### Colonel Testifies Against Kidnapers

#### About Our Friends

By STEVE A. LONG

Miss Cleo Wright, of the First National Bank, visiting the post-office. Mrs. E. L. Smith and Corky, also at the federal building. Judge R. M. Carter, of Sherman, has been strongly recommended for appointment as chairman of the highway commission. Also, Bert King of Wichita Falls. This is the information of our friends who are interested in the highway situation through Cisco. O. A. Humphreys out early. J. L. Thornton and Geo. Boyd discussing important questions of the day. Mrs. Nick Miller and Bobbie Lee down town. Mrs. J. T. Elliott driving down main. H. S. Drumright, also back from college. Mr. H. L. Sterling, and some of the neighbors back to school Tuesday. College students are always greeted by the younger set when they leave after the holidays, and course the parents miss them. Mr. Isaac, of Randolph. Mr. H. L. Sterling, of W. F. Springs, on the streets. One of the best in point of service, at the Edge. Mrs. Little but thinks she has three mighty dependable boys. Mr. and Mrs. E. J. Hendon greet you very pleasantly as you enter their store. Mitt Williams is a real sport. They impose a kind of duty on him at the luncheon, but he is game. Little Pat Fee cutting a hair cut and asking more questions about the barber business than Reed Young is able to answer. Little Linda playing about. Guy Dabney and a swell pair of boots. Santa Claus died in 1926. Mr. and Mrs. J. Connolly back from a holiday visit. J. F. Alsop and D. A. Williams has been eating gold fish. He's getting unusually shrewd.

**Cisco Roundup**  
October, 1910.  
Misses Maud Crossley and Ola Wright of Eastland arrived in Cisco Wednesday to visit Miss Minnie Higgins. Mrs. Louis Strawn of Brown visited Mrs. C. L. Abbott in city Saturday while en route to home from Carbon. Miss M. K. W. went to Baird Wednesday. H. Bohning of Ft. Worth is in city. Russell Elliott and wife visited relatives at Moran Sunday. Walter L. Morris of Albany was Cisco visitor Wednesday. Miss Montgomery left Saturday for Abilene. Mrs. A. Park Saturday for a visit with her at Putnam. Mrs. J. A. Ayers Cottonwood was a Cisco visitor Sunday. Mrs. Staggs of Clyde a guest of Mrs. Aaron Mayhew week. Mrs. G. W. Troxell and Mrs. J. M. W. visited friends at DeLeon week. Clark Nichols is in to this week attending court. Cook made a business trip to Waco Wednesday. Rev. G. W. Harrell in the city this week. Clinton Alexander visited Waco Saturday and Sunday. Elizabeth Sauer returned from a few days visit at Putnam. Mrs. Dean arrived in to Friday to visit her sister, Mrs. Langston. Miss Lona McCall of Eastland visited Miss Harrell in the city this week.

### President's National Campaigners on "Polio"

When President Roosevelt recently consented to "lend" his 53rd birthday anniversary on Jan. 30, 1935, to a nation-wide fund, proceeds of which will be used to fight infantile paralysis, again the country's attention was focused on the seriousness of the disease. The map above shows the number of orthopedic hospitals in the United States recognized by the American Medical Association, and their location. These 69 today carry the load in giving treatment to the 200,000 persons in the country who bear the

### Spencer Is Reelected At C. of C. Meeting

All registered Eagle Scouts are expected to attend, and a special program is being arranged for them. The program for the meeting is being completed and will be announced in a few days. Wins Ten Year Award Troop 5, of which Rev. William Foster is scoutmaster, is the first to win the ten year award. One other man, Johnny Cox, was a candidate for the position at this year's election. At the same time, J. M. Bird was elected agriculture secretary of the chamber. Secretary Spencer announced that Mrs. P. B. Hudlow would remain as stenographer. Possibility of obtaining a CCC camp here as a park project were discussed and a committee was to be named by President Charles C. Hale to investigate the matter. It was announced that it would be necessary to furnish between 400 and 500 acres of land for the project. Director E. P. Crawford recently conferred with State Park Superintendent Culp on the matter.

J. E. SPENCER

### EXPECT FUNDS FOR LABOR TO ARRIVE SOON

Work relief projects will start in Eastland county Friday, a representative of the American, was told by the county relief administration this morning. Money for the January work has not yet been received, it was said but it is expected in the early part of next week. Work relief projects were recently abandoned when it was learned that there was no money available to carry them on, and County Administrator H. E. Driscoll went to Austin to learn what was to be done in this regard. STREET AND HIGHWAY JOBS EMPLOY 26 AUSTIN, Jan. 3 — Work relief projects to employ 474 men at a cost of \$43,329 carried the approval of the engineering department of the Texas relief commission today. Relief administrators were confronted with a case load of 300,587 destitute families as they planned relief for January. The case load had increased 1.9 per cent over December's 270,596 families. Approximately 21 per cent of the state's population was on relief rolls. Street and highway projects in Eastland county will employ 26 men daily. Sixty-eight homes will be rehabilitated in Eastland and six other counties at a cost of \$18,435. Lumber for bridges will be salvaged from condemned railroad cars in Freestone county.

### MRS. HENRY IS FREED AFTER MAKING BOND

EASTLAND, Jan. 3 — Mrs. Raymond Henry, charged with murder in connection with the slaying of her former husband, H. L. McBee of Rising Star, whose skeleton was found hanging from a tree more than a week ago, today was released from the Callahan county jail when she made bond of \$1,500. Her husband, whose bond was set at the same figure by the district court, will probably make bond shortly, it was announced by J. Frank Sparks, attorney for the two.

### Highway Discussed

Location of state highway number one was discussed. It was announced that the engineering department would pass upon the location within the next two weeks and would notify Cisco of the routing. Sixteen men were nominated for the eight directorship positions left vacant. They will be presented to the city commission and eight of them chosen as directors. Outgoing directors are J. E. Caffrey, E. P. Crawford, Dr. Charles Jones, S. H. Nance, Charles Sandler, P. P. Shepard, W. W. Wallace, and F. D. Wright. Those whose terms do not expire until next year are Dr. Charles Hale, C. P. Cole, Dr. F. E. Clark, Ed Huestis, J. B. Pratt, J. J. Collins, and W. H. LaRoque. The financial statement of the secretary was presented, discussed, and approved. It will be published in a later issue of the Daily News. Those present were J. E. Caffrey, Dr. F. E. Clark, C. P. Cole, E. P. Crawford, Dr. Charles Hale, Ed Huestis, W. H. LaRoque, S. H. Nance, J. B. Pratt, Charles Sandler, J. E. Spencer and P. P. Shepard.

### South Rules 74th Congress

WASHINGTON, Jan. 3 — The 74th congress convened today in the grand old southern leaders pledged to enact President Roosevelt's recovery legislation. Danger of radical legislation diminished as legislators met. Business, seeking White House protection, finds solid foundation for confidence that Mr. Roosevelt can control this congress on most issues. Immediate payment of \$2,100,000 to war veterans in exchange for their service compensation, certificates does, however, promise a hot fight and possible defeat for anti-business New Dealers. Industrial improvement and re-employment of millions of jobless depend largely now on the house and senate, which met today for the first time after the democratic election sweep of last Nov. 6. Two thirds majorities in both houses claim allegiance to the administration but democratic forces are divided on banking, industrial, relief, and social security legislation which will top this session in importance and bitterness in debate. Mr. Roosevelt waits in the White House for word from congress that it is in session and ready to hear his message he may care to deliver to a joint session. Tomorrow he will report on the state of the nation. On Monday congress will hear his budget message.

### OFFICERS ARE INSTALLED AT LION MEETING

Initiation of new members, installation of officers for 1935, and speeches by both outgoing and incoming officials marked the program of the Lions club at its noon luncheon Wednesday. After the meal and a few preliminary remarks, President H. L. Dyer announced that he had a few more duties before turning over the gavel to President-elect E. L. Smith. W. H. LaRoque performed the initiation ceremony for Lion Cub Dexter Snellley and G. A. Lee. A greeting to the club from District Governor D. T. Bowles of Breckenridge was read. The financial statement for the month closing, Dec. 31, which showed a cash balance, was read by President Dyer, after which he presented the gavel to President-elect Smith. Then followed brief talks by all old and new officers and pledges for a closer cooperation for 1935. Much humor was put into these talks. Lion Smith who had been tail twister, pulled a long tail made of twisted rope from under his coat and presented to his successor, H. Branden. Then Branden pulled a huge pile of notes for a speech from a brief case and told Smith he had forgotten his notes for his speech. Lion Horace Condy and Rotarian H. D. Gorham were visitors.

### BOOSTER CLUB MAKES PLANS FOR MEETING

Plans for the next meeting and banquet of the Cisco Boosters, to be held Jan. 8, were announced by the organization this morning. The speaker will include, as the chief speaker of the evening W. H. Stanley of the Dallas Chamber of Commerce. Well known and liked in Cisco, Stanley recently conducted a business institute at the Chamber of Commerce building here. The national Junior Chamber of Commerce will send delegates to the meeting, which will be held at the Laguna hotel, it was announced. Other junior chambers of commerce to send delegations will be Fort Worth, Breckenridge, Graham, Mineral Wells, and Weatherford. The West Ward Rhythm band will give several numbers at 7 o'clock. George Boyd will give a summary of the Booster activities from the organization of the body. H. G. Bailey will make the financial report, showing all bills paid and money in the treasury. The Federal Housing administration will have a representative present, it was announced.

### CRAWFORD IS GIVEN ROTARY MERIT AWARD

The award was made for a perfect attendance record which covers meeting for 12 years. He is a charter member of the Cisco organization. Chairman Collins spoke on attendance at the club. Each Rotarian present made a short speech and resolved to carry out the aims and ideals of the organization to a fuller degree during the New Year. Visitors present were E. R. McDaniell of Abilene, C. B. Newby of Breckenridge and E. W. Berry of Abilene.

### G. H. HITCHINGS FUNERAL TO BE HELD FRIDAY

Funeral services for George Herndon Hitchings, 73, who died this morning at 10:30, will be held at 10:30 a. m., Rev. C. S. Moard, pastor of the Church of God, officiating. Interment will be in Oakwood cemetery. Mr. Hitchings, who made his home with his nephew, George H. Cleveland, 1408 West Fifth street, had lived in or near Cisco for a number of years, and had lived in the city for a year. Survivors include four children; a brother Jess Hitchings; two nephews, George H. Cleveland and Grover Cleveland of Cisco; and a niece, Mrs. Cleveland Allen of Albany.

