County Agriculture Report Will Be Revealed September 25

The Board of Directors of the Sherman County Development Association, met Tuesday night at The First State Bank. Final plans and preparations were made for the September 25 general public meeting for the purpose of presenting Doane's Agriculture Development report to the citizens of Sherman County. This meeting will be held in the high school auditorium Thursday night, September 25, beginning at 7:30 p. m.

Members of the Doane Agriculture Service will present a brief summary of the contents of their report. Other business to be transacted at this meeting, will be the election of the Board of Directors to the re-organized Sherman County Development Association. This reorganization will conform to suggestions made by Doane in their report.

The present board of directors, served as a nominating committee to carry out the recommendations made by the survey. Nominations will also be accepted from the floor.

At least two companies that have been contacted by Doane in connection with the Sherman County Development program, have requested permission to attend this county wide meeting.

Anyone desiring a copy of the survey, should submit their name to the secretary in the county agents office. Distribution of these copies are limited to Sherman County residents, land owners, or contributors to the Sherman County Development Association.

Prospectus Study Club Guest Day Luncheon Friday

A guest day covered dish luncheon sponsored by the Prospectus Study Club will be held in Fellowship Hall of the First Christian Church at 12:00 noon Friday. All of the members of the Study Club will take one or two guests to the luncheon.

Mrs. Dolly Lynch, well known in the Panhandle as one of the most talented book review artists, will review Louella Grace Erdman's new book, "The Short Summer."

Miss Erdman is a professor of English at West Texas State College and one of her best known books is "Years of the Locust." "The Short Summer," concerns Texans and is appropriate for Texas Day observation and the theme, "Lights From Texas."

Mrs. Jim Taylor will introduce Mrs. Lynch. Hostesses for the occasion are: Mrs. Cone Donelson, Mrs. K. Kendrick, Mrs. C. C. Plunk, and Mrs. Dwight Hester.

The Program and Yearbook committee includes Mrs. K. Kendrick, Mrs. Glenn Hart and Mrs. Billy Cummings, assisted by the president, Mrs. C. C. Plunk. "The Light to Light the Lamps" is the theme for the year's study. Mrs. K. Kendrick will review the year's program.

43rd Student Enters College

Carroll Reed has re-entered Texas Tech at Lubbock to commence his work on his master's degree. He is the 43rd student from Stratford to enter college this fall.

City Handicap Golf Tourney Saturday

A city handicap golf tournament in which amateurs will have the same opportunity to win as the most skilled players will be held on the Stratford Golf course Saturday afternoon. Play will commence at 1:00 p. m.

No entrance fee will be charged and non-club members are invited to take part in the tournament which is being sponsored by club members.

Golfers will be divided into three flights. Three merchandise prizes will be presented to the winners of each flight. One flight will be made up of golfers shooting for a low score without a handicap.

A handicap flight will be composed of men who may play either their choice of 9 or 18 holes.

One flight will be restricted to women golfers who will play only nine holes.

Golf clubs will be provided for those who wish to play and do not have clubs.

The Stratford Golf course is located southeast of Stratford just across the road from the James Cameron home. Club members believe that amateurs will have as much fun and the same chances of winning in the tournament as the more skilled players.

Last Rites Monday For Bramble Infant

Funeral services for William Frederick Bramble, three week old son of Mr. and Mrs. Fred L. Bramble of St. Joseph, Missouri were conducted in the Stratford Cemetery Monday by Rev. J. O. Brown, pastor of the Assembly of God Church.

The Bramble baby suffocated Monday night before or while the family slept in a car parked along U.S. 54 in the Oklahoma Panhandle near Texhoma. The time of death was set at approximately 10:00 p. m.

In telling of what took place, Mrs. Bramble said that she gave the baby its bottle at about 8:00 p. m. Sunday. It was all right at that time, and they drove until about 11:00 o'clock before stopping the car to sleep.

Mr. and Mrs. Fred L. Bramble, their three year old son, the three week old baby, and Bramble's brother-in-law and his wife, Mr. and Mrs. Milton Collins, were driving from St. Joseph, Missouri to Woodbridge, California.

The two men were riding in the front seat. A mattress between the seats and in the back seat formed an improvised bed on which the two women and two children were riding.

When Mrs. Bramble awakened Monday morning the baby's blanket was over its face, and she was aware something was wrong. The group drove to Texhoma in search of a doctor. None was available and they drove to Stratford. Dr. Paul E. Smith pronounced the child dead on arrival at the Stratford Clinic at 8:00 a. m. Monday with the cause of death attributed to suffocation.

