MOTHER MAKES APPEAL FOR HER BABY

About Our Friends

By STEP A. LONG

We liked Colorado state with its location just high enough to make living conditions... Of course everyone has been to Manitou the foot of Pikes Peak... where wonderful mineral springs made sick and afflicted Indians well again during early history...

Rich alfalfa fields where her feral valleys are irrigated... Dairy goes with hay... and mining rugged mountains... Cripple creek to the northwest was one of the early mining towns of early fame... At Trinidad, Kit Carson has statue and everywhere to go there is a reminder of the struggle of pioneers to civilize this region... The state house with its oil foil coating and the beautiful parks, museums of natural history of early pioneer days beguile one's hours...

(CONTINUED ON PAGE TWO)

Peanut Growers to Seek Warehouses

BROWNWOOD, Aug. 24 (Sp)—Construction of warehouses for use by farmers is being urged by W. B. Carr, Cisco, president of the Western Peanut Growers' Association which was organized at a meeting in Brownwood recently. Carr says the warehouses should be constructed as WPA projects. Carr has written to Congress and C. L. Garrett of Eastland urged him to assist the farmers in building the warehouses. Surely our country towns will be behind this movement, which is every bit as essential as building of lateral highways or parks and other recreational centers in our cities. Roads to town will not help the farmers much if there is no market when he gets there. The warehouses could be constructed so as to care for several different farm commodities; for instance, peanuts in the fall and winter and Irish potatoes in the spring and summer. Warehouses properly equipped to maintain needed humidity, temperature and ventilation would enable farmers to store that part of their crops which we ordinarily call a surplus, but which in fact is no surplus at all, so that a reasonable price might be secured for the entire crop," Mr. Carr said.

Water Uneven On Yellowstone Lake

YELLOWSTONE PARK, Wyo. (AP)—The center of Yellowstone lake, this national park's largest body of water, is 57 feet higher than its shoreline, the superintendent's office reports. By running a hypothetical straight line from shore to shore, surveyors found the increased height which they attribute to the curvature of the earth. The lake is 25 miles in length and covers an area of 139 square miles. Eugene Rowch has returned from a trip to West Virginia, where he accompanied his aunt, Mrs. Guyle Greynolds and children.

Chinese Airplanes Continue to Bomb Japs

CHINA CLAIMS JAP WARSHIPS ARE DAMAGED

SHANGHAI, August 24 (AP)—Chinese airplanes armed with aerial torpedoes weighing nearly 1,000 pounds staged a desperate air raid on Shanghai tonight. Japanese warships turned off their spotlights to prevent the Chinese planes from finding their mark. Reports were circulated that at least one American was flying with the Chinese. The Chinese news agency asserted that in an earlier attack their bombers had disabled warships of the Japanese fleet and had shot down thirty Japanese planes. Japanese admitted they had suffered considerable losses in landing army regiments which continued to arrive from Japan. British and American civilians left Shanghai crouched in cellars, fearing a repetition of yesterday's fatal bombing in which hundreds were killed and wounded. In North China bitter fighting continued. The Chinese war office announced that Chinese divisions were fighting their way northward in southern Hopei province and were "almost within sight of Tientsin." Japan's northern military headquarters.

HULL MAKES APPEAL FOR TREATY PLEDGES

WASHINGTON, August 24 (AP)—Secretary of State Cordell Hull today directed a final appeal to Japan and China asking them to abide by their treaty pledges and to refrain from a general war. JAPANESE TROOPS HOLD NORTHWEST PASS TIENTSIN, China, Aug. 24 (AP)—Japanese troops crossed the great wall of China today and broke through the Chinese lines holding Nankow pass, northwest of Peiping. CHINESE WANTS ALL SOLDIERS WITHDRAWN LONDON, August 24 (AP)—The Chinese foreign office has advised the British ambassador in Nanking of China's willingness to accept a British proposal for withdrawal of Chinese and Japanese forces including warships from the Shanghai area, it was announced today.

