

Grid Battle Friday Night

Stratford Elks will meet Gruver on the home field at 7:30 p. m. Friday for the classic game of the year. This conference game will be the last the Elks have scheduled for the 1959 season.

Unpredictable Stratford Elks, who have won the admiration of fans over the Panhandle, will go up against one of the recognized better teams of the district when they meet Gruver. Gruver has the skill and experience of letter-men. Stratford has the daring and determination of young men who at the beginning knew little of football, but who have learned with the aid of good coaches, many of the finer points of the game although they came out on the low end of the score board in many of their games.

It is an established fact that if Stratford Elks play the same kind of heads-up football game against Gruver as they did in a recent game against Sperman, Gruver may feel the impact of a much better team than they had expected to play during the first of the season when the game with the Elks was scheduled.

Just a few breaks favoring either team could decide the victory in the game Friday night.

Elizabeth Price Funeral Rites Tuesday

Funeral services for Elizabeth Price, 13-year old daughter of Mr. and Mrs. W. N. Price, were conducted Tuesday afternoon in the First Presbyterian Church in Amarillo. Burial was made in Llano cemetery. Two sisters, Mrs. Richard N. Coyle and Mrs. J. A. Whittenburg III, and one brother, William Leslie Price, of the immediately family survive. She was the granddaughter of Mrs. L. M. Price of Amarillo and Mrs. A. W. Klawetter of Calvert, Texas.

Miss Price was killed in a car-train crash at 5:45 p. m. Sunday two and one-half miles northeast of Canyon. The crash also took the lives of her two teenage companions.

The crash occurred at a crossing located in a cut where the rail tracks run south before making the west curve into Canyon. High banks line the downhill stretch of caliche road at the approach to the crossing. The car and the San Francisco bound freight arrived at the crossing at the same time. Investigating officers said the three bodies and wreckage of the car were strewn for a distance of more than 50 yards.

Keyes Helium Plant Open House Slated

The newest helium-extraction plant in the U.S. will be open to the public Friday. The plant, located at Keyes, Oklahoma, will offer the general public its first opportunity to see the extraction of the rare gas.

Previously security has demanded that nearly all knowledge dealing with helium be kept from public view. Now the public is invited to see the product of the latest scientific thinking, planning and engineering at work. Also on display will be pictures, models and actual equipment showing the part helium plays in the industry and defense of the nation.

The Keyes Plant was recently completed at a cost of \$12 million. The Fluor Corporation, specialist in large engineering projects, was the contractor. Although the plant will be open Friday, the formal dedication will be held on Tuesday, November 17. Highlight of the dedication ceremony will be an address by Interior Secretary Fred A. Seaton.

Including the Keyes Plant, the Bureau of Mines, has five helium extraction sites.

Death Claims E. Lloyd Corn

Funeral services for E. Lloyd Corn, 65, prominent Oakland City, Indiana man, and an early day resident of Sherman County, were held at 2:00 p. m. Sunday in Corn Mortuary in Oakland. Dr. O. G. Chapman officiated and burial followed in Forsythe Cemetery. The Oakland City Masonic Lodge was in charge of graveside services.

Mr. Corn, machinist at Enos Coal Co. for 36 years, died at 9:00 p. m. Thursday of last week in Gibson General Hospital after a four-day illness. He was a member of the Oakland City Masonic Lodge, Royal Arch Lodge No. 122, Scottish Rite and Hadi Shrine Temple of Evansville; York Rite, Princeton; American Legion Post No. 256, and U.M.W. of A. Local No. 5179. Mr. Corn was a veteran of World War I.

He was born in Pike County and had lived in Oakland City most of his life. His wife, Marjorie, died in June of 1949. They owned and operated a grocery store on Main Street in Oakland for about eight years. Surviving are a son, Robert E., a teacher in the King City, California schools; two grandsons, Eddie and Jeffrey; father and stepmother, Mr. and Mrs. L. M. Corn, Oakland City; three brothers, Floyd Forrest and Maurice, all of Oakland City; and two step-brothers, Maurice and Merle Barrett, both of Oakland City.

Stolen Items Are Recovered In Stratford

A tip from Ed Moore of the Moore Implement Co., which was traced out by Deputy Sheriff Sid Board has resulted in one man being placed in jail at Guymon, and a large portion of the merchandise taken from the Western Auto Store at Texhoma in a robbery October 4, has been recovered.

Roland Lee Cline of Sedalia, Missouri, wanted in Missouri on a charge of second degree robbery, has been charged with burglary by Oklahoma officers.

