greatly reduced.

Take only what can be used. Too many sportsmen like to play Santa Claus by bringing home

Win Texas 4-H State Championships

TEXAS' 4-H State winners in the 1948 Dress Revue, Food Preparation, Girls' Record and Home Improvement programs, who each received an all-expense trip to the 27th National 4-H Club Congress in Chicago, and brief outlines of their records follow:

In recognition of what she has learned in 4-H Club work about all phases of homemaking, Lois Wilson, 16, of Morton, has been named State winner in the 1948 National 4-H Girls' Record program. She helped raise 1,250 fowl and sell eggs, and canned 2,023 quarts of fruit and vegetables from the family garden. To beautify her home she repaired the fence, cared for the lawn and planted flowers. Lois makes all her own clothes. She has served her club as secretary, president, and is junior leader. Lois has been awarded an all-expense trip to the National 4-H Club Congress, Chicago, provided by Montgomery Ward.

Lois Wilson

Shirley Moore

Dona Hendry

Jolene Campbell

If you visited her home in Moore, you would readily see why Shirley Moore, 15, has been named State winner in the 1948 National 4-H Home Improvement program. Shirley has remodeled a narrow clothes closet into a linen closet, put new linoleum on the floor, varnished and covered a rocking chair, and sawed the posts of her bed to make it Hollywood style. Shirley helped upholster a studio couch and the chairs for the living room. She also helped in painting the bathroom and kitchen. In recognition of her achievements, The Sears-Roebuck Foundation is providing Shirley with an all-expense trip to the National 4-H Club Congress, Chicago.

Preparing tasty, nutritious home meals is an art, well mastered by Dona Hendry, 15, Blackwell, who has been named State winner in the 1948 National 4-H Food Preparation program. Donna has prepared and served 4,889 meals and 2,217 separate dishes during her eight years as 4-H member. She has also completed 63 projects, canned 2,345 quarts of food, raised 1,330 chickens, and 57 hogs, calves, and sheep. She has held every office in her club and was also county president. She is now an assistant leader. The income from her 4-H projects amounts to \$4,566. As a recognition of her 4-H achievements, Donna was awarded

an all-expense trip to the National 4-H Club Congress, Chicago, provided by Serval, Inc.

For the skill and knowledge shown in the planning, selecting, constructing and assembling a wool dress with a topper which won first place in the state 1948 4-H Dress Revue, Jolene Campbell, 16, of Colorado City won a trip to the National 4-H Club Congress, Chicago. Her winning outfit is a winter green wool one-piece dress. For her topper she chose a plaid which repeats this winter-green with red and off white. It is double breasted with self-covered buttons and features a flaring back. Her accessories include a green cloth bag trimmed in gold, gold colored gloves, a brown felt hat and brown calf shoes. The cost of her complete outfit was \$31.00 including all accessories. State winners who participate in the National 4-H Dress Revue at Chicago will each receive a \$25.00 U. S. Savings Bond from Simplicity Pattern Company, which also provided the National Club Congress trips.

game or fish to distribute to their friends. Too often the gifts promptly find their way into the garbage can.

Don't be a limit hound. Give the game more than an even break. Those who handicap themselves by self-imposed rules have many thrilling memories which are denied those who measure success by the number of kills.

Practice the golden rule toward your fellow sportsmen and landowners. Land posted against hunting and fishing is the nor-

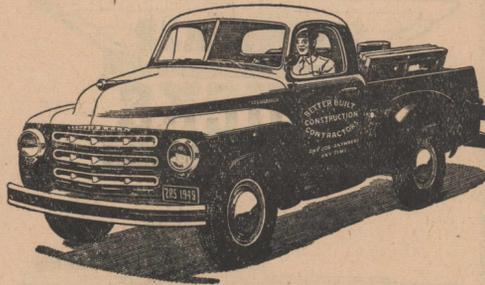

mal reaction to the ignorance, boorishness and stupidity, not to mention criminality of those who cut fences, trample crops, shoot livestock, and sprinkle farm families and homes with shot in their selfish anxiety to get the last possible individual bird and animal.

