### CISCO WATCHES DEVELOPMENTS IN OIL SECTOR

The Bearman township No. 1 was being at 839 Saturday morning with the 15-inch casing set at 542 and the 12-inch to be set at about 29, a depth that will be reached sometime Sunday if the regular drilling schedule is maintained. This well will be set tonight or Monday. It was reported by R. A. Bearman.

The big sign, FA-BAC, still continues to announce its optimistic message to the world each night as cherches above the rig over-look the city. Cisco people are watching progress of this well eagerly because so many of them have actual acreage in the pool and others are expecting to cash-in should become an actual payback production.

One of the tests watched for several months was abandoned. This was the No. 2 City of Cisco which was surveyed block 4. The well was given up it was reported, after shooting the formation between 344 to 347 feet.

One of the county's newer operations, L. L. Welborn No. 2 W. U. No. 6, six miles east of Eastland and west of Ranger, was set 150 feet below 3 & 4. McLennan county school land, block 4. Operator looking the gas stratum reached 1,000 feet. Price on their No. 1 Fox which tested for 3,000,000 feet, 1,084-1092 feet.

Southeast of Ranger, F. J. Estes No. 1 Gentry-Pop-loy, west of the broader-pop, had progressed below 3,150 feet.

Also near Ranger and near Eastland, Hoffman & Page No. 1 J. S. had in the William Van Norman drive, was drilled below 2,620 feet a try for production as achieved at Garvin Chastain in an operation in that vicinity.

States Oil corporation, drilling out a mile north of Eastland, was now 1,618 feet. The test is seeking production on the H. S. Sch-

## Cisco Close Contestant in League Events

### CISCO GRADE SCHOOLS TAKE LEAD IN MEET

Both boys and girls debating teams for Cisco win, with Eastland second for boys and Ranger second for girls. Boys team: Evatt Horne, Cecil Edwards; girls: Lillian Armstrong, Enola Hazlewood, with Mrs. E. L. Hazlewood, coach. All winners to go to district at Breckenridge next Saturday.

C. C. Duff, principal of the Grammar school announces a total of 81 points won with seven first places and four second places for his school. The arithmetic award is the eighth consecutive annual win for this school during the interscholastic league history for the district.

Events taking place were: declamation, Berna Marjorie Goldberg; ready writers, Margaret Ann McDonald spelling, Josephine Miller, Fern Hart (perfect paper), Loyse Coates, Loris Mae Berry; arithmetic, Edward Harris, Frances Edward and Ethel Fleming.

Tennis, boys singles, Ray Clark; girls singles, Jojeane Harralman; broad jump, Wilborn Boyett. Second places were playground ball, boys volleyball, girls, tennis doubles; and 440 relay.

Cisco Wins Junior Track

Cisco first in junior track with first in 50-yard dash; first in high jump; second in 100-yard dash, and relay; third in chinning bar and fourth in broad jump. Cisco took first with 23 points, Rising Star 22, Ranger 19.

Glenn Bailey took first in 50-yard dash, second in 100-yard dash, and third in bar chinning, for Cisco; Coy Warren, William Prange, Dennis King and Glenn Bailey, composed the relay team for Cisco. Prange and King tied for first in high jump; Prange took fourth in broad jump.

### A Dime Store for Her Thoughts

Whatever Eleanor Young may be thinking of these days it's a pretty safe bet the thoughts of the New York and Newport debutante aren't very far from young Woolworth Donohue, who glances pleasantly from the inset photograph. Miss Young is reported to have captivated the grandson of the Woolworth chain store fortune founder. In Palm Beach, where these pictures were taken, the couple were seen much together.

### ITALIANS AND GERMANS CUT OFF IN SPAIN

Loyalists and insurgents fought for positions on widely scattered fronts today with the current advantage slightly on the side of the government forces in Spain's civil war.

Italian troops seemed unable to withstand the attacks of the on-rushing loyalists in south central Spain and suffered their third defeat in less than a fortnight.

German soldiers were mentioned in significant fighting reports. Dispatches from Loyalists at Madrid claimed that 10,000 Italian and German troops had been cut off from the Spanish rebel base at Cardoba on the southern front.

