LEGISLATURE'S INVESTIGATION OF RELIEF WORKS IS LAGGING

HOUSES WON'T AGREE ON PROCEDURE

CISCO, Aug. 31 — Investigation of expenditures in Texas legislature as house and senate departments and set up "steering committees" of five members to work the paths of the legislature declined to sit with the committee to conduct a joint investigation. The committee named a steering committee and stood at ease waiting for the committee to return this morning with a plan of procedure. The committee named a similar committee and adjourned until Saturday to begin its investigation. The committee on the desk of each member of the house and senate were placed reports from the steering committee and from the committee on the desk of each member. The committee's report estimated that a maximum case load of 100 cases be cared for during the coming winter. The \$4,000,000 will be needed for "adequate" relief until

"WELCOME, MR. PRESIDENT"

YOUNG NEIGHBORS ACCORD ENTHUSIASTIC GREETING TO ROOSEVELT AT THE "SUMMER WHITE HOUSE"

CITY SUED FOR INFRINGEMENT UPON PATENTS

A suit alleging infringement of patent rights in the construction and operation of the Cisco sewage disposal plant has been filed in federal district court at Abilene. Plaintiff is named as Activated Sludge, Inc., of Chicago, Ill. The suit alleges that patents on construction and on the oxidation process used in treating city sewage at the plant were infringed upon, and seeks recovery in an amount to be determined and an injunction prohibiting the city from further operation of the plant until adjustment has been made. A similar suit has been filed against the city of Colorado and many cities in other states, it was said.

Sinclair Renounces All Socialist Labels

PASADENA, Aug. 31 — Upton Sinclair, democratic nominee for governor of California, publicly renounced all socialist labels and connections today as he boarded a train for Hyde Park, N. Y., to visit President Roosevelt. "I'm a democrat from now on," the former socialist and radical said as he waved goodbye to a large crowd that jammed the station platform. "I have come forward with a definite program and dropped all other labels and programs. I'm through with theorizing and I'm going in for action."

Speakership Fight Narrows to Two

AUSTIN, Aug. 31 — A preliminary fight for the speakership of the 44th Texas legislature had lightened today to an apparent race between present Speaker Coke Stevenson of Junction and Rep. J. B. Ford, of McGregor. A caucus of "old members" for Stevenson was held yesterday with a claimed attendance of between 50 and 60. There will be about 85 old members in the next session's roll and 150. In behalf of "harmony," Atty.-Gen. James V. Allred, democratic nominee for governor, will keep hands off the speakership fight, he indicated.

MARRIED IN MORGUE
OLYMPIA, Wash., Aug. 31 — Not exactly the most cheerful place for a wedding, but O. H. Mittlestaedt, mortician, and Miss Dorothy Thonason, both of Seattle, were married in a local morgue.

VARN SANITY IS DOUBTED BY AUTHORITIES

NEW YORK, Aug. 31 — Authorities expressed the conviction today that Benjamin Franklin Varn, arrested on charges of violating the Lindbergh law by threatening to harm President Roosevelt and kidnap his three grandchildren, is mentally unbalanced. They pointed to the fact he had been struck on the head by an airplane propeller while serving as a naval aviation mechanic. A silver plate then was placed in his head. The letter which he sent was opened by a White House mail clerk and promptly turned over to the secret service. It demanded payment of \$168,000 in bills of small denominations in pain of harm to the president and the abduction of "Sistie" and "Buzzie" Dall and the two-month-old baby of the Elliott Roosevelts.

More Pools Will Be Added to Hatchery

Gift of 300 feet of four-inch pipe from Sam Gamble of the Lone Star Gas company at Morton's Valley plants, to the state fish hatchery here was announced today by Supt. S. B. Wright who will use the pipe in building a new series of hatching pools, he said. PERA labor will be utilized in the construction of these pools, it is planned. There are now 15 such plants. Wright plans to add about eight more, cutting up one of the larger into four smaller ones.

New Head of Modern Languages at Randy

Head of the modern language department of Randolph college next term will be Miss Jennie May Hiatt, Huntsville, Ill. Miss Hiatt will arrive in Cisco sometime next week to assume her duties. The new instructor holds an M. A. degree from the University of Wisconsin, where she majored in French. Her B. A. degree was obtained at Eureka college, Eureka, Ill. Her teaching experience included five years in colleges and nine years in high schools.

