

Mr. Muleshoe . . .

By J. M. Forbes

I go out there and watch the rules of an afternoon and decide that ain't nobody on earth can beat those boys of ours around here. I hear of what Sudan, Littlefield and Company are doing, and get off my high horse right away. I have about the finest bunch of boys that I have ever seen, but I think the fans at the other end are about their team. Let's see how they do. It's just a game, that we can't be sure like to win, too. We can't both win. I remember the motto painted above the athletic department at that Temple high school, where I was not a star student: Go win or lose as best ye can, Be each, pray God, the gentleman.

Me and ye honorable, the postmaster of Muleshoe is at out again. And over such a simple matter as the weather. We have waded a cup of coffee as to the date when the killing frost will occur this year. My guess was Oct. 20; the P. M. says October 26. You understand, it must occur on the nights of the 19th or 25th, and be observed on the day following, or rather to be reported by Judge Klump on the latter dates.

With such heavy wagers at stake I could almost report favorably, if he could be approached, but I will not resort to unfair tactics. I will not take undue advantage. Yet I laugh silently when I think on what the P. M. bases his forecast: He counted off 30 days from the time we have our first "norther" week or two back. Will report on the outcome of this gambling venture later on. Some may think, What's a cup of coffee? But just the newcomers to the Plains. A cup of hot coffee can keep a fellow from dying, especially in such a hard winter as most of us expect the coming winter.

Seen & Heard:

J. D. Riddle, superintendent of schools, Springlake, over telephone, to the editor, who hopes lessly outclassed. It'll be a massacre. It'll be terrible. You ought to go talk to the coaches, get them to go easy on us. We can take a beating, but too much will be too much. We're in an awful shape. You ought to get the boys and read where it says: "Blessed are the merciful . . ."

Ye editor stifled a yawn. His memory ain't that short. He remembers that twice in a brief span of years Springlake has humbled the best footed team Muleshoe could put on the field. This series, at least, is even. We don't have a thing on them. And some local men said they saw two giants strolling about Muleshoe streets and, upon inquiring, found they were substituted on the Springlake team. Muleshoe can stay in hearing distance of the Springlake crew we'll be happy. Turrible, indeed.

Farm Bureau Meet Set At Plainview

A series of 25 bi-district meetings sponsored by the Texas Farm Bureau Federation will be held throughout the state of Texas September 6-21, it has been announced by J. Walter Hammond, federation president. The two meetings scheduled for this district will be held in the City Auditorium, Plainview, on Tuesday, September 13, and in the Hotel Lubbock, Lubbock, on Wednesday, September 14. Director W. R. Tilson of Meadow will preside. Meetings will start at 10:00 a. m.

In conducting the meetings, President Hammond will be assisted by Austin A. Crowner, state field representative. The United States Congressman from this district has been invited to appear on the program and speak to the group on agricultural trends in Washington.

Another highlight of the meetings will be a queen contest scheduled for 3:00 p. m. The queen selected at each meeting will participate in the ceremonies at the state convention in November at which the district queen will be determined, and a state queen chosen from the district winners.

Farm Bureau spokesmen will give farmers and ranchers first hand information on developments in the agricultural field directly affecting the welfare of farm people; they will also seek the views of the people on current issues as well as future programs.

100 Fliers At Air Breakfast

Around 100 out-of-town air-minded individuals registered here Sunday morning for the first air breakfast to be staged in Muleshoe. The Muleshoe Junior Chamber of Commerce sponsored the breakfast and meeting.

Representatives of the CAA were here and made short talks. They were introduced by Dr. B. Z. Beatty, Jaycees president.

Sixty planes gathered at the Muleshoe airport, it was said. The visitors were taken to the Yellow Jacket Inn, across the street from the school campus for their bacon, eggs, and coffee.

The meeting was over before Sunday school time.

MRS. ROBINSON IMPROVING

Mrs. M. V. Robinson who is seriously ill in a Littlefield hospital is reported showing signs of improvement.

AIRPORT BOND ELECTION CALLED FOR SEPTEMBER 27 BY COMMISSION

An election has been called for September 27, 1949, by the Muleshoe City Commission, wherein electors will vote on the proposal to issue bonds in the sum of \$11,000, to be used to match Federal funds in purchasing the site of the Muleshoe Airport and in improving the port and its facilities.

The Federal government, through the Civil Aeronautics Administration, has appropriated \$9,000 to be used in matching city funds to buy the site, and make permanent improvements at the airport.

The present airport, consisting of 320 acres lying adjacent to the city along the Plainview highway, has been under lease to the city since December, 1944. The five year lease period will end in December, 1949. The city has paid \$150 per year for the lease.

School Men To Austin This Week

Four Bailey County school men left by train Tuesday afternoon for Austin, where they were to confer with State Department of Education officials concerning transportation regulations introduced under the new Gilmer-Aikin Act.

In the group were Judge Cecil H. Tate, county superintendent; Supt. H. H. Homaley, of Three Way; Supt. H. A. Reynolds, of Bula; and Supt. C. W. Grandy, of Muleshoe.

Jack Williams, superintendent at Farwell, joined the four Bailey County men in the trip to the capital. They are to return home today.

House Numbers Being Placed

Numbers for Muleshoe houses are now on sale, many have been bought, and already are being placed.

The Jaycees, who will handle the numbering, started their campaign Tuesday to number every business house and every residence in the city. A set of numbers will be installed for \$1.