Sportsmen themselves have taken the lead in pushing legislation designed to conserve wildlife. Unfortunately many fish and game officials have been too busy with fascinating new problems to realize that certain basic

Revolutionary new trucks! New in design and value!

STUDEBAKER '49ERS CUT HAULING COSTS

Top payload per truck! Top mileage per gallon!

- America's best looking and finest new trucks! Outstanding in streamlined distinction!
- Big, completely equipped, weather-tight cab—head room, leg room, hip room to spare—foot-controlled "air scoop" ventilation—amazing new wide-range visibility!
- Time-saving new "lift-the-hood" accessibility—engine, ignition, instrument panel wiring within easy arm's reach!
- New spring design provides a ride that's a marvel of comfort, loaded or empty!
- New structural ruggedness—exceptional operating economy—contribute to lower hauling costs!

T. O. C. Motor Co.

necessities such as law enforcement have been neglected. Selling higher standards of sportsmanship to those who buy licenses would bring great returns in better-satisfied hunters, and at the same time lessen the difficulties of managing wildlife resources.

Mrs. L. A. Winningham, who arrived here March 5, is ill in the home of her parents, Mr. and Mrs. J. B. McWilliams.

Mr. and Mrs. H. L. Schmitt and son of Des Moines, New Mexico were week-end guests of Mr. and Mrs. A. L. Sutton.

Happy Landing

"Say Roger!" This is the signal for taking off familiar to these three young pilots from different parts of the country who have landed in Chicago's great medical center. Anne, Jean and Marion, flying in civilian patrol during the war, have many solo hours to their credit. At Cook County Hospital in Chicago, said to be the largest institution of its kind in the world, they are now busy piling up hours of nursing duty for their future careers.

At Cook County School of Nursing the student nurses form their own governing body in cooperation with the school faculty, and combine hard work with a balanced time for recreation and their individual hobbies, of which there are many.

Before becoming pilots these girls were active in the work of the 4 H Clubs. Spring class opens at Cook County on March 22 and two courses are available: A three year course and a combined college and nursing course which takes five years and leads to a college degree and a diploma in nursing as well. The director is receiving applications at 1900 West Polk Street, Chicago.

PHILIP D. WAGONER, chairman of the board and chief executive of Underwood Corporation, receives the honorary degree of Doctor of Engineering from his alma mater, Stevens Institute of Technology. Dr. Harvey N. Davis, Stevens' president is shown making the presentation at their mid-winter commencement.

Mr. Wagoner, when he was gradu- ated from Stevens as a mechanical engineer in 1896, prepared a type- written thesis, then a very unusual and perhaps intuitive act, for years later he became the chief executive of the firm which developed under his direction into the largest type- writer and accounting machine manufacturer in the world.

whose first or given name is un- known, G. R. Roush, his wife, Mrs. G. R. Roush, whose first or given name is unknown, and all persons claiming any title or in- terest in the land hereinafter described under the deed from E. E. Allen and wife, Sarah S. Allen, to Edward M. Nolen, Trustee, of Cook County, Illinois, dated Feb- ruary 25, 1908, and recorded in the Sherman County Deed Re- cords, Vol. 11, page 552, and all persons claiming any title or in- terest in the land hereinafter de- scribed under the deed from Ed- ward M. Nolen, Trustee, and wife, Sue G. Nolen, to Oren E. O'Neal, Trustee, of Cook County, Illinois, dated October 29, 1908, and re- corded in the Sherman County Deed Records, Vol. 12, page 607, and all of the heirs and legal re- presentatives of each and all of the defendants above named or otherwise identified, if deceased, and their heirs, GREETING:

YOU ARE COMMANDED to appear and answer the plaintiffs' petition at or before 10:00 o'clock a. m. the Monday next after the expiration of 42 days from the date of issuance hereof, same be- ing Monday the 4th day of April, 1949, before the Honorable Dis- trict Court of Sherman County for the 68th Judicial District of Texas, at the Courthouse in Stratford, Texas.

ford, Texas. The polls shall be opened at 8:00 o'clock A. M. and shall re- main opened until and be closed at 7:00 o'clock P. M.

Arthur Folsom is hereby ap- pointed Presiding Judge to hold the election.

Passed and approved by the Mayor and Council of the City of Stratford, Texas this 28th day of February 1949.