ACID REVIVAL OF DEAD WELL EXCITES BRECK

BRECKENRIDGE, Aug. 31 — The successful reviving of an abandoned oil well through acidization brought hopes today of a new era of oil development in this area. Excitement is running high, almost equal to that prevalent when this area was one of the state's leading producers nearly a decade ago. There are scores of abandoned wells in the territory. The acidization experiment was carried out by Herbert Oil company on one of its "dead" wells. As a result, the well has been placed on pump as a commercial producer and the company announced intention of carrying out the process on five other wells. The acid treatment, it was explained, is effective only in areas where oil is produced from lime formations. Muriatic acid is used to dissolve the lime and thus release oil stored in the crevices.

Hope Rising for End Of War in Gran Chaco

BUENOS AIRES, Aug. 31 — Hope waxed strong today that the bitter two-year war in the Gran Chaco might be ended quickly through peace efforts of the United States, Brazil and Argentina. Paraguay has accepted a proposal by the three powers for immediate cessation of fighting. President Salamanca of Bolivia is expected to reply to the proposal during the week-end. It was believed that Salamanca, who was at the fighting front today, was consulting his generals as to the advisability of accepting the peace offer.

Friends Who Laughed Mourn "Rainmaker"

WAXAHACHE, August 31 — Friends who laughed at James A. Boze's "crazy idea" for blasting rain out of the clouds, but who even thought were willing to gamble some \$5,000 on him, today mourned the "rainmaker" who died after trying to break the worst drought in the history of north Texas. Boze died at 10:45 o'clock last night from burns received when a bomb set fire to his chartered airplane. Maybe it was just coincidence and luck that caused it to rain after Boze first two tests. But many felt that possibly it wasn't. Boze was fatally injured while making his third test to convince doubters that it was his device and not nature that caused the first two rains.

\$6,000 MORE APPROVED FOR LAKE PROJECT

An additional appropriation of \$6,000 from the FERA has been approved to carry on the park improvement project at Lake Cisco where \$7,000 has already been spent, it was announced by Foreman Alsop. Approval of this additional fund, said Alsop, was due to the excellent cooperation that the city commission has given the relief administration. He praised this cooperation highly. In addition to the \$6,000, the city has made through the relief administration an application for an additional appropriation of \$1,375 for a wood project to supply fuel to poor families in Cisco this winter. The commission set aside \$100 for hauling the wood in the event the application is granted. Work on the park project has not slackened, and with the approval of the new fund will be pushed aggressively. Alsop said. Plans contemplate extending the area that is being attractively developed into a resort, with a stone bridge over a canyon opposite the zoo giving access to a new park to be developed across the road there. Fifty-one men were at work today.

Rival to Liberty League Organized

WASHINGTON, D. C., Aug. 31 — The new born American Liberty League today faced competition from the equally new American's Inc., formed "to aid the New Deal recovery program and explain it to the people." The announced intention of the Liberty league was to "guard American property and personal rights." The new society listed such supporters as Senator Kenneth D. McKeeler, a leading administration adherent, and Rep. Isabella Greenway, close personal friend of President and Mrs. Roosevelt. Despite protestations of both groups, it was thought they might come in conflict should the Liberty league develop marked anti-Roosevelt tendencies as has been suggested.

Two Planes Groomed To Try for Records

CHICAGO, Aug. 31 — Two carefully groomed airplanes were rolled onto the "apron" at Curtiss-Reynolds airport today for attempts at two world's records. Wylie Post, who last year girdled the world in record time, checked the same plane in which he made that flight and announced that he hopes to reach an altitude of 50,000 feet. Post said that unless weather conditions change he would not attempt the flight until tomorrow. A few yards away two pretty Texan girls, Jean LaRene and Mary Owens, prepared for their third attempt in a week at the refueling flight record for women.

Eastland Editor Is Named Postmaster

EASTLAND, Aug. 31 — Frank A. Jones, Eastland publisher, has received notice from Washington of his appointment as acting postmaster at Eastland, succeeding A. H. Johnson, who held the post for 12 years. Jones, publisher of the Eastland Chronicle and editor of the Eastland Telegram, came to Eastland in 1899 and in 1911 purchased the Chronicle. He went with the Eastland Telegram and helped to get out the first edition of that daily paper in November 1923.

Hurricane, Lost in Gulf, Losing Force

WASHINGTON, D. C., Aug. 31 — The weather bureau today reported inability to locate the center of the tropical disturbance in the Gulf of Mexico but that it is apparently located in the south central portion of the gulf. Its intensity has decreased and the direction of movement is uncertain the bureau said.