### Prisoner Returned To Winkler County

Sheriff W. A. Priest of Kermit this morning left for Winkler county with M. J. McCarty who is wanted there on a swindling charge. Cisco officers arrested McCarty here Tuesday night at the request and held him until the Winkler county sheriff arrived here Wednesday.

### Ciscoan Undergoes Kneecap Operation

He was said to be resting well at noon today. He will probably be at the hospital for a week, attendants said. He will be unable to walk for two months.

### Rail Workers Will Get Pay Increase

DALLAS, Jan. 3 — The state's 50,000 railroad employees will have approximately \$2,400,000 more to spend this year than last, it was estimated today. J. T. Brindley, international vice president of the switchmen's Union of North America with headquarters temporarily at Dallas made the estimate on the basis of a nationwide wage increase Tuesday for rail workers.

### Rites Are Held For Corn Valley Woman

Mrs. Rachel Morgan, 65 of Corn Valley, died Tuesday, Dec. 11, following a lingering illness of heart disease. She received injuries from a fall five months ago from which she never recovered. She was born in 1867 and spent her early life in Eastland county, where she was married to Rev. E. J. Morgan. The family moved to Wheeler county 32 years ago and have since made their home on the farm where she died. To this union eight children were born. All are living except one daughter, who died in infancy. She is survived by her husband and seven children. They are Vado Morgan, Eula Mead, Cloie Lollar, John Morgan, Flora May Scriber, Andrew Morgan and Billy Morgan; also 29 grandchildren, two great-grandchildren and a number of other relatives and a host of friends. Funeral services were conducted Wednesday afternoon at the Baptist church in Mobeetie with burial in the Mobeetie cemetery.

### Walter Stockard Is Youngest Texas CPA

A bachelor of arts degree from the University of Texas at the age of 20 and a certified public accountant on his 23rd birthday is the record of Walter Stockard, former Cisco boy. Walter, who is the son of Rev. and Mrs. S. Stockard, worked his way through school despite depression and discouragements, and took his A. B. degree from the University of Texas when he was only 20 years of age. He then turned his attention to the securing of his business education and became perhaps the youngest certified public accountant in Texas by securing his certification on his 23rd birthday. Since the law forbids, he cannot use his certification until he reaches the age of 26. Young Stockard is now employed by an oil company in Houston.

### Syndicate To Print Napoleon's Letters

PARIS, France, Jan. 3 — Napoleon's hitherto unpublished letters to Empress Louise have been sold to the United Features Syndicate, the French government announced Wednesday. The ministry of education, which recently acquired title to the absorbing and romantic letters, awarded exclusive publication rights to American syndicate after spirited bidding by newspapers, magazines and publishers throughout the world. Napoleonic authorities in France, working feverishly to decipher the letters — written from horseback, from headquarters and camps stretching from Paris to Moscow, agreed in declaring the collection the greatest Napoleonic find in modern history.

### Walter Stockard Is Youngest Texas CPA

A bachelor of arts degree from the University of Texas at the age of 20 and a certified public accountant on his 23rd birthday is the record of Walter Stockard, former Cisco boy. Walter, who is the son of Rev. and Mrs. S. Stockard, worked his way through school despite depression and discouragements, and took his A. B. degree from the University of Texas when he was only 20 years of age. He then turned his attention to the securing of his business education and became perhaps the youngest certified public accountant in Texas by securing his certification on his 23rd birthday. Since the law forbids, he cannot use his certification until he reaches the age of 26. Young Stockard is now employed by an oil company in Houston.

### Sewing Class Will Meet at East Ward

WINE-COOLING COSTS LIFE CLEVELAND, Jan. 3 — Herman Jacobs liked to keep his wine barrel on the roof of his home, where it would always be cool. But the practice cost him his life. When his daughter and son-in-law came to visit him he went up to fill a pitcher, stumbled over the barrel and fractured his skull when he fell to the ground.

### Quincy Lee Moves Business To Cisco

Quincy Lee, former wholesale beer distributor at Albany, has moved his business to 419 D avenue, Cisco, where he will continue as a wholesale distributor for Jax beer for his territory, which consists of 17 counties. Lee entered the wholesale business at Albany immediately after the sale of beer was legalized in Shackelford county and before it was legalized in Eastland county and Cisco.

### Dallas City Dump Brings in Revenue

DALLAS, Jan. 3 — The city dump is rapidly becoming a valuable asset. A few years ago the city received no revenue from the dump, but now bids as high as \$390 per month for the right to gather salvage from the junk pile have been received by the city officials.

### ENLARGE FAIRMONT PARK PHILADELPHIA

PHILADELPHIA, Jan. 3 — Fairmount Park, the largest city-owned park in America as being further improved as part of the LWD work in this district. The 3,597 acres of playground will have additional rock gardens and more miles of bridle paths when the work is completed next year.

**HUNTING FREAKS**  
ERRVILLE Jan. 3 — Rare hunting occurrences were reported this section recently by Mrs. Will Ridgeway and Adam Wilson, Jr. Ridgeway found the bodies of buck deer which had battled to one. One buck had 10 points and one 11. Wilson bagged two with a single shot while hunting deer 40 miles southwest of on his ranch.

1934 Is Big Year In Manchukuo Economy

HSINKING, Jan. 3.—Manchukuo's economic advancement in 1934 is unquestioned by Far Eastern business economists. Advancement toward complete and self-reliant statehood is considered a matter for debate. Economic achievement includes building of railroads and highways, flood prevention construction, liquidation of foreign debts owed by the former regime and the placing of Manchukuo's currency on a firm basis. Taxes have been lowered and the country has maintained a balance budget. The total income for the fiscal year ending in July 1934 was 149,100,000 Manchukuo Yuan. Income for the present fiscal year is 138,000,000 Manchukuo Yuan and officials assert that no deficit will be permitted. Until late in the year Manchukuo had but two monopolies, salt and opium. In November however, petroleum and petroleum products were declared state monopolies and will be a revenue producer in later years.

Jap Arrested For Pictures Released

ST. PETERSBURG, Fla. Jan. 3.—Yoshito Matsuda, Japanese naval officer who was arrested while tak-

ing waterfront pictures here, was released Wednesday by immigration officials. Matsuda left immediately for New York, planning to report to his country's embassy in Washington enroute.

124 Is Toll For Nation's Holiday

Copyright 1935 by United Press. Traffic accidents, fires, shootings, and suicides left the list of New Year fatalities, a nationwide survey revealed Wednesday. Reported deaths for the nation totaled 124.

Auto fatalities, the greatest, totaled 60, fires 12, suicides 9, shootings 9, train accidents 2, alcohol 2, frozen to death, 1, miscellaneous 29. City, town, and street closures in the process and the usual heavy holiday traffic appeared to account for approximately half the total.

Defense Rests In Kansas City Trial

KANSAS CITY, Jan. 3.—The defense rested its case today in the trial of four men and three women charged with conspiring to liberate Frank Nash, federal prisoner. Nash and four officers were killed in the delivery effort.

Chevrolet Announces Two New Lines for 1935

Fleet, graceful lines also mark the New Master De Luxe Sport Sedan. Ample luggage space is provided by the built-in trunk and a luggage compartment behind the rear seat cushion.

Right: Front view of New Master De Luxe Coupe showing distinctive and graceful lines. Below: The sedan model in the New Standard series, which, powered by the long-lived Master engine, combines brilliant performance with its smartness and style.

Typical of Chevrolet's two new lines of cars are the models illustrated here. The Master De Luxe series reveals strong emphasis on beauty and style. Mechanically, the Master De Luxe series and the New Standard series have much in common, including the Master engine, in which numerous refinements have been made to enhance performance, durability and economy. As these pictures reveal, the New Master De Luxe departs distinctly from previous Chevrolets in striking advance which has been made in body design and trim.

Huffmans Are New Oil Belt Players On All-Star Teams

Mr. and Mrs. H. T. Huffman are new citizens of Cisco, coming from Eastland where Mr. Huffman has been in the welding business for a number of years. Mr. Huffman is an experienced welder, doing all kinds of oil field work in his line. He has a portable welding truck that enables him to move rapidly to a job, wherever it may occur. Mr. and Mrs. Huffman have two children, Billie, 11, in the sixth grade; Kenneth, 9, in the third grade.

Think Hamilton In Oklahoma Battles

MIAMI, Okla., Jan. 3.—An officer and a gunman were dead today, two other officers were wounded, and poses sought two or more fugitives in the tri-state area after two gun battles at Pitcher last night. Deputy Sheriff Gerald Hodges, 35, Miami, and Buster Cooper, suspected bank robber died of gunshot wounds. Hodges was shot through the heart. Cooper was believed to have fired the fatal shot. Some of the officers on the case believed Raymond Hamilton, southwestern desperado was in the battle.

LIVE POISONS CHILD. SPRINGFIELD, Mo., Jan. 1.—It took three months for a solution of a case which she drank to prove fatal to three-year-old Ina Belle Harrell. The child was fed through a tube after the solution ate through her esophagus. Pneumonia hastened her death.

BARGAIN BEAVER SKINS. SEATTLE, Jan. 1.—A beaver skin was worth a mink in early fur trading days, but 95¢ of them sold for only \$3.125 at a recent federal auction. The customs service. Government appraisers valued them at \$2,000.

With the high school football season for Texas over, all-star selections have been coming in. The Oil Belt, usually one of the strongest districts, was represented on the all-star teams this year as in former seasons. Aaron Anderson, big threat back of the Ranger Builders was given a berth on the first team in the group announced Wednesday by the Associated Press. Anderson, along with the rest of the Oil Belt all-district team, was mentioned in the list of all-stars compiled recently by the Ft. Worth Star Telegram. Sentell Coffer of Cisco was on the Star Telegram team.

Ancient Crucifix Is Found On Post

MERCED, Cal., Jan. 3.—Believed concealed by a nearby Spanish or Mexican rancher during the days of '45, a five-inch brass image of the Savior Jesus fell from an old fence post when J. M. Reynolds, choppers it up for kindling wood. "It must have been hidden by some priest or Spanish don during the gold rush days when many Spanish ranchers were in this part of the country," Mrs. Reynolds said. Although the cross was missing the nails still remained in the hands of the statue.

