STATE TO GET ONLY FRINGE OF BLIZZARD

(By United Press) Cold winds from the north struck northern Texas today but the weather forecast indicated that we would get only a fringe of the cold wave moving southward over mid-western states.

The federal forecast is for partly cloudy tonight and Friday, with cold weather this afternoon and tonight, possibly dropping below freezing, Friday is to be warmer.

A cold wave, with temperatures as low as 18 degrees, had been forecast for last night or today.

The cold wave did not extend as far south as forecasters had anticipated.

CONVICT SUIT BELIEVED WORN BY HAMILTON

GRANDVIEW, Jan. 25 — Officers revealed here today that a convict believed to have been worn by Raymond Hamilton, young desperado who escaped from the Eastham state prison farm, had been found at a creek three miles east of here.

A negro farmer found the suit after two men and a woman driving a small black coupe, had spent the night in timber on the creek several days previously.

The suit had been submerged in the stream by weights but a shirt was loose and came to the top. The shirt bore the number 82.

WILL ABANDON CWA PROGRAM ON MAY FIRST

WASHINGTON, D. C., Jan. 25 — Respect of compromise in the dispute over the abandonment of CWA employment of 4,000,000 persons developed this week as it was revealed in the White House that the CWA will cease to exist as such on May 1.

Request will be made today or thereafter by the administration for \$350,000,000 to continue the CWA until that date and for \$500,000,000 for relief expenditure in the next fiscal year.

President Roosevelt feels that part of the \$500,000,000 would be used by May 1 to provide jobs through the CWA method although the CWA itself will be abandoned.

No definite figures are available to guide the administration, but Roosevelt is hopeful that a combination of public works administration projects, a pickup in industry and the seasonal re-employment which usually accompany winter in the south and west will absorb many CWA workers.

It is possible that upwards of 2,000,000 will find employment in those districts.

Bandits Rob Bank And Kidnap Cashier

WELLINGTON, Kan., Jan. 25 — Two bandits in two automobiles with machine guns, held up the First National bank here today and escaped with an undetermined amount of cash.

The bandits abducted Cashier Roy Richards and released him unharmed a mile and a half south of the bank. They fled southward toward Oklahoma line with Sheriff H. Harris in pursuit.

Inspection of State Aid Schools Starts

EASTLAND, Jan. 25 — Miss Susan Mann, deputy state superintendent of education, district No. 9, which includes Eastland and nine other counties Wednesday began a tour of inspection of all state aid schools in Eastland county about 30 in all, according to County School Superintendent B. E. McGlamery.

According to Mr. McGlamery, Eastland county, about 30 in all, accounted for the first installment of the \$1.75 cents of which went direct to the schools. The total amount the payment was \$8,697.

WEATHER

West Texas—Partly cloudy and warmer in north portion tonight and Friday.

East Texas—Somewhat colder in north portion tonight. Warmer in northwest portion Friday.

55 Cotton Acreage Contracts Signed

About 55 farmers have signed cotton acreage reduction contracts with the government at the Cisco committee office, it was announced today. These 55 contracts call for retirement of about 500 acres out of a total of 1,250 from production next year, it was estimated.

No corn-hog contracts have been signed. Forms for these contracts are yet to be received.

CLOSE CHECK BEING MADE IN CWA RECORDS

DALLAS, Jan. 25 — Widespread investigation of graft among CWA officials in Texas and of misuse of funds by county boards in various localities is under way, Col. Lawrence Westbrook, Texas relief director, said here today.

Westbrook, who came here from Washington en route to Austin said CWA records in Texas were being carefully checked.

Indictments returned Tuesday against two Hidalgo county relief officials in connection with use of funds there were only the first public indication of secret probe which have been under way since last October, he declared. He said the Hidalgo men were relieved of their duties six weeks ago.

Westbrook also said several officials of the Houston county board were swept from their posts three weeks ago and replaced with men from the Austin office.

"Several other counties are being watched right now," Westbrook said. "So far, although investigations have involved a number of people, the sums of money under question have been small."

U. S. ENTERS HIDALGO RELIEF PROBE EDINBURG, Jan. 25 — The U. S. attorney-general's office entered the Hidalgo relief fund scandal investigation today when Joseph B. Keefe, U. S. attorney, requested the grand jury now investigating the relief situation to delay its work until a representative of his office could reach here. Acquiescing, the grand jurors immediately recessed until next Tuesday.

Believes Refusal Prevented Kidnaping

HOUSTON, Jan. 25 — Refusal of George Kelly, Houston cafe owner to obey orders of gunmen who stopped his car on the Galveston highway near here last night, frustrated what he believes was an attempt to kidnap him.

Cleburne Man Is Dead of Injuries

FORT WORTH, Jan. 25 — Henry Butler, 38, of Cleburne, died here at 8:15 a. m. today of injuries received in an automobile accident in which four other persons were injured. Butler's body was sent to Cleburne for burial.

The other persons injured with Butler were either recovered or were recovering today.

Jan. 31 Last Date For Cotton Contracts

EASTLAND, Jan. 25 — Wednesday, January 31, is the last day on which farmers may sign government cotton acreage reduction contracts, County Agent J. C. Patterson said Wednesday.

Farmers intending to sign these contracts are urged to do so at once so as to avoid a rush on the last day.

Mrs. Bremer Loses Hope for Husband

ST. PAUL, Minn., Jan. 25 — Mrs. Emily Bremer, wife of the kidnaped Edward Bremer, has lost hope of seeing her husband alive again, it was learned today as the eighth day since the abduction elapsed without news.

Conditional Pardon For Joyce Howell

AUSTIN, Jan. 25 — Gov. Miriam A. Ferguson today conditionally pardoned Joyce Howell, Taylor and Palo Pinto counties, sentenced to five years for robbery with firearms and robbery and convicted in Navarro county.

Mitchell Granted Second Reprieve

AUSTIN, Jan. 25 — Paul Mitchell, 24, sentenced to die for the slaying of Robert Tharp in a robbery at Lubbock October 15, 1932, was granted a second stay of execution today by Gov. Miriam A. Ferguson.

GRAND JURORS PONDER BARN MURDER SITE

HILLSBORO, Jan. 25 — The Hill county grand jury heard evidence today in the "torch slaying" of Thomas Gullett, 18-year-old Whitney farm boy, in whose death H. L. Cobb is being held as a suspect.

The grand jury will seek to determine whether Gullett was killed in Hill county, where he was last seen alive or in Johnson county, where his charred body was found in the embers of a hay barn near Burleson.

Sheriff Jim Freeland of Hill county said he would produce witnesses to testify that the young Gullett had told him he was going to meet Cobb a neighbor, on the night of the tragedy. He also said that another witness would testify to having seen the meeting at a point about 10 miles west of Hillsboro.

Freeland believes Gullett was slain in his home county and then carried to the barn 50 miles north. He based this theory on the fact that only one set of footprints led through the mud from the road to the barn.

CITY COMM'N CALLS MEETING OF DAIRYMEN

held in Monte Video just last month and the World Economic conference held in London and several others of the kind.

The club programs this year have included either a song or piano solo for each time and on this program all joined in singing the "Federation Song" to the tune of "America." A parliamentary drill was conducted by Mrs. W. C. Bedford the topic being "Voting."

