WPA FUNDS ARE ALLOCATED TO TEXAS

THIRTY-ONE PROJECTS ARE INCLUDED

WASHINGTON, Feb. 17 (AP)—The senate today passed and went to conference with the House the \$971,000,000 independent offices appropriation bill. The senate eliminated a clause to prevent lending of federal employees to congressional investigation committees.

Robert Smith, Texas director of the Works Progress Administration announced today that a federal allocation of \$309,967 had been made for 31 projects in the state. Local sponsors will supply \$159,666. Smith said 2,070 persons would be employed.

Projects included: Nolan county farm to market road improvements, federal funds, \$14,200; sponsor fund \$8,079; workers 79; Breckenridge school, federal fund, \$4,340; sponsor fund \$4,201; workers, 31.

JUDICIAL REFORM PLAN UNDER FIRE IN CONGRESS

WASHINGTON, Feb. 17 (AP)—Rep. Samuel Pettengill, dem. from Indiana, leader of the House bloc opposing President Roosevelt's judicial re-organization plan, declared today that "A packed jury, a packed court and a stacked deck of cards are all on the same moral plane."

In a letter to the Indiana legislature, which passed a resolution asking that state's congressional delegation to support the president's plan, Pettengill said he could not support that part of the program providing for increase in the supreme court's membership to 10 judges.

Senator Edward Burke, dem. from Nebraska today introduced a joint resolution for a constitutional amendment providing that supreme court justices may retire at 70 and must retire at 75 on full pay.

Burke's proposal was the second introduced in the senate today by critics of Mr. Roosevelt's plan. The other proposal was submitted by Senator Burton Wheeler of Montana and Homer Bone of Washington. They proposed a constitutional amendment that congress be given power to override any court decision which invalidates any act of congress.

ALLRED FEARS NO FUNDS FOR WPA PROJECTS

WASHINGTON, Feb. 17 (AP)—Governor Allred admitted today he saw no chance of 91 Texas communities receiving 45 per cent federal grants to match bond issues they voted for proposed Works Administration projects.

Allred conferred with assistant WPA director for Horatio Hackett yesterday. W. M. Massie, chairman of the Texas Planning Board said he would have to revise the estimate and re-investigate each proposed project. He said many would have to be reduced.

New Argument is Started in Senate

AUSTIN, Feb. 17 (AP)—A request that U. S. Secretary of Interior Harold Ickes, discussed conservation when he addressed the State legislature Saturday night, started a new argument in the Texas Senate today.

Senator Joe Hill of Henderson did not object to the request but protested against an expression used by Senator Claud Westerfield of Dallas in making the request.

Italian Motorship Sinks in Columbia

SEATTLE, Feb. 17 (AP)—The Italian motorship Peltra sank after a collision with the S. S. Edward Luckenbach, which went aground in a storm early today. No lives were lost.

EAST TEXAS—Mostly cloudy, occasional rain except in northwest and north central portions tonight. Thursday partly cloudy somewhat colder.

WEST TEXAS—Fair slightly colder in north portion tonight.

England to Spend Billions for Armament

NECESSITY TO IMPOSE HEAVY TAX BURDENS

LONDON, Feb. 17 (AP)—Neville Chamberlain, chancellor of the exchequer, warned the house of commons today that even the expenditure of \$7,500,000,000 proposed for armament in the next five years "can not be regarded as final."

In presenting a resolution calling for an immediate internal defense loan of \$2,500,000,000 Chamberlain defended Great Britain's imposition of a great burden on the already heavily taxed people saying "justification for the present course lies in the condition of the times."

JAPAN CONCERNED OVER ENGLAND'S PROGRAM

TOKIO, Feb. 17 (AP)—The official news agency reported today that naval officers were concerned over Great Britain's rearmament program believing that the U. S. may follow a similar program and compel Japan to enter into armament race.

FINAL BATTLES SAID TO BE IN OFFING

HENDAYE, Spain, Feb. 17 (AP)—After a long period of inactivity General Franco's northern insurgent army has begun advancing on Madrid from the northeast to participate in what may be the final battle for the capital, unaffiliated dispatches said today.

