### About Our Friends

By STEP A. LONG

Dr. F. E. Clark is an enthusiast about livestock . . . and there is method in his madness . . . Because as he says livestock is the farmers hope in Eastland county . . . A man must do unusually well to produce a profit of \$15.00 on a bale of cotton while it is easy to take that much profit from a calf . . . and when the cotton has been produced, it has left the land more or less impoverished . . . while the calf has added fertility to the land on which it has grazed . . .

And the outstanding thing about the livestock show just ended at Cisco is the high quality show each year . . . better this year than at any time in history . . . Men like Clark, Jones, Harrell, Thurman, Wende, Mitcham and Weddington are making two blades of grass grown, so to speak, where only one very poor one grew before . . . The little thin hind quarter of the beef has been made into one that demands a high price with lots of quantity . . . The hog has been made into hams of a like quality . . . Goats and sheep have been found to pay big dividends to Eastland county farmers with little outlay of feed or pasture . . . Eastland county lands are livestock lands . . . her agriculture future lies in producing feed to market through livestock.

T. G. Caudle and his Future Farmer boys deserve a lot of credit for the success of the Cisco show . . . they have done lots of work getting things organized and looking after details that no one outside of the organization will ever realize . . . These boys will be the successful farmers of the future . . . they will know about trench silos and will understand the care of stock . . . and better than all, they will appreciate their value and will have a love for the development of a better grade of offspring year-by-year.

### WOODUL SIGNS OLD AGE TAX Bill SATURDAY

AUSTIN, Oct. 31. (U.P.)—Lieutenant Governor Walter Woodul as acting governor today signed the new old age assistance tax bill passed by the special session of the Texas legislature. Later he signed the companion act permitting payment of interest on old age pension warrants as a step to financing aid until tax collections begin under the new bill.

Immediate steps were taken to facilitate financing. The new act restricts payment to persons in need, Director Orville Carpenter said that the method of reducing the rolls to the new standard will be announced next week. Tax Commissioner R. B. Anderson estimated that more than \$6,000,000 a year will be provided for new and increased taxes.

### Hallowe'en Brings Crowded Streets

A street crowded with young and old through the main streets tonight as we go to press, eager to get all the thrills there are to be had from Hallowe'en and its accompanying masquerading and spookiness. It has long been the custom in Cisco for children to array themselves in costumes and masks befitting the occasion, and parade the streets until late at night.

Their elders have come along to see the fun and renew, for a while the thrills of their own youth. In past years the youth took occasion at this time to do much damage to private property in the name of fun, but happily, a better sense of fair play has entered the youthful mind and much of these pranks have ceased.

It is to be hoped that this sense of fairness may continue to grow in the minds of Cisco's youngsters and they will be able to distinguish between having fun and doing damage to private property that brings no fun while it brings loss of those who are made victims' of this useless distraction.

## Local Stockmen Develop Quality Herds

### EXHIBITS ARE EVIDENCE OF IMPROVEMENT

The Livestock show held in Cisco Friday and Saturday marks another milestone in the progressive development of foundation stock of a high quality in the Cisco trade area, contrasting sharply with the large breed cow of a generation ago with her thin hind quarters and frame that could not carry the juicy steaks of her modern daughter which bring such profitable prices in the Kansas City and other markets of the world.

The exhibits were good in every department, the Asiatic breed of sheep whose one-day old lambs produce that costly karakul skin coats that milady finds so suited to her apparel, attracted much attention. The black Aberdeen Angus cattle displayed by the herd of nine animals belonging to Croft brothers, was very good; Clark, Jones, Mitcham with his outstanding showing, and other exhibits of dairy, sheep, goats, hogs and the cattle—all were in keeping with the general trend of "Better Stock for Cisco."

Ribbons and prizes were given winners a list of which were printed in the Daily News of recent date.

### Soloist Will Sing At First Methodist

R. Barton Coffin, baritone, head of the voice department at John Tarleton college Conservatory of Music will sing at the Methodist church Sunday morning, Nov. 1. Mr. Coffin has studied under the famous voice teacher, Graham Reed, Chicago Richard Kenrath of Rochester and Dale W. Cox, Earlham College. He holds the Bachelor of Music degree in voice from Chicago Musical College and this summer worked toward his M. A. in music education in the Eastman School of Music at Rochester, New York. In addition to teaching private voice lessons, Mr. Coffin will direct the College Glee Club, the Tarleton Chorus, and will teach theory classes. Rev. John A. Siefeloff of Fort Worth will preach at both services Sunday. Many Tarleton students have come home for the weekend and will be present to hear Mr. Coffin sing.

