

Mr. Muleshoe . . .

By J. M. Forbes

There has come to the attention of this newspaper no plausible explanation of the heavy explosion which shattered the early Sunday evening calm. There is no construction hereabouts which would justify such an explosion. Some figure it might have been another A bomb touched off at Los Alamos, others that a meteor might have crashed into the pasture of the Muleshoe ranch. Minutes before I had been reading about a 15-ton meteor which fell centuries ago in Oregon, and another which devastated an area big as a county in Siberia in 1902. A 15-ton meteor, made of 90 per cent iron, traveling fast as lightning, would, if it struck a fellow, hurt pretty bad. Many citizens drove out and looked around to no purpose — nothing more has been heard about it; some who were in the open at the time said they saw a flash and the sound of the explosion reached them.

Chinese elm trees in Muleshoe are quickly turning green, here in the early days of March, earliest that I for one have ever seen them do this on the Plains. By the calendar, the mildest winter in the memory of the oldest inhabitant is rapidly drawing to a close; spring seems to be here before winter ever came.

During the recent special session, the legislature completely fulfilled the objectives assigned to it by Governor Allan Shivers. The legislature voted a 10 per cent increase in revenue collected under the omnibus bill and passed a bill calling for a 1c per package tax on cigarettes.

A total of 175 million dollars was received last year under the omnibus bill, and the 10 per cent increase will provide for an additional 15 to 17 million dollars in revenue. The cigarette tax should bring in another 8 million dollars, making a total of at least 23 million dollars to be used for state institutions.

Seen & Heard: Clinton Bristow: When I was a little shaver we dasset go in the settin' room during the week. Some call it the Parlor, it was fixed up by the women folks Monday and woe be unto him who had the temerity to set foot inside of it until Sunday, when maybe the preacher would eat dinner with us or other company would come after preaching.

Wm. F. Tandy Rites Sunday

William Floyd Tandy, 72, passed away in Payne-Shotwell Foundation at Littlefield last Thursday morning at 11 o'clock. Mr. Tandy had suffered from a heart condition for several months.

Mr. Tandy was one of the pioneers of this section, having lived in Muleshoe the last 23 years. He had farmed until recently. In recent weeks Mr. and Mrs. Tandy had been with a son and daughter in Littlefield.

He was born February 4, 1887, in Texas. Survivors are his wife, Muleshoe; three sons, Bill Tandy of Long Beach, Calif., Tandy of Muleshoe, and Paul Tandy of Littlefield; and three daughters, Mrs. Lillie Fieldon of Chula Vista, Calif., Mrs. Ouida Lowery of Littlefield, and Miss Levetta Tandy of Littlefield. Other survivors are six grandchildren and two brothers, Henry Tandy of Dalhart and Jim Tandy of Tulsa, Okla.

J. R. Odom Rites Held, Portales

Funeral services for J. R. Odom of Portales was held there at the First Baptist Church at 2:30 Friday, March 3, with interment in the Sudan cemetery.

Mr. Odom before moving to Portales operated a grocery store at Needmore. He is survived by his wife, his mother Mrs. S. E. Odom, Muleshoe; 2 brothers, C. H. Odom and J. C. Odom, Muleshoe; four sisters, Mrs. H. G. Harvey and Mrs. M. A. Flanagan, Muleshoe; Mrs. M. A. Brumley, Rush Springs, Okla.; and Mrs. W. F. Flanagan, Wistley, Calif., and a host of nieces and nephews.

CEMETERY ASSOCIATION WILL MEET FRIDAY, MARCH 10

There will be a meeting in the County Judge's office Friday night, March 10 at 7:45 of the Bailey County Cemetery Association. All interested persons are asked to attend.

BABSON DISCUSSES Investments

BABSON PARK, Fla., Mar. 3.—Since my recent column recommending good fire insurance stocks as an investment, I have had many letters asking, "What else would you buy?"

IMPORTANCE OF DIVERSIFICATION
Of course the safest of all investments is well-located, well-drained and productive land. Every family should have a little of this within a reasonable distance of some community. A farmer will have most of his assets in such land, buildings and equipment. The retired investor can afford to have about 25% in good productive land. Investors should have another

Roger W. Babson

25% distributed in cash, bank deposits, life insurance and government bonds. Notwithstanding all of President Truman's prosperity promises, this country is sure to see some real trouble sometime. When this depression comes, stocks and even real estate may sell at one half present prices. The best way you can then help alleviate the situation, is to begin now to store up cash for use then. For every additional person who does this, the next panic will be so much less severe.

BUY TEN GOOD STOCKS FOR INCOME
This leaves 50% to invest for income. Unless you have the help of a long established investment advisory organization, you had better not attempt now sure to buy for profit. It is okay to do this when prices are abnormally low and everyone is bearish, but not now. However, you now can get a safe income of 6% on good securities; so why speculate?

If interested, suggest you buy ten different "home" stocks for income. I will now tell you how to select them:—Of course this will take a little time on your part; but you spent so many years of hard work to make and save this money, you should be willing to spend one week to be sure it is safely invested! For this 50%, I am not recommending any bonds. Good bonds are now too high. I will assume you already have some good fire insurance stock. If not see my column of February 3.

INVEST IN COMPANIES YOU KNOW

To start with call upon the superintendent of your Telephone Company and ask him what listed company controls his telephone company. If he doesn't know, ask him to write his home office and find out. Then call upon the superintendent of your Electric Power Company and the superintendent of your Gas Company and ask them the same question. This will give you three stocks which should be good; especially if their representatives in your locality are men of high character. You probably prefer to use some special kind of gasoline. As the stock of this Oil Company will be listed in New York, buy a few shares of this. Most all the listed oil stocks are good for income. You also should have some good merchandising stocks. Ask your wife which is the best Grocery Chain, the best "5 & 10" Variety Chain and the best Drug Chain in your city. These stocks will surely be listed. Your wife can watch them for you; but see for yourself that the managers and employees are good Christian people. This gives you four more stable industries or a total of seven stocks.

TALK WITH YOUR LOCAL BANKER

You certainly should have some bank stock. Call upon the president of your local bank. Don't stand at the counter window, but go in and sit down with him some time when he is not busy. Tell him you would like to buy a little stock in his bank. Trust him as to the price as it will not be a listed stock. If none is available, ask him the name of some large bank in some interior city which will not be bombed during World War III. Buy that Bank Stock which he recommends. This gives you eight stocks.

Here are three more suggestions:—Visit your superintendent of streets and get the name of the manufacturer of the best Dirt Moving Machinery. These companies should have a good future. Visit your fire chief and get the

name of the largest manufacturer of Fire Alarm Systems and buy some of that company's stock. If you are a farmer you should know what company makes the best farm machinery, trucks, etc. If not a farmer, you can ask some friends who are farmers. Then buy the stock of that Harvester Company. This gives you ten stocks and one alternate. After you have bought all ten stocks, you can write me if you wish, but NOT BEFORE!

ADVERTISING

People Don't—Go driving just to read the billboards.
People Don't—Have windshield wipers so there will be a place to tuck advertising matter.

People Don't—Build front porches to have a place where circulars, shopping sheets, etc., can be thrown.

When they lay a nickel on the line for a copy of The Bulletin, you can be sure they bought it to read.

You, advertisers, are assured they will get their nickel's worth by going through the paper carefully.

Every dollar spent in newspaper advertising will net far better returns than ten times the amount spent for any other kind of advertising.

