What's News Today

A nation-wide vote is to be asked on Roosevelt's judicial reform proposal, the latest announcement as aids, and even the first lady, take a hand in the controversy that seems to be raising such a storm of protest in the capital and over the country generally. Mrs. Roosevelt says the greatest storm of objections is from the upper class, whom she says act as if they fear they may lose something. The president, an aristocrat himself by birth, but who has always championed the cause of the common people, is feared by the wealthy class of big business over the country who fear he may halt their stream of wealth and divert it into channels to help the middle class or care for the poorer strata of society.

Gov. Allred has secured from the president a semi-promise for more PWA funds for Texas projects in that the president suggested that the cost of certain projects be re-examined to the end that more funds may be allocated to them. The governor headed a committee to seek \$9,000,000 more for aid in Texas cities projects. The president is to visit Texas again in April. Another news item that argues well for Texas.

Texas House votes 109 to 26 against race track betting in less than 15 minutes time. It is expected to meet with a stiff battle in the senate but advocates think it will pass easily.

The post office department gets the biggest appropriation in history as it adds \$700,000 for a trans-Atlantic mail service that will bring London and the Old World within 24 to 30 hours of New York. Crossing the Atlantic in a day and night is quite a contrast to the time used by Columbus when he set sail from the little port of Palos in Spain on August 3 and landed in the New World on October 12. Soon we can leave America early Saturday morning and arrive in London for a Sunday morning breakfast and after spending the Sabbath return to our own country to pick up business affairs early Tuesday morning. Quite a nice weekend trip.

Meanwhile, European countries hold a council to plan a hands-off policy in the matter of sending soldiers and war munitions to Spain and threaten to blockade Portugal if she persists in remaining neutral so as to allow soldiers from other countries to enter Spain through her borders. But of course, while the conference goes on and statesmen plead with each other to stop the practice they are allowing soldiers, warships and munitions to proceed to the Spanish

WHY MOTHERS GET GRAY

war area until all agree, which is not likely to be soon. Germany and Italy are determined to meet Russia's communistic soldiers with their own fascists so that their political ideas may not suffer in the reorganization of the new Spain.

And now Roland Leath, long missing choir director from the Travis Avenue Baptist church in Fort Worth, has been found in a hospital in Muskogee, Okla. The church membership has been praying for his return in safety and they will hold a big celebration in honor of the answer to those supplications. His wife has been teaching school and his mother busy with music pupils.

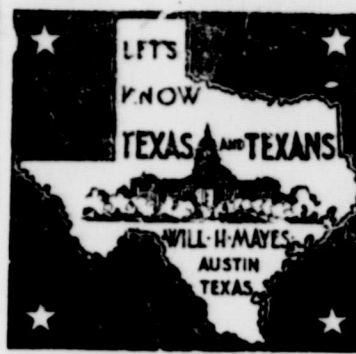

And again there is more trouble in the ranks of labor. Enraged because William Green called the ending of the General Motors strike a failure, arbitrated by John L. Lewis. The laborites may dethrone Green from his place of honor as their head. It seems there is no rest for the great in places of high honor. If one is to keep his exalted seat, he must fight constantly. Some ask, "is it worth it?"

Worry is Needless If It's About Worry U. S. Sends Chickens To Lonely Pacific Isle

RICHMOND, Va. (AP)— Worry is nothing to worry about because a certain amount of worry is normal, according to Dr. Beverley Tucker, Richmond psychiatrist. "People who say they do not worry are either over-optimistic or untruthful," Dr. Tucker said. "Very abnormal people often do not worry at all. "Trousne asylums are often full of the happiest people in the world since they have ceased to worry about anything. Few people go insane from worry, although they often get in what is known as an anxiety state."

BABIES GULP BIGGER COINS
PARADENA, Cal. (AP)— Another indication of improving times, according to local hospital authorities is that babies are swallowing bigger coins than formerly. Baby Thomas Green, 4-1-2, gulped a regulation sized quarter.

"RADIUM WEDDING" MARKED
MELBURNE (AP)— Mr. and Mrs. J. Frederick aged 100 and 93 respectively, have celebrated their "radium wedding" at Shepparton, Victoria. They were married 79 years ago in the Ballarat gold fields.

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. As evidence of good faith inquirers must give their names and addresses, but only their initials will be printed. Address inquiries to Will H. Mayes, Austin, Texas.

Q. Is electric power consumption increasing in Texas?
A. There was an increase of 12.6 per cent in 1936 over the previous year, as follows: Commercial production 14.3 per cent, industrial 13.2, residential 10.3, miscellaneous, 9.8. These figures are based on reports of 17 electric power companies that produce the bulk of such power in the state.

Q. Was Jean LaFitte a typical pirate?
A. LaFitte was well educated, spoke several languages, was immaculate in dress, polished in manners and made many friends. He held letters of marque and reprisal from the government of Venezuela permitting him to prey upon the commerce and shipping of Spain with which Venezuela was at war. He sailed under the flag of Venezuela and by many historians was classed as a "privateer" under protection of that government.

