Volume 52.

Stratford, Sherman County, Texas, Thursday, October 24, 1957.

Number 43.

## Homecoming Grid Game Friday

Stratford Elks will meet one of the strongest teams of the district in their homecoming game Friday night when they play Darrouzett. This will be the Elks fourth conference game. They have won the first three, and chalked up victories in two of three nonconference games. Darrouzett can place a 185 pound team in action. The Elks must overcome this handicap with the speed and skill of a 158 pound team. Fans attending the game are likely to see many sensational plays during the game. Groom scored 26 points against Darrouzett, the only team to score against them this season.

Coach Pete Bateman states that the Elk starting lineup will probably include: Bill Minkley as right end, James Spurlock as right tackle, Kenneth Knight as right guard, Marvin Cotton as center, Joedale Reesing as left guard, Larry Herald as left tackle, Gary Steinberger as left end, Cagle Kendrick as quarter back, Melvin Mitts as right halfback, Paul Aduddell as fullback, and Richard McMinn as left halfback.

Elk reserve players include Mark Gates, Henry Harrison, Jerry Galloway, Bill Dyess, Butch Cates, Dwayne Plunk, Robert Ragsdale and Karl Kirkwood.

'Welcome Exes' is the theme of the annual homecoming at Stratford high school. An invitation is extended to all Exes and students and faculty members, to attend the festivities, since homecoming is a re-uniting of classmates and friends.

The Homecoming Queen and her attendants will be presented by the Stratford High School Band under the direction of George Dick. The queen will be crowned by the president of the student council, Tommy Lavake, and will be presented with a dozen roses and her crown for the year's reign. A special show will be presented by the band for half-time entertainment.

Immediately following the football game, a dance will be given in the American Legion Hall, honoring the Homecoming Queen and the Exes. Students and faculty members of the Stratford schools are invited. The Ex-Students Association in cooperation with the Stratford schools, will sponsor the dance.

A benefit chili supper will be served in the American Legion Hall from 5:00 until 8:00 p. m. by the Beta Sigma Phi.

### Legion Auxiliary In Membership Drive

The American Legion Auxiliary unit to the local American Legion Post No. 262, is participating in a state-wide membership drive, Mrs. H. L. McDonald, local membership chairman announces.

An invitation to join is extended to all wives, mothers, sisters and daughters of Legionnaires; to those relatives of deceased veterans, and to women who served in the armed forces.

The American Legion Auxiliary is the world's largest patriotic organization of women, with principal programs of Americanism, community service and rehabilitation of the disabled veterans.

Meetings of the local unit are held every first and third Thursday of the month in the Legion home at 7:30 p. m. Ladies who have not been contacted in the membership drive may telephone Mrs. H. L. McDonald, 4946, or Mrs. Chester Guthrie, 2011.

### 3.8 Million Wheat Acres In Soil Bank

Slightly over 3.8 million acres of winter wheat "allotment" land were put in the 1958 Acreage Reserve of the Soil Bank through the close of the winter wheat sign-up period October 4, the U. S. Department of Agriculture announced October 10.

According to preliminary reports from State Agricultural Stabilization and Conservation Committees in the 36 states of the commercial wheat area, 140,682 acreage reserve agreements, covering 3,806,000 acres, had been signed by farmers through the October 4 deadline. Participating farmers will be eligible for payments totaling \$76,808,773 if they comply with their agreements.

The number of 1958 winter wheat acreage reserve agreements reported is nearly 73 per cent of the number signed last year, but the acreage covered is only 35.6 per cent of a year ago. The maximum payments committed for the 1958 program are 38.6 per cent of the comparable 1957 figure.

For the 1958 sign-up reported, the average acreage per contract is 27.1 acres compared with 76 acres a year ago. The average amount of payment per contract is \$546.05 this year compared with \$1,413.87 last year.

### Rubin Cano Injured In Accident

Rubin Cano, an employee of R. C. Buckles, was injured Saturday night when the pickup he was driving turned over on U. S. highway 287 south of Stratford. According to reports, Cano was driving on the right edge of the highway and one front wheel slipped off on a soft shoulder. Another occupant of the pickup, who was not injured, grabbed the wheel, and whirled the pickup back across the road. The pickup turned over. Cano's condition is not considered serious.