GAMBLING—NO BAR. NEW BEDFORD, Mass., Jan. 1.—Just because a man gambles is no reason to bar him from citizenship, ruled Superior Judge Edward H. Hamill. Joseph Vieira, applying for citizenship in the United States, has a gambling record, according to a naturalization examiner, and therefore should be barred. The examiner replied that the state had gone into the same business now and that he wouldn't bar Vieira from citizenship on that record alone.

KANSAS MAKES MOST FLOUR TOPEKA, Kan., Jan. 3.—Approximate output of flour for the 1934 crop is 15 per cent of the nation's wheat was produced in Kansas, which made Kansas the ranking flour producing state, the state planning board reported.

Advertisement for Chesterfield cigarettes. Features an illustration of an elderly woman sitting in a rocking chair, smoking a cigarette. Text includes 'Land Sakes! I do believe I'll try one' and 'they all keep saying... THEY'RE MILDER — and I hear them say... THEY TASTE BETTER'. A pack of Chesterfield cigarettes is shown in the bottom right corner.

Advertisement for Texaco Motor Oils. Text includes 'Don't Pour Oil Don't pour just any kind of oil into your crankcase Texaco Motor Oils will insure perfect lubrication and a noiseless motor during its lifetime. Texas Service Station' and an illustration of a Texaco attendant.

TEXAS LIVESTOCK SHIPMENTS CONTINUE INCREASE OVER 1933

AUSTIN, Jan. 3.—Livestock shipments from Texas to Fort Worth, Kansas and interstate points during the first eleven months of the year were 71,957 cars, an increase of 46 per cent over the corresponding period last year. This increase was due entirely to the greater shipments of cattle and calves, a decline of 45 per cent having occurred in sheep. Shipments of hogs and 2 per cent in the foregoing points totaled 48 per cent over the 4,652 cars during November last year. The largest increase in livestock shipments in this year is in sheep, amounting to 78 per cent over November last year. This large increase reflected the increased pressure by the government in areas with insufficient sheep in the bureau's report said. Shipments of calves, 1,228 cars; sheep, 225 cars, and hogs, 815 cars, increased 6 per cent, 34 per cent and 34 per cent respectively.

clines in cattle, calves and sheep; Kansas, increases in cattle, calves and especially sheep; Nebraska, declines in sheep; Oklahoma, increases in cattle, calves, hogs and particularly sheep; Arizona, increases in cattle and calves and declines in sheep; Iowa, decreases in cattle, calves and sheep; New Mexico, a sharp decline in all classes. More From Plains "Shipments from the various districts of the state showed marked variation in comparison with last year. Increases were most marked from the northern part of the plains. With margins of increase also occurred in the southern half of the Panhandle, the Northwest rolling plains, North Central Texas and the Trans-Pecos country. On the other hand, shipments of cattle were about equal to those of last year from the Edwards Plateau while the movement of calves and sheep from this district decreased sharply. In the Coastal Plains and South Texas receipts of cattle were considerably in excess of shipments, although shipments of calves from these districts were not only greater than receipts but they were also substantially larger than a year ago. "These contrasts reflect the unusual conditions which prevail in the Texas livestock industry as a result of the drought, the acreage curtailment program and the government's efforts to ameliorate the food situation."

Greetings to a People of Fighters

An Editorial
Greetings and best wishes for the New Year!
Greetings to a city and a nation of fighters.
Since the American wished the people of Cisco a happy New Year for 1934, many things have happened to Cisco and to the world. Another year has gone by, perhaps a weary year, perhaps a year of sorrow, but certainly a year of hope.
The year has seen strikes and assassinations, war and threats of war, drought and crop control, kidnappings and a war on crime, unemployment and an expansion of relief. But as the year turns, Cisco and the people of the nation have the satisfaction of knowing that they have weathered the storms and have come forward with the best year in trade since the beginning of the depression.
Cisco has seen great happenings too. There have been tragedies and accidents but constructive work as well. Turning from the misery of depression, the people have looked beyond the dollar mark and seen other values. They have turned to helping each other and to building up their city. At least one church has reported its greatest year in recent times. Schools have been made better for Cisco boys and girls. Schools have been organized for free adult education. A booster organization has been formed to promote Cisco.
At the same time, the dollar mark has kept pace with other values. Relief money, coming

BRITISH PLAN HUGE COMBINE FOR TRAVEL BY LAND, SEA, OR AIR

By ROBERT C. DOWSON
United Press Staff Correspondent
LONDON, Jan. 1.—The possibility of a huge, state-aided, British combine of land, sea and air travel organizations is realized as the result of a number of agreements between transportation companies.
The latest of these is the recent agreement between the Cunard-White Star Line and Imperial Airways. Under this agreement the Cunard-White Star act as general agents for Imperial Airways in the United States, thus providing Imperial Airways with five thousand agents in the United States. On the other hand the airways organization in Britain, on the Continent and throughout the British Empire will be utilized for booking passages by Cunard-White Star ships.
Another recent link up was that between Imperial Airways and the four British railroad companies. A few years ago the railways suffered severely from competition from road transport. When internal air services appeared to be on the increase the railways decided to have a share in the business.
A new company was formed and named Railway Air Services, in which the four railroad companies and Imperial Airways are equally interested. In the event of one of the railroad companies wishing to run an air service between any two points on their route Railway Air Services operate the air line at the expense of the railroad company.
It will be recalled that both the Cunard-White Star and Imperial Airways have received financial support from the British government and it is quite possible that

Crepe Suzettes Are Reason for Upset

PARIS, Jan. 1.—Business stopped temporarily at the Ritz when Chef Georges Gimon, who has been in the kitchen since 1898 got a copy of the "Life a la Henri" by Henri Carpentier of Henri's Restaurant, New York. He discovered that his confere claimed to have invented "crepe suzette."
"Crepe suzette," the most delicate pancake imaginable, cooked in a variety of liqueurs, was invented for the special delectation of Edward VII, according to Henri's book. M. Gimon snuffed. "Crepe suzette," he said, went back at least as far as Queen Victoria's Jubilee. He had cooked them himself in 1893. M. Gimon continued and they were far from new then.
But the Ritz chef's chief argument was based on the fact that Henri must have been 13 when he says he produced "crepe suzette" for Edward VII.
The 13-year-old boy may be a great violinist," Gimon said, "but not a great cook. Good cooking requires maturity and few examples exist of men making a cooking reputation before they have achieved the age of judgment—say about 40. An accident, judging from Carpentier's book, made him serve "crepe" sony with champagne to the then Prince of Wales, but that's not "crepe" suzette." Anybody knows they couldn't have been discovered by accident."

Cognac Producers Form Co-Op Group

COGNAC, France, Jan. 1.—More than 1,200 small Cognac producers have formed themselves into a powerful co-operative group here in an effort to overcome financial difficulties and to invade the American market.
This new organization, which already has improved the situation of cultivators and distillers in the region, is called "The Co-operative Union of Cognac and the Vine Growers."
As individuals, the Cognac cultivators have had difficulty during cessary credits and in marketing their brandy but since the formation of this society they have succeeded in realizing their collective demands. The Bank of France just recently discounted their paper for 90 days.

CREATION OF NEW OIL BODY IS SUGGESTED

WASHINGTON, Jan. 3.—Creation of a new federal agency with jurisdiction over the petroleum industry was recommended today in a report of a house interstate commerce subcommittee.
The subcommittee's plan was announced in a report by the planning and coordination committee for the oil industry which presented somewhat similar recommendations recently.
The house committee program, however differed at several points with that of the industry group. It was drawn up after examination of many suggestions for remedying the industry's ills.
Against Present Form
The committee pressed results which had been made by Oil Administrator Harold Jakes but advised against continuance of the oil regulation in its present form.
The report suggested a new agency which would absorb many activities in various departments of the federal administration was suggested by the agencies which suggested it might grow out of the bureau of mines.
The reports stated that studies indicated the petroleum administration should be continued.
MARGINAL WELLS UNDER NEW ORDER
AUSTIN, Jan. 2.—Marginal oil wells were under a new production order today. It specified just how much each well may produce.
Col. E. O. Thompson of the state railroad commission said the order does not reduce actual production of any well. It reduces the present allowable to what they are actually producing.

Soviet Railroad In Caucasus Is Opened

MOSCOW, Jan. 1.—As a part of the Soviet Union's program of railroad expansion, a new line has just been completed between Brozuela and Gumbri. It runs through a newly developed region in the Transcaucasian Republic.
Built under the auspices of the GPU the road was constructed largely by convict labor. As a result of their good work, many of the prisoners have now been freed and given passports to establish their status as respectable Soviet citizens.
The economic importance of the new line is that it will furnish transportation for gumbrin, a mineral used by the oil industry which is found in quantity in the region served by the railroad.
Also a branch line extending from the main road connects with Tshaltubo, a Caucasus summer resort which previously has lacked railroad facilities.

BIGGEST RISE FOR BUSINESS IN FARM AREA

NEW YORK, Jan. 3.—Business conditions were slightly improved during November and the upturn for the month added to the gain in October brought the level of activity to where it was in August, according to the monthly report of statisticians of the National Industrial conference board. The farming districts as a whole show the largest gains.
In major industries production recorded a net advance over seasonal expectations. General distribution and retail trade showed a net improvement in November over October. Commodity and security prices advanced somewhat. Cost of living eased off again.
Steel and Iron Better
Steel and iron production showed sizable gains in November over October but industrial production showed mixed movements with a net gain. Automobile output declined in about a seasonal manner. Textile activity maintained a relatively high poststrike level for October and November. Electric power output increased more than seasonally. Building construction awards as a whole fell off more than seasonally and residential awards declined after the uptick of October.
Steel Trade Increases
Department store trade in November was 15 per cent greater than in October in dollar value turnover, the gain between the two months being less than is normally seasonal, estimated at between 3 and 5 per cent. Compared with a year ago however, November sales were 11 per cent greater in dollar value. The expected seasonal advance for December over November was estimated at 90 per cent.

# About Cisco Today

## REV. AND MRS. CURRY HOLD OPEN-HOUSE

Celebrating New Year's day, Rev. and Mrs. J. B. Curry entertained with open house from two o'clock to five o'clock at the Methodist district parsonage, 509 West Seventh street for the prescholars and their families of this district.

