Additional NRA Questions Are Answered in Official Interpretations of Roosevelt Re-Employment Campaign.

WASHINGTON. Agust 4 Official interpretations of additional questions raised in connection with President's Roosevelt's voluntary re-employment agreements:

Q-Is the government asking a boycott of stores which do not display the NRA Blue Eagle?

A-No. The NRA is asking support of stores which put the agreements into effect. At the same time it is asking consideration for small employers who may not be able to make the necessary adjustments immedi-

Q-Will a Blue Eagle be accorded simply on a promise to conform" to the agreement? A-No. The Blue Eagle will be

bestowed only upon compliance with the agreement. Q-How will the government be able to tell the difference between "chiselers" and person

who honestly put the agreement into effect? A-Through results of a ques-

tionnaire now in preparation. Q-What allowance is made for small manufacturers who are financially unable to put in-

creased wages into effect? A-The NRA is committed to a flexible administration. Action of banks in pledging a sympathetic attitude toward loan applications would tend to aid plants and business houses to "take up the slack" between increased costs and improved busi-

Q-How has this "flexible" administration been illustrated? A-In modifications granted retail stores, banks, electrical manufacturers and others, permitting them to operate under modified conditions of wages and hours until their own codes

are approved. Q-Will stores accustomed to make season reduction in hours be forced to keep open to conspecified in paragraph 2?

A-No. The hours may be reduced if the reduction is in accordance with past practices and does not result in reduction of the weekly pay or employes. Q-Do boys and girls in curb

service stores come under the minimum wage provision?

A—Yes. The workers must be at least 16 years old to work more than three hours a day, after August 31. Tips, according to the generally accepted inter

pretation, may count as part of Q-Must a part time worker be paid the minimum pay if he

works a full week? A-The minimum wage for a part time worker is a wage such that if the employe worked at that wage for a full week of 40 hours he would receive the minimum weekly wage

#### MORRIS SHEPPARD'S CAMPAIGN.

Observers with their ears to the ground are watching Morris Sheppard's campaign. They thought a veteran senator had taken an unnecessary burden upon himself when he accepted the chairmanship of the dry convention in Austin. He handled it gracefully. He made his speech, a repetition of his annual Jan 16th eulogy of the 18th amendment, and left for home. Now he is going about with a band-wagon stumping the state from border to border. What he cays will be interesting. He knows he is casting the shape of the next campaign for the senatorship, and the astute are expecting the political master from Texarkana to build his fences well.

Meanwhile Aug. 26th comes nearer. The beer campaigners and the anti-beer folks will get going soon. The 20-million-dollar relief campaign is under way. Education is the program leading to the ballot box. The total vote will be the answer. Political fortunes will be made and unmade.

EEGIN HERE TODAY but her jealous, scheming mother. LIDA STAFFORD, breaks up the romance by convincing Barrett

that Elinor is a beartless flirt. When Elinor's aunt, wealthy MISS ELLA SEXTON, dies she leaves her fortune to Barrett. Then drunken VANCE CARTER shoots BENTWELL STAFFORD, Elinor's father. Barrett tells Elinor that if she will marry him and live in his home as a guest for a year he will give her the entire Sexton fortune to divide among her relatives. Knowing the money may save her father's life, Elinor agrees.

The marriage takes place. Bar-rett, in spite of the lies Lida told him. finds himself more in love with Elinor than ever. He has a ward, nine-year-old GERALD MOORE, who is the son of his hulf-sister, MARCIA RADNOR.

Elinor's father dies. Her mother discovers the existence of Barrett's ward and tells Elinor the boy is Barrett's son. When she nasks him Barrett cannot explain because of his promise to Marcia. Misunderstandings between Barrett and Elinor increase. They take a house in the country and Gerald comes to live with them. Both Elinor and Barrett are miscrable but seem powerless to straighten out the situation. BOB TeLFARE pays them a visit and Barrett discovers that his suspicions that Elinor has been ficting with Bob are entirely unfounded.

# FOR LESS THAN 5¢ A DAY YOU CAN USE

ESSO is a premium motor fuel of the highest quality. It is worth more than you are asked to pay for regular gasoline. But the added cost, since the reduction of the premium on ESSO from three to two cents, is negligible; for less than 5c a day more than you pay for regular gasoline, you can use ESSO regularly in your car. . For less than 5c a day you can experience the satisfaction that comes from perfect performance. For ESSO is in a class by itself; it is more powerful than any gasoline. . Advertising claims for ESSO are unnecessary. We make none. We urge you, however, to test ESSO in your car, particularly if you are not getting complete satisfaction from the gasoline you are now using. We believe that you will notice a distinct difference between ESSO and the gasoline you are now using, whether you use regular or premium gasoline. Motorists have told us that the old ESSO was the finest motor fuel obtainable; today's ESSO is better and we offer it to you at less cost. • Test ESSO today. Ten gallons will cost you only 20c more than you would pay for regular gasoline. Prove to yourself ESSO'S marked superiority-costs less than 5c a day additional to use ESSO regularly. • ESSO is backed by Humble service. The helpful friendliness of Humble service stations has won the approval of thousands of Texas motorists. It will please you, too. When you test ESSO, notice the service rendered.

