

HAVE YOU GIVEN TO THE JAYCEES' 'GOOD NEIGHBOR' FUND?

Mr. Muleshoe . . .

By J. M. Forbes

years ago I heard: What is the name of the little school, I think Austin, that is in the town, that played last Saturday?

Well, I never was much of a football fan, anyway. Less just wait until the basketball season starts, or baseball, or something!

Homer Sanders, Jr.: I read your story in The Journal about the Hurley prospectus, printed in 1912, and am amazed to note how the fellows who got that up hit the nail on the head about this country. It was not an exaggeration in any way, and the things they boasted that the country could do have already come to pass.

Business Man: When I came to Muleshoe three, four years ago, I was told that Muleshoe could do everything well, at some far distant time make a town of five thousand. Now, I figure, we are already approaching that figure and I can't find anybody who is willing to limit the town's future possibilities even to ten thousand!

When the town does get to ten thousand I hope I shall have prospered in accordance, will be able to wear a necktie every day, don a coat when I start to work, and have more than one clean shirt on hand at all times. If a young fellow don't watch out, he'll get in a rut while all about him is progress, growth, development, and change.

And, as our town grows and increases in size, let us not then scorn our neighbors like Littlefield and Clovis, which are now somewhat larger than we are. Let us use good manners toward them, let's not get snooty about it, let's continue to be friends.

Ye editor is glad Loyd Roberts went deer hunting for we got in on a delicious venison steak. The hunters all were generous with their game meat, dividing the good things with their stay at home neighbors.

And, as I write I keep trying to think up something clever that will help to keep H. E. Musson a fan of this column. It's not as easy as it may look. But thanks anyway, Mr. Musson.

More of our friends are branching out into business for themselves. There is a lot of satisfaction in being your own boss, but a lot of worry and responsibility

Poll Taxes "Now On Sale"; Citizens Advised To Qualify For 1950 Election

Hugh Freeman, sheriff, tax assessor and collector of Bailey County, this week called attention to the fact that poll taxes are "now on sale" at his office in the courthouse.

Mr. Freeman said that due to the election held on the poll tax question in the State Nov. 8, many people neglected to pay their poll taxes at the time that they paid their regular property tax, and reminded that it will be necessary for them to come back and get their receipts.

He also reminded the people that 1950 will again be a big election year with candidates to be voted on from precinct to the highest state offices. Probably some local issues will develop also, and the person who is without a poll tax will likely feel left out of things.

Discounts Offered

Tax payers also are reminded that they can save money by paying their taxes during November. There is a 2 percent deduction for those who pay in this month, and in most cases this is not unimportant, amounting to several dollars' saving in many instances.

For those who pay during December, 1949, there will be 1 percent discount from the tax total, Mr. Freeman said.

There is no reduction for those who pay in January, 1950, but those who pay after Jan. 31, 1950, will find penalty and interest added to their tax total.

It goes along with it, as, of course you all know. But faint heart never won fair lady, and nothing chanced, nothing gained. More of our young people should try business for themselves, more of our young farmers should own their farms as soon as possible.

Appreciation Day Is Saturday

Successful indeed in the long staple cotton countries of Mississippi, Georgia, Arkansas, Arizona, and California. It doesn't do such a good job in cotton such as Mr. Millen planted this year, Northern Star, which is a semi-stormproof variety. But Mr. Millen was not a bit surprised nor discouraged when Mr. and Mrs. Johnson of the local dealership and J. M. Forbes, The Journal editor, visited his farm Wednesday morning.

He was taking one half bale of cotton per acre with the picker, in the form of half opened bolls, but many burrs were stripped clean of the staple.

The machine, mounted on a tractor, will, taking one row at a time, cover about 12 acres in a more than 12 hour day, that is, running until two or three in the morning. If one half bale is open to the acre, the machine would gather 6 bales, if a bale to the acre is open it would gather 12 bales.

Mr. Millen has not received a sample and grade and back yet from any of his cotton gathered by the picker, but he says he is sure the grade will be above the average for hand pulled cotton. Mr. Brockman is reported to have had quite an increase in grade over hand pulled cotton, receiving about \$12 per bale more for it.

Mr. Millen says he believes that if the grower will plant a long staple variety like Acala or Delta along in April, defoliate late in September, he will get excellent results with the picker. He intends to go back over his field later with a stripper.

Anyone interested in seeing one of these machines in action can visit the Allison, Brockman, or Millen places and observe for themselves.

The machine, Mr. Johnson said, sells for better than \$6,100, unmounted. It is quite a little job to dismount the machine, so probably most farmers would prefer to take an old tractor, mount the machine on it and leave it mounted.

Long fingers whirling at a rapid rate reach down among the bolls and little knobs on these whirling fingers take hold the loose lint, wind it around, and the cotton is then wiped off with rubber rollers and sucked into the basket. The McCormick-Deering machine is in no sense a stripper, but where cotton is all open, it gets nearly all of it.

Wood Drug To Open Saturday

Formal opening of the Wood Drug, a new store for Muleshoe, is set for the coming Saturday, November 19.

The store is being opened by Buck Wood and Jo Wood, long time residents of Muleshoe, who announced they will have a fountain service, serve sandwiches and coffee, and stock drug items and a line of gift items.

Located in the new Jordan building on the Morton highway, the store is across the street from Muleshoe Motor and directly south of the Ray Service Station.

Mr. Woods has had a long ex-

Good Neighbor Fund Is Growing

The Journal or any member of the Muleshoe Junior Chamber of Commerce will accept contributions to the club's "Good Neighbor Fund," designed to provide Christmas cheer and in some cases food or clothing to underprivileged children or to needy families this year.

Contributions to date to the fund are:

Muleshoe JayCees	\$250.00
Murrell Brown	\$ 5.00
Sam E. Fox	\$25.00
Paul Gardner	\$ 5.00
Ray Howard	\$ 5.00
Legion Auxiliary	\$10.00
B. Z. Beaty	\$ 5.00
June Waggon	\$ 5.00
C. L. Dyer, Jr.	\$ 5.00
Scott Williams	\$ 2.50

perience in the drug business. Mrs. Wood has been bookkeeper for C & H Chevrolet company here. They invite the public to come in and see their new place Saturday.

Meeting Called For November 28 To Form A Rural Telephone Cooperative For This Territory

5,412 Bales Were Ginned To Nov. 1

There were 5412 bales of cotton ginned in Bailey County from the crop of 1949, prior to November 1, according to figures released by Marion F. Harris, special representative of the Census Bureau for this and Farmer Counties.

Mr. Harris said the above figures compared to 8,264 bales ginned to the same date in 1948 of that year's crop.

He said Farmer County gins had turned out 564 bales to November 1, and figures for last year were unavailable. Reports of ginnings are made twice each month by the Bureau of the Census.

X-Ray Exams In Spring Slated

Bailey County has been placed on the itinerary of one of five units operated by the Texas State Department of Health to give free chest examinations against tuberculosis, according to a letter received by Dr. Marion F. Green from Dr. Howard E. Smith, of the Department's tuberculosis division.

Dr. Smith said probably the unit would come to Bailey County next spring.

The action came after the Muleshoe Parent-Teacher Association had requested the service.

Recently the Muleshoe Junior Chamber of Commerce had taken action to get the service here, not knowing that the P. T. A. already had been at work on the project. Officers of the JayCees said they would cooperate with the P. T. A. in giving the widest publicity to the visit of the health unit here.

Formation of a rural telephone cooperative will be the prime object of a meeting which is called for November 28, in Muleshoe.

The people of this territory are thus getting an early start on the long road to supply rural telephone service under the act recently passed by Congress and signed by the President.

The meeting will be held at a place to be announced later beginning at 7:30 p. m.

Initiation of the telephone movement was begun Monday night by directors of the Bailey County Rural Cooperative in regular meeting here.

Each director of the Electric Cooperative will bring to the meeting November 28, two delegates from each community in the area he serves. These will proceed to form a telephone cooperative, to be ready when the time comes to proceed with the business of getting telephone service.

Under the law telephone companies already serving in the area involved have one year in which to supply rural telephone service, and if they fail to do so a cooperative will be recognized.

An attorney will be selected at the November 28 meeting and all preliminary work will be done. W. H. Thompson, manager of the Bailey County Rural Electric Cooperative, said his organization has nothing to do with the telephone cooperative excepting to assist it in getting organized. However, he said, since the present plan is for telephone cooperatives, if formed, use existing REA lines to supply rural telephone service, the Electric Cooperative can save the new organization much time and money by eliminating duplicating engineering work, map making, etc.

The movement in this territory is believed to be starting as quickly as any after the enactment of the rural telephone bill. It was only two weeks or so ago when President Truman signed the bill into law.

However, it is probable that no territory in Texas is badly in need of rural telephone service. It is virtually impossible to communicate with any part of this territory from Muleshoe; such large communities as Maple, for instance are without telephone service of any kind.

Social Security Man To Be Here

Have you ever asked yourself this question? "Will I be entitled to social security payments when I reach the age of 65?" If you have worked under the social security program, you may wish to know just what your rights are. You'll want your family to know what to do in case of your death. Don't delay in finding out how social security operates; contact the nearest office of the Social Security Administration.

A representative of the Lubbock social security office will be in Muleshoe at the post office at 9:30 a. m. November 23, 1949. He'll be glad to assist you, either in answering any questions you may have about old-age and survivors insurance or in filing a claim for possible benefits.

1950 Ford Cars To Be On Display Here Friday At Muleshoe Motor Co.

"The Car that is 50 ways New—50 Ways Finer for '50", the new 1950 model Ford, will be on display here tomorrow in the showrooms of the Muleshoe Motor Company, distributors for this territory.

Two of the new cars will be here for the showing, a maroon custom club coupe and a blue custom 2-door.

