

School Band In League Contest At Canyon

(By Jack Kelly)

Forty-three Stratford High School Band musicians will leave early Friday morning for West Texas State College, the scene of the annual Interscholastic League music contest, to participate in the concert playing, marching and sight reading competitions.

The band has been working energetically under the direction of John H. Schnabel, director, and is prepared to play the "Erocia" overture, the "Pacific Grandeur" overture and "Rifle Rangers" march in the concert contest. Extra marching rehearsals have been held daily at noon and one evening each week. A special show built around the theme of "Stars" has been the goal of the marching band with the tunes of Stairway to the Stars, Stardust and Don't Let the Stars get in Your Eyes arranged as a medley along with the regular field marches. Cynthia Gamble is drum majoring the band in the marching contest.

The concert contest time for the Stratford band is at 11:00 A. M. just following the Stinnett band and will take place in the administration building auditorium. Sight reading is a closed contest and will follow the concert event immediately.

The marching will be held in Buffalo stadium with the Stratford band performing at 7:15 P. M. following the Spearman band.

Both the concert playing and marching are open to the public.

Thirteen soloists will represent the band in the solo contests. Playing times for the soloists are: Carolyn Folsom, Sax, at 2:30 P. M.; Park Hammons, Tenor Sax, at 2:35 P. M.; Betty Bradley, Sax, at 2:40 P. M.; Nellie Johnson, Sax, at 2:45 P. M.; and Julia Schnabel, Oboe, at 2:50 P. M. These solos will be played in the Cousins Hall Lounge.

In room 101 Administration building will play: Ealon Davis, French Horn, at 3:20 P. M.; Raymond Kirkwood, Cornet, at 3:25 P. M.

In room 104 Administration building will play: Juanita Beall, Flute, at 3:30 P. M.; Jack Kelly, Bass Clarinet, at 3:35 P. M.

In the Education building auditorium starting at 4:00 P. M. will be: Rex Burgess, Trombone; Robert Ragsdale, Baritone, at 4:05 P. M.; Darrell Stubblefield, Baritone, at 4:10 P. M.; Cagle Kendrick, Bass, at 4:15 P. M.

The soloists who place first will be awarded medals. Bands receiving first places in the various events will receive plaques. A first place in each of the three events will be recognized as a sweepstakes winner and a trophy will be awarded to the bands with these ratings. Nineteen bands will perform on the Friday schedule of competition.

The Stratford band will return from Canyon, leaving there about 10:00 P. M. following the marching contests.

Announce Miss Foreman's Marriage

Mr. and Mrs. Marion Foreman of 226 Southeast Alpine Drive in Plainview, Texas, announce the marriage of their daughter, Katherine, to J. B. Hullum, son of Mr. and Mrs. W. M. Hullum of 1806 Avenue East in Lubbock, Texas. The wedding took place Thursday afternoon of last week in the Methodist parsonage in Clovis, New Mexico. Rev. Thomas H. Raper, pastor of the First Methodist Church, read the double ring ceremony.

Mr. and Mrs. Hullum are at home at 114 Avenue X Apartment D in Lubbock, Texas.

The present indications point to a 100,000 acre planting of castorbeans in Texas this year. This compares with the 94,000 acres planted last year.

Mrs. Sears Wins National Recipe Honor

Mrs. Harry Sears has been informed by the Better Homes & Gardens publication that she has won one of the prizes in the May Cooks' Round Table contest. The Better Homes & Gardens Tasting-Test Kitchen awarded a \$3.00 prize and enclosed a Certificate of Recipe Endorsement, attesting the dependability, tastiness, and family usefulness of her recipe. Thinking Mrs. Sears' friends might want to try the recipe which has won national honor, six copies were returned to her by the publication.

White Cake With Lemon Topping

1 package white cake mix.
1 package lemon pudding or pie filling mix.
2 tablespoons sugar.
1-2 teaspoon vanilla.
1 cup heavy cream, whipped.
Prepare cake according to package directions. Pour in 13x9x2 inch baking pan; bake in moderate oven (375 degrees) 20 minutes. When cool, cut in squares and serve with Lemon Topping. Prepare lemon filling according to package directions. Cool; add sugar and vanilla to whipped cream. Fold into filling.

Annual County Dress Revue On May 16

Plans are being made for the annual Sherman County 4-H Dress Revue to be held at the school auditorium on Saturday, May 16. A rehearsal will be held on Saturday, May 9, at 2:00 P. M. for the purpose of helping the girls with their accessories and modeling. Each girl will bring her dress, skirt or apron to the rehearsal and the agent will help her.

The girls will model as follows: nine and ten year old girls, aprons; eleven and twelve year old girls, skirts; and thirteen year olds and above, dresses. Those making dresses may have school dresses, best dresses, party dresses, or tailored dresses.

Trailer Flips, Calves Escape With Only A Few Bruises

Joe Everett, Roy Lee Newman and Duard Lamb figured in a trailer accident Saturday which left them uninjured and two fine calves were none the worse from the experience except for a few bruises.

The three were taking two calves in a tandem trailer built by Joe Everett to the Dalhart Animal Hospital to have "ties" cut out of their backs.

