'Packing' a Baby in Holland Town

Lost in antiquity is the origin of the custom which this Spanknburg, Holland, mother is following as she "bundles" her baby up like a mummy on the 10th day after its birth. Frowned on by the village doctor, the custom of "packing the baby" continues with each birth—although no one knows why.

Traffic Officer Dies After Shooting Man

CORSICANA, June 18 (U.P.)—Traffic Officer E. O. Brown injured fatally when his motorcycle collided with a truck near Corsicana two hours after he had shot to death a man who resisted arrest at Malakoff, will be buried this afternoon. Brown, 26, died in a hospital here Thursday. William Baker, 47, was shot through the heart after he had fired at Brown with a shotgun.

STRIKERS TIE UP MANY PUBLIC WORK PROJECTS TODAY

HOUSTON, June 18 (U.P.)—More than 200 electricians struck today for higher wages on expensive public projects, and a WPA union demanded reinstatement of 800 workers discharged for economy reasons. The International Brotherhood of Electrical Workers called the strike when negotiations failed with a committee representing 26 major contractors.

The walkout tied up work on four major public construction jobs, involving expenditures of \$4,770,000. The union demanded a \$2-a-day pay raise for journeymen electricians and \$1 for helpers. WPA workers presented their demands for reemployment of the discharged men to Perry Moore, assistant WPA director. The new labor troubles came as Mayor R. H. Fonville attempting to arrange a meeting between 40 dealers and representatives of 800 striking automobilemen.

CANADIAN TRADE RISES OTTAWA, Ont. (U.P.)—Canada climbed back to fifth position among world trading nations in 1936. The Dominion's total world trade amounted to \$1, 638,000,000 and was exceeded only by Great Britain, the United States, Germany and France.

FIRE CURTAIN SHELTERS ALL INVADING ARMY

OUTSIDE BILBAO, June 18 (U.P.)—Thousands of Basque-loyalist soldiers, still in the Bilbao area, seemed almost cut off from retreat today when nationalists bombarded along the west side of the Nervion River. There was a curtain of fire all the way from Bilbao to the sea. Nationalists pushed through the hills southwest of the city behind their bombardment.

EXPLOSION IN SHIP TO BE INVESTIGATED VALENCIA, Spain, June 18 (U.P.)—Loyalist authorities ordered a urgent investigation today of a mysterious explosion which crippled the Jaime Frimero, only battleship in the Spanish navy, and caused more than 120 casualties. The battleship was in harbor at Cardagena yesterday afternoon when a terrific explosion occurred. Fire raged through the ship and was put out only after a fight of many hours. Rescue workers took off more than 100 wounded and found 18 bodies. More were believed dead.

BIG INCREASE RECOMMENDED FOR TEXAS OIL

AUSTIN, June 18 (U.P.)—Production of 1,375,100 barrels of oil daily in Texas during July was recommended today by the United States Bureau of Mines to the Texas Railroad Commission at its monthly production hearing. This was an increase of 20,700 barrels daily over the recommendations made for June.

Sinclairs Win Over Jaycees 6 To 5

It looked like the Jaycees had won another ball game last night in one of the most exciting contests of the year; the Sinclair boys came through to win 6 to 5. For four innings, Carmichael, Jaycee pitcher, shut the Sinclair's out. In the fifth inning he allowed one run but began to have a little difficulty. In the sixth inning he weakened and blew his nice lead, when Robinson crossed the plate with a run that tied the ball game at four all. In the last half of the seventh inning Wilson got a base and an error Shockley and Poe, the next two men up were easy outs. Robinson came up to bat and there came the deciding play of the game. Wilson on first, stole second; he and the second baseman collided and both were knocked down. In the throw from catcher the ball went untouched all the way to center field. Wilson finally scrambled to his feet and made a mad dash home with the winning run, ending the ball game.