VAN B. BOSTON, Mayor, of the City of Stratford, Texas.

ATTEST:
W. F. Foreman, Secretary of the City of Strat- ford, Texas.

New Plymouth on Display

Plymouth's new special deluxe four-door sedan (above). Throughout the new Plymouth line beautifully streamlined bodies are lower and narrower, seats are wider and headroom greater. At the same time overall exterior dimensions are reduced, but wheelbase has been lengthened to 118 inches and glass area is increased. Horsepower is raised to 97. Although fenders flow gracefully into the body they are detachable for ease in repair.

New Plymouth Features Beauty, Performance, Safety and Comfort

Brilliant new styling is combined with outstanding riding comfort, in- creased roominess, and sweeping mechanical improvements in the new line of Plymouth automobiles. Completely redesigned, the new Plymouth has a longer wheelbase for a better ride and more road sta- bility, but less front and rear over- hang for easier parking and garaging. While the silhouette has been low- ered and the width decreased, there is more head and leg room and seats are wider. Typical of Plymouth's many refinements is the ignition- starter combination, with which a turn of the key starts the engine. The new Plymouths are sleek in appearance. New rear-end styling provides a graceful balance with the horizontal grille lines which empha-

size the broadness of the front. Fenders which blend perfectly into body lines are nevertheless separate and detachable, thus avoiding sheet metal panels so costly to repair or replace. The new Plymouth line includes nine distinct automobiles. Special deluxe and deluxe types are on a 118-inch wheelbase, one inch longer than last year's. Special deluxe models are: four-door sedan, club coupe, convertible club coupe and station wagon. In the deluxe group are the four-door sedan and the club coupe. In addition, Plymouth will build three deluxe models on a brand new 111-inch wheelbase, a two-door sedan, a three-passenger coupe, and a new body type, the Suburban. The 97-horsepower engine has im-

proved performance and efficiency with a new design cylinder head which increases compression ratio to 7 to 1. A new chrome plated compression piston ring reduces cylinder wear and provides greater protection during the break-in period. There are improved oil rings for greater oil economy, while a newly-designed intake manifold in- duces quicker, smoother engine warm-up and produces faster throttle response. Body styling which produces greater passenger room without ex- cessive bulk also increases visibility. V-type windshields have 37 percent more area and provide excellent vision without distortion. Wind- shield wipers clear 61.5 percent greater area and the rear window is 35.4 percent larger.

Said suit was filed the 18th day of February, 1949.

The file number of said suit is No. 1165.

The style of the suit if SALLIE JACKSON HEADRICK ET VIR V. T. B. WOODRIDGE ET AL, the plaintiffs are Sallie Jackson Headrick and husband, C. N. Headrick and the defendants are those above named or otherwise identified.

Such suit is the usual action in trespass to try title as heretofore prescribed by statute and now pre- scribed by the Rules of Civil Pro- cedure, alleging the ownership in fee simple and seeking the recovery by the plaintiff, Sallie Jack- son Headrick, in her own separ- ate right and for her own separ- ate estate of the title to and the possession of the following de- scribed tract of land in Sherman County, Texas, to-wit:

All of the Northwest Quarter (NW/4) of the Southwest Quar- ter (SW/4) of Section Four (4), Block Two-B (2-B), Galveston, Houston & Henderson Railroad Company Surveys, Sherman County, Texas;

alleging additionally that plaintiff, Sallie Jackson Head- rick, has title thereto under the three, five, ten and twenty-five year statutes of limitations; that the defendants actually own no interest therein and any appar- ent interest should be removed, so that the same shall not here- after constitute a cloud upon the title of the plaintiff, Sallie Jack- son Headrick; and seeking recov- ery of the title to and possession of the lands and premises above described, together with the re- moval of any apparent clouds upon the title of plaintiff, Sallie Jackson Headrick, damages in the sum of Five Hundred and no/100 Dollars (\$500.00), costs of court and general relief.

GIVEN UNDER MY HAND and the seal of said court at office in Stratford, Texas, this 18th day of February, 1949, and issued this same date.

(Seal) **LELAH BONEY**, District Clerk, Sherman Coun- ty, Texas.
2-24; 3-3, 10, 17.