If you doubt this assertion, we'll be pleased to prove it.—Mt. Jo. (Pa.) Bulletin.

Save A Month On The Feeding Period Of Pigs

COLLEGE STATION, Mar. 6.—The efficient pork producer makes every pound of feed count and he gets his hogs to market weight just as fast as possible. Dr. W. C. Banks, extension veterinarian of Texas A. & M. College, says that spring pigs will reach market weight faster and will do it cheaper if farrowed in clean pens and houses and fed in sanitary lots.

He says recent tests show that well cared for pigs reached a market weight of 210 pounds, a month earlier than pigs that had their growth retarded by internal parasites. The test also showed that pigs raised on clean ground required a half pound less grain per pound of gain.

Sanitary farrowing and feeding practices also help to prevent a number of infectious diseases and intestinal disorders which annually take a heavy toll of pigs each spring in the state, he says.

He points out that the installation of guard rails and a pig brooder in the farrowing house will save many a baby pig from being crushed or chilled. Every pig that can be saved increases the producer's income. Pigs lost at farrowing time or soon after may mean the difference between a profitable farm enterprise or a financial loss.

Dr. Banks says the rations you are feeding should be checked against deficiencies of B-complex vitamins and for balance. Feeding a ration too high in rich concentrates is wasteful. Profits are made, says Dr.

UNRESTRICTED RECRUIT QUOTA ARE ANNOUNCED

M-Sgt. John Temple of the U.S. Army & U.S. Air Force Recruiting Station in Clovis, N. M., and Walt Leichy, Chief U. S. Navy, in charge of Navy Recruiting, Clovis announce unrestricted quotas for the month of March 1950.

The Recruiters stated that the Army & Air Force are accepting applications from male applicants single and of good moral character between the ages of 17 through 34, while Navy applicants must be between the ages of 17 thru 30.

The Recruiters pointed out that all applicants should present Birth Certificates upon application. Sgt. Temple and Chief Leichy said that in certain cases previous service may be re-enlisted if married. Interested men are advised to either call or telephone the Armed forces recruiting station located in the basement of the Post Office Building, Clovis, N. M.

VISIT IN HEREFORD

Mr. and Mrs. Thurman White and children visited in Hereford Sunday.

TO OKLAHOMA

Mr. and Mrs. J. A. McGee left Tuesday on a trip to Seminole and Shawnee, Okla., where they are visiting relatives.

Banks, only from feeding and producing healthy hogs. At the first sign of trouble, remove the sick animals from the herd and obtain a diagnosis so the cause can be removed. Only healthy and thrifty animals can fully utilize the feed and water they eat and drink. It is a good practice to vaccinate pigs against hog cholera with the use of the dead serum vaccine.

Nation's Farmers To Cooperate In 14th Census Of Agriculture

The nation's greatest inventory of farms and productive resources on farms will be taken next month as a part of the Seventeenth Decennial Census of the United States. More than six million farmers will cooperate with 140,000 census enumerators in this undertaking.

The 1950 Census of Agriculture will be the fourteenth nationwide farm census taken by the U. S. Bureau of the Census. The first national farm census was in 1850. From 1850 to 1920, a farm census was taken once every ten years. Since 1920, in accordance with an Act of Congress, the national farm census has been taken every five years.

QUESTIONNAIRE
In March, postmen in 42 out of the 48 states will put a copy of the Agriculture Census Questionnaire into the box of every rural route box holder. Farmers will be asked to fill out this questionnaire and have it ready for the census taker when he calls in April. This advance distribution of the questionnaires will enable farmers to fill it when it is most convenient, and to check it against his records, if he wants to refresh his memory.

Farmers will save the government money by having the farm census questionnaires filled out and ready to hand to the census enumerator when he calls. The census taker will take a few minutes to check it over and see that nothing is left out and to answer any questions.

The average farmer can fill his farm census report easily. Many of the questions may be answered by merely checking "Yes" or "No". Then too, many of the questions, especially those on various kinds of livestock and crops, will not

apply to an individual farm. The questions on the 1950 farm census questionnaire have been selected by a committee representing the major farm organizations and users of census information, including State Agricultural Colleges, the American Farm Bureau Federation, State Commissioners of Agriculture, the U. S. Department of Agriculture, etc.

INFORMATION WANTED
Here is a summary of the information that you will be asked to provide in the forthcoming farm census: acres owned or rented; the acres, quantity harvested and sales for each crop harvested and sales for each crop harvested in 1949; the principal kinds of land in your farm (i. e. cropland, pastureland, etc.); when you began to operate the farm; acres irrigated; amount of forest products cut last year; number of each kind of livestock and poultry on the farm on April 1; the number of each kind of livestock sold, and the amount of such livestock products as milk, eggs, wool, meat, etc., sold in 1949; the number of various kinds of equipment such as tractors, trucks, combines, cornickers, etc. on the farm; the number of persons employed on the farm; the amount spent in 1949 for hired labor, machine hire, feed, gasoline and oil, repairs for tractors and machinery and seeds etc.; the value of the farm; the amount of the mortgage debt; and the amount of real estate taxes in 1949.

Information secured in the census is used only for statistical purposes. Such information cannot be used for taxation, determining market quotas, acreage allotments, etc. for the individual farm. Moreover, the information you

Bring delightful eating and good nutrition to your table with a basketful of tender janes, tiny loaf-shaped sweet rolls.

Tender Janes are another of the excellent puffs and sweet rolls you can make from a beaten batter which requires no kneading. The main ingredient in the batter is enriched flour, which makes these rolls a good source of essential B-vitamins and iron.

These rectangular rolls will be as light and tender as their name if batter is beaten thoroughly. Allow time for batter to double, then stir down and drop by spoonfuls into greased pans. Tiny iron molds, two by three inches, were used to make the tender janes pictured. If you do not have similar molds, bake batter in muffin pans. The rolls will be equally delightful.

The topping for these sweet rolls is as easy as the batter. To make icing, combine two cups sifted confectioners' sugar, two tablespoons hot milk, two teaspoons butter or margarine, and one-fourth teaspoon vanilla extract, and mix until creamy smooth. Spread on warm rolls, then sprinkle with chopped walnuts.

Tender Janes are excellent for breakfast, but try them at lunch, too, along with an omelet, stewed dried fruit, and milk.

TENDER JANES

1 package yeast, compressed or dry
1/2 cup lukewarm water
1/2 cup milk
1/2 cup sugar
1 teaspoon salt

1/2 cup shortening
2 eggs
3 1/2 cups sifted enriched flour (about)
1/2 teaspoon vanilla extract (if desired)
Confectioners' sugar icing
Broken walnut meats

Soften yeast in lukewarm water. Scald milk and add sugar, salt and shortening. Cool to lukewarm. Add one cup flour and beat well. Add softened yeast, eggs and vanilla extract. Beat well. Add remaining flour to make a thick batter. Beat thoroughly until smooth. Cover and let rise until doubled (about one hour). When light, stir down. Spread evenly into greased rectangular iron

molds (two by three inches) or muffin pans, preferably rectangular. Let rise until doubled (about 45 minutes). Bake in moderate oven (375 degrees F.) about 25 minutes. Brush with confectioners' sugar icing and sprinkle with walnuts.

Makes about two dozen three-inch loaves, or three dozen two-inch puffs.