### Stan Laurel Sued by Common-Law Wife

LOS ANGELES, Oct. 31. (U.P.)—A woman claiming to be Stan Laurel's common law wife, sued the film comedian for separate maintenance today asking \$1,000 a month for life.

### Strike Spreads to Baltimore Today

BALTIMORE, Oct. 31. The maritime strike spread to Baltimore today as 700 members of the International Seamen's Union voted to quit nine ships in the harbor here.

### Line Foreman is Killed Instantly

FORT WORTH, Oct. 31. (U.P.)—John McKissick, 61, line foreman for the Texas Electric Service Company was killed instantly today when he accidentally contacted a high voltage wire.

### 'Red' Evidence Held Sacred, Judge Rules

AUSTIN, Oct. 31. (U.P.)—Members of the House of Representatives committee investigating alleged "red" teaching at the University of Texas cannot be required to divulge the source of letters used in the hearing, Peace Justice Holt ruled today.

HUNTER TOO EAGER ALTURAS, Cal. (U.P.)—Harold Carroll bought a mule to carry his equipment on a deer hunting trip. Tying the mule to a tree, he made a wide detour in search of game, but coming again unexpectedly upon the animal, he mistook it for a deer and shot it.

### Held in Slaying Of His Mother

"New evidence brought the arrest of Charles Baldwin, 41, above, on a charge of murdering his mother, wealthy Mrs. Juliette B. Enslow, 63, at Huntington, W. Va. Baldwin, an army air corps captain in the World War, was jailed a week after Mrs. Enslow was found beaten and strangled at her bedside. Baldwin is the son of Mrs. Enslow by a former marriage.

### BABY DERBY SEEMS LIKELY END IN MUDDLE

TORONTO, Oct. 31. (U.P.)—Charles Vance Miller's ten year \$750,000 baby derby came to a finish today as muddled a state as that attorney could have wished.

With the winner almost impossible to pick, lawsuits pending, relatives contesting the Miller will in which he left his fortune to Toronto's most prolific mother, the Ontario government prepared to intervene in what Miller's friends call the "greatest practical joke of that eccentric lawyer's career."

### Firms Charged in Voting Connection

DENVER, Oct. 31. (U.P.)—Charges of violating the Colorado election laws by allegedly attempting to influence the votes of employees in the coming national election were filed today against two Denver business firms.

### Major Rallies Bring Campaign To Climax

By RONALD G. VAN TINE  
United Press Staff Correspondent  
WASHINGTON, Oct. 31. (U.P.)—The 1936 Presidential campaign, begun four months ago with the nomination of President Roosevelt and selection of Gov. Alfred M. Landon as the nation's major party candidates neared the end today with a record number of voters scheduled to produce the result at the polls Nov. 3.  
Last night the Democratic and Republican candidates concluded weeks of vigorous cross-country campaigning among farmers at the crossroads, village merchants, townfolk, and workers in the cities. The President delivered his final re-election appeal at an old-fashioned Democratic rally at Madison Square Garden, New York. Governor Landon addressed Republicans in St. Louis. Both then will retire to their homes to vote and await the outcome.  
Somewhat as an ante-climax will be radio speeches by Governor Landon and President Roosevelt Monday night. Both will make final appeals to "fireside audiences" only a few hours before the polls open.  
Victory for both candidates was forecast by their campaign directors—youthful John D. M. Hamilton, chairman of the Republican

### PACIFIC COAST LABOR WILLING TO NEGOTIATE

SAN FRANCISCO, Calif., Oct. 31. (U.P.)—Pacific Coast Dock and Maritime workers notified the United States Department of Labor today that they were willing to resume negotiations with ship owners in an effort to end the strike that has paralyzed shipping from Alaska to Southern California.

The offer was made in response to requests from Secretary of Labor Frances Perkins that the disputants "get together."

Edward McGrady, ace trouble shooter for the department, resumed efforts to bring individual unions and ship owners into conferences. His efforts were inspired, he said, by a fear that the strike would spread to the Atlantic coast and Gulf of Mexico ports and tie up the nation's shipping.

The strike the effect of which was felt as far inland as Spokane, Wash., where millers say their flour shipments to the Orient are in danger, was complicated locally by a strike of warehouse men.

### LONGSHOREMEN THREATENED

GULF PORTS, Miss., Oct. 31. (U.P.)—Longshoremen in all major gulfs and south Atlantic ports were threatened today with expulsion from affiliation with the Longshoremen's association, if they walk out in sympathy with the Pacific coast strike. The ultimatum was issued by Holt Ross, southern representative of the American Federation of Labor.