The insurgent forces there, with three thousands of "foreign mercenaries" seemed to be unable to stem men fighting for their lives and their country and the loyalists captured three strategic towns and bombed Cardoba.

On the northern front further loyalist victories were claimed.

Their troops apparently had halted the rebel drive on the Port of Bilbao and had recaptured a strategically important mountain.

### Her Loveliness Blamed for Death

The loveliness which made Veronica Gedeon a model sought by New York artists is apparent in this recent photograph. Her beauty also probably was the cause of her death, police believed. Seeking without result the man who killed her, her mother and a killer, officials thought the murderer-attacker was drawn to the crime by Veronica's attractiveness.

### COAL MINERS STRIKE ENDS IN AGREEMENT

The first sidown to affect a plant of the Ford Motor Company marked the disturbed national labor scene today.

The toll of strike-idle workers dropped below the 100,000 mark from a high of more than 500,000 set yesterday. This resulted from a national soft coal agreement returning more than 400,000 union members to work after a two-day technical stoppage.

At the same time unauthorized sidowns in General Motors plants were ended at the order of United Automobile Workers union officials and new conferences between John L. Lewis and Walter P. Chrysler were launched in an effort to settle the strike which has thrown 60,000 Chrysler employees out of work.

The Ford sidown was the first to affect a plant of that pioneer motor maker. It occurred at Kansas City, Mo., and closed down the Ford assembly plant there. Union leaders declined to say whether it signaled the start of a general union drive in the Ford company.

At Wilmington, Delaware, Building Trades strike was inaugurated with violence. Bricks were hurled through street car bus and department store windows.

Governor Richard C. Mullen announced after a conference with federal conciliators and city officials the general strike called by the central union and the Building Trades Council is called off temporarily effective at 2 p. m. Saturday.

It was announced, however, that the truce does not affect striking truck drivers who walked out nineteen days ago, and in whose behalf the general strike was called. It was said the strike would be resumed at once if the afternoon conference failed to produce an agreement.

Intervention of Governor Elmer Benson brought prompt settlement of a crucial strike situation at Albert Lea, Minn. Tear gas and rioting growing out of a strike at the American Gas Machine Company had brought the city to the verge of martial law. An agreement between the union and the company was signed early today.

### LOBO BAND RIVALRY KEEN AS TIME FOR H-SU CONTEST NEARS

The Lobo band members are on their toes in preparation for the band contest at Abilene April 9 and 10, to be held at H-SU auditorium, an dance there are twice as many contestants locally as there are suits. Mandmaster Maddox says the rivalry is intense in his organization. The contest is sponsored by the Cowboy band.

An organization was affected at a recent meeting at Brownwood to include towns of the Oil Belt section so that band meetings may be as often as necessary to discuss measures of interest to band teachers and members.

Class 'B' bands will compete Saturday morning starting at 9 o'clock at the Hardin-Simmons auditorium. A marching contest will be held Saturday afternoon at which time prizes will be offered for the best marching band and for the best drum major.

"We have much hope for our high stepping drum major, Frank Yarger," Mr. Maddox said. "This is Yarger's senior year and the band is trying to boost him into first place."

A new division of band teachers was formed for this district in a meeting at the Brownwood hotel Friday night, at which 20 band teachers were present. The main purpose of the organization is to aid and improve the bands of this immediate section by rotation and exchange of programs and ideas.

The directors will meet every first Sunday afternoon of the month, the host town providing the band program and entertainment. Coleman was selected for the first meeting place the first Sunday in May. Officers elected were: J. W. King, Coleman, president; W. R. Parker, Brownwood, vice president; Robert L. Maddox, Cisco, secretary-treasurer and H. R. Vandercook, Chicago, honorary president.

Mr. Vandercook, of the Vandercook School of Music, Chicago, and Col. Earl D. Jones of North Texas Agricultural College, Arlington, will be judges.

