McPherson going to the office. Mrs. B. E. Morehart buying Mrs. William Reagan. Mrs. J. T. Elliott downing Harvey Thurman visiting. Mrs. Buck Harrison, George and Wm. Reagan at the office this morning. W. P. El chat with a friend on street. J. B. Pratt driving. George Boyd on the street. B. Cate busy with his tax rolls. Henry Stubbfield and Joe Willing a little kidding about the paper. Miss Louise giving a news item. Miller and K. N. Greer walking. E. Spencer, secretary of the chamber of commerce, is deep in the mineral erchard business. Spencer goes into a matter he to the bottom of all details. He conceived the idea that mineral orchards for this part of land county would pay big dividends as they do in other sandy counties. Trucks come to the orchards and buy the fruit so the problem is solved. He has seen many orchards over Central Texas and consulted successful hardists concerning varieties to plant. He has learned much and is going to consult him. He will soon have an authority on the varieties and what to plant to make the surest returns. If you plan to plant an orchard, see Spencer and you will be surprised at how much information he has accumulated on kinds best suited to markets. J. W. Mandell and Mrs. Jones going somewhere. Mrs. Clarence downtown.

120 Police Battle To Dislodge Strikers

TWO DEPUTIES WOUNDED AS GUN EXPLODES

WAUKEGAN, Ill., Feb. 19 (U.P.)—Sirens and police efforts were made today after 120 police had battled unsuccessfully for two hours to dislodge 160 sit-down strikers from the Fan Steel Corporation plant near Waukegan.

Two sheriff deputies were injured seriously, one by explosion of tear gas guns in pocket and other by acid hurled from the seized building.

One sit-down striker, ill, ran from the plant but the others smashed windows to let out the dense clouds of tear gas and remained inside the \$1,500,000 factory which they have held since Wednesday.

U. S. Labor Conciliators Pilkington arrived to seek a peaceful settlement and Conciliators John O'Connor was en route from Chicago. Mayor John Dromey of North Chicago, where the plant is located, said "I hope the sheriff will delay attacking again until we can reach an agreement."

TROOPS HALT 'AUTO INVASION'

On to Anderson! became the battle cry of militant Michigan supporters of the United Automobile Workers' cause after they read of the riot in which 10 persons were injured and non-union workers clashed at Anderson, Ind. But they never reached Anderson. The cavalcade of 50 cars was stopped at the Madison county line (as pictured at top) by National Guards and Indiana police. Their rifles conspicuously in evidence, National Guardsmen backed up the police, who questioned occupants of incoming cars (see lower photo). The unionists were turned back.

60 SIT-DOWN STRIKERS RESUME CHEVROLET WORK

ST. LOUIS, Feb. 19 (U.P.)—A sit-down strike by about 60 workers at the Chevrolet and Fisher body plant here was ended today and employees returned to work under a verbal agreement.

Legion Meet Feb. 20 21 at Mineral Wells

MINERAL WELLS, Feb. 19 (U.P.)—The seventeenth and twentieth districts, American Legion Department of Texas will meet in joint convention at Mineral Wells February 20-21. Headquarters will be at the Eaker Hotel, where arrangements are being made to entertain four or five hundred Legionnaires and ladies of the Legion Auxiliary.

Rex Bryan H. Keathley, National Chaplain of the American Legion will represent National Headquarters at the convention and will conduct a memorial service at the First Presbyterian church Sunday at 11 a. m. His sermon subject will be "For God and Country."

The National Chaplain is a very forceful speaker and has been much in demand as a speaker on club and in demand as a speaker on club in radio programs since elected National Chaplain. He has endeared himself into the hearts of all Legionnaires who have heard him speak. His sermon Sunday morning and his address at the noon luncheon will be the feature of the convention.

According to statements from Allan Wallace, Post Commander of Farris Anderson Post No. 75, Mineral Wells, there will be plenty of colorful entertainment Saturday evening. The famous Ranger Tickville Band will assist in entertaining visiting Legionnaires and in addition to this well known band special entertainers have been secured to provide novelty entertainment.

