

CISCO DAILY NEWS

CISCO, TEXAS—1,614 feet above the sea, 5 lakes of water; 5 rail exits; 6 paved highway exits; 127 blocks of brick streets; good hotels; A-1 public schools and Randolph College; no mosquitoes; no malaria or typhoid.

FLOOD WATERS SURROUND CAIRO, ILL.

Hitler Proclaims Germany's Cooperation

WANTS PEACE; NOBEL PRIZE IS FORBIDDEN

BERLIN, Jan. 30 (U.P.)—Adolf Hitler withdrew Germany's signature today from the war guilt clause of the Versailles treaty, and proclaimed his readiness to cooperate with other nations for peace and economic progress.

In an historic appearance before the Reichstag, Hitler warned the world of the menace of communism forbade his people to accept Nobel prizes and announced the nationalization of his nation's railroad and banking system.

The address signaled the beginning of the fifth year of Hitler's rule.

In foreign affairs, he asserted Germany's return as a great world power.

The decree was issued forbidding Germans to accept Nobel prizes, the result of rage over the recent award of the peace prize to Carl Van Oortsky, German pacifist. Instead, Germany will have her own awards of three prizes, worth about \$40,000 each.

Even in Midst Of Death—Life

Life waits neither for food, fire or disaster. Here in the arms of Nurse Nathalie Dike Bosse is the tiny baby born to Mrs. Elvis Lee of Evansville shortly after her rescue from the rising flood waters.

SLOAN MAKES STATEMENT AS PEACE FAILS

WASHINGTON, Jan. 30 (U.P.)—Alfred Sloan, Jr., president of General Motors Corporation said today it was "not fair to ask us to go back and start all over again" to negotiate whether sit-down strikers should leave General Motors plants.

Sloan's statement came after the third attempt by Secretary of Labor Frances Perkins to settle the strike had collapsed, when Sloan returned to New York after a conference with her.

Sloan bluntly denied that an agreement was reached with Miss Perkins at a secret conference Friday and that he "had broken faith" in leaving Washington.

BUICK STRIKERS TO RETURN TO WORK MONDAY

LANSING, Mich., Jan. 30 (U.P.)—Twenty-four non-union General Motors workers gave up a sit-down strike outside the office of Governor Frank Murphy today.

The delegation claiming to represent 10,000 workers of the Chevrolet plant in Detroit threatened to resume their demonstrations Monday unless Governor Murphy answered the question: "Will you protect workers going to and from work?"

At Flint plans were made to re-open the giant Buick plant Monday. Officials announced 2,000 men would start Monday and 6,000 would return to work by the end of the week.

LONG, THIN LEVEE WALL PROTECTS CAIRO

The thin line of levee on which hung the hopes of Cairo, Ill., today as the Ohio river water lapped at the levee. The Ohio air waters taken the very top of the 60-foot wall. The boats shown along the levee stand higher than the roof-tops of the buildings along the street. Facing this terror, women and children were evacuated, men remained to strengthen the levee as pressure of the river water oiled up through holes in the pavements, and fissures and cracks kept appearing in the levee itself.

CITY PREPARED TO EVACUATE INHABITANTS

NEW ORLEANS, Jan. 30 (U.P.)—The weather bureau today lowered the predicted river stages in the lower Mississippi valley, due to favorable developments near Cairo, Ill., and the opening of the Bonnet Carré spillway near New Orleans.

U. S. ARMY EVACUATED MORE THAN 80,000

WASHINGTON, Jan. 30 (U.P.)—The United States Army has evacuated more than 80,000 persons in the Missouri and Arkansas flood zones, despite "conservatively optimistic" predictions that levees would hold, General Bain Craig reported to President Roosevelt today.

FLOOD WATERS COME WITHIN INCHES OF DIKE TOPS

Flood waters surrounded Cairo, Ill., today as the Ohio burst through to the Mississippi river, 15 miles north of this city of 15,000 population.

South water of the Mississippi was rising. Dikes were holding, but flood waters came within inches of their tops in some places, and the great test was yet to come.

Cairo was prepared for isolation. About 10,000 persons have been sent out of the city.

Down stream from Cairo to Helena, Ark., 100,000 men were piling higher the breastwork against destruction.

The Red Cross said it might be necessary to increase its \$10,000,000 relief budget. More than \$6,400,000 have been collected so far.