Forty-nine members of the Lobo band will enter the contest. Competition is keen for the privilege of wearing the black and gold of Cisco high school. Eleven complete new uniforms have been ordered and will be here in time for the Abilene meet.

The coming week will be filled with intensive sectional practice and drills. The contest requirements are much higher and the numbers more difficult this year than they have ever been before.

### School Election Gets Small Vote

The school election was very quiet with less than 100 votes cast. O. J. Russell and W. J. Armstrong had no opposition for local places and Mrs. J. R. Burnett unopposed for county precinct member.

The city election to be held Tuesday, April 6 for mayor and two commissioners will likewise be unopposed.

### SCHOOLMEN OF COUNTY ATTEND AUSTIN CONFAB

If the legislature fails to pass or reduces the \$1,800,000 school appropriation bill before it the action would greatly injure schools, according to County Superintendent C. S. Eldridge, who with other officials Monday morning will go to Austin in support of its measure.

Said Supt. Eldridge: "Before the legislature is a bill for the appropriation of \$1,800,000 to take care of a possible 30 per cent reduction in all state aids. If the bill does not pass or is reduced then our schools will be cut short."

"I am taking a car load of people interested in our schools to Austin early Monday morning. Other officials and those interested in the schools should meet us at Austin or wire some of your friends to help in the project. Our legislators of this district—Representatives Ross and Davison and Senator Collier—are cooperating with the school children. The bill would benefit all Eastland county schools, each receives aid of some nature."

Friday afternoon the county superintendent received the following wire from Jap Levas, members of the house of representatives: "House bill six hundred coming up Monday. Bring teachers trustees taxpayers Austin. Arrive nine a. m. Monday. Committee reduced appropriation to one-third needs. Will attempt to raise to amount needed on floor. Need five thousand school friends here to contact representatives regarding raise to adequate amount. Wire telephone or come."

### CLEAN VACANT LOTS IS URGED FOR CLEAN-UP

Attention to cleaning up vacant lots in the city is urged by Mrs. Wm. Reagan, member of the City Federated clubs' clean-up campaign in a five minute word about the campaign which dovetails in with Fire-Prevention week, April 4-11 proclaimed by special proclamations by the governor for the state and Mayor J. T. Berry for the city.

"We have no fears for the residence clean-up where homes are occupied," said Mrs. Reagan in discussing the move. "But we do fear vacant lots may not receive the attention they should have to keep them in line with the standard of cleanliness by Cisco's residential districts," she continued.

The city acting with clubs, will furnish trucks to carry all rubbish and trash that is piled and placed in accessible places. Next week should find Cisco with her neck and ears washed and a clean frock donned for the spring season and the visitors that will be flocking here to avail themselves of Cisco's recreational features.

"So, if owners of vacant lots will see to it that they receive the same dressing up the remainder of the city receives, all will be well, think these women."

### Cisco Dentist is Buried Saturday

Funeral services for Dr. J. W. Little were held at 1:30 p. m. Saturday with Rev. Patterson officiating and the body in charge of Green's funeral home. Friends brought flowers to the grave and stood in mourning as the remains were put away for their last long rest.

Dr. Little was placed in the city-county hospital at Ranger about two weeks ago, where he died Friday about 6 p. m. His remains were sent back to Cisco for burial.

Dr. J. W. Little was a native of Tennessee born May 25, 1859. He practiced dentistry in Abilene, Mexico, Clyde and Cisco, having been mayor of Clyde.

Mr. and Mrs. J. R. Burnett, friends of the deceased, notified old friends and a group attended the ceremonies.

### COUNTRY CLUB SETS CISCO GOLF TOURNAMENT FOR JUNE 18-19-20

June 18, 19 and 20 were dates set for the fifth annual invitation golf tournament for Cisco at a meeting of the Cisco country club at the chamber of commerce Friday night. Standing J. E. Caffrey appointed standing committees for club activities for the year.

It was also voted to have a club and city tournament early in May, date to be announced later, and at the conclusion of this tournament a picnic and club social.

Members also voted to extend the privileges of the clubhouse to Humble officials for their meeting about the middle of April.