Bevins, the winning pitcher, gave up 12 hits, while Carmichael, the losing pitcher, gave up only seven. Eight errors by the Jaycees in field accounted for their downfall. Donohoe batted four times and got three hits and three runs to lead the offensive for the night. Nineteen Sinclairs reached first base, while only 16 Jaycees got on. Jaycees made nine errors, four by third baseman Slicker, two by Donohoe.

FEAR OF DEATH FATAL HOYLAKE, Cheshire, Eng. (U.P.)—Fear of death killed a woman on her way to church here. Mrs. Agnes Walsh, 55-year-old domestic servant, was walking over a level crossing when a train approached. It stopped but Mrs. Walsh fell dead.

'Come 'n' Get It', Morgan Tax View

Ailing financial tycoon J. P. Morgan, looking feeble on his return to New York from Europe, scoffs at Congress for leaving loopholes in tax laws and defends tax-payers who slipped through. "If the government doesn't know enough to collect taxes, a man's a fool to pay them," he explains. "Anybody's justified in doing anything as long as the law doesn't say it's wrong."

Ranger Girls Oppose Cisco Co-Eds Tonight

Cisco girl soft ball players, sponsored by the A. G. Motor company, will play Ranger girls at the soft ball park at 8:15 tonight, director W. E. Cooper announced this afternoon. Little is known about the speed of the Ranger girls but a good game is expected. Ruth Brown will toss for Cisco girls. These girls have been practicing recently and are showing smart improvement, says Mr. Cooper. Regular prices will prevail.

ASSEMBLES MARKSMEN OTTAWA, Ont. (U.P.)—Eighteen crack shots, selected from militia units all over the country, will represent Canada at the Bisley matches in England this year.

WORLD NEWS FLASHES ON WIRES TODAY

BERLIN, June 18 (U.P.)—A drastic naval shakeup was announced by the government today involving the command of three battleships, four cruisers, and the post of naval attaché at three world capitals. Admiral Hans Langer, commander of the battleship Deutschland, when it was bombed by Spanish loyalist planes, was relieved of his command and given a post ashore.

PARIS, June 18 (U.P.)—Gaston Doumergue who at 70 years of age, took charge of the government when the Stavisky Financial scandal rocked the nation in 1934, died today near his birth-place on the Mediterranean coast.

AUSTIN, June 18 (U.P.)—Neither house of the Texas legislature was in session today as they rested for the final five days of the first called session.

MOSCOW, June 18 (U.P.)—The expense of the current "purge" in Soviet Russia was emphasized today when the June 18 issue of the newspaper "The Worker" arrived here, containing a denunciation of 1,170 persons. Of those accused, 141 were classed as enemies of the people, which is equivalent to arrest, it was revealed that 998 were expelled from the Communist party and 31 agitators were expelled for spreading Trotskyist propaganda.

RANGOON, Burma, June 18 (U.P.)—Amelia Earhart, American woman round-the-world flier, returned to Akyab today after a start for Bangkok, Siam, leaving Calcutta she found the weather unfit for a direct Bangkok flight.

'Cotton' Phippen Ired By Writer's Article

Henry (Cotton) Phippen, former Lobo star, now pitcher for the Sacramento club of the Pacific coast league, proved he had spirit recently when he grabbed the glasses off a sportswriter, Steve George, when that writer hinted that Phippen was not hustling. Friends prevented further damage by coming between the parties.

Gray Veterans Campaign Again

This reunion the last? Non-sense. They've been predicting that for the last five years, but here sit Gen. Harry Rene Lee, left of Nashville, and Gen. Homer Atkinson, Petersburg, Va., at the Jackson, Miss., Confederate veterans' reunion—and

they're already campaigning on next year's proposed joint meeting with the Union veterans at Gettysburg. General Atkinson, commander-in-chief, was expected to be succeeded by General Lee at the Jackson elections.

