

Crabtree And Glasgow Win National Wheat King Honors

Newton Crabtree has won the distinguished honor of being classified as the wheat king of the nation and Keith Glasgow ranks second as the reserve champion wheat king.

Crabtree won the honor at the Tri-State Fair with a sample of wheat of the Comanche variety raised on his farm near Kerrick.

Glasgow won second place with a sample of Westar wheat and also won 4th place with a sample of comanche and 8th place with a sample of Pawnee.

Newton Crabtree was presented with a first place trophy given by the Texas-Oklahoma Wheat Improvement Association and the Pillsbury trophy.

Keith Glasgow received the second place trophy of the Texas-Oklahoma Improvement Association and a gold letter plaque from the Dalhart Dairy.

Entries made by Glasgow were taken from strip plantings he made last year to determine the yield of the various varieties of wheat.

In judging wheat kernel characteristics and test weight control 25 percent of the points. Milling qualities are rated at 15 percent and baking qualities are credited with 60 percent of the available points.

Burt Murdock Is Midshipman At Columbia

Burt Andrew Murdock, son of Mr. and Mrs. Lyall Murdock of Kerrick, was sworn in as a Midshipman, USNR, in the Columbia University Naval Reserve Officers Training Corps.

He was one of thirty-one new students at Columbia who were welcomed into the 200-man NROTC unit during a ceremony on the Morningside Heights campus.

The local youth will be awarded his naval commission at the completion of four years of academic and service training. The award will be made at the same time that he is presented his bachelor's degree. Following graduation, the new ensigns will go on active duty for two years. At the completion of this duty, they will then decide whether to remain in service or revert to inactive duty.

During the coming four years, under the NROTC program, the midshipmen will have 3 hours a week of class room work, and two hours of practical work in naval subjects.

The commanding officer of the Columbia unit is Captain H. G. Moran, USN, Professor of Naval Science and one of the noted veterans of the fighting fleets of World War II. Until recently the commanding officer of the USS Little Rock, a light cruiser, Captain Moran wears the Silver Star for conspicuous gallantry and interdicted on the USS Hornet at the battle of Santa Cruz Island and the Presidential Citation for service on the USS Enterprise during the Guadalcanal campaign.

Southside H. D. Club Meets

The Southside Home Demonstration Club met in the home of Mrs. T. F. Baskin, II, Tuesday, September 27. Roll call was answered by a sewing hint. Mrs. T. F. Baskin conducted the business meeting. Plans were made to send another box to a French family. The layettes for the Navajo Indian babies were distributed to the club ladies to be made. Plans for achievement day were made. Mrs. T. L. Wakefield of the Star Club of Stratford reviewed the book, "Cheaper by the Dozen." Mrs. Lavake gave a report on her trip to the state meeting at Mineral Wells.

Refreshments were served to Mesdames E. W. Carter, Vernon Carter, T. L. Wakefield, visitors; T. F. Baskin, III, William Glenn Hart, John Lavake, Luther Browder, J. M. Carter, Meritt Sweny, by the hostess, Mrs. T. F. Baskin, II.

The next meeting will be with Mrs. John Lavake October 11. Every member is urged to attend.

"Open My Eyes that I May See," was the opening song, followed by prayer by Mrs. Opal Bryant.

The subject for discussion was "Our Life Together." A poem was given by Mrs. Ava Keener. Mrs. Frank Sutton spoke on the subject, "Our Work Together."

A special was given by Mrs. Bill Lowe, Mrs. Harmon Lowe, and Mrs. Orland Lasley.

Mrs. Harmon Lowe gave an interesting talk on "Life on a China Frontier." The program was dismissed by the Council benediction.

Delicious refreshments were served by the hostess.

The next meeting will be with Mrs. Irene Wakefield with Mrs. Frank Sutton as leader.

Mrs. Bomer Hostess To Circle 2

Circle No. 2 of the Ladies Missionary Society of the Christian Church met in the home of Mrs. C. R. Bomer Wednesday afternoon with seven members present. Mrs. A. L. Sutton, leader, presented the following program:

Mrs. Sutton offered prayer. Mrs. D. L. Buckles spoke on the subject, "Joining Hands to Serve Youth." Mrs. J. R. Pendleton discussed the subject, "When a boy chooses the Ministry." Mrs. W. G. O'Brien discussed the topic, "Satisfaction of the Ministry." The devotional was given by Mrs. Arthur Folsom.

The meeting closed with a missionary benediction after which the hostess served delicious refreshments and a pleasant social time was enjoyed by all.

The next meeting will be with Mrs. W. G. O'Brien with Mrs. D. L. Buckles as leader.

Married Sunday In Church Wedding

Miss Wanda Jean Bryant, daughter of Mr. and Mrs. Odys Bryant, and Conrad E. Riffe, son of Mr. and Mrs. Earl Riffe, were married at 4:00 P. M. Sunday at the First Christian Church. Rev. John W. Reaves read the double ring ceremony before a background of fern, china mums and asters, lighted by tapers in tall candelabra. Mrs. Frank Mehner sang "Because" and "The Lord's Prayer," accompanied by Mrs. Hosa Flores who played a prelude of nuptial music and the traditional wedding marches.

Mrs. Arthur Lee Ross was matron of honor and little Miss Linda Riffe was junior bridesmaid. They wore identical gowns of blue and pink satin respectively. They carried colonial bouquets of sweethearts roses.

Don Riffe, brother of the groom, was best man. Arthur Lee Ross and Bill Riffe served as ushers. The bride, given in marriage by her father, wore a lace and satin gown. The gown had long fitted sleeves terminating in a point over the hands and a full skirt with a court train. Her finger tip veil of french illusion fell from a shirred head dress. She carried a colonial bouquet of stephanotis and lily of the valley topped with a white orchid.

Mrs. Bryant, mother of the bride, wore a slate blue crepe dress with black accessories and a pink mum corsage. Mrs. Riffe, mother of the groom, wore a brown crepe dress with brown accessories, and a talisman rose corsage.

A reception was held at the home of the bride's parents, Mrs. W. S. Frizzell, Jr., and Mrs. Joel Presly, Dallas, served cake and punch. Miss Billie Ann Ellison presided at the bride's book.

When the bridal couple left for Dallas and Galveston the bride wore a two-piece fawn wool suit with a winter-pink feather hat, brown shoes and carried a brown bag.

After the wedding trip they will make their home in Stratford.

The bride is a graduate of T.S.-C.W. The groom attended S.M.U. and served two and one-half years with the army air corps. The groom will be associated with his father in the grain business.

Plan For US. 287 Highway Convention

Damaged sections of highway 287 in Oklahoma and Colorado will be completely replaced with new pavement within 30 days, it was announced at the meeting of the Stratford Chamber of Commerce Tuesday at noon.

Lamar, Colorado is making plans for a highway convention to publicize the road soon after the paving contracts are completed.

The sponsoring of a business man's credit bureau was taken under advisement by the organization. Further consideration will be given the issue at the noon luncheon October 18th.

