

Mr. Muleshoe ...

By J. M. Forbes

Sidewalks Again
Downtown Worker: I wish to goodness the people could walk so us workers could walk to town without walking in the middle of the street.

The people of the U. S. owe \$423 billion in public and private debts it is estimated by the Commerce Department. The total increased last year by \$14 billion.

I forgot to say that your share, and that of every man, woman, and child in the U. S. is (averaged out) \$2,875. Would you care to pay your share and get this worry off your mind?

George Mahon is probably back in the district or will be soon and it should give some local organization the opportunity to bring him here for a talk.

Woodie Lambert: I wish gents would quit starting at me. I'm not talking to myself, I'm practicing my square dance call.

Herb Covin: I heartily approve of your SFOICM (Society For Improvement Of Cafe Music). But I can say that the conditions you complain of (too much sad, broken hearted singing) exist in the 31 States I have traveled over.

Business Men and Employees Invited To Attend 2-Weeks School
Hospital News ...

Mr. Hubert McKinley, a medical patient, was transferred to Lubbock for additional treatment. Mr. Curtis Spivey was in for medical care. He has been discharged.

AS CRUCES VISITORS
Mr. and Mrs. Carl Bamert were in Las Cruces, N. M., on business over the weekend.

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

Cotton Harvest Slowed By Rain, But Now Moving Into High Gear

Three Muleshoe gins had turned out 582 bales of cotton in the new season up to this morning, according to figures obtained by The Journal.

Visual Survey Being Conducted In Local Schools

Mrs. Elnora Baker, Muleshoe School nurse, announces that through the courtesy of the South Plains Optometric Society and with the cooperation of Dr. B. R. Putman, local optometrist, a visual survey is being conducted in the Muleshoe Public Schools.

JayCees Planning Lubbock Meeting

ABILENE, Oct. 26.—The Texas Jaycees Chamber of Commerce will open its annual State Board of Directors meeting in Lubbock on Saturday, November 5.

Business Men and Employees Invited To Attend 2-Weeks School

Business men of Muleshoe and their employees are invited to attend a school to be held here the coming two weeks for instruction in merchandising display and show card writing.

Hospital News ...

Mr. Hubert McKinley, a medical patient, was transferred to Lubbock for additional treatment. Mr. Curtis Spivey was in for medical care. He has been discharged.

Water Tower Is Completed

Muleshoe's new 200,000 gallon overhead water storage tank was completed this week by the Chicago Iron & Bridge Co.

Only the painting remained to be done Tuesday, it was said. The new tower is located in the city park. This improvement was part of the program voted by the people at an election held last spring.

A crack construction took only 18 working days to build the tower and assemble the tank, which had water in it by Tuesday of this week. The tower is 139 feet high. The tank top is 139 feet from the ground.

The new tower will add considerably to the water pressure and not only supply additional water but will give much added fire protection.

First Freeze Sends Mercury Down To 29 Degrees Here Monday Night

First freeze of the season occurred Monday night when the mercury dipped to 29 degrees, three degrees below freezing.

HALLOWE'EN CARNIVAL IS TOMORROW

The annual Hallowe'en Carnival of the Muleshoe schools will take place here tomorrow night, featured by a big Chuck Wagon Supper and the crowning of the Queen of the Carnival.

Mrs. Daniels, 43 Dies Suddenly

Mrs. Iva Lee Daniell, 43, wife of W. M. Daniell, ginman at the Muleshoe Gin Co. plant, died of a heart attack at 6:30 p. m. Tuesday.

Mrs. Nichols Rites Held Here

Funeral services for Mrs. Amie Erisa Nichols, 28, were conducted at the Muleshoe cemetery Tuesday afternoon at 2 o'clock by Rev. P. M. Owen.

Bailey County Has 70 Men In Service

"Bailey County now has 70 young men and women serving in the Armed Forces, and through the medium of the USO, we here at home have an excellent opportunity of seeing to their welfare and maintaining strong ties with them wherever they are."

Eight Bailey County Club Boys Win High Honors At State Fair

Eight club boys carried forty-two head of hogs and one hereford baby beef calf to the State Fair at Dallas, Texas, which began October 8, and ended last Friday.

Mrs. Thornton Rites Are Held

Mrs. Kathy Crouch Thornton passed away last Friday in the Green Hospital & Clinic. Just one month ago she was united in marriage to George Vanlier Thornton.

New FFA Area Formed For South Plains

PLAINVIEW, Oct. 25.—Office of a new supervisor of vocational agriculture has been established here. It will serve 34 Texas South Plains-Panhandle counties.

Jones Farm Store Is Burglarized

Intruders broke into the Jones Farm store here Saturday night and got away with about \$21, F. W. "Chief" Jones reported to officers.

Hallowe'en Carnival At Three Way To Be Held Nights Of October 28, 29

The annual Hallowe'en Carnival and Coronation will be held October 28 and 29, at Three Way School.

JayCee's Good Neighbor Fund

More checks and money contributions came in this week to start swelling the JayCee's Good Neighbor Fund to provide Christmas cheer to needy families and underprivileged children.

ATTEND MEETING IN TAHOKA

Attending a Soil and Water Conservation meeting in Tahoka Monday were Mrs. John Thomson HDS county council chairman, Bailey County, Mrs. G. T. Maltby, HDA vice-president of district 2, and Mrs. Marie Corrington CHDA.

DALLAS VISITORS

Attending spring market in Dallas this week from Cobbs Department store are Mrs. Clyde Gray, Curtis Spivey and Hoyt Morgan.

GALT A DIRECTOR BAILEY COUNTY ELECTRIC CO-OP.

Tommy Galt was born in 1903, in Eureka Springs, Arkansas, living there until two years of age, at which time he moved with his family to Vernon, Texas, and later moving to Hale Center, Texas.

In 1931, the Galts moved to Bailey County and three years later he was married to Miss Lyn-dell Gaddy. Seven years ago he bought his farm and has lived on it the last six years and is located in the Maple community.

Tommy has been serving as a Board of Director since January, 1948. He is also very active in all local and civic organizations, giving a helping hand in anything that will make a better and more progressive community.

Members of the various classes have been strenuous in their endeavor to have the honor of crowning the queen. They have picked cotton, ridden wild horses in a rodeo, done odd jobs, staged such unusual things as a girls football game and girls boxing match, baby show, and many other stunts were put on to raise money in the spirited race.

The usual booths may be expected to blossom out Friday night and in addition one may expect to be surprised, too. So the people had better come prepared for most anything.

These festivities will all take place on the football field beginning with the ranch style supper at 6 o'clock.

Mrs. Daniels, 43 Dies Suddenly
Mrs. Iva Lee Daniell, 43, wife of W. M. Daniell, ginman at the Muleshoe Gin Co. plant, died of a heart attack at 6:30 p. m. Tuesday.

Mrs. Nichols Rites Held Here
Funeral services for Mrs. Amie Erisa Nichols, 28, were conducted at the Muleshoe cemetery Tuesday afternoon at 2 o'clock by Rev. P. M. Owen.

Bailey County Has 70 Men In Service
"Bailey County now has 70 young men and women serving in the Armed Forces, and through the medium of the USO, we here at home have an excellent opportunity of seeing to their welfare and maintaining strong ties with them wherever they are."

Survivors are her husband; her daughters, Miss Joy Lillian Daniell, Muleshoe, and Mrs. Joe Vivian Armstrong, Memphis, Texas; her sons, Curtis Daniell, Ysleta, Texas, and T. A. Daniell, Borger; her mother, Mrs. A. D. Langley, of Wills Point, Texas; four grandchildren, seven sisters, and a brother.

Funeral services were conducted at 2 p. m. today at the local Church of the Nazarene. Interment will be in the Memphis, Texas, cemetery under direction of the

Highest honors won by our two FFA boys and six 4-H club boys included Reserve Champion Poland China barrow and second prize pen of three light Polands against a field of 78 Poland China barrows. One hundred and seventy head were sifted by a special committee before the show and four hundred and thirty five actually entered the competition.

