

Stratford Gun Club Plans Turkey Shoot For Monday, November 21

A turkey shoot in which 20 turkeys will be awarded will be held at the Stratford Gun Club shooting grounds in the west edge of Stratford Monday, November 21. The shoot will open at 10:00 A. M.

The turkey shoot will be conducted as a clean sportsman-like event for the benefit of those who enjoy this type of recreation. No admission charge will be made for those who wish to watch the shooting match.

An estimated entrance fee for contestants in the event will be between \$2.00 and \$3.00. The cost of the entrance fee will be determined by the cost of the turkeys.

Contestants will be divided into groups of five men who are evenly matched in marksmanship. Each of the five will fire five or more shots. In case of a tie, the contestants will fire at targets until one establishes the higher score. The entrance fee will be set so that the five contestants will pay for the clay pigeons and the turkey which is awarded to the winner of their match.

As the club has a membership of 53, a good shoot is expected even though there are but few other contestants. The turkey shoot is open to any contestant who desires to pay his entrance fee.

As a safety measure, a rule of the shoot will be that all contestants except those participating in the firing, will have all shells removed from their guns with action open.

An agreement will be made at the time of the shoot as to how many rounds each man will fire. Five shots has been set as a minimum to establish the winner of each turkey.

An additional rule of the shoot will be that after a contestant has won a turkey, he will not be eligible to shoot again, until after each contestant taking part in the shoot will have had the opportunity to participate. If all the turkeys have not been awarded when all of the contestants have had an opportunity to shoot, then the winners of the birds who wish a second chance, will be given an opportunity to take part in the matches held for awarding the remaining turkeys.

Gun club officers taking a leading role in making preparation for the turkey shoot are Eugene Hudson, President; Claude Sloan, Secretary; and H. L. McMahan, Jim Taylor, and E. J. Massie, members of the Board of Directors.

November 21 was set as the day for the shoot in order to allow time for the winners to have the birds they win prepared for Thanksgiving dinners.

Farm Bureau Directors Met Tuesday

Farm Bureau Directors met in an open meeting at 2:00 P. M. Tuesday at the Courthouse. Twenty-eight farmers attended the meeting.

Two resolutions were adopted which will be presented at the State Farm Bureau Convention to be held in Dallas November 21-22-23. Both resolutions concern natural gas taxation.

The Sherman County Farm Bureau went on record as opposing any taxes which might be placed on natural gas at the well-head. The organization favors a natural gas tax which would be paid by the consumer.

The Sherman County Weed Control program was adopted by the Farm Bureau as a major project for 1950.

Elmer Hudson, Jim Taylor, Dan Foreman, W. T. Crabtree, F. D. Mason and Arthur Milton were named as a committee to outline the weed control program.

Heel And Toe Club Learns New Steps

Members of the Heel and Toe Club met in the American Legion Hall Saturday night for an evening of dancing. They learned additional steps and topped off the entertainment with refreshments of sandwiches and cokes. The club will meet again Tuesday night.

Lt. Cunningham Tells Of Life In Occupied Japan

Lt. Elmo Cunningham, who has just completed a tour of duty with the U. S. Army in Japan, was the principal speaker at the Lions Club banquet in the Palace Cafe Monday night.

Lt. Cunningham is here on furlough for a visit with his parents, Mr. and Mrs. S. L. Cunningham.

Introduced by R. C. Buckles and R. W. Stewart, program chairmen, Lt. Cunningham stated that he had often heard of the Lions Club but in service with the army he had been transferred too often to maintain a membership. He has just completed 2½ years service in occupied Japan as an army officer, where he said he worked hard, played hard, and had a wonderful time. "After having been in a foreign country for a period of time you will realize upon your return to the United States what a wonderful country you have," the returned officer said.

Lt. Cunningham described occupied Japan as orderly, and one of the most successful occupations in history with credit good or bad going to the commanding officer, General MacArthur. The moral obligation of the U. S. is being carried out in establishing Japanese economic stability, education, finance and banking, legal education, with the best of American legal talent revising many of the laws of Japan.

The smaller things are left to the Japanese to decide for themselves. By observing actions of the American families in Japan, their American papers and magazines, their picture shows, and their mode of dress, the Japanese are picking up many of the customs and policies of the American people. Baseball, Cunningham said, is the Japanese national sport. Recently he witnessed the large crowds that assembled in Japan when a San Francisco baseball club played ball in Japan. Japanese are gradually adopting the democracy of the American people. Restrictions placed on the Japanese at the beginning of the occupation are gradually being lifted, allowing them the privilege of local governments and their own organizations.

Cunningham said most of his assignments as a junior officer had been to train anti-aircraft troops and duty with the security guard of army property in Japan.

Cunningham related the farming practices of the Japanese as still being backward. Most farming is done by hand on small plots with a hoe. These farmers manage to raise large amounts of food from very small farms. By use of dams and ponds the Japanese manage to irrigate their rice paddies. It is true, Cunningham said, that a Japanese can live on a handful of rice, but when given an opportunity he will eat as much as the average American.

Japanese women do not appear in the suppressed manner in real life as they have been painted in fiction, Cunningham told the gathering. No attempt has been made to change the Japanese religion nor to take from them the right of their emperor although he no longer holds the place of a god.

If the Japanese have any feeling of resentment toward the American occupation forces they never let it be known by word or action, Cunningham said.

In describing their mode of travel, he said that Japan has an abundance of electricity, and that a system of electric trains provides a network of transportation routes over the island. Other vehicles of transportation most popular are the bicycle and the cart. You may often see a piano loaded and moved on a bicycle in Japan.

The living standards of many are being raised through the breaking down of the class systems in Japan. This makes it possible for small farmers to own their own land. Formerly they were merely peasants on large feudal farms.

At the close of the program, R. C. Buckles, called the attention of the club to the fact that the

Poppy Day A Success In Stratford

Work for the welfare of disabled veterans will be helped greatly by the wonderful response to the sale of veteran made poppies which went on sale in Stratford Saturday.

