CISCO, TEXAS--1,614 feet above the sea, 5 lakes of water; 5 rail exits; 6 paved highway exits; 127 blocks of brick streets; good hotels; A-1 public schools and Randolph College; no mosquitoes; no malaria or typhoid.

FIFTEENTH YEAR (UP) MEANS UNITED PRESS SERVICE CISCO, TEXAS, THURSDAY, FEBRUARY 25, 1937 FOUR PAGES TODAY ESTABLISHED FEB 11, 1919

## LABOR TROUBLES OVER U. S. LESSENERED

### About Our Friends

By STEF A. LONG

great caravan of trucks, cars, wagons are bringing a constant stream of old scrap iron to the Cisco City & Supply company's yard. An inquiry brought information that the iron was shipped via Texas City and from which that county will construct implements of the Japan was wise and bought scrap iron from the U. S. A. near when iron was much more. Asked why the United States government did not buy this scrap iron, Mr. Eandler said sufficient amount could be purchased nearer smelters and hence savings made in freight. He brought out that the freight cost about half what the cost of the scrap iron. Beginning of the Bearman No. 1 within the city townsite is an area of much good news to all and it will be still better when it is flashed up and down the street that oil is obtained in quantities. If that good news becomes true. At any rate, the location is so near the well which has been producing for years the chances are that the well can be obtained. The well extends in a northerly direction from the Lase well with an about where the Daniels stands. All lots along the L and to the east to Avenue B are supposed to be good territory. The man and his associates, those who have made drilling possible are to be congratulated on their efforts to test out Cisco's possibilities as an oil dome. Cisco has long said Cisco was on her seven hills, like an old Rome, which were gas and oil. We shall see what shall be.

## Movie Writer Found Dead; Wife Questioned

### REVOLVER AND TWO WOUNDS ARE EVIDENCE

PALM SPRINGS, Calif., Feb. 25. (UP)—Humphrey Pearson, 43, movie writer and popular among the film colony, was shot to death in his desert home today. Circumstances of the shooting were as mysterious as any plot he had written for motion pictures. His widow was under observation in the county hospital. Police found her weeping hysterically beside the body of her husband. Although police were investigating theories of murder and suicide, it was indicated that Mrs. Pearson would have to explain the presence of a revolver in a room other than that in which her husband was found. The fact that Pearson was wounded by one bullet appeared to discredit the suicide theory, officers said.

### ENGLISH ACTOR FOUND DEAD IN GARAGE

HOLLYWOOD, Calif., Feb. 25. (UP)—The coroner's office ordered an autopsy performed today on the body of Sir Guy Standing, 63, English actor of stage and screen, who was found dead late yesterday in a Hollywood garage. The actor was stricken as he called for his motor car, and an attendant asked him how he felt. "Excellent," Sir Guy said. "In fact, I never felt better in my whole life." A moment later he collapsed. Friends recalled that he had complained of severe pains since he was bitten by a black widow spider more than a year ago while working on "The Begal Lancer."

### Seven Convicted In Election Fraud

KANSAS CITY, Mo., Feb. 25. (UP)—Federal Judge Merrill Otis today sentenced seven persons convicted of conspiracy to commit vote fraud in the November 3 election to prison and jail terms, ranging from six months to three years. Four persons who did not contest the charges and testified for the state, were placed on probation for one year.

### 'Beautify City' is Cry of Garden Club

Mrs. J. E. Spencer, president of the Cisco Garden Club, has announced new plans of the club to beautify the city. The club has arranged to purchase roses and shrubs at reduced rates. Anyone wishing to take advantage of these prices may place the order with the Garden club any time before March 5. Cisco citizens are urged to cooperate with the club in making our city beautiful.

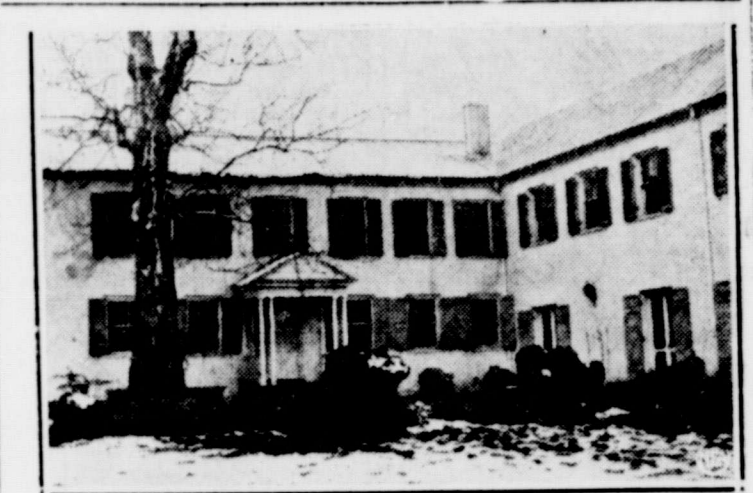

### Baptist W. M. S. in All-Day Meeting

The W. M. S. of the First Baptist church gathered at the church in an all-day meeting today to hear a book "Home Missions," taught by Mrs. J. R. Burnett. All Circles were presented and a covered dish luncheon was enjoyed at the noon hour.

### OIL BELT TEACHERS MEETING DATES ARE CHANGED TO MARCH 12 AND 13

Announcement was made in Ranger Wednesday by W. T. Walton, superintendent of Ranger schools, that the Oil Belt Teachers Association convention, which is to be held in Ranger, had been changed from March 19 and 20 to March 12 and 13. The change was necessitated because Dr. George Frasier, president of the Colorado State Teachers College, who is to be the principal speaker, could not be present on the dates originally set. Plans are being made for the entertainment of between 2,500 and 3,000 teachers from the 17 counties

### Houses "Divided" in Strike Protest

Dislike for the policies of John L. Lewis, leader of the CIO's sit-down strikers, has prevailed over the neighborliness of Mrs. Fleming Holland, leading to her announcement that she would not open her palatial house (top) in Alexandria, Va., for the annual tour of historic residences if Lewis' cottage (below) is included in the itinerary. Both houses are famous examples of colonial architecture and are furnished with antiques.

### CISCOANS PLANTING ORCHARDS FOR COMMERCIAL FRUIT MARKET

J. E. Spencer, B. B. Poe, Barton Philpott and others are active in planting in on fruit growing possibilities in Eastland county which has been made important since truckers have found markets for all the fruit they can get and are willing to come to the orchards for the load.

### BEARMAN NO. 1 LOCATION NOW BEING CLEARED

The Bearman drilling interests are letting no idle time pass under their feet or over their heads. The Bearman No. 1 location is being trimmed up today and made into an inviting looking park with tree trunks, whitewashed, underbrush cleared, and the city street superintendent busy constructing two roads to make the location attractive and readily accessible to visitors. Joe Clements and a crew of men are building roads and dressing the plot up for visitors, and it will have many. The large neon sign that Mr. Bearman proposes to erect and place high enough to be seen for miles around, will tell the passerby that something is going on in Cisco and that drilling for oil in the townsite is active.

### To Speak at Church Of Christ Tonight

It has been announced C. E. Shreshire will speak at the Church of Christ tonight at 7:15 o'clock. He will speak in interest of Tipton's Orphan Home.

### CONVICTION OF DR. TOWNSEND REVIVES IDEA

WASHINGTON, Feb. 25. (UP)—A drive for a \$200 a month old age pension took inspiration today from the conviction of Dr. Francis E. Townsend for contempt of a House Committee which investigated his organization for old age security. The California doctor awaited sentence on a jury verdict that he "willfully" walked out on an investigating committee last May 21. Town said the verdict made him a "victim of injustice" but "the publicity of this trial will accelerate the movement." Free on \$1,000 bond, while his attorneys sought a new trial, Dr. Townsend appeared last night before a meeting to organize the first Townsend club in the District of Columbia.

### LEGISLATURE COMPLETES ITS FIRST PHASE

AUSTIN, Feb. 25. (UP)—The 45th Texas Legislature today will complete the first phase of its four-month session when the deadline falls tonight on introduction of bills. After today, no bills can be offered except those of local application, or on emergency topics submitted by the governor. A "quick divorce" bill by Representative Frank Mann of Houston was among those prepared for late offering. Under it divorces could be obtained after 42 days' residence in the state, and 30 days in the county where the suit was filed. Its purpose is to attract as spenders those seeking divorce. Resident requirements now are a year in the state and six months in the county.

### Reported Seriously Ill in Sanitarium

Mrs. Bert Byrd of Proctor, sister of C. C. Lomax, is reported to be seriously ill in Graham sanitarium. Mr. Byrd and two daughters, Mildred and Billy are at the bedside of their wife and mother. They are staying in the home of Mrs. Lomax. Mrs. Byrd is the mother of Miral Byrd of Cisco. Mrs. W. L. Ingram and Miss Violet Collier of Fort Worth are guests in the Lomax home during the illness of Mrs. Byrd.

### Unionization Plan Meet With Disfavor

EASTLAND, Feb. 25. (UP)—John L. Lewis' plan to unionize the oil industry met with disfavor today, as 42 employees of the Magnolia Pipe Line company went on record as opposing the plan to affiliate with the Committee for Industrial Organization.

### POLICE START SAFETY DRIVE FOR SCHOOLS

Two special police are now placed on the Eighth street highway to assist in safe crossing by school children at morning, noon and afternoon periods. Meanwhile, these patrolmen will act to direct traffic safely at intersecting streets, it was announced at police headquarters this morning. V. E. McCharen and Roy Lee Garrett are stationed at H and L avenues and children are directed to use those streets in going to and from schools as much as is practicable so that dangers from tourist traffic may be minimized. Observance of all stop signs in the city is being urged so that safety measures may be insured and unpleasantness may be obviated, police announce.

### Californians Wade into Breakfast

When you start to cook a meal there's nothing like wading right in and getting your feet wet—especially if it's in southern California where heavy rains have flooded thousands of acres and hundreds of homes. This couple refused to leave their Palm Beach bungalow, casually slipped into hip boots and had breakfast, even though their kitchen was knee-deep in flood water.

### PRESIDENT CONFERS WITH NINE HOUSE MEMBERS ON JUDICIARY

WASHINGTON, Feb. 25. (UP)—President Roosevelt called in nine House members today to discuss his judiciary program. Those participating in the discussion were all members of the liberal bloc which has announced support of the president's plan. Mr. Roosevelt's new judiciary conference were scheduled as administrative leaders considered an inquiry into a campaign to send identical letters to congress opposing the judiciary plan. Chairman Hatton Summers of the House Judiciary Committee, said that the house would delay consideration of the program until after the senate had acted.