Mrs. W. H. Davis had charge of the question which were in regard to state and general federation headquarters, women parliamentarians and a sketch of "The Cotton Doll Lady" and description of the nations all made of cotton.

C. B. Holmes, of Oilton, Okla., came in Monday night on his regular trip for the Stanolind Gasoline Co.

Congratulations and good wishes were extended by their many friends to Mr. and Mrs. Hardy Tidwell who were married Sunday. The bride was formerly Miss Dorothy Whitte, daughter of Mr. and Mrs. T. Whitte and the groom is the son of Mr. Guy Tidwell.

Retrial in April

No action was taken by the commission. It was pointed out that a retrial of the committee's suit for judgment against the city is due to come up in federal court at Abilene next April following a reversal of the court's first opinion holding it itself without jurisdiction in the case.

Question of the legality of certain of the bonds was discussed, and members of the commission indicated they would rather go to trial upon the merits of the case than submit to the terms of the settlement offered by the committee.

Seven new directors of the chamber of commerce were elected from a list of 15 nominations submitted by the chamber. The nominations had been submitted under the former procedure of electing five directors each year to serve terms of three years each. The commission, however, recalled that the charter amendment adopted last spring provided for election of seven directors one year and eight the next, and so informed the directors, who were then in session. The chamber agreed to the revision and seven were elected as follows:

Dr. Chas. Hale, W. H. LaRoque, C. P. Cole, Dr. F. E. Clark, Ed Huestis, J. B. Pratt and J. J. Collins. Eight members of the board now serving will complete their terms next year.

Application of the agricultural department of the chamber of commerce for a city appropriation of \$100 to assist the chamber in financing the annual Eastland County Livestock show here in March was turned down by the commission which held that it was restricted in appropriations to the chamber of commerce by the two-mill provision of the charter. It was asserted the chamber is drawing all of this allotment.

Cotton Checks Are Due Next Monday

EASTLAND, Jan. 25 — Delivery of cotton option checks to Eastland county farmers is expected to begin Monday afternoon, according to County Agent J. C. Patterson.

Mr. Patterson said that 265 checks totaling \$14,754 are due to be paid the farmers of the county soon, and that farmers who accepted options as part payment on 1933 crop-up contracts will receive during January and February a total of more than \$52,000.

Double Jump Is Ski Thrill

Two pairs of skis swish down ice slides, two jumpers zoom off into the still, cold air, and there you have one of the most spectacular events of the noble sport. The two jumpers executing the difficult feat above are Halvor Halstad and Edi Juan, of the Lake Arrowhead, Calif., Ski Club. They'll pull their stunt at the California championships Jan. 27 and 28.

Pastors Will Close 'Retreat' Tomorrow

The Pastors' Retreat for the mid-Texas area now in session at the First Baptist church here, will close with services tomorrow afternoon.

Registration of out-of-town pastors for the series topped the 100 mark today, somewhat below the estimate made at the out-set, but still gratifying. Mrs. Asa Skiles, chairman of the registration committee, said. Assisting Mrs. Skiles are Mrs. P. L. Uilom and Mrs. H. B. Hensley.

Today's services follow the general program with some variations. These included an address by George Mason, treasurer of the state Baptist convention this morning, and appearance of E. E. Gibbs, of Dallas, treasurer of the state Baptist convention.

Lectures by Dr. B. A. Coppas, of the Southwestern Theological seminary this morning and the Rev. R. E. Day, of Big Spring this afternoon were heard by the pastors. There was also sermon by Dr. Walt N. Johnson, of North Carolina, a member of the Southern Baptist convention.

Dr. G. L. Yates, of Amarillo, will preach again at 7:30 this evening.

Publicity Discussion Yesterday afternoon the pastors heard a discussion of newspaper publicity for religious services by the Rev. W. E. B. Lochridge, of Terrell, Texas.

Among the interesting characters attending the Retreat is the Rev. R. A. Lee, 86-year-old retired minister of Sweetwater, who was pastor of the Cisco First Baptist church in 1891 and 1892 before the cyclone in 1893.

This venerable minister, a guest in the home of Mr. and Mrs. Asa Skiles, was in his prime one of the outstanding leaders of the denomination in Texas, prominent in the activities of the church and an important influence in its development in Texas.

Another interesting figure, one beloved by all the young men who have attended Baylor university during his 50 years, more or less of association with that school, is W. H. Poole, formerly instructor in the university and now its field representative.

House Passes Bill For Huge Navy Program

WASHINGTON, D. C., Jan. 25 — Relations of the United States with Japan were brought to the fore today after passage by the house of the naval appropriations bill which paved the way for the greatest peace time naval construction program in history.

This bill, carrying an appropriation of \$284,747,244, provides for bringing the United States navy to full treaty strength, to serve as a springboard for negotiations which will take place in 1935 when the next naval limitation conference is called.

The explosive situation in the far east and Japan's desire for a larger navy than the 5-5-3 ratio provided in the Washington treaty, were important factors behind the huge construction program.

ATE 50 PILLS

BARNES, Kan., Jan. 25 — A dinner on 50 pills nearly caused little Ernest Clark, three, to die. His parents found him with the empty box and rushed him to a doctor. A stomach pump put Ernest back into commission.

SECOND NEGRO SURRENDERS IN FARM SLAYING

FORT WORTH, Jan. 25 — After hiding in bushes and traveling in darkness for four days in terror of mob vengeance, a Fort Worth negro today surrendered here as one of two negroes charged with the slaying last Sunday of W. S. Golden, Parker county farmer.

The negro is Robert Butler, 32 He and Swift Lewis, another Fort Worth negro, were charged in Parker county with the slaying Monday. Swift surrendered soon after the shooting.

Butler today went to the home of Max Mehl here, for whom he formerly worked, and asked Mehl to take him to the district attorney, Mehl complied.

In a written statement made at the district attorney's office, Butler said Golden neither threatened to shoot or otherwise harm the negroes Golden was shot when he attempted to order two negroes from the farm where they were hunting.

"I was not afraid of the law, but was afraid of a mob," Butler told officers.

FAMED SEAMAN SPEAKS TONIGHT AT HIGH SCHOOL

Interesting accounts of serious and humorous incidents that have marked his career as a sea captain and particularly as commander of the great liner, the U. S. S. Leviathan converted German ship, will be presented in a lecture at the high school auditorium this evening at 7:30 by Commodore Herbert Hartley, Commodore Hartley is appearing here under the auspices of the City Federation of Women's clubs. There is no charge for admission to the address.

A certain glamor of the sea clings to personalities associated with it, and Commodore Hartley takes high rank among the commercial seamen of the world. The man who directs the operation of such a vessel as the giant Leviathan has under his care the lives of thousands of men and women as well as millions of dollars worth of property. To stand in authority upon the bridge of such a vast floating hotel means experience, training and ability within the capacities of comparatively few people.

People He Has Met And the very fact that requirements for such command are so stringent reveals that the experience to be encountered on the people to

SECOND \$2,275,000 RELIEF BONDS TO BE OFFERED

AUSTIN, Jan. 25 — The last \$2,275,000 issue of Texas relief bonds today were ordered advertised for sale February 20, 1934.

The state bond sale commission set the date for bids after a session in At-Gen. James V. Allred's office this morning and a subsequent consultation with Gov. Miriam A. Ferguson.