LAZBUDDY CHURCH IS HAVING FINE GROWTH
Rev. L. B. Edwards, pastor of the First Baptist Church of Lazbuddy reports a fine, steady growth in all phases of the church work. He said the church has received approximately 115 additions, most by baptism, during his pastorate of the last two years, twelve being received since the first of this year.

In the Sunday school growth is being registered, also. Attendance has grown from an average of 50 to a current average of 100 persons. An \$8,000 two story educational building recently completed has given facilities for this growth, he said.

FROM NEVADA
E. M. Wagoner of Beatty, Nev., is visiting his brothers and families and sister and her family in Muleshoe, Mr. and Mrs. W. B. Wagoner, Mr. and Mrs. B. H. Wagoner, Mr. and Mrs. Vance Wagoner, Mr. and Mrs. F. M. Wagoner, Mr. and Mrs. F. C. Wagoner and Mr. and Mrs. George G. Johnson.

TO AMARILLO
Mrs. Ray Griffiths, Mrs. Melson, and Mrs. Curtis Spivey visited with Mr. Spivey in Veteran's Hospital in Amarillo Saturday.

IN VETERAN'S HOSPITAL
J. J. DeShazo is in Veteran's Hospital, Dallas, for plastic surgery.

Driscoll, Plainview and Dr. R. Q. Lewis, Lubbock will examine patients.

The clinic will be the first held in the Treatment Center's new \$42,500 building located at 3502 Ave. N. The new building provides facilities for physical therapy, occupational therapy and speech therapy. To date 244 cases have been registered at the Center for care.

Parents interested in bringing children to the clinic on March 20 are requested to register their child at the Center some time before the clinic date. Further information may be obtained by contacting Dr. Esther Snell, Director of the Treatment Center, 3502 Avenue N or calling Lubbock 6541.

give to the census taker can be seen only by employees of the Bureau of the Census and these employees are prohibited by law from giving out any facts regarding your farm.

The value of the census to everyone lies in its being just as complete and accurate as possible. The farm census provides the essential facts for many of the farm programs. It furnishes the benchmarks on which estimates of our crops and livestock are made each year. Only you and your fellow farmer can insure an accurate census by seeing that your farm census report is as complete and accurate as possible.

FORE AND AFT - a Beauty and a Buy

It's lithe, long and lovely—and it calls not just for one look, but for two.

See how this sleek Sedan looks coming down the road—bold grillwork shining, broad bonnet purring with power, and the wide, curving, unbroken sweep of a one-piece windshield giving you horizon-wide outlook.

And spot the pretty picture you make going away.

The broad, wrap-around rear window and topside styling in the Buick Riviera manner.

The graceful, spacious trunk, the "double bubble" taillights, the sense of high-fashion fleetness in everything from rear fender lines to the curve of the roof.

Yes, that's beauty—beauty in the unmistakable Buick manner. But observe also:

Interiors are extra roomy in all dimensions. The biggest you can buy for the money, we believe—and bigger than many higher-priced cars.

And, since this is a Buick SUPER, there's sensational new power under the hood—Buick's own F-263 Fireball straight-eight, this year's big news in valve-in-head power.

Yes, when you go stepping in this one, you'll really step—with roominess and top-drawer styling and the level going of all-coil springing—yes, and Dynaflo Drive™ too, if you choose—making your pleasure complete.

The price? Well, drop in on your Buick dealer, ask about the SUPER 126 and be prepared for happy listening. Here's a buy—so grand a buy you'll lose no time getting behind a Buick wheel.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Red Cross Hospital Workers Help Speed Patient Recovery

The job of rebuilding sick bodies and minds of servicemen in military hospitals and restoring them to useful life is carried forward by a team—doctors, nurses, and Red Cross workers. The Red Cross worker may be a medical or psychiatric social worker, a recreation specialist, or a combination of them assisted by a Gray Lady.

Military physicians and nurses find that restoring the health of a sick man requires much more than medicine and food. The will to live and the will to do things must be revived before medical treatment can get in its beneficial work. That's where the Red Cross enters the picture.

A young soldier, only 23, was injured in an accident at a munitions proving ground. Half of his face and neck were blown away. Fainracked and frightened, he had little taste for ordinary hospital recreation. He loved music, though, so the recreation worker brought to his bedside a radio phonograph and then, by mere chance, found she could satisfy a greater longing. The boy revealed that he wanted to write to his young wife those tender, personal things that he hesitated to dictate.

Under federal statute and regulations of the Army, the Navy, and the Air Force, the American Red Cross furnishes volunteer aid to the sick and wounded of the armed forces and acts in matter of voluntary relief and as a medium of communication between the people of the United States and their armed forces.

Red Cross hospital workers assist medical officers with welfare and recreation programs for military patients.

A recording machine was brought to his bedside, and he found the words to tell his longings to his distant wife. It wasn't easy because his injury had damaged his vocal chords and articulation was difficult. But after patient practice with the hospital worker, he finally poured out his heart to the record and sent it off to his wife.

To the arthritic, the tubercular, the rheumatic heart sufferer, doomed to long periods of bed care, the recreational services provided by Red Cross ease their burden of restlessness and discouragement. Nearby chapters in cooperation with other local agencies bring into the hospitals young people from the nearby communities, women who serve as hostesses for parties, young people who dance and play games, all reminding the sick soldier that he is not forgotten by those he served.

Bishop Martin Answers Stanley High Article On "Methodism's Pink Fringe"

Rev. T. G. Craft, pastor of the First Methodist Church of Muleshoe has received from Bishop Wm. C. Martin, of the Dallas-Fort Worth Area, two statements in answer to a recent article by Stanley High, entitled "Methodism's Pink Fringe". The article has been widely read and quoted so The Journal believes not only Methodists but people of every church will be interested in the following article by Bishop Martin. The first part is the statement given to the press as soon as he learned of the Stanley High article; the second is an excerpt from the Address of the Council of Bishops to the General Conference of 1948.

A number of pastors and laymen have written or spoken to me concerning an article which appears in the current issue of Reader's Digest under the title, "Methodism's Pink Fringe". It hardly needs to be said that the history of the Methodist Church, with respect to patriotism and loyalty to the principles of Americanism, is such that it is not on trial and requires no defense. Stanley High's article calls for a statement of fact.

The organization known as The Methodist Federation for Social Action has no official connection with the Methodist Church. Not being a member, I cannot speak from the inside concerning its policies. My acquaintance, however, with some of the men who do belong, leads me to believe that the purpose of the organization is not of the subversive nature which disconnected quotations from statements by some of the members can make it appear to be.

My own conviction is that no organization which is not subject to the control of the Methodist Church has the right to use the name of the Methodist Church, even unofficially. The Council of Bishops will make its own declaration concerning this unwarranted connection. Without question, the next session of the General Conference, in which laymen and ministers serve in equal numbers, will clarify the relationship. It is my hope that their approach to the problem which has been raised will not be simply a negative one of condemning pronouncements which discredit the democratic methods of orderly economic and social reform. The Christian Church is dependent upon the best efforts of its laymen in the application of the principles of the Christian Faith. We will maintain an atmosphere in which neither communism nor any form of totalitarianism can live.