### Driver Hurt When Truck Overtakes

Lowell Bark, driver for one of the Ruppert Bakery trucks, had wounds dressed at the hospital this morning and returned to duty at noon today, as a result of an accident near Randolph college this morning when his steering gear jammed and the car overturned twice. The truck was damaged when it became unmanageable and overturned.

### FT. WORTHIAN MET BY GROUP FOR WELCOME

The Lobo band will assist in the welcome to the Fort Worth Stock show advertising group who will arrive at 3:25 this afternoon to extend their good will gesture and emphasize the importance of the spring event to the ranchmen of this territory. The group will have entertainers with them. The Chamber of Commerce and a group of Ciscoans are to drive out on the Eastland highway and escort the trippers into the city. The party will have their ceremonies in front of the First National bank where an address of welcome will be made and a band concert as a part of Cisco's program. Jack Holt, Fort Worth Chamber manager will accompany the Fort Worth group which is sponsored by the Ft. Worth club.

### Dry Forces Have Called Meetings

A county-wide meeting of the dry forces is announced for Monday March 1, 10 a. m. at the county court house, by chairman G. M. McGlasson. A meeting of local advocates is called for 7:30 p. m. at the Nazarene church by local chairman W. R. Ivey.

### THREE MAJOR STRIKES YET TO BE SETTLED

SANTA MONICA, Calif., Feb. 25. (UP)—District Attorney Pitts, who is preparing a blanket indictment against sit-down strikers in the Douglas Aircraft Corporation plant, announced today that if the strikers did not evacuate peacefully they would be removed by force. The district attorney said that the same policy would be followed at the Northrop plant of the Douglas company at Inglewood, where the workers announced they had called a strike today.

### STRIKE FIGHT IN WATCH CASE PLANT

ELGIN, Ill., Feb. 25. (UP)—An Illinois watch case company threatened to break through the picket line around its strike-bound plant today. Seven or eight pickets joined in punching the man who said he was an assistant plant superintendent. He would not give his name. The fight stopped with the arrival of police.

### AWO STRIKE GROUPS SETTLE DIFFERENCES

Labor strife lessened today. Two groups of sit-down strikers evacuated without bloodshed. On strike was settled. The Chrysler Corporation has agreed to negotiate with the United Automobile Workers ending the threat of another wide-scale automobile strike. Three major strikes remain: several hundred sit-down strikers were in possession of the Douglas Aircraft plant at Santa Monica, Calif. The plant was closed, and 1,500 workers were laid off. The management refused to negotiate as long as strikers remained in the plant. Five hundred sit-down strikers held the plant of the Timken Detroit Axle company. One hundred sit-down strikers continued to occupy the Pansteel Metal company plant at Waukegan, Ill. The dispute seemed deadlocked. At Decatur, Ill., the Century Wallpaper company resumed operation with non-union workers. At Los Angeles, Pie-Baker William Plecty resumed operations after his 11 striking bakers had evacuated peacefully in obedience to a court order. Plecty filed suit for \$10,000 damages against the bakers and their union.

### LEGION SONS ELECT HEADS TAKE OUTING

Sons of the American Legion met in a business session at the Hut yesterday and elected new officers. After the business session, they were taken to the lake for a water work, and the rest were expected to return today. Officers elected were: Howard Tableman, captain; Lee Smith, Jr., adjutant; Glenn Tableman, first lieutenant; Jack Hunter, second lieutenant; Burkett Huestis, chaplain; John James Haynie, historian and Bob Grantham, sergeant-at-arms. Others present were Jimmie Gorman, Harvey Haynie and Corkie Smith.

### WEATHER

EAST TEXAS—Cloudy; slightly colder except on west coast and Rio Grande Valley; rain south portion tonight; cloudy, occasional rains Friday. WEST TEXAS—Cloudy; snow or freezing north portion, and rain southeast portion tonight and Friday; slightly colder upper Rio Grande Valley Friday.

### ANDMASTER THANKFUL FOR COURTESIES

The Lobo band gave an exchange concert at 2 o'clock yesterday afternoon in Breckenridge, and accompanying the 49 members who participated in the event, were the following: Mrs. E. B. Isaacks, Mrs. E. B. Garrett, Mrs. James Haynie, D. D. Benedict, Mrs. Phil Stock, D. D. Ball, Mrs. J. D. Lauderdale, J. B. Hunter, Mrs. W. R. Huestis, Mrs. C. N. Clifton, Mrs. J. J. Coleman, Mr. and Mrs. Robert Huestis, Blake Stephens, A. C. Huestis, and Marian Jacobs, the band manager. The Parents Band club will meet tonight to make further plans for the band contest to be held in Lubbock this May, and to consummate details of the bake sale to be held Saturday in the windows of the Cisco Gas Corporation on Main street. Mr. Maddox urges all members of the club to be present at the meeting tonight and wishes to extend special thanks to those who so generously assisted in transporting members and instruments to Breckenridge Wednesday.

### Ecclian Singers to Present Program

Ecclian Singers, assisted by Eleanor Bergh as vocal soloist, will present the first program Sunday, February 28, at 4 p. m. at the First Methodist church, it has been announced. The public is extended a cordial invitation and there will be no offering taken.

## What's News Today

Ciscoans who may have been more or less depressed may now revive at the prospect of much activity in and around Cisco. Much money will be spent and will circulate to arouse enthusiasm and healthy business activity. The drilling of the townsite well by J. A. Bearman and associates is indeed a sweet morsel to chew upon while dreaming of possibilities of such a forward step.

Mr. Bearman deserves a medal of honor from his fellow townsmen for his tenacity in working against great odds to bring about this test for Cisco.

Many have believed for a long time that the Luse well indicated that the geological structure did not lie when it pointed to the fact that Cisco was built on a geological structure having its axis in the heart of the city and that it was very probable that the entire city offered a good field for drilling. Now Mr. Bearman has brought it into actualities. All honor to his efforts. All Cisco will be waiting to lend a helping hand.

The talk of Resident Engineer A. D. Schmid at the Lions club Wednesday when he spoke unofficially of the nearly half-million dollars that would probably be spent by the highway department within the next year or two, also lends encouragement to those who have cast their lot with Cisco business interests. An underpass for the T & P and Katy railroads is badly needed on highway 23 which feeds traffic to the college and to the Lake Cisco playground with its recreational facilities, its parking encampment and the fish hatchery. Such construction would solve the railroad crossing to Breckenridge as traffic could use this underpass, and Main street could secure whatever benefits might accrue from traffic traversing the entire length of the street.

The overpass across the Katy should be started by late spring or early summer, the east end follow, and this followed by improvements on South Main and widening of highway 80, west to the Callahan county line.

Former Gov. O. B. Colcott of Dallas, strikes hard at the recent Trinity River bill and says it is undemocratic and passage would make Texas a province instead of an empire.

Chrysler agrees to parley on collective bargaining with union strikers as strikes occur from ocean to ocean placing thousands of men idle. Sit-down strike weapons are being used to advantage and labor is using the time when the country demands article of manufacture to continue its upward progress.

Roosevelt takes his first steps toward uniform power sale and distribution. His policy is to place the great domestic power of electricity within reach of the national masses so that it may be used to take drudgery from homes, farms and domestic uses. Uniform rates are being stressed. Water and air are free to people of the earth. The Roosevelt policy is that since God gave electricity to mankind it should be placed within the reach of all at nominal prices and not used to bring riches to certain classes who are able by combined massing of wealth to control its distribution and place the price above its universal use.

Dr. Townsend is found guilty, but he is not disturbed. He says the publicity will help the cause as indeed it may. Thousands who do not sanction the Townsend idea have come to be believers in a moderate pension for the country's aged who have no means of support for themselves. A start has been made by the nation and the state, notwithstanding the law has been muddled up by agents who could not properly interpret its intentions. But sooner or later all those in need will receive the maximum of the present pension law which should give \$30.00 each to deserving clients. And that would be little enough. A man's children should not be considered as support since they usually have their own families to look after and their own lives to live. Old people want to be independent and be comfortable in a sum sufficient to keep them living modestly and in peace.

### CHAPTER I

THE June sun struck his shoulders with pleasant warmth as he parted the brush, bridged a wide ditch easily and emerged on the open backwoods road.

He squinted eyes a trifle deeper but of the same clear blue as the sky above him. And squinting his tanned face broke into little wrinkles around his eyes and into unaccustomed furrows on a broad nose that was lighter where the line of his hair began. He trusted his hands into breeches pockets, squared his shoulders and swung into a brisk stride.

Over his shoulder he addressed his companion. "Getting on toward lunch. He was agreed with, he gathered, by the enthusiastic tail wagging at the heels of his riding boots.

"Now, my good fellow," he continued, having an appreciative audience, "if this were the New England of legend, we would approach the next dwelling with a pleasant smile and a hungry look and be invited to join the family at its noonday meal. As it is, we've got to find our way out of this maze of backwoods and push on to our hosts.

He glanced at his watch, saw that it was 20 minutes past noon. Then he saw the spreading gables of the gray house through a frame of trees and whistled softly to himself.

"It brought a light to his eyes—this picture of majestic chimneys that rose to the tops of aged trees, the grace of dwelling and grounds mellowing together and growing into each other, the overtones of bright pinks and yellows, the blues obscured against the glowing fresh greens of the garden, colors that were like bright ribbons on a lady's gray gown.

There was, as he had expected, a wall of field stone lip high. He swung himself onto it.

"Hi," he called. Twelve, Miss Daphne," a shrill voice from within the house echoed. "What-cha want for lunch?"

"Daphne Brett pushed back a strand of black curly hair from a white and perspiring brow and sat back on her heels. "If you've brought eggs, there'll be scrambled eggs, bread and butter and fruit. I didn't bring anything else from town," she called from the top of the stair well. Then, anxiously:

"Hi!"

"PRUNELLA, have a look at how the garden's coming, will you?"

"Yes, ma'am." Prunella answered cheerfully. "Just stop worryin' about this downstairs. I got things most ready. Sure you don't want me to give you a hand up there?"

Daphne rubbed the spot in her back that was beginning to burn and said, "No, thanks, I'll be finished here by three. They won't be here until four."

"My sakes, but it'll seem strange to have anybody but Brett's livin' in this house," the conversational voice continued from below.

"You're telling me!" Daphne Brett muttered and gave her mop a vicious squeeze.

"We allus hoped you'd be comin' back to Plantspout when Jennifer was graduated from that fishin' school," Prunella carried on. "We will some day soon,"

Illustration by E. H. Gunder  
"Hello," he said before she could ask him what he wanted. "Will you please tell me who owns this place?" "It's owned by the Misses Brett," she said shortly.