FHA Girls Plan To Make Dallas Trip

Plans are being made by some 30 F.H.A. girls to attend the State Fair in Dallas October 14 and 15. They are to leave Friday, October 14 after school and go in cars to Amarillo, when they will take a special train to Dallas. Saturday, October 15, will be spent in Dallas. They will leave Dallas late Saturday night and return home sometime Sunday.

The F.H.A. club now consists of 44 members. The club is to be affiliated this week.

3-Act Comedy Stage Show October 14

A three act comedy drama, "Aunt Jerushy on the War-Path" will be presented in the school auditorium Friday, October 14, sponsored by the Stratford Parent-Teacher Association.

The curtain will open at 8:00 P. M. No admission charge will be made but a free-will offering will be taken.

Members of the cast are: R. W. Stewart as Sufficiency Fish, right off'n the farm; Kenneth Kendrick as Elder Snuffles, an old hypocrite; O. H. Ingham as Hiram Fish, the constable; Arlyn Halle as Bill Barker, manager of the carnival; Mrs. John Kidwell, as Aunt Jerushy Fish, Hiram's better half; Mrs. Billy Cummings as Little Sis Popkins, her hired girl; Mrs. Ben Biddy as Miss Stelly Etta Snapper, an old maid; Mrs. George J. Cannon, Jr., as Madam Reeno De Buno, a fortune teller; and Mrs. William L. Pendleton, as Elsie Barker, a carnival queen.

A group of chorus girls will appear in connection with the play for the entertainment of the audience.

Vermont Officers Return Willard For Trial

Washington County, Vermont authorities flew here Tuesday to get Syney Willard, wanted in Vermont on charges of swindling with worthless checks.

Canadian Peppin Drive-Yourself officials also arrived to claim the car which Willard is charged with stealing from them.

Willard was taken into custody here last week by Sheriff A. L. Wilsin and Chief of Police L. T. Stevens when he violated traffic laws.

Girls To Play First Basketball Game Friday

The Stratford basketball girls will make their first ball trip Friday, October 14. They will go to Cotton Center, Texas, a small town just southwest of Hale Center. They will play a game Friday night and one Saturday night.

These games are to be returned at a later date, possibly October 21 and 22.

Places will be provided at Cotton Center for the players, sponsor an coach. Stratford will be expected to accommodate the Cotton Center players in the same manner when they come here for the return games.

Cotton Center Coach S. H. Shipley is one of the best Texas coaches. He won state year before last. These games should prove to be very exciting and worth seeing.

The complete team has not as yet been selected and no manager has been appointed.

The players to make the first trip for this year are: Eula Faye Lowe, Dale McWilliams, Millie Bennett, Betty Jo Huggins, Adele Cunningham, Kathryn Newman, Dorothy Nell Harding, Jean Reynolds, Jeanne Price, and Avis Parrish. Miss Ila Lewis will go as sponsor.

Exchange Vows In Candlelight Ceremony

In the solemnity of the modernized Gothic architecture of the main chapel of the New First Methodist Church of Stratford, Rev. H. A. Nichols united in marriage Miss Shirley Maxine Moon, daughter of Mr. and Mrs. C. W. Moon, and Chester Plunk, in a candlelight ceremony at 6:30 P. M. Monday.

Vows were spoken before an altar of Palms, Fern and Bronze Mums, against a background of candelabrum holding white cathedral tapers.

Preceding the ceremony Mrs. Martha Harrison played on the organ, Irving Berlin's "Always", organ, Irving Berlin's "This is the Hour," and "Remember this, Each New Day's a Kiss."

R. W. Stewart sang "Let the Rest of the World go By," and "Because," by Harelott, accompanied by Mrs. Harrison. The traditional wedding marches were used and a musical background was effected during the ceremony.

Given in marriage by her father, C. W. Moon, the bride wore a gown of white taffeta, fashioned with a fitted torso length bodice, ganteel winged collar fitted closely at the throat, the gathered skirt with its flowing panels and elbow length mitts were complimented by her finger tip length veil of white illusion cascading from a tiara of white illusion. The brides only jewelry was a locket given by the groom to his mother while he was in military service. This locket served as something old. She carried a bridal prayer book, a gift from her father. Her bouquet was of Barcellife rosebuds and Lily of the Valley.

Miss Doris Sprague, of Renfro, Oklahoma, maid of honor, was attired in an orchid taffeta semi-tailored formal gown with matching mitts and tiara of orchid tulle, carrying an arm bouquet of white daisies.

Mrs. Ernest Lovelace, sister of the groom, in green, and Mrs. Johnny Townsend, sister of the bride, in yellow, were brides-matrons wearing identically fashioned gowns of fitted lace bodice and gored taffeta skirt, with matching lace mitts and a tiara of tulle. They carried an arm bouquet of white daisies, the favorite flower of the bride.

Lester Plunk, brother of the groom, was best man. Ushers were Donald Moon, brother of the bride and Eldon Plunk, brother of the groom.

Little Sue Plunk, niece of the groom, attired in a white taffeta formal with swinging skirt and short puffed sleeves scattered rose petals along the bridal path to the altar.

Mrs. C. W. Moon, mother of the bride, chose a brown crepe afternoon frock with brown satin bolera and matching accessories and a corsage of talisman roses.

A reception in Fellowship hall of the church followed the ceremony. The bride's table was laid with an imported lace cloth, table candelabrum and small sprays of white daisies, centering the table was a three tiered bridal cake.

Mrs. Donald Moon, Mrs. C. W. Moon and Mrs. Roy E. Chamberlain served. Mrs. Leonard Plunk presided at the guest book.

For traveling the bride wore a trim pean colored pin whale corduroy and accessories of hunter green doeskin.

After a wedding trip to an undisclosed destination the bride and groom will be at home in Stratford where Mr. Plunk is the owner of the T. O. C. Motor Co.

Out of town guests here for the wedding were C. S. Moon, Pratt, Kansas, grandfather of the bride, Mr. and Mrs. Floyd Moon of Pratt, Kansas, Mr. and Mrs. Percy Moon of Denver, Colorado, Mr. and Mrs. F. F. Reschke of Pratt, Kansas, Rev. and Mrs. J. W. Rosenberg of Beuna Vista, Texas, Mr. and Mrs. Eldon Plunk of Amarillo,

Bubble Gum From America Latest Istanbul Import

ISTANBUL. — "Texas Cowboy! Jumbo! Mickey!" they shout at you on Istanbul's main street these days. They are trying merely to sell bubble gum, the latest cultural import from the United States. The gum actually isn't imported, only the idea and the names. But if the name isn't American and explosive, it isn't Turkish bubble gum. The enterprising Turkish traveler who brought the idea and the formula back from the States probably never dreamed he would see such chewing and such bubbling.

LAKE MONSTER

Huge Turtle Spurs Search

CHURUBUSCO, Ind.—Churubusco was all excited about the monster turtle in Fulk's lake.

Dozens of farmers and townspeople trekked to the lake for a look or with nets and grappling hooks to help catch it.

Those who claimed they saw the turtle said it had a head as big as two fists doubled together and must weigh 400 to 500 pounds.