Five hundred poppies were sold and worn by the people of Stratford. This was the best response the Auxiliary has ever received to this program. About \$125 was given for the little flower.

The American Legion and Auxiliary express their special thanks to the following girls and ladies who made the day the success it was: Miss Charlotte Farris, Miss Mary Nan Davis, Miss Mary Lou Garoutte, Miss Martha Crabtree, Miss Nell Foreman, Miss Marty McMahan, Miss Jo Wayne Harding, Miss Jean Beth Keener, Mrs. Donald Moon, Mrs. Frank Sutton, Mrs. Jack Seig, and Mrs. Bob Gillis.

Stolen Car And Money Recovered Here Sunday

A 1949 Chevrolet sedan belonging to James Rider of Dumas was recovered here Sunday along with \$360.00 in cash when Chief of Police L. T. Stephens took Louis F. Blunk of Dumas into custody at 4:00 A. M. Sunday when he noticed the car being driven through town without license plates. Not satisfied with the Missouri sticker on the windshield Stephens took Blunk to the Sheriff's office and summoned Sheriff A. L. Wilson to assist in the investigation.

Amarillo police notified the officers that the car was stolen from James Rider, an employee of the Phillips Petroleum Co., in Amarillo at 1:00 A. M. Dumas police notified Rider his car had been found. He arrived here at 9:00 A. M. Sunday to claim his car and asked if \$360.00 had been found in the glove compartment of the car. Blunk had \$232.00, his wife had \$8.00, leaving \$120.00 missing. Upon questioning it was learned that Blunk's brother-in-law had been paid \$20.00 of the money and \$100.00 had been left with Blunk's mother-in-law. The \$120.00 was recovered along with and \$100.00 had been left with Blunk's mother-in-law. The \$120.00 was recovered along with signed statements from both parties.

Mr. and Mrs. Blunk and their 5-month old baby were in the car on their way to Missouri when the arrest was made. Blunk has been transferred to Amarillo for trial where charges were filed.

Gilmers Are Parents Of A Son

Mr. and Mrs. Wiley Gilmer, Amarillo, are the parents of an 8 pound 11 ounce son, born Thursday of last week in St. Anthony Hospital. The new arrival has been named Lee Kessie Gilmer. Mrs. Gilmer is the former Ruth Kessie of Stratford.

Lions Club had entertained or helped most every group in the city but it had never entertained the widows in Stratford. The motion was referred to a meeting of the Board of Directors held following the banquet.

Called to order by President Holmes, Walter Pendleton led the opening song with Mrs. Pendleton club sweetheart, playing the piano.

Guests introduced at the banquet were Hollis Harrington, S. L. Cunningham, and Lt. Elmo Cunningham.

Arthur Milton and J. D. McDaniel were named as program chairmen for the next meeting. Jack Golladay and Hose Flores will arrange the program for the following week.

Eastern Star Delegation Gets Charter

The Stratford Chapter of the Eastern Star was granted a charter by the Grand Chapter of Texas Order of the Eastern Star in Dallas last week. Arrangements will be completed for constituting the chapter by early spring.

Those receiving the charter in Dallas last week were: Mr. and Mrs. F. L. Yates, Mrs. W. O. Bryant, Mrs. Floyd Wiginton, Mrs. F. B. Mullins, Mrs. Jim Taylor, Mrs. Ruth Green, Mrs. Leo Smith, Mrs. Leslie Parker, and Mrs. Claude Sloan.

NPAA Sets 21st Deadline For Cage Entries

November 21 has been set as the deadline for entrance in the North Plains Athletic Association senior basketball league. An entrance fee of \$10.00 has been assessed each team entering the league.

League games will be played Thursday nights. The regular season will open December 1 and will end in the last week of February. Each team will play one league game each week.

In place of the Shaughnessey play-off the two top teams at the completion of the regular league play will meet in a two out of three game series to determine the champion, according to J. W. Standifer, chairman, North Plains Athletic Association chairman.

Sick Veterans Christmas Gift Deadline Nears

Christmas gifts which disabled and sick veterans in the Amarillo Veterans Hospital give to their families must be placed at their disposal within the next few days in order that the entire program may be carried out by work donated by ladies of the American Legion Auxiliary.

When you buy a gift for Christmas for a member of your own family take the time to purchase an extra gift for a member of some disabled veteran's family. If you decide to do this, the gifts may be left with McIntosh Dry Goods. Giving a gift to a veteran who gave will make you feel a bit more of the Christmas spirit. These gifts must be in Amarillo soon in order to be of any assistance in this year's program.

A gift for a disabled veteran's family is small recompense for one to make to the boys who so valiantly gave their right to a healthy future to make this country safe for all of us.

Leslie Parker Is Medical Patient

Leslie Parker was admitted to Northwest Texas Hospital in Amarillo Saturday as a medical patient. His condition is reported to be favorable.

Santa, Sleigh, And Reindeer To Arrive In Stratford December 1

Miss Eubank Is Bride Of Joe Crenshaw

Nuptial vows were exchanged in a double ring ceremony in the Methodist Church in Sunray November 10 at 2:00 P. M. by Miss Betty Eubank, niece of Mr. and Mrs. Luther Browder, and Joe Crenshaw, Sunray, son of Lewis Crenshaw of Richmond, California, and Mrs. P. F. Downey, Bakersfield, California, before a number of close relatives and friends.

Rev. B. C. Patterson, pastor of the Church of Christ, Sunray, read the service before the altar which was decorated with huckleberry, palms and arrangements of white mums backed by candelabra holding white candles.

Mrs. Arthur Corse played "Star Dust" and "Always," while the candles were lighted by Andy Eubank, brother of the bride, and Marvin Threlkeld, Jr., cousin of the groom.

Miss Olethia Springer sang, "With This Ring," accompanied by Mrs. Corse at the piano.