Daphne answered with a cheerfulness she didn't feel. Her disappointment filled her unhappily again. She, too, had hoped that the two of them would be back here. Five years away from the home she loved hadn't changed her affection and longing for it. Five crowded, busy years in New York. Five years hoping for this very month until Jennifer's letter had come saying that she was going on to Maine to spend the summer with a schoolmate and could Daphne send her an extra hundred?

"Hi!" Prunella straightened and her eyes followed the hailing voice to the figure seated on the back garden wall. Another tramp, she thought, and took another look. She retreated hastily and called: "Miss Daphne, one of 'em's come. He's out back."

The company she was waiting for would hardly be "out back," Daphne thought, and stole a hurried glance out the south window, saw the dusty figure on her garden wall and knew it to be not the rotund Mr. Snyder she had already met. Without removing the unflattering towel that bound her hair, or the grimy effects of her morning's work, oblivious to the shapelessness of her slender figure enveloped in one of Prunella's pink gingham models, she went into the garden.

"Hello," he said before she could ask him what he wanted. "Will you tell me who owns this place?" "It's owned by the Misses Brett," she said shortly.

"There's nothing but scrambled eggs," Daphne said, her eyes once more on her watch. There was so much to be done in so short a time. She had no time to exchange pleasantries with stray travelers of the road, but this one looked strong. Perhaps he . . .

He let himself down from the wall before she said anything further and, with his eyes still on the house, he said, "Thanks, and what might your name be, my pretty maid?"

"THEY call me Duffy," she said crisply, and picked up her broom. "You might earn that lunch by tackling the weeds in the west garden. This place has got to look like a well-kept garden by 3 o'clock. Prunella will give you your lunch in the kitchen."

"Fair enough," he said, and tucked his pipe into a pocket of the coat he discarded at once.

Daphne forgot him. There were many things to be done. There were the bowls to fill with flowers and Daphne herself to transform from a scullery maid into a cool, charming hostess in a smart frock to give the appearance of a gentlewoman reluctantly renting her family estate for the summer.

"But we want to lease it for a year!" Mrs. Snyder said.

A year at a hundred a month!

## Boy Scout News For The Week

By TOMMY La MORE  
Troop 101 of the Cisco Boy Scouts has planned the first overnight hike of the year when they will hike to Mr. Ernest Hittson's ranch, for their camp, on Friday night.

The scouts plan to spend all day Saturday at the ranch passing tests of different kinds in order to prepare for the coming court of honor that is less than two months away.

In the last court of honor every boy in Troop 101 came up for some kind of badge or award and they hope to keep this record clean and have every boy up for some award in the coming court of honor.

**Traffic Patrolling**  
The scouts have assisted the local officers in patrolling the traffic both on school days and Saturday.

In the mornings, at noon and in the afternoon the scouts are seen patrolling the school children across this busy highway. On Saturdays the scouts help patrol the heavy traffic on the streets, and with thought in mind the motorists are rapidly becoming aware of stop signs and speeding, and are obeying them.

**Eagle Scout**  
Harry Gray, a life scout in Troop 101 is just seven merit badges from becoming an eagle scout and all boys and scoutmaster are looking forward to Harry becoming an eagle scout as there are no scouts of that rank in the troop of the Cisco Boy Scouts. Harry passed his life rank last Friday night at the Methodist church when Mr. G. N. Quiri of Brownwood was present.

Crandall Jones also of the same troop has passed his life tests and it is hoped that the troop will have two eagle scouts soon. Cecil Edwards of Troop 101 received the golden quill award last Friday night at the court of honor for his achievements in this line of work

which represents writing news, poems, and articles for a paper or magazine. In all there must be 2,000 points for this award, covering the division of writing heads as well as writing stories. This is the first award of this kind made in this district, it was stated by Mr. Quiri when he was awarded Cecil with this honor. As a proof of his work in this award, Cecil presented to the court of honor for inspection, his notebook that covers the 2,000 points. Then the book was passed among those present and it was complimented highly.

## Desdemona Pioneer Passes Away Sunday

Funeral services for James B. Fogle, 77, who died Sunday, were conducted at his home north of Desdemona with Rev. O. D. McDonald, pastor of the First Methodist church in that city officiating. Burial was in Desdemona cemetery.

His death followed several years of illness. Two months ago he experienced a stroke of paralysis from which he never recovered. He had been a resident of Collin county when he moved from Desdemona since November 6, 1881, he and Miss Elizabeth Whitworth, his wife who survives, were married.

Other survivors include the following children, Robert L. Foote, Arlie H. Foote, Murrah Foote, Oliver S. Foote and Mrs. Luna Harman.

## About Our Friends—

CONTINUED FROM PAGE ONE  
and then your suggestion for a name for the well Mail or bring to the Cisco Daily News and it will be turned in to the committee appointed to decide the most appropriate name. Midnight, March 10 is the deadline for the contest. But better start at once because the time element may enter into the contest which awards \$10 to the one turning the successful name. Bring in your name suggestion at once.

Much property will be sold during this campaign for oil. There are many who want to own property in Cisco anyway and this will give them the excuse for investment. We are natural gamblers and like the thrill of taking chances. People with vacant lots will be having dreams of wealth which might come as the result of intensive townsite drilling. Others will want to get in on the ground floor and become property owners along with the recent ones. Yes, property along the northwestern trend from the Luse well in line with the Bearman test, will be in the limelight and will be changing hands from those who do not want to gamble, and believe there is no oil, to those who like to hope for the best and bet on their hometown possibilities.

## City Announcements

The Cisco Daily News is authorized to announce the following names for Mayor and City Commissioner to be voted on the city election to be held the first Tuesday in April, 1937.

**FOR MAYOR:**  
J. T. BERRY, (re-election)

**FOR CITY COMMISSIONERS**  
H. A. BIBLE, (re-election)  
W. J. FOXWORTH, (re-election)

**WARNING**  
This notice will serve as a warning to the people. The City Commission hereby gives notice they are going to enforce the ordinance against exceeding the speed limit and not observing the signs. New stop signs have ordered and upon their arrival be placed at proper locations throughout the entire city.

From now on you can depend being picked up and brought before the Corporation Court answer for the charges, and won't fail to suffer for it. The penalty will be a fine of five or more for violating this ordinance. So the officers will be on the ground from now on and you had better watch your step.

We are going to enforce the ordinance. This won't be any Boy Scout either.

**Texas Schools Enter Prize Essay Contest**

DALLAS, Feb. 25 — Every section of the state is represented in the Greater Texas Essay Contest in which pupils of the Texas public schools are competing for 48 free trips to the Greater Texas and Pan-American Exposition at Dallas, and for 336 cash prizes.

E. P. Simmons, chairman of the Greater Texas Committee, announced today that entries in the contest extend from El Paso to Texarkana and from Wichita Falls to Harlingen. The Great Texas Committee was organized jointly by the Greater Texas and Pan-American Exposition and the Dallas Chamber of Commerce in cooperation with the state department of public instruction. State Supt. L. A. Woods is chairman of the advisory board of the Greater Texas Committee and Governor James V. Allred is honorary chairman.

Winners of the 48 free trips to the exposition will come to Dallas at times when special events of international interest are scheduled. Frank L. McNeny, director general of the exposition announced today. Some of the unusual events on the exposition's program are the Pan-American Olympics to be directed by George P. Marshall, nationally famous Washington sportsman and international automobile and airplane racer. Mr. McNeny said that dates for the school contest winners' visits to the world's fair at Dallas will be announced as soon as the program is completed.

"The splendid response which the exposition's plans are receiving in Mexico and other South American countries guarantees that the school children of Texas will have a wonderful opportunity for both education and entertainment at the exposition next summer," said Mr. McNeny.

The contest is divided into 24 supervisory districts of the State Department of Education. In this way, the contestants will compete by districts and the individual pupil will have greater opportunity to win one of the 384 valuable prizes. The contest is open to sixth and seventh grade pupils of the white public schools who may compete in the elementary division; and to the high school pupils of the white public schools who will enter the high school division.

First prize in each of these two divisions in each of the 24 districts of the state will be an expense-paid trip to the Greater Texas and Pan-American Exposition. Second prize in each district will be \$10 cash, and six \$2 cash prizes will be given also.

Pupils may enter the contest by asking their school principals to write to the Greater Texas Committee, 1101 Commerce St., Dallas, Texas, for copies of the contest book "The Tale of a City and Two Expositions." These books will be sent without cost to every school principal in the quantity he requisitions.

**FAMOUS HOUSE SOLD**  
 HONOLULU (UP) — Known as the "most widely-traveled home in America," the von Holt-Mackintosh residence has changed hands again. The house was built nearly a century ago in Salem, Mass., dismantled tawen around the Horn to China, then shipped to Hawaii aboard a small sailing vessel.

**Entries Filed for 2nd Miami Kennel Show**

MIAMI, Fla. (UP)—Canine pets from various sections of the United States and Canada will gather in Bayfront Park here Feb. 27-28 for the second annual Miami Winter Society Dog Show.

More than 75 breeds from the Afghan hound, whose history dates back to the days of King Solomon, to the giant poodle of which there are only approximately 250 specimens in this country, will be represented among the 300 entries, according to E. B. Balfe, president of the Miami Dog Show Association, sponsoring organization.

Albert Delmont, of Wynwood, Fla., who has officiated at dog shows in Europe, Canada, the Philippines and the United States, will judge the show.

Only dogs registered with the American Kennel Club may vie for blue ribbons and silver trophies.

Cary Grant says: "a light smoke rates aces high with my throat"

"Luckies have been my cigarette for five years now. I rate them a 4 star cigarette. They're always good to the throat, and taste so much better than other cigarettes that it seems to me this 'Toasting' process is a swell idea. Yes, a light smoke like Luckies rates aces high with both my throat and taste."

