About Our Friends

By STEPHEN A. LONG
Expectations for a grand Lions convention are at high peak now and why not? The idea of Fort Worth visitors had the idea and carried it out... people have fine ideas but no greatness because they have the mere idea... the fellow who carries out the idea is the hero of the hour in any organization... so we are glad...
The resolution of the chamber of commerce as printed in the Daily News Wednesday, regarding the removal of vacant buildings of old town signs no longer active and to appeal to the citizenship to clean up lawns and back yard rubbish if it exists... is timely and shows the spirit of cooperation of the general public and of civic organization to assist the Lions in maintaining their company in a big way...
No other convention, district or state, has had the amount of publicity and special organization work as has the Cisco convention... through cooperation and planning... the event has been well financed... the guests to furnish a part of the program... and when people are interested in it... it was a philosophical idea and is having the effect of securing active interest all over the district... No program has had such elements of interest as this one...
And so people are going to attend this convention on June 16 and 17 and away with a very delightful memory of Cisco and her facilities and entertainment...
Everything is getting the finishing touches now... plans are being made on the one... the hosts are doing everything a last looking for so to speak, and the time would find everything ready for guests to come pouring in for affair...

May Reinvestigate Lindbergh Kidnap Case

In U. S. To Fight For Son Freddie

Arriving at Los Angeles to aid his wife in the court battle over guardianship of their son, Freddie, child film star, Cecil Llewellyn Bartholomew of London is shown here. A peaceful settlement was forecast in the effort to win custody of the boy from his aunt, Mylicent Bartholomew, with whom he has been living on the coast.

ELLIS PARKER, SON, 3 OTHERS ARE INDICTED

MOUNT HOLLY, New Jersey, June 4—(U.P.)—The arrest on kidnaping charge of Ellis Parker, Sr., 65 year old detective friend of Governor Harold Hoffman, promised reinvestigation of the entire Lindbergh kidnaping case under new authority today.
Parker was seized by New York and New Jersey policemen on the steps of the Mount Holly Elks club last night for the kidnaping of Paul Wendel, once disbarred Trenton lawyer, in New York City last February.

Suspect 'Printed' in Flogging Case

Suspected in the alleged Black Legion lashing of Harley Smith, near Norvell, Mich., Allen Bascom, Jackson county highway commission employe, is shown here as he was fingerprinted in Jackson. Demanding an examination after he was arrested on a charge of kidnaping and felonious assault, Bascom was held under \$10,000 bond.

BREAD SHORT, FLOUR MILLS JOIN STRIKE

PARIS, June 4—(U.P.)—The bread supply of the capitol was threatened today when workers in flour mills of the Paris region joined in a series of strikes which were spreading with increasing rapidity.
Despite assurance of the communist party that the bread, milk and general food supply would not be cut off, a strike of truck drivers made the delivery of vegetables, meat, fish and other supplies from a railroad station to central markets difficult.
Gas workers in the western suburbs were out and the supply in the tanks grew lower hourly.
As the strike grew, the cabinet of Premier Albert Sarraut resigned their positions.

Probes Terror Of Black Legion

The "one-man grand jury" investigating Black Legion terrorism in Jackson, Mich., Justice of the Peace Ernest J. Rogers, above, scores of witnesses have been called in the John Doe inquiry he is conducting to shed new light on the alleged outrages by the black-hooded and robed order.

BYRN'S DEATH WILL DELAY ADJOURNMENT

WASHINGTON, June 4—(U.P.)—William Bankhead of Alabama was elected speaker by the house today to fill the post left vacant by the sudden death of Joseph W. Byrns.
Adjournment plans were put aside in the crisis caused by Byrns' sudden death. Congress is now not expected to quit until sometime in the week following the republican national convention opening at Cleveland Tuesday.

TEXAS EDITORS DALLAS GUESTS AT CENTENNIAL

DALLAS, June 4—Texas editors and their families will be guests of the Texas Centennial Exposition Saturday June 13. The newspapermen will come to Dallas Saturday morning from Tyler where they will hold their regular meeting. Registration and assembly will be in the City Hall Auditorium at 9:30 o'clock Saturday morning when passes to the Exposition grounds will be given to the visitors.
Lunches will be served at the Exposition in one of the larger restaurants at 12:30 p. m. Saturday evening between 6:30 and 8:30 an old fashioned barbecue will be served to the editors in the corral of the Texas Ranger Building. Adjournment will be taken in time for the newspapermen to visit "The Cavalcade of Texas" Sunday the members of the association will visit the various exhibits and concessions.
Delegates to the Theta Sigma Phi national convention of newspapermen will be entertained at the same time as the Texas editors. Many of these visitors are expected to stop over in Dallas June 13 and 14 en route to their meeting at Austin.

American Legion Sells Texas Flags

The American Legion is selling Texas flags, made of heavy cotton, grown, milled, dyed and manufactured in Texas and made by union labor. These flags are 3x5 feet and priced at \$1.50. Those desiring to buy through the local Legion may see Rex Moore, commander of the local post of the American Legion. A Texas flag is of special importance this year when Texas is celebrating her birthday so elaborately and there will be so many occasions on which the bunting may be unfurled. The American Legion is a fitting organization through which the purchase might be made, since if there be any group in the nation that should be entitled to sell flags it should be the group who fought for the flag of the nation and her states across the seas.

PWA Activities Are Led by Public Schools

WASHINGTON, June 4—(U.P.)—Harold Ickes' Public Works Administration used \$175,734,691 adding nearly 30,000 classrooms to accommodate more than 1,000,000 students to the nation's public school facilities. PWA statistics showed today.
Second largest PWA activity was spending \$83,306,390 for 512 hospital projects, including buildings that will care for 40,000 additional patients.
The bulk of PWA school loans and grants went for new high schools and elementary institutions. Facilities for general student bodies included auditoriums, gymnasiums, cafeterias, libraries and laboratories.
California led all other states in the number of school projects, 474 new ones and 503 repair jobs. The California program was necessary to construct earthquake-proof buildings, or repair those damaged by quakes.
To date, PWA has built or repaired 109 hospitals, and provided new equipment. Institutions were financed in almost every state, and in Alaska and the Virgin Islands.

Clothing Recovered Taken From W. T. P.

Chief Police M. L. Perdue has returned from a trip to Fort Worth where clothing was found, identified and recovered which had been taken from the West Texas Produce company, when local boys are said to have broken into the place and taken clothing on the night of May 26. No arrests have been made as yet it is understood.

VICTIM SHOWED ESKRIDGE UP WITNESS SAYS

HOUSTON, June 4—(U.P.)—Police Chief Ed O'Reilly disarmed Rev. C. Edgar Eskridge, Baptist minister, who is on trial in district court here today, charged with murdering the officer, the first witness told the jury.
The militant preacher's resentment state contends, over "being shown up" by the officer caused Eskridge to kill O'Reilly at Orange, Texas, a year ago.
Orange County Attorney James Neff was the first witness to testify in the case. He said O'Reilly brought Eskridge to his office the day before the slaying.
"O'Reilly told me that brought Eskridge in to see if he had any authority to carry a gun. Eskridge said he had a commission as a deputy under the sheriff of Sutton county," Neff said.
Eskridge puffed at a cigar. He lounged comfortably at the counsel table listening to the first testimony. He heard witnesses say O'Reilly had threatened to file a charge against him for carrying a gun without authority to do so.

Henry Wink Shows Improvement Today

The condition of Henry Wink hurt in a dynamite blast on the Canyon road project Tuesday afternoon, is said to be showing improvement at the Graham sanitarium where he was taken shortly after the accident occurred.
Mr. Wink was said to have been some 200 yards from the blast when it occurred and a large stone was hurled toward him striking him on the head, injuring him very seriously. It was thought, but his condition is much better now, it is announced.

GRAND JURY TO INVESTIGATE BLACK LEGION

DETROIT, Mich., June 4—(U.P.)—The Wayne county grand jury investigation into the activities of the Black Legion, backed by the full power of the state of Michigan opened today before Circuit Judge James Chenot.
Reports spread that at least one of the thirteen legion members charged with the murder of Charles Pooler, who was executed by the hooded band, because neighborhood gossip said he beat his pregnant wife, would plead guilty and be sentenced to life imprisonment.
After opening the one-man grand jury proceedings here, Attorney General David Crowley planned to institute similar proceedings in Oakland county, the seat of which is Pontiac, where the legion was particularly active. Mayor Frank Couzens of Detroit pressed an investigation of charges that the order had gained a powerful position in the city government in the year or more the federal department of justice revealed yesterday it had been operating.

81 Enrolled In Summer School

EASTLAND, June 4—Eighty-one students are enrolled in grammar, junior high and high school summer courses, according to announcement Wednesday by Superintendent P. B. Bittle.
Twenty-six are enrolled in high school subjects, 28 in junior high school grades and 27 at West Ward, where grammar grades are offered.
W. G. Wonnack is principal for the junior high and high school courses. He also is an instructor in civics and English. Leroy Stone is an instructor in mathematics and history. Mrs. Earle Johnson is teaching history and English from the sixth to eleventh grades.
Mrs. A. E. Herring is principal at West Ward school. Besides Mrs. Herring, Mrs. T. L. Amis is also an instructor in that school and in charge of work from the third to fifth grade, inclusive.
Superintendent Bittle expects other registrants.
Summer work for junior high and high school students is conducted at the latter building.

University Student Shoots Professor

BETHLEHEM, Pa., June 4—(U.P.)—Charles Phyl, instructor at Lehigh university was shot and killed by a student who then committed suicide, police said.
The student, Wesley Clow of Florida, died in a hospital an hour after he had shot the professor.
Police said Young Clow had failed in his examinations and had come to the instructor's office with a petition for re-examination.
The professor started to talk to Clow. Police said the student then drew a revolver, said "well," and shot Phyl. Clow ran into a hall where he fired a bullet into his head.

Extorsion Plot Against Aime

LOS ANGELES, Calif., June 4—(U.P.)—Postal inspectors today investigated an extortion plot against Aime Semple McPherson after a man identifying himself as Valencio McAlulise told San Diego police he sent the evangelist a note demanding \$10,000.
McAlulise, who said he was an ex-convict, was quoted by officers as confessing he threatened to distribute photographs of Mrs. McPherson and a "friend made in the nude" unless he received the money.

Most Farmers Fill Out Work Sheets

COLLEGE STATION, June 4—Approximately 300,000 work sheets have been filled out by Texas farmers to participate in the Agricultural Conservation Program. It was estimated recently by the State Agricultural Conservation Committee upon surveying reports from county agricultural agents up to June 1.
Members of the State Committee further pointed out that the 300,000 work sheets represent about 75 per cent of all Texas farm acreage.
They said that out of the 500,000 farms in the state, some 400,000 should be eligible to receive grants.
It was for the purpose of giving farmers more time to sign up work sheets that June 10 was set as the final date in Texas.

Two At Huntsville Face Death Chair

HUNTSVILLE, June 4—(U.P.)—James McAllister, Jr., a white man, and William Davis, negro, were dressed in death clothes here today at the Texas state prison.
Their hopes of escaping the electric chair for murder fled when Governor Alfred said he would not interfere with plans for their executions, which are scheduled for early tomorrow.

