Germany Accepts Invitation for Discussion

RUSSIA WILL BACK FRANCE AND BELGIUM

LONDON, March 17.—(U.P.)—The League council was advised by Germany that she would accept an invitation for a discussion to begin a debate in public today over the Franco-Belgium resolution declaring Germany a violator of the Locarno and Versailles treaty.

Litvinov, Soviet Foreign Minister opened the debate by declaring Russia would participate in all Measures of the council with the aid of the plans of Germany for the reoccupation of the Rhineland. Litvinov accused Germany of "brutal intransigence of international treaties and rattling swords."

He contended the council ought to give France and Belgium the greatest possible satisfaction.

Mrs. Hauptmann Finds Solace in Son

Comforted by sight of her son, the tears that threatened the composure of Mrs. Anna Hauptmann as she left the New Jersey penitentiary at Trenton after a visit to Bruno Hauptmann in the death house quickly dried up. Looking almost happy a few seconds later, she's shown clutching young Manfred as they drove away. Hauptmann's execution is set for week of March 29.

HIGHWAY PLAN HEARING GOES ANOTHER DAY

AUSTIN, March 17.—(U.P.)—Texas highway commissioners today began the second day of their state-wide hearing and opened the day with the Federal Aid Improvement plan estimated at \$3,555,000. Today's bids are part of the \$7,000,000 program plan for this month.

A large delegation was from counties southwest of Dallas and Fort Worth. They sought designation of a road from Meridian to Waxahachie with a bridge across the Brazos near Kimple bend.

Representatives of the Brazos-Chimino trail bridge location were present from Cleburne, Fort Worth, Dallas, Waxahachie and Meridian. The association hoped eventually to see a Dallas-Del Rio road built.

No Grass, No Water—Death

No forage, no edible grass, no water. This cow is one of the early victims of this spring's dust storms in the "Dust Bowl" of the southwest. Near Bovina, Tex., the carcass was found in a clump of soap grass, a ghostly forerunner of what will be seen on a large scale unless unexpected rains halt the rising dust cloud of 1936.

REFUSES TO COMMENT ON KIDNAP CASE

NEW YORK, March 17.—(U.P.)—Closely guarded by friends and relatives Dr. John Condon returned today from a two months stay in Panama and from behind doors issued a statement saying he would have nothing to say on the Landbergh baby murder case.

The Bronx educator was accompanied from Panama by his daughter, Mrs. Myra Hacker, who stood with him during his conversation with the newspapermen.

"I have no comment what ever to make about the case," Condon said. The case referred to was not identified by Condon but it was supposed he was referring to the Landbergh matter and newspapermen reminded him of the statement made January 26 by Harold Hoffman in which the latter propounded some doubt about Condon's story told at the trial of Bruno Hauptmann.

When asked if he thought Hauptmann would die in the electric chair or if he thought Hauptmann did the kidnaping, he dismissed the questions as though he did not hear him.

Entries In League Meet Are Growing

Superintendent R. N. Chuck announces that preparations are being made for the Inter-scholastic League meet which is to be held in Cisco March 27-28.

Wednesday marks the deadline for entries and Chuck says he already has a stack mountains high, thus indicating that a live interest is being manifested in the event.

The meet represents 45 schools over the county and from the interest being manifested, Mr. Chuck, who is director-general, thinks it will perhaps be the best attended in several years.

Cisco Lions Club Pushing Plans For Convention To Be Held Here June 16-17

Plans for the Lions convention of District 2-E at Cisco June 16-17, are going forward. It is announced by General Chairman H. L. Dyer and Finance Chairman J. A. Bearman.

The publicity committee is preparing material for selling the individual Lions and their wives on Cisco and what she has to offer in the way of recreation and entertainment, not only during the convention, but as a place to come and play during any other vacations they may take from time to time.

Letters are being prepared to send to the 1293 individual Lion members of this district and they will be spaced so as to climax the time of the conventional. The senior Chamber of Commerce and Junior Chamber of Commerce, as well as other civic organizations of the city, will be given specific opportunities to do their bit in entertaining the visitors and selling Cisco to them in a big way.

