SEEK RETURN OF MACHINES TO BUSINESS

Marble machines were back in operation here this morning, following granting of a temporary injunction against city officials of Cisco and Ranger yesterday to prevent them from interfering with operation of the devices.

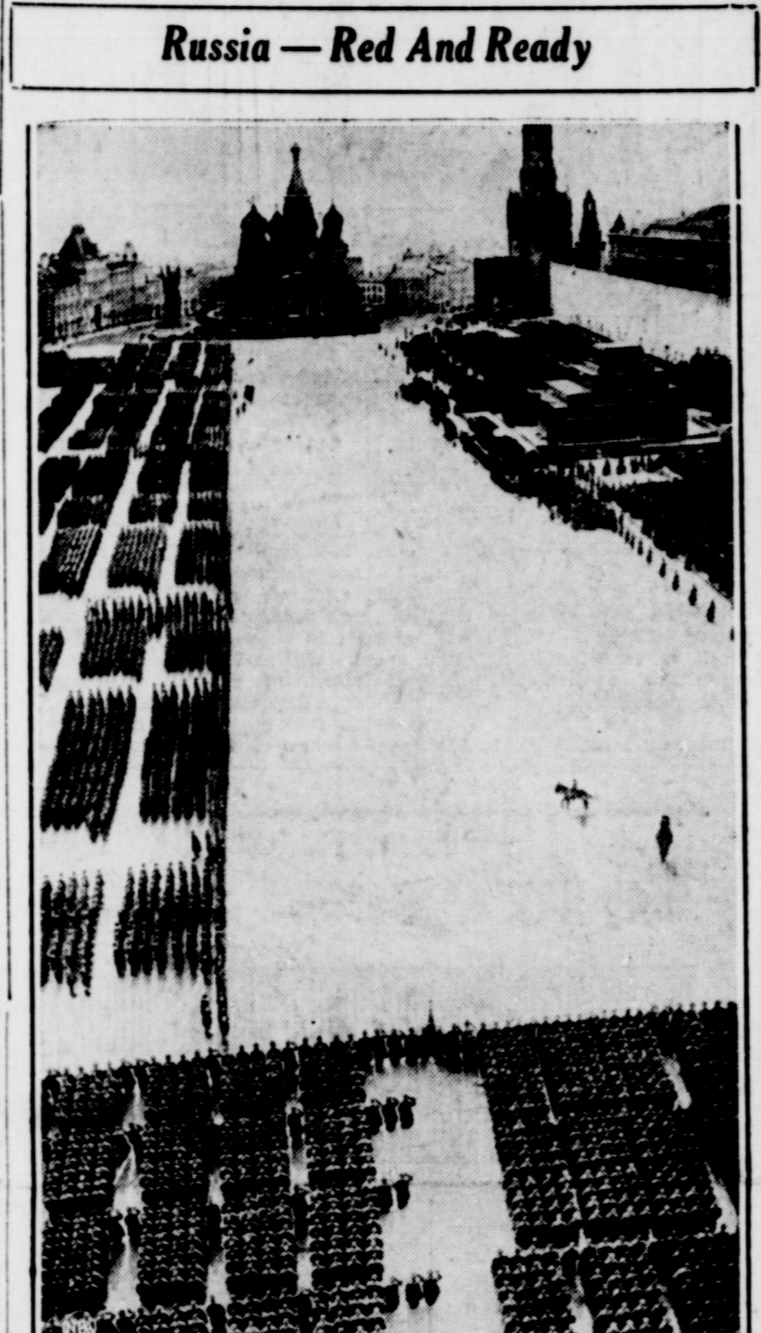

The injunction was sought by Carl Lowery, W. L. Moore, R. E. Waters, J. W. Hooks, Victor Cornelius, and O. W. L. Novelty company. The petition named as defendants Mitchell Perdue, Cisco police chief; H. C. Henderson, Cisco police commissioner; R. E. Grantham, Cisco city attorney; Jim Ingram, Ranger police chief; and W. S. Adameson, Ranger police commissioner and city attorney.

Hearing was ordered by Judge George L. Davenport in 91st district court for Friday May 31 at 9 a. m.

To Fight Return
Cisco officials today said that they would put up a fight against the return of the machines to the city.

Petition for the injunction followed the recent removal of what the officials termed "gambling devices" from places of business here and at Ranger. The machines were removed following an announcement by city officials that they would be confiscated if their operation continued to be operated on or after the morning of May 13.

