

Mr. Muleshoe ...

By J. M. Forbes

Since the memory of the earliest inhabitant, The Journal has been doing business here on the east of the courthouse, and we guess that when we are moved many folks will still be the same as when the dentist removes a favorite tooth. Yes, we are moving right away across the square to the building formerly occupied by Soil Conservation Service and next door to the Malone Milk Co. plant.

We will move this week end, E. K. Angeley and Ray Wilson being willing and will be set up ready for business Monday morning we hope with a complete new setup. The building while small, is about the ideal for us, we think. We will have a place for everything and everything in its place over there, with a minimum of dust, which is death to machinery of which we have a heap.

It will be, for a while at least, about the cleanest newspaper plant in these parts; the staff will all be happy with these better working conditions, we know.

The location of the plant may not suit your fancy, as it doesn't suit this writer's completely, yet it has many advantages, chief of which is that it is out of the heavy traffic. Our location on Morton highway, very near the intersection with a paved arterial street, had become so cluttered up with traffic that it was undesirable for our sort of business. Yet we don't abandon the right to set up on one of the main corners in Muleshoe at some future time; meantime we invite you to come in and see the new place whenever you can.

Schools Serve Christmas Dinner

Muleshoe school students started their Christmas holidays with a lunch prepared by the high school cafeteria. Each grade was served, starting with the first and continuing through the high school.

Sandwiches of colored bread with hot chocolate, colored pop corn balls, animal cookies and apples were served to the students. Santa Claus was present and distributed bubble gum to all the kids as they passed out the door.

School dismissed Friday noon for the Christmas holidays and classes will be resumed again on New Year's Day.

Shower Honors Buck Family

CIRCLE BACK, Texas, Dec. 13.—In the early morning hours of December 15th, Mr. and Mrs. Buck Cox of the Circle Back Community lost their home and grocery store in a fire. Their entire grocery stock, fixtures, home furnishings, clothing and building was a complete loss. Nothing was salvaged.

Several men in the community collected various donations of cash to be given to the family. On Monday night, December 18th Mr. and Mrs. Jess Richardson were hosts to the community for a shower honoring Edith, Buck and children. A large group of people attended and several sent gifts who were unable to attend. The couple received such gifts as bedspreads, pillows, blankets, sheets, dishes, aluminum, towels, tea towels, groceries and clothing.

VISITED IN ARLINGTON

Mr. and Mrs. Hoyt Morgan and children spent the Christmas holiday in Arlington, with his parents Mr. and Mrs. Edd Morgan.

The Muleshoe Journal

Volume 29, Number 1

MULESHOE — County Seat of Bailey County — TEXAS

Thursday, December 28, 1950

Clements Win 1st In Yule Lighting

The home of Mr. and Mrs. W. H. Clements was judged as first place winner in the Christmas contest sponsored by Muleshoe's three civic clubs, the Junior Chamber of Commerce, the Rotary Club, and the Lions Club. First prize was \$25, second prize \$15, and third prize \$10.

The home of Mr. and Mrs. Jesse Osborn was second place winner and the home of Mr. and Mrs. Howard Cox won third place.

The first prize was awarded to Mr. and Mrs. Clements for the sleigh and reindeer mounted on the roof of their home and an angel over the garage. Trees in their yard and their windows were also decorated.

Mr. and Mrs. Jesse Osborn had decorated the eaves of their home in blue lights and also had window decorations. Mr. and Mrs. Cox had lighted a tree on each side of the house, decorated the porch and placed colored lights in each of the glass bricks on each side of the door. Their windows were also decorated.

Homes receiving honorable mention were those of Mr. and Mrs. Charles Lenau, Mr. and Mrs. A. J. Gardner, Mr. and Mrs. Blondie Ray, Mr. and Mrs. Royce Garth, Mr. and Mrs. John Smith and Mr. and Mrs. Sam Fox.

Judges were Mr. and Mrs. Courtland Paul of Natrop, Colo.

Phipps Sporting Sergeant Stripes

CLARK AIR FORCE BASE.—Former S. Sgt. Clark M. Phipps, son of Mrs. Maggie D. Phipps, Rural Rt. Goodland, is now wearing technical sergeant's stripes, following his recent promotion in the U. S. Air Force, at his overseas station on Clark Air Force Base in the Philippines.

Sergeant Phipps has been assigned as a supply technician for the 6200th Air Base Group of Philippines Command (Air Force) and Thirteenth Air Force upon his arrival on Clark AFB in December 1949. This is his second tour of the Philippines, having served with the 1st Cavalry Division in the liberation of the Islands.

A former member of the U. S. Army, he first joined the service in 1940 and during the last war participated in the battle campaigns in the Admiralty Islands.

Sergeant Phipps is entitled to wear the Purple Heart Medal, the Asiatic Pacific Campaign Medal with five battle stars, American Defense Medal, Good Conduct Medal, Philippine Liberation Ribbon with one battle star, Distinguished Unit Badge and the Combat Infantry Badge.

His wife, Mrs. Betty Phipps of Turlock, Calif. They have a five year old daughter, Barbara Ann.

TO FARWELL CHRISTMAS

Mr. and Mrs. Herb Potter and children visited with relatives in Farwell at Christmas.

Local Methodists Will Join In Nationwide Prayers

Local Methodist will join Sunday (Dec. 31) with the denomination's nearly nine million members in a national mid-century prayer for peace, it was announced today by the Rev. H. W. Hanks, pastor of Muleshoe.

He said the call to special prayer was sounded by the Methodist Council of Bishops and the church's General Board of Evangelism in a view of the "exceptionally grave condition of the world today."

In a letter to pastors of 42,000 Methodist churches, the board urged every congregation to unite in "a chain of prayer on mid-century Sunday, beseeching God's guidance in converting a world crisis to a just and lasting peace."

Declaring that "mankind's hope for freedom is in desperate jeopardy" the plea for prayer coincided with a similar request by the president of the National Council of Churches, Episcopal B. Henry Knox Sherrill, of New York. He urged all Protestants to offer prayer on December 31 for "a peace which is the fruit of righteousness."

The letter to pastors, stressing individual and group participation, stemmed from the following call by Methodist bishops:

"With a sense of deep urgency we call our fellow Methodists and all others who will join us in special prayer.

"Let us pray daily for the leaders of our country and of the United Nations that God will give them wisdom and courage to seek and to do His will.

"Let us pray for all who are under the shadow of war; for those who do battle for us, the homeless, the hungry, the children. Let us pray for our enemies that God may lead them in the way of righteousness and peace.

Mrs. Parsons Is Buried At Canyon

Funeral services were conducted in the First Baptist Church in Canyon Sunday afternoon at 2:30 for Mrs. Susie Parsons, mother of Mrs. C. E. King of Muleshoe. Mrs. Parsons lost her life in the fire which destroyed the Amarillo convalescent home Friday, when ten persons died.

Rev. Johnson, pastor of the church, conducted final rites. Interment was in Canyon cemetery. Mrs. Parsons, who was 76, is survived by four sons and four daughters.

Mrs. Parsons' husband, G. L. Parsons, died in 1942 and she had continued to maintain her home in Canyon. Her sons and daughters are: W. H. and Oscar Parsons, San Diego, Calif.; Bob and E. J. Parsons, Canyon; Mrs. Harvey Cook, Mrs. E. L. Hardaway, Mrs. Ray Hardaway, Canyon; and Mrs. C. E. King, Muleshoe. All of the children were present for funeral services excepting the two sons who live in California.

Dowell Outlines Progress And Work Of Vocational Ag. Boys For 1950

A survey or check of the Future Farmer work in the Muleshoe Independent School District shows 101 boys enrolled in vocational agriculture, G. S. Dowell, instructor, announced this week. Nine of the boys have 22 head of beef cows for projects, eight have 15 dairy heifers, twelve have 19 dairy cows and four have Jersey bulls for breeding. Among their hog projects are 34 boys who have 74 gilts and sows for pig production, 36 boys have 203 pigs for pork production, and eight have 10 boars for breeding. Practically all of the boar and gilts are registered and between 75 and 100 head of the pigs will be topped out and go to the Southwest Exposition and Fat Stock Show at Fort Worth, the San Antonio Fat Stock Exposition, the Lubbock Junior Fat Stock Show, the Plainview Fat Stock Show and the Bailey County F.F.A. and 4-H Club Show. Four boys have 22 head of lambs and 42 boys have crop projects

such as cotton, grain sorghums, corn, wheat, etc.