Mr. and Mrs. Neal Rocky, Onel Rocky, and every member of the staff and all employees have joined in issuing an invitation to everyone to come in Friday and see the new automobiles.

They have made arrangements with the Wood Drug to serve hot coffee and donuts ice cream or soft drinks to everyone who visits the motor company's showrooms during Friday. The drug store will open one day before their formal opening to accommodate the guests of the motor company. It is located just across the street.

The Rockeys have been Ford dealers in Muleshoe almost since Model-T days. They took the dealership here in 1927, while the country was waiting for the advent of another new Ford, the Model A.

"The progress that has been made in performance, economy, safety, comfort and appearance

will again mark the 1950 Ford as the car of the year," according to D. Cruse, vice-president and general manager, Ford Division.

The new Ford will be on display in the showrooms of 6,400 Ford dealers throughout the nation starting tomorrow (November 18).

All improvements in the 1950 Fords have been geared to offer even greater quality than was offered in the high quality 1949 Ford cars.

The new features embody improvements throughout the entire car—in the engine, the body, the seats, doors, frame, trunk, fabrics, instrument panel, brakes, floors and elsewhere.

The '50 Fords will be offered in two lines—the Custom Deluxe and the lower-priced Deluxe series. A full range of body styles will be available, including station wagons and convertibles. Ford will continue to offer the choice of two engines—the 100 horsepower V-8 and the 95-horsepower Six.

Styling of the 1950 car, although not radically changed because of the wide public acceptance of the modern design of the Fords, nevertheless includes several distinctive features to enrich the appearance.

Bailey County Cotton Allotment Is Set At 85,515 Acres For 1950 Crop

Bailey County's cotton allotment for the 1950 crop year has been set at 85,515 acres, Travis Winter, of the AAA office said this morning.

Cotton acreage for all counties will be based on the factor of 86 per cent of acres seeded to cotton in 1947 and 1948, it was said, these being the two base years for figuring.

Individual allotments will be

worked out as time allows. Mr. Winter said, just now the local grain loan paper work. However cotton allotment notices are expected to be ready by December 1.

Individual allotments will be set up on farms which produced cotton in 1946, 1947, or 1948 on a percentage basis of crop land

Bailey Co. Electric Cooperative Observes Anniversary

Bailey County Rural Electric Cooperative is ten years old, and to celebrate their birthday, the organization has host last Thursday night at a banquet given in Fellowship Hall, with officials, employees, members, and a few other local persons in attendance. Members of the Wesleyan Service Guild and the WSCS of the Methodist Church served the banquet.

W. H. Thompson, manager of the Cooperative, presided as master of ceremonies.

Cecil H. Tate, attorney for the Cooperative, who had much to do with the formation of the organization, reviewed the progress of the local REA unit from its founding to the present day, when, he said the Cooperative is one of the largest institutions in the five county area that it serves. He reminded the group that the Cooperative now has more than 2,400 members.

Mr. Tate discussed the recently enacted law which aims at supplying telephone service to rural areas of the nation. He said that the telephone companies at present serving in a given territory have one year in which to make provision to serve the rural areas and at the end of that time if such service has not been supplied Cooperatives may be formed. It is believed probable such telephone cooperative will be set up under REA sponsorship and that it will use REA lines already established.

Short responses were made by Willis Branscum, president of the Bailey County Rural Electric Cooperative, Blair Adams, of the general Electric Co., Howard Cox, of Fox Radio & Electric, Tom Berry of the Berry Electric, J. M. Forbes of The Muleshoe Journal, a field representative of the REA, and others. Mr. Thompson introduced the entire board of directors: Branscum, president; H. E. Schuster, W. T. Eubanks, Bob Adams, Tommy Galt and Pete Todd.

Mrs. I. F. Willman, of Muleshoe who with her husband was one of the organizers and first members was introduced.

Mr. Berry recalled some of the early days of the Cooperative. He attended the first birthday banquet of the organization. He recalled that the first to receive electric service from the Cooperative after its founding was the Walter Damron family.

Mr. Tate announced that approval had just been received from Washington REA headquarters of the site proposed for the Cooperative headquarters building that is to be built here. The building will cost about \$70,000, and will be erected on last of the postoffice.

Mr. Branscum auctioned the big birthday cake, which was bought by Blair Adams for \$16, the money to be used by the Guild for worthy church causes. Mr. Branscum, before blowing out the candles, expressed the wish that the Bailey County Electric Cooperative should be the first Texas cooperative to repay their REA loan.

Accompanied by her teacher, Mrs. C. W. Grandy, Dixie Lee Jennings sang three numbers to the delight of the assembly. At the close of the meeting Mr. Branscum gave a thirty minute picture show with short subjects on Texas Atomic Power, and a short on rodeo held in Muleshoe this summer.

LEGAL FORMS, Notes, Bill of Sale, etc. at The Journal.

BLOWING OUT THE CANDLES
Willis Branscum, president of the Bailey County Electric Cooperative, is shown exerting a mighty puff to blow out the ten candles atop the birthday cake at the annual anniversary party of the organization held in Fellowship Hall Friday night. Mr. Branscum first wished that the local Cooperative would be the first in Texas to repay their REA loan.

He Gets The Cake
Blair Adams, a representative of the General Electric Company is shown standing in front of the big birthday cake, for which Guild, which served the banquet.

LEAN YEARS MAY COME AGAIN IS WARNING

Although the "dust bowl" years of the early 1930's are faint recollections to many West Texans, a Texas Technological college scientist warned today that lean years might return to many Great Plains farms unless progressive agricultural methods are adopted at once.

Dr. A. W. Young, head of the plant industry department at Tech, said he has noted visible evidence of neglect in recent months which has led to wind erosion. Constant vigilance, it seems, is the price of good crops and better soil.

Solving the wind and water erosion problem is not a local matter, Dr. Young pointed out. It is a challenge facing agriculture from

Texas through the Dakotas. But in West Texas sweeping winds act as a constant reminder to scientists that every means available must be used to preserve the fertility of the soil.

One solution has appeared in the form of proper management of crop residues. Dr. Young says that every piece of crop residue left on the surface of the soil serves as a natural wind-break or dam.

"Each piece of stubble left on a field helps to stimulate water penetration of the soil, and organic matter which decomposes in the field acts as a binding agent which holds soil particles together in spite of strong winds," he said.

Soil tests at Tech indicate that once native sods are broken for cultivation, as much as 50 percent of the organic matter may disappear in two years. Removal or plowing under of crop residues furthers wind and water erosion and organic losses. As long as crop residues are left on the surface to disintegrate, conservation of soil and water are aided.

This brings up an important question. Can crop residue, if properly managed, eliminate the dust storm menace?

"No," Dr. Young admits, "it can't. Science accepts the theory that the Plains had dust storms long before man ever touched the soil with a plow. But it isn't a hopeless case, and the proper use of crop residues can prevent those 'black dusts' which drew hundreds of tons of top soil off of our best farm land."

One of the best ways to conserve moisture in the soil is to leave residues on the surface as a barricade against runoff water, thereby permitting more water to penetrate the soil. Moist soils will produce a vegetable cover which can prevent wind erosion. The crop residues are returned to the soil as organic matter in the cyclical process.

"Right now, it's simply a matter of convincing the farmer that he should leave crop residues on the surface and use a chisel-type plow with sweeps which will work the soil underneath the residue without turning it under," Dr. Young said. "The effect—in greater fertility and decreased erosion—will become apparent right away."

BABSON DISCUSSES Pensions

NEW YORK CITY, Nov. 11.—I am in New York checking up with the large corporations regarding the settlement between the steel companies and Mr. Murray. They all seem to be disappointed. They feel that this is a real victory for labor, although the steel companies are a little better off than if they had accepted the Fact Finding Report as submitted by the President's Board. They also are disappointed that President Truman and the labor leaders "detoured" the Taft-Hartley Bill which really was designed for just such purposes. In the Congressional campaign next year this settlement will be used as an argument that the Taft-Hartley Bill is unnecessary.

An Important Precedent
Although these corporations officials with whom I talked are disappointed, they admit that a precedent has been set which may force a great many other corporations to adopt a more or less similar pension system. They state that there are three reasons why the steel companies were handicapped in their negotiations. One reason is because so many of the top officers themselves have pensions. A second reason is because the public, although opposed, at the present time, to more wage raises, are sympathetic with the pension idea. A third factor in the situation is that the Ford Motor Company has accepted a non-contributory pension system.

As Henry Ford was the first to guarantee \$5 a day, they feel that the Ford Company is again beating the gun. On the other hand, it should be remembered that all of the common stock of the Ford Motor Company is now in a charitable trust, and hence, these Ford pensions do not cost the Ford family anything! If all of the steel companies unite in a similar program, the cost could be passed on to the users of steel and may not cost the steel companies stockholders anything. This, of course, is an insane method of accounting. It is a good deal like a man loaning money to his wife and accepting a note for it and thinking it does not cost him anything!

Clouds Have Silver Linings
Whatever happens to stockholders of large corporations forced to grant liberal pension systems, this new program should be a great help to Florida, California, Arizona, New Mexico, Texas and other states with an attractive winter climate. Certainly, these re-

tired people will not stick around home, shoveling snow, when they can be healthier, happier and live cheaper in a southern climate. They will get into their little car and beat it for the South at least for the winter months.

Many of these retired men and wives, whose families have grown up and moved away, will permanently change their residence to Florida, California or one of these other states. In the case of Florida, these people can buy a house for about \$5,000 which is exempt from all local taxes provided they make Florida their home. There also are other advantages in moving to one of the above states. As a result, this new pension may postpone a decline in real estate prices in these southern states which have already had more or less of a real estate boom.

Real Estate Outlook
For some months real estate sales have been slowing up in most Northern cities. This especially applies to the higher priced and larger houses. Unemployment is forcing families to double up which is throwing houses on the market. The great increase in divorces is also a definite factor in the real estate situation. If the new pension craze is to be a boon for Southern communities, it should be bearish on Northern communities where these people are now located as they will want to sell their present Northern homes.