Throughout its lower length, the Mississippi was rising. The Ohio and other tributaries were falling.

Four hundred persons were reported marooned between Helena and Marianna, Ark. Deer, quail and wild turkeys flocked to levees for refuge from the flood.

Investigation of Tiptonville, Tenn., levees shook by an earthquake today, or a shifting of surface soil discovered no damage but dikes were weak.

Forecast of rain, snow and colder foretold more physical suffering for refugees, although precipitation was not expected to increase flood hazards.

AGED CLIENTS MUST APPEAR IN ABILENE

During the past week J. E. Spencer commented on the seeming injustice of the cutting off of so many of the old age pension clients without a hearing. A report was made from the district office to the effect that two assistants had been put on as investigators and that additional ones were to be added and that within a short time investigations and re-checks would be made among the more than 50 per cent of those on the county rolls which had been dropped.

Mr. Spencer lamented the fact that so large a percentage of the Eastland county old age pensioners had been dropped while the records for the state was only about 8 per cent to 10 per cent. Out of about 895 on the Eastland county rolls, approximately 522 were dropped from the list. This seems a lamentable discrepancy, Mr. Spencer suggests and on the face of it, the appearance is out of proportion to statistics in other parts of the state.

It appears now that investigations are to be conducted from the office in Abilene instead of in communities of the district and it is therefore necessary for clients who wish reinstatement to go to Abilene. A number have signified their intentions of going Monday in order that their cases may be reviewed and possible re-instatement be made at once and their pension pay resumed.

"It is regrettable that this should have happened," said Mr. Spencer, "but if they can be reinstated, perhaps the suffering among this large lot may be minimized and speedy correction made of any injustice done to these aged persons, many of whom are widows without any means of existence."

1,290,000 Barrels Is Oil Estimate

AUSTIN, Jan. 30 (U.P.)—Railroad Commission engineers estimated today that oil production in Texas beginning February 1 will be 1,290,000 barrels daily.

SOVIET APPROVES TREASON SENTENCES

MOSCOW, Jan. 30 (U.P.)—One of the biggest spontaneous demonstrations the Soviet union has ever seen was held in Red Square late today in approval of the sentencing of seventeen former Bolshevik leaders for treason.

Thirteen defendants were sentenced to the firing squad, and four others, including Karl Radek, veteran leader, to prison terms.

LEON TROTSKY DEFILES RUSSIA

MEXICO CITY, Jan. 30 (U.P.)—Leon Trotsky charged today that sentences in the trial of seventeen Bolsheviks convicted of treason were prepared in advance, and he defied the government to seek his extradition.

Oil Belt Executives Plan Ball Schedules

Members of the executive committee for Oil Belt football went into a huddle at Abilene Saturday afternoon, in an effort to make out a schedule for the fall games. Since the advent of Stephenville into the Oil Belt family, the district is unduly large and covers an unusually wide strip of territory. From Stephenville to Big Spring is a long journey for team and fans to make to test the relative strength of their skill at doing things with the mighty oval. Oil Belt coaches say, "But Stephenville has been taken in and the family is large. Some may want to divide the district and make Brownwood, Cisco and Breckenridge the western boundary, and leave Abilene and the more western towns to another grouping. Much scraping but a final peaceful solution was expected at Saturday's conference."

Superintendent R. N. Cluck and Principal O. L. Stamey attended the conference.

MINE SAFER THAN HOME

ST. CLAIRSVILLE, O. (U.P.)—V. Waddell, attorney for the state industrial commission, says that working in a coal mine is just twice as safe as staying at home. His figures are based on the number of accidents occurring in mines and homes.

WEST PART OF EIGHTH STREET HIGHWAY PERMANENTLY OPENED

The Eighth street highway from Main street to the intersection near Harrel hill west of the city is now permanently open to traffic, said A. D. Schmidt Saturday. Some dressing up is still lacking but the road will not be closed to traffic again.

In about 10 days the highway project will be given a final inspection and the work will be formally received or rejected as the case might be. Mr. Schmidt said. On many occasions the highway engineers have congratulated Cisco on the splendid piece of work that has been given them. The plans have been changed since the project began and Cisco received a much better piece of work than was at first planned. The broad thoroughfare which now accommodates traffic through the heart of the city and its residence district is one to be proud of and will afford traffic plenty of room to pass and repass without needful danger.

