

RECORD BREAKING SALES INDEX OF NATION-WIDE IMPROVEMENT

Record-breaking sales of motor trucks during the first six months of 1936 are declared by W. E. Fish, manager of the Chevrolet Motor Company's commercial car department, to be an index of higher levels in business, industry, and agriculture throughout the country.

"Chevrolet's first six months' business in trucks," said Mr. Fish, "set a record of sales that exceed any previous first half in the history of the company, with a total of 112,294 new units delivered, as compared with the previous record of 102,321, which has stood since 1929. The increase over the corresponding period of last year is 26.991."

"Actually the pick up in truck sales began late in 1935, and beginning with November every one of the last eight months has exceeded Chevrolet's best previous sales record for the corresponding month in all previous years."

"Every one of the nine regional territories in which Chevrolet has divided its national sales organization has shared in the upturn indicated by the new record of first half sales. The Eastern region, including many large cities and industrial districts, led with a 62.9 per cent gain, followed closely by the Southwest and the Pacific coast region, which gained 53.3 and 57.7 per cent respectively. In the mid-west region, a 53 per cent increase was made. The Flint region, covering the northern central states and industrial cities as Cleveland and Detroit gained 46.1 per cent, and the Atlantic coast region, which includes New York City and Philadelphia, 45.3 per cent. In none of the nine regions was the gain less than 37.2 per cent."

"Chevrolet sales of trucks in June were 20,506, or only 250 below the total for May, indicating that there is to be no sudden falling off of business in summer months. Incidentally, I believe that the payment of the soldiers' bonus was as beneficial to the truck business as to the passenger car business, and that many ex-service men are putting their bonus money into trucks as a profit-making investment. The bonus payment also has undoubtedly contributed to the large sales of used trucks, of which Chevrolet dealers sold 24,873 in June."

"However, used truck sales have been showing a big boom all during the year, Chevrolet dealers having reported a total of 118,310 deliveries of used trucks to the end of June."

These heavy sales have enabled the Chevrolet dealers to reduce their stock of used trucks by 8,358 units in the last two months.

"Based on the latest available registration statistics for commercial cars, there has been an increase of 52,856 trucks in the Chevrolet weight class as compared with last year, of which 27,799 are Chevrolet units. These figures represent a gain of 41.7 per cent for Chevrolet as compared with slightly more than 20 per cent for the remainder of the industry manufacturing trucks in this classification."

Absentee Voting Increases to 61

Saturday afternoon and Monday morning's delivery of absentee ballots brought the county clerk's list to 62.

Additional names on the absentee voters' list were:

Flaming Waters, federal housing administration clerk, Cisco; W. S. Pae, dentist, Eastland; O. P. Chastain, lawyer, Eastland; John J. Fox, service station attendant, Eastland; Edith Wood, bookkeeper, Eastland; Mrs. John Fox, housewife, Eastland; Mrs. Will M. Wood, housewife, Eastland; Will M. Wood, compensation officer, Eastland; R. E. Boucher, salesman, Gorman; Mrs. R. E. Boucher, postmaster, Gorman; E. H. Jones, Gorman; Mrs. E. H. Jones, housewife, Gorman; Mrs. E. Daniel, housewife, Gorman; Helen Danley, bookkeeper, Gorman; Glenn Murray, student, Gorman; Mrs. Nettie Berry, Carbon; Charlie Currett, teacher, Carbon; R. E. Eiken, federal housing executive assistant, Eastland; Claude Harris, tool dresser, Rising Star; E. D. Coe, chief clerk Magnolia Petroleum Co., Glenn; B. H. Pettit, teacher, Olden; Mrs. Mittle Pettit, teacher, Ranger; J. P. Jones, farmer, Gorman; Mrs. Fred K. Davis, housewife, Eastland; Mrs. M. L. Kendall, housewife, Eastland; George W. Power, carpenter, Eastland; Mrs. B. A. Yarbrough, housewife, Gorman.

Drouth Area Covers Oklahoma, Colorado

WASHINGTON, D. C., July 15. (AP)—The agriculture department drouth map spread to include 409 counties in 13 states; seven counties in Colorado and 17 in Oklahoma were added today to the areas where Federal relief is needed.

MONTROSE, Colo.—(AP)—A small dog arrived at the local post office recently unaware that he was violating the law. It is against the law to ship dogs or other animals by parcel post. This dog, however, was mailed at a small post office where the rule was not known.

Curtis Lightfoot Buried at Gorman

ABILENE, July 15.—Funeral for Curtis Lightfoot, 29, son of Dr. A. Lightfoot, will be held this afternoon at 3 o'clock at Gorman, burial following in a Gorman cemetery. Mr. Lightfoot, ill for the past two years, died Tuesday morning at the home of his father, 1629 North First street. The body will be carried to Gorman in an Elliott funeral coach.

Born in Rucker, Texas, on Feb. 5, 1907, Mr. Lightfoot moved with his parents to Abilene as a small boy. He was educated in the public schools here, later moving to Los Angeles, where he was employed in a fire factory until his illness.

Survivors include his father and step-mother, two sisters, Mrs. W. J. Moylan, Jr., of Fort Worth; and Mrs. Cora Stevens of Dallas; two brothers, Ray Lightfoot of Los Angeles and Preston C. Lightfoot of Sonora and an aunt Mrs. J. T. Jobe of Abilene.

Will Begin Edison Fund Drive Friday

A committee was appointed by the Junior Chamber of Commerce in a meeting Monday evening to make a drive of the city in an effort to obtain funds for the Edison Memorial cause.

The committee of H. L. Dyer, chairman, Truett LaRoque, Frank Langston, James Harvey and Peter Nance will each head a group following a division of the personnel of the Jaycees into four groups. The entire city will be covered by these groups of men and a goal of \$500 in cash is being sought.

The drive will be made Friday and the cooperation of the city is asked for, it was announced today by chairman Dyer, who explained that the fund was for the purpose of building an endowment to make it possible to sponsor at least 100 college students a year and to hire a center of research.

COUNTRY CLUB SETS CHARGES GOLF COURSE

At a meeting of the members of the Cisco Country club at the Cisco Chamber of Commerce Tuesday evening, it was voted to allow residents of Cisco not belonging to the country club and out-of-town residents to play golf on the Cisco Country club course by paying a green fee of 25 cents for nine holes during week days. Said J. E. Caffrey, president, Saturday, Sunday and holidays a charge of 45 cents will be made for playing on the course regardless of the number of holes played, he continued.

The grass greens have just recently been installed and the greens are in nice shape and the course in general has been put into good condition by Mr. Watts, the ground keeper, who has had several years experience with grass greens, having been employed at the country club at Abilene.

Messrs. E. L. Smith, B. R. Forman and W. C. McDaniell were appointed by the president, Mr. J. E. Caffrey, as a publicity committee.

Messrs. Horace Conley and J. L. Thornton were appointed as a committee to contact the Eastland Golf Association in regard to staging a joint 3-day tournament around the First of September and tournament to be held on the course of the Cisco Country club.

TEXAS EXPECTS LESS ACREAGE; LESS YIELDS

AUSTIN, July 15. (AP)—Reduced acreage in crops other than cotton and reduced yields in most crops other than wheat and potatoes are expected in Texas this year, federal statisticians reported today.

Corn, oats, potato and sweet potato acreages were somewhat less than last year; wheat acreage is much above 1935.

The first three weeks in June were extremely unfavorable for growing crops and the third week's heat damaged crops over the entire state. Late June and early July rains improved the outlook.

Cotton acreage of 12,280,000 is a 12 per cent increase over the acreage July 1, 1935, but is only a little more than three-fourths of the five year average of 16,049,000 acres.