Escorted to the altar by her uncle, who gave her in marriage, the bride was attired in a white nylon taffeta gown, styled with a shirred bodice, sweetheart neckline and the long sleeves were finished with pointed cuffs. The full floor length skirt extended from a ruffle of self material at the hip line. Her finger tip veil of nylon illusion fell from a coronet of orange blossoms. She carried a blue handkerchief and for something old and borrowed she carried her aunt's and uncle's wedding bands tied with love knots to the white satin streamers of her bridal bouquet of white carnations centered with an orchid. Her only jewelry was a strand of pearls, a graduation gift of an uncle, Wesley Browder.

Mrs. Loye McRea, a sister of the bride, was matron of honor. She wore blue taffeta styled similar to the bride's dress. Her bouquet was pink carnations.

Mrs. Loye McRea was best man. Mrs. Luther Browder wore a green gabardine dress with gold trim. Her corsage was pink carnations. Mrs. Marvin Threlkeld, aunt of the groom, wore a black ensemble. Her corsage was of red roses.

Following the ceremony a reception was held in the home of Mr. and Mrs. Luther Browder. The table was laid with a lace cloth and decorated with a centerpiece of yellow baby chrysanthemums and blue candles. The tiered wedding cake was topped with a miniature bride and groom.

Mrs. Frank Blanks served the wedding cake, Mrs. Marvin Threlkeld served the punch, and Mrs. Loye McRea presided at the brides book.

Those present at the reception were Mr. and Mrs. Loye McRea, Andy Eubank, Mrs. Jennie Eubank, Mr. and Mrs. Marvin Threlkeld and Marvin, Jr., and Mrs. Roy Browder and daughters, Catha and Ione, Wesley Browder, J. H. Michaels, Sunray, Mrs. C. F. Moon, Mrs. W. J. Sparks and son, Bynum, Amarillo, Mr. and Mrs. Cline Gilbert, Mr. and Mrs. Frank Blanks, Sunray, Mrs. Ross McKinney and son, Frank, and granddaughter, Dalhart, Mrs. Olive Freeman, Gray, Oklahoma, the bride and groom and the host and hostess.

For the wedding trip to Carlsbad, New Mexico and El Paso, Texas the bride wore a gray wool sharkskin suit with wine accessories. Her corsage was an orchid.

The bride is the daughter of Mr. and Mrs. B. B. Eubank of Witter, Arkansas. She has made her home with her aunt and uncle near Sunray for several years, attending school in Sunray where she graduated with the class of '47-'48. She attended P. A. M. C. at Goodwell, Oklahoma last year.

The groom attended school at Middlewater, Texas and spent two years in Germany with the armed forces. He is employed by the Shamrock Company on the Stewart lease.

The couple will be at home in Sunray after November 20.

G. A. R. stands for the Grand Army of the Republic.

H. L. McMahan, Delbert Cummings, Baskin Brown, and Earl Bond have been appointed as a Chamber of Commerce committee to work with Stratford Lions and Sherman County Farm Bureau representatives in putting up Christmas decorations in the business district of Stratford to herald the arrival of Santa Claus who will arrive on Main Street at 10:00 A. M. Thursday, December 1, with his sleigh drawn by four reindeer.

Santa's early arrival in Stratford is sponsored by the Stratford Chamber of Commerce to announce the opening displays of Christmas merchandise in the stores in Stratford.

To furnish further entertainment for the afternoon a matinee will open at the Roxy Theatre at 1:30 P. M.

Walter Pendleton spoke briefly to the gathering, stressing the need of at least 20 men who are available at all times, for service on the Stratford Volunteer Fire Department.

Pendleton stated that if the proper number of men qualify and enroll with the fire department the fire insurance rate will be decreased seven or eight cents. Otherwise Stratford is due for an increase in insurance rates.

The chamber of commerce had a good attendance at its meeting held at noon in the private dining room at Omaloy's Cafe.

Stratford Teams Win Cage Games From Spearman

Stratford Elkets and B-Boys basketball teams won games played at Spearman Tuesday night.

The Elkets took an early lead in their game over the Spearman girls to win 31 to 21. Kathryn Newman scored high for Stratford with 20 points while Dorothy Nell Harding followed with 9 points. White scored high for Spearman with 12 points.

Stratford boys held a safe lead through the game to win 57 to 29 over the Spearman boys. Bobby Lovelace was high point man with 16 points. Fred Green was in second place with 12 points and Tommy Wakefield scored 10 points.

Demarnod was high point man for Spearman with 13 points.

Council Ladies Entertain Husbands

Around a lovely table decorated with autumn motif, forty-six ladies of the Women's Council of the Christian Church and their husbands enjoyed a delicious dinner Wednesday evening in the church basement.

A very successful bazar was conducted at the meeting.

The theme of the program very aptly led by Mrs. Everett Palmer was "Within the Family of God." The devotional, "The Vine and the Branches," was presented by Mrs. L. L. Lyon. "All People's Church" was the subject of Mrs. Elmer Hudson's talk. "Churches for all People," was discussed by Mrs. John Knight. "A Mission to Yakima," was the topic presented by Mrs. T. L. Wakefield. In the business meeting, the

Council heard a letter of thanks from U. C. M. S. for taking Mrs. George Smedley of Paraguay as the living link missionary for next year.

"Uncle Jay" will speak at the Church Sunday, December 4, during the morning worship. The public is invited.

County PMA Election Will Close Monday

Monday farmers who have been participating in Federal farm programs administered through the county and community Production and Marketing Administration committees will be choosing new community committeemen to represent them during 1950.

They've been doing this annually, about this time, for several years. As a matter of fact, these elections have become so common place that they are sometimes ignored by a large number of the eligible voters. Instances have even been reported when a community election had to be postponed because the turnout was too small.

This apathy toward elections by American citizens is not unique with the farmer-committeemen elections. But the elected-farmer committee system for local administration of Federal farm programs is unique.

Farmers, through their local committeemen, have the usual opportunity to help shape Federal farm programs, to see that they are properly adapted to conditions in their own communities and on their own farms. That is, they have this opportunity if they participate in the election of committeemen. If, after having chosen them, they keep them informed of problems facing their communities and give them full support and cooperation in the job of farm program administration.

One of the best methods of indicating support for their "grass roots" farmer-committee system is heavy participation in the

PIGS IN YOUR PARLOR?