Due to the fact that the cream is off of the real estate business in many sections, the cost of new building has declined somewhat. It is certainly true that you can build a better house for the same money now than was the case a year or two ago when contractors were so independent and unreliable. My present advice on new building is as follows: If you have been waiting for a home, the time has come when you might seriously consider building for your own occupancy. The time, however, has not yet come to build a house or business property to rent to someone else. There are much better investments today than houses or stores.

A man was trying to sell a horse which was broken-winded, but sleek. The owner trotted it around for inspection and remarked "Hasn't he a lovely coat?"

The prospective buyer looked at the heaving flanks of the animal, and replied: "Yes, his coat's all right; but I don't like his pants."

Uncle Sam Says

City dwellers may complain of the hot days but farmers realize how necessary sunshine is to their growing crops. They know full well that without sunshine there will be no food—just as they know that without financial security they have no protection for retirement or for the hazards of farming. This fall, when the crops are all in, they will welcome the opportunity to invest a lot of their profit in additional Savings Bonds. With those Bonds they are confident about the future—for security in old age or for any emergency, \$75 in Savings Bonds grows into \$100 in ten years time.

U.S. Treasury Department

Bystander: "You deserve a medal for your bravery in saving your little friend who fell through the ice. What promoted you to take such a risk?"

Young hero: He had on my skates.

A friend once wrote Mark Twain a letter stating that he was in very bad health, and concluding: "Is there anything worse than having toothache and earache at the same time?"

The humorist wrote back, "Yes, rheumatism and Saint Vitus' dance."

the meal, says Miss Mason.

Other members of the family can help prepare and arrange the table decorations; see that the silver is in order and can bring the canned goods from the pantry or cellar. For after all, says Miss Mason, the Thanksgiving dinner should be a family affair.

Miss Mason says the turkey may be roasted with or without a stuffing. The skin should be well greased to hold the moisture in and the grease can be applied with a folded cloth dipped in melted fat. She says to place the bird breast down on a rack in a shallow open pan; cover with the cloth moistened with fat and be sure the sides and top of the turkey are well covered. No basting is necessary and it is now ready for roasting.

An eight to ten pound turkey should be cooked for about three and one-half hours in an oven at not more than 325 degrees. Larger birds require longer cooking time, and 30 minutes per pounds is the generally recommended cooking time for the larger birds. If low heat is used, says Miss Mason, there is less shrinkage, the drippings are not burned. The drippings are needed for making the giblet gravy.

Now with a minimum of effort,

and if advanced preparations have been made, on Thanksgiving morning the dinner can be ready on time and mother can come out of the kitchen and enjoy the day with the family and friends.

"The Curriculum" Discussed At PTA

Muleshoe P. T. A. had for their speaker last meeting night, Nov. 7, Joe West, of Wayland College. Miss Hammond and Miss Burk came with him and gave a lovely solo, "Beautiful Garden".

"The Curriculum" for his subject, Mr. West singled out the great need for moral training of the youth, and pointed out opportunities through the curriculum. Quoting a friend, he said, "The politician thinks of the next election, but the statesman thinks of the next generation."

The treasurer, Mrs. John Watson, reported a total of \$2,260.21 on deposit after the \$204 expense of the Carnival and the room prizes were deducted.

Mrs. Dave Aylesworth, chairman

Appreciation Day Is Saturday

of the book buying committee reported that the grade school library books had been ordered, and that they were selected from lists of requests furnished by the grade school teachers themselves. Mr. Davis took the room prize again for having present the largest number of representatives.

EXPRESSION RECITAL ON CALENDAR MONDAY NIGHT
Mrs. Clinton Bristow will present her expression pupils in recital at Fellowship Hall Monday evening, November 21, at 8 o'clock. The public is invited.

HOLTS VISIT HERE
Gale Holt and family, of Durango, Colo., are here to visit her mother, Mrs. J. B. Burkhead and other relatives and friends.

VISITED IN LITTLEFIELD
Mrs. Jeff Peeler and children visited her parents in Littlefield last Thursday evening while Mr. Peeler attended the Boy Scout meeting held there.

TO OKLAHOMA CITY
Mr. and Mrs. Robert Precure left Monday for Oklahoma City to spend several days.

COTTON CHIPMUNK

When the high-fashion designers went looking for something new this fall, they turned to the animal kingdom for inspiration. The result—this striking cotton velveteen print patterned like a chipmunk's skin. Mr. Chipmunk would be surprised to see how fashionable he's become in this glamorous cotton ensemble designed by Margaret Newman.

Mrs. Eppie Barrier Will Talk To Sorority Group

Epsilon Chi chapter of the Epsilon Sigma Alpha national sorority met last Wednesday night in the Ross Glaze home with Mrs. Bettie Glaze as hostess.

The program was a round table discussion on Personality under the direction of Mrs. Karl L. Lovelady.

Several members of the sorority plan to attend the District Convention to be held at Plainview on November 20. It is to be an all day meeting with luncheon at noon at the Hilton hotel.

Mrs. Noel Woodley has accepted the sponsorship of the group, her title being Educational Director. There were two visitors present for the meeting Miss Ellen Goodson and Mrs. Howard Elliott.

Members present were Mesdames: Milton Forbes, Bob Gregory, R. E. Herrington, Karl L. Lovelady, Kenneth Precure, Misses Ann Horsley and Billie Jones and the hostess.

The next meeting will be in the home of Mrs. Bob Gregory November 23. The program will be on Cosmetics with Mrs. Eppie Barrier of the Beauty Aire Salon, of Lubbock giving the talk and demonstration.

Study Club Studies Negro Education

Muleshoe Study Club met last Thursday night in the home of Mrs. H. D. King with Mrs. Pat R. Bobo as co-hostess.

The program was on "Negro Education" with Mrs. H. S. Sanders Jr. speaking on "Tuskegee College" and Mrs. Bobo speaking on "George Washington Carver". Roll

SINGER—Pictured above is Don Edwin Lewis, 12 year old son of Mr. and Mrs. Henry Lewis of Prisma, at the microphone of KFDA, Amarillo, where he will be the featured soloist on the Co-op Round-Up program over that station on Saturday, November 19, from 8 to 9 a. m. Pictured with Don Edwin is his accompanist and teacher, Mrs. Roy V. Miller, seated at the piano.

Enochs H. D. Club Met November 11

The Enoch's home demonstration club met at the home of Mrs. O. H. Grusendorf's November 10th, with eleven members and one visitor, Mrs. Albert Grusendorf of Morton present.

A refreshment plate was served. The club voted not to participate at the bazaar. The club will have a Christmas party at the home of Mrs. Lenard on December 20th.

Club Reporter, Mrs. O. D. Grusendorf

ATTEND FUNERAL SERVICE

Attending funeral services in Brownfield Saturday for Mrs. Henry Holmes were Mr. and Mrs. R. G. Horsley, Ann and Joe Bob; Mrs. W. Winn; Mr. and Mrs. Doug Horsley and R. A. Bradley. Mrs. Holmes was a sister-in-law of Mrs. Horsley.

Call was answered with "Does the Southern Negro Have a Fair Chance for an Education".

Members present were Mesdames: Marion F. Green, E. R. Hart, John Watson, Buck Wood, Charles Lenau, Julian Lenau, A. J. Lenderson, Buck Ragsdale, H. E. Sanders Jr. and the hostesses.

The next meeting will be November 24 in the home of Mrs. Marion F. Green with Mrs. E. R. Hart as co-hostess.

The program will be on "Beauty Spots" with Mrs. A. E. Lewis and Mrs. Irvin St. Clair in charge of the program.

Mrs. D. Anderson Host To Guild

Hosting the Wesleyan Service Guild Monday night in the home of Mrs. Finley Pierson was Mrs. David Anderson.

The meeting opened with the song "There's a Great Day Coming" followed by a prayer. The devotional was given by Mrs. Francis Gilbreath and was on Thanksgiving.

Mrs. Curtis Spivey gave the program "The Story of a Catholic Girl, Catalina".

A report was given on the REA banquet served by the WSCS and the Guild.

Visitors present were Mrs. Finley Pierson and Davey Jean Anderson. Members present were Mesdames: Ila Mae Lawler, who is a new member, T. G. Craft, W. Q. Casey, Curtis Spivey, Fred Johnson, Jack Butts, A. S. Stovall, Francis Gilbreath, Homer Sanders, Jr., Miss Elizabeth Harden and the hostess.

The next meeting will be with Mrs. Jim Burkhead on Monday November 28.

Muleshoe Club Met In Stallings Home

The Muleshoe Home Demonstration Club met in the home of Mrs. Jack Stallings Thursday, November 10.

Plans for the club bazaar were discussed. The date for the bazaar is December 3.

Mrs. Dave Aylesworth invited club members and their families to a Thanksgiving supper Friday, November 18. The time is 7:30.

A Stanley party will be held with the next club meeting which is to be Tuesday, November 22. The place will be decided on later. Members will be notified.

Refreshments of pumpkin pie, whipped cream and coffee were served to the following members: Mesdames Awtry, Carney, Boydston, Aylesworth, Day, Morrison, Caldwell, Jeffcoat and the hostess.

Mrs. M. Shankles Hosts Progress HD

Convenience of furniture arrangement was stressed during the round table discussion led by Mrs. Leila Mardis Tuesday afternoon when the Progress Home Demonstration Club met in the home of Mrs. Myrian Shankles.

Preceding the discussion, roll call was answered by describing some furniture refinishing the members had done. After routine business, the members guessed at the amount under the patches on

THE MULESHOE JOURNAL, Thursday, November 17, 1949

Mrs. Allison Host To Winsome Class

The Winsome Sunday School Class met Monday evening November 14, at 8:00 in the home of Mrs. Gerald Allison with Mrs. Lee R. Pool as co-hostess.