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke. Mr. Grant verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

## LABOR TROUBLES OVER U. S. LESSENERED

### Movie Writer Found Dead; Wife Questioned

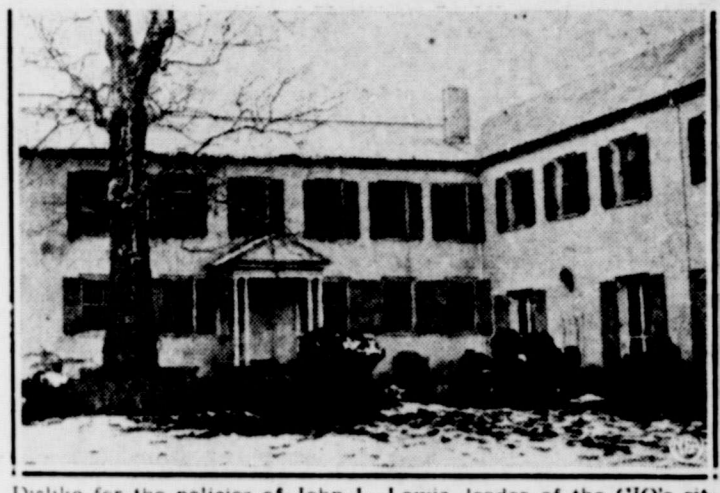

#### REVOLVER AND TWO WOUNDS ARE EVIDENCE

PALM SPRINGS, Calif., Feb. 25 (AP)—Humphrey Pearson, 43, movie writer and popular among the film colony, was shot to death in his desert home today. Circumstances of the shooting were as mysterious as any plot he had written for motion pictures.

His widow was under observation in the county hospital. Police found her weeping hysterically beside the body of her husband.

Although police were investigating theories of murder and suicide, it was indicated that Mrs. Pearson would have to explain the presence of a revolver in a room other than that in which her husband was found.

#### Houses "Divided" in Strike Protest

Dislike for the policies of John L. Lewis, leader of the CIO's sit-down strikers, has prevailed over the neighborliness of Mrs. Fleming Holland, leading to her announcement that she would not open her palatial house (top) in Alexandria, Va., for the annual tour of historic residences if Lewis' cottage (below) is included in the itinerary. Both houses are famous examples of colonial architecture and are furnished with antiques.

#### CONVICTION OF DR. TOWNSEND REVIVES IDEA

WASHINGTON, Feb. 25 (AP)—A drive for a \$200 a month old age pension took inspiration today from the conviction of Dr. Francis E. Townsend for contempt of a House Committee which investigated his organization for old age security.

#### LEGISLATURE COMPLETES ITS FIRST PHASE

AUSTIN, Feb. 25 (AP)—The 45th Texas Legislature today will complete the first phase of its four-month session when the deadline falls tonight on introduction of bills.

#### Californians Wade into Breakfast

When you start to cook a meal there's nothing like wading right in and getting your feet wet—especially if it's in southern California where heavy rains have flooded thousands of acres and hundreds of homes. This couple refused to leave their Palm Beach bungalow, casually slipped into hip boots and had breakfast, even though their kitchen was knee-deep in flood water.

#### THREE MAJOR STRIKES YET TO BE SETTLED

SANTA MONICA, Calif., Feb. 25 (AP)—District Attorney Pitts, who is preparing a blanket indictment against sit-down strikers in the Douglas Aircraft Corporation plant, announced today that if the strikers did not evacuate peacefully they would be removed by force.

#### STRIKE FIGHT IN WAUCH CASE PLANT

ELGIN, Ill., Feb. 25 (AP)—An Illinois water case company threatened to break through the picket line around its strike-bound plant today.

#### TWO STRIKE GROUPS LITTLE DIFFERENCES

Labor strife lessened today. Two groups of sit-down strikers were evicted without bloodshed. One strike was settled. The Chrysler Corporation has agreed to negotiate with the United Automobile workers ending the threat of another wide-scale automobile strike.

#### PRESIDENT CONFERS WITH NINE HOUSE MEMBERS ON JUDICIARY

WASHINGTON, Feb. 25 (AP)—President Roosevelt called in nine House members today to discuss his judiciary program. Those participating in the discussion were all members of the liberal bloc which has announced support of the president's plan.

#### Cisco Debaters Win One Then Lose Two

By TOMMY LA MORE  
The Cisco high school debaters came out on the short end of the debates against the Breckenridge team last night in the high school auditorium.

#### Driver Hurt When Truck Overturns

Lowell Burk, driver for one of the Ruppert Bakery trucks, had wounds dressed at the hospital this morning and returned to duty at noon today, as a result of an accident near Randolph college this morning when his steering gear locked and the car overturned twice.

#### LEGION SONS ELECT HEADS TAKE OUTING

Sons of the American Legion met in a business session at the Hut yesterday and elected new officers. After the business session, they were taken to the lake for a winter roast. The boys were accompanied by W. R. Huestis, M. H. French and Leon McPherson.

#### WEATHER

EAST TEXAS—Cloudy; slightly colder except on west coast and Rio Grande Valley; rain south portion tonight; cloudy, occasional rains Friday.

#### About Our Friends

By STEW A. LONG  
A caravan of trucks, cars and wagons are bringing a constant stream of old scrap iron to the Cisco Supply company's yard. An inquiry brought the information that the iron being shipped via Texas City had come from which the county had constructed implements of war. Japan was wise and bought scrap iron from the U. S. A. when iron was much needed. Asked why the United States government did not buy this scrap iron, Mr. Sandler said sufficient amount could be purchased from smelters and hence savings made in freight. He brought out that the freight cost to about half what the government would pay.

#### ANDMASTER THANKFUL FOR COURTESIES

The Lobo band gave an exchange concert at 8 o'clock yesterday afternoon in Breckenridge, and accompanying the 49 members who participated in the event, were the following: Mrs. E. B. Inacks, Mrs. J. D. Bennett, Mrs. Phil Stock, J. D. Ball, Mrs. J. D. Lauderdale, J. B. Hunter, Mrs. W. R. Huestis, Mrs. C. N. Clifton, Mrs. J. J. Clifton, Mr. and Mrs. Robert Clifton, Blackie Stephens, A. C. Clifton, and Marian Jacobs, the band leader.

#### Baptist W. M. S. in All-Day Meeting

The W. M. S. of the First Baptist church gathered at the church in an all-day meeting today to hear a book "Home Missions", taught by Mrs. J. R. Burnett.

#### Seven Convicted In Election Fraud

KANSAS CITY, Mo., Feb. 25 (AP)—Federal Judge Merrill Otis today sentenced seven persons convicted of conspiracy to commit voter fraud in the November 3 election, to prison and jail terms ranging from six months to three years.

#### CISCOANS PLANTING ORCHARDS FOR COMMERCIAL FRUIT MARKET

J. E. Spencer, B. B. Poe, Barton Philpott and others are active in cashing in on fruit growing possibilities in Eastland county which have been made important since truckers have found markets for all the fruit they can get and are willing to come to the orchards for the load.

#### BEARMAN NO. 1 LOCATION NOW BEING CLEARED

The Bearman drilling interests are letting no idle time pass under their feet or over their heads. The Bearman No. 1 location is being trimmed up today and made into an inviting looking park with tree trunks whitewashed, underbrush cleared, and the city street superintendent busy constructing two roads to make the location attractive and readily accessible to visitors.

#### OIL BELT TEACHERS MEETING DATES ARE CHANGED TO MARCH 12 AND 13

Announcement was made in Ranger Wednesday by W. T. Walton, superintendent of Ranger schools, that the Oil Belt Teachers Association convention, which is to be held in Ranger, had been changed from March 19 and 20 to March 12 and 13. The change was necessitated because Dr. George Frasier, president of the Colorado State Teachers College, who is to be the principal speaker, could not be present on the dates originally set.

#### Reported Seriously Ill in Sanitarium

Mrs. Bert Byrd of Proctor, sister of O. C. Lomas, is reported to be seriously ill in Graham sanitarium. Mr. Byrd and two daughters, Mildred and Billy are at the bedside of their wife and mother. They are staying in the home of Mrs. Lomas. Mrs. Byrd is the mother of Miral Byrd of Cisco.

#### Unionization Plan Meet With Disfavor

EASTLAND, Feb. 25 (AP)—John L. Lewis' plan to unionize the oil industry met with disfavor today, as 42 employees of the Magnolia Pipe Line company went on record as opposing the plan to affiliate with the Committee for Industrial Organization.

#### POLICE START SAFETY DRIVE FOR SCHOOLS

Two special police are now placed on the Eighth street highway to assist in safe crossing by school children at morning, noon and afternoon periods. Meanwhile, these patrolmen will act to direct traffic safely at intersecting streets, it was announced at police headquarters this morning.

#### HIGH SCHOOL NEWS ITEMS

By TOMMY LA MORE  
Class periods were cut short today in the high school so as to let the students out in time to meet the bus with the Fort Worth Boosters, who are coming through Cisco on their trip to advertise the Fat Stock Show that will be held in Fort Worth this spring.

#### Dry Forces Have Called Meetings

A county-wide meeting of the dry forces is announced for Monday March 1, 10 a. m. at the county court house, by chairman G. M. McGlassen.

What's News Today

Ciscoans who may have been more or less depressed may now revive at the prospect of much activity in and around Cisco. Much money will be spent and will circulate to arouse enthusiasm and healthy business activity. The drilling of the townsite well by J. A. Bearman and associates is indeed a sweet morsel to chew upon while dreaming of possibilities of such a forward step.

Mr. Bearman deserves a medal of honor from his fellow townsmen for his tenacity in working against great odds to bring about this test for Cisco.

Many have believed for a long time that the Luse well indicated that the geological structure did not lie when it pointed to the fact that Cisco was built on a geological structure having its axis in the heart of the city and that it was very probable that the entire city offered a good field for drilling. Now Mr. Bearman has brought it into actualities. All honor to his efforts. All Cisco will be waiting to lend a helping hand.

The talk of Resident Engineer A. D. Schmid at the Lions club Wednesday when he spoke unofficially of the nearly half-million dollars that would probably be spent by the highway department within the next year or two, also lends encouragement to those who have cast their lot with Cisco business interests. An underpass for the T & P and Katy railroads is badly needed on highway 23 which feeds traffic to the college and to the Lake Cisco playground with its recreational facilities, its parks, its encampment and the fish hatchery. Such construction would solve the railroad crossing to Breckenridge as traffic could use this underpass, and Main street could secure whatever benefits might accrue from traffic traversing the entire length of the street.

The overpass across the Katy should be started by late spring or early summer, the east end follow, and this followed by improvements on South Main and widening of highway 80, west to the Callahan county line.

Former Gov. O. B. Colquitt of Dallas, strikes hard at the recent Trinity River bill and says it is undemocratic and passage would make Texas a province instead of an empire.

Chrysler agrees to parley on collective bargaining with union strikers as strikes occur from ocean to ocean placing thousands of men idle. Sit-down strike weapons are being used to advantage and labor is using the time when the country demands article of manufacture to continue its upward progress.

Roosevelt takes his first steps toward uniform power sale and distribution. His policy is to place the great domestic power of electricity within reach of the national masses so that it may be used to take drudgery from homes, farms and domestic uses. Uniform rates are being stressed. Water and air are free to people of the earth. The Roosevelt policy is that since God gave electricity to mankind it should be placed within the reach of all at nominal prices and not used to bring riches to certain classes who are able by combined massing of wealth to control its distribution and place the price above its universal use.