A pig with a taste for the finer things of life might enjoy the luxury of a nap on the best sofa . . . but it would be hard on the sofa!

The same holds true with motor oils and motors. "Just any" oil in the crankcase of a good motor is as out-of-place as the pig in the parlor.

Good oil maintains the value of a good motor. That is why so many farmers use CO-OP MOTOR OIL. CO-OP MOTOR OILS are made in their own refineries to their own specifications. CO-OP on the label insures you of fine oil at a modest price.

elections. Are community PMA committeemen important in the scheme of things? Let's glance at their duties:

They provide local leadership in developing and supervising farm programs adapted to the needs of their community;

They fit programs to local conditions and recommend improvements and additions suggested by farmers, in cooperation with the county committee;

They explain the objectives and provisions of the farm programs and actively assist the farmers in making effective use of them;

They conduct meetings and elections and assist in conducting referendums;

They cooperate with other community leaders in coordinating farm program activities.

During 1949 community committeemen had a great deal to say about the distribution of \$56,000.00 in federal funds used to assist and encourage the adoption of soil and water conservation practices on 250 of the county's farms.

In cooperation with the county committee, they recently completed the difficult task of setting up individual farm wheat acreage allotments for 1950.

They are often called upon to help determine eligibility for price supporting loans and purchase agreements.

These are only a few of the many activities affecting farms and farming operations in which these men are called upon to participate in the course of a year.

1950 FORD

IT'S HERE FRIDAY AND 50 WAYS NEW!

WITH THE EXCLUSIVE NEW 100 H.P. FORD V8

ITS QUIET WHISPERS QUALITY

It's the quiet of new super-fitted pistons, new "hushed" timing gear, new fan designed for better cooling at slower, quieter speeds. And what power! It's a full 100-h.p. V-8 that delivers more power than any other car anywhere near Ford's low price and sells for less than most conventional "sixes." And Ford offers a Six, too—an advanced Six with 95 horsepower.

NEW sound conditioning
New "sound-conditioning" in floor, doors and body panels insulates Ford's "Life-guard" Body against road noises. More extensive sealing in 41 areas gives additional interior quietness and protection.

NEW "Hushed" ride
Ford's famous "Mid Ship" Ride is now so quiet you can talk in whispers at highway speeds. So smooth (with its great team of "Hydra-Coll" and "Para-Flex" Springs) that it virtually erases every bump.

NEW quality features
New quality is easy to find in this 50-way-new Ford. You find it in the new push-button door handles, in the new rotary door latch that needs only a feather-touch to open and close securely. You find it in new sparkling upholstery colors.

NEW driving comfort
Not only does the 1950 Ford offer you more hip and shoulder room than any other car in its field—it offers you the long-lived driving comfort of a new foam rubber front seat cushion over new non-sag seat springs. You drive relaxed.

But see it for yourself. Drive it so you can feel and hear the difference. And price it and see how much less it costs than any other really fine car.

Foes Simmer At New Plea For "Rights"

WASHINGTON. — President Truman's new appeal for enactment of civil rights laws fired a

Stratford Lodge 874

slow-burning fuse which appears certain to touch off another controversy in Congress next year.

The verbal fireworks are expected to start banging in the Senate soon after the lawmakers return in January. The Democratic leadership has said it will try for a vote then on perhaps the most controversial of all the civil rights measures, a bill to create a fair employment practice commission.

Truman made it clear in an Armistice Day speech Friday that he hasn't given up his fight for the program which split the Democratic Party in 1948 and cost him the electoral votes of four Southern states.

PLAN ANOTHER FILIBUSTER
Nearly all Southern Congress members have fought the civil rights program. Dixie senators

have said bluntly they intend to launch another filibuster when the fair employment bill comes up.

At the start of the first session of the 81st Congress last January they kept a talkathon going for days when the Democratic leaders tried to put through a change in Senate rules aimed at making it easier to limit debate.

The leaders finally had to abandon the fight for the rule they wanted and accepted instead one sponsored by the Southerners and a group of Republicans. **NEVER PUT TO TEST**

The new rule permits limitation of debate, of cloture, when 64 of the 96 persons vote for it. The rule has never been put to a test, and the civil rights advocates are skeptical whether it will work effectively. They contend it will encourage absenteeism and make it difficult to muster 64 votes.

Besides a fair employment commission, Truman's program calls for laws to make lynching a federal offense and to ban the poll tax in federal elections.

Texas Farm Income Declines 1 1/2 Percent

Like the rest of the United States, Texas has shown a decline in cash farm receipts for the first nine months of this year, as compared with the corresponding period of 1948. But whereas the drop in farm marketings for the whole nation has been in the neighborhood of 8 per cent, the decline in Texas has been only slightly above 1 1/2 per cent. And the money which Texas farmers have received for their crops and livestock for the nine-month period adds up to the more than respectable total of \$1,277,763,000.

The forecasts of the U. S. Department of Agriculture have been that for the entire year the drop in cash farm income will be about 9 per cent. The prospects are that Texas will experience no such severe drop. Lower farm prices are having their effect upon farm income, but good crops and a larger volume of marketings in Texas should come close to offsetting the loss. The greatest effect of sagging prices likely will be found in the returns from the marketing of livestock and livestock products.

The figures on the money that is put into the pockets of Texas farmers through sale of their products emphasize the importance of agriculture as a basis for the state's economic well-being. The development of oil and its allied industries has caused agriculture to slip from the place it formerly held as the foremost money producer in Texas. But there still are many businesses and, in fact, many sizable towns in Texas which would not exist except for agriculture. The state's tillable soil and grazing ranges remain two of its principal assets. Any industry which can produce an income of more than a billion and a quarter dollars in nine months will retain its importance as an economic factor in a state fast headed toward industrialization.

Select Name For Museum At PAMC

"No-Man's Land Historical Museum" was the name selected for the Panhandle's \$60,000.00 museum building at the Fifteenth Annual Meeting of the No Man's Land Historical Society, held at Panhandle A. & M. College recently.