The hunt was spurred by reports that the Cincinnati zoo was interested in buying the reptile for \$1,800.

Another report said the turtle had ventured from its home in the lake near here onto a surrounding farm and that some cattle had mysteriously disappeared.

"But that ain't so," farmer Gale Harris said. "That turtle's never been out of the lake, far as we know."

The muddy, seven-acre lake, 90 feet deep at its center, is on Harris' farm and has become the focal point for eager searchers.

Harris said, "We had him trapped in a net but he slithered away to the right and dived down into the water."

Used Wire Net

The searchers were using a chicken-wire net about four feet long attached to two fenceposts. Men in a row boat crisscrossed the lake searching for the turtle in order to drop the net on it. Helpers on shore held ropes attached to the fenceposts to pull the turtle ashore if it showed itself.

"There's no doubt it's there," Mrs. Harris said. She said her husband and her son, Vaughn, 12 had seen it. So had her brother, Charles Wilson, and his son-in-law.

Harris said the reptile appeared to be an ordinary snapping turtle, but much overgrown. Other snappers in the area are seldom more than 14 or 15 pounds, he said.

In Chicago, Clifford H. Pope, curator of reptiles at the Field museum, said the record weight for a snapper is 86 pounds. He said only an alligator turtle from the south could run as high as 200 pounds.

Seen Last Summer

Mrs. Harris said her brother Charley first saw the turtle last summer, but then it disappeared from view until recently, when both her husband and son saw it swimming across the lake.

She said two investigators from the Cincinnati zoo came to verify that the turtle was there. She said she wasn't sure whether they saw it, but that they "seemed satisfied."

The \$1,800 price has been circulating around the area, but probably has "grown by rumor," Mrs. Harris chuckled.

PIGS IN YOUR PARLOR?

A pig with a taste for the finer things of life might enjoy the luxury of a nap on the best sofa... but it would be hard on the sofa!

The same holds true with motor oils and motors. "Just any" oil in the crankcase of a good motor is as out-of-place as the pig in the parlor.

Good oil maintains the value of a good motor. That is why so many farmers use CO-OP MOTOR OIL. CO-OP MOTOR OILS are made in their own refineries to their own specifications. CO-OP on the label insures you of fine oil at a modest price.

One-Man Crusade Gets Christian in Troubles

SINGAPORE.—Hsu Chiant Tsi has started a one-man religious crusade in the face of ridicule and insults.

The Chinese merchant placed a large board on the rear of his motor car. On it was written in English and Chinese the words, "Christ Jesus came into the world to save sinners."

His tribulations are many. Attempts have been made to smash the board. Other persons have scribbled obscene words all over it. Hsu simply erases the offensive language and repairs the board. His reaction is to say, "There are at least some people in Singapore who are taking notice of my crusade."

NOTICE OF ELECTION

THE STATE OF TEXAS :
COUNTY OF SHERMAN :
TO THE RESIDENT QUALI-

FIED ELECTORS OF ROAD DISTRICT NO. 3 OF SHERMAN COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID DISTRICT AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in Road District No. 3 of Sherman County, Texas, on the 31 day of October, 1949, on the proposition and at the place more particularly set forth in the election order passed by the Commissioners' Court on the 29 day of September, 1949 which is as follows:

"AN ORDER CALLING AN ELECTION ON THE PROPOSITION OF ISSUING \$105,000.00 OF BONDS OF ROAD DISTRICT NO. 3 OF SHERMAN COUNTY, TEXAS.

WHEREAS, there has been presented to this Court the petition of Albert Zimmer and 38 other persons, representing themselves to be a majority of the resident, qualified electors of Road District No. 3 of Sherman County, Texas, who own taxable property in said District and who have duly rendered the same for

taxation, praying that this Court order an election in Road District No. 3 of Sherman County, Texas, to determine:

Whether or not the bonds of said Road District No. 3 of Sherman County, Texas, shall be issued in an amount not to exceed \$105,000.00, bearing interest at a rate not to exceed Three and Three-fourths (3-3/4%) per cent per annum, payable semi-annually, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed Thirty (30) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout the Road District No. 3 of Sherman County, Texas; and whether or not taxes shall be levied annually on all taxable property in Road District No. 3 of Sherman County, Texas, sufficient to pay the annual interest on said bonds and provide a sinking fund sufficient to pay the bonds at their maturity."

which said petition was heretofore filed in this Court; and

WHEREAS, heretofore on the 12th day of September, 1949, the Commissioners' Court passed an order fixing a time and place for a hearing on said petition, to-wit: September 29, 1949, and directed the County Clerk to issue a notice of such time and place of hearing to inform all persons concerned of their right to appear at such hearing and to contend for or protest the ordering of such election; and

WHEREAS, the County Clerk has heretofore duly executed said notice by posting true copies of said order of hearing in three public places within said Road District No. 3, and another copy thereof at the Courthouse door of said County for ten days prior to the date fixed for the hearing, and said notice has also

been published in a newspaper of general circulation in said Road District No. 3, namely, "Stratford Star" one time, on the 22 day of September, 1949, which was at least five days prior to the date fixed for said hearing; and

WHEREAS, this Court, having met at the time and place set for the hearing of said petition, proceeded to hear such petition and all matters in respect to the proposed bond election, to hear the contentions for and protest against the calling of such election, and it is found by the Court that the said petition is signed by thirty nine legally qualified electors who own taxable property in Road District No. 3 of Sherman County, and who have duly rendered the same for taxation, there being less than fifty such electors residing in said Road District, and that the notice required by law to be given of said hearing has been given; and

WHEREAS, pursuant to the hearing held on said date and from the evidence submitted at said hearing, the Court has determined that the proposed improvements would be for the benefit of all taxable property situated in said Road District No. 3, and that it is desirable and necessary to issue the bonds of said Road District No. 3 in the amount of One Hundred Five Thousand (\$105,000.00) Dollars to construct said improvements, and that said election should be ordered; and

WHEREAS, the Commissioners' Court further finds that the amount of said proposed bond issue, together with all outstanding bonds of the same nature heretofore issued on the faith and credit of Road District No. 3 of Sherman County, will not exceed one-fourth of the assessed valuation of the real property of said District; and

WHEREAS, said Road District No. 3 of Sherman County, Texas, was heretofore created by order of the Commissioners' Court, duly entered on the 2nd day of September, 1949, which order is of record in the minutes of the Commissioners' Court;

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS' COURT OF SHERMAN COUNTY, TEXAS:

1. That an election be held in said Sherman County Road District No. 3 on the 31 day of October, 1949, which is not less than thirty days from the date of this order, to determine:

Whether or not the bonds of said Road District No. 3 of Sherman County, Texas, shall be issued in an amount not to exceed \$105,000.00, bearing interest at a rate not to exceed Three and Three-fourths (3-3/4%) per cent per annum, payable semi-annually, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed Thirty (30) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout the Road District No. 3 of Sherman County, Texas; and whether or not taxes shall be levied annually on all taxable property in Road District No. 3 of Sherman County, Texas, sufficient to pay the annual interest on said bonds and provide a sinking fund sufficient to pay the bonds at their maturity.

