

THE MULESHOE JOURNAL, Thurs
NEW INTERNATIONAL
TRUCK NOW ON DISP

Big news around the Johnson & Nix International dealership this week was the arrival of one of the new International pick-ups, first new model pick up to come from International in ten years.

One of the half ton size pickups is on display now at the company showroom, and Fred Johnson of the firm is mighty proud to show visitors the improvements that have been made.

First of all, the color has been changed and instead of the old green, the new machine has a bright coat of paint that is most attractive whatever the color. It is a fine quality and, so far as I can tell by close inspection, it is a very well constructed building. I am proud of it.

Thanks, Mr. Maltby. The new building is costing the people of this district a handsome sum of money, but in the years to come their wisdom in building well will be more and more apparent. We will be more and more proud to have them to minimize considerations of original cost.

Mrs. R. C. Gaede: I had such good response to our drive for the electric scoreboard that I might just get out and see the people about erecting a hotel as was suggested in The Journal last week.

Doggone, Mrs. Gaede, you would be surprised at the response this editor got on that little squib we had in this column last week. Several business men said something about it, and I really believe that you or any other public spirited person could in a short time get subscriptions sufficient to build a nice little hotel here in our nice little city. One man said he would even build a hotel, myself. And we are for him if he decides to do it.

We don't need a Roosevelt or Astorbilt here in Muleshoe. But we DO need a hotel. It's not a convenience, such a good meeting place for everybody, that we sure miss the lack of it.

Houston Hart: I believe we ought to admit Notre Dame to the Southwestern campus. It would be interesting to see the Irish run into tough sledding every Saturday instead of just one time a year when they play a Southwestern team.

And we hate to bring it up again but we sure do need pavement and sidewalks here in our city. Think of this. We will have to do a lot of paving, a whole lot of paving, if we ever intend to control the dust and sand that blows with our changing breeze. Would a bond issue for paving pass?

Fred G. Gurley, president of the Aetehison, Topeka and Santa Fe Railway System, in a recent speech at Houston said some things many of us have been thinking but didn't know how to say. Speaking of the apparent world trend toward statism or collectivism, he said:

The forces of our time with which we must come to grips are those forces which damage and partially destroy, perhaps completely destroy, the foundations of private ownership and management of property.

The system, however, is in danger due to the activities of two groups. First, those who are opposed on ideological grounds to private management of property, and secondly, those who, while professing belief in the system, seemingly fail to see danger in accepting financial assistance from government. Financial help from government inevitably means the introduction of governmental direction of business policy, and that in this day is the forerunner of state control, domination, management and ownership.

The collectivist knows all this and believes in these methods of accomplishing his objective. The collectivist knows that his ambitions are furthered when American capitalism, or American private management of property can be damaged and discredited. And do not kid yourselves—the collectivist has been making more yardage that the home team.

BAILEY 1950 COTTON ALLOTMENT IS 85,910 ACRES

Individual Allotments To Be Announced After Conference Here Next Thursday

Bailey County's 1950 cotton allotment, announced Friday, is 85,910 acres, compared with a figure of 103,000 acres planted in 1947 and 96,000 acres planted to cotton in 1948.

Lubbock County will be allowed to plant the largest number of acres next year, drawing an allotment of 248,000 acres; compared with 292,000 acres seeded to cotton in 1947 and 290,000 acres in 1948.

The South Plains will continue as the greatest cotton producing area in Texas in 1950 and one of the greatest in the nation if federal acreage allotments announced Friday are approved in a grower's referendum on December 15.

Twenty-one counties in the South Plains cotton group drew 1,824,439 acres from the total of 7,637,029 acres allotted for distribution among all 228 cotton producing counties in Texas.

Lubbock county drew 248,699 acres from the state pot—the high est one-county allotment in Texas, and joined with four other South Plains counties at the top of the state list in number of acres. The 1950 total is a reduction of approximately 150,000 acres from this year's total.

Dawson County Second
The other four high counties, in order, were Dawson with 228,755 acres; Hockley, 203,939; Lynn, 203,782; and Lamb, 188,709.

Although Lubbock county had approximately 400,000 acres of its estimated 500,000 acres of crop-land in cotton this year, the allotment figure of 248,699 acres was more than the five-year average back through 1945, which was 237,800 acres.

Travis Winter, of the local AAA office said it will be several days before individual farm owners can be notified of the 1950 cotton acreage allotment. He said a representative of the state committee will visit the local office next Thursday, December 15, to examine the count listing sheets, and that after that the individual allotments will be made known.

CAR AND TRUCK LICENSES
Car and truck licenses issued during the month of November in the office of Sheriff and Tax Collector A. H. Freeman amounted to \$71,600 with a total of 87 licenses issued.

VISITORS FROM PLAINVIEW
Mr. and Mrs. Oliver Gross of Plainview, were visitors Sunday in the home of Mr. and Mrs. Ernest Holland.

Goss Becomes Mercury Dealer

C. W. Goss announced today his appointment as Muleshoe dealer for Mercury automobiles, and at the same time announced a new building will be erected to house the business.

V. M. Collins, local building contractor, will erect a brick and tile structure 50 by 120 feet in dimensions on South Broadway, between the building housing the Buick dealership and the old red brick, former bank building. Work will be started in the next few days.

Mr. Goss will have a direct dealership from Dallas. The new firm will do business under the name Goss Auto Company. He will install repair machinery and will have a complete sales and repair service agency.

The new 1950 Mercury models were shown over the U. S. on November 29. Hitherto the nearest Mercury dealership has been at Clovis.

The new agency will give Muleshoe still further coverage in the automobile field. Already there were dealerships for Ford, Chevrolet, Kaiser-Fraser, Pontiac, Buick, Oldsmobile, Chrysler-Plymouth and Dodge-Plymouth. Besides this there are agencies for International trucks and GMC trucks as well as Dodge, Chevrolet and Ford trucks.

Contest Winners To Be Announced Here Saturday

Winners will be announced Saturday, December 10, in the Crosley million dollar give-away, in which the Johnson Furniture Company, of Muleshoe is participating, according to "Red" Johnson, manager.

The company will give a Crosley Shelvador refrigerator. Judges will be extension service workers and a representative of the Southwestern Public Service Company.

The contest closed November 30.

Election On Swimming Pool Bonds Is Set For Next Tuesday, Dec. 13

Next Tuesday, December 13, is election day in Muleshoe.

The voters will go to the polls that day to decide on the position of the issuance of city bonds in the sum of \$30,000 for park improvement, to-wit: the construction of a municipal swimming pool.

At the same time the commission appoints officials for the election, as follows:

C. D. Gupton, Presiding Judge.
Mrs. Henry Williamson, Judge.
Mrs. J. E. Day, Clerk.
Mrs. Henry Hanover, Clerk.

Voting will be at the city hall, with the entire city forming one electors who own taxable property in the city and who have duly rendered such property for taxation are entitled to vote.

The bonds would mature serially over a period of not to exceed 25 years and would bear not to exceed three and one-half per cent annually.

Dr. Cooke Will Be Here Sunday

Dr. Harold G. Cooke, president of McMurry College, Abilene, will visit Muleshoe the coming Sunday. He will preach at the morning service of the First Methodist Church here.

Dr. Cooke was a visitor in Muleshoe several months ago, when, in Landreth, of Amarillo, he attended a meeting and banquet given in Fellowship Hall.

FFA Sweetheart Is Entered In District Contest

Mona Smith, daughter of Mr. and Mrs. Leon Smith, sweetheart of Muleshoe F. F. A. Chapter for the school year of 1949-50 will represent the local chapter in a district Sweetheart Contest, which will be held at Littlefield, December 13, 1949.