Northern Town Warmed By Drift Currents

Hammerfest, on the island of Kvalø off the coast of Norway, is regarded as the most northern town of Europe.

Its latitude is 70 degrees 40 minutes north—about 10 minutes farther north than Point Barrow, Alaska. It is a prosperous city and has a normal population of several thousand.

In spite of its northern latitude, Hammerfest enjoys a comparatively mild climate; the average January temperature is a little below freezing and the harbor is always ice free; this is attributed to mild westerly winds, the drift currents of the Gulf Stream and/or those of the North Atlantic.

BACK ACHE TORTURE?

SORETONE Liniment's Heating Pad Action Gives Quick Relief!

For fast, gentle relief of aches from back strain, muscle strain, lumbago pain, due to fatigue, exposure, use the liniment specially made to soothe such symptoms.

Soretone Liniment has scientific rubefacient ingredients that set the glowing warmth from a heating pad. Helps attract fresh surface blood to superficial pain area.

Soretone is different! Nothing else "just like it." Quick, satisfying results must be yours or money back. 50c. Economy size \$1.00.

Try Soretone for Athlete's Foot. Kills all types of common fungi—on contact!

SAVE-A-DAY ROLLS

Make these delicious All-Bran rolls in a spare moment... bake them when you need them.

1 cup shortening
1/2 cup sugar
1 cup Kellogg's All-Bran
1 1/2 teaspoons salt
1 cup boiling water
6 1/2 cups sifted flour, or more

2 eggs, well-beaten
2 cakes compressed yeast
1 cup lukewarm water
6 1/2 cups sifted flour, or more

1. Measure shortening, sugar, All-Bran, salt, into large bowl; add boiling water, stir until shortening melts. Cool to lukewarm.
2. Stir in eggs and yeast softened in lukewarm water.
3. Add 1/2 the flour; beat "til smooth. Add remainder; beat until double in bulk.
4. Cover bowl closely. Refrigerate overnight or until ready to use.
5. Shape balls of dough to fill greased muffin pans about half full. Let rise in warm place about 2 hours or until double in bulk.
6. Bake in hot oven (425° F.) about 15 minutes. Yield: 3 1/2 dozen delicious rolls.

World's most famous natural laxative cereal—try a bowlful tomorrow.

Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

No Original Cattle Breeds in U. S.

Although the United States is a meat-eating nation and slaughter about 34,577,000 cattle and calves annually, it has produced no original breed of cattle. On the other hand, it has originated two breeds of horses and several breeds of pigs.

Since the beginning of America pure-breed cattle were imported for breeding purposes. Henry Clay imported the first Herefords to use on his Kentucky farm.

WEEKLY NEWS ANALYSIS
Truman Threatens to Take Battle On Legislative Program to People; MacArthur Sees No Russian Attack

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

TRUMAN: All Aboard!

President Truman, who obviously regards himself as the "man with a mandate," was tossing some not too subtle threats toward congressmen inhospitable to his legislative proposals.

Keep fooling with me, he said, in effect, and I'll hit the old stump again—and you know what that means.

The President meant that if congress didn't get about soon enacting into law the pledges he made to the people during the November campaign, he'd hit the trail again and take the issue to the people—the way Franklin D. Roosevelt used to do.

MR. TRUMAN apparently felt that by so doing he could whip public sentiment up to such a pitch that congress would be forced to go along with his program, or else face possible defeat in the 1950 elections.

Not having the vocal equipment of his predecessor, who could get esired results with his "fireside hats," Mr. Truman would have to limb aboard a train if he wanted to influence the masses.

Strangely enough, congress didn't seem unduly perturbed at the President's threat. Things went long in congressional procedure about as usual, with Republicans harghing that the 81st congress, while Democratic members were witing comparison with the "do othing" 80th congress.

IT WAS READILY evident that fr. Truman was needed by lack of congressional action on his program. Reiterating his campaign ledges of last fall, in which he deared the central issue was the welfare of all the people," Mr. ruman asserted that lobbyists, ressure groups, and controlled editorial pages, columnists and commentators were offering determined opposition to his legislative program.