2. That said election shall be held under the provisions of Chapter 3, Title 22 of the Revised Civil Statutes of Texas of 1925, as amended, including the provisions of Chapter 16, Acts of the First Called Session of the Thirty-Ninth Legislature, and only legally qualified electors of this State and of this County who own taxable property in the District and who have duly rendered the same for taxation, shall be qualified to vote.

3. The ballots for said election shall have written or printed thereon the following:

"FOR THE ISSUANCE OF ROAD BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF"

"AGAINST THE ISSUANCE OF ROAD BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF"

Each voter shall mark out with blank ink or black pencil one of the expressions, thus leaving the other as indicating his vote on the proposition.

4. The said election shall be held at Ruby School House, Stratford, Texas, within Road District No. 3 of Sherman County, and the following named persons are hereby appointed as officers of said election:

JOHN STEEL, Presiding Judge, Arthur Milton, Judge.

5. The manner of holding said election shall be governed by the General Laws of this State regulating general elections when not in conflict with the provisions

of Chapter 16, Acts of the First Called Session of the 39th Legislature, hereinabove cited.

6. Notice of said election shall be given by publication of a copy of this order in a newspaper having general circulation in Sherman County Road District No. 3 for three successive weeks before the date of said election. And in addition thereto, there shall be posted copies of this order at three public places in said District, and one at the Courthouse door of the County for three consecutive weeks prior to said election.

7. The County Clerk is hereby

ordered and directed to post said notices and to cause same to be published as hereinabove directed. Further orders by this Court are reserved until the returns of said election executed by the duly authorized election officers are received by this Court.

PASSED AND APPROVED this 29 day of September, 1949.

L. P. HUNTER, County Judge, Sherman County, Texas.

Tapering

"New Look" for Males

LONDON. — The "tapering look" is the newest thing in men's clothes, says the boss man of the Bond street tailors.

H. G. Taylor, new president of the federation of clothing designers, issued the decree to the federation. He wore the "tapering look" himself—gray double-breasted with long narrow lapels, narrow sleeves, narrow trouser bottoms.

The dress habits of the British male—once reputed the highest in the world—now are disgraceful, said Taylor. The federation decided to stage male fashion parades to promote the renewal of sartorial splendor.

But they fear it will be a lost battle in the long run. H. E. Brockhurst, another designer, neeled British schoolmasters "the worst-dressed section of the community" who teach boys, by examples, to wear "most slovenly dress."

Legion Airs

(By Earl Bond)

It was more than a little disappointing the way our membership turned out to the installation of officers last week. It looked a little bad for Amarillo to have as many there as we did. We were unavoidably late in getting the cards out but many should have been there who were not. Lou Roberts, Past Commander of Texas presided at the installation, and it would have been well worth your while to attend.

The membership campaign is coming along nicely, and we hope to have at least seventy-five or eighty memberships to turn in at the District Convention at Canadian October 15-16. There is no point in spending half the year running down the delinquent members, so please drop around and pay your dues as soon as possible.

The District Convention at Canadian should be of interest to some of you. You will never get a good picture of the scope of activities of the American Legion without attending at least one of these conventions. Our new Department Commander, Joe Spurlock, will be there, and I know that he will have a message of interest to everyone. Some mediocre Legionnaires have become very good Legionnaires after attending the Shamrock Convention, and finding out just what the score was. Five couples have made reservations so far, and we would like to have that many more.

Some criticism has been leveled at the American Legion and other veterans organizations over the riots staged at some of the Paul Robeson concerts. I cannot uphold mob violence and cannot help but feel that some harm has been done the organization by a few hotheads who did not stop to think, but on the other hand, some good was accomplished. It was a demonstration that we have no earthly use for Communists, and are fighting to stop their activities in this country. According to law, there is nothing to prevent any Communist from standing on any street corner and preaching his filthy gospel to his heart's content. Fifteen million young American men fought, and over a million of them died to prevent the dicta-

tors from overrunning the world, and now government calmly sits by and lets them overrun our country by word or mouth. Their filthy propaganda is the most powerful weapon they have, yet we have no defense against it. In that case, over a million of the cream of American manhood died in vain, while Eleanor was pushing known Communists into government positions over the protests of the F. B. I.

If you think we are not in danger from within the bounds of our own shores, just consider these figures I last week received from the Un-American Activities Committee. In 1917 when the Communists overthrew Russia, there was one Communist for every 2,277 Russians. Today in America there is one Communist for every 1,814 Americans, plus a large unknown group of sympathizers. Only a very small percentage of Russians even today are believed to be Communists, but the Communists control the power. This constitutes a very real threat to our security, yet we still continue to give them the protection of our Constitution.

What can we do about it? Probably very little as individuals, but your backing of the American Legion's program to outlaw the Communist party as a political party under the protection of the law, and class it where it belongs, as a subversive group pledged to the overthrow of the United State government, and every member trained very carefully in the part he will play in it when the time comes.

In case you are in doubt as to the intentions of the Communist Party in the United States, I will quote the following sworn statement of William Z. Foster, head of the Communist Party in the United States:

"No Communist, no matter

how many votes he should secure in a national election, could, even if he would, become President of the present government. When a Communist heads the government of the United States — and that day will come as surely as the sun rises — the government will not be a capitalist government but a Soviet government, and behind this government will stand the Red army

to enforce the dictatorship of the proletariat." If you would know more of just how the Communist Party operates, write the Committee on Un-American Activities, U. S. House of Representatives, Washington, D. C., and ask for the booklet "10 Things You Should Know About Communism." I am sure it will be a revelation to you, as it has been to me.

Seven-Day Religion
Lesson for October 9, 1949

EMPLOYERS don't care much for letters of recommendation signed by preachers. Not that they think preachers are dishonest. The employer is glad to know where the chap is on Sunday mornings. But he would rather have a letter from somebody who sees him every Saturday night and Monday morning.

Religion Won't Keep Sweet by Itself

IT IS a temptation as old as religion, to put it on one side of a wall and life on the other. But the prophets showed, once and for all, that God has literally no use for religion which has been dissected off from life. Religion which is kept apart from life turns sour and bad. In Isaiah's time, everybody knew there was something wrong with the country.

Isaiah's diagnosis was shocking: Religion is our principal trouble. God is tired of it. What? The pious people would exclaim. Look at the crowds in the Temple every holiday! Listen to all the prayers, count the number of tithers. If anything is wrong with our country, it can't be religion! But religion it was.

Why God Was Tired

A CATHOLIC priest would shock everybody should he call Vatican City "Hell's Half Acre." Isaiah shocked his fellow citizens by calling Jerusalem "Sodom and Gomorrah." These cities were the worst places the Hebrews had ever heard of.

They were so bad the Lord had to destroy them by fire—not 10 good people could be found there. The prophet follows up that first shock by another. Every single expression of organized religion comes under the prophet's lash.