The name was selected from several suggestions because of its being the one name that would pay tribute to all early settlers of this section and be

completely different from names of other institutions of like nature in other localities.

Tribute was paid Marvin McKee, Goodwell; Nolan McWhirter, Goodwell; Leon Field, Texhoma; Floyd Summerall, Beaver; Roy Nall, Boise City; and Dwight Leonard, Beaver; for their efforts in behalf of the museum and museum building. A blanket vote of thanks was also accorded all persons donating to the museum building fund.

Principal speaker at the meeting was Judge Wallace Hughes, Guymon. Others appearing on the program were Henry Hitch Guymon; Wade Loofbourrow, Boise City; Dr. I. M. Lightner, Guymon; and Rev. Loren Heaton.

Legion Airs

(By Earl Bond)

The poppy sale last Saturday was very successful, in comparison with past years. The Legion and the Auxiliary wish to thank each of you who contributed to this fine cause. This will be of great assistance to the Auxiliary's wonderful rehabilitation program.

All Legionnaires and Auxiliary are urged to attend the party the Auxiliary is giving for the boys in the veteran's Hospital Sunday Nov. 20. The ladies are working up a very good program of entertainment to take up there, along with refreshments. The program must start at 2:00 P. M., and everyone should be there by 1:30. The management is very insistent on promptness. Wear your cap if you have one.

You should also mark the following day, Monday Nov. 21 on your calendar. Monday night there will be a zone meeting at Borger, which I know you will enjoy. They are cooking up a turkey dinner for the visitors, and business will be cut to the minimum in order to leave plenty of time for the dance to follow. A good crowd from Stratford has been promised and we don't want to fall down on our promise.

Henry McIntosh, Frank Sutton, and I went to Plainview last Thursday afternoon and Friday to get Frank wrecked into the Forty and Eight. I should publish some of the pictures I got of Frank, but it might be too much of a shock to some of you readers with weak hearts. It is sufficient to say that he was a very sorry looking sight by the time the decorating committee got through with him. The Plainview boys did a wonderful job of showing us a good time, and we thoroughly enjoyed the hospitality found in their fine Legion Hall. Nov. 11 they staged one of the best parades I have seen in a long time. The record of achievement of their Legion post and their vantage of the Forty and Eight indicate that there is a spirit of cooperation and willingness to work such as is found in very few posts. Their Armistice Day program is one of the highlights of the year, and they really did themselves proud this year.

There is a large, two gallon coffee pot missing from the Legion Hall. I am sure that someone has borrowed it and forgot to return it, but we need it badly, especially on nights when joint socials are held with the Auxiliary. The pot is not valuable, but a pot of such a type is hard to find, and we would appreciate its return.

Incidentally, there is some equipment of various kinds in the Hall

that was borrowed during the Jamboree, and no one seems to know to whom it belongs. So, if we borrowed from you and didn't return it, it is likely still at the hall.

We are sorry to lose one of our most faithful Legionnaires, Dr. J. R. Parker. One of his first acts upon coming to Stratford was to join the American Legion, and has been most faithful in attending and working ever since. He is our Service Officer, and we regret very much to lose him.

Phillips Petroleum Co. still is hiding behind their blanket of secrecy concerning Sherman County's latest oil well, the Wilco well. Like a great many other people, I have nothing to gain from it directly, but like everyone else, I am just naturally curious. There are a number of new oil company representatives in town, their radio equipped cars being a familiar sight. It might be possible that they are just here on vacation, but most unlikely. There is considerable activity going on but no one seems to know what. I know that time will tell, but the waiting seems long, and will

no doubt seem longer before the pool has been thoroughly probed. The town has received little benefit from the gas development, except for personal benefits of those who have wells, but we might be in line for some overall benefits if the oil developments prove successful. Let's hope for the best.

State Health Officer Warns Of Colds

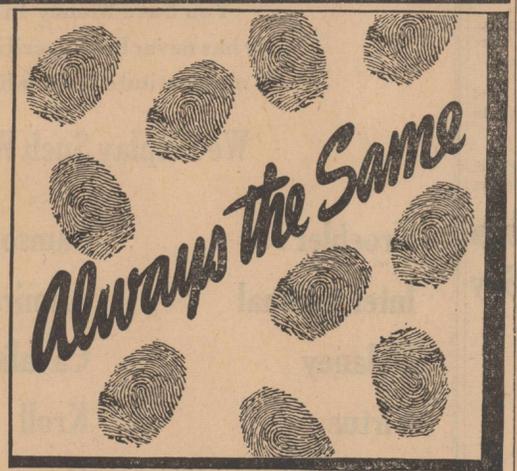

AUSTIN.—Dr. George W. Cox, State Health Officer, declares there's hardly anyone who hasn't caught cold at one time or another. The common cold is common indeed. Besides making you feel miserable, colds steal your time and your money. They fool you, too, because the early signs are often the same as those of more serious illnesses. And long-continued colds may pave the way for an attack of pneumonia, tuberculosis, or a chronic infection of the nose, throat, ears, or sinuses. So, do your best to keep from catching cold. And if you do catch one, take proper care of yourself so you can get rid of it.

- When you have a cold:
1. Get as much rest as possible. Stay in bed or indoors for the first day or so, if you can.
 2. Keep comfortably warm and dry. If you must go to work, wear clothes that will protect you adequately when you go outdoors, and avoid drafts and sudden chilling when overheated.
 3. Drink plenty of citrus fruit juices, water, and other liquids. Eat simple foods which agree with you.
 4. Protect other people as much as possible. Cover your mouth and nose when you cough or sneeze. Use paper handkerchiefs or paper napkins that can be burned. Wash your hands frequently with soap and water.
 5. Blow your nose gently. If

MAKE FENCE MUCH FASTER with this post hole digger

Why wait to build fence because digging post holes by hand is such hard work? We recommend the Danuser post hole digger that attaches quickly to the Ford Tractor and can dig up to 600 post holes a day. Lifts and lowers by Hydraulic Touch Control. Pays for itself in time and labor saved... gets fence made quickly, between rush seasons or in spare time.

