

Community PMA Elections Announced

Community PMA elections will be held in each of Sherman County's three farm communities August 21, R. C. Buckles, Chairman of the county PMA committee announced recently.

At these elections, farmers in each community will vote for three farmers to serve on the community committee, for a delegate to the county convention to elect the county PMA committee for 1953, and for alternates. Voting will be by mail. In general, any farmer is eligible to vote if he is owner, operator, tenant, or shareholder, is participating or is carrying out practices in accord with programs administered by the county PMA Committee.

Chairman Buckles emphasizes that the effectiveness of Agricultural Conservation Program operations and of price support and marketing programs will depend a great deal on the community committees who are voted in at these elections.

The concentration of Agricultural Conservation Program operations in 1953 on the problems of individual farms adds to the need for able committees. Committees will be expected to help each farmer in determining the conservation needs on his farm and in making the most effective use of ACP assistance and available services in carrying out most needed practices.

Since this program has to do with the protection and improvement of the soil and conservation of water on the farms of Sherman County, community committees are in a key position in the fight for continued production.

The chairman urges farmers in each community in Sherman County to look over the field carefully and make sure that farmers are elected who are best qualified and who will have the time to devote to the job.

Chest X-Ray Representative Due Here Aug. 15

Charles H. Hoover, field representative of the Tuberculosis Division of the Texas State Department of Health, will be in Stratford to attend a mass meeting of Sherman County citizens in the American Legion Hall at 10:00 A. M. Friday, August 15.

The Austin representative hopes to meet with all persons interested in a preliminary organization meeting in preparation for chest X-rays in Sherman County.

This meeting will not be held for the purpose of taking chest X-rays but merely for the purpose of securing volunteers to prepare for the survey which will be held in Stratford at a later date.

Sisters Celebrate Sixth And Eighth Birthdays

Judy and Sue Hudson celebrated their sixth and eighth birthdays Sunday at the home of their parents, Mr. and Mrs. Owen E. Hudson. The afternoon was spent in playing games. After lovely refreshments of cake, frosted cookies and mints, favors of bubble gum and lifesavers tied to balloons were presented to Gary, Jimmy and Pat Hudson, Sheri and Lisa Hudson, Linda Plunk, Janet and Dallas Lynn Foreman, Charlotte Eller, Sharon Smith, Orland David and Royceanna Lasley, Imma Jean, Linda and Jimmy Lasley, Elaine Spurlock, Boyd and Kaye Spurlock, Orlanda Lasley, and the nonore. Adults attending the party were: Mr. and Mrs. Eugene Hudson and Clyde, Mrs. Hub Crawford, Mr. and Mrs. Dan Foreman, Mrs. Demus Eller, Mrs. Alvin Spurlock, Mr. and Mrs. N. W. Hudson, Mr. and Mrs. V. W. Foreman, Mr. and Mrs. V. O. Lasley, Mr. and Mrs. Gerald Lasley, Mr. and Mrs. Sam Lasley, Mr. and Mrs. Rex Hudson, Mr. and Mrs. Virgil Plunk and the host and hostess, Mr. and Mrs. Owen Hudson and Mark.

Following a wedding trip to northern New Mexico the couple are at home in Boise City where the groom is farming and ranching.

Out-of-town guests were Mr. and Mrs. Ross Wells and Mr. and Mrs. Jim Taylor and daughter, Mary Sue, of Stratford, and Mr. and Mrs. B. R. Crabtree of Dalhart.

Crabtree-Wells Nuptials Read In Home Service

In an informal ceremony in the Boise City home of Mr. and Mrs. Roger Crabtree, their daughter, Lynn, recently exchanged vows with Kenneth Wells, son of Mrs. Dwight Phillips.

Rev. J. Paul Groom, pastor of St. Paul's Methodist Church, read the double-ring service. As a nuptial prelude, Miss Mary Ann Phillips played "Clair de Lune" and "Our Very Own." Miss Barbara French sang "Because" and "Till the End of Time." The traditional wedding marches were used.

Nuptial vows were solemnized beneath an arch of smilax in the form of double wedding rings entwined with stephanotis. On either side were fan shaped arrangements of woodwardia and candelabra holding lighted tapers. Floorbaskets of white delphinium, stock and gladioli completed the setting. The bridal aisle was marked with potted fern and white velvet rope.