Among other honors bestowed upon Mona this year are Most Beautiful girl in Muleshoe High school, vice president of FFA organization, member of the Art class, runner-up for Miss Yellow-jacket.

Contestants in this contest will be from F. F. A. Chapters from Littlefield, Sudan, Amherst, Springlake, Olton, Spade, Threeway, and Bull. Two delegates from each of the Chapters will vote to select the District winner, who will represent this district at the Area contest at Plainview, at a later date. The Area winner goes to the state contest which will be a part of the program of the next F. F. A. Convention.

Alex Wilkins is moving to Muleshoe from Clovis to become manager of the Texas Machinery Company, local dealers for Massey-Harris farm machinery. Howard Splawn, who has been manager of the local store will remain with the company and A. E. Scarbrough also will remain in the employ of the firm, it was said.

At the same time the company announced they are installing complete repair machinery and will now offer complete sales and service facilities. The company is located on the Clovis highway in the west part of town, in the building formerly occupied by Irrigation Supply Co.

The company is owned by E. C. Armstrong, of Clovis, who also owns and operates Western Machinery Co., Clovis, and Portales Machinery, Portales, both Massey-Harris dealerships.

Mr. Wilkins will move here with Mrs. Wilkins and their two children in the next few days. Their oldest son is in school this year and will enroll in Muleshoe school at the beginning of next semester in January.

Boy Scout Drive Gets Underway

A drive to bring Bailey County's Boy Scouts contributions to \$900 a year started Tuesday morning with a breakfast for local workers held at Gerald's Cafe.

W. R. "Bill" Postma, council executive, Lubbock, and Ray Howard, Plainview, field executive of the Yellowhouse district attended the breakfast and each gave a short talk.

All money contributed to the Boy Scouts in this district remain in the district to pay salaries of executives, maintain camp parks, etc. Muleshoe firms have been contributing approximately \$400 a year to the work.

White Buys Fine Clements Jersey

COLUMBUS, O., Dec. 5.—Carl White of Muleshoe, Texas, has purchased one registered Jersey, Jester Dream Cowslip Girl from the herd owned by Jimmy Clements of Muleshoe, Texas.

Jerseys are registered at the national office of The American Jersey Cattle Club in Columbus, Ohio. The Club has kept complete records on all registered Jerseys in the United States since 1863.

Jerseys are especially noted for producing milk that averages more than 5 percent butterfat. The breed also calves and begins producing milk from three to six months sooner than other dairy breeds. This means faster herd building and earlier milk checks, and makes Jerseys increasingly popular with dairymen.

CHRISTMAS RECITAL

Mrs. Horace McAdams will present her expression pupils in a Christmas recital Thursday, December 15, in the Fellowship Hall at 7:30. The public is cordially invited.

Life Memberships Presented Two By Muleshoe P. T. A.

PT-A met in regular session Monday night for their December-Christmas meeting with 250 in attendance.

The meeting was called to order by the president, Mrs. R. E. Herrington and Minister Ebb Randol gave the invocation.

Mrs. Henry Williamson made a report on the State Convention held at Waco November 15-18 which Mrs. Williamson and Mrs. Herrington attended, representing the local organization.

Two life memberships were presented by the local organization, one to Mrs. J. Clyde Taylor, past president and one to Mrs. Herrington.

Mrs. Radie Boones' first grade room won the prize for having the most parents present at the meeting.

The program was under the direction of Mrs. Ed White, vice-president.

The High School Chorus, under the direction of Bob Gray, very ably rendered three old and well loved Christmas carols. The songs were enjoyed very much by the group.

Mrs. Noel Woodley, the speaker for the evening, talked on the meaning of Christmas and the incentive we have by all pulling together as a group rather than trying to do something alone. The illustration used was very compelling, the lights in the auditorium were all turned out and she struck a match which made a feeble light, but when on the count of three, every adult in the auditorium all together struck a match the light was strong and bright.

Pontiac In Big Ad Campaign

To announce its 1950 models Pontiac Motor Division has embarked upon the largest new model advertisement campaign in its history, according to Harry J. Klingler, general manager.

"Dollar For Dollar You Can't Beat A Pontiac!" is the 1950 theme song of announcement advertisements appearing in 2,915 newspapers with a readership exceeding forty-seven millions. Full-page space was used in 29 key cities on an announcement day with other newspaper carrying advertisements ranging downward from 119 inches. A heavy newspaper follow up campaign is scheduled.

Pontiac announcements were carried by 1001 radio stations in 880 cities and over 48 television outlets, probably the most concentrated use of these media by an automobile manufacturer.

Seventeen national magazines with a combined readership of twenty-seven millions, will carry Pontiac announcement advertisements. Full color spreads will be used in The Saturday Evening Post, Life and Collier's. Other magazines will carry full-color single pages.

Davis-Lenderson, the local Pontiac dealers, is cooperating fully in acquainting the public with the new 1950 lines of Pontiac motor cars. They showed the new models in their showrooms here Saturday.

Ogletree Farm Sale Is Friday

The L. E. Ogletree farm sale will be held tomorrow, Friday, December 9, at the Ogletree place, 6 miles south and 5 west of Muleshoe, 7 miles north of the Baileyboro cemetery.

Mr. Ogletree will sell at public auction a large list of cows, hens, one horse, farm machinery, feed, household goods and miscellaneous items. Col. W. D. Wanzor of Muleshoe will act as the auctioneer.

The sale will begin at 11 a. m. and there will be a free lunch at noon.

DICK TAYLOR ELECTED POULTRY CLUB OFFICER

At the annual convocation of the National Collegiate Poultry Club held in Chicago November 29, Dick Taylor, of Muleshoe, student at A. & M. College of Texas was elected vice-president. Taylor is a son of Mr. and Mrs. J. Clyde Taylor, of Muleshoe.

JayCeas Worry As "Good Neighbor" Fund Seems To Lack Ready Donors

Muleshoe JayCeas have planned a worthwhile program of aid to the needy and to the underprivileged of the community, especially at Christmas, and, as contributions to their fund dribble in they are beginning to wonder why the people have not responded more liberally to their appeals.

They discussed the subject at their meeting Monday night and for one thing they asked The Journal to help make it clear that no merchandise contributions of any kind will be sought from local merchants and business men. Money gifts alone will be asked for.

They felt that some merchants may be holding back because they feel they will be asked for a merchandise contribution in addition to a money gift.

Roy Howard, spokesman for the club said this will not be done. And everything which is bought for this purpose will be purchased from Muleshoe merchants, he said.

The JayCeas would like to see the fund grow by several hundred dollars. They want to do a good job of being a "Good Neighbor."

By referring to the list of contributors published on this page it will be seen that some have given very generously. The JayCeas would welcome contributions of any size, one dollar, two dollars, or just any amount a person wants to give. No amount would be considered too small for them to accept and appreciate.

"Good Neighbor" Fund

Contributions to date to the fund are:	
Muleshoe JayCeas	\$250.00
Murrell Brown	\$ 5.00
Sam E. Fox	\$ 25.00
Paul Gardner	\$ 5.00
Roy Howard	\$ 5.00

Christmas Choral To Be Presented At High School Auditorium Dec. 18

Some eighty people in the community of Muleshoe are hard at work preparing for the presentation of a Candlelight Christmas Choral on Sunday evening, December 18.

The Easter Choral presented jointly by school and church choirs was such an outstanding success that it was decided to attempt a Christmas Choral together. But this time, besides the beautiful Christmas music and the reading of the Christmas story, there will be tableaux, or living pictures portraying the music and story. The dramatic department of the school has taken over this phase of the Choral.