Sale of the last \$2,275,000 worth will exhaust the \$5,500,000 authorized by the legislature in special session last fall.

Brown Returns Two Mail Records Files

WASHINGTON, D. C., Jan. 25 — Mysteriously missing official records of the post office department, once thought burned, were made available to the senate ocean and airmail contract investigators after their sudden return by former Postmaster-general Walter Brown.

Brown, political leader of the Hoover administration, personally delivered the two fat files to the office of Postmaster-general Farley late Friday and left them with the implication that they had been placed in his baggage by "character assassins."

Transient Is Able To Continue Trip

Adolph Corcoran, stranded here by an attack of stomach and heart ailment, was able to proceed on his bus journey to San Diego, Cal., today. The traveler, his fare paid, became violently ill Monday during a brief stop-over here. Police sent him to Graham sanitarium when they became alarmed over his condition.

He had left Pennsylvania only a short while before en route to the coast.

Pool Agreement Is Open to February 1

County Agent J. C. Patterson has received a telegram from Washington, D. C., informing him that acceptance of cotton option and pool agreements will be continued until February 1, 1934. Farmers, he explained, have until February 1, under this extension, to accept pool agreements upon the cotton they hold with the government under option clauses in their crop-up agreement of last summer.

The county agent said he would be in Cisco Tuesday, January 30, when he will be glad to confer with anyone regarding the plan.

POLL TAX LAW BIGGER TOPIC OF ARGUMENT

By GORDON K. SHEARER, United Press Staff Correspondent

AUSTIN, Jan. 25 — Texas law forbidding a vote to those who fail to pay a poll tax prior to Feb. 1, is more than ever a topic for divided opinion this year.

All efforts, heretofore, to abolish the poll tax receipt as a voting prerequisite have failed.

Stripped of the platitudes that are heard about the poll tax it remains as a suffrage requirement for two very practical effects. It keeps down the negro vote and it furnishes the state about \$1,000,000 annual revenue.

Past efforts to abandon it have met strenuous objection from school men. The tax is \$1.50 and \$1 of the \$1.50 goes to school support.

Counties are authorized to levy a poll tax of not more than 25 cents additional. This results in unequal voting requirements over the state. Some counties desiring a heavy voting strength for its effect in political conventions and elections, do not levy a county poll tax.

Unequal Requirements A resident of San Antonio, for instance, pays \$1.50 poll tax and is allowed to vote. A resident of Austin, 80-odd miles away, pays \$1.75 for the same right. A city also may levy a poll tax but it is a city poll tax cannot be paid by a person from voting.

Defenders of the poll tax as a voting requirement say that it is the only tax many people pay toward support of the government. They do not go so far, however, as to propose a poll tax only upon those who pay a property tax. The poll tax requirement also is defended as a form of voters' registration. Registration of voters can be accomplished at far less cost than the \$1.50 or \$1.75 poll tax fee.

Until an amendment by the last preceding legislature, there was discrimination as to poll tax requirements between urban and rural residents. Personal application had to be made for a poll tax receipt could be secured through an agent's application being mailed to the payer.

The amendment now permits payment of poll tax for both man and wife in the same check or money order with which their property taxes are paid. If this payment is made before February 1, the tax collector is authorized to mail the poll tax receipts regardless of city or county residence.

Exceptions Not every legal voter must have paid a poll tax. Indians need none, and deaf and dumb persons and those who are permanently disabled and those who have lost a foot or hand, need no poll tax receipt to vote. Persons over 60 need none, but must have an exemption certified if they live in a town of 10,000 or more people. Formerly this exemption certificate had to be renewed yearly. Now permanent certificates may be issued. If the exempt voter moves, the transfer must be endorsed on the certificate.

Outlets, persons over 60 may vote without certificate or poll tax receipt, the theory being that in rural communities old persons are well enough known to remove danger of illegal voting.

There also is a temporary poll tax exemption for those who are 21 after January 1 of any particular year. It entitles them to vote without poll tax receipt in that year only, and only in elections that take place after they become 21.

Possession of a poll tax receipt does not necessarily entitle the holder to vote. A poll tax is levied against many who cannot vote. It may be levied against one not a citizen of the United States, if he resides in the state on January 1.

A poll tax is levied against felony convicts though they cannot vote after release without having citizenship restored by a proclamation of the governor. A receipt issued after January 31 also fails to confer any voting right for that year.

A tax collector may not refuse to accept tender of poll tax payment without tender of payment of other taxes. He may refuse to accept payment of other taxes if the poll tax is not also tendered.

In recent years poll tax payments have been between 1,000,000 and 1,200,000.

LEGISLATURE SUMMONED TO MEET MONDAY

AUSTIN, Jan. 25 — Gov. Miriam A. Ferguson today issued a call for a special session of the Texas legislature to convene Monday noon.

The proclamation convenes the session for the purpose of issuing additional relief bonds and for passage of a new moratorium against real estate foreclosures.

A general proviso includes "such other topics" as she may later suggest to the extraordinary session after it convenes.

Announcement of the session was made by the governor after numerous conferences with members of the legislature who visited Austin this morning.

As worded, her call indicates a desire for issuance of the entire remaining \$14,500,000 relief bonds permitted under the constitutional amendment allowing a maximum \$20,000,000 issue.

A total of \$5,500,000 was authorized at the first special session of the legislature last September.

Similar Law A moratorium law similar to that of Minnesota, which recently was upheld by the U. S. supreme court, will be offered at the special session, W. E. Pope, state representative from Corpus Christi, said.

The former state moratorium against forced sales of real estate on foreclosure does not expire until May 1, 1934, but under its terms the time to take advantage of its provisions by seeking a stay of execution had already passed.

It provided that such application must be made within 200 days from the time the act became effective on May 1, 1933. This time expired at the end of last October.

No mention is made in the call of any intent to submit amendment to the poll tax law, nor to extend the time for payment of automobile and truck registration fees.

SCOUT RALLY WILL BE HELD HERE FRIDAY

A rally of Boy Scouts and Scouters for this section of the Comanche Trail council will be held at the First Presbyterian church tomorrow night beginning at 6:45, it was announced here by T. C. Williams, scoutmaster of Troop No. 1. The scoutmaster of Troop No. 4, of which Ernest Lennon is scoutmaster will be hosts to the rally. One hundred and fifty scouts and scouters are expected.

G. N. Quiri, council executive, of Brownwood, will be in charge. Supper will be served.

Scouts from Breckenridge, Parks Camp, Carbon, Olden, Ranger, Eastland and Cisco will participate.

Conducts by the fire by friction, fire by flint and steel, first aid, patrol yell, patrol songs, knot tying, Indian leg wrestling O'Grady drills will be held.

Scouts of Troops No. 1 were called to meet this evening at the First Presbyterian church at 6 o'clock by Scoutmaster Williams. He urged all scouts of the troop to be present.

Grading Products Canned by Clubs

EASTLAND, Jan. 25 — Miss Ruth Ramey, county home demonstration agent, is this week visiting the various women's home demonstration clubs of the county scoring home canned products.

The clubs yet to be visited and the date she will visit them are as follows: Carbon, Wednesday; Bass Lake, Thursday; Reich, Friday.