Another dynamic ideology is abroad. Regardless of its use of the term democracy, the fact is that freedom, as we know it, disappears when the Communist comes to power. However, we make a serious mistake when we

equating Communism and Fascism and think that the method used in containing Fascism is the wise method to use in containing Communism. It is true that in each case we face a police state; that civil liberty is abrogated; that opposition is confined in concentration camp or decapitated. But the methods used to extend the ideology differ, and the basic concepts of the ideologies differ, with the result that the appeal to the masses in other lands also differs. The Nazi talked of a "master race." He brazenly conceived a world in which the Nazi would be master and the rest of mankind slaves.

"The Communist does not talk of a 'master race.' He talks of a 'classless society.' He does not envision a serf-like mankind, but proclaims he is out for 'the abolition of the exploitation of man by man.' In his theory, he even talks about the State 'withering away' and uses the term democracy in a fashion confusing to us who cannot think of democracy apart from civil liberties.

"We reject Communism, its materialism, its method of class war, its use of dictatorship, its fallacious economics and its false theory of social development; but we know that the only way to defeat it permanently is to use the freedom of our own Democracy to establish economic justice and racial brotherhood. It is the man who is not exploited who is deaf to the slogan 'abolish the exploitation of man by man.' It is the man who knows he is treated justly who refuses the sinister suggestion of revolutionary activity to win justice."

50,000 Miles - No Wear!

- 1. Proved by Punishing Road Test!** For 70 days, six brand-new cars roared over searing highways along the Mexican border... putting sensational new Conoco Super Motor Oil to one of the cruellest tests ever devised. After 50,000 miles of continuous driving, engines showed no wear of any consequence... in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts. Original factory polishing marks were still visible on piston rings!
- 2. New-Car Mileage!** Test engineers were astounded at the remarkable record of economy. Gasoline mileage for the last 5,000 miles of the run was as good as for the first 5,000 miles... actually there was an average difference for the fleet of only 4/100 of a mile per gallon. This punishing test... equal to 5 years' normal mileage... proved that Conoco Super Motor Oil—with proper crankcase drains and regular care—can keep your new car new.
- 3. New-Car Power! Quicker Starts!** Yes—Conoco Super Motor Oil's extra protection keeps that factory flash... that showroom smoothness... year after year! Conoco Super Motor Oil OIL-PLATES metal surfaces to make your engine last longer, perform better, use less gasoline and oil! Conoco Super Motor Oil virtually stops wear before it starts... keeps your engine new and clean. Astounding new Conoco Super Motor Oil proved to be the great new modern wear-fighter!

De-Humidifier

Now the home-owner can protect property in his basement from mold, rust and mildew damage by moist summer air with any one of several simple and inexpensive dehumidifiers and a low-cost chemical—calcium chloride. Scarce in supply during the war years, calcium chloride is now in plentiful supply. Low-cost dehumidifiers are available nationally through hardware and lumber dealers. Dehumidifiers designed to use the chemical have a container such as that shown here, for the flake which is exposed to air. Calcium chloride has the unique property of being able to absorb several times its own weight in moisture.

NELL DESHAZO GETS SCHOOL PAPER "BUILD-UP"

An interesting comment on Miss Nell DeShazo, of Muleshoe, is given in the Teachers of the Month column in The Caveman Pow-Wow, Carlsbad, N. M., high school paper, as follows:

"A regular little copper penny may not be much in value or looks, but there's a 'Penny' in school that has a million dollar look and a great personality which is invaluable, namely, Miss DeShazo. The freshman girls who take Home Economics are in her classes.

"Miss DeShazo graduated from West Texas State College and has

attended ENMU and the New Mexico A & M College. This is the first year of her teaching career. Carlsbad high is fortunate to have the services of attractive and efficient Miss DeShazo."

Miss DeShazo is the daughter of Mr. and Mrs. J. J. DeShazo.

TO AMARILLO

Herb Covin and Ollie Jones were in Amarillo on business Friday.

GILBREATHS ON TRIP

Mr. and Mrs. Francis Gilbreath and children have been visiting at Springtown, near Fort Worth, with his mother and a brother.

FOUNDATIONS FOR OUR FAITH

FAITH IN THE CHURCH

What is the purpose and mission of the church? I speak here of the universal Christian church on earth of which all believers of the Christian Religion are members. There is much confusion among the laymen concerning which church is the true church—the right church. The Roman Catholic Church has always asserted that it is the true church; the Greek Orthodox Church is equally insistent that it is the right Church; certain protestant churches are saying all along that they are the true church. I am not attempting to settle any disputes about the true church. I am saying here that the church which contains the mind of God as revealed in Christ in its eternal ministry to the world is for all purposes the church. Apostolic succession when and if proven is not enough to confirm that the church still contains the Mind of God.

Just as an individual anywhere in the world may grasp the Mind of God as revealed in Christ Jesus; so any group of people may possess the mind of God as revealed in Christ still compose the church on earth.

A few things are essential doctrines for laying the foundation of a true church in any day. Every true believer must believe in God as Creator, and in Jesus Christ as God's Perfect and Complete Son, the true begotten son of God, while on earth. That the Holy Spirit is the ever present Mind of God in His Universe, and in the experiences of those who believe in God. Jesus Christ is the Saviour pattern of all mankind. He who will follow the Christ will know that He is the Way, the Truth, and the Life. The Holy Bible is accepted as God's highest recorded revelation of truth to mankind. Not only is the Bible accepted as God's recorded or written revelation to mankind, but the experiences which made possible the Holy Bible are of paramount importance in accounting for the validity of all recorded revelation. The Bible is based upon certain types of experiences that transpired between God and man, and man and God. The Bible stands on its records of truthful experiences made long before the book as a whole was written. The Holy Bible, therefore, is as valid as the actual experiences of men and God that made the Book a reality.

Any true church must preserve and teach the truths as they are revealed in the Holy Bible. Every true church must believe and accept God as the Creator and Preserver of His universe and all mankind; it must believe that Jesus Christ is the Son of God, and that He is an eternal example of what God can do with and for

man. Then too, the Holy Spirit is the eternal and ever present Mind of God, and that He is an eternal example of what God can do with and for man. Then too, the Holy Spirit is the eternal and ever present Mind of God in the universe for the purpose of leading, guiding, and directing the Church in all moral and Spiritual living. That the Holy Spirit is an expression of the Personality of God and must always express no less than the thoughts and Mind of God.

What then is the mission of the Church? It is designed as an eternal witness to the fact of God and His saving grace in the hearts of all believers. The church must of course be a teacher of the things of God. The members of the church are learners of the things of God, and are rightly called disciples. When some of the members have progressed enough in the learning process that their experiences of God and His grace become mature and fully developed, then they are eligible to teach and preach the gospel of God as a living experience in their own lives rather than in the lives of others in ages past. Of course every Christian is a teacher and preacher by example; yet he who teaches best by example is prepared to witness best by instruction.

With One's mind, the precepts of the Christian religion can be memorized and taught like mathematics, but is not calculated to do much good. Life is found only where there is a living power. People who know God in His living power can testify to that power. Those who have not experienced the reality of the living God, actually can not affirm or deny His Reality as a personal experience. In Religion, the only thing that counts is what one actually knows in experience. It is through experience that the Christian faith is perpetuated. Each generation must learn for itself through experience what the Christian Religion is in its relationships to God and man. The fathers cannot experience the Christian faith for their children, but the church fathers can provide an atmosphere whereby the children and the new generation may enter into the Christian experience.