Special efforts will be made to secure the attention of the ladies from over the district and the lady Lions of Cisco are making plans to give them royal entertainment.

Twenty-One Members Present At Banquet

The A. G. Motor company had a banquet and a get-together meeting at the special banquet room at the Laguna hotel Monday evening at which time they discussed matters pertaining to their sales and service on both new and used cars.

The entire force of 21 members were present and a number of them expressed themselves, offering suggestions as to a general improvement of all services that might touch the customer.

Those present were, A. D. Anderson, Jack Anderson, Dave Gorman, Miss Marie Pratt, John Holder, John Smith, C. O. Pass, Jim Baird, Carlton Holder, Unaphries, Road Parish, Bob Sandford, Fred Hays, Touhy McMurry Blake Stephens, Dean Keith, Forest Nobles, Jack Stephenson, Frank Stanton Milton Cook and Johnny Johnston.

Two Hundred Trees to Be Planted At East Ward Campus and On Lake Road

The planting of some 200 trees and a general beautification program for East Ward campus and the highway leading to the lake, is being actively planned by the Garden Club, it was announced by Mrs. C. H. Fee, energetic head of that wide-awake civic organization, today.

Through a gift of about one-hundred shrubs from Randolph college to the Garden Club, and a like number purchased, they are now prepared to begin work in earnest.

The program embraces the beautification of East ward school for that part of the city, a cleanup of the western part of the highway and including Humble park near the railroad, the planting of trees, flowers and shrubs along the lake road and specialized plantings on certain spots, such as the curve near the college, adjacent to the airport. This plot of ground has been given to the Twentieth Century club as their part in the program.

In a trip to the lake Saturday by Mrs. Fee, Mrs. J. T. Berry, Mrs. W. H. LaRoque, Mrs. J. E. Spencer and Mrs. Wm. Reagan, plans for further work at the lake itself, were discussed.

"Make Cisco beautiful so that our visitors, Centennial and otherwise, may be thrilled as they pass through," is the slogan of these civic-minded women. They have received encouragement on every hand and especially from the junior chamber of commerce, which body will undertake to aid in tree planting and cleaning up work, for which they wish to express their thanks.

"Every one has been so gracious," said Mrs. Fee. "The city officials have given every cooperation and Street Superintendent Joe Clements has been so helpful that we certainly do want to thank them for what they have done," she continued.

Training School Is Growing In Interest

An increased interest in local attendance as well as visiting town attendance was shown last night at the meeting of the training school which is being held each evening this week at the First Methodist church, it was announced this morning by Rev. W. H. Cole, pastor.

During the intermission period Mrs. A. W. Kent, teacher of children's work in the training school brought interesting discussions of the work of the Methodist churches in China, Japan and Korea. Mrs. Kent, a Methodist representative on a tour of these countries, told of the wonderful interest shown in the foreign countries of church work. Mrs. Kent is to be honored guest at a tea given Wednesday afternoon by W. M. S. children workers of the church.

PROSPECT OF MILK MARKET PLEASURES MANY

With the statement that farmers here are heartily in favor of the establishment of a milk depot, Rayman is to speak for him at the meetings of which George Sweeney, Abilene, will lay the proposition before the people of Cisco for their approval.

Mr. Lynn said he could not attend the meeting Wednesday evening but he was in favor of the proposition. Since hearing about the matter, he says he has thought a great deal about it. He raises plenty of milk and has some grassland on which to graze his cows. The idea of a trench silo whereby a man can like all his roughage and keep it nutritious like green feed, strongly appeals to him and he thinks that it fits in well with the milk market program.

If a stable market could be worked out whereby a farmer could know at whatever amount of production he might have he would still have a market it would encourage any farmers to increase their herds and thereby have a market for their cows for all the feed they could raise.