The Muleshoe F.F.A. boys have already shown 25 head of hogs at the State Fair this year and won 23 money premiums, held the District banquet at Muleshoe, put up exhibits at the South Plains Fair and the Lamb County Fair, did all the carpenter and plumbing work on the Bailey County Fair dairy cattle, beef cattle, and crop exhibits. They placed two teams second and one team in third place at the District Leadership Contests, and Tommy Ann Drinkard, the Muleshoe F.F.A. Sweetheart, was elected District Sweetheart. They have three cooperative feeding projects underway at the present time.

In making the report, Mr. Dowell stressed the fact that less than 25 per cent of the animals will go to the shows and stated that the most emphasis is being placed on producing good breeding stock for Bailey and surrounding counties.

Highway 214 From Muleshoe South To County Line To Be Reconditioned

"As a result of the National Emergency just proclaimed by the President the State Highway Commission has taken action to preserve the investment in our existing state highway system," writes D. C. Greer, state highway engineer.

As a part of this action, Mr. Greer, writes, the department has directed him to proceed in the most feasible and economical manner with the following work in Bailey County:

On State Highway 214 from Needmore south to the Cochran County line, a seal coat will be placed on the existing highway, 14.6 miles in all. Simultaneously, the state highway department, decided to proceed with the work of repairing the road from Muleshoe to Needmore, 13.1 miles, which will be reconditioned and sealed.

VISITING IN CALIFORNIA

Mrs. Hattie Jones left Thursday to spend the holidays in Napa, Calif., with her daughter, Mrs. Howard Thomas, and Mr. Thomas and children. While there she will visit her son, Harold Jones in Bakersfield and in Longbeach with her nephew, Melvin Priboth, and family.

VISITORS IN BRAY HOME

Mr. and Mrs. Clyde Bray Jr. and children of Pampa, Mr. and Mrs. Dan Bray and daughter of Lubbock, Mr. and Mrs. George Carpenter and daughter Joy of Earth and Mr. and Mrs. Andy Thompson of Dimmitt were visitors in the home of Mr. and Mrs. Clyde Bray Christmas.

Rotarians Tell Of Christmas In Their Homes

The program at the Rotary Club meeting Tuesday was featured by each member telling what happened in his home on Christmas day. Several amusing incidents were related, however, all who told their experiences dwelt upon the more serious and more important aspects of Christmas, a traditional American observance in the home.

Many told of family reunions and expressed the fear that this might be the last Christmas at which all members of the family would be present, since the national emergency and the international situation may bring changes. Many told of younger men in the families who may go to the Armed Forces during the coming twelvemonth.

Several declared that despite the international situation and the terrible conditions in Korea, Americans still have more cause to rejoice at Christmas and to be thankful to the Almighty for America's high average standard of living. Never before in history, the speaker said, had a people been so favored by Providence.

J. M. Baker, of Vaughn, N. M., a member of the Rotary Club of East Vaughn, was a guest of the club and made a short talk. He and his family are visiting relatives in the county over the holidays.

SWPS Has Xmas Party December 19

The Muleshoe office of the Southwestern Public Service Company was host for a Christmas party at the American Legion Home Tuesday night, December 19 for this division of the company.

Approximately 45 adults and 30 children from SWPS Company offices in Littlefield, Olton, Earth, Sulan and Muleshoe attended the party.

Turkey and dressing with all the trimmings was served. Santa Claus also paid a visit and a comedy film was shown to the youngsters present.

Disie Ige Jennings favored the group with several vocal selections. She was accompanied on the piano by Mrs. C. W. Grandy. Jera Lynn Wilhite played several numbers on the piano.

Funeral For W. R. Wolfe Dec. 27

Funeral services for William Richard Wolfe, 57, were held at 3 p. m. Wednesday in the Muleshoe Church of Christ with Minister Ebb Randol officiating. Burial was in the Muleshoe Cemetery under the direction of the Muleshoe Funeral Home.

Mr. Wolfe, who lived 11 miles northeast of Muleshoe, died of a heart attack at his home at 2:30 a. m. Tuesday, December 26.

Calvert Farm Sale Jan. 8

A farm sale is scheduled in the south part of Bailey County for Monday, January 8. C. P. Calvert, who recently has sold his 320 acre farm to Otis Burson, Ford dealer at Levelland, will sell a fine list of dairy cattle, hogs, farm machinery and equipment, household goods and miscellaneous items.

Mr. Calvert has been a resident of Bailey County since 1926. They formerly lived in Bula community.

He told The Journal he will move to Cooke County, near Gainsville, where he has leased some grass land and expects to run quite a few cattle.

Dick Doshier will cry the sale and Hugh Freeman will be the clerk. The W. M. U. ladies of Watson will serve lunch and there will be free coffee. To reach the Calvert farm, drive west 2 1/2 miles, north a mile and back west a mile, from Enochs. The sale is to begin at 11 a. m.

Two Local Men Got Plymouth

Sikie Watkins and Gil Wollard, on a single "partnership" ticket, were awarded the Plymouth automobile given away by the Ben Richardson Post, American Legion, last Saturday.

A big crowd was on hand to witness the awarding of the car at 3 in the afternoon.

The Legion Post reports fine reception to its finance campaign and its officers expressed the appreciation and thanks to the people of the territory who helped in the campaign. The Post obtained money that will be needed for their home right after the first of the year.

Wollard and Watkins could not be reached for their reaction. They had several tickets individually and only one jointly, which proved to be the lucky one.

Sanders Addresses Lions Luncheon

Homer Sanders, Jr., was principal speaker at the regular Wednesday noon meeting at the Lions Club, and gave the club a review of the foreign policies of the nation's leading government officials. He talked of a few of the reasons that led to the signing of the pact with Stalin at the Yalta conference.

He read an article written by the editor of the Mercury Magazine giving a few of the real reasons of the cause of James Forrestal's removal from office and the end of his brilliant career by committing suicide. The program was of current interest to all members of the club.

Visitors at the club were H. S. Sanders, guest of H. S. Sanders, Jr., John Gilbreath, guest of his father Rufus Gilbreath, and Jack Young, guest of Tye Young.

Babson Forecasts 1951 Trends

By Roger W. Babson
SPECIAL EXCLUSIVE

The United Nations will withdraw from Korea during 1951. The United States in 1951 will have the largest National Income of its history.

1. Excluding defense orders, the total business volume in 1951 will be less than that for 1950. However, National Income in 1951 will be the highest ever recorded, as war orders take the place of peace production and high prices prevail.

2. The outstanding feature of 1951 will be the ever-increasing interference of the government in the lives of businessmen and consumers.

3. The Administration and its economic advisors are firmly convinced that radical inflation is about to break out next year. But the "brain trusters" are overlooking the fact that the boom is already old and that it was breaking badly when the Korean War broke out. War postponed the downturn which would have taken place much sooner. The date of the slide has only moved ahead.

4. Rushing to catch up on its neglected defense program, the Administration is anxious to shrink business volume to an unnecessary degree. Efforts at first will be along the line of tighter credit curbs, such as restrictions on mortgage and installment loans and increased bank reserve requirements.

5. As 1951 wears on, the effect of credit controls will cause a decline

in legitimate business. Civilian production will decline more than armament production will increase. The public may then cry, "This is a government-made slump; let's get rid of the controls!"

6. If in 1951 it becomes evident that business is declining too fast as a result of government curbs, the planners at Washington may rush their patient into an oxygen tent.

7. Most labor groups will not be successful in getting a sixth round of wage increases in 1951. Although there may be more strikes in the first part of 1951, there will be fewer for the whole year as compared with 1950.

8. Tightness in the labor supply will be continued as the year wears on, particularly of highly-skilled workers.

9. The Taft-Hartley Law will not be repealed during 1951 but may be amended. The Administrators of the law will continue to wink at some of its clauses.

10. Wholesale prices of many commodities will be marked by a mild decline in 1951 when compared with the price level for December 31, 1951. In some lines the drop may be quite steep from the high levels of late 1950. Retail prices for 1951, I do not now forecast.

