JEP LOWE IS ACQUITTED OF MURDER

Cisco Plans To Welcome Humble Picnickers

FIVE BALLOTS ARE REPORTED TO BE TAKEN

LUNCHEON IS TO BE GIVEN BY BOOSTERS

Ciscoans today were preparing to welcome Humble Boosters from the Cisco division, to arrive here Saturday for their annual picnic. Cisco Boosters have planned a luncheon for Humble officials at the Laguna hotel Saturday at 12:15. Business men and members of the club will be present to greet the visitors. Picnards welcoming the visitors were on display today. A number of officials from the Houston and other offices will be present, it was announced. Between 500 and 600 are expected to attend the picnic, which will be held at the Country club in the evening. This year's outing will be varied somewhat from those in the past in that it will be a basket picnic instead of a barbecue. There will be short welcome addresses by representatives of Cisco, followed by the picnic at 7 o'clock. Booster talks will be made by Houston officials following the meal. After the picnic there will be entertainment features, which will consist of a dance, bridge, and forty-two. Rex Carrothers, head of the Humble Boosters here, is general chairman of the picnic committee. Officials who will be here include: Pipeline, F. R. Hanrahan, general superintendent; C. C. Moore, assistant secretary; H. M. Lingie, purchasing agent. Sales Department: D. T. Monroe, retail sales manager; A. H. Armin, specialty sales manager; G. A. Marby, public relations director; Nolan Cox, chairman of the Central Booster committee.

Urges 6,000,000 Be Deported

Six million aliens would be deported, with the view to solving America's job problem, under the bill drafted by Rep. Martin Dies (Democrat, Texas), above, who declares he has support of 155 organizations representing 5,000,000 people. Dies asserts European countries have taken similar action to cut unemployment.

Mosquito Eradication Campaign Tightened

CELEBRATION PLANNED FOR JULY FOURTH

Bring a basket and enjoy yourself. That appears to be the plan for celebrating the Fourth this year as Cisco organizations work to aid the Lake Cisco Amusement company in staging the annual Independence Day celebration here. Chamber of Commerce and Cisco Booster committees are working to make the celebration a success, centering the activities of the day at Lake Cisco, the parks there, and the big swimming pool. Barbecue pits are being prepared, wood furnished, and plenty of tables and benches brought up for picnic lunches. There will be free ice water, large tanks having been secured for the day. A band concert by the Lobo band will be a feature of the day's entertainment, and there will be a water carnival at the swimming pool in the afternoon. There will be a dance, with Phil Lavant's orchestra furnishing the music, in the evening.

Following reports of an unusual number of mosquitoes here, Dr. W. P. Lee, city health officer, today stiffened his mosquito eradication campaign and asked citizens to cooperate with the health department. He urged property owners to keep weeds cut on vacant lots, and to aid the city in eliminating breeding places for the insects by keeping pools of stagnant water drained or oiled. Recent heavy rains were said to have caused rapid growth of weeds which both detract from the appearance of the city and provide a breeding place for mosquitoes. Cisco has been noticeably free of mosquitoes during the last several years. This has not been a matter of accident, but has been through the efforts of the city health department in destroying breeding places for the insects. Dr. Lee today was hopeful that such a condition might continue, through renewed efforts of the city aided by cooperation of citizens. Following is a statement from Dr. Lee, in which he asked to be notified of any pools requiring oiling.

Almost Sure of Endurance Record

MERIDIAN, Miss., June 27. — Two brothers who started out three years ago "to have a shot at flying," soared a mile above the earth today in their third attempt at the five year old endurance record. At 3:12 1-2 p. m. Fred and Al Key and their monoplane, "Ole Miss" will surpass the 533 1-2 hour record set by another plane piloted by two brothers, John and Kenneth Hunter. The brothers are shown, above, before the takeoff for their endurance test.

EASTLAND, June 27. — Jep Lowe today was acquitted of a charge of murder in connection with the shooting of Seaman Garrison in Eastland last November 17. A district court jury brought in a verdict of not guilty this morning at 10 o'clock. It had deliberated over the case since 5:45 Wednesday afternoon. It was reported that only five ballots were taken. Lowe took the stand in his own defense Tuesday. He admitted that he had shot Garrison but said so because he feared that the latter was going to jump on him. He told the jury that Garrison had threatened him and his son, Wilson. Mrs. W. E. Ewart of Eastland, star defense witness, yesterday told of having heard Garrison threaten Lowe in a cafe a few days before the shooting occurred in the Eastland business district. She said that she warned Lowe that there was likely to be trouble.

Roosevelt Asks Congress To Outlaw Suits From Gold Clause Abrogation

WASHINGTON, June 27. — President Roosevelt today asked congress to outlaw all further suits against the government based on abrogation of the gold clause in federal securities. In a special message, the president asked that this be done through legislation withdrawing the consent of the United States to be sued "on its securities, coins, or currencies."

EVA COO FATE RESTING WITH GOV. LEHMAN

OSSENING, N. Y., June 27. — In Albany state house solemn faced conscientious Herbert H. Lehman, governor of New York deliberated again today the unpleasant choice between a woman's life and the law's retribution. In Sing Sing prison, Eva Coe, roadhouse proprietor, muddered and often aptly described as the "Diamond Lil" of Ostego county prayed God to let her know "where I am at."

Booster Breakfast At Lake Postponed

The Cisco Booster breakfast at Lake Cisco, planned for July 2 has been postponed, it was announced today by Johnny Cox, president. Reason for postponement was given as the fact that the club is working on a July 4 celebration and directors believed the breakfast could better be held after that date.

C. E. Hughes' Nephew Found Fatally Shot

DETROIT, June 27. — Charles Carter Dickinson, nephew of Charles Evans Hughes and a prominent New York attorney was found fatally shot today by the side of a road in Rouge park.

Connecticut Foils Eloping Couples

NEW HAVEN, June 27. — Elopement in Connecticut — from other states — formerly was so commonplace that many justices of the peace earned a sizeable income each year in being called out of bed at all hours of the night to read the marriage service. Several years ago the Legislature passed a law requiring five days notice of intent to marry and the rush subsided, although for a good reason the probate judge could waive the clause.

Texas PWA Fraud Case Held Invalid

WASHINGTON, June 27. — A recent indictment accusing seven men of conspiring to defraud the government in connection with a UWA project in Willacy county, Texas, was held invalid today by Justice Jesse C. Adkins in District of Columbia supreme court.

China Agrees To Neutral Zone Plan

PEIPING, China, June 27. — Demilitarization of abroad band of Northern China along the Manchurian frontier was arranged today with announcement that a full agreement had been reached on the status of Chahar province. The agreement was understood to provide a neutral zone from which Chinese, Japanese, and Manchurian soldiers alike would be excluded.

China Agrees To Neutral Zone Plan

PEIPING, China, June 27. — Demilitarization of abroad band of Northern China along the Manchurian frontier was arranged today with announcement that a full agreement had been reached on the status of Chahar province. The agreement was understood to provide a neutral zone from which Chinese, Japanese, and Manchurian soldiers alike would be excluded.

Dillinger Lawyer Gets Top Penalty

CHICAGO, June 27. — Louis Fiquette, attorney for John Dillinger today was sentenced to serve 2 years in the penitentiary and fined \$10,000 for harboring Homer Van Meter, Dillinger's lieutenant. A motion for a new trial was denied by Judge Philip Sullivan and the maximum penalty imposed.

2 DISCOVERED STRANGLER ON TEXAS BEACH

BROWNSVILLE, June 27. — The sheriff's department here still was attempting today to clear up the mysterious deaths of a man and woman identified tentatively as Lawrence S. Monson and Mrs. Carol Mickelson of San Diego, Cal. Bodies of the pair were found late yesterday in an automobile parked on the beach near Brownsville. They apparently had been dead about six hours. The floorboards of the small sedan had been torn away and the windows were closed. Although the ignition was turned on, the motor was not running. A coroner's verdict of suicide as returned. Investigators expressed belief that the motor ran until fuel was exhausted, pouring fumes into the car. Apparently the two were practically penniless. Cans of food believed issued by the San Diego relief office were found in the car.

Nuisance Tax Bill Goes To Conference

WASHINGTON, June 27. — The house sent the \$501,000,000 nuisance tax extension bill to conference with the senate today. The difference between house and senate drafts of the measure, which must be enacted by Saturday night to prevent expiration of levies, is over the length of the extension period. The senate bill extends the taxes for one bill, the house bill for two.

Deposit Insurance Report Due Today

WASHINGTON, June 27. — Speaker Joseph W. Bryns said today he expected the house banking and currency committee to report out later today a temporary deposit insurance resolution, continuing the present \$5,000 limitation.

Huge Switches To Rule Boulder Dam

SAN FRANCISCO, June 27. — The largest electric switches ever built are being completed here for shipment to Boulder Dam. First finished sections of the switches now are being tested at Stanford University. Each switch — there are 12 of them — must stand a charge of 850,000 volts, highest ever attempted. In actual service, estimates Augustus Bowie, president of the manufacturing company making the appliances, they will operate at 187,000 volts. They will be the only air-break switches installed at the dam proper and are to be used for disconnecting the dam's power supply transmission lines and oil switches. The two largest "double" switches stand 27 feet high when opened and weigh 55,000 pounds each. The single switches have base lengths of 21 feet and weigh 30,000 pounds each. The singles cost \$10,000 each, while the double ones cost \$19,000.

Utilities Bill Is Facing House Delay

WASHINGTON, June 27. — House passage of the Wheeler-Rayburn utilities bill will be delayed until next week, Speaker Joseph W. Bryns said today, revealing that four hours of additional debate on two controversial amendments is expected.

Wreck Victims To Return Home Today

The five persons hurt in an automobile wreck south of Cisco Tuesday probably will be allowed to return to their homes today, hospital attendants announced. Those injured were S. J. Smith, 71, Santa Anna; Mr. and Mrs. T. L. Bentley, and their two children, Theressa, 11, and Wayne, 8, of Enid, Okla.

HUGE GOLD DREDGE

BOISE, Ida. — The largest gold dredge to be built in Idaho is being completed at Copperville, near here. It will handle 5,000 to 6,000 cubic yards of dirt every 24 hours when it goes into operation in July.

Irish Reds Demand Release of Mooney

DUBLIN, Irish Free State, June 27. — Communists throwing leaflets demanding the release of Tom Mooney tried to rush the automobile of Alvin M. Owsley, new United States minister, today. The car was approaching the entrance to Dublin castle, bearing Owsley to present his credentials to Police Eamon de Valera. Police beat back the communists and forced them down a side street. Owsley presented his credentials and left without further incident.

Sidetrack Other Bills for Tax Plan

WASHINGTON, June 27. — Clearing the way for President Roosevelt's tax-on-wealth program, Speaker Joseph W. Bryns today directed his house lieutenants to dispose of all other pending legislation as soon as possible. Decisions to let the tax program originate in the house ways and means committee and run through the gamut of normal congressional procedure left the measure open to threats of attack and prospects of a lengthy postponement.

Perjury Denied In Tom Mooney Hearing

SAN FRANCISCO, Calif., June 27. — The state of California denied today before the California supreme court that Tom Mooney, 1916 Preparedness Day parade bomber was convicted and sentenced to life imprisonment on perjured testimony.

Ship Subsidy Bill Is Passed By House

WASHINGTON, June 27. — The house passed the Copeland-Bland ship subsidy bill after a stiff fight today, clearing the way for action on another "must" measure, the holding company legislation.

Youth Is Held In Disappearance of 4

DEL RIO, June 27. — A red-haired youth with tattoo marks on one arm was held in jail here today, awaiting arrival of department of justice agents from El Paso to question him regarding the disappearance of four Illinois tourists.

Hawaii Prepares Gift For Cruiser

HONOLULU, June 27. — Uncle Sam's new cruiser, the U. S. S. Honolulu, will not take to the water until 1937, but the city for which it is named already has prepared the traditional gift of a silver service. The territorial legislature has appropriated \$1,000 and another \$1,000 will be raised by school children. The gift will be a silver punchbowl, the bowl, a silver punchbowl, and a silver service. The gift will be a silver punchbowl, the bowl, a silver punchbowl, and a silver service.

CITY HORSES WELL SHOD

PHILADELPHIA — Philadelphia's 1,700 city-owned horses are well shod. They will have new shoes every three months, Director Joseph H. Hagedorn, of the Department of Supplies and Purchases, revealed in approving the current quarterly expense.

CISCO HIGH JOURNALISTS GET RECOGNITION FROM MAGAZINE

Budding journalists of Cisco high school will receive recognition from the state school magazine, the "Interscholastic Leaguer," according to a letter from Roy Bedichek, head of the Interscholastic bureau at Austin. Bedichek, in a letter to Supt. R. N. Cluck, asked for a cut of the picture showing The Lobo staff, to be published, along with information on the high school paper. He had seen the picture of the staff in the commencement edition of the Daily News. His letter says, in part: "I notice in The Cisco News for May 26th a 3-volume picture of the staff of your high school paper. I should like to publish this picture in the Interscholastic Leaguer with a write-up of your excellent high school paper, and I am wondering if you will be kind enough to send me either the cut or mat of the same."

PROBLEMS OF TRAFFIC COP TO BE TOPIC

COLLEGE STATION, June 27. — Special problems of the traffic officer will be a new feature of the peace officers short course to the second year at Texas A&M college July 8-13. E. W. Steel, professor of municipal and sanitary engineering at the college, has announced. The short course will be held in cooperation with the League of Texas Municipalities. Although the general short course program will open July 8, the study of traffic officers' problems will not begin until July 10. C. G. Beckenbach, traffic engineer, and Capt. B. B. Smith, Dallas police department, will be principal speakers on this phase of the program. The regular sessions will be divided into two parts, lectures in the mornings by men noted in the field of crime suppression, and field work with pistol practice on the R. O. T. C. range in the afternoon. The advisory committee for the course includes L. G. Phares, chief, state highway patrol; R. D. Thorp, chief of police, Austin; H. B. Lewis, chief of police, Fort Worth; Frank Mills, sheriff, Coleman county; and Jim Ingram, chief of police, Ranger. Members of the committee from the college in addition to Professor Steel include E. L. Williams, professor of industrial education, and H. L. Brayton, professor of inorganic chemistry.