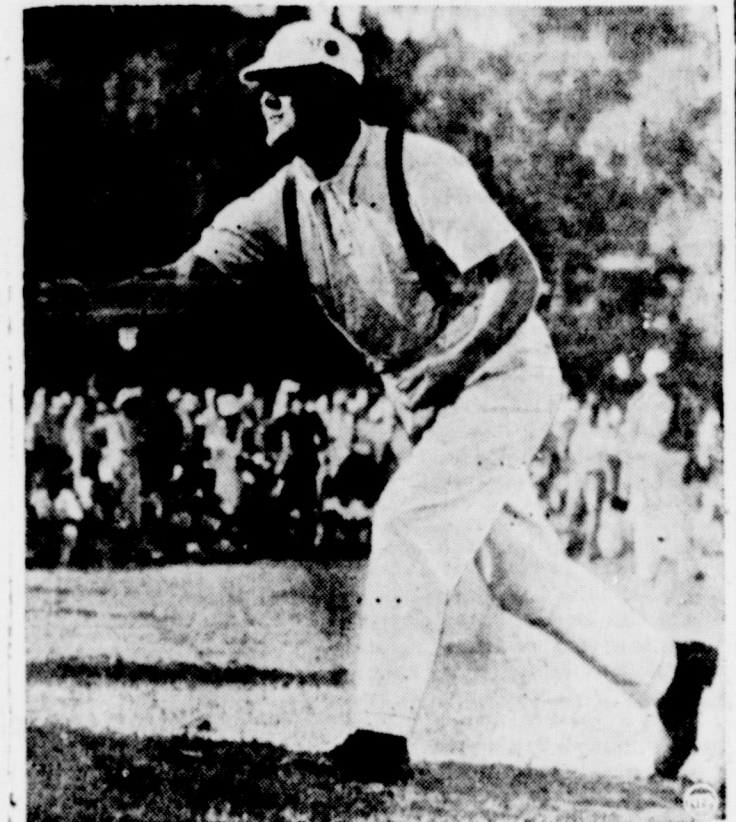

Police Hunt for Six Stolen Houses

DAYTON, O. (AP)—Police in this city are conducting a strange hunt. They are looking for six stolen houses. The houses were reported stolen by their owner, P. A. Hummel, who believes vandals took them apart piece by piece and carried them away. Only foundations mark the places where the houses stood.

SPECIAL SESSION IS SUBJECT OF WHITE HOUSE CONFERENCE

WASHINGTON, August 24 (AP)—President Roosevelt summoned three congressional leaders to the White House today for conference expected to decide the question of a special session this fall. Senate Majority Leader A. W. Barkley of Kentucky, and House Democratic Leader Sam Rayburn of Texas, lunched with Mr. Roosevelt. Prior to the luncheon the President scheduled a 15-minute dinner with Rep. Marvin Jones of Texas, chairman of the House Agriculture Committee. Chief reason for a session this November or December would be consideration of a crop surplus control law. Opinion persisted that the President would call the session. An announcement is expected late this week on a "price stabilization loan" on cotton, probably of 9 cents a pound, to become effective about September 1, the Agricultural Adjustment Administration said. It was understood that a 9 cent loan would be augmented by adjustment payments to bring the return to cooperating farmers up to 12 cents a pound. CANADA TO MOVE HERDS WINNIPEG, Man. (AP)—Plans for bringing thousands of cattle from Saskatchewan drought lands to graze in green pastures of Manitoba are being completed by Jack Byers, secretary of the Saskatchewan Ranchers' Association, on behalf of the Saskatchewan government. CARPENTER MAKES VIOLINS MAYVILLE, Wis. (AP)—Herman Hoepner, 66, veteran carpenter, builds houses and barns for a living, but in his spare time he carves violins from spruce wood. He is an accomplished violinist.

Throwing Balls Instead of Punches

That good right arm of Gene Tunney's now serves him for something besides throwing punches at ring foes. The retired undefeated heavyweight champion is seen above in the pitcher's box, serving up balls to opposing batters in the game between Lowell Thomas' Nine Old Men and George Bye's Pre-historic Sluggers at Poundridge, N. Y.