BARNETT WELL GETS OIL IN STRAWN SAND

A producer one and a half miles southeast of Eastland was a certainty Thursday, but the amount of its production was a matter of conjecture. The well is the Barnett Petroleum corporation and J. L. Reeves No. 1A L. C. Downtain, section 2, 1 T. R. R. survey, block 6, 1,000 feet from the east line and 1,250 feet from the south line. Oil was found in the Strawn sand from 1,455 to 1,463 feet. The well was shut down after bailing a quantity of oil to await the arrival of operators, who plan Friday to set 6 5/8 inch casing to the producing depth and cement the pipe. It will be several days before the cement is sufficiently dry to complete the well and learn the exact production, although various estimates were made that it was capable of producing from 25 to 50 barrels a day. Several bailers of oil Thursday morning disclosed the production is of high gravity. The well was drilled with a Wichita Falls spudger.

Among visitors at the well on Thursday were C. W. Hoffmann and Karl Page of Eastland, who in 1926 drilled a gasser about 950 feet northwest of the No. 1A Downtain. Operators on the Downtain have 966 acres blocked in the area. The well is open hole from 825 feet, the depth to which extends 10-inch pipe from the surface. The well is in an old area which is said to have yielded production 20 years ago. Several wells were drilled then. It was believed the showing will result in other activity in the area.

Government Seeks Tax Agreements

WASHINGTON, June 18 (U.P.)—Treasury officials told a House-Senate committee on tax avoidance that Charles Laughton, well-known movie actor, caused his salary to be paid to a British corporation and thereby reduced his income tax payments in the United States. Elmer Irey of the Internal Revenue Bureau, said Laughton's "action may be perfectly legal" but cited the case to support the treasury's request that congress pass "practical legislation" to close income tax loopholes. Simultaneously it was announced that the State Department was seeking reciprocal agreements with foreign countries to halt tax avoidance.

GASOLINE TAX FRAUD SHREVEPORT, La., June 18 (U.P.)—U. S. District Attorney Harvey Field said today that the most colossal steal since the Teapot Dome affair would be laid before a grand jury Monday when 51 persons face charges of participating in a five-state gasoline tax fraud ring.

About 100 golfers are expected to qualify today, ready for the flights which begin at 5:30 Saturday morning. The barbecue and calcutta pool will be staged tonight at the club house which has been beautifully decorated for the occasion. Six flights are anticipated, in the order of 6, 5, 4, 3, 1, 2, the first flight getting into play about 9:30 Saturday morning and the sixth starting at 5:30. O. J. Russell, Horace Conley and T. C. Williams will be in charge of starting. Mr. and Mrs. Watts have been complimented on the way the course and greens have been kept. Many golf celebrities from neighboring towns are already posting scores. The first flight, and even the second, is expected to get a fast pace, and the winners of these forward flights will have no easy time taking their winnings. Finals are expected to finish Sunday afternoon at which time awards will be made. The dance Saturday night will begin at 9 o'clock to the music of K-n Skinner's orchestra, featuring Roberts Robbins, who "does everything."

W. O. W. PICNIC HELD AT LAKE NEXT TUESDAY

Plans have been completed for the annual W. O. W. picnic to be held at Lake Cisco Tuesday evening, June 22, when the 150 members and their families and guests will have refreshments at 7:30 following an entertainment program of music by Robt. L. Maddox and his orchestra, short talks and drill work by the Woodman team. After the program and refreshments the young people will skate and swim. Walter Clements is council commander, Floyd, camp clerk. Entertainment committee is composed of Earl Mawhew, Mac Stephens and J. E. Proctor; refreshment committee personnel is Henry Kunkle, E. L. Laird and E. L. Wisdom. Mr. and Mrs. D. J. Rosenthal of Alexander, La., are visiting Mr. and Mrs. G. C. Rosenthal.

CANTON, Ohio, June 18 (U.P.)—J. G. Stewart, spokesman for the back-to-work movement at the Republic Steel plant, announced today that non-strikers plan to march back to work at the picketed mills "within 48 hours."

GOVERNOR IS ASKED TO MAINTAIN ORDER

WASHINGTON, June 18 (U.P.)—Secretary of Labor Frances Perkins today telegraphed Governor Martin Davey of Ohio asking him to maintain peace in Ohio's steel strike areas during the work of the new Federal Steel Mediation Board. She said she expected "that you and other governors will act with wisdom and fairness to this end." Miss Perkins sent two labor conciliators to Cleveland to assist the steel board at its first meeting tomorrow.