The movement was considered to be only one phase of two rival military operations in which General Franco and General Jose Miaja, loyalist commander are engaged. With the late of Madrid as the stake.

General Miaja answered the threat by launching a powerful offensive south of the river Tago in an effort to split Franco's army and force him to withdraw from Madrid.

RUSSIAN DEMAND IS EXPECTED FOR PORTUGAL

LONDON, Feb. 17 (AP)—A Russian demand that the Portuguese coast be patrolled by an international fleet was expected at a meeting of a sub-committee on non-intervention in the Spanish Civil war tomorrow, unless Portugal consent to plan to control shipment to Belligerents.

Scouters Will Hold Court of Honor Here

By TOMMY LA MORE
A court of honor will be held at the Methodist church Friday night at 7:30 by the local Boy Scouts Troops Four and 101.

Eugene Langford is president of this court and it is hoped that E. N. Quirk, scout executive of the Comanche Trail, which covers eight counties, will be able to attend this occasion.

Merit applications will be received by the court to be approved or rejected. Classification badges will also be given to scouts who are entitled to them and some will receive the first classification badge which is the Tenderfoot emblem.

Prehistoric Pipes Found in Oklahoma

Norman, Okla. (AP)—Two rare stone pipes which were unearthed at the site of a prehistoric Indian village in eastern Oklahoma by WPA workers are being reconditioned in the anthropology laboratory at the University of Oklahoma.

The pipes, made of heavy white stone, are carved into the forms of kneeling figures and are about six inches tall. The tobacco bowl is a depression into the shoulders.

ARKANSAS OIL SLUMPS

EL DORADO, Ark. (AP)—Arkansas has witnessed a steady drop in production of crude oil since 1925, production shows. Peak production of 77,398,000 barrels was reached in 1925. The yield last year was 10,476,450 barrels.

Finds 'Borrowed' Time Too Dear

Joseph Krehmar, above, lives on borrowed time and thinks perhaps the interest is too high. Three years ago Dr. Claude S. Beck, Cleveland surgeon, took the only chance of saving Krehmar's life, grafted a muscle from Krehmar's arm to his heart, checked angina pectoris by the novel operation. Krehmar, still not strong enough to work at his trade of ditch digging is on relief with wife and three children, looks on life drearily, isn't so sure he is lucky.

CISCO RECEIVES REDUCTION FOR FIRE PREMIUMS

Cisco has just received another 3 per cent reduction on her fire rate which added to the 10 per cent received in 1936, gives a reduction of 15 per cent all told.

A few years ago Cisco was penalized 15 per cent on account of her numerous fires, many of which it was thought might have been prevented. Fire Marshall, Gustafson, says 85 per cent of our fires are the result of carelessness hence by co-operation on the part of the citizenship, this rate may be still further reduced to the maximum credit of 25 per cent, and Cisco property owners may save many dollars on their fire insurance premiums.

Health Officer Makes Statement

In view of the efforts being put forth by the United States Public Health service and the State Department of Health, to arrest as far as possible the alarming condition of venereal diseases, as city health officer, I will take and have examined blood from all those who are wholly unable to pay for same. This does not include treatment as the department of health does not furnish free medicine for treatment of the diseases.

W. P. LEE, City Health Officer.

McNutt Nominated High Commissioner

WASHINGTON, Feb. 17 (AP)—President Roosevelt today nominated Paul McNutt, Indiana governor to be U. S. High Commissioner to the Philippine Islands.

JUDGE NAMED FOR ELECTION TRIAL COURT

AUSTIN, Feb. 17 (AP)—Speaker Robert Cavert has named Representative A. T. McKinney of Huntsville as presiding judge for the 1941 district election contest which goes on trial in the Texas House of Representatives tonight.

L. E. Hunter of Cleburne will seek to open ballot boxes in the August 22 democratic runoff. To support his charge that approximately 200 illegal votes were cast, his attorney, W. O. Reed of Dallas said, Hunter is challenging the seating of J. K. Rusch of Cleburne.