This road should last for many years and is destined to be the most traveled highway from coast to coast.

The East part of the project which includes a new overpass across the Katy has not been let nor is likely to be presented until late spring it has been announced.

CISCO TROOP WINS CONTESTS IN SCOUT MEET

About 150 persons were present at the Boy Scout district meeting at the Presbyterian church Friday night when scouts and scout-executives assembled for a feed and round of games and contests. Cisco more than gave a good account of herself in the results which placed Troop 101 in the lead in practically all contests.

This Cisco troop was first in attendance, having 30 boys present, also first and second in the O'Grady drill; third in the soda pop relay; first and second in camp essay work; first in scouters present, having four out of a possible seven present. Troop 101 gained 49 points in all. S. E. Hittson is scoutmaster of this troop which numbers a membership of 36. Blair Clark and Kenneth Jones are assistants.

Each scout had two hot dogs, pie, soda pop and bananas for their lunch at the feed. Vice president E. P. Crawford made the address of welcome. G. N. Quirl of Brownwood presided at the meeting.

Bank Messenger is Questioned, Robbed

HOUSTON, Jan. 30 (U.P.)—Two robbers, questioned a bank messenger closely today to determine whether \$18,183 he carried was insured, and then fled with his auto and the money.

W. E. Smith, 28, the victim, said the men accosted him as he walked toward his car from a liquor store. They forced him to drive to a secluded bridge and then took the car.

Band Activities For Cisco Schools

The Lobo band will give a concert at the high school chapel period at 10:40 Monday morning. It is announced by Bandmaster Robert L. Maddox the program will consist of a Sir Galahad Overture, Medley of popular songs, the Moonlight Madonna, and Alexander's Rag Time Band.

Mr. Maddox also announces the organization and election of officers for the Grammar school band which took place the past week. John James Haynie was elected president, Burket Huestis, vice president, Brenda Louise Warwick, secretary-treasurer. Six members of this group graduate into high school one of which will enter the senior band, others will play with the junior group which numbers about 40 members.

FUNERAL FOR A. W. JORDAN HELD TODAY

Funeral services are to be held today at 2:30 o'clock for Arthur Wilson Jordan, who died Friday morning between two and three o'clock following a heart attack Wednesday.

Services will be conducted by Rev. Joe L. Patterson, at the First Methodist church. Interment in Oakwood cemetery.

The death of Mr. Jordan, known to his friends as "Jerry" will be mourned by all of Cisco because of his host of friends and the quick friendly smile with which he greeted each and every one.

He has been assistant manager of the Leach store for the past five years. In 1920 the deceased was employed by the Katy Railroad as a train knocker, a place he held for about 10 years. He is the son of Mr. and Mrs. A. A. Jordan of Overton and is survived by three children, Mildred Louise, Jerry Jean and James Arthur, his widow, parents, and four sisters: Miss Eva Ruth Jordan of Overton; Mrs. Gene Burke of Little Rock, Ark.; Mrs. O. Q. Gogdon of Springfield and Mrs. Todd Bryant of Overton.

Palbearers are: Zelmy Blackburn, Howard Smithwick, Leslie Summerville, Theron Blackburn, Leonard Eppler and R. L. Wilson.

HIGHER FLYING BELIEVED PASADENA, Cal. (U.P.)—Regular commercial flying in the near future at an altitude of 30,000 feet is the prediction of Major Albert W. Stevens of the United States Air Corps.

Motorboat Cruises into Paducah Hotel Lobby

One man holds the wide front doors open and another steers the outboard motorboat right into the lobby of the Irvin Cobb

Hotel at Paducah, Ky. Though the first floor was flooded, the hotel was made a concentration point for refugees because it is one of the town's highest points.

Fourteen were reported drowned most of the 25,000 residents had fled, and troops ruled under martial law.

State Officials to Attend Grid Dinner

HOUSTON, Jan. 30 (U.P.)—Notables and state officials including Governor Alfred, came to Houston today to serve as "roasting material" at the annual grid dinner of the Houston Salesmanship Club.

The governor was on the train which brought 200 legislators from Austin.

Train Wreck Causes Number of Deaths

LAREDO, Jan. 30 (U.P.)—The engineer and fireman, and an undertermined number of passengers were killed today when a train was wrecked at Messa, 65 miles south of Laredo.