DOUBLE PEONY GROWN

PROVO, Utah. — Keeping in style with mass production, the peony family has brought forth twins. The extremely rare phenomenon of a twin peony bloom was picked from the beds of A. H. Jones here.

WEATHER

West Texas — Partly cloudy to cloudy, probably showers southeast tonight and Friday. East Texas — Partly cloudy, probably showers southeast and west coast tonight and Friday.

PROPERTY FOR THOUGHT NEXT GREAT BATTLE

CLASS June 27 — The next battle facing the world is for thought, according to Dr. Guy Inman, missionary and representative of the League of Nations, who is on a tour of 19 Latin American countries as a representative of the League. Dr. Inman stopped for a brief visit in Dallas.

"The battle is already on," Dr. Inman said. "We have gotten to the point where we cannot live with each other unless we agree with each other. We must check ourselves and there must be harmony."

During his trip in Latin America he made contacts with the representatives of many nations, seeking places for refugees from their native countries.

Among these refugees, he is one of the most famous in the world. Germany's aid will be Latin America's.

American public does not know the number of political refugees who have fled from Russia, Italy and Italy are almost

THE NEW FANGLES (Mom'n Pop)

PRIEST SLAIN IN MANCHUKUO BY ROBBERS

NEW YORK, June 27 — Father Anthony Joerg, a Catholic missionary stationed at Mongodatum, Manchukuo, was murdered recently by bandits, according to a report just received here at the national office of Catholic Missions by Monsignor William Quinn, national director. The message said that his body has been recovered but gave no particulars. On January 17, 1934, the former superior of this same mission, Monsignor Eugene Imhof, was also slain by bandits in this same region.

Father Joerg was 33 years of age, and had been a missionary in the Orient since 1929. Last winter his work brought him to the northern frontier of Manchukuo where he found thousands of White Russians. In the past several months he had made two trips to bring relief to the refugees, and was preparing to visit them again when he was fatally attacked by bandits.

During the recent hard times in Northern Manchukuo, Father Joerg, together with the other Catholic missionaries in the area, had done much to relieve the distress of suffering farmers and won the praise of the government and the people. His work exposed him to numerous encounters with outlaws, but until this fatal one, he has always escaped, frequently after being robbed and maltreated, and at times amid a shower of bullets.

McAllen Planning Fourth Celebration

McALLEN, June 27 — A bathing beauty revue, terrapin derby and horse show will be the main attractions at the Seventh Annual Fourth of July celebration to be staged here.

Harry Hancock is chairman of the bathing girl revue which will be held at Cascade pool, south of McAllen. Various towns in the Valley have chosen representatives to enter the contest.

Numerous prizes have been arranged for men, women and boys who take part in the horse races. Harry Merts is director of the show and entries will be received until July 3.

Numerous entries have been received for the terrapin derby, according to E. D. Mathis, who is in charge.

Bleeding Gums Healed
The sight of sore gums is sickening. Reliable dentists often report the successful use of LETO'S PYORRHEA REMEDY on their very worst cases. If you will get a bottle and use as directed druggists will return money if it fails. Dean Drug Co., Adv.

Old School Books Being Collected

AUSTIN, June 27 — If you went to school in Texas "back in the good old days," the very books you studied may be found at the University of Texas.

Dr. J. L. Henderson, education professor, is chiefly responsible for collecting a library of 4,068 volumes — books used in Southwest public schools during the last 50 years.

There are McGuffey's Readers, which everyone remembers, Ray's arithmetics, Steele's sciences, Harvey's Grammars and Maury's Geography. All are familiar names to the student of 1900.

Copies of 90 per cent of the textbooks used in the last 37 years in Texas have been acquired. Henderson hopes to perpetuate the library by getting books as they are introduced in state public schools.

Let us figure your next job of printing. Our job printing department is equipped to serve your needs. — Phone 80.

Five Texas Golfers Play In National

AUSTIN, June 27 — Five University of Texas golfers, Southwest conference champions, were to enter the national intercollegiate meet in Washington, D. C., June 24-29.

Leading the Texas entry was Ed White of Bonham, twice southwest conference singles champion and runner-up for national collegiate honors last summer. Texas won fifth place in the competition last year.

Texas golfers are White, Nelson Mungler of Houston, Raymond Ramsey of Austin, Bill Welch of Weslaco, and Bob Battle of Cleburne.

COOKS FOR REUNION
STEWARTVILLE, Mo. — Mrs. Casper Gantz celebrated her 100th birthday by rising early to prepare her anniversary dinner, attended by her eight sons, nine grandchildren, and six great-grandchildren.

PLANT DICTIONARY
TIFLIS, U. S. S. R. — A new botanical dictionary, containing the names of plants in the English, French, Latin, Russian, German, Italian, Dutch and Armenian languages, is being compiled by Prof. A. L. Bedelyan of the Armenian Agricultural Institute here.

WOMAN'S COUNCIL MEET IN LAST MEETING OF 1935 YEAR.

Circles of the Woman's Council of the First Christian church met Tuesday in the church with the last meeting of the 1935 year.

The following program was given: prayer led by Mrs. Benedict; song, "Love Divine"; devotional, Mrs. W. J. Armstrong, "The Ministry of Preaching"; song, "There Shall Be Showers of Blessing"; reading, "A Check Book or a Mite Box"; Mrs. Troy Powell; missionary offering and dedication, Mrs. Tyndall; song, "Blest Be the Tie"; benediction.

During the social hour Mrs. H. V. House was presented in several vocal numbers. Mrs. W. J. Armstrong, Mrs. David Tyndall, Mrs. Oran Shackelford and Mrs. Troy Powell served punch and cookies to about 35 members.

The outgoing president, Mrs. J. F. Benedict was presented with a crystal cake plate.

MMES HOUSE AND PARSONS CIRCLE HOSTESSES.

Circle Six of the First Baptist church met in the home of Mrs. T. E. House Tuesday with Mrs. W. J. Parsons co-hostess.

Mrs. A. M. Swindle has charge of a short business meeting. Mrs. W. M. Moore led in prayer and gave the

devotional taken from Hebrew 1, "Righteousness". Taking part in the program were Mesdames Swindle, Parsons, and J. R. Burnett. Others present were: Mesdames A. C. Poe and son, T. E. House, W. M. Moore, and A. M. Swindle.

Personals

Mrs. Luther Curtis of Toyah was the guest of Mrs. W. O. Elliott and friends yesterday and today.

Mr. and Mrs. Duke Seagrest and son, Duke, of Dallas were guests yesterday in the home of Mr. and Mrs. Wyatt Jacobs.

Robert Elliott was a visitor in Eastland last evening.

Mr. and Mrs. Ernest Black and daughter of Moran were shopping in Cisco this morning.

John Howell of Breckenridge is spending a few days in Cisco with relatives and friends.

Mr. and Mrs. P. L. Ullom and daughter, of Sweetwater, formerly of Cisco, were visitors a while in Cisco yesterday en route to Temple

where Mrs. Ullom has been called to the bedside of her brother.

J. T. Moore of Shreveport, La., passed through Cisco yesterday and visited with friends a few hours en route to El Paso.

Lloyd Hughes was a business visitor in Dallas yesterday.

Miss Eleanor Voorhees who has been the guest of Miss Ora Bess Moore, returned to her home in Abilene today.

Mr. and Mrs. George Ruppert spent the day in Dallas yesterday where Mr. Ruppert transacted business.

Miss Marie Qualls has returned from a three weeks visit with relatives in Blum.

B. B. Baker of Dallas spent last night visiting with his aunt, Mrs. C. Owens.

Calhoun Anderson visited with his parents, Mr. and Mrs. J. T. Anderson, a few hours yesterday, en route to Howe.

Miss Hattie Ann Parrot of Throckmorton is the guest of her sister, Mrs. Carlton Cochran.

Mr. and Mrs. Fred Roberts and daughter of Rising Star were visitors in Cisco yesterday.

Mrs. Billy Swape of San Antonio was a visitor in Cisco Wednesday.

Walter and Paul Campbell and sister, Miss Mary Louise of McCamey are guests today of friends in Cisco.

Hearings On Wool, Mohair Postponed

WASHINGTON, June 27.—A scheduled series of public hearings on a proposal to license dealers in wool and mohair has been postponed, the Agricultural Adjustment Administration announced today.

The movement for a license which concerned only fair trade practices and charges had been initiated by growers of wool and mohair. The administration had announced a series of hearings to be held between the dates of July 2 and August 6.

Action on the proposal now has been deferred until final congressional action on proposed amendments to the Agricultural Adjustment Act establishes the status of wool and mohair under the act.

A list of cities and dates for the postponed hearings follows: Boston, July 2 and 3; Denver, July 8 and 9; Billings, Mont., July 11 and 12; Portland, Ore., July 15 and 16; San Francisco, July 18 and 19; Salt Lake City, July 23 and 24; San Angelo, Tex., July 29 and 30; Kansas City, Mo., August 1 and 2; and Columbus, Ohio, August 5 and 6.

LINKS & COUNTRIES

STOCKHOLM.—An automobile highway, encircling the Baltic Sea, and running through eight countries, is planned by the Joint Scandinavian Tourist committee which reports that the new route will be ready as soon as the big Norwegian State highway is completed.

THIEF SOUGHT

SEATTLE, Wash.—King county deputies are searching for a "heavy-fingered" thief who stole 30 steel rails from the track of the Brantner Logging company railroad.

JEP LOWE IS ACQUITTED AT MURDER TRIAL

EASTLAND, June 27 — Jep Lowe today was acquitted of a charge of murder in connection with the shooting of Seaman Garrison in Eastland last November 17. A district court jury brought in a verdict of not guilty this morning at 10 o'clock. It had deliberated over the case since 5:45 Wednesday afternoon. It was reported that only five ballots were taken. Lowe took the stand in his own defense Tuesday. He admitted that he had shot Garrison but said so because he feared that the latter was going to jump on him. He told the jury that Garrison had threatened him and his son, Wilson. Mrs. W. E. Ewart of Eastland, star defense witness, yesterday told of having heard Garrison threaten Lowe in a cafe a few days before the shooting occurred in the Eastland business district. She said that she warned Lowe that there was likely to be trouble. Difficulties Recalled Character witnesses introduced by the defense yesterday included A. M. Hearn, former tax collector, and "Uncle Jake" Lyler. Witnesses for the defense recalled a number of instances in which Lowe and Garrison had had trouble. One was recalled as the Lowe home 18 months before the shooting and another at a county fair at Eastland.

Joe Moore Tuesday had quoted Lowe as telling Garrison, "You won't let my boys any more." He detailed the approximate positions of the two men at the time of the shooting. This was the second trial of Lowe on the murder charge. The first one ended in a mistrial in March. Jurors in the case were J. P. Quinn, Desdemona, R. J. Norman, Ranger, J. J. Coffman, Eastland; R. W. Pullington, Eastland; Tom Harris, Eastland; J. L. Smith, Rising Star; Roy Townsend, Nimrod; E. H. Ramsey, Rising Star; L. J. Lambert, Eastland; D. P. Parks, Desdemona; Roy Northcutt, Desdemona; Jack Jackson, Rising Star, Foreman.

Two persons were treated for injuries today after the car in which they were riding plunged into a ditch west of Cisco. Hospital attendants said that the two, Clayton Ingram and Earl Ingram, received minor scratches and wounds.

MEMENTO EXCHANGE OMAHA, Neb. — Charles W. Lesh who received a German war prisoner's identification tag in exchange for a pack of American cigarettes in the Meuse-Argonne offensive in 1918, is handing the tag back in exchange for a photograph.

WOODBURN, Ore. — Baby Anne Alden saved her parents money. The father arranged with Dr. Gerald Smith on a double-or-nothing basis — a boy, double; a girl, nothing.

PET STAYS AT HOME CHICAGO — A baby groundhog was captured last summer by Billy Dunn. He fed it with an eye-dropper, and last all, turned it loose. It disappeared. This spring, however, a full-grown groundhog crawled from under an old shed to greet Billy.

OWL ATTACKS MAN INDEPENDENCE, Mo. — Dr. Floyd Yale advises his friends never to insult a screech owl. While imitating one of the creatures, Dr. Yale suffered the "humiliation" of having his hat knocked off by the offended bird.

QUINCY, Mass. — Two bats broke up an inquest at a state fire marshal's hearing here. The bats, which flew out of the folds of two flags, were captured by assistant state fire marshal George O. Mansfield. They have been adopted as pets.

PLANE TO SPRAY POISON LETHBRIDGE, Alta. — Southern Alberta will conduct its war on grasshoppers from the air this year. An airplane carrying a ton of poison and equipped with a special spraying device will fly over the threatened areas and release the poison.

RING FOUND NEW BRITAIN, Conn. — Thirty-nine years after her mother lost her wedding ring while setting out plants in a garden, Mrs. Peter Fusari found the band in the same flower bed. It had been spaded each year as the plot was soughed.

COACH CHAPMAN IS RECOVERING FROM OPERATION TO AID VOICE

Coach W. B. Chapman of Lubbock high school today was reported to be recovering after a throat operation in Philadelphia, according to Mrs. Chapman, visiting her parents, Mr. and Mrs. P. Pettit, here. Mrs. Chapman received a telegram yesterday from the coach's doctor, saying that her husband had "reacted nicely to the operation and no complications were anticipated." Coach Chapman is in the

Temple University hospital under the care of Dr. Wayne Babcock, eminent throat specialist. Coach Chapman has many friends here, having directed athletics in Cisco high school for a number of years. It was during his coaching period here and largely through his efforts that Cisco and Oil Belt football rose from a relatively unimportant place in Texas high school athletics to the top spot in state interscholastic competition.

Almost Sure of Endurance Record

MERIDIAN, Miss., June 27. — Two brothers who started out three years ago "to have a shot at flying," soared a mile above the earth today in their third attempt at the five year old endurance record. At 3:12 1-2 p. m. Fred and Al Key and their monoplane, "Ole Miss" will surpass the 53 1-2 hour record set by another plane piloted by two brothers, John and Kenneth Hunter. The brothers are shown, above, before the takeoff for their endurance test.