Coordination of all these elements into a perfect whole requires much time and labor by many people. It is the Christmas gift of churches and school to the community of Muleshoe.

To all people, of all creeds the Christmas story is forever the same. So all are urged to plan now to join their neighbors in hearing together the beautiful story of the birth of Christ.

The program will begin at 8 p. m. and will be presented in the High School auditorium.

Muleshoe Bakery Sold To Dalton

Muleshoe Bakery was sold this week by Harold Cowan and Louis Beesinger to Ray Dalton, of Duncan, Oklahoma.

Mr. and Mrs. Dalton plan to move here next week to make their home and will take over operation of the bakery next week. Mr. Beesinger and Mr. Cowan have not announced their future plans.

Scoreboard Fund Reaches \$291.25 Reports Mrs. Gaede

Additional funds came in this week to augment that collected last week to buy an electric basketball scoreboard for the Muleshoe high gymnasium. Mrs. R. C. Gaede reports. She, with Bobby Kimbrough last week collected \$273.75.

Three more donors this week came in with \$17.50 to bring the total given for the purpose to \$291.25. The board will be installed as soon as it arrives, and it is predicted it will add to the enjoyment of the game on the part of the players and spectators alike.

A complete list of donors to this fund follows:

- Houston Hart, Ray Griffiths, Blackburn Grocery, Sam E. Fox, Johnson & Nix, King Bros. Grain & Seed Co., Davis-Lenderson, Bob Kimbrough, R. L. Kimbrough, Bill Collins, Muleshoe Elevator, Muleshoe Motor Co., Ray Keeling, Joe Dameron, R. C. Gaede, Finis Kimbrough,

FARMERS WONDER WHAT TO DO WITH 21 MILLION IDLE ACRES

What is to be done with upward
of 21,000,000 acres of idle farm
land in 1950?

This question is worrying govern-
ment farm officials and the
owners of the land. This acreage
represents the amount of land
which the Agriculture Depart-
ment has asked, or will ask farm-
ers to take out of the production
of cash crops.

The answer affects not only
farmers but city workers, con-
sumers and taxpayers generally.

The department says crop pro-
duction on this land—about 7 per
cent of the total acreage harvest-
ed in recent years—is no longer
needed. During and since the war
this land produced to meet short-
age needs abroad, but overseas
markets are falling off as produc-

tion recovers in war-affected areas.
Crops for which smaller 1950
acres are planned include
wheat, corn, rice, cotton and po-
tatoes.

Under its crop control and price
support program the government
has the means to get smaller
acres of these crops. In the
case of cotton, there probably will
be rigid marketing quotas, with
stiff penalties on farmers who
overplant and oversell. In the
case of the other crops, price sup-
ports can be denied those who do
not make their proportionate cut
in plantings.

But what is to keep the corn
farmers, for example, from plant-
ing oats, rye, barley, soybeans, or
other crops on the land taken out
of corn?

Or, what's to keep the cotton
farmer from planting similar
crops, including corn, on land di-
verted from cotton? Little, if any-
thing, officials say.

In other words, it would be pos-
sible to take land out of corn to
prevent surplus in that crop, only
to see it used to produce a surplus
of other crops. Thus little would
be gained in the government's bat-
tle against farm surpluses.

Whatever is done with these ex-
tra acres will influence city folks.
If 20,000,000 or more acres are
taken out of production fewer peo-
ple would be needed to operate farms.
That could mean increased migra-
tion of farm folks to the city to
compete for jobs there.

Also, it could mean further re-
duction in farm income—with ac-
companying reduction in rural de-
mand for city goods and services.
Or, if the land is diverted to pro-
duction of surpluses in other crops,
the taxpayer must carry the bur-
den of government price supports.

The government would like to
have this extra land put into grass
and pasture for greater livestock
production. But it takes time to
get income from land changed
from cash crops to livestock, and
many farmers are unable to wait.
Too, the investment in livestock
farming is greater than in crop
farming.

Furthermore, the long-range out-
look for livestock prices is uncer-
tain, despite the fact that govern-
ment nutritionists say consumers
need more livestock products.

IN THE WINTER WHEAT BELT

(Santa Fe Railway Report)

Generally speaking, the winter
wheat belt has adequate subsoil
moisture but topsoil over the en-
tire Southwest is beginning to
show the effects of nearly two
months of open fall weather and
need for surface moisture is in-
creasing daily.

This is especially true in the
western third of the territory
which is very dry and wheat is
commencing to suffer from drouth.
In many instances, fields are turn-
ing yellow and at least some dam-
age from both rust and insects is
reported.

Early heavy growth, tending to-
ward rankness, together with the
mild weather, has provided some
of the best wheat pasture in years.
Wheat plants generally are well
developed and possibility of wind
erosion is not too serious, except
in a few isolated fields where lack
of surface moisture at planting
time resulted in late germination.

Acreage figures still are more or
less speculative but there is little
doubt that preliminary estimates,
usually announced about Decem-
ber 20, will show considerable de-
crease as compared with plantings
of a year ago.

Conditions of the new wheat
crop in Northwest Texas generally
is good, although germination was
delayed in some areas by lack of
early fall moisture and additional

BABSON DISCUSSES Opportunities For Small Businessmen

EUREKA, Kans., Dec. 2.—This
central West through which I have
been traveling has many advan-
tages. Its slogan: "Richest in time
of Peace and safest in time of
War"—is probably true. It has
great natural resources, such as
deep fertile soil, quantities of oil,
coal and natural gas, remarkable
highways, railroad and air trans-
portation, and—most important of
all—a church-going, law-abiding
people.

Weakness Of Central West
This section has two handicaps:
(1) Money has come too easy to
the present generation. The days
of the covered wagon, mud huts
and the struggles of their ances-
tors have been forgotten.

They think that because they are
now making good money from
government guaranteed farm
products, from oil and gas checks
received from oil com-
panies and from increasing land
values, they are "big business-
men". They forget that their
wealth has come largely from
good luck—not necessarily from
good brains.

Hence, the average businessman
in these Central Western states
does not know how to meet com-
petition. He now is unable to cope
with businessmen of New England
and eastern cities who have learn-
ed to make money the hard way,
without any natural resources or
government subsidies. To help his
sons to learn how to successfully
compete is the purpose of Utopia
College, which is located here. It
is a non-profit institution which
I can heartily recommend.

**Importance Of Processing
And Selling**
Most farmers have had no ex-
perience in processing their pro-
ducts. They raise wheat at \$2.20
per bushel and ship it East to
breakfast food manufacturers, who
sell for it \$50 per bushel. They
raise alfalfa at \$15 per ton and
ship it East to vitamin manufac-
turers, who get for it \$100 per
ton; while their oil, which they
crow so much about and are so
happy to sell to Easterners at \$3.00
per barrel is turned into perfumes,
dyes, etc. by eastern chemical
companies who get for it \$500
per ton! These Easterners have
the "know-how" which my west-
ern friends have not yet learned.

surface moisture is needed before
the crop enters the winter.
An abundance of wheat pasture
is available at this time and cured
range feed is plentiful in nearly
all areas.

Farmers know little about sell-
ing. They raise good crops and
livestock; but they have nothing
to say as to what price they get.
Farmers are as much gamblers as
those who buy and sell securities
on the New York Stock Exchange.
They know very little about creat-
ing markets through advertising,
sales forces, etc. These are things
which their sons should learn.
These western states now need
"county agents" which will train
farmers not only to raise crops,
but to process them and advertise
them. More colleges of Business
Administration are needed. Too
many businessmen here are still
in the kindergarten stage.