Misses Margie and Mazell Vait-hooster and Miss Mary Lou Bentley all of Weatherford will appear on the program. These three attractive entertainers were with the Billy Rose, Casa manana Revue last summer. Miss Mildred Carson, known as Miss Mineral Wells, will also appear on the program and Frank Bird with his Baker Hotel Orchestra will furnish plenty of music for the Legionnaires who have accepted invitations and will be present are: Drury Phillips, Department Commander, Fred Young, Department Adjutant, Wynne Goode, Service Officer, Geo. Betts, State Service Officer, Past Department Commander, M. J. Beune, field, Carl Nesbit, Adjutant General, Larry S. Daniels, Seventeenth District Committeeman and Dr. Glas, McNally, Twelfth District Committeeman.

CISCO MASONS TO CELEBRATE HATCHET DAY

There will be a George Washington birthday celebration service at the Masonic Temple Monday evening 7:30, at which time Masons, their families and a few invited guests will gather for a program of light refreshments, cherry pie and coffee will be served.

Dr. E. S. James, pastor of the Baptist church, will be on the program for an address, it was announced. There will be other program features.

Simpson and Duke To Marry May 22

NEW YORK, Feb. 19 (U.P.)—Frances Clyne, New York society hostess, returned on the S. S. Empress today with word that the wedding of Windsor and Mrs. Wallis Simpson will be married May 22, the English Chapel in Vienna.

She said the date was "stated definitely" at a cocktail party in London attended by Lord Brownlow, friends of the former king.

Miss Clyne said that "a very well-known woman in London society" remarked at the party that "when Wallis Simpson is the Duchess of Windsor she is going to be the social arbiter as far as the English aristocracy is concerned on the continent."

Farmers Sign for Conservation Pay

Farmers were signing applications for 1936 soil conservation payments today with County Agent Elmo V. Cook at the Chamber of Commerce building in Cisco.

Assisting in the work were Hugh P. Barnhart and Ralph Bradshaw.

CONSTITUTION SIGNING DATE TO BE HAILED

PHILADELPHIA, Feb. 19 (U.P.)—A summer-long celebration of the 150th anniversary of the signing of the Constitution is planned this year in Philadelphia—cradle of the historic document.

The celebration will be climaxed Sept. 17, date of the signing, with the application of a torch to a perpetual flame to burn in Independence Hall, where the framers sat in solemn session to create the United States of America.

CISCO-BRECK COMMANDERIES HOLD MEETING

The Cisco Commandery, Knights Templar was host to a distinguished visitor from the Texas Grand Lodge and Commander S. J. Alexander and about ten of his group from Breckenridge at a dinner at the Savoy cafe at 7:30 last night after which Wm. D. Miller of Houston, eminent grant sword bearer of the grand commandery of Texas inspected the Cisco and Breckenridge orders at the Masonic temple.

About 30 attended the dinner and inspection later at the temple, which included Goodner Bedford from Brownwood and James M. Martin from Stamford.

Dry Committee to Map Plans for Election Removing Beer and Wine

Having augmented its membership with five women, the executive committee of the United Dry Forces of Eastland county will meet Monday morning at 10 o'clock in the county courtroom to prepare for an election which it plans in April for the removal of 14 per cent beer and wine.

Additional members of the committee are Misses Mary F. Fimble, Gorman; E. E. Wood, Eastland; O. D. Craver, Rising Star; J. R. Burnett, Cisco; and B. H. Peacock, Ranger.

Rev. Robert E. Bowden, Eastland, secretary of the organization,

SENATE PASSES CHILD LABOR BY 27-2 VOTE

WASHINGTON, Feb. 19 (U.P.)—Majority Leader Joseph Robinson of Arkansas told the senate today that he believed something substantial will be accomplished toward settlement of war debts within a year.

Robinson made the statement during debate on the war debt situation precipitated by proposal by Senator J. Hamilton Lewis of Ill. that the U. S. makes no reciprocal trade agreement with nations which have defaulted on debts owed this country.