He had never had any trouble, said, about raising an abundance of feed. But when he raised more than he could use, he usually found that other farmers had an over-plus so and hence, found no market for the surplus. But, he says, with the trench silo which will care for all the feed that one can raise, and a market to take all the milk could produce, he would not be any difficulty at all. Other farmers will feel the same way, he continued.

He thinks that he can afford to milk in quantities at a low price because he will be selling his feed through the milk route, after all.

"Yes," he says, "I am heartily in favor of your efforts along this line and I think you will receive the cooperation of all farmers who are interested in cows."

Hearty Cooperation Pleases Fire Marshal

Fire Marshal Gustafson wants to express his appreciation for the cooperation he has always been given in fire prevention programs. For the fact of this former cooperation he respectfully requests a continuation of this cooperation and points with pride at the fine insurance rate Cisco is now enjoying as a result of this splendid fire record during the past year.

"Keep all paper and trash cleaned up," he said, "and then help us in the campaign as rapidly in the future as you have in the past, and Cisco will be able to maintain this fine record."

Collector's Office Asks Cooperation

With only 9,000 drivers licensed and an approximate similar number to be issued, the tax assessor-collector's office Monday again appealed to citizens for co-operation in their work.

Next week the office will devote more attention to issuance of automobile plates and congestion will result if citizens do not obtain their drivers licenses now, it was pointed out.

Chief Deputy Clyde S. Karkalits reported 1,200 automobile plates issued.

WEST TEX HOLD DISTRICT MEET HERE MONDAY

The West Texas Utilities personnel comprising all of district B, which includes Cisco, Albany, Moran, Throckmorton, Putnam, Baird, Rising Star, and Cross Plains, came together in a banquet at the Laguna hotel last night where they discussed their general program under the head of Sales and Accounting.

Superintendent P. P. Shepard discussed the operating angle of the organization. R. C. Giles chief clerk, spoke on accounting. George Spain, district sales manager, spoke on the Frigidair proof program, which has to do with proving each statement made in their advertising program. This was followed by a demonstration by R. S. Cope of the above program. A projection machine added to the program through illustrations.

Those present were: From Cisco, P. P. Shepard, R. C. Giles, George Spain, W. R. S. Cope, Carl Lamb, O. J. Russell, C. J. Echols, Putnam, E. L. Gaines, B. Baird, L. F. Foster, Rising Star, O. L. Embrey, Cross Plains; Arthur Mitchell and C. E. Cannon.

Utilities Charges Are Denied by Ickes

WASHINGTON, March 17.—(U.P.)—Public Works Administrator Harold Ickes today denied charges of seven utilities companies that the \$20,000,000 flood control and conservation on the lower Colorado river in Texas are "only sham for Public Work Administration."

Ickes said the river improvement program was for flood control and incidentally there may be some power.

TWO CHILDREN GIVEN AWAY BY MOTHER

SAN FRANCISCO, March 16.—(U.P.)—Mrs. Linda Jones, who gave two of her children to the first person who asked for them explained her act with a simple statement that there was nothing else to do.

"It was better for the babies, they both have better homes than I could give them in a dark basement room," she explained dry-eyed. Mrs. Jones' husband, L. E. Jones, employed, took the other child with him when he left her 7 months ago.

CLAIMS NEW EVIDENCE IN SON'S CASE

OKLAHOMA CITY, March 17.—(U.P.)—Declaring that startling new evidence had been uncovered Judge Kennamer today revealed plans to seek new trial for his 20-year-old son Philip, convicted of manslaughter and given a 25-year term in the penitentiary.

Before the judge's statement today, attorneys for the youth had been expecting for hope on appeal for rehearing before the state court of appeals, which last Friday upheld the Pawnee county district court conviction.

"We intend to file motion for a new trial in the courts at Pawnee. We have new evidence and by that I mean real new evidence — facts that will make them sit up and take notice," Judge Kennamer said.

54 STATE WITNESSES ARE SUMMONED FOR M'BEE CASE

Subpoenas for 54 state witnesses for the trial March 30 of four defendants in the "hanging skeleton" by District Clerk P. L. Kesselring, "Twenty-eight of the witnesses reside in the county and 26 out of the county."