Sacrifices and offerings (v.11), attendance at the sanctuary, observance of the Sabbath and other holy days (v. 13), church gatherings, corresponding to our rallies and conventions (v. 13), even prayers (v. 15).

Put that into modern terms: attendance at church, Bible reading, tithing, praying—if that is all, then all is no good. It may be religion, and of course it is one kind of religion; but not the kind God wants.

Indeed, Isaiah says God hates it; he is "fed up" with it (vs. 11). What was wrong? Isaiah tells them that, too, in short simple words, "Your hands are full of blood."

Oh, the people would protest, we are not killers, we don't lay a hand on anybody. Isaiah goes on to explain: seek judgment (i.e. justice), relieve the oppressed, judge the fatherless, plead for the widow.

You don't kill outright, you churchgoers, he would say, but you are so indifferent to justice in your city, you take so little interest in the people at the bottom of the heap, that people die here, widows and orphans die, simply because no one cares.

What Makes a Town Worth Saving?

ALAS, nobody did care. One hundred and more years went by, and Jerusalem came close to its end. But nobody thought that disaster could strike. The belief had grown in every one's mind that the Temple of the Lord would forever insure the safety of the city in which it stood.

But a young prophet, Jeremiah, preached a sermon on the same theme as Isaiah's (Jer. 7) It is not the temple that will save you, it is not church attendance that will bring you the favor of God.

As the men of Jerusalem looked back to the great days of Moses, they thought of the sacrifices and offerings, the tabernacle and the rituals and all the pageantry and paraphernalia of a picturesque religion, as the great thing that God had given them.

But God remembered it otherwise. Jeremiah even says (with understandable exaggeration) that God had not said a word about sacrifices and offerings; the Ten Commandments, with all they implied, were the main thing.

What God looks for, back of all our church attendance and Bible reading, is "justice between a man and his neighbor." A place where that can be found is a good place.

Watch Your Kidneys!
Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

SCIENCE 'MIRACLE'

Animal Brain Lives Outside

DETROIT.—Two University of Chicago physicians have reported to the federation of American societies for experimental biology that they had succeeded in keeping part of an animal's brain alive outside its body to permit study of the functions of the nervous system.

The achievement by Drs. R. D. Tschirgi and R. W. Gerard was reported to be the first of its kind in medical history. It involved removal of the spinal cord of a rat, together with the feeder artery which transports its sustenance.

Keeping the cord alive in a carefully regulated atmosphere that was both moist and warm, the physicians were able, by pumping chemicals into the cord instead of blood, to determine its needs to enable it to transmit messages over the complex nervous system.

Chemicals Named

The doctors reported that of about 25 chemicals tested on

the cord, about six were successful in keeping it active. Among these were pyruvic acid, citric acid, glucose, glutamic acid and a sugar.

The doctors, working under a grant from the office of naval research, are being assisted in their continuing research by three others, Drs. L. L. Boyarsky, J. Z. Hearon and H. Jenerick, all of the University of Chicago's department of physiology.

Drs. Klaus Unna and A. Kaplan of the University of Illinois told federation members that myanesin, a muscle-relaxing drug, might take much of the danger from the electro-shock treatment for certain mental diseases. They said the drug prevented the stoppage of breathing which frequently occurred during electro-shocks.

Tested on mice, they said, myanesin prevented death during the treatment, and later, when tested on human patients at the Manteno state hospital in Illinois, it reduced the undesirable side effects of shock treatment.

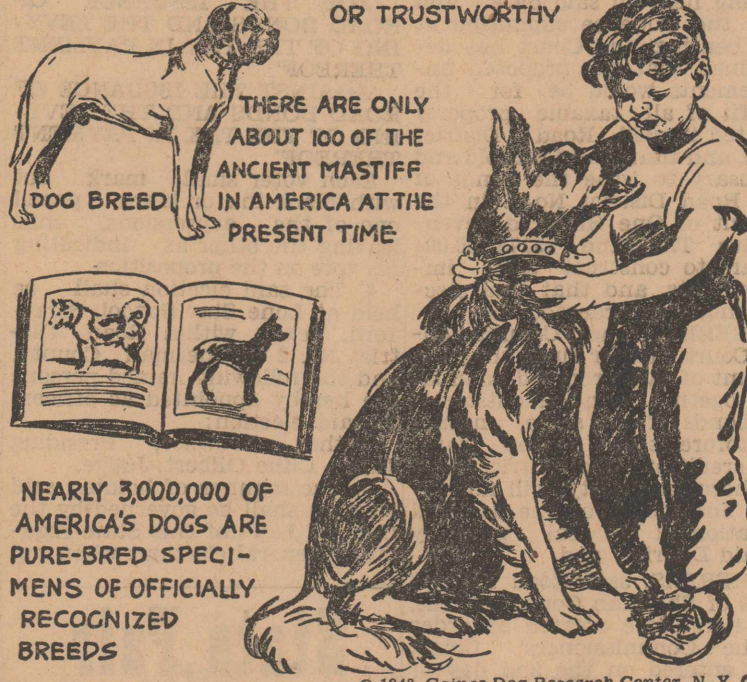

Not Like Curare

Unlike curare, which acted directly on the muscles, the physicians said, myanesin worked on the brain stem and spinal cord. It did not produce drowsiness or

sleep like hypnotic or anesthetic drugs.

Captain C. G. Ely, Dr. Robert E. Johnson and C. F. Consolazio of the army medical nutrition laboratory in Chicago presented a report of army volunteers who braved temperatures 40 degrees below zero to help determine how much food that men stranded in cold needed to remain alive.

The researchers found that an idle man waiting in the cold to be rescued needed 3,400 calories a day to maintain a proper nutritional balance. That represents about 24 ounces of food.

Dr. Johnson said that it was the first "open disclosure" of the study. It was conducted in January, 1948, in southern Manitoba.

Walking Toothpick Ball Is Really an Anti-Eater

NEW YORK.—You meet such interesting animals . . . There's a walking ball of toothpicks that eats ants, a kangaroo that plays Tarzan, the cuscus, bandicoot, "flying mice," and the bashful crocodile.

For good measure there are green ants and a tree that stings you. There's the obliging carpet snake that can help in good house-keeping, the nasty death adder, and nastier taipan or big boss of nasty snakes.

You can rub elbows with this frightful menagerie on the Cape York peninsula of northeast Australia. Better yet, you can inspect them (nicely dead and harmless) at the American museum of natural history.

Scores of these old fellows were just brought back by the 1948 Archbold Cape York expedition. Cape York is a 100,000 square mile area full of strange plants and animals, and up to now it hasn't been explored much by scientists.

The walking ball of toothpicks

is the spiny anteater, a distant cousin of the duck-billed platypus. This anteater is a survivor of a kind of mammal that maybe was common 60 to 70 million years ago.

Coeds Agree Man no Longer Is Pursuer in Love Chase

NORMAN, OKLA.—A campus survey shows University of Oklahoma coeds agree almost unanimously that the days when a man could pursue his lady love without any help from her are over—if they ever existed.

As Mary Limber, a psychology senior, put it, "For every man there's a woman and it's the job of the woman to find that man."

