

See Chance of Sugar Beet Acreage

Paul Chesmer, R. M. Buckles and Duard Lamb attended a Moore County sugar beet meeting held in Dumas Tuesday night. The meeting resulted in increased interest in the possibility of securing beet acreage in this area.

Jack Elliott, Dumas banker and civic leader, discussed the great amount of work that the people of Hereford had done in trying to get the present sugar act re-written, thus permitting an increase in beet acreage of 7.6% each year for the next five years. According to Elliott, a certain percent of this increase would be given to growers in new areas in the event the bill could be passed. He also pointed out that the proposed sugar act would allow new growers in a new area to accumulate these prorated acres over a period of years until such time as the total acres allotted to an individual would make it profitable for him to plan the allotment. This would also allow enough acreage to accumulate in a new area to justify the building of a processing plant. According to information handed down by sugar companies, it requires three years to build a sugar processing plant, at a cost of seven-million dollars.

The cost of such a plant, makes it imperative that investors be assured that the allotment given to domestic growers will not be taken from them in the future. It has been discussed by some, that in the event a revolution should occur in Cuba, then the U. S. Government would again give Cuba a large part of our tonnage. In other words, investors need to be assured that sugar would not be used as a political football in the future, and that their investment will be protected.

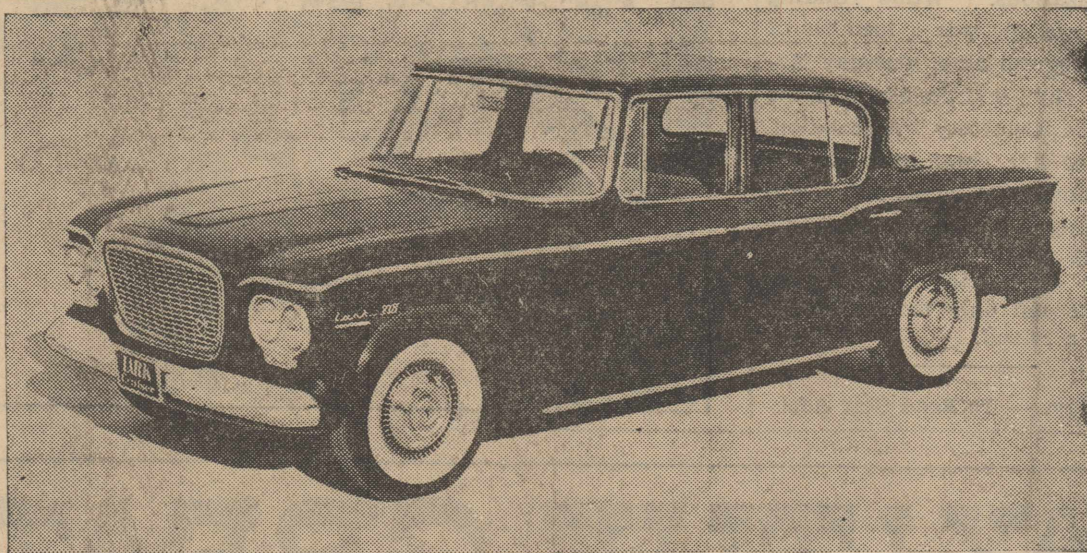

The people of Hereford and Dumas seem to be very optimistic about the possibilities of securing beet acreage, and eventually a sugar processing plant. Elliott stated that he was not foolish enough to expect these things in the immediate future, but felt that possibly in three to five years we could enjoy some financial advancement in our area from the proposed sugar act.

At the Dumas meeting, a Moore County sugar beet growers association was formed. This group plans to work closely with the Texas Sugar Beet Growers Association whose leaders and headquarters are in Hereford. The Texas association has employed a lobbyist in Washington, and according to reports made at the Dumas meeting, this man has greatly influenced the proposed sugar act. The cost of a lobbyist is great, and it was learned at the meeting, that several south plains counties, as well as Moore County were in the process of raising funds to help the Hereford group with these expenses. Arrangements have been made with Mr. Elliott, to attend a meeting in Sherman County. Announcement of the meeting will be made when arrangements for the meeting have been made.

Study Club Will Show Jury Film

The Prospectus Study Club invites all women in the Community to attend the showing of the film, "A Matter of Fact," which deals with jury service for women, on Friday, October 7 at 3:00 p. m. in Fellowship Hall of the Methodist Church. Henry Wilson, District Manager of the Texas Employment Insurance Association will present the film and will speak.

NEW LARGER LUXURY-STYLED LARK CRUISER

This is the Lark Cruiser, Studebaker's new larger luxury-styled 4-door sedan for 1961. The Cruiser has a 113 inch wheelbase and an overall length of 179 inches. It is powered by a 250 cubic inch V-8 engine, with a 289 cubic inch V-8 engine optional. Standard equipment includes exclusive upholstery and door panel trim, door pockets, rear seat center armrest, rear window wing vent, electric clock and cigarette lighter. The Lark Cruiser is designed for motorist who seek "a little more" in a sensibly-sized and priced automobile. Wide rear doors assure easy entry and exit.

T. O. C. Motor Co. Will Unveil New 1961 Studebaker Cars Wednesday

T. O. C. Motor Co. will unveil the new 1961 Studebakers Wednesday, October 12. Alex Coats says there are seventeen Studebaker Lark models, including the new Cruiser, a large, luxury-styled four-door sedan are offered for 1961. In addition, there's the Hawk, a family sports car with an economy-winning engine.

This complete line of body styles has been designed to meet all passenger car driving requirements and conditions, with the advantages of convenient size, overall economy, quality and Studebaker craftsmanship. In announcing the 1961 Larks, Harold E. Churchill, president of Studebaker-Packard Corporation said: "Within our product philosophy of consistency of design, our 1961 models incorporate substantial styling refinements and engineering advancements. These changes were made to improve performance and provide the purchaser with greater investment value."

All Lark models are available with either the new, more powerful six cylinder OHV engine, the Ekybolt Six, or the V-8 power plant. Four door sedans and four-door station wagons are offered with a choice of Deluxe or Regal styling in body and interior trims.

Models with Regal trims are the two-door hardtop, two-door convertible and the new Cruiser and the Hawk.

For the first time in the automobile industry, Studebaker offers padded instrument panels as standard on all models.

Other standard equipment includes a newly-designed instrument panel with improved visibility of instruments and rheostat control of instrument lights, a new counter-balanced hood hinge; tray-type compartment with lock; electric two-speed windshield wipers, and directional lights.

Harry Clements Wins Fair Prizes With Sheep

Harry Clements of Conlen showed the grand champion Southdown Lamb in the livestock division of the Sherman County Fair. The championship lamb had been erroneously listed as the possession of his brother, Charles Clements, it was learned this week.

P-TA Basket Supper To Honor Teachers

The Stratford P-TA will have a basket supper to honor the teachers on Monday night, October 10, at 7:30 in the school auditorium. A musical program under the direction of Mrs. Mehner will be presented. Following the program, parents will visit the teachers in their classrooms.

This is the first of four P-TA meetings to be held this year. In the hope that more parents and interested friends will be able to attend, special effort is being made in planning each program, and each should be of interest to the community. Mrs. W. H. Gaylord is program chairman.

A very successful membership drive has been under way. If anyone has not been contacted, who wishes to pay membership dues, please call Mrs. E. L. Smith. Dues are 50¢ per member for the year.

Last Rites Sunday For Mrs. G. Mitts

Funeral services for Mrs. George Mitts, 84 year old mother of M. L. Mitts, were conducted at 2:30 p. m. Sunday in the Christian Church in Spearman by Rev. Don Cox, pastor.

Mrs. Mitts was the widow of a pioneer Hansford County farmer and stockman. She died at 3:00 p. m. Thursday of last week in the General Hospital at Alva, Oklahoma where she had been a patient.

Mrs. Mitts was born November 2, 1875, in St. Charles County, Missouri. Her husband preceded her in death in 1956.

Survivors include four sons, Chester Mitts of Gruver, Floyd Mitts of Spearman, M. L. Mitts of Stratford and Louis Mitts of Carthage, Missouri; three brothers, Frank Isenbart of Wichita, Kansas, Henry Isenbart of Alva and Tony Isenbart of Los Animas, Colorado; two sisters, Mrs. Frances Scribner of Alva, and Mrs. Minnie Beck of Oklahoma City, Oklahoma; three daughters, Mrs. Ed Doctor of Alva, Mrs. Grace Davis of Spear-

Large Under Ground Water Basin Shrinks

The High Plains Underground Water Conservation District states that surface stream water in the southern High Plains of Texas is capable of furnishing only a fractional part of the fresh water needed for irrigation, municipal and industrial purposes; consequently, virtually all the water used comes from a vast underground reservoir that lies beneath the area.

The water stored in the reservoir beneath the land's surface results largely from rain water falling in the local area and running into the many thousands of wet-weather lakes and depressions that dot the Plains. Only a small per cent of the lake water percolates through the bed of the lake to the underlying formations consequently, many centuries of time were required to fill the reservoir.

Annual natural replenishment to the underground water is meager indeed when compared to the amount of water in storage, or when compared to the amount of water presently being pumped from storage each year.

According to the High Plains District, more than 35,000 wells furnish water to more than 4 million acres of land in the southern High Plains for irrigation, and to fulfill all the needs of industry and municipalities.