July 4 Celebration To Be At Lake Cisco

Bring a basket and enjoy yourself. Barbecue pits are being prepared, wood furnished, and plenty of tables and benches brought up for picnic lunches. There will be free ice water, large tanks having been secured for the day. A band concert by the Lobo band will be a feature of the day's entertainment, and there will be a water carnival at the swimming pool in the afternoon. There will be a dance, with Phil Lavant's orchestra, furnishing the music, in the evening. After the picnic there will be entertainment features, which will consist of a dance, bridge, and forty-two. Rex Carrothers, head of the Humble Boosters here, is general chairman of the picnic committee. Officials who will be here include the following: Pipeline, T. R. Hanrahan, general superintendent; C. C. Moore, assistant secretary; H. M. Langie, purchasing agent. Sales Department: D. T. Monroe, retail sales manager; A. H. Armin, specialty sales manager; G. A. Mabry, public relations director; Nolan Cox, chairman of the Central Booster committee. Arrangements will be made for the care of small children, it was announced. Jerry Clark's orchestra will play for the dance at the club house. Complete program for the day is as follows:

Lobo Band Planning Concert At Lake Cisco July 4 After Appearance Here

Bandmaster R. L. Maddox this week began laying plans for a 4th of July concert at Lake Cisco in connection with the celebration there, following the first appearance of the summer last night of the Lobo band. The band presented its concert at Mobley park last night to a crowd that jammed the nearby streets for all available parking space and received the music well. The bandmaster today appeared to be well pleased with the showing of his musicians but said more music is needed in the repertoire before the band gives its next concert.

He was grateful today for the cooperation of all Ciscoans who aided in making last night's concert a success. "I want to thank everyone who had anything to do with the concert," he said. "We appreciate the help we received and hope our efforts justified it."

He mentioned particularly the West Texas Utilities, which strung and arranged the lights; Skiles Grocery, which furnished a truck to haul the band chairs; and the City Drug company and the Daily News, which furnished light strings.

Two persons were treated for injuries today after the car in which they were riding plunged into a ditch west of Cisco. Hospital attendants said that the two, Clayton Ingram and Earl Ingram, received minor scratches and wounds.

MEMENTO EXCHANGE OMAHA, Neb. — Charles W. Lesh who received a German war prisoner's identification tag in exchange for a pack of American cigarettes in the Meuse-Argonne offensive in 1918, is handing the tag back in exchange for a photograph.

WOODBURN, Ore. — Baby Anne Alden saved her parents money. The father arranged with Dr. Gerald Smith on a double-or-nothing basis — a boy, double; a girl, nothing.

PET STAYS AT HOME CHICAGO — A baby groundhog was captured last summer by Billy Dunn. He fed it with an eye-dropper, and last all, turned it loose. It disappeared. This spring, however, a full-grown groundhog crawled from under an old shed to greet Billy.

OWL ATTACKS MAN INDEPENDENCE, Mo. — Dr. Floyd Yale advises his friends never to insult a screech owl. While imitating one of the creatures, Dr. Yale suffered the "humiliation" of having his hat knocked off by the offended bird.

QUINCY, Mass. — Two bats broke up an inquest at a state fire marshal's hearing here. The bats, which flew out of the folds of two flags, were captured by assistant state fire marshal George O. Mansfield. They have been adopted as pets.

Boys, Girls Enjoying Church Encampment

The beauty and recreational facilities of Lake Cisco are being enjoyed this week by nearly 100 boys and girls and adult leaders from all sections of the Fort Worth Presbytery, who are attending a religious encampment at the Cisco Country club. Rev. J. Stuart Pearce of the Cisco Presbyterian church is host. Twenty-seven counties are represented. Divided into four groups known as Indian tribes to carry out the idea of outdoor life, the boys and girls ranging in age from 12 to 15, attend daily religious classes, engage in athletics, swimming, and other recreational activities. Each tribe has its teams which vie with the others for camp championship. Silent periods are observed daily, and they must be spent in resting, reading, writing, or other occupation where silence may be maintained. The faculty is composed of the following: Rev. M. H. Applewhite of Fort Worth, camp director; Rev. T. S. Knox of Abilene, Bible study course; Rev. C. A. Tucker of Haskell, mission course; Miss Stella Hovey of Fort Worth, director of religious education for the Presbytery; George Neill of Fort Worth, director of athletics; Miss Mary Catherine Cowan of Fort Worth, pianist; Mrs. G. A. Nelson of Fort Worth, dietitian. Counselors for each of the four tribes are young people who have received their training in previous encampments. They are: Billy Murray of Abilene; Miss Pat Van Eman of Cisco; Miss Vernabel Cowan of Fort Worth; and Clifford Williams of Fort Worth. Star gas for cooking purposes is being furnished through the courtesy of the Community Natural Gas company, lights by West Texas Utilities company; grounds and buildings by Cisco Country club and the Amusement company. The encampment will terminate with breakfast Saturday.

Cisco Ready To Welcome Humble Group to Picnic

Ciscoans today were preparing to welcome Humble Boosters from the Cisco division, to arrive here Saturday for their annual picnic. Cisco Boosters have planned a luncheon for Humble officials at the Laguna hotel Saturday at 12:15. Business men and members of the club will be present to greet the visitors. Placards welcoming the visitors were on display today. A number of officials from the Houston and other offices will be present, it was announced. Between 500 and 600 are expected to attend the picnic, which will be held at the Country club in the evening. This year's outing will be varied somewhat from those in the past, in that it will be a basket picnic instead of a barbecue. There will be short welcome addresses by representatives of Cisco, followed by the picnic at 7 o'clock. Booster talks will be made by Houston officials following the meal. Entertainment Features After the picnic there will be entertainment features, which will consist of a dance, bridge, and forty-two. Rex Carrothers, head of the Humble Boosters here, is general chairman of the picnic committee. Officials who will be here include the following: Pipeline, T. R. Hanrahan, general superintendent; C. C. Moore, assistant secretary; H. M. Langie, purchasing agent. Sales Department: D. T. Monroe, retail sales manager; A. H. Armin, specialty sales manager; G. A. Mabry, public relations director; Nolan Cox, chairman of the Central Booster committee. Arrangements will be made for the care of small children, it was announced. Jerry Clark's orchestra will play for the dance at the club house. Complete program for the day is as follows:

Gun Club Planning Shoot For July 4

The Oil Belt Gun club has announced a shoot at its range north of Eastland for July 4. A free barbecue for all shooters and their families will be a feature of the day. In the skeet and regulation shoot there will be three events, 100 regulation 16 yard targets, 50 handicap targets, and 100 skeet targets. The rifle and pistol shoot will be divided into small bore rifle, a big bore rifle, and revolver and pistol matches. A local boy came home Sunday to win the fourth annual invitation golf tournament yesterday as Bill McMahon, youthful Longview star, formerly of Cisco, took off the championship to East Texas. McMahon defeated Doug Jones, Eastland, 2 and 1, to win the title, after both boys had shot stellar golf throughout the match. He won his way into the finals by defeating Sam Conner, also of Eastland, 7 and 6. Jones had advanced to the finals by winning from Joe Bill, Lubbock, an early favorite, 2 and 1. McMahon was co-medalist with Gid Faircloth of Ranger, who lost to Tom Barnett of Eastland in the first round. McMahon defeated Joe Dick Slaughter of Lubbock, 4 and 3, in the first round, and then advanced to the semi-finals with a one-up win from Clinton Bussey, Lubbock, former West Texas champion. Tournament officials and players alike were strong in their praises for the tourney, which they characterized as the best yet held here. There were 77 entries in 5 flights. Country club members already were looking forward this week to next year's tourney with expectations of at least 100 entries. Tom Barnett of Eastland defeated Jack Pippet of Cisco, 3 and 2, to win the second flight. Jack Goutrley, Eastland, won from Forbes Lee Wallace, 6 and 5, to take the third flight. O. M. Moore, Ranger won the fourth flight by defeating George Irvine, Jr. Cisco, 2 up. O. J. Russell captured the fifth flight by winning from Glenn Little, Cisco, 1 up.

Rev. Applewhite Speaker Before Rotarians Here

Rev. M. H. Applewhite, Fort Worth director of the sixth annual intermediate camp conference of the Fort Worth Presbytery, was the principal speaker at the Cisco Rotary club Thursday, speaking on the camp. He impressed his hearers with the work being done at the camp and the possibilities of such camps for boys and girls of the early adolescent age. Before speaking on the subject of the encampment, Rev. Mr. Applewhite gave a vocal solo and led the club in group singing. He was introduced by Rev. J. Stuart Pearce, pastor of the First Presbyterian church, S. E. Hittson was program chairman for the day. The club voted, upon motion of J. J. Collins, to observe the Independence Day holiday next Thursday and not have a meeting at that time.

BUZZSAW STOPS JUST IN TIME Tiffin, O. — If Allen E. Seck hadn't happened to have shut off the power a moment before, he would have suffered a horrible death from a circular saw. As it is, Seck fell against the saw but it came to a stop after cutting through his clothing.

MUSIC INSTITUTE GROWS PHILADELPHIA — Eleven years ago Mrs. Mary Louise Curtis Bok founded the Curtis Institute of Music with an endowment of \$12,500,000. Today, the institute has 135 students and is steadily gaining in nationwide recognition.

COACH CHAPMAN IS RECOVERING FROM OPERATION TO AID VOICE

Coach W. B. Chapman of Lubbock high school today was reported to be recovering after a throat operation in Philadelphia, according to Mrs. Chapman, visiting her parents, Mr. and Mrs. P. Pettit, here. Mrs. Chapman received a telegram yesterday from the coach's doctor, saying that her husband had "reacted nicely to the operation and no complications were anticipated." Coach Chapman is in the

Temple University hospital under the care of Dr. Wayne Babcock, eminent throat specialist. Coach Chapman has many friends here, having directed athletics in Cisco high school for a number of years. It was during his coaching period here and largely through his efforts that Cisco and Oil Belt football rose from a relatively unimportant place in Texas high school athletics to the top spot in state interscholastic competition.

Urges 6,000,000 Be Deported

Six million aliens would be deported, with the view to solving America's job problem, under the bill drafted by Rep. Martin Dies (Democrat, Texas, above, who declares he has support of 155 organizations representing 5,000,000 people. Dies asserts European countries have taken similar action to cut unemployment.

Bill McMahon Is Winner of Cisco Club Golf Title

A local boy came home Sunday to win the fourth annual invitation golf tournament yesterday as Bill McMahon, youthful Longview star, formerly of Cisco, took off the championship to East Texas. McMahon defeated Doug Jones, Eastland, 2 and 1, to win the title, after both boys had shot stellar golf throughout the match. He won his way into the finals by defeating Sam Conner, also of Eastland, 7 and 6. Jones had advanced to the finals by winning from Joe Bill, Lubbock, an early favorite, 2 and 1. McMahon was co-medalist with Gid Faircloth of Ranger, who lost to Tom Barnett of Eastland in the first round. McMahon defeated Joe Dick Slaughter of Lubbock, 4 and 3, in the first round, and then advanced to the semi-finals with a one-up win from Clinton Bussey, Lubbock, former West Texas champion. Tournament officials and players alike were strong in their praises for the tourney, which they characterized as the best yet held here. There were 77 entries in 5 flights. Country club members already were looking forward this week to next year's tourney with expectations of at least 100 entries. Tom Barnett of Eastland defeated Jack Pippet of Cisco, 3 and 2, to win the second flight. Jack Goutrley, Eastland, won from Forbes Lee Wallace, 6 and 5, to take the third flight. O. M. Moore, Ranger won the fourth flight by defeating George Irvine, Jr. Cisco, 2 up. O. J. Russell captured the fifth flight by winning from Glenn Little, Cisco, 1 up.

Probe of Relief Cases Begins At Eastland Office

Reexamination of Eastland county's case load to determine the eligibility of every client on relief rolls was begun this week by special workers from Austin headquarters. It was announced Tuesday by County Administrator H. E. Driscoll. The special workers will either assume the full responsibility for the task of re-registration or will work in conjunction with the case work staff of the county relief offices, Driscoll said. "These workers are directly responsible to Mrs. Val M. Keating, director of social service of the Texas Relief Commission, and their decisions are final as to eligibility of the relief client receiving aid from the Texas Relief Commission," Driscoll said. "These workers have been instructed to refuse all applicants whose income exceeds the allowed budget. They will compute resources and take into consideration odd-job possibilities for employable persons, and deduct such earnings from budgetary requirements. As stated before, the recommendation of this staff of special workers will determine whether the case should be closed, or continue to receive relief. "It is estimated this re-examination will entail three weeks work in this county. Meanwhile, work relief of the county was slowed down almost to a standstill. In Cisco only the cannery was in operation. Recently the relief work was stopped and then some of the projects were reopened, with clients working on a 50 per cent budget place in Texas high school athletics to the top spot in state interscholastic competition.

500 EXPECTED TO ATTEND AS PLANS TALKED

The Oil Belt Teachers association will hold its fall meeting in Cisco, it was announced Thursday night by Supt. R. N. Cluck of the public schools here. News of the selection of Cisco for the meeting came to Supt. Cluck in a letter from W. A. Ross, principal of the Mineral Wells high school and president of the association. Date of the meeting will be set later, it was said. Between 500 and 600 at least are expected to attend the meeting, Supt. Cluck said. "We are going to invite all teachers in the Oil Belt association," he said. "Instead of making it just an executive meeting we will make it almost as large as a regular spring session."

Cisco has sought for fall meeting for some time, various civic groups adding their support to the schools to help bring the body to this city. Organized Here "It is particularly fitting that the association should hold this meeting in Cisco," Supt. Cluck said. "It was organized here five years ago and has continued to grow until it is one of the important teachers associations of the state."

The meeting will last one day, he said when questioned as to plans for it. There will be a banquet for the teachers in the evening. "We are grateful to Ranger and Superintendent E. F. Holloway for the courtesy shown us by the Ranger school system," Cluck said. "It was partly through their efforts that we were able to bring the meeting here."

He explained that Ranger had sought the meeting but had withdrawn in favor of Cisco.

St. Louis To Have Soldiers' Memorial

ST. LOUIS, June 25 — Approval by a citizens bond supervisory committee has enabled St. Louis to go ahead with plans for a soldiers' memorial on the Plaza and to appropriate an \$100,000 for the million already provided for construction. Total funds for the construction and the "development and maintenance" of the plaza reach \$1,900,000. A memorial plaza commission have been appointed to supervise planning. The new appropriation was made to permit steps for the building to be more expensive but will take people from relief rolls and provide work for St. Louis Labor.

