

CISCO, TEXAS — 1,614 feet above the sea; 5 lakes of water; 5 rail cuts; 6 paved highway exits; 127 blocks of brick streets; good hotels; A-1 public schools and Randolph College; no mosquitoes; no malaria or typhoid.

LAND CO. — Area 925 square population 33,981; cotton, fruit, dairy, natural gas and oil; headquarters for operators of great shallow oil field; churches of all denominations.

UNITED PRESS SERVICE CISCO, TEXAS, FRIDAY, MARCH 22, 1935. SIX PAGES TODAY NO. 41.

GERMANY WILL DEMAND GREATER NAVY

NO POLITICAL CONCESSIONS WILL BE MADE

(Copyright 1935, by United Press) BERLIN, March 22 — Germany, confident its position is diplomatically dominant, will ask for a bigger navy as well as a greater army, it was said on reliable authority today.

The demand it was said will be made by Chancellor Adolf Hitler in negotiations with Sir John Simon, British foreign minister, who will be here Monday and Tuesday.

It was believed Hitler was little disposed to make political concessions, such as acceptance of an Eastern European security treaty, a pact of Danubian nations, or a speedy return to the League of Nations.

It was not expected Simon would make at first a concrete offer for recognition of rearmament as legal because of the law for compulsory army and service and militarization of the air corps which precipitated the European crisis.

Colonial concessions have been mentioned but were not believed to play an important part.

As regards the navy it was said Hitler would demand one-third as large that of Great Britain. This would give Germany 387,000 tons as against her present 150,000 and France's 555,000.

He was expected to make it clear Germany did not intend to build up to the demanded strength now. His argument was expected to be that Germany needed the ships for coast defense and they would be no menace.

Germany was expected to ask for comparatively small ships, including 10,000 ton "pocket battleships" and submarines.

REV. P. D. O'BRIEN

REV. O'BRIEN WILL PREACH FOR REVIVAL

The First Baptist church will open a two weeks meeting here Sunday. It has been announced by Rev. E. S. James, pastor of the church.

Rev. P. D. O'Brien will be the evangelist at the meeting, he said. Rev. Mr. O'Brien, pastor of the First Baptist church of Colorado, is well known in Cisco, having preached here and at other churches in this area many times.

W. F. Walker will have charge of music for the revival, it was announced.

The pastor will open the meeting Sunday morning and will preach again at the evening service, he said. Rev. Mr. O'Brien will arrive here Monday and will conduct the services after that date.

Services will be held at 10 o'clock each morning and at 7:30 each evening, it was announced. The public was invited to attend.

TORNADO HITS DEL RIO WITH HEAVY LOSSES

DEL RIO, March 22 — Del Rio business men surveyed the wreckage caused by a tornado and torrential rain which struck here last night, and estimated the damage at upwards of \$800,000.

The Illinois Pipeline company reported 21 of the 25 tanks on its tank farm near Del Rio collapsed during the blow when the wind reached a velocity of 58 miles an hour.

The tanks had a capacity of 80,000 barrels each of oil.

Stock in store here were damaged by wind and water and several hundred sheep in a pasture were drowned. Hundreds of porches and roofs of houses were damaged.

THUNDERSHOWERS CLEAR AIR OF DUST

KANSAS CITY, March 22 — Spring showers today purged the dust clogged atmosphere over parts of half a dozen southwest states.

Thundershowers accompanied by damaging winds swept central Texas and continued northward to Oklahoma and southeast Kansas.

Scattered showers were forecast for Missouri, Iowa and South Dakota. Some snow was expected in North Dakota.

At Aspermont, Texas, a gale damaged and demolished three homes last night. No one was injured.

Thundershowers struck at Del Rio and the central Rio Grande Valley and continued north through Abilene, Big Spring and Wichita Falls.