The defendants asked the court to issue a writ "temporarily restraining the said defendants, their officers, servants, employes, assistants, and representatives from interfering with the plaintiffs, and enjoining the said defendants, their officers, agents, representatives, and successors, including all members of the police, from illegally molesting, interfering with, and harassing the plaintiffs and from filing criminal charges against these defendants and places of business in which plaintiffs' machines are being operated until such time as it may be judicially decided whether or not the operation of said machines constituted a nuisance or a lottery, or a gaming device, and on final hearing injunction to be made permanent."

Russia — Red And Ready

While 700 warplanes roared overhead and 300 tanks rumbled an ominous refrain, the military leaders of Soviet Russia paraded 40,000 soldiers through Red Square in Moscow in a demonstration of might calculated to be a warning to possible foes. Here is an impressive view of the formidable military array.

JUDGE SARTIN IS SPEAKER AT COLLEGE HERE

Thirty-one seniors of Randolph college Tuesday night heard Judge B. D. Sartin of Wichita Falls, delivering the commencement address, tell them that success is in the reach of every man and woman. "Success is doing your job the best you can," Judge Sartin said in his address.

Judge Sartin pointed to confidence, optimism, and courage as elements contributing to success but said that what the nation needs more than any other thing is a return to the religion of Joshua and Paul.

He lauded the United States as the nation which has the most students in colleges and universities, but hoped for a nation that has "education with the moral balance wheel or religion."

Thad Doty of Cisco was awarded the highest honors among the seniors. Miss Ruby Naoma Vaughn of Hereford was highest among the girls of the class. It was announced that these awards entitle the two to scholarships at almost any of the senior colleges or universities of the state.

Roland Hill was presented a medal following his selection as the outstanding debater of the Ministers' Debating society.

Diplomas Awarded
Awarding of the diplomas and honors was by President David F. Tyndall, Dean E. Buford Isaacks presented the class to the president

Pulling A Fast One

They don't have to clear a track when the aerial express train comes along! Here's the start of the air train flight Miami to Havana, with a "locomotive" plane towing two freight-laden gliders. Landing successfully after a speedy flight, the pilot proved that the experiment wasn't a joke though he'd pulled a fast one between the two countries. It was the first international venture of its kind.

WASHINGTON, May 22.—The house of representatives today overrode Pres. Roosevelt's veto of the Patman bonus bill, rejecting his argument that the use of "printing press money" to discharge obligation to "special groups" led only toward disaster.

The vote was announced officially at 3:22 to override to 98. The vote a month ago on passage of the bill was 318 to 90.

The issue now rests with the senate where New Deal leaders are confident a tight minority will sustain the president and stop the bill short of the required two thirds vote.

Pres. Roosevelt was defeated in the house 25 minutes after completing his unprecedented personal appeal to a joint session to repudiate the bonus bill.

Speaking before house and senate assembled in the hall of the representatives, Mr. Roosevelt argued that the Patman bonus plan was unsafe and unwarranted.

Chilly Reception
Mr. Roosevelt scarcely had reached home on his return from a rather chilly reception of his veto argument when a news ticker flashed the news to the White House.

Rep. Wright Patman, democrat, Texas, author of the disputed measure, had a first row aisle seat for the vote.

"His 'aye!' to override would have carried a mile or more over open Texas country."

Senate majority leader Joseph Robinson said he could not predict when the upper house vote would come. He will attempt to set a definite time for it. He was confident the senate would sustain the Mr. Roosevelt's veto.

Pres. Roosevelt, in his message, condemned the bonus bill as "disastrous." His message was a stern admonition against currency inflation.

He warned that "uncontrolled prices and destruction of the value of savings" would follow adoption of the printing press money plan of meeting the demand of special groups.

"Weigh Claims of All"
"I am thinking of those who served their country—of those who increased crops, who worked in the mines—of those who died in the cause of America—of the widows and orphans of all of them—of \$5,000,000 of Americans who with their families are today in dire need."

"It is of first importance that we yield not to sympathy which would extend to a single group of class but that we should extend assistance to all.

"I believe the welfare of the nation as well as of the future of the veterans wholly justified my disapproval of this measure."

WORK RELIEF SETUP GIVEN INITIAL OKEH

WASHINGTON, May 22 — President Roosevelt announced today he gave his verbal approval to the schedule of more than \$1,100,000 work relief allotments.