The canned products are scored on the container, which is opened and examined; the food flavor, the manner in which it is packed in the container, the texture of the food and its color.

Transient Sent to Hospital by Police

Becoming seriously ill in a local cafe during a bus stop-over here Monday night, a man who gave his name as Adolph Corcoran and his destination San Diego, Cal., was removed from the police department to Graham sanitarium Tuesday night.

His condition was said to be due to stomach trouble. Heart complications were said to have developed, also. Officers at the station became alarmed when his condition showed no improvement Tuesday night.

He said he had come from Pennsylvania, and has a bus ticket to San Diego.

Long Fights to Hold Machine Together

NEW ORLEANS, Jan. 25.—Sen. Huey P. Long, loser in the local election which robbed him of his local stronghold, fought bitterly today to stave off a complete disintegration of his once all-powerful political machine.

While his enemies gathered from the state parishes to celebrate his first defeat since he rose to power, new returns from Tuesday's election gave an increasing plurality to Mayor T. S. Walmley, running for re-election.

BOOM IN AUTOMOBILES

The automobile industry is swamped with orders, says a United Press dispatch. For the first time in five years the manufacturers are selling cars faster than they can make them.

But the boom in the automobile trade today is undeniable evidence of the recovery. People who have driven the old family bus until it is almost falling to pieces are sending it to the junk yard and replacing it with a new one.

U. S. CREDIT STILL GOOD

The credit of the United States, as measured by the market demand for its securities, is still sound. The promise of a ten billion dollar borrowing to finance the recovery program seems to have stimulated offers for new issues rather than cooled the market toward them.

Ten billions of dollars is a lot of money for even the government of the United States to borrow. It means a 50 per cent increase in the national debt over the depression period.

Evidently investors in U. S. securities think that it will do that. Otherwise they would not be willing to put their funds in the obligations that the national treasury must eventually meet and whose value depends upon the prospect of the treasury for meeting those obligations when due.

The wisdom of the president in laying his cards boldly upon the table at the outset is argued in the response to the financing program. It would have been easy for Mr. Roosevelt to have sliced off a great portion of the potential deficit, balancing it against the increase in the dollar value of the gold, increase in revenues and a variety of other problematical factors.

M. E. SOCIETY HAS INTERESTING SESSION.
The Methodist Missionary society had an interesting meeting on Tuesday afternoon at the church. The meeting presided over by the president, Mrs. W. G. Powell, was opened with the song, "I Am Thine O Lord". The lesson was given by Mrs. Powell and the Lord's prayer was repeated in unison. Each officer of the society outlined the duties and plans of her office to be carried on during the year. It was decided to hold a public installation at the Sunday evening services at the church on January 28. Every officer and member is especially urged to be present on this occasion. It has been announced that the society will serve a chicken dinner from 11:30 to 1 o'clock next Tuesday at the church.

Those present were Mesdames Mary Andrew, R. S. Elliott, N. W. Noell, Billy Craddock, B. E. Morehart, Wm. Reagan, Lee Owen, L. E. Vaughn, J. T. Anderson, Fred Hayes, C. R. Sanford, C. H. Parish, Lovelady, S. H. Nance, F. L. Turner, W. M. Joyner, C. C. Loman, Lane, T. J. Dent, John Shorter, McCorkle, Northrup, Rainbolt, O. Thomas, W. H. Hurd, and N. C. Edwards. Mrs. Ford Taylor of Big Lake, Mrs. Key, and Rev. Frank L. Turner were visitors.

CIRCLE MEETS WITH MRS. PARKS.
The B. L. Lockett circle of the W. M. S. of the First Baptist church met on Tuesday afternoon with Mrs. S. B. Parks. The meeting was opened with a prayer led by Mrs. O. L. Mason. Mrs. Parks was appointed reporter. The lesson on the 6th chapter of Acts was taught by Mrs. O. L. Mason. Refreshments were served to Mesdames A. W. Crowover, O. G. Lawson, B. F. Jones, Dora Kennedy, O. L. Mason, Etta Hart, G. P. Poe, and the hostess, Mrs. Parks.

NEW POLICY IS ANNOUNCED BY CHEVROLET

DETROIT, Mich., Jan. 25—A new automobile merchandising policy whereby the purchaser will be apprised of the full cost of his automobile delivered in front of his door, rather than having to rely on ambiguous "f. o. b." prices, was announced here today as effective immediately in the entire Chevrolet organization by William E. Holler, general sales manager of the company.

A campaign is now being launched among dealers and retail salesmen in all parts of the United States instructing them in the new policy and apprising them of the suggested delivered price to be quoted in their respective communities. "We are going to take the blunders off the order blank," Mr. Holler stated. "We are going to let everybody know exactly how much their cars will cost them delivered in front of their doors. We are going to show exactly what makes up the difference between the list, or f. o. b. price, and the final delivered cost."

New Plan
Mr. Holler announced the new merchandising plan at his Detroit headquarters following his return from the New York Automobile show where final arrangements on the new policy were perfected.

As an instance of what the new procedure means to car buyers, Mr. Holler pointed out that while list prices on the company's new 1934 models average \$70 higher than in 1933, the actual increase in cost to the purchaser in New York is only \$50. While the list, or "f. o. b." price, averages 14 per cent above 1933, the delivered costs actually average only eight per cent higher.

"I am confident," said Mr. Holler, "that this plan will enable us to deliver automobiles all over the country at a lower price to the purchaser than any other make of volume car."
The nation-wide program of Chevrolet dealers to deliver cars at the lowest cost to the customer is based on giving the buyer an honest value for every dollar spent, Mr. Holler pointed out.

Wants to Know
"After all," he said, "the man who buys an automobile wants to know how much his car will cost him standing in front of his home. Hereafter our salesmen are going to quote him that figure only. He will thus be spared the unpleasantness of discovering that the ultimate cost was considerably above his first expectation."

Needless to say, this new merchandising policy was made possible only through the wholehearted cooperation of our 10,000 dealers. They have been quick to concur with our opinion that the new policy is fundamentally right and that we will

be met are superlative in degree and personality. Commander Hartley has incidents of his association with Mrs. Woodrow Wilson, Queen Marie of Roumania, and others of great note that make extremely interesting telling and he is here to tell about them.

The Commodore, Mrs. Hartley and their eight-year-old son, Herbert Jr., arrived this morning by motor. They are staying at the Laguna hotel.

Although he has commanded the biggest liner afloat, the Commander is not in command of the family motor car. Mrs. Hartley is the skipper, he explained.

Likes Texas
He declared that Texas is about to lure him away from Alabama where he has been making his home since retirement from the sea and while he is not living in the automobile. He has been travelling on his present mission for two years, endeavoring to promote the use of cotton.

He pointed out at the Rotary club luncheon today noon that his object makes his appearance in Texas peculiarly appropriate, since this state is by far the largest producer of cotton raw material in the nation.

Slight, erect, with iron gray hair, the Commander presents a trim figure in his blue uniform with its service ribbons and gold braid. He stands with the true seaman's

have the support of the public as they recognize our aims."
Mr. Holler voiced enthusiasm over the prospects of his company for this year. "We introduced our 1934 models early this month," he said, "at 100 special exhibits all over the country—separate, complete automobile shows in themselves—to a most interested and responsive public. At the close of the first week our salesmen had booked 70,000 bona fide orders for immediate delivery."