Lions Have Safety Talk at Luncheon

A drivers license law with teeth is what Texas needs to curb its ever increasing number of automobile accidents and injuries. A. W. Breeland of Dallas, supervisor of safety for the Lone Star Gas System, said in an address at the weekly meeting of the Cisco Lions Wednesday noon in the Laguna Hotel, Mr. Breeland urged adoption of a uniform traffic code published by the Motor Vehicle Street and Highway Commissioners of the United States which provides, among other things, for a driving examination of all new automobile drivers.

There are a number of political stumbling blocks in the path of accident prevention on the streets and highways of Texas, Mr. Breeland said. There are a number of ways in which these stumbling blocks can be overcome. First, in my opinion, is the making of an effective drivers license law.

I shall not attempt to go into detail, but I feel, first and foremost, that our Texas drivers license law should be based on the uniform traffic code published by the Motor Vehicle Street and Highway Commissioners of the United States. This provides, among other things, for a driving examination of all new automobile drivers. The issuance of licenses and the execution of the drivers license law should be centralized and not left to local justices of the peace, constables and other traffic officers.

The Public Safety Commission should issue all licenses and also have the power to revoke or suspend licenses. The drivers license law should also have in it sufficient teeth to cause a wholesale respect for it.

There is a bill before the Texas Legislature for the amending of our present drivers license law to conform with the uniform code. Our legislators are going to do just exactly what we want them to do. If we are sufficiently interested in this problem they will act accordingly. Speeches will not save lives. It takes work. The first line of defense is in our homes. We also have an excellent line of attack in our schools, our Parent-Teacher association, and our various service clubs. The problem is a serious one and obviously cannot be solved this month or this year, but if we want to bad enough we can accomplish great things in preventing

GIRLS PREFER TO RUN AWAY ALONE, BUT BOYS LIKE COMPANY, SAY POLICE

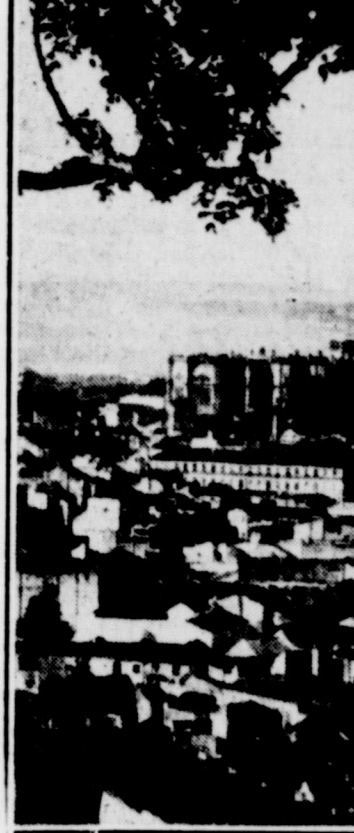

PITTSBURGH, Feb. 17 (AP)—Girls leave home because they are afraid of parental reprimands, usually after late parties, or because they object to attempts by their parents to "dictate."

That was the picture painted by two veteran Pittsburgh policemen in explaining why young women leave their homes and do not return.

In many instances, said Mrs. Ida Rickenback, head of the Missing Persons Bureau, it is "because she went out to a party and was told to come in at a certain time, but she didn't."

"Then," Mrs. Rickenback added, "she is afraid to go home, so she goes to the home of somebody else, another girl, perhaps. She stays all night. The next morning she knows she deserves to be reprimanded because she has been out all night, so she doesn't go home at all. Then she is reported missing."

UNDER SPANISH REBELS' FLAG

CIVIL FORCES OVERRULED BY MARTIAL LAW

ANDERSON, Feb. 17 (AP)—Military and civil law clashed today in this industrial town, scene of a feud between union and non-union auto workers. The provision of the federal constitution mean nothing under martial law" said national guard Colonel Albert Whitcomb. Circuit Judge Chas. Smith whose order Whitcomb overrules convened his court to determine what he could do about it.

The clash grew out of an order issued by attorney of the United Auto Workers would be permitted to see the 17 union men who have been held since Saturday.