But the coeds insist that chasing a man has to be a subtle job to succeed.

For instance, June Parrack, who believes a girl must do three-fourths of the work in courtship, said, "The boy likes to feel he is doing all the pursuing, so the girl must make him feel it was his idea."

Radioactive Gold Provides Weapons Against Leukemia

MEMPHIS.—Radioactive gold has armed the medical profession with a potent new weapon for the treatment of leukemia and several other forms of cancer according to Dr. Paul F. Hahn, director of the cancer research laboratories, Meharry medical college, Nashville.

Gold "does not offer any promise of a cure," Dr. Hahn emphasized, but it "represents a very satisfactory means of obtaining remissions" in cases of leukemia, a malady characterized by destruction of red corpuscles; Hodgkin's dis-

ease, which produces enlargement of lymphoid tissue, spleen, liver, and sometimes kidneys; and lymphomas, which are lymphoid tissue tumors.

The gold, which is non-toxic and relatively inexpensive, can be administered by physicians to ambulatory patients at home, thus saving the hospitalization required for X-ray treatment, in which only limited amounts must be given daily to avert injury to the skin, Dr. Hahn said.

Radioactive gold is produced easily and economically in the uranium pile, and its cost has been estimated amounts must be given by the issuance and delivery to the proper contractor, of the legally issued time warrants of said County, bearing interest at a rate not exceeding 3% per annum, payable semi-annually, which said warrants shall not exceed the principal sum of \$7,700.00, and the principal of said warrants shall be payable

WHEREAS, there has been presented to this Court the petition of D. G. Cluck and more than fifty other persons, representing themselves to be resident, qualified electors of Sherman County Road District No. 2, who own taxable property in said District and who have duly rendered the same for taxation praying that this Court order an election in Road District No. 2 of Sherman County, Texas, to determine:

'Whether or not the bonds of said Road District No. 2 of Sherman County, Texas, shall be issued in an amount not to exceed \$175,000.00, bearing interest at a rate not to exceed Three and Three-fourths (3-3/4%) per cent per annum, payable semi-annually, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed Thirty (30) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout the Road District No. 2 of Sherman County, Texas; and whether or not taxes shall be levied annually on all taxable property in Road District No. 2 of Sherman County, Texas, sufficient to pay the annual interest on said bonds and provide a sinking fund sufficient to pay the bonds at their maturity.'

WHEREAS, the Commissioners' Court further finds that the amount of said proposed bond issue together with all outstanding bonds of the same nature heretofore issued on the faith and credit of Road District No. 2 of Sherman County, Texas, will not exceed one-fourth of the assessed valuation of the real property of said District; and

WHEREAS, said Road District No. 2 of Sherman County, Texas, was heretofore created by order of the Commissioners' Court, duly entered on the 2nd day of September, 1949, which order is of record in the minutes of the Commissioners' Court;

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS' COURT OF SHERMAN COUNTY, TEXAS:

1. That an election be held in said Sherman County Road District No. 2 on the 31 day of October, 1949, which is not less than thirty days from the date of this order, to determine:
'Whether or not the bonds of said Road District No. 2 of Sherman County, Texas, shall be issued in an amount not to exceed \$175,000.00, bearing interest at a rate not to exceed Three and Three-fourths (3-3/4%) per cent per annum, payable semi-annually, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed Thirty (30) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout the Road District No. 2 of Sherman County, Texas; and whether or not taxes shall be levied annually on all taxable property in Road District No. 2 of Sherman County, Texas, sufficient to pay the annual interest on said bonds and provide a sinking fund sufficient to pay the bonds at their maturity.'

2. That said election shall be held under the provisions of Chapter 3, Title 22 of the Revised Civil Statutes of Texas of

the contentions for and protest against the calling of such election, and it is found by the Court that the said petition is signed by more than fifty legally qualified electors who own taxable property in Road District No. 2 of Sherman County, and who have duly rendered the same for taxation, and that the notice required by law to be given of said hearing has been given; and

WHEREAS, pursuant to the hearing held on said date and from the evidence submitted at said hearing, the Court has determined that the proposed improvements would be for the benefit of all taxable property situated in said Road District No. 2, and that it is desirable and necessary to issue the bonds of said Road District No. 2 in the amount of One Hundred Seventy Five Thousand (\$175,000.00) Dollars to construct said election should be ordered; and

WHEREAS, the Commissioners' Court further finds that the amount of said proposed bond issue together with all outstanding bonds of the same nature heretofore issued on the faith and credit of Road District No. 2 of Sherman County, Texas, will not exceed one-fourth of the assessed valuation of the real property of said District; and

WHEREAS, said Road District No. 2 of Sherman County, Texas, was heretofore created by order of the Commissioners' Court, duly entered on the 2nd day of September, 1949, which order is of record in the minutes of the Commissioners' Court;

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS' COURT OF SHERMAN COUNTY, TEXAS:

1. That an election be held in said Sherman County Road District No. 2 on the 31 day of October, 1949, which is not less than thirty days from the date of this order, to determine:
'Whether or not the bonds of said Road District No. 2 of Sherman County, Texas, shall be issued in an amount not to exceed \$175,000.00, bearing interest at a rate not to exceed Three and Three-fourths (3-3/4%) per cent per annum, payable semi-annually, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed Thirty (30) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout the Road District No. 2 of Sherman County, Texas; and whether or not taxes shall be levied annually on all taxable property in Road District No. 2 of Sherman County, Texas, sufficient to pay the annual interest on said bonds and provide a sinking fund sufficient to pay the bonds at their maturity.'

2. That said election shall be held under the provisions of Chapter 3, Title 22 of the Revised Civil Statutes of Texas of

1925, as amended, including the provisions of Chapter 16, Acts of the First Called Session of the Thirty Ninth Legislature, and only legally qualified electors of this State and of this County who own taxable property in the District and who have duly rendered the same for taxation, shall be qualified to vote.

3. The Ballots for said election shall have written or printed thereon the following:
"FOR THE ISSUANCE OF ROAD BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF"
"AGAINST THE ISSUANCE OF ROAD BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF"

Each voter shall mark out with black ink or black pencil one of the expressions, thus leaving the other as indicating his vote on the proposition.

4. The said election shall be held at one Star School, Stratford, Texas, within Road District No. 2 of Sherman County, and the following named persons are hereby appointed as officers of said election:

Luther Browder, Presiding Judge, Cline Gilbert, Judge.

5. The manner of holding said election shall be governed by the General Laws of this State regulating general elections when not

in conflict with the provisions of Chapter 16, Acts of the First Called Session of the 39th Legislature, hereinabove cited.

6. Notice of said election shall be given by publication of a copy of this order in a newspaper having general circulation in Sherman County Road District No. 2 for three successive weeks before the date of said election. And in addition thereto, there shall be posted copies of this order at three public places in said District, and one at the Courthouse door of the County for three consecutive weeks prior to said election.