Merchandise recovered in Stratford which had been sold by Cline to Stratford citizens included: three .22 rifles, two shotguns, one .22 pistol, two radios, a record player, two electric irons, an electric drill, five electric clocks, .22 and shotgun shells, gun kit cleaners, several gun cases, car mats, a cash register, car batteries, flashlights, a hunting jacket, eight shirts, several pair of leather gloves, an assortment of tools, watches and billfolds, propane torches, cigarette lighters, pocket knives, and numerous other items which included fishing tackle and zipper bags.

Some of the stolen merchandise was recovered from underneath a few trees in a wheat field over the Oklahoma line north of Kerrick. The unprotected merchandise had been damaged by snow, rain and exposure.

Stolen merchandise sold in Borger which was recovered by officers Monday included a large record player, two radios, a rear view mirror, and an electric razor. One shotgun sold in Borger had been resold and could not be recovered.

Deputy Sid Board picked up the last missing tool box in Stratford Monday.

A cash register was found in a culvert on a road 9 miles west of Kerrick. Much of the other missing merchandise was found in a wheat field southwest of Griggs.

The first break in solving the Texhoma robbery came when Cline offered Ed Moore a new battery as a \$5.00 payment in the purchase of gasoline. Moore accepted the battery and informed Deputy Sheriff Sid Board that something funny was going on. Moore was told to put the battery away and keep it and officers were alerted to watch the movements of Cline. In reply to an inquiry made by Board, Oklahoma officers informed the Texas deputy sheriff that a battery answering the description of the one sold in Stratford was listed as being stolen from a Texhoma store on October 4.

Sheriff Bob White of Sedalia, Missouri informed Board that Cline was wanted on a charge of second degree burglary on a warrant issued July 26, 1959 by Magistrate Judge Frank T. Armstrong.

Saturday morning Oklahoma officers asked Board to arrest Cline for investigation. Board took Cline into custody at 8:30 a. m. Saturday as he drove into Stratford from the direction of Kerrick. Sheriff Russell Mason of Guymon, Deputy Hugh Hass of Texhoma, and City Marshall A. L. Wilson of Texhoma, came to Stratford to aid local officers

Annual Livestock Survey Begins November 19

Postmaster Sallie V. McAdams announces that the rural carriers W. L. Hankey and Mrs. Owen Palmer, will begin distributing Livestock Survey cards November 19.

Patrons receiving livestock cards are requested to complete and return them to their mail box. Cards will then be returned to the Texas Crop and Livestock Reporting Service in Austin. Information from this survey is used in estimating the numbers of cattle, hogs, sheep and chickens on Texas farms and ranches.

Many farmers and ranchers are glad to take a few minutes time to answer the questions asked on livestock numbers in order to have information available for making business decisions. Information obtained from this survey is returned to farmers and ranchers through Texas Crop and Livestock Reporting Service releases, and newspapers.

The annual survey has been a joint undertaking of the Post Office and the Department of Agriculture since 1924.

Although usually associated with jewelry, the precious metal platinum is used as a catalyst by refiners in producing today's high octane gasoline.

REPERCUSSIONS of the steel strike will be felt for some time and most likely in the Congressional enactment of tougher labor legislation to prevent future tie-ups.

While the President's plan to seek an injunction to force steelworkers back to their jobs for the (80-day period provided by the Taft-Hartley Act) proved immediately unpopular with the workers, some observers seemed to believe this was what the union leaders wanted. This observation was based upon the idea that union leaders believed federal intervention might help scale down the industry's demands for work rules changes, thereby removing one of the basic areas of disagreement. Too, federal intervention left open the possibility of a compromise on a wage rise.

Renewal of the strike after the 80-day limit means that under the Taft-Hartley provision the President could take the matter to Congress. Washington observers believe that this would lead to a thorough investigation and

Celebrate 54th Wedding Anniversary

Mr. and Mrs. J. B. Willey quietly celebrated their 54th wedding anniversary in their home Sunday, November 8. The noon meal was prepared and served by their daughter, Mrs. Peder (Maude) Norbye, their daughter-in-law, Mrs. J. J. Willey, and their grand daughter-in-law, Mrs. Leslie Dodson.

Those present for the occasion were Mr. and Mrs. Peder Norbye, Mrs. Leslie Dodson and Brenda, Mr. and Mrs. J. J. Willey, Janetta, Wesley, Dwayne and Janice, and the honored couple, Mr. and Mrs. J. B. Willey.

The afternoon was enjoyed by visiting and taking pictures.