Something went wrong with the trailer and just before it caused Everett to lose control of the pickup the hitch broke. The trailer turned end over end and spilled the calves in soft dirt along the highway near Chamberlain.

Teacher Grad List Declines

WASHINGTON — Texas will graduate 1,265 white and 194 negro elementary school teachers this year, according to a report issued by the Teacher Education Department of the National Education Association. This represents a decrease in both categories under the number completing their college requirements in 1952, 87 fewer white teachers and 12 less negro teachers.

The Lone Star State will also turn out fewer graduates qualified to teach in high schools this year than in 1952, the 3,313 completing their college requirements for teaching posts in white high schools being 1,044 less than the number meeting similar qualifications last year, and the 786 negro graduates falling short of last year's figure by 87.

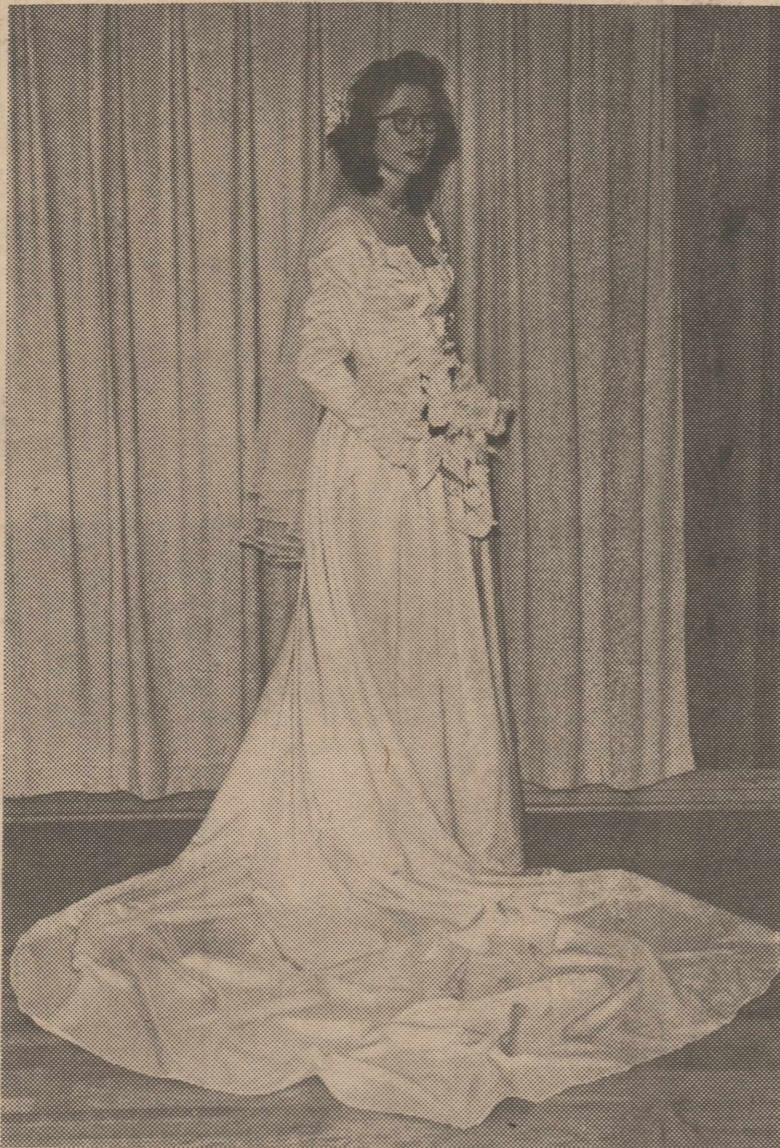

The NEA report emphasizes the shortage of qualified elementary school teachers, especially the four-year trained candidates, being produced by colleges this year.

THE STRATFORD STAR

Volume 48.

Stratford, Sherman County, Texas, Thursday, April 23, 1953.

No. 29.

The Eastertide wedding of Dorothy Walsh, daughter of Mr. and Mrs. Joseph B. Walsh, to Eugene Summers, all of Stratford, at St. Anthony's church on Saturday afternoon at 4:30 o'clock was marked by solemnity and beauty. The bridegroom, with the Foxworth-Galbraith Lumber Co., is the son of Mrs. W. L. Summers of Mangum, Oklahoma, and the late Mr. Summers. Mrs. Summers was present for the marriage.

Father James Fitzgerald officiated at the double ring marriage ceremony and was celebrant for the Nuptial Mass that followed the exchange of vows. Norman Zimlich and Jimmy Koehler were acolytes.

In gold vases on the center altar were white iris and snapdragons and Easter lilies decorated the side altars. Softly illuminating the setting were cathedral tapers in massive single gold holders and tiers of the candles in candelabra. The huge hand-decorated Paschal candle burned on the right of the center altar.

Other decorations of the church included white gladioli attached to the pew ends with satin bows along the white-carpeted bridal aisle.

Mrs. Margie Zimlich, church organist, played Rossini's wedding marches for both the professional and recessional and accompanied Tony Colaccino and Paul Hartman as they sang "On This Day," "Ave Maria," "Panis Angelicus," and the Communion hymn, "O Lord I Am Not Worthy."