Lovely spring flowers were used in decorating the living room and in the dining room the table was laid with a maderia cloth centered with a vase of snapdragons over a reflector. Mrs. Frank L. Turner had charge of the dining room assisted by Misses Helen and Mildred Curry. Music was furnished by Miss Dorothy Kramer, Miss LaRue Ely and Edwin Curry. Mrs. Mason, Miss Betty Jane Turner and Mildred and Helen Curry were present in readings.

The guest list included: Rev. and Mrs. D. K. Potter of Breckenridge; Rev. and Mrs. W. J. Cloud of Bunyon; Rev. and Mrs. P. E. Cantrell of Caddo; Rev. and Mrs. M. W. Clark of Carbon; Rev. and Mrs. J. M. Hayes of Carbon; Rev. and Mrs. J. C. Main of Cross Plains; Rev. and Mrs. C. C. Henson of DeLeon; Rev. and Mrs. C. G. Smith of DeLeon; Rev. and Mrs. H. H. Nance of Desdemona; Rev. and Mrs. A. W. Franklin of Gorman; Rev. and Mrs. E. R. Stanford of Eastland; Rev. and Mrs. E. L. McCord of Pioneer; Rev. and Mrs. J. M. Bond of Ranger; Rev. and Mrs. B. B. Zyus of Rising Star; Rev. and Mrs. P. Wallace of Scranton; Rev. and Mrs. A. Helms of Wayland; Rev. P. W. Walker of Dublin; Rev. J. M. Cullpepper of Odessa; Rev. Stanley Williams of Sipe Springs; Rev. and Mrs. Preston Broxton of Cisco; Rev. and Mrs. Frank L. Turner of Cisco; Rev. and Mrs. J. D. Hendrickson of Cisco and Rev. and Mrs. W. L. Boyd of Cisco.

## T. E. L. CLASS HAVE NEW YEARS SOCIAL

Celebrating the year of 1935, the T. E. L. class of the First Baptist church met with Mrs. Mike Ray in her home for a luncheon. New Year's day.

A short business meeting was held before the social hour and Miss Cora Harris opened with prayer. Mrs. W. H. LaRoque led a beneficial devotional and a contest was directed by Mrs. G. B.

## RANDOLPH NOTES

By CRYSTAL JACKSON  
If the way the New Year is begun represents the road the rest of the year will follow, what a school Randolph will be!

The students have returned, and the campus practically reeks with good will.

The teachers have the Christmas hangover spirit of "Good will toward men" — and, fortunately, students.

Ruby Russell, head librarian, has just returned from Fort Worth, and she is extremely elated about something. We'll just guess what it is, because she refuses to tell us.

Dr. Tyndall addressed the student body in chapel and gave them such a warm greeting that the frigid-air was hardly noticed.

The holidays are over, and Santa Claus is firmly established. A few days before Christmas, some students doubted the very existence of Santa. But Wednesday morning there was a constant buzz of students telling anyone that happened to be concerned what Santa brought them. And judging by the stories,

## Bank Check Tax Ended January 1st

Beginning January 1st, banks will no longer be obliged by law to apply a Federal tax of 2 cents on every check written. This means that from now on, you can write a check without having to pay this tax.

We congratulate our present checking depositors, and we invite those who have deprived themselves of checking advantages, to open a checking account now.

Pay your bills by check. Save time and trouble. Have a perfect receipt for every important payment.

Let the end of the 2-cent tax mark the beginning of a new period of safe, orderly handling of your financial affairs.

# MARLAND NEW DEAL IS LIKE ROOSEVELT'S

OKLAHOMA CITY, Okla., Jan. 3 — One of the nations "New Deal" governors is patterning his steps as possible after President Roosevelt—making no excuses.

H. E. Marland, governor-elect of Oklahoma, former oil baron who saw his \$150,000,000 fortune melt away before he plunged into politics, first as a congressman.

Marland preached himself into the governorship over a field of 14 strong opponents, using only "the new deal" as his text.

**Politics a Game**

To him, he frequently said, politics was a game of "follow the leader," and the only leader was Franklin Roosevelt. Since his election, Marland's \$2,500,000 baronial mansion here—one of the finest and most richly appointed structures in the Southwest—has been a beehive of activity.

The states fortunes are being re-arranged in its walnut-paneled offices.

In one office, a "brain trust" of state leaders is at work on taxation and revenue problems—the task of taxing all classes and industries fairly and equitably.

Marland's "Jim Farley" In another office, Howard B. Drake, a young loan broker who directed Marland's campaign as his first political venture, receives job seekers, formulates policies, and consults with his chief. He is the "Jim Farley" of the Marland administration.

Other committees are at work getting industries established in Oklahoma, in plumbing the needs of state institutions, in studying possible renovation and modernization of the state's educational system, in looking after the state's future highway program, and in studying penal reform systems, juvenile delinquency and social reform.

**Studies Social Program**

Marland has summoned attorneys, farmers, professors—the butcher, baker and candlestick maker—to help him with a wide program of social reform such as the state has never before seen.

Gov. W. H. Murray's radical policies, which elevated him to the chief executive office four years ago, almost seem reactionary compared to Marland's "new deal."

Flood control, land utilization court reform, establishment of a

## New Ford V-8 De Luxe Tudor Sedan Shown

PHOTO shows the new Ford V-8 de luxe Tudor sedan for 1935, which has just been announced. The body lines are distinctively modern and a departure from previous Ford standards. The cars feature many engineering improvements providing greater riding comfort and increased ease of control. The engine has been moved forward. Passengers

ride closer to the center of the car. The Ford V-8 engine now has a new system of crankcase ventilation. The Tudor sedan is also available without de luxe equipment.

state police system, clemency reforms, and a host of other propositions are on the new deal agenda.

Many of Marland's advisors are decidedly liberal, others "old line" Democrats. He consults all of them, listens and makes his own decisions. He has called in the Murray-appointed state officials and elected officers to get a first-hand picture of governmental conditions. His "brain trust" is working over a multitude of reforms.

**3 Are Dead After Truck-Car Wreck**

STEPHENVILLE, Jan. 3 — Three persons were dead Monday as a result of a collision six miles east of Stephenville.

The dead were Chester Ratliff, 29, and Mrs. Chester, both of Darwin, Okla., and Ira Ratliff, 20. None of the occupants of truck were injured.

News Want Ads Bring Results.

## SHIPMENTS OF POULTRY, EGGS ON INCREASE

AUSTIN, Jan. 3 — Rail shipments of Texas poultry and eggs to interstate points during November totaled 739 cars, against 693 in November last year, an increase of 7 per cent, according to the University of Texas bureau of business research.

"As usual, the dominating characteristic of November shipments was the large movement of turkeys," the report said. "A total of 677 cars of turkeys were shipped out of the state this year, against 628 cars in November a year ago, or an increase of 8 per cent. Of these shipments of 650 cars were dressed form while 27 cars were shipped alive. Last year, the cor-

responding figures were 586 and 42 cars. The magnitude of these shipments is further revealed by the fact that the average net weight of a car of live turkeys is about 16,000 pounds and of dressed turkeys about 22,000 pounds. With the large physical movement and the increased prices which prevailed this year, the returns to growers were considerably greater than for several years.

"It should be noted also that the increase in shipments occurred in the southern prairies district centering about Cuero, and in East Texas. In the other principal turkey district, which centers about Brady, Mason and Brownwood shipments were slightly below those of last year, while shipments from the Panhandle were about the same as a year ago.

"The wide distribution of Texas turkeys is evidenced by the fact that shipments were made this year to 24 states including the district of Columbia. New York led with receipts of 257 cars, followed by Illinois, 95 cars; Massachusetts, 81 cars; Pennsylvania, 75 cars;

## Broken Gas Line Blamed for Blast

SEMINOLE, Okla., Jan. 3 — Accumulated gas from a broken line was believed Monday to have caused the blast which sent the Seminole municipal building tumbling down

Ohio, 27 cars, and Connecticut, 21 cars."

on a party preparing for a new year party.

The death toll stood at three with two persons injured. It was thought they would die.

Three other persons in the building escaped almost unharmed.

Firemen searched the ruins until 2 a. m. for other victims. Seven big oil field trucks with winches worked under floodlights all night removing the debris from the wrecked two story building.

**BRIDE A TRUANT**

SPRINGFIELD, Mo., Jan. 3 — Titian haired, 13-year-old Marguerite White Tate found that even a marriage certificate won't exempt her from going to school, at least for a while. After the young bride had "played hooky" to go honey-mooning for a week, truant officers told the 21-year-old bridegroom, Deward Tate, that she must attend until she is 16 or passes the eighth grade.

Did you ever notice .. in a roomful of people .. the difference between one cigarette and another .. and wonder why Chesterfields have such a pleasing aroma

Many things have to do with the aroma of a cigarette . . . the kind of tobaccos they are made of . . . the way the tobaccos are blended . . . the quality of the cigarette paper.

IT takes good things to make good things.

Someone said that to get the right aroma in a cigarette, you must have the right quantity of Turkish tobacco—and that's right.

But it is also true that you get a pleasing aroma from the home-grown tobaccos . . . tobaccos filled with Southern Sunshine, sweet and ripe.

When these tobaccos are all blended and cross-blended the Chesterfield way, balanced one against the other, you get a flavor and fragrance that's different from other cigarettes.

# PERSIA MAKES CASPIAN PORT FROM VILLAGE

By H. C. BOURMAN  
United Press Staff Correspondent  
COLLEGE STATION, Jan. 3 — Lands engineers, working ancient Persia days nearer to the modern western world, by constructing a great new port on the world's largest inland sea—the Caspian.

between the Persian capital, Teheran, and the West. The actual construction of the port was ordered by the Shah of Persia, Riza Khan. The Netherlands company which won the contract had to compete with firms of world-wide reputation from Belgium, France, Germany, Greece and Sweden. The work which will take four years to complete, will cost about 5,000,000 guilders, or nearly \$3,500,000. Netherlands engineers and foremen will direct the construction work throughout and all the plant and material used will come from Holland.

Deh-No, once a tiny fishing village with a perfect natural harbor on the northern shore of the Caspian Sea, is already taking shape as the future port of the capital. A modern hotel has been erected and a broad automobile highway now spans the hundreds of miles between Deh-No and Teheran.