"The fine response of the public in terms of orders will insure the day and night operation of our plants for many months to come."
"America is coming back—fast! There is no doubt of it. More indicative even than attendance and sales figures at the New York automobile show and our own local shows is the changed attitude of people—visitors and automobile men both. At the shows I attended, almost a carnival spirit prevailed. There was more enthusiasm, more of a 'go-forward' feeling, than at any show since 1928. We are coming back and the means by which it is being accomplished is much less important than the fact itself."

stance, his feet apart, his body balanced to every angle, as if the floor underneath him were swaying like the deck of a ship. In manner he is extremely affable, bears himself with an unassuming dignity, and is anything but the coarse, bluff old salt that landlubbers have come to associate with the title of sea captain. There is more of the elegance of the drawing room about him than the roughness of the open deck; and, indeed, to hear his accounts of the duties of a sea captain, one appreciates that the commander of a great liner must have the polished exterior of a diplomat as a good set of steel nerves.

Free Action for all 4 wheels

plus the *safety* of a front axle and *comfort* of Cantilever Springs

A great deal of thought is being given today to springs. Various experiments are being tried in an effort to get independent action for an automobile's front wheels.

All of which is simply another tribute to the soundness of Ford engineering and the Ford V-8 for 1934. When you drive this car you get free action not only for the front wheels—but for all 4 wheels.

Ford transverse cantilever springs provide individual suspension for both front and rear axles. In the new Ford these springs have been made more flexible. This type of construction is not experimental and has the advantage of

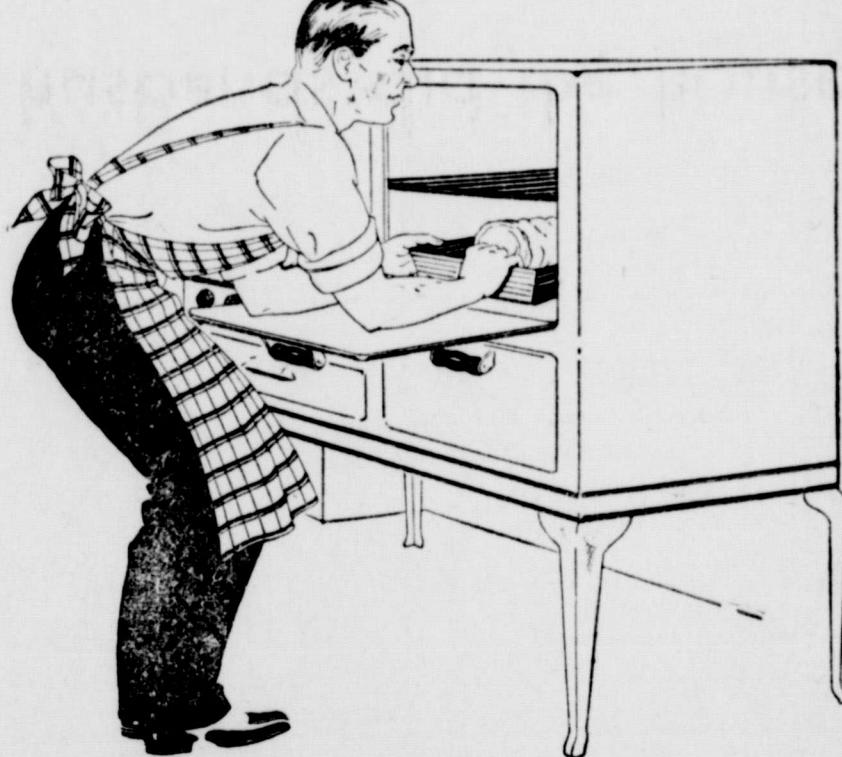

comfort plus the proved safety of a front axle. This new Ford combines V-8 power with gasoline economy—20 miles to the gallon at a speed of 45 miles per hour, in exhaustive road runs. It will do 80 miles an hour without difficulty. At 50 or 60 miles per hour it is actually running at ease!

This reserve power means acceleration unequalled by practically any other make of American automobile, regardless of cost. Before you buy any car at any price, drive the new Ford V-8 for 1934.

McDONALD HAS BIGGEST BLOC FOR PRIMARY

By GORDON K. SHEARER
United Press Staff Correspondent
AUSTIN, Jan. 25. — C. C. McDonald will go into the democratic primary for governor this year with the biggest single bloc of votes ever behind a candidate for that office.

A campaign to have relief recipients arm themselves with poll tax receipts already is under way. Receipts were shown when an entire CWA group on last payday took out poll tax receipts at Waco.

It is estimated that at least 200,000 potential voters are to be had among the recipients of direct and work relief. A call upon them to make a sacrifice and equip themselves with poll tax receipts so they can vote was made by former Gov. James E. Ferguson, who is supporting McDonald's candidacy.

This appeal is likely to be followed by a campaign instilling the belief that continued state aid can be expected only if the administration favorite is elected.

Danger
Danger for McDonald lurks in possible relief collapse before July 23 when the first primary vote will be cast. In such an event a reaction probably would set in that would help Tom Hunter's campaign. Hunter outspokenly took the side of the underdog in his campaign of two years ago. That he was sincere in this plea has not been questioned so the may be expected to follow the same line when his campaign this year gets under way. If relief recipients become dissatisfied with relief administration, a large part of them would probably swing to Hunter.

Prompt steps have been taken by the Texas Relief commission to head off relief being made a political football. Administration and non-administration members of the commission joined in this step. Notice was given that political activity of relief administration would be considered grounds for calling for their resignations. Candidates for office or management of political campaigns were included in the kind of political activity not consistent with relief services.

One resignation that will be tendered between now and Feb. 1 for political reasons, will not be due to the ruling of the relief commission. The official who will resign is considered to the United Press more than a week before the commission met, but he intended to resign to feel free for political activities.

Changed Mind
Albert Hooper, Fort Worth, first assistant attorney-general, has decided that political activity and continuance in office is not so desirable. Hooper has changed his announced intention to be a candidate for attorney-general and will give all his time to the state's legal department. He will direct its affairs when General Allred is absent from Austin. Allred's race for governor will require considerable absence from the state capitol and Hooper frankly said his decision was based on belief that he would be able to contribute more to Allred's election by relinquishing his own candidacy.

Processing Tax on Hogs Remains at \$1

Jim Bird, vocational instructor, has reminded those who slaughter hogs for sale that the processing tax on pork has not been increased in January, as provided, but remains at \$1 per hundred pounds, live weight. It was the intention of the administration to increase this tax to \$1.50 per hundred pounds on January 1, but sufficient funds to finance the corn-hog reduction program are being received from the present rate, it was said.

Mr. Bird also reminded that the owner of the hog when it is killed is responsible for the tax which should be added to the retail price of the meat. Tax will be paid only on the portion sold. Returns must be made to the collector of internal revenue at Dallas, W. A. Thomas, from whom Mr. Bird received his instructions.

Commissioner J. H. Walker, formally announced his candidacy for reelection.

Phil Sanders, Na-ogdoches, former chairman of the house appropriations committees being urged to get in a state race but if he has decided to do so has not notified Austin friends or relatives.

House Speaker Coke Stevenson visited the capitol during the week without throwing new light on his political intentions.