If you have seedling trees to set out, or holes to dig for building pilings or foundations, there's nothing like this post hole digger. Even use it for digging trenches... saves lots of shoveling. Several size augers... Ask for a demonstration.

Mrs. Pearson Hostess To Star Club

The Star Home Demonstration Club met in the home of Mrs. Huston Pearson Tuesday of last week at 11:30 A. M. Mrs. Webb Whorton discussed toys suitable for children of different ages. Mrs. T. L. Wakefield presented the county budget. Mrs. J. W. Smith spoke on the subject of organization, food and agriculture, with relation to the United Nations.

Toys and used clothing were brought by members of the club to be sent to a French family the club has adopted.

Those attending the meeting of the club were: Mrs. Raymond Keener, Mrs. T. L. Wakefield, Mrs. J. W. Smith, Mrs. Shuler Donelson, Mrs. Alfred Pronger, Mrs. Jimmie Milam, Mrs. Webb Whorton, Mrs. Ralph Keener, Mrs. Chuck Smith, Mrs. Kenneth Borth, Mrs. Harold Bennett, Mrs. Roscoe Dyess, Mrs. Ralph Salesman, Mrs. Warner Williams, Mrs. Milton Sanders, and the hostess,

After the meeting a pink and blue shower was given for Mrs. Chuck Smith.

The club will meet at 11:30 A. M. Tuesday in the home of Mrs. J. W. Smith.

Honored With Birthday Dinner

A surprise birthday dinner party was given by Mrs. Fred Senna in honor of her husband Wednesday night of last week in the home of Mr. and Mrs. J. W. Hodges.

The linen covered table was lovely with an autumn bouquet of asters and blood red baby mums as the center piece, with a large birthday cake as the center piece for the buffet.

After the honored guest opened many attractive gifts, a baked chicken dinner was enjoyed by Mr. and Mrs. J. W. Hodges, Mr. and Mrs. W. D. Branman and family, Mr. and Mrs. T. W. Hodges, Mr. and Mrs. Harold Quinn and children, Miss Loretta McDaniel, Miss Maxine Senna, the honored guest and the hostess.

The evening was spent playing dominoes and pinochle.

Kerrick Club Meets With Mrs. Boren

The Kerrick Home Demonstration Club met in the home of Mrs. Allen Boren Friday with nine members, three visitors, and Miss Stinson, county home demonstration agent, present.

Mrs. Fred McDaniel reported on the last council meeting and the luncheon that was given November 10. Four of the club members attended the luncheon. The Kerrick Club will have a

Christmas party on the next meeting day at the Kerrick school house. Everyone will bring gifts which will be exchanged.

Miss Stinson used "Quick Breads," as her demonstration. She made Corn bread, Muffins, Gingerbread, and drop cookies. They were served as refreshments with coffee and tea prepared by the hostess.

Refreshments were served to: Mesdames O. H. McDaniel, Fred McDaniel, Sam Roach, Lisle Mc Cune, Alton McCune, Robert Johnston, Bill Johnston, Newton James, Allen Boren, members;

and to Mrs. Alton Brewster, Mrs. Lloyd Franklin, and Mrs. Ray Taylor, visitors; and Miss Corrine Stinson, Dallam County Home Demonstration Agent.

Mrs. Baskin Hostess To H. D. Club

Southside Home Demonstration club members met Wednesday of last week in the home of Mrs. Tommie Frank Baskin. After a

business meeting, the meeting was turned over to the county agent, Miss Dorothy. Lines of patterns were discussed, and members were trained in methods of altering a dress pattern.

Refreshments were served to the following guests: Mrs. LeRoy Morris, Mrs. Vernon Carter, Mrs. Everett Carter, and club members, Mrs. Merritt Sweny, Mrs. Arthur Cartrite, Mrs. John Lavake, Mrs. Mac Carter, Mrs. T. F. Baskin, Jr., Mrs. Ellison, Mrs. William Glen Hart, the agent, Miss Dixon, and the

hostess, Mrs. Baskin. The next meeting will be with Mrs. William Glen Hart.

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.
You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Save Your Game!

If you want to prevent waste on that hunting trip of yours this autumn, it would be wise to follow these directions issued by the U. S. forestry service:
GO PREPARED—Take at least a hunting knife, belt-axe, 30 feet of 3/4-inch rope, some twine, several pieces of clean wiping cloth, red flagging and four muslin sacks—each large enough to hold a quarter of the animal you hope to get. A small meat saw and some black pepper will also come in handy.
DRESSING OUT KILL—Tag animal as soon as it is killed and do not destroy evidence of sex. Open carcass from crotch to throat. Turn animal downhill so it will bleed freely. Be careful not to puncture the intestines or the paunch. In all operations prevent hair from com-

Don't make a target out of yourself by carrying an exposed hide or antlers.

ing in contact with meat. Open chest cavity by spreading with a stick. Drain off blood and wipe with clean cloth. Do not wash with water. If the animal must be taken out of the woods before cooling and quartering, leave the liver and heart in the body cavity.
COOLING—Because the animal's body heat causes rapid spoilage, your kill should be completely cooled as soon as possible, preferably by hanging in a shady place.
QUARTERING—If state laws permit, it is best to quarter the animal before moving. The hide is worth saving and should be removed in one piece if possible. Place quarters in clean muslin bags and hang in shade. In warm weather, hang out only at night and wrap meat up during the day. ALWAYS KEEP THE MEAT COOL.

TRANSPORTATION—Don't make a target of yourself by carrying an exposed hide or antlers! Don't transport the animal on an automobile fender next to a heated motor. Transportation is, of course, easier if it is possible to pack the animal from the woods in quarters on a horse or in a pack sack.
STORAGE—Always unpack meat as soon as possible and store in a dry place. If weather permits, it should be allowed to "cure" for about a week or 10 days before storage.

No value in dollars and cents can be attributed to the recreational values of the sport of fishing and hunting. The fact that 50,000 fishermen and 70,000 hunters annually take to the field with rod or gun is proof, however, that this type of recreation is considered valuable to a large segment of our population.
△ △ △

Picking Pheasants

According to experts on the subject, many people who skin pheasants are destroying the fine flavor of this game bird.
Because of its tender skin, the pheasant is difficult to pick once it has become cold after shooting. They may be picked very easily without breaking the skin, however, by brushing off the feathers immediately after the bird has been killed.