Borah Endorses Tax Plan

Senator William E. Borah of Idaho is one of the outstanding republican progressive lawmakers of the nation. He is one of the ablest and one of the most widely known popular orators of the republic.

He has thrown the weight of his personal prestige behind President Roosevelt's "rich must pay" tax program, but at the same time warned that it would not redistribute wealth. He boldly indicated he would support the Roosevelt plan for higher inheritance taxes and higher corporation levies. He called the Roosevelt recommendation "not only sound economically but sound morally." He predicted, that if "the taxes are wisely laid, such a program will be more conducive to recovery than the recess-voting of bonds and the increase of the interest burden."

He denied most emphatically that the program was even an approach to the Kingfish Long share the wealth campaign. It is absurd, he said, "to call it a share the wealth program. It is, in fact, nothing more than a share the burden of government program. Neither can it be said that it is a "soak the rich" program. All last winter states had been levying sales taxes that soaked the poor. In addition to that, many a tax proposed to be laid down at a particular point ships down the economic ladder to those who can pass it along no further. I think it is a sound and kindly proposal to readjust our tax laws in the light of our stupendous expenditures."

Kingfish Long addressed his recent proclamation to the president. He signed the document "sincerely, your friend." To date there has been no reply from the White House. Now just why should an eagle waste his time on a political tomtit? Borah comes from the grassroot country.

He is one of the most widely known and most influential of the republican progressives. Will he go all the road or only half the way in the campaign of 1936?

Rail Workers Want Government Ownership

Heads of the American Rail Executive association maintain a large lobby in the city of Washington. They represent rail brotherhoods and are very active when there is a congress grinding. Now they demand immediate taking over of the rail carriers by the federal government and the sensational side of their plea is "that great financial houses have looted the railways of the country," and "through the creation of highly questionable holding companies the bankers have coveted their control on this industry." This is another direct indictment: "A large number of communities throughout the country are ruined to increase the returns to the irresponsible group controlling the railways." Rail managers have suffered terrific losses in recent years. They have suffered fierce competition on highways. They are heavy taxpayers. They are large buyers of material. They have spent millions in betterments. Barge lines are among their competitors. Truly lines on the highways and passenger buses have captured rich slices of traffic and travel trade really the rail problem is one of the great problems of today facing the American people and ever calling for action.

Nation Marches Toward Recovery

Business signs of the time are more than encouraging regardless of the croakings of the pessimist and the ravings of the political critics representing all types and political factions. Preliminary reports released by New York business and financial authorities make the broad statement that the nation will be "further along the road to economic recovery in July than a year ago." Electric power production stood high with an increased output. Consumption of cotton for the first half of this year about balanced with last year. Freight car loadings were most encouraging. Steel production lagged slightly. On the financial side an even brighter picture was shown by the Associated Press statistics, with rails and utilities showing losses and with industrial shares much higher than a year ago. This regardless of the F. D. R. message outlining his share of the wealth plan which was very coolly and critically received by many leading newspapers of the nation including all the thunderers of the press opposed to any tinkering of the constitution and ever shouting their war cry "Reduce Expenses and Balance the Budget."

Coughlin Plans Invasion of Texas

Father Charles A. Coughlin of Detroit Shrine of the Little Flower is vacationing at Palm Beach, Fla. Well, he has let it be known that "The Eyes of Texas Are Upon Him." Within the next few months he promises to locate a powerful radio station in the Texas cotton belt and then move gradually eastward until he permeates all of Dixie.

He is going to gain recruits from the ranks of "Southern cotton growers and exploited industrial workers." This is his pledge: "These workers belong in our army and we intend to make them a part of it. The national union for social justice is the only party which offers a straw of hope," declared the radio messiah as he explained that because of lack of radio stations in the South "we have not gained membership as we have in other sections."

Kingfish Long is the Messiah of Louisiana. Kingfish never brooks the coming of rival messiahs. He is the one Moses of the swamps and the hill country. Has the radio priest abandoned his old slogan, "It's Roosevelt or Ruin?" Truth is, F. D. R. has taken the wind out of the sails of all the messiahs and the progressive senators and representatives of the senate and the house are hammering into shape their own bills for "sharing the wealth" and placing a limit on "large fortunes"—that is, if there are large fortunes on or under the surface—in this so-called democratic country.

OUT OUR WAY

UNDER THE DOME AT AUSTIN

By GORDON K. SHEARER
United Press Staff Correspondent

AUSTIN, June 27.—A democratic "second term" is in prospect as the popular campaign cry of candidates in the next Texas primary election at the beginning of the present administrative biennium, it appeared probable that most of the state's elected officers, from Governor James V. Allred down, would seek re-election.

This includes the governor. It had popularly been supposed that he would seek advancement to the United States senate after one term as governor.

A leading state official predicted confidentially, however, that both the governor and Lieut.-Gov. Walter Woodall will be content to ask second terms in present offices.

Attorney General William McCraw and Railroad Commissioner E. O. Thompson both have announced that they plan to ask for reelection.

State Agricultural Commissioner J. E. McDonald is expected to ask another term in a "vindication" campaign, as a result of charges against the department. State Representative Stanford Payne, Del Rio, is mentioned as the likely candidate against McDonald.

An unconfirmed report says that the governor may appoint State Comptroller George Sheppard to be a member of the state board of control when the term of Chairman Claude Teer expires next year.

That would permit the governor to

name a comptroller and the man named would have the edge on other candidates in the election that would come later.

Both Adam Johnson, state relief administrator, and Teer have been reported as scheduled for important positions in the national administration's recovery program. Neither has been so advised but reports from Washington have them slated.

Final passage by congress of the four billion dollar relief appropriation will cause renewed efforts to obtain a grant for assistance in building a memorial state courts building at Austin.

The building would house the state supreme court, the court of criminal appeals, the attorney general's office, the state law library and, perhaps, the third court of civil appeals.

Frank Andrews, Houston, and John L. Darrouzet, Austin, are active members of a state bar committee, co-operating with Supreme Court Justice C. M. Cureton and others in pushing the project.

The building would occupy a site that once was designated as the location for a Texas Navy department building. The designation was in the days of the Republic of Texas.

The state land office now is on a site that then was designated for the War Department building.

Gov. Allred continued his "youth" program by appointing Everett Johnson, 31, San Antonio, a district judge to succeed the late Judge R. B. Minor.

Judge Minor was the oldest district judge. Johnson was an assistant attorney general throughout Gov. Allred's term as attorney general.

Judge Minor gained prominence during Gov. Neff's administration when he held that there was no authority for State Rangers to be kept in San Antonio, where they had opened headquarters for a drive against bootleggers.

Sen. Joe Hill, Henderson, member of the state senate fee investigating committee, believes that receivers in oil litigation do not earn the large fees they are paid for services.

He is directing his investigation

Texas Topics

By RAYMOND BROOKS

AUSTIN, June 27.—The Texas National Guard will begin annual training periods in the 56th cavalry brigade encampment at Mineral Wells, July 7 to 21, and will finish the field tour with encampment of the 36th division at Camp Palacios, August 3 to 18.

Adj. Gen. Carl Nesbitt will undergo a seven-day training period at the cavalry camp. Col. H. H. Carmichael, assistant adjutant general, will be camp quartermaster for the camp, and Capt. Ralph A. Lewis of Austin, subsistence officer, Col. Lawrence McGee, U. S. property and disbursing officer, will be among officers who with Col. Carmichael will report at the Mineral Wells camp July 1, in advance of the encampment period.

Racketeers are trying to exploit those who will come under the li-

ad valorem levy for educational purposes from the 35-cent rate about 32 cents.

Mrs. Stewart said one of the schemes now being attempted is that of telling operators and workers they have to join some certain organization before they will be eligible for license. Somebody will be the bright idea and affidavit form of application and affidavit costing about two cents, and offering them to persons subject to the law at \$1 each, under the claim these forms will be required.

Wings of the state board of education have been clipped, so far as any extensive dealing in bonds are concerned in a ruling that it cannot sell bonds purchased with school funds, except where the bonds mature, or all called by the issuing authorities, and cancelled. The university board of regents has full authority to buy and sell securities at will so as to protect and improve its investments.

While other departments of the state run further into the red, the school fund has paid up four long last. He snapped the ladder and a small sinker at it hurtled through the air and struck Spring's camp, Charles Jones, in the right binding it. The eye was removed Community hospital.

W. A. Morgan Buried Sunday afternoon

Funeral services for W. A. Morgan, 78, were held at the First Baptist church here Sunday afternoon. Interment was in Oak cemetery, Green in charge.

Mr. Morgan was born in Mississippi and came to Texas many years ago. He moved to Cisco months ago, residing with his son, Knox Morgan, an employee of the Humble company.

Mr. Morgan died Friday night at 9 o'clock at his son's home, 904 E. 10th. He is survived by his wife, Mrs. E. S. James, and four sons: Giffin, Breckenridge, John Morgan, Bustrop, Walter Morgan, Bustrop, Knox Morgan, Haytown, Knox Morgan, Langley and Edward Morgan, Langley.

LET US MAKE YOUR 4th of JULY TRIP SAFER

BEFORE you start on your holiday trip, let us completely inspect your car. There is no charge for this service and it will assure you of a safer and more enjoyable trip.

For the convenience and safety of car owners Firestone has established more than 500 Auto Supply and Service Stores throughout the country, and thousands of Firestone Dealers are also equipped with complete Auto Supplies and complete Service Departments, to test and service your tires, brakes, batteries, spark plugs, in addition to power lubrication and crank case service.

AVOID THE DANGER OF BLOWOUTS

Firestone removes the danger of blowouts by preventing their main cause—internal friction and heat. This is accomplished by Gum-Dipping.

THERE ARE THREE QUESTIONS AND ANSWERS THAT WILL SOLVE YOUR PROBLEM OF WHAT TIRES TO BUY:

1 "Will the tread give me the greatest traction and protection against skidding?"

2 "Are they blowout-proof?"

3 "Without sacrificing these two important safety features will they give me the longest mileage, thus making them the most economical tires I can buy?"

Firestone High Speed Tires not only give more than 50% longer wear, but also lowest cost per mile. In fact, unequalled mileage records of thousands of car owners add undisputed evidence of the longer wear and greater economy of Firestone High Speed Tires.

Equip your car with a set of Firestone Gum-Dipped Non-Skid Tires, the safest tires ever built and avoid the dangers of skidding!

You Always Get Better Quality at no Higher Price When You Buy a Firestone Tire with the Firestone Name and Guarantee.

PROPERTY FOR FIGHT NEXT GREAT BATTLE

AS June 27 — The next fight facing the world is for thought, according to Dr. Guy H. Immar, missionary and native of the League of Nations.

Dr. Immar is on a tour of 19 Latin American countries as a representative of the League. Dr. Immar stopped for a brief visit in Dallas.

"The battle is already on," Dr. Immar said. "We have gotten to where we cannot live with who does not agree with us. We must check herself and there must be harmony."

His trip in Latin America made contacts with the heads of many nations, seeking places for refugees from Europe.

Among these refugees, he met 100 of the most famous in the world. Germany's aid will be Latin America's.

American public does not know the number of political refugees in the world, Dr. Immar said. He has fled from Russia, Italy and almost all other countries.

Work in Latin America is making greater progress, he said. Churches would band together to have a single goal. Uncoordinated efforts result in waste, he said.

182 NOTARIES PUBLIC APPOINTED FOR EASTLAND COUNTY THIS YEAR

One hundred and eighty-two in Eastland county have qualified as notaries public for the term that began this month, to expire in June, 1937.

The following were appointed by the governor, by and with the advice and consent of the senate: A. Agate, J. L. Alford, R. L. Allen, J. C. Allison, Barbara Ann Arnold, J. T. Anderson, W. S. Adamson.

H. G. Bailey, J. A. Beard, W. C. Bedford, Earl Bender, Homer Bible, S. R. Black, F. S. Boland, George Boyd, Gertrude L. Brewer, George Brogdon, O. D. Brogdon, J. R. Burnett.

Charles A. Campbell, M. H. Carroll, O. D. Coe, B. M. Colbe, Sam Conner, Earl Conner, Jr., B. P. Cozart, R. F. Cox, E. P. Crawford, W. F. Creager, Emma Cunningham, Catherine Cunningham, W. B. Collier.

A. R. Daniel, E. D. David, R. L. Davenson, Thomas H. Dingler, Beverly S. Dudley, Allen D. Dabney, Mrs. W. E. Ellis.

Wilson F. Ferguson, L. H. Flewelling, J. M. Flournoy, C. B. Foley, B. R. Morman, L. V. Ford, E. E. Freyschlag.

S. P. Gilbert, Elsie Glenn, D. J. Gorman, W. C. Gorman, R. E. Grantham, R. N. Grisham, J. A. Grisham, R. V. Galloway.

R. R. Hansford, R. R. Hardwick, J. B. Hart, Lohoma Hathecock, D. C. Hazlewood, Susan Haynes, John D. Harvey, C. A. Hertig.

D. J. Jobe, B. C. Johnson, C. S. Karkalis, L. L. Krough, M. H. Kelly, Johnnie May Klemer, J. L. Killingsworth.

PRIEST SLAIN IN MANCHUKUO BY ROBBERS

NEW YORK, June 27 — Father Anthony Jorg, a Catholic missionary stationed at Moudatun, Manchukuo, was murdered recently by bandits, according to a report just received here at the national office of Catholic Missions by Monsignor William Quinn, national director.

The message said that his body has been recovered but gave no particulars. On January 17, 1934, the former superior of this same mission, Monsignor Eugene Imhof, was also slain by bandits in this same region.

Father Jorg was 33 years of age and had been a missionary in the Orient since 1929. Last winter his work brought him to the northern frontier of Manchukuo where he found thousands of White Russians.

In the past several months he had made two trips to bring relief to the refugees, and was preparing to visit them again when he was fatally attacked by bandits.

During the recent hard times in Northern Manchukuo, Father Jorg, together with the other Catholic missionaries in the area, had done much to relieve the distress of suffering farmers and won the praise of the government and the people.