The bride, given in marriage by her father, was worn in a ballerina length frock of white imported lace and tulle over bridal satin. The deep tulle yoke was appliqued with a flower and leaf motif of lace embroidered with iridescent sequins and seed pearls. The basque bodice of lace was fastened down the back with self-covered buttons and featured short sleeves, and the bouffant skirt was accented with scallops to reveal a pleated tulle over satin underskirt. She wore matching lace mitts and carried a white Bible topped with two white orchids with a cascade of lilies-of-the-valley and stephanotis. Her fingertip veil of French illusion was attached to a lace calot with an open lattice work crown encrusted with seed pearls.

Her only jewelry was a single strand of pearls, a gift from the groom. She carried a white silk handkerchief used by her grandmother in her wedding.

Miss Judy Crabtree was her sister's maid-of-honor. She wore an orchid gown like that of the bride and a braid halo hat with clusters of forget-me-nots at either side.

Bridesmaid was Miss Phyllis Wells, sister of the groom. She wore a yellow gown fashioned like that of the bride with a halo braid hat featuring clusters of forget-me-nots at each side. Both attendants wore matching mitts of embroidered organza and carried colonial bouquets of orchid and yellow daisies and chrysanthemums.

Miss Beverly Barnes, niece of the groom, lighted the candles and wore a dress with an overskirt of white embroidered organza over orchid organza. She carried a basket of maline filled with rose petals. Both girls wore halos of folded maline accented at the sides by clusters of forget-me-nots and wrist bouquets of yellow roses.

Virgil Wells was his brother's best man and Roger Crabtree, Jr., brother of the bride, was an usher. Ring bearer was John Crabtree, nephew of the bride.

At a reception which followed, the bride's table was covered with an imported linen damask cloth. Draped around the edge was smilax caught up with gardenias. Centering the table was a bouquet of white stock, carnations and delphinium.

Mrs. Lewis Crabtree, sister-in-law of the bride, served the tiered cake and presiding at the coffee and punch services was Miss Shirley Crites. Guests were registered by Mrs. Don Wells, sister-in-law of the groom.

Following a wedding trip to northern New Mexico the couple are at home in Boise City where the groom is farming and ranching.

THE STRATFORD STAR

Volume 47. Stratford, Sherman County, Texas, Thursday, August 7, 1952. No. 44.

D. W. Wilson Delegate To Convention

D. W. Wilson was elected as a delegate to the state Democratic convention to be held in Amarillo September 9 at the County Convention held at the court house in Stratford Saturday afternoon. Walter M. Pendleton was elected as an alternate.

Resolutions
Resolutions adopted at the county convention for presentation at the State Convention were:

BE IT RESOLVED that the delegates of this Convention call upon the proper authorities in the State Democratic Party of Texas to request the nominees of the National Democratic Party for president and vice-president to clearly state their position in regard to state ownership of the Texas tidelands.

BE IT RESOLVED by the Democratic Convention of Sherman County, Texas, that we favor a preferential primary for the president and vice-president of the United States to be held in presidential election years prior to the first State Democratic Convention to be held in those years, and that our delegate from this convention to the State Democratic Convention, to be held in Amarillo, Texas, September 9, 1952, be instructed to submit this matter for adoption by said State Convention as a plank in the State Democratic Platform.

\$5.00 Increase In Assistance Checks

All persons receiving Old Age Assistance and Aid to the Blind will get a \$5.00 increase in their grants beginning in October, according to Mrs. Clara S. Murphy, field worker for the State Department of Public Welfare. Exceptions will be those who are receiving both Old Age Assistance and Old Age and Survivors Insurance, since the automatic increase will be received by them through Social Security. A lesser increase will be available for youngsters who are receiving Aid to Dependent Children.

This increase in grants is provided for by recent Congressional Legislation which raised the federal contribution \$5.00 beginning in October. This now makes a maximum grant of \$55.00 instead of \$50.00 available for Old Age Assistance and Aid to the Blind. Naturally, this does not mean that everyone will receive the maximum grant of \$55.00 any more than they are now receiving the maximum grant of \$50.00. The amount of each grant is determined by the basic recognized needs of the individual less his income, and varies according to the individual situation. It simply means that beginning in October no grant can go higher than \$55.00 instead of \$50.00.