LEGION BODY WILL CHOOSE HEAD TODAY

SAN ANGELO, August 24 (AP)—P. T. Latouche of Houston withdrew today from the race for state commander of the American Legion and left delegates to the state convention the choice of two candidates. This firm has a bid submitted to the highway commission for the work and Mr. Nolan said he was looking over the grounds, locating materials and men, should his firm be the successful bidder. Delegates today will choose between Charles Osborn, of Dallas and W. J. Danforth of Fort Worth. The long-disputed question of permitting organization of a negro American Legion seemed destined to be acted upon today.

\$40,000 School Gym Memorial Planned

HALE CENTER, Texas (AP)—Cotton Center community, 14 miles southwest of here, plans a \$40,000 school gymnasium as a memorial to Hale county's most famous citizen, J. Frank Norfleet, noted detective. The gymnasium will be an annex to the school at Cotton Center located almost on the exact site of the original ranch. Again the two top teams of the city league hook up in a game that will decide the championship of the last half. Emily's Snelcars will play Red Front and the winner of this game will probably be the champion of the last half. Huestis has lost one game and must win this one to stay in the running. Red Front has been undefeated and by winning tonight will clinch the last half and go into a play off with Huestis.

Red Front Plays Huestis Tonight

BLOND SCULPTOR HONORED MOSCOW (AP)—The Moscow Museum of Fine Arts has on exhibit a group of sculptures made by Lina Fo, portraying seven dancers. These figures appear remarkably light and dynamic, Lina Fo lost her sight in 1934. BIRTH ANNOUNCEMENT Mr. and Mrs. Ray Clements are the proud parents of a baby boy born last night at the Graham hospital. The baby weighed 7 pounds and five ounces. He was named Walter Ray. Both baby and mother are doing nicely.

Garrett to Return To County Residence

Congressman Clyde L. Garrett is expected to return to Eastland in early September, as a message was received Sunday by his son Clyde, Jr., that he and Mrs. Garrett will leave Washington August 29th. Congress adjourned Saturday.

5 AMENDMENTS ARE ADDED TO CONSTITUTION

The state of Texas added five new amendments to the constitution and rejected one Monday in the election which was the lightest held in recent years. Even Harris county which was vitally interested in the road bond proposal, polled a very light vote. Cisco voting was very light, the east side polling a total of 40 votes and the west side only 97 votes, a grand total of 137 votes cast. East Cisco accepted amendments Nos. 2, 4 and 6, defeating others; West Cisco accepted all out No. 3. The vote in Cisco was as follows: East Cisco, W. W. Wallace in charge:

Amendment No.	For	Against
1	13	23
2	23	16
3	10	28
4	25	14
5	10	25
6	27	13

West Cisco, Fred Grist in charge:

Amendment No.	For	Against
1	51	43
2	68	27
3	40	52
4	73	23
5	53	36
6	73	24

AUSTIN, August 24 (AP)—Secretary of State Ed Clark said today that Monday's statewide election by which five constitutional amendments were adopted and one rejected apparently was one of the smallest general votes in recent years. Clark said less than ten per cent of more than one million eligible voters participated.

Miss Snoddy Gets Science Degree

DENTON, Aug. 24 — A Bachelor of Science degree was conferred upon Miss Mary Snoddy of Cisco Saturday, August 21, during the 35th graduation exercises at Texas State College for Women. Dr. L. H. Hubbard, president of the college, delivered the commencement address on the "Mark of an Educated Woman." Degrees were awarded to 200 students. Miss Snoddy, the daughter of Mr. and Mrs. J. R. Snoddy, completed her work toward a degree this summer. With public school music as her major subject, she was also active in other departments.

Cisco Cotton Market Holding Price Well

The Cisco cotton market is holding up well in spite of the decline in the New Orleans and New York exchanges. A bale ginned here this morning belonging to E. E. Booth of the Bluff Branch ranch community brought 10 cents. The bale was classed as middling, 29-32-inch staple.