Q. What was Adolphus Sterne?
A. He was a German Jew, who

settled at or near San Augustine in 1826 and was active in the Freilichian rebellion in 1827, at which time he was arrested by Mexican military forces, kept chained for two weeks and sentenced to be shot but was later pardoned. He served Texas throughout the revolution and after annexation was a member of the Texas legislature. He died in New Orleans in 1852.

Q. How did the present-day, popular rodeo originate?
A. From necessary cattle roping, cowboys began having roping contests on cattle ranches. First between the men on a ranch and then in competition with neighboring ranches. With the advent of county fairs the roping contest became a feature presented by neighborhood cowboys and soon experts found it profitable to engage in various exhibitions showing their skill with cattle and horses, these known as "rodeos" to indicate the wider field of the exhibitions. Canyon Hermit Irked Neighbors Too Close

SALT LAKE CITY (AP)— Julian Kucke, 78-year-old hermit of the Wasatch, is disgusted with hermiting. He can't get away from people. It all started early this winter when snow caved in the roof of Kucke's tiny cabin in lonely Little Cottonwood Canyon, and Wasatch National Forest Rangers forced him to move nearer a highway so they wouldn't be compelled to organize searching parties every week to see how he was faring. So Kucke moved a bit farther down the canyon. And now his cabin is surrounded by ERA and CCC workers, busily chipping and digging and building to make the location a winter resort.

STUDENTS LIVE UP TO NAME
HUNTINGTON, Ind. (AP)— Youngest entrants on record at the high school here are Jane and Jay Young. Jane was 12 when she began her freshman year this semester. Jay was 11 when he entered and was only 14 when he graduated an honor student.

BOY BUILT "SOAP BOX" AUTO
WABAN, Mass. (AP)— Three High School boys have built a "racer" out of a discarded washing machine motor. It cost Philip and Richard Burns and Richard Berry \$5 each to build the "soap box" automobile that has a speed of 15 miles an hour.

Man May Marry—

(CONTINUED FROM PAGE ONE)
license money within state borders.
In prohibiting incestuous marriages, the state took in a great deal of family. Hence a man cannot marry his father's widow, his son's widow, or the daughter of his wife's son. A woman cannot marry her father's half-brother, her mother's husband after her mother's death or her husband's son.
The present minimum marriage age is back to an act in 1866. Before that time youngsters could marry at 12 and 14. The Spanish rule, which once dominated Texas, required couples to be at least seven years old before they might become betrothed, but marriage without parental consent was forbidden unless the man was 25 and the woman 21.
Texas, like most other states, early recognized common law marriages, which to this day continue.

**ACTIONS SLOW
ON JUDICIAL
REFORM BILL**

WASHINGTON, Feb. 16 (AP)—The House Judiciary committee today delayed action for at least a week on President Roosevelt's proposal to reorganize the federal judiciary.
Advised of the House committee action Speaker Wm. Bankhead suggested that it might be wise if the senate acted first on the president's proposal.
The postponement was in line with indicated sentiment of administration leaders to move slowly with Mr. Roosevelt's program in order to afford opportunity for national sentiment to develop for and against the proposal.
Senate majority leader, Joseph Robinson said he knew of no plan for compromise on the president's judiciary program and he believed a bill could be passed through the senate.

**Another Question
About CARDUI**

MOTHERS RECOMMEND IT
"Why do so many MOTHERS recommend Cardui to their daughters?"
"Isn't it but natural that any good mother should tell her daughters about Cardui if the mother herself felt that she had been benefited by this medicine?"
"It is impressive that so many women report having taken Cardui with the advice of their mothers."
"Cardui has been found to benefit women when weakened by menstruation (poor nourishment) and it helps to relieve much discomfort at monthly periods."
"Thousands of women testify Cardui helped them. Of course, if it does not help you, consult a physician."

**JO TIPTON IS
VOTED IDEAL
SCHOOL GIRL**

Miss Jo Tipton, the girl with the winning personality, was selected as the Ideal Girl by the classes of the Hememaking department of the Cisco high school, presided over by Miss Martha Graves.
At the beginning of the school term in September, Miss Graves staged a contest in her four foods classes in which she asked students to observe carefully the attributes of each classmate and at a certain time each class would vote for one of its number as representing more nearly the ideal girl according to stated qualifications which were Physical Fitness, Mental Alertness, Social Grace and Spiritual Beauty.
Jo Tipton, Alice Slicker, Betty Jo Kicks and Sue Witten, were selected, each to represent the four foods classes and then a ballot was taken to select one from this number to represent the department as a whole. Miss Tipton being the choice, as many expressed it, on account of her winning personality.
Other qualifications in this four-fold life, observed and graded by students were: Sportmanship, Cheerfulness, Sense of Humor and Good Citizenship.
Miss Graves thinks that the rounded life of her girls has been placed on a higher plane on account of this contest and the constant thought in mind of becoming the embodiment of the ideal person before her classmates. While Miss Tipton is voted the leadership, the other girls are no less honored and like the little boy, Ernest, in the story of the Great Stone Face, constant living an ideal makes one indeed favor and become like that ideal in physical makeup as well as in the other three graces.