Later the couple left on a wedding trip to Carlsbad Caverns. For traveling the bride wore a soft woolen suit in navy blue with rhinestone trim, white sheer blouse, white starched lace hat and other accessories in avocado green. Her corsage was of white roses.

Wedding Gown Designed By Mother Of Bride

Entering the church on the arm of her father, the bride was never lovelier than in her wedding gown of Duchess satin designed with a slim bodice beaded in seed pearls and crystals, deep nylon tulle neckline, long fitted sleeves and the full skirt terminating into a cathedral length train.

With a little satin Juliet cap trimmed in tiny pearls and crystals she wore a finger-tip veil of French illusion. For "something old" she wore diamond and gold ear rings, that had first belonged to her paternal great-grandmother and had been worn by the brides of three generations. Her wedding bouquet was a cascade of white rosebuds.

Mrs. John Palko was her sister's matron of honor. Her husband served as best man.

The two bridesmaids were Miss Laura Koenig, Amarillo, cousin of the bride, and Miss LaNell Summers, Amarillo, niece of the bridegroom.

The gowns of ballerina length had deep rounding necklines

and short puff sleeves and were all of nylon tulle over taffeta. Mrs. Palko was in Venice blue and Miss Koenig and Miss Summers in mint green. They wore matching mushroom bonnets and carried nosegays of pastel tinted daisies.

Linda Klinke, Amarillo, cousin of the bride, was flower girl. Her colonial frock of white nylon tulle over taffeta was caught up around the lower edge with forget-me-nots. She wore a sash matching the blue flowers.

J. W. Summers, Phillips, a nephew of the bridegroom, was ring-bearer.

Ushers were Dean Heil of Stratford and W. D. Muldrow, Amarillo, uncle of the bride. Both Mrs. Walsh, mother of the bride, and Mrs. Summers, mother of the bridegroom, chose navy blue dresses, and navy blue and white accessories for the ceremony. Their corsages were orchids.

After the service a reception honored the couple at St. Anthony's Hall.

The white lace draped bride's table was centered with a tiered wedding cake and flanked with white tapers in crystal holders tied with white satin bows. Mrs. M. E. Rogers poured and Mrs. Gene French served the cake. Guests were registered by Mrs. Dean Heil.

Assisting at the reception were four aunts of the bride, Mrs. Lee Koenig, Mrs. Fred Klinke and Mrs. W. D. Muldrow, all of Amarillo, and Mrs. Louis Zaversnik of Borger.

Later the couple left on a wedding trip to Carlsbad Caverns. For traveling the bride wore a soft woolen suit in navy blue with rhinestone trim, white sheer blouse, white starched lace hat and other accessories in avocado green. Her corsage was of white roses.

DEATH TAKES MRS. IVES

Mrs. Carrie Ives, 96 years of age, succumbed to ill health in Council Bluffs, Iowa Saturday. She is the mother of Mrs. E. E. Hamilton.

Mr. and Mrs. E. E. Hamilton, Mrs. Henry Bryan and Mrs. Grady Bryant left Saturday to be present for the funeral which was held Monday.

Golladays Having Home Remodeled

Mr. and Mrs. Jack Golladay are having their home on East Third street remodeled. The house was stripped to the ceiling and rebuilt. The entire interior will be redecorated.

Baptists Honor Senior Class With Banquet

The Stratford High School Seniors and high school students of the First Baptist Church were honored with the Annual Christian Educational Banquet at the church April 8.

The African theme was used throughout the banquet. The front of the program showing the likeness of a white man and an African, and black and white piano keys, bore the words, "You can play a tune of sorts on the white keys, and you can play a tune of sorts on the black keys, but for harmony you must use both the black and the white." Kenneth Kendrick was toastmaster. Rev. M. E. Upchurch gave the invocation, and the welcome was given by Mrs. M. E. Upchurch. The response was given by the Senior Class president, Johnny Summerour.

The International Choir of Wayland College at Plainview, Texas, sang several numbers. Clecent George, Nigerian student in Wayland College, speaker for the evening, talked on "Christian Education." At the close of the evening, the benediction was pronounced by Horace Jones attended.

There were 50 in attendance at the banquet. In addition to the seniors and other students of the Baptist Church, the pastor of the church, Rev. and Mrs. M. E. Upchurch, Superintendent of schools, Mr. and Mrs. R. W. Standefer, Jr., and class sponsors, Baker Duggins and Ralph Stewart, and Mr. and Mrs. Horace Jones.

The banquet was served on tables arranged in the shape of a U, which were covered with brown wrapping paper. The centerpiece for the closed end of the U was an arrangement of yellow and gold bird of paradise and fern, and the centerpiece for each side of the U was a miniature jungle scene.

At the open end of the U, a jungle scene drawn by Mrs. Kenneth Kendrick was placed on the wall. Place mats with African scenes were used, and places were marked with place cards bearing a stamp showing African scenes, and the word "Africa," and a small flower. These were made by Mrs. L. J. Davis. The menu consisted of Tropical Cocktail, Fried Crocodile in Basket with Fuzzy Caterpillars, (Fried chicken and French Fries in a Basket in which there was a napkin showing pictures of Africans and quoting their proverbs), Jungle salad (served in small wooden salad bowls) hot rolls, butter, honey, Nutty African Pie, and Iced Leaf Juice. Small dolls were given a brown tint, and dressed by Mrs. Leon Guthrie, to represent Africans, and were given, along with nut cups, as favors.