In warm weather, the bird should be rough dressed in the field, and the cavity stuffed with coarse grass, cornhusks or newspapers to help the cooling-out process.
After picking and dressing, the birds should be dropped into individual paper sacks before being placed in the hunting coat. Head and feet should always be left attached in the field for identification.

△ △ △
Under a new law, effective July 1, New York state game protectors alone may issue hunting licenses to minors under 17 seeking their first licenses and then only after the protector has schooled the applicant in the proper handling of firearms.
△ △ △

Adirondack Deer

Deer hunting prospects for the fall of 1949 will be better in the Adirondacks than they were last year. In the Catskills there will be little change, with some counties improving, others declining.
In the western counties where bucks and does were legal last fall, the deer population is substantially less than a year ago, but in the other counties of the region a general increase in number of deer will be evident.

AROUND THE HOUSE

Limp Veils
A limp veil can be cured by putting it between two pieces of waxed paper and running a moderately warm iron over it. Or dip it in beer, shake it briskly, and lay it out on a towel to dry.

Trousers Cuffs
You can brush out the cuffs of men's trousers easily if you take out the stitches holding the cuff and replace them with metal snaps. From then on, unsnap the snaps, brush, then resnap the snaps.

Hat Freshener
Black felts and derbies that have become dull looking or rain spattered can be freshened by holding them over the spout of a steaming kettle and then buffing them with a soft brush or piece of felt to bring up the nap.

Drying Shoes
When shoes get water-soaked, stuff them full of newspapers or uncooked oatmeal; let dry away from radiators, stoves and other sources of direct heat.

Cleaning White Braid
To clean white braid, wet an old toothbrush, rub it across a cake of mild soap and scrub the braid with it. The lather can be removed with a damp cloth.

Important Potato

The most important single vegetable in the world as a whole is doubtless the potato, says the National Geographic Society. The latest to attain world-wide importance is the potato.

How are you doing on your Christmas gift list? You can take care of lots of people on that list with the greatest of ease—and handsomely, too! Just check off the names of all your friends who smoke, either cigarettes or a pipe. In either case you have the gift that's just right in their eyes! Effective Cough Syrup, Mixed at Home for Economy

No Cooking. No Work. Real Saving. Here's an old home mixture your mother probably used, and is still one of the most effective for coughs due to colds. Once tried, you'll swear by it.

Make a syrup with 2 cups granulated sugar and one cup water. No cooking needed. Or you can use corn syrup or liquid honey, instead of sugar syrup. Now put 2 1/2 ounces of Pinex into a pint bottle, and fill up with your syrup. This makes a full pint of cough medicine, and gives you about four times as much for your money. It keeps perfectly and tastes fine. And you'll say it's really excellent for quick action. You can feel it take hold swiftly. It loosens phlegm, soothes irritated membranes, helps clear the air passages. Thus it makes breathing easy and lets you get restful sleep. Pinex is a special compound of proven ingredients, in concentrated form, well-known for its quick action on throat and bronchial irritations. Money refunded if not pleased in every way. **FOR EXTRA CONVENIENCE GET NEW READY-MIXED, READY-TO-USE PINEX!**

THE BIBLE SPEAKS

International Uniform Sunday School Lessons
By DR. KENNETH J. FOREMAN

God's Open House

Lesson for November 20, 1949

IT IS A WARM chapter, this 55th of Isaiah. Some false ideas about the God melt away fast when they are brought close to it. Let us take a look at some of these notions and see how they wilt in the light of God's word. Sometimes these notions are held sincerely, sometimes they are mere excuses to keep from facing God. One of these mistaken notions is the idea that God has two lists; one is a list of people on whom he intends to have mercy, and will save; the other list being a private one, of those on whom he intends to have no mercy and will not save. If your name is on the first list, fine; but if it is on the second list, you are in a hopeless fix; for if God is not going to help you, who can?

This is a terribly wrong notion. It confuses the true God with some sort of sultan in the sky who has a "social register" of persons he will admit to his palace. "Use this invitation as your card of admittance." No, it is not at all like that.

If you really think that admission to heaven is by card only, then cut out Isaiah 55 and present it at the gate. Cut out any verse in the Bible that says "Whosoever." John 3:16 for example—and present that. God keeps open house, he does not employ butlers or strong-arm men to keep out the crowds, he wants all to come who will. Do you want God? Then come. Are you thirsty for the living water? Then drink. It is as simple as that.

No Waiting THERE IS ANOTHER notion that keeps people away from God. It is a kind of shyness. It is the feeling that maybe it isn't any use hunting for God. It is the feeling a boy has when he is lost in the woods and has about made up his mind that there is no use in walking any more, he will just sit down and wait till somebody finds him.

It is the feeling that God may be sensitive and doesn't want people coming bothering him. It is the notion that if God wants me, he will knock me down and drag me where he wants me to be. A man with a notion like that, of course, isn't likely to meet with God.

He spends his life paying God no attention whatever, not even thinking about him, perhaps. He may even go as far as he can from the Father's house, believing that God's long arm, like the long arm of the F.B.I. or the Mounties, will reach after him and get him in case God ever wants him.

Now this is a ridiculous idea and a bad one too, Isaiah would not think it true for a minute. "Seek ye the Lord," he says. "Call on God... return to the Lord." "Incline your ear and come!" This means you—if you will. But if you won't, God will not force you. He forces no man. He wants willing obedience, loving service, not slavery. God will have no chain on you but the chain of love. God keeps an open house, not a prison farm.

No House Of Horrors

ANOTHER WRONG NOTION, for which, alas, many a church member is partly responsible, is the notion that the nearer we get to God, the gloomier we shall be. All the talk about sacrifice and suffering for others, such as we were thinking of last week, all the emphasis in the church on the death of Christ, all the solemnity of most church services, make people think: "God may be all right for solemn people, but not for me; I like life with a smile."