When the harbor of Deh-No is completed, goods from Europe and across the Atlantic will be able to travel by steamer to the Black Sea port of Batum, in Russia. From Batum they will be carried by rail to Baku on the Caspian and then transhipped straight to Deh-No and the Persian hinterland. Merchandise from Russia itself will be conveyed by steamer down the Volga to the Caspian and so directly to Deh-No. Hitherto freight for Persia had to be carried by a circuitous route across Turkey and Iraq or by way of Palestine.

The construction of Deh-No is regarded as the first step in Riza Khan's plans for modernizing Persia and bringing her into line with the western world.

**BETTER THAN FARMING**  
ELKO Nev., Jan. 3—Charles F. Mr. 808 Mrs. Walter Lowe, Prairie City ranchers, have found predatory game hunting more profitable than farming. In three months, they bagged 640 coyotes, bobcats, badgers and skunks that had preyed on neighbor's crops. Lowe collected a bounty of \$1.50 for each coyote pelt.

# WORK CENTER VALUE NOTED BY ECONOMIST

CANYON CITY, Ore., Jan. 3—The value of rural work center activities in which persons now on relief rolls are enabled to manufacture simple articles needed in farm homes and exchange them for raw materials and foodstuffs was stressed by Dr. Mordcaik Ezekiel, chief economic adviser of the Agricultural Adjustment Administration, Washington, D. C., who has been touring the southwest talking to extension and relief groups and visiting farm homes and relief agencies during December.

Dr. Ezekiel addressed a A and M. College faculty members at College Station on present plans and future problems in agricultural adjustment, relating them to domestic unemployment as well as to the world trade situation. He reminded them that the rural work center idea is a distinctive Texas contribution to New Deal thought and emphasized the opportunity for the distribution of farm products with relief clients working in such centers.

There has been an enormous increase of rural population during these bad years and that means an increased agricultural problem where the returned family goes into farming as an occupation. But the rural work center affords a solution of that difficulty and offers a good chance also for Texas to develop a program of home industries which will create much wealth within the state.

Relief clients manufacturing simple household furniture, from lumber made at the work center, or leather articles from hides tanned there, or bedding from home grown cotton and wool, or adobe bricks or other building materials from local materials and exchanging the finished articles for food stuffs and raw materials for more articles are not to be regarded as competing with established business. They are in fact helping to raise standards of rural living and thereby creating a market for more finished manufactured goods," Dr. Ezekiel said.

## Child Has 2 Teeth For Start in Life

SANTO Texas, Jan. 3—Armand Bernard Cox entered the world recently with two teeth.

Attending physicians said teeth are not supposed to develop until the infant has reached the age of six months.

# ENGLAND'S BUSINESS MARKING TIME AS STOCK LIST SHOW GAIN

By C. T. HALLIMAN  
United Press Staff Correspondent  
LONDON, Jan. 3—England ended 1934 with solvent banks and cities, a fair government surplus, almost no labor troubles and higher security prices. The 1935 outlook was clouded with several uncertainties.

Most of these developed as the upward curve of activity on the business charts, so buoyant in 1933, flattened out around March 1934, and did little better afterwards than mark time. Twice during this period a wave of pessimism swept the stock exchange, but there was plenty of idle money to check resultant declines.

Leading industrial issues at the end of 1934 were selling more than 15 times par, but sentiment, particularly in conservative financial circles, was disturbed, mainly because of the currency question. The paper pound had slowly weakened from its value of 68.28 per cent of its old gold parity on January 1 to about 59 per cent at the close of the year.

One solution was seen — a gen-

eral stabilization of the world's currencies. Although the question was carefully avoided in all speeches by Neville Chamberlain, chancellor of the exchequer, evidence multiplied that talks to bring together the gold bloc, the so-called sterling bloc and the United States in a stabilization agreement already had been negotiated.

Export interests, who in 1931 and 1932 welcomed depreciation of the pound as an excellent method of storming world markets, gradually lost enthusiasm in 1934, having been chastened by foreign reprisals, tariffs and quotas.

Foreign trade increased, but the only industry which seemed capable of converting increased exports into profits was the British motor industry.

Financial conservatives also found fault during 1934 with the development of marginal gambling in British Government stocks. "Old Consols," the premier British government stock, rose from 73 1-2 to 91 -2, accompanied by heavy speculative activity.

"Foreign money" — including

American refugee capital — was largely blamed, but this was denied by American banks in London. The effect of the boom in the gilt-edged market was to prevent the Bank of England from lowering the bank rate.

However pessimistic big business interests may have been, retailers had an excellent Christmas season in Great Britain, with estimates that some 30,000,000 pounds (\$148,500,000) had been spent, against 24,000,000 pounds (\$78,800,000) in 1933. Shops and department stores in London were congested.

A pickup in the woolen industry featured the textile centers during 1934. Most mills in the West Riding ran full time as the year closed. The opening of the final series of Colonial Wool Sales found stocks in manufacturing centers low, both in England and on the continent, and offerings met a heavy demand. Japanese competition still was heavily felt in cotton goods quarters.

# O. D. Pruitt Granted Conditional Pardon

## Make Perfect Coffee . . . EVERY TIME . . . with These Automatic "Electrical Servants"

Authorities agree that the only perfect coffee is real French Drip Coffee. This is because a perfect brew requires three very definite things. First, that coffee grounds and water should come in contact but once. . . Second, that the contact should be of about 3 1/2 minutes duration. . . Third, that the water used in coffee-making should not be boiled, but maintained at a temperature about 16 degrees below the boiling point. When these three definite things are done, the result is a smooth, rich flavor . . . a clear, sparkling amber color . . . and an intriguing, appetite-awakening aroma.

Here are two appliances that enable you to make perfect coffee EVERY TIME! The Manning-Bowman French Drip Coffee Urn, and the Hotpot Coffee-Maker automatically assure the perfection of all your coffee. No embarrassing failures . . . no disgusting "dishwater" coffee . . . none that would "float an egg." You'll have perfect coffee every time through the automatic perfection of these modern "Electrical Servants."

Specially priced, for a limited time only, you'll find one of these modern appliances an absolute necessity in your home. Like all electrical appliances, too, they may save money for you—for this modern way requires less coffee to produce a wonderful brew. Ask any employe for a demonstration TODAY. Convenient terms if desired!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

### West Texas Utilities Company

## Our Entire Organization Wishes For You and Yours a Happy and Prosperous New Year

### FRENCH, ENDING TROUBLOUS YEAR, THINK BOTTOM OF SLUMP REACHED

By RICHARD D. McMILLAN  
United Press Staff Correspondent  
PARIS, Jan. 1 — France squeezed through the critical year 1934 with her fears quartered among her-  
printing foreign trade, the gold standard, the acute agricultural situation, and at the times alarming political situation.

The Lanoureaux plan aroused criticism but it has succeeded in reducing the volume of imports. Commerce and finance figures will show these have been reduced to almost one-fifth their previous amount. Many foreign business representatives have closed down.

The year's trade deficit is estimated to have dropped to about 5,500,000,000 francs (\$363,000,000), half of the total December, 1933.

The monthly trade deficit which during 1933 reached around one billion francs, or \$66,000,000 has dropped to around 200,000,000 francs or \$12,000,000.

Trade treaties were concluded with 22 countries, including Great Britain, Germany, Spain, Portugal, Soviet Russia, Canada, Switzerland, Belgium and Italy. The compensating surtax against depreciated currencies was withdrawn from all European nations. It continues against Japan and China, some other Far East countries and against some Latin-American nations, including Argentina, which pays 15 per cent.

Apart from the grave political blizzards which provoked bloodshed the streets on February 6, and the dramatic rise and fall of the summer National Union government, the principal political movement French prosperity was the national quota scheme introduced by the then Minister of Commerce Lucien Lamoureaux, January 1. Burdened with a trade deficit for the previous year of ten billion francs (\$660,000,000), which it was used might with other pressure, to paralyze the gold standard if it is allowed to continue, the government restricted imports.

### Georgia Peach Would Quit No. 7

Asserting that there's no use remaining married to a man with whom she had lived only a month last summer, Mrs. Virginia Over-shiner Patterson, Starke Seeger Gilbert Kahn Cogswell announced in New York that she would seek an annulment from Arthur Cogswell, her seventh husband. "Don't marry!" the former Atlanta beauty contest winner advises lovers.

### University of Texas Enrollment Ranks High Among Schools of Entire Nation

AUSTIN, Jan. 3 — With an enrollment of 7,000 students, the University of Texas now has a national ranking of twelfth in total enrollment of full-time students, fifth in law school enrollment, and second in summer school enrollment. This comparison of the University with other educational institutions of the nation was drawn by Raymond Walters in an article entitled "Statistics of Registration in American Universities and Colleges" which appears in the December 15 issue of the School and Society Magazine according to Dr. R. A. Law, professor of English, at the university.

There are now 6,836 full-time students enrolled in the University, whereas the figure in 1929 was only 5,822. This increase bears some significance, since the statistics presented show that most of the other schools have fallen to lower enrollment totals. Of the schools surveyed, 56 per cent saw a 5 per cent enrollment gain and a 14 per cent gain in the number of freshmen.

The following universities ranked above the University of Texas: University of California, Columbia University, New York University, University of Minnesota, University of Illinois, Ohio State University, Michigan, University of Wisconsin, College of the City of New York, Harvard, Washington University, listed as having smaller enrollments than the University of Texas are the following: Pennsylvania State University, Cornell, Northwestern University, University of Nebraska, and Yale.

ed by four schools: Harvard, Columbia, University of California, and the University of Michigan. Summer school enrollment figures are quoted in the following order: Columbia, 10,281; Texas, 4,673; Chicago, 4,580; and California, 3,738.

### Nevada Solons Get Anti-Gambling Plea

RENO, Nev., Jan. 3 — The 1935 session of the Nevada legislature probably will be asked to consider an initiative petition which would abolish legalized gambling in this state.

Dr. Carl M. Warner, pastor of the Reno Methodist Episcopal church, said anti-gambling petitions have been circulated throughout the state.

### Bank Bandit Taken On Christmas Day

ers as a sign of relaxation of tight government control.

Flandin has pledged he will restore freedom of trade. Already he has promised to abandon the wheat control plan, which maintained the price around 115 francs the quintal of 3 1-2 bushels.

The agricultural situation was further complicated by the surplus.

**Luxury Trade Slow**  
France's luxury trade continued sluggish, silk suffering from British tariff measures and Japanese competition. The Calais lace industry reported wide unemployment. The automobile industry continued big production, although Citroen experienced financial difficulties.