RISING STAR MAN NAMED UPON COMM'N

EASTLAND, Jan. 25.—The commissioners' court Saturday appointed Frank Robertson of Rising Star, Texas, a member of the county board to fill the unexpired term of E. A. Ringgold who resigned to become county administrator.

Mr. Robertson lives in commissioners' precinct No. 3 which precinct has had no representation since the Texas Relief commission was organized but served under original program under the RFC set up which was handled through the West Texas chamber of commerce.

At the time the Texas Rehabilitation and Relief commission was established it was the duty of the commission to appoint county boards and at that time the commissioners' court endeavored to get the relief commission to give each commissioners' precinct in the county a representative but it did not see fit to do so. When the above vacancy occurred the commissioner from that precinct requested that his present be given representation on the board and his request was complied with.

It has been the feeling of the court that the county board should fill all vacancies on the board, the law now being clear on that matter, but Senator Carl Hardin of Austin, representing the Texas Relief commission appeared before the court and Saturday advised it that it was the court's duty to fill vacancies, whereupon Mr. Robertson was appointed.

In the appointment of Mr. Robertson on the county board the following towns are given representation as follows: Eastland, Earl Connor, chairman; Ranger, E. A. Ringgold, county administrator; Cisco, Mr. McCraw, chairman; Frank Kirk; Carbon, E. R. Yarbrough; and Rising Star, Frank Robertson.

Noted Cattleman Is Dead at Menard

MENARD, Jan. 25.—James Callan, one of the leading cattlemen of the southwest and former president of the Texas Cattle Raisers association, died here Tuesday. He was 70 years of age.

Funeral services were held at Menard Wednesday afternoon at 3 o'clock.

Callan was one of the last of the old range riding heads of the Texas Cattle Raisers association. He was a member of the state house of representatives in 1897 from the 95th district.

At various times Callan was mentioned as a possible candidate for governor, but his only state office was that of representative.

Heads New Farm Cooperative Bank

RISING STAR, Jan. 25.—Sterling C. Evans, son of Mr. and Mrs. J. H. Evans, of this city, has recently been appointed president of the new farm co-operative bank at Houston, the new bank being a unit of the Farm Credit association. It is a government institution.

For the past several years Mr. Evans has been with the extension department of A. & M. college in charge of all local agents in west Texas. Mr. Evans has visited his parents here on a number of different occasions and is quite well known here.

BETTING BILL DENOUNCED AT STATE RALLY

FORT WORTH, Jan. 25.—Delegates to a statewide prohibition rally here Tuesday voted a resolution denouncing legalized race track betting and pledged their support in the coming state election only to candidates who will seek repeal of the racetrack law.

The resolution was proposed by Dr. W. D. Bradford, of Southern Methodist university, Dallas, at a meeting here to launch a state fight in support of the Dean law prohibiting liquor.

More than 100 ministers and laymen from all sections of the state were at the meeting.

Dr. Bradford's resolution referred only to candidates for governor, state senators and representatives, but an amendment was offered to include candidates for city and county officers. It was adopted with thunderous applause.

December Use of Cotton Declines

AUSTIN, Jan. 25.—Cotton used in Texas mills during December totaled 3,514 bales against 5,698 bales November and 3,765 bales in December, 1932, declines of 40 per cent and 7 per cent respectively, according to the University of Texas bureau of business research. The usual seasonal decline between November and December is 12 per cent. For the entire year 68,392 bales were used in manufacturing, against 49,316 in 1932, an increase of 39 per cent.

Production of cloth amounted to 4,195,000 yards, a decrease of 40 per cent from the 6,970,000 yards in November but an increase of 12 per cent from December, 1932. The average seasonal decline for the past few years has been 9 per cent. Aggregate production for 1933 of 69,596,000 yards is 44 per cent greater than the 48,452,000 yards of the previous year.

Sales of cloth totaled 5,381,000 yards, an increase of 74 per cent over November and 55 per cent above December, 1932. The normal seasonal increase in sales from November to December is 25 per cent. For the entire year sales, amounting to 68,159,000 yards, exceeded those of 1932 by 52 per cent.

Stupendous Tragedy Indicated in Quake

CALCUTTA, India, Jan. 25.—Reports reaching Calcutta from the devastated state of Bengal, indicate that the recent earthquake may have caused one of the most stupendous human tragedies of modern times, with perhaps 20,000 persons dead in the ruined cities.

Refugees reported an estimated death toll of between 6,000 and 8,000 in Monghvir. An unofficial estimate in the province of Behar, showed 15,000 dead.

Told Her Daughter To Take CARDUI

"I took Cardui for a weak, run-down condition," writes Mrs. John Behme, of New Madrid, Mo. "My back ached, also my sides. I did not feel good, so did not feel like doing my work, and there is a lot to do on a farm. I read about Cardui and decided to take it. Cardui helped me. It is the best tonic I have found. I told my daughter to take it, too, and it helped her." Ask at the drug store for Cardui. Used by women for over 50 years.

Stevens Removed to Dallas County Jail

FORT WORTH, Jan. 25.—O. D. Stevens and M. T. Howard, triple slaying and mail robbery suspects, Tuesday were removed to the Dallas county jail, because, U. S. Marshal J. R. Wright said, they have been receiving information from outside the county jail here.

"Every time we dig up anything new, they find out about it," Wright said.

Wright said that a floor drain system in the county jail here was being used as a speaking tube by prisoners for communication from floor to floor and possibly by outsiders visiting the jail.

Jangled nerves bring words that wound

Impatient, nerves on edge—every suggestion sounds like a criticism... Every discussion turns into an angry argument. You hurt those nearest to you and make them wish to avoid you. If this ever happens with you... take care!

Watch your nerves... Get your full amount of sleep every night. Eat regularly and sensibly. Find time for recreation.

And smoke Camels—for Camel's costlier tobaccos never get on your nerves.

How are YOUR nerves?
TEST No. 14

Arrange thirty safety matches on a table (12 inches from the edge)... lips pointing away from you... Hold the empty box with the lid pushed back one inch in your left hand... Now pick up the matches one by one with the right hand... place them in the box as rapidly as you can... all heads facing the same direction. The average time for this test is 45 seconds. What is your score?

"Mike" Thompson (Camel smoker), famous football referee, can arrange all the matches in 37 2/3 seconds.

A Safer, Better Way of Lubricating Your Car

To a Magnolia Man the lubrication of your car is a serious, scientific job. He has been trained to think and work that way. If your car is to serve you efficiently and economically, each point must receive the right amount of the right grease at regular mileage intervals.

He will explain why several different grades of Mobilgrease are needed to protect your car against heat, water, road shocks and speed.

Don't wait until a chorus of squeaks and rattles signal that a repair bill is on the way. Drive in to a Magnolia Station at your first opportunity and save your car with Mobilubrication.

MAGNOLIA PETROLEUM COMPANY

Before any Magnolia Station is permitted to display the Mobilubrication Shield, the men in charge must first complete a course of instruction and pass rigid examinations on scientific lubrication.

Talk to a Magnolia Man about lubrication. You'll be surprised at how much he knows about his job. Let him show you a "Chek-Chart" of your particular make and model, prepared with the cooperation of your car manufacturer.