TENSION INCREASES IN BACK-TO-WORK MOVE

CLEVELAND, June 18 (U.P.)—Tension mounted in steel strike "danger spots" today when violence and back-to-work demands collided with efforts of the newly appointed Federal Mediation Board to end the seven-state labor conflict. So grave was the danger of violence that special appeals were made by Secretary of Labor Frances Perkins and Mediation Board Chairman Charles Taft.

New outbreak of violence at Canton and renewed demands that plants be reopened increased the difficulties of mediation.

A committee of Canton unionists protested that teargas and bullets were fired into their ranks allegedly by railroad police. One was injured. Non-strikers charged that the home of one of their group was wrecked during the night.

"Our men are determined to return to their jobs," said leaders of the back-to-work movement. "They will take matters into their own hands."

Spending Must Stop or Else!

In 1930, the Federal debt was \$16,000,000,000. Today it approaches \$36,000,000,000—because in recent years Federal expenditures have exceeded revenue by about 100 per cent.

Thus we are now in a position similar to that of the post-war days, when the nation faced a tremendous debt, largely occasioned by loans to foreign powers. After the war, however, the government operated with reasonable economy and efficiency, and the debt was steadily cut down.

Senator Byrd of Virginia, one of the few congressional advocates of real economy, has cited some astounding figures. The Federal civil executive payroll—excluding relief, military and pension rolls—grew at the rate of 1,000 persons a month between December, 1934, and September, 1936. It now costs the taxpayers \$1,500,000,000 a year.

Senator Byrd says also, citing another example of bureaucratic growth: "In March, 1933, the government was leasing 6,084 buildings or parts of buildings outside of Washington. Between then and July 1, 1936, the leased number rose to 11,842, although in the meantime the government has built 664 new buildings at a cost of \$329,000,000."

Use and Occupancy Insurance Many a business man has thought that he carried completely adequate fire insurance until a fire destroyed his plant, and he learned a financially bitter lesson.

The physical values represented by the plant may have been covered to the maximum. His policies may have been equal to the job of replacing the buildings the machinery, the office equipment, etc.

BEHIND THE SCENES IN WASHINGTON

BY RODNEY DUTCHER NEA Service Staff Correspondent

WASHINGTON—When would be called off to see the screeching phases of New Deal policy "conflict" if the accumulation of them had not long since tended to make the spectators inured.

A few eyebrows may lift a bit, however, when an administration thoroughly committed to further regulation of industry blithely junks its only fact-finding staff of expert accountants and economists available to analyze industries, their problems and practices.

At the end of a long period of seemingly calculated attrition, the Economic Division of the Federal Trade Commission will be overboard after July 1 unless Congress meanwhile assigns to it a special investigation.

This is the division which recommended legislation which eliminated squeezes and corners from the cotton market, the packers and stockyards act, and the commodities exchange act.

In its recent milk investigation it exposed combinations of producers and milk companies. Once its work did much to break up the "tobacco trust." It made the official study of the steel industry's basing point system, and a few years ago proved that the bread industry wasn't making unreasonably large profits.

HIGH spot in the division's big recent investigation of middlemen and farm income is its report on the world's largest grain market at Chicago. It found large grain operators were able to manipulate the market to their advantage and the disadvantage of others.

Apparently the only thing that might save the economic division from extinction would be passage of the proposal to investigate public utility propaganda, which has been passed by the House, or joint passage of Congressman Withrow's resolution to investigate unfair trade practices, financing charges, and other phases of the automobile industry.

Years ago, however, the late legislative adjourned after 131 days without a final vote in the Senate on repeal. Gov. James V. Allred then reconvened the legislature, demanding a vote, yes or no.