Other high winnings in the barrow show included a third prize medium weight pen of barrows shown by Billy Lee Morrison as his FFA project and also a third prize heavy barrow shown by D. L. Morrison as his 4-H project. Robert Giles exhibited six Poland China barrows winning third prize pen of three heavy Polands and sixth light Poland. Jack Heald exhibited in both the club show and the open show and thus took a lions share of the total prize money.

His take was \$130.00 which included first prize on each of his five entries in the breeding show, grand champion female and reserve champion male of the Poland China show.

Carroll Plager, Agricultural Representative for Hormel Packing company, tied the ribbons in the barrow show and taught the Bailey county club boys one great lesson. The lean type hog produced cheaply on good pasture and limited feeding of ground grain and marketed near the 200 pound weight is the type of market hog most desired by the packer.

County irrigation farmers can produce 200 bushels of hogs in seven months on alfalfa and wheat pastures with less than five hundred pounds of ground grain. A more efficient method of producing choice barrows is not known.

County club boys bring this up-to-date information to the State Fair for the consideration of our livestock farmers.

The Hereford calf fed by Charles Lewis and exhibited by him at the Fair, weathered the sifting committee and remained in the show. A more fitting calf was desired by the judge, of Charles brought the calf home for further finishing for future.

Various games such as bingo, guessing games, and roulette. Saturday night will be given to the crowning of the High School and Grade School Queens. The candidates for the High School Queen are: Freda Warton, senior; Margie Homsley, Junior; Betty Beck, Sophomore; and Mamie Freeman, Freshman.

The candidates for the Grade School are as follows: 1st, Jane Sanders; 2nd, Betty Sue Buie; 3rd, Wendolyn Williams; 4th, Sally Lue McShan; 5th, Betty Williams; 6th, Peggy Wittner; 7th, Lucy Clark; 8th, Neldo Jo Wilson.

Following the coronation Saturday night, the winner of the High School Beauty contest will be presented. The candidates are Maxine Tyson, Patsy Taylor, Wynonna Tyson and Nelda Brashers.

More checks and money contributions came in this week to start swelling the JayCee's Good Neighbor Fund to provide Christmas cheer to needy families and underprivileged children. The fund to date:

JayCees

Let all your views in life be directed to a solid, however moderate, independence; without it no man can be happy, nor even honored. —Junius

"Save and Have" Said Wise Mr. Franklin

Franklin was speaking of money—but we might extend his meaning to take in our soil, which is still being depleted despite our strenuous efforts to halt the disastrous erosion of wind and water.

If we have soil in the future we must save it today.

There are many things which we can do—let us consult with the Blackwater Valley Soil Conservation District office in Muleshoe. Let them devise a plan to help prevent erosion, then follow the plan closely in the years to come.

From where I sit... by Joe Marsh

Now They're Sitting Pretty

Squint Miller, who's working as a telephone lineman, was telling me about some birds that got into a fight with his company.

Seems a couple of woodpeckers set up housekeeping in a telephone pole. Nobody minded them living there, but they kept pecking at the wires—causing one short circuit after another.

Finally, the telephone people—who had nothing personal against the birds—just stepped up the hole where they lived. But they kept coming back. At last, the company

donated that pole to the woodpeckers and set up a brand-new one for their own use!

From where I sit, we'd all be better off if we were as tolerant with our own kind as that telephone outfit was with the woodpeckers. Let's consider the other fellow's point of view—whether it's his right to live where he wants, or to enjoy a friendly glass of temperate beer or ale when and if he pleases.

Voc. Ag. Boys Prove Fine Housekeepers

The Muleshoe Future Farmers are proving that they are good housekeepers as well as good farmers. They have cleaned the dust and dirt out of the Vocational Agriculture building this week, gone over all the woodwork and furniture with furniture polish, and washed the windows and transoms. They have the cleanest building on the school grounds and they intend to keep it that way. The janitors never have to pick up paper in the Ag. building, which is one of the best on the South Plains or in the Panhandle.

They are also building a new bulletin and magazine file with one hundred and sixty compartments to file more than a thousand USDA and Experiment Station bulletins they have accumulated. Some other new equipment will be added as soon as it can be secured. This, together with the outside improvement of starting a lawn will make the Vocational Agriculture building one of the most attractive anywhere.

The forty-six boys who enrolled in the department for this year for the first time are busy setting up their supervised farming programs and getting them approved by the teacher and their dads. These will be completed before the end of October. About twenty-five of the second and third year boys have their project programs

BABSON NAMES Four Sound Industries

BABSON PARK, Mass., Oct. 21.—With so much talk about the automobile, steel, coal, textile, shoes, clothing and other industries having "reached their peak for this business cycle," readers ask: "What industries have yet greater growth ahead?" In reply I will mention four such.

Road Building and Conveying
Billions of dollars must soon be spent on new inlets and exits to our large cities. Thousands of new underpasses and overpasses must be built. Our entire transportation problem, from automobiles down to conveyors, needs overhauling. Every city and plan could reduce costs and increase efficiency by better roads and conveyors. My favorite company in this field is the Link Belt Company. Its stock sells on the New York Stock Exchange at about 61.

Not only is the need for better transportation vital, but it will be easy to raise funds for such projects. We do not object to gasoline taxes if we are sure that the money is being spent for better roads, more bridges, etc. Automobile owners (and there are forty million of these) also like the new toll bridges and toll roads such as have been built in Pennsylvania, Connecticut and Maine. Not only are these undertakings good money earners, but their bonds, being non-taxable, have a ready market at low rates of interest.

Labor-Saving Machinery
The only way that manufacturers can successfully meet labor's demands for more wages is thru the use of more labor-saving machinery. One of the leading companies manufacturing such is the American Machinery & Foundry Company. This stock is listed on the New York Stock Exchange and sells around 13½. I personally know its president; its management is very progressive. There are also other good companies and the entire industry looks bright to me.

A small company developing labor-saving food machinery, in which my family is interested, is the Atlantic Coast Fisheries Company. This owns all the stock of the Fish Machinery Company which is developing very wonderful machines to take the bones out of fish and make fillets mechanically. For the most part even today, the time a fish is caught until it reaches your dinner table, hand labor only is used. Fishing is both the oldest industry and the most antiquatedly operated. It is greatly in need of more mechanization. The stock of this company sells on the New York Curb at about \$3.50 a share.

Telephone Industry
One of the greatest labor saving inventions is the telephone. The industry is very progressive. Before long a new telephone writing machine will be available. This will send anywhere, on regular telephone circuits, absolutely confidential and instantaneous messages, in the sender's own hand—already underway.

Grade cards went out Wednesday of this week but why should Future Farmers worry about a little examination after all the good class work they have been doing? If one fails a committee will wait on him to see that it does not happen again. Boy, do these Future Farmers make grade cards from 90 to 100 like to use the belt and the paddle.

CHRISTIAN SCIENCE SERVICES

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 30.

The Golden Text is: "The Lord is far from the wicked; but he heareth the prayer of the righteous" (Proverbs 15:29).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Submit yourselves therefore to God. Resist the devil, and he will flee from you" (James 4:7).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The moral law, which has the right to acquit or condemn, always demands restitution before"

Jennies Defeat Shoes 12 To 6 In Powder Puff Game Monday Night

Girls of the Senior class donned football uniforms here Monday night, choose up and played a rough, tough brand of football with the Jennies emerging as the winners over the Shoes by a score of 12 to 6.

Marquita Splawn dashed 60 yards on an off-tackle play for the lone Shoes touchdown.

Miss Margie Moore, English teacher, who played for the Jennies sparked their offensive and scored both of the Jennies touchdowns.

Enter FORD'S \$100,000 CAR SAFETY CONTEST

SEE ANY FORD DEALER NOW!

The game was a regulation affair and no punches were pulled as the girls blocked, tackled, ran passed and kicked the pigskin from one end of the field to the other.

Believe-it-or-not, it was a very good football game. It was much better than anyone would suspect it would have been. However only a handful of fans were on hand to witness the affair as the weather was slightly chilly and very little advertisement of the game was issued before the publicity due to the fact that it was decided to play the game only a few days before the game was played.