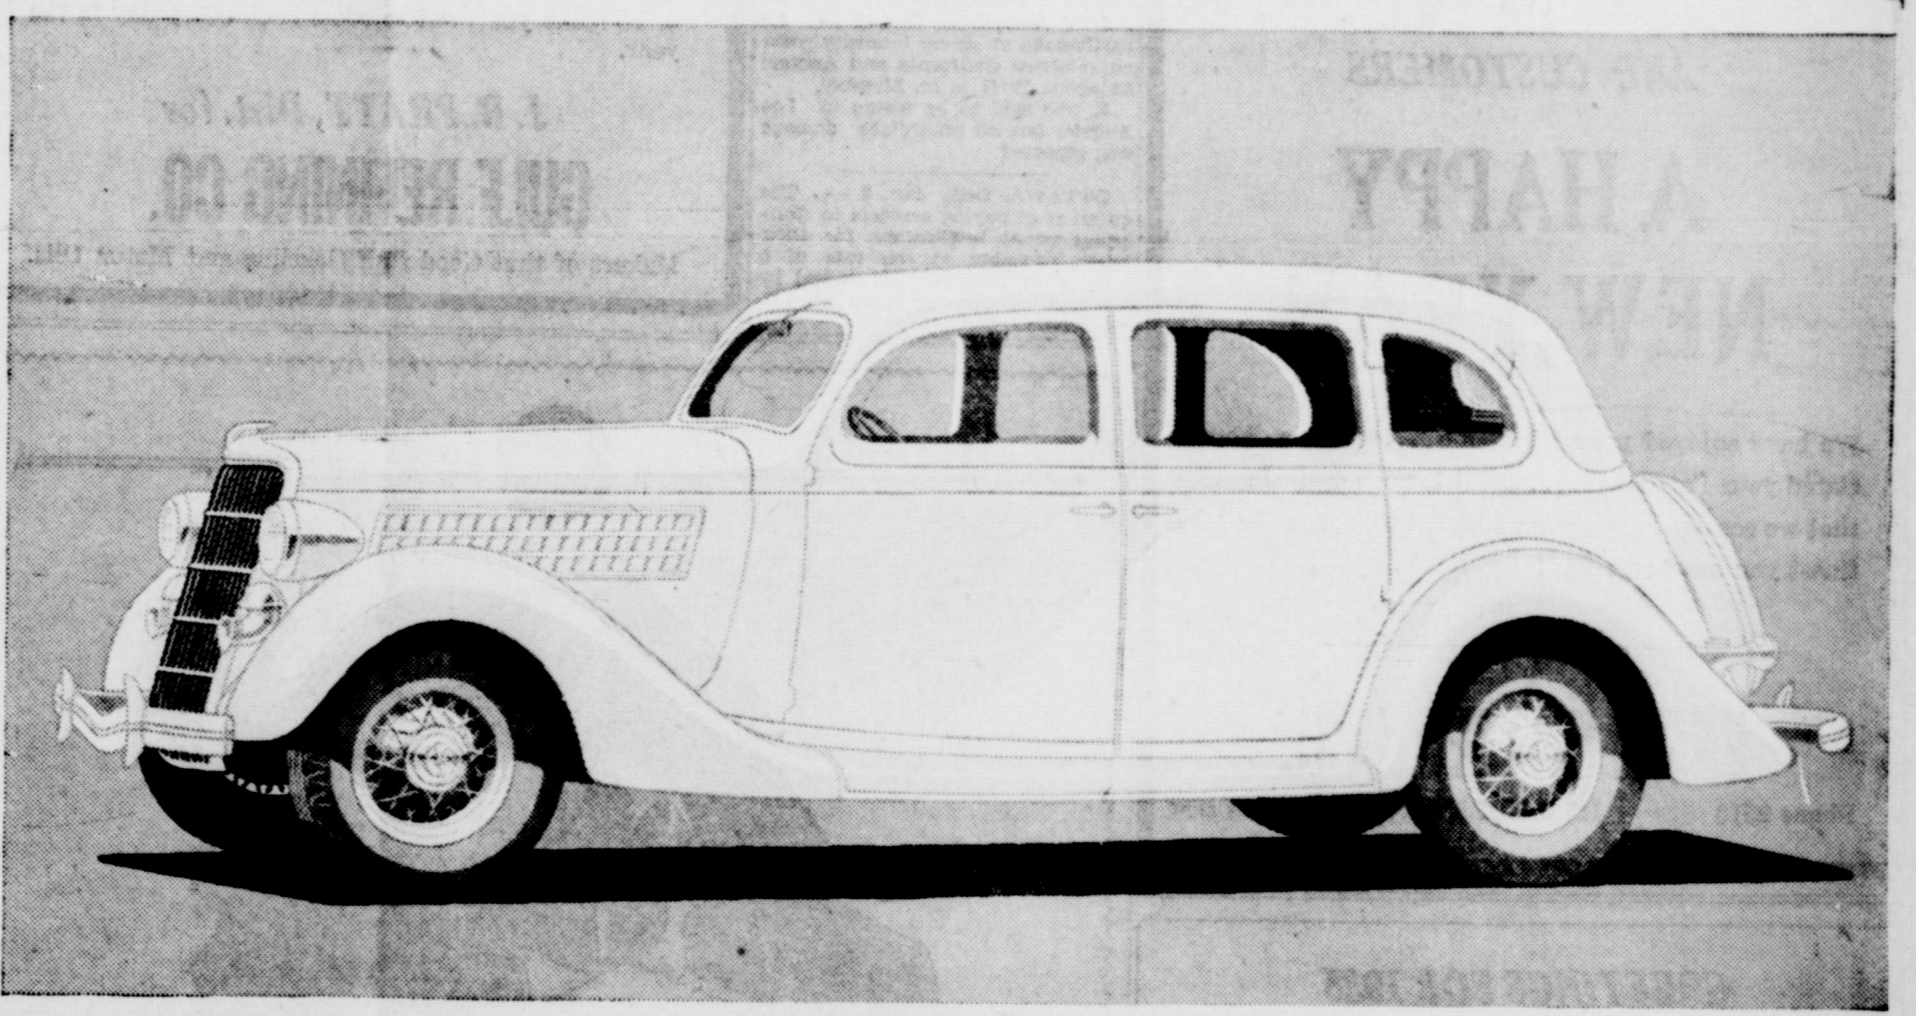

The coal industry suffered under the cloud which hovers over all coal mines, except that the government license scheme for imports enabled a market for good quality French anthracite.

France's position as a gold standard nation weathered political and trade storms. Towards the end of the year, as the dollar strengthened above gold point of import, and under fear of internal political happenings, some gold shipments occurred. But the Bank of France closed the year with between 82 and 83 billion francs of gold. This compared with the all-time record total of 83,343,369,000 francs at the end of December, 1932.

French business people, despite growing unemployment, which rose 100,000 from last year to 350,000 now, believe France has come through the worst of the crisis.

# FORD V-8 FOR 1935

The New Ford V-8 for 1935 is a motor car designed for comfort as well as efficiency.

Three years ago, the Ford Motor Company brought a new standard of motor performance within reach of the average purchaser by introducing the Ford V-8. The outstanding reliability and economy of its V-8 engine have been proved in the service of more than a million motorists.

For 1935, the Ford Motor Company takes another pioneering step and gives you ease of riding to match that modern engine performance.

This achievement is Center-Poise Riding—accomplished by a fundamental change in car design—with new, correct weight distribution, new seat position and new springing. The improvement is especially noticeable in the back seat. You ride forward, toward the center of the car—away from the rear axle and away from the bumps. Rear-seat passengers now have the comfort of a "front-seat ride."

**CORRECT WEIGHT DISTRIBUTION**  
—SPRINGBASE OF 123 INCHES

Scientific distribution of weight has been effected by completely redesigning the chassis. Engine, frame

## DISTINCTIVE NEW LINES AND A NEW KIND OF RIDING COMFORT

and body are all so balanced that their weight is about equally distributed on all four wheels. This permits the use of longer, more flexible springs, both front and rear.

The springbase of the New Ford V-8 is 123 inches, eleven inches longer than the wheelbase. The front spring is mounted forward of the front axle, instead of over it. The rear spring is mounted eight inches behind the rear axle. This long springbase gives increased comfort without sacrificing ease of handling.

Spring leaves are tapered to insure quiet operation as well as greater flexibility.

The Ford policy of constant improvement is reflected also in the

beautiful body lines of the New Ford V-8 for 1935. They are distinctively modern, yet not extreme. The whole appearance of the car is one of grace and substantial strength.

**NEW BODY ROOM—NEW BRAKES**  
**—NEW CLUTCH—EASIER STEERING**

The New Ford V-8 is longer and wider, with more leg room, more seat room and more luggage room. The front seats are 4 to 5 1/2 inches wider and seat three comfortably. The car is lower—easier to step in and out. Rear doors in sedans are wider. The new pillowed seats are unusually comfortable, with softer back springs and seat springs. The new interior finish, upholstery and appointments

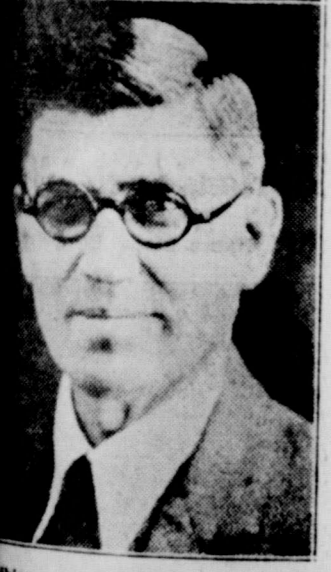

are richer and more luxurious than anything you have ever seen in a low-price car.

Other important 1935 features are the newly designed brakes and clutch, with softer action, requiring less foot pressure on the pedals, easier steering and new lower X-type frame. The front doors now open forward. There are two new body types—Touring Sedans, with built-in trunk. All 1935 Ford cars are equipped with Safety Glass throughout, at no additional cost.