House Passes Patman Inflation Bonus Bill

WASHINGTON, March 22 — The house passed by a one-sided vote today the \$2,000,000,000 Patman inflation bonus bill. Passage came as the climax to a desperate last-minute drive of anti-inflation bonus blocs to shelve the controversial measure and pass the Vinson American Legion bill. The inflation proposal won by a margin of only three votes, 207 to 204.

A cheering, shouting house greeted passage of the Patman bill which in two previous sessions had been approved, only to be killed in the senate.

The bill provided for immediate payment of veterans' adjusted service certificates in "new money" and carries a provision designed to act as a brake on unbridled inflation. Veterans would receive the 1945 cash value of their certificates minus loans they have been made.

The same bill in slightly different form passed the house in 1932 and in 1934.

MAYOR POINTS TO RECORD OF LAST 4 YEARS

Mayor J. T. Berry, in an open letter to the citizens of Cisco, today pointed to the record of his administration during the last four years and said he believed "it would be an error to make any program and interrupt the program which is being consummated."

He pointed out that his administration began under trying conditions, with reference to the financial position that the citizenship of Cisco had not been informed of an "excessive and illegal bond issue and I do not believe it is the intention or desire of the citizenship at this time to approve or ratify such action."

Following is Mayor Berry's letter in full:

Mayor's Letter

To the Citizens of Cisco:

I was elected mayor of the city of Cisco four years ago and since that time have put forth every effort to serve as mayor to the best of my ability. I realize that more could have been accomplished, but feel that under existing conditions I have made a record of which I can be just proud.

The affairs of our city were in a state of chaos at the time. The last audit made prior to my election stated very clearly that all records relative to your bonded indebtedness were wholly inadequate and that as a result of the audit, other events requiring preliminary verifications all bonds issued through the state comptroller's office, they ascertained that \$1,215,000 of bonds outstanding were not recorded at any place upon your financial records. After weeks of work these auditors frankly stated that they had been unable to obtain intelligent information with references to the status of your

WILLIAMS IS TEACHER FOR FIREMEN HERE

Twenty-nine Cisco firemen and visitors registered for the firemen's school conducted here last night by Chief Frank Williams of the Texas A. and M. firemen's school and instructor for the state fire insurance board.

Firemen went through a drill with apparatus of the Cisco department back of the fire station and heard a lecture on ventilation in fires from Chief Williams.

A good meeting, with much interest shown, was reported today by firemen. Following the class, cake and coffee were served at the station.

The meeting included men from over this district, and was one of a number in the state covered by Williams. Volunteer fire departments are required to have four hours of drill each month.

Visitors included the following: Breckenridge, Chief R. E. Coswell and Sidney Rhodes; Ranger, Charles Isbell, W. E. Weaver, and J. D. Weaver; Albany, Assistant Chief Bill Cleveland and Clem McCracken; Eastland, Chief A. N. Mensesell and Jack Ellington.

Cisco firemen registered included Chief J. J. Collins, Walter Webb, Carl Nix, Carl Pence, L. E. Robinson, Howard Robinson, G. P. Rainbolt, N. C. Fowler, C. L. Tune, R. L. Garrett, Frank Aycock, Ed Aycock, Buster Searley, Barton Phillips, Charlie Simpson, Will Sledge, S. B. Parks, R. L. Wilson, Leonard Eppler, and O. W. Kean.

Woman Ready To Pay Ransom To Bandits

EL PASO, March 22 — Mrs. Mary McKinney, San Francisco widow who said in El Paso today she is prepared to pay \$2,800 ransom to Mexican bandits for the release of Louis Vremsak, will enter Mexico today by train. She said she will seek the aid of the governor of the province in which Vremsak is held, and other officials.

Vremsak is held by bandits who captured him as he was with Mrs. McKinney on March 5, and she returned to Los Angeles after she was released to get the ransom money.

PNEUMONIA FROM DUST
SUNNINGFIELD, Colo., March 22 — A form of pneumonia induced by breathing dust laden air today claimed a heavy toll of human life and livestock in east Colorado and west Kansas which have been ravaged by dust storms.