Ted Lawler coached the Jennies and Bobby Goss coached the shoes (or vice versa), any way they were coached and a very good job of coaching was done too.

The word independence is united to the ideas of dignity and virtue; the word dependence, to the ideas of inferiority and corruption.
—Jeremy Bentham

Boxing Card At Clovis Is Set For November 7

The 20-30 Club of Clovis, N. M., announced this week that they are sponsoring a boxing match in Clovis Monday night, November 7, in the National Guard Armory.

The Clovis Amateur Boxing team will meet the Amarillo team.

At least twelve 3-round bouts will be scheduled and possibly two or three more will be matched by November 7. The bouts are scheduled to start at 7:30 p. m., New Mexico time.

According to the announcement, some of the finest amateur boxers in the Southwest will be on the card.

The 20-30 Club, who is sponsoring the fights, also stated that a sound truck would visit Muleshoe in the near future advertising the event.

Low Grades, No Basketball For Girl Cagers

Don Jackson informed the girls in basketball Tuesday that no girl will be eligible for basketball if she was failing any subject. If a girl is in practice for one period and comes up with a failing grade, she is naturally out, girls in practice for two periods would have to drop at least one period and if she doesn't bring her grade up to a above failing she has to drop basketball completely.

A girl can get back into the basketball class by bringing her failing grade up. Please remember these rules!

Girls basketball is coming around fine and they hope to win all their games this year. They've got good prospects, a coach and some good backing.

Slants From The Sidelines...

By W. E. Hill

The Powder Puff Bowl game played here Monday night was one of the most interesting football games we have witnessed this season.

Due to the fact that the game was played on such a short notice with very little publicity being issued on the event, a fairly good sized crowd was on hand to witness the affair.

We think that this should become an annual event, but the event should be given a little more publicity in order that a larger crowd would be on hand to witness the affair.

Coaches Green and Bailey pulled a few switches in last Friday night's game at Sundown which may become permanent.

Bobby Goss and Ted Lawler were moved into the line and Charles King was moved into a backfield slot. . . We did not see the game, but many of the local fans who were able to attend and saw the boys in action at these different positions decided that "they looked good" and that they believed that it had improved the team as a whole.

Now as to whether these changes and possibly others will be made and become permanent, we do not know, but it is very possible.

When coaches Green and Bailey arrived to take over the coaching duties of the Muleshoe teams they did not know any of the boys nor their abilities. Now they have just begun to get acquainted with the boys and are possibly finding out that they have had some of the boys playing in the wrong positions, so from now on if you see some of the boys who were playing in the line carrying the ball or tossing a few passes don't be surprised and at the same time some of the boys that have been doing the line backfield work up on the line opening up holes for their teammates to plow through.

Big Bobby Seid, 185 pound freshman, is just beginning to find out what is going on and before the season is over he may be one of the main-stay backfield men. Little R. E. Bryant and Odell Spivey have been showing up better all along as well as Nickels and Heathington. Bill Green who was shifted into the line a week or so ago looked good at his new position. (However we do not know whether or not the shift was permanent).

There will not be much football in the district this weekend with Muleshoe, Sudan and Morton idle. The powerful Wildcats go to Sundown and Levelland goes to Post.

Sudan is leading the 4-AN conference race at the present time, but the handwriting is on the wall for them to be sure. If they will never be likely to weather the storm against the powerful Wildcats when they meet. However, Sudan has a clinch to hang on to second place in the district race and we predict that Muleshoe will be third place, Levelland fourth, Morton fifth and Sundown in the cellar.

We face a rough game against the Levelland Lobos next Friday night at Levelland, but we believe our boys can stop to Lobos dangerous passing attack and will be able to out-man them on the ground. This game will be a toss-up, but we believe Muleshoe will come out the victors.

Basketball season is not too far away and the girls coached by Don Jackson, have been practicing

JACKETS WIN FIRST CONFERENCE GAME OVER SUNDOWN 38-13

MULESHOE JOURNAL SPORTS

THE MULESHOE JOURNAL, Thursday, October 27, 1949

Football Queen Crowned At Halftime Ceremony Of Jacket-Wildcat Game

Miss Donna Kimbrough was crowned Yellowjacket football queen of 1949 in a very impressive ceremony. The band formed a heart while the pep squad formed an aisle. Meanwhile she was being whisked around the field in a Buick convertible. Captains Lawler and Goss met her and escorted her to the center of the heart where they crowned her Yellowjacket Football Queen of 1949.

For some time. Some boys are also already practicing getting ready for the coming basketball season. Yes, basketball season is nearly here and so far as we know we still don't have an electric scoreboard. Can you imagine a town and school the size of Muleshoe without one? . . . I can't, but it is true.

Yellow Jackets Have Open Date Friday; Meet Levelland Next Week

The Muleshoe Yellow Jackets bounced back after losing to the Littlefield Wildcats, to down the Sundown Roughnecks 38-13.

The Yellow Jackets kicked the opening kickoff to the Roughnecks who returned it to their own 30. The Roughnecks drove to the 40 and were held on downs at that point.

With the Jackets taking over the ball on downs, Bryant went off tackle carrying to the Sundown 5.

This week the Yellow Jackets are resting. Next Friday night they will go to Levelland where they will meet the Levelland Lobos in a conference game.

Goss plunged over for the first TD. Try for extra point failed.

Muleshoe again kicked to Sundown. Neil Percy took the ball on his own 20 yard line and galloped 80 yards for Sundown's first score. Try for extra point was good and Sundown went out in front 7-6.

The Roughnecks kicked to the Jackets who made a sustained drive down field with Spivey going over for the second Jacket TD. Goss made the extra point to put Muleshoe out in front 13-7.

A few minutes later in the second quarter, The Jackets scored again, this time with Nickels going over for the TD. Try for extra point failed.

Sundown then roared back and after driving down to the Muleshoe's 15, Neil Percy went off

tackle, going all the way to score Sundown's second and final tally in the game. The half ended with Muleshoe leading 19-13.

From the beginning of the third quarter on it was Muleshoe's show with Nickels scoring one more TD and lineman Charles King scoring two TD's, running the score out to 38 points while holding the Roughnecks to their first half score of 13 points.

However, the hard fighting er-say-die Roughnecks put a brilliant battle to the end with powerful passing attack kept threatening to score throughout the last half, but never able to do so.

Sundown's Neil Percy was the standout player of the game, scoring both of Sundown's TD's and making other brilliant plays during the game.

Bobby Goss scored 6 points, Spivey 6, Nickels 12, and Charles King 12. Goss was credited with one of the two extra point try's.

Muleshoe gained a total of 294 yards on the ground to Sundown's 366. Muleshoe made 14 first downs while Sundown rolled up 8.

It is easy in the world to live after the world's opinion; it is easy in solitude to live after our own; but the great man is he who in the midst of the crowd keeps with perfect sweetness the independence of solitude.
—Emerson

PLANNING A KITCHEN?

If you are planning a new kitchen, you should take in consideration the results of considerable studying that had been made by manufacturers and Government agencies in various parts of the country.

All of these studies have resulted in a U shaped kitchen planned primarily for the farm

home and guaranteed to be more convenient and mean fewer steps for the farm wife than any other type. This kitchen calls for the sink in the base of the U with work space on either side, allowing at least 36-inches for the mixing table to the right of the sink. On the right side of the U facing the bottom is a refrigerator, while the range is on the left side. This permits the housewife to work from right to left and extensive studies have proven that this is more convenient and step-saving.

A Quarter Horse Type Conference will be held on the Campus of Texas A. & M. College, October 28-29.

Holiday Pumpkin Tarts

Pumpkins and turkeys symbolize our season of Thanksgiving perhaps more than any other foods, and when you bring them together artfully in a pumpkin tart with cheese cut in a turkey silhouette, you create a dessert in complete harmony with the idea of giving thanks for beautiful crops.