WOMEN IMBIBERS PRAISED
SAN FRANCISCO.—(AP)—Despite the fact that women are credited with having pre-empted the cocktail bar, one city health official says women either are drinking less or holding their liquor better than men. His conclusion is based on emergency hospital statistics.

DOG TESTS HUMANE SIGN
COLUSA, Cal.—(AP)—The Colusa Humane Society is convinced dogs are smart. A small cocker spaniel, evidently in need of a house and master, curled up at the base of the society's sign. It remained there two days until its case was investigated and a home found.

33-POUND TURTLE CAUGHT
FREMONT, O.—(AP)—A 33-pound turtle one of the largest ever caught in northwestern Ohio was lifted from the Sandusky River by William Schmidt and two others.

DAMAGE TO PROPERTY IS IN MILLIONS

CHICAGO, July 15. (AP)—Chilled air from the Hudson Bay area and scattered showers brought temporary relief from the heat wave in the Great Lakes region today, but the prairie states suffered again under a blazing sun.

Deaths attributed to the heat mounted to more than 3,000 with property damage past the 500,000,000 dollar mark.

Showers over Wisconsin, northern Iowa and Missouri "didn't do much good except in local areas" the Chicago weather bureau reported.

"The heat wave and drought are not definitely broken."

The weather bureau reported that cool air from a Hudson Bay high pressure area overspread the Great Lakes region and was moving south to the Ohio valley. The same high pressure area brought cooler weather to New York, New England and Pennsylvania.

The bureau of agricultural economics at Chicago reported a sensational advance in feed prices as a result of the drouth.

Crop Board Reports Less Grain in 1936

WASHINGTON, D. C., July 15. (AP)—The crop reporting board of the agriculture department today estimated that supplies of feed and grains for animals, particularly hay, are lighter this year than in any recent season except 1934.

FLIER SHOOT 4 COYOTES
RENO, (AP)—Aviation may yet prove the solution of the ever growing menace of coyotes. W. G. McGinty brought down four of them in the first airplane shooting test here.

**ENJOY
KITCHEN COMFORT**
Despite Summer Heat

The insulated oven on a modern gas range with its automatic heat control makes possible a cooler kitchen. Heat is kept inside the oven—where it belongs—to do more cooking on the same amount of gas. Automatic heat control does away with peeking into a hot oven to check progress of baking or roasting. Just set the dial, and without watching, your food will be cooked to a queen's taste. For kitchen comfort go modern with a new insulated gas range. Terms are low enough for any family to afford.

WHAT A COOL KITCHEN!

This seal on the gas appliance you buy signifies that it has been tested in the laboratories of the American Gas Association and found to meet definite standards of safety, quality and efficiency.

\$73,321.79 For 306 Loans Made in County of Eastland

FORT WORTH, July 16—Latest figures reveal that 306 loans amounting to \$73,321.79 have been made in Eastland county under the Modernization Credit Plan or Title I of the National Housing Act...

The Northwest District of Texas with headquarters in Fort Worth comprises 113 counties...

Loans are made by banks and other financial institutions approved by the Federal Housing Administration...

The impetus gained as a result of this emergency measure is being increased and carried forward by in... creased home - building activity...

System or Title II of the Federal Housing Administration. New residential building started during the first six months of 1936 is double that of the first six months of 1935...

This revival of home-construction has resulted in the rapid employment of building - trades to such an extent that in many areas there are today no idle skilled craftsmen available...

The widespread effect of the National Housing Act may be judged from the fact that loans have been made in all except four counties in this district...

"Information on the FHA plan of financing repairs, alterations and modernization of homes as well as for the construction of new homes may be had at any lumber yard, building material dealer, approved lending agency or by writing direct to the Federal Housing Administration office in Fort Worth, Tex."

FLOYD COOPER CISCO CAFE OWNER DIES

Funeral services were held at 10 o'clock Wednesday at Oakwood cemetery for Floyd Cooper, Sr., 63, who died sometime after midnight at the home of his daughter, Mrs. D. M. Carr, 1103 West Ninth street.

Dr. David F. Tyndall and Rev. C. S. Moaid of the First Christian church and the Church of God, officiated.

Green Funeral Home had charge. Mr. Cooper was one of Cisco's oldest settlers. He had been troubled with his heart and this was given as the cause of his death.

Mr. Cooper had assisted in the reopening of the Cooper cafe on main street yesterday and had retired about 9 o'clock last night as jolly and well as usual.

Survivors are four children, Robert Cooper, Sweetwater; Hayden and Floyd Cooper, Jr., and Mrs. D. M. Carr, Cisco; two brothers, Albert Cooper of Cisco, George Cooper, Abilene; one sister, Mrs. Jess Rowe of Slaton.

MANY VISIT FROM OTHER TOWNS TODAY

Governor James V. Alfred was honored as Texas' Centennial chief executive at a luncheon on the roof garden of the Laguna Hotel Tuesday noon.

The governor came to Cisco from Baird, where he made a campaign talk during the morning. He was to speak again in Ranger this afternoon and will make another campaign talk in Eastland tonight.

To be governor in this Centennial year is a privilege second only to the honor of having been an actor in the great drama of 100 years ago.

Governor Alfred's speech was non-political, though he has just started on the second week's active campaign for reelection.

UNDER THE DOME AT AUSTIN

By GORDON K. SHEARER
United Press Staff Correspondent
AUSTIN, July 16. (AP)—Attorney General William McCraw, being unopposed in the Democratic Primary...

is receiving numerous suggestions. Among the suggested changes are: No political advertising in a religious or fraternal paper or magazine. No publication to accept a political advertisement unless the candidate or his campaign manager says that he reads it. No limit on campaign expenditures...

Corporations and candidates are the only persons prohibited from contributing to campaign funds under existing laws. A corporation can not lawfully contribute to any candidate. One candidate cannot contribute to another. State employees are the only ones prohibited from lecturing. The latter provision is readily avoided. The employee takes a leave of absence without pay during the period in which he wishes to campaign.

Regulations of employee's political activity in the departmental appropriation act. The act says no department shall use any of the money provided in the appropriation directly or indirectly to influence the result of an election. No part of it may be used for messages or circulars. No stenographer or other employee whose salary is paid by the state may be used to send out propaganda.

No department employee may take part in any political campaign in relation to matters affecting the department in which the employee works, nor any campaign for election or re-election of the department head. The legislators attempted to say a state employee could not go outside his home county to electioneer for any candidate. The act was clumsily worded and says the employee cannot go outside his home county to campaign for any candidate other than the head of his department. This created the queer situation of authorizing a

state employee to campaign away from home for the head of his department though he was prohibited in a preceding paragraph from campaigning at home.

If the courts ever decide what the legislature really prohibited, a violating employee will have a hard road to travel. Any ten or more qualified voters in a county where a violation is charged may bring suit for removal of the employee. An employee found to have violated the law must be fired and cannot be re-employed by the department for a year.

Second campaign expense accounts will be due July 31-17. The law on this feature of campaigns is so poor that Attorney General William McCraw will not discuss it. Anyone with common sense knows it is impossible to follow, he said. Few candidates complied with it literally when first accounts were due. One whose accounts was more than a week late reaching the secretary of state explained that a lawyer had advised him to file it with the county clerk. Another mailed his report to Secretary Vann M. Kennedy of the State Democratic Executive Committee.

The oil operator who makes an affidavit to the state railroad commission should be sure the statement is correct. The "SW" system will check up on him. The "SW" system is the group of tender reports required from various sources. There is an SW1, SW2, SW3, SW4, SW5 and SW6. Each is required from a different source and each can be used to check on the others. SW1 is the lease operator's statement. SW2 is required from the pipeline or other gatherer. SW3 is required from the pipeline, storer, or other handler of crude oil. SW4 is a products tender for trucks. SW5 reports the monthly operations and stocks. The origin of the term SW is obscure. Similar reports in East Texas used to be designated EN reports. Glen Culbertson, director of the oil accounting activities, said he presumed the SW meant state-wide, as the reports are now required from all parts of the state.