"All we have on our side," he aid, "is the people."
Pointing out that he found on his campaign tour that the people of the nation are concerned about their government, Mr. Truman rmed that concern a "fine thing."
"I propose to do all I can to help along," he added. Then he hurled the threat: "In fact, I may even et on the train again and make anher tour around the country to ll the people how their government is getting on."

INFLATION: as Two Faces

Observers purportedly on the "inde" of things in Washington reard approval of the congressional mmittee on the economic report Mr. Truman's proposal for conols to ward off inflation—as lip rvice only and argue that none of the committee expect the proposal to win congressional favor. It was said the favorable committee report was made only to save face" for the President as e seeks to implement the pledges e made in his election campaign.

THE COMMITTEE vote, which ill send the measure to the floor of congress, was 7 to 4 for approval, id that came only after the proposals of the President had been ned down.

Critics of the Truman plan say poses the unique theory that the ountry is in the midst of an ination and deflation period at the me time—a condition admittedly ficul of comprehension.

APAN: eds Answered

The Russians had an answer to hat would happen if they ever oved on Japan.
Gen. Douglas MacArthur, in a ecial interview, declared that he id not expect any attack upon pan by the Russians, but if that rurred, "we," meaning the ited States, "should certainly deher."

ENTURES: ve Life

In Sault Ste. Marie, Ontario, orge Hatfield put the barrel of a 2 calibre rifle in his mouth and iled the trigger.
The bullet ran around the inside of his false teeth, came out his outh.
Dr. J. E. Grimby, who treated Hatfield for a cut tongue, said the man was alive because:
The bullet was 10 years old.
The false teeth were in its way.

Wins Film Award

Virginia Wave, Cathedral films' star, receives the annual award as the best actress of religious films from the American association of religious film distributors for her work in the film, "Simon Peter, Fisherman," in which she portrayed Concordia.

sian attack on Japan held a bizarre occupation force, how could the Soviets launch an attack of the Japanese without, in effect, making war on the United States?

But, General MacArthur evidently held the subject serious enough to comment about it.
"In case of another war, we do not want Japan to fight," MacArthur said. "Japan's role is to be the Switzerland of the Pacific," he explained.

THEN HE MADE a telling point in speculation of a Russian attack on Japan:

"Even if the Soviet government had aggressive intentions toward Japan, Russia would be incapable of carrying them out unless she could secure mastery of the air and either had a far Eastern fleet of her own or possessed the means of neutralizing any action by our fleet."

"Russia could not obtain air pre-dominance," he went on. "On Okinawa I had constructed at the end of the war 25 airfields with the capacity to dispatch B-29's, then our largest bombers, on 3,500 missions a day. The whole of eastern Asia from Singapore to Vladivostok would lie within range of those machines."

HE DID NOT point out that with development of the bombing arm of the air force since the war, even farther distances for bombing purposes could be covered by present-day missile carriers.

Of the function of Japan in the American strategy of defense, MacArthur said:
"We never intended to use Japan as an ally. All we want her to do is remain neutral."

UNIVERSE: No Limits?

Since the first man lifted his head and gazed in puzzled awe at a star-studded sky, mankind has been trying to discover the secrets of the universe.

To that end, the huge, 200-inch Palomar mountain telescope was built and put into operation.
But the telescope's first contribution to the sum of man's knowledge of the universe served only to deepen the mystery.

Astronomers using it found that there is no outer edge to the universe of stars, and the look they took was twice as far as man has ever looked before.

The astronomers got some pictures of nebulae a billion light-years distant and spaced about a million light-years apart. Each one is a world of stars, like the Milky Way. The star worlds are about uniformly spread up to the previous limits of sight, about a half-billion light years.

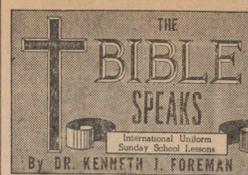

THE NEXT STUDY will be to find whether there is any thing of the celestial families as sight is extended outward.

One stunning fact the discovery brought home was that there is more than one star for every human being who ever lived. Nearly every star family, or nebulae, contains more than a hundred million individual stars.

Now it is science concurring in the psalm: "The heavens declare the glory of God, and the firmament showeth His handiwork."