The meeting was called to order by the president, Mrs. A. P. Lambert and the business program was opened by a prayer by Mrs. Leila Barron. The minutes of the last meeting were read by Mrs. Ed White and a Christmas program was planned.

A beautiful devotional on "Thanksgiving" was given by Mrs. Mildred Redwine.

Games were played and refreshments of delicious pumpkin pie and coffee were served to the following members: Beth White, Leila Barron, Ann Mae Garner, Wilma Gilbreath, Anne Lucy McAdams, Phyllis Beavers, Faye Lambert, Mildred Redwine,

Helen Lee, Dorothy Barron, Jewel Pool, Christine Morgan, Billy Joan Smith, Lee Lewis, Troy Perkins, Clara Collins, and the hostess.

The apron. Guessing closest to the \$7.22 it had, Mrs. Bratcher won the apron.

Members are reminded that December 3, is the date all clubs will have their Bazaar.

The Christmas Party will be Tuesday, the 13th—2:30 p. m. in the home of Mrs. Leila Gully.

Each member is to bring their Pollyanna gift and also an extra gift to be numbered for drawing.

A Thanksgiving game was led by Mrs. Bratcher after which delicious cake with coffee and cocoa was served by the hostess to Mesdames W. C. Carver, guest; and members Leila Mardis, Fern Davis, Faye McCain, Ada Murrain, Lucille Gross, Leticia Bratcher and Marie Maltby.

BIRTHDAY HONOREE

Clyde McMahan was honored with a birthday party Monday afternoon in the home of his parents Mr. and Mrs. C. McMahan of Progress.

Games were played and refreshments of cake and pop was served to the following: Homer Lee Redwine, Nelda Otte, Julie and Johnny James, Leander Sinis, Jr., Wayne Johnson, Juanelle, Lewis and Linda Wimberly, Leon and the honoree, Clyde.

Style Show and Leather Display Held Saturday

The Bailey County combined style show and display of leather articles was held in Fellowship Hall Saturday afternoon, November 12. Some 50 persons attended the judging and modeling of the 20 well made garments as well as taking part in the program.

Judges were: Mrs. Wanda Newson, Homemaking Teacher of Muleshoe; Mrs. Ross Stuard, Homemaking Teacher of Lazbuddy; Miss Dudley Hambricht, County Home Demonstration Agent of Lamb County; Mrs. Viola Dutton registered the guests as they entered.

With Mrs. Dave Aylesworth as M. C. and Rufus Aylesworth at the piano, the whole group was soon entering into the afternoon activity. While the judges scored the garments as to construction there was group singing, piano solos, games and other activity.

Mrs. S. C. Caldwell presented the Tater Family. She displayed picture cards of each family member as she discussed his or her activity in the home and in the community.

Girls who won the county 4-H Dress Revue pins in the 1949 contest were Doris Jean Copley and Ruby Jane Carney. These girls had their pins presented to them by their mothers.

Barbara Ann Bowers, Better Methods Electric contest winner in the county and second place winner in the district received a gold pin, \$45.00 in cash and a framed certificate presented by Mr. Jeff Peeler, Southwestern Public Service. The Southwestern Public Service Company was one of the state sponsors of the Better Methods Electric contest. Mr. Earl Lewis, Agriculture Engineer with this company took pictures of the presentation of these awards and of the style show.

The winners were as follows:
Adult Division

Mrs. hibly Program Will Be By Speech II. Sore

By the Speech II class to the student body a one act comedy entitled "Listening." participating in the play Mary Jo White, Richard E. Simon, Jimmy Thomas, Kathryn Tynd, Joyce Blackburn and Bill the PR. Betty comedy was the first as program of its type so year and was really enjoyed by all. Other assemblies for the year have been planned up until mid-November. The next program will be the band on December 16. Why don't you ever take your wife out in the car? It's all I can do to manage at a time.

Band Has A Busy Day Friday

Undoubtedly you noticed all band members clad in uniforms Friday. Seems they were in for a busy day. At 10:30 a. m. they took part in an Armistice Day program with the American Legion. Then they hurried back mopping the dust out of their eyes in time to play for the pep rally at 11:30 a. m. By 2:00 p. m. they were back again and ready for the football festivities. LAZBUDDY P-TA SAYS: If you haven't had anything to laugh about, or at, lately, come out to "The Womanless Wedding" which will be in the Lazbuddy School Auditorium Monday, November 28, at 7:30 p. m. Don't you dare miss this.

NO BLUES HERE!

Rainy days hold no blues for this little miss! She is all decked out for her trip to school in a cotton rain outfit that laughs at showers. Her pretty raincoat and hood are made of Reeves Byrd cloth, the National Cotton Council reports.

CITATION BY PUBLICATION

The State Of Texas TO: C. C. Breedlove GREETING: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 1st day of January, A. D., 1950, at or before 10 o'clock A. M., before the Honorable District Court of Bailey County, at the Court House in Muleshoe, Texas.

Said Plaintiff's petition was filed on the 14th day of November, 1949. The file number of said suit being No. 1631. The names of the parties in said suit are: Lois Breedlove as Plaintiff, and C. C. Breedlove as Defendant.

The nature of said suit being substantially as follows, to-wit: Plaintiff alleges that she was married to defendant on the 28th day of May, 1920, and lived with him until the 15th day of February, 1944, the date defendant, without any provocation or cause whatever, voluntarily left and abandoned this petitioner, with the intention of finally separating and living apart from her, and has continued to live apart from her up until the date of filing this petition, though often requested by petitioner to return to her and live with her as her husband. Such abandonment has endured for over three years. During the marriage of plaintiff and defendant three children, all over 16 years of age, were born to them, nor have they at any time adopted any children. Plaintiff and defendant own no community property. Plaintiff prays judgement for divorce, and for such other and further relief to which she may be entitled.

Issued this 14th day of November, 1949. Given under my hand and seal of said Court, at office in Muleshoe, Texas, this 14th day of November A. D., 1949.

M. G. Bass Clerk District Court, Bailey County, Texas. (SEAL) 47-4tc.

TO FARWELL SUNDAY Mr. and Mrs. L. J. Cochran went to Farwell Sunday to spend the day with Mrs. Cochran's sister and family, Mr. and Mrs. L. E. McKillip.

Teachers To Meet On Thanksgiving

AUSTIN, Nov. 12.—Nationally-known leaders in education, business and government fields will be the principal speakers at the three-day annual convention of the Texas State Teachers Association Fort Worth November 24, 25, 26.

An estimated 12,000 teachers will give up their Thanksgiving holiday to attend the general sessions and numerous special meetings, Charles H. Tennyson, public relations director of the association, said Saturday.

In addition to the general sessions, teachers will have some 70 sectional meetings and 20 breakfasts, luncheons and dinners from which to choose. Every phase of education of interest to Texas instructors will be explored in these sessions.

Heading the list of educators who will address the general sessions are Dr. Andy Holt of Nashville, Tennessee, president of the National Education Association; Dr. Henry Hill, president of Peabody College, Nashville, Tenn., and Dr. L. D. Haskew, Dean of the School of Education, University of

Sudan Girl To Get Santa Fe Club Trip

Competing with outstanding 4-H Club boys and girls all over the state, three Panhandle-Plains area girls and five boys will receive next week educational awards from the Santa Fe Railway which will enable them to attend the National 4-H Club Congress in Chicago, November 27 through December 1, with all expenses paid.

Certificates of merit from Santa Fe President Fred G. Gurley and funds to cover all expenses will be presented to Jeanette Reynolds, Conlen; Catherine Foltyn, Sudan; Lois Charlene Ritchie, Post; Edwin Lee Weatherford, Texoma, Oklahoma; Leon Martin, Memphis; A. F. Pyeatt, Amarillo; Newell Hoffman, Vernon; and Brent Carruth, Pampa.

They will join others from West Texas en route to the Congress leaving Amarillo November 25 aboard the Santa Fe's Grand Car

Texas. Governor Allan Shivers, Price Daniel, Texas attorney general, and Lyndon B. Johnson, junior United States senator from Texas are among the leaders in government circles who will address the convention.

Junior Play Is Postponed

Due to the fact that such little time was given to practice and also to the fact that the new high school auditorium will be ready soon, the Junior play "Aunt Synnathy Goes To College" will be given February 17, 1950, instead of the afore mentioned date, December 8.

Winners are selected for outstanding achievements in 4-H Club projects.

Try Journal Classified Ads.— They buy, sell and trade.

The Norge Electric Range is a perfect dream for cookery... beautiful to look at, a pleasure to use.

COOKING MAGIC! You can leave home and when you return you'll find dinner's cooked to perfection.

Come in and let us tell you all about this "wonder" range.

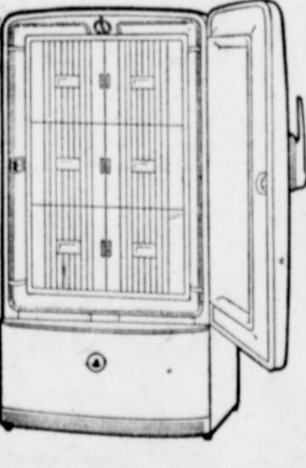

My NORGE vertical freezer keeps dozens of meals at my fingertips!

"It's amazing, really! Before you can say 'liberty gibbets', I can step to my Norge Vertical Freezer and get together the makings of a sumptuous meal, complete from soup to sherbet. My Norge can hold up to 210 pounds of assorted frozen foods in its easy-to-reach compartments... yet it takes up no more kitchen space than my refrigerator!

"Believe me, this freezer is a housewife's dream! I can serve the choicest garden-fresh fruits and vegetables and choice meats any time of the year. Our meals are more varied and appealing. I don't shop nearly as often as I used to. Most important of all, I save on food bills; when prices are lower, I can buy for the months ahead."

