LONE STAR GAS OFFERS PHOTO PRIZE CONTEST

A novel contest for amateur photographers which reverses the usual order of such competitions is announced by Lone Star Gas system in an advertisement appearing in this issue. Instead of asking the contestant to buy something or write an essay about a product, the gas company announces that it wants to buy from its customers one hundred good photographs of gas heating equipment.

"There is nothing to buy, no letters to write, in this contest," the company explains in announcing the contest which opens October 11 and will close December 18. "Your gas company and national manufacturers of heating appliances wish to obtain photos or snapshots illustrating various types of gas heating equipment used in the homes of this section. We need one hundred good photos or snapshots of home interiors than can be used to illustrate gas heating appliances. We want to buy these 100 photos from our gas customers and will pay \$10 each for the ten best submitted each week during the ten-week contest. At the end of the ten-week period grand prizes of \$100, \$75, \$50 and \$25 will be awarded for the four best entries submitted during the contest."

In explaining the reason for the contest, company officials said: "One of the most difficult things to obtain is an interior view showing gas heating equipment in natural home surroundings. We have a definite need for such pictures, for experiences has shown us that it is difficult for customers who wish to buy gas heating equipment to visualize how the appliances they are considering will look in their home. It will heat comfortably, but will it harmonize with other furniture, they wonder? The photos we hope to obtain through this contest will be of great assistance in helping them decide just which type of heating appliance will look best in their own home."

The contest is open to anyone living in a home supplied gas by any of the Lone Star Gas system companies with the exception of professional photographers or others who may take pictures for commercial purposes, and Lone Star Gas system employees and their immediate families. Companies participating in the contest include Lone Star Gas Co., The Dallas Gas Co., County Gas Co., Texas Cities Gas Co., and Community Natural Gas

Boy Cycles for Fun 4,200 Miles Yearly

STONINGTON, Conn. (UPI)—A year ago, John G. Sousa, more familiarly known as Johnny Lulu, bought a bicycle with a speedometer on it. The other day he looked at the mileage recorder to find he had cycled 4200 miles "for the fun of it."

Johnny works all day on the borough's garbage and rubbish truck. The 4200 miles were pedaled nights and Sundays for diversion. His trips were to cities as far as Providence, R. I., a distance of nearly 70 miles. Johnny realizes telegraph boys, in the course of their duties, may roll up more miles yearly than he does.

Black Bass Becomes Pet of Canada Farm

CANANQUE, Ont. (UPI)—The villagers here have adopted a fish. Several weeks ago a black bass, weighing about 3 1/2 pounds, appeared in the water near the town bridge and a villager began killing flies and feeding it.

Soon the fish became so tame that it appeared at the same spot regularly four times a day and was used to be fed. The villagers placed it on a meat diet and it now eats about a quarter of a pound of meat daily.

The fish is a town pet, and a crowd gathers daily to see it fed.

Napoleon Hats Are Now Very Valuable

PARIS (UPI)—The sale at auction of a hat worn by the Emperor Napoleon has opened an inquiry which established the fact that eight such hats are now in existence.

Three of these are in the Invalides Museum in Paris, one is at the Fontainebleau Museum, one is owned by Prince Napoleon, the Bonapartist pretender in Brussels another is in the private collection of M. Pauliac, the seventh is owned by the Prince of Monaco and the eighth is the one recently sold at auction for \$1,000.

All of the relics are well-authenticated with documents, and that of the Prince of Monaco is valued at \$2,000.

Wild Dogs Cause Much Destruction

ROUGE VALLEY B. C. (UPI)—Banded together like their brothers the wolves, wild dogs are carrying destruction through the ranch country killing livestock over a wide area.

Ranchers report killing of turkeys, cattle, sheep and pigs by the canine raiders. They keep their fire-arms handy to shoot on sight.

The packs are made up of dogs which have run away from farms of the district, or been disowned. Starving, they have banded together. At first they raided by night, but have now become so bold that George N. Wilson, manager of the Twyn Waters Ranch, reports a daylight raid on a herd of ponies.

Leo by a huge mongrel dog, the pack of seven rounded up the pony herd and drove the horses to the doors of the farms buildings. Separating, they blocked the ponies from seeking refuge, then prepared for the death spring when Wilson charged them with a pitch fork.

One rancher reports loss of \$7,000 worth of stock through the depredations of the wild dogs of Rouge Valley.

Our job department is complete—let us figure on your next job. We can save you money.

Imbibers Face Test In Palo Alto Town

FALC ALTO, Oct. 1 (UP)—Scientific tests which will determine to a milligram the amount of alcohol in a patient's blood stream have replaced the old system of watching the straight line to detect intoxicated drivers in the Palo Alto police department. Apparatus for the blood test has been installed in the local station under the direction of Dr. Clement H. Arnold.