Dr. Townsend is found guilty, but he is not disturbed. He says the publicity will help the cause as indeed it may. Thousands who do not sanction the Townsend idea have come to be believers in a moderate pension for the country's aged who have no means of support for themselves. A start has been made by the nation and the state, notwithstanding the law has been messed up by agents who could not properly interpret its intentions. But sooner or later all those in need will receive the maximum of the present pension law which should give \$20.00 each to deserving clients. And that would be little enough. A man's children should not be considered as support since they usually have their own families to look after and their own lives to live. Old people want to be independent and be comfortable in a sum sufficient to keep them living modestly and in peace.

**FIRST WELL TO START MAR. 15 ON R. L. POE BLK**

The first townsite well to be drilled in the city of Cisco will be started on or before the 15th of March when the J. A. Bearman, et al, No. 1 will begin operations on a location on the R. L. Poe block No. 136, 200 yards west of south D Avenue near 1st street.

Associated with Mr. Bearman in this venture, which involves about 350 town lots, and acreage outside the city limits to a total of approximately 500 acres, are A. S. Hickok, represented by R. L. Ponsler, Charles J. Kleiner and J. H. Reynolds.

These men all representing local capital, are making possible, with the cooperation of other citizens who are not all operators but are interested in the prosperity of the community, a project which is declared to be one of the most ambitious and promising of the character that has ever taken place here.

The well will be drilled to a depth of 3000 feet unless oil or gas in paying quantities is found at a lesser depth. Contract for drilling has been let to J. S. Stevenson of Straun, Texas. Hugh McCrary of Cisco has been given the contract for digging collar and shafting.

Of interest is the fact, significant to many that the new well will be drilled in the geological trend of production encountered in the old Luse well. It will be 1500 feet northwest of this reliable producer which for 16 years has flowed consistently in heads of 24 barrels or more every other day. The source of production in this well has been an intriguing question for oil operators, and it has been concluded with good geological reason that the "mother pool" lies in the direction of the proposed well.

**\$10 Award Given For Best Name for Well**

As a further move to emphasize the importance to Cisco of the drilling of a deep test within the city limits, an award of \$10.00 is to be given the person who suggests the most appropriate name for the test well. Time limit to be midnight March 10.

Mr. Bearman, who is putting down the deep test with the cooperation of other operators, explains that a big neon sign is to be erected 100 feet high on the derrick with the name selected, emblazoned in the magnitude sufficient to read from the highway or even much further. Arrangement has been made with the West Texas Utilities company to furnish power and light for operations. Mr. Bearman explains.

The contest is open to all and in case of a tie the money will be divided. It was explained. A committee will be chosen to pass on the names submitted.

**BAKE SALE TO BE AT CISCO GAS OFFICES**

The bake sale scheduled for Saturday by members of the Band Parents club, will be held in the windows of the Cisco Gas Corporation on Main street, it was announced today.

**Farmers to Attend Program Meetings**

All farmers of Eastland county are urged to attend one of the meetings at which time the 1937 Government Agricultural Conservation program will be explained according to the following schedule:

- 1. Pioneer—10 a. m. Monday, March 1.
- 2. Seranton—2 p. m. Monday, March 1.
- 3. Romney—10 a. m. Tuesday, March 2.
- 4. Cisco—2 p. m. Tuesday, March 2.
- 5. Okra—10 a. m. Wednesday, March 3.
- 6. Rising Star—2 p. m. Wednesday, March 3.
- 7. Carbon—10 a. m. Thursday, March 4.
- 8. German—2 p. m. Thursday, March 4.
- 9. Colony, 10 a. m. Friday, March 5.
- 10. Ranger—2 p. m. Friday, March 5.
- 11. Desdemona—10 a. m. Friday, March 5.
- 12. Alameda—2 p. m. Friday, March 5.
- 13. Eastland—County courtroom, 3 p. m. Saturday, March 6.

Elmo V. Cook, County Agricultural Agent, will conduct spraying demonstrations for peach and plum trees over the county and desires that those wishing to participate in the demonstrations should notify him at once as only 8 or 10 demonstrators can be made. His letter with full explanations follows:

**Desdemona Pioneer Passes Away Sunday**

Funeral services for James B. Foote, 77, who died Sunday, were conducted at his home north of Desdemona with Rev. O. D. McDonald, pastor of the First Methodist church in that city officiating. Burial was in Desdemona cemetery.

His death followed several years of illness. Two months ago he experienced a stroke of paralysis from which he never recovered. He had been a resident of Desdemona since he moved from Collin county when 15 years of age.

November 6, 1881, he and Miss Elizabeth Whitworth, his wife who survives, were married.

Other survivors include the following children, Robert L. Foote, Arlie H. Foote, Murrah Foote, Oliver S. Foote and Mrs. Luna Harman.

**About Our Friends—**

Much property will be sold during this campaign for oil. There are many who want to own property in Cisco anyway and this will give them the excuse for investment. We are natural gamblers and like the thrill of taking chances. People with vacant lots will be having dreams of wealth which might come as the result of intensive townsite drilling. Others will want to get in on the ground floor and become property owners along with the recent ones. Yes, property along the northwestern trend from the Luse well in line with the Bearman test, will be in the limelight and will be changing hands from those who do not want to gamble, and believe there is no oil, to those who like to hope for the best and bet on their hometown possibilities.

**County Agent Says Spray Fruit Trees**

Elmo V. Cook, County Agricultural Agent, will conduct spraying demonstrations for peach and plum trees over the county and desires that those wishing to participate in the demonstrations should notify him at once as only 8 or 10 demonstrators can be made. His letter with full explanations follows:

**City Announcements**

The Cisco Daily News, American and Roundup are authorized to announce the following names for Mayor and Commissioner to be voted at the city election to be held the first Tuesday in April.

**For Mayor:**  
J. T. BERRY, (re-election)

**For City Commissioners:**  
H. A. BIBLE (re-election)  
W. J. FOXWORTH (new)

**WARNING**  
This notice will serve as warning to the people. The City Commission hereby gives notice that they are going to enforce the ordinance against observing the limit and not observing the signs. New stop signs have been ordered and upon their being placed at proper locations throughout the entire city.

From now on you can only be picked up and taken away before the Corporation Commission answer for the charges. You won't fail to suffer for it. The penalty will be \$10.00 or more for violating this ordinance. So the officers will be on duty from now on and you had better watch your step. We are going to enforce the name.

This won't be any business Court, either.

AS MYRA WITHDRAWS THE WILL FROM ITS HIDING PLACE IN THE BUTLER'S PANTRY, JEPSON EAGERLY SCANS IT.

DOESN'T APPEAR TO ME TO OFFER ANY PROOF THAT LADY AINSLEY WASN'T INVOLVED WITH BRADFORD - SHE LEAVES EVERYTHING TO YOU... EXCEPT 100 POUNDS FOR THE GARDENER -

LOOK! THERE'S WRITING ON THE OTHER SIDE OF THE PAPER - IT'S VERY FAINT, LOOKS AS IF IT HAS BEEN SCORCHED.

JOVE! SHE MUST HAVE WRITTEN IT IN INVISIBLE INK! THEN, WHEN BRADFORD TRIED TO BURN THE WILL, THE WRITING STARTED TO APPEAR -

VERY BRILLIANT, YOU TWO... NOBODY WAS TO KNOW THAT UNTIL AFTER I DIED - THEN, MY GARDENER WAS TO TELL MISS NORTH TO HEAT THE PAPER... I USED COMMON LEMON JUICE!

**Texas Schools Enter Prize Essay Contest**

DALLAS, Feb. 25 — Every section of the state is represented in the Greater Texas Essay Contest in which pupils of the Texas public schools are competing for 48 free trips to the Greater Texas and Pan-American Exposition at Dallas, and for 336 cash prizes.

E. P. Simmons, chairman of the Greater Texas Committee, announced today that entries in the contest extend from El Paso to Texas, and from Wichita Falls to Hartlingen. The Greater Texas Committee was organized jointly by the Greater Texas and Pan-American Exposition and the Dallas Chamber of Commerce, in cooperation with the state department of public instruction. State Supt. L. A. Woods is chairman of the advisory board of the Greater Texas Committee and Governor James V. Allred is honorary chairman.

Winners of the 48 free trips to the exposition will come to Dallas at times when special events of international interest are scheduled. Frank L. McNeny, director general of the exposition announced today. Some of the unusual events on the exposition's program are the Pan-American Olympics to be directed by George P. Marshall, nationally famous Washington sportsman and international automobile and airplane racer. Mr. McNeny said that dates for the school contest winners' visits to the world's fair at Dallas will be announced as soon as the program is completed.

"The splendid response which the exposition's plans are receiving in Mexico and other South American countries guarantees that the school children of Texas will have a wonderful opportunity for both education and entertainment at the exposition next summer," said Mr. McNeny.

The contest is divided into 24 supervisory districts of the State Department of Education. In this way, the contestants will compete by districts and the individual pupil will have greater opportunity to win one of the 384 valuable prizes. The contest is open to sixth and seventh grade pupils of the white public schools who may compete in the elementary division; and, to the high school pupils of the white public schools who will enter the high school division.

First prize in each of those two divisions in each of the 24 districts of the state will be an expense-paid trip to the Greater Texas and Pan-American Exposition. Second prize in each district will be \$10 cash, and six \$2 cash prizes will be given also.

Pupils may enter the contest by asking their school principals to write to the Greater Texas Committee, 1101 Commerce St., Dallas, Texas, for copies of the contest book "The Tale of a City and Two Expositions." These books will be sent without cost to every school principal in the quantity he requisitions.

**FAMOUS HOUSE SOLD**  
HONOLULU, Feb. 25 — Known as the "most widely-traveled home in America," the von Holt-Mackintosh residence has changed hands again. The house was built nearly a century ago in Salem, Mass., dismantled tawn around the Horn to China, then shipped to Hawaii aboard a small sailing vessel.

Cisco Daily News want ads are a good investment.

**MOORE DRUG STORE OFFERS FREE SAMPLE OF NEW HIGH BLOOD PRESSURE TREATMENT**

Every High Blood Pressure Sufferer in Cisco is urged to go to Moore Drug Co., and receive a free sample of Allmin Essence of Garlic Parsley Tablets for High Blood Pressure as well as a booklet of valuable information. These tablets are made by a prominent Chicago concern and according to reports from doctors they are most effective in reducing High Blood Pressure, relieving headaches and dizziness. A special new process by which ALLMIN Tablets are produced makes them both tasteless and odorless. A two weeks' treatment costs only 50c.