Previously the senate finance committee had reported favorably a resolution extending for three years President Roosevelt authority to negotiate reciprocal trade pacts.

The state department meanwhile announced that a reciprocal agreement between the United States and San Salvador signed today in Salvador.

WEATHER

EAST TEXAS—Cloudy probably occasional rain south and east portion tonight and Saturday. Slightly colder north portion Saturday.

WEST TEXAS—Slightly colder. Partly cloudy.

FUSSY WILLOWS BLOOM EARLY

ASHTABULA, O. (U.P.)—Northwestern Ohio's mild winter weather has brought pussy willows into bloom along AshTABULA county creeks.

MUCH HIGHWAY MONEY WILL BE SPENT IN CISCO

Highway Engineer A. D. Schmid releases figures for labor used and payroll spent on the Eighth street highway which has just been accepted by both state and federal inspectors. A total of \$32,663.45 spent for labor was practically all spent in Cisco, he states.

Mr. Schmid unofficially states that he expects the overpass on East Eighth street to be the next project contracted on the Highway improvements. The finishing of the highway through Cisco will follow that he thinks. He sees much future improvements in and around Cisco during the next one or two years and thinks that payrolls will amount to huge figures.

Those who have studied developments and have kept in close touch with projects to be on future programs for Cisco expect to see an underpass across the tracks of highway 23, leading by Randolph college and Lake Cisco, both of which attract much traffic to and from the city. Hints have been given in many quarters that lead Cisconians to believe this project will be one coming up soon.

The Breckenridge approach to the city is by no means satisfactory and plans are under way to let that highway enter either through the overpass or by way of the projected underpass for highway 23.

The western part of highway One to the Callahan line is entirely too narrow for a highway of such importance as this one will be in the future, and plans are said to be in mind to widen it from the Eighth street intersection.

More than \$300,000 will probably be spent around Cisco in highway improvements in the near future.

Mr. Schmid gives a breakdown of man-hours and money used on the job just completed:

Certified relief labor 37,791 man-hours, equaling \$11,949.81; non-relief labor 29,701 man-hours equaling \$16,179.20; other labor 2,630 man-hours equaling \$65.80 all other labor including executives \$9,668.64.

N.Y.A. Supervisor Inspects Projects

Frank Shaffer of Abilene, National Youth Administration representative for District 13, spent Thursday in Eastland county inspecting NYA work projects and conferring with sponsors and supervisors.

There are 40 boys employed on the Soil Conservation Project in Eastland county under the supervision of County Agent Cook.

From November 2 through January 31, a total of 3031 acres of terrace lines have been run; a five-acre pasture improvement demonstration has been completed and 2043 sub-irrigation tile have been made.

From August 6 through January 31 the girls employed in the sewing rooms in Eastland, Ranger, Gorman and Cisco have completed 1759 garments.

A project sponsored by the Texas Relief Commission has recently started in Eastland, employing one boy and one girl in Cisco, others will be assigned to this project in the near future, Shaffer said.

Post Office to Close For Washington Day

It has been announced that the post office will observe the birthday of George Washington February 22, by closing the office. There will be no local or rural deliveries, but mail will be put in boxes as usual.

Boys Are Parents Of Healthy Twins

Twin sons were born to the Rev. and Mrs. Marvin Boyd of Rule at the Stamford hospital Thursday, and have been named David Mendor and Donald Marvin. The Rev. Mr. Boyd is pastor of the Methodist church at Rule.

Rev. Boyd is well known in Cisco, being the son of Mr. and Mrs. W. L. Boyd and nephew of Lory and George Boyd of Cisco.

Mooney Maps New Strategy

WASHINGTON, Feb. 19 (U.P.)—The administration forces placed before congress today the broad outline of a long range farm program intended to stabilize farm income, protect consumers and conserve the nation's land resources.