You'll have a smoother running Automobile when you get

Mobil Certified Lubrication

Mobilubrication costs just a few cents more than the price of a "hit-or-miss" grease job. But this slight difference is more than repaid through the saving in fewer repair bills and better performance.

Commander---

CONTINUED FROM PAGE ONE. In the 20 minute period allotted to him, the commander related brief anecdotes of his acquaintanceship with a number of celebrities.

Queen Marie. He told of the secrecy with which two envoys had informed him in his room aboard the Leviathan that the queen would cross with him next trip, admonishing him to tell no one.

He said the queen may have come to America for the purpose of influencing an international loan or for some other secret motive.

There were other word glimpses of royalty including his association with the Belgian king while the latter was a prince, and of his contacts with world-famous persons who have crossed with him on his trips.

All together the commander has crossed the ocean 860 times (imagine that, you who have never crossed), which figures out roughly to be 2,500,000 sea miles or five round trips to the moon.

Other guests at the club today were W. H. Poole, field representative of Baylor university and a guest of R. N. Cluck, Ed McLaughlin, Ralls banker and a guest of F. D. Wright, and the Rev. J. M. McLain, of Ballinger.

HUNDREDS OF CITIES JOIN IN UNIQUE PLAN TO HELP GREAT WARM SPRINGS HEALTH CRUSADE

WASHINGTON, Jan. 25.—The dancingest night in the history of the country is scheduled for Tuesday, Jan. 30—fifty-second birthday anniversary of Franklin D. Roosevelt.

"Water's fine," splutters Franklin D. Roosevelt, as he bobs up in the health-giving pool at Warm Springs, Ga., where he started his fight back to physical fitness.

Not only cities, towns, and communities are planning these parties, but most fraternal organizations, such as the Elks, Odd Fellows, P. Masons, and American Legion are operating.

Civic organizations, as the Civitan, Exchange, Rotary, Optimist, and March clubs are planning parties.

The National Guard Association and the Spanish Federation of Labor are taking an active part in local communities, then, there may be the dancing party and a number of smaller parties of different kinds sponsored by local labor, fraternal or civic groups.

All will be tied together by this one theme: people who go to the parties will pay a dollar each and that they usually pay to attend similar parties in New York's Park Avenue, where a grand ball in the festive customer back \$15 or \$20—it will be \$1 on this occasion. In the small country where the lodge holds a card party at a usual fee of 50 cents, this time it will be \$1.50.

All these extra dollars will be collected and sent to the National Committee, which will turn them over to President Roosevelt as president of the Georgia Warm Springs Foundation.

He will use the money to build up the emerald of Warm Springs as a national therapeutic center for the fight against infantile paralysis.

Response from local communities has been amazing to those in charge. With 2600 communities in line, not counting the private parties and special groups, it is expected that perhaps 100,000 people will take place simultaneously.

More than 500 labor groups wired New York, of the labor division of the national committee, promising their co-operation and indicating that they were planning some of the most important parties.

The party in New York will be a formal ball at the Waldorf-Astoria, while Washington plans a brilliant affair at the Shoreham. Practically all the cabinet, supreme court and senate members are patrons.

Mr. and Mrs. Ed Hanson, Mrs. McCoy who lives at Kilgore came at this time in order to help care for her brother, Jack Hanson, who was so seriously injured two weeks ago. We are glad to report that he is improving.

Mr. and Mrs. W. C. Bedford were called to Eastland Wednesday on account of the death of Dr. J. E. Johnson, nephew of Mr. Bedford's father. Dr. Johnson had been a leading physician at Eastland for over thirty years but had retired from active practice about two years ago. His death followed an illness of one day from bladder trouble. Up to that time he had seemed in splendid health.

Mr. and Mrs. Leander Moore, of Goetz, were here Monday, paying their taxes and visiting old friends. The Methodist Missionary society met at the church Monday afternoon and had their Bible study lesson conducted by the pastor Rev. S. L. Howell who discussed "Christ in the Home, the State and the Church."

A marriage that was a surprise to their many friends was that of Miss Nora Robert to Mr. Don Campbell, which took place at Breckenridge on December 26, 1933 and was announced last week. The bride is the daughter of Mr. and Mrs. A. C. Robert and has lived here most of her life and for the past two years has been one of our most popular teachers of primary grades. The groom is a brother of A. T. Campbell who has lived here the past two years and both brothers are employees of the Stanolind Gasoline Co. but the groom makes his home at Breckenridge. Their many friends are extending congratulations and good wishes to them.

Mr. and Mrs. Guy Tidwell who lives a few miles north of town had the misfortune of losing 49 head of sheep last week when stray dogs broke into the flock and killed them.

Mr. and Mrs. A. A. Anderson and daughter drove to Eastland Sunday afternoon.

Mr. and Mrs. Sam Erwin spent the afternoon with Mr. and Mrs. L. M. Barron Sunday.

Mr. and Mrs. J. L. King and daughter, Mary Edna, spent the day with Mr. and Mrs. C. C. Webb and family Sunday.

Mr. and Mrs. Finis Erwin spent the afternoon with Mr. and Mrs. Z. W. Green Sunday.

Mr. and Mrs. C. L. Webb and son, Charles Lindell, visited in the J. R. Peppin home Sunday afternoon.

Mr. S. B. Webb and son, Chols, visited in the C. L. Webb home Saturday.

Miss Mary Edna King spent Friday night with Mr. and Mrs. C. L. Webb and family.

We welcome our new neighbors, Mr. and Mrs. Porter and family who have moved to the farm recently vacated by Mr. and Mrs. Mosley Laminack who have moved to the Scranton community.

Miss Celia Devault and Cecil Kile were married last Wednesday at Cisco. We wish them many years of happiness.

Mr. and Mrs. W. D. Evans and daughter, Mrs. Jimmie Hornsby and Mr. Hornsby are spending the weekend with Mr. and Mrs. Carl McCarter.

Messrs Felix and Roe Rosson and sister, Mrs. Jesse Jacobs of Snyder came last Wednesday to visit their father, J. W. Rosson who was ill. They returned home Thursday, taking Mr. Rosson home with them.

The baby of Mr. and Mrs. Clarence Flippen is ill with diphtheria at this time.

O. B. Johnson, who has been ill at the Graham sanitarium for some time, is still improving.

Mr. and Mrs. Harley Stephens moved last week to Cisco. We are sorry to lose this couple from our community.

Joe Donaway was in Cisco Sunday afternoon.

Ralph Butler and family visited his father and mother Sunday who gave him a nice birthday dinner.

ATTENDS MEETING AT 96 GALON, O. Jan. 25.—On her 96th birthday, Mrs. M. R. Crim attended the annual meeting of the board of directors of the Galton National bank since the death of her husband, one of the bank's founders, she has served for 35 years as a director. Chipper for her age, she is active in town affairs and interested in library and hospital activities.

Little Miss Frankie Summers of Lubbock is visiting her father, Herbert Summers.

Sunday school was well attended last Sunday for the roads to be in such bad condition.

Mr. and Mrs. D. L. Pearce and little Miss Margie Ingham of Baird were here Monday.

Miss Maurine Eubanks who is attending school in Abilene spent the weekend with her parents, Mr. and Mrs. F. H. Eubanks.