### WORK UNINTERRUPTED BY STRIKE

HOUSTON, Oct. 31. (U.P.)—Wilbur Dickey, business agent for the International Seamen's Union, denied here today that any official recognition had been given ninety seamen who voted to call a sympathy strike at the local port.

Work on ships continued uninterrupted in this district Saturday.

### ENGINEERS JOIN STRIKE

NEW YORK, Oct. 31. (U.P.)—Licensed engineers joined the "sit down" strike of seamen today when they were ordered off intercoastal ships in ports here.

### U. C. C. Personnel To be Collected

AUSTIN, Oct. 31. (U.P.)—Collection of administration personnel under the Texas Unemployment compensation commission will be begun soon as the act is approved by the Federal Social Security Board, R. B. Anderson, executive director, said here today.

### As New Englanders Acclaimed Roosevelt

### COTTON CROP THIS SEASON IS INCREASED

WASHINGTON, Oct. 31. (U.P.)—The Bureau of Agricultural Economics today predicted world cotton production in the 1936-37 season will amount to about 29,100,000 bales, a new high record for world cotton production.

Last year's world crop amounted to 26,500,000 bales, while the previous record crop was in 1926-27 when production totaled 28,417,000. The bureau said a world carry-over of approximately 7,000,000 bales gives an indicated supply of American cotton for 1936-37 of about 18,600,000 bales, 9 per cent less than the average supply from 1923 to 1933.

### Charge Industry With Denying Jobs

WASHINGTON, Oct. 31. (U.P.)—American Federation of Labor charged industry today with having "denied jobs to several hundred thousand unemployed" by lengthening hours of work during the past year.

### Registration Totals Up

Voters soon realized they were going to decide one of the most momentous election contests in history. They crowded into registration booths in record-breaking numbers. Tremendous gains over former years were recorded in every section of the country. New York reported 2,899,123 voters, 560,319 more than in 1932. In Chicago 1,807,791 persons registered, compared with 1,498,314 four years ago. Los Angeles exceeded its 1932 total by 95,916. Other cities reported similar increases.

From the rear platforms of their special trains, over nation-wide radio networks and at party rallies, Governor Landon and his running mate, Frank Knox, Chicago publisher, directed a strenuous attack upon the Roosevelt administration. New Deal prosperity they said, is illusory and New Deal policies are storing up future economic calamities of super-1929 dimensions. "We must put the New Deal spenders out," said Governor Landon in an address, hitting at what he termed the wasteful policies of the Roosevelt administration and charging his opponent with viola-

### Smiling happily over the amazing enthusiasm of crowds that broke through police lines and swarmed over the campaign caravan, President Roosevelt looks fresh and vigorous at the end of a strenuous two-day campaign tour in New England. Pictured is the immense throng gathered on the lawn of the Connecticut capital at Hartford to hear Roosevelt speak.

### BAKER SAYS HE PROTECTED YOUNG RADICAL

PORT ARTHUR, Oct. 24. (U.P.)—Police Chief H. F. Baker, who "escorted" Homer Brooks, 25-year-old communist candidate for governor from this city Thursday night, denied today he had deprived the young radical the right of free speech.

Baker revealed that he had received a telephone call from acting Governor Walter Woodul in Dallas concerning reports that Brooks had been denied the right to speak.

"I told him that Brooks was held and escorted from the city for his own protection. That Port Arthur people resented Brooks' coming here and feeling was running high," Baker said.

### Landon Spans Continent

The Republican candidate whose campaign tours from the governor's mansion at Topeka, Kas., carried him eastward to Portland, Me., New York and other cities and westward to Los Angeles, sharply criticized Mr. Roosevelt's farm labor, social security, and reciprocal trade policies.

He declared the President had taken the road to dictatorship and demanded repudiation of administration spokesmen who "advocate the doctrine of scarcity of regimentation of all phases of our life by an all-powerful Federal government in Washington."

Governor Landon promised a balanced budget, a return to a system of direct relief instead of work relief, a farm program which he said would substitute plenty for "scarcity," and strict adherence to the constitution.

Roosevelt Swings Into Action Mr. Roosevelt heard the first rumbling of the Kansas' attack and set out to convince the nation that his administration had restored a genuine prosperity. "We are not here to defend the

### RIO GRANDE TO BE DRAINED OF LOWER WATERS

AUSTIN, Oct. 31. (U.P.)—Fears were expressed today that the Rio Grande, from Donna to the Gulf of Mexico, will be drained dry by an intake channel which the government of Mexico is constructing to divert the waters of the international river into a storage dam at Ratamul.