His work exposed him to numerous encounters with outlaws, but until this fatal one, he has always escaped, frequently after being robbed and maltreated, and at times amid a shower of bullets.

a sporting offer TO MOTORISTS

If you've been passing up Gulf pumps lately, you're postponing a great discovery. Get re-acquainted with Gulf. Try it for 3 weeks. Give it a chance to prove itself. You can't lose—you can gain. And here's why we say this...

750 car-owners recently took up our sporting offer, compared that Good Gulf with their own brand for (1) mileage (2) starting (3) pick-up (4) power (5) all-around performance. And ...
7 out of 10 found Gulf better in one or more of the 5 ways—many in all five. Why? Because it's 5 good gasolines in one! Controlled refining gives it—not only 2 or 3—but all 5 qualities of a perfect gas.
Try That Good Gulf in your car—beginning today!
GULF REFINING CO.
What's the best way of stopping your car—to stop wasting gas? You will find the answer in this Gulf booklet, plus 14 other valuable economy hints. Free at the Signs of the Orange Disc.

McAllen Planning Fourth Celebration

McALLEN, June 27 — A bathing beauty revue, terrapin derby and horse show will be the main attractions at the Seventh Annual Fourth of July celebration to be staged here.

Harry Hancock is chairman of the bathing girl revue which will be held at Cascade pool, south of McAllen. Various towns in the Valley have chosen representatives to enter the contest.

Numerous prizes have been arranged for men, women and boys who take part in the horse races. Harry Merts is director of the show and entries will be received until July 3.

Numerous entries have been received for the terrapin derby, according to E. D. Mathis, who is in charge.

Five Texas Golfers Play In National

AUSTIN, June 27 — Five University of Texas golfers, Southwest conference champions, were to enter the national intercollegiate meet in Washington, D. C., June 24-29.

Leading the Texas entry was Ed White of Bonham, twice southwest conference singles champion and runner-up for national collegiate honors last summer. Texas won fifth place in the competition last year.

Texas golfers are White, Nelson Mungler of Houston, Raymond Ramsey of Austin, Bill Welch of Westaco, and Bob Battle of Cleburne.

Mr. and Mrs. Donaway and Mr. Mrs. Abernathy visited Lake Cisco.

Mrs. E. L. Hazlewood and children and Mrs. Claude Carter spent the weekend with Mrs. Hazlewood's uncle, C. B. Bostick and family of Lingville. Mrs. Carter will spend the summer there with her daughter.

J. L. Pippen, who has been in the Veterans' hospital at Muskogee, Oklahoma, returned home Saturday.

Miss Glenna Pippen spent Friday night and Saturday with Miss Bonnie Wayne Donaway and children returned home with Miss Pippen and spent Saturday night and Sunday.

Miss Em-Jane Hazlewood spent Monday night and Tuesday as the guest of Miss Angeline Coats.

Mrs. Vernon Donaway was the Monday guest of Mrs. D. L. Donaway and family.

Mr. and Mrs. Cleamon Bashler and baby were guests Sunday of Mrs. Pasher's parents, Mr. and Mrs. J. F. Jones.

Mr. and Mrs. R. C. Hazlewood and son, Sherrill, and Mr. and Mrs. Robert Short were guests Sunday of Marvin Short, and family of Clyde.

Miss Dorothy Fern Short and Miss Audene Read were guests of Mrs. E. L. Hazlewood and children Monday.

Mr. and Mrs. Vernon Donaway and Mr. and Mrs. Woodrow Hazlewood and son, Billie Jack, were guests of Mr. and Mrs. R. C. Hazlewood for an ice cream party Tuesday evening.

Mr. and Mrs. Camp were guests of Mr. and Mrs. Carl McCarver for an ice cream party Tuesday evening.

Mrs. E. L. Hazlewood and children were guests of Mrs. Joe Coats and children Tuesday afternoon.

Mrs. Irving Pippen and children were guests of Mrs. Joe Coats and children Tuesday evening.

J. L. Pippen is spending this week in the Brown's sanatorium at Cisco.

Clifford Pippen left last Thursday for work in Montana. We wish him success in his new undertaking.

SISTER MARY'S RECIPES

BY MARY E. DAGUE
NEA Service Staff Writer

Substantial one-dish vegetable meals that with the addition of bread and butter, salad and dessert send the customers out feeling well-fed but not stuffed, are also in high favor this year for dietetic as well as financial reasons.

These hearty vegetable dishes may be made up of two or more vegetables and they often have cheese, peanut butter or egg added. The combinations are finished in the oven and are served from the casserole or baking dish, effecting a worth while saving of dishes.

Here are some garnishes that will make them twice as appetizing: Sprigs of parsley, sprays of tender watercress, slices of hard cooked egg, threads of canned pimento, rings of fresh green pepper, cross sections of stuffed olives, spots of paprika, sprinklings of minced parsley, grated raw carrots, chopped salted nuts, grated cheese and minced chives. Some of these materials always are at hand.

Tomorrow's Menu
BREAKFAST: Grapefruit, cereal, milk, coffee.
LUNCHEON: Scalloped new cabbage with tomatoes, brown bread sandwiches, jelly roll, milk, tea.
DINNER: Stuffed baked peppers, creamed carrots, pineapple and date salad, floating island, milk, coffee.

Use Up Left-Overs
Both canned and fresh vegetables can be used to advantage and the very nature of these dishes makes them ideal for the saving of left-overs. Macaroni, rice or any cooked cereal can be combined with one or more vegetables, too. A well seasoned white sauce, plain or with cheese added, often is used to blend the mixture. A good dish of this sort uses cooked carrots and cooked macaroni in a rich cheese sauce and the whole is baked twenty minutes in a hot oven.

I like to serve one vegetable in a thin cream sauce when a stuffed baked vegetable forms the main

Stuffed Peppers
Four sweet peppers (green or red), 1 small onion, 1 tablespoon butter, 1 cup cooked rice, 1 egg slightly beaten (optional), 1 cup coarsely chopped cheese, 1-2 teaspoon minced parsley, hot water-tomato juice-stock.

Cut a slice from the stem and of each pepper. Remove seeds and white fiber. Parboil in boiling water for ten minutes. Drain. Melt butter, add onion finely chopped and cook until a pale straw color. Add rice, cheese, salt, parsley and egg and mix well. Add liquid to moisten. Stuff peppers with mixture. Arrange in a baking pan and pour in enough liquid to cover bottom of pan. Bake thirty to forty minutes in a moderate oven (375 degrees F.). If you cut a very thin slice from the rounded base of the peppers they will stand up straight in the pan.

Science Scans Its Gains During Year

LOS ANGELES, June 27 — Late discoveries by west coast research men will be reported in papers read before the 19th annual meeting of the American Association for the Advancement of Science, Pacific Division at the University of California at Los Angeles, June 24-29.

Leading Pacific Coast scientists will attend. Noted speakers will include Dr. Fred E. Wright of the Carnegie Institution of Washington, D. C. on "The Surface of the Moon" and Dr. Bailey Willis, president of the Pacific division, on "The Living Globe."

Excursions will be made to Mt. Wilson Observatory, home of the world's largest telescope; California Institute of Technology, where Dr. Robert A. Millikan carries on his famous cosmic ray research; Huntington Library, mecca for scholars from all over the world; Rancho La Brea, whose tar pits have yielded prehistoric animal fossils for most of the nation's larger museums; Scripps Institution of Oceanography, and the Caltech and Carnegie earthquake laboratory.

YAMBOREE TO BE HELD FOR POTATO FESTIVAL

GILMER, June 27 — The first "Yamboree" or Sweet Potato Festival, will be held here next October according to plans announced by J. A. Brogioni, director of the celebration.

The "Yamboree" will last several days. It is planned to have yams from scores of Texas cities and neighboring states on display.

Besides offering prizes for best exhibits of sweet potato display, exhibits showing the development of the sweet potato plant to its various by-products will be shown.

A queen of the festival will be selected. Prizes will be built grand parade and a "yanquet" to be held.

Other features of the festival will include an all-service luncheon, golf tournament, game, and public balls.

It is planned that the festival become an annual affair, serving attention to this area as a leading producer of sweet potatoes in the country.

SUMMER WISE

ON HOT days, light, crisp food is best for you. Try a big bowl of Kellogg's Rice Krispies. Refreshing in milk or cream. You'll enjoy Rice Krispies any time of day. Breakfast, lunch or supper. Full of nourishment, yet easy to digest. Children love Rice Krispies because they snap, crackle and pop in milk or cream. At grocers in the Mother Goose story package. Made by Kellogg in Battle Creek. Quality guaranteed.

Listen!— get hungry

WATER MAID RICE

DAN HORN

The Dan Horn Home Demonstration club met with Mrs. J. G. Stuteville Friday afternoon, June 21.

Miss Ramey, County Home Demonstration Agent, was present and gave a frozen dessert demonstration. Four kinds were made and samples, fruit ice, fruit milk sherbet, plain ice cream and french ice cream. Cake was furnished by several of the members.

Mrs. R. C. Harlow, president, presided, approved minutes were read by Mrs. Stuteville, secretary. Mrs. Starr reported the last council meeting.

The two delegates elected to attend the short course are Mrs. Charles Starr and Miss Chloe Speagle.

Next meeting of the club will be held Friday afternoon July 5 at Mrs. W. B. Starr's residence.

Members present were Misses W. B. Starr, R. C. Harlow, J. W. Speagle, T. T. Horn, C. W. Brooks, Charles Starr, M. D. Speagle, C. C. King, J. G. Heslep, A. J. Maxwell, J. G. Stuteville, Charley Harlow, Miss Chloe Speagle and Miss Ruth Ramsey.

Visitors were Misses Pollard and Vanderford of Reich, Mrs. J. J. Livingston, W. T. Horn, Will Ervin, Robert Douglas, and Misses, Stella Horn, Jewel Brooks, Estelle King, Myrtle Nix, Eva Ervin, Charley Fave and Nadinia Harlow and Margarette and Bonnie Maxwell.

Miss Margarette Eppler of Cisco was Sunday guest of Miss Mildred Taylor.

Singing here Sunday afternoon. All are invited to attend.

WOODEN SHOES Gain Dutch Popularity

HOLLAND, Mich., June 27 — Ten times as many wooden shoes are being made and sold now as were several years ago, Chester Van Tongeren, operator of the only wooden shoe factory in the country, reported today.

Most of the output of his workshop, however, goes to tourists. A few persons of Dutch and Belgian descent still use the sabots to work around the barn or in other jobs.

Van Tongeren was a junior at Hope College when he entered the World War. In 1928 he opened his shoe factory on the second floor of his father's tobacco shop. Friends predicted the venture would fail.

Beginning with five assistants, Van Tongeren now employs more than 100 men. The work is not limited to wooden shoes. Souvenirs of every kind leave the Holland factory daily for every city in the United States. They range from ash trays to miniature windmills. All are made of wood.

Van Tongeren views the success of his venture as not phenomenal.

"It's just a matter of bringing out something new and being everlasting on the alert for ideas," he said.

2 DISCOVERED STRANGLER ON TEXAS BEACH

BROWNSVILLE, June 27.—The sheriff's department here still was attempting today to clear up the mysterious deaths of a man and woman identified tentatively as Lawrence S. Monson and Mrs. Carl Mickleson of San Diego, Cal. Bodies of the pair were found late yesterday in an automobile parked on the beach near Brownsville. They apparently had been dead about six hours. The floorboards of the small sedan had been torn away and the windows were closed. Although the ignition was turned on, the motor was not running. A coroner's verdict of suicide as returned. Investigators expressed belief that the motor ran until fuel was exhausted, pouring fumes into the car. Apparently the two were practically penniless. Cause of death believed issued by the San Diego relief office were found in the car.

Irish Reds Demand Release of Mooney

DUBLIN, Irish Free State, June 27.—Communists throwing leaflets demanding the release of Tom Mooney tried to rush the automobile of Alvin M. Karpis, new United States minister, today. The car was approaching the entrance to Dublin castle, bearing Owsley to present his credentials to President Eamon de Valera. Police beat back the communists and forced them down a side street. Owsley presented his credentials and left without further incident.

Sidetrack Other Bills for Tax Plan

WASHINGTON, June 27.—Clearing the way for President Roosevelt's tax-on-wealth program, Speaker Joseph W. Byrns today directed his house lieutenants to dispose of all bills pending legislation as soon as possible. Decisions to let the tax program originate in the house ways and means committee and run through the gamut of normal congressional procedure left the measure open to threats of attack and prospects of a lengthy postponement.

Hawaii Prepares Gift for Cruiser

HONOLULU, June 27.—Uncle Sam's new cruiser, the U. S. S. Honolulu, will not take to the water until 1937, but the city for which it is named already has prepared the traditional gift of a silver service. The territorial legislature has appropriated \$1,000 and another \$1,000 will be raised by school children. The gift will be a silver punchbowl set, the bowl measuring 21 1/2 inches in diameter and containing 32 ounces of silver. The tray will bear the coat of arms of this American territory while on the rim of the bowl will be superimposed an ilima lei.

Ship Subsidy Bill Is Passed By House

WASHINGTON, June 27.—The house passed the Copeland-Bland ship subsidy bill after a stiff fight today, clearing the way for action on another "must" measure, the holding company legislation.

Perjury Denied In Tom Mooney Hearing

SAN FRANCISCO, Calif., June 27.—The state of California denied today before the California supreme court that Tom Mooney, 1916 Pre-Paredness Day parade bomber was convicted and sentenced to life imprisonment on perjured testimony.

Youth Is Held In Disappearance of 4

DEL RIO, June 27.—A red-haired youth with tattoo marks on one arm was held in jail here today, awaiting arrival of department of justice agents from El Paso to question him regarding the disappearance of four Illinois tourists. Disappearance of the two couples, Mr. and Mrs. George Lovious and Mr. and Mrs. Albert Hebeber of East St. Louis, has resulted in a statewide search for their bodies in New Mexico.

Nuisance Tax Bill Goes To Conference

WASHINGTON, June 27.—The house sent the \$501,000,000 nuisance tax extension bill to conference with the senate today. The difference between house and senate drafts of the measure, which must be enacted by Saturday night to prevent expiration of levies, is over the length of the extension period. The senate will extend the taxes for one bill, the house bill for two.

Deposit Insurance Report Due Today

WASHINGTON, June 27.—Speaker Joseph W. Byrns said today he expected the house banking and currency committee to report out later today a temporary deposit insurance resolution, continuing the present \$5,000 limitation.