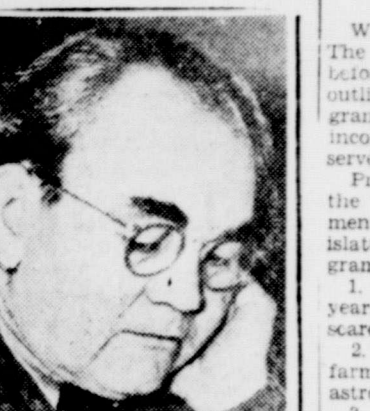

President Roosevelt has given the program his personal endorsement. It calls for a five point legislative farm aid and control program providing:

1. A grainery to store food in years of plenty for use in years of scarcity.
2. Crop insurance to protect farmers and consumers from "disastrous effects of crop failures."
3. Legislation to "improve the intolerable condition" of three million farm tenant families.
4. Protection against flood and drought.
5. Amendment of the soil conservation act to expand federal powers of production control.

Secretary of Agriculture Henry Wallace said it is "doubtful if the supreme court was at present constituted" would hold all of the program constitutional. It contains a production control feature similar to that already declared unconstitutional by the court in its AAA decision.

Consequently Wallace said enactment of major features of the new program probably will await congressional action of President Roosevelt's proposal to enlarge the Supreme court.

Dust is Settled by Rain From Gulf

Shown in this new photo as he prepared defense notes in the famous San Francisco Preparedness Day bombing case which has kept him prisoner in San Quentin for 21 years, Tom Mooney is intent on his latest move for freedom. Recently a court referee recommended against Mooney's release a report scheduled for review by the California Supreme Court. Mooney has indicated he will carry his appeal to the United States Supreme Court.

PRORATION ACT EXTENDED FOR ONE MORE YEAR

AUSTIN, Feb. 19 (U.P.)—Proration of oil production in Texas was extended until Sept. 1, 1939, in a bill finally passed today by the senate.

Although Alired had asked that the bill be held back until revenue measures were passed, it was not thought he would veto it. There were enough votes in both houses to override the veto.

The senate rejected a proposal to extend the act three years instead of two. The present law expires Sept. 1, 1937. Under the act the Railroad Commission may limit oil production to market demand and allocate the amount among fields and wells.

Another Italian Brigade Revolted

HENDAYE, Spain, Feb. 19 (U.P.)—Spanish nationalist, broadcasting from Burgos and Seville, said today that the fourth Italian of the international brigade fighting for the loyalist had revolted.

It was asserted that 240 members of the battalion composed chiefly of French volunteers were imprisoned at Valencia because they refused to fight and two leaders were executed before the French consul intervened.

SEN. ROBINSON THINKS DEBTS WILL BE PAID

AUSTIN, Feb. 19 (U.P.)—An anti-child labor bill was passed today by the Texas Senate by a vote of 27 to 2.

Senator Allan Shivers of Fort Arthur, sponsor of ratification of the Child Labor Amendment to the federal constitution voted for the bill although he said he did not believe it could be enforced and would serve no purpose except to further block ratification of the Child Labor Amendment.

Consideration on ratification is set for Monday, Shivers said the bill was worthless but added, "I am willing to vote for any move toward banning child labor."

Court of Honor to Be Held by Scouts

By TOMMY LA MORE

Boy Scouts court of honor will be held tonight at the Methodist church at 7:30.

Many of the local scouts will receive awards of different kinds of ranking from the Tenderfoot test to the Life test. Several of the scouts will have the honor of receiving from G. N. Quill the Acorn award. All parents of the Boy Scouts are urged to be present for this occasion and each boy is to bring a pie which will be served to the scouts and those present.

What's News Today

There's one thing about the president that any boy should strive to emulate, and that is when he puts his hand to a matter he never quits working at the job until it is through. Roosevelt has used wise strategy in his court reform move. He let the opposition wear itself out before he spoke and then he begins calling in his aides and those of the official family who show weakness and has a little chat with them. Thus far 24 have been favored with a call to the White House for a talk. They go away sold on the president's plan. The same bulldog tenacity that marked Theodore Roosevelt's rule is apparent in this same Roosevelt in our day. It is safe to say that the reform will take place, perhaps with modifications.