Records of the State Land Office comprise 750,000 files. There are more than 1,000,000 letters which must be preserved to keep the records straight. The office opened July 20, 1837, so will not celebrate its centennial next year. When it opened there were a few title records, all in Spanish. Big activity of the office began in 1913 when the first rental and oil royalty act took effect. In the first half-year it resulted in payments to the land office of \$7,398. For the past 20 months, the payments were more than \$5,000,000. The money is a trust fund for support of public schools and the University of Texas. Its ultimate value is estimated at \$500,000,000.

JAYCEES NAME COMMITTEES TO SPONSOR CISCO TRADES DAYS

TEACHERS OF TWO COUNTIES HERE TUESDAY

More than one hundred teachers from emergency department of education of district 13 were in attendance at a session for Eastland and Callahan counties Tuesday at the Cisco high school for the purpose of discussing the new educational program effective July 14. The discussions were in charge of Nelan Schultz, supervisor for district 13. The first of the gatherings were held Saturday afternoon, 2 p. m. by teachers of Taylor and Jones counties at Abilene high school. Fisher, Scurry, Nelan, Mitchell and Coke county instructors met at Sweetwater Monday at 2 p. m. and the last of the meetings is being held at Cisco today for Callahan and Eastland county teachers.

Candidates Second Campaign Report

Sixteen candidates Tuesday had filed their second campaign expense account with County Clerk T. M. Collier. The reports brought the candidates' total expenses as follows: J. W. Noble, candidate for sheriff, \$264.50. R. L. Davenport, candidate for county clerk, \$223.85. Arthur Bennett, candidate for commissioner of Precinct No. 2, \$133.50. S. A. Lander, candidate for public weigher of Precinct No. 2, \$5. Grady Owens, candidate for criminal district attorney, \$312.60. Joe Clements, candidate for commissioner of Precinct No. 4, \$58.40. Wilbourne B. Collier, candidate for state senator of the 24th district, \$564.87. E. L. Gray, candidate for constable of Precinct No. 7, \$4.50 since last report. A. N. Shearley, candidate for commissioner of Precinct No. 3, \$8 since last report. Charlie Wendt, candidate for commissioner of Precinct No. 4, \$1 since last report. H. V. Davenport, candidate for commissioner of Precinct No. 1, \$135.10. Arch Blint, candidate for commissioner of Precinct No. 4, \$95.70. R. O. Jacobs, candidate for commissioner of Precinct No. 3, \$32.45. Newt C. Crawley, candidate for commissioner of Precinct No. 2, \$96.75. T. M. Collier, candidate for county clerk, \$290.20. W. D. R. Owen, candidate for county judge, \$282.61. July 17 is the final date to file the second campaign expense report.

McDonald's opposition to the state using convict drilling crews (which his opponent favors) when there are many citizens out of work has won him widespread support, his friends say, among all ranks of workers. His pledge to add \$50,000 a year in the State public school fund by increasing the royalty from the Sabine river bed oil wells (which the contract provides can be done) is winning him the approval of school teachers, parents and citizens generally. McDonald is fighting against his opponent's proposal to put the state into the oil-hunting business which would lose millions of dollars and make it more difficult to pay adequate old age pensions—and this stand appeals to the thousands of elderly citizens and their relatives and friends.

More Candidates Report Expenses

The following additional second campaign expense reports had been made by candidates Wednesday to County Clerk T. M. Collier: W. D. R. Owen, candidate for county judge, \$282.61 total. A. L. (Lee) Barton, candidate for constable of Precinct No. 6, \$20.55 total. Clyde L. Garrett, candidate for congress from the seventeenth district, \$1,147.23 total. Ed T. Cox, candidate for representative from the 106th district, \$123.95 total. Tom J. Nabors, candidate for justice of the peace of Precinct No. 6, \$2.63 total. Bariland Branton, candidate for public weigher of Precinct No. 7, \$32.85 total. Cecil A. Lotief, candidate for the legislature from the 107th district, \$172.69 total. Clyde S. Karkalits, candidate for tax assessor-collector, \$397.32 total. C. H. (Harl) O'Brien, candidate for tax assessor and collector, \$409.55 total. A. D. Carroll, candidate for sheriff, \$210.10 total.

Bill McDonald Gets Labor Endorsement

HOUSTON, July 16.—The endorsement given to William H. McDonald of Eastland by organized labor in Harris county assures him of carrying the heaviest-voting county of the state by a large majority, friends of the candidate for State Land Commissioner declare. There are more than 25,000 members of organized labor in this county. "In arriving at our recommendations, we considered past records and proposals for the future made

The Junior Chamber of Commerce at its meeting Tuesday night decided to sponsor the raising of funds for the Edison Memorial, a trades day event for Cisco merchants to be staged bi-monthly and a series of community good will trades trips to local communities in conjunction with the Lobo band. A committee was appointed to solicit funds for the Edison Memorial as follows: H. L. Dyer, Truett LaRoque, James Harvey, Frank Langston and Pete Nance. The Trades Day committee, consisting of Horace Conley, Edward Lee, F. B. Altman, Carlton Holder and Wightman Moore, are to see merchants and find how many tickets they will purchase in order to finance the giving of prizes to customers at stated times twice monthly. This committee will report as soon as possible so that the events may be scheduled. The band committee, consisting of James McCracken, Carl Baird and Cecil Leveridge, will confer with Bandmaster Robert L. Maddox and arrange a series of good will tours to adjacent communities of the trade territory. It was suggested that the first visit be to Romney some time next week, schedule to be arranged and date made with the community for the event. The second Monday in August was set as the time to elect officers for the next period. A. G. Tuttle, Edward Lee and C. H. Parish, were appointed to make nominations to the organization.

by the candidates," said the spokesman of Labor's Legislative Institute of Harris county. Active aid will be given to McDonald and the candidates endorsed for other state using. McDonald's opposition to the state using convict drilling crews (which his opponent favors) when there are many citizens out of work has won him widespread support, his friends say, among all ranks of workers. His pledge to add \$50,000 a year in the State public school fund by increasing the royalty from the Sabine river bed oil wells (which the contract provides can be done) is winning him the approval of school teachers, parents and citizens generally. McDonald is fighting against his opponent's proposal to put the state into the oil-hunting business which would lose millions of dollars and make it more difficult to pay adequate old age pensions—and this stand appeals to the thousands of elderly citizens and their relatives and friends.

The following additional second campaign expense reports had been made by candidates Wednesday to County Clerk T. M. Collier: W. D. R. Owen, candidate for county judge, \$282.61 total. A. L. (Lee) Barton, candidate for constable of Precinct No. 6, \$20.55 total. Clyde L. Garrett, candidate for congress from the seventeenth district, \$1,147.23 total. Ed T. Cox, candidate for representative from the 106th district, \$123.95 total. Tom J. Nabors, candidate for justice of the peace of Precinct No. 6, \$2.63 total. Bariland Branton, candidate for public weigher of Precinct No. 7, \$32.85 total. Cecil A. Lotief, candidate for the legislature from the 107th district, \$172.69 total. Clyde S. Karkalits, candidate for tax assessor-collector, \$397.32 total. C. H. (Harl) O'Brien, candidate for tax assessor and collector, \$409.55 total. A. D. Carroll, candidate for sheriff, \$210.10 total.