CONVICT SHOT, TWO CAPTURED ONE ESCAPES

BRAGGS, Okla., June 4—(U.P.)—One man, believed to be an escaped convict from Oklahoma state penitentiary at McAlester, was shot and captured and two others also believed to be escaped convicts, were taken into custody, eighteen miles south of Palsquin today.
A fourth member of the gang escaped.
The convict who was shot was believed to be Asbell Perkins, 35, escaped convict from McAlester. He was shot twelve times and was not expected to live, attendants at the hospital at Palsquin reported.
Immediately after the capture of the trio, the posse from Muskogee and Cherokee counties returned to Braggs, where a bloodhound was secured to help them in the search for the remaining fugitives.

Highway Project Bids Made Today

AUSTIN, June 4—(U.P.)—Low bids on federally aided highway projects were reported today by the State Highway department to the district office, Bureau of Public Roads, Fort Worth, if approved by that office, contracts will go to the low bidders.
Included in the project was Texas and Pacific railway underpass on Highway 66 south of Mineral Wells, J. Floyd Malcolm, Amarillo, \$48,444.00.

Cisco Milk Market To Be Discontinued

William Atcheson in charge of the whole sweet milk and produce plant of the Western Produce company, announces that after Friday they will not buy and ship sweet milk to the Abilene plant. They will continue to buy produce but will no longer purchase whole sweet milk.
Mr. Atcheson did not know whether this would be a temporary arrangement or permanent. There seems to be a lack of sweet milk and the shipments are not profitable, he said.

Cisco Veterans of Foreign Wars To Have Barbecue at Lake Cisco

The Cisco Post, Veterans of Foreign Wars, which includes all overseas veterans, both in the World War and Spanish American war, will hold a barbecue on next Wednesday night at Lake Cisco to which all eligible ex-service men are cordially invited.
In addition to the barbecue, music will be furnished for the occasion and a drill team of the Abilene Post, Veterans of Foreign Wars, is expected to be present.
Guy Reynolds is commander of the Cisco Post and Dave Gorman is adjutant.

Edouard Herriot Elected President

PARIS, France, June 4—(U.P.)—The new chamber of deputies convened today and elected Edouard Herriot, radical socialist leader, president.
Herriot was unopposed openly although many moderates abstained from voting.

Harold Ickes Said No Liberals Left

WASHINGTON, June 4—(U.P.)—Secretary of Interior Harold Ickes said today that William Allen White's suggestion for liberalizing a republican 1936 platform is "in vain because all the GOP liberals already have left the party."

University Student Shoots Professor

BETHLEHEM, Pa., June 4—(U.P.)—Charles Phyl, instructor at Lehigh university was shot and killed by a student who then committed suicide, police said.
The student, Wesley Clow of Florida, died in a hospital an hour after he had shot the professor.
Police said Young Clow had failed in his examinations and had come to the instructor's office with a petition for re-examination.
The professor started to talk to Clow. Police said the student then drew a revolver, said "well," and shot Phyl. Clow ran into a hall where he fired a bullet into his head.

According to Ira P. DeLoache of Dallas, the great number of reservations that have already been made indicates that the special trains leaving Texas points on June 20th will carry even greater crowds of loyal friends of Roosevelt and Garner to the National Democratic Convention in Philadelphia June 23 than attended the inauguration of the president and vice-president in 1933.
"Never has there been such a spontaneous rush on the part of Texans to demonstrate pride in their state, an honored citizen of the state and great first and second ex-

Executive officers of the United States," said Mr. DeLoache.
Mr. Le Loache, general chairman of transportation in Texas for the National Democratic Convention at Washington and Philadelphia to three factors. First, improved business conditions enable vast numbers of Texans to finance such a trip. Second: The Centennial spirit is converting the trip into a Centennial Boosters Parade as well as an event of political significance.

Tribute to Small Town Paper

The smaller newspapers of the country are the most important newspapers, and incidentally, in proportion to their circulation, their advertising results are the biggest, and their advertising rates are the smallest in the country. They are read through from end to end. Every copy of circulation means an entire family, not a family that lives in one room with a can opener, but a family that owns its own house, and land around it, at least ninety times out of a hundred; a family that buys everything, from the roof on the house, to the cement on the cellar floor; from the hat on mother's head to the shoes on the boys' feet. The services that their publishers render to the public is, in my opinion, the most important service rendered by any class of citizens in the United States. The country editors are distributors of information; they reach the minds of the boys that leave the farms, and they are the nation's mental police force," says Arthur Brisbane.

After half a century in the publication of newspapers, daily and weekly, the writer can endorse the opinion of Arthur Brisbane that the country newspaper is read from end to end, and the advertisements are of special interest. Where a hundred read all that is in the home weekly, only one in that one hundred peruses all that is in the big city daily paper that comes to them. Large foreign advertisers are also becoming cognizant of the fact that space in country weekly and smaller city daily papers is of real value to them; that they gain more at less cost, at the same time securing as much combined circulation with a certainty that their advertisements will be read by all.—Woodburn, Ore., Weekly Independent.

The 14-Year-Old Mind

Should the fourteen-year-old mind be allowed to have what it wants—and does it know what is good for it? For instance, if the fourteen-year-old mind wants to read the intimate ins and outs of hideous murders, vile perversions, unholy matrimonial scrambles, and disgraceful liaisons, should the fourteen-year-old mind be given the stuff, and thus encouraged to cultivate a taste for it? If it is not well to feed the body on unwholesome food, is it well to feed the mind on noxious matter?

This article is not an argument for ignorance. Had little Red Riding Hood known a wolf when she saw one, she wouldn't have been so gullible. Ignorance is neither innocence nor virtue. There are certain fundamental facts that one should know; but there are sordid details that one might better not know. Pope gave the world something to ponder when he wrote, "Vice is a monster of so frightful mien, as to be hated needs but to be seen, yet seen too oft, familiar with her face, we first endure, then pity, then embrace."

A well rounded, well constructed mind can look on any sort of mess, if it must, and not be much defiled; but that sort of mind is not going to delve into messes; it knows better; it avoids messes, so as not to become contaminated by them; that is one characteristic of the well balanced mind.

Why should a man put his mind where he would not put his hands or feet? The one who allows his thoughts to roam through corruption gets his mind infested with mental vermin; the person who gets his mind with dogs accumulates fleas. Shouldn't the fourteen-year-old mind be encouraged away from that sort of thing?

"Dirty Willie" was what the boys dubbed one of their number; they called him "Dirty Willie" because he had his mind in dirt so much of the time that he couldn't talk about anything else. One of the easiest things to do is to pick up dirt. One doesn't have to pick it up; it picks itself up and attaches itself to one and one's belongings, unless one watches out; constant effort is required to keep oneself and everything one possesses clean. Neglect the body and look at it. Neglect the mind and look at it.

Should not the fourteen-year-old mind be protected from contamination? Has the fourteen-year-old mind the sense to pass up those things which it should pass up for its own good and select those things which it should select for its own good?

The GLAMOROUS ADVENTURE

by Jean Seiwright © 1936 NEA Service, Inc.

BEGIN HERE TODAY
GAIL EVERETT, winner of a prize for costume design offered by a large silk manufacturing company, comes to New York to find work. She is hired—due to a stroke of luck—by MADAME LIZETTE, proprietor of an exclusive shop. Madame proves temperamental and difficult to work for.
DEREK HARGREAVES, young artist, is interested in Gail, and offers her friendly advice. Frequently Gail sees DICK SPARKES, whose sister, ROSE-MARY, was her roommate at school.
Meanwhile, in Arizona, MARK CHAPMAN, long a wanderer, returns to find his old home in the hands of the Travers Mining Co. Mark suspects the deal is crooked. He does not know the whereabouts of his niece, Gail, rightful owner of the property.
REX HALL, Madame Lizette's son, is representing the Travers company.
Gail spends the weekend at the Spentles' home. Dick asks her to marry him and again she refuses.
She arrives home late Monday evening to find two messages asking her to call Derek.
NOW GO ON WITH THE STORY CHAPTER XIV

on Friday afternoon. Perhaps the finisher sensed what was in the girl's mind, for she said, "You mustn't mind Ariadne. You see, Madame promised her that she'd give her a chance to do some designing. She never has and that's why Ariadne is so disagreeable."
"So that explains it. Well, I'll see if I can't do something about that."
But at that moment Lita entered. "Rita Cordell's in the showroom and Miss Carolee says for you to show her some of the fashion show styles. If she wants photographs, ask her to tell you which models she can use and we'll have the pictures made for her."
"All right, Lita. I'll be there in a minute," Gail said.

Miss Everett... call for Miss Gail Everett."
Quickly she hurried toward him. "Miss Everett's just stepped out doors. If you rush you may catch her."
A moment later she saw Gail enter the foyer with the bellhop. Natalie stepped into the elevator. Even if she did want to know who was calling Gail, she couldn't very well question her now.
GAIL entered the booth and said over the telephone, "Do you wish to speak to Gail Everett?"
"You bet I do," came the vibrant voice of Derek Hargreaves. "But first I want to apologize for not taking you to the Ferrara Gallery. I was called out of town unexpectedly, and didn't have a moment to write you. I hope you'll forgive me."
"Oh, that's all right!" Gail's heart was beating happily as she answered. "I tried to get you the next day. I was out with one of the girls that evening and we didn't get home until after midnight. I thought that was too late to phone."
"Never worry about that. I'm quite accustomed to late calls! But now that I've found you I want to know if you'll come with me to a reception at Mrs. Morton's. I'll drop around for you a little before 4 Sunday afternoon if that's O. K. with you?"
"That will be lovely. Thanks ever so much."
"Fine! Everything going all right?"
"I guess so. I'll tell you all about things Sunday." With a word of goodby Gail hung up the receiver.
When she reached the library her thoughts were in a whirl. Derek wanted her to meet the famous Mrs. Morton. They were going to her gorgeous duplex apartment on Park avenue. She got the books on costume design and made a few sketches, but she could not concentrate on the clubhouse, she felt as though she was walking on air. She scarcely saw the brightly lighted streets with their crowds of men and women—many in evening dress—as she stepped from luxurious cars; humbler family parties watching the throngs, or straggling back to their homes; darting newsboys shrieking the latest headlines; down-and-outers begging for nickels and dimes.
Pity might have swelled in Gail's heart at the sight of these unfortunates or envy for those obviously enjoying wealth, but such thoughts were foreign to her mind at the moment. Derek had called and on Sunday she'd be with him again!

Third, the ardor of Texas democrats has reached such a high pitch of enthusiasm that every party member who can possibly attend is making plans to go on this pilgrimage.

And as a fourth and final reason, Mr. DeLoache emphasizes that never before have so many appealing features been combined in one tour of this type. "It is a New Deal in Transportation," says Mr. DeLoache "observing a Democratic principle by giving Texas delegates and their friends the maximum in enjoyment at a minimum cost."

and grapejuice and the second being ice cream and cake. Mrs. Snodgrass was assisted in the serving by Miss Boyd Crenshaw who lives with Mrs. Snodgrass while her daughter, Mrs. J. E. Heeter, is away and by Miss Ruth Abel. Those present were: Misses Mattie Henry, W. H. Davis, Charles Lee, John Mendenhall, W. C. Bedford and C. W. Maltby and the hostess. Heavy rains caused the small attendance.