The verdict was returned June 4. The parliamentary law was repealed, effective in 90 days after the legislature adjourns. It was another step in Allred's war on gambling. In his first ad-

carried on the payroll for months while the plant is being rebuilt, though they do no work.

It is to cover such contingencies as these, plus the loss of net profits that would have been earned had no fire occurred, that use and occupancy insurance is written.

In some cases, banks and other lending agencies require that use and occupancy insurance be carried by firms borrowing money from them.

Incomplete fire insurance coverage is one of the most wastefully expensive things a man or a business can have.

Texas Ends Track Betting Next Fall

AUSTIN, June 14 (AP)—Parimutuel racing which brought Texas four major tracks and produced Heat Fly as a Kentucky Derby entrant will die about September 24. A respite was granted last month when the regular session of the legislature adjourned after 131 days without a final vote in the Senate on repeal.

Gov. James V. Allred then reconvened the legislature, demanding a vote, yes or no. The verdict was returned June 4.

been out having breakfast with your boy friend," she said.

CORAL'S heart stumbled a little on its regular course, and she sat down suddenly on the nearest chair. "David?" she said huskily. Her roommate laughed merrily.

"Goodness, no. After last night I realized that I haven't a chance there. I mean Hoyt. He took me down to the hotel for breakfast and then we went for a ride in the country. He's just left for Wheatland."

CHAPTER IX WHEN Coral awoke on the morning following the prom, she reviewed the events of the night before with a kind of wonder that so much could have occurred in such a short period of time.

She sat up in bed, startled. Hoyt! What had happened to him last night? From the moment that she had taken David's arm and left the dance she had thought no more about him.

She sat up in bed, startled. Hoyt! What had happened to him last night? From the moment that she had taken David's arm and left the dance she had thought no more about him.

"You may as well know the truth, I guess. My father does owe Hoyt's dad a considerable sum of money, and Hoyt has always said that if I didn't marry him he'd make his father call in that loan. I'll admit he had me badly frightened, but to tell you the truth, the more I think about it, the harder it is for me to believe that Mr. Marquis would be influenced in such a matter by his son's selfish desire for revenge."

"Good morning, lazy bones," Donna said. "Look at you, just getting up, while I've been over the hills and far away and back again in the last two hours."

"Such ambition," Coral laughed. "It would have taken a derrick plus all the king's horses and all the king's men, to have gotten me out of my nice, warm bed that early. Where have you been?"

"I thought I'd go to the dance with you," Donna said. "I was with you, just getting up, while I've been over the hills and far away and back again in the last two hours."

TENNIS JINX HOLDS SWAY

KENT, O. (U.P.)—Bill Keller, Kent State University tennis ace, believes in his jinxes. In each of six consecutive matches he lost his first set but won the match. He won the first set of his seventh match—and lost the match.

ADMIRATION - TRIPLE-SEALED IN "CELLOPHANE"

DECISION GOES TO THE Bag ... ON POINTS

The first three rounds were a draw between the two favorites: Coffee-in-Bags and Coffee-in-Other-Containers. In the first round, the quality of the two was the same. In the second, both had the same oven-freshness. In the third, fragrance and flavor were uniform in both. But in the fourth...

Coffee-in-Bags won the decision on price!

When the housewife finds that Admiration Coffee in the moisture-proof Cellophane bags is the same fresh, fragrant, delicious coffee as that packed by other methods, she will certainly choose the bag at about 4c the pound less. Methods of packaging, plus Admiration's fast truck delivery service, assure her of an equally good coffee at a more economical price.

Buy it in the bag and save the difference.

Duncan's

ADMIRATION Coffee

Admiration Coffee comes packed three ways: vacuum glass jars, slip-covered tin cans, and in triple-sealed Cellophane bags.

GOOD RELIEF of constipation by a GOOD LAXATIVE

Many folks get such refreshing relief by taking Black-Draught for constipation that they prefer it to other laxatives and urge their friends to try it. Black-Draught is made of the leaves and roots of plants. It does not disturb digestion but stimulates the lower bowel so that constipation is relieved.