Hospital trains were ordered to the scene from Laredo and Monterey.

MANAGERS TAUGHT BERKELEY, Cal. (U.P.)—The University of California believes it has started one of the most unusual and yet up-to-date courses included in any university curriculum. It is for apartment managers and owners.

TEXAS LEGISLATURE MUST ACT ON MANY MATTERS; LEVY TAXES

AUSTIN, Jan. 30 (U.P.)—The 45th Texas legislature, which entered its fourth week Monday, has hopes of becoming a "do something" legislature.

It must act on old age pensions, extension of oil prorations, horse and dog racing, liquor traffic and new taxation, the last a program which may travel several separate roads.

Some legislators say a sales tax has the best chance in history of passage. Others lean toward Gov. Alfred's proposal to "soak" natural sources and corporations. Another group is included to agree with the

House State Affairs Committee which has recommended remission of ad valorem taxes to all counties leaving the state to exist on funds from natural resources and possibly an income tax.

Some of these topics will be threshed out in committee sessions next week.

Ranch Pioneer to Be Buried Sunday

FORT WORTH, Jan. 30 (U.P.)—E. B. Spiller, 51, Secretary of the Texas and Southwestern Cattle Raisers Association will be buried Sunday at Mansfield.

Spiller, member of a pioneer Texas ranching family, died early Saturday from complications following influenza. He had been associated with the cattle raisers group for 34 years, and had served as secretary since 1910.

WEATHER EAST TEXAS—Sunday cloudy; probably rain in east portion; colder in north and west portion. WEST TEXAS—Sunday partly cloudy; colder north and east portions.

Employe Numbers Needed by July 1st

SAN ANTONIO, Jan. 30.—Employers should not refuse to hire workers who do not have social security account numbers, Oscar M. Powell, regional director of the Social Security Board, declared today after he had received numerous complaints from individuals who said they had been refused employment merely because they were without account numbers.

"It is not necessary for the employers to have the employee's account number immediately," Powell said. "Employee account numbers will not be needed by employers for their first information returns to the Bureau of Internal Revenue until July, 1937. The monthly tax returns to the Bureau of Internal Revenue does not require employee's account numbers to be listed."

"However, all individuals under the age of 65 in employments covered by the Social Security act who have not already done so should file application (Form SS-5) for an account number immediately in order that they may receive account numbers well in advance of dates they are required for these information returns."

"Employers' applications for account number (Form SS-5) are now available upon request at all post offices, at the field offices of the Social Security Board and at offices of the Collectors of Internal Revenue. They may be returned to post offices through the employer, through a labor organization, or by mail or personal delivery."

"Employers are right in encourag-

ing their employes to obtain account numbers as soon as possible," Powell asserted, "but employment should not be refused to a man simply because he has not received an account number."

Office to Remain Open on Sunday

The office of tax assessor-collector will remain open on Sunday for the issuance of poll taxes, C. H. O'Brien, head of the office announced today.

In the event that anyone cannot be in Eastland by Sunday they are advised to mail checks not later than that day.

"We had originally intended to accept payment on Monday since Sunday was the last day, but since that is impossible we will be open on Sunday, the last day for payment," O'Brien announced.

The following telegram to Mr.

O'Brien in regard to Monday was received:

"Poll tax must be paid before midnight January 31 in order of holder to be allowed to vote."

J. H. Brodhurst, assistant attorney general.

New Dressmaking Shop to be Opened

Mrs. Dunn, owner and proprietor of Ladies Shop, has redecorated her windows in preparation for the sale which began last Thursday. New spring frocks, hats and beautiful hose will soon be arriving, as Mrs. Dunn plans to go to market this week.

Also in connection with ready-to-wear, Mrs. Dunn announces that she will maintain a dressmaking shop, having had many years' experience as a seamstress.

CHILD WRITES IN REVERSE

ANTONETTA SERGI, 8, writes her name "Igreš EtteniotnA." Puzzled authorities are checking the unusual theory of "reversed eyesight," brought to public attention only once before in a western state.

GOOD SAMARITAN PAYS

PORTLAND, Ore. (UP)—L. M. Morgan, 45, is a little soured on the good Samaritan role. He volunteered to help two men push a stalled truck. While pushing he ran into a passing car and suffered a broken jaw.