11. The year 1951 should prove an excellent time to keep a tight grip on inventories. Commodity speculation for the rise will not pay in 1951. Furthermore, our expanding stockpiles of strategic materials present a real price

threat in the event of a peace scare. Such stockpiles could then act strongly as a depressant on prices.

12. The cost of living will remain high during 1951. This prediction recognizes that living costs next year may be above the lower half of the year now closing.

13. Farmers' income for 1951 should average no less than that for 1950. Since the trend in the first half of 1950 was down, this forecast is not so optimistic as it might otherwise seem, for there is likely to be a weakening of the farmers' income position during the latter part of 1951.

14. Barring crop failures, the total supply of food available should be larger in 1951 than for 1950, since the government will raise planting quotas as part of its attack on inflation. If the weather is extremely favorable, the government will be blamed for farm-price weakness during the latter part of 1951.

15. With prospects good for a rising supply of feed grains, meat should be more plentiful next year than in 1950. Prices for meat, however, will be held up by continued high National Income and by military needs.

16. The burden of federal taxes, both corporate and personal, will be increased again in 1951. State and municipal taxes will remain high.

17. There will be an excess profits tax in 1951. These excess profits taxes will be milder than those

in force during World War II; but they will be inflationary and retard efficiency, economy and incentive.

18. There will be heavy pressure for increased federal "sales taxes" to discourage purchasing of luxury and certain nonessential goods. Congress will see the value of some such sales taxes as an inflationary road block.

19. States and municipalities will again be under pressure to find adequate sources of revenue. Further increases in such taxes can be looked for next year with additional cities and/or states adopting sales taxes.

20. Despite renewed efforts to increase the long-term capital gains tax above the present 25% figure, rates will remain unchanged.

21. Domestic Trade Will Be Less. Credit curbs will cut into the demand for automobiles and household equipment. Completions of fewer dwellings will also act as a damper on furniture sales.

22. Falling demand for hard goods should mean a stabilization of the public's spending for food and lower-priced soft goods.

23. The trend forecast in No. 22 will mean a decline in department store volume, but I predict a rise in the sales of variety chains and of drug chains.

24. Barring new war developments, I look for continued shrinkage in our exports during 1951. Imports, however, should rise further. Total foreign trade should not be much changed, but the ex-

porters will be on the short end of this business with the importers gaining.

25. It will become more difficult to convince Congress that additional heavy credits should be granted abroad except for war supplies.

26. As was the case this year, many domestic manufacturers will feel increasing competition from foreign merchandise. The cry for increased tariff protection will be heard again in the land.

27. Business and financial forecasts for next year are NOT based on the thought that World War III will start in 1951. Russia is certainly heading for war, but we do not believe she wants it in Europe. She will be satisfied to have her satellites continue taking unexpected jobs at us, while the Politburo buys hand out the soothing syrup. But we may see another episode like "Korea" in 1951.

28. More Deficit Financing After June 30, 1951. The first half of 1951 may actually see a budget surplus as a result of high National Income and increased taxation. Later, if Congress goes along with the Administration's plans for huge rearmament, a federal deficit will arise during the last half of the year.

29. As a result of the preceding prediction, money supplies should not begin to rise after business has turned down. Increases at such a time are not likely to have much effect on prices.

30. Government bonds will be held tightly between the floor of Federal Reserve support purchases and the ceiling of Federal Reserve

anti-inflation sales. Under such conditions, price changes should be negligible.

31. A great deal will be heard in 1951 about giving the Federal Reserve Board powerful controls over member bank loaning policies. Congress is not likely to pass such controls, however, unless commodity prices go a lot higher, or World War III comes.

32. I see nothing now to indicate that we are entering a period of improved international relations. The danger of war remains. Until it disappears, wise people will move out of large bomb-vulnerable cities and avoid having investments in such areas.

33. The Stock Averages may work somewhat higher during the first half of next year, but sometime during 1951 they will sell lower than current quotations.

34. Stocks now in the best position for 1951 should be those that have not been popular as inflation hedges in the past months. I like gold chain store stocks.

35. Investment Trust funds, pension funds, and insurance companies will provide an excellent back-log of demand for sound income stocks where good values can be demonstrated.

36. The successful investor next year will be the one who follows a carefully planned investment program. Such a program will emphasize diversification—not only by company and industry, but also by quality. Overconcentration will not pay in 1951.

37. Highest-grade taxable corporate bonds should hold a narrow price range during 1951, but I see no reason for individual investors buying them. For my forecast for long-term government bonds, see No. 30 above. The only corporation bonds which interest me are CONVERTIBLES.

38. With income taxes slated to increase in 1951, tax-exempt bonds should continue in good demand. There has been some speculation in these, however, and any downward change in the tax outlook might cause a sudden turnaround in prices for municipals. Investors should see to it that their bond maturities are carefully diversified, with some each year.

39. The real estate outlook for 1951 will be strongly affected by curbs on mortgage credit. Much of the recent boom was the result of easy credit—almost nothing down and small easy payments for years hence.

40. New home construction will suffer a greater decline than other building will also be hit.

41. The coming decline in new building will throw a wet blanket over speculation in vacant suburban lots.

42. The scare caused by the Korean-China War and fears of an early outbreak in other sections will adversely affect the demand for big city real estate. Lower business volumes and the Draft next year will also curtail such

Each Farm Deferment Is To Be Considered On Individual Merits

AUSTIN, Texas, Dec. 26—Emphasizing that the draft law provides no blanket deferment for farm workers, Brigadier General Paul L. Wakefield, state Selective Service director, declared today that local boards are required both by law and regulation to consider each agricultural worker's case individually, just as other men's cases are considered.

General Wakefield said that regulations issued by the President provide for a deferred classification for farm workers only when the following conditions are met to the satisfaction of the local board:

1. The man must be "employed in the production for market of a substantial quantity of those agricultural products necessary to the maintenance of the national health, safety, or interest."

2. "The production for market of a substantial quantity of agricultural commodities should be measured in terms of the average annual production per farm worker which is marketed from a local average farm of the type under consideration. The production of agricultural commodities for consumption by the worker and his family, or traded for subsistence purposes, should not be considered as production for market. Production which is in excess of that required for the subsistence of the farm families on the farm under consideration should be considered as production for market."

The state draft director observed that "this still doesn't give the complete picture," and added that a man, to be eligible for farm deferment, must also meet the requirements in the section of the Selective Service regulations defining necessary employment.

He quoted as follows: "A registrant's employment in industry or other occupation, service in office, or activity in study, research, or medical, scientific, or other endeavors shall be considered to be necessary to the maintenance of the national health, safety, or interest only when all of the following conditions exist: (1) The registrant is, or but for a seasonal or temporary interruption would be, engaged in such activity; (2) the registrant cannot be replaced because of a shortage of persons with his qualifications or skill in such activity; and (3) the removal of the registrant would cause a material loss of effectiveness in such activity."

ance of the national health, safety, or interest only when all of the following conditions exist:

"1. The registrant is, or but for a seasonal or temporary interruption would be, engaged in such activity;

"2. The registrant cannot be replaced because of a shortage of persons with his qualifications or skill in such activity; and

"3. The removal of the registrant would cause a material loss of effectiveness in such activity."

General Wakefield stressed that deferments based on agricultural and other civilian occupations are not permanent. "They are issued for one year or less," he said, "and local boards have instructions to classify a registrant as available for service whenever the cause for his deferment, ceases to exist."

He explained that the designation Class II-C is used to indicate those deferred because of agricultural occupation.

CHRISTIAN SCIENCE SERVICES

"Christian Science" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, December 31.

The Golden Text is: "When he, the Spirit of truth, is come, he will guide you into all truth: for he shall not speak of himself; but whatsoever he shall hear, that shall he speak: and he will show you things to come" (John 16:13).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father" (John 14:12).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Divine Science derives its sanction from the Bible, and the divine origin of Science is demonstrated through the holy influence of Truth in healing sickness and sin" (page 146).

VISITED JORDANS

Sgt. and Mrs. Coy H. Smith, of Omaha, Neb., visited here the week end preceding Christmas with his sister, Mrs. Roy Jordan and family.

If You're Over 40, Better Take Stock Of Health

Austin, Dec. 26. This is the time to plan for the New Year that is just around the corner, says Dr. Geo. W. Cox, State Health Officer.