Previously, the organization had brought about the naming of the streets and placing of street signs at all intersections. Many householders have called The Journal wondering when the numbers would be available. They are advised that members of the Jaycees will call in the very near future.

Workers Protected By Social Security

"Judging from inquiries received daily by this office, many workers do not know what they are buying with their social security taxes," John G. Hutton, manager of the Lubbock Social Security office, said today.

All workers covered by social security should realize that the penny taken out of each dollar of wages pays the premiums for old-age and survivors insurance which, in effect, a combined life insurance and retirement annuity policy. The plan provides monthly retirements to workers and their families. It also provides monthly benefits to families of workers who have died. Eligibility and the amount of benefits hinge on the wages the worker has earned in jobs covered by social security.

Hutton suggested that anyone having questions about social security should contact the Social Security Office, 1311 Texas Avenue, in Lubbock.

TOMATO CROP HARVEST UNDERWAY; MORE AREA TOMATO ACREAGE URGED

The tomato crop is rolling in the Muleshoe country, and while it is not a big deal this year, it is distributing thousands of extra, between season dollars among growers, buyers, pickers, and handlers at the sheds.

One bog shed is being operated, in the old Bill Millan potato shed on the Sudan highway, and up to last night 160,000 pounds of green tomatoes had been handled. James Case, of the Muleshoe Canning Co., which arranged for the shed, said that there is an estimated 200 acres in tomatoes in the Muleshoe territory and said the harvesting will go on here "until frost".

ONLY TOMATOES IN COUNTRY

The Dixon Bros. Company of Atlanta Ga., operating five re-packing sheds in the U. S., are buying the tomatoes. G. O. Cullum, of Edouch, Texas, is the purchasing agent here.

The two told The Journal that the Muleshoe tomato crop is the only sizeable deal going on at the present time anywhere in the southwest or southeast, although there is a small acreage near Lovington, New Mexico.

Fair Boosters Coming Sept. 15

LUBBOCK, Sept. 7.—Lubbock Chamber of Commerce Good Neighbor committee will be in Muleshoe, September 15, at 11:40 a. m. to boost the 32nd annual Panhandle South Plains Fair, which will be held September 26 through October 1, at Lubbock.

Making the Good Will trip will be a number of Lubbock's leading businessmen who will extend a welcome to Muleshoe to visit Lubbock during the Fair. A special emphasis will be given to the invitation extended school children of Muleshoe.

Gala Program To Be Given

A gala program of music and songs will be offered, plus loads of novelties for all who visit the program. Many of our city can remember last year's program and will want to attend again this year.

"Advertising the Fair is not the only purpose of this visit to Muleshoe," Homer Hensley, general chairman of the Good Neighbor committee, said. "Enjoying a visit with old friends and meeting new friends is much more important. The Good Neighbor committee hopes that every one will turn out to visit with us."

Three Fourths Of Texas Families Have Electricity

COLLEGE STATION, Sept. 7.—It is estimated that almost three-fourths of Texas farm families now have electricity in their homes. That's a good indication of better living on Texas farms, says W. S. Allen, extension agricultural building-engineer of Texas A. & M. College.

To get the most benefit from all electrical equipment, Allen suggests that you plan the complete wiring system carefully and see that the wiring job itself is done right. Make accurate plans for the new house or remodel the old one.

Here are a couple of tips that Allen says will make your wiring system do the job you want it to do: First, make a list of all the ways you use electricity now, including any electrical equipment you plan for the next few years. Next, make a list of the lights and electrical equipment in each room. Take this list and a rough sketch of the floor plan of your house to some reliable wiring contractor. With this information, he can help you plan a wiring system that will take care of all your needs.

Additional information about farm wiring methods and plans can be obtained from any agricultural agents or from the Superintendent of Documents, U. S. Department of Agriculture, Washington, D. C.

Annual Meeting Farm Loan Ass'n. Set For Saturday

Annual meeting of the Western National Farm Loan Association of Muleshoe, will be held the coming Saturday, September 10, in the district court room at 2 p. m.

A notice of the meeting sent to stockholders by the secretary and treasurer, Noel Woodley, stated that a 10 per cent dividend will be paid at this time to all stockholders.

Other officers of the association are: H. E. Schuster, president; J. T. Duncan, Lee J. Sanders, and R. E. Rundell; directors.

Plenty More DDT To Be Given Free

There is still lots of DDT to be given free for the asking at the Higginbotham-Bartlett Co. lumber yard in Muleshoe, L. D. Bartlett, manager announced today. The free distribution was started last Saturday afternoon. The powder is in small containers, which will be given to all comers.

The distribution is made possible by the Sherwin-Williams Co. as their contribution to the battle against insect pests, and is sponsored here by the Jaycees.

Each container to be given away is equipped with an applicator so that all one has to do is to pump some of the powder around doors, windows, etc. where flies and other insects are apt to gather.

WHO PROFITS MOST?

Who gets the profits that
American industry earns?

The easy, pat answer is to say
that a bunch of millionaires get
practically all of it. That answer
is a prime favorite in left-wing
circles which are out to destroy
the free enterprise economy. And
it's about as wrong as an answer
can be.

A short time ago a survey was
made of the 428 largest American
companies which report their own-
ership. These concerns have a to-
tal of 13,000,000 stockholders.