See the beautiful Norge Vertical Freezer today. Let us explain how it can raise your "standard of eating", and lower your food bills!

Esteron 44 Results In Wild Onion Curbs

Wild Garlic also Found Vulnerable to Solution
Wild garlic and wild onion have been two of the most troublesome weeds in southern lawns, pastures and certified grass and seed production fields.
As lawn weeds, these plants the lawn an uneven, ragged appearance and produce a very disagreeable onion odor when mowed. These plants produce milkweed off flavor which is of great concern to dairymen in several states. Production has been limited because of wild onions in fields because of potential contamination.

During the past three years many experiments have been made with various forms of 2, 4-D to control wild garlic and wild onion. Tests with sodium salt of 2, 4-D were unsuccessful. Esteron 44 and the amine liquid salt formations, however, gave good control when used at the rate of three to four pounds of 2, 4-D acid equivalent per acre. Apparently the amount of water used makes little difference in the results obtained. As many as 125 gallons per acre and a few as five gallons per acre were applied with equal success.

For pasture work, observers agree that Esteron 44 may be somewhat more effective than the amine salts, but because of the possible danger from volatility of the esters of 2, 4-D, it is suggested that the amine liquid salt be used where susceptible plants grow in immediately adjacent areas. (Lawns, for example, with adjacent flowers and shrubs).

Assen Giver

Tuesday, Frances Ainsworth presented a humorous gift to her friends. "Are You a Gift Giver?" is a book of gift discoveries that I'm sure my friends about them. Puckett, since before the war, those gifts of extra pieces of silverware are now available? That was especially good news to me. So many of my friends know my gifts of extra pieces of silverware are now available? That was especially good news to me.

packages of silverplate are magnificent—something new in handsome walnut-finish silver-lined, that can be used as a cigarette holder, a jewel for sterling, or there are colored rings—amazing! silver-plates are wonderful gift combinations. I chose a snack set, a spreader and a hollow cheese server . . . for an afternoon tea set, a set, snack set and Smorgas-buffet.

The patterns are simply lovely, these gift sets are priced so expensively that they're within the budget of everyone this Christmas. I was amazed to discover that I could buy such wonderful gifts, sterling and silver-plate for less than ten dollars. And I'm sure you'll agree when you see these handsome sets, that they are the perfect answer to your Christmas gift problems!

WCS MET IN HANEY HOME

WCS of the First Methodist Church met in the home of Mrs. I. W. Haney Tuesday afternoon. Mrs. C. M. West brought the devotional.

Mrs. David Anderson, a guest, brought the last two chapters of the study "Japan Begins Again".

Members present were: Mesdames C. G. Jennings, Beulah Carles, C. R. Farrell, L. F. Williams, W. D. Moore, C. C. Mardis, C. M. West, Finley Pierson, H. C. Holt, Roy Bayless, two visitors Mrs. David Anderson and Davy Jean and the hostess.

Three Way WMS And TEL Class Met

The Three Way W.M.S. met in a regular business meeting November 7, at 2:30 in the home of Mrs. Gaddy.

The meeting was opened by all singing "Nail Scarred Hand," led by Mrs. Holtzclaw.

Mrs. Brinker brought the devotional.

Each program chairman quoted a scripture before giving her report.

Mrs. Ellis, secretary, read the minutes which were approved as read.

Motions made and carried were: The WMS pay expense on year books. The president, Mrs. Gaddy, appoint a committee to work out plans to have R. A. and G. A. on Wednesday night prior to prayer meeting. Mrs. Holtzclaw act as chairman for making year books of Royal Service Programs.

Closing prayer was given by Mrs. Edwin Neutzler.

Present for the meeting were: Mesdames M. D. Gaddy, Carroll Holtzclaw, Edna Humphrey, Albert Ellis, J. C. Hamlin, Amos Sedquick, A. J. Neutzler, Andrew W. Wittner, Edwin Neutzler and D. P. Brinker.

T. E. L. CLASS MET

The T. E. L. class met at the church in a regular meeting November 8.

The meeting was called to order by Mrs. Sedquick.

The devotional was brought by Mrs. Humphrey, Phil 3:12, 14.

A prayer was rendered by Mrs. Hamlin.

Minutes were read and approved as they were read.

Motions made and carried were: That we accept Mrs. Carroll Forts resignation as class secretary and Mrs. Ellis was elected by acclamation.

Resignation funds to complete payment on the chairs for our classroom. That our next object would be to secure venetian blinds for the classroom.

Those present were: Mesdames Holtzclaw, Sedquick, Humphrey, Hamlin, Ellis, S. D. Key, and Andrew Winter. After the class meeting the members went to the home of Mrs. Fulton to participate in a pink and blue shower for Mrs. Christine Basham.

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN — One of the outstanding furniture fashion trends at the recent furniture market here in Grand Rapids was the Chinese influence in new furniture designs. The illustrated double chest and lounge chair are excellent examples of this new influence. Part of a Chinese Contemporary Group from the Oakmasters Modern line of the Grand Rapids Bookcase & Chair Co., both pieces may be used in living room, as well as bedroom . . . and the chest is appropriate for dining room as well. Chinese scroll feet and oriental design of the furniture on the chest are typically Chinese. Simple, dignified lines of the lounge chair . . . the Chinese motif in the Canton chenille of the upholstery fabric — all carry out this new influence, which is rapidly becoming popular for both traditional and modern homes.

TWO NEW HOUSES

Charles Lenuu is beginning the construction of two new two bedroom houses in Lenuu addition. They are on the paved street, across from the Hornbrook home which is rapidly nearing completion.

Wife: "Why don't you put the cat out as I told you?"

Absent-minded Professor: "I put something out. Heaven's, it must have been the baby."

STORES TO CLOSE HERE ON THANKSGIVING DAY

Business will come to a virtual standstill in Muleshoe next Thursday as the people join the rest of the nation in observance of Thanksgiving Day. The bank, post office, courthouse, city hall, and most all stores will be closed for the day.

Welcome Home Party Honors Mr. And Mrs. Mitchell

Mr. and Mrs. Bob Mitchell entertained a host of friends and relatives Sunday with a dinner given in honor of Mr. and Mrs. Bill Mitchell's anniversary and their welcome home. Bill recently was discharged from the Army at Camp Stoneham. Bill and Peggy plan to make their home in Muleshoe and want their old friends to visit them.

Those present for the dinner Sunday were: Mr. and Mrs. E. D. Mitchell, Mr. and Mrs. D. E. McCarty and Mack, Mr. and Mrs. Joe Mitchell and Glenda all of Sudan; Mrs. Claudie Tidwell and Regnol, Mrs. Charles Danklef and Steve, Mrs. Lena Bell and Robert and Judy all of Clovis, N. M.; Mr. Harrison of Paris.

Guests from Muleshoe were: Mr. and Mrs. Bill Mitchell, Mrs. Nora McCarty, Mrs. Robert Harrison and Janis Waylon Harris; Misses Janie Thomas, Jeannette Sterling, Carolyn Wood, Francis Sneed, Virginia Wood, Bonnie Francis Mitchell, Doris Mitchell, James and Eddie Mitchell and Orvadie Magby.

Social Club Has First Anniversary

The Pleasant Valley Social Club met Wednesday November 9, at the Pleasant Valley school house for an all day meeting in celebration of the club's first anniversary.

Mrs. J. E. Dulin gave a report on the club's work for the year. At noon a lovely luncheon was enjoyed.

At 2:30, the meeting was called to order, with Mrs. E. K. Angeley acting as chairman in the absence of the president, Mrs. Jack Epps. Roll call was answered with each member giving their favorite verse of scripture.

After the business meeting, gifts were exchanged and a scrapbook for the club was discussed. A lovely time was had by all members present.

Present for the meeting were: Mesdames Floyd Andreas, A. J. Moffitt, Seaborn Moore, B. H. Bickel, J. E. Dulin, Oscar Allison, E. K. Angeley, R. L. Roubinek and Herman Haberer and Grace Lavigne who was a visitor from Okanogan, Washington.

The next meeting will be the fifth Wednesday in November at the Pleasant Valley school house with Mrs. A. J. Moffitt as hostess. There will be an election of new officers held that day.

BAKE SALE
The Womens Missionary Council of the Assembly of God Church will hold a bake sale at the Cashway Grocery all day Saturday, November 19.

DISTRICT 4-A CHANGES ANNOUNCED; NO SPLIT DISTRICT IN 1950

MULESHOE JOURNAL

SPORTS

THE MULESHOE JOURNAL, Thursday, November 17, 1949

Morton Indians Went On War Path Friday, Scalped Yellow Jackets 31-0

After battling to a 0-0 tie in the first half here last Friday afternoon, the Morton Indians went on the war path in the second half and scalped the Yellow Jackets 31 to 0.

Don Baldwin scored two TD's in the third period with Burns converting for the extra point after the second TD.

Burns then heaved a pass to Weydelle Hill for the third TD. Roy Smith then snagged a pass from Burns for the fourth TD and then Clifford Wall was hit by another pass by Burns for their final score to chalk up a victory over the Jackets 31 to 0.

This was sweet revenge for the Morton Indians as the Yellow Jackets had defeated the Indian eleven last year on the same date at Morton by approximately the same score.

This game ended the regular 1949 season for both the elevens which left them tied for the cellar position in the district race this year with Sundown.

The Littlefield Wildcats came through with a decisive victory over the Levelland Lobos to win the district 4-A title and will meet the south half winner, Slaton Friday in Jones Stadium at Lubbock for the championship.

Lose Thirteen Squads
The Yellow Jackets will lose thirteen squadmen from this year's team. They are:

R. E. Bryant, Bill Collins, Joe Cummings, Phillip Garrett, Bill Green, Bobby Goss, J. R. Henry, Ted Lawler, Rob Martin, Charles Roark, Howard Tate, Charles Taylor, and Bill Thomson.