ROUND THE CLOCK with the MODERN Servant ELECTRICITY

Practice thrift — economize! Home can be just as modern as the factory, store or place of business. Cut down expenses. Save time the modern electric way. And there's really no reason why you shouldn't — for electric service is cheap, today!

Electric servants will not only carry you and your family quickly, easily, and pleasantly around the clock. They will also make your home a more attractive place for entertainment. Electrical appliances are really indispensable for modern hospitality. And they cost so little to buy—and use!

Start the day promptly with a modern electric alarm clock. Special display at our office.

The automatic waffle iron has taken the guess work out of waffle making. See the new models on display!

Cook an entire meal for six in one operation in the new electric roaster. Fries, bakes, roasts.

The fast-heating, light-weight electric iron does your ironing quicker—better. See the new irons on display.

Grills bacon, eggs, pineapple slices as well as chops and steaks, and sandwiches.

Clean rugs the germ-less way. A modern vacuum cleaner does the work cleanly, quickly.

Mix cake, mash potatoes, stir waffle batter the effortless way—with a truly modern electric mixer.

GRAND JURY MAKES FINAL TERM REPORT

The grand jury which has been in session the past week as a continuation of the December 1936 term for the 91st district court, finished their work Saturday and were excused. They reported examination of 152 witnesses and the finding of 33 true bills. John D. Harvey was foreman and J. E. Spencer secretary. The report follows:

Grand Jury report for the December term 1936, 91st District Court.

To the Honorable George L. Davenport:

On this the 30th day of January, 1937 we the grand jury for the December term 1936 desire to submit the following:

We have been in session 11 days this term. We have examined 152 witnesses, and have returned 33 true bills.

We desire to express our appreciation to the district attorney department, sheriff department and to all bailiffs who so courteously attended us during the term.

We have made an inspection of the jail house and find that it is in a sanitary condition.

We have made a thorough and painstaking investigation of all matters brought to our attention from all sources, and have tried to perform our duties faithfully and in compliance with the law.

Having completed our investigations and deliberations upon all matters brought before us, we respectfully request that we be discharged.

Respectfully submitted,
JOHN D. HARVEY, Foreman,
J. E. SPENCER, Secretary.

Randolph College Reaches 80 Total

About sixty have enrolled in Randolph college for the new semester which began Wednesday, January 27. It is announced. This brings the total enrollment to about eighty for the term.

Parent-Teachers Plan Modest Austin Home

"A modest home, representative of that of the average Texas family is being planned by the Texas Congress of Parents and Teachers to house its headquarters which are now located in the State Capitol building in Austin," according to Mrs. M. A. Taylor, State President of this organization. Congress plans

have the approval of the Board of Managers and will go forward rapidly for the permanent home in Austin, officials announced.

"We have options on several pieces of Austin property," stated Mrs. Will T. Decherd, chairman of the building committee. Also on this committee are Mrs. Ella Carrothers Porter of Dallas, Mrs. E. H. Becker and Mrs. J. J. Devoti of Houston, Mrs. J. H. Moore of Deport, Mrs. Dowell B. Johnson of Austin, Mrs. A. L. Morgan of Beaumont, and Mrs. Taylor.

The committee will probably meet soon to make definite plans and recommendations for the consideration of the Executive Committee at its June meeting. Mrs. Decherd said. She recalled that the headquarters were established in 1922 when Mrs. S. M. N. Marrs was invited by Miss Annie Webb Blanton, at that time State Superintendent of Public Instruction, to place her desk in the State Department of Education. The Board of Control has since allowed the office a space on the third floor outside the gallery of the House of Representatives and Mrs. Decherd today expressed the deep gratitude of the Congress for this space.