Garrett to Return To County Residence

Congressman Clyde L. Garrett is expected to return to Eastland in early September, as a message was received Sunday by his son Clyde, Jr., that he and Mrs. Garrett will leave Washington August 29th. Congress adjourned Saturday.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Ray Clements are the proud parents of a baby boy born last night at the Graham hospital. The baby weighed 7 pounds and five ounces. He was named Walter Ray. Both baby and mother are doing nicely.

Fishin's Fine in Philadelphia

The dream of every city boy the world over comes true in Philadelphia where the municipality set apart twelve days for local kids to go fishin' in a local lake. Philly's youngsters flocked out to emulate their more fortunate country cousins. Licenses cost 5 cents, and the city fathers made sure of their treat by stocking the lake with 10,000 trout.

WORLD NEWS FLASHES ON WIRES TODAY

CODY, Wyo. Aug. 24 (AP)—A four-day fire that claimed the lives of 11 men, sent 24 others to hospitals, and destroyed 2,000 acres of timber in Shoshone National Forest was subdued today by Rangers and CCC enrollees. Three Cody hospitals reported that the conditions of all injured was "satisfactory." LONDON, Aug. 24 (AP)—Great Britain protested to Spanish nationalist authorities today against an aerial attack on the British Noemijela, bombed by two airplanes yesterday off the coast of Spain. KERRVILLE, Aug. 24 (AP)—Will Hope, 56, cafe and service station operator, faced a charge of murder today in connection with the fatal shooting of Irvin Henderson, 28-year-old rancher Saturday night. Witnesses said that Hope and Henderson fought over a gun that Henderson carried.

SIX OF CREW OF EIGHT WERE KILLED WHEN BOMBER WRECKED

SAN DIEGO Calif. Aug. 24 (AP)—Giant cranes today prepared to raise the wreckage of a naval patrol bomber which crashed into San Diego bay killing six of its crew of eight. Two members of the crew were alive at the naval hospital. Robert Fall, chief machinist mate, was pulled from the water alive but died shortly afterwards. The body of H. K. Bryan, radio man, was recovered earlier today. Bodies of the remaining members of the crew apparently were imprisoned in the tangled wreckage of the submerged bulk of an old whaling vessel. It was surmised that the bomber was making a forced landing. DIVERS SEEK BODY OF NAVAL MAIT EREMERON, Washington, Aug. 24 (AP)—Divers were sent down today in search of the body of William Hootis, 29, machinist mate, U. S. Navy, who was killed when a navy patrol plane from the battleship U. S. S. Nevada struck a target being towed by another plane. TURKEY LIKES RAILROAD CRANE MO. (AP)—A wild turkey hen is hatching a brood four feet from the ties of a railroad track near here, according to W. A. Kelley, Missouri Pacific conductor.

MOTIVE BEING SOUGHT SINCE PARENTS POOR

CHICAGO, August 24 (AP)—The mother of three-month-old Diane Carol Lucas, snatched from her baby carriage while her mother frantically appealed today to the authorities to follow a prescribed diet. Police Captain John Frendergast ordered a description of the baby given to 6,000 Chicago police. Detectives laid various theories as to the motive for the abduction. Ransom was out of the question because the father is a man of great wealth. Chief theories were: 1 That Diana was taken by a deranged woman with an exaggerated mother complex, perhaps some woman who had lost her own baby. 2 That the baby was seized by a jealous former sweetheart of Lucas for revenge.

FARMERS GET PROMISES OF HARVEST AID

FARMERS GET 39 — SAN ANTONIO, August 24 (AP)—Work. Progress Administrator H. P. Freight assured Texas farmers today of a harvest for their cotton and other crops even if it is necessary to suspend WPA projects to provide workers. Freight advised farmers by need of help to direct requests for WFA labor to County Judges, County farm agents and the national or state employment services.

Our Apologies to Mr. H. D. Gorham

The following article appeared in the Cisco Daily News on August 5: H. D. Gorham, bookkeeper for Chas. J. Kleiner, was the victim of an accident Wednesday night. The accident occurred about five miles out on the Breckenridge highway. Mr. Gorham was driving a 1937 model Ford V-8. The accident occurred on a curve and the reason was thought to be too much speed to successfully make the curve. Mr. Gorham was driving alone and was not injured. He is a resident of Cisco. Mr. Gorham objects to the last paragraph saying that it reflected on his driving, and the editor, who was absent in Yellowstone Park at that time, regrets very much that any allusion to the matter was made since no intention to cast any aspersions on Mr. Gorham or his ability to drive, were intended by the party who wrote the article. We apologize.