DISTRICT 4-A SEASON STANDINGS
Littlefield ... 8 1 0 1,000
Sudan ... 5 4 0 800
Levelland ... 5 4 0 800
Muleshoe ... 4 5 0 200
Morton ... 4 5 0 200
Sundown ... 3 6 0 200

(Percentages are in conference standings. Muleshoe, Morton, and Sundown each won a single game against conference competition.)

DISTRICT 4-AS
In the south half of district 4-A the power is Slaton, which last week defeated Post 7 to 6. Post is in second place, then follows O'Donnell, Seagraves, and Tahoka. Ironically, Muleshoe early in the season defeated Slaton by a decisive 26 to 0 score. Muleshoe also defeated Seagraves.

B CLASS FOOTBALL
Olton is the power in District 3-B, with 9 district wins and no losses. Dimmitt is in second place, Springlake third and other teams lined up at the end as follows: Hale Center, Farwell, Friona, Anton, Amherst, Spade, and Whitarral.

Cagers Swamp Threeway Teams

Playing a good, fast heads-up ball game, both the Muleshoe A and B girls' basketball squads won over the Three Way teams last week.

In the A game, Kay Malone stole the show, racking up 27 points. The feature of this game was the fine pass work of her teammates. Delores Locker scored 22-points while Wanda Kimbrough hit the hoop for 9-points and Billie Faye Graves made 4-points.

For the Three Way team Peggy Sowder scored 16-points with Wynonne Tyson leading her teammates with 18-points to her credit. The starting lineup for Muleshoe were:

Janice Jordan, Leatrice Martin and Billie Faye Graves, guards; Delores Locker, Kay Malone and Wanda Kimbrough, forwards.

The A team won by a score of 62 to 34.

The B team racked up a 27-20 victory over their opponents with Beverly Casey and Emily Jarnigan tying for high point honors with 8-points each.

The B team starters were: Sammy Carroll, Emily Jarnigan, and Beverly Casey, forwards; Gay Sanders, Donna Kimbrough and Jerie White, guards.

Sudan And Sundown Are Out Brownfield Is In New Set-up

League Proposes 19 Year Limit

AUSTIN, Nov. 15—Interscholastic League member schools throughout Texas may be given a chance to vote on a 19-year age limit for athletic competition and a change in the semester rule, if a League legislative advisory council recommendation is approved by the League's executive committee.

Other recommendations under consideration are limitations on member schools' basketball games, prohibiting college tryouts for high school athletes and increasing League membership fee.

MHS Loses 13 Football Players

As the football season comes to a rollicking close we wish to recognize the seniors who played their last game under the colors of black and white. Let it be said of them although they had only a mediocre season, they gave it all they had.

They are: R. E. Bryant, Bill Collins, Joe Cummings, Phil Garrett, Bill Green, Bobby Goss, J. R. Henry, Ted Lawler, Rob Martin, Charles Roark, Howard Tate, Charles Taylor, Bill Thomson and Gene Harvey, team manager.

A new district 4-A has just been announced by the Interscholastic League in Austin and according to the news release the district will not be divided.

Teams that will comprise the new district 4-A are: O'Donnell, Tahoka, Post, Slaton, Brownfield, Levelland, Littlefield, Morton and Muleshoe.

Brownfield will move back into class A classification due to the fact that they do not have enough scholastics to stay in class AA competition. Sudan and Sundown will move into class B competition since their scholastics are not enough to keep them in class A.

This change in the district set-up puts nine schools in district 4-A which means that each school will have only one off football game a year unless a school chooses to play a complete 10 game schedule which isn't very likely.

With only one off-game it is likely that the Muleshoe eleven will do their best to schedule a game with Sudan for this occasion. However it will depend on how the schedules of the two teams work out and if a game cannot be arranged, it will be the first time in many years that these two teams have failed to play each other.

A great rivalry has been built between these two schools in the past and it is a shame to have it broken although it has been several years since a Muleshoe football team has defeated a Sudan

RETURN TO MULESHOE

Mr. and Mrs. S. C. Beavers have returned to Muleshoe after spending some time in Mineral Wells taking the baths.

WITH HALE BARBER SHOP

Jack E. Brown, formerly of Dumas, is now with the Mack Hale Barber Shop, Mr. Hale announces.

VISITED IN OKLAHOMA

Theron West and children Sharon and Gene, attended a birthday celebration for his father, Elder J. F. West, in Purcell, Oklahoma, last week.

AL JENNINGS ENROLLED AT WEST TEXAS STATE

CANYON, Nov. 5.—Al Jennings, freshman from Muleshoe, is included in the record enrollment of 2004 students attending school at West Texas State College.

For the second straight year all enrollment records of the college

were broken as 1336 students enrolled for full time work on the campus in Canyon and 688 signed up for classes at Amarillo Center of the college.

1950 FORD

IT'S HERE FRIDAY AND 50 WAYS NEW!

White sidewall tires available at extra cost.

WITH THE EXCLUSIVE NEW 100 H.P. FORD

ITS QUIET WHISPERS QUALITY

It's the quiet of new super-fitted pistons, new "hushed" timing gear, new fan designed for better cooling at slower quieter speeds. And what power! There's a full 100 horsepower wrapped up in this V-8 design that makes you master of any road. It delivers more power than any other car anywhere near Ford's low price and sells for less than most conventional "sixes." And Ford offers a Six, too—an advanced Six with 95 horsepower.

NEW SOUND CONDITIONING

New "sound conditioning" in floor, doors and body panels insulates Ford's "LifeGuard" Body against road noises. More extensive body insulation and sealing in 41 areas give additional interior quietness and protection.

NEW "HUSHED" RIDE

Ford's famous "Mid Ship" Ride is now so quiet you can talk in whispers while traveling at highway speeds. So smooth (with its great team of "Hydra-Coil" and "Para-Flax" Springs) that it virtually erases every bump.

NEW QUALITY FEATURES

New quality is easy to find in this 50-way new Ford. You find it in the new push-button door handles, in the new rotary door latch that needs only a feather touch to open, yet closes so securely. You find it in new sparkling upholstery colors.

NEW DRIVING COMFORT

Not only does the 1950 Ford offer you more hip and shoulder room than any other car in its field—it offers you the long-lived driving comfort of a new foam rubber front seat cushion over new non-sag seat springs. Arrive relaxed after hours of riding.

But see it for yourself. Drive it so you can feel and hear the difference. And price it and see how much less it costs than any other really fine car.

There's a Ford in your future...with a future built in

SEE THE ONE FINE CAR IN THE LOW-PRICE FIELD at your FORD DEALER'S

Better Methods Electrical Winner

BARBARA ANN BOWERS

Barbara Ann Bowers of the Muleshoe Girls' 4-H Club was county winner and second place district winner in the Better Methods Electric Contest held by the Texas A. & M. extension service. Sponsor for this electric contest is the South Plains Electric Southwestern Public Service Company under the direction of Mr. Earl Lewis, Agricultural Engineer. The object of this contest was to learn to do some task by a better method. Barbara Ann selected sewing as her problem and went to work to improve her methods of sewing. At the time she started this work she was using an old treadle type machine and the sewing equipment had no special place for storage. Soon the treadle type machine was replaced by an electric one and a cabinet built to hold small sewing tools. Barbara Ann learned shortcuts in pattern alteration, cutting and the construction of garments which saved time, energy and even money for other things.

This is Barbara Ann's fourth year in 4-H Club work. She is a junior in high school. She takes an active part in school, church, and community activities and is often found after school hours working to make her spending money.

As county winner, Barbara received a gold pin, and several weeks earlier was guest at an all day program put on by Southwestern Public Service Company in Plainview. As second place district winner she received a check for \$45 and a framed certificate. Awards were made at an achievement program at Fellowship Hall Saturday, Nov. 12, by Jeff Peeler, and Earl Lewis, representing the Southwestern Public Service Co.

Moe: What's the first thing to turn green in the spring?
Flo: The gold watch you gave me for Christmas.

Library News . . .

Two new books have been recently added to the Muleshoe Library reports Mrs. E. R. Wright, Librarian.

"This I Remember" by Eleanor Roosevelt, is a story telling with frankness and charm what it is like to be the president's wife. Eleanor writes about the great events and personal experiences during the years that began with the governorship and ends with F. D. R.'s death.

"The Reader's Encyclopedia" by William Rose Benet, with 1242 pages has 18,499 articles covering American Literature, American Drama, Foreign Literature, Biblical Literature, Art and Music, Ancient Literatures, American History, World History, Geography, Current Affairs, and many many other subjects.

NEW FASHION NOTE

The newest fashion note of the season is the velvet coat. This chic follower of Dame Fashion wears one of the most outstanding examples of the cotton velvet styles. Her coat is practical as well as pretty, for it is Zelan treated to repel water.

No Farm Depression In 1950 IS Prediction Of A. & M. Economist

COLLEGE STATION, Nov. 16.—The net income of Texas farmers and ranchmen, on the average, should be good again next year, says Tyrus R. Timm, extension economist of Texas A. & M. College.

In the first place, he says, net farm income is expected to be good in terms of most previous years even if the decline expected in 1950 materializes. This will make the third straight year that farm prices have dropped from the postwar high of 1947. Net farm incomes for 1950 may be down as much as

10 to 12 percent under 1949 if yields are average.