Laying Plans to Halt Looms

Plans for putting into effect the strike of 600,000 cotton mill employees, called for September 1, have been completed by this committee, which formulated the details at sessions in Charlotte, N. C. Left to right are Roy R. Lawrence, president of the North Carolina Federation of Labor; P. R. Christopher, president of the state branch of the United Textile Workers; and W. B. Watson, secretary of the National Strike council.

DIVERSIFIED FARMING PAYS OFF MORTGAGE

SCHULENBURG, Aug. 31 — Diversified farming is expected to feed a family of 10 and pay off the farm mortgage on the farm of Henry J. Petrush, two miles south of here. Petrush bought 108 acres at the high 1924 prices—\$185 an acre — and when the cotton, peanuts, potatoes and truck is marketed, this fall he expects to call the farm his own. Diversification, excluding only ducks and geese which Petrush said, aren't worth their keep, is the rule on this farm. "I believe I have a little of everything," he said. He pointed to his truck patch which four of his eight children were clearing of spring plant and vines that had ceased to produce. Petrush has 12 milch cows, and a drove of Dorset hogs on the farm. Six Bales Ginned Six of his children assist in picking 23 acres of cotton. Already six bales have been ginned from the acreage. Two acres of peanuts are growing well despite the drought. Petrush claimed that his system of changing the crops to a different acreage every year has made the crops on his farm good despite the drought. He explained he has 30 acres of corn that will give him half a crop while most corn fields have burned to the ground in the dry weather. Petrush has 3225 peach trees in his orchard, but there are also pear, plum, apple and other fruit trees, including berries. There is not a rooster in a flock of 35 hens that supply infertile eggs to buyers from miles around, for which he now a three-cent premium is being paid. A check-up of the Petrush farm showed besides the above mentioned crops, 14 acres of hegeria, 15 acres in Sudan grass, nine pure-bred hogs, three acres for truck and garden, a dozen sheep, two teams of work stock, a pit silo for a dairy ensilage, a spacious home in a grove of trees and sufficient pasture for livestock.

LOBOES CALLED TO REPORT SAT. AT 8 O'CLOCK

Coach Dexter Shelley, who returned to Cisco late yesterday from Abilene where he has been attending summer school, issued a call for candidates for the 1934 Lobo football team to report to him at Chesley field at 8 o'clock tomorrow morning. Equipment will be issued and some light workouts begun that afternoon. Until the opening of school on September 10, two workouts a day are planned for the squad, one in the morning and the other in the afternoon.

Christian Jew Will Preach Here Sunday

The Rev. B. M. Wilzin, a Christian Jew from San Marcos, Texas, will preach at the First Baptist church Sunday, Sept. 2, at 11 a. m. and at 8 p. m. in the absence of the pastor, the Rev. E. S. James, who is engaged in a revival meeting at Albany, it was announced. His Sunday evening service will be a Biblical research pertaining mainly to the present Jewish problem, the guest minister announced. A special invitation was issued to members of his own people to hear the discussion. The Rev. Mr. Wilzin is an ordained Baptist minister. He holds three degrees from Oxford university, England.

\$100,000 Paris Fire Is Under Control

PARIS, Aug. 31 — Fire which destroyed two warehouses of the Cummer-Graham Mfg. Co. here was virtually under control today after raging 24 hours. Vice President Jess Deshong of the company said the total loss would be in excess of \$100,000. The fire broke out suddenly at noon yesterday and quickly consumed stored lumber in one of the warehouses. Then it spread to the second, destroying in all about 2,000,000 feet of lumber.

Austin Minister to Preach Here Sunday

Dr. B. K. Tenny, Austin, superintendent of home missions for the Synod of Texas, will preach at both the morning and evening services at the First Presbyterian church in the absence of the pastor, Dr. J. Stuart Pearce, who is on vacation with his family, it was announced today.

LEADERS WILL OPPOSE ENTRY OF RADICALS

BULLETIN WASHINGTON, D. C., Aug. 31 — Union leaders late today ordered 200,000 woolen and worsted workers to join the cotton textile strike tomorrow night. Negotiations in the silk industry still were pending but strike Chairman Francis Gorman said there was a distinct possibility that some 15,000 silk and rayon workers also would leave the mills at 11:30 p. m. tomorrow. Addition of the woolen workers brings the strike call effective to more than 600,000 workers.