Supt. R. N. Cluck Goes to Haskell

Supt. R. N. Cluck left this morning for Haskell to accompany Mrs. Cluck and the two little daughters, Mona Lee and Patsy, who have been visiting Mrs. Cluck's parents there, to Cisco.

WEATHER

EAST AND WEST TEXAS—Partly cloudy tonight and Wednesday; probably local thunder showers in extreme west portion.

A Hopeful Outlook For the Fall Trade

So many business predictions go wrong that everyone hates to make them any more. Yet the desire to plan for the future and to try to estimate that future is so strong that it always overcomes the reluctance born of past disappointments.

The fact that almost every surveyor of the business scene today looks ahead to higher business levels in the fall, tempts even the pessimistic to be hopeful. Here are some of the indications on which the observers agree pretty unanimously:

The income of farmers, despite the drop in cotton prices, is expected to approach 1929 levels, and in purchasing power it may even exceed 1929, because farmers will be able to get more for their money than they could in those days.

Steel operations continue to hold up at high levels at a season when they usually decline. Despite lower purchases by the auto industry, they are holding it up in good style.

Sales of six leading mail order houses will come close to a billion dollars this year, not only an increase of 21 per cent over last year, but far greater than those of 1929.

The outlook for better farm purchasing power as a stimulus to increased fall business is aided by factors like this: Farm mortgage debt is far lower than during the 1929 era, and pays a far lower rate of interest.

Thus, in the fall season when business activity tends to slump off somewhat, there is every reason to expect this year that business will hold up splendidly or even gain somewhat.

OUR WANT ADS PAY BIG DIVIDENDS

BEHIND THE SCENES IN WASHINGTON

BY RODNEY DUTCHER NEA Service Staff Correspondent

WASHINGTON—Hysterical in politics—although it is virtually universal—sudden tilts into its quintessence more voluptuously than at times when a national administration insists it is taking no part in the national politics of New York City.

This year's New York fight also indicates what a new politics is coming to when you recall that Mayor Fiorello LaGuardia probably will be running on the Republican, Fusion, American Labor Party and Communist tickets.

Four years ago Farley, Ed Flynn and other leaders ganged up behind "Holy Joe" McKee and backed him against the Tammany candidate on an "American Party" ticket.

There has been much happy, childish excitement among the New Dealers ever since it became known that Copeland might run. Few anti-New Deal senators are so distinguished as objects of administration hatred as he.

But Copeland has a big record as a vote-getter. One of his strongest supporters in the present contest is Al Smith.

Copeland has a big record as a vote-getter. One of his strongest supporters in the present contest is Al Smith.

OUT OUR WAY

About Our Friends— (CONTINUED FROM PAGE ONE)

winds about through this great jagged gash in the earth... seeing another car looking no bigger than an ant as it winds its way a mile above you on a little ledge that seems all too narrow to pass the car you are about to meet...

Then on to Yellowstone Park... You have read of "Old Faithful" and you stopped at Thermopis and saw the biggest hot wells in the world... That scene was one that words cannot describe...

just before entering the park... up in the mountains west of Cody (named for Buffalo Bill) at the same cabin as did our good friend Nick Miller last year...

You can spend a day or many days in the Yellowstone Park... The geysers will interest you... the paint pots... vari-colored clays that resemble the many colored paints of the artist...

Bears and other animals are being cared for and protected by the U. S. Ranger force... and then if you care to come out at the west gate into Idaho or at the north gate into Montana (we did both) you see something of those two states...

Both of these states are cattle and sheep raising states... good from the sight-seeing point of view... Then into Utah... But then going back a little... We stopped

Love Gets a Lift

BY IDA RINER GLEASON Copyright, 1937, NEA Service, Inc.

CAST OF CHARACTERS: KATHLEEN O'SHAN—Actress, writer of greeting card verse. BOB McTAVISH—hero, detective story writer.