Defendants in the cases for which they will be tried for the alleged murder of H. L. McBea at Rising Star May 1, 1933, are Mr. and Mrs. Raymond Henry and Jack and Lynn Smith. The woman is the former wife of McBea.

The state contends McBea, a highway worker, was killed May 1, 1933, buried the following day, exhumed three weeks later and then hanged.

Eastland county witnesses: G. L. McBea, Garland Carroll, Marzee Edmondson, O. C. Broughton, R. D. Bowman, Dean Broughton, Herman Boyman, J. S. Hulst, Dr. J. R. Dill, John Freeman, Mrs. John Freeman, Oscar White, John Berry A. D. Carroll, Joe Blankenship, W. H. Fore,

Cisco Youth Injured In Car Accident

Tommy LaMare son of Mrs. N. H. Blizard, 409 West Fifth street, is confined to his bed with leg and arm injuries sustained yesterday afternoon at 5:30 when wheels of the car in which he was driving locked turning the car over and pinning Tommy underneath.

The car, a Model T Ford, was driven by Charles McDonald and the accident occurred on Park Drive. Other occupants were LaVere Lassiter, Harry Grey, Louise Graves and Tommy LaMare, the only one injured. He was rushed to the Graham's hospital immediately following the accident where 15 stitches were taken in the calf of the leg and several taken in the elbow of the right arm. He is at home and will be confined to his bed for some days.

Easter Egg Hunt For Children of Cisco

President S. H. Nance has plans well under way for an Easter egg hunt for the children of Cisco and his live bunch of Lions are eager for the event.

More than a thousand children are expected for many thousands of eggs and candy will be given them as prizes for their quest. Every thing will be free.

Trucks will be ready to take the children to the scene of the hunt and bring them back to the city. Every effort will be made to avoid any accident and all parents who can will be expected to accompany the children and see them have the big thrill of their lives as they find the prize eggs which will be liberally scattered over the scene of the event.

Further committees will be appointed by Lion President Nance and details will be worked out. The hour of the hunt and the place will be announced along with any other information needed.

"These Lions want it emphasized that it will be free to all children of the city, including transportation both to and from the hunting grounds."

Ciscoans Attend Funeral Rites

Others from Cisco and near Cisco who attended the funeral services for J. D. Pevehouse, held Sunday afternoon in Ranger were: Mr. and Mrs. Haywood Cabaness, Mrs. Leehover, Mrs. J. R. Burnett, Mr. and Mrs. R. S. Elliott and son, Robert, Mrs. W. H. Hays, Mrs. Bob Key, Mrs. John Toach, Mr. and Mrs. Algie Skiles, Mr. and Mrs. Otis Skiles, Mr. and Mrs. James Skiles, Mr. and Mrs. Scott of Putnam, Rev. C. S. Williams of Abilene, and Mr. and Mrs. T. L. Nipp of Moran.

STILLS TO BE COOKERS

STOCKTON, Cal. — (U.P.) — Two truckloads of confiscated stills have been donated to the Boy Scouts for use in summer camps—for cooking.

JUNIOR CHAMBER OF COMMERCE TO START CAMPAIGN APRIL 2

"We are planning to start the clean-up campaign April 2, and rush it through with a bang," said Dallas Wales, president of the Junior Chamber of Commerce, which body has taken over the task of keeping up the name of Cisco as the Clean City.

Mr. Wales said that all plans were practically complete for the work. He plans to ask each property holder to clean his premises and to pile trash in the alleys where it may be gathered when the trucks come. Everything will be hauled off and if the citizenry will do its part, and Mr. Wales remarked that he had no doubts as to that, then Cisco will remain a clean town, and centennial visitors who come through on their way to visit the big show will be impressed by a little town with no unsightly trash to mar the eye.

With the aid of the Garden Club, it is expected to begin in the western limits of the city and beautify every spot that will lend itself to the program. The Humble property at the rail crossing at the end of Main at Third street, will be embraced in the plans, Mr. Wales said.