This is the time for the person forty and over to take stock of the situation as far as he is concerned. The best way to prepare for a continuing happy life is to begin early. An important thing is the periodic check-up by your doctor. A health problem discovered early is always easier to correct. Prevention is the watchword. The principal foes of health to confront in the middle years are heart disease, high blood pressure, hardened arteries, diabetes, and trichitis.

Heart disease is the leading cause of death. A person with a damaged heart should learn his limitations, and not exceed them. Many persons with heart disease lead useful and productive lives by following their physician's instructions.

Cancer is the second leading cause of death. Many cancer types can be cured or brought under control if found early and diagnosed. This is another important reason why the periodic medical check-up is a "must".

Diabetes is a condition in which the body cannot use sugar. Did you have the Free Diabetes Test during "Diabetes Detective Week," November 12-18? If not, go to your physician now and have this test.

Three of the diseases common to the after 40 group are concerned with the circulation of the blood. These are apoplexy, hardened arteries, and high blood pressure. You will want your physician to check your blood pressure.

Employers Seeking Deferments For An Employee Should Submit Data Early

Austin, Texas, Dec. 26.—Emphasizing the need for early action in cases of deferment for essential civilian workers, Brig. Gen. Paul L. Wakefield, state Selective Service director, advised today that employers take inventory of employees who are liable for induction under the Selective Service law.

The state director pointed out that employers should submit any information regarding their employees to the local board "before they are classified, and, in any event, as early as possible." He also emphasized that any requests for classification in a deferred class must be taken up with the employees' local board and not with Selective Service state headquarters.

"The law prevents our doing anything about such eleven hour requests," the state director continued, "as Selective Service regulations provide that, once a man has received an order to report for induction his case cannot be re-opened by the local board except for a change in status over which he has no control."

General Wakefield made it plain that his headquarters would do nothing about such cases, even though it had authority, without first obtaining an opinion from local boards involved.

"We're not issuing orders here in Austin to the people in Texas cities, towns and communities who are doing the real job to build up our armed forces. Our sole reason for existence at headquarters is to co-ordinate information the boards send us, to offer the counsel and help interpret the law, and to see that no one, either the government or any citizen, gets outside the law in the discharge of our duties," the state director declared.

The state draft director placed emphasis on the fact that, under

Selective Service regulations, there is no blanket deferment for groups and types of employees.

To Consider Each Case

Every case has to be considered individually on its own merits, just as the case of other registrants are said.

"The activity of the employee must be found to be necessary to the maintenance of the national health, safety, or interest," the state director continued. "The man can be employed in industry, or other occupation or employment, occupy an office, be engaged in study, research, medical scientific, or in most any endeavor. The local board decides, subject to appeal, whether his activity is deemed necessary to national interest."

General Wakefield observed that "this still doesn't give the complete picture," and added that a registrant to be eligible for deferment, must meet these requirements in the section of draft regulations defining necessary employment.

He quoted as follows:

"A registrant's employment in industry or other occupation, service in office, or activity in study, research or medical scientific or other endeavors shall be considered to be necessary to the maintenance of the national health, safety, or interest only when all of the following conditions exist:

(1) The registrant is, or but for a seasonal or temporary interruption would be, engaged in such activity; (2) the registrant cannot be replaced because of a shortage of

persons with his qualifications or skill in such activity; and (3) the removal of the registrant would cause a material loss of effectiveness in such activity."

"General Wakefield stressed that deferments based in civilian occupations are not permanent."

"They are issued for one year or less," he said, "and local boards have instructions to classify a registrant as available for service whenever the cause for his deferment ceases to exist."

Classification for civilian occupation other than agricultural is 2-A.

Pontiac Reports Fine Reception

Despite adverse weather conditions in some sections, the 1951 Silver Anniversary Pontiacs were greeted by thousands when they made their debut December 11, according to L. W. Ward, general salesmanager of Pontiac Motor Division.

"Enthusiastic telegrams from our dealers and reports from our field staffs tell us that this probably is the finest reception Pontiac has ever had," Mr. Ward said. "We were also informed that the showroom crowds were in a buying mood and that many orders were written."

Panic In The
Street

GOING-GOING-
last call for
these bargains!

We think we ought to warn you—time's running out on your chance to buy a Buick at 1950 prices.

So you'd better take a careful look at our prices—and what they'll buy.

They'll buy the thrill of swift, smooth, spirited travel—and trigger-quick power so mighty that few Buick owners have ever pressed it to the limit.

They'll buy sparkling style, spacious comfort and the durable, dependable, time-tested quality for which Buicks are famous.

And when you check what you get for what you pay, you'll make this discovery.

On a pounds-per-dollar basis—which is the engineers' yardstick of bedrock value—no other cars of comparable dimensions can beat a Buick SPECIAL, SUPER or ROADMASTER.

Or to be more specific—Buick's straight-eight SPECIAL is priced like a six—and in the ROADMASTER "price class" you can pay 23% or more than you'll pay for this great automobile.

But remember: Our supply of these bargains is limited—so you'd better come in now and see what we have on hand.

Only BUICK has
Dynaflow—Drive®
and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.)
NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights
WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles
SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube
WIDE ARRAY OF MODELS with Body by Fisher

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

GREAT FRESHMAN—Bobby Goss, above, son of Mr. and Mrs. C. W. Goss of Muleshoe, was one of three Freshmen who lettered as a member of Abilene Christian College's great 1950 football team. Bobby, a star back in high school, was spotted by Coach Garvin Beauchamp, as an ideal guard for his type of play, and Bobby had a real part in achieving the phenomenal record of 11 victories, no ties or losses during the season. ACC finished the season the only team in the country with a perfect season of 11 victories. In the Midwestern game at Wichita Falls the opposing team complained that "that defensive right guard" is offside most every down. The official said "no, I've been watching him to catch him, but he just charges so fast it looks like he is offside."

Shrine Supports 16 Hospitals

Shriners everywhere are proud of the work being done by their hospitals, which they help support by their dues, and which treat children without regard to religion, race, or lodge affiliation. Herb Covin found some pertinent facts about the hospital program in the most recent issue of "Khiva Caravan", publication of Kiva Shrine Temple, Amarillo.

The Journal here lifts these facts and publishes them for the information of our readers:

Q. When and where was the first hospital opened?

A. Shreveport, Louisiana, September 16, 1922.

Q. How many hospitals today?

A. Sixteen and one under construction in Los Angeles—of which twelve are in the United States, two in Canada, one in Hawaii and one in Mexico—representing an investment of over \$10,000,000.