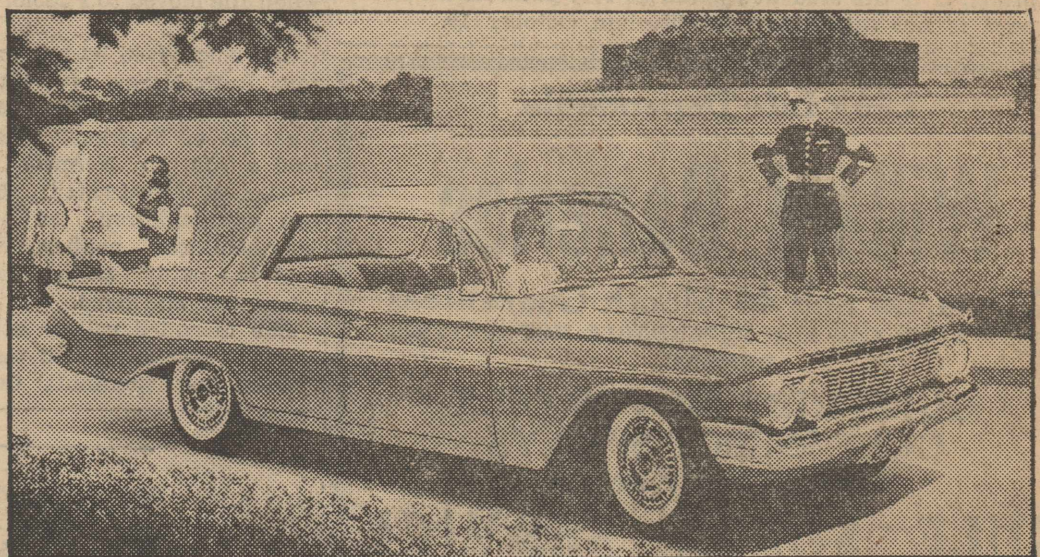

About 98 per cent of the total amount of ground water pumped in the southern High Plains is used for irrigation. Because we have been pumping about 5,000,000 acre-feet of underground water annually while receiving only about 100,000 acre-feet of water natural recharge annually, it is apparent that a very real problem confronts the people of our area.

Artificial recharge will probably play a major role in prolonging the economic life of the underground reservoir. Experimentation has been conducted by the High Plains Water District since 1953 in an attempt to determine the most practical methods for transferring wet-weather lake water, the only known economical source of surface water available to the area, from the surface where the evaporation rate is very high to the underground formations.

man and Mrs. E. Miller of Tulsa, Oklahoma; 20 grandchildren and 15 great grandchildren.

Sleek Impala One of 20 New Chevrolets

Designers have applied smooth, graceful lines to the '61 Chevrolet Impala, Bel Air and Biscayne passenger car lines. Wings on the rear deck have been smoothed into the body. Roof lines, as noted in the Impala Sport Sedan (above) are freshly contoured and are separately styled for each model. Overall body design features gently sloping lines. Rear trunk deck lid now opens flush with top of bumper affording easier loading and unloading. Fuel tank has been repositioned for greater safety. The Impala Sport Sedan is one of 20 body styles in the standard Chevrolet line.

Kerrick Ladies Win Prizes At The Fair

Several Kerrick ladies won prizes at the recent Inter-State Fair in Dalhart.

Mrs. Clyde Harbour won a \$50 yeast prize with her French bread. She also won the grand championship prize in the cooking department with divinity candy.

Mrs. R. E. Florida won the grand championship in the canning department with turnip greens.

Mrs. R. C. Chisum won the championship in the fruits class with pears.

A fudge cake won the championship prize for Mrs. Kenneth Wells.

The Kerrick Home Demonstration Club exhibit was given the grand championship prize.

The 4-H Club of Kerrick placed third.

Among the many entries from Kerrick, there were a large number which won first and second places, also a few third places, and a sprinkling of others winning lower prizes.

FFA Boys Win \$80 With Wheat Samples At Fair

Stratford FFA boys won \$80 with samples of wheat entered in the Tri-State Fair in Amarillo, it was announced this week by Duard Lamb.

Jerry Davis placed second to win \$40 and a plaque.

Dan Newman placed sixth and won \$15.

Herman Borth, seventh place winner, won \$10.

Dean Roper, eighth place winner, won \$5; Keith Borth, ninth place winner, won \$5; and Ronnie Pickens, tenth place winner, won \$5.00.

The Wichita Wheat entered by Jerry Davis was selected as the reserve champion wheat of the show.

The boys were presented their awards on a television program at the close of the fair.

Bruce Davis Places In Open Class Competition

Bruce Davis, father of the second place FFA champion wheat producer, placed fourth in open class competition among adults for the wheat king title. He won a prize of \$6.00.

Davis Motor Co. Has New 1961 Chevrolet Cars On Display Today

Buckles And Bullard Get Service Pins

R. C. Buckles received a 25-year pin and certificate and Vernon Bullard received a 10-year pin and certificate for their work with the ASC program at a meeting of the committeemen which was held at the courthouse Monday morning.

Bullard made the presentation of the pin and certificate to Buckles in behalf of the State Committee which designated the awards.

Other committeemen present at the meeting and viewing the presentation were: H. H. Caraway, Ernest Cummings, Travis Spurlock, Kent Cartrite, Robert Ferguson, William Harland, C. R. Hawkins, Ira Oldaker, Sam Lasley and H. A. Carter.

Buckles was complimented for his long years of service with the agricultural program.

Pride of Stratford Is Top Dog In Florida Races

Pride of Stratford, the 21-month old racing dog of Jack Pugh, has been nominated to run in the \$50,000 futurity race in Florida when he is 2 years of age.

The dog has won two-thirds of his 35 races in the 1A classification. He has been described as one of the most promising dogs in Florida to win the 2A \$50,000 futurity race.

Mr. Pugh has purchased a new regulation 5/16 mile electric track he will have erected for training racing dogs at home 10 miles east of Stratford. He plans to have the training track in operation by November 1. The people are invited to drive out and watch the training races which are usually run at about 4:00 p. m., Pugh said.

Another dog belonging to Pugh, won the race held at Muleshoe Sunday.

This country has had 4,000,000 forest fires in the last 20 years, according to American Forest publications.

New 1961 Chevrolets are appearing for the inspection of the public in the showroom of the Davis Motor Co. The firm is presenting special favors to those who visit the showroom and view the new models Friday.

Top seller of 1960 automobiles, Chevrolet promises to solidify its position in 1961 by significantly broadening its range of passenger cars.

The cars have complete new body styling, which provides easier loading for both passengers and baggage and establishes new heights in motoring comfort and convenience, is featured in the regular line of passenger cars.

The entire body, from floor to roof and grille to rear bumper, is all new. Prime design emphasis has been placed on functionalism with thrift.

High on the list of advantages of allnew body are: easier entrance to passenger compartments; large, more accessible luggage space, with the trunk loading level lowered as much as 10.5 inches; improved chair height and over-the-hood visibility which will increase the ease of parking and add to driving safety.

Other safety items include improved brakes, overlap electric windshield wipers, and a new placement for the fuel tank which protects it from road hazards such as hard bumps and flying stones.

Although the conventional cars are shorter, narrower and slightly lower, the interior roominess remains about the same or better than comparable 1960 models. Riding comfort is improved.

From a styling standpoint the new models feature gentle curves and smooth lines and a generally cleaner and airier appearance from all angles.

The Corvair models to be unveiled Friday also blossom out into a complete line of passenger and commercial vehicles.

WMC Ladies Bake Sale Saturday

WMC ladies of the Assembly of God Church will hold a bake sale in the E-Z Laundry building Saturday. Food will go on sale at 9:00 a. m.

From The Principal's Office

Plans are for a high school honor roll for 1960-61. A student that has an average of 90 or above in the five academic subjects he is taking, physical education excluded, will be eligible for this honor roll.

The names of these students will be posted on the bulletin board at school and will be published in The Stratford Star at the end of each six weeks reporting period. It is hoped that this will help to encourage scholarship among the students.

Six weeks tests will be given Thursday and Friday, October 6 and 7. It is the desire of all teachers that students do well on these tests. It would be helpful if you the parents would encourage your child to review diligently.

Feel free to call at the office of the principal if the student's report card is not satisfactory.

Obituary

Mrs. J. K. Richardson Martha Vicks, youngest of seven children, was born to Elias Carr and Rebecca Duun Vicks at Homer, Kentucky October 14, 1870 and died at Pueblo, Colorado September 14, 1960, at the age of 89 years and 11 months.

She was united in marriage to Dr. George M. Richardson in February 1889.

In 1900 the family moved to Kiowa, Kansas where Dr. Richardson established his practice. He died in August of 1908.

In 1909 she was united in marriage to John Richardson and

they made their home at Gerlane until 1913 when they moved to Kiowa.

The family then moved to Stratford, Texas in 1928 and Mr. Richardson died in 1946. Mrs. Richardson continued to make her home in Stratford until 1955 when she moved to Pueblo, Colorado.

She is survived by two daughters, Ruth Hargis of Baldwin Park, California, and Marion Rudolph of Pueblo, Colorado, and a son, Dr. Kenneth Richardson of Sweetwater, Texas, ten grandchildren, 24 great grandchildren, nephews nieces and the many friends made wherever she lived.