Speaking of the president and his plans, reminds us that he appears to see dangers ahead for his government and country. Like Joseph who laid up stores of grain and food during the seven years of plenty for the lean years to follow, Roosevelt is urging crop insurance and the laying up of reserves to not only guarantee the price but to make sure of surpluses, if, and when needed by the country. The discussion as to why this plan, is very interesting to those who like to think, and who follow trends of world events. It is needless to say that nations of the earth are at a dangerous stage in their affairs and the buried gold and stored food may be needed in future years not far distant.

And England, too, is wise along the same lines. She is planning a vast army and navy expansion and a gathering of supplies of war material and food stuff against the time she may need those supplies. She has manufactured gas masks for every adult and child in England and has dug great subterranean caves deep down under her cities in the chalk foundation which underlies her island. Evidently her matter-of-fact statesmen see grave dangers and possibilities ahead and mean to be prepared when the "deluge" comes.

The struggle in Spain goes on. The rebels are using desperate measures to capture Madrid, the capital of this country, and thus make the ending of the war come quickly. But the brave defenders seem able to hold on and are evidently receiving reinforcements that keep them supplied with food and ammunition. After Saturday, there are supposed to be no more help from the outside, meanwhile, there is a race between socialists and fascists to get inside before the deadline precludes further volunteers.

The future ruler of Japan, a little chap of 3 years, pedals his toy automobile about in play but he is to be moved into a household of his own soon and there his training in earnest for the future will be begun and play will be driven out of his mind as early as possible. He will be trained to believe himself sent from heaven for his special work and that other creatures of earth are but inferior beings created for his pleasure. He will also be taught the Japanese principles of religion which makes them the most fearless soldiers of earth, in that way they are especially blessed in the next

BEHIND THE SCENES IN WASHINGTON

BY RODNEY DUCHER
NEA Service Staff Correspondent
WASHINGTON—The president's abrupt termination of negotiations toward pooling TVA power with the electricity of the private power companies should give you some idea of the type of programs which will be recommended by his new, hand-picked National Power Policy Committee.

If something doesn't happen to throw it off the track, this committee and the administration may be expected to work toward the day when the country will be almost blanketed by public power projects modeled after the one in the Tennessee Valley, with little if any compromise with private power companies except such as might be forced by decisions of the supreme court.

If the power policy committee didn't decide for Roosevelt that the TVA pool negotiations should be called off, it was at least in complete agreement with him when the president acted, citing the persistency with which the industry had pressed its court suits against TVA.

THE committee, under chairmanship of Secretary Harold Ickes, will concentrate for the time being on a policy for the big Bonneville project in the northwest.

Eventually, according to those who know its members most intimately, there probably will be "authorities" handling Tennessee Valley, Boulder Dam, Bonneville, Missouri River, St. Lawrence, Ohio Valley, and perhaps other big federal power developments more or less covering the country.

An Ohio Valley Authority becomes daily a more fixed idea with

Roosevelt and his power advisers, also realize something must be done toward food control in that area and, of course, prefer to tie it in with power development.

Such a program faces a hot fight, not only with the power companies but also with railroads, which will see a menace in any improved navigation facilities.

The same interests may be expected to try to beat the proposed St. Lawrence navigation-power project when the president begins to push it this year.

BONNEVILLE will be selling power by October, it is now predicted, and the NPPC will work out rates and distribution policies, probably recommending that the Federal Power Commission be temporarily empowered to fix the rates.

The committee's scope is huge, as it also can make decisions as to what ought to be done about rates and other equally important problems by TVA and any other future developments.

If the administration does push

YOUTHS LURED BY ADVENTURE FIND TRAGEDY

ROUEN, France, Feb. 17 (AP)—Youngsters the world over are susceptible to the wanderlust, which sometimes becomes so strong that they cannot rest at home. It was this desire that led two 16-year-old youths to two accidents and a suicide.

Living in the poor mining town of Northern France, Eperville-sur-Fecamp, they tired of the dreary winter weather and the poverty of their homes and decided that they were going to go to the sunny land of Provence, France's winter Florida. After some weeks of saving they accumulated only 14 francs, and became so impatient that they could not wait.