The church has a mission for growing a mature experience of the Christian faith for its own generation of believers, and at the same time to create the proper atmosphere for providing the experience for the younger genera-

Our Announces Improved Gasoline

HOUSTON, March 7—An improved premium grade gasoline meeting the requirements of the latest high compression automobile motors is being made available at Gulf Oil outlets throughout Texas today, according to M. Farnsworth, Division General Manager.

Working closely with automotive engineers, Gulf's research staff has developed the new gasoline during the last three years, Mr. Farnsworth said.

Half page advertisements announcing the new anti-knock fuel will be carried during March and April in the leading daily newspapers and in several hundred weeklies and small dailies. The advertising campaign is by far the most extensive, involves the use of more newspapers and the expenditure of more money than any other Gulf sales promotion program released in Texas since World War II.

The campaign is indicative, according to Farnsworth, of two things: first, the determination of the country's leading petroleum products suppliers to provide fuels

What is the content of this Christian experience that the church desires to preserve and to share with the next generation? The actual content is not a moral code of laws; it is not an interpretation of doctrine with a final authority; it is not a fixed conception of the meaning and interpretation of the Creed. It is a perpetuation of the LOVE of God as revealed in the experience of Jesus Christ; it is a constant and living experience of MERCY, KINDNESS, SYMPATHY, GOODNESS, JUSTICE, HOLINESS-GOOD CONDUCT IS HOLINESS-FORGIVENESS TO THOSE WHO DESIRE IT AFTER THEY REPENT OF THEIR FOLLIES, HARMONY THAT EXISTS IN GOODNESS, BEAUTY THAT IS THE BLOSSOM OF A LOVELY PERSONALITY SEASONED WITH LOVE, and FELLOWSHIP that is possible only with divine minds in God. All of these things are part of the essential content of divine graces found in every true church. The church has a mission of sharing this sort of an experience with all who desire to pursue this particular course in life. A church regardless of name or pretense that does not possess these fine and divine elements is not truly a church under God. A true church has the mind and spirit of God, and shares it with others. This does not suggest a perfect people.

ments of the high compression motors developed since the war; and second, the keen competition for retail customer business that is becoming increasingly evident under the present supply and demand situation.

Gulf distributors throughout the state, and dealers in every area where Gulf products are sold, have been invited to supplement the overall Company program with localized promotions of their own.

Mr. and Mrs. Alton Cherry were in Amarillo last Thursday, they took her mother Mrs. McKinley and small nephew of Erick, Okla. who had been visiting in their home the past week.

WILLMAN IN NEBRASKA

Mrs. I. F. Willman traveled to Scotts Bluff, Neb., on learning of the death of her brother-in-law J. W. Meyer. She returned last week after a week's stay with her sister Mrs. J. W. Meyer.

at a price You can afford

You can own the Model G Tractor and tools enough to farm with . . . for less than the price of about 9 bales of cotton.* Put cash crops on your present mulefeed in acres. And the Model G will furnish the power to prepare the soil, plant and cultivate your acreage of cotton, in addition to doing other jobs.

Here is a typical Model G package including four key implements:

- ★ Rear-engine Tractor
- ★ 24-inch Disc Plow
- ★ One-row Cotton and Corn Planter
- ★ Front-mounted Cultivator
- ★ Full 5-foot Mower

*Figured at 25 cents per pound

This may be your chance to change over to modern power. Stop in and talk it over.

HEY! 4H BOYS and GIRLS

PARTICIPATE IN THE WESTINGHOUSE 1950 NATIONAL 4H FARM & HOME ELECTRIC PROGRAM

NATIONAL 4-H CLUB WEEK, MARCH 4-12

Your county agent can give you complete details on the 1950 National 4-H farm and home electric program. See him soon! This is your opportunity to show people how 4-H boys and girls learn by doing.

AWARDS...

- COUNTY**
Gold filled medal of honor to the county winner.
- STATE**
For Member: All-expense trip to the National 4-H Club Congress at Chicago, November 26-30, 1950, inclusive.
- For County:** A handsome plaque to the county reporting the most outstanding 4-H Farm and Home Electric Program.
- NATIONAL**
Six college scholarships of \$300 each will be presented to a blue award group selected from the State winners, preferably to three boys and three girls.

REGULATIONS...

- Who May Participate:**
Bona fide 4-H boys and girls working under the supervision of the Extension Service may participate.
- How to Participate:**
Discuss the contest with your local Club Leader or your County Extension Agent. Be sure that you are enrolled for the Farm and Home Electric Contest if enrollment is required.
- Carry out the work outlined and write your report as suggested in this leaflet. Be sure to submit all material requested by the County Extension Agent before the final reporting date.
- For State Winners:**
To be eligible for State Trips and National Scholarships, participants must have passed their 14th birthday and must not have passed their 21st birthday on January 1, 1950, and must have completed at least three years of 4-H Club work including the current year.

Pontiac's New Steel Station Wagon Revealed

The 1950 Pontiac station wagon is of steel construction and to the traditional station wagon swank has been added safety, durability, quietness and low maintenance of a sedan. Because of its revolutionary new construction the Pontiac station wagon may be obtained in a number of handsome, two-tone color combinations. Pontiac reports an enthusiastic reception far in advance of the old-fashioned steel and wood type of station wagon.

All Western Day At HS Friday

All Western Day has been proclaimed by the student council of Muleshoe high school for tomorrow, Friday, March 10. Joe Frank Cummings and Melba Fudge are to be in charge of this all west program.

It is rumored that all persons who do not follow the law and deck out in western duds is to be thrown in the clink and is answerable to Sheriff Teddy Joe Lawler. It is required that teachers wear western clothes too.

Climaxing this day of the old west will be an all western dance.

Kriegel Auction Scheduled Monday

A farm auction sale will be held at the Alvin Kriegel farm next Monday, March 13, the sale to begin at 11 a. m., Texas time. The farm is reached by traveling west 4 1/2 miles on Clovis highway, thence 2 1/2 miles west on farm-to-market road, or it is 1 mile south and 1 1/2 west of Progress.

Mr. Kriegel has sold his farm and will sell at auction a big list of cattle, chickens, furniture, feed, machinery, hogs, a horse, and many miscellaneous items.

Col. Dick Doshier of Farwell will cry the sale and Orval Francis will be clerk. Lunch will be served by the ladies of the Progress home demonstration club.

Do You Want To Cut Your Federal Taxes?

Efficiency At Less Cost

Efficiency is necessary to reduce the cost of government. It is also imperative for our national prosperity. The Commission on the Organization of the Executive Branch of the Government in its minute survey of the 1312 Federal agencies, boards, and departments, found a sad lack of effective house-keeping. This Commission, created by Congress with the approval of President Truman, was headed by former President Hoover. It has provided a vivid picture of the weaknesses in our present set-up, and suggested ways of increasing efficiency so that your taxes may be reduced.

Today thousands of tons of obsolete, useless records are stored in steel cabinets in expensive offices at maintenance charges of \$20 per year each, when they could be kept in warehouses at a cost of only \$2.15 per year each.

In 1928 the Department of Agriculture had about 22,000 employees and spent less than \$26 million. In 1948 it had 82,000 employees and spent \$834 millions of your hard-earned tax dollars. In a single Georgia cotton county, 47 employees of 7 separate USDA field services were handing out advice. A Washington State county had 184 Department agents and a Maryland county had 88 agents advising the heavily taxed farmers. A Missouri dairyman was "confused and irritated" when he recently received contradictory advice from five government agencies on how to fertilize his fields.