Phone Aid Advances

A house subcommittee has approved a bill to let the government make loans for a vast expansion of telephone service to farm areas. The unanimous action came after the committee had adopted amendments aimed at protecting existing telephone companies and encouraging the development of rural telephones by private industry.
The bill authorizes REA to make 35-year loans at 2 per cent interest.

SCRIPTURE: Mark 6:7-12, 30-44; Luke 11:1-13.
DEVOTIONAL READING: Matthew 10:5-16.

Leadership School

Lesson for March 20, 1949

IT TAKES more than a call of God to be a Christian leader. It takes study, it takes work. The call is necessary, of course, but it is not all. Jesus set the church an example here as always. He called his Twelve; but he was not so foolish as to think that just because he had called them they were all ready to go out and take the lead. Jesus put them through what Dr. Foreman will be called the first Leadership Training School in the history of the Christian church.

Who Was Enrolled?

THE TWELVE Apostles were the training class. Not all Jesus' disciples were equal to it; perhaps some of them actually did not have the time. But these Twelve had already been set off from the others, not because they were better men, but in order to do more direct service in Christ's name. There was nothing formal about Jesus' training school.

It met wherever he was at the time—in a house, or by the roadside, or on a hill-top. There were no set hours, no textbooks, credits or diplomas.

Jesus kept it going to the very end, for even after the Resurrection, as Luke tells us (in Acts 1) he was still teaching his Twelve.

What Did They Study?

THERE WAS no printed circular, no bulletin, no prospectus or catalogue. All the "courses" amounted to just one thing: learning to do what Jesus was doing. To this day, that is the aim of all Christian training. Mark and Luke mention at least four things Jesus' training-school students learned from him: preaching, healing the sick, feeding the hungry, and praying. It would not be quite true to say that part of what they learned was spiritual and part practical, for there is nothing more practical than praying as Jesus taught it, and Jesus never ministered to people's physical needs without touching their spirits too.

Many a person now in some hospital for the insane need not have gone there if he had had the help that a well-trained minister can give.

Ministers today are not taught how to perform miracles like the feeding of the 5,000; but knowing that people's physical well-being has a great deal to do with their spiritual welfare, the alert young Christian minister of today will be keenly interested in Christian social action.

How Did They Learn?

THE TWELVE learned by doing. It is the only way you learn anything of a practical nature. Memorizing a textbook, memorizing rules, is not learning. You have learned how to do a thing only when you can do it. Of course you have to see it done, first. A boy on the farm learns to be a farmer by watching his father and helping him, more than from school courses in agriculture, useful as they are. There is nothing to take the place of apprenticeship under one who knows. So Jesus' Twelve watched him, listened to him, helped him, before they were trusted on their own.

Will It Still Work?

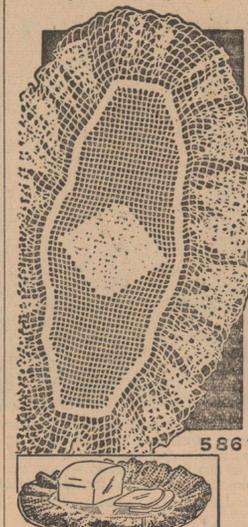

THE METHODS Jesus taught are just as effective today as they ever were. Not all churches nowadays follow his line to the letter; in fact, most churches do not. But the basic principles which Jesus drilled into his first traveling representatives are still good. One is faith.

Missionaries in the 20th Century are required to take a great deal more equipment with them to their fields than one pair of shoes, one cane and an empty purse. Yet who can deny that any missionary of any church, in China or in Korea today, must live by faith from day to day?

Another of Jesus' principles was direct contact. People are not won to Christ chiefly by sermons from pulpits, but by in-the-home contacts. Ministers know this, missionaries know it; Sunday school teachers ought to know it too. Getting acquainted with your boys and girls at their homes, and being a friend to them there, is what will give your Sunday teaching its greatest force and success.

Bread Tray Doily
This handsome bread tray doily is worked in filet crochet, is simple to make and generously sized. You'll have several done in no time—for gifts or to keep for your own use.