Stealing a motorcycle from one of the villagers, they started out for adventure. But after less than 30 miles they ran into a ditch and continued on foot. Having stolen

CONFIDENTIAL REPORT

CRIME FILE ON BOLITHO BLANE

BEGIN HERE TODAY
Investigating the murder of BOLITHO BLANE, British banker, aboard CARLTON ROCK-SAVAGE's yacht, Detective Officer KETTERING runs into a maze of conflicting clues.

LADY WELTER: Strong motive, owing to the fact that it looks as though she would have been completely bankrupt if the Rock-savage companies had gone under and no longer in a position to finance the group of papers which are her principal life interest.

MR. HAYASHI: Strong motive. It now appears that he stood to lose a considerable sum of money if Blane and Rock-savage had ever got together.

MR. JOCELYN: Strong motive. Lady Welter's bankruptcy would have thrown him back into the precarious existence which he was leading between 1923 and 1931, with the additional burden of a wife to support. It is now proved that he told a direct lie in his early statement where he said that he was in his bath at 7:45, since Mr. Rock-savage met him in the passage at 8:10.

MR. DANIELS: Daniels' evidence goes to show that Jockey had deliberately invited him on board in the hope that he might secure accounts with Blane.

MISS ROCKSAVAGE: Nil, as far as is known at the moment. The foregoing examinations and the writing of the report have occupied me all morning and at the moment I admit that I am completely baffled.

THE BISHOP OF BUDE: Strong motive. In the Bishop's previous statement he said that he had only met Blane casually in an English country house once about

seven years ago (1929), whereas he does not now deny that he met Blane in France in 1917. Blane's letter shows that there was some strong tie up between the two. It now seems certain that this was in connection with the unsavory army scandal.

CKLES and His FRIENDS — By Blosser

MYRA NORTH, Special Nurse—By Thompson and Coll

ILLUSTRATED ROMANCE

McClelland Barclay, twice-married illustrator, is sure he has found a model wife this time in vivacious Virginia Moore, southern beauty who has posed for some of his paintings.

Size of Ears to Decide Dispute of Citizenship

HONOLULU (U.P.) — If Woo Ping Sing did not have any ears, he might be a self-respected citizen of the United States, but the fact that he has and they do not correspond with the ears of an alleged photograph of himself may result in his deportation to China.

HADDOCK ONCE SHUNNED BOSTON (U.P.) — The Pilgrim Fathers used to throw away all the haddock they caught, considering the fish unfit for human consumption. Paradoxically, today haddock is tops in New England's fish markets.

Seek Compromise on Judiciary

The controversy aroused by President Roosevelt's judiciary reorganization plan has resulted in more putting-heads-together than any measure in recent years. The Summers compromise proposal to retire Supreme Court justices over 70 years old with full pay was the result of this conference of members of the House of Representatives judiciary committee. Left to right are Representatives U. S. Guyer, Emanuel Celler and Chairman Hutton Summers.

CRYSTAL WHITE SOAP OFFERS A GENUINE 14 KT. GOLD PLATE BIRTHSTONE RING Free!

FOR 20 WRAPPERS FROM CRYSTAL WHITE SOAP
For a limited time only

Special offer to acquaint more women with this big bar of white laundry soap that cuts soap bills in half!

THIS exquisite ring of 14 carat gold plate with filigree mounting and YOUR OWN BIRTHSTONE is just the ring you've always wanted! The imported colored stone (and there's a different one for every month) set in a beautiful mounting, makes a ring you will be proud to wear—and remember, a ring with your own birthstone is said to bring good luck and happiness.

It's so easy to get, too! Just take off the wrappers from 20 bars of Crystal White Soap and follow the easy instructions at the right. But hurry! This offer is for a limited time only.

Crystal White will actually CUT YOUR SOAP BILLS IN TWO. For Crystal White costs only HALF as much as soap in fancy packages. You get TWICE THE SUDS AT HALF THE COST!