Make individual pumpkin tarts by your own good recipe. Cut the turkey shape from a slice of pasteurized process American cheese. Make a paper pattern first to fit your tarts. Lay the turkey pattern on a cheese slice and cut around it with a knife. Quite easy to do, tremendously effective in appearance, and as wonderfully good eating as cheese and pastry always is.

LIBRARY NEWS

One of the new books in the Muleshoe Library is "The Way West" by A. B. Guthrie Jr. It is a story of hundreds of men, women, and children gathered at the rendezvous a few miles outside of Independence. They were solid established folk. They were leaving behind prosperous farms and businesses. They shared a dream about the rich land in the west, where a man, his wife and children might make a better life and a new world more desirable than any American before them had ever known. The trip would be long and hard but the big high-wheeled wagons were piled high with their gear and their eyes were turned toward the western horizon. Lije Evans and his courageous wife Rebecca were heading west because Lije had a calling to help win Oregon for the United States. Hank McBee and his wife of a wife were going because they owed too much money back home. Nobody in the train could figure out how a girl as pretty as Mercy McBee came to be born of such scrub stock.

They might not have made it through to Oregon if they had not found Dick Summers and hired him for their guide.

In the Library for the small children we have "Bambi's Children" and "The Hideaway Duckling."

Mrs. E. R. Wright, Librarian.

CARD OF THANKS

We wish to take this method to try to thank all those who helped in many ways in the binding, showing, combining and hauling the feed of J. T. Mayfield. Words cannot express our thanks and appreciation. May God bless each and every one.

Mr. and Mrs. J. T. Mayfield and Daughter.
Mrs. Lola Sanders.
Mr. and Mrs. T. L. Gleason and Family.
Mr. and Mrs. E. A. Parham and Family.
Mr. and Mrs. Y. B. Mayfield.

CARD OF THANKS

We wish to express our deepest thanks and appreciation to our neighbors and friends for their kind deeds and for the beautiful flowers at the death of our loved one.

Mrs. Katie Crouch, Traylor and Billy Crouch, Mr. and Mrs. Woodrow Surratt, Mr. and Mrs. Euel Hall, Mr. and Mrs. Buford Hunt, Mr. and Mrs. Raymond Scott, Joe Crouch.

"So you are 100 years old," said the young reporter to the centenarian. "How have you managed to live so long?"

"Well, son," answered the aged man, "I got married when I was 21 and the missus and I had an agreement. We decided that, if we had arguments, the loser would take a long walk to get over being mad, and I suppose I have benefitted by 79 years of fresh air.

To save time and unnecessary rereading, mark times and temperatures in recipes with a red pencil.

Two Farm Papers To Be Combined

DALLAS, October 24.—An old Texas institution and farmer's standby FARM and RANCH magazine has completed an expansion program which gives it 300,000 circulation, in Texas, according to an announcement this week by Frank A. Briggs, long-time Editor of the publication.

Published since 1881, FARM and RANCH, beginning with the January, 1950 issue, will unite with SOUTHERN AGRICULTURIST, a farm publication printed in Nashville, Tennessee since 1869. The combination of subscribers to SOUTHERN AGRICULTURIST with those of FARM and RANCH will give the new publication more circulation than any magazine going to Texas readers, and almost as much as any two magazines.

Editorial offices will be maintained in Dallas as usual, Editor Briggs reported. The new name of the publication will be FARM and RANCH with SOUTHERN AGRICULTURIST. A special Western Edition will be published each month for Texas and Oklahoma readers. Over 75,000 readers in Oklahoma will receive the magazine and 900,000 in the other Southern States, Mr. Briggs said. The new united publication will go to 15 Southern States all told and to over one and one-quarter million subscribers.

In the past FARM and RANCH went only to the Southwestern states, Briggs pointed out.

The Editors of FARM and RANCH are Briggs, A. B. Kennerly, H. L. Gantz and Mary L. Smith. Other native Texans who will now help edit the magazine are Malcolm Orchard and Charles E. Ball.

Prepare The Home For Winter Now

COLLEGE STATION, Oct. 24.—The next few weeks are the time to do those maintenance and repair jobs around the home and farmstead. Old man winter will soon be here, W. S. Allen, extension agricultural engineer-buildings, Texas A. & M. College, suggests a few for starters, here they are.

Check the floor furnace burners, controls and plumbing before you light it, says Allen. To make sure there is no escaping gas to cause explosions. Do the same thing on other gas heaters and it is a good idea to vent them. Vents will eliminate the problem of moisture condensing on the walls. Check the fireplace and chimney for loose mortar or cracks and if repairs are needed, make them before the first fire is started.

If you plan to add insulation to make the house warmer this winter, now is the time. Insulation properly installed, will cut your fuel bills come winter, says Allen.

Check the gutters and down spouts to make sure that leaves, trash and dirt don't have them clogged up. If they are clogged, pooling over and seepage can cause damage outside and inside. Better give the roof the once over and if repairs are needed, make them before the winter rains set in. Allen says that nails in metal roofs will become loose in hot weather and may even come out and he suggests that you check the nails. A coat of asphalt roofing cement will usually take care of the leaks in the roof that have resulted from cracks or small holes.

Be sure that rain water drains away from the building instead of under them. Freezing can cause the foundations to heave or crack and this means a big repair job later.

Periodic checks and proper maintenance will help keep down building costs and will save needless repairs besides saving valuable time, says Allen. Check up and see what is needed and you'll be ready for winter—if you do the jobs now.

LUBBOCK SYMPHONY WILL BEGIN SEASON OCT. 24, 25

Leonard Warren, opera singer, will be the guest star in the first program October 24 and 25 of the Lubbock Symphony. Mr. Warren's program will include three well known arias from operas: "Eri Tu" from The Masked Ball; "Prologue" from Pagliacci; and the well known "Largo el Factotum" from the gay Barber of Seville.

Individual tickets may be ordered by mail by sending a check and a stamped, self-addressed envelope to Box 894, Lubbock. Prices of individual tickets are \$3, \$2.80, \$2.40, and \$1.80. Concerts during the coming season will begin at 8 p. m. in the Lubbock high school auditorium.

SQUARES MEET

Meeting Monday night at the Legion Hall were all the squares dance clubs of Muleshoe. Hosting the occasion was the Muleshoe Square Dance Club. There was so much fun had by the group it was decided to make it a quarterly occasion with the clubs alternating having the dance.

There were four clubs represented and local members were used as callers.

Progress Club In Meeting Oct. 20

The Progress home demonstration club met in the home of Mrs. Guiley October 20.

The president had charge of the business meeting.

The meeting was opened with a song. Roll call was answered with a progressive ghost story with each member ad-libbing part of the story.

Officers and committees of MAN W gave good reports. Mrs. business the Council report. A perience was elected to help easy remodeling of the club Start

Eighty Johnny Williams gave a interesting report on the State meeting.

Mrs. Williams commended Mrs. Ada Murrah and Mrs. Marie Maltby for their outstanding club work. We as a club are very proud of them.

Officers were elected for the coming year as follows:

President, Mrs. Little; Vice-President, Mrs. Fern Davis; Secretary-Treasurer, Mrs. John Thomson; Reporter, Mrs. Gordon Murrah; Council Delegate, Mrs. J. J. Gross; Parliamentarian, Mrs. Harold Mar-dis.

Delicious refreshments of cookies and punch were served to eleven members and one visitor.

The next meeting will be in the O. C. Thomson home November 1.

Pictured above are the charter members of Epsilon Sigma Alpha Sorority from left right: Mary R. Forbes, Jean Lovelady, Gwyneth Bigham, Marjorie Precure, Ann Horsley, Mary Frances Holt, Ruby Gregory, Halsey Lee Herrington, Billie Jones, and Betty Glaze. Dorothy Beddington, also a charter member was not present when photograph was made.

O.E.S. To Initiate New Member

Muleshoe Chapter No. 792 O. E. S. will meet in regular session and for the purpose of initiating Nathan R. Harding Jr., next Tuesday night November 1. The meeting will be called to order by the Worthy Matron, Mrs. Mary Frances Holt, and the initiatory work will be put on by R. J. Klump as the initiate is his nephew.