Information has reached the Texas Planning Board, which has already interested itself in the Rio Grande water situation, that considerable apprehension is being shown by irrigation interests in the Lower Rio Grande Valley over this channel which they claim will practically change the channel of the Rio Grande from a point south of the Donna pumping plant.

This big intake, according to a report received by the Texas Planning Board, is designed to take water from the Rio Grande by gravity flow. It is estimated that a flow of 6,000 second feet can be run through this intake, which is more than the flow of the river in the lower part of the Valley a large part of the time.

The intake would divert this large volume of water for irrigation purposes in the Mexican valley of the Rio Grande. Since there are no existing agreements between Mexico and the United States concerning the use of water of the Rio Grande, Mexico can divert whatever amount of water she desires through this intake, seriously jeopardizing irrigation system below Donna.

The Texas Planning Board has been pressing for a Rio Grande treaty with Mexico and it is hoped that such an agreement will be made in the near future.

### Regents Refuse to Comment on Paper

AUSTIN, Oct. 31. Regents at the University of Texas meeting here today refused to comment on the censorship of the Daily Texan, student paper.

Journalism fraternities at the University meanwhile advanced a plan to require two years work on the Daily Texan before a person became eligible for the editorship. It was also proposed to give the Board of Student Publications authority to remove an editor.

Mr. and Mrs. Robert L. Maddox have as their guests Mr. and Mrs. Paul Parker of Tyler, father and mother of Mrs. Maddox, and R. L. Maddox of Ballinger, father of Mr. Maddox, said here today.

### MORE THAN 40 MILLION VOTES TO BE CAST

By United Press  
The \$10,000,000 presidential campaign of 1936 ended Saturday night in New York and St. Louis, where candidates Franklin D. Roosevelt and Alf M. Landon made final nationwide appeals.

More than 42,000,000 voters will express their choice on election day next Tuesday. From coast to coast came reports of record breaking registration of new voters and men and women who have not for many years taken the trouble to qualify themselves.

Landon hurried westward after an invasion of New York City. The president was back in his town house after a final swing through middle Atlantic states.

Midway between the two coasts, former President Herbert Hoover Friday night fired his parting shot at Roosevelt in Denver, Colo. Gov. Alfred E. Smith, former governor, asked democrats to vote for Landon in a speech Saturday night at Albany, New York.

### ROOSEVELT FACED LAST AUDIENCE IN NEW YORK

NEW YORK, Oct. 31. (U.P.)—President Roosevelt faced his last big election audience Saturday night confident the nation will return him to office for another four years.

The last big show of his offensive that has carried him into many states, hammering home the theme of "Recovery is Here" was staged at Madison Square Garden, where Gov. Landon spoke Thursday night.

The president predicted Saturday of the president of cheering workers from Democratic National Committee Headquarters that he would be re-elected by majorities which would grow bigger "the more people sides" to both sides and read both sides.

Roosevelt based his confidence on a belief that citizens are taking an intelligent interest in the campaign and are reading the messages of both parties.

### LANDON MAKES FINAL APPEAL IN MISSOURI

ST. LOUIS, Oct. 31. (U.P.)—Gov. Alf Landon carried his campaign down the home-stretch Saturday with a final drive for Missouri votes as a prelude to last night's concluding battle against the Roosevelt administration here.

The Kansas governor and his party appeared in high spirits and the nominee was described as confident of the outcome.

### REBELS FAIL TO MAKE GAINS OVER MADRID

By United Press  
Rebel planes attacked Madrid repeatedly today but their raids were ineffective owing to the fire of anti-aircraft guns.

The enemy aircraft appeared over Madrid four times Saturday afternoon. Rebel bombers and pursuit planes, machine gunned a government anti-aircraft nest.

Two explosions were heard; one bomb injured two persons but apparently no serious damage was inflicted.

The attack on the anti-aircraft nest came after the bombers staged a spectacular power dive over the city. No bombs were dropped on this raid as the planes swiftly departed under anti-aircraft gun fire. The planes could be heard but not seen, due to the haze.

The populace ran for subway stations and dugouts when the siren screamed four times before the planes appeared. Automobiles and trolleys continued to move during the raid.

Meanwhile, reports from the south indicated, the rebels were meeting the loyalist's attacks with vigor.

The aerial raids on the capital were resumed as authorities counting the casualties from a shower of bombs Friday accounted for 148 deaths.

Catalonia mobilized 200,000 additional men after a daring nationalist attempt to land troops on the coast between Barcelona and the French frontier.