This creamy-white, giant bar is made with the same costly tropical oil used in fine shampoos and toilet soaps. That is why it gives the "billion-bubble" suds that actually DISSOLVE out grime and grease... make clothes gleaming white, dishes sparkling clean!

Get a supply of Crystal White Soap today. Send 20 wrappers for your Birthstone Ring!

CUT OUT THIS HANDY COUPON NOW!

TESTED AND APPROVED BY GOOD HOUSEKEEPING INSTITUTE

HOW TO GET YOUR BIRTHSTONE RING!

DESDEMONA

MRS. W. C. BEDFORD

I. N. Williams, accompanied by Roy Ashburn, drove to bridge on business Wednesday.

Howell of Kilgore, was visiting here Friday. Glen grew up in Desdemona and soon graduating at our high school with his parents, Mr. and J. S. Howell to De Leon. He is a year in a CCC camp and then has been an oil field man at Kilgore. His many friends delighted to see him again. G. D. McDonald returned from Olden where she had spent a week at the bedside of her mother, Mrs. E. L. Mitchell, who seriously ill but is now improving.

Walter May was able to be home for awhile Monday after being at home for a week, suffering from the flu. Her sister, Miss Thompson, who had pneumonia is improving.

Dr. Cutting of Cisco, was Thursday visiting her aunt, Charles Lee.

Owen Clark of Cisco was here visiting her mother, Mrs. Salyer.

Howell of Kilgore, came in for a few days visit with his mother, Mrs. Ed Hanson and family, and Mrs. P. E. Walker and family of the Cheaney community, visiting her mother, Mrs. Burhan and family Thursday.

Worth Smith of Elvasville,

visited her mother, Mrs. John Williams in the Salem community last week. On Thursday, Mrs. Smith and her mother came in town and spent the day with Mrs. J. H. Rushing, Sr.

The meeting of the Methodist missionary Society was held Monday afternoon at the church with seven members present. After a short business session, the World Outlook program was presented with Mrs. G. S. Bruce as leader. Mrs. W. H. Whitworth led the devotional. The kaffet on "Health Work of the Community Settlements" or as they are usually called "Wesley Houses" was very interesting. Examples of helpful work done by the doctors and nurses were given. Those present were Mrs. C. O. Bragg, G. S. Bruce, W. H. Whitworth, Charles Lee, S. E. Snodgrass, O. D. Arnold and W. C. Bedford.

A large crowd gathered at the high school auditorium on Thursday night at which time an inter-community program was presented under the sponsorship of the "21" study Club. Programs were made by members of the typewriting class under the direction of their teacher. In the whole program and advertisements there was not an error and the work was so neatly done that the pupils were complimented on their work. Business firms who helped in making the entertainment a success by paying for "ads" on the programs were: Davis Dry Goods Store, Desdemona Motor Co., G. S. Bruce Market and Grocery, Earl Abernathy Barber Shop, Mrs. Kate May News Stand, T. H. Key and Son Groceries and Meats, City Pharmacy, T. L. Arca General Merchandise and Parks Beauty

Shopper, Mrs. W. H. Davis, chairman of the Fine Arts Committee which arranged the program bringing the several schools together, made a short talk at the beginning of the entertainment and Mrs. David Parks, president of the club, who worked with the committee, expressed the thanks of the club at the close of the program, to all who had helped in any way. The program as printed was as follows, though there were a few changes:

Greeting, C. A. Skipping, superintendent of Desdemona schools.

Song, Boyd Crenshaw and Frances Arnold.

Welcome, Iris June Reid.

Music, Lewis-Brown ensemble.

Reading, Ellen Dal-Hicks, Alameda Program, Mrs. Robertson, sponsor.

The Little Town of Talehalt, Jacqueline Ferrin.

Tap Dance Jean Fox.

Neuro Monologue, Andy Wylie.

DESDEMONA PROGRAM

Playlet, "Wanted—A Law to Protect Husbands" by Sparks boys.

Vocal Solo, Ruth Crenshaw.

Reading, Mary Healy.

Reading, Helen Abel.

Music, Lewis Quartet.

Monologue, Schleen McKain.