It was voted to invite the Lone Star Gas Company to hold their annual picnic in Cisco and use the facilities of the Cisco Country Club.

About 8,000 delegates and visitors are expected by the host city and a long list of committees have been appointed to see that visitors are cared for in the most approved manner. Expenses of delegates which are to be paid by the organization, will approximate \$10,000, it is estimated.

Program

Included on the program will be Dixie Smith of Houston, S. H. Taylor of Amarillo, W. D. Carrow of San Antonio, Ferry Newberry, national secretary, Omaha; D. E. Bradshaw, national president, Omaha; Mrs. Dora Alexander Talley, national president of the Woodmen circle, Omaha, and William E. Moon, Chicago, and Dr. H. B. Kennedy of Omaha.

Sovereigns

Sovereigns who have indicated that they will attend the convention include John J. Wahl, member of the committee on legislation of the 1935 sovereign camp; Judge E. D. Henry, member of the judiciary committee of the sovereign camp; Dr. C. J. Koerth, medical

### 15 PER CENT INCREASE IN SOFT COAL

WASHINGTON, April 3 (AP)—Mine operators today predicted a 15 per cent increase in the price of soft coal as an almost immediate result of the agreement between Appalachian employers and the United Mine Workers Union which ended a brief technical strike.

Spokesmen for the National Coal Association said they expected the present price of \$2 a ton would be boosted 30 cents because of additional labor costs in the new contract.

Whistles will call 400,000 miners in twelve states back to work Monday after four days of idleness. The new contract raised the basic daily wage by 30 cents and maintained the existing 35 hour week.

### MIDGET INFANT TIP SCALES AT ONE POUND

ALBIA, Iowa, April 3 (AP)—Walling Justus Charles Peter Johnston, received his first official weighing today and tipped the beam at exactly one pound.

At his birth last Tuesday, the premature infant weighed 10 ounces, according to the doctor's estimate.

The gain in weight led Dr. E. A. Smith to issue an optimistic report about the baby's chances for life. "He is stronger now, and I believe he will pull through."

Mrs. Ruby Park of Fulton, Ark., who has been visiting here with Mr. and Mrs. J. E. Spencer and other relatives, has returned to her home.

### WEATHER

WEST TEXAS—Fair, cool; temperature near freezing Panhandle; probably frost north and west portions tonight; Sunday fair; cooler southwest portion.

CANDLE MAKERS FOR 165 YEARS

The ornate candles to be used in Westminster Abbey for the coronation of King George VI and also the candles to be used for the wedding of the Duke of Windsor and Mrs. Wallis Simpson will be made by the Ajello family which has made candles for five generations of celebrities during the 165 years the family has controlled its secret candle-making process, according to the Literary Digest.

The Ajello family-Bible contains the signatures of 27,000 famous customers which include the six most recent presidents of the United States, Princess Juliana of Holland, Mrs. Anne Morrow Lindbergh, Mussolini, Queen Marie, Eleonora Duse, Toscanini and Caruso.

The present Ajello family, which sells over 2,000,000 candles a year at their stores in Sorrento, Florence, Chicago, St. Louis, Beverly Hills and manufacture them in New York, consists of the Senior Ajello and eight sons and six daughters. FISHERMEN SPENT RECORD SUM

The 500,000 licensed and 2,500,000 unlicensed fishermen in the United States spent \$15,000,000 in 1936 for tackle alone and splurged the rest of their half billion dollar outlay on clothes transportation, lodging, provisions, guides and incidentals.

On the average last season cost each fisherman \$50, representing an increase of approximately 25 per cent over 1935 which set an all-time record.

BUSY PEOPLE READ BOOKS

While the normal citizen snoozes over his evening paper and considers a hard day's reading done, the really busy folk emerging from a whirl of conferences and speeches, settle down for a stretch of serious book-reading.

John L. Lewis reads an average of fifteen books a month, all carefully, usually upon economics or history with a detective story thrown in for relaxation.

Bruce Barton, a biography fan, covers from five to seven books in his reading week.

Editor Raymond Moley, former advisor to the president, "may sip the juice" of as many as sixteen books a week.