### Ford V-8 Prices Are Low

12 BODY TYPES—Coupe (5 windows), \$495; Tudor Sedan, \$510; Fordor Sedan, \$575; DE LUXE—Roadster (with rumble seat), \$530; Coupe (3 windows), \$570; Coupe (5 windows), \$560; Phaeton, \$580; Tudor sedan, \$575; Cabriolet (with rumble seat), \$625; Fordor sedan, \$635; TOURING SEDANS, with built-in trunk—Tudor Touring Sedan, \$595; Fordor Touring Sedan, \$655.

(F. O. B. Detroit. Standard accessory group including bumpers and spare tire extra. All body types have Safety Glass throughout, at no additional cost. Small down payment. Convenient, economical terms through the Universal Credit Co.)

## CARROLL MOTOR CO.

Cisco, Texas

NOW ON DISPLAY AT THE SHOWROOMS OF FORD DEALERS

**BOULDER DAM PROJECT RAPIDLY RUSHING TOWARD COMPLETION**

By NORMAN B. DEUEL, United Press Staff Correspondent BOULDER CITY, Nev., Jan. 3. The temperamental Colorado, racing towards the sea unchecked through long ages, will feel the curbing hand of man within two months, when, two and one-half years ahead of schedule, storage of water behind Boulder Dam will begin. The \$49,000,000 structure stands 92 per cent complete today, with all records for this type of construction shattered. More than three million cubic yards of concrete have been poured and but 200,000 yards remain to be placed.

Rockies and the domain from Colorado to the coastal area are captured in the accretion of the next few years, a vast lake will be created.

When full, 30,000,000 acre feet of water—sufficient to cover the entire state of Connecticut to a depth of 10 feet—will lie back of the dam. The lower canyon of the Colorado and some 145,000 acres, or 227 square miles will be submerged. The lake will be 115 miles long, will range in width from a few hundred feet to eight miles, and will be 384 feet deep at the dam.

**Held by Dam**  
The vast pressure of this artificial sea will be held safely behind the dam, rearing 727 feet above bedrock, 1,180 feet wide, 45 feet thick at the top and 630 feet thick at the bottom.

Power for the industries of southern California and Arizona, and water for a potential population of 10,000,000 in the Los Angeles me-

tropolitan area will be provided. Nine hundred thousand acres of land in Arizona will be reclaimed. No longer will the fertile Imperial Valley lie under the danger of such a flood as 20 years ago created the Salton Sea when the Colorado burst its banks and a muddy torrent sought an ancient channel through the valley.

**Epic Battle**  
Levees heretofore had been increased in height yearly, as the river raised its bed on deposits of yellow silt. Each June in wet years, agriculturists waged an epic battle against inundation.

For the three purposes of water supply, flood control and power development, the Federal government cooperated in making the Boulder Dam possible.

A model city costing \$2,000,000 was constructed near the site. Here, at the peak, 3,218 men were cared for. An average of 4,648 were employed in the construction work receiving a monthly payroll of more than \$700,000 through the Six Companies, Inc. contractors.

After preliminary work, first concrete was placed in the dam June 6, 1933. Seven months later a million yards had been poured. Today the project stands virtually completed and construction has started on facilities to make use of the water to be impounded.

Contracts have been let for the \$6,000,000 All-American Canal which will bring water to the Imperial and Coachella Valleys of California. Preliminary work has been done on the Parker diversion dam further down the Colorado, from which the Metropolitan Water District of Southern California will take a supply to feed its aqueduct at a cost of \$230,000,000.

The aqueduct 250 miles long, will bring the Colorado river water to the cities of Southern California for irrigation and domestic purposes, augmenting the Owens Valley and other supplies which will prove inadequate for the large potential population. Crews are at work boring tunnels and laying the great pipes of the aqueduct.

Construction of the world's largest transmission line, to carry power from the dam to Los Angeles, has begun. The power line will be 270 miles long, carried on steel towers as high as 144 feet, and will use 1,626 miles of copper tubing.

The Colorado has been tamed, and shortly will be harnessed and put to work.

**California Rocked By Bad Earthquake**

LOS ANGELES, Jan. 3 — An earthquake of severe intensity rocked southern California and Arizona at about 10:47 a. m. Monday. It was said to be severe in Los Angeles but no immediate damage was reported.

OTTAWA, Ont., Jan. 2 — The question of paying convicts in Canadian penal institutions for their labor, probably at the rate of 5 cents a day, is being considered by the Dominion government, it is understood.

**GREETINGS FOR 1935**

For many years we have served the people of this community to the best of our ability. We are in this business because we like it and feel that we are best equipped to earn our livelihood in this capacity... and too, we get a maximum Amount of Satisfaction from serving our many friends and customers. At this appropriate season we wish to pass on to you the best wishes for

A Very Happy and Prosperous 1935:

**E. P. CRAWFORD**

**You Mustn't Take Chances... With Children's Eyes**

Unimpaired eyesight is essential to the growing child... for two reasons: First, because good vision enables him to keep pace with his schoolmates and his playmates. Second, because strong eyes, guarded in youth, will last a lifetime.

Improper lighting is one of the largest causes of weakened eyes. If you permit your child to study or even to play where there is not enough light, or where there is a blinding glare, you are making a mistake that may prove disastrous.

Enjoy the benefits of plenty of light... it's ridiculously inexpensive. And, remember, new eyes cannot be bought at any price!

One of our trained employees will be happy to inspect your lighting arrangements... without charge or obligation, of course. Chances are, a simple rearrangement of your present equipment, with larger or smaller lamps in a few of the fixtures, is all you need. Call for an inspection TODAY.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

**West Texas Utilities Company**

A Message of—

**THANKS AND A HAPPY NEW YEAR**

The greatest thing in life is friendship. We treasure the friends, who make our business possible—the business for 1934 was very satisfactory and we only hope that our friends will be as loyal to us during 1935. We're for progress and for Cisco. Let's Go!

DESDEMONA

Attorney C. O. McMillan of Desdemona was here Wednesday...

THE NEW FANGLES (Mom'n Pop)

By COWAN.

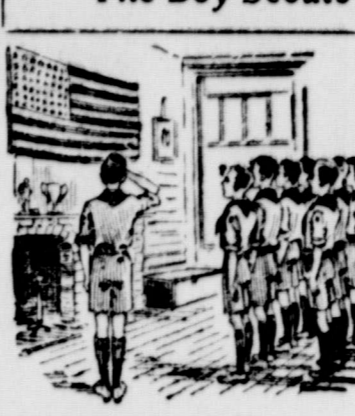

BIGGEST RISE FOR BUSINESS IN FARM AREA

NEW YORK, Jan. 3 - Business conditions were slightly improved during November and the gain for the month added to the gain in October brought the level of activity to where it was in August...

Steel and Iron Better - Steel and iron production showed a net advance over seasonal expectations. General distribution and retail trade showed improvement in November over October...

Stone Trade Increases - Department store trade in November was 1.5 per cent greater than in October in dollar value...

Keeping Up With The Boy Scouts

Annual Council Meeting - All Scouts of the Comanche Trail Council will gather at the First Presbyterian church in Brownwood for the annual meeting of the Comanche Trail Council...

Wins Ten Year Award - Troop 5, which Rev. William H. Foster is scoutmaster, is the first troop in the Comanche Trail council to win the ten year award...

and Mrs. Mrs. L. R. Neils were - Mrs. Mrs. H. L. Callaway and children of Gorman and Mr. and Mrs. A. J. Reed and children of Moran...

Annual Council Meeting - All Scouts of the Comanche Trail Council will gather at the First Presbyterian church in Brownwood for the annual meeting...

Wins Ten Year Award - Troop 5, which Rev. William H. Foster is scoutmaster, is the first troop in the Comanche Trail council to win the ten year award...

NO SPEED LIMIT - MOBERLY, Mo., Jan. 3 - This town is temporarily without an effective speed law. A stenographer who copied the ordinance two years ago failed to insert the paragraph specifying a penalty...

FINEST THIEF - LONG LAKE, Mo., Jan. 3 - While William Hutchinson, federal relief recipient, was attending funeral services for his wife, a thief broke into his house and stripped it of all loose furnishings and food...

ATHLETE'S FOOT - If your toes itch you are probably suffering with ATHLETE'S FOOT. This disease is a form of RINGWORM that is deeply imbedded in the inner layers of the skin...

their mother, Mrs. A. C. Brown and family. J. T. Thompson and Mr. and Mrs. Aldridge Wilcoxson of Austin came in Friday for a few days visit with relatives and old friends and neighbors.

Mr. and Mrs. T. L. Acree went to Marlin Saturday for Mr. Acree to be examined by the specialist who has been treating him for rheumatism.

Mr. and Mrs. Robert Sneed visited relatives at DeLeon Sunday. Mr. and Mrs. J. F. Hetter and their mother, Mrs. S. E. Snodgrass, spent Christmas in Fort Worth with her sister, Mrs. Z. E. Raloff and husband, Mr. Snodgrass remained for a week's visit with her sister.

Raymond Stark of Olden visited friends here Sunday. Raymond Anderson who has worked at Olden the past several months has returned to Desdemona and is working in the Chevrolet house. He takes the place of Howard Williams who is to begin his work with the county highway workers in Jan.

Mr. and Mrs. G. S. Bruce enjoyed holiday visits from their daughters, Mrs. Hendrickson of Port Arthur and Mrs. Bill McKain of Kilgore and their families.

Weldon Rushing accompanied by Mr. and Mrs. Bailey Starr and Mr. and Mrs. Robert Sneed drove down to Dallas Saturday and attended the football game between Amarillo and Corpus Christi.

Mr. and Mrs. Aaron Henslee left Thursday for their home at Longview after having spent the holidays with her parents, Mr. and Mrs. W. H. Davis.

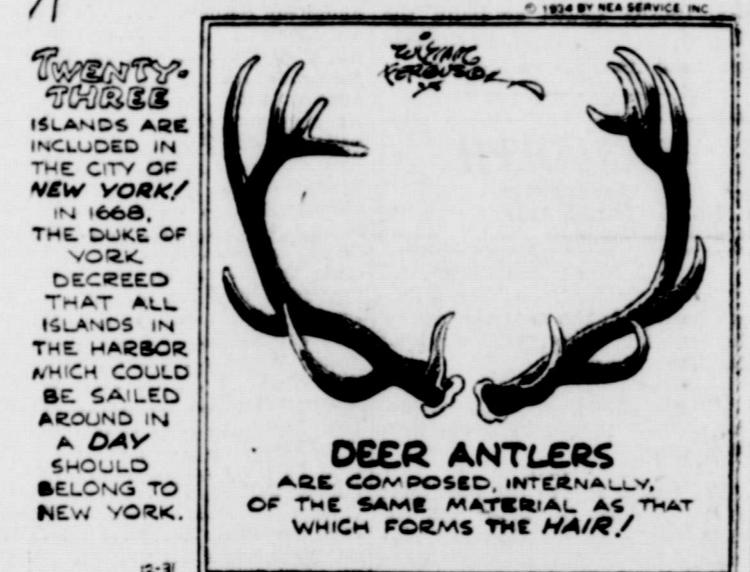

Miss Mignon Whitworth returned Sunday to her school work at Kokoabo after having spent the holidays here with her parents, Mr. and Mrs. W. H. Whitworth.