While the Garden Club plans to plant flowers along the highway to the lake, the Junior Chamber of Commerce wants to plant trees if arrangements can be made for hydrants to tap the city mains along the route. "We can furnish hose and will do the rest if we can get that," he continued. "We have received so many voluntary congratulations on our undertakings that we are sure the people will be behind us in the matter once we start work," he said.

All-Day Meeting Of Nazarene Church

The Nazarene church will hold an all-day meeting Wednesday when a goodly group of Nazarene church district officials and department representatives visit Cisco on a tour of the Abilene district.

The public is extended a cordial invitation to visit with the church in this meeting. Officials to be present are: Rev. V. B. Atteberry, Abilene district superintendent; Rev. John L. Knight, Mineral Wells; Dr. John Roberts; Pilot Point; Mrs. John L. Knight, Mineral Wells; Dr. N. Y. P. S. president.

Mr. and Mrs. E. J. Poe attended the funeral services for J. D. Pevehouse held Sunday afternoon in Ranger.

Imagine a Costly War Over a Dismal Land!

Just as if trouble already did not have enough spots to light on, Josef Stalin tells Roy Howard that soviet Russia will most assuredly go to war if the Japanese make a pass at the far-off and little-known republic of outer Mongolia.

Those intermittent cracklings and sputtering along a hazy boundary line in remote Asia, then, may be the first warning of a new war; and if war starts there, it could jump all the way to Europe inside of a week.

So we have one more place to watch, and Urga, the windswept capital of a windswept land, adds its name to the list of candidates for the distinction of being the world's second Serajevo.

The odd part about this is that neither Russia nor Japan has any direct, all-compelling interest in the Mongolian border or in the land of outer Mongolia itself.

Experts of the Alexander Hamilton Institute surveyed the Mongolian question recently and concluded that for Russia and Japan to fight over Mongolia would be the essence of tripe-distilled foolishness.

First, for Russia. It has virtually no trade with Mongolia. And although Mongolia has rich natural resources and offers much room for colonists, Russia—lord of the world's broadest acres—has more than enough of that sort of thing to keep her busy at home.

She is devoting every effort to development and colonization of land she already owns. She simply has not the money, the energy, nor the people to spare for development of Mongolia, and won't have them for years to come.

And all that goes double for the Japanese.

The latter have bitten off a huge chunk in Manchukuo. Even now, Tokio financiers are beginning to wonder if they can find the money necessary to finance Manchukuo's continued development. If Mongolia fell right in Japan's lap it would be many years before the Japanese could do anything with it.

Furthermore, Mongolia is not suitable for Japanese colonization, and its population is so scanty and poor that it offers no market whatever for Japanese manufactured goods.

What this all boils down to is that Mongolia is not worth, to either Russia or Japan, a fiftieth part of what it would cost to fight for it. And yet both nations are ready to fight, their border patrols are tossing stray bricks at each other, and the smallest accident may set off a war.

Surely, if there is any glimmering of ordinary sanity in either Moscow or Tokio, this far eastern war can be averted. If a situation like this can set the world ablaze, then the world has hardly enough good sense to be worth saving.

SHOWING THE FINE POINTS of Prince Albert roll-your-own tobacco is a hobby with Jack Warsaw. "It's just being friendly," he says, "to tell other 'makin' smokers that P. A. is 'bringin' out' so that the grains don't blow away."

JACK WARSAW has used P. A. for 18 years. "I never rolled any other smoke with such fine flavor and free of any 'bite' the way P. A. is," he says. "For a cool, pleasant smoke, try Prince Albert." Prince Albert is guaranteed to please you too. Read our no-risk offer. Try mild, mellow P. A. in a pipe too.

WPA Officials Await News on Work Culling

No official information had been received Monday by officials on the reduction of Works Progress Administration employees in Eastland county, announced in Abilene headquarters as part of a national reduction program because of seasonal employment and expanding business.