Farm Problem Raises Its Head in Britain

The tithes instituted 300 years ago by Queen Anne haunt British officials today in the form of a critical farm problem that was brought to a crisis by proposals to modify the handling of the entire tithes problem. Some of the thousands of farmers and laborers who would be affected by the change are seen massed in Hyde Park, London, to protest passage of the controversial bill.

The tithes instituted 300 years ago by Queen Anne haunt British officials today in the form of a critical farm problem that was brought to a crisis by proposals to modify the handling of the entire tithes problem. Some of the thousands of farmers and laborers who would be affected by the change are seen massed in Hyde Park, London, to protest passage of the controversial bill.

Lolma Fae and Duluth Mae Richardson spent last weekend with their grandparents, Mr. and Mrs. P. D. Richardson. Miss Anna Ray Moore spent Saturday with Leza Large. Mr. and Mrs. Roy Alle named daughter, Alice visited his parents Sunday afternoon. Mr. and Mrs. Gault Hill visited relatives here last weekend. Mrs. Lizzie Wood of California is here visiting her mother, Mrs. Graves. Mr. and Mrs. Loy Turner and baby of Ranger visited his sister, Mrs. L. D. Richardson Saturday. Mr. and Mrs. Holmes of Ellaville visited her mother, Mrs. Graves Monday. Mr. and Mrs. Walter Hill were Sunday dinner guests of Mr. and Mrs. P. D. Richardson. Mr. and Mrs. Willard Hill spent Sunday in the George Hill home. **JAPAN HUNTS BOOTLEGGERS** (TOKYO)—Japan, which never has had prohibition, nevertheless has its bootlegger problem. The police of Osaka made one arrest and are looking for another in a gang accused of bootlegging untaxed malt for brewing beer. Roundup want ads are a good investment. Phone 80.

DESDEMONA By MRS. W. C. BEDFORD Mrs. Bobbie Terry and her mother, Mrs. E. K. Shuler, of Stephenville were here Saturday visiting Miss Mollie O'Rear and a number of other friends who were delighted to see them. Mrs. Shuler has recovered from her illness of a few months ago. Mrs. Annie Daniel went to Odessa on Thursday to visit her niece and nephew, Mr. and Mrs. Bill Seed. On Thursday night, Mr. and Mrs. David Parks and children, Mr. and Mrs. A. C. Moore and daughter, Mrs. and Mrs. Elmer Lee Anderson, Walker Henry, Neil Malby and Bud Anderson went to Bass Lake and enjoyed a picnic supper and swimming party. The picnic was in honor of the birthday of Donald Oliver Parks. Mr. and Mrs. Edwin Moorhead of Austin were here Saturday visiting old friends. Born Saturday night, July 11, to Mr. and Mrs. Gifford Acrea, a fine baby boy. Mother and baby are receiving visits at their home from the many friends of the family. W. C. Bedford accompanied by W. H. Whitworth drove over to German Tuesday. Mrs. E. H. Everett of Olden visited her sister-in-law, Mrs. Bailey Stark Saturday. Mrs. Harry Gallagher of MeCamey was the guest of her parents, Mr. and Mrs. Tom Nabers last week. Rev. E. M. Dolly began a revival meeting at the Victor Methodist church on Friday. Quite a number of members of the Desdemona church have been attending the services. Mrs. Earl Alexander and her husband accompanied by Misses Gwendola Brasel, Capitola Brown and Naomi Alvis, returned Saturday from Stephenville where a very successful revival of the Church of God had been held. Miss Frances Battle of Commerce who has been one of our popular high school teachers the past two years, visited a number of friends here the past week. Mr. and Mrs. C. O. Bragg and son Charles are spending this week in the panhandle with friends and former pupils. John McKain and Charles Lee are working on the well near Carbon being drilled by Gallagher and Lawson. Weldon Rushing who is working for the Humble Oil and Refining company at Bellville near Houston came in Monday morning for a few days visit with his mother, Mrs. J. H. Rushing, Sr. He was accompanied by Ned Shultz and Sam Sparks son of Mr. and Mrs. Felix Sparks. The two boys are visiting Mrs. Jim Sparks, grandmother of Sam Sparks. The many friends of Weldon Rushing will be glad to know he has very pleasant work. Mrs. J. R. Buchan and daughter, Miss Lillie Buchan drove over to German Wednesday morning to take Mrs. A. C. Robert and her sons, Carl and Curtis who had their tonsils removed at the Blackwell Sanitarium. They stood the operations nicely and were brought home on Thursday. Rev. and Mrs. Sherrod Stover of Morris, Okla., came Monday to visit his parents, Mr. and Mrs. S. T. Stover. Their many friends will be glad to know that they are getting along well at Morris where he is full time pastor of the Baptist church and where the church and parsonage are brick buildings. A large crowd gathered down town Friday night and gave attentive hearing to the speeches made by Cecil Lettief, Tib Ross and Ed Curry candidates for representatives from the 10th District and George Dawson, Jr. and Ed Cox for the 10th District representative. J. W. Cockrell of the Gorman Progress furnished the loud speaker and car from which the several speeches were made. The last speaker was J. W. Cockrell whose ability as an orator is well known in all this part of the state. He spoke in behalf of Judge Clyde Garrett for Congress and he presented facts and figures, and Judge Garrett's qualifications in a way that brought hearty applause from the crowd. The Methodist Missionary Society met at the church Monday afternoon for the monthly Bible Study which was conducted by Mrs. W. H. Whitworth. The lesson was the second chapter of the book of "Heart Messages from the Psalms" and the two psalms used as basis of the lesson were the 8th and the 19th. Besides the leader, others who took part in the study were Miss Mollie O'Rear and Mmes. S. E. Snodgrass Charles Lee and W. C. Bedford. Mr. and Mrs. G. S. Bruce are expecting to have as their guests the last of this week Mr. and Mrs. Larry Brothers and their little son, of Tulsa, Okla. Mr. and Mrs. Brothers who lived here for a number of years and who still own their home here have many friends who will be delighted to see them again. Miss Alberta Martin and her mother of Fort Worth were here Monday looking for a house to rent. Miss Martin was our efficient teacher of Domestic Science the past year. A few weeks ago we stated that John Hammond and family had moved to their farm near Comanche but we were mistaken as Mrs. Hammond and three daughters did not go until last Wednesday. We regret to lose them from our town. Ramon Joiner and family who have been living in the Ferrell house, west of the Gallagher place for several months moved back to his home in front of the high school on Wednesday. Horace Morrison attended Trades Day at DeLeon on Monday. The condition of Walter Henry, Sr., continues to be very serious. **IS HIS NUMBER CHOICE** CLEDO—(U.S.) As Charles G. Crab, secretary of the East Toledo club, was the first patron of the safety-box department at a branch bank he had the choice of numbers. He chose 13.

Circle Chairman Tuesday Hostess

Circle 3 of the First Methodist W. M. S. were guests on Tuesday afternoon of their chairman Mrs. John Shertzer, in her home on Randolph Hill.
Members responded to roll call with missionary topics followed by a very interesting and instructive program. The devotional was led by Mrs. Joe Wilson.
A business session followed the program and a social hour was enjoyed. Delicious refreshments were served to Mesdames: O. C. Lomax, W. H. Cole, Joe Wilson, Lee Owens, Hubert Zeale, Fred Hayes, W. G. Powell, a guest, Mrs. Foreman of California and the hostess.

W.M.S. Invited to Dublin Reception

It was announced today by Mrs. C. R. Sanford, president of the W. M. S. of the First Methodist church, that an invitation was received by the society to attend a reception Friday afternoon from 3 to 5 o'clock given by W. M. S. of the Dublin church.
The reception will be honoring Miss Ione Clay, missionary from Cuba; Mr and Mrs. Kenneth East, Mr. East is president of the Suez-Bennet School at London, Ky., and Mrs. Edward Sneed, new district secretary of the W. M. S.
All members of the Cisco association are invited and it was urged that those who are possibly able to attend will do so.