Utilities Bill Is Facing House Delay

WASHINGTON, June 27.—House passage of the Wheeler-Rayburn utilities bill will be delayed until next week. Speaker Joseph W. Byrns said today, revealing that four hours of additional debate on two controversial amendments is expected.

Texas PWA Fraud Case Held Invalid

WASHINGTON, June 27.—A recent indictment accusing seven men of conspiring to defraud the government in connection with a UWA project in Willacy county, Texas, was held invalid today by Justice Jesse C. Aikins in District of Columbia supreme court.

Half Million Jobs For Women Planned

WASHINGTON, June 27.—Plans for employing half a million women with a part of the nation's \$4,000,000,000 were presented today by Mrs. Ellen Woodward, assistant program director. Her projects will range from adult education classes employing women teachers to sewing classes, where women on relief can learn to make clothes for their families.

C. E. Hughes' Nephew Found Fatally Shot

DETROIT, June 27.—Charles Carter Dickinson, nephew of Charles Evans Hughes and a prominent New York attorney was found fatally shot today by the side of a road in Rouge park.

HUGE GOLD DREDGE BOISE IDAHO

BOISE, Idaho.—The largest gold dredge to be built in Idaho is being completed at Copperville, near here. It will handle 5,000 to 6,000 cubic yards of dirt every 24 hours when it goes into operation in July.

CITY HORSES WELL SHOD PHILADELPHIA

PHILADELPHIA.—Philadelphia's 1,700 city-owned horses are well shod. They must have new shoes every three months, Director Joseph H. Hagedorn, of the Department of Supplies and Purchases, revealed in approving the current quarterly expense.

Roundup want ads are a good investment.—Phone 80.

Mosquito Eradication Campaign Tightened

JOHNSON SAID DISTURBED BY RELIEF TALES

AUSTIN, June 27.—State Relief Director Adam R. Johnson early in the week told county administrators and chairman of county relief boards that he is "greatly disturbed" by rumors from several counties to the effect that "as soon as the group which is in the county conducting a re-examination of our case load leaves, we will reopen the cases which they are closing."

Recent heavy rains were said to have caused rapid growth of weeds which both detract from the appearance of the city and provide a breeding place for mosquitoes. Cisco has been noticeably free of mosquitoes during the last several years. This has not been a matter of accident, but has been through the efforts of the city health department in spraying breeding places for the insects. Dr. Lee today was hopeful that such a condition might continue, through renewed efforts of the city aided by cooperation of citizens.

Following is a statement from Dr. Lee, in which he asked to be notified of any pools requiring diking. The recent rains have caused a rapid growth of vegetation which gives an untidy appearance to the town, and in addition, provides a place for mosquitoes to harbor. "May I not appeal to all owners of vacant lots to have the grass and weeds cut, and real estate dealers to have the lots in their area cleaned off?"

Huge Switches To Rule Boulder Dam

SAN FRANCISCO, June 27.—The largest electric switches ever built are being completed here for shipment to Boulder Dam.

First finished sections of the switches now are being tested at Stanford University. Each switch—there are 12 of them—must stand a charge of 850,000 volts, highest ever attempted.

PROBLEMS OF TRAFFIC COP TO BE TOPIC

COLLEGE STATION, June 27.—Special problems of the traffic officer will be a new feature of the peace officers short course to the second year at Texas A&M college July 8-13. E. W. Steel, professor of municipal and sanitary engineering at the college, has announced. The short course will be held in cooperation with the League of Texas Municipalities.

Connecticut Foils Eloping Couples

NEW HAVEN, June 27.—Eloping in Connecticut—formerly so commonplace—that many justices of the peace in being called out of bed at 1 o'clock of the night to read the marriage service.

Several years ago the Legislature passed a law requiring five days notice of intent to marry and the rush subsided, although for a good reason the probate judge could waive the clause.

Now the legislature definitely has killed the elopement business by passing a eugenic law, compelling all couples to produce a certificate of good health when applying for a license.

"Hurry up" marriages consequently passed on to border line towns and many couples from Connecticut found it more convenient to take advantage of the more lenient laws in surrounding states.

China Agrees To Neutral Zone Plan

PEIPING, China, June 27.—Demilitarization of abroad band of Northern China along the Manchurian frontier was arranged today with announcement that a full agreement had been reached on the status of Chihai province.

The agreement was understood to provide a neutral zone from which Chinese, Japanese, and Manchurian soldiers alike would be excluded.

DOUBLE PEONY GROWN

PROVO, Utah.—Keeping in style with mass production, the peony family has brought forth twins. The extremely rare phenomenon of a twin peony bloom was picked from the beds of A. H. Jones here.

Roundup want ads are a god investment.—Phone 80.

RANGER GOLF TOURNEY WILL OPEN TUESDAY

RANGER, June 27.—Qualifying rounds for the sixth annual invitational tournament of the Ranger Country club will begin Tuesday, July 2, with match play beginning on Wednesday, July 3, and the finals being staged on Thursday, July 4. It was announced today by Sam Gamble, president of the club. "The best prizes ever offered at a Ranger tournament will be given for winners of each flight, runners up and consolation winners," Gamble said, "and a suitable prize will be given for the winner of the driving contest, which is to be conducted from the first tee at 5 o'clock Tuesday afternoon. The best golfers in this section of the state are expected to be attracted to the Ranger tournament, which has always been popular with golfers. A big chicken barbecue and Calcutta pool is to be held on Tuesday at the club house, with a dance on Wednesday night. Entrance fees for the tournament will be \$2.

Champ Beer Drinker Contest Is June 29

MILWAUKEE, June 27.—Wisconsin's champion beer drinker will be determined at a contest here June 29. The winter of the competition—the person who, in the opinion of judges, gives the most impressive demonstration of his capacity—will receive a loving cup with "Champion Beer Drinker of Wisconsin" engraved on it. Judges will make their decision on the basis of quantity consumed and time.

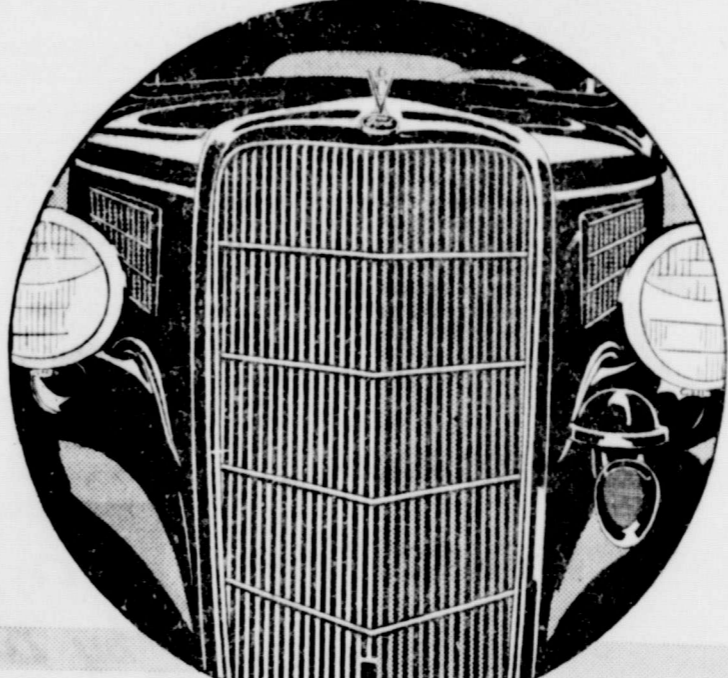

Sponsored by a business men's association, the contest, believed to be the first of its kind in the United States, will be limited to 100 competitors over 20 years of age.

Participants will qualify for the contest by drinking a half-gallon of beer in a specified time, yet to be announced. No entry fee is charged and all beer consumed in connection with the contest will be free.

FEARS FOR EUROPE PINE BLUFF, Ark.

WAR will come to Europe within five years, and a "Red" flag will fly over the continent, Capt. H. H. Rader, student of European politics and organizer of Admiral Richard Byrd's first Antarctic expedition, believes.

WITH OR WITHOUT DELUXE EQUIPMENT A FORD is always a FORD V-8

EVERY FORD CAR HAS:
—the same, economical, 85 horsepower V-8 engine.
—the same, new, Comfort-engineered Chassis.
—6.00 x 16" air-balloon tires and Safety Glass all 'round at no extra cost.

- IMPORTANT FORD FEATURES COMMON TO ALL BODY-TYPES
- 85 horsepower, V-type, 8 cylinder engine with aluminum cylinder heads and dual, downdraft carburetor.
 - 123-inch springbase for riding ease on a 112-inch chassis for handling ease.
 - Torque-tube Drive.
 - Front seat 50 1/2" wide... Ample luggage space in all models at no extra cost.
 - Welded steel-spoke wheels, 4" rim.
 - All-steel body welded into one piece.
 - Big, positive brakes with 12" drums and more braking surface per pound of car weight than any other car under \$1095.
 - 4 double-acting hydraulic shock absorbers.
 - 17 plate battery.
 - 6.00x16" air-balloon tires.
 - Safety Glass all 'round.

It is common practice, nowadays, to find two quite different automobiles sold under the same name. This difference will run all the way from a difference in horsepower, chassis and body design to a difference in the number of cylinders in the engine. No such difference exists between one Ford V-8 and another. Ford builds only one size of automobile with the same V-8 engine on the same 112-inch chassis. The springbase of all Ford cars is 123 inches and all passengers ride centered—between the springs in the "Comfort Zone."

The only difference between a Ford V-8 and a Deluxe Ford V-8 is in equipment—not in engineering... And even here, two major items—Safety Glass all 'round and 6.00x16" air-balloon tires—are standard equipment on all Ford cars at no extra cost.

Therefore, when you are choosing your 1935 car, good judgment demands you check the list of features shown above. All of them are found on every Ford car built and without them no automobile can be considered a true 1935 value.

AUTHORIZED FORD DEALERS OF THE SOUTHWEST
\$495 AND UP, F. O. B. DETROIT—Standard accessory group including bumpers and spare tire extra. Easy terms through Universal Credit Company, the Authorized Ford Finance Plan.

WOMAN'S COUNCIL MEET IN LAST MEETING OF 1935 YEAR.

Circles of the Woman's Council of the First Christian church met Tuesday in the church with the last meeting of the 1935 year.

The following program was given: prayer led by Mrs. Benedict; song, "Love Divine"; devotional, Mrs. W. J. Armstrong, "The Ministry of Preaching"; song, "There Shall Be Showers of Blessing"; reading, "A Check Book or a Mite Box"; Mrs. Troy Powell; missionary offering and dedication, Mrs. Tyng; song, "Blest Be the Tie"; benediction.

During the social hour Mrs. H. V. House was presented in several vocal numbers. Mrs. W. J. Armstrong, Mrs. David Tyndall, Mrs. Oran Shackelford and Mrs. Troy Powell served punch and cookies to about 35 members.

The outgoing president, Mrs. J. F. Benedict was presented with a crystal cake plate.

MMES HOUSE AND PARSONS CIRCLE HOSTESSES.

Circle Six of the First Baptist church met in the home of Mrs. T. E. House Tuesday with Mrs. W. J. Parsons co-hostess.

Mrs. A. M. Swindle has charge of a short business meeting. Mrs. W. M. Moore led in prayer and gave the

devotional taken from Hebrew 1, "Righteousness." Taking part on the program were Mesdames Swindle, Parsons, and J. E. Burnett. Others present were: Mesdames A. C. Poe and son, T. E. House, W. M. Moore, and A. M. Swindle.

Personals

Miss Hattie Ann Parrot of Throckmorton is the guest of her sister, Mrs. Carlton Cochran.

Mr. and Mrs. Fred Roberts and daughter of Rising Star were visitors in Cisco yesterday.

Mrs. Billy Swope of San Antonio was a visitor in Cisco Wednesday.

Walter and Paul Campbell and sister, Miss Mary Louise of McCamey are guests today of friends in Cisco.

Hearings On Wool, Mohair Postponed

WASHINGTON, June 27. — A scheduled series of public hearings on a proposal to license dealers in wool and mohair has been postponed, the Agricultural Adjustment Administration announced today.

The movement for a license which concerned only fair trade practices and charges had been initiated by growers of wool and mohair. The administration had announced a series of hearings to be held between the dates of July 2 and August 6.

Action on the proposal now has been deferred until final congressional action on proposed amendments to the Agricultural Adjustment Act establishes the status of wool and mohair under the act.

A list of cities and dates for the postponed hearings follows: Boston, July 2 and 3; Denver, July 8 and 9; Billings, Mont., July 11 and 12; Portland, Ore., July 15 and 16; San Francisco, July 18 and 19; Salt Lake City, July 23 and 24; San Angelo, Tex., July 29 and 30; Kansas City, Mr. August 1 and 2 and Columbus, Ohio, August 5 and 6.

LINKS & COUNTRIES

STOCKHOLM. — An automobile highway, encircling the Baltic Sea, and running through eight countries, is planned by the Joint Scandinavian Tourist committee which reports that the new route will be ready as soon as the big Norwegian State highway is completed.

THIEF SOUGHT

SEATTLE, Wash. — King county deputies are searching for a "heavy-fingered" thief who stole 30 steel rails from the track of the Bratner Logging company railroad.

CISCO HIGH JOURNALISTS GET RECOGNITION FROM MAGAZINE

Budding journalists of Cisco high school will receive recognition from the state school magazine the "Interscholastic Leaguer," according to a letter from Roy Bedichek, head of the Interscholastic bureau at Austin.

Bedichek, in a letter to Supt. R. N. Cluck, asked for a cut of the picture showing The Lobo staff, to be published, along with information on the high school paper.

He had seen the picture of the staff in the commencement edition of the Daily News. His letter says, in part: "I notice in The Cisco News for May 28th a 3-column picture of the staff of your high school paper. I should like to publish this picture in the Interscholastic Leaguer with a write-up of your excellent high school paper, and I am wondering if you will be kind enough to send me either the cut or mat of the same."