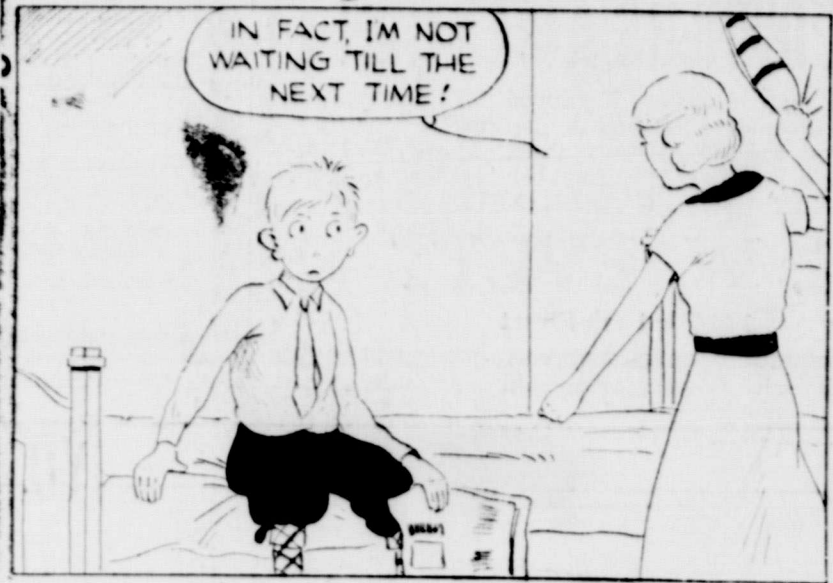

Two years intensive study of the proposed Child Labor Amendment has brought intelligent support of this measure by local parent-teacher Associations," according to members of the Legislative Committee of the Texas Congress of Parent and Teachers. The outlook for passage of this joint resolution for ratification of this Amendment by the 45th Legislature is bright, they said.

Miss Brazzell is Bride of Mr. Davis

Miss Dorothy Brazzell, daughter of Mrs. Ann Brazzell of Cisco, became the bride of Emmett Albert Davis of Breckenridge in a ring ceremony Friday evening at 6 o'clock.

The service was held at the home of Rev. T. J. Sparkman, pastor of the East Cisco Baptist church, in the presence of near relatives. The couple are spending the week end in Fort Worth and Dallas and will return to Breckenridge, where they will make their home.

Valentine is Party Decoration Thursday

A Valentine motif was cleverly portrayed in decorations for a Thursday evening party when Mr. and Mrs. E. E. Daniel were hosts to members of the Friendly Twelve Forty-two club.

Celebrates Third Birthday Friday

Little Patsy Ann Gardenhire celebrated her third birthday Friday afternoon at 3 o'clock with a party given by her mother, Mrs. W. V. Gardenhire.

Week of Self Denial

Beginning of the week of self denial was observed by the Women of the First Presbyterian church each week.

PERSONALS

Charles Clark, who is attending Texas Tech at Lubbock, is spending a few days during mid-term with his parents, Mr. and Mrs. A. V. Clark.

Social Calendar For Week

Monday
The Cisco Charity and Welfare Association will meet in regular session Monday morning at 9 o'clock at the City Hall. All members are requested to be present.

Tuesday
All Circles of the Woman's Auxiliary of the First Presbyterian church will meet with a one o'clock luncheon at the church.

Wednesday
The Delphia Club will meet at 9:30 a. m. at the clubhouse. The United Daughters of Confederacy will meet at 3 o'clock with Mrs. Jim Flournoy at her home, 1105 West Eighth street.

Thursday
The Friendly Twelve Forty-two club will meet with Mr. and Mrs. Ray Haley in their home at 613 West Eleventh street.

Friday
C. H. Parish, Mrs. Parish and children, Anetta and Mickey Don, accompanied Mrs. Fields home for a few days visit.

Saturday
Coleman Williams, student at Texas Tech, Lubbock, is guest for a few days of his parents, Mr. and Mrs. T. C. Williams.

Sunday
Judge and Mrs. B. W. Patterson of Eastland were Saturday morning visitors in Cisco.

Monday
Mr. and Mrs. Ray Haley are spending the weekend in Fort Worth and Dallas.

Tuesday
Mr. and Mrs. E. C. McClelland are spending the day with Mrs. McClelland's parents, Mr. and Mrs. H. G. Ghandy of Breckenridge.

Wednesday
Mr. and Mrs. Charles Hale, Jr., of Kilgore, are weekend guests in the home of their parents.

Thursday
Mrs. A. J. Moon spent Friday with relatives in Rising Star.

Friday
Mrs. H. G. Sharp and daughters of DeLeon returned to their home today after spending the weekend with their parents and grandparents, Mr. and Mrs. C. C. Newton.

Saturday
Joe Hughes of Dallas is spending the weekend here. Mrs. Hughes has been here since the illness of her mother, Mrs. J. W. Thomas.

Sunday
Dr. Pearl B. Waddell has returned from a two weeks visit with her parents in Atlanta, Ga.