She attended college at Fayetteville, Arkansas, and also attended the Cincinnati Conser-

THE HANDY FAMILY

BY LLOYD BIRMINGHAM

atory of music, two very outstanding accomplishments of a young lady of her era.

Mrs. Richardson gave music instruction and was an active member of the Congregational Church choir and other church organizations. While residing in Kiowa she was a member of the Progress club, Tuesday Evening club, and president of the Hillside Cemetery Association. One of her chief interests after moving to Stratford was teaching a ladies Sunday School class.

Her ability to make friends was second only to her ability to be a friend.

FRIDAY! THE GREATEST SIXTY-ONEDERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, you-size '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees, and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet, generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

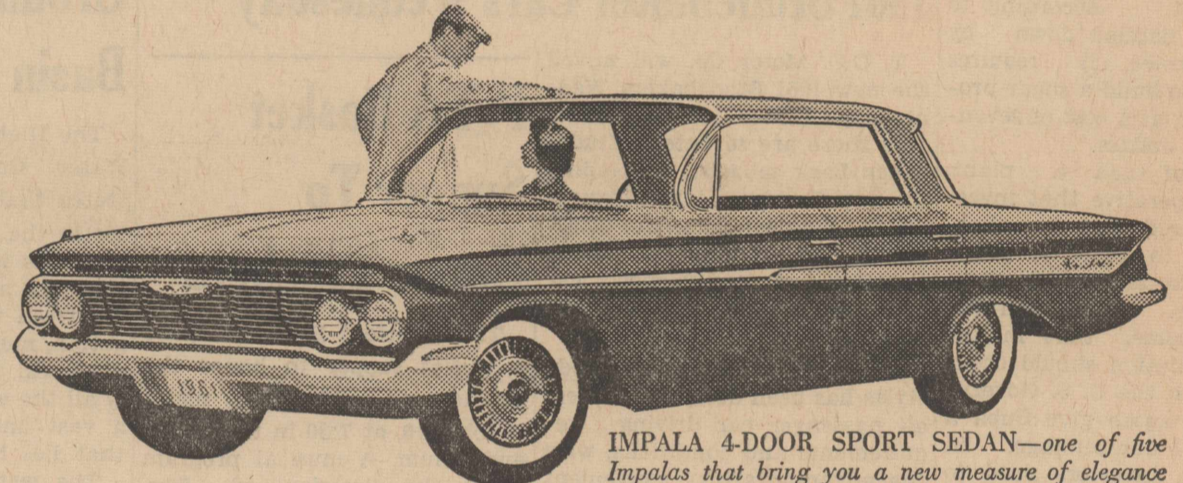

There's never been a trunk like it before! The floor's recessed more than half a foot and the loading height is as much as 10 1/2 inches lower.

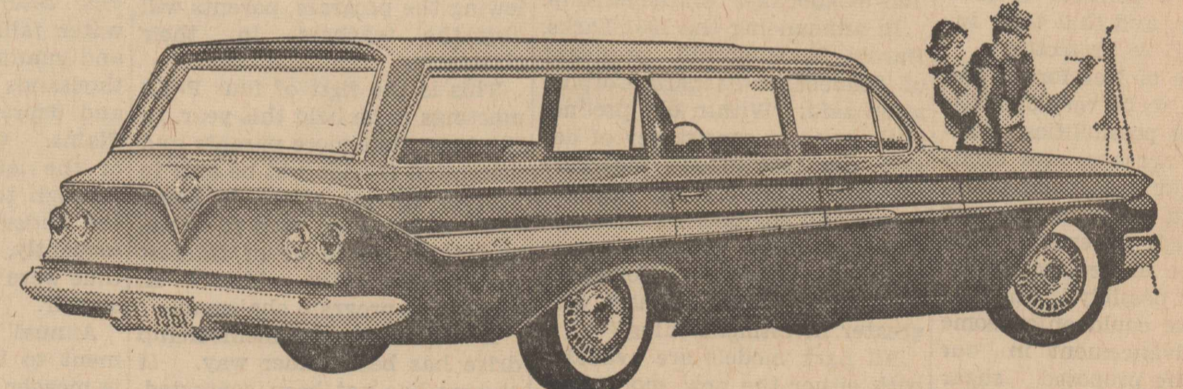

INTRODUCING THE '61 CHEVY BISCAYNE 6

the lowest priced full-sized Chevy with big-car comfort at small-car prices!

Chevy's new '61 Biscaynes—6 or V8—give you a full measure of Chevrolet quality, roominess and proved performance—yet they're priced down with many cars that give you a lot less! Now you can have economy and comfort, too!

IMPALA 4-DOOR SPORT SEDAN—one of five Impalas that bring you a new measure of elegance from the most elegant Chevies of all.

NOMAD 9-PASSENGER STATION WAGON. You have a choice of six Chevrolet wagons, each with a cave-sized cargo opening nearly 5 feet across.

BEL AIR 2-DOOR SEDAN, like all '61 Chevrolets, brings you Body by Fisher newness—more front seat leg room.

Biscayne 4-Door Sedan

FOR AND ABOUT TEENAGERS

Isn't A Girl of 19 'Old Enough'?

By C. D. Smith

THE WEEK'S LETTER: "I am 19. Even though I feel that I am no different from other young girls, my parents don't agree. They won't let me go out during weekends, at any time. I have completed 12 years of schooling. And during my years in school I couldn't go to any school activities alone with my friends. Then I could understand my parents. Now, I can't, because I am . . . 19. They still refuse to let me go out and be back at a certain time. I want to go off and work as my other classmates and they refuse that. What can I do? I am young and I want to go and be among other young people. I see no harm, but my parents seem to. Could you help me or give me some advice?"

OUR ANSWER: A girl of 19 should be with young people and should be allowed to have dates and to work—and to learn to stand on her own two feet in the world. This writer well remembers a psychology professor who had a favorite saying: "Some parents feel they can raise their children in a bureau drawer, hidden from the world, until they are 21 and then throw them out into the street and say 'Now you are big enough and old enough to take care of yourself.'" As a col-

lege freshman, I laughed at this professor's "joke"; as I grow older, I realize that there is much truth and very little humor in what he was saying.

Whatever their motive, parents are seriously wrong when they refuse to release—or even loosen the apron strings that bind their children as the years go by; when they refuse to realize that their children must grow up and make some place for themselves in this world. It is often, as has been said, "a cruel world"—but it is crueler to those who are ill-prepared, who have been shielded from the world, as if they really didn't belong in it.

The best advice we can give to this week's letter writer is this: Reason with your parents, if you can. Convince them that you are coming of age, with a will and a mind of your own. Let them know that you have to make your own place in the world and that sooner or later you must stand on your own two feet and make decisions for yourself. And . . . sooner or later, you must.

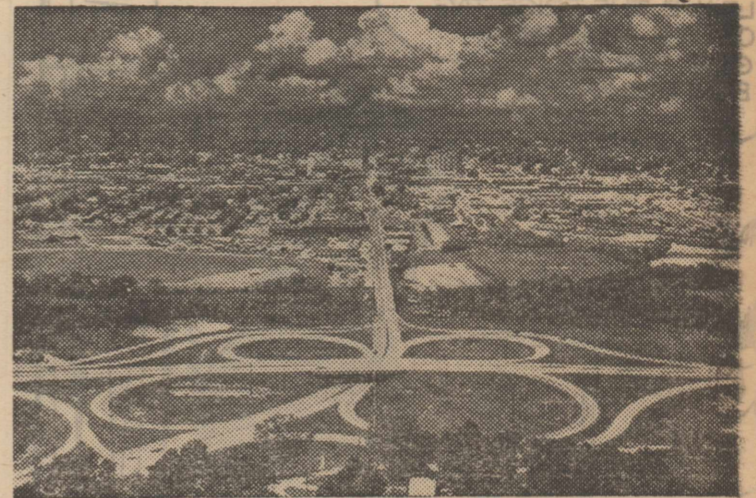

If you have a teenage problem you want to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, NATIONAL WEEKLY NEWSPAPER SERVICE, FRANKFORT, KY.

Ice cream was known as far back as 54 A.D. It was first manufactured commercially in 1851 by a Maryland Quaker Joseph Fussell.

AMERICANA

Cities to See

Meridian, Mississippi

Meridian, Mississippi, with an estimated population of some 50,000, is the Magnolia State's second city and the seat of many important industries. General William Tecumseh Sherman would be surprised, were he alive today. In an official message to the Federal War Department during the Civil War he once said: "Meridian no longer exists."

The sailing has not always been smooth for this city that rose from the ashes of destruction to become a thriving metropolis. In past years, railway payrolls loomed large in the economic picture of Meridian. Dieselization of locomotives and the dismantling of shop facilities caused railroads to now supply only a small percentage of the total payroll. This has created a complete change in the economic picture.