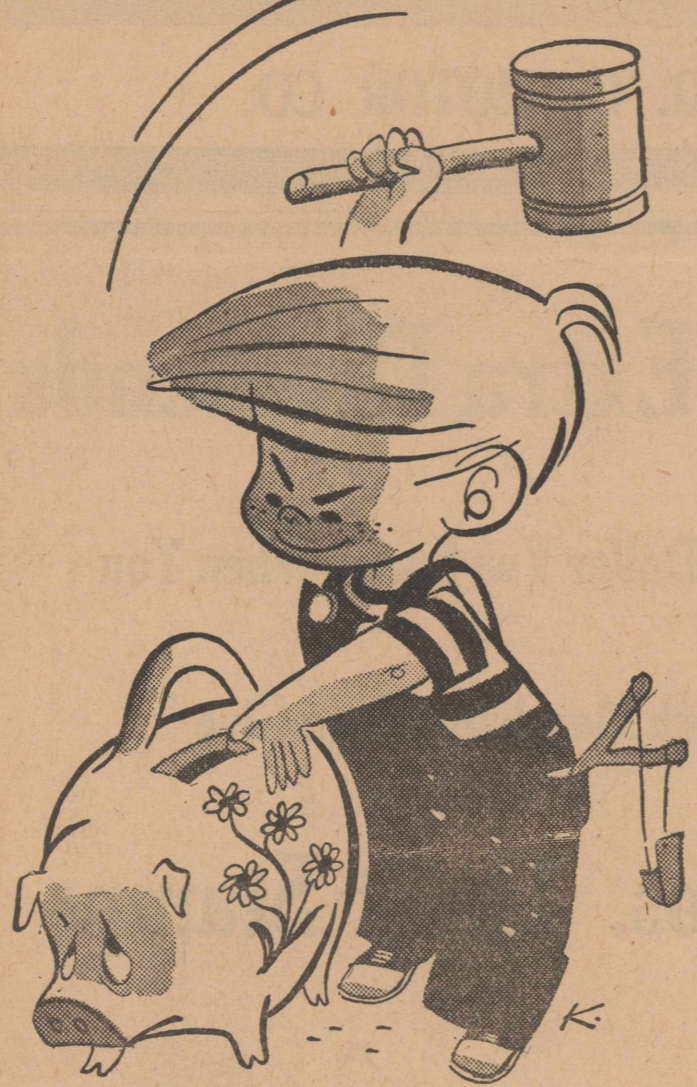

7. The County Clerk is hereby ordered and directed to post said notices and to cause same to be published as hereinabove directed. Further orders by this Court are reserved until the returns of said election executed by the duly authorized election officers are received by this Court.
PASSED AND APPROVED this 29 day of September,

1949.

Sold on 15 days' trial! Ask for "Willard's Message" which fully explains this treatment—free—at Yates Drug and Bonar Pharmacy

This is no way to bring home the BACON!

Good intentions don't make a good savings plan. What's the smart way to save? A way that's—

- 1. Regular
- 2. Convenient
- 3. Dependable
- 4. Automatic

You can get this foolproof combination by investing in U. S. Savings Bonds. Either of these two ways:

Join your company's Payroll Savings Plan . . . or join your bank's Bond-A-Month Plan.

Then sit back and watch your dollars make pigs of themselves, fattening up at the rate of four for every three you put in, every ten years.

That's one sure way to bring home the bacon some day. And by bacon we mean the things you dream about for the future: a home, a business, a college education, and freedom from worry.

Go reserve a slice of that for yourself . . . TODAY!

Automatic saving is sure saving— U.S. Savings Bonds

How to protect your child against Cancer America's most dreaded disease

Today, Cancer strikes in one of every two American families... here's how you can give your child a better chance to live

TODAY's children are marked as tomorrow's victims, unless we speed our attack on mankind's most dreaded killer. For every month saved in the eventual discovery of the cause and cure of Cancer will in turn save thousands of lives—among them, very possibly, someone near and dear to you.

Progress is being made Today, thanks to scientific research, a diagnosis of Cancer is no longer a death warrant. Certain Cancer cases are now being cured. This year one quarter of all Cancer patients will be saved by surgery, X-ray or radium. But these encouraging facts do not mean our fight against Cancer is over. It has really only begun. How soon we find the cause and cure of Cancer depends on how soon and how much help comes not from one friend but from thousands.

- Learn to Recognize Cancer's Danger Signals
- Any sore that does not heal, particularly about the tongue, mouth or lips
 - A painless lump or thickening, especially in the breast, lip or tongue
 - Progressive change in the color or size of a wart, mole or birthmark
 - Persistent indigestion
 - Persistent hoarseness, unexplained cough, or difficulty in swallowing
 - Bloody discharge from the nipple or irregular bleeding from any of the natural body openings
 - Any change in the normal bowel habit

Cancer can strike anyone, but you can strike back.

FIRST AID to the AILING HOUSE

by Roger C. Whitman

Finishing Walls And Floor of Cellar

QUESTION: I should like some advice on finishing the walls and floor of our cellar, which we now are digging out. Our house was built without a cellar.

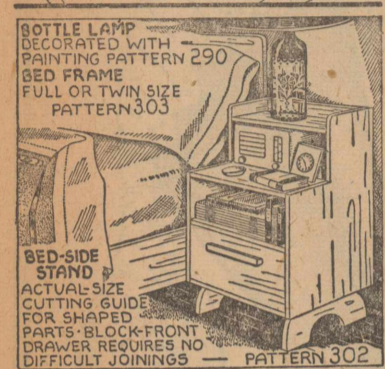

ANSWER: The floor can consist of at least four inches of good, waterproof concrete. If you intend to make a game-room, you could cover this with asphalt tile, which should be properly laid by an experienced workman. The walls can consist of poured concrete, or concrete block. They should be waterproofed on the outside below grade with two coats of hot

tar or asphalt paint. The outside trench can be provided with drain tile to carry off water, or in any case should be solidly packed with earth formed into a bank at the top sloping away from the house. Do not throw any kind of rubble, stones or anything else into the trench can be provided with drain holds volumes of water that may work inside the cellar. (I hope you will have experienced help with this important work.) If you wish to paint the walls either inside or outside, use a waterproof cement-base paint. Get this from a dealer in building supplies or mason supplies.

WEEKLY NEWS ANALYSIS

Red Delegate Urges U.N. Accord; World Awaits Pound Cut Effects; Walkouts Plague Major Industry

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

RUSSIA:

A 'Sweet' Note

The Russian theme in international accord was growing a little sweeter, if Andrei Y. Vishinsky, Soviet foreign minister could be taken at his word.

WEARING a broad smile, Vishinsky had urged United Nations members to cooperate. The gesture was made by the chief delegate as he arrived in New York by plane to attend the fourth United Nations general assembly sessions.

Disdaining the usual brusque "no comment" for reporters, Vishinsky was almost voluble. "The Soviet delegation," he said, "is fully confident that the United Nations is—as the head of the Soviet government, Stalin, said—a serious instrument for the maintenance of peace and international security."

Then he added: "There can be no doubt that the general assembly would be able to solve the important problems before it providing the nations of the U.N. show a sincere desire to cooperate with each other and in accordance with the principles of the U.N. charter."