These are a few instances of the thousands discovered by the Commission where elimination of duplication would give increased efficiency and better service at less cost. If all of the recommendations of the Commission are adopted, the workers of this country would save between three and four billion dollars in taxes annually.

If you are interested in seeing these changes made in your government, tell your Congressman. Write the Citizens Committee for Reorganization of the Executive Branch of the Government, 1421 Chestnut Street, Philadelphia 2, Pennsylvania, for more information. Talk to your friends about it. These much-needed reforms cannot be made into law without your support!

Explorer Scouts Meet In Lubbock

Dr. C. C. Schmidt, Chairman of the Camping Committee of the South Plains Council announced today a Rendezvous of all Explorer Scouts to be held at Reese Air Force Base near Lubbock, Texas, March 24-25.

Explorers will arrive at the Base after school on Friday, March 24. The Rendezvous will open with dinner at 7:00 p. m. Each group will bring their tents and bed-rolls.

Program highlights include inspection of B-25 Bombers, Control Tower, Weather Station, Maintenance Lines, Motor Pool, Full Dress Review and special air force pictures.

All Explorers 14 years of age and up are urged to attend. Reservations must be made with the Council Office, 2109-Avenue X, in Lubbock by March 18. No registrations will be accepted after this date. Major S. S. Williamson of Reese Air Force Base and Scout Executive W. R. Postma are handling all arrangements.

In the high school gymnasium at eight.

Styles Market At Lubbock March 11

LUBBOCK, March 8—Everything from cowboy boots to the latest fashioned spring evening dresses will be displayed in the Western Wholesale Style Market to be held March 11, 12, and 13, on the first four floors of both the Lubbock and Hilton Hotels. The semi-annual market is sponsored by the Lubbock Chamber of Commerce. Room after room of Easter and summer lines will be displayed by representatives of manufacturers and wholesale houses from all across the nation.

Merchants from this area and as far away as Eastern New Mexico and Southwestern Oklahoma attend the market regularly. Most of the merchants find the market feasible due to the fact that they can attend the market, buy their merchandise, and return home in a single day. Many of the buyers have declared the market to have as much to offer in the price, quality and display as markets in metropolitan cities.

"We of the Western Wholesale Market Association feel that this year's Spring Market will exceed any market in the history of our organization due to the fact that manufacturers, wholesalers and jobbers now have more to offer than ever before," J. R. White, President of the Western Wholesale Market, said. "We are extremely proud of the response that area buyers have given us in the past and are doubly proud

Gregory Leads Lubbock Agency In First Month

Robert M. (Bob) Gregory has just received notice from Kenneth D. Moore, manager of the South Plains Agency, Great National Life Insurance Company, Lubbock, that he led the entire agency in life insurance production for the month of February. Mr. Moore states that Mr. Gregory made one of the best records ever heard of for a new man in a new business.

Mr. Gregory placed in force nearly \$100,000 of production on families in and around Muleshoe his first month in the business. Most of the insurance placed was on a Retirement Income plan and will, therefore, provide security for the purchasers in their old age as well as giving protection for their families in the meantime. Mr. Gregory spent most of his time the first month studying the life insurance business and, after three months, his company will send him to the Institute of Insurance Marketing at Southern Methodist University for further training. Mr. Gregory will live on the campus and will attend classes for about three months. This will be divided into three different semesters.

Mr. Gregory, at the present time, has his office at his home but plans are being made to secure a location down town.

Speech Recital At High School

A speech recital was held at Muleshoe high school last Tuesday night at 7:30. Those persons taking part were Glynn Bartley who recited "The Coward," Jimmy Thomas gave both "Midnight Ride of Paul Revere" and "Revenge of Rain in the Face." Bill Thomson gave an original oratory. Miss Griffin of the high school is the speech class sponsor.

FROM SAN SABA

Mr. and Mrs. Leonard Lee of San Saba, their son James C. who is attending Tech at Lubbock, were here visiting old friends and on business this week. They formerly lived in the Enochs community.

time, has his office at his home but plans are being made to secure a location down town.

KITCHEN MEMO BY JEAN CLARKE

Like ripe olives, some people love bread pudding; others abhor it. Molasses Bread Pudding, because of its high flavor, will convert the bread pudding-haters in your family. It contains plenty of body-building iron. Arrange 10 slices diced stale bread in a well-greased baking dish. Beat together 2 eggs, 3 tbsps. molasses, 2 tbsps. sugar, 1/2 tsp. salt. Add 2 cups scalded milk, 2 tbsps. melted butter and pour over the bread cubes. Put baking dish in pan of hot water and bake in moderate gas oven of 350°F. for one hour or until firm. Serves 6.

A coarse quarter-inch wire mesh fastened under the register of your gas floor furnace will catch dust particles. Clean it occasionally to keep free passage for hot air.

Added flavor for gravy: Stir in a bouillon cube while the gravy is cooking.

Store meat or poultry unwrapped in your gas refrigerator because contact with the air delays spoiling.

The rusty scale that drops down from the bottom of your automatic gas water heater should be brushed off the burner about twice a year.

While your noodle soup is simmering on the top burner, add chopped green pepper and chopped pimiento. Or parsley can take the place of the pepper.

Clean Up Urged To Check Typhoid

AUSTIN, Mar. 6 — Dr. Geo. W. Cox, State Health Officer, says that the season of the year when typhoid fever is most prevalent will soon be here and urges everyone to clean up their premises to eliminate flies and other insects. A town is only as clean as the individual citizens and public health should be everyone's concern.

The typhoid germ travels from an infected person to the well person; this is generally accomplished by water, milk, flies, fingers, or food. Every case is contracted by way of the mouth and digestive system.

A carrier is a person who has had typhoid fever at some time and who even after recovery carries the germs of the disease in the urine and discharge of the bowels. Carriers who are careless in their personal habits are likely to infect any food they handle with unwashed hands. Some of the most serious and far-reaching outbreaks of the disease have been caused by drinking or eating foods that have been handled by carriers. Persons may be carriers without knowing it.

Typhoid fever is unnecessary and preventable. Every case is due either to community negligence or to the carelessness of some individual. Persons planning a vaca-

tion or trip where sanitation may not be rigidly enforced should protect themselves against this disease by being immunized. Its prevention is accomplished by the enforcement of public health measures to protect food, milk, and water supplies, and by immunization. The purity of water, milk, or food cannot be judged by looking at it, so the best thing to do is to play safe and have your physician protect you.

CHRISTIAN SCIENCE SERVICES

"Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 12. The Golden Text is: "I know that, whatsoever God doeth, it shall be for ever: nothing can be put to it, nor any thing taken from it" (Ecclesiastes 3:14). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him" (1 Corinthians 2:9). The Lesson-Sermon also includes

the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Matter, with its mortality, cannot be substantial if Spirit is substantial and eternal" (page 278).

SGT. FRUIT TAKES RADAR COURSE AT FORT BLISS
 FORT BLISS, TEXAS— Among the students in a Radar Repair and Maintenance Course now underway at Fort Bliss is Sergeant William Charles Pruitt Jr. of Route Two, Muleshoe.

Rainbow Girls Come-As-U-R Breakfast, Success

The Come-As-You-Are Breakfast held last Saturday morning by the Rainbow Girls was a big success and enjoyed by everyone. The girls cleared \$130 on the breakfast.