Chairman James Landis of the Securities and Exchange Commission reads more than two hundred books a year.

Mae West, screen actress, reads about twenty books a year "besides the dozens and dozens of manuscripts" necessary in her business.

OUT OUR WAY

The East Ward pupils enjoyed the "Monkey Business" presented Monday morning by the American Zoological Society under the direction of Mr. and Mrs. Mason. Mrs. Fred Steffer, Mrs. W. M. Joyner, Mrs. Clyde Bailey and Mrs. Jack Farleigh represented the East Ward P. T. A. at the Texas Parent-Teacher's Association in Brownwood Tuesday and Wednesday.

There was a regular meeting of the P-T-A. Friday night, April 2. On Friday, April 9, there will be a pie supper sponsored by the P-T-A. The occasion will be at the school.

First Grade The best readers for this week are Merrill Nix, Martha Smith, Billy Barron and Inez Cook. Stanley Honea has been absent this week on account of the death of his uncle, Miles Honea.

Betty Lou McAllister has moved to El Reno, Okla. She was one of our most popular pupils, and we all miss her very much.

The first grade had a most pleasant and welcome visitor in Miss Jeannette Henderson of El Paso. Miss Henderson is a teacher in the Mexican school there and gave demonstrations in various phases of Mexican education.

Alfred, Paulino and Rafael Perez have moved away. Eddie Whitley and Arthur West are new first grade pupils. Arthur came from the Kermit school, and Eddie enrolled for the first time.

Roger Hanson will be flower boy next week. JOE PEREZ, reporter.

Second Grade J. W. Stephenson, who has been attending school in Cross Plains has re-entered East Ward. We are glad to have him with us again.

Nelle Mae Edine broke her six-week attendance record when she was absent Thursday morning because of illness.

Eugene Townsend has a new baby brother, Larry Dell-La Verne Steffey, reporter.

Third Grade Verna Lee Doyle visited relatives in Abilene Sunday.

Enslada Mae Short spent the week-end in Eastland. She will go to Ranier Saturday to enter the Story Telling and Declaration contests.

We all enjoyed our Easter holiday very much.—Fay Crowder, reporter.

Fourth Grade Norma Lee McAllister has withdrawn and moved to Oklahoma. Nick Tenyson and Jack Swindle were absent two days because of illness.

Virginia Honea has been absent this week. Warren Bachus has been visiting at Nimrod this week.—Frances Johnson, reporter.

Fifth Grade The following fifth grade pupils have been absent on account of illness: Roy Lee Smith, Geneva McBee, Charlie Patterson, Bobby Glenn Ibell, and Donald Squaglia.

Miss Evelyn Reynolds visited our room Tuesday.

Miss La Unia Cook taught the fifth grade Wednesday and Thursday afternoons.—Dorris Bell Perdue, reporter.

TRAILER ADVENTURE

By Nard Jones © 1937, NEA Service, Inc.