In Suffocating Midwest Dust Storm

A Kansas City housewife, one of the victims of the worst dust storms that ever visited the middle west, photographed Wednesday as she held a moistened handkerchief to her nose and mouth to keep out the dust, saturated air. She is shown writing out the name "Kansas City" on the dust laden table.

Schools Closed Today As Pupils Vie For Honors In County Meet Contests

Eastland county school children took a holiday today to attend the annual county interscholastic league meet.

Early returns, of events run off earlier in the week showed that winners were well scattered, but indicated that Cisco pupils were winning their share of the awards.

Cisco had won the girls' tennis singles, the choral singing, and arithmetic contest, and had qualified in other events, requiring preliminaries. The meet was to be continued this afternoon with finals in many of the contests, including track and field, tomorrow.

Jury Divided Upon Jep Lowe Verdict

EASILTAND, March 22 — The district court jury still was out today, as yet unable to decide on a verdict in the murder trial of Jep Lowe, charged in the fatal shooting of Seaman Garrison.

The jury reported at noon today that it stood at eight to four, but did not say whether it was for acquittal or conviction. It received the case at 5 p. m. Thursday.

The defense had tried to show that Lowe had avoided trouble with Garrison and that the latter had beaten his two sons.

Fort Worth C. C. C. Boys Gain Weight

FORT WORTH, March 22 — The boys in the CCC camp on Lake Worth are getting fatter faster than the boys in any other CCC camp in the Eighth Corps area.

During the winter they gained an average of 12 pounds apiece. The average gain for the corps area was 11.23 pounds.

SERMONS ANNOUNCED
Rev. J. Stuart Pearce will speak on "Science in Search of God" at both morning and evening services at the First Presbyterian church Sunday. This will be the fifth of a special series.

WEATHER
Rain for month, 6 inch. Rain for year, 53 inches.

West Texas — Probably cloudy with local showers southeast tonight and Saturday.

East Texas — Mostly cloudy, thundershowers tonight or Saturday.

Suckers and Securities

It is obvious that government regulation of American stock exchanges will save many a worthless security issue from being foisted upon a gullible public. But, if it shuts one gate, it also opens another. Before securities may be offered to the public for purchase, they must be registered with the new Federal Securities and Exchange Commission. There is here an opening for high-pressure salesmen to imply that this filing requirement carries a government guarantee. Dishonest solicitors, indeed, might actually say so.

That there are grounds for this warning is illustrated by the experience of state department supervision of foreign loans. This was initiated in the Harding Administration. Every flotation of a bond issue for foreign borrowers had to be submitted to the state department. It was necessary to examine it in order to see that it did not violate certain prohibitions in the domain of foreign policy. If there was no such conflict, then the underwriters were allowed to proceed with the flotation. Time and again government officials insisted that supervision did not carry approval of the bonds.

Why Not A New Constitution?

Away back 1876 the voters of Texas of that period of history drafted a new constitution for the people then on earth. That constitution was ratified by a sweeping majority of the electorate of the Texas of that day. For more than 40 years champions of a new constitution have battled to remove or cure the 1,000 defects in the ancient document. Year in and year out lawmakers of Texas voted down constitutional convention proposals.

Now the Centennial year of the commonwealth is on the way. The house committee on constitutional amendments has recommended to the representatives another call for a new constitution to be voted on this year—a year in advance of the coming Centennial celebration. Hence many are asking why not go all the road? Why go half the road, speaking of an increase in the salaries of the governor and other state officials? There is a proposal pending in the senate, or rather amendments to the constitution pending, which provide for a general election in 1936 paving the way for the increase of the salary of the governor, the attorney general, the comptroller of public accounts, the state treasurer and the commissioner of the general land office. These take the form of joint resolutions. The first to raise the governor's salary to \$12,000 a year, the salary of the attorney general from \$4,000 to \$10,000; the salary of the comptroller of public accounts, the state treasurer and the commissioner of the general land office to \$6,000 a year. Another joint resolution would increase the salary of the secretary of state to \$6,000. All the salaries paid today to those officials are niggardly, to say the least. They are not in keeping with the times, the importance of the posts held or living conditions, or the great expense which is inflicted upon those who hold the offices. Texas is the fifth state in the union in point of population, vast natural resources and rapid growth in industry and agriculture from the gulf to the mountains.

