### Senior Citizens Nutrition Menu

When you want top entertainment, just look around you and you will find all kinds of talent.

During the past week the senior citizens asked help from the Assembly of God and sure enough a quartet was formed quickly. The Rev. O.T. Killion, Mozelle Phillips, Dixie Montgomery and Jack Montgomery sang hymns of old and their songs were well received.

Again, the program coordinator, Annie Rendall, said let's have something different. She found it! Viola Payne not only likes to write articles for the papers, but she is an excellent violinist. She played several numbers prefacing them with an explanation of each.

Then the Brymer-Priest-Hamilton team moved in with their hillbilly music, with plenty of hoe-down, and the toe tapping began all over. Clyde Brymer, who plays the violin and organ, Mildred Priest, who plays the organ and piano, and Sallie Hamilton, who plays the guitar entertained the participants of the nutrition luncheon and all thoroughly enjoyed it.

Many senior adults of the area are finding fun and fellowship at the Senior Citizens center. Call 442-3625, Jo Phillips, reservations coordinator, and tell her you plan to come to the next luncheon. The only requirement is that you must be 60 years of age.

The menus for this week are:

**Monday:** Beef & Noodles, Broccoli Casserole, Peas & Cottage Cheese, Spice Cake, Bread and Drink.

**Wednesday:** Sliced Turkey, Corn Bread Pudding, English Peas, Sweet Potatoes, Fruit Cobbler, Bread and Drink.

**Friday:** Roast Beef with Brown Sauce, Whipped Potatoes, Spinach, Banana Nut Pudding, Bread and Drink.

There are three teams in the age group of nine to 12, which consist of the Tigers, coached by Betty Phippen. The players are Pattie Shelton, Candy Escobedo, Ingrid Valek, Melissa Wylie, Misty Seabourn, Mickey Coslette, Lisa Phillips, Ella Underwood, Shelley Boothe, Laurina Gage, Misty Wood and Debbie Tipton.

The Roustabouts are coached by Bill Roberts and sponsored by the Lemon Tree. Players are Robin Ritchie, Tami Roberts, Traci Owens, Toffie Shirley, Sherry Seabourn, Christi Purvis, Renee Dillard, Connie Strife, Jenean Wells, Karen Barney, Leigh Callarman, Kim Arnold, Lacy Harrison and Ruby Wells.

Joy Worley coaches the third team and they are Terri Dixon, Hazel Worley, Kelly Cooper, Janice Wooley, Stacy Willingham, Traci Edgar, Melessia Chapman, Bobbie Wilcoxon, Sherrie Peevey, Tanya Smith, Janet Glenn and Teresa Petree.

# Vanquisher Of Dragons

BY VIOLA M. PAYNE

In stories of long ago, courage was symbolized by a knight riding a white horse, dashing off to slay a dragon.

But courage can take many forms. The people of Cisco realize that courage also rides in a wheel chair, in the person of Patsy Nance. And Patsy has vanquished more dragons than most of us meet in a lifetime.

Patsy's longtime friends are accustomed to seeing her, serene and lovely, use that chair. But any person who meets her for the first time receives a noticeable emotional impact. There is no outward sign of her disability. She has clear skin, dark hair, and a vibrant smile. A fairy-tale princess, strangely immobilized. One longs for the magic word to free her!

But the word does not come. For this is reality—a reality which sliced into her life one November day in 1947. It began with a car accident near her home in Cisco.

Patsy was only fifteen, a Sophomore in Cisco High School. Before that time, the only real tragedy she had known was the death of her brother, Garland Nance Jr., from pneumonia. Patsy had sparkling good looks, lots of friends, and parents who gave her many advantages. Her mother, Lavena, made the home a pleasant place. Her father, Garland R. Nance, was an accountant with his own office in Cisco. He was interested in community affairs, and served on the School Board.

Patsy loved music, and had taken piano lessons from Ora Howell of Cisco and Wilda Dragoo of Eastland. She enjoyed sports and all the school activities.

The Nance family belonged to the First Methodist Church, and Patsy had faith in God and His wisdom. She would need every bit of it.

After the accident, anyone who could help Patsy mobilized into action. First came the hospital in Cisco, where it became obvious that her spinal cord was injured severely between the shoulder blades. A neurosurgeon drove over from Dallas. Later Patsy went to Baylor hospital in Dallas, for more tests and surgery. Time fragmented for her, falling apart in great chunks. Days of oblivion, days of pain. Days of hope, when sensation began to return to her legs. More surgery, no more sensation. Then the final word - Patsy would be paralyzed, unable to walk.