Other delegates, advised of this and remembering the almost innumerable Russian "vetoes" in matters where cooperation might have been most valuable, decided to await development at assembly sessions to see just how far the Russian affable manner would go.

DEVALUATION:

Wait and See

To say that reaction to Britain's devaluation of the pound sterling was mixed, would be an understatement. Instead, reaction ranged from hope to fear, from confusion to jubilation "I told you so's" from all those who had held that devaluation was the only answer to Britain's current economic crisis.

AND that was the chief rub—was the solution one that would solve just the current situation, or was it the entire answer? The bulk of the thinking on that angle was that it was not the long-range panacea, with most observers preferring to "wait and see" before committing themselves to any analysis of the devaluation effect.

Meanwhile Canada had joined the parade of English-connected nations devaluing the pound.

THE DEVALUATION move was a two-edged sword in the British dollar crisis, for just as it might result in increased buying of British goods by Americans because of lowered costs, it would mean, too, that the English would have to pay more for the items they bought at home. The pound value was cut from \$4.03 to \$3.07, an action which alarmed most importers.

While expressing fear the move would cost them a great deal of money, most traders said they "didn't know a thing" yet and couldn't speculate until they had some word from British manufacturers.

SOME DEALERS and importers declared they would take a beating on the reduced values of their inventory of British goods already bought and paid for at \$4.03 to the pound.

Fire Hazards

Of course one can live in a fire-trap—but the question is: How long?

The National Fire Protection association, calling attention to Fire Prevention Week October 9-15, poses this question and points out that 11,000 people lost their lives in fires last year. More than twice

Dry roof is vulnerable.

that number were seriously injured. One-third of that number, the association reported, lived on farms.

Reporting that a few structural hazards account for at least half of all farm fires, the NFPA urged farmers to take steps now to eliminate such hazards. These steps were listed as: checking of wiring systems; wetting down of inflammable roofs in dry weather; inspecting heating plants and chimneys; and protection of main buildings with lightning rods.

MARSHALL PLAN FUNDS

Money Helps Fight Disease in Europe

Critics of the Marshall plan could find little fault with one phase of it, at least. For the record showed that through this means the United States was throwing the full weight of modern medical science into Europe's battle against war-spawned disease and malnutrition. This was disclosed by ECA officials in Paris.

Through the Marshall plan,

New Justice

Judge Sherman Minton, of U.S. circuit court at Chicago, was named by President Truman to succeed the late supreme court Justice Wiley B. Rutledge.

WALKOUTS:

Cars, Coal, Steel

American industry, fighting to regain pre-war stability, was facing parlous times. John L. Lewis' coal miners had left the pits. The United Automobile Workers union had handed the Ford Motor company what amounted to a strike notice, and now the steel industry was next.

WITH these basic U.S. industries all down, production suspended, millions of workers out of jobs, the national industrial and economic picture appeared dim indeed.

President Truman was coming in for some blame in the steel industry dispute, with critics charging he had "fumbled the ball" in efforts to prevent a strike.

Four days before the deadline for start of the strike, federal conciliator Cyrus Ching had reported no progress in negotiations. Neither side would budge on the key point in negotiations.

The union contended that since it had agreed to forego its demands for a pay raise, the steelmakers should accept the presidential fact-finding board's recommendations for a company-financed welfare fund. While this seemed to satisfy steelworkers, it didn't please the UAW.

ON the other hand, the steel industry was buying newspaper space to claim that it was agreed at the outset that the presidential board's findings would not be binding on either party, and that if a strike resulted, the union would have to assume the responsibility.

Steel leaders took the position, too, that the workers should contribute to the pension-insurance plan costing 10 cents an hour for each man.

BOMBERS:

Gives Reds Pause

The declaration came from a man whose qualifications entitle him to the rating of expert—Gen. Henry H. Arnold, wartime chief of U.S. air forces. The statement, made in a book, "Global Missions," was that it isn't armies or navies that Russia fears, but only far-reaching bomber strength.

"Let's put it this way," the general wrote. "Russia has no fear of an army, she thinks hers is just as good and bigger than any other in the world; she has no fear of a navy since she can't see how it could be employed against her; but she does fear our long-range strategic air force which she cannot as yet match, or as yet understand. In the strategic air force, coupled with our atomic bomb, at this writing we hold the balance of power in the world."

"But," he warned, "by tomorrow the picture may change."

Arnold minced no words in the dim view he takes of the Russians. "The Russians," he says, "would have none of the American proposal that the American air force be allowed to build B-29 bases in Siberia to attack Japan." Similarly, he recalled that agreement for bases in Russian territory to be used for shuttle-bombing of Germany, was ended after a short time by Moscow.

The air force, in the current squabble over armed-service prestige as a result of the unfication bill, could take much solace and encouragement from General Arnold's statements.

Household Hints

Restoring Mercury
If the mercury in a thermometer separates, try to shake it together. Or dip it in very cold water for a few minutes. If both fail, it's usually hopeless and a new thermometer is the remedy.

Test Cake Quality
The quality of a cake can be tested without cutting into the cake itself if you set aside a small portion of batter and bake it as a cupcake. When both cakes are done, a taste of the little one will reveal the quality of the large one.

Cole Slaw Dressing
Instead of vinegar for a cole slaw dressing, use the leftover juice from a jar of sweet pickles. You'll get an unusual flavor.

Hot Water Bottle Patch
Another way to patch a leaky hot water bottle is to melt part of an old jar rubber, rub the molten rubber over the hole with a flat-bladed knife and press it down with your fingers.

Tea Flavor
A dried piece of orange rind, kept in the canister, adds a fine flavor to tea.

Coloring Margarine
To color margarine for table use, put your electric mixer to work on the job. Then, without cleaning the stray margarine off the mixer paddles, use the mixer for whipping mashed potatoes.

Condiments
Keep a large shaker of both salt and pepper in the kitchen and you can add both condiments to a dish with one shaking.

**German Housewives
Aging Sooner Because
Of Gadgetless Homes**

NEW YORK.—German housewives look 10 years older than American housewives of the same age because they have none of the labor-saving devices used in homes and kitchens here. This observation was made by two German women teachers, Dr. Anna Buehler of Munich and Dr. Gertrude Weismantel of Fulda, Hesse, at Pratt Institute in Brooklyn, where they were studying American education.

Members of a group of fifteen German educators selected by the American military government in Germany for a tour of American educational institutions, they were attending classes in their special field. Dr. Buehler is a social scientist, while Dr. Weismantel's specialty is arts and crafts.

"The housewife in Germany has a hard life," Dr. Buehler declared. Dr. Weismantel interposed that the "deutsche Hausfrau" has no central heating, no refrigerators, no running water. Food has to be carried up, sometimes four flights, from the cellar; wood or coal-burning stoves in various rooms have to be kept going. Dr. Buehler added that many German housewives today were so poor that they used discarded tin cans as cooking utensils. "They have no dishes, knives or forks," she added.

Both women were impressed with the way American men help their