Q. How many children have been cured or mentally helped?

A. Over 200,000 including clinical patients.

Q. Who are eligible for admittance?

A. Children under 14 whose parents are unable to pay for treatment—regardless of race, color or religion.

Q. What is average stay in hospital per patient?

A. Approximately 120 days.

Q. How many children are now on waiting list?

A. At September 1, 1950, 1802 children.

Q. How is a child admitted?

A. A Shriner can admit a child by securing an application from the Recorder of his Temple.

Q. What is the complete operating cost per year?

A. Approximately \$3,600,000.00 is used for operating the sixteen hospitals.

Q. What is the average cost per patient?

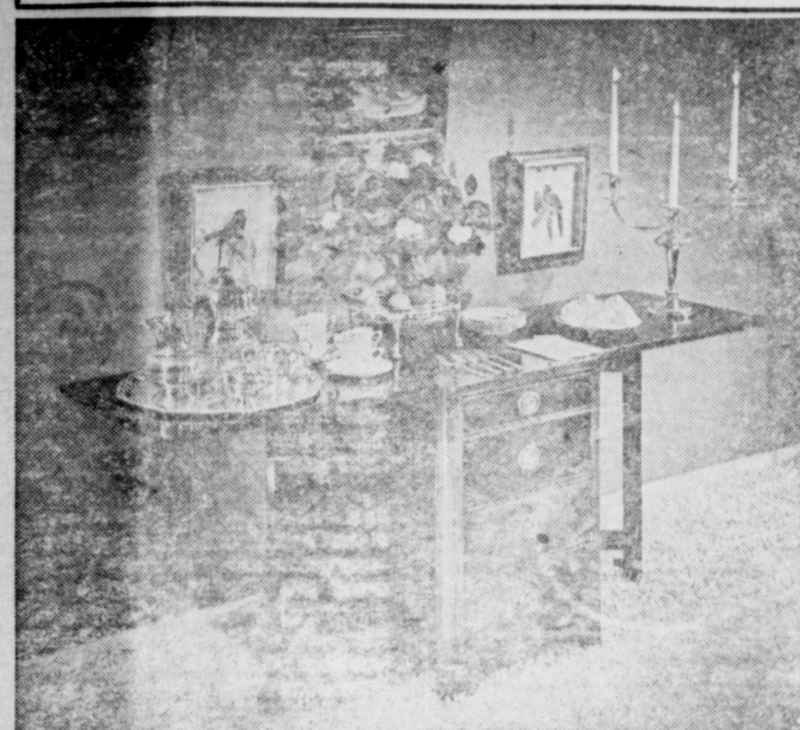

A. \$604.97.

Q. How much has been spent to date?

A. Total spent since the beginning is approximately \$35,000,000.

Q. Where did the money come from?

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN—The versatile "Hostess Commode" by the Charles R. Sligh Company... a handsome traditionally designed chest that provides a wealth of convenience in the small home or apartment. The piece has two drop leaves which may be pulled up (as shown) to provide a convenient serving table for a buffet supper or tea. With one leaf up, it becomes a desk... or... it may be completely closed and used as a console, bedside chest or a storage piece in the dining room. Made of mahogany, richly finished, it is a piece of furniture that will add usefulness and decorative beauty to any home.

Our Honor Roll . . .

A number of local people sent The Journal to friends or relatives for the coming year as a Christmas gift.

New subscribers during the past few days include:

"Save and Have" Said Wise Mr. Franklin

Franklin was speaking of money—but we might extend his meaning to take in our soil, which is still being depleted despite our strenuous efforts to halt the disastrous erosion of wind and water. If we have soil in the future we must save it today.

There are many things which we can do—let us consult with the Blackwater Valley Soil Conservation District office in Muleshoe. Let them devise a plan to help prevent erosion, then follow the plan closely in the years to come.

Social Security May Cover All Domestic Workers

"Do You Have A Maid?" Not so very many households these days can answer yes, but those who do have a maid or any other household worker will need a copy of a brief booklet bearing that question as a title. John G. Hutton, Manager of the Lubbock social security office began distributing this booklet today. This colorful leaflet sets out, in a few sentences, just how the lady of the house, or any employer of domestic help in or around the home, may tell whether or not the worker is brought under the new social security law which becomes effective on January 1.

The work of those regularly employed in private homes will be credited to social security and the employer will be responsible for reporting wages, along with social security taxes, to the collector of internal revenue.

The title of the pamphlet does not stop with "Do You Have A Maid?" but continues "—or a laundress?—cook, chauffeur? gardener?" Any of these, or any other persons employed regularly for work in or around a private household may come under the new law, and Hutton urges their employers to request a free copy of the booklet.

A simple test in the booklet, in terms of amount of wages paid and regularity of employment, will tell whether a maid or cook or laundress will get the protection

of social security and whether the housewife should start making reports next year. If so, there's a postage paid postal card that the housewife should mail in for instructions.

Copies of the booklet are available at all offices, or may be secured at offices of the collector of internal revenue. If you'll just call the social security office, telephone 4942, or drop us a post card, asking for the booklet, "Do You Have A Maid?" we'll send it to you by return mail." Address of the office is Social Security Administration, 1311 Texas Avenue, Lubbock, Texas.

The social security manager said he is arranging with women's groups to furnish supplies of the booklet for their members.

For the domestic worker's own information about her new social security protection, a special leaflet is available at the social security office. Hutton pointed out that regularly employed domestic workers will need a social security account number card after Jan. 1, 1951.

The "Do You Have A Maid?" booklet does not apply to domestic work on farms operated for profit. Such work is covered by other provisions in the new social security law.

EMETTE CROSS
Real Estate & Auctioneer
East side of Muleshoe on Lubbock Highway

AT THE LONE STAR TRADING POST IN MULESHOE

—You can buy that good VAN HORN land for only \$20.00 per acre down. OF COURSE this land is in the GRUBS as it has some mesquite on it, and lots of greasewood but it is level and deep soil, up to 29 feet thick. Has plenty of IRRIGATION WATER.

This water is plentiful, but it starts around 200 feet, and you may have to set your pump about 300 feet, but MAN, YOU CAN GROW THAT COTTON. The normal average yield is 2 bales to the acre. You get one half of the minerals as the state schools have the other half.

You can get BACKING DOWN THERE from the biggest cotton merchants in the world. They believe in it up to \$110 an acre.

COME IN AND SEE SOME OF THE DIRT WE brought back with us.

Some of the Muleshoe people have decided to turn loose their land now, and we have some for sale as they are moving to VAN HORN.

—656 acres of fine mixed land, in cultivation 2 years. Plenty of irrigation water. 1/2 minerals. Will sell at only \$85 per acre, about half cash. Clean and new.

—328 acres, will split and sell either quarter unimproved at \$75.00 per acre, one half cash, or will put pump on both and sell for \$100. New and clean. 1/2 minerals.

1 room house for rent. Modern. We can deliver these. Also have few others.

VISITED IN TURKEY
Mr. and Mrs. Woody Lambers and Judy Kay spent Sunday and Monday in Turkey with her parents, Mr. and Mrs. Jim Arnold.

MOVE TO CALIFORNIA
Mr. and Mrs. Bill Stevens and children have moved to Norwalk, Calif., where he has accepted a position in an airplane factory.

HAD APPENDICITIS ATTACK
Jimmy Clyde Holt had an attack of acute appendicitis early this week. He was returned to his home from a Lubbock hospital after it was determined an operation would not be performed at this time.

TO AMARILLO CHRISTMAS
Mr. and Mrs. John Murphy and little son spent Christmas in Amarillo with Mrs. Murphy's mother.

VISIT IN ABILENE
Mr. and Mrs. Travis Barnett visited during the Christmas holidays with their parents in Abilene.

VISIT IN LITTLEFIELD
Mr. and Mrs. Jeff Peeler and James Douglass and Wynonne spent Christmas in Littlefield with Mrs. Peeler's mother, Mrs. M. H. Glover.

ATTENDED ANNIVERSARY
Mr. and Mrs. H. D. King and children and Mr. and Mrs. Robert King and children attended the 25th wedding anniversary celebration at Odessa Christmas of a brother of the King's and his wife.

HOLIDAY GUESTS
Miss Mary Barnett and Miss Jackie Woolley of Vernon and Mr. and Mrs. Joe Essary of Longbeach, Calif. were guests over the weekend in the home of Mr. and Mrs. C. A. Barnett.

FISHING IN OLD MEXICO
Charlie Barnett and sons Donald and Richard left Monday for a fishing trip in Old Mexico.

Arnold Morris and Buford Butts have just returned from a dealer preview of the new cars at Oklahoma City. They described them "really outstanding in appearance, riding comfort and roadability."

We are excited about the looks of the 1951 Dodge cars," they said. "They are beautiful automobiles, both inside and out. As for mechanical improvements, Dodge engineers have developed something new in the way of ride control. We think it is one of the best advancements in chassis engineering we have seen in a long time and are looking forward to giving road demonstrations beginning January 20."

Morris said Dodge 1950 retail sales nationally were the greatest in Dodge history despite the fact that the factory was out of production for three months last spring.

MADE TRIP TO COLEMAN
Mr. and Mrs. W. O. Casey were in Coleman at Christmas to visit his mother and other relatives.

Grassland farming continues to spread throughout the United States and has become an example of the mechanization of farm jobs. Farmers are switching to more and more grass because they have learned that grass is the cheapest of all feeds and that grass also conserves the soil, increase yields of intertilled crops and is the easiest

This Allis-Chalmers No. 4 is priced to fit your pocketbook, yet built to give real field performance with 12 or 14-inch bottoms. It's medium weight to make your tractor power go further, yet reinforced for extra strength at critical points.

The No. 4 plow beams have plenty of clearance for 18-inch coulters and heavy trash. Spring release hitch is standard equipment. We have this two-bottom value on hand. May we bring one out and let you see what a difference a new plow can make?

Dodge To Show New Models On January 20

Dodge will introduce its 1951 model cars to the public on January 20. It was announced today by Arnold Morris Auto Co.