Hoyt Lee Browning oldest son of Mr. and Mrs. Thomas Browning, was rushed to the Blackwell sanatorium at Gorman, late Thursday evening and was operated on for a ruptured appendix. He stood the operation nicely. His many friends hope he may soon be able to return home.

Mr. and Mrs. Horace Morrison and their daughter, Miss Josie Morrison, visited Mrs. Morrison's mother, Mrs. Woodie who lives south of Gorman Monday afternoon. Mrs. Kathleen Baucus who lives near Gorman and who had been visiting them a few days, went home as they went over there.

G. Mathias of Breckenridge, visited his old friends Mr. and Mrs. W. C. Bedford, and several others Monday afternoon as he was returning from a business trip to Stephenville.

Rev. and Mrs. Z. L. Howell of Gordon visited a number of friends here Sunday afternoon. Rev. Howell was pastor of the Methodist church here from Nov. 1932 to Nov. 1934 and during that time he and his splendid family made hosts of friends who are always delighted to see them again.

Mr. and Mrs. J. Heeter came in Monday from Hamilton and visited their mother, Mrs. S. E. Snodgrass until Tuesday. Mr. Heeter is drilling on the Sealboard company's second well and the depth now is something over 4,000 feet.

Jack Powers, son of Mr. and Mrs. Wiley Powers is visiting relatives at Hermleigh and other west Texas towns.

Mr. and Mrs. G. S. Bruce and daughter, Virginia accompanied by Ford Reid drove up to Strawn Sunday afternoon. Mrs. Bruce stopped for a while at Ranger and visited Mrs. Carl Baker who lived here for a number of years before moving to Ranger a few months ago.

Mr. and Mrs. Raymond Stark and their mother, Mrs. W. C. Stark and their cousin, Miss Ziphadent Cook all of Gorman, came over Wednesday afternoon to visit friends and relatives.

Mr. and Mrs. O. C. Sloan of Stephenville were here Monday evening visiting friends and also locking after the customers who buy their supplies of candy from Mr. Sloan.

C. P. Newberry of Gorman visited here for a short time Sunday.

Dr. J. M. Wright of DeLeon was here on professional business Thursday afternoon. His former neighbors and friends are glad he is located near enough to come over when he is needed.

Mr. and Mrs. R. J. Krapf and Mrs. L. N. Williams drove up to DeLeon on Tuesday night of last week and visited the Eastern Star chapter at an initiation ceremony. Members of Cisco and Desdemona chapters had been invited but on account of heavy rains only the three went from here.

Willard Ingram and his mother of Granbury came over Wednesday to visit their old friends, Mr. and Mrs. Walter Henry. They brought with them, Mrs. John Cotton a sister of Mr. Henry's and her husband and son who live at Granbury and also another sister of Mr. Henry's from Beebe. Ark. One whom Mr. Henry had not seen for twenty-five years. We failed to get the name of that sister. They came especially on account of the serious illness of Mr. Henry. His many friends hope he may soon begin to improve.

Freston Henry, a son, and his wife, came from Big Spring a few days ago to be with Mr. Henry.

The Methodist Missionary Society met at the church Monday afternoon for the regular business meeting and program from the "Bulletin" the official news of the Methodist Mission Workers. The devotional was conducted by the president, Mrs. Charles Lee. Others taking part in the program

were Miss Mollie O'Rear and Misses G. S. Bruce, C. O. Bragg, W. C. Bedford, W. H. Whitworth, E. M. Dolly and S. E. Snodgrass.

Mr. and Mrs. Preston Sparks had as their guests the past week, his sister, Mrs. George W. Gray and son, George W. Jr. of Brownwood and also Harry and Robert Thames of Mertzon who were former pupils of Mr. and Mrs. Sparks. On Monday of last week they went to Brownwood to attend the commencement exercises at Daniel Baker college at which Harry Hardy a brother of Mrs. Sparks was one of the graduates.

Mr. and Mrs. R. D. Wright, his sister, Miss Romalee Wright of DeLeon and Miss Nell Robert left Sunday for Denton where they will take courses of study at C. I. A. and North Texas State Teachers' college. Mrs. Wright will receive her degree in August.

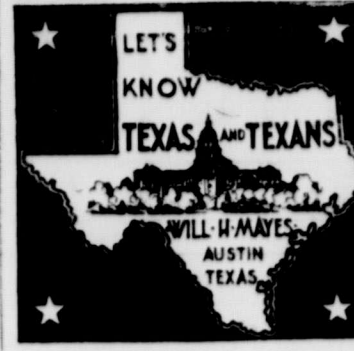

Mr. and Mrs. Harry Gallagher of Hebes New Mexico came in last Tuesday for a visit with their parents, Mr. and Mrs. Tom Nabers.

Mrs. W. H. Davis accompanied by Mrs. S. E. Snodgrass and Mrs. C. W. Maltby drove over to Gorman Saturday afternoon and attended the meeting of the Eastland County Federation of Women's clubs. The Executive club of Gorman, and the Bass Lake Home Demonstration club were hostesses for the occasion. The meeting was held at the Presbyterian church and was very enjoyable as to program and social features.

Mrs. J. R. Buchanan and daughters Misses Lillie and Johnnie Buchanan and also Mrs. R. D. Wright and husband went up to Cheaney Saturday and spent the day with Mrs. F. E. Walker, (another daughter of Mrs. Buchanan) and her family.

Miss Minyon Whitworth an honor cell student at Texas Wesleyan college at Fort Worth came home Saturday and will be here for a while with her parents, Mr. and Mrs. W. H. Whitworth.

Mr. and Mrs. Roy Ashburn and daughter, Anita and Miss Mollie C. R. Rearrard attended the Memorial Day ceremonies at Strawn, Saturday. The American Legion and the veterans of the Spanish-American war united in carrying out the ceremonies.

LET'S KNOW TEXAS AND TEXANS

WILL H. MAYES, AUSTIN, TEXAS.

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. As evidence of good faith inquirers must give their names and addresses, but only their initials will be printed. Address inquiries to Will H. Mayes, Austin, Texas.

Q. Camp Ben McCulloch a military pest? R. T. G. Emory.

A. No. It is the camp grounds for the United Confederate Veterans of Texas, where their annual reunion is held, contains 40 acres, has a large pavilion and other improvements, in a beautiful park near Driftwood, Hays county.

Q. When was the first oil produced in Texas? A. T. L. Mason.

A. The first commercial production was reported in 1889 from two wells near San Antonio, the total amount for the year being 42 barrels. Reports of oil discovery in Nacogdoches county were made however, as early as 1867, and East Texas Indians used seepage oil as a remedy for rheumatism and skin diseases from time unrecorded.

Q. When did steamboats first navigate the upper reaches of the Trinity River? R. P. Lagrange.

A. Steamboats ran as far up as far as the confluence of the main and east fork channels as early as 1852. Frigid Henderson county, and Lockridges Bluff, Navarro county, were then important shipping points. On December 17, 1868, the Sallie Haynes a 60 foot boat, was launched at Dallas and operated down the river for some time. When a railroad reached Dallas in 1872 interest in Trinity navigation waned as steamboat business decreased.

Q. What became of the first army of the Republic of Texas? A. R. T. Robstoun.

A. The Republic was financially unable to maintain it and President Houston relinquished it on April 18, 1837.

Centennial Song Book

In the homes, in the schools, in public gatherings of all kinds, Texans are singing the best known typical songs of Texas—songs of the range, songs of the Texas home, patriotic songs—songs every Texan should know and delight in singing.

Twenty-eight of the best songs sung in Texas have been carefully selected by competent musicians, set to music, and published in a 36 page, 6 by 9 booklet on heavy coated paper with covers in colors.

The booklet will be mailed postpaid for 25 cents. Send all orders to Will H. Mayes, Austin, Texas.

CHIROPRACTIC ADJUSTMENTS

Relieve Pain

My message to you is that a straight spine is the fundamental necessity for health. This is so because the process of life depends upon free nerve transmission. The branch off from the spine and if a spinal bone is out of alignment there is pressure on a nerve, and a failure of nerve transmission. As a result ill-health and disease follow.

LUBRICATION UNDER ACTUAL DRIVING CONDITIONS

.... DRIVE IN--SEE IT WORK

- WE—Raise the body completely off the chassis with contact jacks, which jacks contact the frame at the center.
- WE—Pull the spring leaves back into their natural curl—we call it "Temporary Re-arching."
- WE—Put the proper lubricants where the ACTUAL WEAR takes place—the highest points of friction.
- WE—Do thorough lubrication, which means more than pumping grease through high pressure guns INTO OPEN CAVITIES.
- WE—Permit 100% lubrication, apply grease while the car is in motion and while the weight of the body is on the MOTOSWAY.
- WE—Locate that HIDDEN BODY SQUEAK; we detect impaired parts.
- WE—Spread spring leaves to actually put lubricants between the leaves—not just smear on the outside.
- WE—Free frozen shackles without the aid of a "Crow-Bar." The use of a "Crow-Bar" is DANGEROUS.
- WE—Examine and refill shock absorbers which can only be done with MOTOSWAY. (Optional, at slight additional cost.)
- WE—Lubricate "Knee-Action" cars. See it work. It's perfect while the parts are all in motion—"floating action."
- WE—Lubricate the "Enclosed-Springs." How else can you do it? Only with MOTO-SWAY.
- WE—CHANGE YOUR OIL IN THE CRANKCASE WITH MOTO-SWAY; all old oils and sediments come out thus keeping repair bills away.
- WE—Make old cars ride like new ones, keep new ones riding like NEW—We prove it.
- WE—Challenge any other means of lubrication; the old stationary method has become obsolete. THE MOTO-SWAY method is the only CORRECT WAY TO LUBRICATE YOUR CAR.

We are Giving you this Guaranteed and Certified Moto-Sway greasing and lubricating service at NO EXTRA COST.

By MRS. W. C. BEDFORD

On Tuesday afternoon of last week, the "21" Study club met for the final meeting of the club year at the attractive home of Mrs. S. E. Snodgrass. Quantities of roses were used in the decorations. The program was led by Mrs. C. W. Maltby. Rcl call responses were local features of interest, the subject of the program being "Our Town in Texas." Mrs. S. E. Snodgrass gave a most interesting talk on "Early Stores and Churches in Our Town." She gave many facts about the beginning of our town. Mrs. Maltby talked on "Club Life in Our Town," telling some of the benefits derived from organized groups of women who strive to improve themselves and help the town. At the close of the program delicious refreshments were served in two courses the first being a meat and nut salad on lettuce with saltines

Landon Looms As Winner Over Borah

CLEVELAND, Ohio, June 4.—(UP)—Political evidence pointed today to the nomination of Governor Alf Landon of Kansas for president on an early ballot in the republican national convention here next week.