Secondly, he continues, incomes of persons not living on farms and receiving their earnings from business profits, wages, dividends and rents may find their net incomes dropping less than those of farmers—maybe only 5 percent. The expectation that exports will hold up, that business inventories will continue in good shape, that a large volume of savings is still waiting for prices of many post-war products to drop more and the cashing-in of the insurance repayment to veterans amounting

Styling of the 1950 Ford Custom Deluxe Fordor sedan includes features which add to the performance, economy, safety, comfort and appearance of the new cars. With improved quality as the keynote, the 1950 Fords introduce a new treatment of the grille and parking lights, a colorful new crest—the first in Ford history—a new ornamental rear deck handle

and lock, new instrument knobs, new and larger horn ring, foam rubber front seats with non-sag seat springs and a complete new line of interior trim fabrics. In addition the powerful Ford V-8 and 6-cylinder engines have been improved to give Ford the quietest and smoothest running engines ever produced by the Ford Motor Company.

MOVED TO TUCSON

Mr. and Mrs. H. W. Blair and two children of Muleshoe have moved to Tucson, Ariz. to spend the winter. They had been living in Bailey county for nine years.

WEATHER WISDOM

Before wet weather cats are usually restless and rub themselves a great deal behind the ears.

One crow flying alone is a sign of foul weather. If crows fly in pairs, expect fine weather.

Rain may be expected when fish bite readily and swim near the surface.

Cloud streamers pointing upward indicate rain; when they point downward, look for dry weather.

—Santa Fe Almanac

ATTEND LUZIER'S DISTRICT MEETING

Attending a District Luzier's meeting Monday morning held in the home of Mrs. E. E. Holland were Mrs. Lois Reese, Dist. Distributor, Levelland; Mrs. M. E. Theadford, Littlefield; Mrs. T. D. Smith and Mrs. Hattie Willis both of Clovis; Mrs. Mabel Self, Portales; Mrs. Jean Moore, Mrs. Omer Kelton, and Mrs. Bernice Splawn all of Muleshoe.

Mrs. A. W. Copley and Doris Jean were visitors.

The group lunched at Gerald's Cafe after the meeting.

VISITED IN FLOYDADA

Mr. and Mrs. Carroll Goss and son Bobbie visited in Floydada, Sunday with her father W. O. Wofford, of Oklahoma City, who was visiting friends there.

to some 2.8 billions of dollars are the dominant factors in the general outlook.

A third consideration says Timm is that the level of farm profits in 1950 likely would be much lower were it not for the strong government assistance in providing dollars for foreign countries to buy our products. And to a lesser extent by supporting the prices of some farm products sold in this country. Timm points out that part of the profits at least for 1950 have a risky foundation and much depends upon the continuation of government assistance.

The cost of farming is likely to decrease less than total farm income, says Timm, and that means lower farm profits. Total farm production is expected to continue at or near record level and this means it will be between 35 and 40 percent above the pre-war level.

Profit opportunities for livestock look better than those for crops, generally speaking, says Timm. The supply-demand ratio for livestock is more favorable to the producer. Yet, prices of livestock could drop more than those of major crops since current livestock prices are considerably above parity and for cattle, as an example, presently no government support prices have been established at any level. By comparison, prices of commodities such as cotton and grain sorghums are hovering near the government support prices.

Although incomes look good again for 1950, farmers and ranchmen should not lose sight of the fact that American agriculture has never come out winner from wartime inflationary periods, says Timm. It has been the same story—after the war of 1812, Civil War, World War I and so far, after World War II—the prices paid farmers have gone down faster and lower and stayed longer than the prices for things the farmers had to buy.

CAMPUS HIT!

The college set this season has nominated the plaid cotton blouse as number one on the hit parade of adaptable fashions for campus wear. The bright plaid cotton makes an excellent teammate for solid skirts or jumpers. This smartly tailored cotton plaid blouse was designed by Clifford of del Mar, the National Cotton Council reports.

RETURN TO MULESHOE

Mr. and Mrs. Clyde Holt returned to Muleshoe Saturday afternoon after spending last week attending Grand Chapter O. E. S. at Dallas.

They visited Mrs. Holts' mother, Mrs. J. R. Ward and Mr. Ward at Clyde, Mr. Holts' cousin and daughter, Mrs. J. Hubanet, also Major and Mrs. John Wedding and children at Fort Worth, and Mrs. Holts' sister and family, Mr. and Mrs. Ferrel Little and children at Stephenville.

LAWSON THOMAS ARTIST FOR BIG ADVERTISERS

Lawson Thomas, a Muleshoe raised artist, has made good as a commercial illustrator. An example of his work is the art in the current series of HI-VI oil advertisements, one of which appears every month in The Journal. The Evans Oil Company is dealer here for HI-VI.

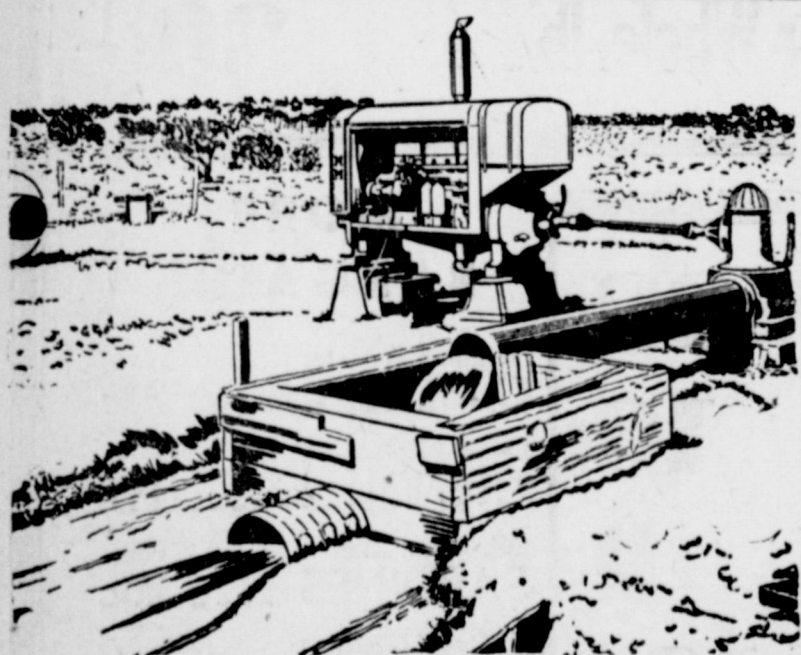

Mr. Lawson is a son of E. J. Thomas of Muleshoe. His twin sister is Mrs. Theron West and he has many other relatives in Muleshoe. Mr. Thomas lives in Enid, Oklahoma.

The teacher was trying to impress the class with the danger of bad habits. She asked: "What is it we find so easy to get into and so hard to get out of?"

"Bed," came the answer.

A pupil came forward and recited before the assembled group of mothers: "Friends, Romans, Countrymen, lend me your ears!"

"I'm sure" said one mother, "that's the Jones boy. His parents are always borrowing things."

MM HUA Power Unit with LP Gas Operating Irrigation Well Pump

FOR QUALITY AND DEPENDABLE POWER THE CHOICE IS MM POWER

The real test of quality is proved performance. Minneapolis-Moline Power Units have won this distinction for quality from owners themselves who were soon convinced that these units are tops in providing dependable and economical power. MM Power Units have long been associated with high quality because—

- They are made of high grade materials
- Parts are highly standardized and are precision machined by skilled craftsmen
- Advanced design features include — engineered fuel equipment for maximum efficiency and fuel economy — high turbulence combustion chambers — regulated cooling — crankcase ventilation — large-capacity full-pressure lubrication system — removable cylinder heads and blocks cast in pairs — heavy drop-forged steel crankshafts that are dynamically balanced and have large bearing surfaces — connecting rod bearings that are replaceable precision shells — camshafts that are made of wear resistant Proferal metal.

You too will agree with the owners of these MM Power Units that all these outstanding features spell QUALITY and DEPENDABLE POWER.

We invite you to see us now for complete facts on these high quality MM Power Units.

FEED BAG CLOTHES, AND CHANTICLEER CROWS

There's more than one way to dress a fowl! Feed sack fashions have put the chic in chickens, and Virginia Kirchoff of Memphis has given a real cock-o'-the-walk strut to her rooster by making him a tux complete with top hat. Virginia, too, is clad in a sack outfit. It all started, the National Cotton Council says, in a feedbag-sewing contest dreamed up by the Poultry and Egg National Board to find the ten "best-dressed" fowls in the nation. Winners will be selected in Kansas City in February with an automobile as the grand prize. Any poultry fancier may enter his chick, duck, or turkey by writing for an entry blank to the Fowl Fashion Show, Poultry and Egg National Board, 308 W. Washington St., Chicago 6, Illinois.

CARD OF THANKS
We wish to take this means of thanking all the people who were so kind to us during the illness of our baby son, Larry. Especially do we thank the Drs. and nurses, who we feel, with the help of God, saved his life. Again we say thanks and may each of you have the same wonderful friends in time of need.

IS RECOVERING NICELY

Raymond Bass and a school mate, Derrell Burrell, spent the weekend here with Raymond's parents, Mr. and Mrs. M. G. Bass. Mr. and Mrs. Bass took them back to Tech, Lubbock, where they are students, then visited with little Wanda Reynolds, being treated in a Lubbock hospital for injuries received several days before in an automobile accident, in which her parents, an older sister, and a younger brother all were killed. The little girl had regained consciousness Sunday and was believed to be recovering nicely. Mr. Reynolds, the girl's father, was a brother of Mrs. Bass.

**WORKERS CONFERENCE
TO BE WITH EARTH CHURCH**

The monthly Workers Conference of the West Plains Baptist Association will be held with the First Baptist Church of Earth tomorrow, Friday, November 18. Rev. Bruce Giles is pastor of the Earth church.
Theme of the conference will be Foreign Missions.
Lunch will be served at noon by the host church.

**ATTEND McMURRY
HOMECOMING**

Mr. and Mrs. Paul Gardner attended the McMurry Homecoming at Abilene Friday and Saturday.