### WEATHER

EAST TEXAS—Probably rain Sunday, colder except in lower Rio Grande Valley.  
WEST TEXAS—Cloudy and cooler; probably rain Sunday.

Eve Caused the Rise of Man!

Through the ages woman has been condemned and abused by man on account of that little affair in the Garden of Eden, because according to popular conception, woman occasioned the fall of man. It is our opinion that woman caused the rise of man; and through the power and glory of the constitution of the United States we are entitled to our opinion.

and grand, than to have as our progenitors those who had no more grasp of moral issues than a chipmunk. And what inspired Eve to do what she did? The serpent. But in those days the serpent wasn't regarded as what we regard him. The ancients worshipped the serpent; they looked on him as typifying shrewdness, cleverness, wisdom.

The woman of today is doing exactly what the first woman did—spurring man on and on; encouraging him to do more and more; to be more and more; to increase his knowledge and enlighten his understanding; to broaden his spirit.

Our hat is off to Mother Eve. She was a real woman. But for Eve, man would still be running around in the nude; living on paw paws and hickory nuts; not knowing right from wrong.

Following Eve's example, the moral uplift institutions of all ages, have urged man to eat of the fruits of the tree of knowledge of good and evil, that he might learn to distinguish between right and wrong and to hold fast to that which is right.

Loboes' Line Weak Against Eagle Drive

By TOMMY LAMORE The mighty Abilene Eagles dominated the season Loboes' line after-though on Chesley Field to the tune of 61 to 0.

The Loboes did all they could to hold the Eagles, but the young unexpected team was no match for the Abilene squad. The Abilene Eagles started scoring early when Herman 195 pound halfback, for the Eagles went through the line for the first rally. The extra kick was no good score 6-0.

Some time later Slicker kicked to Hughes on the Abilene 11 yard line who ran the ball back 89 yards for the second rally; the extra point was again no good. Score 12-0. Taking the following kickoff, the Loboes lost the ball to the Eagles on downs; first play Calhoun, on a fake play went over to the Chesley goal line; time the extra kick was good. Score 19-0.

Near the end of the first half the Eagles again scored when Racy went over on an end sweep; kick was no good, score 25-0. As the half closed Abilene had recovered a safety behind the Cisco goal. Score 27-0.

CISCO FORD DEALER GOES TO DETROIT

DEARBORN, Mich. Oct. 31—For the first time since the Ford Motor company was founded more than 33 years ago, Ford dealers from all parts of the United States and Canada will gather here next Friday for a huge dealer meeting with Henry Ford, founder, and Edsel Ford, president of the company.

Present indications point to an attendance of approximately 7,000 dealers. S. H. Nance, Cisco dealer will attend. The influx will tax hotel capacities in Detroit and crowd to its capacity the huge coliseum at the State Fair grounds where the big meeting will be held.

Preparations have been made to house the dealer group in various hotels and in pullmans parked in various railroad stations. The purpose of the meeting is the unveiling to the dealers of new Ford V-8 cars for 1937, but the climax will come when the dealers present to Henry Ford in historic old Greenfield Village the 300-year-old Cape Cod windmill, built by the pilgrims in 1633, once a landmark of the Four Corners at West Yarmouth, Mass.

REPUTABLE support of any advocate of communism... The political pot was kept boiling when Father Charles E. Coughlin, Detroit priest, vigorous New Deal foe and backer of the Lemke candidacy, called the President a "liar" and later asserted that Mr. Roosevelt was "anti-Cog."

Vandenburg Speech Cut Off Air Recently, Sen. Arthur H. Vandenburg, R. Mich., became embroiled in a dispute because he was cut off in several radio stations when he began a speech in which he used a phonograph record of the president's voice in a program Democrats shouted that the senator had resorted to "trickery unheard of in any political campaign."

The Works Progress Administration, headed by Harry L. Hopkins, was an explosive issue throughout the campaign. He publicly, repeatedly attacked the federal agency, charging that its funds had been used for political purposes and that efforts to examine its records had been met by a drastic censorship.

Investigations were demanded in several states. Finally a group of Republicans headed by former ambassador and senator Walter Edge of New Jersey, went into District of Columbia Supreme Court to seek an order forcing Hopkins to open WPA records throughout the country. Hopkins and other Democratic leaders replied that the Republican group was attempting to use relief for political purposes and that Edge "wouldn't know an unemployed if he saw one."

Smith's entrance into the campaign was hailed by Governor Land and his forces as a severe blow to Mr. Roosevelt, but Democratic chiefs declared their 1928 standard bearer had lost his influence and every time he spoke he "made votes for Roosevelt."