Two out of every three dollars
paid in dividends go to people
whose income from all sources is
less than \$100 a week. After pay-
ing their personal income taxes,
they retain 83 per cent of the divi-
dends they receive.

Only one dollar out of three
goes to people with more than
\$100 a week—and, of course, only
a very small proportion of that

dollar is taken in by the "rich." Furthermore, the taxes paid by the "rich" average something like 80 per cent. The survey says that after income taxes, the "rich" can keep and spend only four per cent of all dividends paid by corporations.

Read the report of any typical corporation. Most of the "take" is paid out in wages and for supplies. The government usually comes next, with a big tax bill. The stockholders, in addition, are people of modest means, who work for a living, and have invested their savings in productive enterprise for security in old age.

WHEAT SITUATION

The Santa Fe reviews the wheat planting situation as follows:

Practically all wheat land in Northwest Texas has been well prepared, volunteer growth largely has been killed, and sowing is well started. Surface soil in a few localities is becoming dry but the general subsoil moisture is good, favoring the outlook for fall and winter pasture.

While no figures are available, it is expected that most wheat farmers in this section of the state will plant their allotted acreage or less, in order to be eligible for the government-supported price program. Should this hold true, the acreage will be reduced about 22 per cent.

Northwest Texas has a fine cotton outlook, the Panhandle and South Plains, comprising 39 counties, anticipating the largest crop ever produced. The last government estimate gave the two districts 1,360,000 bales, slightly more than double the 673,000 bales produced in 1948.

While acreage was reduced at least 25 per cent, grain sorghums in nearly all areas are looking very good and acre-yields may run higher than last year. Sugar beets on an estimated 2,000 acres, show similar prospects.

Babson's Labor Day Message

BABSON PARK, Mass., Sept. 2. I am a good friend of every wage-worker, having long been one myself. During World War I, I was appointed by President Wilson at the request of Samuel Gompers, then President of the American Federation of Labor, to be an Assistant Secretary of Labor. I worked closely with the leading Labor Leaders for some time and became fond of them. I think they also respected me.

Clayton Anti-Trust Act

When the Anti-Trust legislation was enacted, I strongly favored the exemption of labor unions from the Act. Management then was very strong;

it fought both collective bargaining and manipulated prices. In eighty per cent of conflicting cases the courts ruled against labor when labor was only honestly endeavoring to improve conditions. The membership of all labor unions was then only about 1,000,000. Prices were being fixed; but wages and output were left to "supply and demand".

Today, the situation is wholly reversed. The labor unions number about 15,000,000. The courts are now more friendly to labor bargaining is enforced by law. The fixing of prices or output by management is criminal; while the fixing of wages or output by labor is upheld by the courts. Therefore, today, management instead of being top dog is the under dog. Consumers today suffer by fixed wages and output even more than they did by fixed prices.

Political Changes
Fifty years ago the political situation was vastly different. Senators then were not elected by the people, but were appointed by the Governors. Hence, most of the Senators were either officials of big corporations or wealthy men. The Supreme Court was then made up of great lawyers most of whom had previously served large corporations. There was no income tax in those days. All these things gave management an advantage over labor and explains why I felt labor unions should be exempt from the Anti-Trust law.

Today the Senators are elected by popular vote. The Supreme Court consists mostly of men who were never officials of large corporations but mostly men in humble circumstances. In those days wageworkers usually voted with their employers; while today most of them think it's smart to vote directly contrary to what their employers recommend. Labor unions have much more power today than management had fifty

years ago.

Small Businessmen

Those were days when every small businessman had a chance to become a big businessman. Today under the present income taxes it is very difficult for any small businessman to compete both against big business and big labor unions. Today the big corporations are "frozen" big; while the little businessmen are "frozen" little. If you have any doubts about this, write my friend Ernest H. Gaunt of Haverhill, Massachusetts who has made an intimate study of this situation.

Fifty years ago national advertising was unknown except in the case of patent medicines and there were only a few national weeklies, and they had small circulations. The Saturday Evening Post then had only a hundred thousand. As a result, advertising rates were so low that the small businessman could afford to advertise as well as the large corporation. Today advertising rates are 25 times what they were then. The small businessman cannot now afford national advertising as he is obliged to pay the same rates per page as the big operators.

What The Nation Needs
Today labor unions have a greater and more dangerous monopoly by fixing prices and output than management ever had. Hence, the Anti-Trust laws should now be amended to include labor and forbid the fixing of prices, wages or output. If the people, through their legal representatives, want to "fix minimums" this should be permissible, but only through proper legislation. Furthermore, if there need be any exemptions to the Anti-Trust laws, these should be in favor of the small businessman. He, today, is really in the same unfortunate position that labor unions were fifty years ago.

Uncle Sam Says

Flag Day, June 14, holds significance for every American. Under the waving Stars and Stripes each citizen knows that he still possesses the most cherished of all ambitions—freedom and opportunity. He also knows he can retain these just so long as our country is economically sound, and he knows, too, that one of the most effective methods ever devised to keep it strong is an investment in U. S. Savings Bonds. Your purchase of Savings Bonds strengthens not only your own economy but your country's as well. If you are not now enrolled for the Payroll Savings Plan where you work or, if self-employed, the Bond-a-Month Plan at your bank, now is your BIG CHANCE to start.

IT'S 'A CAKE!