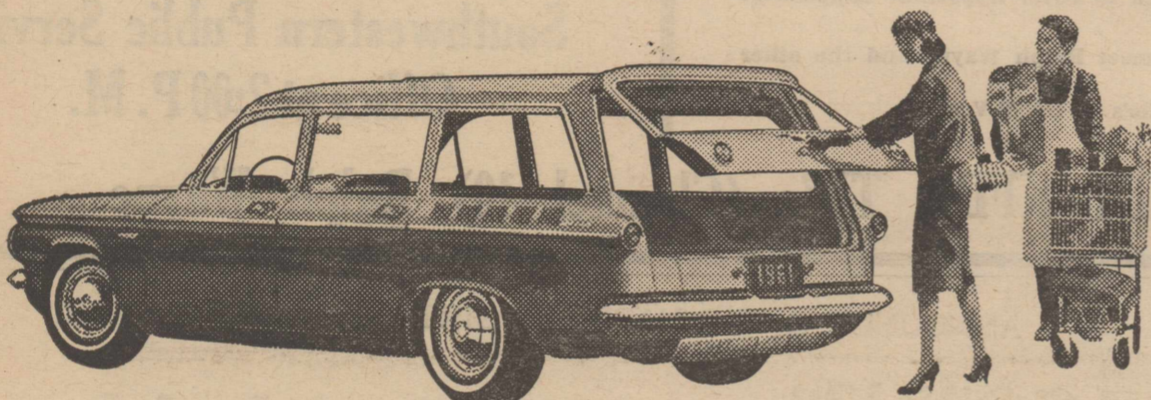

The pattern of the labor force followed closely the progress of the city, the farmer giving way to the railroad mechanic and finally the farm boy and girl emerging predominately as industrial workers. Meridian workers make sewer clay tile pipe, bathrobes, hosiery, shirts, wallboard and wire bound boxes. They manufacture, treat and ship wood products, as well as work in a large distribution facility, mixed feed plant, meat packing houses and bakeries. Three new industries manufacture water heaters, molded plastics and malleable iron castings.

Located almost in the geographical center of the mid-South, Meridian is the home of McCain Field, a Naval Auxiliary Air Station, where cadets will receive primary training in flying jet aircraft. The \$80,000,000 installation will be commissioned in 1961, will have 2,500 military and civilian personnel, with an estimated annual payroll of \$10,000,000.

Meridian is home of the nationally-known "Calf Scramble," sponsored by the Chamber of Commerce. The spectacular event attracts many thousands of visitors in April of each year. It climaxed by a contest in which qualified FFA and 4-H boys "scramble" in an arena for registered calves. This program, inaugurated in 1947, contributes greatly to the upgrading of beef cattle in the area. Cattle has become one of the principal sources of farm income.

SHOW ON WORTH! CHEVROLET

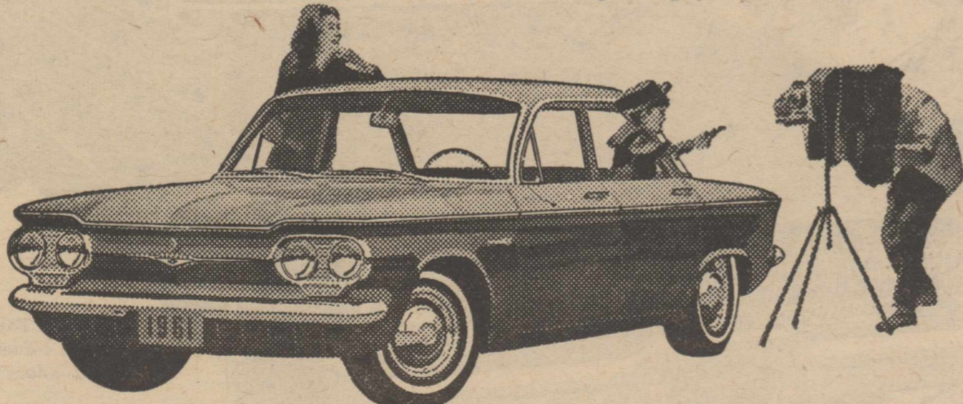

NEW '61 CHEVY CORVAIR More space . . . more spunk and wagons, too!

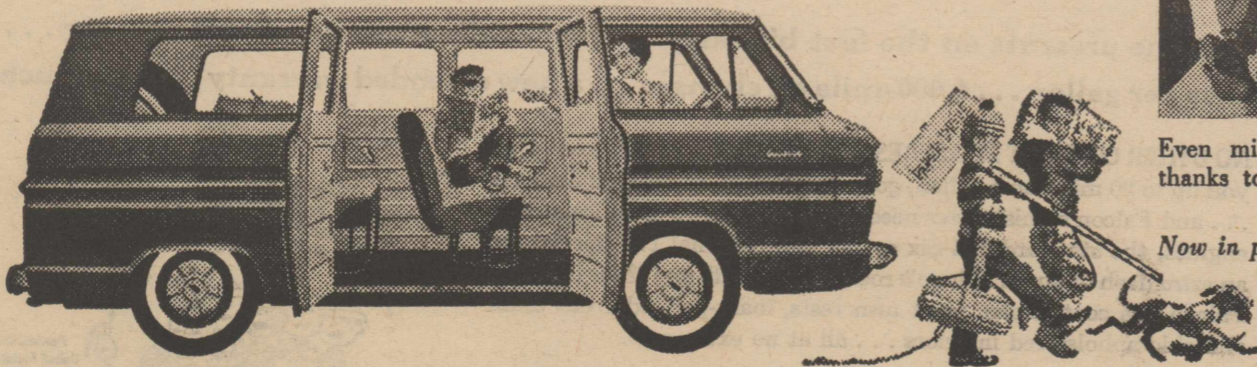

The newest car in America: the CORVAIR 700 LAKEWOOD 4-DOOR STATION WAGON.

CORVAIR 700 CLUB COUPE. Like all coupes and sedans, it has a longer range fuel tank.

CORVAIR 700 4-DOOR SEDAN. Provisions for heating ducts are built right into its Body by Fisher.

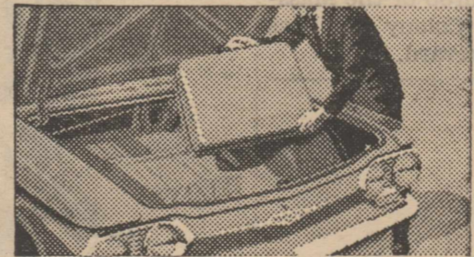

Now in production—the GREENBRIER SPORTS WAGON with up to twice as much room as ordinary wagons (third seat optional at extra cost).

Here's the new Chevy Corvair for '61 with a complete line of complete thrift cars.

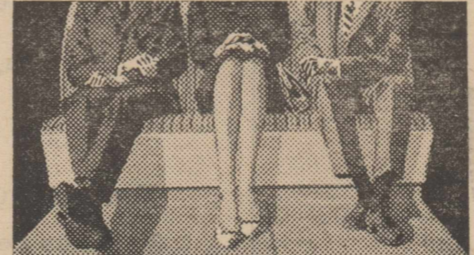

To start with, every Corvair has a budget-pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon . . . quicker-than-ever cold-start warmup so you start saving sooner . . . a new extra-cost optional heater that warms everyone evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things.

Corvair's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.

Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

Even middle-seat passengers sit pretty, thanks to Corvair's practically flat floor.

How To Get Rid Of A 'Pest' Who Barges In

By C. D. Smith

THE WEEK'S LETTER: "How do you get rid of a pest? We have a threesome. We date together, play tennis and swim together. When we are at the pool, down at the drug store, or almost anywhere, this other girl shows up and wants to join us. She's nice enough, but so quiet she sort of gets on your nerves. And she has little in common with the trio. We don't want to be rude, but she's gotta go. The question is, how?"

OUR ANSWER: We would hesitate to recommend any formula for getting rid of this "pest." Apparently said pest is a rather lonely girl who is reaching out for friendship, even casual friendship. Her quietness might well be due to a lack of confidence in herself, a sense that she is not really welcome at all.

Certainly, the trio does not dislike this girl to a great degree, or she would have gotten the "bum's rush" a long time ago. When

someone says, "May I join you?" it's easy enough to discourage them by saying "Not right now, we're discussing a private matter." Rude? Well, each must be his own judge.

Our suggestion would be that the trio, rather than trying to find a way to gradually ease the "other" girl out of the picture, make a "project" of devoting, say five minutes or so, to being friendly to her. Find out what type of activities she enjoys. Ask about her ambitions. Get her to talk about herself. Find out what type of person she really is.

The trio can learn together—or they will later individually come to recognize that it doesn't cost a cent to be friendly and congenial, to enjoy casual acquaintanceships. It's great to have one or two true-blue friends, ones who stick by you thick-and-thin—but there is still the room—and the need—for other friendships.

If you have a teenage problem you want to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, NATIONAL WEEKLY NEWSPAPER SERVICE, FRANKFORT, KY.

HALF-PAST TEEN

ON SECOND THOUGHT, LEAVE THE PRICE TAG ON. IT'S A BIRTHDAY GIFT FOR MY BOYFRIEND.

FOR BETTER HEALTH

By C. A. Dean, M. D.

MEDITORIAL: A reader commented recently that if she gets nothing else from my column, she does get the idea that too much weight is damaging. I realize that I often speak on obesity, but this is a common problem and requires constant repetition.

Today's column is another in the series of the evils of excess weight. And if the conclusions don't agree with yours just remember that I only give you the facts, ma'am.

Every time a report on body weight appears it invariably contains evidence that weight excesses are not good. A recent statistical study on persons age 65 to 94 proves no exception.