Helping Small Business
Small businessmen are now yell-
ing for government aid. They
think because Mr. Truman sup-
ports farm prices, he should also
support wholesale and retail prices
to help out inefficient and ig-
norant manufacturers and store-
keepers. The truth is that these
small manufacturers and mer-
chants should go to school and
learn to become successful busi-
nessmen through efficiency, adver-
tising and hard work.

Nearly all big concerns were
started in cellars or garrets. They
won their success by giving the
public better goods for less money.
Whenever they fail at this, con-
sumers will quit buying their pro-
ducts, causing them to go out of
business. So I say to all my busi-
ness friends: "Stop crying about
competition. Send your sons to
some school which will teach
them how to overcome competi-
tion with character, brains and
hard work. Then listen to these
young men and give them a
chance to make your business a
big success." Although I am writ-
ing this column in the Central
West, yet what I say above ap-
plies generally to all small busi-
nessmen—in the East, the South
and the Pacific States as well.

Texan Sectional Winner in 4-H Achievement Program

ONE of the highest honors bestowed upon 4-H Club boys and girls is the 4-H Achievement award. Selection is based upon project achievement as well as club and community activity. One boy and one girl are chosen from each of the four extension sections to attend the National 4-H Club Congress in Chicago, where four of them will be selected for national awards.

One of the sectional winners was Howard Altenhof, 20, of New Braunfels, a 4-H'er for 11 years. During this period he inaugurated many new and better practices on the land and with livestock—largely from knowledge gained in 4-H Club work.

Hog management and soil conservation have been important factors. About 40 percent of Howard's hogs are shown in Texas shows each year. In 1947 he was a national winner in the 4-H Animal program, and following year received the national 4-H Club Camp award. This year his livestock judging won first in the district, and he placed second as an individual. He has received county awards in achievement and leadership. Exhibits have been shown at 100 fairs.

What is to 100 ribbons—12 of 21,000,000 reserve champion in 1950? This quest has helped him get started in owning of objects and coached owners of teams. This year represents the county agent at which 4-H Club Camp. committee and in various community drives. He was leader of the local 4-H Club for seven years, and also held offices in the county and district 4-H organizations. His award is an all-expense trip to the National 4-H Club Congress in Chicago, provided by the National Committee on Boys and Girls Club Work.

COMPSON AND GALT ARE IN WASHINGTON FOR MEETING

W. H. Thompson, manager, and Tommy Galt, a director, of the Bailey County Electric Cooperative are in Washington, D. C., to attend a cooperative manager's meeting. The two left Amarillo by train Saturday afternoon and are due to return home the coming Sunday.

VISITORS FROM LEVELLAND

Mr. and Mrs. Alton Turrentine had as guests Wednesday his parents, Mr. and Mrs. J. A. Turrentine, his grandmother, Mrs. Hester Pirtle, an aunt, Mrs. Banfield and brother and wife, Mr. and Mrs. Billy Turrentine of Level-land.

Name Texas Youth 4-H Sectional Winner in Soil Conservation

Carroll Fowler

BEING chosen one of 16 sectional winners in the 1949 National 4-H Soil Conservation program was the honor bestowed upon Carroll Fowler, 20, of Lakeview. His splendid record showed that the need of a farm stock water reservoir first brought soil conservation to his attention. He soon realized the need of more terraces, soil tests, contouring and strip croppings. Some of these practices are already under way. Baby beef, swine and poultry, are among his chief projects, all of which depend for maximum feed production upon good soil. Carroll declared his goal is "to have all fields terraced, planted to the proper crop, establish good crop rotation, cultivate correctly, and have adequate supply of pasture and water." His award was an all-expense trip to the National 4-H Club Congress in Chicago, provided by Firestone Tire & Rubber Co.

This activity is conducted under the direction of the Extension Service of the State Agricultural College and USDA cooperating.

Texas Corn Hybrids Are Recommended

COLLEGE STATION, Dec. 6.—The use of corn hybrids in Texas for the past eight years has enabled farmers to produce more corn per acre than was ever possible with the common varieties previously planted. The results from the 1949 corn tests conducted by the Texas Agricultural Experiment Station at 17 widely scattered locations show that farmers may expect even greater increases in yield from some of the newly developed hybrids, says J. S. Rogers who is in charge of corn investigations for the Station.

The yellow hybrids showing the greatest promise, continues Rogers, are Texas 24, 26 and 28. Texas 11W is recommended for those farmers who prefer to plant white corn. All of these hybrids show a wide range of adaptability, and will give good results in any area where the older hybrids are now grown successfully. The tests this year show that Texas 24, 26 and 28 may generally be expected to produce from five to 10 percent more corn than the hybrids now available.

Texas 26 and 28 are particularly recommended for the Blackland Prairie and the western corn-growing regions of the state, says Rogers. These two hybrids are quite drought resistant, and will outyield the other hybrids under conditions of limited moisture. Texas 28 and 20 produced the highest yields in East Texas this year and are recommended for that area.

Texas 28 appears to be the most widely adapted of the new hybrids. It has produced outstanding

yields wherever tested. Texas 26 is the earliest of the new hybrids and produces a large yellow-dent grain that resembles Texas 18. Texas 24 is superior to all of the Texas hybrids in standing ability and is recommended wherever lodging is a serious problem. Texas 24 is also more resistant to earworms and ear rots than the other hybrids and should be planted where damage may result from such injury.

In making a choice of hybrids in 1950, Rogers suggests that farmers try these new Texas hybrids. He says over 2,000 acres of these hybrids were produced by seed growers in 1949 and that farmers should be able to secure seed if they will place their orders early. He adds that these hybrids should

Letters To Santa

Dear Santa: Hello, this is Sharon Kay West remember me? I met you at the air port last year. I sure thank you for the big doll you brought me. It is still just as new looking as it was. It sure needs a new dress and blanket as it is cold down here at times. I would like to have a buggy to push her in. As you know she is sure heavy. I would like to have a baton as I want to be a band leader.

Oh yes Santa, I am taking expression this year. We will have our Christmas recital program Sunday eve before Xmas. Sure hope you can hear us because I am supposed to call you and I sure hope you hear me.

Love,
Sharon Kay West.

Yellowjackets To Open Conference Play At Sundown Tuesday Night

December 13 the local basketball team will officially open the regular season at Sundown, then on December 20, they will meet the Littlefield cagers here on their home court.

However the teams will have practice games before conference play opens, having a game or two scheduled with Springlake one of which is to be played there and one will be played here.

Sudan, Sundown Rejected For 4-A Bid Wednesday

Sundown, Sudan and Seagraves High schools were rejected re-admittance to district 4-A at a district executive meeting held in Levelland last Thursday and will therefore have to compete in class B competition next year.

The schools had been dropped from the district by TIL because their individual enrollments were not enough to keep them in class A competition and therefore it has been necessary to vote them back into the district each year. This year their application for re-admittance was turned down.

A unanimous vote was necessary for them to regain admittance to class A competition and each of the schools failed to get a unanimous vote, so therefore they will have to go into class B competition next year.

Since these three teams will be eliminated from district 4-A the district will more than likely not be split next year as has been heretofore and it will put Slaton, Post, Tahoka, O'Donnell, Levelland, Littlefield, Morton and Muleshoe in conference play.

Brownfield does not have enough scholastics to stay in class AA competition and if they fail to be voted back into class AA, they will also become a member of district 4-A.

Slants From The Sidelines ...