By studying the scales of rainbow trout, scientists can tell how old the fish is; whether it lived in a stream or a lake, and how long; and, if the trout is a female, how often it has spawned. Growth rings resembling those of a tree provide the information.

### Lack Of Interest Disheartens C-C Members

Chamber of Commerce members declined to elect officers at the meeting Wednesday morning. Many members were discouraged by the lack of cooperation they have had in attempting to launch projects which would have a tendency to improve the prosperity of the territory. Motions were made to disband. Motions were made to establish the organization as an inactive organization. A motion to maintain the same officers in the organization until the next meeting to be held November 13, gained the approval of the 12 members who were present.

The burden of chamber of commerce work often falls on the shoulders of from three to six or eight men. They neglect their own business, deprive themselves of social life, and in many instances spend considerable amounts of their own money in an attempt to raise the standard of the territory's economy. Chambers of Commerce often lose these valuable men when they suddenly become aware that while they have been away from their business, giving their time and service to the advancement of the public, an irate customer who was in a hurry, has spent his money with a competitor who was devoting all his time to the operation of his private business without making any effort to improve the town or territory. Some times this happens. There is no way to prevent it, and the city loses a good public servant.

Stratford business and professional men and women, upon whom primary responsibility of a chamber of commerce usually rests, will have until the next meeting to ponder what action should be taken for the coming year.

Those attending the meeting Wednesday were Tom Word, F. L. Yates, E. R. Bell, Alvin Judd, Van B. Boston, H. M. Flores, Arthur Ross, Virgil Garoutte, Harold Roberts, I. D. Divine, Russell Beall and Brown Ross.

### Correction

Russell Beall and F. L. Yates, reported as the Eastern Star dish washers last week, will prepare the chili for the benefit supper to be served November 12. Eastern Star ladies will serve homemade pies.

### Ladies Swamp Nursing Class Instructor

The sponsors of the Red Cross Home Nursing Class are deeply gratified at the interest shown and the response in registration. A total of 27 ladies from the area have enrolled at this time. As only 12 persons can be handled in one class, this will necessitate two classes. The first class is to start Monday evening, November 4, at 7:00 p. m. Due to the equipment available, it has been decided to hold the classes at the clinic. As only 12 can be accommodated, the first 12 ladies who registered with Mrs. C. C. Plunk, the instructor, will be in the first class. These ladies will be notified by telephone or card before the beginning of the class. It is deeply regretted that two classes cannot be handled at this time, but due to the fact there is only one instructor available, the second class will have to be held at a later date.

Women who have been notified to attend the first class are asked to bring 75c for the textbook, which is the new price, and to be at the clinic the evening of November 4 at 7:00 p. m. The Prospectus Study Club has voted to sponsor the home nursing class and are cooperating with the instructor and the home nursing chairman in gathering needed equipment and setting up the class.

### Free Show Hallowe'en Night

A free show for those of every age will be given at the Roxy Theatre Hallowe'en night, October 31. The double feature will start at 10:00 p. m. One-half of the cost of the show will be paid by the city and the other half will be paid by the theater and Stratford business men.

## FFA Boys Commence Commercial Feeding

### Marion Brown Army School Graduate

FORT SLOCUM, N. Y. — Pfc. Marion R. Brown, 23, son of Mrs. Mary V. Sears, recently was graduated from the Army Information School's public information course at Fort Slocum, N. Y. The eight-week course trains military and civilian personnel in news writing, press photography and radio and television techniques.

Brown, whose wife, Angela, lives in Redmond, Washington, arrived at Fort Slocum from an assignment at the Red Canyon Range Camp, Carrizozo, N. M. He entered the Army in May 1956.

Brown, who completed high school at Price College in Amarillo in 1953, attended Panhandle A. & M. College at Goodwell, Oklahoma.

### Mississippi Negro Wants Own School And Churches

With integration of the schools being forced at bayonet point, dissenting voices of the colored race in the south are being heard.