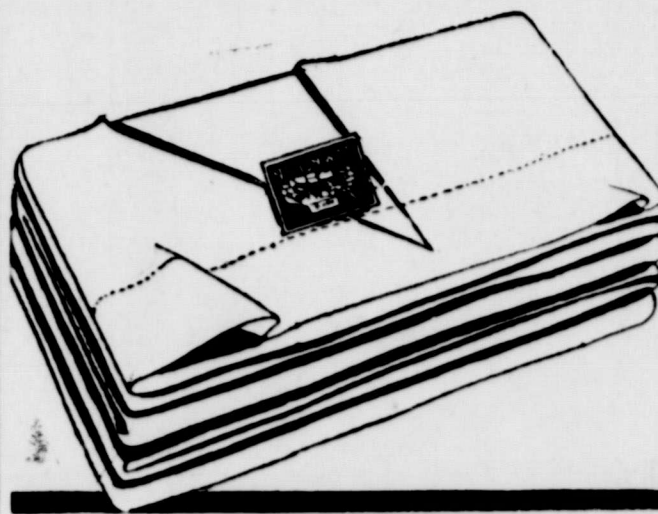

Senator William Borah's supporters were backing away from an open battle with the Landon clan on the question of inviting all candidates to address the convention. They did not appear willing to carry the fight to the convention floor.

Managers of Colonel Frank Knox campaign to the nomination took the lead in a "stop Landon" movement, but there was no evidence that all the other opponents who are mutually hostile will join in any organized effort.

May Reininvestigate Lindbergh Kidnap Case

In U. S. To Fight For Son Freddie

Arriving at Los Angeles to aid his wife in the court battle over guardianship of her son, Freddie, child film star, Cecil Llewellyn Bartholomew of London is shown here. A peaceful settlement was forecast in the effort to win custody of the boy from his aunt, Mylicent Bartholomew, with whom he has been living on the coast.

ELLIS PARKER, SON, 3 OTHERS ARE INDICTED

MOUNT HOLLY, New Jersey, June 4 — (UP)—The arrest on kidnaping charge of Ellis Parker, Sr., 65 year old detective friend of Governor Harold Hoffman, promised reinvestigation of the entire Lindbergh kidnaping case under new authority today.
Parker was seized by New York and New Jersey policemen on the steps of the Mount Holly Elks club last night for the kidnaping of Paul Wendel, once disbarred Trenton lawyer, in New York City last February.
A New York grand jury indicted him secretly yesterday afternoon.
At the same time it indicted his son, Ellis, Jr., who has been a fugitive since early April and three New York men. They are accused of having seized Wendel on a New York street, held him prisoner and tortured him for thirteen days in Brooklyn to compel him to confess the Lindbergh kidnaping, and of transporting him to New Jersey by force.
The "confession" in which Wendel said he kidnaped and killed Charles Lindbergh, Jr., delayed the execution of Bruno Richard Hauptmann three days. Wendel alleged kidnapers delivered him to Parker's home in Mount Holly.

Suspect 'Printed' in Flogging Case

Suspected in the alleged Black Legion flogging of Harley Smith, near Norvell, Mich. Allen Bascom, Jackson county highway commission employe, is shown here as he was fingerprinted in Jackson. Demanding an examination after he was arrested on a charge of kidnaping and a notorious assault, Bascom was held under \$10,000 bond.

BREAD SHORT, FLOUR MILLS JOIN STRIKE

PARIS, June 4 — (UP)—The bread supply of the capitol was threatened today when workers in flour mills of the Paris region joined in a series of strikes which were spreading with increasing rapidity.
Despite assurance of the communist party that the bread, milk and general food supply would not be cut off, a strike of truck drivers made the delivery of vegetables, meat, fish and other supplies from a railroad station to central markets difficult.
Gas workers in the western suburbs were out and the supply in the tanks grew lower hourly.
As the strike grew, the cabinet of Premier Albert Sarraut resigned their positions.
Chief Police M. L. Perdue has returned from a trip to Fort Worth where clothing was found, identified and recovered which had been taken from the West Texas Produce company, when local boys are said to have broken into the place and taken clothing on the night of May 26. No arrests have been made as yet it is understood.

Probes Terror Of Black Legion

The "one-man grand jury" investigating Black Legion terrorism in Jackson, Mich., is Justice of the Peace Ernest J. Rogers, above. Scores of witnesses have been called in the John Doe inquiry he is conducting, to shed new light on the alleged outrages by the black-hooded and robed order.

BYRN'S DEATH WILL DELAY ADJOURNMENT

WASHINGTON, June 4 — (UP)—William Bankhead of Alabama was elected speaker by the house today to fill the post left vacant by the sudden death of Joseph W. Byrns. Adjournment plans were put aside in the crisis caused by Byrns' sudden death. Congress is now not expected to quit until sometime in the week following the republican national convention opening at Cleveland Tuesday.
Bankhead's elevation to the speakership was agreed upon at an emergency conference of house leaders. He will serve as speaker for the remainder of this session.
Immediately after electing Bankhead, the house prepared to recess until a State funeral for Byrns could be held in the house tomorrow or Saturday.
President Roosevelt will attend the house funeral. He also will go to Nashville, Tennessee, for the final services at which most of Byrns' congressional associates will be present.
The senate paid its respect by recessing and delaying tax bill action indefinitely.
Bankhead, house majority leader since the elevation of Byrns to the speakership after the death of Speaker Henry Rainey was elected by the house within a few moments after it met in sad solemnity to consider the legislative crisis arising from Byrns' death.
It was the first time in history that the house had been faced with the duty of electing a successor to its speaker who had died while congress was in session.

TEXAS EDITORS DALLAS GUESTS AT CENTENNIAL

DALLAS, June 4 — Texas editors and their families will be guests of the Texas Centennial Exposition here at 12:30 p. m. Saturday morning from Tyler where they will hold their regular meeting. Registration and assembly will be in the City Hall Auditorium at 9:30 o'clock Saturday morning when passes to the Exposition grounds will be given the visitors.
Lunches will be served at the Exposition in one of the larger restaurants at 12:30 p. m. Saturday evening between 6:30 and 8:30 an old fashioned barbecue will be served the editors in the coral of the Texas Ranger Building. Adjournment will be taken in time for the newspapermen to visit "The Cavalcade of Texas." Sunday the members of the association will visit the various exhibits and concessions.
Delegates to the Theta Sigma Phi national convention of newspapermen will be entertained at the same time as the Texas editors. Many of these visitors are expected to stop over in Dallas June 13 and 14 en route to their meeting at Austin.

American Legion Sells Texas Flags

The American Legion is selling Texas flags made of heavy cotton, green, milled, dyed and manufactured in Texas and made by union labor. These flags are 3x5 feet and priced at \$1.50. Those desiring to buy through the local Legion may see Rex Moore, commander of the local post or Doc Cabaness.
A Texas flag is of special importance this year when Texas is celebrating her birthday so elaborately and there will be so many occasions on which the bunting may be unfurled. The American Legion is a fitting organization through which the purchase might be made, since if there be any group in the nation that should be entitled to sell flags it should be the group who fought for the flag of the nation and her states across the seas.

PWA Activities Are Led by Public Schools

WASHINGTON, June 4 — (UP)—Harold Ickes' Public Works Administration used \$175,734,691 adding nearly 30,000 classrooms to accommodate more than 1,000,000 students to the nation's public school facilities. PWA statistics showed today.
Second largest PWA activity was spending \$83,306,390 for 512 hospital projects, including buildings that will care for 40,000 additional patients.
The bulk of PWA school loans and grants went for new high schools and elementary institutions. Facilities for general student bodies included auditoriums, gymnasiums, cafeterias, libraries and laboratories.
California led all other states in the number of school projects, 474 new ones and 593 repair jobs. The California program was necessary to construct earthquake-proof buildings, or repair those damaged by quakes.
To date, PWA has built or repaired 109 hospitals, and provided new equipment. Institutions were financed in almost every state, and in Alaska and the Virgin Islands.

Clothing Recovered Taken From W. T. P.

Members of the State Committee further pointed out that the 300,000 work sheets represent about 75 per cent of all Texas farm acreage. They said that out of the 500,000 farms in the state, some 400,000 should be eligible to receive grants. It was for the purpose of giving farmers more time to sign up work sheets that June 10 was set as the final date in Texas.

VICTIM SHOWED ESKRIDGE UP WITNESS SAYS

HOUSTON, June 4 — (UP)—Police Chief Ed O'Reilly disarmed Rev. C. Edgar Eskridge, Baptist minister, who is on trial in district court here today, charged with murdering the juror, the first witness told the jury.
The militant preacher's resentment state contends, over "being shown up" by the officer caused Eskridge to kill O'Reilly at Orange, Texas, a year ago.
Orange County Attorney James Neff was the first witness to testify in the case. He said O'Reilly brought Eskridge to his office the day before the slaying.
"O'Reilly told me that brought Eskridge in to see if he had any authority to carry a gun. Eskridge said he had a commission as a deputy under the sheriff of Sutton county," Neff said.
Eskridge puffed at a cigar. He lounged comfortably at the counsel table listening to the first testimony. He heard witnesses say O'Reilly had threatened to file a charge against him for carrying a gun without authority to do so.

Henry Wink Shows Improvement Today

The condition of Henry Wink hurt in a dynamite blast on the Canyon road project Tuesday afternoon, is said to be showing improvement at the Graham sanitarium where he was taken shortly after the accident occurred.
Mr. Wink was said to have been some 200 yards from the blast when it occurred and a large stone was hurled toward him striking him on the head, injuring him very seriously, it was thought, but his condition is much better now, it is announced.

Highway Project Bids Made Today

AUSTIN, June 4 — (UP)—Low bids on federally aided highway projects were reported today by the State Highway department to the district office, Bureau of Public Roads, Fort Worth, if approved by that office, contracts will go to the low bidders.
Included in the project was Texas and Pacific railway underpass on Highway 66 south of Mineral Wells. J. Floyd Malcolm, Amarillo, \$48,444.00.

81 Enrolled In Summer School

EASTLAND, June 4 — Eighty-one students are enrolled in grammar, junior high and high school summer courses, according to announcement Wednesday by Superintendent P. B. Bittle.
Twenty-six are enrolled in high school subjects, 28 in junior high school grades and 27 at West Ward, where grammar grades are offered.
W. G. Womack is principal for the junior high and high school courses. He also is an instructor in civics and English. Leroy Stone is an instructor in mathematics and history. Mrs. Earle Johnson is teaching history and English from the sixth to eleventh grades.
Mrs. A. E. Herring is principal at West Ward school. Besides Mrs. Herring, Mrs. T. L. Amis is also an instructor in that school and in charge of work from the third to 11th grade, inclusive.
Superintendent Bittle expects other registrants.
Summer work for junior high and high school students is conducted at the latter building.

GRAND JURY TO INVESTIGATE BLACK LEGION

DETROIT, Mich., June 4 — (UP)—The Wayne county grand jury investigation into the activities of the Black Legion, backed by the full power of the state of Michigan opened today before Circuit Judge James Chenot.
Reports spread that at least one of the thirteen legion members charged with the murder of Charles Poole, who was executed by the hooded band, because neighborhood gossip said he beat his pregnant wife, would plead guilty and be sentenced to life imprisonment.
After opening the one-man grand jury proceedings here, Attorney General David Crowley planned to institute similar proceedings in Oakland county, the seat of which is Pontiac, where the legion was particularly active. Mayor Frank Couderc of Detroit pressed an investigation of charges that the order had gained a powerful position in the city government in the year or more the federal department of justice revealed yesterday it had been operating.