By W. E. Hill

We very seldom venture into the discussion of college football, but this time we just can't resist. A few weeks ago we read a column written by one of the Sports Editors in the Lubbock Avalanche-Journal and he stated that he wouldn't give 2-cents to see the Notre Dame-SMU football game in Dallas. Now it is a known fact that most SW conference teams are underrated by the rest of the nation as well as some of our own sportswriters in the SW. Now that the Notre Dame-SMU game is over we wonder if the fellow down at Lubbock would have given 2-cents to see the game.

The game was probably the best game in America in 1949 with already thrice beaten SMU nearly defeating the No. 1 team of the nation, but not quite being able to do so. Baylor, Rice and TCU all took the Mustangs for a cleaning this year in conference play. That just goes to show you we have the best football teams in the nation right here in Texas.

The Littlefield Wildcats came through to win the regional crown by defeating Letors last Friday, but we are afraid that Wildcats are likely to be defeated Friday when they meet the Ballinger eleven in Odessa.

Ballinger gave the Wink eleven a sound drubbing in that regional tussle last Saturday and brother any team that can do that must really have something on the ball. However we predict that the winner of the Littlefield-Ballinger game will go all the way to win the state class A crown.

We were very surprised, but very happy to learn late last week that Mrs. R. C. Gaede and Bob Kimbrough had taken the lead in raising funds for an electric score board for the local high school gym. However they passed around the hat and had collected more than enough to purchase the board before we knew they were doing so, and we failed to get in on it, but if they will come around we will still give them that ten bucks if they need it to help pay for freight or installation of the board.

Girls Trim Friona 46 - 30

Last Tuesday night the M. H. S. girls went to Friona for another practice game and came home winners by a score of 46-30.

The Muleshoe girls were a little worried about the game as Friona has gone to State the past several years, but after Wanda K. hit the net for 21 points, Kay Malone of 16 and Dolores for 9 points, there was little doubt how the game would turn out!

These girls played a wonderful game and are looking forward to bringing home a big trophy from Lazbuddy tournament!

The guards, Graves, Kimbrough, Martin, Jarnigan and Sanders, did superb guarding all the way and we're proud of 'em!!!!

Girls Take 2nd In Lazbuddy Tournament

Margaret Sanders
Friday night the Muleshoe girls played Lazbuddy in the Lazbuddy invitation tournament defeating the Lazbuddy team 34-32.

The game was close most of the time with Muleshoe always in the lead. The game ended with Muleshoe on the big end of the score 34 to 32. This was a big disappointment for Lazbuddy as they had hoped to win the game by an easy margin.

Saturday night Muleshoe met Bovina for first place, but the Bovina girls went out in front and led all the way to win by a big margin 41 to 31.

This gave the girls second place in the tournament, and they brought home a beautiful trophy. Kay Malone, captain of the team, presented the trophy to Superintendent Grandy and the high school in assembly Monday.

Girls playing for Muleshoe were: Malone, Locker, W. Kimbrough, M. Sanders, Graves, D. Kimbrough, Martin and Jarnigan.

The next game on schedule for the girls will be Tuesday night (tonight) with Springlake and on Thursday night the girls will go to the Levelland tournament where they will meet Whiteface beginning at 8:00 p. m.

Goss Gets Bid To Baylor University

Baylor University appears to have the inside edge in a three-college bid for the services of Muleshoe's all-district football star, Bobby Goss. The hefty full-back has made plans to go with friends to Baylor soon and meet the athletic officials of the big Baptist Southwest Conference school.

Scouts who watched the Muleshoe and Littlefield game left word they wanted Bobby. Then it was made known that Texas Tech's Red Raiders would be happy to have Bobby and a Christian College put in a bid for him.

Bobby's ankle, which gave trouble during the recent campaign, likely will cause him to seek a line berth with the Bears if he enrolls there. He is considered an extremely good tackle and has the left to do it—his scales now at 235 lbs. will weigh around 250 lbs. after another grid training around.

Two other boys who were whom Baylor authorities are interested in company with Elliott man, plan to make the Baylor campus together.

Mr. and Mrs. J. E. McWhorter spent a week in Denver, Colo. and other points in the mountains of Colorado.

Band Participates In Plainview Event

All band students were in a most gleeful mood Wednesday at 2:15 as they left to go to Plainview and participate in the Santa Claus Parade, an annual event sponsored by the merchants of Plainview each year.

All were given a free lunch and after that the long trail of the parade began.

At the conclusion of the parade a twirling contest got underway. Most all the Muleshoe majorettes entered, with Milda Puffer carrying away third place honors. Then everybody packed back in the bus and continued on their merry way home.

THAT'S YOUR BUDGET NUDGING YOU

TAKE THIS, FOR EXAMPLE—A roomy 6-passenger 4-door Sedan of 115 hp. Ideal for a family car. Available with Dynaford Drive as optional equipment at extra cost.

LOOK this tidy Buick over—and you may hear a still small voice saying "go ahead—get it!"

If so, don't think it's mere ambition urging you to splurge.

The simple fact is that this lively fashion setter is not only a car straight from your rosiest dreams, but a *bravvo straight-eight Buick* that practically any budget can handle!

Match prices—and you'll find that many a six costs you more than this does.

Boil it down to costs per pound—and poundage in a car often means more durability and longer life as well as smoother riding—and you'll find this one right down among the so-called lowest priced cars.

Figure your investment over the extra years you'll be happy in a Buick—check the used-car listings and see how Buicks hang onto their resale value—and you'll see the wisdom in buying a better car to begin with.

And just figure how much more

automobile you're getting here. The extra value of Buick's own Fireball valve-in-head straight-eight power.

The hump-smothering gentleness of soft coil springs on all wheels, both fore and aft.

The roominess of Buick's king-size interiors—the lightness of Buick controls—the new parking and garaging ease of traffic-handy size—

And that completely different and distinguished look of Buick's tapered fenders, sleek jet-plane lines and the sturdy, shock-deflecting protection of that hold-new front-end design.

So go ahead and listen to that still small voice. It's your budget, nudging you to go get the actual figures and replace guesses with facts.

The place to go is your Buick

dealer's—and if you want to travel like fortune's favorite, the time to sign on the dotted line is now!

TEN-STRIKE!
Only Buick SPECIAL has all these Features!

Party Given E. S. A. Rushees

Epsilon Chi Sorority met in the home of Mrs. Lois Winn with Miss Ann Horsley as hostess the evening of November 30.

The pledge ceremony was given for Mrs. Jack Beddingfield who was ill at the time of the Pledge ceremony in October.

Those present for the meeting were Mrs. Jack Beddingfield, Mrs. Milton Forbes, Mrs. Bettie Glaze, Mrs. Bob Herrington, Mrs. Kenneth Precure, Miss Gwyneth Bigham, Miss Billie Jones, and the hostess.

Rushee Party
Wednesday evening, December 7, three rushees, Mrs. Tyler, Mrs. Lois Witherspoon and Miss Ellen Goodson were taken to Clovis to El Monterey to enjoy Mexican food and to the show. Members going were Misses Ann Horsley, Billie Jones and Gwyneth Bigham and Mesdames Bob Herrington, Bob Gregory, Jack Beddingfield, Bettie Glaze and Clyde Holt.

Y-L W. S. C. S. Met December 1

The Y-L W. S. C. S. met December 1, with nine members present.

Mrs. Mae Wilterding, president, presided. The opening song was "At Calvary," prayer by Mrs. Jones. Roll call, minutes of the previous meeting were read and the treasurer's report was given. It was voted to have Christmas party at the home of Mrs. Jones

Letters To Santa

Dear Santa Claus:
Please bring me a bicycle and gun and bring my little sister a doll and buggy. Don't forget all the other little boys and girls.
Your friend,
Marvin Cave, Jr.