Arnold Morris and Buford Butts have just returned from a dealer preview of the new cars at Oklahoma City. They described them "really outstanding in appearance, riding comfort and roadability."

We are excited about the looks of the 1951 Dodge cars," they said. "They are beautiful automobiles, both inside and out. As for mechanical improvements, Dodge engineers have developed something new in the way of ride control. We think it is one of the best advancements in chassis engineering we have seen in a long time and are looking forward to giving road demonstrations beginning January 20."

Morris said Dodge 1950 retail sales nationally were the greatest in Dodge history despite the fact that the factory was out of production for three months last spring.

MADE TRIP TO COLEMAN
Mr. and Mrs. W. O. Casey were in Coleman at Christmas to visit his mother and other relatives.

Grassland farming continues to spread throughout the United States and has become an example of the mechanization of farm jobs. Farmers are switching to more and more grass because they have learned that grass is the cheapest of all feeds and that grass also conserves the soil, increase yields of intertilled crops and is the easiest

DISC HARROWS WILL NOT GOUGE IN ON THE TURNS!

MM model 11A disc harrow turns in as small a radius as any row-crop tractor. Tension springs hold the gangs in a level position so that the harrow penetrates at a uniform depth over its full width. With this construction the harrow is flexible for good work on uneven ground, and one side or the other does not dig in on turns. Ease of angling is another outstanding

feature. A touch on MM's new hydraulic control, called Uni-Matic Power, makes adjustment of disc angle on the go a simple matter. If your old harrow needs replacing, drop in to see us. We think MM harrows offer you the most in good performance, economy, and dependability.

Quality Control in MM Factories Assures Dependable Performance in the Field

CONGRATULATIONS

Congratulations are extended to Mr. and Mrs. James Moore on the birth of a son, Deryl Lynn, Sunday, Dec. 24, at the Amherst hospital.

VISIT IN RHOME

Mr. and Mrs. Pat R. Bobo visited at Christmas with his mother and other relatives in Rhome, Texas.

U. S. Milk Industry Vastly Transformed

Cost of Product Rises Less Than Other Foods

Since the turn of the century the milk industry has undergone a transformation rivaling that of the airplane, according to dairy scientist and historian Dr. J. Lloyd Henderson.

Dr. Henderson, co-author of "The Market Milk Industry," a standard textbook whose latest edition will be released this spring said "Our research since the war's end points up the fact that although labor and equipment costs have kept pace with rising scales in other industries, the cost of milk and its products has risen less than that of any other food. In fact, milk, from a nutritive point of view, is far and away the housewife's best food buy."

Cost-saving scientific advances in milk processing and startling economies due to improved distribution practices have been responsible for this, Henderson points out.

The industry shed no tears as it buried the familiar 10-gallon milk

This excellent herd of cattle, grazing quietly and contentedly is symbolic of vast milk industry which has undergone such a transformation in the past two decades.

can and converted to huge insulated tank trucks for bringing milk from the larger farms to the processing plant. Savings in handling due to this change have only been matched by the improvement in sanitation and quality of the product, Henderson said. Every-other-day delivery, now practically standard practice in major cities, plus the use of retail trucks of almost double capacity, also helped keep the housewife's milk budget in line.

The flash pasteurized, once outlawed by health authorities, has been so improved that today every milk company of any size uses it to save expensive man-hours and production space.

Farm Safety Week Observance in July Fifteen Simple Rules of Safety Outlined

National Farm Safety Week will be observed in the United States during the week of July 23-29.

The annual losses represented by farm accidents and fires are estimated around one billion. To reduce this enormous loss, 15 simple rules are outlined for Farm Safety Week:

1. Keep walkways and steps in good repair, unobstructed and well lighted;
2. Keep ladders in good repair and easily accessible in case of emergency;
3. Always stop a machine before unclogging, oiling,

NATIONAL FARM SAFETY WEEK JULY 23-29, 1950

4. Don't wear loose and floppy clothes around machinery;
5. Start tractors smoothly and turn corners slowly—avoid ditch banks and soft ground—always hitch to the drawbar;
6. Speak to animals when approaching them. Keep them calm by acting with calm, self assurance yourself;
7. Always keep bulls in safe bull pens. Never handle bulls unless they are properly restrained;
8. Know and obey all traffic laws;
9. Keep your back straight and lift heavy loads with your leg muscles;
10. Use the right tools for the job—make sure they are in good condition—keep them in a safe place;
11. Give prompt attention to even minor injuries;
12. Keep guns unloaded except when actually using them;
13. Don't use kerosene to start fires;
14. Don't smoke around the barn;
15. Never swim alone. Never dive into water without first determining the depth.

Pyreneone Is Effective Control of Horse Flies

Horse flies are troublesome pests during the hot months and difficult to kill. Extension entomologists suggest the use of pyreneone as an effective control of horse flies.

Pyreneone, although expensive, will control horse flies on cattle for about one week. One part of pyreneone to nine parts of water is recommended. About two pints to each cow is needed. This should rid the cow of the bothersome pest.

Code Committee Acted Wisely In Its Ground, Surface Water Separation

The Texas Water Code Committee has made a "proper and wise" decision in treating surface water conservation separately from underground water conservation, according to a memorandum from the High Plains Water Conservation and Users association.

Major points of the memorandum, read by W. O. Fortenberry, president of the High Plains association at a Code Committee hearing in Austin Dec. 12, were made public today by the association.

The memorandum contains eight suggestions for consideration of the Code Committee in drafting its final report on revision of Texas water laws to be recommended to the 52nd Legislature.

Each recommendation is aimed at making clear the Code Committee's announced intention of dealing with surface water only and leaving present underground water laws unchanged. The Water Conservation group suggested that words be inserted in certain definitions to eliminate any doubts.

As the Code Committee's preliminary report stands, many sections refer to "all water resources," the members of the High Plains group have explained. If it is not the intention of the committee to include underground water, we wish them to specifically exclude it so that their proposals cannot be misconstrued later on, they said.

The memorandum presented to the Water Code Committee points out: "Although your avowed purpose was to consider surface water problems only, it is known that at your earlier meetings testimony affecting underground water was introduced upon the committee. . . . Since the hearings, you have released your Preliminary Report. As a consequence, we have several timely suggestions which we offer for such use as you desire in placing your recommendations in final form for Legislative consideration."

"From time to time changes in underground water laws have been considered by the Texas Legislature. The High Plains association has been equally active in opposing unwise changes as it has been in lending support to changes believed to be constructive. It is significant that essentially all municipal, industrial and agricultural users (large or small) of underground water in the various sections of Texas have reached the same conclusions as High Plains people and have acted accordingly. Is Coordinating Agency

"The High Plains Water Conservation and Users Association," the memorandum points out, "is the coordinating head of 14 water conservation organizations composed of users and owners of underground water in the High Plains of Texas. As such the High Plains Association represents some 15,000 well owners, as well as bankers and businessmen in the High Plains. This association speaks for an area where 155 million acre feet of water is in storage in an underground water reser-

voir underlying more than three million acres of land. Usage of water is estimated to amount to more than one million acre feet of water in some years. This association, then, speaks for perhaps 80 per cent of the substantial users of underground water in the entire State of Texas.

"These High Plains people are keenly aware of the value and importance of underground water and are determined to protect and conserve it."

HERE FROM LAMESA

Mr. and Mrs. C. L. Busby, of Lamesa, were holiday guests in the home of Mr. and Mrs. E. O. Baker. Mr. Busby is a brother of Mrs. Baker.

VISIT IN DICKENS COUNTY

Mr. and Mrs. Ed Hicks and family and Mr. and Mrs. George Hicks and family visited relatives in Afton and Spur during the Christmas holidays.

VISITORS IN FARRELL HOME

Mr. and Mrs. C. R. Farrell had the pleasure of visits of their children during the holidays. Here were Mrs. W. M. Stowe, her husband, Dr. Stowe and children of Erick, Okla.; Pvt. Arlo Farrell, who has been stationed at Denver and is being transferred to Savannah, Ga.; and Mrs. James Carter and husband, Rev. Carter of Dallas.

WEEK END IN ODESSA

Mr. and Mrs. C. E. Briscoe and Mr. and Mrs. Elwin Julian and daughter spent the week end in Odessa visiting Mr. and Mrs. W. W. Schrimphser.