CHICAGO—Highlighting the sixtieth anniversary this month of Aldens, Inc., was this 1156-pound six foot square birthday cake, an exact replica of the company's main building. Icing is in the color of the exterior red and white brick and the cake is surrounded by scale model streets, sidewalks, street lights and signs.
 Robert W. Jackson, president of Aldens is shown cutting the cake at a huge employe party. Later he distributed gold and diamond service pins to employes entering new service groups from five to 35 years. With him is Miss Tillie Dreger, who has 33 years service with the company.
 Founded in 1889, Aldens is located in the heart of the city's near west side. First specializing in sale of millinery, the company soon became a leader in selling fashion merchandise and now is fourth in the nation's top mail order houses. Other merchandise was added until today its 835-page catalog offers America's woman shopper wearing apparel for all the family, along with complete home furnishings.

AUGUST HARD ON CROPS

Many have reported deterioration of crops during August due to hot, dry weather. Whereas in early August some cotton looked as if it would produce a bale, many farmers will not be satisfied with a third of a bale to the acre. One such is Herman Tiller, of Baileyboro community, who said his feed-lacked water during a crucial growing period in August and he estimated it will produce about 1,500 pounds to the acre. Still, he thought, it will be a much better crop than he made in 1948.

Sheriff's Report ... Delayed

Hello everyone:
 This week we had district court. We had two to be tried. One was the man that stole the suit cases and clothes from a car here in Muleshoe. He was sentenced to three years in the pen. This wasn't new to him for he was sent up as a boy to an industrial school in Ohio and he also did time in California.

The other was for burglary and theft of over fifty dollars. He also has done time in the penitentiary twice before in Texas. In his trial here he was found guilty as charged, and was sentenced to serve five years in the penitentiary. He was also found guilty of the same offense in Lubbock and Lamesa. At Lubbock he drew five years, and at Lamesa he drew seven years. A grand total of seventeen years so far all to run concurrent. We released him to Abilene authorities yesterday to be tried down there.

This past weekend has been pretty quiet. Up until about 3 o'clock Sunday evening we hadn't made an arrest. At about 3 p. m. we got a call that some Negroes were having a fight just east of Mr. Bole's place northeast of town. When we arrived at the scene we only found a puddle of blood, but about a mile on down the road we found a car with some Negroes trying to wash up. He was afoot. We got him and brought him to jail and started looking for the other one. We found him about six o'clock at the hospital getting his face sewed up. He had been carried on just a little. They both pleaded guilty to affray and was fined \$18.00. They paid off and were released.

Sunday night we got two drunks and they were fined \$18.00 and released.
 Wednesday morning Ralph got a drunk driver, and also has filed on him for having in his possession too much liquor unstamped. In fact he got one of the largest bottles of whisky I have ever seen.

This new night man is small, but he is really on the ball. Just don't mistake him on the account of his size. I think he is capable of handling most any situation.
 The grand jury was in session this week. They indicted three, one for theft, one for disposing of mortgaged property, and the other for swindling with worthless checks. So we have some more to run down.

I hope by next report I can have a complete report of our valuation and taxes for 1949. Bill and La Verne are about to get them all

Treating Wheat Seed Is Advised

College Station, Sept. 1.—Planting time for winter grain crops is just around the corner and now is the time to get the seed ready. It is important to plant good seed and of the right varieties. E. A. Miller, agronomist of the Texas A. & M. Extension service, suggests that you check with your local county agent on the varieties that are best adapted to your particular section of the state.

If the seed you intend to plant are mixed with weed seed, they should be cleaned and then treated chemically as a safeguard against losses from grain smuts, seed rots and seedling blights, says Miller.

Stinking smut is the most serious wheat disease. If there are smut pores on the seed, they will germinate with the wheat seed—if conditions are favorable—and will grow with the wheat plant.

Stinking smut is hard to detect in the field, says Miller. If the infestation is severe, you may notice a foul odor and the heads will take on a greener color. At heading time, the heads will have masses of smut spores where the kernels should be and during combining operations these smut balls break open and scatter millions of black spores over the healthy seed.

Cancer Is Second Largest Killer

AUSTIN, Sept. 5.—Dr. Geo. W. Cox, State Health Officer, in speaking of cancer, said that it ranked second as a cause of death in Texas, being exceeded only by heart disease. Last year approximately 6900 Texans died of this disease. One of the reasons so many people die of cancer is because the disease usually exists some time before it is recognized. By then it has progressed from a small local cancer to a large and dangerous one.

In the beginning cancer is not painful so many persons do not consult a doctor. Any lump, especially in the breast, should be looked upon with suspicion. Other suspicious symptoms are any sore that does not heal about the tongue, mouth or lips; sores caused by broken teeth or ill fitting dental plates should receive attention; irregular bleeding or discharge from any opening of the body is a dangerous sign. Persistent indigestion with loss of weight is a symptom of cancer of the stomach. With any of these signs one should go immediately to a doctor. Many times the suspicion of cancer will have been unfounded but it is much better to be safe.

It is desirable to treat all diseases in their early stages, but in no case is it more important than cancer. Periodic examinations made with cancer in mind affords the best protection against this disease. Surgery, x-ray and radium are the main weapons which are used to combat cancer.

DID YOU KNOW....?

That Moline-Monitor drills are now available with new-type pneumatic-tired wheels mounted on stub axles equipped with roller bearings and high grade roller chain drive to the main axle?