Monday
W. A. McCall and Charlie Hartman spent Friday in Graham, Olney and Vernon.

Miss Brazzell is Bride of Mr. Davis

Miss Dorothy Brazzell, daughter of Mrs. Ann Brazzell of Cisco, became the bride of Emmett Albert Davis of Breckenridge in a ring ceremony Friday evening at 6 o'clock.

The service was held at the home of Rev. T. J. Sparkman, pastor of the East Cisco Baptist church, in the presence of near relatives. The couple are spending the week end in Fort Worth and Dallas and will return to Breckenridge, where they will make their home.

Man-Made Quakes Aid Location of Oil

Man-made earthquakes which send miniature tremors vibrating through the earth's surface similar to those created by nature, now aid geologists in locating oil-bearing structures in prospecting for new oil fields.

Use of these artificial tremors in the search for new oil supplies is a direct outgrowth of the study of earthquakes, and has reduced oil prospecting to a distinct science. Today the work of the geologist is considered indispensable in the oil industry.

The "earthquake" method used is comparatively simple. A shallow 20-foot well is drilled. Explosives are then detonated at the bottom of the well. The explosion sets off waves which travel into the earth. If the waves impinge on a rock structure they are reflected back to the surface. The distance of their travel is measured by the seismograph and other delicate instruments.

Repeated tests of this type over a wide area allow geologists to chart the location, the extent and formation of "domes" and other "faults" which may indicate the presence of oil-bearing earth layers. When these have been mapped, drilling for oil follows.

Special equipment is required by the scientific service organizations which carry on such "earthquake" surveys. In the Texas fields, such equipment is mounted on Ford V-8 trucks which permit the tests to be conducted on any type of terrain. Such trucks are fitted with equipment for drilling the shallow wells, for planting the explosive and setting them off, as well as for measuring and recording the results of the man-made earthquake.

Lions Attend Meet At Breckenridge

Eight Lions from Cisco attended the district group meeting held at Breckenridge Friday night where an interesting program and banquet was held. Past District Governor D. T. Bowles presided and Dr. Harry Logsdon of Ranger was elected permanent chairman for the group.

ment of magic tricks and slight of hand performance was the feature of the program. These meetings are held each quarter period. Those attending from Cisco were, President R. E. Grantham, T. C. Williams, H. L. Dyer, A. G. Tuttle, E. L. Smith, Charles Sandler, R. C. Giles, and Jack Anderson.

MORE WINTER COMING!

There will be plenty more winter, and we still have Prestone and Super Pyro anti-freeze. Don't let your battery go to the bad during the cold weather. You want it to start your car readily—Keep it recharged and it will last much longer and render efficient service.

Pioneers of Personal Service

The human element is the most important element in any service. It is essential that the equipment and reserves of a gas company be ample and instantly dependable, but the relationship between the company and the consumer is more important.

The resources behind this company, great as they are, would be of little value to the community if they were developed under a "Public Be Damned" policy.

This company has pioneered the policy of personal service in the building of a gas utility business. The character of our service is marked by the desire of the individual employe to see that every problem is handled to the satisfaction of the consumer.

Local Cooperation Praised by Drought

SAN ANTONIO, Jan. 30—Cooperation of local governmental agencies in assuming added costs for materials and equipment used in operating Works Progress Administration projects today drew the praise of Texas Administrator H. P. Drought.

WPA expenditures for non-labor items have been reduced approximately fifty per cent, although the federal agency still bears the entire cost of labor, it was explained.

"Our monthly allotments from Washington grow smaller as the amount of funds remaining in the current works program appropria-

tion diminishes and we are forced to ask project sponsors to assume a greater share of the cost of materials and equipment used on their projects," Drought said. "Few sponsors have complained. Those in charge of local agencies realize that without the aid of Federal funds the entire expense of caring for those employed on WPA projects would have to be borne locally."

Federal expenditures for non-labor items have been limited to a minor proportion of the total cost of such items on recently approved projects. This policy is not retroactive and does not apply to work completed on projects in operation before sponsors were advised of the ruling.

"In making necessary adjustments, we have lost sight of the fact that we must keep our quota of needy workers employed and that the integrity of the projects must be maintained," Drought said. "The program will not be carried on with projects of doubtful value or those which are over-loaded with labor to reduce man-year costs. Projects must be executed with reasonable efficiency and at unit costs which are not excessive."