VISITED WITTE FAMILY

Mr. and Mrs. W. L. Witte and their three children, of Dove Creek, Colo., and Mr. and Mrs. Pete Jenkins and little son, Terry, of Big Spring, were guests during Christmas in the home of Mr. and Mrs. Walter Witte.

Uncle Sam Says

A lot of folks are tempted to speculate with their money. With the farm, however, there's enough speculation in farming itself—what with the weather, insects, plant disease, livestock sickness, and prices. For the farmers, a safe, sure way of building financial security is with U. S. Savings Bonds. Should he need extra cash his money is handy, it's always there for emergencies. So, farmers, be sure that part of your fall crop or livestock check goes into Savings Bonds. They pay \$4 for every \$3 invested in ten short years. This is the time to resolve—"NOW LET'S ALL BUY BONDS."

Mr. and Mrs. D. J. Harris Observe Their Golden Wedding Anniversary

On December 9 open house was held in the D. J. Harris home, when Mr. and Mrs. Harris celebrated their golden wedding anniversary. About seventy guests called during the evening.

The gold color scheme was carried out throughout. The beautiful three-tiered cake was white with gold trim, and was served with golden punch. The centerpiece was of yellow carnations, and the members of the immediate family wore corsages and boutonnieres, also of yellow carnations.

Miss Marjorie Aughete, a granddaughter, served the cake. Mrs. Calvin Daughete served at the punch bowl and Mrs. Naomi St. Clair served the coffee.

Mr. and Mrs. Harris received many beautiful gifts, and a lovely time was enjoyed by everyone.

At the same time the family held their reunion. All the immediate family was present for the occasion: Robert, Kenner, and Clarence, all of Grayville, Ill.; Mrs. Faye Alderson of Baker, Ore.; Mrs. Earl Harris of Pryor, Okla.; Mrs. Lewis Daughete of Amarillo, Tex.; and Allan and Maxine of Muleshoe. Others present were Mrs. Clarence Harris and Beverly, and Mrs. Alma Holzhauser of Grayville, Mr. and Mrs. Calvin Daughete and David, Miss Marjorie Daughete, Lewis Daughete, and Mrs. Mary Curtis, all of Amarillo; William and James Alderson of Baker, Ore., and Mrs. Allan Harris and Jack Bates, of Muleshoe.

Christmas Story Told For Club

The Dorcas Bible Study of the Methodist Church met in the home of Mrs. Doc Wilhite Wednesday, Dec. 13, at 3 p. m. for a Christmas party.

Mrs. Wilhite introduced Mrs. Helen Halten, a guest, who told "The Christmas Story". Carols were then sung, and Jera Lynn Wilhite played several beautiful selections on the piano.

Gifts were exchanged and a class gift was presented to Mrs. Bayless, teacher.

Gifts of food, clothing, and toys were brought to be given to needy families.

Coffee and individual "Christmas wreath" cakes were served to the following:

Mesdames Joe Ferris, Ben Porter, Edsel Bynum, Willis Farrell, Sam Damron, Horace Edwards, Deon Awtrey, Alvin Farrell, Clio Middlebrooks, Eugene Beck, Roy Bayless and Helen Halten.

Pool Family, 39 Strong, Enjoyed Reunion Christmas

Christmas day, 1950, was a happy one for the Pool delegation, for once again they gathered with their loved ones, having every member of the immediate family present.

Muleshoe Legion Hall, beautifully decorated for Christmas, with even a Christmas tree for the exchange of gifts, made a perfect setting for the Yuletide festivities.

Thirty-nine members of the family were there to partake of the two large turkeys with dressing and all the trimmings, topped with every kind of Christmas cake and pie.

There were Mrs. W. M. Pool, Sr., queen mother of the bunch, from Lubbock, Mr. and Mrs. Grady E. Davis, Barbara, Ronnie and Ray, of Harlingen; Mr. and Mrs. Mart Pool, Gaylon and Larry of Plainview; Mr. and Mrs. H. D. Pool, Judy, Nell, Jan, and Jessie of Levelland.

Mr. and Mrs. A. R. Pool, Leland and infant son of Oklahoma; Mrs. Mr. and Mrs. W. M. Ronald Carroll, and Mr. and Myron Johnson, Ronda, R. Pool, Wiley; Mr. and Mrs. Sylvia and Mr. and Mrs. Lee shoe, Rosemary, Buddy.

Throughout all of Muleshoe group gathered at afternoon the sing Christmas carolers to entertain with the piano to gram, including the children and "42" and other as story played.

Before breaking up at were most everyone decided they were not as old as they thought, and agreed that Muleshoe an ideal place to get together.

Go & Sew Club In Christmas Party

The Ladies Go and Sew Club met in the home of Mrs. J. D. Sullivan Thursday, December 21, for their Christmas party.

The meeting was called to order by the president, after which the minutes of the last meeting were read and approved.

The members then held a discussion on helping needy families by giving them a Christmas basket containing the makings of a real dinner for Christmas.

Refreshments were served to the following members before the presents were opened: Mesdames Lou Testerman, Cora Thomas, Lee Dudley, Lucille Thomas, Lois Testerman, Esther Magby, and the hostess, Mrs. Juanita Sullivan. Many lovely presents were received by the members, and Mrs. Esther Magby won the hostess gift.

WSCS Christmas Program Given In Gregory Home

The Women's Society of Christian Service met in the country home of Mrs. R. O. Gregory for its annual Christmas tree. The entertaining rooms were decorated in the holiday motif. Each lady brought packages of food wrapped in white tissue to be given in good will boxes.

The program began by singing "O Come, All Ye Faithful" Mrs. Roy Bayless brought, in reverent manner, the Christmas story, which is always new and beautiful. She urged us always remember to celebrate the real meaning of Christmas, the birth of our savior.

Mrs. Noel Woodley's talk, "The Star Still Shines", was so appropriate for these troubled days. After Mrs. Woodley's talk, the program was turned into a carol song-fest, led by Mrs. I. F. Wilman, Mrs. Lucy Layne later closed with a prayer.

The president, Mrs. F. E. Pierson, thanked those who brought a present. Mrs. J. Wyer asked all to be present next Sunday night when college students and service men are to be honored.

Delicious refreshments of sandwiches, olives, potato chips, and fruit cake were served by Mrs. Gregory to thirteen members and one visitor: Mesdames I. F. Wilman, Claude Farrell, I. W. Haney, Roy Bayless, I. F. Palmer, F. B. Pierson, H. W. Hanks, J. Wyer, Lucy Layne, H. C. Holt, Noel Woodley, Ruby Jennings, and the hostess.

Ways To Make Clothes Last

College Station, December 26—Clothes will last longer, look better, require less mending, cleaning, and pressing if they are given a good start and followed up with good care.

Nena Roberson, associate clothing specialist with the A. & M. College Extension Service, says that "preparation" in new wool clothes are more thrifty than "repairs" which have to come later. For instance, putting shields in wool dresses and coats for protection against perspiration stains is more economical than having to replace the dress or give the coat a new lining.

Wool skirts can be reinforced for wear and protected against stretch by lining the upper half of the back. Miss Roberson recommends lining with firm light weight materials, or if it is a part of a suit, the same fabric as the lining of the jacket will do. This is especially recommended for the tight skirt fashion which prevails now. Long sitting sometimes causes a skirt to bulge or stretch out of shape unless it is reinforced underneath.

Wool clothes need periods of rest, Miss Roberson says. A few days vacation allows the wool to spring back and wrinkles fall out so that less pressing is needed. The specialist states that clothes should hang straight on hangers and not be pressed tightly into a closet. Space and air are necessary to the long life of clothes. Occasional brushing inside and out helps to keep wool clothes in condition. Miss Roberson suggests that special attention be given to seams, turn down cuffs, and open out pockets.

THE MULESHOE JOURNAL, Thursday, December 28, 1950

Miss Peggy Jo Robison And Mr. Bobby McGee Exchange Vows December 22

Miss Peggy Jo Robison, daughter of Mr. and Mrs. Sylvan Robison, and Mr. Bobby McGee, son of Mr. and Mrs. C. L. McGee, exchanged wedding vows Friday, Dec. 22 at 7:00 p. m. at the Methodist Church in Muleshoe. The single ring ceremony was performed by Rev. Carroll M. Jones beneath a fern banked mantle with fern trees and candelabra on either side.