The banquet was served by eighth grade girls, who, with the help of Mrs. Van B. Boston, looked very much like native African girls, with their bare feet, white blouses and brightly colored skirts, and "brown skin." They wore crossed forks in their hair which was pulled to the back of their heads.

Ladies of the Womens Missionary Union who assumed the responsibility of giving the banquet were headed by Mrs. Kenneth Kendrick. Chairmen of the committees were: foods, Mrs. O. H. Ingham; entertainment, Mrs. Horace Jones; and decoration, Mrs. L. J. Davis.

Boys Ranch Lads To Appear At Methodist Church

Aggie Club Dinner Tuesday Night In Dalhart

Former students of the A. & M. College of Texas who live in Moore, Hartley, Sherman and Dallam counties gathered at Sudarth's Grill Tuesday evening at 7:30 to carry on a tradition that is 50 years old, according to Charley Watson, president of the XIT Aggie club.

The dinner was in observance of the 50th anniversary muster of Texas A. & M. men. The XIT club muster, made up of A. & M. men of the four counties was one of more than 400 similar ceremonies held all over the world where Texas A. & M. college former students paid homage to the fellow aggies who have passed on, and humble tribute to the Texans who participated in the Battle of San Jacinto. Mr. Watson stated.

Covers were arranged for approximately one hundred.

Highlights and Sidelights FROM Your State CAPITOL

The legislative spotlight centered this week on the question of whether or not public school teachers are going to get an increase in pay.

The teachers won an advantage when the Senate passed a bill giving them an increase of \$600 a year.

Senator A. M. Aikin, Jr., of Paris sponsored the bill, which has the support of the Texas State Teachers Association.

In passing the bill, the senators heard a warning that it will force a tax increase of about \$30 million a year.

In the House, meanwhile, the teacher pay bill bogged down last week in a mass of technicalities.

Representatives Lamar Zivley of Temple, sponsoring the bill in the House, ran into trouble from the economy-minded members every time he tried to make progress with it.

For example, when Zivley attempted to get the bill transferred from the house appropriations committee to another committee which he considers more friendly, Representative Joé Kilgore of McAllen brought up the point of order that no such transfer may be made without first giving six day's notice.

Speaker Reuben Senterfitt sustained the point of order. Zivley could not muster enough votes to suspend the rule. Nor could he get a motion passed instructing the committee to report immediately on his bill.

Representative Max C. Smith of San Marcos, chairman of the House appropriations committee, rose to deny that his group is unfriendly to the teachers bill.

"I know from talking to some of the members that they are willing to vote on some kind of teacher pay raise bill," Smith said. "I don't know which one. It is possible that we could vote out a bill that wouldn't require a new tax."

Zivley's bill, said Smith, was delayed pending certification by the state comptroller that the money will be available for the general appropriation of \$166 million for the next two years.

Visitors at the capitol the other day were the Perricone quadruplets of Beaumont, the only male quads in the world.

The 23-year old brothers, Anthony, Bernard, Carl and Donald (ABCD) are on duty with the Air Force Reserve. They have just completed a tour of duty in Korea.

The Senate has a bill, already passed by the House, that would cut off salaries of state employees refusing to testify about their communist connections on the grounds that such testimony might incriminate them. Dual control of state hospitals, administrative and medical, is provided for by these salaries in the appropriation bill: executive director, \$15,000 a year; mental hospital director, \$12,500; tuberculosis hospital director, \$12,500; administrator, \$8,700; educational director, \$7,500; and design engineer, \$7,500. Texas is going to have an official duck-calling champion, to be selected at Beaumont during the South Texas Fair. Making it official is a proclamation by the governor.

Shortly thereafter, Comptroller Robert S. Calvert said the appropriations bill is within anticipated state revenue.

Smith, mentioning a bare possibility that teachers could be given a raise without an increase in taxes, said it might be done by passing Representative Kilgore's bill, which reallocates some taxes and puts a greater burden of school costs on the local districts.

Governor Allan Shivers had recommended a plan of this nature. But after last week's legislative skirmishing on the measure, the governor commented that a teacher pay increase bill without new taxes would look "like an empty gesture." The only other recourse

apparently is settlement of the pending gas tax suit in favor of the state. This would provide \$45 million dollars. Shivers' stand is definitely against any new taxes.

The governor, however, said that this legislature is, so far, "one of accomplishment." He expressed hope for passage of these measures:

1. Seven propositions dealing with water conservation.
2. A judicial redistricting bill.
3. Submission of Senator George Moffett's constitutional amendment to use the Confederate Pension fund surplus for new state buildings.
4. Co-ordination of higher education.
5. Action on a toll road program.
6. Classification of state jobs, and provision of higher pay for professional and technical employees.

Before the House went a judicial redistricting plan, aimed at the political organization of George Parr of Duval County.

The house judiciary committee approved a bill for redistricting without a dissenting vote.