To assure that each eligible person on the Aid Age Assistance and Aid to Blind rolls gets the full amount of the increase the first month it is available, John H. Winters, Executive Director of the Welfare Department, has ordered that checks beginning in October be written for \$5.00 more than the amount authorized on that date.

Mrs. Murphy explained that since these increases are to be automatically taken care of in Austin, it will not be necessary to get in touch with the local or Austin office of the State Welfare Department.

By way of illustration, Field Worker Murphy explained that an aged person who is not receiving Old Age and Survivors Insurance and has been getting, for example, \$34.00 Old Age Assistance will receive \$39.00 beginning in October.

Jack Pot Calf Roping Tuesday Night

A jack pot calf roping contest which is open to all contestants who wish to enter will be held at the Stratford Rodeo pens next Tuesday night.

Contestants will compete for a \$10.00 and \$5.00 jack pot. A good roping contest is assured.

An admission charge of \$1.00 for adults and 50c for children will be made. Calf roping contests are to begin at 8:00 P. M.

SPOTTED RAINS FALL OVER TERRITORY

Spotted thunder showers giving moisture in favored locations up to 3 inches have been reported. The heaviest rains have fallen in the Kerrick region. Stevens territory has received an inch or more of rain. Most fields absorbed the moisture so rapidly that it was hard to determine the amount of the rainfall a few hours later.

In Stratford a total of 1.13 inches of rain has fallen.

Farmers in many sections state that only sprinkles have fallen on their fields.

Maize in fields where moisture has fallen is beginning to head.

SEPTEMBER 6 ALL CARS MUST HAVE STICKERS

All Texas motor vehicles must bear Safety Inspection stickers by September 7. The last day of grace before the Texas Department of Public Safety starts enforcement checks will be September 6.

Garrison Motor Co. and Davis Motor Co., local official inspection stations, are making an appeal to residents of this territory to have their cars inspected immediately in order for them to complete the work before the September 6 deadline.

Garrison and Davis both fear that unless citizens have their cars inspected at a much faster pace than they have in recent months, they will be faced with more requests for inspections during the first days of September than they will be able to handle in their shops.

Highway Patrolmen have orders to crack down on violators of the Texas Inspection law on September 7.

STAKE ONE NEW DRILLING LOCATION

The Phillips Petroleum Company has announced one drilling location for Sherman County this week. The Phillips Petroleum Co. No. 1 Swoverland is located 1,320 feet from the East and 2,310 feet from the south lines of section 420 in Block 1-T. **Test One Completed Well**

Miss Murray And Mr. Murdock Married Friday

Miss Louine Murray, daughter of Mr. and Mrs. James Marion Murray of Dallas, Texas, became the bride of Lyall Murdock, Jr., son of Mr. and Mrs. Lyall Murdock of Stratford, in a wedding service solemnized Friday in Scofield Memorial Church in Dallas.

Mr. and Mrs. Lyall Murdock, Mr. and Mrs. Stanley Murdock, and Mr. and Mrs. Roger Crabtree and daughter, Judy, of Boise City, returned home Monday after attending the wedding.

CFW Circle Three Meets With Mrs. Joe Billington

Circle Three of the Christian Womens Fellowship met in the home of Mrs. Joe Billington Wednesday afternoon with five members and three visitors present. Reports were given of five daily devotionals being conducted.

The meeting was called to order by Mrs. Archie Arnold, who is the Leader for the coming year. Mrs. L. L. Lyon led in prayer.

Minutes of the previous meeting were read and approved. The next meeting will be in the home of Mrs. Bob Stublefield with Mrs. Arthur Folsom as program leader.

After a short business meeting, Mrs. B. A. Dovel presented a program on "Human Rights." "The Proving Growth of Democracy" was discussed by Mrs. L. L. Lyon. Mrs. Bob Stublefield told of the "Church and Human Rights." Mrs. Arthur Folsom presented the devotional, "Keep the Vision Clear." Mrs. Arthur Folsom led in prayer. The group was dismissed with the Missionary benediction.