Visitors are expected from the chapters in Clovis and Portales.

All Eastern Stars are invited and all members are urged to be present especially the officers.

Refreshments will be served by the refreshment committee.

Try Journal Classified Ads.— They buy, sell and trade.

Rainbow Assembly Initiates Members

In a hall decorated for Halloween, the Rainbow girls, their sponsor, Masons, and Eastern Star met last Thursday night to initiate two new members, Janelle Green and Rosemary Pool.

The initiatory work was led by the Worthy Advisor Janice Jordan.

Joyce Blackburn gave a reading in honor of the new members.

Refreshments of Halloween cakes and cokes were served to all present by Sondra Wagnon, Pat Lane and Peggy Jo Robison.

Right motives give opinions to thought, and strength and freedom to speech and action.

—Mary Baker Eddy

Epsilon Chi Sorority Holds Pledge Service; Installation Of Officers

The Epsilon Chi chapter of Epsilon Sigma Chi sorority met in the home of Halsey Lee Herrington last Wednesday night to hold a pledge service and installation of officers.

Six members of Sigma Chi chapter, Plainview put on the inspiring and impelling pledge service and pinned pledge pins on pledgees Billie Jones, Gwyneth Bigham, Mary Forbes, Jean Lovelady, Bettie Glaze, Ann Horsley and Mary Frances Holt.

Officers installed by the Plainview chapter were: Ruby Gregory, President; Gwyneth Bigham, Vice-president; Marjorie Precure, corresponding secretary; Ann Horsley, recording secretary; Bettie Glaze, treasurer.

Muleshoe Club Has Halloween Party

Due to the fact that Mrs. Nettie Lambrecht had gone home to get some jars to donate to the canning for the orphans home and wasn't present when the guests registered. Her name was not on the list of those who were present at the canning at the Caldwell home last week, so did not appear in The Journal. Sorry Mrs. Lambrecht.

On Friday night, October 21, Mr. and Mrs. W. H. Awtrey entertained the Muleshoe H. D. club and their husbands with a Halloween and 42 party.

The Awtrey home was gayly decorated with Jack-O-Lanterns and black cats for the occasion.

Guests came masked and in were very attractive costumes. Mr. and Mrs. Awtrey were very attractive as a bashful country maiden whose mouth was too small for the toy horn she was blowing and her hillbilly tobacco chewing admirer.

Mr. and Mrs. Marvin Wimberley must have stopped at the cemetery on their way over because he was a very convincing ghost complete with skull and sheet while she appeared to be a very wicked witch with black dress decorated with cuffs and collar and bonnet made of napkins covered with cats and witches and wearing a mask with long black hair.

Mr. and Mrs. S. C. Caldwell came as Minnie Pearl and Hesi from the Saturday night barn dance. He was dressed in a striped silk shirt 30 years old, the evening was over and a red wig while she was dressed in her party's best, a small ruffled blue and white skirt and red cheese cloth and net blouse with red sash and head scarf above her mask and long plaited hair.

Mr. and Mrs. Mack Hale took the prize though. She came dressed as a bride complete with white silk blouse decorated with necklaces and locket, full long skirt and very attractive mask formed with a wedding veil and flowers in her hair. Mack came as her little brother Willie with baboon mask with large ears, tiny red hat and red bow tie. To top it all off he wore short tan shorts, large brogans and carried a toy pistol and a large sabre in a holster. He was very shy about coming in, but after much prodding by the other members of his group, he came in with the Wimberley's baby in its basket.

After the unmasking, "42" was played by the above named guests and Messrs. and Messrs. Dave Aylesworth, Leon Julian, John Mock, Byron Jeffcoat and J. E. Day.

Pie Coffee and cocoa were served later in the evening to the guests.

A bubble blowing contest with bubble gum was then held with Mrs. John Mock taking first prize. Mrs. Byron Jeffcoat won second and Mack Hale lagged behind to win third place.

A white elephant sale was then held with Mr. Dave Aylesworth acting as auctioneer and folks, he proved what it takes to make a real auctioneer when he palmed off articles which had been white elephants to their owners for many years to other bidders.

The evening was climaxed by a fancy dance exhibition by Mack Hale and John Mock in which they did all the modern steps from "put your little foot" to the "jitterbug" day night, October 28.

The local P. T. A. will sponsor the food booth. Come eat supper with us.

Lazbuddie Tacky Party Big Success

Those who failed to put in an appearance at the "Tacky Party" October 14, missed the time of their lives. The "Flapper and Charleston" age was brought back by several of our local men, but some of the women stole the show in their gentlemanly attire from cigars to whiskers.

Our teenagers staged a typical "Sadie Hawkins Day," true Dog-patch style.

Judging was extremely difficult, decisions finally being made in favor of Mr. Ben Foster and Mrs. Glen Scott, Freda Allen, Doyce Waddell, Janice Clark and Jerry Don Gleason.

Don't be left out of the fun again. Come to the Lazbuddie School Halloween Carnival Friday night, October 28.

Winsome Class Installation And Dinner Held Oct. 20

Twenty-eight members of the Winsome Sunday School Class of the First Baptist Church, met at Gerald's Cafe for an installation dinner at 7:30 p. m. Thursday evening, October 20.

The class colors of rose and gold were used in table decorations. Each table was centered by mounds of gold chrysanthemums topped by a football carrying out the football scheme of the program. Rules for "winning the game" were read by Mrs. Elizabeth Watson.

The installation ceremony was carried out by Jean Griffiths as she read verses from the scripture and pinned a rose and gold corsage centered by a letter on each officer, spelling out Winsome class. Beginning with Mrs. Lela Barron, teacher of the class, as "coach" and president as "full-back", each officer was named to a football position down the first string line-up.

The following officers were installed:

Faye Lambert, President. Vice-Presidents: Gladys Wimberley, Membership; Anna Mae Garner, Fellowship; Class Ministers: Dorothy Bowers; Stewardship, Frances King; Secretary-Treasurer, Vernon Jameson; Assistant Secretary, Nettie Bratcher; Reporter, Clara Collins.

Delicious ham dinner was served to the following members: Mrs. Lela Barron, Helen Featherston, Helen Lee, Dorothy St. Clair, Frances Terrell, Ernestine Little, Billie Joan Smith, Hattie Ray Jones, Frances King, Renolda Hedges, Lucy McAdams, Mildred Redwine, Anna Mae Garner, Faye Lambert, Dorothy Barron, Doris English, Elizabeth Watson, Beth White, Mary B. Obenhaus, Eunice Evans, Jean Griffiths, Jewel Pool, Helen Holton, Gene Cox, Gladys Wimberley, Edith Blaine, Clara Collins and Christine Morgan.

Delicious ham dinner was served to the following members: Mrs. Lela Barron, Helen Featherston, Helen Lee, Dorothy St. Clair, Frances Terrell, Ernestine Little, Billie Joan Smith, Hattie Ray Jones, Frances King, Renolda Hedges, Lucy McAdams, Mildred Redwine, Anna Mae Garner, Faye Lambert, Dorothy Barron, Doris English, Elizabeth Watson, Beth White, Mary B. Obenhaus, Eunice Evans, Jean Griffiths, Jewel Pool, Helen Holton, Gene Cox, Gladys Wimberley, Edith Blaine, Clara Collins and Christine Morgan.

Mrs. Westbrook Is Hostess For Progress WSCS

The WSCS of the Progress Methodist Church met in the home of Mrs. Johnny Westbrook Monday, October 24, with eleven members present.

The opening song, "Bringing in the Sheaves", Scripture reading and devotional was given by Mrs. Birdie Garrett.

Our Study on Cooperation of a Christine Nation was continued with Mrs. Davis, Mrs. Weddell and Mrs. Actkinson each bringing a chapter.

During the business meeting, it was voted that the ladies would sell dressed hens for Thanksgiving. Anyone who might be interested see or write Mrs. Troy Actkinson.

The Society will meet all day Monday, October 31, for their program on "Week of Prayer" with Mrs. Troy Actkinson.