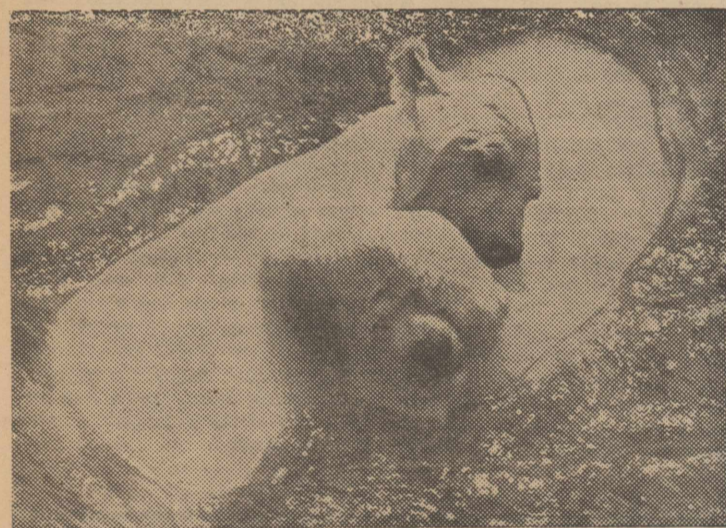

Most past height-weight studies have not contained standards for the elderly. This was due to lack of older patients for height and weight measurements.

In the present series, like others, height, weight and age were recorded and averaged. Thus, the results are not meant to indicate ideal or optimum weights.

The most significant results of this study were: first, from 65 to 94 the number of obese men and women decreases from 35 per cent to 10 per cent and second, the number of those underweight increases from 20 per cent to 50 per cent. These emphasize the unfavorable survival rate of the obese and the favorable survival rate of normal or underweight persons. Height was not found to influence death rates since there were as many tall persons as short in this series.

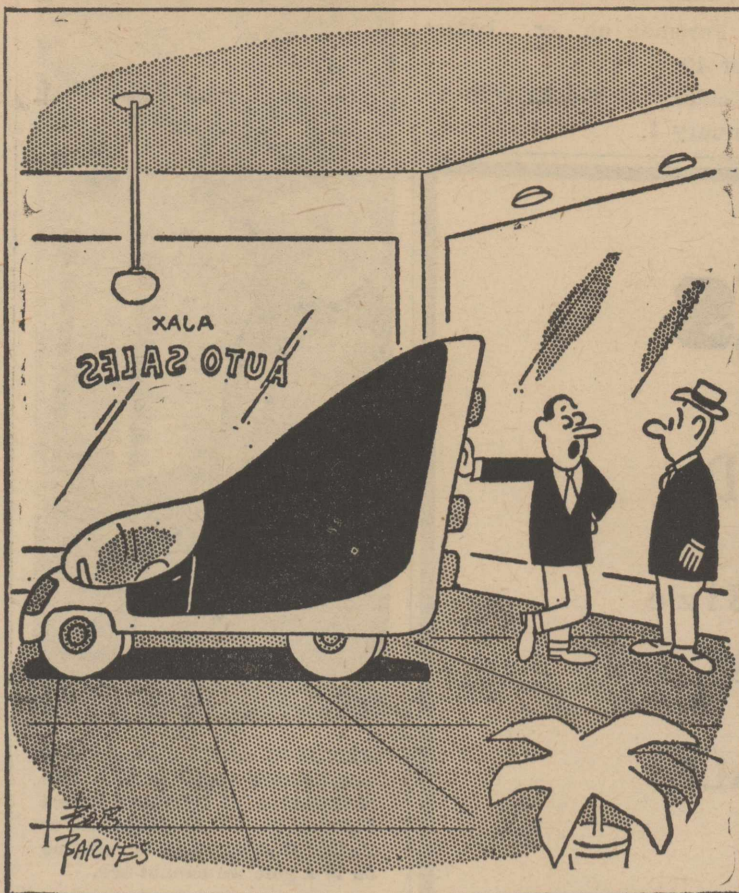

The lesson from this survey is clear: to be available for any future height-weight chart studies on the 65 and over age group, you must keep normal or slightly below normal weight.

George Downing, builder of the 10 Downing Street home of British Prime Ministers in London, was the nephew of Governor John Winthrop of the Massachusetts Bay Colony and was educated at Harvard.

FOR AND ABOUT TEENAGERS

About Privileges and Responsibilities

By C. D. Smith

THIS WEEK'S LETTER: "I am sixteen and have been driving several months, since I got my permit. My father lets me use the car two nights a week, but I have to be in by a certain time. When I am just a few minutes late, he penalizes me by not letting me use the car for a week or so. He used to 'take it out of my hide' when something went wrong. I asked him to do this and let me keep using the car, but he won't do it. I think it's wrong to not let me have the car. I usually take the gang somewhere, and they depend on me. Why can't he punish me some other way?"

OUR ANSWER: A boy of sixteen should be past the age where he has to be paddled with a ruler or held in fear of a tree limb. Certainly, the father thinks so, and this writer agrees.

The story here is an ancient one—the inability to see that privileges bring obligations. Actually, this lad should consider himself lucky. Apparently, the other members of the gang have no access to a car—or they wouldn't depend upon him for transportation. And,

if they appreciate this transportation, they should be willing to insure they continue to have it by helping to see that the privilege is not abused.

We think our young correspondent had better wise up before he loses use of the car for one night of the week—or maybe altogether. We think, too, that he should begin to realize something which, for some unknown reason, is difficult for teenagers to grasp: that parents usually grant privileges and responsibilities in small dosages, a little at a time; waiting to see how these privileges and responsibilities are accepted and used before increasing or decreasing the dosage.

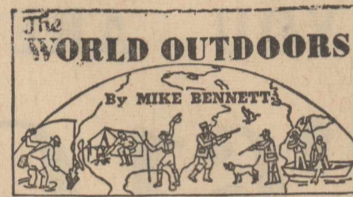

If this writer were in the shoes of the teenager, the approach would be one of obeying the rules, with an eye toward attaining use of the car three nights per week, rather than disregarding the rule and worrying about losing the two nights already granted.

It makes a lot more sense, when one stops to think about it.

If you have a teenage problem you want to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, NATIONAL WEEKLY NEWSPAPER SERVICE, FRANKFORT, KY.

SHOCKING NEWS . . . Frank Marquard, 72, shows his young nephew how oats were shocked before the advent of modern machinery on his Venedy, Ill., farm.

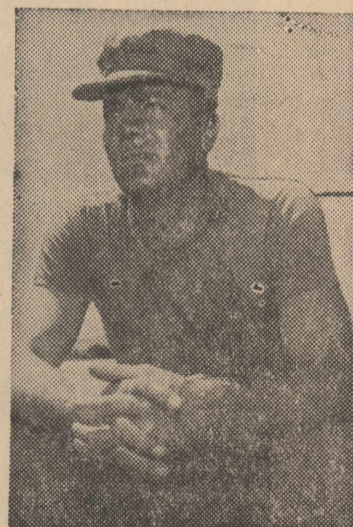

THIS is the time of year when the hot stove league down at the crossroads store devotes much of its attention to the merits of hunting squirrels with rifle or with shotgun. It's always a lively discussion, with plenty of supporters for both sides of the argument.

Since I hunt with both weapons from time to time, I generally sit in the middle and lend whatever support I can to the "side" which seems to be getting the worst of it at a particular point in the debate. The argument has gone on for years and no side has yet been able to claim victory. I think it will always remain that way.

Personally, I always let the terrain I am hunting make the decision for me. If the country is hilly, mountainous, or if the trees have not yet shed enough leaves to offer ample "visibility," I stick to the shotgun. Under such conditions, the majority of your chances for a shot will be at a squirrel that is on the move, or partially obscured by foliage.

Under such conditions, I like the shorter range shotgun. I don't believe in shooting a rifle in any direction but up, unless I can see exactly where the slug is going to end up should it miss the target. Standing in a deep ravine and shooting at a squirrel halfway up the hillside might be putting your shot in line with some hunter creeping along the top of the hill. Taking the shot might not be worth the consequences.

In woods that are heavily hunted, the only "safe" way to shoot a rifle is up. The chance that a tree won't stop the slug within its effective range must be considered by the thoughtful hunter. The shotgun offers many low level shots because the careful hunter can see that there is nothing—or nobody—within effective range except his target.

FAMILIAR FACE? . . . Tony Curtis plays the role of Ira Hayes, Pima Indian who became a Marine Corps hero in the battle for Iwo Jima.

LAFF OF THE WEEK

"I'll lay ya' three-to-one odds that the wolf can't blow down the third little pig's house."

From The Valley Farmer, Bay City, Michigan: Spurred, perhaps by motorists used to the easy speed of expressways, highway officials in many areas have turned their attention to resurfacing our often-neglected secondary and rural roads. But, in providing for faster speeds on these roads, they have overlooked the one safety factor no modern highway is without—an adequate sign system.

Along expressways, large green signs provide advance warning of curves, turnoffs and other hazards ahead in sufficient time for a motorist to take appropriate, safe action.

But accidents rise when secondary roads are resurfaced for higher speeds while old sign systems remain. The single car accident in which vehicles run off the road on curves or into obstructions is becoming one of the most common causes of deaths on rural highways. Many of these roads, with their modern and broad, smooth surfaces, have signs that are designed for horse-and-buggy speeds. They often are small, non-reflective signs that are almost impossible to see at night, when most accidents occur.

We certainly don't advocate that rural road improvement programs be discontinued. They are long overdue.

From the Webster Times, Webster, Massachusetts: If we could offer any single piece of advice to youngsters entering college, or returning to college, it would be for them to develop a Christian philosophy and attempt to live by it. We are too rapidly becoming a "standardized" people in the United States.