Miss Elizabeth Harden presided at the registration desk and received the money as the guests arrived. Besides the girls Mesdames Eddie Lane, W. Q. Casey, Bill Collins, Buck Wood, Clifford Green and Vance Wagon, Mother-Advisor, helped make the breakfast a success.

Mr., Mrs. Cooper Party Honorees

Mr. and Mrs. M. E. Cooper were given a surprise anniversary dinner party, Thursday night, at the home of Mr. and Mrs. Deward Rucktaschel northeast of Muleshoe, by their four daughters and families. Miss Lequita Sue Masten, their granddaughter of Morton also was honored as it was her 4th birthday.

Both parties received beautifully decorated cakes and many lovely gifts.

Those attending were Mr. and Mrs. Earl Dow and sons, Mr. and Mrs. R. L. Brewster and son all of Littlefield; Mr. and Mrs. James Masten and daughter of Morton; Mr. and Mrs. O. G. Lunsford and Nadine of Littlefield; the hosts Mr. and Mrs. Deward Rucktaschel and three daughters.

Mr. and Mrs. Cooper have recently moved on a farm 7 miles west of Muleshoe, they are from Littlefield.

Watson HD Club Met Campbell Home

Watson HD Club met at the home of Mrs. Kenneth Campbell, Feb. 22. Several members came early and started quilting on the double-ring wedding quilt. At 2:30 Mrs. Petree, pres., called the meeting to order.

Mrs. Neal Smith, sec., called the roll and several answered with the "cereal my family likes best", one woman gave a different suggestion, when she said, that her children would eat their oats after she put vanilla and red cake coloring in.

Mrs. Petree gave the council report and Mrs. Kenneth Campbell consented to be council delegate.

A committee was appointed to choose a play for the club to put on.

Mrs. Calvert won the hostess gift.

Delicious refreshments were served to Mesdames Geo. Fine, E. F. Campbell, C. P. Calvert, S. D. Key, Chester Petree and Neal Smith.

The next meeting will be at the home of Mrs. Geo. Fine, March 8.

THE MULESHOE JOURNAL, March 9, 1950

Muleshoe Couple Married 55 Years

MR. AND MRS. J. E. PERKINS

Mr. and Mrs. J. E. Perkins celebrated their 55th wedding anniversary Sunday, March 5, at the home of their daughter, Mrs. T. W. Berry. There were five children and five grand-children present: Cecil and Arthur of Muleshoe, Mrs. Berry of Muleshoe, Albert of Lubbock, and Mrs. L. A. Harper of Circle Back. Grandchildren were Tony, Frank and Gary Harper of Circle Back, Allen and Glenn Berry of Muleshoe.

Glenn Berry came home from Texas Tech for the occasion. His friend, Don Pass, also of Tech, flew here in a plane. Several of the family went for plane rides in the afternoon.

Mr. and Mrs. J. E. Perkins have ten children, 7 boys and three girls: Dewey and Lester of Dallas, Calvin of Waxahachie, J. B. of Memphis, Tenn., Mrs. George Fenton of Memphis, Tenn., Albert of Lubbock, Cecil and Arthur of Muleshoe, Mrs. T. W. Berry of Muleshoe, Mrs. L. A. Harper of Circle Back.

Mr. and Mrs. Perkins were married at Corsicana, Texas, March 6, 1895, lived in Navarro, Ellis, Dallas

and Tarrant Counties for several years. They moved to Collingsworth County in 1920 and to Bailey County in January, 1925. Mr. Perkins farmed until 1944 when he moved from the farm to Circle Back, then to Muleshoe in 1948. They reside at 808 Main Street. They have 22 grandchildren and 6 great grandchildren.

Smith-Day Plans For Marriage Announced

Glenn R. Smith recently announced the engagement of their daughter Muriel, to George W. "Pete" Day, at a buffet supper and party held in their home.

She is in her junior year at Modesto High School, where she majors in home economics.

Day is a sophomore at Modesto Junior College and majors in mathematics. He is the son of Mr. and Mrs. L. M. Day of Modesto, Calif., formerly of Muleshoe. He attended school for several years in Muleshoe and has a host of friends here who wish his success.

No date has been set for the wedding.

Klumps Honorees Surprise Dinner

Mr. and Mrs. R. J. Klump were very pleasantly surprised Sunday at the home of Mr. and Mrs. H. H. Carlyle Jr., where a bountiful dinner was served, it being their wedding anniversary. Those present were Mr. and Mrs. Ed. McDaniel of Clovis, N. M.; Mr. and Mrs. W. J. Matthews, Mr. and Mrs. B. L. Harding and son James, and J. T. Harding of Texico, N. M. Mr. and Mrs. Klump received several nice gifts.

Three Way W. M. S. Met At Church

Three Way W. M. S. met at the church Monday, March 6.

Mrs. Edwin Neutzler had charge of the business meeting in the absence of Mrs. M. D. Gaddy, who was ill.

Mrs. Andrew Wittner gave the devotional, reading the 42 Psalm.

Plans were made to have the "Week of Prayer" in an all day meeting at the Church March 13. Each member is urged to come and bring a covered dish.

The yearbooks were given out and we want to thank each lady who had a part in making them.

Mrs. Amos Sedgwick closed the business meeting with a prayer.

Mrs. D. P. Brinker taught on the books of Ruth and Judges.

Surprise Party For Mrs. Nallin

Last Thursday night a surprise birthday party was held for Mrs. Morris Nallin in her home.

Guests included M. G. Bass, Mr. and Mrs. Wilborn Bingham, Mr. and Mrs. Elgin Boyter and Mr. and Mrs. Willis Wood, all of Muleshoe. Mr. and Mrs. Woods Goforth of Needmore and Mr. and Mrs. J. L. Phipps of Sudan were also present at this party.

Birthday Dinner For A. P. Barnett

A surprise birthday dinner was held for A. P. Barnett of Baileyboro last Sunday at the home of Mrs. A. J. Shafer.

Those present included Tom Williams and Mr. and Mrs. Don Marlow of Baileyboro. Miss Mary Barnett came from Vernon. Mr. and Mrs. R. Barnett and Mr. and Mrs. Fern Barnett and family were from Black, Texas. Miss Minnie Barnett from Amarillo and Mrs. Annie Kimmins of Borger were also present at the dinner.

From Muleshoe, there were Mr. and Mrs. Don Barnett, and Mr. and Mrs. C. A. Barnett and family.

Miss Laverne Maddox Is Wed In Home Ceremony Sunday to Mr. Caldwell

The home of Mr. and Mrs. S. C. Caldwell was the scene Sunday afternoon, March 5, at 2:30 of the marriage of Miss Laverne Maddox, daughter of Mr. and Mrs. T. F. Maddox and Mr. Eugene Caldwell, son of Mr. and Mrs. Caldwell.

The ceremony was read by Rev. Ebb Randol, minister of the Church of Christ, before an archway covered with fern and white carnations, lighted by candlelight on each side.

Miss Juanita Hoover lighted the candles.

The bride wore a navy blue gabardine suit with white accessories. Her corsage was 3 white gardenias and she carried a white Bible.

The traditional wedding songs were played, "Always," "Because," "I Love You Truly" and the wedding march.

The matron of honor, Mrs. Horton Griffin, wore an aqua gabardine suit with brown accessories, her corsage was of pink carnations.

Spencer Kuykendall of Post was best man.

Mrs. Maddox wore navy blue with a pink corsage.