M. E. SOCIETY HAS INTERESTING SESSION

The Methodist Missionary society had an interesting meeting on Tuesday afternoon at the church. The meeting, presided over by the president, Mrs. W. G. Powell, was opened with the song, "I Am Thine O' Lord". The lesson was given by Mrs. Powell and the Lord's prayer was repeated in unison. Each officer of the society outlined the duties and plans of her office to be carried on during the year. It was decided to hold a public installation at the Sunday evening services at the church on January 28. Every officer and member is especially urged to be present on this occasion. It has been announced that the society will serve a chicken dinner from 11:30 to 1 o'clock next Tuesday at the church.

Those present were Mesdames Mary Andres, R. S. Elliott, N. W. Noell, Billy Craddock, B. E. Morehart, Wm. Reagan, Lee Owen, L. E. Vaughn, J. T. Anderson, Fred Hayes, C. R. Sanford, C. H. Parrish, Lovelady S. H. Nance, F. L. Turner, W. M. Joyner, C. C. Lomax, Lane, T. J. Dean, John Seltzer, McCorkle, Northrup, Rainbolt, O. Thomas, W. H. Hurd, and N. C. Edwards. Mrs. Ford Taylor of Big Lake, Mrs. Key, and Rev. Frank L. Turner were visitors.

CIRCLE MEETS WITH MRS. PARKS

The B. L. Lockett circle of the W. M. S. of the First Baptist church met on Tuesday afternoon with Mrs. S. B. Parks. The meeting was opened with a prayer led by Mrs. O. L. Mason. Mrs. Parks was appointed reporter. The lesson on the 5th chapter of Acts was taught by Mrs. O. L. Mason. Refreshments were served to Mesdames A. W. Crowder, O. G. Lawson, B. F. Jones, Dora Kennedy, O. L. Mason, Etta Hart, G. P. Poe, and the hostess, Mrs. Parks.

NEW POLICY IS ANNOUNCED BY CHEVROLET

DETROIT, Mich., Jan. 25 — A new automobile merchandising policy whereby the purchaser will be apprised of the full cost of his automobile delivered in front of his door, rather than having to rely on ambiguous "f. o. b." prices, was announced here today as effective immediately in the entire Chevrolet organization by Williams E. Holler, general sales manager of the company.

A campaign is now being launched among dealers and retail salesmen in all parts of the United States instructing them in the new policy and apprising them of the suggested delivered price to be quoted in their respective communities. "We are going to take the blinders off the order blank," Mr. Holler stated. "We are going to let everybody know exactly how much their cars will cost them delivered in front of their doors. We are going to show exactly what makes up the difference between the list, or f. o. b. price, and the final delivered cost."

New Plan
Mr. Holler announced the new merchandising plan that his Detroit headquarters following his return from the New York Automobile show where final arrangements on the new policy were perfected.

As an instance of what the new procedure means to car buyers, Mr. Holler pointed out that while list prices on the company's new 1934 models average \$70 higher than in 1933, the actual increase in cost to the purchaser in New York is only \$50. While the list, or "f. o. b." price, throughout the United States averages 14 per cent above 1933, the delivered costs actually average only eight per cent higher.

"I am confident," said Mr. Holler, "that this plan will enable us to deliver automobiles all over the country at a lower price to the purchaser than any other make of volume car." The nation-wide program of Chevrolet dealers to deliver cars at the lowest cost to the customer is based on giving the buyer an honest value for every dollar spent. Mr. Holler pointed out.

Wants to Know

"After all," he said, "the man who buys an automobile wants to know how much his car will cost him standing in front of his home. Hereafter our salesmen are going to quote him that figure only. He will thus be spared the unpleasantness of discovering that the ultimate cost was considerably above his first expectation."

"Needless to say, this new merchandising policy was made possible only through the wholehearted cooperation of our 10,000 dealers. They have been quick to concur with our opinion that the new policy is fundamentally right and that we will

be met are superlative in degree and personality. Commander Hartley has incidents of his association with Mrs. Woodrow Wilson, Queen Marie of Roumania, and others of equal note that make extremely interesting telling and he is here to tell about them.

The Commodore, Mrs. Hartley and their eight-year-old son, Herbert Jr., arrived this morning by motor. They are staying at the Laguna hotel.

Although he has commanded the biggest liner afloat, the Commander is not in command of the family motor car. Mrs. Hartley is the skipper, he explained.

Likes Texas

He declared that Texas is about to lure him away from Alabama where he has been making his home since retirement from the sea and while he is not living in the automobile. He has been travelling on his present mission for two years, endeavoring to promote the use of cotton.

He pointed out at the Rotary club luncheon today noon that his object makes his appearance in Texas peculiarly appropriate, since this state is by far the largest producer of cotton raw material in the nation. Slight, erect, with iron gray hair, the Commander presents a trim figure in his blue uniform with its service ribbons and gold braid. He stands with the true seaman's

have the support of the public as they recognize our aims.

Mr. Holler voiced enthusiasm over the prospects of his company for this year. "We introduced our 1934 models early this month," he said, "at 100 special exhibits all over the country—separate, complete automobile shows in themselves—to a most interested and responsive public. At the close of the first week our salesmen had booked 70,000 bona fide orders for immediate delivery. The fine response of the public in terms of orders will insure the day and night operation of our plants for many months to come.

"America is coming back—fast! There is no doubt of it. More indicative even than attendance and sales figures at the New York automobile show and our own local shows is the changed attitude of people—visitors and automobile men both. At the shows I attended, almost a carnival spirit prevailed. There was more enthusiasm, more of a 'go-forward' feeling, than at any show since 1928. We are coming back and the means by which it is being accomplished is much less important than the fact itself."

stance, his feet apart, his body balanced to every angle, as if the floor underneath him were swaying like the deck of a ship. In manner he is extremely affable, bears himself with an unassuming dignity, and is anything but the coarse, bluff old salt that landlubbers have come to associate with the title of sea captain. There is more of the elegance of the drawing room about him than the roughness of the open deck; and, indeed, to hear his accounts of the duties of a sea captain, one appreciates that the commander of a great liner must have the polished exterior of a diplomat is also a good set of steel nerves.

His appearances have been confined in the main to communities

of considerably larger population than Cisco, and the federation is happy over its success in securing

his engagement here tonight. The Commander will be introduced by Dr. C. Q. Smith, Methodist

presiding elder. Mrs. G. B. Kelly, president of the city federation, will preside.

Free Action for all 4 wheels

plus the safety of a front axle and comfort of Cantilever Springs

A great deal of thought is being given today to springs. Various experiments are being tried in an effort to get independent action for an automobile's front wheels.

All of which is simply another tribute to the soundness of Ford engineering and the Ford V-8 for 1934. When you drive this car you get free action not only for the front wheels—but for all 4 wheels.

Ford transverse cantilever springs provide individual suspension for both front and rear axles. In the new Ford these springs have been made more flexible. This type of construction is not experimental and has the advantage of

comfort plus the proved safety of a front axle. This new Ford combines V-8 power with gasoline economy—20 miles to the gallon at a speed of 45 miles per hour, in exhaustive road runs. It will do 80 miles an hour without difficulty. At 50 or 60 miles per hour it is actually running at ease!

This reserve power means acceleration unequalled by practically any other make of American automobile, regardless of cost. Before you buy any car at any price, drive the new Ford V-8 for 1934.