He said that plans for putting men to work under the program could go forward today.

Previously had been by the work allotment.

thus officially started which engineers estimated to begin with a minimum of 10,000 men.

of them should be in full July 1.

Roosevelt pointed out that 10 per cent of the works that he spent would go out allotment to such units as highway construction, crossing elimination.

Officers Elects New Officers For Year

ANTONIO, May 22 — Harper of Madisonville, Ky., was president of Kiwanis International at the organization's 19th convention.

officers for the coming year: Clinton Harley, Seattle; G. D. Doddington, Toronto; H. G. Hatfield, Cisco; and Fred Chicago, secretary.

GERMANS THINK HITLER'S OFFER IS SOLUTION TO PEACE PROBLEM

BERLIN, May 22. — Germans beat Adolf Hitler has laid out European statesmen a work plan for solution of Europe's problems.

- 2—Absolute fulfillment of the Locarno pact which requires Germany, Belgium, France, Italy, and Great Britain to attack any one of the five signatory nations which attacks another.
- 3—An air defense treaty to supplement Locarno.
- 4—Participation in non-aggression pacts which would contain provisions to isolate any party making war against a participating nation.

He demanded, in return, absolute equality for Germany as regards armament and its place in the family of European nations.

Lions Club Entertained By Program Made Up Of Old Time Geography Quiz

With a program which brought back the feel of school days, but without the necessary return of knowledge, W. J. Leach, program chairman, staged a contest in geography at the Lions luncheon that formed the nucleus for an interesting hour for members.

Chairman Leach said that his son, who had become very much interested in the study of geography, had been asking him some embarrassing questions lately and he was desirous of seeing if every one else had forgotten as much as he had, hence the contest.

One member who had so folded his paper as to hide the name of Texas and hence did not know the capital of his own state—since he did not name it, he was presumed to not know it. Many ex-teachers said they could not even think of a city in some of the states, much less name the capital city. All of which shows even Lions forget.

Visitors were Joseph Shrader, Tommy Thompson, Bigdon Edwards and Clyde Van Sickle.

Delegates named by the board of directors earlier in the week were confirmed and their action in asking for the next Lion convention was also endorsed. Delegates named to represent the club at the district convention which convenes at Vernon Sunday and Monday, were Horace Condeley, W. H. LaRoque, and Joe Burnam.

The club voted to pay the expense necessary for the graduation of a girl in the high school, who otherwise would not be able to attend the functions. The matter was brought to the club's attention by Lion Brandon and received unanimous vote.

JUDGE HICKMAN ON COMMISSION TO HELP COURT

AUSTIN, May 22 — Hon. J. E. Hickman, chief justice of the 11th court of civil appeals at Eastland, today was named by the state supreme court as a member of commission to assist the court.

The place was made vacant by appointment commissione. Richard Critz, Taylor, to a place on the court bench, succeeding the late associate justice William Pierson.

Judge Hickman will fill the unexpired term, and was also appointed for the six-year term beginning June 30, 1935.

Judge Graham Smedley, formerly of Wichita Falls, was reappointed a member of the commission.

DOG AIDS REPORTER HARTFORD, Conn.

HARTFORD, Conn. — Arthur Sullivan, blind reporter, covers his "beat" with the aid of a police dog.

C. of C. Directors Talk Over Projects

Discussion of Highway and other projects occupied the attention of Chamber of Commerce directors last night in their regular meeting.

It was announced that there are at present no funds for the establishment of an experiment station in Eastland county.

A letter from the city secretary was read at the meeting, which said that the Chamber of Commerce monthly budget had been cut to \$382.

Improvements Made At Cleaning Plant

Reacting to the split of progress that seems to reside in the human system of Cisco business concerns, Roan's Cleaning plant has joined those who are applying a little paint installing more modern machinery and giving a little more value to what they have to offer the general public in the way of service or merchandise.

A new washer, embodying the latest improvements known to the cleaning industry, and hooked up to a continuous flow system of filtered naphtha, has been installed and is now in operation in the above named plant.

"We wanted to be in the front row of progressiveness," said E. D. Roan, when seen today. "We think the people of Cisco are entitled to the best and our customers are going to have the best as long as we have anything to do with getting it for them," he continued.

Paint has added its part in touching up the interior and making it more spring-like—a few changes here and there, also aid in giving the maximum of service.