The new wheel equipment gives you greater assurance of a uniform depth of drilling because moist soil will not stick to the tires as it sometimes does on steel-tired wheels. It also permits travelling at higher speeds, for which Moline-Monitor disc openers and fluted or double run feeds are especially suited.

If you already have a Moline-Monitor high-wheel drill and are interested in changing over to the new-type wheels, see us now.

GRIFFITHS VISITORS

Visiting in the Ray Griffiths home this week were his brother and family Mr. and Mrs. Charles Griffiths and sons, Duayne and Danny of New York, New York.

on that end.

Since Teen Town is meeting only one night a week from now on, guest admission has been changed to ten cents per time. You still may visit one time free.

There is some discussion as to opening Teen Town on Friday nights after the home football games. What do you think about it?

MULESHOE STUDY CLUB WILL MEET

Muleshoe Study Club will meet tonight September 8 at the home of Mrs. G. O. Jennings with a Southern dishes Pot Luck Dinner in the first meeting of the 1949-1950 Club year.

Officers this year are: President, Mrs. Buck Woods; Vice-President, Mrs. A. J. Lenderson; Secretary and Reporter, Mrs. Marion Harris; Librarian, Trustee, Treasurer, Mrs. Buck Ragsdale; Critic, Mrs. G. O. Jennings; Parliamentarian, Mrs. Julian Lenua; and Historian, Mrs. Lee Pool.

Teen Town Talks...

Mary Jo White

Monday night, September 5, the Teen Town Executive Council met for their first meeting since August 1. Meeting with us were Beverly Casey, Keith Bray, and Dean Herrington.

The executive council will not meet every Monday from now on, but will meet only when we have some problem to work out or something to discuss.

Teen Town will meet only one night a week from now on and that will be on Tuesday night. If enough Teen Town members want to meet after school in the afternoons to make it worthwhile, and enough parents will be willing to come and direct it, we will. If we meet after school, the meetings will be on Monday, Wednesday and Thursday afternoons, from 3:45 to 5:30 o'clock. Teen Town will buy enough different games to have a variety of entertainment for the afternoon sessions. We will try to have rook, pinochle, playing cards, dominoes, checkers, puzzles and Chinese checkers. If we do open in the afternoons we will open on Monday afternoon, September 19.

The meeting time for Teen Town on Tuesday nights have been changed from 8:30 to 10:30 to 8:00 to 10:00.

Teen Town is operating the concession stand at the home football games now. We get 50 per cent of the profits. We are also going to sell the football programs at each home football game. We are planning a skating party Tuesday night, September 20, at Morton. We will leave at 6 o'clock from Teen Town.

We are going to send our waste paper to Lubbock soon, so that we can see how we're coming out.

Garvin - Flinn Nuptials Read

Miss Bonnie Jean Garvin became the bride of J. W. Flinn Sunday, September 4, at 1 p. m. in the home of her parents, Mr. and Mrs. H. W. Garvin of Maple.

The double ring ceremony was read by Rev. C. A. Norcross, pastor of Maple Methodist Church, W. W. Chamberlin, cousin of the bride made a recording of the ceremony.

The bride and groom cut a lovely wedding cake after the service and then those present were served a dinner by the brides mother and her aunts.

Those attending the wedding and the reception were: Mr. and Mrs. W. E. Chamberlin and son of Weatherford; Mr. and Mrs. E. B. Fleming and sons; Mr. and Mrs. George Tyson and family; Mr. and Mrs. Garvin Long and family; Mrs. Olga Long; Mrs. John Tyson; Maxine and Jessie Wynn Tyson; Miss Dorothy Reeves; James Norcross; Garland Fort and the brides grandmother, Mrs. G. R. Fort.

Miss Garvin was born in Maple and graduated from the Three Way High School in 1948. She attended the West Texas School of Nursing and Texas Tech for five months. She has been an office nurse in the Amherst Hospital, Amherst, Texas, since.

J. W. Flinn finished Clovis High School, then spent four years as a laboratory and x-ray technician in the Navy. Since his discharge from the Navy, he has been working in the laboratory and x-ray technician at the Amherst Hospital.

The couple left after the reception for Fort Worth, where they will be at home at 901 Ave. E. Mr. Flinn will enter college there.

Jackson Family Gathered Sunday

Attending a family get-together last weekend at the home of Mr. and Mrs. B. L. Jackson were all of their children: Mr. and Mrs. H. D. Jackson and family of Lubbock; Mr. and Mrs. H. A. Spradley and family of Slaton; Mr. and Mrs. M. A. Barnard and family of Monroe; Mr. and Mrs. M. L. Jackson and family, Mr. and Mrs. A. E. Jackson and son, Mr. and Mrs. C. W. Ramage, and family, Mr. and Mrs. C. E. Landers, and Mrs. J. C. Dalton and family all of Muleshoe.

The group gathered at the home of Mr. and Mrs. C. W. Ramage and family Saturday night for games. Sunday dinner was served at the home of Mr. and Mrs. M. L. Jackson and family.

Progress Club Met In Gross Home

The Progress club met in the home of Mrs. J. J. Gross, Mrs. Murrah presided at the meeting. Plans for flower and style show were discussed. Comfort material had been received and given to members. Leather tooling is to be in Mrs. Corrington's home September 11 and 12.