Mrs. Billington served refreshments and a fellowship hour was enjoyed by all.

H. D. Council Met Friday

The Sherman County Home Demonstration Council met Friday in the club room at 2:30 P. M. Mrs. Roscoe Dyess, chairman, presided.

There were reports from the yearbook committee. The finance chairman suggested October for an auction sale in her report. The E.E.E. committee discussed plans for a float at the Sherman Co. Jamboree in September. Reports were heard from the Southside and Star Clubs.

The council voted to buy \$70 worth of books for the County Library.

Delegate expenses to the State meeting in Kingsville were voted. Those going are Mrs. Irene Wakefield, Mrs. Maggie Baskin and Mrs. Paul Craig. Alternates are Mrs. Roscoe Dyess and Mrs. Merrit Sweny. An added attraction of the meeting is a trip to Mexico.

Miss King asked for a list of those club members interested in the program on children's clothing be brought to the next council meeting.

Mrs. John Lavake read a letter concerning the fund raising campaign for Gonzales Polio Foundation.

Plans for the fair were discussed. Needed prize money ribbons were estimated. A score card for judging the educational exhibits was discussed.

Mrs. John Lavake and Miss Mary Crabtree have completed a craft school for Home Demonstration Club members. They spent a week studying creative design that can be applied to everyday homemaking. They will give training meetings for all Sherman County club members.

Southside Club members directed the recreation and Star Club members served the refreshments.

Pre-School Clinic Opens Friday Morning

Dr. Huston Pearson and Dr. Fowler of Dumas will examine children who will start to school this fall in the Stratford Clinic beginning at 9:00 A. M. Friday, August 8.

The summer clinics are held in cooperation with the Stratford Parent-Teacher Association in an attempt to enable parents to have their children placed in healthy conditions for the opening of the school term.

The physical examinations for pre-school children are given free of charge.

Mrs. Reaves Hostess To CWF Group Two

Group Two of the Christian Womens Fellowship met in the home of Mrs. John Reaves Wednesday afternoon with nine members and one visitor present.

Mrs. E. Hill, leader, presented the program. "What A Friend We Have In Jesus," was the opening song sung by the group followed by prayer by Mrs. Ora Bomer.

Those taking parts on the lesson, "Human Rights," were Mrs. John Reaves, Mrs. Bill Lowe and Mrs. John Knight. Mrs. Hill gave a general discussion on the lesson followed by the Lords Prayer in unison. The devotional was given by Mrs. A. L. Sutton. The meeting was dismissed with the Missionary benediction.

Mrs. Reaves, assisted by her daughter, Carolyn, served delicious refreshments, and an enjoyable hour was spent visiting.

The next meeting will be held in the home of Mrs. Ora Bomer with Mrs. John Knight as leader.

Leland Wickstrum Returning Home

ET2/c Leland Wickstrum, son of Mr. and Mrs. Harry Wickstrum of Wichita, Kansas, was scheduled to arrive in San Diego, California this week from his second tour of duty in Korean waters with the U. S. Navy. Mr. and Mrs. Wickstrum were in Stratford for a short time Thursday morning enroute to San Diego for their son.

Boyd McWilliams To Return To The States

A/c Boyd McWilliams, son of Mr. and Mrs. J. B. McWilliams, is scheduled to leave Japan for the United States the 15th of this month. McWilliams has been in Korea and Japan with the Air Force for about 18 months. He hopes to arrive in Stratford about the first of September.

Bachman To Be Returned To U. S. Hospital

Pvt. 2/c Robert G. Bachman will be returned to the United States from an Army Hospital in Tokyo, Japan as soon as he is in a condition to be moved, a Red Cross representative informed his brother, Melvin Bachman, who arrived in Japan last week.

A Red Cross car was waiting for Pvt. Melvin Bachman when his troop ship arrived in Japan last week and sped him to the bedside of his brother, Pvt. Robert Bachman. He was allowed to visit with his brother for two hours.

In a letter to his parents, Mr. and Mrs. H. J. Bachman, Melvin stated that Bobby's right leg was fractured and that he had deep lacerations in his left leg.