BUY the New Firestone STANDARD TIRE and SAVE the Difference
69
4.40-21
HOW YOU SAVE MONEY—Firestone saves money by careful buying of high grade materials—manufacturing in large volume in the most efficient factories in the world—and delivering to you by the quickest and most economical distribution system. These savings are passed on to car owners.
FIRST LINE QUALITY—The new Firestone Standard Tire is a first quality tire, built of high grade materials, by skilled workmen, embodying Firestone patented construction features—used in no other tire.
THE FIRESTONE NAME AND GUARANTEE—Every Firestone Standard Tire bears the Firestone name, your guarantee of greater safety, dependability and economy.
GUM-DIPPED CORD BODY—Every cotton fibre in every cord in every ply is soaked in liquid rubber. This is the only process known that prevents internal friction and heat, providing greater strength, blowout protection and longer life.
TWO EXTRA LAYERS OF GUM-DIPPED CORDS UNDER THE TREAD—This patented Firestone feature binds the whole tire into one unit of greater strength, cushions road-hocks, gives extra protection against punctures.
LONGER NON-SKID MILEAGE—The new scientifically designed non-skid tread is wider, flatter, with more and tougher rubber on the road, giving long even wear and thousands of extra miles.

A FIRST QUALITY TRUCK TIRE A PRICE THAT SAVES YOU MONEY
The new Firestone Standard Truck and Bus Tire built in volume production, resulting in big savings are passed on to truck and bus owners. This new tire line quality, built of high grade materials, and is the dependable tire obtainable at these low prices.
Whatever your trucking or transportation problem the new Firestone Standard Truck and Bus Tire will you long, trouble-free mileage, and will save you money.
Come in today and let us show you this new tire see it is to buy it—not just one tire, but a complete set.
LEADERS IN THE LOW PRICE
Firestone Standard Tire—of good quality and construction and backed by the Firestone name and guarantee. An outstanding value in its price class.
Firestone Sentinal Tire—A good serviceable tire for owners of small cars who want new tire safety at low cost.

FACULTY ADDED TO RANDOLPH OPENS SEPT. 8th

President J. T. McKissick of Randolph College returned the latter part of the week from a business promotional tour to San Antonio, Temple, Coleman, Wichita Falls and other points.

The people of the city are showing renewed interest in the well-being and development of the college and are responding in a most fitting manner to the efforts being put forth by the faculty and the board of trustees.

'Iron Man' Displays Test of Strength

A large crowd witnessed the 'Iron Man's' feats of strength Saturday when he pulled a Texaco truck fully loaded weighing approximately 10,000 pounds by his neck by the use of a rope attached to a 1936 Master Chevrolet.

He then used a Kelly-Springfield inner tube around his waist pulling a truck of lumber and building material furnished by the Cisco Lumber and Supply company weighing over 13,000 pounds.

SALT LAKE NAVY GROWS

SALT LAKE CITY.—(U.P.)—A building race between the Salt Lake county sheriff's office and the city police craft for rescue work on Great Salt Lake started recently when the county appropriated \$500 for improving Sheriff S. Grant Young's "one boat navy."

SANTA ROSA, Cal.—(U.P.)—Police are looking for possible thieves and hoboes who look as though they did not need a wash. They believe it would give a clue to the purloiners of 1,000 bars of soap stolen from the Valley Wholesale Grocery Warehouse.

STAYS FOR BREAKFAST

SYRACUSE, N. Y.—(U.P.)—Syracuse claims the coolest house burglar in the country. After the man ransacked the home of David Walsh from cellar to attic, he went into the kitchen and ate breakfast. He apparently finished the meal just before Walsh returned home.

TEXAS SIAMESE TWIN WILL WED NEXT SAT'DAY

DALLAS, July 13.—Perhaps the strangest wedding ceremony ever performed will be solemnized at the Texas Centennial here on Saturday night, when Miss Violet Hilton of the Famous Texas Siamese Twin Hiltons, will be wed to James Moore, of Cleveland, Ohio.

Refused licenses in many parts of the country, this young couple finally turned to Texas, the home of the bride and County Clerk Ed Steger of Dallas county, could find no law to forbid his issuing a license to the couple.

Violet and Daisy were born in England, but were raised in San Antonio, Texas, which they still claim as their home. They have recently completed a tour of Continental Europe.

Following the wedding ceremony, a complete stage show will be presented and will be headed by the famous twins. Music for the show and the dance to follow will be provided by Dale Stevens and his WLV orchestra.

The twins arrived here Wednesday and immediately began final preparations for their wedding. Arrangements have not yet been made for their honeymoon, but they expressed a desire to spend their bridal trip in this state.

Marriage to-be is Announced Saturday

The approaching marriage of Miss Florence Jensen to Mr. Charles Tucker has been announced for July 19.

Miss Jensen is the daughter of Mr. and Mrs. L. W. Jensen of Cisco. Mr. Tucker came to Cisco in 1934 from Fort Worth. He is assistant manager of the A. & P. Grocery Store here.

Men Attend Sales-Promotion School

John Smith, Carlton Holder, Howard Robinson and C. K. Podgett, of the A. G. Motor company, returned Friday from a 5-day sales promotion school held at Abilene this past week. The meeting was in charge of Thomas Brent, sales promotion manager for the Chevrolet Motor company for this district.

Let us figure your next job of printing. Our job printing department is equipped to serve your needs.—Phone 80.

Three Divorces are Granted by Courts

Three divorces were granted Friday and Saturday by 91st and 88th district courts.

Ninety-first district court granted a divorce Saturday to G. O. Hodge and Nancy Hodge. The defendant's former name, Mrs. Nancy Payne, was restored.

Eighty-eighth court Saturday granted a divorce to Mrs. Winona Mary Robinson and Melvin Robinson. Her maiden name, Winona May Craft, was restored.

Vinetta Dobbs and Earl E. Dobbs were granted a divorce Friday by 91st district court.

WPA to Work Less But Get Same Rate

Pay of WPA workers under the new program remains the same although the hours have been decreased, according to announcement of the scale by county officials Saturday.

All divisions in the program formerly worked 140 hours per month. Under the new scale, retroactive for all payroll periods on projects which started after June 30, the hours and the rates will be as follows: Common laborers, \$24 per month for 96 hours; semi-skilled laborers, \$36 per month for 80 hours and skilled laborers, \$48 for 64 hours per month.

'Bill' McDonald Questions Opponent

EDINBURG, July 11.—(U.P.)—"My opponent, in his speeches, glories in a situation that is costing the school children of Texas \$250,000 a year when a few scratches of a pen would save that great sum," declares William H. McDonald of Eastland county, candidate for State Land Commissioner, in a speech here Saturday.

"He is boasting that the new Sabine River bed lease gives the State public school fund more money than the old lease gave—43 per cent more money and the oil companies are taking 300 per cent more of the school children's oil."

McDonald then produced the following questions for his opponent to answer:

"Doesn't the new lease give the Land Commissioner the power on 10 day's notice to increase the school's share of the oil by \$700 a day?"

"Haven't you been acting Land Commissioner?"

"Why didn't you give the \$250,000 a year to the schools?"

McDonald said that, if elected, his first official act would be to add that amount to the school fund.

THIEF LOSES IN ROBBERY

STUTTGART, Ark.—(U.P.)—Arkansas county officers are seeking the chicken thief who wore a 17-jewel gold wrist watch into the hen house of a farmer discovered the watch on the floor of his hen house. It was worth \$15, the fowls, \$10.

