iohn Deer Specialist in the treatment of JOHN DEERE Farm Equipment

> Our shop is in the hands of factorytrained mechanics - first-class mechanics with the special training that gives them expert knowledge of all your John Deere farm equipment. They have the "know how" that makes for quick, accurate and efficient work.

That means a great deal to you, Mr. John Deere owner. It means that all required work will be done -

nothing omitted, and nothing unnecessary added. It means the work will be done in the shortest possible time - no cost for the time an untrained mechanic wastes in finding how to do the job. And, most important of all, it means that your John Deere equipment will be in perfect condition to deliver full, uninterrupted service when the next season comes.

life with minimum maintenance.

That goes for all GMC's from ½-ton models up. Many GMC Diesel truck-tractors are still highballing loads with more than a million miles of over-the-road service behind them.

The reason is-every GMC is all truck! Every GMC is designed by truck engineers for truck service with 100% truck-built parts. You get a real truck engine with high horsepower and higher sustained torque-more pull-an engine that delivers full power without eating its heart out!

There are many other extra-value reasons why a GMC is your best buy for the long haul. We'll be glad to give you proof!

Make a syrup with 2 cups granulated sugar and one cup water. No cooking needed. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Now put 2½ ounces of Pinex into a pint bottle, and fill up with your syrup. This makes a full pint of cough medicine, and gives you about four times as much for your money. It keeps perfectly and tastes fine.

And you'll say it's really excellent for quick action. You can feel it take hold swiftly. It loosens phlegm, soothes irritated membranes, helps clear the air passages. Thus it makes breathing easy and lets you get restful sleep.

Stewardship of Life

Lesson for December 3, 1950

WHAT'S the death rate here?" asked the stranger. "Same to a person, because there is only one life to a person. If you had nine lives or

even two, you might afford to waste one (though it's doubtful). But with only one life you simply cannot afford to waste it. Of course you do waste it, in thousands of little ways; and some of

from what is logical. It is very doubtful whether any one ever understood stewardship of money who waist for comfort. did not understand stewardship of life first. Now in almost any church you may hear people singing, "Were the whole realm of na-

ture mine. That were a present far too small:

Love so amazing, so divine, Demands my soul, my life, my

Very good; wonderful. Surely these are a devoted brotherhood! But wait, what is this coming down the aisle? A man with a collection plate! Now we shall see . . . There's a man putting in a quarter, and there's a prosperous-looking lady laying out a five dollar bill. (She bought a \$50 cat last week.) But who is putting in his soul, his life, his all? Oh well, they didn't mean what they sang. But isn't it more than half hypocritical to sing one way and "give" another?

The whole realm of nature is not yours to give; but you do have a life; and God wants it. More than he wants what we have, he wants what we are. God created you; God redeemed you; as Paul says, "You are not your own, you were bought with a price."

Not for Preachers Only

A COMMON mistake is to think that a Christian has a choice being one. If he decides to give his life to God then he will be a preacher; otherwise he keeps his life for himself.

This is absurd, when you think about it. God has the first claim on every man's life. To be a Christian is to recognize this claim. He has not a bit more claim on the preacher or the missionary than he has on the grocer or the farmer's wife. Stewardship of life means recogniz-"Who sweeps a room as to Thy

laws Makes that and the action

fine," sang a poet long ago. God certainly does not want all his children to be preachers. But he does want his children to live AS his children; and that means stewardship of life.

Stewardship of Time

PICKING up again a thought from last week: Time is the raw material of life. Stewardship of life means stewardship of time. means spending each day as if God shall want them back. You cannot keep them. I shall look at them to see what you have done with them.'

What do you do with your time? Does it count for God or against him? And yet - how many Christians there are who if asked to do some kind thing, some simple act of mercy or friendliness, something to help some one else, something that may cost them a little trouble, -how many will say, "Sorry, I'm busy, haven't the time!"

Gift Without the Giver is Bare TUST put together four sentences from the four sections of the Scripture for this week, and you have the whole business of stewardship of life in a nutshell: "Having gifts, let us use them." "First they gave themselves to the Lord.' "Honor such men." "My God will supply every need of yours." No one ever used for God in the service of man any gift which God did not more than repay. The gift without the giver is bare- and so is the giver. But giver and gift, devoted in love to God and man, are rich indeed.

WHEN SLEEP WON'T COME AND YOU FEEL GLUM

Use Chewing-Gum Laxative— REMOVES WASTE... NOT GOOD FOOD • When you can't sleep—feel just awful because you need a laxative — do as millions do — chew feen-a-mint.

FEEN-A-MINT is wonderfully different? Doctors say many other laxatives start their "flushing" action too soon .. right in the stomach. Large doses of such laxatives upset digestion, flush away nourishing food you need for health and energy ... you feel weak, worn out.

But gentle FEEN-A-MINT, taken as recommended, works chiefly in the lower bowel where it removes only waste, not good food! You avoid that weak, three feeling. Use FEEN-A-MINT and feel fine, full of life! 25¢, 50¢, or only

Better Farm Machine Care

IH 5-STAR SERVICE * * * * EDITION

Servicing Your Machines Ahead of Season Pays Big Dividends!

You save crops, time and money when you stand prepared to hit the field with your farm machines. Careful records kept by experiment stations show that you lose three-fourths bushels of oats for each

day's delay in seeding after the soil is in good working condition. Barley yields are cut by one-half bushel. Wheat crops shrink a peck for each day you are late.

So it pays to be ready to roll and keep rolling when the time comes. It takes little effort to give your machines scheduled attention well in advance of each work season. Catching the little things when they are little protects you against costly major re-

pairs, delay and crop losses. To help you keep your farm machines ready to go and keep going the year 'round we maintain IH 5-Star Service in our shop for you. Use it regularly.

Rely on our expert care of your farm machines that counts in the field. It pays.

with this post hole digger

Why wait to build fence because digging post holes by hand is such hard work? We recommend the Danuser post hole digger that attaches quickly to the Ford Tractor and can dig up to 600 post holes a day. Lifts and lowers by Hydraulic Touch Control. Pays for itself in time and labor saved . . . gets fence made quickly, between rush seasons or in spare time.

If you have seedling trees to set out, or holes to dig for building pilings or foundations, there's nothing like this post hole digger. Even use it for digging trenches ... saves lots of shoveling. Several size augers ... Ask for a demonstration.