Extorsion Plot Against Aime

LOS ANGELES, Calif., June 4 — (UP)—Postal inspectors today investigated an extortion plot against Aime Semple McPherson after a man identifying himself as Valentine McAlulise told San Diego police he sent the evangelist a note demanding \$10,000.
McAlulise, who said he was an ex-convict, was quoted by officers as confessing he threatened to distribute photographs of Mrs. McPherson and a "friend made in the nude" unless he received the money.

Two At Huntsville Face Death Chair

HUNTSVILLE, June 4 — (UP)—James McAlister, Jr., a white man, and William Davis, negro, were dressed in death clothes here today at the Texas state prison.
Their hopes of escaping the electric chair for murder fled when Governor Allred said he would not interfere with plans for their executions, which are scheduled for early tomorrow.

European Strikes Paralyze Industry

Strike, inspired by left wing demands for better wages and working conditions, spread in several European countries today.
More than 400,000 workers left their jobs in Spain and there was a threat of a paralyzing general strike.
Report that Antwerp, Belgium, was tied up by a strike of 5,000 dock workers, a socialist coalition government was about to be formed in Belgium. A twenty hour general strike attributed to communists was declared in Salonica, Greece.

Texas Demos To Visit Washington En Route to Convention June 23rd

According to Ira P. DeLoache of Dallas, the great number of reservations that have already been made indicates that the special trains leaving Texas points on June 20th will carry even greater crowds of loyal friends of Roosevelt and Garner to the National Democratic Convention in Philadelphia June 23 than attended the inauguration of the president and vice-president in 1933.
"Never has there been such a spontaneous rush on the part of Texans to demonstrate pride in their state, an honored citizen of the state and great first and second ex-

Cisco Milk Market To Be Discontinued

William Atcheson, in charge of the whole sweet milk and produce plant of the Western Produce company, announces that after Friday, they will not buy and ship sweet milk to the Abilene plant. They will continue to buy produce but will no longer purchase whole sweet milk.
Mr. Atcheson did not know whether this would be a temporary arrangement or permanent. There seems to be a lack of sweet milk and the shipments are not profitable, he said.

Erwin Rippas Clears \$15.15 on Two Pigs

SAN ANTONIO, June 4 — Erwin Rippas, 4-H club boy from the Buena Vista community in Bexar county, recently sold two pigs for \$31.25 which made him a clear profit of \$15.15, according to a report of H. F. Schlemmer, assistant county agent.
The pigs cost Erwin \$8.60. He fed them \$7.50 worth of feed. The cost per pound of gain was approximately 4.5 cents.
One of the pigs a Duroc-Jersey, gained approximately 240 pounds per day during the entire feeding period.
"The pigs were sold on the market at \$7.75 per hundred pounds on a day when the market supply was high and prices low," the assistant county agent said. "The 4-H club boy's demonstration, however, showed that proper handling of livestock brings a profit in spite of low prices."

Harold Ickes Said No Liberals Left

WASHINGTON, June 4 — (UP)—Secretary of Interior Harold Ickes said today that William Allen White's suggestion for liberalizing a republican 1936 platform is "in vain because all the GOP liberals already have left the party."

CONQUER PNEUMONIA WINDSOR, Ont.—(UP)—Fireman working in four-hour shifts, labor-ed for 212 hours to save Miss Mildred Bryant, 24-year-old factory girl, from dying of pneumonia. The fireman administered nearly 28,000 gallons of oxygen before doctors declared the girl out of danger.

CONVICT SHOT, TWO CAPTURED ONE ESCAPES

BLAGGS, Okla., June 4 — (UP)—One man, believed to be an escaped convict from Oklahoma state penitentiary at McAlester, was shot and captured and two others also were believed to be escaped convicts, were taken into custody, eighteen miles south of Paleahquah today.
A fourth member of the gang escaped.
The convict who was shot was believed to be Abell Perkins, 35, escaped convict from McAlester. He was shot twelve times and was not expected to live, attendants at the hospital at Paleahquah reported.
Immediately after the capture of the trio, the posse from Muskogee and Cherokee counties returned to Braggs, where a bloodhound was secured to help them in the search for the remaining fugitives.

The 14-Year-Old Mind

Should the fourteen-year-old mind be allowed to have what it wants—and does it know what is good for it? For instance, if the fourteen-year-old mind wants to read the intimate ins and outs of hideous murders, vile perversions, unholly matrimonial scrambles, and disgraceful liaisons, should the fourteen-year-old mind be given the stuff, and thus encouraged to cultivate a taste for it? If it is not well to feed the body on unwholesome food, is it well to feed the mind on noxious matter?

This article is not an argument for ignorance. Had little Red Riding Hood known a wolf when she saw one, she wouldn't have been so gullible. Ignorance is neither innocence nor virtue. There are certain fundamental facts that one should know; but there are sordid details that one might better not know. Pope gave the world something to ponder when he wrote, "Vice is a monster of so frightful mien, as to be hated needs but to be seen, yet seen too oft, familiar with her face, we first endure, then pity, then embrace."

A well rounded, well constructed mind can look on any sort of mess, if it must, and not be much defiled; but that sort of mind is not going to delve into messes; it knows better; it avoids messes, so as not to become contaminated by them; that is one characteristic of the well balanced mind.

Why should a man put his mind where he would not put his hands or feet? The one who allows his thoughts to roam through corruption gets his mind infested with mental vermin; the person who lies down with dogs accumulates fleas. Shouldn't the fourteen-year-old mind be encouraged away from that sort of thing?

"Dirty Willie" was what the boys dubbed one of their number; they called him "Dirty Willie" because he had his mind in dirt so much of the time that he couldn't talk about anything else. One of the easiest things to do is to pick up dirt. One doesn't have to pick it up; it picks itself up and attaches itself to one and one's belongings, unless one watches out; constant effort is required to keep one-self and everything one possesses clean. Neglect the body and look at it. Neglect the mind and look at it.

Should not the fourteen-year-old mind be protected from contamination? Has the fourteen-year-old mind the sense to pass up those things which it should pass up for its own good and select those things which it should select for its own good?

DESDEMONA

MRS. W. C. BEDFORD

Monday afternoon of last week the "21" Study club met for its regular meeting of the club year at the home of Mrs. S. E. Snodgrass. Quantities of roses were used in the decorations. The program was led by Mrs. C. W. Malby. Responses were local features of interest, the subject of the program being "Our Town in Texas." Mrs. E. Snodgrass gave an interesting talk on "Early Days and Churches in Our Town," giving many facts about the building of our town. Mrs. Malby read some of the benefits derived from organized groups of women who strive to improve themselves and help the town. At the meeting the delicious refreshments were served in two tables on lettuce with salines grapefruit and the second table cream and cake. Mrs. Snodgrass was assisted in the serving by a Boyd Crenshaw who lives in Mrs. Snodgrass while her sister, Mrs. J. E. Heeter, is away by Miss Ruth Abel. Those present were Misses, Mattie Henry, H. Davis, Charles Lee, John Edmond, W. C. Bedford and C. Malby and the hostess. Heavy rain caused the small attendance. Mrs. Thomas Browning rushed to the Blackwell sanitarium at Gorman, late Thursday and was operated on for a ruptured appendix. He stood the

operation nicely. His many friends hope he may soon be able to return home. Mr. and Mrs. Horace Morrison and their daughter, Miss Jos Ceille Crenshaw, visited Mrs. Morrison's mother, Mrs. Woodie who lives south of Gorman Monday afternoon. Mrs. Kathleen Baarucus who lives near Gorman and who had been visiting them a few days, went home as they went over there. G. Mathias of Breckenridge, visited his old friends Mr. and Mrs. W. C. Bedford, and several others Monday afternoon as he was returning from a business trip to Stephenville. Rev. and Mrs. Z. L. Howell of Gordon visited a number of friends here Sunday afternoon. Rev. Howell was pastor of the Methodist church here from Nov. 1932 to Nov. 1934 and during that time he and his splendid family made hosts of friends who are always delighted to see them again. Mr. and Mrs. J. Heeter came in Monday from Hamilton and visited their mother, Mrs. S. E. Snodgrass until Tuesday. Mr. Heeter is drilling on the Seaboard company's second well and the depth now is something over 4,000 feet. Jack Powers, son of Mr. and Mrs. Wiley Powers is visiting relatives at Hermleigh and other west Texas towns. Mr. and Mrs. Raymond Stark and their mother, Mrs. W. C. Stark and their cousin, Miss Ziphadene Cook all of Gorman, came over Wednesday afternoon to visit friends and relatives. Mr. and Mrs. G. S. Bruce and daughter, Virginia accompanied by

For Reid drove up to Strawn Sunday afternoon. Mrs. Bruce stopped for a while at Ranger and visited Mrs. Carl Baker who lived here for a number of years before moving to Ranger a few months ago. Mr. and Mrs. O. C. Sloan of Stephenville were here Monday evening visiting friends and also locking after the customers who buy their supplies of candy from Mr. Sloan. O. P. Newberry of Gorman visited here for a short time Sunday. Dr. J. M. Wright of DeLeon was here on professional business Thursday afternoon. His former neighbors and friends are glad he is located near enough to come over when he is needed. Mr. and Mrs. R. J. Krapf and Mrs. I. N. Williams drove up to Eastland on Tuesday night of last week and visited the Eastern Star chapter at an initiation ceremony. Members of Cisco and Desdemona chapters had been invited but on account of heavy rains only the three went from here. Willard Ingram and his mother of Granbury came over Wednesday to visit their old friends, Mr. and Mrs. Walter Henry, Sr. They brought with them, Mrs. John Cotton a sister of Mr. Henry's and her husband and son who live at Granbury and also another sister of Mr. Henry's from Beebe, Ark., one whom Mr. Henry had not seen for twenty-five years. We failed to get the name of that sister. They came especially on account of the serious illness of Mr. Henry. His many friends hope he may soon begin to improve. Preston Henry, a son, and his wife, came from Big Spring a few days ago to be with Mr. Henry. The Methodist Missionary Society met at the church Monday afternoon for the regular business meeting and program from the "Bulletin" the official news of the Methodist Mission Workers. The devotionals was conducted by the president, Mrs. Charles Lee. Others taking part in the program were Miss Mollie O'Rear and Misses, G. S. Bruce, C. O. Bragg, W. C. Bedford, W. H. Whitworth, E. M. Daily and S. E. Snodgrass. Mr. and Mrs. Preston Sparks had as their guests the past week, her sister, Mrs. George W. Gray and son, George W. Jr., of Brownwood and also Harry and Robert Thames of Merton who were former pupils of Mr. and Mrs. Sparks. On Monday of last week they went to Brownwood to attend the commencement Exercises at Daniel Baker college at which Harry Hardy a brother of Mrs. Sparks was one of the graduates. Mr. and Mrs. R. D. Wright, his sister, Miss Romalee Wright of DeLeon and Miss Neil Robert left Sunday for Denton where they will take courses of study at C. I. A. and North Texas State Teachers' college. Mrs. Wright will receive her degree in August. Mr. and Mrs. Harry Gallagher of Hobbs, New Mexico came in last Tuesday for a visit with her parents, Mr. and Mrs. Tom Nabers. Mrs. W. H. Davis accompanied by

Mrs. S. E. Snodgrass and Mrs. C. W. Malby drove over to Gorman Saturday afternoon and attended the meeting of the Eastland County Federation of Women's clubs. The Excelsior club of Gorman, and the Bass Lake Home Demonstration club were hostesses for the occasion. The meeting was held at the Presbyterian church and was very enjoyable as to program and social features. Mrs. J. R. Buchan and daughters Misses Lillie and Johnnie Buchan and also Mrs. R. D. Wright and husband went up to Cheaney Saturday and spent the day with Mrs. F. E. Walker, (another daughter of Mrs. Buchan) and her family. Miss Minyon Whitworth an honor roll student at Texas Wesleyan college at Fort Worth came home Saturday and will be here for a while with her parents, Mr. and Mrs. W. H. Whitworth. Mr. and Mrs. Roy Ashburn and daughter, Ahita and Miss Mollie O'Rear attended the Memorial Day ceremonies at Strawn, Saturday. The American Legion and the veterans of the Spanish-American war united in carrying out the ceremonies.