Again, why not a new constitution? Again, why go half the road? Again, why not go all the way? Why shouldn't the venerable document of 1876 be replaced by a constitution of the New Deal stamp in harmony at all times with the people now on earth and commensurate salaries for the servants they call to important place.

Buckeye Democrats in The Big Picture

Gov. Martin L. Davey of Ohio is a righter and goes all the road. Federal Relief Administrator Harry L. Hopkins threw a bombshell into the Buckeye camp when he ordered an investigation of the handling of relief funds and denounced Davey in language that blistered. The governor struck back with a vengeance. He swore out a warrant for Hopkins charging that he had been criminally libeled by the head of the relief setup. Ohio has a republican attorney general. He is ready to proceed against Davey should a federal grand jury return indictments and republican lawmakers demand the impeachment of the head of the greatest tree culture college and organization in America. Of course, Hopkins cannot be extradited by the Ohio governor, but the latter has extended an invitation to the head of the relief organization to appear in the Buckeye land and face the music.

Martin L. Davey is a member of a very noted Ohio family. His father founded the famous tree college and its graduates are active in tree surgery in all the 48 commonwealths. He is a leader of the young democrats of his commonwealth. He served two terms as a democratic congressman from a strong republican district and never allied, according to his friends, with graft or grafters either in private life or the public service. Well, let the Hopkins investigation tell the story and the voters of Ohio, including the lawmakers pass upon the evidence.

'Do You Think the President Is Weakening?'

business men are the type of men who believe in and use newspaper advertising.

UNDER THE DOME AT AUSTIN

AUSTIN, March 22 — Appointment of a highway commissioner has placed Gov. V. Allred politically "on the spot." The term of Commissioner W. R. Ely of Abilene expired Feb. 15 and to one has been appointed to succeed him. Allred's difficulty is this: If he replaces Ely, he is likely to lose control of the commission politically. Commissioner D. K. Martin of San Antonio is a great admirer of Ely. He will follow Ely's leadership to a great extent. With Ely removed, Martin would be lukewarm to Allred.

Commissioner John Wood was Ferguson appointed. Thus the commission might become anti-administration in a political sense. It is the biggest department in the state government both in amount of business handled and in the number of personnel.

A member of the Texas House recently announced his conclusion that ethics have been abandoned in the Texas legislature. Listening this week, he would have become convinced that politeness too has taken wing.

Rep. John B. Patterson of Austin admonished another member: "Tell the truth once." Rep. Kenneth McCalla of Houston shouted, "sit down!" at Rep. Clarence Farmer of Fort Worth when the latter talked for a long time on a point of order.

Representatives Jap Lucas of Athens and Ross Hardin of Prairie Hill exchanged remarks on each other's wit and education until a fight was imminent.

Sergeant-at-arms Joe White, experienced by many sessions of the legislature, has become canny at discerning when remarks are likely to give way to blows. He was at Hardin's heels as the angry legislator dashed toward the waiting Lucas. White won the race and prevented a clash.

Swimmers have right-of-way over motorists under terms of a bill presented to the legislature by Rep. W. H. Adkins of Brady. It says: "Any person driving a motorboat where there are persons swimming shall keep a careful look-out for bathers. The person driving such boat shall give the swimmers right-of-way. If necessary to prevent a collision, the driver of the boat shall stop."