A clipping from the Waynesboro, Mississippi newspaper reads: "Read your Bible more carefully and study God's word, and the colored man will be happy in his own school and in his own church."

In my appeal to my race I say, let us be content unto ourselves, and the white people go to their churches and their schools and we do exactly the same, then the two races will live friendly together in our county and our state."

This is a part of one of several articles written by Rev. Andrew Chambers of Waynesboro, Mississippi, who is leading a fight among members of the colored race in Mississippi for the maintenance of separate schools and churches for the members of his race.

### Church Youth Will Collect Funds For CROP

Youths of the cooperating churches of Stratford will canvass the residential section of the city between the hours of 7:00 and 8:30 p. m. on Thursday, October 31, to accept donations which will be distributed by CROP to the underprivileged in foreign nations.

Some of the youths may wear highly colored Hallowe'en costumes. Others may choose to wear their regular school clothes. Milk cartons converted into coin containers will be used by the young people to collect the fund.

Last year 62 young people cooperated in making the canvass of the city. They raised a total of \$221.60 during the evening.

### Chamberlain Gets Wildcat Oil Test

An oil drilling rig has been moved to a location about 3 1/2 miles north of Chamberlain for a wildcat test. The Josephine P. Bay-R. E. Heiskell is 1,980 feet from the south and east lines of section 10 in block 1, BS&F survey. Potential depth of the well is 7,500 feet. It will be one of the deepest tests drilled in that territory. The test is about 20 miles west of Stratford.

### State And County Tax Reduction Days Are Short

Sherman County taxpayers may pay their 1957 state and county taxes to John Kidwell, Sherman County Tax Assessor-Collector, on or before Thursday, October 31, at a reduction of 3%. Those who pay taxes during November will enjoy a saving of 2%. Taxes paid in December will be allowed a 1% discount.

HONOR BUGLER . . . First civilian to blow taps at Tomb of Unknown Soldier at Arlington, Va., is Legionnaire Milton Peters of Alliance, Ohio.

Seventeen FFA boys have started their annual commercial feeding program. Stephen Cleavinger, Kenneth Knight, Cagle Kendrick, Hal Bennett, Charles Clements, Leon Eden, Neil Harris, Jimmy Cameron, Gerald Preston, Robert Ritchey, Joe Ray Brown, Jerry Davis, Gary Dettle, Gary Mathews and Joedale Reesing have purchased 50 head of hereford heifers from the Lowell Winsor herd of Texline. These 50 heifers were selected from a herd of 81 head, giving the boys an opportunity to choose a uniform group of cattle. The heifers weighed an average of 549 pounds when weighed at the ranch, and the boys paid 20.25 a pound for them.

James Spurlock and Karl Kirkwood will each feed five head of heifers selected from their father's herds.

Dehorning of the heifers selected for the feeding program has been completed. The boys plan to keep the heifers on sudan stubble or wheat pasture until the first of December when they will be placed in feed lots. They will probably be kept on feed for 135 or 140 days to make them all grade at least high choice.

As in past years, a practical feeding program will be used. The boys plan to feed a ration of grain sorghum, cotton seed meal, alfalfa, bundles and an antibiotic with a free choice of minerals and salt.

The boys have an investment of about \$6,696.30 in their livestock. Last year the FFA boys had invested approximately \$9,400 in livestock and feed before the heifers were marketed.

Most of the boys who took part in the feeding program last year made a profit on their heaves. A review of their records shows that one boy made \$43.64 feeding four head, and another lost 54c feeding two head, another made \$40.60 feeding three head, while still another made \$15.57 feeding two head. Some of the boys cleared as high as \$20 on each heifer they fed. Forty angus heifers were used in the feeding project last year.

An adult committee will advise the boys in their commercial feeding project. This committee, selected by the boys, is composed of Jack Dettle, Kenneth Kendrick and Baskin Brown.

H. M. Flores, Peach Smith and fathers of the boys have been of great assistance in the development of the program.

Preliminary plans are already being made for an educational marketing tour as a climax to the feeding program. Lincoln Packing Co. of Pueblo, Colorado has already contacted Duard Lamb, vocational agriculture teacher, and informed him they wanted to buy the heaves again this year. This was a compliment to the boys feeding heifers in the commercial feeding program last year.