Mr. and Mrs. Claude Lee and daughter, Frankie Jean, spent Christmas in Olney with her parents, Mr. and Mrs. J. J. Simmons. Her mother has visited Mrs. Lee the past few Christmases.

On Tuesday morning at the Methodist church funeral services were conducted for T. J. Henry, known to all his friends as 'Uncle Tom' who passed away early Dec. 31st, at his home after a long illness. Services were conducted by his pastor, Rev. Z. C. Chambers, pastor of the Baptist church and pastor of the Methodist church at Dublin, 'Uncle Tom' would have been 82 years of age if he had lived until Jan. 25th, having been born at Rusk in 1853.

He came to this county more than 60 years ago being one of the oldest citizens of this community. He married Mrs. Mary Wynn soon after coming here and to them were born nine children, two of whom died in infancy and the seven others survive him. They are: Joe Henry, of Odell, W. M. (Tipp) Henry, of Desdemona, Tom Henry, of Dublin, Dolph Henry, of Littlefield, Mrs. Eula ones of Desdemona, Mrs. Ethel Daniels of Brownfield, Mrs. Lizzie Carruth of Odell and Mrs. Lizzie Carruth of Odell. Besides the children he is survived by 26 grandchildren and 6 great-grandchildren. His wife preceded him in death a few years ago. The church was crowded with sorrowing friends and relatives and the floral offerings were beautiful. The floral offerings were beautiful and numerous bearing witness to the love and esteem in which this good man was held. Since sympathy good man was extended to the relatives is being loved one has passed to his reward in Heaven, Interment was in the Desdemona cemetery. The schools and places of business were closed during the funeral. A. C. Robert drove down to Longview and Gregston Saturday to take a truck load of household goods gone for Mr. and Mrs. C. M. goods gone for Mr. and Mrs. C. M.

THIS CURIOUS WORLD By William Ferguson

UNTIL the antlers of a deer reach maturity, they are soft, spongy, warm, and full of blood. On reaching their full growth, circulation ceases and they become hard. The velvety covering sheds and the deer becomes the owner of a polished pair of weapons... ready for the fighting season.

Braton and also a piano for Mr. and Mrs. Jeff Duncan and a piano for Mr. and Mrs. Aurora Henslee. While in east Texas he visited his daughters, Mrs. Braton and Mrs. Don Campbell and his son, A. C. Robert. He had the pleasure of seeing for the first time his newest grandchild, the baby daughter of Mr. and Mrs. Don Campbell.

Mr. and Mrs. J. D. Livingston of Midland spent the holidays here with friends and relatives. The entertainment at Mr. and Mrs. Charles Starr's was enjoyed by everyone.

COTTONWOOD

Mr. and Mrs. N. A. Hagan of Gorman have moved to our community and we gladly welcome them. Miss Oletta Huestis spent the holidays at home with her grandparents, Mr. and Mrs. Van Gardener.

Mr. and Mrs. Quint Hagan of Gorman spent the week-end with Mr. and Mrs. Joe Boatman and family. Mr. Ball and son, Charlie are visiting Mr. and Mrs. Edgar Harris and family.

Mr. and Mrs. Joe Boatman and family and Mr. and Mrs. Quint Hagan were in Eastland Saturday. Mrs. W. A. Pence and little daughter, Joy Ann, spent Saturday evening with Mrs. Edgar Harris and family.

Mr. and Mrs. Sam Hull and children spent several days with Mrs. Hull mother, Mrs. Earl Clemmer of Albany.

Mr. and Mrs. Granville Douglas and family and Mr. and Mrs. Olen Riggs and family of Oklahoma spent several days here visiting relatives. Mr. and Mrs. Malfon Stuteville of Hooks visited his father, J. G. Stuteville and family during the holidays. Pat McCulloch of Snyder spent Christmas with his father, G. L. McCulloch. Miss Chloe Speggle is visiting her sister and family, Mr. and Mrs. F. C. King of Ralls. Miss Estelle King is visiting her aunt, Mrs. Gaskins of Putnam. Mr. and Mrs. J. G. Stuteville

DOTHAN

Mr. and Mrs. Allen Carey and children of Reich were guests of Mr. and Mrs. J. P. Jones Saturday and Sunday. Joe Donaway and sister, Miss Pearl, were visitors at Cottonwood Friday. Leamon Kile of the CCC camp at Mineral Wells is spending the holidays with home folks.

Clern Jones spent several days this week with his sister, Mrs. Clemon Bashler of Abilene. Mrs. Claude Carter spent the week-end with her sister, Mrs. Cora Gardner of Abilene. John Devault and family have moved from our community to a farm near Rising Star. We are sorry to lose these estimable people from our community.

Mr. and Mrs. J. M. Bostick and sons, Jimmie and Teddy Tom after spending the holidays with home folks here returned Sunday to their home at Post. They were accompanied by Misses Velma and Marie Levens of Post, and Miss Chloe Speggles of Dan Horn. Miss Tressie Dungan of Baird spent Friday and Saturday with Miss Emozane Hazlewood.

BLUFF BRANCH

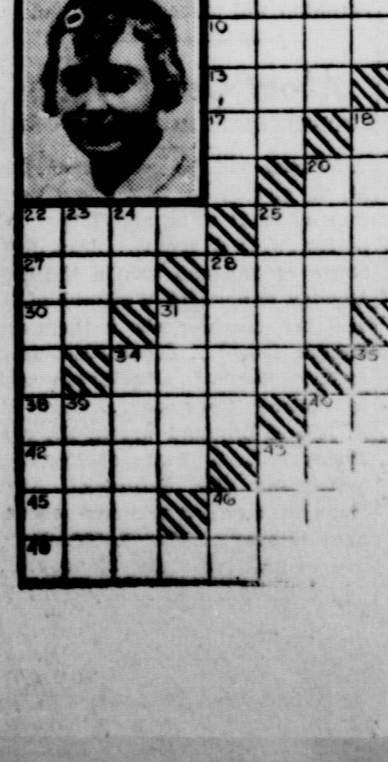

Sunday school was attended by a small crowd Sunday morning. Mr. and Mrs. Jess Simmons spent Christmas day with his brother and family, Mr. and Mrs. Bill Simmons of Putnam. Mr. and Mrs. R. T. Donham and family spent a few days of last week with their relatives of Austin.

The Christmas dinner guests of Mrs. J. A. Yeager were: Odessa Coats of Abilene, Wynonia, Lena, and Audrey Coats of Moran, Mrs. Adria Boshers and Mrs. Carl Nix and daughter, Peggie Lou of Cisco. Mr. and Mrs. Clarence Phippen spent Christmas day with his family of Brownwood.

Mr. and Mrs. Walter Agnew spent Christmas day with Mr. and Mrs. W. L. Yeager. The Sunday dinner guests of Mr.

**Bank Check Tax Ended January 1st**  
Beginning January 1st, banks will no longer be obliged by law to apply a Federal tax of 2 cents on every check written. This means that from now on, you can write a check without having to pay this tax.

We congratulate our present checking depositors, and we invite those who have deprived themselves of checking advantages, to open a checking account now.

Pay your bills by check. Save time and trouble. Have a perfect receipt for every important payment.

Let the end of the 2-cent tax mark the beginning of a new period of safe, orderly handling of your financial affairs.

Sunday school at 10 a. m. singing at 2 p. m. Rev. R. L. Wallace of Scranton will preach at 3 p. m.

Putnam Monday ... Mrs. Julia Brown of Eastland was in the city Saturday. Miss Maud Martin of Putnam was a guest of Miss Winnie Dillon Friday. Miss Frances Goodman of Nimrod was in the city Friday enroute to Abilene. Miss Luoy Beavers is in the city a guest of her aunt, Mrs. J. D. Holloman.

Mrs. B. P. Brittain and little daughter were in the city Wednesday enroute to Dublin. Mrs. Cleora Rea and babe left for DeLeon after a visit in the city with her parents, Wm. DeRoset and wife. Sheriff Kilborn was a Cisco visitor Saturday. J. T. Berry made a trip to Albany Monday. Miss Dickey visited at Baird the first of the week. W. C. Sanders was down from Moran Monday.

he certainly must have been big-hearted. There is something thrilling about anything new. A new hat thrills a girl. A check from home thrills a boy. But a New Year thrills everybody. We make resolutions. We resolve to improve in some way. Why don't we really "get in line" and do our part toward making true progress by really trying to improve ourselves?

**RANDOLPH NOTES**  
By CRYSTAL JACKSON  
If the way the New Year is begun represents the road the rest of the year will follow, what a school Randolph will be!

The students have returned, and the campus practically reeks with good will.

The teachers have the Christmas hangover spirit of "Good will toward men" — and, fortunately, students.

Ruby Russell, head librarian, has just returned from Fort Worth, and she is extremely elated about something. We'll just guess what it is, because she refuses to tell us.

Dr. Tyndall addressed the student body in chapel and gave them such a warm greeting that the frigid air was hardly noticed.

The holidays are over, and Santa Claus is firmly established. A few days before Christmas, some students doubted the very existence of Santa. But Wednesday morning there was a constant buzz of students telling anyone that happened to be concerned what Santa brought them. And judging by the stories,

**Bank Check Tax Ended January 1st**  
Beginning January 1st, banks will no longer be obliged by law to apply a Federal tax of 2 cents on every check written. This means that from now on, you can write a check without having to pay this tax.

We congratulate our present checking depositors, and we invite those who have deprived themselves of checking advantages, to open a checking account now.

Pay your bills by check. Save time and trouble. Have a perfect receipt for every important payment.

Let the end of the 2-cent tax mark the beginning of a new period of safe, orderly handling of your financial affairs.