Each young boy and girl should develop their own Christian philosophy, according to their religion and conscience, attempting to do good for others, as well as themselves, and they should resist the temptation to follow the crowd, or conform socially, if it does not blend in with his or her own personal philosophy. In the long run, the world will reward independent thinking—Although the cost may seem to be high, or ostracization, temporarily. Life will, even yet, reward the individual who thinks for himself and develops his own philosophy and character, and this is a major undertaking for every student going to school this Fall.

VOTE FOR TEXAS

RICHARD M. NIXON, candidate for President, is a Californian, but he thinks the Texas way. Richard Nixon stands for:

- A strong national economy and defense so that America will not have to apologize to Khrushchev for anything;
- A sensible farm program that will attack and solve the present problems.
- Texas retaining its tidelands, and a tax policy favorable to Texas.
- Local control of our schools.

If you will read and compare Nixon's platform to that of his opponent, you will agree that a vote for Nixon is a vote for the best interests of Texas.

"MOTHER, HAVE YOU SEEN MY WAVE SET?"

Town Talk

Mr. and Mrs. R. E. Kessie, Amarillo, Mr. and Mrs. J. R. Pendleton and Miss Minnie Laura Jackson spent the week end visiting in Red River and Taos, New Mexico, viewing the beauty of the colorful aspen leaves.

Mr. and Mrs. J. J. Willey went to Geary, Oklahoma Friday to bring home Mrs. J. B. Willey. Mrs. Willey had been visiting her sisters in Geary and Calumet, Oklahoma and her brother in El Reno, Oklahoma, and

other relatives in Oklahoma City. Her sister-in-law, Mrs. Carrie Clason of El Reno returned home with the Willeys Sunday for a visit with them and her sister, Mrs. Bryan Clason.

Mrs. S. V. McAdams has returned home from a visit with her son-in-law and daughter and children in Alexandria, Virginia.

Karl Kirkwood and Butch Cates, West Texas State students of Canyon, spent the week end in the home of their parents, Mr. and Mrs. Earl Kirkwood and Mr. and Mrs. Houston Cates.

Mrs. Philip Blanck, Mrs. B. I. Crutchfield, Mrs. C. W. Moon, Mrs. Tim Crossfield and Dortha Nell Crossfield were visitors in Amarillo Monday.

Robert Pendleton of Midland was a guest in the home of Mr. and Mrs. Royal Pendleton Saturday.

Mr. and Mrs. Earl Garoutte have returned from Oklahoma City, where they attended the funeral of Mrs. Garoutte's brother-in-law.

Jack Smith of Amarillo visited relatives here one day last week.

Mr. and Mrs. Fred L. Green of Amarillo were overnight guests Monday in the home of his mother, Mrs. Ruth Green. They also visited her parents,

Mr. and Mrs. Herbert Folsom. Crissy of Amarillo. Mrs. Ross and Mr. Jones are sister and brother.

Mr. and Mrs. T. L. Wakefield and Mr. and Mrs. Roscoe Dyess returned home Wednesday of last week from the County Judges and Commissioners convention in Houston. They enjoyed deep sea fishing while at Houston.

Mr. and Mrs. F. L. Yates and Miss Evelyn Cooper visited in the home of Mr. and Mrs. R. D. Jones in Brownfield Tuesday.

Mrs. Fred Hale and sons, Doug and Darrel of Perryton spent last week end with her parents, Mr. and Mrs. D. E. Malone.

Mrs. Margaret Storn of Kansas City, Missouri is a guest in the home of Mr. and Mrs. Grover Keown. Mrs. Storn is a sister of Mrs. Keown.

Mr. and Mrs. Brown Ross had as guests Monday afternoon and night, Mr. and Mrs. Wesley G. Jones of Tempe, Arizona, and Mr. and Mrs. P. C. Johnson and

Harold Ritchey and Mr. and Mrs. Stanley Pleyer and daughters were Sunday visitors in the home of Mrs. W. E. Peleyer.

Mrs. Billie Campbell returned Tuesday night from Daytona Beach, Florida, after an extended visit with her two daughters and their families. She was met in Amarillo by Mr. and Mrs. Robert Bolster.

Mr. and Mrs. Eldon Huggins of Amarillo were guests Monday in the home of Mrs. Huggins' parents, Mr. and Mrs. Russell Beal.

Mrs. Russell Albert and baby daughter left Saturday for their home in Fort Hood, after visiting in the home of her mother, Mrs. Bess Stone.

Mr. and Mrs. George Oakley and baby of Amarillo, Mr. and Mrs. Raymond Ritchey and two sons of Dumas, Mr. and Mrs. A. C. Cleavinger and daughter, Cecelia of Dalhart, Mrs. E. W. Pedigo of Dalhart, Mr. and Mrs.

SKILL IN SAND . . . Philippe Marty, 14, was one of three winners in an international sand sculptures competition in France with this elephant.

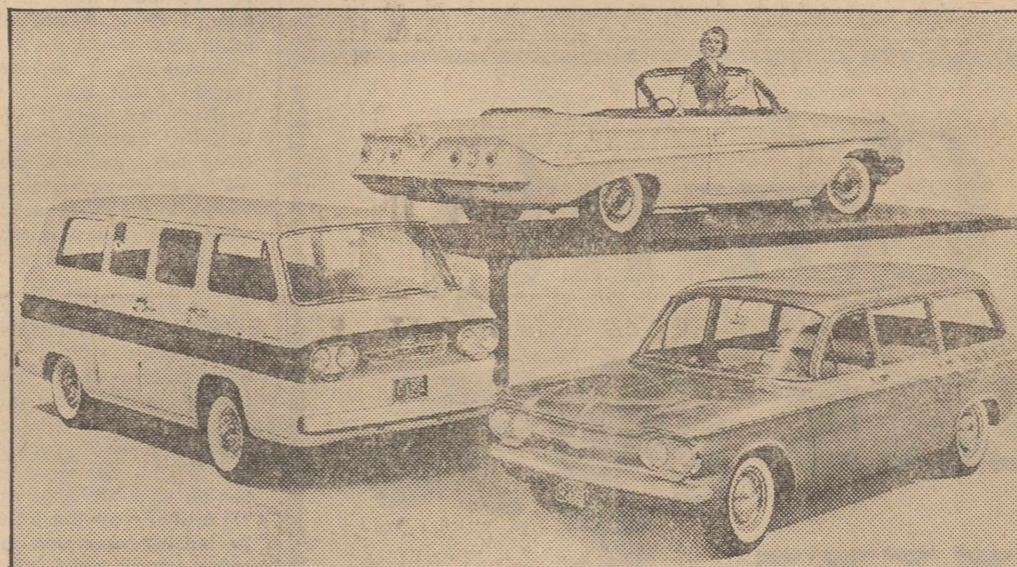

Cox of Dalhart. Mrs. Riggs Vincent, son of Mrs. Doris Ann plans to be here for several days Vincent of Amarillo, is also visiting longer, and Miss Beal will be here until October 15. Sam Mrs. Beal, and his aunts.

YOU ARE INVITED TO VIEW THE BEAUTIFUL NEW

'61 Chevrolets

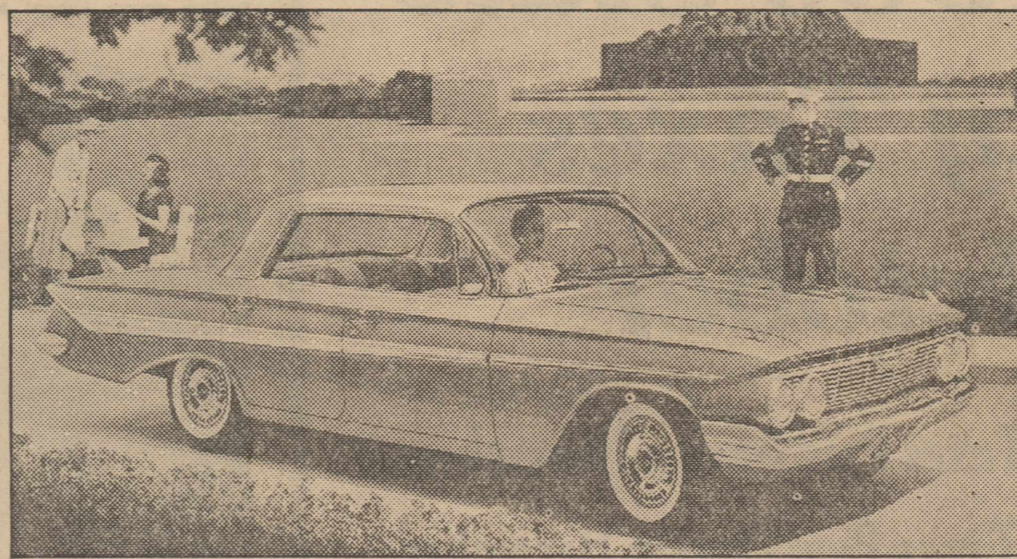

FRIDAY OCT. 7

Chevy Beautifies, Expands Lines for '61

Three for the road—here are three smart new Chevrolet passenger cars which will make their bow to the public on October 7. Left—One of the newcomers in the Corvair line . . . the Greenbrier Sports Wagon designed for multiple cargo jobs and outdoor living with seats that may be repositioned to accommodate many varied arrangements. Center—The sleek Impala Convertible with its soft, graceful body lines converging into an entirely new styling motif. Right—Another new model is the challenging Corvair Lakewood Station Wagon with rear-engine and second folding seat. Front and rear compartments combined give the Lakewood an unusual amount of cargo space.