The FFA commercial feeding program has three basic purposes, to build self confidence in the boys feeding livestock, to teach the boys the art of buying, feeding and marketing livestock, and to teach the boys how to market their feeds by feeding livestock rather than depending on a cash market for their income.

**LONG**, long ago, before man initiated his progress toward today's modern civilization, the world outdoors was a scenic panorama of beauty in nature. It was a world of forests and glades, green growing vines and varicolored flowers, dotted with shimmering lakes set here and there like diamonds in a velvety field of green.

As man's numbers increased, so did his knack of developing new ways to divert the things in nature to his own personal use and services. He cut away the trees of the forest to make room for a shelter and used the trees to build it. He laid bare the glades and meadows and filled in the marsh lands for a new world of steel and stone. He took a note from the beaver and dammed lakes and streams to divert their power to his many uses. In his search for fuel to feed the hungry demands of his increasingly-modern world, he scarred the face of the earth with claws of mighty steel and dug deep into its bowels for the treasures that had lain there for centuries.

With late-found wisdom, man one day came to realize that the destruction and conversion of natural things had to be limited to a degree consistent with his needs. So he set aside certain areas of special beauty and gave them the protection of his laws. He planted new trees on expanses laid bare by his machines and shovels. He gave back to nature some of the things he had taken away.

And yet, there are a few spots today where the beauty of nature protected is left unspoiled. Mankind, it seems, cannot pass through the forest or glade without leaving behind the unmistakable mementos of his civilization—pop bottles, beverages, cans, candy wrappers, cigarette packages and just plain junk.

## Meditations Of A Principal

(Typed by Wilma Sneed)  
The first six weeks of the 1957-58 school year has been completed. This office would like to release certain facts of record. Total absences in the high school were seventy-five. Total membership was 147. Average daily attendance for the

period was 144.71. Considering the amount of sickness in the community this is a good attendance report. I sincerely hope that the peak of the flu cycle has been reached so that absences will be fewer.

I am happy to report the following students who have made 90 or better in each of the academic subjects taken. Breaking the number down by classes

they are as follows: Freshmen: Joe Ray Brown, Linda Brewster, Lela Hampton, Gary Mathews, Sharon Mullican and Kaye Webb. Sophomores: Carolee Baskin, Linda Coffman, Molly Davis, LaRuth Kendrick and Linda Taylor. Juniors: Dorene Davis, Sonja DeBord, Sue Ellen Flores, Glenda Green, Holly Harrington, Cagle Kendrick, Martha Stone and Mary Sue Taylor. Seniors: Betty Bradley, Jessie Mae Davis, Sharon Hampton, Tommy Lavake and Wilma Sneed.

These students should receive congratulations in a special way for having achieved this goal. We salute you the honor roll students. This goal can be reached by other students with just a little more effort. Come on kids lets see some more names on the honor roll at the end of the second six weeks.

Parents you will have checked your child's report card by the time you receive this paper. Please remember that you are not only welcome but urged to come to the school and talk over what appears on the report card. It is our desire to help the student in every way possible to become better adjusted and more informed in all educational areas.

### Junior High School

#### Football News

(By Ann Burgess)  
The Stratford Junior High football team won an impressive victory over the Texline Junior High team Thursday night at Texline.

Jimmy Gore, a converted quarterback scored the first touch down and accounted for two of the three extra points. Cleo Aduddell carried the ball over for another of the touch downs. Bobby Seaman intercepted a pass for a third score.

Claude Fedric blocked a fourth down punt which rolled into the end zone for a safety and counted for two extra points.

The boys all played well and Johnny Steel played an outstanding game and caught three of four passes for a total of 82

yards. The final score was 23 to 0 in favor of Stratford Junior High.

### B-Team Football News

(By Ann Burgess)  
The Stratford B team played Boise City B team at Boise City Thursday. The Stratford boys had little trouble in defeating Boise City 33-0. Raymond Albert was in rare running form as he scored three touch downs. The rest of the group turned in a good job of both offensive and defensive play.