Ranchers Receive 25 Million Proceeds

FORT WORTH, June 16 (AP)—Texas ranchers received more than \$25,000,000 for livestock marketed through the Fort Worth Stockyards officials disclosed here.

The income was the highest in 10 years for those who raise cattle, calves, sheep and hogs. Sheep provided the real "golden harvest," as Fort Worth took the lead as a sheep center from Chicago, Omaha and Denver.

A total of 748,879 "woolies" were unloaded at Fort Worth yards during May, compared with 313,506 for May, 1936. The total was almost twice as high as that of any other American market. The total number of cattle, calves sheep and hogs received during the month was 1,391,642, more than 400,000 greater than for the corresponding month of 1936.

Hogs receipts were 191,856, about 20,000 less than for May, 1936.

School Trains Boys To Be Lumberjacks

ANTIGO, Wis. (AP)—Students in Antigo high school may become expert lumberjacks by joining the school's forestry club.

The club, which was formed eight years ago, maintains a 180-acre forest covered with 56,000 pine and spruce trees.

The land belongs to the high school. Seedlings for the forest are donated by the state nurseries at Trout Lake and Wisconsin Rapids. The oldest trees planted by the club members are four feet tall.

Junior high school principal A. C. Johnson, who founded the club, said the organization's slogan is "Not to plant but to conserve those which we have." Special attention is given to second growth trees, he said.

The club members receive no credits under the regular curriculum for their forestry work, but regular trips are made to the tract and the boys work like seasoned "jacks," Johnson said.

CANADIANS EARNING MORE

OTTAWA, Ont. (AP)—Canadians are earning more today than at any time since 1929. The National Revenue Department reports that income tax collections throughout Canada during April totald \$36,600,000, an increase of \$9,500,000 over April, 1936.

Cisco Women Attend Baptist Institute

More than sixty women of the Cisco Association attended the Baptist Mission Study Institute which met at Eastland Baptist Church Thursday, June 17. An interesting and instructive program was given, the purpose of which was to train teachers or mission study.

ed the program with a devotional on "Stewardship." Mrs. E. S. James of Cisco demonstrated the model lesson when she taught the first chapter of the book, "The Life of Dr. B. L. Lockett," written by his wife, Mrs. Elkin Lightfoot Lockett. Next was the principal speaker of the day, Mrs. J. E. Leigh, state corresponding secretary of the W. M. U., who taught the book "Things We Should Know." During the morning Mrs. J. B. Buckley of Abilene, district president, made a short speech. These numbers concluded the program to all the women. In the afternoon Mrs. H. J. Hanks continued her devotional by telling "Things We Should Know About Stewardship." Mrs. James led in an open forum discussion of why and how we should study mission books. Mrs. J. E. Leigh concluded teaching her book on things we should know. The meeting was closed by a series of prayers.

Those who attended the meeting from Cisco were: Rev. H. D. Blair, Associational Missionary; Mrs. J. R. Burnett, Associational President; Mmes. Leon McPherson, E. S. James, H. B. Hensley, Kate Richardson, R. I. Lee, J. D. Franklin, Lilly Richardson, C. S. Sures, Lee Elkins, A. P. Clayton, H. D. Blair.

Cisco Boy is Among McMurry 'Chanters'

Edwin Curry was one of the "Chanters" of the McMurry College Choral club who spent sixteen days touring Texas, New Mexico and Colorado. They stopped at twelve places to give their program. Edwin arrived home this morning saying that the group got a good deal of hiking because the old McMurry bus couldn't make all the grades. Some of the places of interest that were visited during the trip were: Royal, Pikes Peak, Raton Pass in New Mexico, Garden of Gods and places for sight-seers near Colorado Springs.

Fruits Are Holding a Jubilee To Attract All Jelly Makers!

A wealth of flavor and color is waiting for those who love good things to eat... and now is the time to start that jelly if you would take advantage of every minute of the fresh fruit season.