Hungary to Revive Bear Hunting Sport

BUDAPEST (AP)—The ancient sport of bear hunting is to be revived in Hungary under government supervision. For centuries the bear chase was the favorite sport of noblemen, especially in the vast forests of Transylvania.

Since the World War, bears virtually have disappeared. To restore department of the ministry of agriculture will import bears turning them loose in the royal forest of Sain, where they will be allowed to breed under strict government protection.

Britain Guards Secret Super-Speed Bomber

LONDON (AP)—Behind an electrically operated door in a closely guarded workshop at the Bristol Aeroplane company's huge plant at Filton, the world's fastest bomber is being built.

The performance of the super-speed bomber, which it is claimed, will give Britain supremacy in the air in the event of war, is known only to an inner circle at the Air Ministry. The comparatively slow-moving bomber, which is so easily attacked by high-speed fighters and which has been a serious problem of air-war tactics, will be wiped out because of the speed of the new machine, it is believed.

Directors Discuss Truck Legislation

After due deliberation the Chamber of Commerce directors voted to endorse the present truck law with our changes as to its load capacity or width of truck body it also agreed to sponsor a land conservation program and endorse, House No. 24 having to do with soil conservation and sponsored by the West Texas Chamber of Commerce and the A. & M. college.

Further lease of signs on Weatherford highway was discussed. Secretary Spencer who is Red Cross chairman of the Eastland county chapter, discussed the present status of relief funds donated by the county for flood victims in the Ohio and Mississippi valleys.

Directors present were, Dr. F. E. Clark, J. J. Collins, Dr. Charles Hale, Charles Kleiner, W. J. Leach, E. J. Poe, R. L. Ponsler, E. L. Smith and S. R. Woods.

Second Dust Storm Hits Texas Today

Dust laden wind from the northwest whipped another cloud across the Panhandle Wednesday undeterred by light rain in that area.

The new dust storm following by two days another of greater intensity, extended several hundred miles south to Wink and to Big Spring.

Government forecasters thought occasional rains Wednesday night would settle the dust storm in north Texas.

Safe Driving' Say Cisco Boy Scouts

By TOMMY LA MORE
Large signs with Slow School, and Thank You, on their sides have been made and given to the Boy Scouts who are patrolling Eighth street in the mornings, at noon and afternoons helping the school students to and from school crossing this busy street.

These signs are furnished by the officials of the city of Cisco, who are aiding the scouts in making traffic safe here. The flags first used by the scouts in patrolling the streets were not sufficient in letting the motorists know what they meant, so the new signs will be put in to use. No Saturdays the scouts will assist the local officers in handling the heavy Saturday traffic and scout court will be held in the city hall with A. G. Bardwell as judge.

Many people have commented on the road that this service is doing in helping to make driving safer.

Consideration of Child Bill Ordered

AUSTIN, Feb. 17 (AP)—By a vote of 24 to 5 the senate today ordered consideration of an anti-child labor bill ahead of the scheduled vote on ratification of the amendment to the constitution.

Under the schedule adopted, the bill will be voted on Friday. A vote on ratification is set for Monday.

Golden Gate Bridge Gives Way Under Men

SAN FRANCISCO, Feb. 17 (AP)—A ten ton platform used in construction on the Golden Gate bridge collapsed today. Six workers were thrown into the water.

Two were rescued, but one removed from the water dead, three reported missing. The two men saved were injured seriously.

The men fell more than 150 feet into San Francisco bay when the heavy platform in which they were working collapsed.

The accident was the most serious in the building of the \$35,000,000 structure which connects San Francisco and Marin county. Previously only one man had lost his life on the construction work.

TWO MORE HURT IN CAR CRASH AT FOURTEENTH

Two persons were injured this morning at about 7 o'clock when a car from Canton, Texas, containing Mr. and Mrs. R. A. Burk and a child, Miss Leslie collided with a truck driven by C. E. Shidner on his way from Brownwood, smashing the car and injuring Mrs. Burk and her child, both being painfully lacerated by broken glass.

The car which had its top loaded with household goods came into a street from the Eastland way at Fourteenth and crashed into the truck which was on its way to Brownwood. It may have been Mr. Burk who was confused as to the turn of the highway and did see the truck as he attempted to turn on Fourteenth street instead of turning north on Main.