Others Join Smith Nevertheless, Smith invaded several sections to attack what he described as the "crackpot theories" of the president's administration. Republicans also welcomed the support of other Jeffersonian Democrats, including former Governor Joseph B. Ely of Massachusetts and former Senator James A. Reed of Missouri, who peppered Mr. Roosevelt with criticism.

SALUTE TO LOVE

BEGIN HERE TODAY KATE and CAROLINE MEED live on a farm. Meed Meadows, with their lovable, indolent grandfathers MAJOR SAM MEED, and two old Negro servants, ALTHEA and ZEPHYRUS, Kate is engaged to handsome MORGAN PRENTISS, who neglects her for beautiful and wealthy ELLA GIBBON.

Major Meed loses the farm to JEFF HOWARD, a bitter young money-broker. Kate hates Jeff, but he, in spite of her insolent treatment, finds himself loving her. Morgan offers to marry Kate if she will desert her family. Kate realizes he is unworthy and rejects him. Just as she is on the point of jilting her for Jeff, Kate feels hurt and adrift, but glad of her freedom. She works up a cottage cheese route and impulsively decides to ask Jeff to be a customer.

NOW GO ON WITH THE STORY CHAPTER XXII BEFORE the idea could cool Kate obeyed her impulse to add Jeff Howard's name to her list of customers. She changed into riding clothes (shabby boots, breeches and linen jacket) and set off on Brown Boy.

When she reached Meed Meadows she inquired Mr. Howard's whereabouts from a farmhand and learned that he was gathering apples. It amused her to see his surprise when he looked up from the basket he was packing and found her there. Kate said, "I've come on business, Mr. Howard. My sister and I are taking orders for cottage cheese and baked goods. We'd like to list you for regular deliveries."

JEFF HOWARD had the mountaineer's distaste for the "little cracker biscuits" that Blue Grass people set such store by. But then, he reflected hastily, he could feed them to the chickens. He calmly ordered four dozen a week. Kate's prices he accepted without quibbling.

Major Rallies

New Deal but to proclaim it," he told a rear platform audience en route to Pittsburgh where he defended Federal spending as a recovery measure. In the course of a single week the President: 1—Charged in Denver that the Republicans were making a two-faced campaign, promising lavish Federal bounties in the West and promising retrenchment in the East.

2—Told a Wichita, Kas., audience not to be frightened by Republican "bogeyman" stories. 3—Explained his aims of individual security at a Kansas City rally. 4—Asked business men in a major speech in Chicago if they weren't better off than they had been in 1932.

5—Told Detroit citizens their city was a more cheerful place than it was four years ago and declared that federal spending started the wheels turning again. 6—Turning in Cleveland that stockholders throughout the nation were being flooded with anti-Roosevelt propaganda sent out from Wall Street.

Communism Issue Injected Whenever the campaign seemed to lag, other issues were injected that enlivened it and attracted nationwide interest. One of these resulted from a charge by William Randolph Hearst, publisher, that the president was supported by Communists who had received instructions from the Soviet Union. The allegation was characterized immediately as false, but the controversy continued. Finally, at the Syracuse, N. Y., Democratic state convention, Mr. Roosevelt declared headstily: "I have not sought, I do not seek.

# CONVICTS TAKEN FOR KIDNAPING AT WICHITA, TEX.

BRECKENRIDGE, Oct. 31—Two men giving the names of Ed Rawls and Elmer Stamates, escapees from Oklahoma state prison, were jailed here last night after their capture by local peace officers in connection with the kidnaping of H. R. Cramer, Wichita Falls, Monday, and giving him a wild ride over West Texas to be put out four miles west of Breckenridge.

Officers said the pair admitted they hijacked Cramer Monday afternoon in Wichita Falls without use of weapons, and the two were not armed when taken at a house about a mile west of Breckenridge last night.

Sheriff Morrow Chief of Police Jackson, Claude Hawley and Ray Hickey went to the house last night. They found it occupied by a man giving the name of J. H. Tanson, whom they arrested on a liquor charge after examining a concoction "cooking" on the stove.

The officers waited there and about midnight a car drove up and the officers covered the two who occupied it. The men were captured without resistance.

Officer recovered a Pontiac car answering the description of that given by Cramer as being taken from him. Cramer, sales manager of the Gold Medal Flour company, Wichita Falls, said he was kidnaped Monday afternoon by men who got in his car forced him to accompany them to Mineral Wells and then west toward Albany. They put him out about four miles west of Breckenridge and he hitch-hiked in to the Burch hotel. There he telephoned Wichita Falls to end a search started there by police and his friends. Cramer said a considerable sum of money was also taken from him.