Hot Oil Committee Works On Its Plans

AUSTIN, May 22 — Members of the "hot oil committee" created by the state legislature to plan the \$1,000,000 investigation of Chairman Augustine Selaya said that the day's closed session was devoted to figuring out what the committee could do on the small expense fund provided.

Possibility exists, he said, that some persons would be heard late today, giving volunteer information. When the committee will go to East Texas had not been determined.

COTTON TOTAL GIVEN

WASHINGTON, May 22 — The 1934 cotton crop totaled 9,636,000 bales, the department of agriculture reported today.

NEW GRAND JURY INDICTS DOCTORS FOR POST NARCOTICS VIOLATIONS

LUBBOCK, May 22. — Two West Texas doctors under indictment for violation of federal narcotic laws today sought a rehearing from a new grand jury impaneled to rehear their cases. The new jury indicted Dr. L. W. Kitchens and Dr. V. A. Hartman.

The new jury was called because United States District Attorney Clyde Eastus conceded some of the counts in the original indictment were faulty.

Trials of the two are set for today.

Five liquor law offenders heard their defense argument completed. All but one, Henry Holman, entered pleas of guilty.

Trial of Sheriff W. F. Cato of Garza county, Dr. Kitchens and Dr. Hartman, and Tom Morgan charged jointly with murder for the machine gun killing at Post of Spencer Stafford has been set for tomorrow.

Plans Are Perfected For Highway 89 Air Celebration In Eastland May 30

EASTLAND, May 22. — The Highway 89 Airline Celebration to be held in Eastland May 30 will open on the south side of the square at 10 a. m. and at 2 o'clock will be centered in the City Park, members of the Eastland arrangements committee have decided.

Efforts to have county offices closed will be made by committee.

Relief officials have already notified the celebration group that their offices will be closed on the Memorial date.

Milburn McCarty, general chairman for the celebration, reiterated his prediction that more than 5,000 will be in Eastland on the day.

Ben Scott, F. V. Williams and Grady Pinkin were named to assist C. J. Rhodes in his solicitation of funds in Eastland.

J. F. Little promised that the band stand will be moved to the park and would be painted. The new city manager was appointed to contact the Eastland fire department so that the Ranger group can come to Eastland on a suitable date and assist in decorating.

The Eastland arrangements committee decided to give Boy Scouts privilege of selling cold drinks and ice cream at the park for 10 per cent of their profits. The 10 per cent will be allocated by the committee to celebration expenses.

Program for the celebration is practically complete. The program will open with an address of welcome on behalf of the committee by Judge S. M. Russell of Stephenville. Hamilton McRea, president of the Eastland Chamber of Commerce, will welcome in behalf of Eastland.

Response will be made by Senator Grady Woodruff of Decatur.

At noon the celebration program will close, to resume at 2 o'clock in the Eastland City Park.

Harry Hines of Wichita Falls, new member of the highway commission, and his predecessor, W. R. Ely of Abilene, are slated as two of the principal speakers of the day.

In the morning hours and afternoon hours a North Texas State Teachers College stage band, the Hardin-Simmons Cowboy Band of Abilene, the Ranger Tickville Band and others of the section will play.

FAMILIES FLEE BEFORE BRAZOS RIVER FLOODS

By UNITED PRESS
The Brazos river swept southward today, causing hundreds of farm families to flee before it.

Crop damage chiefly to cotton and corn, was estimated in the hundreds of thousands of dollars in the area immediately above and below Bryan and Wellborn.

Meanwhile, continued rises were forecast along the lower courses of the Trinity, Colorado and Guadalupe.

Only flood warning was for the Brazos, however.

Residents of Bryan, Wellborn and Brenham estimated that approximately 40,000 acres of fertile cotton land were covered by the swirling Brazos and its backwaters.

Warnings of the floods enabled cattlemen to remove stock. Little loss was expected from stock drowning.

Berlin, May 22. — Two more Catholic nuns were sentenced to prison today on charges of smuggling currency out of Germany. One was sentenced to 5 years and fined \$48,288 and the other to 10 months and fined \$402.

WEATHER

West Texas — Partly cloudy to light rain; Thursday, warmer panhandle tonight.

East Texas — Partly cloudy, possibly local showers south and near coast tonight and Thursday.