The bride, who approached the altar on her father's arm, was gowned in a full length white slipper satin dress with mits and elbow length veil of illusion. She carried a bouquet of vanda orchids on a white Bible. She arched a handkerchief that is 68 months old, belonging to her grandmother, for something borrowed a white Bible of her aunt's, a blue garter, and her something new was her dress.

Janice Jordan served as maid of honor. She was dressed in a blue full length gown with a corsage of white carnations.

Mrs. Pat Bobo sang "Because", accompanied by Miss Mona White at the organ. Mrs. Robison, mother of the bride, wore a green gabardine suit with brown and champagne accessories and a corsage of amaryllis.

Dean Elms, of Littlefield, acted as best man and Rex Robison, brother of the bride, and J. T. Barnes, brother-in-law of the groom served as brides.

Cousins of the bride, Miss Jane Griffiths of Bledsoe, and Miss Glenda Ann Stevens of Long Beach, Calif., acted as hostesses at the reception which was in the Robison home.

Following the reception, the newlyweds left for several days honeymoon. She chose a grey suit with black accessories for her going away costume.

Out of town guests at the wedding were: Mr. and Mrs. O. N. Robison and Lucy, Mr. and Mrs. Earl Robison and Children of Littlefield, Mr. and Mrs. H. G. Griffiths and Jane of Bledsoe, Miss Glenda Stevens of Long Beach, Calif., Mr. and Mrs. Grady Watkins, Mr. and Mrs. Boyd Mitchell, Mr. and Mrs. James Acuff, of Lubbock.

Mrs. Haberer Is In Angus Society

Mrs. Bonnie Haberer of Muleshoe, Texas, has been elected to membership in the American Aberdeen-Angus Breeders' Association at Chicago, announces Secretary F. Richards. Mrs. Haberer was one of fifteen purebred Aberdeen-Angus breeders elected from Texas during the past month to membership in the organization.

Progress Groups Will Show Film

The Progress W. M. U. and W. S. C. S. will show a film, "South of the Clouds", Tuesday, January 2, at 7:30 at the Methodist Church in Progress.

We urge all of the community to attend.

"South of the Clouds" is a triumph, not only as a film, but as a true document of Christianity at work in a world too confused and divided.

Seven Marriage Licenses Issued

Seven marriage licenses were issued by the Bailey County Clerk's office in December. They were: Billie Earl Jeter, Route 2, and Billie Margaret Collins, Muleshoe; Richard Franklin Puckett, Rt. 1, and Barbara Elizabeth Barnett, Rt. 1.

Robert Anthony Wallace, Muleshoe, and Virginia Montene Willis, Muleshoe.

Ely Jimmie Shafer, Sudan, and Mary Joyce Aetkinson, Rt. 1.

Bobby Lee McGee, Rt. 1, and Peggy Jo Robison, Muleshoe.

Everett Gale Dorrell, Earth, and Trellistene Harris, Star Rt. 1.

VISIT DAUGHTER'S FAMILY
Mr. and Mrs. Bill Kistler visited Christmas day with their daughter and family, Mr. and Mrs. James Hobbs and children, of Lovington, N. M. The Hobbs have a month old daughter, little Joyce Camille.

VISIT IN LUBBOCK
Mr. and Mrs. John McDonald spent Christmas in Lubbock visiting his mother, Mrs. Berta McDonald. They plan to visit Mrs. McDonald's mother in Garden City, Kansas, New Year's.

FROM FT. WORTH
Mr. and Mrs. Pruitt Hamock and children of Ft. Worth arrived Wednesday to visit Mr. and Mrs. Lee Pool and Mr. and Mrs. J. R. Hamock. They have been visiting other relatives in Sudan.

VISITED IN ODESSA
Mr. and Mrs. Harold King and children went to Odessa Saturday and attended the 25th anniversary of his brother and wife, Mr. and Mrs. A. J. King.

HOME FROM AUSTIN
Jack Young, law student enrolled in the University of Texas, is spending the Christmas holidays with his parents, Mr. and Mrs. Tye Young.

VISITED IN TEXHOMA
Ms. and Mrs. Stott Walker spent Saturday and Sunday in Texhoma, in the home of her sister, Mrs. Earl Wilson, and family and other relatives.

Miss Willis And Mr. Wallace Wed December 16th

Miss Virginia Willis, daughter of Mr. and Mrs. Virgil Willis and Bobby Wallace son of Mr. and Mrs. Roland Mathiesen were united in marriage Saturday, December 16 at 2 p. m. at the home of his grandmother, Mrs. Mertie Priboth.

Rev. M. E. Robison read the ceremony before the fireplace flanked by poinsettia plants and lighted Santa Claus on the mantel.

Miss Niesse Cooper cousin of the bride and Gerald Priboth uncle of the groom were the only attendants.

Miss Willis wore a dark gabardine suit with beige accessories.

A reception was held immediately after the ceremony with members of the family attending.

The two tier wedding cake was cut by bride and groom and Mrs. Stott Walker served the cake and Mrs. Hattie Jones served the punch.

The couple left for a trip to Ruidoso and Roswell. They will make their home here. Mr. Wallace is employed at the Muleshoe Elevator.

FROM AUSTIN
Mr. and Mrs. G. A. O'Brain and children of Austin spent Monday here with his sister, Mrs. Stott Walker, and family.

VISIT IN HOT SPRINGS
Mr. and Mrs. E. K. Angely and children visited in Hot Springs or Truth or Consequences, N. M., during the Christmas holidays.

Babson Forecasts—

(Continued From Page One)
demand.
43. Small sustenance farms should hold up well in price as demand will be spurred by those seeking refuge outside the big cities. Demand for large commercial farms, however, should weaken as the year progresses.

44. The swing back toward rent control will act as a further damper on new building. There is no incentive to build homes for rental income.

45. Tighter credit controls will make it more difficult to purchase older residential properties, and the prices for these should weaken.

46. As building volume slackens in 1951, the quality of available materials and workmanship should improve. This will help those who have saved their money and can pay for at least half the cost of a new home.

Defense Orders And Politics Will Increase
47. Those who can do so should attempt to get defense orders as a means of holding up production volumes and reducing overhead. Not too much profit from such war business should be expected, however, as these contracts will be subject to tightfisted renegotiations.

48. The political outlook for 1951 will be completely dominated by jockeying for position in the Presidential race for 1952. Most of Congress' time will be spent on International Problems; but either War or Peace could come early in 1951, which could make many of the above forecasts useless.

49. In Domestic Matters, despite recent election changes in party alignment, Congress will still be dominated by a conservative coalition of Northern Republicans and "unregenerated" Southern Democrats. When the heat is on in a tough fight, the North-South coalition will still be able to curb onslaughts by New Dealers.

50. We are gradually headed for a One Party System and finally a Dictatorship. The Republicans will sometimes win with the slogan "HAD ENOUGH?"; but their reign will be short-lived. Too many persons are following the pernicious doctrine of ASKING FOR HIGHER WAGES AND SHORTER HOURS, SPECULATING IN STOCKS AND GOODS, GROWING RICH ON PAPER, VOTING DEMOCRATIC FOR SELFISH REASONS AND LETTING THE COUNTRY GO TO THE DOGS, WAR OR NO WAR!

FORTS ARE BACK HOME AFTER EXILE AT PORTALES

The Perry Forts are back home again in old Bailey County, after an exile of a year or two over in Portales, N. M. Mr. Fort, after residing in the Baileyboro community 14 years, moved over to the Portales valley to try out their irrigation district. He recently sold his land there and moved back to the farm in this county, which he still owned.

Welcome back to all the Fort family, the Journal says on behalf of Baileyboro community and all of Bailey County.

MOVE TO HARLINGEN

Mr. and Mrs. Troy Vaughn and family moved to Harlingen this week where he will be employed. He was employed by Hicks Tractor Company here.

VISITED IN COLORADO CITY

Mr. and Mrs. Jim Cox and son and Mr. and Mrs. Ben Porter and baby spent the holiday in Colorado City with relatives.

CARD OF THANKS

We wish to express our appreciation and thanks to all of our neighbors and friends for their acts of kindness, words of sympathy, and the beautiful flowers at the death of our mother.

Mrs. C. E. King and Family.