Mr. and Mrs. Bachman received a transcription from Bobby this week in which he assured them that he was the luckiest man in his platoon. A mortar shell almost wiped out the entire group of men.

Five Men Held On Charges Of Theft

Five men are being held in the Sherman County jail on charges of thefts which took place during the fall of '49 and the spring of '50. The thefts allegedly include thefts at the Paul Aduddell farm and the L. F. Dixon farm. The five men are also charged with being implicated in 15 or 20 other thefts of gasoline, oil and wrenches from various farms.

Held for action of the grand jury are Joe Thurman and Dave Simpson, taken into custody about 30 days ago in Texhoma. Sheriff A. L. Wilson returned last week with Jack Altenreid, Edward Padgett and Cecil Padgett, taken into custody recently in Globe, Arizona.

Sheriff A. L. Wilson says he has signed statements from each of the men allegedly involved.

ABOVE THE HULLABALOO

By **LYTLE HULL**
IF A PERSON in Russia is even vaguely suspected of entertaining any but a feeling of hatred for the United States, he or she is immediately shot or sent to the slave camps for life. The Reds even like to boast of this. But here in our country, our deadly enemies can roam at will and plot almost openly. Can we hope to win under this handicap?

The Communist underground in this country is perfectly organized and fully prepared to strike if and when the Kremlin gets bored with the present slower process of world conquest and decides to make it a "hot" war. The sabotage in our factories will be appalling just at the moment when we most need materials. The dislocation which atom bombs will create will be seized upon by the traitors whom our weak policy permits to exist in our midst, and we may be fortunate if—in a completely disorganized state—we can resist the first wave.

Why do we tolerate these enemies when we are at war—which we are! We carry on long dismal trials out of which our enemies make jail for maybe a year or two.

Under our Constitution, and in time of peace, the accused must have fair trial. But we are in an actual state of warfare with Communist North Korea and Communist China, and there are laws which protect us from local enemies in time of war.

It only takes a few determined leaders to overcome resistance in a moment of serious dislocation—as witness the Lenin-Trotsky coup d'etat in Russia in 1917. And imagine conditions here after our principal cities have been destroyed by atom bombs.

The congress won't pass necessary legislation, nor will the administration utilize warfare regulations unless the people agitate about the potential danger which we face from our trained fifth column. And probably the people won't agitate until it is too late. What a bright prospect!

A PEAK AT THE STARS

By **LYN CONNELLY**
THE ENTERTAINMENT world is applauding the "show must go on" performances of **Jimmy Durante**, in London . . . Despite a severe gallstone attack en route to England and an eye ailment requiring surgery, Jimmy played his entire Palladium engagement without missing a single performance . . . Oddy enough, if Durante had succumbed under the trying circumstances he would have been a martyr to the show world . . .

Much as we like the lovable comedian, we think the "show must go on" adage is often carried too far and is almost ridiculous at times . . . But for the sake of entertainment, we're happy Jimmy has an iron constitution.

Burr Tillstrom's wonderful TV show, "Kukla, Fran and Ollie" will be seen only a half hour each week beginning this fall, a far cry from the half-hour five days a week they were seen previously . . . But instead of complaining we are supposed to bow and scrape before NBC for not killing the show altogether . . . It's only the cleanest, most entertaining and most beloved of television shows on the air . . . It's tragic how these truly fine family shows must go by the wayside for the sake of more smut, killings and other things distasteful.

IDOL CHATTER

575,000 4-H'ers Get Training to Cut Farm Accident Toll

Farm safety surveys made by 4-H'ers show that matches within reach of small children and stairways littered with toys, jars and other articles were much in evidence as fire and accident hazards in rural homes.

Chicago—(Special)—More than 575,000 4-H Club boys and girls throughout the nation are receiving training in farm accident and fire prevention this year. The outstanding feature of this training in the National 4-H Farm and Home Safety program is to check and remove from farms and homes any conditions likely to cause fire, accidents or injuries. These 4-H surveys are acclaimed a valuable contribution to the national campaign to reduce the annual toll of 15,000 farm people dying and 1,300,000 being injured as a result of rural accidents each year.