Dear Santa:
My mother says I have been a pretty good little boy so will you please come to see me this Christmas. I would like an electric train and cowboy boots. Come see my baby brother too. I love you.
Jimmy Earl Marrs

Dear Santa Claus:
We are two little boys whose ages are 5 and 3. We have tried to be good boys, and we would each like a road maintainer, a cattle truck, a blackboard, and a John Deere tractor. Please remember all the other boys and girls, Santa.

Your little friends,
Jimmy & Gary MacBrown

RETURNS HOME
Mrs. Mable Ryan of Mountain Park, Okla., has gone home after spending last week in the home of her father, J. W. Ellis.

December 15, at 2:30, and the group will exchange gifts.

It was voted to serve lunch at the sale December 6.

The program was "Wisdom Is Priceless" and was in charge of Mrs. E. H. Burman; song, Jesus Saves; devotional, by the leader; prayer was read by Mrs. Moore.

Seven members attended the WSCS Zone meeting at Earth November 30.

COLOR, COMFORT AND CHIC

In sports apparel—more than in any other fashion item—it's "handsome is as handsome does". But this White Stag poplin ski jacket is a front-runner any way you want to race it. Its suave tie patterns of blue, or yellow, with black figures assure you of "The Cosmopolitan Look" on the ruggedest terrain. And you'll keep warm and dry as a hearth rug under the waterproof black poplin lining and matching cowl hood. Part of Cosmopolitan magazine's Christmas wardrobe, the jacket goes for about \$17, and the waterproof gabardine pants for about \$18.

VISITED IN CLARENDON

Mr. and Mrs. Arthur Crow visited over the week end in Clarendon, in the home of Mr. and Mrs. Oscar Thompson, and in Wellington in the home of Mrs. C. D. Damron.

Surprise Party Ogletree Family

Mr. and Mrs. L. E. Ogletree and family were honored with a surprise farewell party and shower at their home Tuesday night, Dec. 6. The Ogletrees are moving to Oak Creek, Mo.

Games were played and music was furnished by Mr. and Mrs. L. L. Slayden and Buford Hunt. Many nice gifts were received and very much appreciated.

Those attending were: Karl Dean Heard, Mr. and Mrs. R. E. Ethridge and family, Mr. and Mrs. W. Dement and family, Allene Heard, Mrs. Winston Burkhardt, Mr. and Mrs. J. M. Moore and family, Mr. and Mrs. L. L. Slayden, Mr. and Mrs. Jimmie Luman, Mr. and Mrs. I. L. Kitchen, Mr. and Mrs. Melvin Ethridge and family, Mr. and Mrs. T. C. Newkirk and family, Mr. and Mrs. W. K. Griffing, Mr. and Mrs. L. R. Black and family, Mr. and Mrs. Buford Hunt and family, Mrs. J. U. Dawson, Alice and Helen, Mr. and Mrs. Vernal King and family, and Rev. and Mrs. Moore and Faye.

IN FARMER COUNTY TOO LONG—MILLER MOVES HERE

Mr. and Mrs. J. P. Miller, pioneer residents of Farmer County, are new citizens of Bailey County. "I have been in Farmer County too long—31 years—and they wouldn't let me stay any longer," Mr. Miller told The Journal when he came in Monday to become a new subscriber.

The editor figured Mr. Miller was not forced to leave Farmer but just finally found out how much better Bailey County is. The Millers still own their land in Oklahoma Lane community, where they have resided since 1918. They have bought a lot on the Clovis highway near the Muleshoe Courts and built a new home there. Welcome to Muleshoe and Bailey County, Mr. and Mrs. Miller.

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN:— Here is one of the new contemporary pull-up chairs that is used so decoratively in homes of today. Made by The Widdicomb Furniture Company of Grand Rapids the illustrated chair is in mahogany with the exclusive Saffron Finish. Designed by T. H. Robsjohn-Gibbings, it has a foam rubber seat and is upholstered in an imported Danish linen in natural color. The simplicity of this design makes the piece adaptable to many types of room settings... it is an especially comfortable design which will appeal to the majority of home-makers. Good news, too—this new design is available at a very moderate price—will be particularly smart used in pairs beside the fireplace, or in a wall grouping with handsome table in between.

New Bench Grinder

This new bench grinder for farm, home and shop incorporates several outstanding features not usually found in a low-priced grinder. Manufactured by Electro Machines, Inc., Cederburg, Wis., this grinder is designed to provide ample working areas in front of the motor frame and in the space between the frame and the inside of the grinder wheels.
Wheel guards are removable for easy attachment of buffing wheels and other grinder accessories. It is equipped with lifetime lubricated ball bearing for long, trouble-free service. All hardware is cadmium plated.

Irrigation Given as Way To Prevent Frost Damages
Irrigation is being cited as a practical and economical method of preventing frost damage to crops in addition to serving as a protection against dry weather.

Strawberry growers in Michigan report that nearly 100 per cent success against frost was realized on that crop when the crops were kept covered by sprinkler irrigation systems which were used last spring in the first test of the procedure.

Although many Americans consider the daily bath essential to good health, most of their predecessors of a century ago never saw, much less bathed in, a bathtub in the home. For pre-Civil War Americans, bathing was a luxury indulged in a hut alongside the home. The White House got its first bathtub during Lincoln's term. The first all-iron tub was installed in New York City in 1870.

Welcome Committee Elected At MHS For New Students

Another way of improving our school has gotten under way. Each class elected a committee to be known as the Welcome Committee. They will help new students to find their way about MHS and in general just show them around until they get acquainted with MHS and us.

This is another step our new Student Council has taken to make this a better school to be

in. Each class president will automatically become a member of the committee. Others elected to the committee were seniors, Rilda Gabbert, Jerry Julian, Mary Jo White; Juniors: Lee Kimbrough; Leatrice Martin; Sophomores: Jackie Bovell and Robert Waggoner; Freshmen: Rex Robinson, Rita Blaylock, Carolyn Kirk and Bruce Sinnacher.

THE CAR OF JUGGERNAUT

"Have you ever heard the rattle of a dying man's last breath? Or seen the look of horror in the stare that faces death? Have you ever heard a person scream and writhe in sudden pain And look down at the mangled arm that will not move again? Or have you heard the moaning and smelled the stench of gin And seen the gory, bloody gap where once an eye had been?"

When your car is doing fifty have you ever felt the yen To let'r have another notch'n' do another ten? When a pokey guy's ahead of you have you ever had a thrill Of swinging out 'n' passin' him upon a dangerous hill? Or have you ever felt the old car scream 'n' lurch 'n' swerve As you let'r have the limit where you took a sudden curve?

Have you ever seen the wreckage of an automobile crash With flesh and steel made into morbid, gruesome hash? Have you ever seen the entrails 'n' the ears 'n' arms 'n' hand 'N' head 'n' shoes 'n' fingers of what once had been a man? Have you ever seen the jagged bone stick thru a mangled leg And heard the blood smeared victims pray 'n' cry 'n' beg?

Have you ever seen a little child all crumpled up 'n' still Who tried to run across the street while a car came down the hill?

Have you ever seen men's brain on fenders? Have you seen blood in the street? Have you seen them stare at the bloody stumps of the things that were their feet?

Have you ever heard the crash 'n' scream 'n' seen the ghastly stare

On the face of what had been the driver 'n' the rest of the man not there?

Morbid, 'n' gruesome—gory this, I'm sorry, but don't you see, This was not meant to be read by folks as tender as you 'n' me, It was meant for thoughtless 'n' careless who kill 'n' maim 'n' mar— The reckless fool who is to blame; the man in the other car."