The bill would reshuffle the strife-weary, four-county 79th judicial district of South Texas. Affected in the changes would be Duval, Webb, Starr, Zapata, Jim Hogg, Jim Wells, Nueces and Brooks counties.

Charges against Judge C. Woodrow Laughlin of the 79th District were aired in the Sen-

ate. Judge Laughlin, a friend of Parr, was summoned on a resolution by Senator William H. Shireman of Corpus Christi. The resolution calls for an investigation of Judge Laughlin's conduct in office.

The judge had previously appeared before a House committee on the redistricting bill, and before a State Bar Association committee which was probing charges seeking to remove the judge from office.

A bar committee member reported "a very nice hearing." The judge commented: "Now I know how an innocent man feels when he goes to trial."

A House bill by Representative Bert Hall would increase the permit fees of beer and liquor dealers and set up a fund to fight alcoholism.

The bill has the support of the Texas Committee on Alcoholism.

Half a dozen witnesses appeared for the bill at a session of the house committee on revenue and taxation.

Art Stein, director of the New Mexico Commission on Alcoholism, testified that his state is providing clinical treatment for alcoholics at a cost of \$140 per patient, and is effecting cures or rehabilitation in 80 per cent of incipient cases.

Former Speaker Homer Leonard, representing the beer industry, raised the objection that the tax would fall on wet counties, while much of the state is legally dry.

Passed by committee was the bill, which would repeal cross filing, remove the requirement that candidates file their expense accounts, and provide for polls to remain open until 8:00 P. M.

FIG CART . . . It is always difficult to move a bunch of pigs. This type cart, which most any farmer can build, will make the job easy. The gate is at the end and put on with hinges.

You really GO

When you go Ford V-8 you get this fine car power without paying a premium.

What kind of engines are you finding in more and more of America's finest cars? Yes, V-8 engines. And no wonder, for no other type of car engine available today can beat V-8's for compactness . . . and for smoothness. And Ford and only Ford offers you a V-8 engine in a low-priced car! It's the wonderful result of Ford's experience building more V-8's than all other makers combined . . . over 13,000,000 of them.

Fifty Years Forward on the American Road

when you go V-8

It's just one of 41 "Worth More" features that make Ford worth more when you buy it . . . worth more when you sell it.

Imagine! A car so low in first cost keeps its value better than any other car on the American Road. Used-car figures on last year's cars prove that. And with its 41 "Worth More" features, this newer, finer '53 Ford holds still greater promise of long-lived value. You'll find built-to-last Crestmark Bodies. You'll find a new kind of ride that practically "repaves" the roughest roads. And these are but samples of the reasons why Ford is worth more when you buy . . . worth more when you sell.

American Legion Convention In Shamrock

E. H. Hubbard, W. W. Gay, Mr. and Mrs. D. L. Moon and Mr. and Mrs. F. D. Sutton attended the American Legion and American Legion Auxiliary annual spring convention of the 18th District in Shamrock, Texas Saturday and Sunday.

Principal speakers were H. J. Bernard, National Executive Committeeman; E. J. (Stonewall) Jackson, Commander Fifth Division; Mike McCully, Commander 18th District; Howard Wayne Norton, 1952 Boys State Governor and President of Boys Nation; and Mrs. Loula M. Byrd, American Legion Auxiliary President of the 18th District.

Howard Norton gave a speech about Boys State and urged every post to send a boy this year. This is not for Legion Posts only as the boys may be sponsored by Lions Clubs, Chambers of Commerce, Masons or any organization.

Stonewall Jackson presented an inspiring Memorial Service in memory of departed buddies, and urged all posts to have Memorial Services in May.

The fall convention will be held in Amarillo.

Mrs. Buster To Have New Home

Mrs. Eunice Buster will have an almost new home when remodeling at her residence on East Third is completed. Three

new rooms are being added to the house.

The less favorable price situation for agriculture currently is not the result of depressed domestic demand since the change came during a period of high employment and income. High over-all production, reduced exports and the limited dollar exchange along with improved conditions in other countries are cited as major reasons for the drop in farm prices.

AMERICA'S NEW RAILROAD

"I want a ticket on the Atomic Super Chief!"

Well, sonny, just hang on to that dream. By the time you're a full fare, it might come true!

Of course there is no "Atomic Super Chief" ... yet.

But, don't sell American ingenuity and progress short. At the rate things grow now, for you on the Santa Fe, you only need to squint your mind's eye just a little to see tomorrow streaming toward you down the track!

You can almost feel the future of Santa Fe in the quickened tempo of its progress in the recent past.

Just count the growing number of Santa Fe diesels that speed your freight and smooth your ride today.

Nineteen years ago there weren't any. Today there are 1422 units. By year's end there'll be 97 more. Steam is disappearing fast. And more than 250 coaling and watering stations have bit the dust.

Santa Fe folks just don't dally when it comes to building new.

For today the Santa Fe is America's new railroad. And it's going to stay that way by growing newer every day—in every way that can mean new safety, better service, new comfort and dependability for you.

It costs millions of dollars to serve you so. But it doesn't add a penny to the taxes you pay. Santa Fe folks are proud of that, too—proud that the newness of the Santa Fe is a part of American progress that pays its own way.