### Football News

(By Ann Burgess)  
On first sight of the game last Friday night, one would have thought that Stratford would have a tough time beating the Tornados. In the first quarter of the game Texline made two touch downs. It looked bad for the Elks, but when the half was up the score was twelve to fourteen, in favor of the Elks. Texline made seven more points in the last quarter giving them 19 points for the game. Stratford scored 21 points in the last half making the final score 19 to 35. Spurlock, McMinn and Kendrick made touch downs for Stratford. Due to the absence of a player in practice last week, James Spurlock was substituted as a back. This did not prove to be a bad move. The Elks made four punts where the Tornados made only one. No passes were intercepted by either team. Also, neither team lost any fumbles. Stratford was penalized 60 yards in six penalties, three of which were five yards each and three fifteen each. Each team made five penetrations. Stratford made 387 rushing yards to Texline's 302.

### Events Of The Coming Week

(By Joyce Fisk)  
On November 2, the annual school Hallowe'en Carnival will be held in the high school build-

ing. The patrons of the community are cordially invited to attend this carnival. Also on November 2, the Panhandle School Leaders Association

(P.S.L.A.) meeting will be held in Pampa. This coming week in football the "B" team will play Dalhart Junior High here October 31.

Also on this date the grade team will play Sunray here. Last but not least the "A" team will play at Vega. (Continued on Page 6)

TREATS FOR THE LADIES and CHILDREN

Chevrolet offers in its 1958 Bel Air series two Impala models, named after and strongly reminiscent of a "dream car" in the GM Motorama. This is the Impala sport coupe, distinctively styled from any angle, and setting a new standard for interior luxury in the low-price field. A new engine, new frame and two new suspension systems are but a few of the many chassis advances. Impalas are grouped with the Bel Airs, one of four new series of Chevrolets this year.

Star Club Meets With Mrs. Judd

Harold Gray gave an interesting demonstration on "centerpieces" at the Star Club luncheon in the home of Mrs. Arthur Judd October 15. The "vegetable and fruit game" was led by Mrs. Roscoe Dyess. Mrs. Archie Arnold, vice-president, presided at the business session. Mrs. Roscoe Dyess was elected as a nominee for Woman of the Year. Members who are going to the party at Texhoma on October 29 are asked to meet at Mrs. Harold Bennett's and be ready to leave at 1:30 p. m.

Those present were Mesdames Raymond Keener, Earl Phelps, Lavern Gaylord, Archie Arnold, Roscoe Dyess, Arlyn Haile, Sekki Lavake, P. J. Pronger, Jr., Albert Zimmer, Kenneth Borth, Pruitt Adkins, Ray Gore, Leroy Judd and Arthur Judd. The next meeting will be November 5 at noon in the home of Mrs. Raymond Keener.

Mrs. Norris Entertains With Birthday Dinner

Mrs. H. B. Norris entertained her son, Larry, and her sister, Mrs. Jess Johnson, Sunday, with a birthday dinner. Those present were Mr. and Mrs. Dick Diehl and Dick Jr., Mr. and Mrs. Jess Johnson, James and Nellie, Mr. and Mrs. Lonnie Craddock and sons, Clinton and Jerry, of Tahoka and Mr. and Mrs. H. B. Norris and Larry.

Dick Diehl Jr. Celebrates 10th Birthday

Mrs. Dick Diehl entertained with a party Friday for her son, Dick Jr., on his tenth birthday. Hallow'e'en decorations were used in the entertaining rooms, and Hallow'e'en favors were given to the children. After singing "Happy Birth-

THE National Farmers Union, one of the Big Four farm organizations is setting up a series of "Farm Development Conferences" beginning in the corn belt states, which will last well into 1958 for the purpose of firming up a consensus on a new approach to solving the increasingly critical problems facing American farmers today. Two meetings already have been held, one at Springfield, Ill., and another at Des Moines, Iowa. A third is scheduled at Lafayette, Indiana for November 6-7.