Photographs of billboards that obstruct vision from state highways were placed before the house committee on highways and motor traffic by Editor-representative Tom P. Cooper, Jr. of Lindale.

He quoted a parody: "I think that I shall never see 'A billboard lovely as a tree.'"

Rep. J. F. Lindsey of Anson, cowboy, school teacher, and lawyer at various stages of his 60 years, has concluded modern schools fail to teach.

He wants to repeal the "affiliation law," under which graduates from accredited high schools are admitted to college without examination.

"Make them take the entrance examinations and the schools will teach thoroughness," Lindsey said. "They do not teach thoroughness now. It's 'get by.' Boys are given

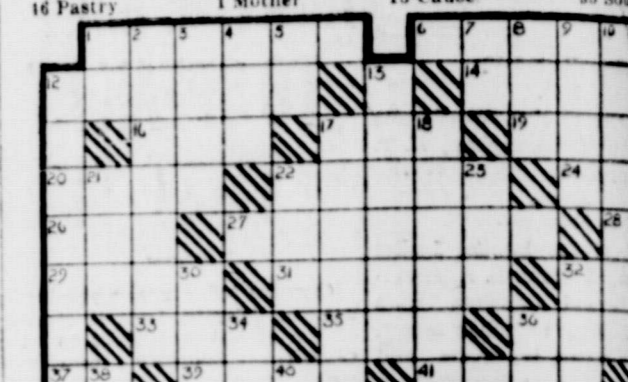

Optimism and common sense should be mingled in good proportion. Progressive and forward-thinking

The DARK BLOND

by CARLETON KENDRAKE ©1935 NEA SERVICE, INC.

BEHIN HERE TODAY MILLICENT GRAVES' employer, GEORGE DRINGOLD, tells her he has a confession to make and wants her against a woman in a black ermine coat.

In this thing, Do you understand? "What do you mean?" "You're not a fool," he said.

MILLICENT knew there was no use denying Robert Calise's accusation that she was the girl the police were looking for.

Millicent realized that someone had entered her room without knocking. "You?" "Yes," he said, "you'd better sit there for the present, Miss Graves. Tomorrow I'll purchase a secretarial desk and have it sent up here.

"You still don't get me," he said. "You're young, you're beautiful. How would you like to travel while you've got the beauty to attract men?

"You didn't have me bothered at all," he said, "until you told me that you'd worked for a certified public accountant. Now I know what's going to happen, and we may as well have an understanding now as later."

"However, the fact remains that our speculations were very profitable. Dick was handling the able. Dick had been handling the able. Dick had been handling the able.

CISCO DAILY NEWS AND AMERICAN ROUNDUP

ANSWERING THE ETERNAL QUESTION

What to Serve?

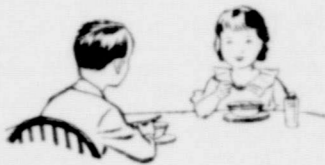

A WORD

ABOUT RICE KRISPIES

from W. K. KELLOGG

OFTEN a new product benefits many phases of American life. This has been our experience with Kellogg's Rice Krispies.

We had a double objective in developing Rice Krispies. First, to create a delicious cereal that would appeal to every one. Second, to help mothers in their task of getting children to take sufficient milk. It was thought that a different type of cereal—one that would snap, crackle, and pop in milk or cream—would stimulate appetites.

This was true. Today, people of all ages are enjoying Rice Krispies.

And the convenience of this ready-to-eat cereal has resulted in shorter hours—more leisure for mothers.

The success of Rice Krispies has opened a tremendous new market for the American farmer. The Kellogg Company has become one of the world's largest buyers of American-grown premium rice. The Kellogg Company also uses many millions of bushels of corn and wheat every year.

American industry also benefits. Thousands of people are kept busily employed in the manufacture and marketing of Kellogg's Cereals.

We are pleased that Rice Krispies have delighted millions of mothers and children. We are particularly happy that this has helped thousands of people to have better jobs, and to enjoy life more.