Simple Lessons On Life

Every person should go to the cemetery at least twice in life. Once at the end of life, and first early in life to reflect on the brevity of life and the insufficiency of worldly goods. There is no place like a quiet cemetery for meditation and there is more room in every life for more serious thought. The tombstone holds a moral for all living. There is inscribed the human virtues, but among the inscriptions there is no record of estates left behind, fortunes made and spent and worldly fame attained. The magnitude and sculpter of stone or the vault, alone remain to remind the world of "The boast of heraldry and the pomp of power." Why should human beings worry and struggle through life's fleet span in pursuit of wealth, fame, luxuries, vanities and all those other evanescent things we choose to call riches? The poor are distressed by too little money, moderately wealthy by the thought that others possess more wealth than they, and the rich by too much money. The Garden of Paradise was paradise only so long as Adam and Eve entertained no thought of worldly things. There were no pestering bank accounts, troublesome servants, expensive automobiles, business worries and social and fashion distractions in Paradise. Few people have learned the secret of living well. Most of us measure contentment in terms of dollars and social position. The number is negligible which views life as a golden opportunity to work and think and be joyful.

Battler Norris Ever In the Picture

Sen. Norris of Nebraska is a battler who never quits the arena. His amendment broadening the power of the Tennessee Valley Authority to find markets for its products and increasing its bonded power from \$50,000,000 to \$100,000,000 ran the gauntlet of the hostiles in the senate of the United States.

Texas are interested in the Colorado River Authority program. They are interested in many like programs. They are interested in state control of the mineral wealth resource of their commonwealth. Gov. Allred recommended the celebration this year of the anniversary of the birth of Jefferson Davis. All state departments were closed. There are democrats who are for the federal constitution as it was written and for the rights of a state as outlined in the long ago by the fathers of the country as well as framers of the constitution.

'Why Damn the Rich?'—Millions for Charity

Yes, "why damn the rich?" This news dispatch from Jacksonville, Fla., is very pertinent at this time:

"Most of the millions of the Alfred I. DuPont will go to charity, his will filed in probate court showed. He created a charitable foundation. Its objectives will be the relief of human suffering, care and treatment of crippled children, old men and old women—particularly old cripples."

DuPont made his millions just as his ancestors made millions on the banks of the Delaware when they supplied weapons of war as well as munitions of war to the soldiers of the first President of the United States who gave his advice to his fellows in his farewell address. This for Radio Priest Coughlin and Share-the-Wind-Long "until every man is a king and every woman a queen."

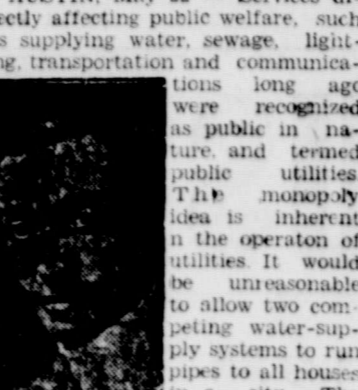

Highway Builders Plan Mighty Program

"Highway building extraordinary" is the program outlined by the Texas commission. Harry Hines is the new chairman. Gibb Gilchrist continues highway engineer. A session was held Tuesday. The commission awarded contracts aggregating \$665,000, and made the interesting announcement that it would seek \$100,000,000 in federal funds for emergency construction. Mr. Hines and Engineer Gilchrist will journey to Washington where they will consult or confer with the powers that be. They are going to ask that Texas' portion of the federal government's \$4,880,000,000 work relief program be increased from a tentative \$46,000,000 to \$100,000,000. Commissioner Hines insists that Texas needs a minimum of \$100,000,000.

There will be a Centennial celebration next year. Highways of Texas, the main arteries of travel and traffic, should appeal to a vast army of tourists who are coming to Texas. There is one point the state legislators of Texas should not overlook. They have been reminded time and again that the principle of non-diversion of special highway user taxes was given masterful recognition by the congress in 1934 in the Haydon-Cartwright act, whereby "any state will be denied a third of its federal aid fund for highways if by diversion of user taxes it reduces its contributions to the federal aid system."

A blind man should be able to decipher the words, and there is said to be only two blind lawmakers under the big dome of Texas when a legislator happens to be throwing bills into the hopper and winking at the diversion to other sources or departments of the highway tax paid by the motorists of Texas and all other American commonwealths.