A sewing machine clinic is to be in Mrs. Corrington's home on September 16. Everyone is invited.

Mrs. Corrington gave a very interesting demonstration on "Simplify Your Ironing" which was very practical.

Delicious refreshments were served to Mesdames Bratcher, A. R. Davis, G. C. Gross, Davis Gully, Mardis, Maltby, Maberry, Miers, Murrah, Semmacher, John Thomson, O. C. Thomson, Shankle, Little McCain, and one new member, Mrs. Pugh and also one visitor, Mrs. Davis and the hostess, Mrs. J. J. Gross.

Club Queen Entry Due By Sept. 10

Bailey County 4-H clubs and Future Farmers of America chapters have only until noon Saturday, September 10, to file their entry for the queen contest in connection with the Southwestern Cattle festival to be staged in Clovis October 3, 4, and 5.

Clubs and chapters in the county last month were invited to enter a candidate in the contest, which will embrace two Texas and five eastern New Mexico counties. The contest will close October 1, two days prior to the event.

Members of the festival governing committee decided that since the festival was more or less a rural function, a farm girl or a girl representing a farm youth group should reign over the event.

Winners from each county will be named attendants to the queen, who will be selected on a votes-obtained basis.

The candidate must be turned to Preston Grove, secretary of the Chamber of Commerce in Clovis by noon, Saturday, September 10.

BAKE SALE SATURDAY

Muleshoe Rebekah Lodge will hold a bake sale Saturday at the Cashway Grocery.

BIG CARAVAN ADVERTISES SUDAN'S FALL FESTIVAL

A big caravan of automobiles bearing Sudan citizens roared into Muleshoe and took the town by storm Tuesday, purpose being to advertise the annual Fall Festival to be held this week end in the Lamb County city. An unusual camper on their program was the staging of a square dance for a few minutes on a down town street.

NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS

The State Of Texas
City Of Muleshoe
County Of Bailey

To all qualified voters of the City of Muleshoe, Texas, who own taxable property in said city and who have duly rendered the same for taxation:

TAKE NOTICE that an election will be held in the City of Muleshoe, Texas, on the 27th day of September, 1949, to determine whether or not the Board of Commissioners of said City shall be authorized to issue the bonds of said City in the amount of \$11,000, for the purpose of establishing, constructing and equipping an airport in and for said City, including buildings and other facilities incidental to the operation thereof, and which election was duly called and ordered by the Board of Commissioners of said City,

passed on the 31st day of August, 1949, and which ELECTION ORDER is in words and figures as follows, to-wit:

Election Order For The Issuance Of Bonds

The State Of Texas
City Of Muleshoe
County Of Bailey

ON THIS the 31st day of August, 1949, the Board of Commissioners of the City of Muleshoe, Texas, convened in special session at the regular meeting place thereof in the City Hall, there being present and in attendance the following members, to-wit:

Will Harper, Mayor; Dudley Malone, Commissioner; Julian E. Lenau, Commissioner; with the following absent: none, constituting a quorum; and, among other proceedings had, were the following:

Commissioner Lenau introduced an order and moved its adoption. The motion was seconded by Commissioner Malone.

The motion carrying with it the adoption of the order, prevailed by the following vote:

AYES: Commissioners Lenau and Malone, and Mayor Harper.

NOES: None.

The Order Is As Follows:

WHEREAS, it is considered by the Board of Commissioners to be to the best interest of the City that the Bonds of said City shall be issued for the purpose and in the amount hereinafter stated, therefore,

Be it ordered by the Board of Commissioners of the City of Muleshoe, Texas,

I. That an election be held on the 27th day of September, 1949, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption of this order, at which election the following proposition shall be submitted to the qualified resident electors who own taxable property in said City and

Football Officials' Signals

who have duly rendered the same for taxation:

"SHALL the Board of Commissioners of the City of Muleshoe, Texas, be authorized to issue the bonds of said city in the total principal amount of Eleven Thousand Dollars (\$11,000), said bonds to mature serially over a period of years not to exceed eleven (11) years from the date thereof, and to bear interest at a rate of not to exceed three per centum (3%) per annum, payable annually or semi-annually, for the purpose of establishing, constructing and equipping an airport in and for said City, including buildings and other facilities incidental to the operation thereof; and to provide for the payment of the principal of and interest on said bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem said bonds as they become due?"

II. That said election shall be held at the City Hall in the City of Muleshoe, Texas, and the entire City shall constitute one election precinct.

III. That the following named persons are hereby appointed officers of the election, to-wit: Tom Zimmer, Presiding Judge; Mrs. Henry Williamson, Judge; Mrs. H. O. Barbour, Clerk; and Mrs. E. R. Wright, Clerk.

IV. That said election shall be held under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities, as provided in the General Laws of the State of Texas, and only qualified electors, who own taxable property in the City, and who have duly rendered the same for taxation, shall be qualified to vote.

V. IT IS FURTHER ORDERED that the ballots for said election shall be prepared in sufficient number and in conformity with House Bill Number 357, passed by the Fifty-

first Legislature in 1949, and that printed on such ballots shall appear the following proposition:

"For the issuance of bonds and the levying of the tax in payment thereof."

"Against the issuance of the bonds and the levying of the tax in payment thereof."

AS TO the foregoing proposition, each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his or her vote on the proposition.