Grandview Program, sponsored by Miss Annie Mae Boucher.

Tap Dance, Johnnie Fae Bethany.

Reading, Wynon Alread.

Desdemona high school Glee club directed by Mr. Enoch, songs, "The Wind at Night" and "Deep River."

Every number on the program was well rendered making the entertainment quite a success.

Mrs. V. O. Dickson, who has been quite ill the past 10 days, is now able to be up part of the time.

Mrs. Mattie Henry, of Eastland,

and her son, Walker, were visiting friends here Saturday. Walker who is attending Daniel Baker College at Brownwood had just gotten his report for mid-term and had again made the honor roll. Mrs. Henry and her parents, Mr. and Mrs. John Mendemann had just returned from a trip to South Texas.

The "21" Study Club met on Tuesday of last week at the Club House. As one of the series of programs of the Travel Course that is being studied by the club, the country of Palestine, the Holy Land was studied. Roll call responses were "Points of Interest in the Holy City." Leader of the program was Mrs. S. E. Snodgrass whose talk on "A Walk through the Holy City" was very interesting, one special feature being the Joppa Gate showing why one goes "up" to it. "Shopping Centers of a Religious City" was the subject of Mrs. Charles Lee's paper which described the shops, some only 9 by 12 feet, in which a great variety of things can be purchased. The vegetable and fruit markets were described and it was surprising to some to learn that the largest cauliflower grown anywhere are to be seen in the markets there. Mrs. J. E. Heeter's talk on "The Old Jerusalem and the New," brought out the features of the city that have remained unchanged and others that have become modern. A playlet, "Water Day in Texas," was read by Mrs. C. W. Malby and an English drill was given by Mrs. W. C. Bedford. The next program will be Bible Lay.

Funeral services were held Tuesday over the remains of Mrs. Jim Sparks who passed away early Monday morning. A fuller notice will appear next week. Sympathy is extended to the sorrowing relatives.

Explorer to Hunt Rival of Everest

ROCHESTER, N. Y. (U.P.)—Harrison Forman, American explorer who recently returned from a trek through Tibet, believes there is a mountain peak higher than the Himalaya's lofty Mt. Everest.

He says he will return to Tibet in March with the sole intention of determining whether the mountain, charted on British War Office maps is actually higher than Everest.

"There is substantial evidence that it is," Forman said. He places the unknown "earth giant" some 1,500 miles north of Everest.

George Washington Motif at '42' Party

A George Washington motif was cleverly accented in accessories for games of forty-two when Mrs. W. H. LaRoque entertained members of the Thursday club in her home on West Twelfth street.

National flags in profusion made a background for games, at which Mrs. William Reagan and Mrs. C. H. Fee won high scores. The hostess served a delectable plate of salad, cherry pie and hot tea, with miniature hatchets as favors. She was assisted in serving by Mrs. Lloyd LaRoque.

Guests were: Misses J. T. Berry, J. B. Cate, William Reagan, C. Davis, Charles Hale, J. W. Mancini, J. T. McKissick, P. P. Shepard, W. P. Lee, J. E. Stockard, G. B. Kelly, W. L. Jones, Eugene Lankford, Renfro, C. H. Fee and H. C. Henderson.

Women Dream Most, College Survey Shows

NEW WILMINGTON, Pa. (UP)—Amateur psychologists at Westminster College decided on the basis of questionnaires and experiments that:

Food does not cause bad dreams. Women sleep more lightly and dream more than men, and remember their dreams more vividly. Dreams do not forecast future events.

In a series of experiments members of psychology classes learned that external stimuli stimulate dreams which are definitely connected with the external forces.

For instance, ice-bags placed on the head of one victim caused her to dream that she was sick in a hospital and that the nurse was applying ice-packs. Another one dreamed she was caught in a freezing windstorm.

The experimenters held a bottle of perfume under a girl's nose, caused her to dream that she was in a shop buying perfumes and testing them by smell. Another girl dreamed she was driving on a road lined with magnolia trees in full bloom.

The research workers said they found that men were less susceptible to outside influences in their dreams.