We cordially invite everyone concerned to meet with us.

Wesleyan Guild Met In Fellowship Hall

Meeting in Fellowship Hall Monday night, October 24, with Mrs. Homer Sanders, Jr., as hostess, was the Wesleyan Service Guild.

The devotional was given by Mrs. Jim Cox after which the group sang "We've a Story to Tell to the Nations".

Mrs. David Anderson brought the last two chapters of the study "Japan Begins Again".

It was decided to help the WSCS serve the REA banquet November 10.

The Week of Prayer program will be held at the church Tuesday afternoon, November 1, at 2:30.

Refreshments were served to one visitor, Rev. T. G. Craft, one new member, Mrs. R. F. Wright and Mesdames Fred Johnson, Harold Weyer, Jim Cox, Jim Case, David Anderson, Jim Burkhead, Francis Gilbreath, T. G. Craft and Miss Elizabeth Harden by the hostess.

The next meeting will be in the home of Mrs. David Anderson, Monday night, November 14.

Key's Celebrate Anniversary Oct. 23

Mr. and Mrs. Sidney D. (Bill) Key celebrated their 12th wedding anniversary with a dinner in their home one mile north and three west of Enoch's Sunday, October 23.

Mrs. Key, the former Miss Elmita Fort, is a graduate of the Bula high school with the class of 1937. The following relatives and son, Sidney Wayne, were in attendance:

Mr. and Mrs. Garvin Long, daughter Lorena, sons James Perry and Marvin, of Maple; Mr. and Mrs. Carroll Fort and daughter, Fatsy, of Morton; Mr. and Mrs. Carol Sides and son, Malcolm, of Whiteface, Mrs. H. O. Huff, Jr., and daughter, Genevia, Garland Fort and parents of Mrs. Key, Mr. and Mrs. Perry L. Fort, and younger sister, Marie, all of Portales, N. M.

Mr. and Mrs. E. G. Butler and son, E. G. Jr., Miss Jane Key and parents of Mr. Key, Mr. and Mrs. W. L. Key younger brother Dwaine and sister Janelle of Amherst; Mr. and Mrs. H. L. Howard and daughter, Freda, sons "Butch" and Larry, of Littlefield.

Relatives not present were two sisters of Mr. Key, Mr. and Mrs. Hubert Gammons, son Arch, of West Camp, Mr. and Mrs. Robert Butler, son Stephen, of near Littlefield, and Mr. H. O. Huff, Jr., of Portales.

Friends present were Mr. and Mrs. Ed Hulise, first neighbors of Mr. and Mrs. Key, of Watson, and Mr. and Mrs. Carroll T. Holtzclaw and sons, Carroll Wayne and Larry Gene, of Three Way.

Several nice gifts were received and a good time was enjoyed by all.

Birthday Dinner Was Given Sunday

A birthday dinner and celebration was in observance of October birthdays of Mr. and Mrs. J. E. Perkins, and of Mr. and Mrs. Tom Berry and both of their sons, Allen and Glenn.

The gathering was held in the home of Mr. and Mrs. Berry here in Muleshoe.

Besides those mentioned above, others attending were: Arthur and Cecil Perkins, of Muleshoe, Mr. and Mrs. Albert Perkins, of Lubbock.

Rural Phone Bill To Truman

WASHINGTON, D. C. Oct. 19.—A bill to expand telephone service in rural areas was past the final congressional hurdle Wednesday.

The Senate sent the measure to the White House Tuesday after approving changes which represented a compromise with the House.

The bill provides financing for new and expanding phone systems along the lines of the Rural Electrification Administration loans. The 30-year loans would not be limited in size, and would carry 2 1/2 per cent interest. Preference would go to existing phone companies and co-operative groups.

In its final form, the measure omitted a Senate amendment banning loans to companies with more than 2,500 rural subscribers.

FILM TO BE SHOWN

A feature of the regular meeting tonight of the Men's Bible Study Class will be the showing of a film "Creation". The film takes about ten minutes to unroll.

Impaired Eyesight Can Be Reduced

AUSTIN, Oct. 24.—Emphasizing the urgent need for parental supervision of all phases of child health, Dr. Geo. W. Cox, State Health Officer said today, "Much of the impaired eyesight of advanced years could be prevented if sufficient interest in early life were applied and a correction by means of temporary glasses made when required."

Parents, Dr. Cox asserted, should be watchful for danger signals in the child such as frowning, squinting, persistent headache, eyeache, and watery eyes. If the youngster reads too closely or too far away from the face, that situation may also be significant of trouble.

"No child likes wearing glasses, nevertheless, it is the obligation of those responsible for the future of young folks to have their eyes examined by a reputable specialist if there is a suspicion that normal vision does not exist. It is much better for a child to wear glasses for a few years during early school life than to have permanently defective vision in later life," he declared.

Dr. Cox said that neglect of the eyes is by no means limited to children. Many other persons, some through vanity, indifference, or carelessness, fail to give proper attention to the care of their eyes. Penalties, he warned are bound to occur for such inexcusable negligence.

"The eyes of any person, whether young, middle-aged, or older represent one of the most priceless of bodily possessions," the State Health Officer asserted. To take care of them promptly and properly is a responsibility which never should be sidestepped."

Farmers Happier Than City People

According to the American Institute of Public Opinion, city people and farmers are in agreement on the answer to the question "Who is Happier, the man living on a farm or the man living in a city?" Two-thirds of all city people quizzed said that they believe the farmer is happier in their opinion. Even most of the farmers, 73 percent, said they believe the farmer is happier than his city cousin. Only 15 percent said that they thought the city is happier.

Ask which is better off today, 73 percent of the city people said the farmer is and 83 percent of the farmers agreed with them. Over one-half of the city people said they would like to live on the farm if it were possible, while only 41 percent said they would not.

It would be interesting to have results of a similar survey if one had been fifteen years old when few farmers had the modern conveniences which electricity has brought.

GOOD WIRING AND RIGHT LAMPS MAKE ADEQUATE LIGHTING

Good lighting depends on an adequate wiring system, proper selection of lamps and fixtures, good location of the lighting equipment, wise use of artificial and natural lighting, dull finish and light colors in interiors, regular cleaning and proper care and replacement of lamp bulbs. Artificial electric lighting should contribute to sight saving, health, safety, comfort, convenience, cheerfulness and beauty in the home. Good lights also save time. Chores can be done in less time with good lights than with poor ones. Food can be prepared quicker, dishes washed faster, and the sewing and mending done more rapidly when good lights are available.

"The Gobble-uns'll Get You..."

Chances are, the young-uns'll will be the only gobble-uns when they see these coconut candied apples on their Halloween party table. Apples on a stick make a party any day, but the coconut coating on these makes them extra special. And, mother, if you feel that too much "toil and trouble" goes into the making, it can be as simple as this: Buy candied apples. Hold by stick over boiling water to steam the apple until it's sticky. Then roll at once in coconut. However, if you would like the fun of starting from scratch, here's how:

Coconut Halloween Apples

- 6 medium-sized apples
- 1 cup brown sugar, firmly packed
- 1/2 cup granulated sugar
- 1/2 cup light corn syrup
- 1/2 cup water
- 1 tablespoon butter
- 1 teaspoon vanilla
- 1 1/2 cups shredded coconut, cut

Wash and dry apples. Stick wooden skewers into stem ends of apples. Combine the sugars, corn syrup, water, and butter in saucepan. Cook over low heat until sugar is dissolved, stirring constantly. Continue cooking, without stirring, until a small amount of syrup becomes slightly brittle in cold water (or to a temperature of 272 F.). Remove from heat. Add vanilla. Dip apples, one at a time, into the syrup, working quickly. Roll in coconut. Cool on waxed paper. Makes 6 candied apples.

Soil Conservation District News

Complete plans of conservation operations have been worked out on farms owned by Eugene Gully, Noel Woodley, Byron Jeffcoat, E. T. Bryant, William Jemelka, Mrs. B. W. Watson, and Wedel Bros.