ACCORDING TO STATE FIGURES THE AVERAGE CONSUMER USES BETWEEN FIFTY AND SIXTY GALLONS OF GASOLINE MONTHLY.

### **OLD LEGEND OF** GOLD REVIVED IN CALIFORNIA

BRIDGEPORT, Cal., Aug. 4 - A legend of gold based on the tragedies of a Mexican and a Scotchman, is one of the tales told in isolated Mono county of the high Sierra section. The story had origin in 1879,

when a carefree Mexican a rider for Jesse Summers, was herding cattle near here. Returning to the ranch, the Mexican tossed a piece of rock to George Pettigrew, a Scotchman of the Summers cowboy band. There was a strong friendship be-

tween the two. Old-timers say that Pettigrew was overjoyed when the Mexican told him he was to be his partner and that they would go out to stake a joint claim on the where he had found the rock the next Sunday. The Scotchman's elation was well

founded, for it was discovered that the rock assayed half gold.

But fate took a hand. Rancher Summers ordered the Mexican to accompany a drive of beef cattle to the boom town of Bodie. Hardly had the cattle been disposed of when the Mexican went to one of the gayest establishments. Gambling was in full sway. Drinks flowed. The stage was set for something to

happen. He became embroiled with another Mexican Knives flashed. The young Mexican fell mortally Of late this danger has become wounded to the floor. He died with George Pettigrew kept the gold

To some people the home city is conly a place to live and work in — Cereal Overcomes Common Constipation

> There are scientific reasons for the success of ALL-BRAN in pre-venting and relieving common constipation. Laboratory investigations show that it supplies "bulk" to ex-ercise the intestines; and vitamin B to promote appetite, and help tone the intestinal tract.

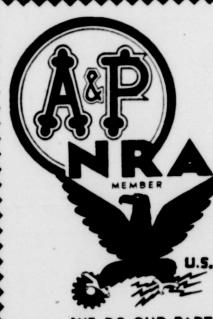

These two important food-elements aid regular habits, and help do away with the headaches, loss of appetite and energy, so often the result of constipation.

The "bulk" in ALL-BRAN is mild in action — much like that of let-tuce. Inside the body, it forms a soft mass, which gently clears the intestines of wastes.

Isn't this pleasant "cereal way" far more healthful than using pills and drugs-so often habit-forming! Just eat two tablespoonfuls of

Kellogg's daily-enough for most types of constipation. If not relieved this way, see your doctor. Besides, ALL-BRAN brings your body twice as much blood-building iron as an equal amount by weight of beef liver.

Special cooking processes make ALL-BRAN finer, softer, more palatable. Equally tasty as a cereal, or able. Equally tasty as a cereal, or used in cooking. Recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle

### **NOTICE TO ADVERTISERS**

In order that the newspapers be able to cooperate with President Roosevelt's recovery program, making shorter hours for employes, it becomes necessary that some changes be made regarding the reception of copy.

On Mondays copy will be accepted up until 10 a. m. for that day.

Other week days copy must be in the office on the day previous to publication.

Copy for Sunday's paper will be accepted up until 1 p. m. Saturday.

In order to work with grocery advertisers who cannot get all prices for produce and other items earlier than Friday morning the exception may be made that they turn in copy and items Thursday and add prices Friday morning to such items as they were not able to know on Thursday.

We trust that all advertisers will accept this change in the spirit of cooperation with the recovery act since it is made necessary by the shortening of the hours of our employes.

as Science and Money can make them

Every pound of Domestic tobacco used in Chesterfield cigarettes is aged for thirty months-21/2 years. Science knows there is no other way to make cigarette tobaccos mild and mellow.

Every process used in the manufacture of Chesterfield cigarettes is modern, scientific and clean—visitors are always impressed with the cleanliness of the Chesterfield factories.

Every ingredient, including the paper, is pure-nothing that you eat or drink is tested more carefully.

And Chesterfields are made right; the right length, the right diameter, and filled right - a detail perhaps, but if a cigarette is "to satisfy" it must be made right.

Everything about Chesterfield is as good as money can buy or Science knows about you have our word for this.

And Chesterfields are milder and taste better-this much you can prove for yourself.