UNCLE ABNER SAYS:

Jeff Moots insists on payin' out two dollars for every dollar he takes in at the store. He says if the Gov'ment kin do it, he kin too. He who hesitates is tossed.

AUSTRALIANS VISIT HAWAII HONOLULU.—(U.P.)—Hawaii is steadily becoming the mid-Pacific playground of the Pacific for Australians. The number of vacationists from there is increasing annually.

Appropriations for Students of State Supported Schools

AUSTIN, July 13 (U.P.)—A normal appropriation of \$175,000 a year for juniors and seniors in state supported colleges was recommended today by the advisory council of the state board of education.

Variations were recommended for colleges with less than 750 students, because they cannot distribute their overhead as well as large colleges. What the variations should be were not specified.

FELONS GIVE UP BONUS

JOLIET, Ill.—(U.P.)—Four hundred inmates of the Illinois State and Stateville prisons received bonus checks but were forced to turn them over to prison officials immediately. Convicts who keep their money on deposit rather than turn it over to their families are permitted to spend \$3 a week in the commissary.

ESTATE SETTLED IN 40 YEARS

GRENSBURG, Ind.—(U.P.)—Forty years of administration of a 480-acre farm estate was completed with the filing of final papers in Decatur Circuit Court. The estate was that of Thomas Morlan Hamilton, who died Dec. 28, 1895, and now goes to his granddaughter, Elizabeth Lumbers, Jr., of Toronto.

MAILS TO AID POLICE SAN FRANCISCO.—(U.P.)—The police chief has decided that serving traffic citations involves too much leg work for the police. He will have the average of 400 daily citations mailed hereafter and will use his men for more important work.

SHEET WOVEN 210 YEARS AGO PITTSFIELD, Mass.—(U.P.)—W. Roy Parsons, of Rivingdale, has in his possession a sheet woven by his

great-great-grandmother 210 years ago. He has an affidavit stating that the sheet was made in 1726.

River Dam Project Work to Begin Soon

Work of surveying for the Breckenridge dam project is expected to open here the latter part of this week if present plans go through. Major Haquinus, chief of the engineering forces, was in Breckenridge the last of the week, and said it is hoped to have offices opened here shortly. It was at first hoped to open work here on July 10. The work is to consist of topographical and other surveys which are expected to take about six months to complete, before the actual construction of the dam will start. The lake to be formed by the dam is to lie in three counties, Haskell, Throckmorton and Shackelford, mostly in Throckmorton. The survey work is expected to employ from 15 to 20 local men to be added to the force of five or six engineers. When the actual work of construction is opened it is expected that another tented city of workers will spring up similar to that at Possum Kingdom. The body of water to be impounded there is not to be quite as large as that at Possum Kingdom, but it is to be of equal importance in the thirty million dollar reclamation and irrigation Brazos river project started by the government. The offices of the engineers are to be opened over the First National Bank. The Breckenridge Chamber of Commerce has been assisting in opening the offices, aiding the securing of furniture and other details. — Breckenridge American.

Local Dealer Finds Mystery Man Wins \$5

"Smitty" Huestis, Huestis Service Station, Ave. D at 14th St., got the surprise of his life the other day. A car drove up to get gas and oil. While this alert dealer was checking the oil he noticed the worn fan belt on the car and asked the driver to buy a new one. Just when he thought he had sold a new belt the driver said, "Congratulations, I am Mystery Man. You win a \$5 Bill." This dealer had caught one of the Gates Mystery Men in one of the most unusual and interesting contests ever sponsored. The Gates Rubber Company of Denver, Colorado have a whole squad of Mystery Cars traveling through the country with had fan belts on their cars. The drivers of these cars stop at Gates fan belt dealers along the way. These are known as Mystery Cars because no one knows who these men are or where they are traveling. Every dealer who notices the worn out fan belt on a Mystery Car when he drives up, and tries to sell the driver a new Gates belt gets a new \$5 Bill. Thousands of \$5 Bills will be given away this year. HOLLYROCK RISES 14 FEET HANFORD, Cal. — (U.P.)— Californians who believe everything grows bigger in California than anywhere else in the world have now added hollyhocks to their list. The prize plant belonging to W. J. Burch is 14 feet, 8 inches in height and has 287 blooms. Let us figure your next job of printing. Our job printing department is equipped to serve your needs.—Phone 80.

Suggested Farm Sites Inspected

RISING STAR, July 14—Dr. D. A. Conner, head of the experiment station at A. & M. with four members of the experiment station board, spent Monday in the vicinity of Rising Star inspecting sites for the location of an agricultural experiment station to be located in accordance with a bill passed at the last session of the legislature somewhere within the territory covered by the western cross timbers belt. According to the provisions of the bill the farm is to be located in one of four counties, Brown, Comanche, Eastland or Callahan. The committee is made up of Jos. Kopecky, Hallettsville, Chairman; R. V. Davis, Plainview; Dr. J. T. Lawson, Bowie; and Dr. Conner of A. & M. The committee was accompanied by Dr. W. T. Carter of the U. S. Soil Survey commission, who made tests of the soil on the farms shown. According to Kopecky, chairman of the committee, it is likely that a definite location cannot be made until the legislature meets in January at which time an appropriation for equipment and other things will be made.

Moore Resigns as Ranger Hi Coach

RANGER, July 14—O. M. (Red) Moore, for the past two years coach of the Ranger high school football team, today tendered his resignation to F. P. Brashier, chairman of the athletic committee of the Ranger school board. In submitting his resignation, Moore stated that he had signed a contract to coach football at Sinton high school during the 1936 season. No action has been taken on his resignation by the local school board which is due to meet Tuesday night.

FREE GAS EXPENSIVE

ST. LOUIS — (U.P.)—Free gas—of the escaping type—was expensive for the Laclede Gas company which paid the city \$12,050 for killing trees in an out of court settlement.

TOWN BANS CARNIVALS

SAGINAW, Mich. — (U.P.)—The city council of Saginaw recently has adopted an ordinance stamping carnivals "public nuisances" and banning them from the city.

NUDIST CONVENTION CALLED

SAN JOSE, Cal. — (U.P.)—George M. Spray has announced the first national nudist convention for September. It will be known as the Elysium colony and its sessions will be held at Elysium, in the Santa Cruz Mountains. Spray says he is assured of delegates from 16 different nudist colonies.

Wooden Indian Answers Questions

In the General Motors Exhibit at the Texas Centennial Exposition at Dallas is the famous "Chief Pontiac," mechanical Indian, who answers questions asked by visitors. Beside him are Phil Harris, orchestra leader and Leah Ray, singer.

FIREMAN DO CHORE

WINDSOR, Ont. — (U.P.)—Firemen here answered an alarm that came from a Windsor woman vacationing in Detroit. She said she left the water heater in her home turned on, and asked firemen to turn it off.

FAKE MOVIE CONTEST BARED

TOKYO — (U.P.)—Ten men were arrested here on charges that they swindled Japanese children in a fake "Shirley Temple contest." About 150,000 persons entered a contest advertised as an effort to find a Japanese counterpart of the little American movie star. Let us figure your next job of printing. Our job printing department is equipped to serve your needs.—Phone 80.

Motor Exhibit at Dallas Exposition

MORE TULIPS FOR FESTIVAL

HOLLAND, Mich. — Larger fields of tulips will greet visitors who attend the Tulip Festival here next year.

CATTLE RANGE REPORTS GOOD GRASS SODDING

AUSTIN, July 13. (UP) — Prospects are good for summer and fall grazing in most sections of Texas, government statisticians reported today.

"Cattle ranges are still in good condition for the state as a whole, but rains are needed in the northern and northwestern part of the state," reported F. E. Finley, livestock statistician for the federal department of agriculture.