About 15 minutes is required for each test, using a method developed by Dr. Harry Newman of the Stanford Medical School.

If the concentration is over two milligrams of alcohol to the cubic centimeter of tested material, the subject is intoxicated, according to Dr. Arnold. If the concentration runs as high as five milligrams, the subject is "dead drunk" and if it reaches seven milligrams he is "more dead than alive," the doctor said.

Dr. Arnold discredited the theory that the habitual drinker is less susceptible to intoxication than the moderate drinker, when he said alcohol impairs reactions, movements and judgments long before outward effects are apparent.

DAILY TEXAN TO BE PASSED WITH CENSOR

AUSTIN, Oct. 1 (UP)—Editorials in the Daily Texan, student publication at the University of Texas, will pass through a student council "censorship" before publication this year.

The plan was adopted after editorials last year led to faculty censorship and protests by students against the censors.

Dr. Paul J. Thompson, chairman of the Department of Journalism, said the council would have a representative from each of the schools and colleges in the University. The resulting editorials were expected to reflect more clearly campus opinion than the writings of any one student.

Last year's furor followed editorials criticizing the Colorado river project sponsored by the late Congressman James P. Buchanan of Brenham. Buchanan had been equally active in sponsoring projects that added the University of Texas building program.

Jailed as Slayer After 21 Years

Twenty-one years of law-abiding existence failed to wipe clean the slate for Nicholas Collins, above, of Maysville, N. C., just sentenced to 20 years imprisonment for slaying a neighbor in 1916. Collins was tracked to his new home in Dendron, Va., and arrested last summer by a persistent sheriff.

Mrs. C. D. McDonald, Mrs. Style McEntire and little son, James Edward of Odessa, came several days ago for a visit with her mother, Mrs. J. E. Derrick.

Mrs. Raymond Anderson of Stephenville came Sunday to stay several days with her mother and sister, Mrs. J. R. Buchanan and Miss Lillie Buchanan. On Thursday Mrs. Buchanan had a few teeth pulled and has been quite ill since then.

The many friends of Nathan Hanson will be glad to know he now has a good job at the Toombs Drug Store at Eastland. Nathan was reared in Desdemona and last May he graduated at our high school where he was not only a good student but a fine football player. All who know him feel sure that his courteous manner will make him successful in his new position.

Mrs. J. E. Heeter, accompanied by Mrs. C. W. Mathey, drove over to Gorman on business Monday.

Mr. and Mrs. Wiley Powers and son, Jack, drove out to Chisholm Sunday and attended a family reunion at the home of R. R. Browning, a cousin of Mr. Powers. Friday Sept. 24th, was Mr. Browning's 69th birthday but as some of the relatives could not come that day, they decided to have the reunion on Sunday. There were twenty-five relatives present.

Mr. and Mrs. G. S. Bruce drove down to San Saba Sunday.

W. F. McDermott of Fort Worth was here Saturday looking after his oil and gasoline business.

Chettie Greenhaw of Cisco was here Thursday and Friday with his casing crew working on the Gallagher and Lawson No. 1. Mrs. Bobbie Terry deep test well. They pulled the 8 inch casing which had been set to a depth of 4362 feet. As there had been trouble in casing off the water, each joint was tested thoroughly and when the last joint was out the trouble was found to be a hole in the "Shoe" so a new one was bought and put on. Some time before a "Go Devil" had been lost in the hole when underreaming and had to be drilled out. The drilling is now going forward but not as rapidly as before entering the Ellenberger line.

On Tuesday afternoon of last week at the home of Mrs. George Patterson a large crowd of friends gathered and enjoyed a surprise party and miscellaneous shower honoring Mrs. Ed Hanson who recently closed her second year as president of the Parent Teachers Association. Mrs. Patterson was assisted in entertaining by several members of the P. T. A. and some of the ladies of the Church of Christ of which Mrs. Hanson is a faithful and active member. Various forms of entertainment were enjoyed and the gifts were presented to Mrs. Hanson who enjoyed opening the numerous packages. Inspecting the gifts and passing them around for the guests to see them, Mrs. Patterson and assistant hostesses then served delicious cake and ice tea to about forty guests. Many who could not attend sent their gifts. Beautiful fall flowers from the Patterson yard formed the decorations.

Mr. and Mrs. Charles Lee, accompanied by Mrs. G. S. Bruce and Miss Mignon Whitworth, drove down to De Leon Thursday night and saw the picture "The Good Earth," taken from the book of that name by Pearl Buck.

Mrs. Floyd Moore has improved enough to be brought from the Fort Worth Hospital to the home of her parents, Mr. and Mrs. Dyson, who live between here and De Leon. Miss Capitola Browning is helping to nurse her.

Miss Edith Creighton, our efficient primary teacher, spent the week end with her mother at Strawn.