Sleek Impala One of 20 New Chevrolets

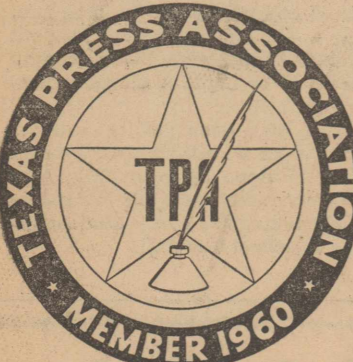

Designers have applied smooth, graceful lines to the '61 Chevrolet Impala, Bel Air and Biscayne model. Overall body design features gently sloping lines. Rear trunk deck lid now opens flush with top of bumper affording easier loading and unloading. Fuel tank has been repositioned for greater safety. The Impala Sport Sedan is one of 20 body styles in the standard Chevrolet line.

LAFF OF THE WEEK

"The two-cent glass is for cheapskates."

Town Talk

Mr. and Mrs. Jim Arnold and baby daughter of Stuttgart, Germany and Mrs. Wilma Pot-

ter and three children of Plainview were recent guests in the home of Mr. and Mrs. Archie Arnold. Mr. and Mrs. Arnold had been in Germany for four years where he was stationed with the U. S. Army.

Miss Edna Bolster of Springfield, Colorado is visiting relatives here.

Mr. and Mrs. Carl Reeder of Bushland visited relatives here last week end.

Lloyd Brannan, Amarillo enroute to Keyes, stopped Monday morning for a short visit with his brother, T. S. Brannan.

Mr. and Mrs. C. T. Watson returned to Calvert Tuesday, after being here during September looking after business interests.

Alex Coats and Jack Dolney attended a Studebaker sales meeting in Amarillo Monday night.

Visitors in the D. E. Malone home Sunday were Mr. and Mrs. C. M. Peden of Dalhart, Mr. and Mrs. Bill Malone and Connie Sue.

Mr. and Mrs. T. L. Taylor visited Mr. and Mrs. Jerry Johnson and little son, Taylor, in Lubbock from Monday to Wednesday.

Mrs. H. B. Norris visited in Tahoka from Saturday until Tuesday, where Mr. Norris is combining feed.

Mr. and Mrs. Ernest Lovelace of Colorado Springs, Colorado are expected in Stratford on October 14 through the 16, to transact business and visit relatives and friends. They will be enroute for an extended visit with friends and relatives in the south and east. They will visit with Mr. Lovelace's mother, Mrs. Ada Lovelace in Nashville, Tennessee, who will celebrate her 90th birthday on November

Among the Sick

Mrs. Nettie Ballinger, mother of Miss Doris Ballinger, has been a medical patient in Guymon Municipal Hospital this week.

Harold Gray is a patient in the hospital at Ft. Lyon, Colorado.

Mrs. Jimmy Davis planned to enter Northwest Texas Hospital in Amarillo today (Thursday) and undergo surgery Friday.

Mrs. Eugene Sadler is a medical patient in Northwest Texas Hospital in Amarillo.

CARD OF THANKS

We wish to express our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, cards and other kindnesses, we are deeply grateful.

H. C. Cox and Family.

From there they will continue to Washington, D. C. to spend Thanksgiving with their children, Mr. and Mrs. Bob Lovelace and Bill. They expect to return to Colorado Springs by the middle of December.

New Arrivals

Mr. and Mrs. Larry Cone became the parents of twins Wednesday night. The twins were a boy who weighed 7 pounds 10 ounces and was born at 9:15 p. m. and a girl who weighed 7 pounds 14 ounces and was born at 9:45 p. m.

Mr. and Mrs. Elmer Oquin are parents of their first son, Rodney Paul, who was born Tuesday of last week. The young man weighed 7 pounds 10 ounces when he arrived in Moore County Memorial Hospital in Dumas.

Mr. and Mrs. Cecil Borth became parents of their second girl Saturday. Tammie Jolene, as she has been named, was born in the Moore County Memorial Hospital, and weighed 5 pounds 10 ounces. Mrs. Borth and baby were brought home about noon Tuesday. Tammie has a sister, Carol who is 18 months old. The grandparents of the children are Mr. and Mrs. Kenneth Borth and Mr. and Mrs. Marion Thompson of Dalhart.

Mr. and Mrs. Carroll Wisdom are parents of an eight pound one ounce son, who was born at

'61 STUDEBAKERS

Will Be Unveiled Wednesday Oct. 12

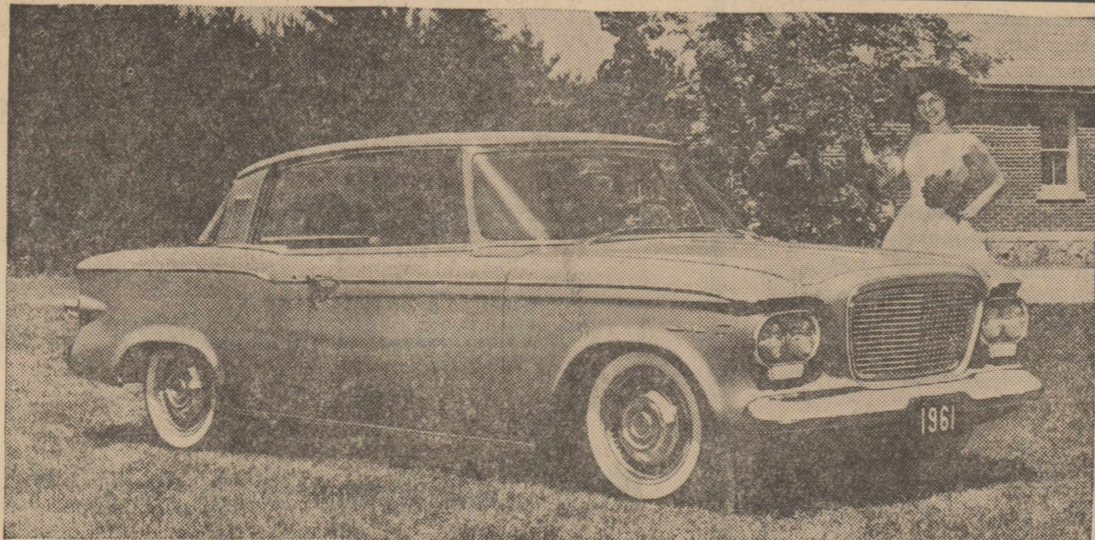

We Will Be Pleased To Have You Visit Our Showroom AND VIEW THESE WONDERFUL NEW CARS

NEW LARGER LUXURY-STYLED LARK CRUISER

This is the Lark Cruiser, Studebaker's new larger luxury-styled 4-door sedan for 1961. The Cruiser has a 113 inch wheelbase and an overall length of 179 inches. It is powered by a 259 cubic inch V-8 engine, with a 289 cubic inch V-8 engine optional. Standard equipment includes exclusive upholstery and door panel trim, door pockets, rear seat center armrest, rear window wing vent, electric clock and cigarette lighter. The Lark Cruiser is designed for motorist who seek "a little more" in a sensibly-sized and priced automobile. Wide rear doors assure easy entry and exit.

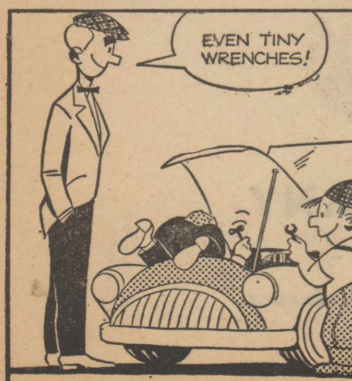

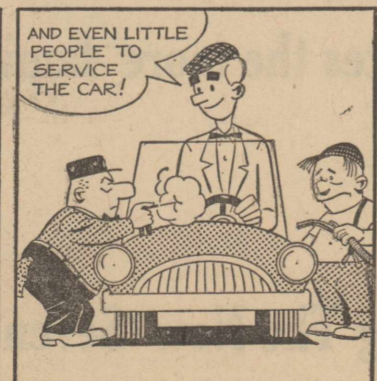

NEW STREAMLINED STYLING FOR LARK HARDTOP

Decorative louvers in the upper rear quarter sections are a new styling feature of 1961 Studebaker Lark hardtops. Single pivots for raising and lowering the quarter windows improve operation and eliminate rattle. With a complete line of body styles, plus choices of two engines, three transmissions, various axle ratios and numerous options, 1961 Larks can meet the most exacting requirements of all motorists. The Lark is available with Studebaker's new and more powerful overhead valve engine for 1961—the Skybolt Six, which develops 112 horsepower at 4,500 r.p.m.

Rx for Rainy Days
Need some prescription for keeping children happily occupied on miserable weather days? These tips may help keep tots happily occupied:

Have the child lie down on a large piece of brown wrapping paper. Mother draws an outline of him on the paper, then the child

HELEN'S FAVORITE:
Ham-Sweet Potato Salad (Serves 8)
1 1/2 cups diced cooked ham
1 1/2 cups diced cooked sweet potatoes
1 cup diced celery
1 cup diced apples
1 cup orange sections
1/2 cup nut meats, if desired
Mayonnaise to moisten
Combine ingredients. Toss lightly with just enough mayonnaise to moisten. Serve in lettuce cups.