Dr. Allen Seriously Ill

Dr. Andrew Q. Allen of Dallas is seriously ill. He is a brother of Roy Allen of Stratford and has visited in Stratford on several occasions.

Dr. Allen is 58 years of age and is State Sunday School Secretary of the Baptist Church. He entered Baylor University Hospital in Dallas on October 22 where exploratory surgery was performed. It was discovered that he was suffering from cancer of the pancreas and has a life expectancy of six months.

Old Grads Return To WTS Campus

An estimated 7,500 ex-students thronged the campus of West Texas State College at Canyon Saturday for the Golden Anniversary Homecoming celebration and enjoyed a barbecue in the old stadium at noon. Mrs. Earl Riffe is one of the board members of the WT Ex-Students Association.

Farm Census Questionnaires Being Mailed

Questionnaires for the 1959 Census of Agriculture are now in the mail and will be in the hands of local farmers within a few days, it was announced by Field Director James W. Stroud of the Census Bureau's regional office at Dallas.

The farm census questionnaires are being mailed from Chicago, Illinois with the distribution timed so that the report forms will reach farmers about a week ahead of the date when census takers will begin the field canvass. The advance mailing is for the purpose of giving farm operators time to consult their records before filling in the answers required by the questionnaires and getting them ready for the census takers to pick up. This procedure is designed to insure greater accuracy of reporting and to save time both for the farmer and the census taker when the latter calls at the farm.

The 1959 Census of Agriculture questionnaire is designed to provide information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment, selected farm expenditures, farm values, and mortgage debt. On the average, each farmer is asked about 100 questions, many of which can be answered by simply checking "yes" or "no."

Muscular Dystrophy Gets \$368.21

Stratford's Volunteer Firemen raised \$368.21 for the Muscular Dystrophy drive Tuesday night in their canvass of the residential section of the city. Canvassers have been placed in several business houses to enable those who may have been missed in the drive, to make their contributions.

The drive to raise money to find the cause and cure of muscular dystrophy will close November 30.

Virgil Chisum Appears On Safety Programs

Virgil Chisum, a service man with the Southwestern Public Service Co. in Amarillo, has been presented on several safety programs in recent weeks. He is the son of Mr. and Mrs. T. D. Chisum and spent much of his early life in Stratford.

On the safety program Chisum demonstrated the proper method of installing household electric appliances, testing faulty appliances, properly grounding major appliances and all electric equipment. He shows the results of improper grounding along with the necessity of getting a good ground on the system neutral.

Jack Pugh was hospitalized Tuesday afternoon for treatment of injuries sustained in an accident on the Sunray cut-off road. Pugh was driving his pick-up and pulling a heavily loaded trailer. Ahead of him a dump truck was speeding along the road. Suddenly the dump truck turned to the left side of the road. Pugh could not turn his pick-up and heavy trailer fast enough to avoid running into piles of caliche which had been dumped on the right side of the road immediately ahead of him. The pick-up made it over the first pile of caliche and came to rest in a nose-dive against the second mound of dirt.

Pugh suffered several fractured ribs, lacerations about the nose and jaw, and several body bruises. He was given first aid treatment at the Stratford Clinic and taken to Northwest Texas Hospital in the Boxwell ambulance by Donald Boner.

The Pugh pick-up was badly damaged and has been taken to the C. & E Paint & Body Shop for repairs.

The executive board of the Stratford P-TA met at 7:00 p. m. Monday, followed by the regular monthly meeting of the P-TA.

Rev. Buddy Upchurch opened the meeting by giving the invocation. After a short business meeting, during which Mrs. Thibodeaux's room won the box planter for the coming month which is awarded to the class having the most parents present, a very enjoyable program was presented by the Sixth grade chorus under the direction of Mrs. Lorraine Mehner. Sammy Clark announced the numbers: "This is My Country," accompanied by Susan Upchurch, "Fair is the Lord Jesus," accompanied by Julia Henderson, "Alleluia," accompanied by Linda Jean Smith, and "The Happy Wanderer," accompanied by Nancy Oquin. The announcer, singers, accompanists and their director are to be complemented on a fine performance.