W. K. Kellogg OF BATTLE CREEK

RICE PUDDING RISES IN SOCIETY AS 25 NEW RECIPES DISCOVERED

Rice pudding news? Yes, a thousand times yes, when it is prepared with "fluffed" rice, when it is glorified with flavoring or fruit, when it is molded or frozen. Do you know that there are twenty-five ways to make rice pudding? Don't blush and admit you know but one! Do you know that rice pudding, once lowly and humble, has been awarded a place in the social register and even now is the daily special of one of our most famous hotels?

This virtuous dish once had a reputation for meanness, it was even the butt of the perennial boarding-house joke. But that was before we learned how to cook the rice properly, or because the spice of variety was omitted. Now we know it has value as a protector of our "pep" or energy as well as of our pocket books, and we are grateful to it for the extra milk it adds to our diets.

Name Your Favorite

Despite the new recipes, the men still vote for the old-fashioned kind of rice pudding—the kind you put into the pot with milk and sugar, slow-bake for hours, and serve with a fillop of cinnamon. For parties, most "puddin' heads" vote for a butterscotch or pineapple variety, and the youngsters like all kinds. Try them all, and name your favorite; be sure to learn to cook the rice properly in the first place, according to directions below.

Old Fashioned Pudding

1-2 Cup rice 4 tbsps. sugar (White or brown) 1 quart milk, 1-2 teas. salt, 1-2 teas. cinnamon or nutmeg.

Wash the rice thoroughly, add the other ingredients and pour into a greased baking dish. Bake for three hours in a slow oven stirring several times during the first hour. The mixture should not boil. Serve either hot or cold. This is the old-fashioned creamy pudding which has such a delicious flavor because of the long, slow cooking. One half cup of raisins may be added, if desired. 6 servings.

Butterscotch Rice Bavarian

2 cups cooked rice, 1 tbsps. plain gelatin, 1-4 cup cold milk, 1 1-2 cups hot milk, 1 cup brown sugar, 2 tbsps. butter, melted, 1-2 teas. salt, 1 cup whipped cream, 1 teas. vanilla, 1 cup nut meats.

Soak the gelatin in the cold milk. Dissolve in hot milk. Add cooked rice, brown sugar, butter and salt. Cool. Fold in flavoring and the whipped cream and nuts. Turn into a wet mold and chill. Serve unmolded with butterscotch sauce or whipped cream flavored with maple syrup. 6 servings.

Flourished Rice

2 cups boiled rice, 24 marshmallows cut, 1 cup pineapple, cut, in quarters, in cubes or shredded, 1 cup chopped eating apples, 1 cup whipping cream, 1-2 cup sugar.

The rice should be cooked until it is soft but not mushy. Mix all the ingredients except the whipped cream and let stand for one hour. Fold the whipped cream into the mixture just before serving. Garnish with candied cherries.

Note: Whipped cream and cherry garnish may be omitted. Red cherries, strawberries, red raspberries or peaches may be used in place of pineapple. Serves 6.

"Fluffed" Rice

For snowy-white, fluffy grains of rice, neither too dry nor too moist, be sure to "fluff" it after boiling.

Boil the well-washed raw rice in boiling salted water (allow 2 quarts water and 3 teaspoons salt for each cup of rice) until a grain pressed between fingers is soft (12 to 25 minutes). Do not stir while cooking. When done, turn rice into colander or sieve run water through it, then drain. Then cover with a cloth and put over a pan of hot water on back of stove until grains swell and rice dries out. Or, put the boiled rice in a shallow pan and set in a warm oven for awhile. Properly cooked rice may be reheated again and again without loss of flavor.

SHADY GROVE

Mrs. J. W. McKinney spent the day Monday in Eastland with her mother, Mrs. Maggie Dulin.