FIRST AID to the AILING HOUSE
by Roger C. Whitman

QUESTION: My basement floor was painted some time ago, but the paint has worn off and I would like to fix up the floor so that the youngsters can use it for dancing. Because of the expense involved I would prefer not to lay asphalt tile. As it is now, there is powder about one-quarter-inch deep over the whole floor and the surface is not smooth, but full of small pin-holes.

ANSWER: You can treat the floor and get a good job, depending on how much labor you are willing to put into it. I would suggest that you look forward to laying asphalt tile as soon as you can manage it, for the tile would be much more comfortable underfoot than concrete, if the floor is to be used for dancing. In the meantime, you can paint the floor with an appropriate paint with a rubber base.

El Martes Club Entertained Monday

El Martes Club met on Monday of this week in the home of Mrs. Lucy Kelp. There were guests to make four tables of '42". The guests were treated to a lovely lunch at the Drive-In Cafe.

A foot pound is the amount of energy required to raise one pound one foot.

Malone Placed On All-Border Cage Team

J. W. Malone, a student at West Texas State College, was one of a group of 13 men honored on the annual All-Border Conference basketball team.

A senior at the college, Malone has been one of the outstanding players in the Buffaloes' 24-game schedule this year.

The art of making fine glassware is the oldest industry in this country. Quality American glass is made entirely by hand. Each operation is performed by a skilled craftsman. The picture shows one of the final processes — putting on the delicate cut work which distinguishes much handmade American glass.

312,246 persons during the year.

Porter Routh, statistical officer of the Southern Baptist Convention, said that the baptism pushed the membership of the churches to 6,491,981. Sunday school enrollment jumped more than 300,000 during the year to bring the total enrolled in weekly Bible study to 4,308,374.

Gifts for all causes channeled through the churches reached \$156,605,521, a gain of almost \$25,000,000 over 1947. Of the total given, \$124,855,222 was used for local church work, and \$31,750,299 was used for missions, education, and benevolences.

Two Cases In County Court

Two cases have been brought before County Judge L. P. Hunter.

Joseph William Chapman, charged with driving while intoxicated, was fined \$100.00 and costs.

Harley Emory Lord, charged with transporting alcoholic beverages through a dry area, was fined \$100.00 and costs.

CARD OF THANKS
Please accept my thanks for the flowers and cards sent to me last week while I was in St. Anthony Hospital.
M. H. Harrison.

Three Cases In J.P. Court

Three cases have been settled in Justice of the Peace Court in Precinct 4.

Richard D. Thompson, charged with driving without a driver's license in his possession, was fined \$16.00.

James Edd Northcutt, charged with operating an overlength truck, was fined \$23.00.

A fine of \$21.00 for Dallam County, and a fine of \$12.00 for the City of Dalhart, was collected from Jack Frizzell.

North Phase New Street Lights Burning

The north phase of the new street lighting system in Stratford was turned on the latter part of last week. With completion of the south phase and about 10 additional poles the entire city will be served with street lights.

The additional lights will be installed to serve new homes in the residential district which have been built since the survey was made a year ago.

Farmer, 76, Makes Parachute Jump 'to Show Youngsters'

FOSSTON, MINN.—Walter Morgan, 76, a farmer who made a perfect parachute jump just "to show the youngsters what an old man can do," said he plans to do "more of the same."

"They'll have a tough time keeping me on the ground from now on," said Morgan.

The farmer planned the jump for more than a year, but was thwarted when pilots refused to take him up.

"I'd tried about everything else," he said. "It was the one thing left that I hadn't done."

Finally Paul Bjork, Minneapolis, agreed to take him up.

About 2,000 persons watched as Bjork and Morgan circled over Fosston at about 1,800 feet.

"I just sort of rolled out of the plane," said Morgan. "I didn't pull the rip cord right away because it felt so pleasant falling through the air."

Half way down he pulled the cord, the parachute blossomed out and he came down to what airmen testified was a perfect landing. His only injury was a slight cut behind one ear.

Bjork said Morgan was "cool as a cucumber."

"He even held the rip cord handle all the way down," Bjork said. "The darned thing costs \$8 and even some of the old hands throw it away after they've pulled."

Morgan had an explanation for his fine performance on his first parachute jump.

"That's what an old man can do if he leaves liquor alone," he said.