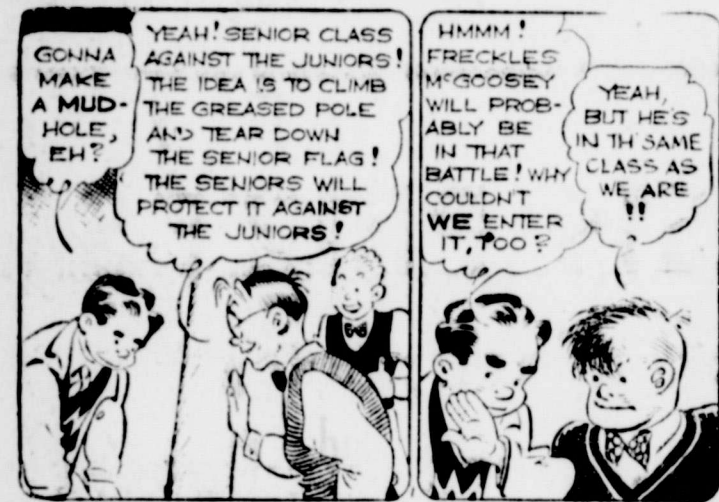

Mrs. Kizzie Suber and her daughter, Mrs. Bobbie Terry and Mrs. Terry's daughter, all of Stephenville, were here Friday to visit the Gallagher and Lawson No. 1. Mrs. Ebbie Terry well.

W. C. Bedford drove up to Ranger on business Tuesday.

A combination social and study meeting of the Methodist Missionary Society was held Monday at the home of Mrs. W. C. Bedford with Mrs. S. E. Snodgrass as co-hostess. The study of "What is this Moslem World?" was begun at this meeting. The first part of the program was a discussion of reasons being that one person out of every seven in the world is a Moslem. Then followed a sketch of the author who was born in Cairo, Egypt, of Presbyterian Missionary parents, educated in the United States and is now President of the International University in Cairo. The sketch was given by Miss Mollie C'Rear. The next number was "The Life of Mohomet," one of the "Little Blue Book" series. Mrs. Preston Sparks gave the review of the book tracing the life of the man who founded the religion known as Islam and the followers as Moslems. The hostesses served refreshments of chicken salad on lettuce, deviled eggs, saltines and coffee with radio fudge as a confection. Those present were: Mrs. E. L. Mitchell of Olden, Miss Mollie O'Rear, Mrs. C. D. McDonald, W. H. Whitworth, Charles Lee, Preston Sparks, Miss Valia Whitworth and the hostesses.

HORSES DIE IN SLEEP
WINNIPEG, Man. (UP)—A strange disease known as "sleeping sickness" is taking a heavy toll among horses in Manitoba. It is estimated that approximately 2,000 horses have been disabled by the disease. Many have died.

Boys' Toy Menagerie Boasts 307 Animals

MENTOR, C. (UP)—In the living room of his home, 10-year-old Orlo Carlton has installed a menagerie of 307 artificial animals.

The collection, made of glass, chinaware, metal, shell, celluloid and ivory, represents almost five years' work.

Orlo started his zoo when he was only 6. A glass greyhound, gift of a relative, was the first animal he owned.

Now he has 176 toy dogs and 131 other pieces, ranging in size from an inch-long mouse to a horse several inches high.

Orlo's original intention was to name every member of his collection but he gave that up when it grew so large.

BICYCLE TRAFFIC A PROBLEM
PELLAIRE, O. (UP)—Bicycle traffic here has increased to such proportions that City Council is considering an ordinance setting up parking, operating and lighting regulations.

Miss Margo Linder Is Complimented

Complimenting Miss Margo Linder of the Fort Worth "Show of Shows," who was in Cisco a few days this week Miss Edleen Armstrong entertained members of the N. O. N. club at her home in Humboldt Tuesday evening. After spending an hour in pleasant conversation the hostess presided at a delicious dinner served to the club members attending.

A theater party was then formed which the guests enjoyed, chaperoned by Mrs. J. E. Armstrong.

Those participating in the evening enjoyment were: Misses Betty Rae Logan, Topsy Russell, Mary Louise Sherman, Martha Jo Pass, Catherine Draganes, Betty Lou Powell, Mary Louise Poe, Louise Lawson, Betty Rose McBride, the honoree, Margo Linder, and the hostess.

Shower Compliments Former Cisco Lady

Mrs. N. A. Brown was hostess Thursday evening at her home, 804 West sixth street, to a number of friends, honoring Mrs. C. E. Slocum of Tucson, Arizona, a recent bride with a miscellaneous shower.

The house was made very attractive by bouquets of pink roses which were placed artistically about the rooms.

After the guests assembled, the hostess suggested each one take the letters in her own name, and with each letter make a sentence containing good advice to a bride. The lines which were read aloud later to the group, resulted in much advice being given.