Third: The ardor of Texas democrats has reached such a high pitch of enthusiasm that every party member who can possibly attend is making plans to go on this pilgrimage. And as a fourth and final reason, Mr. DeLoache emphasizes that never before have so many appealing features been combined in one tour of this type. "It is a New Deal in Transportation," says Mr. DeLoache "observing a Democratic principle by giving Texas delegates and their friends the maximum in enjoyment at a minimum cost." The Texas and Pacific from north Texas and the Missouri Pacific from south Texas, the line of the internationally famous Sunshine special, has been selected as the official route. Special trains leaving Texas points on June 20th will be scheduled as follows: Leave San Antonio 9 a. m. June 20 Leave Austin 11:02 a. m. June 20 Leave Galveston 10:30 a. m. THE NEWEST SENSATION! Cars Lubricated UNDER ACTUAL ROAD CONDITIONS. OPENS UP SPRING LEAVES—DETECTS SQUEAKS AND RATTLES. Breaks Frozen Shackles—Insures 100 per cent Lubrications. INCREASES THE LIFE OF YOUR CAR—DECREASES REPAIR BILLS. SWAY SQUEAKS AWAY WITH Moto-Sway LUBRICATION UNDER ACTUAL DRIVING CONDITIONS. DRIVE IN---SEE IT WORK WE—Raise the body completely off the chassis with contact jacks, which jacks contact the frame at the center. WE—Pull the spring leaves back into their natural curl—we call it "Temporary Re-arching." WE—Put the proper lubricants where the ACTUAL WEAR takes place—the highest points of friction. WE—Do thorough lubrication, which means more than pumping grease through high pressure guns INTO OPEN CAVITIES. WE—Permit 100% lubrication, apply grease while the car is in motion and while the weight of the body is on the MOTORSWAY. WE—Locate that HIDDEN BODY SQUEAK; we detect impaired parts. WE—Spread spring leaves to actually put lubricants between the leaves—not just smear on the outside. WE—Free frozen shackles without the aid of a "Crow-Bar". The use of a "Crow-Bar" is DANGEROUS. WE—Examine and refill shock absorbers which can only be done with MOTOSWAY. (Optional, at slight additional cost.) WE—Lubricate "Knee-Action" cars. See it work, it's perfect while the parts are all in motion—"floating action." WE—Lubricate the "Enclosed Springs." How else can you do it? Only with MOTO-SWAY. WE—CHANGE YOUR OIL IN THE CRANKCASE WITH MOTO-SWAY; all old oils and sediments come out thus keeping repair bills away. WE—Make old cars ride like new ones, keep new ones riding like NEW—We prove it. WE—Challenge any other means of lubrication; the old stationary method has become obsolete. The MOTO-SWAY method is the only CORRECT WAY TO LUBRICATE YOUR CAR. BACK GARDENS, ORCHARDS AND MADE TREES FOR INSECT RAVAGES

County is fairly well with insects this year is indicated by the number of control information from farmers, truck growers of shade trees and it is likely that a lot of have overlooked insect in which have done damage. Watch for insect infestation during the next two months as control in the early is much easier than later the "bugs" have done damage.

aphids or soft bodies plant lice, bugs, harlequin cabbage, cucumber beetles and var. sucking insects found on trees the type of insects that suck sap from the plant with a bill. These insects must be killed with a contact spray which stops up the breathing pores. Mechanical means such as blowing and burning.

that eat the leaves, such as Colorado potato beetles and leafhoppers, and bagworms and cabbage worms can be killed by dusting or spraying the leaves with a stomach poison which the insects eat with their food. Grasshoppers are killed by putting out a poison mash which they eat readily. Following suggestions are of controlling some of the common insects:

Aphids or Lice
Vegetables, shrubs or trees, in the heat of the day with a 1 ounce Black leaf powder and 1 gallon of water. This must be sprayed on the insect and with much pressure as possible.

Sucking Insects on Trees
The insects are soft-bodied, the same mixture as for ap.

Cucumber Beetles
The same mixture as recommended for aphids and add one pound of arsenate of lead. This does not kill as many of the insects as it does away. The arsenate of lead helps control the stage of the beetle, which very small holes in tomatoes either vegetables. The cucumber beetle is very hard to control.

Bugs and Cabbage Bugs
Spray is very effective for either hand pick them off plants or lay out small boards around the plants. The boards are on the under side of the boards at night. Early in the morning pick the boards up gently and the bugs into a container filled with water and kero.

Potato Beetles
Cabbage worms, bagworms, or any other leaf eating insect, spray the plants effected with a mixture of one ounce of arsenate of lead per gallon of water. Spray the plants lightly with a mixture of 4 parts of flour or lime

and one pound arsenate of lead. Vegetables so dusted should be washed before eating.

Grasshoppers and Cutworms
Put out a poison bran mash. For grasshopper, this should be well scattered around the field being infested. The mixture should be fed enough that each flake of bran will separate. For cutworms, place one-half teaspoonful of the mixture under each plant being effected. The mash should be put out late in the afternoon as the worms feed at night. The poison bran mash is made as follows:

100 pounds bran, 5 pounds paris green or white arsenic, 4 pounds emyl acetate, 2 gallons blackstrap molasses or sorghum molasses.

About 6 gallons water. Just enough water should be used to make a mixture that the least bit of water can be squeezed from with the hand. A sloppy mixture is unsatisfactory.

Callahan Pioneers Form Organization

BAIRD, June 2—The Pioneers Association of Callahan county was organized here Saturday with Jesse S. Hart as president. Mr. Hart has resided in the county longer than any other person. He came here in the early 1860's. Other officers elected at the mass meeting of old settlers were: Judge B. L. Russell, first vice president; Mrs. L. L. Blackburn, second vice president and historian and Miss Eliza Gilliland, secretary.

Plans discussed included the staging of a pageant depicting the county's history to be held very likely, in August. Definite plans and appointment of committees will be formulated at another meeting, to be called soon.

Adult School To Sponsor Exhibit

The Adult School, located at 1201 F. avenue is sponsoring an exhibit of hand made articles, to be held June 24. Three prizes will be offered, first, to the student making the most useful and attractive article at least expense during class hours; second, to the student making the most useful and attractive article at least expense partly in class; third, to the student making the most useful and attractive article at least expense outside of class hours. Each member is urged to enter as many articles as she chooses. The articles are to be identified by numbers stating cost of article and whether made in or out of class. The public is invited to the exhibit.

It has also been announced that Mesdames Holder and Bailey have changed the hours of their class meeting to 2 to 5 o'clock each afternoon.

YOUNG FRIEND, WHAT NEXT?

When your high school days are over, you begin looking about, endeavoring to decide what to do next. You have perhaps thought of studying medicine, law, theology, or some other four year college course. Can you finance yourself for four years in college? If you could, would you want to do so since you find the profession overcrowded? Even the teaching profession is crowded so that thousands of teachers cannot secure schools. With these perplexing problems before you, why not give serious thought to preparing yourself for a good position in a business office where you can earn a good salary, learn your chosen line of business, and some day become an outstanding business man or woman in your country. It only requires a few months and a small outlay of money to qualify in Byrne Commercial College. There is a demand for Byrne College Graduates; over fifty thousand have been trained. Almost a hundred graduates have accepted employment since the first of the year. Fill in and, without obligation, receive full particulars. Post graduate work and employment service for those who have had commercial work in high school.

WE'RE EXPERTS ON MOTORING SAFETY

WE HAVE THE ONLY TIRE IN THE WORLD WITH GOLDEN PLY BLOW-OUT PROTECTION

FREE Blow-Out PROTECTION

As experts on motoring safety we want to state a few simple facts every motorist should know about the tires he rides on. Remember this, the next time you are driving along at 40, 50, 60 miles an hour. The heat generated inside your tires at these speeds is terrific—causing rubber and fabric to separate. A tiny blister forms—grows bigger and BIGGER until sooner or later, BANG! It's a blow-out.

But an amazing new invention, the Life-Saver Golden Ply, resists this heat so that rubber and fabric do not separate—blisters do not form—thus this unseen cause of high-speed blow-outs is checked before it even gets started.

The only tire in the world that has Golden Ply blow-out protection is the Goodrich Silvertown—yet it costs no more than other standard tires. When thousands are killed or injured every year in blow-out accidents don't you want this kind of protection?

C OF C URGES COOPERATION WITH LIONS

A number of matters were discussed at the meeting of the board of directors for the chamber of commerce at their regular meeting Monday night, said Secretary Spencer, among which were forming resolutions pledging cooperation of the body and asking cooperation of all Cisco citizenship in assisting local Lions to put on the convention in a manner befitting the well-known Cisco Hospitality.

The Chamber of Commerce pledged its hearty cooperation to the Lions following their letter of invitation already sent out to the 1,300 Lions in District 2-E.

The directors also pledged their endorsement of the Milk plant here located by the Western Produce company in its efforts to establish a market for milk products in this territory.

A report of the program of the Broadway of America at Colorado was made by Mr. Spencer, in which much publicity was sought for making travel by this route more favorable over the country.

The efforts of the highway department in making travel information of easier access to the public through the establishment of information offices in various cities along important highways wherein chambers of commerce may place information regarding the route through their cities was discussed and plans to use the opportunity for Cisco publicity were made.

A committee composed of Ed Huestis and Dick Lauderdale was appointed to plan for a clean up of vacant windows of the town, removal of out-of-door window cards and other advertising as a move to get ready for the Lions convention and for the centennial traffic which will be coming through Cisco soon.

Plans were also formulated for folder advertising for publicizing Cisco during the Centennial and Frontier show, for which a committee has already been appointed.

J. J. Collins presided at the meeting last night at which the following directors were present: B. A. Butler, P. E. Clark, C. P. Cole, J. J. Collins, Dr. Charles Hale, E. J. Poe, F. D. Wright and S. R. Wood.