Deputy Sheriff Sidney J. Board investigated the story told by the Brambles and found their account of the tragedy to be true.

Miss Riffe Enters Stephens College

Miss Linda Riffe left Sunday for Columbia, Missouri, where she will attend Stephens College. Mr. and Mrs. Riffe took Linda to Amarillo where she boarded a special train on which Stephens College students from the south and west were riding to Columbia.

Parade Floats Braved Winds Saturday

Parade floats braved the winds Saturday morning although some of the decorations disappeared long before they came in view of an understanding public.

Led by the American Legion color guard, the Stratford High School Band, made its second public appearance as a marching band.

In commercial floats, W. H. Gaylord won first, Garrison Motor Co. second, and Queen 'O' Creme won third.

In the club float division, Sherman County 4-H clubs won first, the Star Home Demonstration Club won second and the Better Homes Home Demonstration Club float placed third.

In the children's division, Billy Flores won first, Dallas Foreman and Pamela Bennett won second place, and Myrna Hester third place.

Church Of Christ Gospel Meeting Opens Monday

Evangelist A. C. McElroy of Kress will open a gospel meeting at the Church of Christ Monday. Services will be held at 10:00 a. m. and 7:30 p. m. daily from September 22 through September 28.

Let no man be sorry he has done good because others have done evil. If a man has acted right he has done well, though alone; if wrong, the sanction of all mankind will not justify him. — Henry Fielding.

Stratford Elks will play Texhoma on the local football field Friday night at 8:00 o'clock. Texhoma has the reputation of having a good football team and a good game is expected.

Elks Win Over Vega 32 To 0

Stratford Elks surprised even themselves in romping over Vega by a score of 32 to 0 here Friday night of last week. The Elk team showed surprising strength although first of the season weakness was evident in some of their plays.

James Spurlock made the first touchdown in the first quarter and Cagle Kendrick carried the ball across for two additional points. In the third quarter, Bill Steinberger made the second touch down and Kendrick carried the ball across for two additional points. In the opening of the fourth quarter James Spurlock carried the ball one yard for a touch down and Kendrick carried the ball across for two additional points. Kenneth Knight carried the ball 34 yards for the fourth touch down and Jerry Galloway carried the ball across for two additional points.

Assembly Of God Revival In Progress

Senior Citizens Hear Noted Plains Speakers

Senior citizens of Sherman County were entertained by a program presented by local talent and two of the more colorful citizens of the Texas Panhandle at the Senior Citizens program in the school auditorium Saturday afternoon.

W. N. Stokes, a former judge of the court of appeals in Amarillo, was the principal speaker. Judge Stokes lived in Stratford at intervals about 50

years ago while he developed a claim in the Oklahoma Panhandle near Griggs. Judge Stokes traced the heritage of the State of Texas and commended the senior citizens of the county for the role they have played in the continued progress of the county.

Miss Laura V. Hamner, one of the Panhandle's most colorful columnists, spoke briefly. Miss Hamner made Stratford her headquarters while she was making necessary improvements on a land claim in the Oklahoma Panhandle also. Following the program, Miss Hamner personally autographed copies of her latest book, "Light 'n Hich", which were offered for sale.

Mrs. C. C. Plunk, president of the Prospectus Study Club, made the welcome address.

Mrs. H. H. Caraway served as mistress of ceremonies and introduced the entertainers. "Old Time Religion" was the opening song sung by the group.

A quartet composed of Holly Harrington, Frankie Aduddell, Kay Jacobs and Ann Caraway, dressed in costumes of the gay 90's, sang.

Kay and Elaine Spurlock, granddaughters of one of the founders of the county, appeared on the program. Kay sang while Elaine furnished the piano accompaniment. They were dressed in the attire of pioneer women.

A barber shop trio, dressed for the era in which they were popular, composed of J. D. Plunk, Karl Kirkwood and Jimmy Cameron, sang two numbers.

The program was closed with the song, "Blest Be the Tie."

Mrs. Arthur Ross led the group singing and Mrs. Lorraine Mehner played the piano accompaniment.