The gifts were placed on a table, and presented to the bride's mother who will send them to the honoree. Hot chocolate and cake were served to about thirty-five guests.

G. A.s Meet at Four Thursday Afternoon

The G. A.'s of the First Baptist church met at the church Thursday afternoon at four o'clock. The meeting was opened with a prayer led by Billie Jean Cleere.

The Auxiliary then sang their campaign hymn, "We've a Story to Tell to the Nations," after which an interesting devotional was brought by Mrs. H. J. McArdle.

A short business session was held and the lesson was taught from the Manual by the sponsor.

The meeting was dismissed with prayer.

How CARDUI Helps WOMEN

Cardui is a purely vegetable medicine, found by many women to ease functional pains of menstruation. It also helps to strengthen women, who have been weakened by poor nourishment, by increasing their appetite and improving their digestion. Many have reported lasting benefit from the wholesome nutritional assistance obtained by taking Cardui. If you need help like this, get Cardui at the nearest drug store, read the directions and try it.

Justice Advocates Old Whipping Post

GOLLEN, Colo. (UP)—Public whippings at old-fashioned whipping posts is advocated by Justice of the Peace John Owen as the proper punishment for men who beat their wives.

The recommendation was made at the trial of an alleged wife beater.

"It is too bad that the old-fashioned whipping post in the public square cannot be reinstalled for wife beaters," he said. Judge Owen sentenced the man to six months in jail.

Four Cities Rush to Same Fire Scene

MELROSE, Mass. (UP)—Four separate alarms were turned in by persons who saw lightning strike the home of Isabella A. Campbell Three other alarms were sounded in the neighborhood.

As local firemen hurried around the city without finding a single fire, additional apparatus arrived from three surrounding cities.

CROW HUNTERS ORGANIZE

CAMDENTON, Mo. (UP)—Local sportsmen have organized a Crow Hunters Club into two teams. The group shooting the fewest birds literally will eat crow at dinner in December.

Hoboes Rely on Pride Defense

CHEYENNE, Wyo. (UP)—A new technique in panhandling has been adopted by transients here. It is called "streamlined" mooching.

Two transients working in relays station themselves on opposite sides of a street and keep tabs on all cars with out-of-state license plates.

When a likely suspect draws up to the curb, one of the hoboes darts to the right side of the car before the driver can get out. He launches a hard-luck story about being stranded in Cheyenne.

He's broke, he's out of gasoline and his automobile is bogged down on the edge of town. He wants a gallon of gas—or the price of it—so he may start back to his home, which is always the state shown on the driver's license plates.

Skeptical drivers are out of luck. The hoboes know all the answers that can be asked about the "home" state—because they pick only cars from states with which they are familiar.

Cafe Dinner Demands Service for Dogs

DUNCAN, Okla. (UP)—An aged man, accompanied by a small dog, entered a restaurant here and asked if the establishment supplied canned dog food. It didn't, so he bought a sack of hamburger meat for the dog.

Then he asked that the meat be served at a table and that the dog receive service comparable to that given any other customer. The management refused, politely but firmly.

CASEY JONES' RUN RECALLED

OKEMAH, Okla. (UP)—J. E. Burke, owner of an Okemah cafe, used to make the opposite run from the famed Casey Jones, who was killed in a train wreck made famous by song. Burke recalled that the accident was not the fault of the engineer, who was making up time. He left Memphis on his run to New Orleans 90 minutes late.

CASH PRIZES

for indoor photos showing heating appliances

We want to buy one hundred photos showing interior views of living rooms, dining rooms, bed rooms or any other room in the house. All photos submitted to the judging committee must conform to the rules of the contest and must include a view of gas heating equipment. Also, every photo or "snapshot" submitted in the contest must be taken in a home served gas by one of the companies of Lone Star Gas System and the person submitting the photo must reside in a home receiving gas service from one of these companies. (See Contest Rule No. 2 for details)

Nothing to Buy... No Letters to Write!

We are interested in photos ONLY. Include any type of gas heating appliance such as a gas floor furnace, a gas circulating heater, a gasteam radiator or an individual room heater of the gas radiant type. Select a view of a room that shows some type of gas heating appliance and send it in. There is nothing to buy, no letters to write, to make your entry eligible for a prize.

Read the five simple rules of the contest carefully and send your entries promptly each week. The contest extends from October 11, 1937 to December 18, 1937, inclusive.

Ten weekly prizes of \$10.00 each will be awarded the best photos submitted each week. A total of one hundred prizes of \$10.00 each for the best one hundred photos submitted during the TEN WEEK CONTEST. At the close of the Photo Contest additional prizes of \$100.00, \$75.00, \$50.00, and \$25.00 respectively will be awarded the four photos selected as the best entered during the TEN WEEK CONTEST.