Student Council Joins State Ass'n.

November 28, the Student Council of MHS voted to join the Texas Association of Student Councils. They have received a letter from the Texas Association inviting them to send four delegates and their sponsors to the State Convention, March 16, 17, and 18 at Amarillo, Texas.

The council elected the following delegates to attend: Ted Lawler, R. E. Bryant, Mary Jo White and Sondra Waggoner.

The Student Directories will be ready to go on sale in about two weeks for 25c a copy. The Directories will contain names of all students in school, their addresses, phone number and all the organizations they belong to.

The Student Council is going to put a box in the hall for people to drop their suggestions for the betterment of the school, betterment of the council, and any other ideas they might have into it. The Council will then go over the suggestions and pass upon them. The suggestions should be signed so that in case it is necessary to refer back to the person who made the proposal, it will be possible to do so. So any of you who have suggestions at all put them in the box. Let us know what's on your Mind—good or bad.

Mr. and Mrs. Howard Cox made a train trip to Dallas on business first of the week.

Thespians Club Goes To Canyon

The Thespians club entered 14 pupils in the Speech Clinic at West Texas State College Saturday. The students left for Canyon at 5:45 Sat. morning. The Clinic started at 8:30 and ended at 12:00. Then a tour was given of the campus. Miss Griffin believed that it helped everyone considerably because of the criticism and advice the various instructors offered. Those participating were: Joe Frank Cummings and Jerry Julian in Sports announcing; Kathryn Norwood and Marilyn Gupton in humorous reading; Rufus Aylesworth in poetry reading; Mary Jo White and Ted Lawler in debate; Joyce Atchison in declamation; Bill Thompson in original declamation; Dorothy Dorsey and Joyce Blackburn in Dramatic reading; Jimmy Thomas in extemporaneous speaking; Cora Lee Stinson gave a talk on "Why I Like My Home Town;" and Glen Bartley gave a talk on "Best Citizen."

Dusty Pages Holds Meeting

Monday, November 21, 1949, the Dusty Pages met in regular session to work on the new books. Although there were only a few members present, much work was completed. When we move into the new school we will have a few new books, due largely to the untiring efforts of our Librarian, Mrs.

Stovall.

During the meeting it was decided to have a Christmas party at the home of Mrs. Stovall December 19, at 7:30 P. M. Everyone who is coming please contact Mrs. Stovall today so we can draw names.

The Dusty Pages consist of members who are interested in helping get new books and repair the old ones for your use, so back them please.

Your Home
By Frances Ainsworth

We've just finished re-decorating our livingroom and I'm simply thrilled with the results! With the help of our paint dealer, Mr. James, we applied the principles of Color Dynamics to our planning, and the results are certainly gratifying. Mr. James showed me how the right color makes a room larger or smaller—more restful or more cheerful... how color can minimize architectural faults in the home.

He gave me a paint booklet with a color wheel on the inside page, and helped me draw a rough sketch of our house plan. We place the sketch over the color wheel with the north side of the house over the "N" on the wheel. It showed me just what colors to use in every room—light, cheerful shades for north exposed rooms, and deeper more restful colors for rooms that get lots of sunlight.

For the livingroom which faces south, we chose a Pittsburgh Wall-hide flat paint in a deep blue-green shade. Then I selected drapes in a large green and red floral pattern on a white ground, covered the sofa in the same fabric—and covered two chairs in the bright red. You'd never believe it was the same room! The deep paint makes it so much cozier—so restful.

The right color and paint certainly makes a world of difference. Now that I've learned about Color Dynamics, I'm going to apply these principles of "energy in color" to make every room more liveable, as well as lovelier to look at!

FERGUSON WINS FUEL ECONOMY CONTEST!

Further proof of the unusual power efficiency of the Ferguson Tractor is now available in the officially tabulated results of the Milo, Iowa, Fuel Economy Contest. Sponsored by Warren County 4-H Clubs with farmer-owned, farmer-operated equipment, the contest was conducted with the assistance of Extension Engineers from Iowa State College.

Official results established by the Ferguson Tractor show:

- 22 Per cent less fuel consumed than the average amount consumed by 10 competing tractors.
- 27 Per cent more land plowed than the average acreage plowed by 10 competing tractors using the same amount of fuel.

These results, too, continue to pile up factual, authentic proof of the fuel-saving, money-saving ability of the Ferguson Tractor!

Balance Crops, Livestock Says A. & M. Specialist

COLLEGE STATION, Dec. 6.—Acreage reductions in 1950 of cash crops will probably result in larger plantings of soil-building legumes, small grains and forage crops. In many cases, it may mean the seeding of hay meadows and permanent pastures. The relatively favorable prices expected for livestock and livestock products should help to "cushion" this provided farm operators plan

wisely, says C. H. Bates, extension farm management specialist of Texas A. & M. College.

On many family-sized farms livestock can be used to help balance the production program for the farm. Bates points out that farm operators should plan to utilize all of their labor and machinery as well as the land previously planted to cash crops. The extra grain and forage production that is expected to result from the acreage reduction programs, believes Bates, should be used on the farm where it is produced.

He says even without favorable livestock prices over cash grain prices, farm profits can be increased when the extra grain and forage are sold in the form of meat, milk, and eggs. Feeding this extra production to farm livestock is sound business and he says farmers should not forget the extra dividend that they can derive from the manure when it is returned to the land.

Here are his suggestions on planning for profitable farm livestock production in 1950 and in the future. Plan to grow into the business as feed and pasture produc-

CITATION BY PUBLICATION

The State Of Texas

TO: C. C. Breedlove

GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 1st day of January, A. D. 1950, at or before 10 o'clock A. M., before the Honorable District Court of Bailey County, at the Court House in Muleshoe, Texas.

Said Plaintiff's petition was filed on the 14th day of November, 1949.

The file number of said suit being No. 1631.

The names of the parties in said suit are: Lois Breedlove as Plaintiff, and C. C. Breedlove as Defendant.

The nature of said suit being substantially as follows, to-wit:

Plaintiff alleges that she was married to defendant on the 28th day of May, 1920, and lived with him until the 15th day of February, 1944, the date defendant, without any provocation or cause whatever, voluntarily left and abandoned this petitioner, with the intention of finally separating and living apart from her, and has continued to live apart from her up until the date of filing this petition, though often requested by petitioner to return to her and live with her as her husband. Such abandonment has endured for over three years. During the marriage of plaintiff and defendant three children, all over 16 years of age, were born to them, nor have they at any time adopted any children. Plaintiff and defendant own no community property. Plaintiff prays judgement for divorce, and for such other and further relief to which she may be entitled.

Issued this the 14th day of November, 1949.

Given under my hand and seal of said Court, at office in Muleshoe, Texas, this the 14th day of November A. D. 1949.

tion suited to the farm family and to the farm; produce quality products and provide fences, buildings and equipment needed to save labor and feed.

He points out that electric fences can be economically used for enclosing temporary pastures but says where permanent type fences are needed, it is better to build the sturdy, long-lived ones. It is cheaper in the long run to build or purchase the best equipment and materials available, and Bates suggests that you check with your local county agent for plans and suggestions that might prove helpful in getting your livestock program underway.

CROWDED AND FALLING APART are many of the buildings at the Mexia State School, shown above, which houses the young feeble-minded of the State and senile men and women. The picture above shows a group of patients crowded on a porch (an attendant is in the foreground) because they have no other place to sit. Below, is one of the old tar-paper shacks at Mexia, which in 1943 was used to house war prisoners. The photo shows how it is falling apart at the seams, yet it is still being used to house mentally deficient children.

