Britain Carries On

The most noteworthy thing about the supposedly worldshaking abdication of the King-Emperor at a critical moment in British and world history, was the way the British people

Edward was immensely popular. The situation was full of danger. Britain and the "dominions beyond the sea" are "democratic," even more than many nations calling themselves republics. They keep the crown not as a political power but as a symbol to preserve sentimental loyalties and serve as a keynote of the "arch of empire." A common king holds together the self-governing dominions. Anything weakening the last power of the crown might snap the bonds. What then would become of England, and of dominions and dependencies

The lower classes of England, a majority of the voters, as attempt to "smuggle the king off the throne over a week-end." There might be revolution at home. With Europe in chaos and another great international war in preparation, anything might happen. Observers in many coun-

tries began saving that England was done.

Then suddenly a political miracle, as many a time be fore in England's history. The "governing class" tightened their ranks. The labor party and other popular groups relax- A newspaper here carried an ad ed their opposition. The nation rallied not around Edward or the Duke of York, but around the "throne." Personalities Fewhatan Mine, the state's larges were ignored. Principles were upheld. Dignity was maintained. The king and premier and next-in-line behaved like gentlemen. The dominions quietly played their part, each like a little England. The ponderous legal, political and partment Education has banned the moral machinery of the empire turned

Suddenly one king was out of office and another in, the tension relaxed and life was resumed as usual. Kings may come and go, but the empire stands

Edward Windsor as Author

Edward Windsor, ex-Rex etc., needn't lack for living funds, even if he is losing his royal salary and some of his duchies and castles and palaces and miscellaneous perquisites. He can make all the money he needs by writing. Before he was sworn out of office, an American publisher was credited with having offered him \$1,000,000 flat for his memoirs. Rival bids for his literary services are expected to be "the battle of the century" among publishers, editors and newspaper syndicates.

Not that Edward is supposed to be any world-beater in this line. He has never shown any particular literary inbut he is the type of person who learns direct from life and prefers the spoken to the written word,

This type, however, if intelligent as Edward is, usually gets more experience, makes more human contacts, and has a closer grip on life than the more studious fellows. And anyway, as most people probably know by this time, it doesn't take literary talent for the productions expected of Edward. Whoever has as much to tell as he has can easily find "ghost writers" to put it on paper.

Edward may surprise people, though, by refusing to tell it—at least for the present. He has pride, self-respect and a sense of propriety in such matters

HALF-ACRE in EDEN BEGIN HERE TODAY

1936 NEA Service, Inc.

MARCIA CANFIELD, daughter of wealthy PHILIP CANFIELD, meets BRICE DeDOI GALL, artmeets HRICE DeDOUGALL, arrists, shortly after the mysterious disappearance of FRANK KEN-DRICK, to whom Marcia had been engaged. When shortages are found in Kendrick's business accounts, Marcia is more shocked than hearthroken. She realizes she was never in love with him. McDougall is attentive until DOROTHY OSBORN, who dislikes Marcia, leads him to believe Marcia is engaged to another man. There is a bank holdap and police commander the Canfield car

Marcia, leads him to besieve Marcia is engaged to another man.

There is a bank holdap and police commander the Canfield car to follow the bandits. The car is wreeked and both Marcia and her father are injured. McDongail, driving with Dorothy, arrives on the scene and takes Marcia and her father to the hospital.

Their injuries are slight Although Marcia's arm is in a sling, she takes part, a short time afterward, in an amateur play. A New York producer attends the performance and offers Dorothy a part in his next production.

Bruce, ree-skating, rescues two other skaters who have gone through the ice. He is ill for several days. JOAN BRADFORD comes to see him, becomes convinced he is in love with Marcia, NOM GO ON WITH THE STORY

#### Britain's Favorite Moves Nearer to Throne

(Photo from Studio Lisa; copyright, 1936. NEA Service, Inc.)

Closer moves the day when another Queen Elizabeth may rule Britain. With the Duke of York in the role of King, pretty, popular little Princess Elizabeth becomes the heir presumptive to the throne. Here she is shown in an exclusive, new portrait, fondling her pet dog—a child who already has captivated the hearts of millions of her future subjects.

#### **Greyhound Makes** Seven-Year Award

Driving a bus for seven years over tens of thousands of miles, in all kinds of weather without having chargeable accident of any kind is the safety record just established by 22 Greyhound drivers in the

Southwestern district.

The names of these 22 drivers are:
Jim Cooke, Fred Robinson, E. A.
Brown, W. P. Conring, J. E. Doherty, R. H. Honnoll, D. C. Ellis,
W. L. Shepherd, Ford Barnes, James Gibson, August T. House, J. J. Smith. Chas. Cottrell, Clarence Cox, J. P. Friend, Ray Lunte, E. P. Mar-tin, Frank Mayer, Pat Rowland, E. Soutter, Walter F. Warma, and B. Wells

The Southwestern Greyhound Corporation, through its president, Paul W. Tibbetts, is recognizing the onderful safety records achieved by these 22 drivers by presenting

each with a bronze plaque . . . a platinum pin . . and \$60 in cash. With such safety records being set the Southwestern district it is easy to understand why the national Greyhound system has won the trophy, awarded by "Bus Transpormagazine, every year since it has been awarded