Max Stephenson, P-TA president, introduced the speakers on the subject, "Education: Whose Responsibility?" The responsibility of the church and the community was discussed by Rev. R. T. Dyess. The fact was brought out that the educational system was started through religious institutions such as Harvard, Yale and Notre Dame, and continues its interest in the morals, character and education of young people through such familiar schools as Baylor, A.C.C., S.M.U. and T.C.U. Mrs. Opal Bryant's analysis of the duties of the home showed a true perception of the subject, and of human characteristics, and offered some very worthwhile suggestions for parents of children of all ages. H. T. Galloway pointed out that, while the administration has many specific responsibilities, the duties of the church, the home and the school cannot help but overlap. His talk contained many ideas for serious thought concerning every individual's responsibility to the children. Bill Pendleton presented the comments for the members of the school board, and though their obligations are many, and some are specific, one of the most important is their responsibility to see to it that the taxpayer gets the best school system for his tax money.

After the program, R. W. Standefer Jr. invited those present to visit the grade school library, which is now finished and in use, under the supervision of Mrs. Peach Smith. According to the records, 90% of the students of the Fourth through the Eighth grades check out a book a week. The P-TA had a part in providing some of these books for the school.

Mrs. Quisenberry's Fourth grade room displayed a current science project on tools which was interesting and educational. In the new art room, Mrs. Jewel Peterson explained the paintings by local artists, which

were on display. Some were of scenes recognized by some of the locations in and around Stratford. Among these were

elevators by Martha Harrison, the old Garst place by Ruby Davis, and Frank Judd displayed his paintings of his Colorado

ranch. Also on display was a variety of hand made stuffed toys shown by Mrs. Peterson. From the

beautiful poodle to the cute elephant with flowers in his pink ears, they were all a work of art.

Make Additions To School Library

The free reading groups have enjoyed the science project display made by Mrs. Quisenberry's fourth grade which was lent to

the elementary library this week. These projects illustrated simple machines.

Madaline Reesing, Grovone DeBord, Johnna Knight, and Wanda Preston have been helping check out books during

rush hours on reading days.

The librarian is very grateful for the potted plants contributed to beautify the new library by these friends of the library: Mrs. Mary Smith, Mrs. Julia Reeves and Mrs. Ed McQueen.

(Continued from Page 1) in conducting the investigation. When much of the missing merchandise was recovered and placed before Cline, officers stated that he admitted the burglary and gave them detailed reports of the persons to whom he sold the merchandise. Oklahoma officers took Cline to Guymon Saturday afternoon. Missouri officers informed officers that Cline was behind with his payments on his car and a finance company will repossess it.

Church Census Will Be Taken Sunday Afternoon

Workers of four cooperating churches will take a church census of Stratford Sunday afternoon. Members of the Baptist, Methodist, Christian and Assembly of God Churches are cooperating in the work. Census takers will gather in Fellowship Hall of the First Baptist Church after morning services where they will enjoy a sack lunch while captains and workers are appointed for each section of town. Plans are for the actual census work to start at 1:00 p. m. Sunday.

Farm Acreage Non-Compliance Results Noted

Information released this week will enable producers to understand some of the problems they will face in the event of non-compliance with acreage allotments on their farms.

If You Comply With Your Farm Wheat Acreage Allotment

In general, your farm will be credited with the farm wheat acreage allotment, plus the acreage diverted from wheat for the current year. This is the wheat acreage that the county ASC office calls your "base wheat acreage". That base acreage will be considered as the wheat acreage history for this year in establishing future wheat acreage allotments of the farm.

If You Do Not Comply With Your Farm Wheat Acreage Allotment

The general rule is that if you exceed the wheat acreage allotment for your farm, regardless of the size of the allotment, your farm will be credited with the allotment only when determining future allotments.

If there is excess production determined for your farm, you may arrange to store the excess wheat or deliver it to the Secretary of Agriculture and as a result your farm would be credited with its "base wheat acreage" when determining future allotments.

There will be no excess production determined for farms with 15 or less acres of wheat or for feed wheat farms with 30 or less acres of wheat. As a result, your farm would be credited with

the wheat allotment only (not the base acreage of wheat) when establishing future allotments for the farm.

If you later use or market any of the excess wheat and a marketing quota penalty becomes due, your farm would be considered as a non-complying farm for this year when determining future wheat acreage allotments for your farm.

Price Support
If you comply with your farm wheat acreage allotment, all the wheat produced on the farm will be eligible for price support and

the crop will not be subject to marketing quota penalties.

If you produce more acres of wheat than your farm allotment, none of the wheat from the farm will be eligible for price support.

Marketing Quota Penalty
In general, in addition to the loss of history credit, if you produce more acres of wheat than your farm allotment and the allotment is more than 15 acres, the excess wheat will be subject to a marketing quota penalty. If you have approval from the county ASC committee to grow

up to 30 acres of wheat for feed or other use on the farm and you comply with the provisions

of that program, your wheat will not be subject to marketing quotas.