WASHINGTON, D. C., Aug. 31 — Threats of communistic strike entered the cotton textile strike today as leaders fought to hold their lines on "American principles."

In New England textile centers Anne Burlak, 23-year-old "Red Flame," was urging workers to "throw tomatoes at the cops if they tried to interfere with the picket lines." In Washington, Francis Gorman, chairman of the walkout, declared "no communistic element is going to get into this strike." At the same time he revealed that he sought conferences with silk and woolen industrialists, indicating that strikes in both these industries were imminent. Gorman said there was a possibility of a walkout being called immediately. The strike leaders declaration on communists followed questions as to whether he would try to unify the program of his United Textile Workers with that of the radical National Textile union. Gorman called the National Textile union a communistic organization and refused to qualify his charge. Gorman was one of the busiest men in Washington today as he whipped his forces into strike formation for 11:30 p. m. tomorrow. Reports from textile centers were conflicting. Some seemed unanimous for the strike, some were apathetic. New England police rushed almost unprecedented preparations for the walkout. They feared violence if a large group of mill owners persisted in keeping their plants open.

Girl Kills Banker, Then Ends Own Life

MORRISTOWN, Tenn., Aug. 31 — Miss Mary Bruce, daughter of a Lebanon, Tenn., minister fatally wounded J. C. Shelton, president of the Hamilton National bank and then committed suicide in Shelton's office here today. A note, found in the girl's purse, referred to the banker as "Jess." The girl wrote: "I love Jess better than life. He was fine and honorable in every respect, but life to me is meaningless without him."

Americans Missing In Manchukuo Wreck

HARBIN, Manchukuo, Aug. 31 — Two American motion picture officials were missing today after bandits wrecked the Harbin-Hsin Kiang night express, killing five persons, including three professors of the Imperial university of Tokio. Those reported missing were Robert Luri Dana, Manchukuo representative of the Metro-Goldwyn-Mayer company, and John Johnson, the company's Far Eastern manager, believed to be a Danish subject.

WAISTLINE OUT OF STYLE

EL PASO, Aug. 31 — Mrs. H. C. Holdridge, Ft. Bliss, admitting that his waistline is not what it used to be, has offered to sell his formal uniforms to any young lieutenant who "want to cut a figure."

About Cisco Today

MRS. WARREN COMPLIMENTS SON'S BIRTHDAY
Complimenting her son, Billie, on his eleventh birthday, Mrs. Jay Warren invited a group of children to her home Wednesday afternoon from 3 to 5. The afternoon was spent in playing games. Each child made a wish before helping extinguish the candles on the birthday cake.

Mrs. Warren was assisted in serving by Mrs. John Evans and Mrs. Fern Warren. Charles La Bance, Paul Mosley, Jr., Robert Barker, Robert Blackstock, Billie Blackstock, Alleta Mosley, May Francis Mosley, Juanita Evans, Margie Jean Warren, Jay Walton Warren, Donafae Collins and the honoree made up the guest personnel.

Bob Gormley of Abilene is spending the week-end with Dr. and Mrs. W. I. Gormley.

Mrs. M. C. Senter and daughter, Shirley Francine, of Ft. Worth are visiting Mrs. P. B. Hudlow and Mrs. C. H. Parrish.

J. M. Hooks of Abilene was a business visitor yesterday.

Miss Alice Bacon, Miss Bird Bacon, Kate Lou Adkins and Billy Beth and Joe Ed Bacon spent Wednesday in Breckenridge where they attended the birthday party of Tommie and Billie Bacon.

Mrs. J. V. Grigwell and Miss Virginia Hundley of Baird visited in Cisco Thursday.

Miss Dorothy Jean Anderson underwent a tonsilectomy this morning.

Mr. and Mrs. Dexter Shelley arrived last night from Abilene where Mr. Shelley has been attending summer school. Mr. Shelley is athletic coach in the Cisco high school.

Mrs. C. B. Powell is visiting in Abilene.

Mrs. T. H. Dabney and Miss Betty Dean McIlhenny returned to their home in Granbury today after a visit with Mr. and Mrs. C. H. Tramfell.

Dr. and Mrs. E. L. Graham and daughter, Gloria, left today for a vacation trip to Carlsbad, New Mexico.

Arils Ramsey of Wink is visiting his grandparents, Mr. and Mrs. A. A. Williams.

Mrs. Codie Martin and Mrs. Jack Gordon of Granbury are spending a few days with Mrs. Oscar Cllett.