**TOWN MEASURES AWNINGS**  
WALTHAM, Mass. (AP) — Waltham police are holding an awning inspection of all street-floor business establishments in the city. Patrolman Horace A. Sanderson, a six-footer, bumped his head on the same awning twice. Hence the action.

**SELECTION IS STUDENT**  
SHUTESBURY, Mass. (AP) — This village boasts of a "under-graduate" scientist, Henry Geo. Dhlmann, 29, recently elected to the board of selectmen. A senior at Massachusetts State College.

**Entries Filed for 2nd Miami Kennel Show**

MIAMI, Fla. (AP) — Canine pets from various sections of the United States and Canada will gather in Bayfront Park here Feb. 27-28 for the second annual Miami Winter Society Dog Show.

More than 75 breeds from the Afghan hound, whose history dates back to the days of King Solomon, to the giant poodle of which there are only approximately 250 specimens in this country, will be represented among the 300 entries, according to E. B. Balfe, president of the Miami Dog Show Association, sponsoring organization. Albert Delmont, of Wynwood, Pa., who has officiated at dog shows in Europe, Canada, the Philippines and the United States, will judge the show. Only dogs registered with the American Kennel Club may vie for blue ribbons and silver trophies.

**THANK YOU Friends of Chevrolet FOR YOUR LOYALTY AND WILLING PATIENCE**

**in waiting for delivery of your new Chevrolet cars and trucks**

Deliveries of new Chevrolets are now being made in ever-increasing numbers. Production in the great Chevrolet plants is increasing with each passing day.

● To more than 100,000 loyal buyers who have patiently awaited delivery of the new Chevrolets they ordered weeks ago—and to scores of thousands of other people who are placing their orders now—our sincere thanks and our definite assurance of quick delivery!

We of Chevrolet are deeply grateful that you have preferred Chevrolet even to the point of being willing to wait to get the car of your choice; and we are equally happy to inform you that no prolonged period of waiting will be necessary.

Chevrolet production is increasing with each passing day, and you can depend upon getting quick delivery if you have placed your order in past weeks, or if you place it today!

Moreover, we can assure you that you will be amply repaid for insisting on getting a new Chevrolet, because of its extra quality and extra value.

This new Chevrolet is the only complete car—priced so low. It has a host of extra-value features. It will bring you more pleasure and satisfaction than you can possibly get anywhere else at such low prices.

Thank you again for your loyal friendship and good will for Chevrolet—and you will thank us when you take the wheel of these better, more modern low-priced cars and trucks. For quick delivery—place your order now!

FISH MEAL FED TO COWS

PULLMAN, Wash. (U.P.)—Fish meal in concentrated mixtures has been fed to dairy cows with satisfactory results during several experiments in recent years, reports the department of dairy husbandry at Washington State College. Some experiments showed a lowering of the butterfat test, but in no cases were off-flavors or odors detected in the milk.

Randolph Seniors Enjoy 'Kid' Party

Miss Gracy Lee Griggs was Monday evening hostess to seniors of Randolph College when she entertained with a very unique "kid" party at the home of Mrs. D. H. Ravencraft, 900 West Eighteenth street.

Games in harmony with the occasion were played to the enjoyment of all who were dressed for the party. Refreshments of hot chocolate, candy suckers and cake were served to Misses Pearl Lamb, Dorothy DeGraham, Elouise Wigat, Mabel Halbert, Nancy Winn, Louise Masungale, Doris Surles, Helen Burleson, Mary Catherine Donohoe, Pauline Moriarty and Messrs. Donald Surles, Willard Hutton, Bernard Masungale, William Surley, Sam D. Anair, Marcus Lee, H. Simon, the hostess and Mrs. Ravencraft.

Eastland Nursery Schools Operating

The Nursery School of Clon was one of the two Eastland county's WPA projects which have been reopened. The other one is the nursery school at Hauger.

Scranton Community Works On Campus

The people of the Scranton community gathered at the school Monday for the purpose of beautifying the campus. The setting of trees, flowers, and shrubbery was under direction of W. J. Bush and the PTA boys.

Dead and diseased trees were replaced by new ones and a different driveway staked off and various trees were set on either side. Trees transplanted were such as persimmon, poplar, cypress, walnuts and peach.

SOCIETY

LAURA RUPE, Editor, Office Phone 80.

Social Calendar For Week

Friday: The Friendly Twelve Club will meet in the home of Mr. and Mrs. Jimmie Allen, 901 West Tenth street. The Twentieth Century club will have a Fine Arts program Friday afternoon at 3 o'clock at the First Baptist church. A book review by Mrs. C. E. Deaton of Wichita Falls will be an added feature. The public is cordially invited.

PERSONALS

Medaimes Jack Anderson, A. G. Tuttle, J. B. Pratt and A. W. Hubbard were Wednesday visitors in Abilene. R. C. Metcalf of Long Beach, Cal., is visiting in Cisco with his mother, Mrs. B. C. Metcalf, for an indefinite length of time. Mrs. George P. Fee and little son, Pat, left this morning for Fort Scott, Kan., where they will visit with relatives. They expect to be gone two weeks.

HOMEMAKERS GIVE PARTY TUESDAY EVE.

Miss Martha Graves announces plans of her girls' Homemaking department to raise funds for a trip of five Cisco girls to the State Homemaking Department Rally at Fort Worth, April 29-May 1, at which these departments of the state will meet for much valuable exchange of ideas and planning for the future of their work in Texas. Cisco is classed as Class A School and a full attendance is desired locally.

Two Cisco Women Lose Their Cash

Police report that two ladies got scared after it is too late to save their \$8.50 cash paid to a stranger who offered them the opportunity of earning \$60.00 for a little work during the next 60 days, regardless of whether they made sale or not, and reported to the police while these officers were looking for that very man whom Eastland officers were also seeking.

Mrs. O. L. Mason is Hostess to Circle

Mrs. O. L. Mason, 602 East Tenth street was Tuesday hostess to members and guests of Circle One of the First Baptist W. M. S. The program was opened by prayer led by Mrs. W. H. Hayes, after which a splendid lesson from the seventh chapter of Luke was taught by Mrs. Mason. Following a short business session a social hour was enjoyed. The hostess was assisted by her daughter.

Closest Improvement

"I moved our old closet from a very dark corner of the hall to our bedroom," says Billie Timmons, wardrobe demonstrator of the Komo 4-H club girls. "When I joined the club, our closet was too small for the four people in our family. I decided to make it larger and move to a lighter part of the house. The closet was made 7' long, 2' wide and 6' high. My sister and I have our

4-H Club News Of The County

Mangum 4-H Club Girls: The Mangum 4-H Club Girls met Feb. 23rd at the Mangum school. Inex Maxwell, Ruth Peel and Mildred Skaggs had well equipped sewing boxes with material for pajamas. Mary Louise May and Connie B. Lovell had well equipped sewing boxes. After the sewing boxes were examined as to well equipped and material for pajamas and their hotbeds were ready for the tomato seeds to be planted. Muriel Gray and Helen Hagar had well equipped sewing boxes with material for pajamas. Mary Louise May and Connie B. Lovell had well equipped sewing boxes. After the sewing boxes were examined as to well equipped and material for pajamas and their hotbeds were ready for the tomato seeds to be planted.

Meeting of Flatwood 4-H Club Girls

The Flatwoods 4-H club girls met Feb. 16 at the home of their sponsor, Mrs. T. E. Robinson. Methods were discussed by which money could be raised to pay back the money loaned to them by the Flatwoods Home Demonstration club. This money was used to send a delegate to short course. Loraine Byrd and Rosa Mae Harbin had their sewing boxes equipped with tape measure, needles, thread, thimble, scissors, pins and pin cushions. They also had their material for their pajamas.

Sub-Irrigation

"I plan to supply my family with tomatoes by sub-irrigating my garden," says Johnnie Nix, garden demonstrator of the Morton Valley 4-H club girls. "I have laid 100 feet of tile with the help of the club girls and agricultural class of Morton Valley. My father dug the trenches about four feet apart. They were made level so that the water would flow to all parts of the garden and an old linoleum was torn in strips and placed across the joints to be certain that no dirt would get into the tiles. My tiles only cost me a cent per foot."

New Stop Signs Replace Old Ones

The city is replacing a number of stop sign signals today where former rubber signs have been broken or removed. The new one which are of metal and firmly bolted to the paving have the word Stop in red which will hardly fail to attract the motorist's attention. The mayor and police say they must be observed in the interest of safe driving in the business section where they have been placed.

clothes at one end of the closet and our parents have theirs at the other end. Four shelves are in the middle of the closet on which we store folded garments. I have built a shoe rack under the shelves. My sister's wardrobe demonstrator this year and plans to make a hat rack, add a door, paper the inside and outside and extend the closet to the ceiling.

"Why I Choose CAMELS" THE CHAMPION GIRL bronco-buster and rodeo star, Rose Davis, says: "The Camels I smoke with my meals and after are most enjoyable." "MARK ME DOWN as a man who appreciates how mild and tasty Camels are," says all-events bowling champion, Johnny Murphy. "CAMELS help keep me pepped up," TWA hostess, Betty Steffen, says. "I see many famous people, and most of them smoke Camels." "I'M A SECRETARY," says Jocelyn Libby, "and I often eat in a hurry. When I enjoy Camels with my food I feel on top of the world." "I WANT A CIGARETTE that doesn't jangle my nerves," says master welder Dan Rafferty. "And Camels don't. Camels are mild!" JIMMIE FOXX slugging first baseman of the Boston Red Sox says: "I STICK by Camels and Camels stick by me. Camels set me right. I smoke Camels for their refreshing 'lift,' and for the aid they give my digestion. Camels help me feel my food agrees with me." At mealtimes Camels are an aid to digestion—speeding up the flow of digestive fluids—increasing alkalinity—bringing a sense of well-being. Steady smokers prefer Camels. They are so mild! CHIEF ENGINEER George J. Buckingham stows up with Camels before clearing port. He says: "It's a strain keeping machinery under control. Camels help ease the tension." THE LIGHTNING SWORD PLAY of Bela de Tuscan, fencing instructor, is faster than the eye. He says: "I welcome the 'lift' in energy I get with a Camel." COSTLIER TOBACCOS Camels are made from finer, MORE EXPENSIVE TOBACCOS Turkish and Domestic... than any other popular brand. INTELLIGENT performance combined with unquestioned integrity, has helped us to prove to the community that we are worthy of trust. NEIL LANE'S FUNERAL HOME 209 W. Ninth St. "In the Service of Others" Phone 167

for Digestion's sake—smoke Camels!