Level irrigation or bench leveling on farm land is a new Soil Conservation practice being applied on farms in Bailey County. The first job of bench leveling was applied on the farm of C. C. & Lloyd Stevens in the western edge of the County. O. C. Thomson was quick to follow suit with 41 acres being applied on his farm. B. G. Griffith followed with 13 acres, C. C. Bamert 15 acres, W. L. Sanderson 28 acres, Wiley Holman 50 acres, Joe Sminacher 31 acres, Joe Smith 13 acres, and D. B. Head 19 acres.

The District has on hand Applications from the following Co-operators for bench leveling. O. C. Thomson 119 acres, C. C. Bamert 145 acres, Noel Woodley 80 acres, J. O. Crawford 48 acres, J. C. Hunt 30 acres, O. L. Thomson 30 acres, and numerous others have indicated an interest in the practice of bench leveling.

Securing the necessary heavy equipment to do the job and the limited Technical Personnel in the work unit Conservation office will be the limiting factor as to much land we will be able to level in the near future.

"DEPENDABLE" is the word for BERKELEY WATER SYSTEMS

The only pump that stays primed if the water in the well draws down to the foot valve and admits air into the pump. No more fussing with bucket and funnel!

At the right is a cross-sectional view of Berkeley two stage systems. Circulation of water within these pumps—unlike any other design on the market—is covered by Berkeley patent. It is better in three ways: First, it assures maintenance of prime through positive jet action; second, it increases pump life by almost eliminating end-thrust; third, it makes possible a shorter shaft and more compact construction.

The same basic pump is used for both deep and shallow wells. Conversion is easy—simply add the jet for deep well service. As a shallow well system, the pump has two separate outlets, high pressure for household, low pressure for flood irrigation.

Call us up for literature... or better, come in and check every feature of our floor models. You will like their handsome, rugged appearance, but more important, you will appreciate, as other BERKELEY owners do, their positive, year-round dependability.

"Can't keep Dad out of the kitchen since we got our new Magic Chef."

GREATEST Magic Chef YET!

THE NEW HIGH LEVEL SWING OUT BROILER gives you the joys of year 'round barbecuing.

This exclusive Magic Chef feature adds real enjoyment to cooking—even Dad wants to do it. And for tasty, mouthwatering, juicy steaks—for hamburgers done to a turn—this is the way to do it. It's a smokeless broiler and you don't have to stoop down to turn the food. The door protects you from splatterings. It lifts out easily, too, and the whole unit can be taken to the sink for washing. This is just one of the features that will make you say, "Magic Chef is the range for me!"

Head your Buick for our fountain of youth

Now's the time when Autumn calls you out for a ramble in your Buick.

Slide under the wheel and answer that call! Take a Fireball cruise through the countryside, with your heart growing lighter and the years slipping off your shoulders at each mile!

Just one reminder, though. Make sure your Buick is in top shape to keep step with you. First bring it in to us—and

let us clean summer's dust out of your air filter, flush out tired summer crankcase oil with its grit and goo, check your carburetor adjustment to see that you're getting the most powerful, most economical mixture with October's cooler, heavier atmosphere.

We can do this quickly, economically, with a sure touch. Our thorough Buick training and long Buick experience in doing each job the factory-designated way have earned us a reputation—we're the "Fountain of Youth" for Buicks.

To make it easy, we've printed a Fall Check List below. Just tear this out, drive in this week and hand it to us—and when you head out for the open road there'll be a happy smile on your face!

Tear out this check list—bring it in with your Buick

- Fall Checkup—Lights, brakes, fire wear, front-end alignment, oil filter unit, battery, car heater.
- Adjust—Carburetor, distributor.
- Clean—Air cleaner.
- Flush—Crankcase, cooling system.
- Estimate—Antifreeze requirements.
- ALSO—Lubricate (bumper-to-bumper lubrication and inspection).

Buick care keeps Buicks best

Rites Saturday For Charles Butts

Funeral services will be held Saturday afternoon at 3 o'clock for Charles Butts, two year old son of Mr. and Mrs. Buford Butts, who passed away at 11:20 this morning.
Charles was born April 4, 1947. He had not been in good health for some time but his death was unexpected. He had been in the hospital only one hour when death came.
Services will be held in the First Methodist Church. Charles is survived by his parents and a sister, Patricia Ruth; another sister, Beverly Jane, preceded him in death, passing away July 27, 1943, at the age of two and one half years.

Our Honor Roll . . .

- New subscribers to The Journal this week include the following:
T. G. Leheve, Route 1.
W. E. Rector, Washington.
Mary Drinkard, Denton, Tex.
Pat. Billy Lumsden, Postmaster, San Francisco.
Subscribers who have renewed their subscriptions include:
L. S. Barron, city.
H. W. Blair, city.
A. E. Hanson, Star route 1.
J. G. Heald, Star route 1.
Virgil Nowell, Route 2.
Frank R. Meier, Star route 2.
A. L. Gabbert, Star route 2.
John Davis, Star route 2.
Mrs. Dan C. Thomas, Dallas.
J. M. McCasland, Amarillo.
Mrs. R. L. Ritchie, Idaho.
Mrs. C. A. Bergstrom, Missouri.

ATTEND CONSERVATION DISTRICT MEETING

Mrs. Marie Corrington CHDA and J. K. Adams, County Agent, attended a joint meeting of County Agents and HD agents held at the Aggie Auditorium at Texas Tech at Lubbock Tuesday.
The meeting was on Soil and Water Conservation with the principle speaker being V. C. Marshall, Executive Director State Soil Conservation Board.

MULESHOE VISITORS

Mr. and Mrs. J. W. Fowinkle, of Memphis, Tenn., have returned home after an extended visit with relatives here, the W. B. McAdams and Walter Witte families.

ROSWELL VISITOR

Mrs. Pete Jenkins was a weekend visitor in the home of Mr. and Mrs. Newt Holt and Nancy, in Roswell, N. M.

VISITORS FROM BELEN

Mr. and Mrs. Presley Young and daughter, of Belen, N. M., were visitors Monday in the home of Mr. and Mrs. Harold King.

TO OKLAHOMA

Mrs. Pat Bobo and Mrs. C. R. Farrell visited in Stillwater, Oklahoma, last week end and their daughter and sister, Mrs. McFerrin Stowe and two children, Billy Mas and Twila Gale returned to Muleshoe with them for a visit.

TO CLOVIS

Attending a Luzier's meeting in Clovis at the Clovis Hotel Monday were Mesdames Omar Kelton, Ernest Holland, and Bernice Splawn.

TO DALLAS

Mrs. Olin Jennings and Mrs. Opal Fields left Sunday for Dallas to attend Spring market there this week.

TO PLAINVIEW

Mr. and Mrs. R. E. Herrington and Mr. and Mrs. Clyde Holt visited in Plainview Sunday.

RETURN TO MULESHOE

F. H. Davis has returned to Muleshoe from Iowa where he attended a tractor school.

TO PLAINVIEW

Miss Betty Robinson visited her parents in Plainview over the weekend.

Council Plans Student Directory

Tuesday October 18 the student council met in a body and decided that we ought to have a Student Directory in our school. It is to contain all the students addresses, phone numbers, and what organizations they've participated in this year. Also the teachers and members of the school board will be in it. Bill Thomson was selected editor in chief of the directory and E. E. Bryant business manager. Elected to the committee as assistants were Phillip Garret, Jeanette Kirk and Rilda Gabbert.
They brought back quite a few ideas from Plainview's Student Council. Among them were the Student Directory, School room supplies, Sportsmanship trophy, Exchange assemblies, Western Day, and Stationery.
The Student council is open to anyone who would like to visit them. So if you have a desire to see how it functions you are more than welcome.

Projects of Student Council:

1. Student Directory.
2. Bow Wow.
3. School room supplies.
4. Handbook.
5. Friendship week—(Friendship booklets, big party and program).
6. Sportsmanship trophy.
7. Exchange of assemblies.
8. Western Day.
9. Stationery.
10. Open Council Meetings.