Workshop On Home Grounds Is An Improvement

More than three hundred garden club and home demonstra-

tion club leaders are expected to enroll for a workshop on home grounds improvement at Texas A. and M. College, April 29 and 30.

"Leaders, club members and others interested in learning more about the care of their home grounds are welcome to attend the two-day session," Miss Lucile King, County Home Demonstration Agent says. "The workshop program includes demonstrations on many phases of landscaping," the agent adds. "We find such a workshop gives the women an opportunity to learn these phases during the two-day meeting which the Bryan-College Station Garden Club and the Extension Service planned in cooperation with the college."

The sessions will be held on the campus of Texas A. and M. College and include visits to the greenhouse and screenhouse led by W. L. Vitopil, Greenhouse Superintendent, and tours of landscaped homes with Mrs. Janie Fletcher, Waller County Home Demonstration Agent, in charge.

Registration will begin at 8:30 April 29, in the Memorial Student Center, and a general meeting in the Ballroom with Miss Sadie Hatfield presiding.

Plans for the workshop include ten sections conducted simultaneously by specialists in various fields of landscaping. The discussions and demonstrations will be on sanitation, growing pot plants, annual flowers, native shrubs, labor-saving landscapes, outdoor cookery, growing plants from cuttings, grafts and buds; fertilizing, watering and mulching; outdoor furniture; designing a landscape; insect control; shade trees; pruning; rose diseases; outdoor recreation; Christmas and special decorations; building a barbecue pit, trash burner and clothes line; and flower arrangements.

The workshop sessions will be conducted by J. H. Sorrels, sanitation engineering department; A. F. DeWerth, head, department floriculture and landscape architecture; John Sperry, Biology department; Fred Bison, horticulture department; R. N. Craig, agricultural engineering department; G. M. Watkins, plant pathologist; Minnie Bell, home management specialist; Frances Reasonover, foods and nutrition specialist; Mrs. Eloise Johnson,

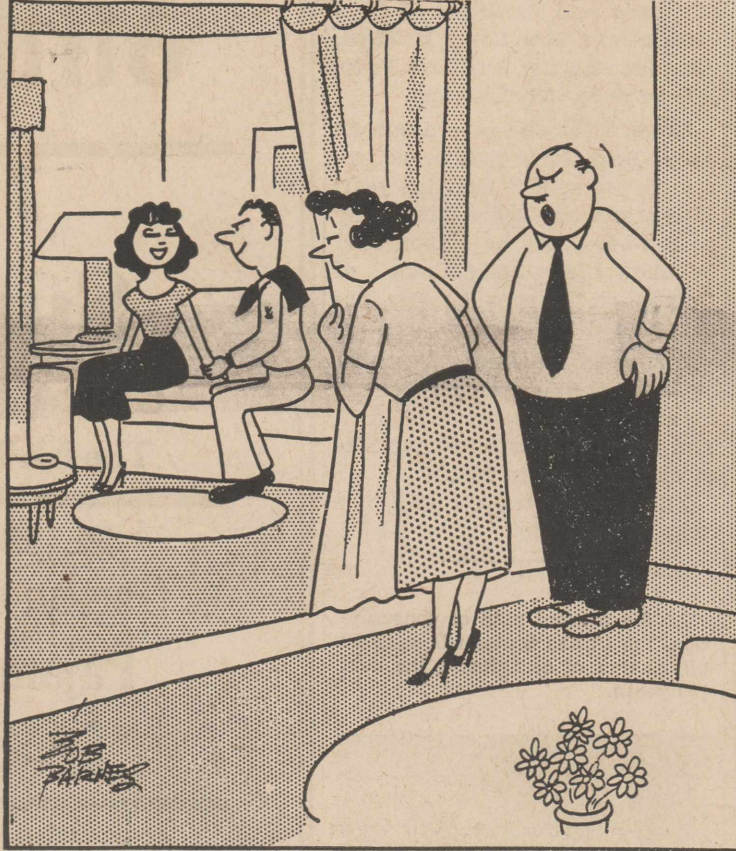

Mrs. Alice Hodge, Roscoe, New York, was on the verge of a nervous breakdown. As far as she was concerned, she was just over-tired and very, very irritable. She was trying to help run the large furniture business while caring for three young children at the same time—two real jobs for one person! But she managed to keep going until her grandmother died. Then she was all done! She didn't eat and she couldn't sleep. Every doctor said the same thing: "Rest, relax, take it easy; go away on a nice long vacation."

Fighting words when they are an impossibility! Month after month passed and she went from bad to worse. Then one day she met an old family friend and he invited her to lunch. After listening to her cares and woes for a while, he said, "How about some advice from an old duffer? The first thing that I would do if I were you, is to try to forget about all these things that you can't possibly do anything about and try to accept the things that you must face. Few people can live their lives exactly the way they would like to live them. Besides, you have a job to do. Maybe it is a little bigger than the jobs most people fill, but I suspect you are not doing it well right now as you should—nor as you could."

Of all the people Alice Hodge had seen and talked with, this man was the only one who came up with a common sense answer to her problems. It was all the medicine she needed. From that time on she tried to live constructively instead of destructively and, although it was a long process, she gradually found herself feeling better and better. Not only that, but she says she knows she became a much nicer person to live with.