**TOR DEBUNKS TALL TALES OF
DANGER FROM TEXAS TARANTULAS**

June 27 — The sight of hairy-legged and looking is calculated to down the back of a person as surely as his bite. Dr. J. W. Bass, Dallas, reports have been received in Dallas recently. He has been received of a tarantula, of which there are species in the world, but the spider family it is a venomous spider with that appear to be larger because they are cov- ers live in holes in the and sometimes their holes with "covers." Several American variety, sometimes is found on bar- net to this country, is par- venomous and can cause a Dr. Bass said. no record available at the hospital here of a per- treated for a tarantula tends to discount some all tales about them. **Dangerous Black Widow** said it was his belief go-called tarantula bites are due to bites of the spider. of a case several years ago in Texas where a farmer

**Postmaster Traces
Man Dead 33 Years**

HOUSTON, June 27 — Post- master J. S. Griffith recently traced a railroad conductor who had been dead for 33 years. Mrs. Mary Clark Older of Oak Park, Ill., said she last heard of her brother, George Clark, while he was a conductor on the Galveston, Houston and Henderson railroad more than 50 years ago. W. S. Hipp, Houston, who was ac- quainted with Clark, said he died in 1902 as a result of injuries received in the Galveston flood of 1900.

**Marble Desk Top
Broken by Gavel**

DALLAS, June 27 — Mayor George Sergeant is now looking for a new sounding block to strike with his gavel. During a recent heated session of the city plan commission, Mayor Sergeant banged so hard on the marble top of his desk that it was broken in several pieces.

**CHAMPION LIP-READER
CINCINNATI, Ohio**

Miss Beatrice Weber, Dayton, Ohio, won the National lip-reading contest of the American federation of organiza- tions for the hard of hearing. Miss Weber, who retains only 45 per cent of her hearing faculties, nosed out Mrs. Adelbert Schenk of this city.

MONTREAL

More than 7 per cent of the children in Montreal schools have defective hearings, ac- cording to the Department of health, which has just concluded a three-year survey.

SYNAGOGUE IS CABARET

BOSTON — A picturesque build- ing erected in 1843 for a synagogue has had several transformations. Later it was purchased by the Scotch Presbyterians and served as a church. For the past 10 years it has been a cabaret.

HITS CHAIN LETTERS

PHILADELPHIA — Chain letters and God do not mix. Dr. Ross Stov- er said in speaking to his congrega- tion. "Between the lines of every letter you can read 'the love of mon- ey' which, as St. Paul said, is the root of all evil," he declared.

OHHOAN JOSTLES FATE

CINCINNATI, Ohio — Fate can't "out-fox" Robert J. O'Brien, Cincin- nati, a former state senator. O'Brien was born at midnight, and so to make sure of his birthday anniver- sary he celebrates two days each year, June 4 and 5.

KITTEN HAS 27 TOES

EAST STREAM, Me. — Mr. and Mrs. William Wilcox have a 27-toed kitten. It has eight and seven per- fectly formed toes on its front paws and six each on the back ones.

HOME BUILDING UP

CLEVELAND — Building of small homes in Cleveland, which started this spring after many months of inactivity continued in June with the announcement by the city building department that 19 new permits for construction had been granted.

DECRIES WOMEN'S TRENDS

ROCK ISLAND, Ill. — Modesty and purity among women have been "thrown to the winds" since repeal of prohibition, Dr. G. A. Brandelle, president of the Augustana Lutheran Synod, said in opening the synod's diamond jubilee celebration.

Are you one of these nervous people who lie awake half the night and get up feeling "all in"? Why don't you do as other light sleepers have been doing for more than two generations—take Dr. Miles Nerveine? One or two pleasant effervescent Nerveine Tablets or two or three teaspoonfuls of liquid Nerveine will generally assure a night of restful sleep. Perhaps you will have to take Nerveine two or three times a day just at first. Nervous people have been using Dr. Miles Nerveine for Sleepless- ness, Nervousness, Irritability, Restlessness, Nervous Indigestion, Nervous Headache, Travel Sickness, for more than fifty years.

SOUTH PLAINS THOUGHT BEST FOR DAIRYING

LUBBOCK, June 27 — The South Plains area of Texas is destined to become one of the leading dairying centers of the country, according to H. L. Wilson, cheese specialist with the Department of Agriculture. Wilson said he believes branches of several large cheese manufacturers would eventually locate in this area. In 1935 Texas cheese production will be approximately as large as in 1933, when this state led the South with 8,095,000 pounds of commercial cheese, ranking eighth among all the states, Wilson said.

Texas became important for cheese production in 1928 when 983,000 pounds of cheese was made. In 1929 2,202,000 pounds was produced and 1930, 2,621,000. In 1931 the production figure jumped to 4,406,000 pounds. In 1932 it was 5,641,000 pounds and in 1933 3,085,000. No figures are available for 1934.

There are now 14 cheese factories in the state and the plant at Denison is reported to be the largest in the country.

"Nearly all Texas plants use pasteurized milk in making their cheese," Wilson said, "and I think that this makes a more uniform type of product."

"It is the only safe method of utilizing milk that is shipped in from over a large area."

SCION LABORS
SALT LAKE CITY—So he can learn the business from the ground up, wealthy M. Robert Guggenheim, Jr., 24, is employed here in the local ore purchasing department of a smelting and refining company founded by his grandfather, the late Daniel Guggenheim.

KEEPS CEMETERY VIGIL
TIFFIN, Ohio — A dog which followed a family to the cemetery here for memorial services remained behind and kept a five-day vigil at the grave of his former master.

BARBS

NEW YORK police announce that they can now identify fingerprints left on cloth. The net is slowly closing about youthful jam purloiners.

Note that the supreme court has adjourned, public interest van, if it wants, return to that other Washington nine.

In a new one-way ocean telephone service, one person can talk to another, but the other can't talk back. Judging from the number of married men in the country, it should be a success.

Flash! The Wiley (Winnick Mae) Post has phf!?!?

No, it isn't called Independence Day because its traffic and firecrackers bring independence from earthly cares.

TEXAS FIGHT ON MOSQUITO AIDS VALUES

AUSTIN, June 27 — A fight on mosquitoes and other disease bearers has been of "immenseable benefit" to Texas citizens and has increased the value of much property, state relief director Adam R. Johnson said today.

In Southeast Texas, relief workers dug 525 miles of drainage ditches, drained thousands of acres of land, reclaiming the land as well as eliminating breeding places of malaria-carrying mosquitoes.

"I feel that these health and sanitation projects like our projects in school building, are a distinct contribution to the civilization of our state," Johnson said.

In drought-stricken West Texas, wells were dug and improved to insure healthful drinking water.

General sanitation, especially in rural districts, has been improved, Johnson said. In one East Texas county it was found that more than 90 per cent of the rural school children had hookworm infections.

Cities also benefited in the relief program. Unemployed built 234,290 feet of sewer lines, 17,900 feet of water mains, eight sewage disposal plants, and 1,025 septic tanks.

In addition, repairs were made on 1,580 water wells, 106,170 feet of sewer lines, 11,220 feet of water lines, and 34 disposal plants.

KERNEL HAS 2 HEARTS
CRESTON, Ia. — A kernel of corn containing three distinct hearts, or greens, was found by W. R. Gripp, a farmer, County Agent A. P. Parsons said it is unusual to find a corn kernel with two hearts.

CHURCHMEN ASK PEACE
LONDON — An appeal to Christians in other lands for renewed action to "alleviate the fear and suspicion and hostility now existing between the governments of the world" has been signed by Canon C. E. Raven and the Rev. Henry Carter, Joint Chairmen of the Council of Christian Pacifist Groups, and by 12 other leading churchmen of different denominations.

FOOD SUPPLY IS AMPLE FOR NEED OF U. S.

WASHINGTON, June 27 — This year's food supply will exceed average domestic consumption during recent years, according to estimates by the bureau of agricultural economics. It will be somewhat less than the average supply of the last five years, but will be about 5 per cent more than domestic disappearance in 1934, and about 9 per cent more than in 1933.

The figures include prospective production plus the carryover at the beginning of the 1935 crop season. There will be less meat and possibly less of some other livestock products available for consumption this year, but there will be adequate supplies of other foods to which dietary shifts can be made.

Meats available for consumption thus far this year have been about 27 per cent less than in the same period a year ago. The supply for the entire year, it is stated, is likely to be about 25 per cent less than in 1934, and about 20 per cent less than the average of recent years.

Total milk production probably will be about the same as in 1934, says the bureau, or about 2 per cent less than the recent 5-year average. The supply of cereals will be 25 per cent less than the average of recent years, but probably more than ample for domestic requirements plus a normal carryover.

Present indications of production of fruits and vegetables point to a somewhat larger supply than during the last two years, and a supply slightly larger than the recent 5-year average. Should growers' early planting intentions be carried out and average yields are obtained, the supply of vegetables for canning and manufacture will be the largest since 1930. More than an average crop of potatoes is in prospect.

The bureau has prepared estimates of the total prospective food supply in terms of calories. Reductions this year compared with last are shown for meats, poultry, and eggs as a group; for milk and milk products; for sugar; and for fats and oils excluding butter. Increases are shown for cereals, fruits, and vegetables.

Since meats are relatively short, the principal decrease this year is in the supply of protein foods, but this shortage can be offset by proteins obtained from wheat, beans, and other foods, says the bureau.

The large prospective crops of fruits and vegetables this year appear to provide adequately for mineral and vitamin requirements.

Way To Eradicate Web Worms Is Told
SAN ANTONIO, June 27 — Web worms which have infested large numbers of pecan trees since the recent wet weather, can be exterminated by using an improvised torch, according to Fred W. Mally, county agricultural agent.

A bag pole, one end wrapped with rags saturated with kerosene and ignited, can be used to burn the worms out of the infested trees.

Spraying is not advisable, Mally said, because the web protects the worms.

The worms are similar to those which frequently infest mulberry, peach and plum trees. Mally said if they were not exterminated they would eventually strip the entire tree of its foliage.

Slight Drop Seen In Retail Sales

AUSTIN, June 27 — Sales in Texas department and specialty stores during May were slightly below those of the previous month and practically equal to those of the similar month last year, according to the bureau of business research at the University of Texas. During the first five months, however, aggregate sales were above those of the corresponding period a year ago.

Reports from 91 representative Texas stores show total sales of 1.1 per cent below those of April and one-fifth of one per cent below those of May 1934 while aggregate sales for the year to date were 2.9 per cent above those of the corresponding period last year.

Compared with a year ago, the best relative showing was made by women's clothing stores, followed in order by men's clothing stores, large department stores, small department stores, and dry goods and apparel stores. The ratio of credit sales to total sales was considerably higher than a year ago, and the ratio of collections to outstanding accounts was slightly better.

Texas Lumbering Improves in May

AUSTIN, June 27 — The lumber industry in the south showed marked improvement during May. In comparison with both the previous month and the corresponding month last year, according to the University of Texas bureau of business research. According to the Southern Pine Association, average weekly production per unit during May was 241,516 board feet, an increase of 1.4 per cent over April and 17.5 per cent over May last year. Shipments per unit, 324,643 board feet, were 31.1 per cent above the previous month and 49.3 per cent over the similar month a year ago. Average unfilled orders per unit on May 31 totalled 863,098 board feet, an increase of 49.4 per cent over the previous month and 19.2 per cent above the corresponding month last year.

KIMMELL HOME SERVICE ENGINEER OF COMMUNITY GAS COMPANY HERE

C. L. Kimmell has been appointed home service engineer of the Community Natural Gas company in Cisco, according to H. L. Dyer, local manager. Kimmell's appointment followed his completion of an American Gas association course of instruction in efficient operation of gas appliances and is in line with the company's policy to aid the consumer to obtain maximum efficiency and economy from gas service, Dyer said.

"Keeping appliances in proper adjustment to obtain most efficient operation is a part of the gas service which the company renders to the public," he said, "and is done at no added cost to the consumer."

Kimmell has begun a house-to-house check of all Community consumers for the purpose of adjusting and cleaning the gas burning units of appliances so that the fuel will burn most effectively. He has been in the gas business for several years.

Ford SERVICE

Pioneers of a Policy

The human element is the most important element in any service. It is essential that the equipment and reserves of a Gas company be ample and Instantly Dependable, but the relationship between the company and the consumer is more important.

The resources behind this company, great as they are, would be of little value to the community if they were developed under a "Public Be Damned Policy."

This company has pioneered the policy of Personal Service in the building of a Gas utility business. The character of our service is Marked by the desire of the individual employe to see that every problem is handled to the Satisfaction of the Consumer.

THERE IS NO SUBSTITUTE FOR PERSONAL SERVICE

Wherever Fords Go... Good Service Awaits Them

WHEN you're behind the wheel of a Ford you enjoy more than good performance—you know that good service awaits you wherever you drive.

Supplementing the universal and highly organized service facilities of Ford Dealers are hundreds of independent garages and repair shops which display the "Genuine Ford Parts" sign. These supply parts which in precision and quality match those originally built into the Ford.

Efficiency is an important feature of Ford service. Uniform methods and uniform tools are used. Ford Dealers' mechanics are factory trained and have at their command such modern equipment as the Ford Laboratory Test Set which eliminates guessing from engine and electrical work.

Low flat rates for parts and repairs and the money-saving Factory Engine Exchange Plan are additional reasons why it pays to own and drive a Ford.

The following committees are working out details of the picnic: Arrangements; Mrs. J. W. Thomas...

Entertainment: Mrs. Harold McGowan, chairman, Mrs. Reggie Henderson, Mrs. Homer Hensley, L. E. Boyd.

Food: Mrs. J. E. Caffrey, chairman.

Refreshments: O. V. Cunningham, chairman.

The Humble Boosters for four years have been sponsoring outings which bring together Humble employees of this division...

Enrollment Gains Reported in School

NEW YORK, June 27.—The Julliard Summer School of Music will open its fourth season July 8 with an expected enrollment of 600 to 700.

Reservations have been filed by students from all parts of the country, from Canada, and the West Indies. Registration will be held July 3, 5 and 6.

The enrollment will exceed by 25 per cent that of 1934, or double that of its first session in 1932.

Teachers and professional musicians will form about two-thirds of those attending. College and high school student groups, however, are increasing each year as many find the vacation period advantageous for beginning or carrying on their music education.

Attendance in the special department for high school students is expected to be double that of last year, when 43 registered for the initial session of the course.