Mother bakes perfect cakes with her Electric Range

You can end cooking failures with an electric range. Cakes and pies always turn out just right. That's because you can set the oven control at just the right temperature. Another control starts and stops the current at the proper time. It's the efficient way to cook and it gives you more freedom and leisure than you ever dreamed of!

QUICK * CLEAN * ECONOMICAL . . . see these new electric ranges. No wonder thousands of women are turning to this modern, easy, and thrifty way of cooking. Our budget plan makes it easy for you to own one.

GAS, INDIGESTION

IF you're troubled with stomach distress, gas, and you need redder blood, try Dr. Pierce's Golden Medical Discovery. It is a dependable tonic. L. F. English of 1537 W. 24th Place, Tulsa (West), Okla., said: "A few years ago my stomach troubled me. After eating, I would belch gas and my food seemed to sour. At times I had cramps in my stomach that made me miserable. I never felt like eating and had no sleep. I used Dr. Pierce's Golden Medical Discovery and it certainly did the trick. It rid me of the stomach distress and I felt like eating, for a change."

Mayor Points To

CONTINUED FROM PAGE ONE

bonded indebtedness. The records reflected that there had been several bond issues where the bonds were sold and the money had not been used for the purpose as specified in the issue.

1931 Audit The audit completed in August, 1931, after my election in April, reflected the same general condition with reference to the status of the bonded indebtedness.

Litigation was then brewing as between the city and the holders of the \$4,843,500.00 of bonds and warrants outstanding and several years accrued interest thereon.

Mortgage Effort An examination of the records revealed that an effort had been made and instruments prepared and executed for the purpose of mortgaging our entire water system, including the lake, dam, all mains, the distributing system and our sewerage system for the sum of \$500,000 additional.

Before our courts of justice we took the position that the good citizenship of this town had not been informed of this excessive and illegal bond issue and I do not believe it at the intention or desire of the citizenship at this time to approve or ratify such action.

At the time that I was elected mayor you were paying 75 cents gross or 67 1-2 cents net for domestic gas. We immediately attempted to obtain a reduction in the gas rate and the distributors endeavored to greatly increase the rate as was done in our neighboring city of Eastland and in other towns.

At a regular meeting of the City Commission of the City of Cisco, Texas, on February 26, 1935 a resolution was passed ordering a general election to be held on Tuesday, April 2, 1935, for the purpose of electing a Mayor and two City Commissioners.—Adv.

J. T. BERRY, Mayor. J. B. CATE, Secretary.

WORKMEN FIND "PAY DIRT" LAKESIDE, Ohio — Workmen struck "pay dirt" when they tore down an old milk depot here. As they removed the floor, they found scores of nickels and dimes which had fallen through cracks during the years. A friendly scramble followed. The amount obtained was not revealed.

NOTICE At a regular meeting of the City Commission of the City of Cisco, Texas, on February 26, 1935 a resolution was passed ordering a general election to be held on Tuesday, April 2, 1935, for the purpose of electing a Mayor and two City Commissioners.—Adv.

J. T. BERRY, Mayor. J. B. CATE, Secretary.

Political Announcement This paper is authorized to make the following announcements, subject to the action of the voters at the City election on April 2, 1935:

For Mayor: J. T. BERRY, (re-election) J. M. WILLIAMSON

For Commissioners: W. J. FOXWORTH, (re-election) H. A. BIBLE, (re-election) L. F. MENDENHALL W. W. WALLACE

Soup Beans little 10 lbs. 49c Crackers, 2 lbs. 17c Post Toasties, lrg. 9c

Only Town So far as I know and believe, Cisco is the only town in the state to successfully combat these exorbitant rates.

We have endeavored to adjust property valuations so as to reflect a fair and equitable valuation. We have made such adjustments in our water and sewerage rates as was deemed fair and equitable and

I believe that we have made remarkable progress in our efforts to get out of the state of chaos existing, and am fully confident that within the near future our city will from every point of view be in the best condition possible compared with the previous existing condition, and I sincerely believe that it would be an error to make any change and interrupt the program which is now being consummated.