To the business men and citizens of Cisco:
On June 16 and 17 the Cisco Lions club and Cisco will be hosts to the annual convention of District 2-E of Lions International. The Cisco Lions have made every possible effort to entertain the hundreds of visitors who will be here and who represent the best professional and business classes of the area and it is our belief that this will be one of the most important and beneficial gatherings Cisco has had the pleasure of entertaining. We are particularly anxious that the efforts of the Cisco Lions shall be rewarded with success and that Cisco shall gain the good will and the prestige a successful convention will mean.

To that end we urge that every Cisco citizen consider it his or her responsibility to assist the club in this program and that everyone stand ready to respond to any request for aid. Business men can assist by taking special pains to make their stores attractive, dress their show windows, and keep their store fronts brilliantly lighted.

A special effort should be made to have lawns and gardens well trimmed and clean because of the impression such an appearance will make. As your chamber of commerce, we are anxious that our civic pride be exemplified in the neat appearance of our homes.

We also urge that the condition of our streets and alleys be given the attention not only of the officials charged with the duties of their upkeep, but that of all our citizens, who can aid the authorities on our buildings and streets should be removed so that our guests will not be attracted by evidence of civic carelessness to the detriment of the good features of our community.

Lastly, we urge that the Cisco people as a whole take seriously to mind the responsibility for making a success of this convention and entertaining our visitors with true Cisco Hospitality during the course of this convention.

Cisco Chamber of Commerce,
R. L. PONSNER, Pres.
J. E. SPENCER, Sec.

PROCEEDINGS COURT OF CIVIL APPEALS

Procedure To Be Followed In Handling Veterans' Bonds

DALLAS, June 1 — (UP) — Full instructions regarding procedure to be followed in handling bonus bonds and in making payments to World War veterans for their bonds have been sent to Texas postmasters by the Postoffice Department in Washington.

The bonds will be sent to the veterans by registered mail, on June 15, and will be marked "Deliver to Address Only." Carriers have been instructed to use all possible precaution to obtain proper identification of the addressee, such as having someone in the neighborhood identify him. The recipient will have to sign a registry receipt.

Bonds are cashable on and after June 15. Only the veteran owning the bonds may present them for payment. He must sign an indorse-

ment on the back exactly as his name appears on the face of the bonds. The veteran will be required to furnish proper identification to the postoffice employee, who will then certify each bond by signing his name and title.

The postoffice employee will issue an interim receipt to the veteran, listing the serial number of each bond presented for payment. The postal employee will be held responsible for proper identification of the veteran presenting the bonds for payment. For use in exceptional cases, a space for fingerprints is provided on each bond.

In the event that a veteran has died or become incompetent, his survivors or family should write to the Division of Loans and Currency, Treasury Department, Washington, D. C., for information

as to how the bonds may be cashed.

Postmaster have made special arrangements to take the indorsements of veterans who are ill or who are so physically incapacitated as to be unable to go in person to the postoffice to turn in the bonds. Designated clerks will be sent to a veteran's home or to a hospital to receive his indorsement.

Checks in payment of the bonds will be drawn on the Treasury Department by designated postoffice employees and then will be mailed to the veterans.

The bonds will be mailed by the Treasury Department on June 15 from 12 postoffices, including Dallas, Boston, New York, Philadelphia, Cleveland, Atlanta, Chicago, St. Louis, Minneapolis, Kansas City, San Francisco and Washington.

ment of 81st District Court case of Cecil T. Williams vs. Casualty company was reversed and the litigation dismissed by the Eleventh Court of Appeals at Eastland.

The opinion was written by O. C. Funderburk, who said: "Therefore of the opinion of the court be dismissed, that for that reason judgment from which the appeal is prosecuted should be reversed and judgment here rendered be affirmed, and it is so ordered."

Williams sued the casualty company insurance carrier for the amount of \$10,000.00. The Petroleum company, alleged total disabilities assertedly in lifting sacks of carbon black in 1933. The trial jury found Williams received injuries but sustained 10 per cent total disabilities.

Williams had alleged he sustained injuries when he assisted in lifting carbon black into a railroad car. He said he developed colitis and other ailments.

Proceedings of the appeal court Friday were:

ADDIE FEE IS BRIDE OF TYLER MAN

Addie Fee, daughter of Mr. George D. Fee, 700 West street, was given in marriage to Tyler Man, 8:30 o'clock, to W. Ketchum of Tyler.

A lovely ceremony was performed before an improvised altar of lilies and roses by Rev. J. C. Curry, presiding elder of the Methodist church, in the First Presbyterian church, Cisco.

Mrs. Mary Elizabeth Cllett and Addie Fee Spears lighted tall white candles glowing radiantly in crystal chandeliers.

To the strains of the wedding march played by Mrs. S. E. Hittson, the maid of honor, Miss Mary Fee, slowly down the aisle and took her place near the altar. She was wearing a Mousseline de Soie of palest pink and carried a bouquet of larkspur and sweet peas. Mrs. Frank Fee and Mrs. P. Fee were matrons of honor and were lovely in gowns of blue and green. Mousseline de Soie. Their bouquets were the same as the maid of honor. Frank Fee and George Fee, were ushers. Mr. Johnson of Fort Worth was best man. Mrs. H. V. House sang the occasion.

The bride was handsomely gowned in ivory chantilly lace with train and a white veil. She carried a gorgeous bouquet of white lilies and roses. She proceeded to the altar on the arm of her father.

Immediately after the ceremony a reception was held at the family home where Mrs. George D. Fee, mother of the bride, presided. A gown of pale blue chiffon and a shoulder bouquet of roses. She cut the wedding cake which was served with punch in the room of the spacious Sixth street home.

Johnson of Fort Worth presided at the reception table, assisted by Mesdames W. W. Moore and Cllett. They were also assisted by Mesdames Mary Elizabeth Cllett,

Betty Fee Spears, Kathryn Pettit and Catherine Cunningham. Other members of the house party were: Mesdames Alex Spears, J. E. Spears, T. J. Dean, C. H. Fee, Wrightman of Houston, Misses Ester Hale and Mary Jane Butts, Mesdames R. F. Gilman, C. H. Fee, B. S. Huey and Homer McDonald assisted in decorating the church.

Out of town guests were: Mr. and Mrs. Floyd Johnson of Fort Worth, Mrs. Johnson's mother and son; Mr. and Mrs. Wrightman of Houston, Brannin Crow of Weatherford; Mr. and Mrs. Herrington of

Eastland; Mr. and Mrs. Frank Fee and baby of Overton; Mrs. George Slaughter and son, J. J. of Vernon.

The couple left soon after the ceremony for a two weeks honeymoon in Old Mexico, to return and make their home in Tyler, Mrs. Ketchum was dressed in old rose knitted suit with light beige accessories, for her going-away costume.

Hotpoint

ELECTRIC RANGE

● Here is the logical answer to kitchen cleanliness. It is the new Hotpoint Electric Range which creates no "combustion dirt." The range is as clean as the dishes. The bottoms of pots and pans stay bright and shiny. The stove does too. There is no deposit of soot and grime—no oily film is formed—and if food is spilled while you are cooking, it can be wiped away immediately, for the enamel work surface never gets so hot as to be uncomfortable. Walls and curtains stay cleaner, too.

Come in and let us tell you the whole wonderful story about the cleanliness, economy and simplicity of these new Hotpoint Electric Ranges. Let us show you the amazing "Chef's Brain" which gives you an automatic oven that needs no watching. Learn how you can cook an entire meal while you are downtown shopping. Come in today.

HOTPOINT CALROD

What Mazda means to light, Calrod means to cookery. Calrod is the name given to Hotpoint's hi-speed sealed-in-metal cooking coil which has revolutionized electric cookery. It brings new speed, new cleanliness and new economy to the kitchen.

THRIFT COOKER

Economical. Uses only about as much current as the kitchen light. Cooks an entire meal of meat, vegetables, dessert—or bakes small quantities, like a few potatoes, without need for heating up the oven.

FEATURES

Hotpoint Calrod, hi-speed, clean-heat coils . . . "Chef's Brain" (automatic timer clock) . . . Thrift Cooker . . . new type oven temperature control . . . fully insulated oven . . . table-top model . . . all porcelain enamel . . . trimmed with chromium.

Why Gulf makes a new Gas for June

JUNE—MONTH OF BRIDES... and the month when summer officially starts. Gulf is on the job with a new summer gas—because unless your gasoline is "Kept in Step with the Calendar" it can't give you the best mileage... part of it blows out of your exhaust unburned, wasted. Every gallon of that Good Gulf you buy in June is specially refined for summer driving—so that all of it goes to work, none of it goes to waste. Try a tankful!

'VIC' B. GILBERT AIDS CISCO IN TIME OF NEED

VICTOR B. GILBERT
Announces for State Senate

A FRIEND IN NEED

A test of ability is the manner in which one is able to meet an emergency and overcome its threat. Let us forget and that we may evaluate the services of a public servant, we desire to call attention to a matter of much importance to Cisco and its citizens. In 1936 the city was in default of its bonds and interest. There was a statute providing for the appointment of a receiver for municipalities in default of payment of bonds and interest. The receiver was given power to levy taxes up to the limit of \$2.50 per hundred dollars valuation for all property within such city, and authorized to levy and collect the difference between what the governing body had levied for the past ten years and the constitutional limit of \$2.50 per hundred dollars valuation. The enforcement of this law would have ruined many Texas cities. In the case of the Bond Holders vs. The City of Cisco, in the Federal Court at Abilene judgment was rendered against the city and was appealed to the Circuit Court of Appeals at New Orleans. The case had been set for hearing in March, 1931. As we approached the date of hearing the attorneys for the city came to the conclusion that the only avenue of escape was the repeal of the law providing for a receiver, at that time we were only one week from the time set for trial in New Orleans. The matter was laid before Judge Victor B. Gilbert, one of our representatives in the legislature and Senator Oliver Cunningham, our senator, they agreed to try to pass a repeal of the receivership law and succeeded in passing and getting it to the governor just in time if promptly signed and certified by the secretary of state. The governor was not inclined to sign it immediately but through the influence of Judge Victor B. Gilbert he was induced to sign the bill about 9:00 o'clock p. m., just in time for the city's attorneys to get the bill certified and catch the train and arrive in New Orleans just before the case was called for trial. Judge Gilbert's influence and his energy and loyalty to his people is entitled to full credit for averting this disaster to the people of Cisco, as well as many other municipalities. Let's put our shoulder to the wheel and elect him to the Senate in appreciation of the faithful discharge of a public trust, and thus extend his field of usefulness and an opportunity to use his splendid ability and large influence in ser-

vice to this district of twelve counties.

OVERPASS WORK D MAKE LABOR MORTGAGE HERE

ating of the contract for the pass on East Eighth street, reed for June 10, will probably a shortage of labor on pro- in Cisco, according to R. S. in charge of work on the treating plant now in pro- of construction at Lake Cisco may necessitate importation of from other sections to carry with contracts now in action on projects.

S. Glenn in charge of work at the Lake reports that drain pipe has been brought in from Abilene and will be laid Monday, pre- sary to building the forms for concrete work, which will be this week.