## Payroll Tax Requires Budget Adjustments

Southern manufacturers and employees alike were advised today by the Southern States Industrial Council to prepare now to adjust their budgets to meet requirements of the payroll tax which, under the national Social Security Act, goes into effect January 1.

Under the tax, 1 per cent of the wages of each employe and officer will be deducted during the years 1937, 1938, and 1939. The percentage will gradually be increased to 3 per cent by 1949. The employer is required to pay an equal percentage based upon his total payroll, thus matching the tax paid by employes. The fund thus collected is for payment of old age benefits to qualified persons, beginning in 1942. These benefits, it was pointed out by the Council, range from \$10 to \$85 per month, depending upon the total earnings of the individual between 1937 and the time he reaches the age of 65 years. No person who is now of that age, or will be 65 years old before January 1, 1942, will be qualified for the old age pension.

"It has occurred to us," said President John E. Edgerton of the Council, "that it is not too early for employes as well as employers, to begin adjusting their budgets and financial schedules next year to this new item of cost imposed by law."

## Spook Party Held At East Ward School

A Halloween program was given at East Ward school building Friday night, sponsored by East Ward Parent-Teacher Association, at which refreshments of cookies and hot coffee were served.

The auditorium was packed to its capacity, with many standing in the hall.

Besides a fishing pond, at which fishers paid a penny for the use of the pole and obtained prizes on the end of their hooks, a costume contest was held with Mrs. Strabe Mrs. Isbell and Mrs. Elliott acting as judges. Both children and adults participated.

Several guitar numbers were given by Mrs. Lulu Paschall who has played for the Lions club and Rotary club, as well as many other community affairs of Cisco. Miss Joyce Rainbolt rendered two piano solos.

Besides these, the following program was given: An article, "Your Child's School Needs You," from the Parents Magazine, was read by Mrs. Pearl Squaglia; acrostic by first grade; song by the second grade; "We're Spooky Little Scarecrows"; Acrostic by third grade; play in two scenes entitled "A Halloween Surprise." Characters were: Jackie Farleigh, Truman Smith, Dwayne Doyle, Carrol McCrary, Billie June Smith. A song entitled "Halloween has come," by third grade; play, "Who's Afraid?" by fourth graders. Characters were: Norma Lois McAllister, Geraldine Steffin, Elbert Richardson, Charles Preston and Douglas Boyett.

At this time Miss Lydia Sherman was introduced and made a short talk regarding "Sky High" the big community show to be sponsored by East Ward PTA November 12 and 13. The program resumed with a play in four acts—Hansel and Gretel, with the characters Hansel—Billy Grand Dula; Gretel, Wanda Lee Joyner; Mother, Frances Johnson; Father, Fred Steffey; Sandman, Glen Rose and Lee Fairy, Doris Lee Hall, White, Alline Eby. "C. C. Williams, principal of East Ward, was master of ceremonies.

## Leading Characters Chosen in "Sky High"

The first rehearsal of the cast of the big community show, "Sky High" sponsored by the East Ward Parent-Teacher association, in cooperation with the West Ward and Grammar School Parent-Teacher groups, will be held Monday evening at 7 o'clock at the City Hall Auditorium.

"Sky High" is the story of a plane designing genius, Walter Stephens, whose airship and his plans for its manufacture nearly come to grief. This part is to be played by J. B. King of the Man's Store, one of Cisco's live young business men, who is a product of the University of Texas. Mr. King is a pianist, and singer, and uses these accomplishments to advantage as leading character.

Miss Gertrude (Dutch) Van Horn secretary to Dr. E. L. Graham, plays the part of Shirley Shields, who is Walter Stephens' stenographer and who assisted him in the designing of his plane, "Sky High."

Due to the schedule of a football game for Armistice Day, the dates of the play have been moved up to November 12 and 13 instead of November 11 and 12.

In connection with the play, a popularity contest will be conducted to find Cisco's most popular child between the ages of two and eight years.

SPECIAL CENTURY ROADMASTER LIMITED

## FOUR WONDROUS NEW REASONS WHY: "It's Buick again!"

SENSATIONAL is the fervor with which the American public has taken to its heart the brilliant motor cars offered by Buick this year.

Indeed, the sweeping success of the 1936 Buick program flatly challenged us and our great parent General Motors to a momentous decision.

Should we continue this amazingly popular line of cars into next year, perhaps the prudent thing to do—or should we dare broad improvement upon their spectacular excellence?