Here is a report, made by a 4-H girl on behalf of her local club, after making a safety survey of every home in the community:

"In all homes having stairways that we visited, the stairs were full of toys, jars, tools and other articles," she stated. "In many homes people used kerosene to build fires. They also had oily cloths and papers stored close to the stove and flue. Matches and unlabeled bottles of poisonous liquids were within reach of small children.

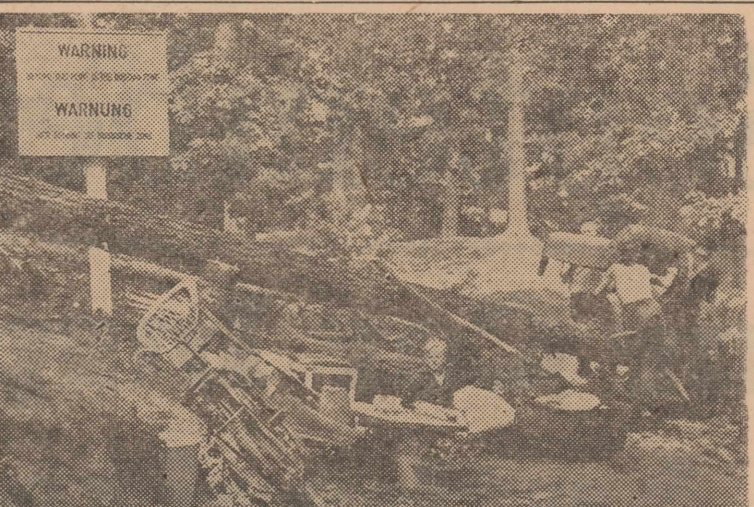

"On several farms visited, boards with rusty nails pointing upward were much in evidence. In our local schoolhouse, the ceiling plaster in the classroom was loose. If it fell it would cause severe injuries to the pupils.

"After we had made our survey, we called a community meeting. Attention was called to the hazards we had found. Immediately following the meeting everyone present began work necessary to make our community a safe one. Every hazard we had found was corrected."

Medals of honor are presented to five county winners having the best 4-H records in safety work, and a trip to the National 4-H Club Congress in Chicago is awarded to the State champion. Eight of the latter will be selected as national winners, who will each receive a \$300 college scholarship. Awards are provided by General Motors for the eighth consecutive year. The program is conducted under the direction of the Cooperative Extension Service.

THE BIBLE SPEAKS

International Union Sundry School Lessons

BY DR. KENNETH F. FOREMAN

SCRIPTURE: 1 Samuel 9-13.
DEVOTIONAL READING: Psalm 106.

Problems of State

Lesson for August 10, 1952

McJUMPUP JUNCTION is not the best place to go looking for a statesman. A statesman is not a mere "dead politician" as cynics aim. A politician is the lower sort of man who is in politics first of all for his own benefit, and secondly for the benefit of his own little McJumpup Junction, and no other thing whatever. Dr. Foreman says that a statesman is one who is in politics for the benefit of the human race. A man may start in McJumpup Junction, as Lincoln did; everybody has to start somewhere. But he is no statesman until his home district no longer seems more important than the wide world.

FOR DEFENSE ONLY A STATESMAN can deal with problems of state successfully. That was one of the troubles with the first King of Israel; he could see his own wishes and interests, but not those of the nation as a whole; and God was too seldom in his thoughts. Let us mention three problems of state which are perennial; they are pressed hard on Saul, they press on us today.

One is called National Defense. Here would be no such problem if all nations were friendly, but they seldom are. If all nations were on good terms with one another as the United States is with Canada and Mexico, all of us would be better off. In ancient Israel they had this problem; they wanted a king more than anything else so as to build up an armed defense against a ring of enemy nations.

So in the United States today, the most acute problem, and the most expensive, before the nation, is that of defense and security.

Taxpayers complain without end; but it should be remembered that what eats up the taxes isn't the bureaucrats, it's military expenses. More than 75 cents out of every tax dollar is spent for wars, — past, present or future. That would not be necessary if all nations were friendly. So the underlying problem of state is: How can we create a more friendly international situation?

NATIONAL UNITY ANOTHER PROBLEM of state is that of national unity. This was acute, back in the days of Saul and Samuel. The twelve tribes of Israel had never done anything together since the days of Joshua. They wanted a king not only for the sake of defense but for the sake of national unity.