The house for the cement is about and this material will be inside for protection while used. Much rock has already crushed and the work of making the forms should make way rapidly as Mr. Glenn re- ports that more than fifty men will be employed next week.

However, since the highway over- over the Katy on Eighth street reported to be let about June 10, expects some shortage of labor may delay work on his project at Lake Cisco.

Man's Friends Glad He Told Them About BLACK-DRAUGHT

Writing from Texarkana, Texas, Mr. W. T. Bentley, of that city, says: "I have been using Black-Draught for fully forty years. I keep it on hand. I first knew of Black-Draught when I was a boy, living in a store. I saw people taking it and thought it must be a simple remedy—one that would have any after-effects. I do not know of anything better for a dull, tired, listless feeling. I have recommended Black-Draught to many friends and neighbors. I know they have been glad to use it, for they have said so."

Brownwood Regatta Held June 20-21

BROWNWOOD, June 1—Visitors to Brownwood's Second Annual Regatta and Speed Boat Races, June 20 and 21, will find greatly improved facilities for handling the large crowds that attend the event.

Native stone repair shops, concession house, dance pavilion and picnic structures have been constructed along the shore during the winter months by WPA labor. The parking grounds have been enlarged and cleared of underbrush, paved roads built throughout the park, and a water supply system has been installed. Numerous improvements will make it easier for spectators to witness the races and water events from more comfortable surroundings.

The races this year are attracting greater attention from speed boat races throughout the southwest, and it is expected that the largest field to enter a summer boat race meet this year in Texas will be on hand Sunday afternoon, June 21, for the National Outboard Association race program. These events start promptly at 2 p. m. Sunday, with five races of two heats each. More than \$700 in cash prizes will be awarded to the winners. Forty entries already have been assured.

The two-day program will get underway Saturday morning, with bait and fly casting tournament under the auspices of the Izaak Walton League. Prizes totaling \$30 are offered in these events.

Saturday afternoon local boat races will be held and a number of novelty races, designed to interest and thrill the spectator, have been arranged. Aquaplane riding and other water sports also have been scheduled for Saturday afternoon.

Regatta officials are expecting record-breaking crowds at Lake Brownwood for the two-day Regatta, which offers unique entertainment for residents of arid West Texas. Lake Brownwood, a 7800-acre body of water, is one of the largest inland lakes in the state, and racing officials state its protected waters offer an ideal course for speed boat races. More than 10,444 people attended the 1935 races last summer, and preparations are being made to entertain larger crowds this year.

CISCO OFFICE SHOWS POSTAL MAY INCREASE

L. H. McCrea, local postmaster, reports an increase of \$77.23 or a little over 4 per cent increase for May of this year over that of last year of the P. O. receipts for the corresponding month.

The receipts for May, 1936, \$1954.90, while those for May 1935 were \$1,876.62. This increase is supposed to be an index to the general increase of business activity locally, it is said. Postoffice receipts usually reflect the financial health of the community.

Dress Contest Is Fixed For June 10

Miss Ruth Ramey, county home demonstration agent, announced Thursday the annual home demonstration dress contest will be held at Eastland, Wednesday, June 10.

Mrs. Dora R. Barnes, clothing specialist of the extension service, of College Station, will judge and be assisted by Miss Ellen Effens, home demonstration agent of Erath county.

Entries are prospective from 16 demonstrators and 310 cooperators of the county.

Women will model the dress of their creation.

Rural Beauty Event For District, June

Judging in the district Centennial Farm and Home beautification contest will be made in June. Miss Ruth Ramey, county home demonstration agent, announced Thursday.

Judging will be done by Miss Kate Adelle Hill of College Station, District 6, Home Demonstration Agent, and E. C. Martin, district agent of No. 6.

Eastland county is in District 7 of the extension service, but the contest, sponsored by the Semi-Weekly Farm News and Dallas News and the extension service, was inaugurated when Miss Hill was stationed in this sector.

First place winner in the district

Retail Sales In Southwest Increased 13 Per Cent In Dollar Volume in April

WASHINGTON, June 1 — (U.P.) — Retail sales in the Gulf Southwest increased 13 per cent in dollar volume during April, 1936, as compared with April, 1935, preliminary estimates reveal in a report compiled by the Bureau of Foreign and Domestic Commerce, in co-operation with the Bureau of Business Research of the University of Texas.

The estimate was based on reports by 913 independent stores in Texas, Oklahoma and New Mexico. The report covered the larger independent stores, with the exception of department stores, representing 21 kinds of business, nine of which due to an insufficient number of reports, were included in miscellaneous or group totals.

Greatest increase was shown for New Mexico, where sales reported for 55 stores were 17 per cent higher than for the same month a year ago. The sales of 644 Texas merchants showed an increase of 13 per cent and 214 merchants in Oklahoma recorded a gain of approximately 11 per cent.

All of the kinds of business represented, except food stores which recorded a decline of approximately 2 per cent, registered gains from last year. The greatest increase was shown by lumber and building material dealers, with 56 per cent increase. The furniture and household appliances group recorded a 32 per cent increase in sales over April a year ago. A similar gain was shown for furniture stores.

TOWN REFLECTS MODESTY
MODESTO, Cal. — (U.P.) — Federal research workers have just established that this city owes its name to the modesty of William C. Balston of the Bank of California. Residents wanted to name the town "Balston" in honor of him but as he modestly refused they compromised on Modesto.

FILE URGED FOR BREAKFAST
PASADENA, Cal. — (U.P.) — Bill Keller celebrated his 91st birthday by making the customary contribution to the science of longevity. It is blueberry pie for breakfast. He says he has had one every morning for the past 25 years.

HARRISBURG, Pa. — (U.P.) — It doesn't sound right but 227 automobiles crashed into the sides of railroad trains at grade crossings in 1935 in Pennsylvania, according to Public Service Commission reports. Six persons were killed and nearly 100 injured in these accidents.

Fisher Says Tax Natural Resources

TYLER, May 30—F. W. Fisher of Tyler who is running for governor of Texas on the platform of paying old age pensions in full, is spreading his philosophy of taxing natural resources from one end of the state to the other.

"A new source of revenue means a new deal for Texas," he says. He thinks prosperity can be returned through taxing the tax off of land and putting it on oil, gas, sulphur, etc. This new source of revenue would provide means of helping schools, highways, the agricultural interests and the Texas consumers of gasoline who are now having to pay a tax of 4 cents a gallon.

Fisher, an oil attorney who gained fame as a constitutional lawyer in the legal squabbles over the east Texas oil field, dealt the first death blow to NIRA when the United States supreme court upheld its contention against section 9 (c) of the oil provision of the NIRA.

Fisher spent his boyhood riding bronchos in southwestern Oklahoma, and later studied law on the farm. He is a mason, a Methodist and a member of the American Legion.

LITTLE CORNER RESTAURANT TO BE REMOVED

"Aye, tear her tattered ensign down, long has it been unfurled," with apologies to Oliver Wendell Holmes, but those immortal lines occurred when the announcement was made by W. H. and Charles Mayhew regarding the removal of the little brick restaurant building at the corner of E at Eighth street, which has been a landmark since 1919.

This little building has been a popular eating place of some sort every since it was built. It has been occupied every day and night of its existence, never having been vacant until its occupant removed to the other side of the street, recently.

It will now be removed, said the Mayhew men, and perhaps give place to a modern service station at a near date unless present plans are changed. It would make a fine parking place, they said, but on account of the highway rerouting for that street, the demand for a service station location may overthrow other ideas.

There is perhaps no property in Cisco that has paid the dividends that this property has paid, considering the investment.

McDonald Charges 'Silver Platter'

SAN MARCOS, May 30— "The office of State Land Commissioner belongs to the people and I object to any efforts toward a self-perpetuating dynasty whereby the present commissioner, retiring after being in office since 1899, seeks to hand the position on a silver platter to a deputy who has been on the public payroll since 1903," said W. H. (Bill) McDonald of Eastland county Saturday here in the first speech in his race for State Land Commissioner.

He charged that his opponent has entered the campaign without resigning from "a fat appointive position."

"My opponent should resign at once or withdraw from the race," McDonald declared. "He should not expect the people of Texas to pay for his campaign."

The speaker vigorously criticized the recent proposal of the State Land Commissioner to use convicts to drill for oil on thousands of acres of state land.

"There are hundreds of oil field workers who are having a difficult time making a living and, if there is any drilling to be done, it should be given to these industrious, law-abiding citizens. The workers of Texas are going to resent this effort to drive tax-paying citizens out of employment and I am receiving assurances of support from labor in all parts of the state."

Pointing out that he is 36, a World War veteran and an attorney, McDonald declared he was old enough to be experienced but young enough to be energetic, "and I pledge a business administration that will be fair to the interests of all and yet will add thousands of dollars a day to the fund belonging to the school children of Texas."

County Federation Meet With Gorman

Mrs. N. A. Brown, president of the Eastland County Federation, presided Saturday when the association met at the First Presbyterian church of Gorman.

Following the minutes, read by Mrs. Louis Pitcock of Ranger, the roll called showed the clubs present, DeLeon, Ranger, Cisco, Desdemona, Eastland and Gorman, and representatives of several rural clubs, including Bass Lake, the co-business club, with the Excelsior club of Gorman, that had its representatives present.

The scholarship and loan fund report, showed \$177.70 on hand, and \$80.00 loaned to students.

The recently appointed assistant Home Demonstration Agent, Miss Stewart, told of work of the girls clubs, and announced the Eastland County Enactment on June 19-20, Eastland City park, for boys and girls clubs. Several other reports were made. About sixty club women were present for the meeting. Mrs. Brown and Mrs. Clarence Moon were Cisco representatives.

Texas Horned Toad Makes Much Copy

ALLIS, June 1—The horned toad's first claim came half a decade ago when one was found alive in the cornerstone of the Eastland county courthouse, alive and well after being buried forty years in a cement block. "Old Rip" was nationally prominent for weeks.

His second national notice will come at the Texas Centennial Exposition which opens here on June 6 and continues through November. Horned toads of every size, variety and description will be included in a large exhibit. Besides that, the exposition has sent out thousands of the toads to editors, mayors and other dignitaries all over this country, Alaska, Hawaii, the Philippines and Cuba.

For years these little "varmints" have scurried over the rocks and sands of south and west Texas. Regular inhabitants took them for granted. Visitors glanced at them curiously. And that was about all. The horned toad was the forgotten fellow.

That's all over. He will be stared at and examined by millions of visitors to the Dallas exposition. And those visitors will be told that despite his broad head and body, his thick horned skin, the toad is quite harmless. He eats flies and he will clean out an ant hill in short order. Plant lice are a favorite part of his diet. He needs a little water—let it drip in a sink—and he's a harmless member of the lizard family. And he positively won't give warts to small boys.

Reich Club Meets Friday Afternoon

The Reich Home Demonstration Club met in a called session at the school house Friday, May 29.

There were eight members present and one new member enrolled. Mrs. Stella Grace Ballard, Miss Ramey, gave instructions on the clothing contest to be held at Eastland, June 10. The club will sell home-made ice cream and cold drinks at the school closing, June 5. The proceeds will be used to send a delegate to the short course.