VI. That a copy of this order, signed by the Mayor of the City and attested by the City Clerk, shall serve as proper notice of said election.

VII. That said notice of said election shall be given by posting and publication of a copy of this order, at the top of which shall appear the words "NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS", said notice to be posted at the CITY HALL, the election precinct herein designated, and at two other public places in said City, not less than fourteen (14) days prior to the date on which said election is to be held, and be published on the same day in each of two successive weeks in THE MULESHOE JOURNAL, a news paper of general circulation in the City of Muleshoe, Texas, the first of said publications to be made not less than fourteen (14) days prior to the date set for said election.

PASSED AND APPROVED, this the 31st day of August, 1949. Will Harper Mayor, City of Muleshoe, Texas.

ATTEST: R. J. Klump City Clerk, City of Muleshoe, Texas.

(CITY SEAL)
THIS NOTICE of election is issued and given by the undersigned, pursuant to authority conferred by virtue of the above and foregoing order of the Board of Commissioners of the City of Muleshoe, Texas, and under authority of law.

WITNESS MY HAND AND SEAL OF THE CITY OF MULESHOE, TEXAS, this the 31st day of August, 1949.

Will Harper Mayor, City of Muleshoe, Texas.

It's a Wonderful Car—a Wonderful Buy!

Wherever you go you hear people talking about the new Pontiac. Naturally, a great many people talk first about Pontiac's outstanding beauty.

A great many others say they have heard reports of Pontiac's performance, its alertness in traffic, its smooth luxurious ride and the wonderful convenience of GM Hydra-Matic Drive.*

Still others tell us what they have heard about Pontiac's economy. And well they might, for Pontiac is sensibly priced, just above the very lowest. And it is so thoroughly dependable that it will give years of pleasure and superb performance with only minimum servicing. Come in soon and get the whole Pontiac story.

MULESHOE

Make farm and suburban life easier and more profitable by installing an Aermotor electric water system.

Aermotor electric pumps, for shallow or deep wells, provide all the running water you need for stock and household uses.

Plenty of fresh water makes stock thrive, increases milk and egg production, takes the drudgery out of laundering and dishwashing.

A few cents a day, will pump hundreds of gallons of water to the faucets.

Come in and see how an Aermotor electric system can take over the hard task of pumping for you.

BACK FROM WESTERN TOUR

Mrs. Lela Barron has returned after a trip through the northwest and west. She was accompanied from Albuquerque by her daughter, Miss Lela Mae Barron, and the Misses Berrhill, friends. The four went through New Mexico, Colorado, and Arizona to Salt Lake City, thence to Yellowstone National Park. Afterwards they visited Crater Lake, then went through Oregon and Washington to Vancouver, B. C. Driving down the west coast they visited San Francisco and Los Angeles, returning by way of Las Vegas, Nev. where they went through the Hoover Dam. A visit to the Grand Canyon was up their sight-seeing tour. Mrs. Barron thought the State of Washington presented the most beautiful scenery and was especially enthusiastic about the lush Columbia River Valley where vegetables, fruit, and flowers grew in profusion.

WOLVERINES TO TEST MULES HERE FRIDAY NIGHT

Local Team Too Cocky, May Be Surprised By Springlake's Speed

The cocky overconfident Muleshoe Mules will go into their opening game here tomorrow night with a slight weight advantage over the Springlake eleven. The Mules starting line-up will average 169 pounds per man to the Springlake's 154 pounds per man. This gives the Mules an average of six pounds weight advantage. The Muleshoe backfield averages 164 pounds per man while the line will average 171 pounds per man.

The Springlake backfield will average 150 pounds per man and the forward wall will average 155 pounds per man.

Came time is set at 8:15 p. m. at the local high school football field.

In the backfield for the Mules, Ed Nickels will start at the quarterback slot, weighing 150 pounds;

Joe Cummings, wingman, 175 pounds; Bobby Goss, wingman, 190 pounds; Ray Kersey, fullback, 140 pounds.

The starting forward wall for the Mules are: Ends, Bill Gaede, 155 and Benny Douglass, 165; tackles, Charles Taylor, 175, Bill Collins, 180; guards, Bill Thomson, 160, Robert Martin, 175; center, Phillip Garrett, 190.

The starting line-up for the Springlake eleven are: ends, Cliff Morton, 156, Duane Baret, 145; tackles, Earl Jordan, 210, Bill McClement, 148; guards, Donnie Dent, 140, Clinton Williams, 146.

In the backfield J. J. Barlow, quarterback, 168; Junior Smith, rb, 145; Roy Dale Underwood, lb., 143; Freddie Maxey, fb., 147.

Coach for the Springlake eleven is Grady Baker and the Wolverines colors are Green and Gold.

Officials for the game Friday night are all very competent men. Referee, Paul C. Feathergill; Head Linesman, Clyde Wood; Umpire, Shorty Hayhurst.

The Wolverines will be out for sweet revenge from last year's defeat at the hands of the Muleshoe eleven and from all pre-game appearances they are likely to get

Muleshoe Nine Downs Lazbuddy 16-6; To Play Return Game Sunday

The Muleshoe nine blasted the Lazbuddy nine here last Sunday afternoon by a score of 16 to 6. Alvin White started on the hill for the local team, but after the Lazbuddy crew earned four runs off of him in the first three innings of play, he was relieved by Bobby Wallan, who came through for the local team, allowing the Lazbuddy boys only two more runs and left nine men standing at the plate.