Mrs. Burk, 38, who lived at Canton, route 4, has a fractured collar bone and cuts, while the daughter, received painful head injuries. Mr. Burk was not seriously hurt.

The Burks were on their way to Brownwood, and hospital attendants said they would probably leave the hospital late this afternoon.

What's News Today

Twenty-six nations agree to wall in the war zone of Spanish territory by a blockade after Saturday so that no more volunteers from other nations may add to the conflagration of war now going on.

And Italian and French volunteers are expected to rush madly for the scene so that they may be on the ground to assist their friends before the door to Spain is closed. This action will either end the strife shortly or be the cause of greater action. The world will watch development eagerly.

The dust cloud extends far down toward the Rio Grande as it floats from the dust bowl including four states. Lack of stiff breezes during Tuesday caused the dust to settle over the country like a gloomy plague sent to punish vain man for some of his many misdeeds. But rains over the country will wash the dust from the air of the lower strata.

The court reform plan is now being discussed over the air and the people will have an opportunity to hear both sides of the argument. If the president plans to let the opposition wear itself out his ideas are working. Meanwhile, vote on the matter is deferred.

The war on horse racing and pari-mutuel betting continues down at Austin as the senate committee sets March 9 for public hearing on the bill. Effort has been made to get off hearings until later dates but in vain. A mighty battle of argument is expected at this hearing and before.

After a conference with government officials, Gov. Allred says he has despaired of getting his \$9,000,000 asked for public works for Texas cities who have voted some \$15,000,000 for improvements.

Roosevelt asks congress to save individual farm ownership. A nation-wide program is asked to assist tenants to own their home instead of being compelled to work for a master. During the years of depression more and more small farm ownerships passed into the hands of big corporations just as have city houses in Cisco passed to loan company ownership. It is true that many of these homes have been placed on the market and ready to owners but many dwellings and farms all over the land have drifted to big companies.

The missing climber, Ronald Leath, is being returned to Fort Worth, his wife and mother. He appears to be in a daze and hospital attendants say he will never remember the weeks of his life spent in wildernesses.

England plans necessary and prepares for war, should it come. Like other nations, she realizes the best way to peace is to be prepared for trouble. But these nations, armed to the teeth, will find a payday and time of reckoning coming.

When their subjects have been reduced to poverty by heavy war taxes, the rulers may be compelled to start a war to save their faces and give their subjects something to think about other than their empty stomachs. The picture looks dark for the peoples of European nations. Heavy taxes will grind them down. Unrest will multiply, and when it gets bad enough, they will rise like the American colonies and assert themselves and be through with dictators. Liberties and freedom are always the outgrowth of unbearable tyranny and oppression, death and starvation.

Doctor Testifies In Burn's Case

Dr. F. T. Isbell, Eastland, testified Tuesday in 88th district court at the trial of Ray Burns, charged with attacking a girl on Oct. 18, 1936. He had examined her and found evidence of treatment which the state alleges. He stated her body was bruised. The alleged victim of the attack, whose home is near Cisco, was visiting with a Gorman sister at the time of the occurrence. Her sister is married to a brother of the defendant.

CONFIDENTIAL REPORT

CRIME FILE ON BOLITHO BLANE

BEGIN HERE TODAY

Investigating the murder of BOLITHO BLANE, Big Game Hunter, aboard CARLTON ROCK-SAVAGE's yacht, Detective Officer KETTERING runs into a maze of conflicting clues.

Each of the ship's passengers appear involved in some manner. These include LADY WELTER; her daughter and son-in-law, REGINALD and MISS ANNE; COLT POSSIDINI, the HISPANIC; BOBIE and INOSUKE HAYASHI; and MICHAEL AS STUBART. Blane's secretary appears above suspicion since he was in the yacht's lounge all during the period in which the crime was obviously committed.

As the investigation progresses, Kettering learns from Jocelyn that Rocksavage possessed the best motive for the crime—financial gain. Moreover, he learned that Rocksavage was able to dress for dinner in four minutes, a feat conceivably enabling him to commit a murder and return to the ship's lounge without creating suspicion.