"The late May and early June rains were very beneficial to ranges throughout the state. These rains gave grass a good start and helped much in resodding ranges affected by the 1934 drought. The hot dry weather during the second and third weeks of June was very detrimental to the young grass in the northwestern and northern portions of the state."

County Boys-Girls For Short Course

Preparation for the farmers' annual short course at College Station, July 20-25, will be made this week by 4-H and home demonstration clubs.

Miss Cornelia Faye Stewart, assistant county home demonstration agent, will meet Monday at 9 a. m. with Scranton 4-H girl club members at the home of Mrs. Jackson, sponsor.

Miss Ruth Ramey, county home demonstration agent, will meet with Ramey home demonstration club members in the church at 4 p. m. Tuesday.

Wednesday the Alameda home demonstration club will meet in the home of Mrs. R. H. Myrick at 2 p. m.

Assistant Agent Hugh F. Barnhart and Miss Stewart will hold meetings Thursday with the girl and boy club members of New Hope, Grandview and Alameda.

Final plans for the course will be made by the agent staff in their offices Friday and Saturday. All agents plan to attend. Elmo V. Cook, county agent, will be accompanied by Mrs. Cook and daughter.

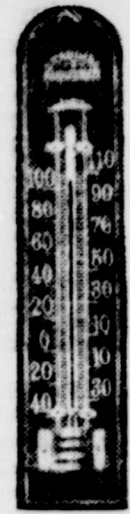

The group to leave Eastland county at 6:30 a. m. Sunday, is expected to include 12 women, four girls, three men and ten boys.

WRITING UPSETS GOLF

NEW BEDFORD, Mass. — (UP) — Massachusetts' oldest mayor had to give up his golf game the other day because he had signed 306 diplomas. Seventy-eight-year-old Mayor Charles S. Ashley said he had gripped a pen for several hours and was afraid it would interfere with the proper gripping of his clubs.

Roundup want ads are a good investment. Phone 80.

The MacGregor meets an emergency...

"and hur-ry it over, will y'" burrs Sandy MacGregor to his telephone . . .

With the thermometer crowding the ceiling, the MacGregors have declared a State of Emergency for the household. Ice cream sounds like a life-saving idea. So Sandy calls the store . . .

And the only thing he cares a Scotsman's hoot about is how quickly the telephone and the delivery boy can do the job for him!

Those calls, so simple to Sandy on summer afternoons, still present many problems to the men and women who work for this company. It is up to them to make each call fast and clear at a price the MacGregors are willing and able to pay.

A fortunate thing it has been for Sandy that these telephone people have behind them the specialized organization of the Bell System: the help of American Telephone and Telegraph Company's staff of engineers and business experts . . . the use of new inventions from Bell Laboratories . . . standardized equipment of high quality, made in the great factories of Western Electric.

Sandy MacGregor, visioning mounds of ice cream cool as the dew on highland heather, may easily overlook what these organizations mean to the telephone calls he makes.

Yet he benefits from the work they do. Not only have they helped make his calls faster, clearer and better; but in the face of the growing complexity of the telephone system, they have helped this company hold the cost of those calls down to a reasonable price for him.

If you visit the Texas Centennial, Dallas, June 6 to Nov. 29, you are invited to see the Telephone Exhibit.

Southwestern Bell Telephone Company

to greet the morning perfectly

There's NOTHING more appetizing...nothing more zestful...nothing that will give you more stamina with which to meet the problems of the day than

Admiration Coffee

CITY HAS 10 PAPAS — SAN FRANCISCO — (UP) — Students of the city directory have just discovered that San Francisco has 10 Papas, 3 Mamas and 7 Sons. However, the directory contains the names of 235,464 residents with other names.

HAWAII'S FIRE LOSS SMALL — HONOLULU — (UP) — Statistics show that although much more inflammable materials are used in the construction work here than in America, fire losses are smaller than in any other part of the United States.

NEEDY TO GET PRUNES — SAN JOSE, Cal. — (UP) — Every portion of the United States and its possessions is to have an opportunity to sample California prunes. The Federal government has just purchased 300,000 tons for distribution to the needy.

WOOD TICK AIDS SCHOLAR — HAMILTON, Mont. — (UP) — For once the lowly wood tick has brought honor instead of condemnation. Dr. R. A. Cooley was awarded an honorary degree by the Montana State College for his entomological investigations of the pest.

GIRL FARMERS PREFERRED — HAMILTON CITY, Cal. — (UP) — Agricultural preparation seems to be the best road to matrimony here. Out of nine girls who started in this year's high school agricultural class, four have married and one is engaged.

Tempting cold dishes — created by the chef of the famous Hotel Shoreham in Washington, D. C.

The appetizing array of cold cuts shown below is a feature of the July menu in the fashionable Louis XVI Dining Salon of Washington's Hotel Shoreham. Here Camels and good food go together. As Robert, watchful *maitre d'hôtel*, observes: "Camels are the outstanding favorite at the Shoreham."

MOST VALUABLE PLAYER in the National League last season — "Gabby" Hartnett. "I can smoke as many Camels as I like," he says. "A Camel with meals and after sets my digestion right!"

ON THE GO. Bill Ferguson, star salesman (right), says: "Camels give me an extra sense of well-being."

MISS UVA KIMMEY, daring girl parachute jumper. Miss Kimmey says: "I'm a Camel smoker. I like to smoke Camels at mealtime. They make food taste better and encourage digestion in a pleasant way. Camels don't jangle my nerves."

Camels add zest to eating — they set you right. No wonder smokers say:

"For Digestion's Sake . . . Smoke Camels!"

MACHINE-SHOP FOREMAN. John A. Merritt (on right) says: "When I've finished my meal, I shove back my chair, take out another Camel, and enjoy myself. Camels set me right! They've got everything!"

MEALTIME often finds us in a state of rush and tension. The excitement and nervousness slow down the flow of digestive fluids. Remember, then, to pause for a Camel. When you smoke Camels at mealtimes, the flow of digestive fluids is helped back to normal. Alkalinity is increased. You experience the well-being that follows a meal well digested.

Camels are gentle on your throat and they never get on your nerves. Enjoy them often for their cheery "lift" . . . for their unequalled taste . . . for digestion's sake. Camels set you right!

COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE TOBACCOS — Turkish and Domestic — than any other popular brand.

"Roll-your-owner" tells why he's partial to the tobacco he can shape up in 6 seconds

You roll 30 cigarettes free if not mighty pleased with P. A. Roll yourself 30 small cigarettes from Prince Albert. If you don't find them the finest, tastiest roll-your-own cigarettes you ever smoked, return the pocket tin with the rest of the tobacco in it to us at any time within a month from this date, and we will refund full purchase price, plus postage.

PRINCE ALBERT
THE NATIONAL JOY SMOKE

COMPLIMENTING PRINCE ALBERT, F. P. Hodgkinson says: "That 'crimp cut' feature makes P. A. lie down snug-like, and a couple of twirls of your fingers does the rest." Don't pass up P. A.'s "no-risk" offer, men, as printed at the left. P. A. is a grand pipe smoke too.

70 fine roll-your-own cigarettes in every 2-oz. tin of Prince Albert

Chesterfield Hour Orchestra Program

A new and different dance program is being broadcast over the Columbia network these summer weeks, sponsored by Chesterfield Cigarettes with a huge cast of 63 musicians and singers led by the versatile Andre Kostelanetz. For thirty fast-moving minutes every Wednesday and Friday night a turn of the dial will take you through the paces of swing dances, waltzes, here and abroad. In addition there

rhumba, tangos — every kind of dance tune that's popular, interspersed with clever and original vocal arrangements.