Now that is just another mistaken notion. The very persons who know the deeper meanings of sacrifice are just the persons who don't like to use that word about themselves.

In fact, it could be said that in general it is only Christians who have a right to be gay. Jesus himself, on the same night in which he was betrayed, spoke to his friends about sharing his joy to the full.

Isaiah 55 is certainly no invitation to gloom. Joy, peace, the clapping of hands are there. But how do we know Isaiah was right? There is only one way, and that is not to sit arguing about it. You never know what a party is like by staying at home.

Do you really want to find out what goes on there? Don't be content to hear others say, "It's wonderful!" God's door stands open.

Making Screens

QUESTION: I would like some advice on the best way of making full-sized screens. Can you supply this information? I am planning to use California redwood for the lumber and also white pine, which I wish to stain to match the redwood. Can I do this successfully?

ANSWER: I do not have any plans for making screens; but you can get the lumber at your dealer's and then stretch the mesh to cover it. After cutting the screen cloth to fit the frame, tack it in place along one end holding the cloth taut as the tacking proceeds. The screening then is fastened on the opposite side of the frame. Keep it stretched and be careful that the strands of wire are kept parallel to the frame to prevent the cloth from bulging. After tacking the other sides, the thin moulding strip then is placed over the edges of the screening.

No Cooking! Great Eating!

Meat dishes been looking a little tired lately? On the platter, good looks matter! But a good cook's time is valuable, too. Here's a relish that peeps up meals, but takes almost no time to make:

CRANBERRY ORANGE RELISH
4 cups Eatmor Cranberries
2 oranges, quartered and seeded
2 cups sugar

Put raw cranberries and oranges through food chopper. Add sugar and mix well. Chill in refrigerator a few hours before serving. Makes one quart relish. This relish will keep well in the refrigerator for several weeks.

And you don't have to stop there! Cranberry-Orange Relish can do 'most anything for any meal! Vary the basic recipe by adding chopped pears, apples, carrots. Spice it up by stirring in a pinch of powdered cinnamon and cloves. Add diced celery to Cranberry-Orange Relish and you have Crunchy Cranberry Relish—new garnish for hamburgers that makes them Cranburgers! Substitute part honey for part sugar—that's sauce for the goose—and duck and pork, too! Add horse-radish to taste for a little extra kick with all kinds of meat! But whatever you do, don't serve Cranberry-Orange Relish in little dabs! Serve it in generous mounds, in big, big spoonfuls—and watch it do a fast disappearing act!

Did you think that Cranberry-Orange Relish was just a relish? No, ma'am, it's also a quick 'n' tempting dessert! It's all done with tart shells or hollowed-out cupcakes—buy 'em or make 'em yourself—but heap 'em high with

Relish—and garnish with orange segments, whipped cream or meringue. Sounds good? Just wait until you try this one: freeze Cranberry-Orange Relish to a mush—spoon into orange shells or halved avocados. Serve with whipped cream cheese or mayonnaise.

It's a relish you'll relish—and often! Here's a good eating idea: start today to keep a big bowl of Cranberry-Orange Relish on your table from now to the end of the fresh cranberry season!

How To Keep A Cyclotron Cool

SAXONBURG, PA.—The cyclotron of Carnegie Institute of Technology—one of the world's most powerful—receives the first of 16 drums of "cyclotron oil". Developed and donated by Gulf Oil laboratories, the oil will cool the 90-ton circular magnet coils seen to the left. Circulated at the rate of 600 gallons a minute, it will prevent destruction of these coils during their generation of a magnetic field 40,000 times stronger than that of the earth. The cyclotron, still under construction, is expected to begin its "atom-smashing" work next year.

Forecast State Sales Tax Bid By Lobbies

Tuesday of last week's light vote on constitutional amendments "played into the hands of an anti-Democratic coalition and its rich allies of the lobbies." Representative J. Blake Timmons of Amarillo states, according to the Austin American.

Timmons charged the special interest and lobby groups will advocate sales and other tax levies "falling heaviest upon necessities of the average consumer," when the Legislature meets in January.

His statement credited defeat of most of the amendments, including the one for annual sessions and annual pay of legislators, to the activities of the natural resources and other groups. It bristled with the resentment expressed variously by legislators at what was termed an organized effort of the "GOP-Texas Regulars-Dixiecrat coalition and its rich allies of the pipeline petroleum-sulphur lobbies in Austin and elsewhere" to beat the amendments.

"While many sincere advocates

of economy," Representative Timmons said, "opposed the forward looking constitutional amendments which were defeated Tuesday by the small turn-out of perhaps one out of twenty Texans, the fact remains that these special interests and many others got the vote of practically all the reactionaries in the knowledge that the rank-and-file were either asleep or failed to pay poll taxes.

"The general public will soon be able to tell who make up these special interest lobbies, both in and out of the Legislature or other offices, by the kind of tax bill they advocate in the coming special session next January."

He pointed out both the late Governor Beuford Jester and Governor Allan Shivers had promised to call a special session, if the annual session plan failed, "to rebuild and reform decadent, long-neglected, 'snake-pit' asylums and other public buildings.

"Special interests and their mouthpieces," Timmons insisted, "will advocate sales and omnibus levies falling heaviest upon necessities of the average consumer as opposed to production and pipeline levies which the Roosevelt-Truman Federal Power Commission and the Texas Railroad Commission

Basic Building Code For U. S. Is Ordered

After four years of effort, the Building Officials Conference of America has approved and ordered published a basic building code for the nation.

This is the news from Washington where a convention attended by 300 building officials of cities throughout the nation was held.

The officials have been working through committees for four years in efforts to compile and agree on a standard code which the American cities may adopt as a guide for the enforcement of building regulations.

The advantages of a standard code are many for the public.

Under the old system, a man moved from one city to another to find an entirely different code to follow in construction. If the new code is adopted universally, the design and construction methods used in one city will not differ from those employed in

other cities.

The new code sets up uniform requirements for building exits and specifications for type and height of buildings for various kinds of occupancy.