So it is today on a larger scale. If every congressman goes to the capital just for his own constituency and for nobody else, that makes congress a perpetual dog-fight.

There has to be somebody, or some group of men, who will be statesmen and not mere politicians; some person or persons of vision and influence, who will stand for all of the people rather than for only some of the people, — who will, if need be, stand for all of the people against some of the people.

But how are such wide-visioned men to be elected? A man is not better than his home-district voters want him to be.

CAN DEMOCRACY BE EFFICIENT? THE FIRST thing that is said of a centralized power in business, or a nation, or in the church or anywhere, is that such power is more efficient than when it is divided up. Some dictatorships have been highly efficient.

Mussolini, it was said, cleaned out the slums of many a city, and even performed the miracle of getting Italian trains to run on time. But he turned out to be just another tyrant, and his people turned against him, as long ago the Israelites turned against Saul.

So a third great problem of state is this: Can a democracy be efficient? The ideal government is one which steers between two extremes: on the one side is anarchy, which is freedom without unity; and on the other side is some absolute centralized power which compels unity without freedom.

Democracy is precisely the attempt to take this middle road. It is not an easy problem. Saul did not solve it, nor did David after him; it is not solved today. But only men of wide vision and wide concerns, big-minded, public-spirited, can even see the problem, much less try, under God, to solve it.

Kill Those Ants

and drug stores.

Many housewives are aggravated by pesky ants in their pantries, cabinets, and on their food supplies.

Miss Lucile King, home demonstration agent, says household ants can be controlled fairly easily by spraying the interior of the house where they are commonly seen with 2% chlordane household spray. It's also advisable to spray around windows and doors where these insects may enter and around water pipe fittings and sinks where they may come for water.

For a more permanent control treat the outside premises of the house and foundation to destroy the colonies. Miss King says a thorough application of 5% chlordane, either dust or spray, applied on the ground for a distance of 3 to 4 feet from the house will kill ants before they can invade the house. Chlordane is available at feed

PRISCILLA CLUB PARTY NEWS

(By Club Reporter)
Mary Bolton delightfully entertained the Priscilla Club Thursday of last week. Though several members were absent a more hilarious session could not be imagined as Mary, with her well filled candy bowl, endless cokes and calorie book as a reminder of things "to be" urged all of us to indulge freely, finally topping things off with huge wedges of ice cold watermelon.

We really missed those absent. Iona Bowen and Ruth Morris were feeling under par, and believe it or not, it rained over Twila Blanks way. We will really be glad when cool weather comes so Ada Mae can bring Nancy out or when Nancy gets large enough her daddy isn't afraid of her.

Also, Velma was absent. Velma, who never misses club and pans the rest of us almost unmercifully when we do. As you can imagine, we had her desperately ill, almost dead and buried. Of course, all our worries were for nil, as, after our hair had turned quite white, we found she had taken her daughter to a wedding rehearsal and just couldn't make both places. Now, listen Velma, you, of all people, must not do this to us.

We were happy to have Mrs. Ferguson of Oklahoma, Mary's mother, as a guest. Others present were: Ruth Parks, Sybil Boney, Francis Browder, Nell Craig, Essie Whitmarsh, Oreda Wells, and Mary Bell Morris.

Mr. Bolton and Mr. Ferguson held court in the shady backyard with Bob Charles Bolton, Vicki Wells, Boyce Faye Boney, Francis Morris and Catha Wells. Nell Craig is to be our hos-

tes August 14 since Syble is getting a new house and will have carpenters under foot. Nell has issued a special invitation to each and every member to be present.

When To Snack Between Meals

Three square meals a day are enough for most people but some need a morning and afternoon snack to keep up energy. Miss Lucile King, home demonstration agent, says that research shows that eating between meals is not always a bad habit.

Growing children, underweights and active workers often need more food than they can eat comfortably at a meal. For them a light fill-in at the mid-point between meals keep them from getting hungry and tired before the next meal.

A glass of milk, a sandwich, a hard cooked egg or fruit after school is recommended for children when they come home from school. This gives them plenty of energy for active play without spoiling their appetites for supper. However, sweets shortly before a meal usually spoil the appetite for more substantial food.