The fact alone that more than half a hundred people take part in the Chesterfield productions makes a bewildered layman wonder how such a large group can be handled so smoothly before the sensitive "mikes." The Kostelanetz orchestra is the largest dance orchestra broadcasting today — 45 musicians, many of whom have led their own orchestras or played in leading orchestras here and abroad. In addition there

are the singers... the romantic young larkton, Ray Heatherton, the popular harmonizer, Kay Thompson and a chorus of rhythm makers composed of twelve girls and three boys. These various groups pack a world of entertainment into a half hour and do it in a way that really "satisfies."

Constant rehearsing is the secret of smooth radio performance. On Radio Row the Kostelanetz cast has the reputation of rehearsing hours on end. Programs are memorized by the singers as much as four weeks in advance, complete with

special lyrics, swing tricks and harmony. Old songs are mixed with new, and the change of pace is as surprising as a big league pitcher's. But instead of being a hodgepodge, the program is knit together to perfection and the half hour glides along to a sparkling finish. Radio program directors are mastering the skill of smooth showmanship that keeps an audience's interest unruffled from the opening number right up to the closing strains of the signing-off tune.

CAUDLE PLANS FOR CISCO'S ANNUAL CAMP

T. G. Caudle, vocational agriculturist, has just returned from A. & M. college where he has been taking the six-weeks course provided, and says that he is just beginning to dig in to his work to see which he shall do first.

One of the things will be the arrangement of the boys annual encampment scheduled for August 6, 7, and 8, which has become a big feature for the boys of this part of the state.

Asked if he thought it would be larger than usual, he replied that since this was the first year here he did not know how to anticipate, but he had heard rumors that since this district had been so far-reaching here-to-fore, some schools were making moves to form their own groups for the purpose of having their encampments nearer home. However, the boys have been so well pleased with facilities and entertainment that have been provided at Cisco they will not easily give up the projected trip here this year, it is thought.

COMMANDERY GIVES MALTA DEGREE TO 5

The Commandery team of Cisco Knights Templar which went to Brownwood Friday night to confer the Knights of Malta degree upon their grand commander Marcus W. Weathered, found four other candidates awaiting them to receive the same degree, which was conferred on all five of the candidates by Emminent Prior D. K. Scott and the Cisco associates. There were about 100 present from different sections of the state, 10 past grand commanders, including John Temple Rice, of El Paso, Emminent Grand Junior Warden of Knights Templar.

A banquet was served at 7:30 after which the degree work was given. A humorous incident of the occasion is told in that the party comprising Judge D. K. Scott, L. D. Wilson and W. A. (Bill) Harder missed their road and came back by way of Comanche.

Those present from Cisco were: D. K. Scott, William Reagan, R. E. Grantham, W. Frank Walker, George Boyd, Chick S. R. Wood, L. E. Boyd, H. T. Huffman, Haywood Cabaness, J. M. Witten, W. H. Craddock, and L. D. Wilson.

MRS. FRED COX WAS BURIED AT SAN ANGELO

Mrs. Fred Cox, 25, who suffered unknown pain with spinal meningitis the past several days in the Graham's Sanitarium, passed away Saturday at 12 o'clock.

Mrs. Cox is the former Jimmie Yarbrough, daughter of Mr. and Mrs. J. D. Yarbrough of this city. She was born in Ranger, Texas, but lived most of her life in Cisco where she attended public schools. After graduating from Cisco high school she worked at the Retail Merchants Association here, before going to McCamey where she was general manager of an association. From McCamey, Miss Yarbrough went to San Angelo where she met and married Fred Cox in May 1935. To this couple was born a son, two months ago.

Funeral services were held Sunday at 9 o'clock at the family residence, 1212 West Ninth Street. Burial took place in San Angelo Green's Funeral Home had charge.

Survivors are: Parents, Mr. and Mrs. J. D. Yarbrough, her husband and infant son; three sisters, Mrs. Leonard Sures of McCamey, Mrs. H. H. Qualls of Wink, Mrs. Westbrook Teer of Hobbs, N. M., Mrs. E. H. Marsh of Missouri, two brothers, Dan and L. M. Yarbrough of Cisco.

Ed Aycock Displays Big Bermuda Onions

Ed Aycock displayed some unusually fine onions today, grown on his farm about 5 1/2 miles southwest of Cisco. They were large, white Bermudas one weighing more than one and one-fourth pounds. They were grown by T. H. Moore, on a small sandy parcel of land. He produced about four bushels.

MICHIGAN DRY GOAL SET
LANSING, Mich. — (AP) — The Michigan Anti-Saloon league has launched a drive to raise its proportionate share of the \$10,000,000 estimated necessary to return the dry era to the United States. The state's goal is \$500,000.

Attends Lions Meet as Delegate

S. H. NANCE

NANCE OFF AS LION DELEGATE TO PROVIDENCE

President S. H. Nance and Mrs. Nance left Sunday for the Lions International convention at Providence R. I. July 20-24, after which they will see the many scenic places in the famous New England states, returning along the Atlantic coast and through the Blue Ridge mountains, taking as Steve says, the first real vacation he has had in years.

When seen Saturday morning, Mr. Nance was like a boy going to town to see his first circus parade. He showed us his car all ready for the trip. He will ride on air-cooled cushions and he and Mrs. Nance will drive leisurely stopping when and where they please.

The route going will be to Toledo and Detroit, from which they will round the great lakes in Canada and down by the Niagra Falls at Buffalo, N. Y. They will then likely go straight across the country to the New England states, seeing the hundreds of beautiful lakes and wooded mountains for which this section is so famous.

After the convention, they will come down through New York, Washington and along the Atlantic coast, through the Blue Ridge

Leave for Maryland Because of Illness
Sam Kimmell and John Kimmell and family left this morning for Hutton, Md., to be at the bedside of the mother of Messrs. Kimmell. Word was received yesterday of the serious illness of Mrs. Kimmell. They will go by Wichita Falls where they will be accompanied by another brother.

FAKE TOTEM POLES SOLD
WASHINGTON — (AP) — Dr. Ernest Gruening, director of territories for the government, estimates that "three-quarters of the Totem poles sold to tourists in Alaska are made in the Orient." Gruening is seeking a way to stimulate native manufacture of Alaskan souvenirs and curio to compete with the Japanese.

LONDON (AP) — Be- noise of planes frequent up production in more studios around London, decided to fit all studios with soundproof roofs.

BE MODERN in your kitchen
a MAGIC CHEF will save you
... TIME AND MONEY

● You, Mrs. Modern, spend many hours a day in your kitchen. In more ways than one, it is the heart of your home. That is why it should be the most modern room in your home—why its equipment should be the most efficient you can obtain.

A modern Magic Chef gas range, with its many automatic features, will make your kitchen modern, will make it a room you will be proud to show to your friends. And, in addition, it will save you time, work and money. Its automatic features—Lorain Red Wheel oven regulator; automatic top burner lighters; and, if you wish, a Telechron-motored clock, at slight extra cost, which will turn the oven burners on and off at any predetermined times—take all the worry and clock-watching out of cooking. And they save you work, too, and give you more time for pleasure and leisure.

And don't forget, a Magic Chef burns gas, the cheapest, controllable cooking fuel there is. So you save money, too. Come in today and let us show you the many styles and prices from which you can choose.

SERIES 2100 MODEL SHOWN

LOOK FOR THE RED WHEEL WHEN YOU BUY A MAGIC CHEF

Check these features of MODERN MAGIC CHEF GAS RANGE:

- ✓ Lorain Red Wheel oven regulator.
- ✓ Automatic top burner lighters.
- ✓ Drawer-type, grid-pan, smokeless broiler.
- ✓ Minute clock.
- ✓ Patented top burner.
- ✓ Sanitary burner.