These official figures worry farm leaders: During the past four years a number of individual farms has decreased at least 400,000, some say the figure is higher, but hundreds of thousands of farmers have left the farms in four short years; in four years parity for the farmers has dropped from 100% to 83, or 17 per cent; total farm income, after inventory adjustments, has dropped from \$15.1 billion in 1952 to \$11.6 billion in 1956, 23%; even with hundreds of thousands less farmers, those left on the farms are making less money today, the per capita income from all sources having dropped from \$953 in 1952 to \$902 last year, while per capita income of non-farm population increased from \$1,833 to \$2,018; in four years mortgage foreclosures on farms has increased 40 per cent; in 1952 net expenditures for the Department of Agriculture just topped the billion-dollar mark, while in 1958 fiscal year the estimated net expenditure for the department is almost \$5 billion; for 20 years prior to 1952 the average per capita cost of farm price control was 35 cents per person, but in 1956 the average per capita

The F.H.A. held their regular monthly meeting Thursday. Ann Caraway, our vice-president, presided over the meeting. We discussed our father and daughter covered dish supper and a definite date was set. It will be February 1, at 7:00 p. m. We elected our club mothers.

They are: Mrs. Travis Spurlock, freshman, Mrs. Walker Taylor, sophomore, Mrs. James Johnson, senior, and Mrs. Rose Flores, junior. Mrs. Standefer gave a very interesting talk on "What Health Plays in Happiness." We found that it was pretty necessary and most of us did not realize what an important role health plays in our life.

William Keith Gamble, son of Mr. and Mrs. G. E. Gamble, was born May 11, 1940, in Dalhart, Texas. William is five feet and ten and a half inches in height, has blue eyes and dark brown hair. His favorite sport is football, and his hobby is maintaining a car. His favorite actor is Burt Lancaster and actress is Debbie Reynolds. At the present time he is the football statistician. William plans to attend college at Texas Tech after graduation.

spelling grades. We learned a new way to study it.

Our librarian, Kathy Sneed, has been charging the kids a penny if they do not renew the book by the time it is due.

Cheryl has not gone to the hospital yet.

Elizabeth Leal and Judy Standefer are ill. We hope they will be back to school very soon.

**Mystery Girl**

(By Wilma Jean Sneed)

Last week's mystery girl was Jessie Mae Davis. This week our mystery girl is a sophomore. She has light brown hair and light blue eyes. Her height is five feet and two inches and her weight is 120 pounds. Her favorite food is fried chicken and her favorite drink is milk. She likes to type best of all and her favorite teacher is Mrs. Mueck. Her favorite sport is baseball, she has no hobby. Who is she?

(Mrs. Reeves' Room, typed by Jessie Davis)

The following children had perfect attendance for the first six weeks of school: Barbara Clark, Harry Clements, Jeff Davis, Rudy Davis, Andrea Dettle, Butch Ellison, Randy Gurley, Rebecca Guthrie, Stevie Gunzelman, Jeff Hart, Carla Jo Hester, Mark Hudson, Cindy Laird, Catherine James, Mark Lamb, Phil Plunk, Becky Sanders, Dale Schriber, Johnny Upchurch, Gayle Wells and Rex Williams. Two enrolled late and three were absent. We hope we can have another good record this week.

We forgot to tell you that our room mothers are Mesdames Lamb, Dettle, Ellison and Owen Hudson.

**First Grade**

(Mrs. Corley's Room by Jessie Davis)

After seven weeks of school we are all working hard and learning more than we ever imagined we could.

We were happy to hear that we were the winners at P.T.-A. on October 15, having the most parents there. Thank you, for coming and we'll be looking for you again the next meeting.

Our weights this month vary from 33 to 65 pounds, our heights from 42 to 52 inches.

We find Kevin Cummings, Allan Ross, Mary Gupton, Kathy Allen, Shirley McRae and Neta Jo Brannan with perfect records in Sunday School this school year.

Our room mothers, Mrs. Baskin, Mrs. Cummings, Mrs. Ross and Mrs. Taylor are doing a good job making preparations for our entertainment this year. To all of them we say "Thank You."

Larry Dick is the leader in Reading at this time, with Andrea Zimmer, Nancy Davis, Pat Hudson, Kathy Allen and Shirley McRae close.