We felt there was only one right answer to that question, the bold and progressive answer—and that's why insiders now forecasting 1937 are already saying: "It's Buick again!"

That's why on top of \$15,000,000 recently spent re-tooling and re-equipping Buick's great plant, we appropriated and are now spending \$14,500,000 more.

That's why every car in the 1937 Buick line—the SPECIAL, the CENTURY, the ROADMASTER and the LIMITED—is a triumph visibly and intrinsically outranking anything we have ever done.

Each has more beauty for dazzling style, more power for breath-taking action, more room for full-family comfort, more downright "road-command" for safety and pleasure.

See them—then you'll know why Buick's soaring sales curve is headed for yet loftier altitudes next year.

YOU'VE GOT WHAT IT TAKES! \$765

You can afford the new Buick. It's easy to buy and thrifty to own. With all its quality, its phenomenal performance and stunning style, prices start as low as \$765 at Flint, Mich.

General Motors terms to suit your liking. Safety glass included, accessories extra. Prices subject to change without notice.

## Soloists at Two Cisco Churches

STEPHENVILLE, Oct. 31—Soloists at two Cisco churches for morning services today will be musicians from John Tarleton College's Conservatory of Music.

At the Cisco First Baptist church Albert T. Luper, head of the violin department at the Tarleton Conservatory, will play at the First Methodist church. R. Bertha Coffin, harpist and head of the Tarleton voice department, will sing.

Mr. Luper, violinist and composer returned to Tarleton this fall after a summer of study at the Eastman School of Music. There he studied under Samuel Belov, violin; Edward Royce, composition and advanced counterpoint. He is a former

student of the Conservatorio Nacional de Musica at Lisbon, Portugal, and an honor graduate of the Texas Christian University School of Fine Arts.

Before coming to Tarleton, he was successively assistant violin teacher at T. C. U., instructor of violin and orchestration at Southwestern Baptist Seminary, a member of the violin staff of the Fort Worth Conservatory of Music and instructor in the Baylor University School of Music.

Competing in the professional class in the annual contest sponsored by the Fort Worth Enterprise club a few years ago, Mr. Luper won the highest award, including a contract for several programs over WEAP. He has been presented in a program of his own compositions over WFAA, Dallas.

Mr. Luper has played first violin in the Fort Worth Symphony Orchestra for two years, has been invited to play again this year. He will appear on the Texas Artists Series at the Texas Central Centennial Exposition in Dallas on November 14 at which time he will play several original violin numbers. One of his compositions for mixed voices, "The Lord's Prayer," was published in the Choir Herald Magazine recently. He is the son of Albert W. Luper, pastor of the Oak Cliff First Baptist church, Dallas.

Mr. Coffin, who will sing at the Methodist church, came to Tarleton this fall to teach voice and ensemble singing, direct the college glee club and the Tarleton chorus, and

teach several theory classes. He received his A. B. degree from Earlham college, Richmond, Indiana; his Bachelor of Music in voice from Chicago Musical college; and this summer worked toward the M. A. in music education at the Eastman School of Music, University of Rochester, Rochester, N. Y. His vocal training was under Graham Reed, Chicago; Richard Kouraty, Rochester; and Dale W. Cox, Earlham college. He has studied conducting under Rudolph Ganz of Chicago and composition with Louis Gruenberg of Chicago.

Miss Elizabeth Mayhew, professor of piano at Tarleton will accompany Mr. Luper; and Mrs. Coffin will accompany Mr. Coffin.

## November Old Age Checks are on Time

AUSTIN, Oct. 31—Pension Director Orville S. Carpenter said this week that November 1 grants to 87,000 aged for approximately \$1,360,000 would not be affected by changes in the Texas Old Age Assistance Law.

Saturday, October 24, Carpenter sent a sworn statement to the Social Security Board in Washington saying that Texas now had its share of the dollar for dollar matching funds for November assistance payments.

Carpenter said he hoped for an early approval of the Texas request and expressed belief the federal grant for approximately \$800,000 would not be delayed as was the October allotment.

October assistance checks were held up nearly two weeks because the Social Security Board was slow in passing upon a request to match state payments made to so many aged on such a liberal basis.

## Received Word of Death of Brother

S. A. Carmichael received word of the death of his brother, Henry Carmichael of Springfield, Mo., who died Friday night at 11 o'clock at his home.

The deceased is 67 years of age, having lived in Cisco 25 years. He is survived by his wife, son and daughter and brother, S. A. Carmichael. Burial services will be held in Springfield today.