# Gary Cooper says:

"It's plain common sense for me to prefer this light smoke"

"A little over a year ago changed to Luckies because I enjoy the flavor of their tobacco. Ever since, my throat has been in fine shape. As my voice in business, it's plain common sense for me to prefer this light smoke. So I'm strong for Luckies."

*Gary Cooper*  
IN PARAMOUNT'S "THE PLAINSMAN" DIRECTED BY CECIL B. DEMLING

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Mr. Cooper verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

### ROLLS RISE BILLION OVER 1933 LOW MARK

**FRED O. BAILEY**  
Press Staff Correspondent

WASHINGTON, Feb. 22 (AP)—The nation's estimated income of \$30,000,000 last year, according to the Department of Commerce, has climbed from \$29,400,000 in 1933 to \$35,500,000 in 1936, an increase of approximately 20 per cent. National income increased at approximately the same rate from the 1933 low of \$29,400,000.

The income is defined in the published in the Consumption of all employees. It includes wages paid to unskilled and skilled craftsmen, salaries paid to office personnel.

Depth Reached in 1933  
The survey entitled "Who gets the national income?" showed national income hit a peak of \$79,000,000 in 1929 and then dropped to \$30,000,000 at the depth of the depression in 1933. About 40 per cent of that loss has been recovered.

Types of incomes—except interest payments—suffered during the depression. Interest income—except interest on government bonds—has shown substantial recovery in the past three years. Interest payments climbed four per cent in 1936, then dropped to 13 per cent in 1935. The decline was attributed to lower interest rates generally prevailing during the boom period.

War Payments Recover  
Interest payments suffered from the depression. Between 1929 and 1933 the decline was about 30 per cent of the 1933 level. Recovery is believed to be up in 1936.

Income of individuals—except interest payments—has shown substantial recovery in the past three years. Income of unincorporated enterprises and self-employed individuals from their business, in 1936, was \$1,300,000,000 in 1933. They had lost approximately \$1,000,000,000 in 1935.

Dividend and royalty recipients received \$1,400,000,000 in 1936 and \$1,200,000,000 in 1933. In 1929, income represented 4 per cent of the national income and in 1936 it is about \$1,750,000,000.

### ion's Milk Output Higher than Year Ago

WASHINGTON, Feb. 20 (AP)—Milk production is running 12 per cent higher than a year ago, the latest review of the dairy industry by the bureau of agricultural economics shows.

The increase has been made despite a decrease of about 3 per cent in the number of milk cows on farms. Mild fall weather and the fact that farmers are milking a larger percentage of cows in their own barns probably account for the sustained output, the bureau reported.

There is a substantial increase in manufactured dairy products during the fall over the previous year. Demand is shifting into consuming channels somewhat smaller. However, storage holdings of these products have mounted over last year. Prices rose during the latter part of January, the bureau said, due to the fact that but production is not showing the usual seasonal increase.

### Default Judgment

San Francisco, Feb. 22 (AP)—The eighth district court has granted a default judgment against the First State Bank of Rising Sun for \$1,026.50 from Charles G. Gocher. The defendant did not appear in the case.

### Nerve Experts Regard Pain Vital to Life

CAMBRIDGE, Mass., Feb. 20 (AP)—Pain is a part of life and cannot be avoided, says Dr. Tracy J. Putnam, professor of neurology at Harvard college.

The need for pain is a very common human trait, he says. "Psychologists point out that it has three sources probably not entirely distinct. One is that pains and pleasures are so closely mingled together, or they may even be indistinguishable. The second great source of a need for pain is as a penance for misdeeds, real or fancied.

"A feeling of guilt or anxiety may be one of the heaviest burdens that life can inflict and sometimes physical or mental suffering is felt to mitigate it. Finally, one may use his own pain to inflict remorse upon or exact sympathy from another."

Much pain can be avoided or mitigated by painstaking work he says, but it is a part of the pattern of the universe and there always will be pain as long as living creatures occupy this earth.

### Bones Found of Beast 25 Ft. Tall 65 Ft. Long

BEAUMONT, South Africa, (AP)—Parts of a skeleton, which scientists believe belonged to a brontosaurus, have been found on a farm in the Murraysburg district.

It is estimated from the size of the bones that the prehistoric creature which roamed this part of the country 100,000 years ago must have been 65 feet long, 25 feet high, and weighed approximately 40 tons.

### War Laws Become Effective Sunday

LONDON, Feb. 20 (AP)—Germany, Italy and Portugal enacted laws today to prevent volunteers entering the Spanish civil war and all were ready for a general ban effective at midnight.

French guards stationed along the Spanish frontier to stop the flow there.

The German, Italian and Portuguese bans include injunctions against departure or transportation of volunteers for the war under heavy penalty.

### Earmuffs Come Back on Campus

MINNEAPOLIS, (AP)—The earmuff, generally classed with red flannels, celluloid collars and Paul Bunyan's blue snow as vestiges of a remote past, again has come into its own.

Co-eds at the University of Minnesota have given the stock of the lowly ear protector a mighty push. The women have decreed it as tops in fashion in their current common sense wave, outlawing white nipped ears.

The girls, though scoff at the WPA style, somber muffs. To crash sorority row, earmuffs must be gay—bright colors, and pastel shades or plaids. They are made of velvet or fleece or fur and stick out from the ears like open doors on a taxicab.

### TRACED TO INDIANS

PORTLAND, Me. (AP)—Most people associate the art of camouflage with the World War. But Maine historical records show that the art was practiced by the St. Francis Indians prior to the American Revolution.

### PARK BARS HOT DOGS

BERKLEY, Cal. (AP)—Out of consideration for the prospective inhabitants of its new \$1,000,000 aquatic park as well as the artistic feelings of the citizens themselves, Berkeley has decided to exclude hot dog stands from the entire zone.

### TO HOLD BAKE SALE SATURDAY FOR BAND AID

The Lebo Band Parents club met in regular session Monday night, and decided to hold a bake sale Saturday.

A called meeting of the club is set for Thursday night, at which time business of importance will be discussed. All parents are urged to be present at this called meeting.

Certain kinds of instruments are required for entry in the contest at Lubbock next May, and the funds derived from the sale Saturday will be used to purchase these instruments in order that there may be time enough before the contest for practice.

Each parent in the club will donate as many pies, cakes, cookies, doughnuts as possible, and anyone outside the club desiring to take part in this worthy cause is urged to bring their baked articles to the place of sale to be announced later.

### Students Practice For Track Events

By TOMMY LA MORE

Chesley field was covered Monday with boys of the high school, who are coming out for some sport in the county meet that is to be held at Ranger April 1, 2 and 3.

There are a large group of boys out for the softball team and promise to give the high school a strong squad when county teams meet for the play-offs. Boys who are out for the team are: Roy Warren, James Qualls, Joe Dan Johnson, Rex Pollard, Glenn Bailey, Mickey Lindsay, Jesse Cleveland, Wayne Robinson, Billy Huffman, Robert Christy, Howard Prayne, Leo Calderman and others.

### Will Bequeaths Sum For Poison Purchase

WORCESTER, Mass. (AP)—In his will Andrew Kozak, a barber, left his wife more than \$1 to buy herself some poison.

The will was drawn last June, after Kozak and his wife had separated. He left most of his \$6,000 estate to his 13-year-old son.

"And for my wife I am leaving a business that is worth more than \$1 so she can buy herself some poison so she will die," the will read.

### PICKPOCKETS ROUTED

WARSAW, Ind. (AP)—Gypsies stopped Will Bibler and attempted to pick his pocket. He struck out, knocking one gypsy woman unconscious. Unperturbed, the companions of the stunned woman placed her in an auto and drove on.

### WEEKEND HERE

Miss Lurline Poe, student in Howard Payne, Brownwood, is spending the weekend here with her parents, Mr. and Mrs. E. J. Poe. She has a guest, Miss Jean Shackelford, also student in Howard Payne.

### BIRDS FIGHT SNAIL PLAGUE

CANBERA, (AP)—Scores of thrushes from England are being released here in an effort to rid the city of a plague of snails.

### HEALTH OFFICERS URGE CITY BE KEPT CLEAN AGAINST PESTS

Dr. W. P. Lee, City Health Officer, and H. A. Bible, Sanitary Commissioner, are urging precautions to be taken by Cisco citizens to prevent disease spread, and mosquito and fly accumulation. In a statement they mention numbers of unsightly and unhealthy conditions that now obtain in the residence district of Cisco. They urge immediate correction of same by individual residents. Their statement follows:

"A visitor from the State Department of Health was in Cisco during the last few days, looking over the city in general, and with especial attention to tourist camps. His report was very favorable, indeed.

"We also, have been in almost all parts of the town recently. We find many things to commend, and also some in need of correction, and that speedily, since the weather will soon be warm and the summer pests—flies and mosquitoes—will be on us in droves, unless we begin now to prevent such a condition.

"In some places waste water is allowed to accumulate near dwellings and hydrants are allowed to drip, empty cans and buckets and even discarded automobile tires may all unsuspectingly be furnishing the neighborhood with mosquitoes. Then, too, in some places the premises should be watched for leaks in sewer pipes. All these conditions may furnish breeding places for mosquitoes, and mosquitoes carry contagion.

"The greatest menace to health is neglected lots where animals are kept, and where cows or horses are kept, the pens should be on the lot and not on the parkway. The parkway is city property.

"Then the lot should be cleaned daily, the refuse carted away or sprinkled with lime. Each householder should keep a close watch on his premises and immediately correct anything amiss, else he and others will probably suffer from the neglect.

"Now is the time to begin this war against the most dreaded disease carriers, the fly and mosquito. Let us urge you in your own interest to start now this spring campaign of cleanliness.

Dr. W. P. LEE,  
City Health Officer  
H. A. BIBLE,  
Sanitary Commissioner."

### MAYOR WARNS THAT ALL TRAFFIC STOP SIGNS MUST BE OBSERVED

"If stop signs are not observed they are the most dangerous things that could be placed on a street and since it has been found necessary to control speed in the city limits these signals must be observed and heavy penalties will be assessed if necessary to bring about proper observance," said Mayor J. T. Berry in speaking of the city's action to be taken beginning now.