Snakebite Odds 1 to 8

ST. LOUIS — Cranes that a Missourian will be poisoned by a snakebite are only one in eight, according to R. Marlin Perkins, of the St. Louis Zoological Gardens. Of forty snakes native to the state, only five are poisonous: the moccasin, the copperhead and three varieties of rattlesnake.

Follow the HUMBLE Route

A network of famous highways leads you to any kind of vacation you can ask for—right here in Texas. There's the Hill Country for camping, hiking, horseback riding, canoeing, there's a seacoast known the world over for its gentle surf, the brilliance of its sunshine, its unsurpassed fishing; there are dude ranches in the high country way out west; and the last frontier in these United States lies in the loop of the Rio Grande's Big Bend. For Texans, there's no vacation can compare with a vacation within the wide boundaries of their own State; especially now, with Centennial Year just around the corner. The traveller on Texas highways follows in the footsteps of Spanish grandees and Anglo-Saxon pioneers; each town, each city he passes through is linked by historic association with the past. So this summer, Texans—let's tour Texas!

Continuously improved, they are always second to none. Try Acro-type Esso; Humble Motor Fuel; Humble 997 Motor Oil; Velves Motor Oil—you'll come back for more

Let Humble Service Make You More Comfortable as You Drive. Humble Service Stations have been especially designed to make highway travel in Texas more comfortable and more enjoyable. Restrooms are spotless, service is prompt; station salesmen are well informed, courteous and helpful. There are always free air and free water for your car, free ice water for yourself. First-aid kits and fire extinguishers are standard equipment. Travel the Humble route when you tour Texas—service goes with everything we sell

Let Humble Touring Service Plan Your Trip

Without obligation on your part, Humble Touring Service will gladly help you plan a vacation in Texas. Write for free road maps, free booklets, highway information of any kind. Humble Touring Service is in daily telegraphic communication with all parts of the State; the information it gives you is up-to-the-minute. Address Humble Touring Service, Houston; secure a postpaid Touring Service card from any Humble Station; or use the coupon. This service is free

Form for requesting free booklets: "TEXAS TOURS FOR TEXANS". Includes checkboxes for Sea and Sunlight on the Texas Coast, The Magic Valley of the Rio Grande, Magnificent Mexico, Vacation Spot for Texans, and fields for Name and Address.

Use Humble Products on Your Way. Humble products are public-tested. This means that they have been thoroughly tested in actual use by the motoring public—by drivers like you in cars like yours. PICTURING OF EARTH STRATA IS EXPLAINED

DALLAS, June 27 — How geologists and oil well drillers can form a picture of formations thousands of feet below the earth's surface through the use of an electrical device, was explained here by Dr. J. C. Karcher, inventor.

The device, Karcher explained, is known as an electric logging machine and it can be attached to rotary rigs.

Illustrating his explanation with stereopticon slides, Karcher showed the results of a large amount of core drilling in Texas and Colorado which he did especially to test the readings of his machine.

The device practically eliminates the necessity for core drilling, he pointed out, as the driller can learn more accurately what formation he is in by the electrical measure of resistance than by frequently incomplete and unsatisfactory cores.

This fact and the immediate knowledge of any change in formation giving very accurate logs are among the advantages of the device.

The apparatus will be manufactured on a commercial scale before long, Karcher said. It is relatively simple, consisting of an insulating collar above the bit and an insulated conductor tube running down through the drill pipe to connect with the bit.

The bit is kept as stubby as possible to indicate as rapidly and as exactly as possible any change in resistivity, measured by the ohmmeter at the top of the hole.

The machine also charts formations on a resistance curve. It is generally geared to register half an inch on the log for every ten feet of hole.

No Burial Fees To Be Paid By Relief

AUSTIN, June 27 — The Texas Relief Commission definitely does not pay burial fees.

Mrs. Val M. Keating, director of social service, has instructed county administrators, caseworkers and rural supervisors that such expenses will not be paid by county relief offices for any type of relief case.

"This is one obligation," Mrs. Keating said, "which the political subdivision must assume. It is provided by law that it be considered their responsibility."

PRIDE TAKES FALL

DAVENPORT, Iowa — The chamber of commerce is rightfully indignant about an advertising circular from New Jersey, which states: "Fire Department, Davenport, Iowa, near Rock Island, Ill."

UNION EMBARRASSED

GADSDEN, Ala. — When the Alabama Federation of Labor met for its annual convention here there was not a union restaurant worker in the town. Miss Thelma Black, of Birmingham, organizer for the Restaurant Employees Union, got busy between convention sessions. Today there is a local of 18 members.

OFFICERS ARE INSTALLED AT MASONS' MEET

Officers for two of Cisco's Masonic bodies were installed at a meeting here Monday night. F. P. Yeager was installed as worshipful master and Frank R. Leach as senior warden of the Lodge number 556, A. F. and A. M. and Alfred Oscar Rankin as high priest and A. V. Clark as king of the Royal Arch Chapter.

G. R. Kilpatrick was installing officer and Haywood Cabaness marshal at the Lodge installation.

Officers installed were Frank P. Yeager, worshipful master; Frank R. Leach, senior warden; Charles Cecil Garmany, junior warden; E. J. Poe, treasurer; L. D. Wilson, secretary; Rex W. Moore, senior deacon; Sam B. King, junior deacon; Mitt Williams, senior steward; Homer B. Hensley, junior steward; Frank L. Turner, chaplain; Alfred O. Rankin, Tyler.

Irvine Nicholson was installing officer and G. R. Kilpatrick marshal at the Chapter installation.

Officers installed were Alfred Oscar Rankin, high priest; A. V. Clark, king; Charles Cecil Garmany, scribe; George D. Boyd, treasurer; L. D. Wilson, secretary; Haywood Cabaness, captain of host; William P. Craddock, principal sejourner; R. E. Grantham, royal arch captain; J. L. Thornton, master of third veil; O. V. Cunningham, master of second veil; Ed F. Thurman, master of first veil; Irvine Nicholson, guard.

Former Slave Has Lost Count of Age

CONROE, June 27 — "Uncle" William Butler, former slave on a Virginia plantation, has lost count of his years, but he has lived in a little cabin near here for 70 years and his friends claim he is far past the century mark.

"Uncle William was born on the Col. Alf Butler plantation 'in de Blue Ridge mountains,' near Stafford, Va., and was 'drapt off' an army wagon in Montgomery county 'by de Yankees' at the close of the Civil War.

He said he didn't return to his former home because it "gits so cold back in de Blue Ridge mountains." He exhibited his crippled feet as evidence.

When he was a little fellow, "old

Colonel Alf" sent him for some whiskey. On his way home he decided to "tap de jug." He lay on the roadside all night and his feet froze.

He was hired as personal servant to a Federal officer and traveled with the Northern army many places and through many battles, but Uncle William has forgotten the names.

He has nine sons, three daughters and numerous grandchildren.

SERVICE WORK STRESSED FOR JOBLESS YOUTH

By JOHN W. STUDEBAKER

U. S. Commissioner of Education Written for the United Press

WASHINGTON, June 27 — Deprived of apprenticeship in trades and industry, our young people are eager to express their energies in service. Some of them may hold the very life of our form of self-government in their hands at this moment. They can be left outside to develop their genius against American democracy, or they can be invited into public service apprenticeship to contribute their brilliance to making democracy work. "But can youth contribute?" someone asks.

Pitt was prime minister of England at 21; Alexander Hamilton was a leader of colonial politics at 20. Who is bold enough to offer a potential Pitt a few hours of work relief and nothing else? Who will dare to suggest nothing but a few dollars a week to a budding young Hamilton? But what can we offer youth in activity?

Specific Jobs Suggested
From a superintendent of city schools comes a rather definite response: "Let me say that we are ready to co-operate in every possible way, and only wish you to instruct us what to do and how quickly to do it." He suggests the following projects:

- "1. Clerks in our elementary schools where we do not at present have clerks. (This will provide valuable preparation while at the same time it gives work.)"
- "2. Summer school teaching or tutoring by young college students who are unemployed."
- "3. Directors of recreation work on summer playgrounds, and after school during regular year."
- "4. Assistants to librarians."
- "5. Assistant nurses in hospitals and schools."

This is just a sample of the scores of suggestions for putting youth into constructive service. Some have suggested the development of children's museums and the building

of hiking trails, shelter houses, and camps.

Jobs Alone Not Enough
I believe there is enough genius in each community to solve this youth problem if that genius is put to work.

But I repeat again: Jobs are not enough. A few dollars a week for work-relief doesn't begin to touch the youth problem.

We must think in terms of protecting and preparing youth, and that means part-time work in public service occupations like those suggested by the superintendent, or in non-profit private social agencies, plus educational opportunities and recreation.

A young friend in Des Moines writes me:

"At least give us an opportunity to test our hearts in shaping our dream — the dream of an America where life can be lived in high promise and creative joy."

Youth Not Easily Satisfied
He who thinks this younger generation can be satisfied with lunch money and some hit-or-miss jobs for a few hours a week simply fails to understand the problem.

And it is good that youth can not be so easily satisfied, because it is youth's determination to push forward that offers hope for the future. The National Community Youth Service Program, described in this series, proposes to protect this desire for achievement and prepare these still hopeful young people by providing experiences for them in community service as one part of a well-rounded 42-hour-a-week plan.

LOSE AT BRIDGE
UNIONVILLE, Mo. — Ten local bachelors, certain of their mental and physical superiority over married men, challenged the latter to a bridge tournament. At the last count, the husbands led by more than 8,000 points.

KEEPS JAIL UNLOCKED
AUGORA, Mo. — An intoxicated man walked out of the Lawrence county jail 30 minutes after he was arrested, then slipped back in the next morning to escape a jail breaking charge. The town night watchman apparently never locks the jail.

FARMER SPEARS BAT
OMAHA, Neb. — Using a pitchfork, Edward H. Tepperman, speared a bat with a 14-inch wingspread in his back yard.

Cotton Upset In South Is Foreseen

NEW YORK, June 27 — Because the United States is losing its dominating position in the world market for raw cotton, the whole agricultural economy of the South must be reorganized according to Fortune Magazine for July. In an article on "Cottons in the well," the magazine asserts that a considerable part of that portion of the American crop which always has been grown for export will not find a buyer because of increased production of cotton in other countries, notably Egypt and Brazil. "American cotton has gone or is going precipitately and irretrievably to Hell."

Asserting that the vast marketing and banking organization built up around export cotton "must be contracted and in large part dismantled" and that a good share of exports worth from \$333,000,000 to \$1,000,000,000 must be surrendered, the article points out that despite temporary good times in the South since the AAA, King Cotton's crown has never been "more precariously balanced upon his left eyebrow than today."

The United States "must step down from one and perhaps the chief of its positions in world leadership" for two reasons, the article says. One is that to compete in the world market would mean an ever-lower standard of living in the South. The second is Japan's rise as the leading consumer of raw cotton. If the United States wishes to sell cotton to Japan it must buy in return considerable quantities of manufactured goods — and this it will not do.

Honey Bee Research Is Started in Iowa

ATLANTIC, Iowa, June 27 — Making a new step in honey bee research, Frank C. Pellett, widely known naturalist, and Prof. O. W. Park of Iowa State college have begun a series of experiments here to determine which strains of bees are most resistant to disease.

Twenty colonies of bees were shipped here for the experiments. Foul brood, the apary operator's greatest enemy, causes millions of dollars in damage to bee larvae each year.

Banking Advantages for All

This bank is a bank for all honest people — the business man, the farmer, the mechanic, the wage-earner, the professional man — and their families.

All receive the same careful attention and courteous treatment whether their banking transactions be large or small.

We invite the accounts of corporations, societies and all responsible organizations, as well as the patronage of individuals.

Our record is one of consistent, conservative management in all departments. The name of our bank has become synonym of safety.

We will welcome an opportunity to talk over with you the ways in which this bank can be of service to you.

Drive far—drive fast —without a worry!

With Conoco Germ Processed Oil in your crankcase, you KNOW the strain won't hurt your motor!

Tests prove this new alloyed oil has 2 to 4 times greater film strength than plain mineral oils and resists heat better!

On July 4th or week-end and vacation trips, you'll want to drive far and get there in a hurry. And you don't want that nagging worry of "I wonder if this speed and heat will hurt anything in my motor."

You can't always be sure when you use plain mineral oils, for they have little film strength and oils over-refined by new cleaning processes have even less. Moreover, as motor heat goes up, these oils rapidly lose film strength.

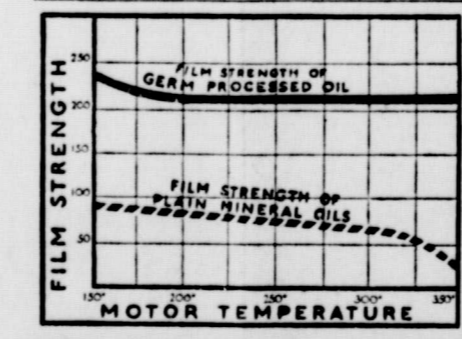

Film strength is the load-carrying ability of an oil, the quality that keeps bearings and cylinders from wearing out. Lack of film strength results in costly damage.

You can drive without a worry when you use Conoco Germ Processed Motor Oil! It has 2 to 4 times greater film strength than any plain mineral oil. Heat does not lessen this advantage.*

Supervised road tests—over good and bad roads, at low and high speeds, in all kinds of weather—give practical proof that Germ Processed Oil protects motors better. In every test, gravimetric measurement of motor bearings showed that Germ Processed Oil prevented wear far better than plain mineral oils. Tested in a fleet of cars equipped with the new alloy-metal bearings used in many 1935 cars, a high-quality plain mineral oil permitted 45% more wear on connecting rod bearings than did Germ Processed Oil.

Conoco Germ Processed Motor Oil is the first alloyed oil—alloyed, much as metals are, by adding concentrated oil essence to highly refined oil. It is the only oil made by the Germ Process. It is the oil with the "Hidden Quart" that stays up in your motor and never drains away!

Say "O. K.—Drain"—fill with Germ Processed Oil. Drive far—drive fast —without a worry!

*HERE'S THE PROOF
Note that as heat increases, the plain mineral oils continue to lose film strength, but that above 225° (Minimum Summer crankcase temperature) Germ Processed oil's film strength is not affected by heat. Tests made with Timken machine.

Say "OK-Drain" — FILL WITH

CONOCO GERM PROCESSED MOTOR OIL