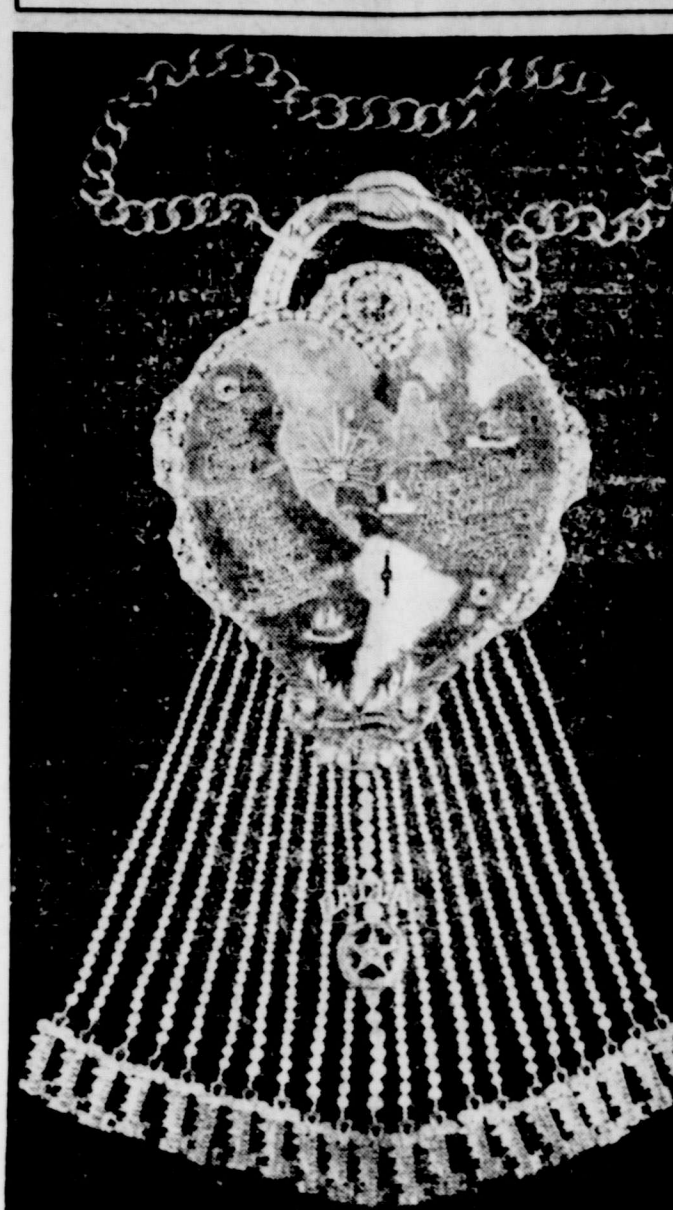

THE sweetest season of them all is this good old summer time when trees and bushes and vines are loaded with fruits that just ask to be made into jam and jelly! Perhaps they made a special effort this year on account of the National Jelly Making Jubilee... certainly it's hard for jelly makers to know where to begin. Which shall be first—peaches, plums, raspberries, blackberries, cherries or currants.

A well-filled jelly shelf is the pride of every good cook, and in these happy days of short-bolt recipes there's no risk of failure. Every fruit will jelly to the final quiver of perfection when recipes like these are followed exactly. Better start now and get the full quota of glasses filled before the Jelly Making Jubilee is over!

\$75,000 Pan American Lock

Here is the costliest lock ever made. Wrought by Arthur A. Exerts, Dallas jeweler, it was presented to the Pan American Exposition for its opening ceremony June 12. The lock, valued at \$75,000, contains nearly two pounds of platinum and white, green, yellow and red gold, and 1,956 gems—diamonds, sapphires, pearls, zircons, emeralds and rubies. The large diamond weighs 11 carats. Only by the insertion of all 21 keys, each representing one of the Pan American nations, was the lock opened, throwing wide the Exposition gates while representatives of the 21 nations looked on. The original diamond-set keys were sent as gifts to presidents of the Pan American countries.

Circle Four Has Meeting at Church