Confronted with this revelation, Rocksavage countered that Jocelyn, too, had a real motive—money. Furthermore, that Hayashi stood to lose a million dollars if Blane had lived long enough to conclude a merger with Rocksavage, thereby killing the soap monopoly deal Hayashi sought. Lady Welter, questioned again as to her whereabouts at the time of the crime, testified she was having a jumper in her maid's presence.

NOW GO ON WITH THE STORY CHAPTER XIX

DETECTIVE OFFICER NEAME'S SHORTHAND NOTES OF DETECTIVE OFFICER KETTERING'S EXAMINATION OF LADY WELTER'S MAID, MILDRED SHORT.

K: Come in, Mildred. Just a few questions I want to ask you about what happened on the night Mr. Blane met his death.

M: Yes, sir.

K: What time did Lady Welter ring for you to come along and help her dress that night?

M: I think it was about ten past seven, sir, that is when I got to her ladyship's cabin.

K: How long were you with her?

M: Just under half an hour, sir. I was back in the service room down below by twenty-five to eight.

K: Lady Welter was busy knitting a jumper that day, wasn't she?

M: Yes, sir.

K: Do you remember how far she had got with it before she sent for you to help her to dress?

M: She only had one sleeve left to do, sir.

K: How long would that take her?

M: About half an hour, sir. It was only a short sleeve, you see.

K: When you came back to her cabin, after she had gone up, did you notice if the jumper was just the same, or had she done anything to it?

M: I didn't see it then, sir. In fact, I was wondering yesterday what had happened to it because I haven't seen it since.

K: Is that so? All right. You can go, Mildred.

DETECTIVE OFFICER NEAME'S SHORTHAND NOTES OF DETECTIVE OFFICER KETTERING'S SECOND EXAMINATION OF MR. INOSUKE HAYASHI.

K: Good morning, Mr. Hayashi. Good morning, Officer.

K: I don't think you were quite frank with me yesterday.

H: Oh, but I am always frank. I answer everything you ask—yes?

K: Maybe, but you didn't go out of your way to give me any extra information, did you? For instance, you didn't tell me that you had written a note to Blane asking him either to come to your cabin or give you a meeting in his before dinner.

H: I did not think that had any bearing on the case.

K: It has a bearing which may make things look very nasty for you, Mr. Hayashi. What time did Blane come to your cabin?

H: He did not come to my cabin.

K: Then what time did you go to his?

H: I did not go to his cabin. Poor man, he ignored my note, perhaps because he had no option.

K: What time did you send that postcard along to him?

H: About ten past seven, soon after Mr. Blane came on board. I wrote it in the small writing-room here and sent it down at once.

K: What were you so anxious to see him about?

H: It is quite simple. I have the disposal of the soap monopoly of my country in my hands. I must get the best price for my country that I can. I have been negotiating for its sale by correspondence with both Mr. Rocksavage and Mr. Blane, but neither would make me a definite offer. I knew that if these two once got together the chances were that they would arrange an amalgamation. That would have put an end to their competition and my government would have had to accept a much lesser price in consequence. It was my business, therefore, to try and arrange a deal with one of these two gentlemen before they met.

I SPOKE to Mr. Rocksavage soon after I came on board in the afternoon, and he was unwilling to deal with me until he had seen Mr. Blane. His position was, of course, then far stronger than Mr. Blane's, because the shares of the Blane companies had been falling so heavily during the past few weeks. In consequence, I de-

HELPFUL ADVICE TO ACNE SUFFERERS

For acne pimples affecting the outer or surface layer of the skin, here is advice that will help improve your complexion.

Every night at bedtime, wash your face thoroughly with Resinol Soap and hot water. Do not rub. Follow with a dash of cold water and dry thoroughly but gently. Then apply Resinol Ointment to the affected skin and leave it on all night. Do this every night, and watch the improvement.

Local treatment is advised as a helpful aid in acne cases, and for more than 40 years the ingredients of Resinol have been found effective.