At the same time the Muleshoe boys began to limber up a few of their old muscles and started banging the bats all over the park to bring in 16 scores.

Brown started on the hill for the visitors and was relieved in the fifth inning by Gene White, who finished the game for Lazbuddy.

A return game will be played Sunday afternoon at the Lazbuddy ball park beginning at 3 o'clock.

The Lazbuddy team was not in top condition for the game here last Sunday and were hampered by the fact that some of their regular players were not out. They say it will be a different story this Sunday in Lazbuddy.

A large crowd of fans attended the game here last Sunday and a larger crowd is expected to be on hand to witness the game at Lazbuddy Sunday.

Bobby Wallace will start on the mound for the local team next Sunday and "Red" Wright will be behind the plate.

That revenge too.

The Muleshoe eleven are cocky, too cocky in fact, and the fast Wolverines are likely to hit them like a bolt of lightning tomorrow night and rack up what would be considered a big up-set in most circles. However, we doubt that it would be as big an upset as some people might think, as the Wolverines are fast and tricky and more than likely will be plenty smart.

If the Mules do win this game it will probably be by the skin of their teeth. It will be a battle from start to finish, and the fast Wolverines never gave up and put up a strong battle until the final whistle was blown.

That's the way it will be tomorrow night, a battle from start to finish. These Springlake boys are never a pushover for any ball club and they are likely to win this one.

Field Mice Destructive To Melon Crops, Seed

Untold damage is done each year to cucumber, cantaloupe and watermelon fields by mice destroying the seed which are planted and also the plants which are up and bearing fruit. H. A. Bowers, Clemson college crop specialist, says:

Bowers explained that the meadow mouse destroys the seed after they are planted, and the pine mouse cuts off the plants at the

Slants From The Sidelines...

By W. E. Hill

The powerful Littlefield Wildcats were tamed last Friday night by the Dalhart eleven 14 to 0.

We didn't see the game, but it is very likely that the Wildcats figured all they had to do was to run out on the field and the game was in the bag, but, they found out differently.

We are almost positive that the game was lost by the Wildcats because of overconfidence and the underestimation of Dalhart's never say-die attitude.

Muleshoe should profit from the little lesson that Dalhart taught the Wildcats. Never underestimate any team that you meet. Never go out on the field with the ball game won before the starting whistle has been blown.

Every team that we meet will be coached by competent coaches who know their stuff and even though some of the teams may be slightly smaller than our eleven, they may be as smart or smarter.

The never has been a ball game won or lost until the final whistle has blown. Regardless of the dope you have heard about another team, always look at them as the best in the country, and that you are going to have to outplay and outsmart them for four solid quarters in order to be on the long end of the score when the ball game is over.

In the scrimmage session here last Thursday night, the local boys didn't run through the Plainview team as badly as they did when the Muleshoe team met them on their home field, but both teams showed plenty of improvement in the week interval of training.

The local boys are beginning to hold on to the ball much better, and their defensive work looks exceptionally good. However our offense looked a little sloppy at times, but this was to be expected. Ed Nickels only had four days practice at the quarterback slot, taking over Ted Lawler's position, and naturally in four days time he was unable to handle the ball very well, but he will improve as time goes by and may be making a slick ball handler by the time Ted Lawler gets back into the lineup. Ed Nickels and Joe Cummings are alternating at the the quarterback slot. Cummings looked pretty good handling the ball and at other backfield positions. Bobby Goss was outstanding in his backfield and line positions.

Downfield blocking is about the only thing that we believe the team has not improved on. The team is still looking very sick in that department. We hope that this will improve before we start running into our conference foes.

Morton came through with an impressive win last Friday night defeating Whitharrel 27-6. Watch out for those Indians or they will scalp you.

Water Ass'n. To Be Continued

Members of the Bailey County Water Conservation Association in called meeting here Tuesday decided to continue at least a skeleton organization against possible future need for group action. Jesse Osborn is president and Delma McCarty secretary of the local organization.

Mr. Osborn attended a Plainview session of the Hi-Plains Water Conservation Ass'n. held this week. W. O. Fortenberry, Lubbock, is president; Posey Cunningham, Castro County, vice-president and Charles Schuler, Petersburg secretary of the regional organization.

Rain Tuesday Was .61 Inch

Showers fell over a wide section of the Plains again Wednesday night but Muleshoe got only a sprinkle, not enough for even a trace in the rain gauge kept by R. J. Klump.

Mr. Klump reported the shower of Tuesday afternoon and night amounted to .61 inch. However, it was purely local. Needmore to the south reported no rain and some farmers living northwest of Muleshoe reporting as much as an inch.

Moisture is needed in many sections for growing crops as well as to provide wheat planting season.

ing some of our trouble . . . one or two of their men have been hurt in practice and are likely to be out of the lineup for several weeks. . . . This is strictly from the grapevine though, so we won't vouch for it's true, authentic vouch that it is true.

We overheard one fellow who saw the Littlefield-Dalhart game say that Littlefield was penalized 70-yards in the first half of the ball game for unnecessary roughness and etc. . . .

We have heard it rumored that this paper had something to do with the changing of the name of the Mules from Yellow Jackets . . . taint so . . . we had nothing to do with it whatsoever.

In Belgium, pigeon racing compares with our baseball as a national sport.