CARD OF THANKS

We wish to take this means of expressing our sincere appreciation for the kindness shown during the illness and death of our husband and father. Our words cannot convey how thankful we are for the many lovely flowers and for the kind words of sympathy. May God richly bless each of you.
Mrs. Manervia Broyles,
Mrs. Ernest Bonds and family,
Edgar Broyles and family, and Owen Broyles and family.

HOME FOR WEEKEND

Mr. and Mrs. Manuel Jennings, and Mr. and Mrs. Skinny Winn were visitors in Amarillo, Monday.

IN LUBBOCK

Mrs. Theron West and Miss Cleo Walker were visitors in Lubbock, Wednesday.

VISITED IN PORTALES

Kay Lenderson spent the weekend in Portales, with Gaylan Ezell.

Armistice Day Program Given

Jerry Kirk, principal of Muleshoe high school, gave the address when an Armistice Day program was held here Friday as part of the observation of the day in Muleshoe under sponsorship of the Ben Richardson Post, American Legion. Mr. Kirk was introduced by Ray Keeling, Post commander, who presided as master of ceremonies.

Around 40 Legionnaires, led by Homer Sanders, Jr., past commander of the Post, took part in the program. They marched, with two color guards behind the Muleshoe high school band after assembling at the high school. The band played during the program.

For Legion men the day began with an early morning breakfast at the Legion home. Immediately thereafter the Legionnaires began to form for the parade at the high school. The public program was given on Main Street.

Quick Cooperation In Grain Emergency

Quick action on the part of a group of Muleshoe people made it possible for a local elevator to take care of a huge amount of grain as last week ended. Trucks have been lining up in long strings at local elevators for some days.

H. D. King, of King Grain & Seed Company thought it was just remarkable the sort of cooperation he got in the emergency. Charles Lenau agreed to lease him the ground in Lenau addition, near the elevator; Herb Potter, of the Southwestern.

The Morton-Muleshoe football game was the main attraction in the afternoon. A dance was held at the Legion home in the evening. Most local business houses, including the courthouse, post office, and city hall were closed for the day.

Public Service Company strung a couple of poles and a line to the site to supply juice to the loader motors; W. E. Young, city water and street superintendent, borrowed the county grader and leveled the ground; and finally, Tom Berry of Berry Electric Co. wired up the motors and in five hours from the time it was decided to "go to the ground" with the grain, farmers' trucks were being unloaded.

King estimated Tuesday that he had piled 60 freight car loads of mlo on the spot. "The whole incident goes to show what our townspeople will do to help each other and the people of the territory in an emergency", King said.

MULESHOE VISITORS
Mr. and Mrs. William J. (Bill) Pierson visited his parents, Mr. and Mrs. Finley Pierson and friends last Sunday.

She: "Before we were married you used to catch me in your arms."
He: "Yeah, and now I catch you in my pockets."

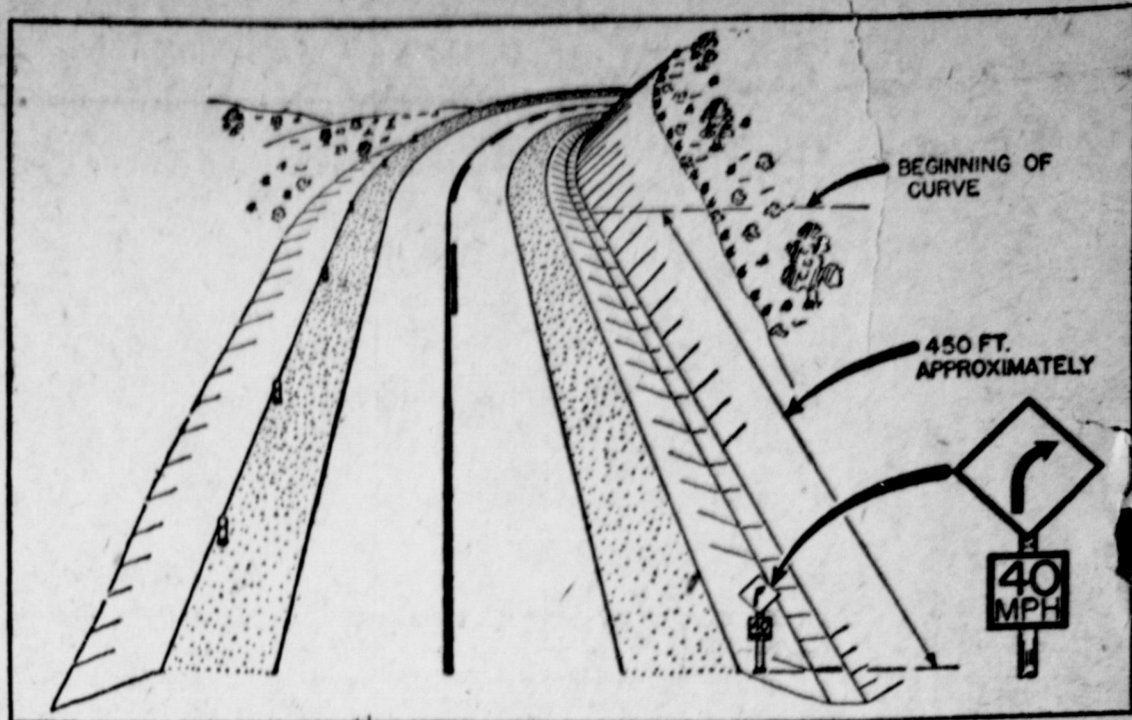

Next Time Try A Journal Want Ad

Farm Show Schedules New Machinery, Ideas Modern Devices Slated To Indicate Progress

New devices and machinery which are attracting the interest of farmers generally will be on view at the national farm show at Chicago starting November 26. The show will be held in the Chicago coliseum.

Prominent among new scientific farming aids to be shown will be the radically-different tractor-move irrigation systems. Consisting of long lines of pipe which can be hooked onto a tractor and moved to any section of a field, these sys-

AUSTIN, November 16.—A few months ago a new type of highway sign, an advisory speed sign designed to aid in traffic safety, made its appearance on Texas main highways. This was part of the Texas Highway Department's program of informing motorists of the maximum safe and comfortable speed on curves and turns which are not considered safe to travel at speeds above 50 mph. It is a sign with a yellow background and black numerals and letters and is placed below curve signs.

The speed indicated on the sign is not the maximum at which a turn may be taken, but is the maximum at which the average car can make the turn without an uncomfortable side-throw of its passengers and still stay on its side of the road.

The Governor's Highway Safety Conference held last spring recommended that the Texas Department institute a program of speed zoning and marking curves with safe speeds, and these signs are a result of that recommendation.

Foundation stock will cost three dollars per bird, and some local men are buying two or more birds. Pool said the local conditions are almost identical with the famed pheasant hunting grounds of the Dakotas.

Welfare Worker Here 3rd Mondays

John D. Massey has been appointed field worker for the Texas State Welfare Department in part of Lamb and all of Bailey County, assuming his new duties here this week. He will be in the room across from the county judge's office in the courthouse each third Monday, to take applications for aid to the blind, aid to dependent children, and old age assistance.

At present there are some 150 active cases in Bailey County, Mr. Massey said, and he estimated the monthly expenditure of the

department in the county is about \$6,000.

Mr. Massey replaces Burnie C. Carraway, now of Lubbock, who formerly worked out of the Level-land office.

The new field worker, who is 25, was in the Coast Guard for 29 months of the last war, 23 of them overseas, later working as a civilian for the Coast Guard in Washington, D. C. His home town is Denton, Texas, and he volunteered the information that he considers the Plains climate the best he has ever lived in.

CARD OF THANKS
I take pleasure in thanking each one for their love and their lovely gifts.
May God bless each of you is my prayer.
Mrs. Hill and girls.

Muleshoe - Texas

Modern farm machinery, such as this "damper-downer" in use in a North Carolina tobacco field, will feature exhibits at the National Farm Show to be held in Chicago.

tems are said to be able to triple acreage yield. Water, nitrogen, fertilizer, DDT or 2,4-D can be put down through the sprinklers.

Vacuum unloaders, rotary hoes, heated tractor seats and grain testers are included among the hundreds of items for the modern farm and farm home which will be displayed, and visitors will see a wider range of implements and equipment than has ever before been assembled under one roof.

The special events are likewise shaping up into a program of unusual interest. The second annual invitational interstate 4-H poultry judging contest on November 29 will draw entries from at least 20 states, according to H. G. Ware, director of judging.

Local Hunters Seek Pheasants

Local men are contributing to a fund to purchase foundation pheasant stock to place in Bailey County. It is planned to purchase about 100 of the birds from a Shamrock, Texas, breeder.

Lee Pool has interested himself in the matter, has taken it up at Lions Club meetings, and has contacted local farmers about it. He said all farmers with whom he has talked expressed their approval of the plan for stocking the game birds here.

To begin with, however, these birds will be quartered on the Muleshoe Wildlife Refuge, main-

Watch Footings

Farmers should always be on the alert to the danger of runoff water washing away footings under foundations, particularly an outbuilding where such caution, normally, might not be exercised. When runoff water washes away footings under foundations, the building settles.

Reduced Grain Growing Brings Seed Hold Need
Prospects of reduced grain-growing, including corn and wheat in 1950 and following years should cause farmers to consider saving more grass and clover seed, says a statement from the college of agriculture, University of Kentucky. The seed, it was pointed out, will be needed for the sod crops that are to take the place of grain.

The bureau of plant industry at Washington says that grain reduction will mean at least 25 per cent more grass and hay.

Barren Land Reclaimable With Fertilizer, Know-how
Under proper management, worn-out land can be converted into grass legume pasture capable of carrying one cow and a calf to each one and one-half to two acres. Three acres of good permanent and supplementary pasture will carry a cow and calf through the year.

Principal requirements are fertilizer, willingness to grow something beside the immediate money crops and a knowledge of livestock.

Appreciation Day is Saturday