Resinol benefits by treating the irritated oil ducts, where most surface pimples start. In this way it aids healing of such pimples, and also tends to check their recurrence.

Buy Resinol Ointment and Soap in any drug store. For free sample, write to Resinol, Dept. 13, Baltimore, Md.

Minn. Urges Test for Iron Pavement Strip

ST. PAUL (UP)—Minnesota officials said they would be willing to share part of the expense of a six-tenths of a mile test strip of iron pavement if federal bureau of public roads officials would bear a hand in the project.

The short stretch of pavement would be laid in St. Louis County as part of a grade elimination plan. Iron paving would bring the total cost of the job \$27,500 higher than a present asphalt paving cost of \$5.50 a square yard.

Highway engineers have declared that iron undoubtedly wears longer and better than concrete pavement and a short test strip has been in place in front of a University of Minnesota building for several years.

DAKOTA FARM OUTLOOK ROSY

FARGO, N. D. (UP)—An agricultural price situation more cheerful than has appeared for several years is evident in the North Dakota 1937 farm outlook. H. G. Anderson, state agricultural college economist, has announced.

SAFETY---OR THIS?

DEATH, in the guise of heavily loaded motor trucks, rides the highways of Texas every day and every night. The toll of human death and injury of these vehicles is appalling.

In the five-year period, 1932 to 1936, inclusive, trucks in Texas have participated in 8,416 highway accidents in which 2,195 persons were killed and 11,962 injured. In 1936 alone, their record stood 2,208 accidents with 3,323 persons injured and 576 killed. These actual records of people killed, as shown by Texas newspapers, compared with the number of deaths resulting from all motor vehicle accidents, as given by the Bureau of Vital Statistics in Austin, show that the average Texas truck participates in twice as many fatal accidents as the average passenger car.

Likewise, as might be reasonably expected from their greater weight and size, and as shown by the records of the Texas Railroad Commission, the Carrier for Hire truck accidents, during 1936, have resulted, vehicle for vehicle, in three times the number of fatalities as for the average passenger car.

Increased liability to highway accident forms an inseparable result of BIG truck operation. But even now, the threat of greater highway hazards hangs over the people of Texas. Newspapers report that operators of BIG trucks have organized for the purpose of securing an increase in weight and speed limits, already too large. These are the elements, weight and speed, which, in highway accidents, spell "D-E-A-T-H."

The right to grant, condition or deny the use of the highways for profit, belongs to you, the people of Texas, notwithstanding the attempts of the operators of BIG trucks to take it away and give it to the federal government instead. Your present laws, limiting the size, weight and speed of trucks, were enacted by reason of your insistence, and by your insistence they have remained on the statute books. Their amendment would serve the sole purpose of increasing the profits of operators of the BIG trucks, with the certain results of also increasing the mounting injuries, deaths and property losses now taking place on your highways.

Public welfare and public safety demand that existing highway regulations shall be retained and enforced.

Junior Music Club To Sponsor Contest

The Junior Music Lover's club is sponsoring a hymn playing contest to be held on the 13 of March. All grammar and high school students of piano from the age of 9 to 18 years inclusive, are invited to participate in the contest.
The hymns to be used are selected from hymns which will be used in the state contest of the Federation of Junior Music clubs this spring. A list of the songs and other information concerning the contest may be obtained from the club counselor, Mrs. Ben Krauskopf, at Jensen's Music store.

Betty Lou Powell Is Hostess to Club

The Junior Music Lover's club held their regular meeting Saturday afternoon at the home of Miss Betty Lou Powell.
The subject for study was "American Composers," under the leadership of Veslie Wood. The following program was given: "Early American Composers," Helen Erwin; "Composers of the Nineteenth Century," Betty Lou Powell; "Present Day Composers," Veslie Wood. A violin solo by an American composer was played by Freda Fern Erwin.
After the program contest was held in the order of a test on the lesson, which was won by Julia Jane Moore. Refreshments in which the Valentine theme was carried out in a clever manner, were served to Julia Jane Moore, Freda Fern Erwin, Veslie Wood, Helen Erwin, LaVerne Reich, Mrs. Troy Powell, Mrs. Ben Krauskopf and the hostess.