AUSTIN, (Spl.)—Texas taxpayers are paying "room and board" for mental patients who could have been returned to society decades ago.

The overworked staffs of Texas mental institutions, handicapped by lack of time, space, and equipment, are unable to take full advantage of scientific means of "resocializing" their patients.

Because of this, hundreds of mild mental cases turn into lifetime "state boarders."

This lesson in economy was emphasized to members of the recent press tour of State institutions.

According to Dr. A. T. Hanretta, superintendent of the Austin State Hospital, the current cost of a year's care for one of his 3,200 mental patients is \$515.88. This is double the per capita cost four years ago.

Correct treatment can restore half the State's costly mental wards to normal life. Dr. C. L. Jackson, Rusk hospital head, believes. But lack of funds bars the way to this achievement, and Texas mental hospital is increasing daily.

Average daily population of the Austin hospital has climbed 700 in 12 years. San Antonio's institutions accepted 856 patients last year while discharging only 649.

While inspecting the institutions the newspapermen repeatedly saw conditions which not only were doing the patients no good, but obviously were speeding up their mental decay.

New admittances, capable of recovery in a matter of months, were seen thrown into close association with hopeless, violent cases of insanity. In this sort of situation, insanity can be called "con-

Bar Honors Judge E. A. Bills Saturday

Hon. E. A. Bills of Littlefield, incoming district judge of the 64th Judicial District, and Hon. C. D. Russell, retiring District Judge, were honored at a bar banquet of the 64th Judicial District Bar Association at the Hilton Hotel in Plainview Saturday evening, December 1. Governor Allan Shivers recently appointed Judge E. A. Bills to fill the remainder of Judge Russell's term after endorsement of Judge Bills by the 64th District Bar, and the individual bar associations of the six counties of the district.

Geo. Jennings of Tulla, President of the Bar, presided over the session. New officials of the organization were elected as the first event of the session. Arthur Duggan, Littlefield, was elected President; Pat Bobo of Muleshoe, vice-president, and Jim Norman, Plainview, re-elected as secretary-treasurer.

Judge Russell was introduced by Frank R. Day, Plainview, who made a short talk and presented Judge Russell with a matched set of golf irons on behalf of the Bar Association. Judge Russell expressed his appreciation for cooperation and association with people of the district.

Judge Bills was presented by Jennings as the incoming District Judge of the 64th Judicial District.

In a speech to the group, Judge Bills stated, "My appreciation for the generous, unqualified endorsement of the lawyers of the six counties of this District would induce me to accept the position if nothing else would, and I would be ungrateful to my fellow lawyers if I went in office with the intention of staying just the one year to fill out Judge Russell's term." Judge Bills also stated that it would be difficult to follow such an able judge as Judge Russell is, and has been.

Attorneys from all over the six counties of the 64th District following the meeting commented that no able, competent lawyer worthy of appointment could accept an appointment as District Judge to serve only one year because it would be such a great personal sacrifice.

Joe Cox, president of the Plainview Bar, acted as host on behalf of the bar.

Members attending were as follows: Hon. C. D. Russell, Plainview; Hon. E. A. Bills, Littlefield; Pat Bobo, Cecil Tate, Norman Bays, and Karl Lovelady, all of Muleshoe; Frank Day, Harold LaFont, Vincent Tudor, Charles Clements, Joe Cox, Payton B. Randolph, W. D. Hollers, Joe Sharp, Chas. H. Dean, Tom Parrish, and Lee Nowlin, Plainview; Herbert Martin, J. R. Hall, W. G. Street, Robert Kirk, Arthur Duggan, all of Littlefield; Dennis Zimmerman, Ray Jordan, Geo. Jennings, Burrell Evans, all of Tulla; Swain Burkett of Dimmitt; Sam Aldridge and Ernest Lokey of Farwell.

RAYMOND LEWIS RECEIVES COLLEGIATE FFA DEGREE
HUNTSVILLE, Dec. 5.—Raymond Lewis, of Muleshoe, received the Collegiate degree from the Sam Houston State chapter of Future Farmers of America in recent ceremonies here.

Lewis' application was approved after he had been certified as an active member of the organization and passed a comprehensive test prepared by the degree committee. The degree initiation ceremony was conferred by FFA members who held the collegiate degree themselves.

Springlake Baptist Church Growing

The progressive spirit of the Springlake citizenship is manifest in what is taking place at the First Baptist Church, recently organized and the building erected in that community.

The church now boasts a membership of 118.

Sunday before Thanksgiving day the Thanksgiving offering amounted to \$3,058.77. There were 95 in Sunday school.

Last Sunday there were 87 in Sunday school. The offering for the day was \$398.91.

This church membership is to be commended for their fine record, and Rev. Jordan is very complimentary of the church's accomplishments since organization.

Parmer 4-H Boys Buy Pigs, Calves

PARWELL—More quality, greater quantity are promised in Parmer County 4-H livestock exhibits in shows next spring, according to County Agent Ollie Limer.

Limer said 12 more registered pigs and one calf have been added recently to 4-H club herds in the county. Eight Duroc pigs were purchased for Max and Weldon Crim of the Lazbuddy 4-H Club. Of this group, three will be fattened for the Forth Worth Stock show, two will go to the Hereford show and three are slated for the Amarillo Stock Show.

James Tidenburg, member of the Bovina club, has added four Chester White pigs to his feeder project.

One calf, a Hereford, was purchased for James Widener of the Friona club. County Agent Limer said six or eight more calves will be purchased soon to be fed out by C. W. Grissom and Ned Foster.

Mrs. Angeley Rites Friday

Mrs. Henrietta A. Angeley, a pioneer resident of this community, passed away at 8 o'clock this morning at Green Hospital and Clinic where she had been a patient since Tuesday. Mrs. Angeley had been in poor health for several years. She was 72.

She was born October 29, 1877, near Lipan, Texas, in Erath County. On June 14, 1894 she was united in marriage to Henry A. Angeley in Erath County. The couple moved away from that county in 1912, and in December, 1924, the family moved here from Tulla, in Swisher County.

They settled northeast of Muleshoe, where Mr. Angeley farmed until his retirement from active farming in 1941.

Mrs. Angeley is survived by her husband, Henry A. Angeley, of Muleshoe; four sons, W. E. Angeley, Morton; O. K. and E. K. Angeley, of Muleshoe, and Jarvis Angeley, of Earth; three daughters, Mrs. C. E. Bearden, Ellenburg, Wash., Mrs. Adolph Dieter, Vancouver, Wash., and Mrs. Herman Haberer, Earth.

Other survivors are two sisters, Mrs. M. B. Rippetoe, and Mrs. Dona Dupre, both of Ft. Worth, and a brother, J. J. Wilson, Lipan; 20 grandchildren and 11 great grandchildren.

Mrs. Angeley was a member of the Church of Christ.

Funeral services are to be held in Earth cemetery at 2 p. m. Friday, by Minister Ebb Randol of the Muleshoe Church of Christ, and Rev. A. W. Blaine, pastor of the First Baptist Church, of Muleshoe. Interment in Earth cemetery will be under direction of the Muleshoe Funeral Home.

Phone Petitions Being Circulated

Petitions asking that the City Commission of Muleshoe revoke the franchise of the Southwestern Associated Telephone Co. were being circulated here this morning.

The petition said: "This action is requested for the purpose of securing an adequate system to handle the traffic into and out of Muleshoe."

Complaints against the telephone system's equipment here has been loud and long. The petition is the most drastic action yet taken in the years long battle of Muleshoe citizens to get telephone service. The petition cited that if the franchise is revoked it will "throw the franchise open to any company wishing to install a telephone system within the city of Muleshoe."