Thespian Club Met Last Friday

The Thespian Club had a called meeting Friday, October 21, at noon in the Speech Room. Mary Jo White, President, called the meeting to order. We discussed our booth at the carnival. We decided what to do in it. We also discussed our initiation. We decided on Monday Night, October 31, to initiate Bill Thomson, Richard Puckett, Glenn Bartley, and Kathrin Norwood in the Home-Economics Room. A committee was selected to decorate the room: Rilda Gabbert, Mary Jo White, Dorothy Dorsey and Joyce Atcheson. A committee was also selected to initiate the members: Nona Clem, Cora Stinson, Bobbie Nell Glyn, Mona Ellen Wilhite, and Rufus Allys-worth. Rilda Gabbert, Ellen Johnson and Miss Griffin were appointed for the refreshment committee.
The initiation will start at seven fifteen (7:15 p. m.) and will be in the gymnasium. All club members who were not in meeting Friday please come.

Spanish I, II Met Thursday Night

The Spanish I and II members of Muleshoe high school met in Mrs. Blackburn's home Thursday night.
The meeting was called to order by the president, Bill Green. Then R. E. Bryant, chairman of the initiation committee, took charge and explained what the Spanish I pledges could and could not do. Afterwards they elected a Sec-Treas. who was Luther Buchanan. After refreshments were served to all, the Spanish II members took the pledges to town and made their run down main street in front of a pick-up. By-the-way Joyce King and Marilyn Gupton came out first, then Richard Barnett, Walter Seals and Jerry Julian. Two of our best football subs Howard Tate and John Dee came up last practically dropping in their steps. All in all they had a wonderful initiation and are glad to be full-pledged Spanish Club members.

WCS MET TUESDAY IN HOME OF MRS. WILLMAN

The WCS of Muleshoe Methodist Church met Tuesday in the home of Mrs. I. F. Willman. Mrs. Roy Bayless gave the devotional. Mrs. H. C. Holt gave the eighth chapter of the study "Japan, Begins Again."
The group decided to join with the Guild to have the Week of Prayer program next Tuesday afternoon Nov. 1 at 2:30. The program is to be in charge of Mrs. Jim Case.
Refreshments were served to Mesdames C. B. Farrell, Roy Bayless, W. D. Moore, I. W. Haney, F. B. Pierson, H. C. Holt, and a visitor, Mrs. Stevens.

BOB JENNINGS HONORED ON HIS 10TH BIRTHDAY

Mr. and Mrs. G. O. Jennings entertained in honor of their son, Bob, on his tenth birthday with a supper and show Tuesday night Oct. 25.
Those attending were Doris Jean and Pat Childers, Mary Jo Holt, Dudley Bristow, Jimmy Dale Laux, Mike Morgan, Davy Jean Anderson, Robert Neal and James Case.

MULESHOE STUDY CLUB MEETS TONIGHT IN THE HOME OF MRS. JULIAN LENAOU

Muleshoe Study Club will meet tonight (Thursday) in the home of Mrs. Julian Lenaou. All members are urged to be present to help pack the boxes for the family in Holland.

AT FLORIST DESIGN SCHOOL

Mrs. J. E. McWhorter, and assistant, Mrs. Roberts, attended the State Florist Design School in Amarillo last Sunday, held all day. These design schools are given in order that florists may learn the latest in all types of designing.

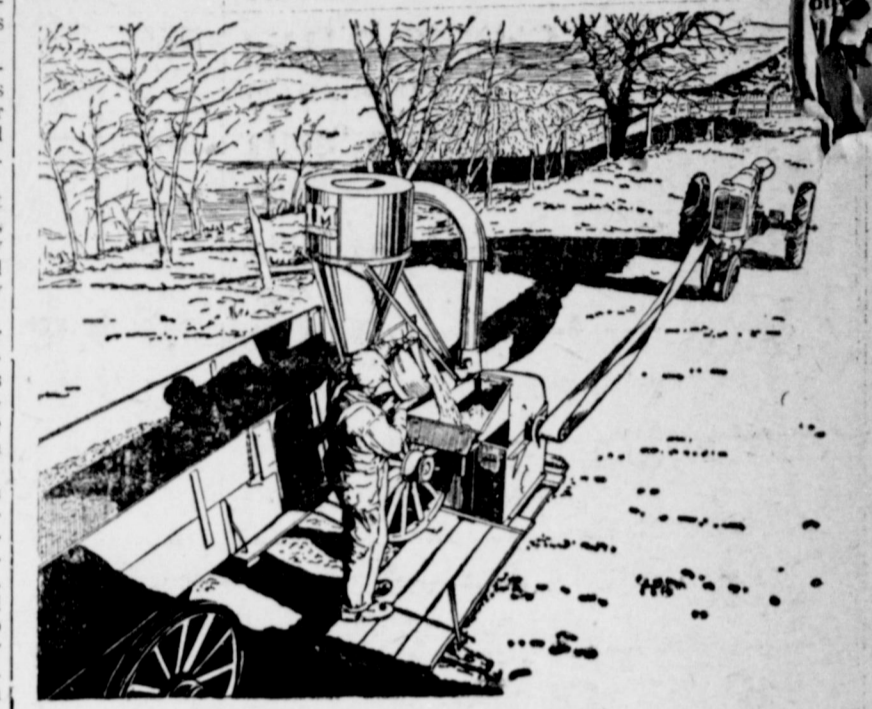

Canadians Will Try Out Cotton

A story telling of the efforts of Canadians to grow cotton appeared recently in a Calgary, Alberta, paper and seemed so unusual to Mrs. H. S. Sanders, Jr., who gets the paper, that she has sent in the clipping for publication in The Journal. The story follows.
MEDICINE HAT—This Southeastern Alberta city—western end of the Prairie drought region—will be the heart of Canada's only cotton bowl if a retired blacksmith's dream comes true.
The start of a long-term experiment in hardy cotton sowing was made in the district this year after Alderman Somn F. Scott returned from a trip to Texas with 100 lbs. of seed.
The seed was planted in about 100 district plots—on farm lands, in Ald Scott's garden, in city greenhouses and in irrigated field and under glass at the city plant nursery.
Although an early September frost killed off most of the unprotected plants before the cotton was to come out, enough plants were rescued from covered plots to ensure continuation of the experiment in 1950.
"We aren't calling it quits with this year's results," says the former blacksmith. "We'll keep growing cotton until we develop a hardy seed adapted to the climate."
He believes it can be done and already foresees the day—not too far distant—when gin mills may be set up here to process cotton.
He believes that the area within a 50-mile radius of Medicine Hat is the only district in Canada suited to cotton growing, which requires a 100-day season of hot weather with warm nights. The area's growing season is 10 to 15 days longer than most.

of rapid growth and others of no apparent advancement.

Next year Ald. Scott plans to seed a fair-sized cotton crop—not just a small plot—on the outskirts of the city.
There is often as much independence in not being led, as in not being driven. —Tryon Edwards.

ards. The new crop, planted in May because of a late spring, survived drought, a mid-June frost, pillaging caterpillars and dust storms before running into the early frost. September frost is uncommon in Medicine Hat.
One district farmer reported that his small cotton plot, although it received only one good rain all season, grew into the last stages. The cotton stalks, similar in appearance to potato plants, showed some peculiarities during growth. Although they grew to the two-foot height expected, the plants appeared to pass through stages

KEY TO BIGGER PROFITS

The simple design and quality construction of MM Hammermills provide safety and convenience in grinding all feed and roughage, extra large capacity for amount of power used, and high quality work. The body and rotor chamber of MM Hammermills are constructed of sheets of heavy plate steel welded together . . . the safest for all conditions. Feeder is built low for easy feeding, and has adjustable control. The heavy duty rotor shaft is balanced for smooth running, revolves on high grade self-aligning bearings. The grinding action is provided by spring-steel hammers with grinding tips made of special steel with reversible carburized grinding edges. MM Hammermill screens are reversible for longer life, and are quickly and easily changed or reversed. The dollars you can save every week in grinding costs will soon pay for an MM Hammermill. See us now.