Methodist Banquet Brings Big Crowd

About 175 laymen attended the banquet at the First Methodist church last night when Hal Cherry of Brownwood and Rev. W. H. Vanderpool of Breckenridge made interesting talks along the line of work that laymen may do for their church.
Presiding Elder J. B. Curry was sick in bed and could not attend the meeting. E. B. McGlamery, of Eastland, presided in his stead.
Hal Cherry gave interesting data concerning the work of laymen in the Brownwood district concerning the cost of saving souls and what laymen were giving to the work. He cited an instance of where one man complained that religious work was too expensive while he only gave \$12.00 to the church but spent \$30 for a pup.
Rev. Vanderpool gave illustration to his talk along the line of cooperation showing that one individual could not accomplish alone, but all working together could do mighty things for the cause.
Those present from other churches were: Ranger 36, Eastland 30, Brownwood 11, Rising Star 12, DeLeon 7, Bunyan 7, Dublin 15.

Unemployment Taxes Must be Paid Feb. 25

AUSTIN, Feb. 17.—Chairman-director R. B. Anderson this week issued a final warning to Texas employers that their taxes on 1936 payrolls under the Texas Unemployment Compensation Act must be paid before February 25.
"All employers subject to the Act must pay their tax of nine-tenths of one percent on total 1936 payrolls before February 25, or they will lose their credit with the Federal Government," Anderson declared.
Payment of the tax can be made by personal check, cashier's check, money order or in cash. Anderson wanted out.
He also reminded employers that they must not confuse the payment on 1936 payrolls, which is due Feb. 25, with the payment on January, 1937, payrolls, which is due March 25.
"On February 25 employers must pay a tax of nine-tenths of one percent on total 1936 payrolls, while on March 25 employers must pay a tax of one and eight-tenths percent on their total payrolls during the month of January, 1937," Anderson emphasized.

Dr. Sandefer Made Dean of Presidents

ABILENE, Feb. 17.—Dr. J. D. Sandefer, president of Hardin-Simmons university became dean of all Texas senior college and university presidents this week. Dr. Sandefer succeeded Dr. H. F. Estill to that position when the Sam Houston State Teachers' College board resigned last week.
Both the Abilene educator and Dr. Estill have 28 years of service in the presidency of their respective institutions. The latter, however, has several months' seniority until his resignation left Dr. Sandefer with clear title to being the oldest president from point of service.
Dr. Shaver of Huntsville was chosen to succeed Dr. Estill to the presidency of Sam Houston State Teachers' College.

Mrs. Walters is Hostess to Circle

Circle One of the Women's Auxiliary of the First Presbyterian church met Tuesday at 2 o'clock in the home of Mrs. J. A. Walters.
Opening devotional was led by Mrs. Abbie C. Daniel on "Stewardship." Following devotion a short business discussion was held, after which members served on a quilt for the Orphans home.

FFE Club Meets In First Session

The F. F. E. club is reported to have held the first meeting of the year at noon February 18.
Club slogans, songs and colors were selected. Other business was postponed until the next meeting, when time has not been appointed.
Members of the club are: Misses Marie Litchfield, Iris Dean Shults, Nadene Huestis, Opal Sutton, Ty-lene Phillips, LaVern Hampton, Martina Riew Dawkins, Betty Rose McBride and Helen Curry.

Five Make Honor Roll at Tarleton

STEPHENVILLE, Feb. 17.—Louise Etatham of Cisco was named to two honor rolls at John Tarleton Agricultural College today in an announcement from Registrar Gabe Lewis.
Miss Statham earned a place on the third preliminary honor roll by making grades of 80 or above on all subjects during the last six weeks of the semester just closed. She also made the semester honor roll, based on a minimum of thirty grade points.
Other Cisco students named to the Tarleton honor rolls are: Harlan Dunn and Frances Gorham, semester honor rating; and Dena Carroll and Pansy Lee Porter, preliminary honor rating.
Mr. and Mrs. W. A. Phippen and sons, William and James, returned last evening from a few days visit in Houston and Conroe.