### Liberal Is Highway 54 Convention City

The new marking system of the vast net work of interstate superhighways will not have any effect at all on U. S. Route 54, according to G. M. Threlkeld, Missouri State Highway Commission Director of Information, in a letter to President Turner Williams, of the National Highway 54 Association.

Many famous U. S. Highways, as U. S. 66 and U. S. 40 will cease to be known by their numbers and broken up into a series of numbers but not so with U. S. 54.

The annual convention of U. S. 54 Association will be held at the Warren Hotel in Liberal, Kansas, on October 26-27. As a part of the convention entertainment, a reenactment will be staged of the world famous International Pancake Day Races between housewives of Liberal and Olney, England.

Members of the association are expected to attend from the six states across which U. S. 54 stretches diagonally from Chicago to El Paso by-passing the large cities and intersecting every transcontinental highway, yet goes through the heart of the Ozarks. The association is dedicated to promoting a better and safer highway.

### Legion Auxiliary Installs New Officers

Newly elected officers of the American Legion Auxiliary were installed Thursday night of last week in a meeting held in the American Legion Hall. Officers installed were: Mrs. Chester Guthrie as president, Mrs. H. L. McDonald as vice-president, and Mrs. John Knight as chaplain. Mrs. Frank Sutton, secretary-treasurer, served as installing officer assisted by Mrs. C. W. Moon, serving as sergeant-at-arms.

Coal production in Kentucky totalled 31,500,000 tons in 1956, or more than 16 per cent of total national output of 500,000,000 tons.

### School Tax Reduction Days Are Expiring

Taxpayers in the Stratford Independent School District may save 3% on their taxes by paying them on or before Thursday, October 31.

1957 school taxes are due and payable to Hollis Harrington in the administration building of the Stratford school.

### Prospectus Study Club Will Meet November 1

The Prospectus Study Club will meet Friday, November 1, in the home of Mrs. William Glenn Hart. The meeting will begin at 3:00 p. m.

### .64 Falls In Four Day Rain

.64 of an inch of moisture has been recorded in Stratford during showers which fell on four days during the past week. To the east where the rain was lighter last week, as much as an inch has been reported. According to the official measurements of Horace Sneed, the readings were: Saturday .28, Sunday .14, Tuesday .14, and .08 Wednesday.

### New Arrival

Mr. and Mrs. Brad Beedy, of Lubbock, are the parents of a second son, Jeffery Lane, who weighed seven pounds nine ounces when he was born in a Lubbock Hospital on October 17.

More than 4,706,017 acres of Texas land are under irrigation.

From the Lincoln Times, Lincolntown, N. C.: No matter how much we read about billions, the word still has a numbing effect on the not-too-mathematical mind. A thousand million of ANYTHING is an awful lot to grasp or to visualize. For instance, we have just learned that last year, for the first time in history, the American people reached the \$10 billion mark in their expenditures for milk and dairy products. We are also told that this represents 16.6 percent of the national food bill of \$60.7 billion, and that we've spent more than \$6.4 billion for drinking-milk and pouring-cream!

The per capita expenditure for ALL dairy products was approximately \$62.50, of which \$40.10 went for milk (and cream). The per capita milk surplus is now less than two ounces a day. An hour of factory labor bought 3 1/2 quarts of milk in 1956, 4 quarts in 1929.

The cow is crowding the dog for the national title of "Man's Best Friend."

From The Breeze, Berlin, N. J.: An 81-year-old country newspaperman, Chet Lampson, editor of the weekly Jefferson, Ohio, Gazette, has provided the country with a dramatic example of the power of the press. Mr. Lampson's paper is

small, and its power was exerted against one of the biggest organizations in existence—the U. S. Treasury Department. But David slew Goliath!

Here's what happened: Mr. Lampson received a notice from the Internal Revenue Service demanding payment of an alleged income tax indebtedness of \$9. The notice sent his blood pressure soaring. First of all, he didn't believe he owed the money. But that was a minor consideration. What really angered him was the insulting wording of the notice, and its threats of attachment of income and seizure of property unless the claim was paid at once.