Louisville's Hungry Are Fed

As the whole stricken city carried on under the dictatorship of a military provost-marshal and the martial rule of soldiers, Louisville's refugees crowded into the National Guard armories for emergency food, which was all that stood between them and starvation. Here is a "soup line" in one of the relief stations hastily set up in a Louisville armory.

CISCO LOSES IN TWO TILTS BASKETBALL

Cisco lost to Cross Cut Friday night by a score of 25 to 29 in the Rising Star basketball tournament when M. and O. Harrison, star Lobo forwards, were removed from the game early in the first quarter by penalties of four personal fouls each, and Sherman went from a sick bed to play a star guard place, while Slicker, regular guard was out with an injured arm.

Rushing to the Carbon tournament to play with Gorman in that schedule the Lobos, defeated them by a score of 31 to 10, only to lose to Carbon Saturday morning by a score of 21 to 33.

In the Rising Star tournament early Friday night, Sherman, who arose from a sick bed where he had been confined with flu, brought the repeated plause of the fans by his long goal-shooting which made him the high point man in the Cross Cut game, making 11 points. He was closely followed by Odell Harrison, who made 10 points before he was removed in the first quarter. Bacon at center and O. Harrison, forwards, were given much praise by sports writers present for their fine work. C. Harrison and Bill Donohoe, second stringers, were substituted for the removed players.

Rushing to the Carbon tournament without changing clothes, the sick and tired players met Gorman later in the evening and ran wild over them by a score of 31 to 10. Sherman's long range throws gave the Lobos a lead which they never lost. M. Harrison led the scoring with 14 points, Sherman 6, O. Harrison, 5, C. Harrison 2 and Yarbrough 2.

PROMISES

A promise is a debt. It is a debt of honor. Don't forget that. A promise should be just as sacred as your faith.

Your good faith or your lack of it is a part of your character. You can't escape that.

What you promise should be backed up with your last coin, if necessary, unless you can honestly break your promise with the consent of the other party.

The man of sterling character does not make promises lightly, because to him a promise is as binding as an oath. When he makes a promise he will keep it, no matter what it costs him.

afraid to enter... Mrs. Joe Patterson saying she liked our editorial on the Friendly Boys club... thanks very much... Had a little chat with R. C. Giles at the West Texas Utilities company... We miss P. P. Shepard very much... he nearly always had some kind of an interesting experience or viewpoint to tell us when he went visiting him... A very entertaining chap...

Friendly Boy's Club Has Outing and Hunt

The Friendly Boys club numbering 36 members had an outing Friday night in the Leon River bottom hunting opossums and roasting weiners, under the leadership of Enders Huey and Donald Surles. Two trucks furnished by Cisco men, was the means of transportation.

T. C. Williams sponsored the trip and bought the food for the trip. It is understood that dogs were carried to locate the game while the boys made merry around the campfire. They reported a splendid time.

IS BROTHER'S KEEPER
COQUILLE, Ore. (AP)—Ruling every man to be his brother's keeper Judge James T. Brand, also ruled that a man who enters his brother's automobile for a ride, knowing his brother to be intoxicated, does so at his own risk, and contributes to injury that may arise.

Yarbrough was also sick with flu and played only from a sense of duty to his coach and team.

But the strain on the crippled team was too much and early Saturday morning when they met Carbon they were unable to stem the fierce onslaught and lost by a score of 21 to 33.

STATE PLANTS MILLIONS OF SHELTERBELT TREES
LINCOLN, Neb. (AP)—Largely with funds supplied by the federal government, six trees were planted in Nebraska during 1936 for every inhabitant.

Clayton W. Watkins, forester, estimated that 7,847,380 trees were heeled in by the Shelterbelt administration, Soil Conservation service, U. S. bureau of biological survey, resettlement administration, state highway department and other agencies.

The Shelterbelt administration alone planted 2,217,630 trees on 301 farms. Sixty per cent of them survived the most severe drought in the state's history.

THIEF RAIDS TURNIP PATCH
MURCHISON, Tex. (AP)—A thief with an unusual appetite has been active in Murchison. Pugh Carnes Murchison citizen, awoke recently to find that a hungry prowler had uprooted and carried away a row of turnip greens from his garden.