Castro County Man Reports— 100 pounds of ammonia made 51-bushel wheat

Dan J. Heard, a successful Dimmitt, Tex., farmer, says: "I put down 100 pounds per acre of Phillips 66 Agricultural Ammonia pre-plant on my irrigated wheat and made 51 bushels per acre average on 108 acres. I'm sold on the dollars-and-cents value of applying Phillips 66 ammonia to my wheat land."

Other successful Southwestern farmers use Phillips 66 ammonia to give them higher grain yields... and more profitable grazing. The 82% nitrogen in Phillips 66 Agricultural Ammonia gives young wheat a fast start, supplies plenty of lush, protein-rich forage that puts on more beef at less cost per pound.

Many of these farmers plow down Phillips 66 ammonia in the fall on maize land. They know that the 82% nitrogen helps decompose crop residue, to provide extra plant food and make the soil more productive. Remember, Phillips 66 ammonia gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

Sherman County Development Program Creates Interest

The Sherman County Development Program is receiving wide interest throughout the Great Plains region, reports Russ Kruezman, manager of the Area Development Section of Doane Agricultural Service. "We have received many requests for information about the Sherman County project. Our field offices also report a great deal of interest in the Sherman County

Development Study."

"We here at Doane who have been closely associated with this study agree that Sherman County has the resources for an excellent development project," Kruezman stated. "The progressiveness of the Sherman County people combined with the fine land and resources and a favorable climate open many opportunities" it was reported.

The changes taking place in the nations marketing system which are placing more emphasis on higher quality products in larger quantities and less on the location of production, can be a major factor in the devel-

opment of Sherman County agriculture. Improved transportation is another development that has greatly improved Sherman County's future as an area of profitable, diversified agricultural production.

The development report which has been delivered to the Board of Directors of the Sherman County Development Association should be looked upon as a guide in establishing this development program.

As an indication of the widespread interest the Sherman County Program is receiving, Kruezman pointed out: "The two largest farm publications have both expressed much interest in the program. It is possible that both of these and possibly other publications may have representatives present at the forth coming meeting to learn more of what Sherman County residents are planning to do with this new program."

"Many other communities in at least four states will be watching the program and some of these have expressed a desire to be present for the meeting. The people of Sherman County have a wonderful opportunity to show all these people what they can do when they unite behind a program to develop their community."

Russ Kruezman, Joe Free and Lloyd Bergsma, who have all been associated with the Sherman County study, will be in Stratford on September 24 and 25. They will be working with the Development Association and will be present at a general community meeting on the evening of September 25.

Mr. Kruezman stated "We certainly appreciate the excellent cooperation we have received from Sherman County people during our work on the development study. We are all looking forward to being in Stratford to present the report."

Buckles Briefs '59 Soil Bank

A step-by-step description of how a farmer can put all or part of his land in the 1959 Conservation Reserve of the Soil Bank was given this week by R. C. Buckles, chairman of the Sherman County Agricultural Stabilization and Conservation Committee.

He emphasized that the first and most important step is for a farmer to ask the County ASC Committee to establish maximum annual payment rates for his farm. Payment rates will not be established for a farm unless requested by the farmer. At the same time, the farmer should furnish the Committee with information on acreage and yields for his farm and give an estimate of the value of his land. This information is needed before the rates can be established. The deadline for farmers to request that rates be established for their farm is September 28.

On the basis of the information supplies by the farmer and other records, the County ASC office will establish maximum annual rates for payment for the farm and will send the farmer an application form for placing land in the program. The application form will show the rates established for the farm.

The farmer then decides how much cropland he wants to put in the Conservation Reserve, how long he wants his contract to run, and the rate of annual payment at which he will offer his land. He enters this information on the application form. The application must be returned to the County ASC Committee on or before October 17, 1958, the deadline for filing applications.

In connection with the filling out of this application, a farmer may offer to put land in the Conservation Reserve at less than the maximum annual payment rate established for his farm. This could be particularly important since priority in accepting applications will be given to farmers who make the best offers. Thus, the farmer who offers land at less than the maximum rate set for his farm will be more certain of having his application accepted.

Contracts will be offered to farmers after the deadline for returning applications to the County ASC Committee before

a contract is concluded, someone from the ASC Office will visit the farm and examine it for eligibility and measurement of acreage. When only part of the cropland of a farm is offered for the Reserve, the land will be examined to determine if it is substantially as productive as the average of all cropland on the farm. The contract is ready for the signature of the farmer and the approval of the County ASC Committee.

Any farmer can participate in the conservation reserve who has cropland which is regularly used for cultivated crops or tame hay.