THIS CURIOUS WORLD

By William Ferguson

THE flying fish, exanates rondoletti, builds its nest of seaweed. After the eggs are laid, the weeds are rolled up into balls four or five inches in diameter, and tied with silken strings, which the fish produces.

Dr. Ghormley Will Speak Sunday Night

Dr. W. I. Ghormley has announced that he will speak on the subject "Where Are We Going?" in the banquet room of the Laguna hotel Sunday evening at 7:30.

Preachers League Will Meet Sunday

The Preachers league of the Cisco district will hold a monthly meeting at the Carbon Methodist church Sunday afternoon. Everyone is invited to attend.

TO LATE TO CLASSIFY

FOR RENT - 2 room house, partly furnished, 308 West 12th.

FRECKLES and HIS FRIENDS.

Builds Home From Old Liquor Bottles

FORT WORTH, March 22.—August Buhl, local hermit, is going to build himself a home "on the house."

Californian Seeks Bride From Texas

FORT WORTH, March 22.—Because Texans are the "nicest people I've ever known," William St. Clair has turned traitor to the much-vaunted beauty of the Los Angeles belle sand has written to the Lone Star state for a spouse.

Ferocious Bunny Beats Fierce Fox

CLEBURNE, March 22.—A dog chases a rabbit that's not news, but when a rabbit chases a dog—that's something.

GUESS WHAT! THE REGULAR PRICE OF CALUMET BAKING POWDER IS NOW ONLY 25¢ A POUND!

YES, AND THE NEW CALUMET IS SO EASY TO OPEN!

SEE THE NEW

Frigidaire

IN ACTUAL USE

3-Day Cooking School
APRIL 15 - 16 - 17

Mrs. McDonald will demonstrate many new and novel recipes for ice creams, desserts and salads in the new Frigidaire '35 during the three day cooking school series.

Throughout the hot Springs and Summer months ahead, a real saving can be made by the use of a Frigidaire in the home. Savings from food spoilage alone, it has been reliably estimated by Frigidaire users will actually pay for your Frigidaire while you are using it! The enjoyment it gives in the home by providing ice quickly and many varieties of frozen desserts will render a real service and convenience to you.

Be sure to see the demonstrations of the New Frigidaire while attending the cooking school.

Plan To Attend

West Texas Utilities Company

New Boucle KNITTEDS \$4.95 to \$10.00

Boucles are just the thing for Spring days. They are Dressy, Comfy and come in all the grand New Spring Colors. See them Now!

ALTMAN'S

WOMEN'S WEAR, Cisco

MR. WILLIAMSON

In your announcement for Mayor of Cisco, subject to the action of the voters at the municipal election April 2, 1935, you said that, if elected, you would construct a storage reservoir and a much needed water treatment plant at very little cost to the city.

Now, the records at the City Hall show that under date of July 30, 1924, the city commission, while you were mayor, authorized warrants in the sum of \$31,000, pursuant to an estimate by the Elrod Engineering company, for the construction of a 500,000-gallon reinforced concrete reservoir on College Hill.

Do you intend to use the proceeds of this issue to build the proposed reservoir?

The records also reflect that under dates July 30, 1924; February 27, 1928, and October 22, 1928, that the commission, while you were mayor, issued warrants, later converted into bonds, in the respective amounts of \$17,000, \$22,800, and \$77,300 for the construction of filtration plant and additions to filtration plant.

Do you intend to use the proceeds of these issues to build the much needed water treatment plant?

Is it or is it not a fact that these records, over your own signature, give correct accounts of the actions of the commission in these instances? Inasmuch as you are asking the votes of the citizens we feel they are entitled to know the facts.

FRIENDS OF THE PRESENT ADMINISTRATION

Vote for Berry, Bible and Foxworth if you are interested in the well-being and advancement of Cisco.