BEGIN HERE TODAY... MARTH A BRITAIN and BETTY HEAVEN begin a trip on the west coast to demonstrate the new Airspeed trailer. They pick up GERRY NEAL, a young ranch-hiker, Neal tells them he is to meet a friend, JACK SPEDDON, at the Long Beach auto camp. But at Long Beach, Neal disappears from the trailer and Speddon drives away with Betty, falling to return. Finally, Martha calls police. Then she gets a wire, hours later, signed "Betty" and advising that Betty will meet her in San Francisco at a designated hotel. Feverishly, Martha starts out, trying to trace Betty on route. Returning to her trailer the second day, she is startled to meet Neal. He tells her that "this thing may be bigger" than she imagines. She agrees to accompany Neal back to San Francisco to find Betty. Martha is troubled because she does not know whether to trust Neal. Yet she likes him more than she cares to admit. His wife, San Francisco and had that neither Betty nor Speddon are registered at the designated hotel. Neal persuades Martha to spend the day in Los Angeles. They drive along the coast, then stop to camp at a secluded part of the beach. Martha dives deep into the breakers and in that moment she knows that she is caught, facing death against the jagged rocks of the cove. NOW GO ON WITH THE STORY CHAPTER X SHE seemed to be plunging in a sweeping arc—then suddenly she felt something clutching her arm. Her head broke the surface, sank again, with that firm hand still gripping her. Fantastically she wondered if this could be the last mad delusion of the drowning. And then, miraculously, she felt the sand beneath her feet. "Steady... hold steady..." It was Neal's voice. It was Neal who gripped her fiercely with one hand, his other fending them off from the wall of rock. With all her remaining strength Martha dug her bare feet into the sand as a wave receded. She tried her best to make that last struggle which would bring her to a safe beach. Then everything went black. When she opened her eyes she saw Gerry Neal's anxious face between her and the bright blue bowl of sky. Under her body the sand felt deliciously warm and soft. "You're all right now," Neal was saying. "You fainted just as we were getting in." She started to raise her head, but he remonstrated. "Not yet. Take it easy. I—I'm frightfully sorry, Martha." "It wasn't your fault. An inland girl should know better than to go plunging into a surf like that." "Ordinarily it would have been all right. But close to those rocks there's a dangerous undercurrent. I've sat here by the hour and watched what it does to pieces of driftwood. That's how I knew

nick land, section 1, H & T C survey, block 4, as obtained in the area by the recent Dorothy Oil company well.

Northeast of Carbon, Gallagher Lawson No. 1 Hearn was drilling at 1,100 feet.

Anderson-Drewery No. 1 Kate Grist north of Rising Star, was under-running 12 1-2-inch casing at a depth of 738 feet in section 36, Lavaca county school land.

Cox No. 1, O'Rear, drilling four and a half miles east of Rising Star, J. W. Clifton survey, was running tubing to test. Until recently the well was cleaning out a bridge left when it was shot with 20 quarts in the lime, 2,800-2,817 feet.

Still a location was the contemplated 2,500 foot well of Barnett Petroleum corporation, No. 1-A L. C. Dowdman, section 2, E. T. R. K. survey, block 6, 1,000 feet from the east line and 1,250 from the south line, one mile southeast of Eastland.

Seaboard Oil Corporation No. 1 Fee well, four miles west of Furry in Hamilton county, has been plugged at 4,438-foot total depth, a record filed in the Railroad Commission office at Eastland.

A plugging is set by Marmora Petroleum company on its No. 8 A. M. Sullivan, T. E. & L. company survey, section 2,066, nine miles southeast of Breckenridge in Stephens county. The well was completed August 19, 1921, for 40 barrels production at 3,311 feet.

HONOLULU (UP)—Hawaii has its own little acorn that to a mammoth oak has grown. Since the first seed of the algaroba tree was introduced here by Father Bachelot a century ago, 8,000 acres of arid lava wasteland have been planted with them. They supply beans for cattle feed.

### To Conduct Meeting

M. LLOYD SMITH

The noted evangelist M. Lloyd Smith, is here to conduct a series of meetings for the church of Christ. The minister gave up a successful business life to enter the army of the Lord in saving souls. He has worked in some of the largest dry cleaning plants, and cities of Texas. He operated a plant owned by he and his brothers at Sweetwater. With the same spirit, only greater, that put him over in the business world, characterize his preaching. You will enjoy his brief lessons that touch the soul and inspire you on to greater things. The evangelist is a swift speaker and very interesting. Faith will be the general theme for these meetings. You are invited to attend. "Take Time to be Holy." Evening service lasts one hour, beginning at 7:30.

### NATION'S OIL SHOWS DECLINE FOR PAST WEEK

HOUSTON, April 3 (UP)—National crude oil production during the week ended Saturday showed an average decline of 16,075 barrels daily to a total of 3,418,850, according to the report of the Oil Weekly.

The lower daily total was 258,850 barrels more than the quota recommended by the United States Bureau of Mines. The weekly decrease, however, was the second since January 1 and came after new highs were established for 11 consecutive weeks.

Texas average dropped 13,200 barrels daily to a total of 1,397,300, compared with last week's output on reflecting lower allowances effective in the latter part of this week.