Texas Topics

BROOKS

Consolidated and integrated operation

of all public services has emerged from the depression. Enterprise and industry of every sort has found a people stripped of the financial ability to invest huge sums necessary to build, expand, replace, improve and extend the required utility services. Every phase of enterprise has had to turn to governmental financing. Now the government, while at least of the present political disposition, is inclined to give the public the consumers, its first thought, rather than bond-holders and stockholders and coupon-clippers and investors as such. That is, the government is disposed to lend its powerful financial support and aid to those things which diffuse their benefits to the public as a whole. That means diffusing the profits to all the public. It means that the government, as between financing a governmental agency delivering natural gas to homes and factories without private profit, and of financing a monopoly for private profit will favor the public agency. The government is spending much money for public power development in the Tennessee Valley area; but it has not lent the Alabama Power company any money for capital expenditures. That principle reaches back to the size of Waco and Austin. These cities are able to borrow federal money on favorable terms to improve their city-owned utilities. And that principle in the next six, ten or 14 years, will be a controlling factor in this trend of reducing the profit of utility operations to the wages of management. It is accentuated by the fact the government has found the utilities concentrated in a few hands such as Electric Bond and Share, and through the device of the holding company, have been doing two things:

1. Charging the consumers too much, in the name of their investors.
2. Shutting the much-discussed masses of public investors in their stocks out of any share of the real profits, and concentrating unconsolidated rates of profit into the hands of a few excessively-wealthy persons.
The trend that will see a gas company here and there added to a city's existing water, light and power system, as an example is motivated as much by the desire to serve the economic welfare of the greatest number of people, as to correct the recognized abuses already found.

To prevent motor damage when you

...you must have oil of high film strength

Did you know that idling along at 10 miles an hour or picking up suddenly can cause as much motor wear as high-speed driving?
All three put extreme pressure on your connecting rod and crankshaft bearings. If your oil does not have enough oiliness and film strength to withstand these high pressures, your motor parts suffer damaging wear. That's why you need oil with the greatest possible oiliness and film strength.
Straight mineral oils have no more oiliness and film strength than they had 10 years ago. Some, because of over-refining, have less!
Conoco Germ Processed Motor Oil has more oiliness and 2 to 4 times more film strength than straight mineral oils! The Germ Process—adding concentrated oily essence to highly-refined, paraffin-base oil—puts into this oil more film strength and oiliness than any oil possesses normally, no matter what crude oil it is made from!
That extra film strength and oiliness enable Germ Processed Oil to stay in the job and prevent wear under the extreme pressure and heat. It helps Germ Processed Oil give long mileage and greater motor protection, as proved in the famous Indianapolis Destruction Test.
Germ Processed Oil protects your motor another way. Because it penetrates and combines with metal surfaces, it forms a "Hidden Quart" that stays on your motor and cuts down wear during the starting period.
Conoco Germ Processed Motor Oil is the oil you need in this day of slow down driving, speed on the highway and sudden acceleration everywhere. It protects your motor and saves you money!

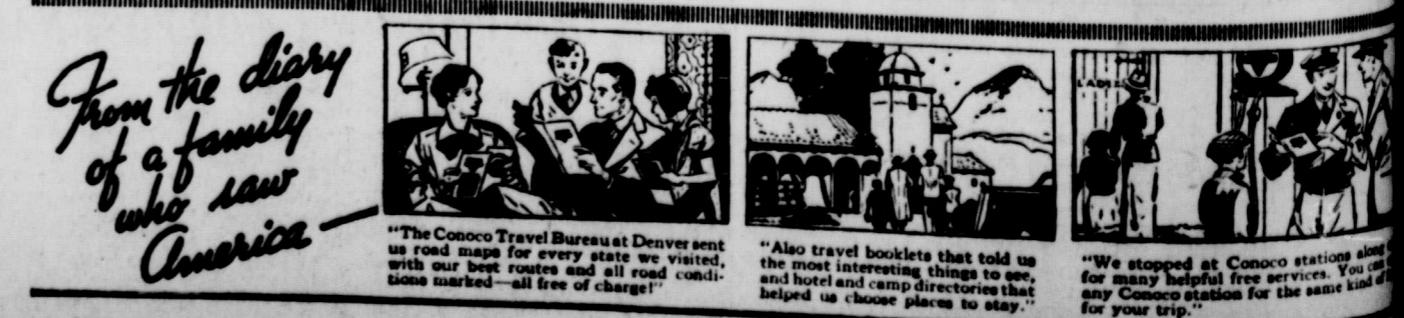

* MOTORISTS WHO KNOW THESE FACTS WILL SAVE MONEY!