**Methodist Church
Week's Activities**

Rev. Joe Patterson, calls attention to the Methodist's activities for the week which begins tonight with the laymen's banquets and culminates with games and talks on family nights.
Hal Cherry, of Brownwood, conference chairman of the district for the Methodist conference will be the principal speaker tonight at the Methodist Laymen's banquet at 7 o'clock when about 300 are expected to be present from over the district. E. B. McGlamery will preside during the laymen's meeting.
Presiding Elder J. B. Curry will give the digest of preachers reports and program for next quarter. Lory Boyd will be in charge of special music and will arrange several men's quartets.
Wednesday evening will be family night when all members of the family will be called together for the purpose of engaging in games such as, checkers, chess, dominoes, "42", ring toss, shuffle board, dart baseball, bean board and many other games that young and old may engage in. The parents are to bring covered dishes for the 7 o'clock meal. Miss Ruby Ray Swift and Mrs. Jimmie Allen will have charge of the young children and their entertainment, while Mmes. Paul M. Wood and A. D. Anderson will be in charge of the nursery.
Thursday evening, Rev. P. W. Walker, Eschland pastor will speak on a religious subject, and the pastor, Rev. Joe Patterson, will give the autobiography of the family pew, Friday evening.
These meetings are to be the beginning of family week programs wherein all families of the church are to arrange for the whole family to spend one night together each week in the home playing games and getting acquainted with each other.

**Mrs. Moriarty is
Hostess at Bridge**

The approaching spring was emphasized in party arrangements Monday afternoon when Mrs. J. E. Moriarty was hostess at bridge in her West Fourteenth street home. Games were played in rooms where bouquets of calendulas made a charming background. Party accessories carried the yellow and white color note including wrappings for prizes which were won by Mrs. F. J. Borman, high; Mrs. W. W. Wallace, second high; Mrs. B. Moore, low and Mrs. H. B. Allison, guest. Table prizes were given to Mmes. O'Brien, Karl Armstrong, J. A. Bearman, Phillips, Kelly and Green.
The dainty color note was repeated in a refreshment plate of ice cream molded into Easter lilies and delicious cake and mints. The guest list included: Mmes. R. L. Ponsler, H. B. Allison, T. F. O'Brien, A. C. Green, John Brice, J. A. Bearman, R. A. Bearman, Charles Fee, Alex Spears, George Fee, G. B. Kelly, W. W. Moore, W. P. Lee, J. E. Spencer, F. J. Borman, Sam Kimmell, Charles Kleiner, Charles Sandler, W. W. Wallace, A. E. Jamison, R. B. Carswell, E. H. Phillips, Lee, Helzel, Karl Armstrong, W. J. Armstrong, P. W. Snyder, F. D. Wright, A. D. Schmid, Rex Moore, E. L. Smith, E. P. Crawford and C. D. George.

**HIGH SCHOOL
NEWS ITEMS**

By TOMMY LA MORE
High school debaters will meet the Breckenridge speakers Friday night, in the high school auditorium at 7 o'clock. The local debaters will then meet the Breckenridge team in that city next week in return matches. Mrs. E. L. Hazlewood's debaters are expected to give good accounts of themselves in these contests.
The new boxing club in the high school under the sponsorship of Ralph Barton got under way today when 25 boys were present for the first meeting. Mr. Barton plans to teach the boys the art of self defense and good sportsmanship.

**Barbara Stanwyck says:
"Luckies make a hit with
my throat"**

"When talking pictures arrived, my stage experience on Broadway gave me my chance on the screen. Taking care of my throat became serious business with me, so I changed to Luckies—a light smoke. Of course I smoke other cigarettes now and then but sooner or later I come back to Luckies. They make a hit with my throat and also with my taste."

Barbara Stanwyck
RKO RADIO PICTURES' STAR
NOW APPEARING IN
"THE PLOUGH AND THE STARS"

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.
Miss Stanwyck verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

**Fencing Popular at
Midwestern College**

CEDAR RAPIDS Iowa, (AP)—Coe College students are learning to fence because one of their professors felt he needed more exercise than teaching college classes offered.
Dr. Leonard H. Wilson, botany

**and geology instructor, learned the sport at Wisconsin, where he was a member of the freshman fencing team. He continued the activity while attending school in England. When he joined the Coe College faculty two years ago, Wilson first fenced by himself. Students became interested and demands for a class grew.
Now there are 12 men receiving instruction from Wilson twice a**

week in the handball courts of the school gymnasium. A class for women is being considered.

BOY, 4, LOSTS THIRD DOG
LORAIN O. (AP)—Four-year-old "Skippy" Mathna has lost his fox terrier, Zero. Zero's disappearance is bad enough, but what makes it worse is that he's the third dog lost by Skippy.

HOUSES ON PIERS FORBIDDEN

BOSTON (AP)—Houses forbidden to be constructed of glass and on piers, according to Gropius, Harvard architecture professor and widely-known architect. Gone will be pie masonry, he says, and in their will be light but strong houses, using sun and air to a much greater degree than present-day