### Rescue Steamers To German Vessel

NEW YORK, April 3 (UP)—Rescue steamers sped today toward the German vessel Verkonk in distress in mid-Atlantic.

The City of Norfolk, a Baltimore mail vessel, reported to radio mariners that it had picked up the distress signal from the 280-ton ship. The Verkonk said it could not steer and was taking much water in its hold.

The Verkonk was bound from Hamburg, Antwerp, Belgium and New Port, England, for Houston, Texas.

### No Possibility of Action This Season

AUSTIN, April 3 (UP)—There is no possibility of legislative action this session on present reform proposed by W. A. Padlock, chairman of the Texas Prison Board, and the Federal Prison Industry's Reorganization Board, Governor James V. Allred said today.

"There is no chance of a prison reform bill passing the house except by the governor's submission," Representative Gaston Talmier had said previously.

### Attempt to Escape Causes Injury of 3

ANGLETON, April 3 (UP)—Two convicts were disciplined today and a construction superintendent was treated for a broken foot as result of an unsuccessful escape attempt at Retriever Prison Farm yesterday.

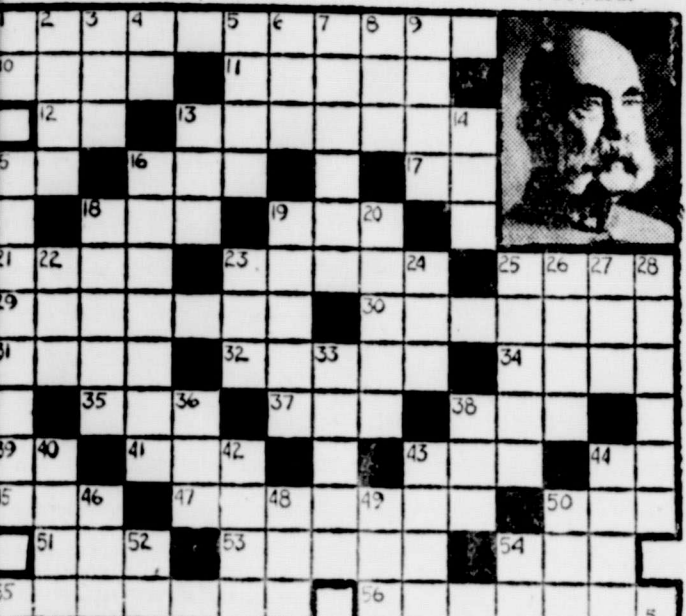

The convicts, Harry Steele, 27 and Jack Ward, 36, surrendered less than an hour after they forced Ralph H. Wattinger, 35, to drive them from the farm in his auto.

# Ford "60" owners report 22-27 miles per gallon

LONG BEFORE the 60-horsepower Ford V-8 engine was offered to America, we knew it was capable of unusual economy.

Careful records, report averages of 22 to 27 miles per gallon of gasoline. That is the highest mileage in Ford history—and Ford cars have always been famous for economy!

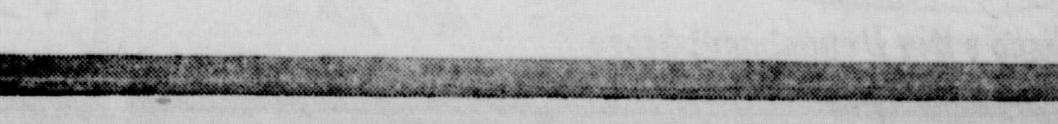

Two years' hard usage in England and France had proved that. Road tests of all kinds proved it again.

If you want a big car for a small budget, see and drive the Ford "60." It's available in five body types.

But in keeping with Ford policy, no mileage claims were made until they could be established in actual service.

Now the story can be told. . . . The new Ford "60" is more than meeting expectations! Thousands of private owners, cab companies, fleet operators, and others who keep

It's just as roomy, sturdy and safe as the Ford "85." It has the same distinctive modern design. It delivers V-8 smoothness and quiet even at speeds up to 70 miles an hour. And, best of all, it brings you its brilliant operating economy at the lowest Ford price in years!