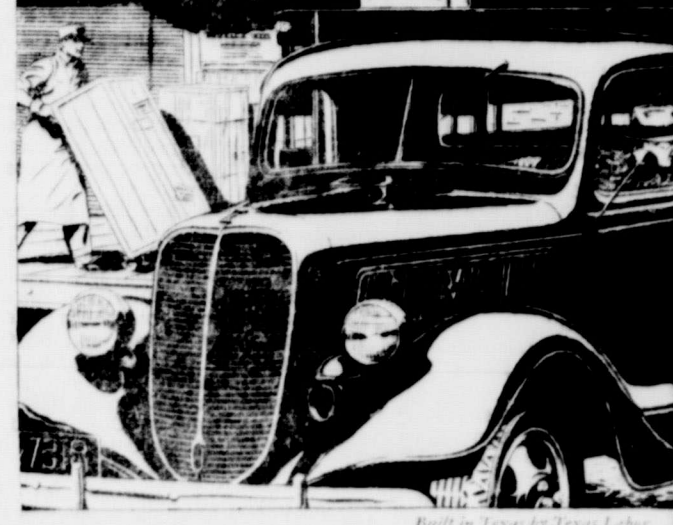

"The traffic on Eighth street through Cisco is dangerous to passing school children and some means must be taken to check speed that exceeds the state law limit of 20 miles per hour which is posted at all entrances to the city," the Mayor continued.

The city commission is investigating the cost of signal lights for the highway and these may be added to signs. New stop signs have been ordered to replace old ones where they are needed.

Meanwhile, the stop signs are going to be enforced, the mayor says, and if persons find themselves in trouble they will have only themselves to blame as this warning is emphatic in the interest of safe driving in Cisco city limits.

Stop signs on all streets must be observed, the city commission rules.

# BUSINESS WILL HAUL FOR LESS IN 1937—

IN THE NEW  
**FORD V-8  
TRUCKS**  
AND COMMERCIAL CARS  
NOW OFFERED IN  
**2 ENGINE SIZES**

- 1 An improved 85 H. P. V-8 Engine built for heavy-duty work.
  - 2 A new 60 H. P. V-8 Engine built for light delivery service.
- Powered and priced to cut your costs!

THE most important hauling news since Ford V-8 Trucks were introduced five years ago awaits you now at our showrooms!

For Ford V-8 Trucks and Commercial Cars are now available in two engine sizes. An improved 85 H. P. V-8 engine offering still greater power and gasoline economy for the tough heavy-duty jobs. A new 60 H. P. V-8 engine for lighter work and house-to-house delivery, providing extra economy, plus the smooth, responsive power that only a V-8 can give. Now you can choose the unit which best fits your requirements for maximum pulling-power or maximum gasoline mileage!

See your Ford Dealer today—and find out how much better you can haul for less money this year! AUTHORIZED FORD DEALERS OF THE SOUTHWEST

- OTHER OUTSTANDING FEATURES OF FORD V-8 TRUCKS AND COMMERCIAL CARS FOR 1937:

# LIEUT. GOV. WOODUL VISITS CISCO AS GUEST OF ST. JOHN'S

"I had rather be attorney general than to be governor of the state," said Lieut. Gov. Walter Woodul Saturday when he was a guest of his friend, Will St. John, at the Laguna. The visit of the young Texan was on his way to attend the Old Men's banquet at Breckenridge Saturday night where he made a talk concerning his pet project, a five-year advertising campaign for the state of Texas.

"It is fitting," he said, "that Texas should begin a campaign to nationally advertise Texas with its vast resources and opportunities to the public over the nation now, because the Centennials just closed at Dallas and Fort Worth have placed new names and visions of wonder before the eyes of the millions of visitors to the land of romance and business that entered her wide borders last year. While these names and scenes are fresh, advertising the vast beauty, resources and rich soil of this land of opportunity will catch more than a hasty glance from readers everywhere."

Mr. Woodul, who speaks interestingly of people and events in the public eye, both in Texas and in the nation, says that the extra-

when the present incumbent seeks to be governor at the next election. He thought Mr. Collie, senator from Eastland county would have a fair chance to become lieutenant governor if too many other did not divert public opinion from a proper consideration of qualifications. Often though outside influences the best man is not always elected, he said.

## National Speakers For Bible Lectures

Record attendance is expected at the Twentieth Annual Bible Lectureship of Abilene Christian College which opens Sunday February 21, with speakers from five states and three continents delivering thirteen principal lectures and taking part in other phases of the five day event.

Invitations have been sent to this community and to every part of the United States to more than fifteen thousand ministers, churches, and individuals interested in the A. C. C. lectures and Christian evangelism. "The Church and Its Great Mission" is the general theme of the lectureship.

Persons in Alabama, Tennessee, Missouri, Kansas, Ohio, California, and other states have said they would attend the event.

Principal lectures will be delivered each morning at 11 and at 3 and 7:30 on Tuesday, Wednesday and Thursday. C. A. Norred, minister of the college church of Christ, Abilene, and Homer Halley and M. C. Bell, Abilene ministers will open the series Sunday morning and evening and Monday morning, speaking on the subjects "The Perfected Church," "How the Church Went in the First Century" and "The Urgency for the Church to Go Today."

Guest lectures from Tennessee, Arkansas, California, and the missions of Africa, China, and Japan will speak on Tuesday, Wednesday and Thursday.

## Sewing Supervisors Attend Abilene Meet

Seven Eastland county women attended last week at Abilene a meeting of the supervisors of Works Progress Administration sewing rooms in district 13. Problems in their work were studied under the direction of Miss Caroline Chambers, district supervisor of women's projects.

The Eastland county representatives Mrs. Artie Fullen and Mrs. Madona Pitzer of Eastland; Mrs. Callie Ward and Mrs. E. N. Orr, Cisco; Mrs. Lillian Eastland, Ranger; Mrs. J. M. Ellis, Gorman; and Mrs. Edna Hancock, Rising Star.

## Village Youth Prefers Dances of Long Ago

ACTION Mass. (U.P.)—The Action young folk prefer jigs and reels to swing music.

Harold Reynolds and Arthur Robbins inaugurated Old Timers dances two years ago. Oldsters were in the majority at first, but today most of the dancers are young people.

Proprietors of the dance halls where swing music is in vogue have been forced to suspend operations.

## Wool Firm Richer By \$858,000,000

DEL RIO Feb. 22 (U.P.)—Galloway and Miers, Del Rio, wool firm was \$858,000 richer today. The firm sold eleven thousand pound clip of mohair to John M. Lea, representative of Drapper and Company of Boston at a record breaking price of 78 cents a pound.

**DAKOTA CITIES DRY**  
GRAND FORKS N. D. (U.P.)—Inadequate water supplies confront nearly a third of the 326 incorporated communities in North Dakota. It was reported by F. W. Voedisch, superintendent of the state federal water project.

4. Business Session.

**MOUSE KILLS SNAKE**  
HOWE, Ind. (U.P.)—H. O. Trigg, who has been experimenting with feeding a large gartersnake, left a field mouse in the pen for the snake's supper. Morning found the snake dead and the mouse blinking monochantly.

**BIRTH ANNOUNCEMENT**  
Mr. and Mrs. J. T. Spoonmore of 711 West Thirteenth street proudly announce the arrival of a baby girl, Annetta Rosemary, born Sunday at 5:30. The baby weighed 7 pounds.

**DON'T SLEEP ON LEFT SIDE—AFFECTS HEART**  
If stomach GAS prevents sleeping on right side try Adlerika. One dose brings out poisons and relieves gas pressing on heart so you sleep soundly all night. Moore Drug and Dean Drug Co.

## PATIENTS REACT TO AMUSEMENT

LANSING, Mich., Feb. 22 (U.P.)—Children's Hospital in Detroit is the scene of the most unusual project undertaken by the WPA in Michigan, according to Louis M. Nims, state administrator.

The project started by the WPA in connection with its recreational program, employs five young women who have been trained in occupational therapy. They are stationed at the hospital for the benefit of stricken children.

Each day, workers push a heavily laden, three-tiered cart, about the building, visiting all patients. Their object is to find some sort of amusement for the patient so that his or her mind is continuously occupied with some subject other than sickness.

Children are furnished with almost every form of plaything. The cart is loaded with dolls, rubber balls, games, paper and paste, books and many other things suitable for such purpose. Each of the patients enjoy choosing his pastimes.

Miss Margaret Rogers, superintendent of the hospital, said that it "has been our experience that an occupied child gets well quicker. He will not dwell upon his sickness symptoms, etc., as well an adult and if kept busy will have a healthy mental attitude toward his experience."

"The WPA project has been a definite help," she said. "We should like to see it continued indefinitely."

**Absent-Minded Wives Have a Reminder**  
ST. LOUIS (U.P.)—A mild rush by absent-minded husbands to enroll in the Reminder club is expected since announcement of the advance reminding system for wedding anniversaries.

It's a "wife saver" plan, according to Edgar Walsh, secretary. He explained that under the system "a warning of impending anniversary will be mailed to each member three days in advance in a plain envelope marked 'personal'."

Mrs. Walsh sniffs at the idea.

**Names Revealed Among Students**  
CAMBRIDGE, Mass. (U.P.)—Katsui Nimmandahacamma of Chongmai, Siam, was credited with possessing the longest name in Harvard university.

Interpreted from Siamese, the name means "good luck" and "creation of gold."

There was too much competition to award anyone the title of having the shortest name. Those in the contest were Y. Ku of Peking, Q. Y. Lo of Nanking, P. S. Ou of Kwangsu and H. K. M. Wu of Honolulu.

Other names among the student body included H. R. X d'Aeth of England, Messrs. Tung and Toong of China, I. Pass, B. Schur and A. Schuh.

**Eastland Track Practice Begins**  
EASTLAND, Feb. 20 — With fifteen candidates, four of whom are lettermen from last year's activities, prospects are bright for Eastland high school track, according to Coach Carl Miller.

Another for the annual interscholastic league contest has been held each afternoon for a week.

Senior track lettermen are Pete Garrison and Travis Cook. Cook won his letter last year in the 220 and javelin while Garrison participated in the 440 and mile relay events.

Tommy Samuels and Boob Daniels are junior track lettermen.

This year Garrison is trying out for the 220-yard dash, javelin and pole vault. Charlie Van Geem, another of the prospects, is out for discus, 100 and 200-yard dashes, and the 220-yard low hurdles.

Other prospects included Buck Prime, miler; Roy Taylor, fieldman; J. G. Aalt, dash man; and Gene Gage, pole vault.

Another to begin practice next week is Billy Woods, who will try out in broad jumping, javelin, discus and hurdles.

The Mavericks have accepted an invitation to participate in a tournament at Rising Star, March 13.

**DEFERRED PAYMENT IN PIGS**  
HONOLULU (U.P.)—A local farmer purchased new acreage under a "barter" installment plan" whereby he is to pay in pigs down and a pig a month until the purchase price of \$48 porkers is fulfilled.

**A Three Days' Cough Is Your Danger Signal**  
No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.