In District 13 of the WPA, which includes Eastland county, it is estimated 1,500 persons will be affected by the reduction.

It was not known by Crigler Paschall, director of the National Employment Service, which is the employment agency for the WPA, whether some projects in the county would be suspended or workers reduced on all.

Black-Draught's Good Reputation

The confidence people have in Black-Draught built up from satisfactory use so many years, is shown in its being handed on from one generation to another. It must be good to have such a strong following.

Here is a typical reference to Black-Draught by a satisfied user: "We have used Black-Draught for twenty years," writes Mr. Fred Richardson, of Hartshorne, Okla. "My mother has used it for fifty years. It is the best medicine I know anything about. I take it for sour stomach and constipation, or when I feel sluggish and bad. Black-Draught is splendid to regulate the bowels, cleansing them of waste matter, ridding them of constipation. I expect to use it twenty-five more years if I live and it gives satisfaction as it has always given."

BEGIN HERE TODAY. TOBY HAT... works behind the jewelry counter of a large department store.

THE tousled mop of light brown hair stirred restlessly and Tom beneath the covers, one eye appeared. The eye opened, closed slightly, and then, after a moment, opened again.

Suddenly Toby frowned. She had a feeling, vaguely, that something unpleasant was to happen today.

All at once Toby knew. It was her job at Bergman's. She was brought there—fired, discharged, and for the worst of reasons, left. The whole miserable scene he afternoon before came back to her—the private office with Mrs. Burrows and Mr. Henderson demanding, "What did you do with the watch?"

With a sob Toby pulled the covers over her head. But that failed to shut out the insistent picture. It was true, all of it. She hadn't the faintest idea how the wrist watch had got into her locker. She had worked hard at Bergman's, long hours until her feet and her back ached. She had come without lunches, had smiled and been cheerfully obliging to the most unreasonable customers.

"Say!" Hiatt exclaimed. "Why didn't I think of it before? I know a guy you ought to see—" for the four days she had worked that week.

any way I can prove it, but I didn't take the watch. I was waiting on a customer—" The woman said, "Mmm," again and went on, as though Toby had not spoken.

Before she could finish the man said crisply, "Too late. You should have been here an hour ago." "But—" Toby began again. "It's no use," the man interrupted. "They only wanted four girls and they've hired 'em all. You can leave your name if you want to. Fill out this card—"

Mr. Polan Addresses Cisco High Assembly

Mr. Barron Polan, representative of Warner Bros. studios spoke this (Tuesday) morning at a special assembly of the high school, according to Mr. H. G. Brandon, principal. Mr. Polan, who spent several months in Hollywood while "A Midsummer Night's Dream" was being filmed, spoke to the students about the technical difficulties in filming the Shakespearean comedy.

Mr. Polan Addresses Cisco High Assembly

Mr. Polan will address a number of prominent club women this afternoon on the technical and artistic phases of "A Midsummer Night's Dream." Representatives of social and civic study clubs will be present to discuss this forthcoming presentation which will be at the Texas theatre on Tuesday, March 24th, for two performances only.

Mr. Polan Addresses Cisco High Assembly

C. J. Stevens, proprietor of the Texas theatre, asks that parents cooperate with the management by purchasing tickets for their children if they bring them to see this show. Since all seats are reserved there necessarily will be no place for the children to sit unless they have tickets.

Each Puff Less Acid

A LIGHT SMOKE

OF RICH, RIPE-BODIED TOBACCO

For twenty-five years the research staff of The American Tobacco Company has worked steadily to produce a measurably finer cigarette—namely, a cigarette having a minimum of volatile components, with an improved richness of taste—"A LIGHT SMOKE."

We believe that Lucky Strike Cigarettes embody a number of genuinely basic improvements, and that all these improvements combine to produce a superior cigarette—a modern cigarette, a cigarette made of rich, ripe-bodied tobaccos—A Light Smoke.

Luckies—"IT'S TOASTED"

Your throat protection—against irritation—against cough

Luckies are less acid

Recent chemical tests show that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%.