Eat the right food at the right time is the advice of the agent. Nibbling between meals may mean spoiling the enjoyment of meals, overweight and bad health.

RECIPE OF THE WEEK

Basic Beaten Batter
1 1-4 cups lukewarm water.
1 package yeast.
1-4 cup sugar.
1 teaspoon salt.
3 1-2 cups sifted enriched

BOUNCING BOY . . . Doctors say Kenneth Wright, 10, Los Angeles, will live, although he fell 1,500 feet off a cliff of the San Bernardino mountains.

flour . . .
3 to 4 tablespoons dry milk solids.
1-2 cup melted margarine or shortening.
2 eggs.

Measure lukewarm water into large mixing bowl. Sprinkle dry yeast on top. Let stand a minute or two to soften yeast. Stir. Add sugar, salt, 2 cups flour, and dry milk solids. Mix well. Add melted margarine or shortening. Blend thoroughly. Add eggs and beat hard. Add more flour to make medium-stiff batter. Beat until batter follows spoon. Scrape batter from sides of bowl. Cover with waxed paper or bowl cover. Set aside in warm place to rise until doubled (45 minutes to one hour). Stir down. Shape into rolls or tea cakes as desired. (For finer texture, let batter rise a second time.) Makes 1 9-inch tea cake and about 1 dozen 2-inch rolls.

LET'S TALK LIVESTOCK
(By Ted Gouddy)

The Monday trade on cattle and calves at Fort Worth was very slow with a weak to unevenly lower undertone. Some of the best fed cattle and fat calves held about steady with other slaughter classes weak to 50 cents, spot \$1, and more lower. Stockers and feeders were the slowest in several weeks. Some feeder heifers and thin stocker cows sold near steady but other stockers, and especially calves, were sharply lower, some drastic declines in effect later in the day.

Butcher hogs advanced 50 cents per hundred and sows were 50 cents to \$1 higher. The restriction on sending feeder pigs back to the country was still in effect and any pigs that were on the market had to sell for slaughter at sharply reduced prices.

Good and choice slaughter steers and yearlings cashed at \$26 to \$32.50. Plain and medium slaughter kinds sold at \$15 to \$27 and cull yearling \$12 to \$14.

Fat cows brought \$14 to \$17, and canners and cutters cashed at \$8 to \$14, some old shells down under \$8. Bulls drew \$13 to \$2.

Good choice slaughter calves sold at \$25 to \$28 and plain and medium butcher sorts cashed at \$16 to \$24, with culls from \$12 to \$15.

Good and choice stocker calves drew \$24 to \$29 and plain to medium quality sold for \$16 to \$22. Stocker and feeder steers and yearlings of good and choice kinds sold at \$22 to \$25.50, and common to medium sorts sold at \$15 to \$20. Stocker cows drew \$14 to \$18.

Care Free Vacation
Certain travel tricks make vacation time a happy experience. Miss Lucile King, home demonstration agent, offers a few of these tricks as suggestions to vacation-bound travelers.

Don't take more items than needed. This advice is heard over and over again but still the luggage is over loaded with unnecessary cosmetics, clothes and other items. Plan the articles to take by making a list of the places to be visited and the clothes needed. Clothes that travel best are dark prints, soft finished wools, new crease resistant cottons, linens and rayons. Choose accessories that will go with several costumes and cut the shoe and bag problem to a minimum.

A make-up kit is almost a must unless there is a fitted over-night bag. Using small plastic bottles and jars eliminate breakage and stick perfume never spills. Miss King says the purse size whisk broom which is no larger than a lip

stick comes in handy. And a traveling iron with a folding handle takes up very little space.

A hanger with a few clothes pins is useful for drying hose and other small pieces of clothing. One or two plastic or rubber lined envelopes should be included for wet wash rags and soap and a small roll of scotch tape may save the day, use it for a quick mend.

In the bottom of the suitcase pack the heavy and bulky articles, such as the iron, shoes, and jewelry case. The agent advises using plenty of tissue paper between articles and in corners. Fill up the depressions with lingerie, she adds.

If these directions are followed, Miss King says, the vacationer will leave with a light heart as well as a light suitcase and have a care free time while gone.