Rev. Frances E. Barnes of Woodson and Ivan Little and Elton Dennis of Woodson, are visiting Dr. David Tyndall.

Mrs. Simon Coplin and daughter, Sandra Jean, will leave today for a visit with Mrs. Coplin's mother, Mrs. B. L. Viensky, in Shreveport, La.

21 Texas Papers Are Over 50 Years Old

Twenty-one newspapers in Texas have been published more than 50 years according to statistics compiled by the Editor and Publisher newspaper magazine.

The Galveston News, along with the Dallas News, head the list as the oldest publications in the state, according to the magazine. They were established in 1842.

In addition to the 2 papers in Texas which have been published more than 50 years, the list also included six papers in Louisiana.

Other papers and the year of their beginning are: Austin Statesman, 1871; Brenham Banner-Press, 1875; Bryan Eagle, 1876; Corpus Christi Caller, 1883; Dallas Times-Herald, 1879; El Paso Herald-Post, 1880; El Paso Times, 1879; Gainesville Register, 1884; Galveston Tribune, 1880; Laredo Times, 1881; Marshall Messenger, 1887; Paris News, 1869; San

SISTER MARY'S RECIPES

BY MARY E. DAGUE
NEA Service Staff Writer

SPARE a corner of your perennial border for a few of the old-time sweet herbs that were always to be found in your grandmother's garden and you'll rejoice the palates of your household.

Some herbs are perennial and, when once established, will come year after year. These include thyme, sage, sweet marjoram and lavender.

Dry and Store for Winter

Many may be dried and stored for winter use. Some may be used fresh, just as they come from the garden. Borage, burnet, sweet basil, thyme, sage and savory are used only after being dried. Chives, parsley, dill, chervil and mint are good fresh as well as dried.

The secret of fine cooking lies in the seasoning and no French housewife ever makes a soup without a fagot of herbs or kitchen bouquet. This kitchen bouquet usually contains bay-leaf, parsley, pepper-pod, carrot, celery and chives. Soups and stews seasoned with these herbs have a savoriness impossible to gain any other way.

Sage, thyme, savory and marjoram are used in stuffings for poultry and meats. Dill, caraway, fennel, mustard, burnet, horseradish and mint are for sauces.

Herb Vinegars

Herb vinegars are specially good in salad dressings. Basil, tarragon, garlic and parsley vinegars are easily made at home. Most fancy grocers also keep these vinegars on their shelves. Often it is the vinegar that is the source of the indescribably agreeable taste found in French dressings served in fine hotels and restaurants.

Tarragon vinegar should be made in August when the leaves are at their best, although the

Tomorrow's Menu

BREAKFAST: Chilled tomato juice and lemon juice, cereal, cream, liver and bacon patty cakes, crisp toast, milk, coffee.

LUNCHEON: Stuffed baked cucumbers, tomato and water-cress salad, grape juice corn-starch pudding with plain cream, milk, tea.

DINNER: Broiled hamburger steak with mushroom sauce, rice potatoes, stewed okra, salad of mixed greens with hard cooked egg dressing, blackberry sherbet, plain cake, milk, coffee.

dried leaves always can be used. Four cups of hot vinegar are poured over one cup of fresh leaves and allowed to stand three weeks, stirring each day. The vinegar is then strained and bottled ready for use.

Basil vinegar is made by steeping the leaves in vinegar. For two weeks the vinegar is heated each day and poured over the leaves. The infusion is strained and more basil added until the desired strength is obtained.

Garlic vinegar is unusually good with summer vegetable salads. Head lettuce, sliced tomatoes, cucumbers, new cabbage—in any vegetable served with French dressing made with garlic vinegar gains a distinctive flavor.

Garlic Vinegar

Six cloves garlic, 8 leaves basil, 1-2 nutmeg, 3 lemons, 3 1-2 cups vinegar.

Grate nutmeg, squeeze juice from lemons, heat vinegar to the boiling point. Combine all ingredients and bring again to the boiling point. Bottle and let stand three weeks. Strain, bottle and seal.

We have Picnic Hams, Boiled, Baked and Cured Hams; Beef Liver, Swiss Cheese, Block Chilli, Pigs Feet, Pork Sausage, etc.

Behind the Scenes in Washington

BY RODNEY DUTCHER
NEA Service Staff Correspondent

WASHINGTON—Don't let your congressman go telling you there aren't plenty of jobs to be had in Washington. Put him on the spot!