Motor oils refined by the usual methods have some oiliness and film strength, but they may form carbon and sludge, which lead to expensive motor repairs.
Other oils may form almost no carbon and sludge, but are so over-refined that they are robbed of oiliness and film strength they need to prevent motor wear.
Germ Processed Oil is refined to eliminate carbon and sludge troubles and then the Germ Process adds extra oiliness and 2 to 4 times more film strength than any straight mineral oil, as tests on Almen and Timken machines have proved.

Three Burglaries Staged in Ranger

RANGER, May 22 — Three robberies in two nights was the record set in Ranger since Sunday, with about \$70 in money and a quantity of merchandise being stolen.

At the J. C. Penney store the following merchandise was reported stolen: Two suits of clothes, valued at \$19.75 each; one Gladstone bag, valued at \$12.50; a metal suit case valued at \$2.98; two felt hats, valued at \$2.98; six shirts, valued at \$1.49 each; two pairs men's shoes, valued at \$2.98 each; two white belts, valued at 45 cents each; two pairs of suspenders valued at 49 cents each and four shirts valued at 49 cents each.

The Southern Ice and Utility company office was robbed, about \$35 in cash reported missing, while a cafe was also robbed during the two nights.

HEAVY LOOT

BARTLEY, Neb. — Bandits who looted the State bank of Bartley were so thorough that they almost were unable to escape with their loot. Included in the \$5,000 total was \$1,200 in silver coins and \$65 in pennies, totaling to such a load that the bandit who attempted to carry it as he fled, had to be supported by a companion.

Judgment Filed In Eastland Election

EASTLAND, May 22 — Judgment of Judge B. W. Patterson rendered in the D. L. Kinnaid vs. City of Eastland and others vote case May 12 was filed Tuesday in 28th district court.

Under the judgement, city commissioners are ordered to hear and determine the election contest filed by Kinnaid involving the result of the city election held April 2nd.

Collie Is Delegate To Rotary Meeting

EASTLAND, May 22 — B. M. Collie, retiring president of the Eastland Rotary club, has been named delegate to the international Rotary convention in Mexico City in June, the board of directors announced.

CATS GIVE FIRE ALARM

RAINER, Ore. — Pet cats saved Ira Johnson, 84 from severe burns if not death. Johnson, deaf, noticed the cats running from room to room, staring at the ceiling where a fire had started. Johnson and the felines escaped, but the house was destroyed.

CISCO DAILY NEWS

CARRIER BOYS BICYCLE CONTEST

CISCO DAILY NEWS CARRIER BOYS IN SUBSCRIPTION CONTEST!

HELP YOUR FAVORITE TO WIN!

Every Carrier boy and his substitute is working for the grand prize, which is a beautiful—

BICYCLE

MOTOBIKE BICYCLE

Sells for \$45.00. See it on display at Collins Hardware

SECOND PRIZE IS \$5.00 IN CASH

The substitute who is of the most help to the regular carrier in the contest will be awarded \$2.50 in cash and the next best helper will receive \$1.00 in cash!

HOW CONTEST WILL BE CONDUCTED

A. Contest Started May 18 and ends June 15.

B. Only Daily News Carrier Boys eligible to enter.

C. Friends and relatives may help their favorites to win.

D. Awards to be made on points earned system—an outline of which is in this announcement.

E. Boys to do crew work one night each week under supervision of circulation manager.

F. Standing in contest to be announced each Sunday — ONLY!

Points in Contest

- 1—Each new subscription 500 points
- 2—Old or new subscription paid one year in advance 500 points
- 3—Old or new subscription paid six months in advance 250 points
- 4—Old or new subscription paid three months in advance 150 points
- 5—Most new subscriptions turned in first week 2,500 points
- 6—Most new subscriptions turned in each following week 1,000 points
- 7—For each properly filled out coupon (to appear on front page later) signed by customer 250 points
- 8—For each "personal" or "news item" brought in by carrier 250 points

Demerits

- 1—Each complaint from customer who missed paper 500 points
- 2—Failure to report for work on time or failure to come back to office after finishing delivery 100 points
- 3—The 500 points will be given back to boy who makes special delivery of paper to the complainant.

CONTEST WILL LAST 30 DAYS — CLOSES JUNE 15.