Mr. Lampson didn't confine his views to the columns of his own paper. He wrote the President of the United States and various other officials, including members of Congress. He stated that, "No agency of Government should be allowed to insult any citizen, or deny him his constitutional rights or inflict cruel and unusual punishments on a mere assumption that the taxpayer is a willful violator of the income tax law." To make a long story short, Mr. Lampson got results. The Internal Revenue Service is changing the wording of its form, and you can bet that the new version will be couched in much more courteous language.

Humble Oil and Refining Co. Stratford Gas Unit No. 6 well No. 1 in section 45 of block 1-T, has been completed for potential production of 3,850 million cubic feet of gas. The Sherman County well produced pay from 3,297 to 3,523 feet.

Rip C. Underwood No. 1 C. W. Moon, located in section 37 of block 1-T, in Dallam County, has been completed at a depth of 3,540 feet. The well has an estimated production of 7,000 million cubic feet of gas.

The Texas Company No. 1 Youtsier in 23-1n-9 ecm, in Cimarron County, produced 2,500 million cubic feet of gas from perforations between 4,576 and 4,582 feet in the Mississip-

pian. Perforations in the upper Morrow increased the flow to 3,192 million cubic feet of gas.

### Clinic Will Have Doctor Wednesday

A doctor will be at the Stratford Clinic Wednesday of next week instead of Tuesday. Those desiring to see him should call for an appointment.

Those desiring flu shots should call Mrs. B. E. Dovel at the clinic to make arrangements. The shots will be given as rapidly as the serum is available.

### Among the Sick

E. F. Spurlock returned home Saturday after being a patient in Northwest Texas Hospital for three days for tests. Mrs. Spurlock was in Amarillo with him.

Mrs. A. W. Allen, who recently was ill in Dumas Memorial Hospital, and went to the home of her daughter, Mrs. Harley Alexander near Gruver, after being released from the hospital, returned to her own home Monday.

Mrs. C. T. Watson underwent dental surgery Friday in Dumas. She was accompanied to Dumas by Mrs. Bessie Mitchell.

Emmett Turner has been released from Coon Memorial Hospital in Dalhart where he was a medical patient.

Leo Smith, who with his wife had gone to Lubbock to see their new grandson, and his parents, Mr. and Mrs. Brad Beedy, suffered a light stroke about noon Sunday. Joy Smith went to Lubbock Monday to see his father, and returned Monday night. He reported that his father was not paralyzed, and is doing fine, and hopes to be out of the hospital this week end.

### THE ELK

(Continued from Page 6) Texline grade school by a score of 23 to 0. Jimmy Gore, who was a converted quarterback, made the first touchdown to open the scoring. He also ran for two extra points. Bobby Seaman intercepted a pass and ran over for the second touchdown. He ran 25 yards for the touchdown. Cleo Aduddell counted for the third touchdown. He had one touchdown nullified because of offside penalty. Claude Fedric blocked a fourth down kick that rolled dead in the end zone which counted for the extra two points. Johnny Steel played an outstanding game on offense and defense. He caught three passes for a total of 82 yards.

### Sophomore News

(By Carolee Baskin) On October 19 the sophomore class went from house to house selling cakes, pies, and other home-made goodies.

Our nominee for homecoming queen is Elaine Crabtree. If she is not elected to be queen, she will be our attendant, but if she is the queen, Molly Davis will be the sophomore attendant.

### Junior Class

(By Carolee Baskin) In the class meeting October 15, Glenda Green was elected the attendant to the homecoming queen for the juniors.

The juniors are willing to cooperate with the city on Halloween.

### Senior Class

(By Carolee Baskin) The seniors are really busy planning and preparing for their Halloween carnival on November 2. The traditional cake walk will be one of the many attractions.

The seniors are going to give a prize for the best stunt in high school. First is \$5. Second prize is \$3. Third prize is \$1.50. There will be two divisions, a high school division, and a grade school division. Classes are working hard to earn this prize money.

Saturday, October 19, the seniors took over the town, fining many people for speeding, jaywalking, and many other offenses.

If Nellie Johnson is not the Homecoming queen, she will be the attendant for the seniors. In case she is the queen, Jessie Mae Davis will be her attendant.