The old spoils system, which was joggling along steadily enough before Roosevelt went away from here, has found flourishing as pervasively in the last few weeks as at any other time since the days of Andrew Jackson.

The Farley-Hurja crew whose task it is to see that all federal jobs are handed out on a political basis has dug its hooks into the new agencies. If you don't believe it, just watch the crowds lined up in the halls outside Democratic national committee headquarters here.

Contempt for the merit system was never more bald-faced and obvious.

Applications for Federal Housing Administration jobs are all referred to the national committee. Emil Hurja, Farley's patronage boss, is in full charge.

THAT'S since Bennet Schaeffer, who at first did the FIA hiring, was eased out. Schaeffer was a very minor "brain truster" who insisted on brains and merit.

He was foolhardy enough to ignore recommendations from Hurja, Secretary Hull, and White House Secretary Marvin McIntyre. So they booted him out and tossed FIA to the spoilsmen.

About 150 persons hired by

Schauffer are in danger of losing their jobs. Unless they can recruit strong political backing, most of them will be accused of being "Republicans" and fired.

For months, the capital has been promised a cleanout of the political gangsters in the Bureau of Foreign and Domestic Commerce who engineered the defeat of Dr. Willard Thorp, nominated but not confirmed as the bureau's chief.

SECRETARY OF COMMERCE

ROPER, a veteran politician sometimes known as "Slippery Dan," has just announced a clean-out—of four division chiefs who were unfortunate enough to have been appointed under Hoover.

All had jobs as specialists which could be described as political only by a large stretch of imagination. Roper admitted that the dismissals were no reflection on their abilities and that their successors had political endorsements.

Just one other instance—the new Federal Archives Section, created by the recent Congress. It probably will have at least 1000 employees and not one will be under the merit system—a calculated congressional omission which is one of the boldest attacks on civil service ever made.

The beauty of this situation is that federal archives, now kept in the various departments, but soon to be transferred to an Archives Building, are being capably handled by civil service employees who know their jobs and all about the archives.

Expelled by Reich

Dorothy Thompson, noted writer and wife of Sinclair Lewis, the novelist, has left Germany at the invitation of Adolph Hitler's government, which cited unfavorable articles about Der Fuehrer, written before his rise to power, as the circumstance making her an undesirable visitor.

IF RAN IN AFAMILY

TUSCALOOSA, Ala., Aug. 31—It runs in the family. When Kappa Delta, Pi, national educational fraternity, selected 10 new members at summer ceremonies here recently, among them were: Mrs. Janie Sullivan, Decatur, Ala.; her daughter, Grace Huff, Drew, Ala., and a son, Walter Sullivan, Benton, Miss.

Greene Item, 1877, and the Shreveport Times, 1872.

Bed-ridden Vet Has Large Stamp Trade

KERRVILLE, Aug. 31—Despite that he is bed-ridden Milton E. Harris, 40, a patient at the U. S. Veterans Hospital at Legion, near here, has established a business that has grown to international scope in four months.

Entering the hospital as a disabled ex-service man from Chicago, Harris brought with him a collection of stamps which he had started as a hobby when he was a child. About four months ago, he decided to convert his hobby into a business. He advertised in a philatelic magazine, and since has sold stamps to buyers in Canada, Porto Rico and the United States.

Harris buys stamps, too, in order to keep his collection from dwindling. Many fellow-patients visit him to examine his display of stamps of various ages, shapes and sizes from numerous parts of the world.

BUTTON COLLECTION

BELOIT, Wis., Aug. 31—More than 3,000 buttons, each different

Open Air Bench Home for Spinster

LONDON, Aug. 31—An elderly spinster and her cook live on an open-air bench.

In the daytime they sit on the bench. At night they sleep on it.

The woman, Miss Annie Sands, her cook, who is called Sim, have led their present mode of existence for 12 months.

Their only household effects, as well as their luggage, are contained in numerous paper-covered parcels, surrounding their bench for two in Ladbrokegrove, W.

Miss Sands and Sim once lived

They always get a hearing crackle!

snap! pop!

Just watch children listen to Kellogg's Rice Krispies crackle in milk or cream. Then watch them eat. You never need to coax them.

Rice Krispies are a fine, nourishing food. Easy to digest. Extra good for the children's evening meal. Always oven-fresh in the WAX-TITE wrapper. Made by Kellogg in Battle Creek.

Listen!—get hungry