Star H. D. Club Has Luncheon

Star Home Demonstration Club members and Miss King met in the home of Mrs. I. D. Wall April 7 with a covered dish luncheon.

Mrs. Raymond Keener, president, urged all members to attend the district meeting at Dumas.

Plans were started to observe National Home Demonstration week in May.

An interesting demonstration, "Use of herbs in cooking" was presented by Miss King. A film was shown on "buying furniture."

Those present were Miss King,

Mrs. Archie Arnold, Mrs. Shuler Donelson, Mrs. Roscoe Dyess, Mrs. Lorel Haile, Mrs. Ralph Keener, Mrs. Raymond Keener, Mrs. Earl Kirkwood, Mrs. Alfred Pronger, Mrs. J. W. Smith, Mrs. Tommie Wakefield and Mrs. I. D. Wall.

No matter the size or type of truck you need—what better proof could there be that a Chevrolet truck is your best buy!

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

Recently published official registration figures for the last full year show that truck users in every single State bought more Chevrolets than any other make!

It is difficult to imagine more convincing proof of Chevrolet's superiority, for such clear-cut and overwhelming preference can lead to but one conclusion:

Chevrolet trucks must be better, must

enjoy solid advantages over other trucks. Such preference must rest on a firm foundation of good, sound value. And, of course, it does—as owners of Chevrolet trucks can testify.

So before you buy any truck, see how much more Chevrolet trucks offer you. Stop in and see us soon. Continuation of standard equipment and trim illustrated is dependent on availability of material.

One Case In District Court

Judgment was granted in one case in district court Monday. The case of Ernest Lovelace vs. Ed G. Shelton et al, a case to title of lots, was decided in favor of the plaintiff.

Advance Dress Making School Is Opened

Seven women from the Southside and Star Home Demonstration Clubs and 4-H Adult Leaders attended the first meeting of the Advance Dress Making School that is being held in the club room at Stratford. At this meeting the women learned to take measurements of dresses that fit them and adjusted their patterns according to their body measurements. They learned to place patterns according to the grain, mark, stay stitch, and put in inner facings.

The women are making dresses of linen, nylon and orlon, polished chambray, wool, pima broadcloth and rayon linen. The agent is making a suit along with the group. These costumes consist of one-piece dresses, two-piece unlined suits, and a dress and duster.

Those taking the Advance Dress Making Course are as follows: Mrs. T. F. Baskin, Jr., Mrs. Meritt Sweny, Mrs. Arthur Cartrite, Mrs. Pruet Adkins, Mrs. Earl Kirkwood, Mrs. J. B. McWilliams and Mrs. Arthur Judd.

Much interest was shown among the women at the first meeting.

The next meeting will be held on Monday, April 27, at 9:30 A. M.

The first transcontinental telephone line between New York and San Francisco was opened on January 25, 1915.

Colony 4-H Club Makes First Tour Of The Year

Tuesday of last week the Colony 4-H Club made its first tour of the year. Marvin Simms, County Agent, Everett Herald, adult leader, and Houston Cates accompanied the club. Each project was visited. There are nine calves and two pigs being fed.

Club members who have calf projects are: Edward Summerour, Kenneth Walker, Robert Ritchee, Larry Herald, Barbara Cates, Cecilia Cleavinger, Stephen Cleavinger, Patsy Herald and Butch Cates.

Betty Walker and Fay Harris are feeding pigs.

The same week the tour was made the club held its regular meeting. Marvin Simms gave out leaflets on how to spray for lice and ticks.

Edward Summerour gave a talk on how to make a calf halter.

Crape Myrtles Easy To Grow

The beautiful crape myrtle — botanically called, "Lagerstroemia Indica," needs less care than most shrubs around a home.

Miss Lucile King, County Home Demonstration Agent, says the plant is a native of China, but will grow in almost any soil, and thrives with little or much rainfall. Cold kills it to the ground, but crape myrtle comes up from the roots and blooms every year.

There are many shades of

color to choose in your plantings, white, light or dark pink, lavender, purple, or the popular ruby red. And you can choose a large or dwarf plant in each of these colors. The true dwarf crape myrtle grows about four feet tall. The large may spread from ten to twenty feet in width and attain the height of a tree if not pruned enough to give it a good shape and size.

The plants bloom in full sun more than shade, and should be planted from six to ten feet from the house.

The best time to prune crape myrtle is in the winter. Flowers are smaller on large crape myrtles when you do not prune the plants. They will bloom longer during the summer if you cut off the faded flowers and keep them well watered. Fertilize the plants in April or early May with one or two pounds of 5-10-5 fertilizer and remember well rotted barnyard manure is a good fertilizer. But don't fertilize in warm weather unless your plants have plenty of water. Use a mulch of leaves and straw, covering a ten by ten foot area with three or four inches of the mulch to hold water in the soil and shade the roots.

Miss King says a few insects both crape myrtles, like the aphids or plant lice which you can control with a spray or dust of nicotine, derris, or pyrethrum. The white fly causes black mold on the leaves and can be controlled with a spray or dust of 5 percent DDT. Dusting sulphur is good to control powdery mildew.