Immediately following the ceremony a reception was given. Miss Dorothy Dawkins of Plainview, presided at the Bride's Book. Miss Barbara Klutts poured and Miss Ann Horsley cut the cake.

After a wedding trip to South Texas the couple will make their home north of Muleshoe where Mr. Caldwell is engaged in farming.

Mrs. Caldwell attended high school and business college in Duncan, Okla., and is now employed in the County Sheriff's office. Mr. Caldwell attended school in Post.

Those attending the wedding and reception were: Mr. and Mrs. T. F. Maddox, Mr. and Mrs. H. F. Wheatley, Bill Warner, Reaford Wenner, Nebster Johnson, Rev. and Mrs. Randol, Miss Juanita Hoover, Mr. and Mrs. Elgin Boyter, Mr. and Mrs. J. W. Jarman, Miss Barbara Klutts, Mr. and Mrs. Horton Griffin, R. L. Johnson, David Taylor, Mr. and Mrs. C. E. Briscoe, Mr. and Mrs. Alvin Dalton, Mr. and Mrs. Clyde Taylor, Mr. and Mrs. W. B. Wagon, Harold Wilson, Miss Ann Horsley, Jimmy and Robert E. Simmons, R. C. Howell, Mr. and Mrs. Ernest Holland, Scott Donaldson, Miss Dorothy Dawkins, and Mr. and Mrs. S. C. Caldwell.

Jean Childers and Mary Jo Holt who played a piano duet and Miss Irene Shanks who played a piano solo.

Highway Patrolmen Mack Kniffen and James Craddock of Littlefield were introduced and the program "Safety At School" was turned to them. After a short talk by Patrolman Kniffen, two movies were shown on safe driving.

Fred Johnson talked on responsibilities of parents and students in safe driving and presented the Association 1000 father-daughter and 1000 father-son Safe-Driving Certificates to be signed by both parent and child. A special committee was appointed to meet with the Student Council at their next meeting to discuss this.

The delegates to the District Conference at Slaton, April 13 and 14 were elected. They are Mrs. R. E. Herrington, Mrs. Leon Smith, Mrs. Leon Julian, and Mrs. Morris Childers. A school bus will go to Slaton April 14 to take members of the Association to the Conference.

At the special meeting held Feb. 27 it was decided to have two P-TA units in the school, beginning next school year, a High School Unit and an Elementary School Unit.

Officers for the two units were elected Monday night: High School Unit, president, Mrs. Leon Julian; vice-president, Mrs. Ray Mayberry; secretary, Mrs. W. Q. Casey; treasurer, Mrs. Ed Johnson; historian, Mrs. Jessie E. Stovall; for the Elementary Unit, president, Mrs. Leon Smith; vice-president, Mrs. Morris Childers; secretary, Mrs. Mary B. Obenhaus; treasurer, Mrs. L. T. Green; historian, Mrs. A. W. Copley.

Miss Virginia Banks' first grade room won the \$5.00 prize in the room count.

McAdams Recital Presented Feb. 23

Mrs. Horace McAdams presented her expression pupils in a recital at the Methodist Church, Feb. 23rd.

Program: Welcome and "Susan" by Lanelle Boothe; "A Nice Cake," Julie McAdams; "Us Kids," "Wishes," "A Marching Song," and "Fog" by Edwin Cox; "The Biggest Mystery" by Evert McAdams; "A Fairy," "Indian Children" by Kay Lenderson; "Final Choice," "The Test," and "If" by Pearlene Volkman; "Betty Practices Her Piano Lesson," "Winken, Blinken and Nod" by Mary Beth Jeter.

P-TA Elects New Officers, Monday

Muleshoe Parent Teacher Association met in regular session Monday night, March 6, at the High School Auditorium, with Mrs. R. E. Herrington, president in charge.

The Parent Teacher Prayer was read by the group for invocation. Mrs. Ed White, program chairman, introduced Misses Doris Loyd Roberts.

Tuesday evening March 21 is to be Mason's night at the hall. All Mason's, their wives and families, all Stars and their families are invited to attend. There is to be a basket supper and kitchen shower. A short program and old-fashioned get-together are planned for the evening's entertainment. The officers of the OES are to act as general arrangements committee.

At the close of the meeting refreshments were served by Mrs. Lola Bray, Mrs. J. E. Mills, Mrs. Hazel Nowell, Mrs. Grace Lane and Mrs. Lela Barron.

Progress HD Club Met O. C. Thomson Home, March 7

On March 7th the Progress Home Demonstration Club served lunch at the land leveling, farm machinery, and fertilizer demonstration at the O. C. Thomson farm.

After lunch, the club met in regular session with Mrs. Thomson as hostess. Plans for entertaining the County Commissioners were discussed. Progress club was invited to visit Council enmass.

Mrs. Copley, the County T. H. D. A. chairman, visited the club and brought the new reading list. We enjoyed her instructions about the reading and radio listening projects and report on the State Institution at Wichita Falls, Texas. It was voted to send a box of needy articles to this institution.

Mrs. O. C. Thomson gave an interesting demonstration on "Shrubs and Tree Types for West Texas." Mrs. Thomson led a round-table discussion on shrubs and trees suitable for this locality. The club will serve lunch at a farm sale at the Alvin Krieger farm Monday, March 13th.

Mrs. M. E. Little will be the hostess to the club March 21st. Let's all come and bring our new neighbor.

Progress HD Club In Feb. Meeting

The Progress Home Demonstration Club met February 21 in the Albert Davis home. There were eleven members and three visitors present.

In commemoration of Washington's birthday, "America" was sung by the group and "Washington's Prayer" was read as inspirational.

Mrs. J. W. Thomson was elected as nominating council for delegate to District Meeting to be held in Littlefield, April 25.

Mrs. Gordon Murrah gave a very instructive demonstration on leather tooling. The club will meet with Mrs. O. C. Thomson, March 7th.

For Your Dodge or Plymouth Car
MOPAR MIRRORS
assure you of
GREATER SAFETY,
while driving

MOPAR OUTSIDE REAR VIEW MIRRORS
Greater vision means safer driving. MOPAR Outside Rear View Mirrors give you much greater visibility. Let you see what's behind you... what's at your side. They're easily adjustable, too. Can be mounted on either front door... or both. Two models available, as described below.

BOLT-ON DOOR PANEL TYPE Small mounting base fits on door in line with car belt molding. Mirror is large, non-glaring. Chrome-plated. Attractive.

CLAMP-ON DOOR FLANGE TYPE Easily clamped on either front door. Concealed screw hold clamp. Non-glaring mirror. No holes to drill. Swivel-mounted.

MOPAR VIEW-MASTER MIRROR
Special rose-hued, non-glare mirror absorbs night-time headlight glare. In this way, MOPAR View Master Mirror minimizes eye strain... eye fatigue. MOPAR driving more enjoyable. Large, distortion-free. Gives you clearer visibility for day or night driving.

MOPAR VANITY MIRROR
Here's a note of practicality! It's the MOPAR Vanity Mirror. It clips on the sun visor. Out of sight when visor is raised... available when visor is lowered. It provides a convenient way to check personal appearance. Also includes convenient etched spaces on each side which you can use to record travel and service data.

Your sign of quality. Products bearing the MOPAR emblem are factory-engineered and inspected by Chrysler Corporation.

Make us your headquarters for MOPAR Accessories!