"costumes" himself by coloring with crayons.

Have an old purse? Fill this with mirror, comb, a handful of pennies and keys and let a youngster have this, and very happy he'll be.

A card table propped against a chair makes a nice "slide" for dolls or trucks.

Pipe cleaners and cardboard are two simple props which are needed to make a house-full of furniture.

Ping pong balls can be tossed into a wastebasket from any position to play a simple type of basketball. Highest scorer wins.

Older children can have fun picking out a large word and then making short words out of it using the letters in the word. Set a time limit such as two minutes. Whoever has the largest number of words wins.

Provide a recipe booklet for youngsters and let them choose one item to make from it for snack or for a meal.

WORD PLAY . . . This theatre marquee is a sign of the times. In Spokane, Wash., the theatre owner urged passersby to "hear" Kennedy (in town) and see Monroe, who was "here" (at the theatre).

Mrs. Dyess Is Hostess To Circle

The Mary Ethel Circle of the Methodist Church met at 9:30 a. m. Wednesday in the home of Mrs. Raymond Dyess, with 12 members and one visitor present.

Mrs. Cummings was elected secretary - treasurer to replace Mrs. R. W. Standefer Jr. who has been hired as Stratford School nurse.

A very interesting program on Methodist Latin American and Negro Youth Centers was given by Mrs. W. P. Cummings.

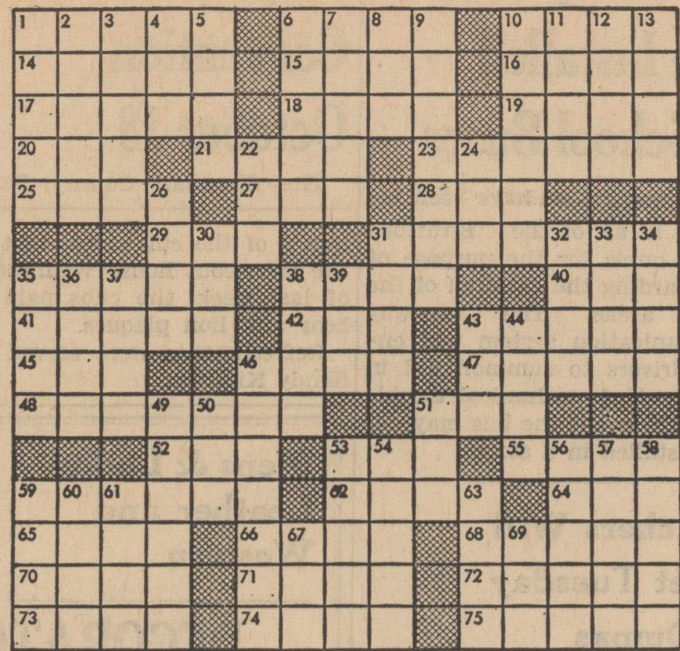

There will be no Circle meeting in November. The next meeting of the Mary Ethel Circle will be December 7 in the home of Mrs. Arthur King.

Teams Playing Spearman

The Stratford Elk B-Team and the Seventh and Eighth grade teams are playing Spearman on the Elk field this afternoon and tonight. The Seventh Grade game opened at 5:00 p. m., the Eighth Grade game at 6:00 p. m., and the B-Team game was played at 7:30 p. m.

Mrs. Dettle Is Honored With Shower

Mrs. Doug Dettle was the honoree at an informal coffee-lulabye shower Thursday morning of last week in the home of Mrs. Eugene Wilson.

A pink and white color scheme was carried out in the decorations.

The gift table was decorated with a stork and Chrysanthemums.

Mrs. Dettle was assisted in

opening her lovely and useful gifts by her sister, Mrs. Bob Dunn of Long Island, New York. The serving table was centered with an arrangement of pink roses in a milk glass bowl. Mrs. Alvin Engelbrecht poured coffee.

Laff Of The Week

"Pardon me, but aren't you on some committee that meets Tuesday nights?"

County Cattle Found Free Of Brucellosis

Sherman County cattle tested for brucellosis in an area along the west county line, designated as brucellosis control Type II, were found free of reactors. Testing in this area in Sherman County was completed Tuesday and none of the cattle were found infected with brucellosis.

This places this area in a position to be designated as a modified free brucellosis area. The cattle herds in this area have met the State and Federal Animal Health requirements for approval. Some of the animal health requirements included; blood testing all breeding stock over 8 months of age and dairy breeds over 12 months of age in registered beef herds, and 20% of breeding stock in commercial beef herds not calfhood vaccinated. Any heifers between the ages of 4 and 8 months in dairy breeds and 4 and 12 months of age in beef breeds were vaccinated if requested by owner. This is known as calfhood vaccination. Animal calfhood vaccinated in beef breeds are not required to be blood tested under the brucellosis control program in Texas until 30 months of age.

The next step in this program will be certification of the designated area as a modified free brucellosis area. This certification will remove any restriction on free movement of their cattle in Texas and to other States provided they meet any special health requirement of that State.

Cattle moving into this type area will be required to meet the animal health standards of the area. Usually any animal moving into a brucellosis free area will have to originate in a modified free brucellosis area, be calfhood vaccinated or blood tested and held 30 to 60 days for recheck before released in the clean area. Steers and spayed heifers moved without restriction.

Clothing Course Will Begin October 17

An advanced clothing workshop will be held in the County Exhibit Building October 17, 18 and 19. The meeting Monday, October 17, at 2:00 p. m., will be for the purpose of planning the course and fitting patterns.

Anyone interested in learning how to save time in sewing better looking clothes will enjoy this course, it was announced this week by Mrs. Ruby Campbell, county home demonstration agent. The course is for any homemaker who has taken the "basic clothing course" given by the Texas A. & M. Extension Service. Further information may be obtained from Mrs. Ruby Campbell at her office in the court house in Stratford.

Large Under

(Continued from Page 1) where the water can be stored for future use.

Draining raw lake water directly into production well has proven to be partially, if not completely satisfactory.

The High Plains Underground Water Conservation District, and others in the field of water conservation, are leading in the continuing search for facts concerning the water situation as it exists in our area, and are recommending programs of conservation that will assuredly serve to prolong our present relatively-high economic standards.

Some suggestions for maximum water conservation are: 1. Conserve rainfall by proper soil and water management. 2. Select agricultural crops that will produce the greatest net income per acre-foot of water required. 3. Locate new wells as far from existing wells as is practical to minimize interference. 4. Reduce evaporation and seepage losses by replacing open irrigation ditches with closed distribution systems. 5. Apply water to crops at pro-

West Texas High School Day Saturday

West Texas State College of Canyon has designated Saturday as high school day on the college campus. The program arranged for the day includes: instruction for cheer leaders at 3:45 p. m.; a grand pep rally in front of the cafeteria at 4:30 p. m.; a tour of the press boxes from 6:00 to 6:45 p. m. in the new Buffalo stadium; and the West Texas and Texas Western of El Paso football game at 7:30 p. m.

Two bus loads of students had expressed their intention of attending the WTSC high school day program when school closed Monday afternoon.

The Olympic Games, first held in 776 B.C. were discontinued in 394 A.D. and not revived until 1896.

per times and in proper amounts.

Two-Way Radios Are Installed In School Buses

Two-way radios have been installed in all of the Stratford school buses for the purpose of safeguarding the children of the rural areas. The two-way communication system will enable drivers to summon aid in the event of mechanical trouble or in the event the bus may become stalled in a storm.

Teachers Will Meet Tuesday

In Dumas

The first meeting of the Moore-Sherman County TSTA unit will be held at 7:30 p. m. Tuesday, October 11, in Dumas.

Mrs. Standefer Employed As Health Nurse

Mrs. Frances Standefer, R. N., has been employed as a half-day health nurse in the Stratford Schools.

Her services were obtained as a result of the recent approval of the State Department for Stratford to have a half-time nurse health service.

A health room will be set up for a health program for the purpose of keeping a continuous evaluation of the progress of the health of the child. The new services will provide temporary care of students who become ill and may continue with their studies after a short rest and proper treatment.

Mrs. Standefer will also render first aid for minor injuries.

George Harding Buys Stone Home

Mr. and Mrs. George Harding have purchased the home of Mr. and Mrs. George Stone in the southeast part of Stratford. They moved into their new home Sunday.

4-H Council Elects Officers

The Sherman County 4-H Council met last Saturday and elected officers for 1960-61.

Scott Whorton was elected president, Ellen Dyess was elected vice president, Ann Pronger was elected secretary-treasurer and Donna Judd was elected club reporter. The 4-H Council meets the first Saturday of each month at 9:00 a. m.

The Council plans to hold the County 4-H Awards program Saturday, October 15, at 7:30 p. m. in the Exhibit Building.

The 4-H Clubs meeting dates were set: the small girls meet on the first Tuesday of each month, the third year girls the second Thursday of each month and the older girls on the second Monday of each month.

The 4-H livestock club met and elected officers. Mac McCormack was elected president, Orland Lasley, Vice president, Scott Whorton, secretary-treasurer and Bobbie Pendleton, reporter. The club will meet the second Saturday of each month at 9:00 a. m. at the County Barn.

The other 4-H clubs in the county will elect new officers at their next regular club meeting.