CHAPTER XI FOR a moment the Duchess stared at him as though she could not believe what she had heard, then she turned away with a shrug and an angry gleam in her eyes.

"I see," she said in an icy tone. "You prefer the little Irish verse writer to me, perhaps. Well, darling, of course you understand I was only playing in character. Queens go in rather heavily for such things, I believe. Run along now to your chamber, and tell Professor Bracey to come back and rescue me. These other men all bore me." She languidly held out a jeweled hand.

"Okay, your Majesty," Bob replied with a little laugh, glad enough to make his escape. The pirate coming by just then hooked his arm through Bob's and led him to a secluded corner where they could overlook the dancers.

"I'm not so sure about that," Bob's eyes were following Bracey and Kathleen as they passed within range of a light dart from the mechanical Cupid. Pat was certainly keeping his electric eye on Bracey.

THE next minute he had grabbed a passing diad and swung into the dance, steering his course nearer and nearer Bracey and Kathleen. Job skirted the crowd until he was beside them, too, and tapped the professor's shoulder just as Steve came opposite.

As Bracey stopped, a sudden movement from the detective's arm knocked the little image from the Pharaoh's hand. Steve caught it a moment before it hit the floor.

RENEWED shouting and deafening applause prevented him from answering. "The Duchess! Hurrah for the Duchess!" She was indeed an arresting picture in her beautiful fur-trimmed robe, with its long train falling gracefully from her shoulders.

A shapely nymph was passing across a tiny raised stage placed in front of a bank of ferns and greenery. As she paused an instant, the room became completely dark, and hidden electric bulbs suddenly flooded her with light from every side.

ONE by one, the other guests passed in motley array, the women especially, very conscious of the vivid picture they made. Geisha girls, slave girls, ballet girls, court beauties, peasants in colorful native costumes, were interspersed with soldiers, emperors, and all the various characters that men assume for such airs.

"Um," Bob grunted. Then he asked directly, "You really think he is, don't you, Kathleen?" She did not reply for a minute, then she said, "Why do you ask me that, Bob? Yes, I do, if you must know. Professor Bracey has been wonderful to me. He's never so taken up with someone else he forgets I exist."

Bob ignored this remark, but asked, "And it would upset you a lot if Bracey turned out to be something you didn't expect?" "I don't know what you mean, Bob. Of course I know the professor is an authority on Egyptian things, besides being a fascinating man of the world. Even the Duchess agrees with me on that. What else could he be?"

All eyes fastened on Bob. Her tirade was broken by the sudden light from the electrical Cupid which pierced a dark corner on the other side of the room, showing a pirate struggling desperately with the tall Pharaoh. Bob gave one look, then plunged into the crowd and fought his way to Steve's side.

His hole-in-one came on the 163-yard third hole. On the 16th hole he hit his birdie—a swallow which he hit on the fly.

Fabric Tested on New Jersey Road

FENNEGROVE, N. J. (UP)— Cotton fabric is being tested as a highway surface on an experimental strip of road near here.

The experiment, sponsored by the Federal government, has the double purpose of attempting to find a new market for cotton and of lengthening the life of roadways. The fabric will prevent ruts and roughness in roads, according to government engineers.

Two-strand cotton goods was stretched over a gravel road and saturated with asphaltic oil. Additional coatings of gravel were pressed in — and motorists were invited to try it out.

LOWING HERD INSPIRES POET

FCRT WORTH (UP)— Marvin Miner of Abilene, 20-year-old poet who has several scholastic prizes to his credit, said he visited here that he composed while milking his cows.

Texans are Expert Rifle Marksmen

SAN ANTONIO, Aug. 24.—From among the thousands of youthful residents of Texas, Oklahoma, Colorado, New Mexico and Arizona who attended this Summer's Citizen's Military Training Camps of the 8th Corps Area, Major General Herbert J. Brees, U. S. Army, the Corps Area Commander, has selected 12 outstanding rifle marksmen to represent the Southwest against other C.M.T.C. rifle teams at the National Matches at Camp Perry, Ohio, Aug. 22 to Sept. 11.