PRINCESS TO WED . . . Princess Ragnhild, 22, of Norway, became engaged to her wartime bodyguard, Capt. Erling Lorentzen, 30, a commoner. Marriage will cost Ragnhild her title.

STRATFORD GRADE SCHOOL NEWS

First Grade Mrs. Russell's Room

We are happy to have Sue, Lanita, Sandy and Johnny back in school. We are enjoying our reading for "Pleasure Period" and learning some facts about science. Our combinations are a bit o'worry to some who have been absent. Some extra help at home might enable us to do better class work.

Charlotte's mother, Mrs. Demus Eller, had lunch with us Tuesday. We welcome visitors any time.

There are 20 lunch days in April. Some need to bring in a check.

Mrs. Gardner's Room

We feel that we are closing a very successful year. The connotation of the word "success" varies, with individuals of course. We appreciate the wonderful cooperation of the parents.

The objectives of a First Grade teacher are manifold and embody an awareness of the welfare of the child as a whole, in addition to initial training in the "The Three R's."

Mrs. Gardner has written a play, "School Days," which we may present soon.

Second Grade Mrs. Peterson's Room

This week, we have a new member in our class. He is Alvin Stacy from the Dumas school.

Mary Joyce Worley, Bonnie Combs and Leona Newcomb are back in the school after having the measles, and Beverly Rae Bolster after a little siege of illness.

We want to thank Mrs. Barker and her class for again sharing P.T.A. attendance prize money with us. That helped to pay for the hat decorations used in the program.

Third Grade Mrs. Hammons' Room

We are very busy these days trying to complete our third grade work.

Our most interesting study has been geography. Each day we study about people in another land. We've learned about their shelter, food, clothing and recreation. Some of the people studied about have been Eskimos, Indians, Dutch, Chinese and Africans. The boys and girls have made houses for their project work, showing the kind of houses these people live in.

In English, we're reviewing the year's work.

A number of boys and girls like multiplying so well, that they have learned their sixes. Some haven't learned their three's and four's. This morning we did sixty addition arithmetic problems. Keith Borth made a perfect paper. Those making "A" were Dean Roper, Patsy Burke, Grovone Debord, Gary Garoutte, Patricia McEnroe, Ronnie Pickens and Sue Hudson. The following made "B," Sharon Smith, Gale Barton, Bobbie Burgess, Barbara Patterson, Kay Sturgeon, Curtis Davis and Rommie Feemster.

Only two C's were made and two failing grades.

Fifth Grade Mrs. Elliott's Room

(By News Committee)

We had a real surprise waiting for us Monday morning. Mr. Etheridge had waxed our room floor over the week end. We think Mr. Etheridge is a very important person in our school life. Cleanliness is necessary for success; consequently, we feel this will be an especially good week for complete and happy living.

We have a new pupil, Buddy Stacy, who comes to us from Dumas.

In Arithmetic, we are keeping in practice and improving our speed according to our own individual rate of speed in the processes which we have worked with at intervals throughout the year.

We will do some choral reading this week, also some work on our memory calendar. By the end of the term each of us will have a minimum of forty-five lines.

A Teacher's appreciation for

her pupils is at hand. His desk is so full of a number of things.

Of marbles and junk and wadded up strings; He likes to bring treasures for others to see; But the choicest of all — he brings up to me.

Friday, April 24, is Wild Flower Day. We have learned that there are at least 25,000 different kinds of wild flowers growing in North America. Texas claims over 4,000 of these species as her own. On one farm near here we found 175 different kinds.

Ernest Dyess says, "The worst day of the month is report day. The best day was when I found Daddy's old report cards in the attic."

Sixth Grade Mrs. Cameron's Room

(Mary Sue Taylor, Reporter)

We have finished our historical readers in reading and so for a few days we are going to read our library books.

In English we are having a review of friendly letters and punctuation. For this six weeks we are having to write book reports.

Alma Casey spent the past week end in Oklahoma City visiting.

Jimmy Skillin is still out with the measles.

In math we are multiplying fractions and in science Larry Goule found a gopher and brought it to class.

We are surely glad the janitors are going to wax the floor.

Recipe of the Week

Roast Beef
2 to 3 rib standing rib roast (good or choice grade).

Have the market man remove the chine bone to make carving easier. Season. Place fat side up in the open roasting pan. Insert meat thermometer so the bulb reaches the center of the thickest part, being sure that the bulb does not rest in

fat or on bone. Do not add water. Do not cover. Roast in a slow oven (300 degrees F.) to the desired degree of doneness. Allow 18 to 20 minutes per pound for cooking a rare roast; 22 to 25 minutes per pound for medium; and 27 to 30 minutes per pound for well-done. The meat thermometer should register 140 degrees for rare beef; 160

degrees for medium rare; and 170 degrees for well done.

Timely Tips

1. Beef is on the plentiful foods list.
2. Rolled roast should be cooked on a rack in an open roasting pan.
3. You will get more servings from meat cooked at a low temperature.

4. Searing a roast does not keep in juices and therefore it is unnecessary.

5. A meat thermometer is the only accurate means of telling when a roast is done.

The god "Pan" was supposed to be responsible for human fears — hence our word, "panic."