## Mrs. Leon McPherson Surprised Monday

The birthday of Mrs. Leon McPherson was celebrated Monday night when several friends surprised her by calling at her home.

A color note of yellow, white and orchid predominated in all party accessories. Games were played, after which Miss Lucile Flaherty presented the luncheon with a basket of gifts, each wrapped in the chosen colors.

The huge birthday cake contained 10 candles, which formed a question mark and was served with ice cream and candy. Present were: Mr. and Mrs. J. C. Mayhew, Mr. and Mrs. W. R. Francisco, Mr. and Mrs. Clyde Bailey, Mr. and Mrs. J. R. Burnett, Mr. and Mrs. E. C. McClelland, Mr. and Mrs. Charles Fields, Mr. and Mrs. Charles Flaherty, Miss Pauline and Lucile Flaherty, Mayme and Letitia Estes.

## Bluebonnets, Lilac Party Decoration

Delicious bouquets of bluebonnets and lilac added charm to the Seventh street home of Mr. and Mrs. H. C. Henderson Friday evening when they entertained members of the Friendly Twelve Party-two club.

High scores were won by the host and hostess and low scores went to Mrs. C. E. Moore and Ray Haley.

A variety of candy was served to the following: Mr. and Mrs. Ray Haley, Mr. and Mrs. E. C. McClelland, Mr. and Mrs. C. E. Moore, Mr. and Mrs. E. E. Daniel and Mrs. Joe Clements.

## ELECTRIC UNITS TO BE FEATURE OF WEEK-EVENT

Electric refrigeration costing a little as 3 cents a day and economy at a price range of 1 to 2 a meal per person will feature a 1937 spring showing of "servants" C. J. Russell, local manager for the West Texas Electric Company, announced today an annual event was inaugurated an invitation to Cisco residents visit the company's show Tuesday.

The tendency to make homes by making kitchens electrically-operated, both kitchen and other rooms comfortable and being during hot summer months through use of comfort cooling fans, and by providing ample facilities for proper lighting in any of the home is more important year than ever before," Mr. Russell declared.

Mr. Russell will be "host" visitors during the next week. He is anxious that every one keep abreast of the developments in electric lighting, and urge that they visit our display rooms to see yourself how economical and efficient the new appliances are.

Gifts in the form of posters will be presented to ladies who they last. Refreshments will be served to all visitors several noons.

The greatest advancement in home electrification, Mr. Russell said, is in the kitchen where electric refrigerators, electric electric food mixers and other saving devices have been constantly improved to reduce expense eliminate drudgery for the wife.

The company will advocate Ventura House Conditions as most economical comfort system yet devised. Using a principle of attic ventilation, Ventura system changes the air in the entire house 90 times at least by preventing the accumulation of heat in the attic. It reduces draughts all over the house. Draughts are avoided, constant movement of air a desirable breeze, making the comfortable inside the house.

*The Electric Kitchen is a Bright and Airy Kingdom Wherein Summer Days are Cool, Delightful... Wherewith a Lady's Comfort, Not Her Slave-ability, Rules a Mighty Throne.*

**Thumbs Up!**

If all the comfort and leisure of a mountain resort could be transported en masse to West Texas homes at a cost no greater than that of Electric Service, then not a single person would say "Thumbs Down" on such a proposition.

So... why reject a plan by which the coolness and balminess comparable to that of lofty mountain retreats can be brought to your own kitchen during the warm spring and hot summer months?

Thumbs Up! Give your approval to the ideal.

This spring showing of time-saving and drudgery-clearing electric servants has been arranged for your convenience... to assist you in making this summer a Roman Holiday! Thumbs Down on Household Slavery!

**A Gift for Her Ladyship**

A present for Madame! Every lady who visits our display room during the Spring parade of modern Electric Servants will be remembered with a token of our appreciation for her interest. Even more valuable than the souvenir will be the actual demonstrations of how to make Summer dishes delicious—a memory she will cherish as shimmering tear waves of Summer obliterate all traces of Winter's frosty breath.