As announced at Army Headquarters here, the members of the 8th Corps Area C.M.T.C. Rifle Team are: Herbert H. Holcomb, 21, of Mesalero, N. M.; team captain; Jack F. Hardie, 17, of 309 W. Mistletoe Ave., San Antonio, Tex.; Carl W. Jennings, 18, of 441 Pecan St., Abilene, Tex.; Charles O. May, 19,

of Box 181, San Antonio, Tex.; Richard G. Hill, 18, of Mart, Tex.; Joe D. Dobbs, 19, of 222 South St., Arlington, Tex.; Clinton B. Hastings, 17, of Box 384 Alamogordo, N. M.; Charles G. Bierbower, 22, of 443 Elmhurst Avenue, San Antonio, Tex.; Ransley Habeth, 21, of 1214 East Highland Ave., Phoenix, Ariz.; Jack Ellis, 18, of 1748 W. Adams St., Phoenix, Ariz.; John E. Shue, 23, of Vian, Okla.; and Elbert Mutzig, 23, of Box 354, Tahlequah, Okla.

Michigan Bears Feed With Pigs

GAYLORD, Mich. (UP)— Contrary to popular belief, black bears apparently do not have any desire to eat pigs, according to members of the Pigeon River CCC camp.

Several such bears, which regularly visit a pig pen maintained at the camp, push the pigs to one side in order to eat at the pen's trough.

Scranton Wallops Jaycees 11 to 6

The tough Scranton softball team that has been making it so hard on the city league teams of late, pasted a pretty fair Jaycee team all over the premises last night for a 11 to 6 win.

Scranton was held to seven hits but made most of their runs or ten miscues on the part of the Jaycee infield.

The Jaycees made six hits and were able to cash in a run for each hit. Claude Blackburn led the Jaycees' hitting for the night, getting two hits out of three times up. Cooper, Jones Harper Carmichael were the only other Jaycees to connect for safe blows.

Sunderman was the only Scranton man to get more than one hit. Shraeder for Scranton made some nice catches in the field.

Cowboy Band Will Play at Dedication

ABILENE, Aug. 24.—The famous Cowboy Band of Hardin-Simmons university will leave here August for Colorado Springs, Colo., to play for the dedication of the "Shrine of the Sun" Will Rogers Memorial. Manager G. B. Sanderer said Wednesday upon his return from Mexico City.

Traveling in their own buses, the tuba tooting collegians will arrive in Colorado Springs September 1. They will play for the three day rodeo, Sept. 4 to 6, and parades, concerts, and other programs before that time.

Invitation from Spencer Penrose.

Colorado Springs sportsman, to play for his event honoring the late Will Rogers was received by the Cowboys while they were still on their goodwill and educational tour through the Republic of Mexico. They cancelled an offer to stay in Mexico City another week and an extension of their tour to Cuba in order to play for the Will Rogers services.

The elaborate Shrine of the Sun, built atop Cheyenne mountain, is now open to the public but will not be formally dedicated until the championship rodeo in September. The name of Will Rogers is listed as the first honorary member of the Cowboy Band, and it was he, with the gift of a \$100 check, who actually started this colorful band on the road to world-wide recognition. The Hardin-Simmons group appeared on several programs with the noted humorist before his death.

Members of the band will be guests of Penrose in his beautiful Broadmoor hotel, situated at the foot of Cheyenne mountain, during their stay in Colorado.

CRICKET CROP GROWN

ELKO, Nev. (UP)— Edgar Littlefield drove into the country and brought back a load of rich, black dirt for his flower garden. Today instead of flowers, he had a wonderful crop of young Mormon crickets, hatched from thousands of eggs in the soil by the hot water.

Read it first in the Daily News.

Ducks Expose 18 Men in Dice Game

WEYMOUTH, Mass. (UP)— A trace of "ducks" broke up a dice game and caused the arrest of 18 men.

The men were engaged in a weekly game until the "ducks" stopped their quacking and State Troopers John D. McLean and Whitman Fond clad only in bathing suits. All were released on bail.