Although this was difficult to accept, Patsy determined to make the best she could of her life. Her parents, grandparents, and the community rallied behind her. Between hospital stays the local teachers came to her home to visit and tutor, and friends helped with lessons and cheered her up. Her Mother gave daily care, and her Father paid bills and arranged the home in ways to make Patsy's life as easy as possible. One of Patsy's teachers, Lela Lloyd, introduced the Nances to Mary Louise Sudderth, a Physical Therapist who worked at a Veteran's Hospital in Temple. She instructed Lavena Nance in daily care for Patsy, and many details of therapy which would keep her in good condition. This treatment, as well later rehabilitation at Gonzales Warm Springs Foundation, has proved priceless for maintaining the use of her

arms and for keeping her general health good.

By 1950 Patsy could stay away from hospitals long enough to attend school part time. Out of this tangle one thing became certain - the mind was the most important of any body. And Patsy's mind kept clicking right along, giving her an above-90 average in her Senior year. Friends wheeled her across the stage to receive her diploma from the President of the School Board - her Father. The audience cheered wildly.

About fifty seniors graduated that night, and about eight have remained in the Cisco area. The rest are scattered. For they walked across the stage that night into a world in upheaval. The United States entered the Korean War, and many became involved in that effort.

Not long after Patsy's graduation Garland R. Nance assisted with the project of setting up Cisco Junior College as a State supported school. He became President of the Board of Regents, and spent much time on the school. Nance Hall, at C.J.C., was named for him as a Memorial of his work.

Patsy enrolled in C.J.C., studying Accounting and a number of other courses. Mrs. O.L. Stamey was her Math teacher, and Olga Faye Parker taught her English and Spanish. After graduating from Cisco she enrolled in correspondence work with McMurry College, and went to Gonzales for rehabilitation.

"The training," she explains, "was designed to make me more independent. I learned better ways to get into cars and bathtubs, and I practiced weightlifting. I especially enjoyed swimming, so my Father built a swimming pool at home. I still use it in the summer, swimming with the help of a ski belt."

At Gonzales Patsy met Dr. Clary Bates, who has remained her personal physician. Each year she goes to Austin for a check-up from Dr. Bates, who calls her "My prize patient". Dr. E.E. Addy, of Cisco, cares for any difficulties she may have at home. She seldom calls on him, but it is good to know he is nearby.

In 1956 Patsy and her Mother stayed in a G.I. apartment near McMurry so she could fulfill class attendance requirements for a degree. She graduated in 1957 with a Degree in Business Administration, and began work in her Father's busy Cisco office. She helped with Income Tax Forms, Railroad Commission forms, and various types of business accounting. Garland R. Nance remodeled a building on Ave. D for his office, arranging it in a convenient manner for Patsy.

But again all her plans had to be changed. Her Father died of a heart attack two years later - 1959. Without her Father to drive her to the office, and assist her while there, Patsy decided it would not be practical for her to keep the office open. Eventually the business was sold, but Patsy continued to work in her home.

At the present time she does accounting work, continues to do Income Tax work, and various types of business accounting. She works in her home office in the afternoons, for most of each morning is spent with the therapy her Mother gives.

PATSY NANCE

"My Mother has been called 'My Gold Mine,'" Patsy smiles. "And I agree. There is no way anyone can buy the type of care she gives me. Of course I can't drive, so Mother drives me where I need to go. Traveling has been a real pleasure for both of us - trips to see relatives in the South and Southwest; sightseeing trips to Colorado, Arizona, and other states."

Patsy still loves music, but more as a listener than a performer now. "I like classical, folk, even country, if it's good," she smiles. She also works at crafts, when her busy life leaves her enough spare time. She has done a lot of decorative painting, on woven purses, dishes, and other things. Television and radio furnish entertainment and diversion, and she enjoys reading when possible.

Although Patsy cannot attend Church on a regular basis, she serves her First Methodist Church as the Church Treasurer. "Mrs. Jerden Davis, the Church Secretary, assists me," Patsy says. "I appreciate this work so much. It gives me a chance to help - to be a part of the Church."

Perhaps it is this longing to be a part of life which troubles handicapped people most. Patsy would love to attend more public events, to visit friends, to get about and shop, but difficulties beset her. Few older buildings are arranged to accommodate persons in wheel chairs. And curbs and high steps present real obstacles.

"I'm glad to see this changing," Patsy says. "There are more paraplegics around now - mostly from the Viet Nam war - so more attention is being focused on our problems. Car accidents, football injuries and gunshot wounds are leading causes of civilian spinal injuries. How I hope that someday enough research will be done on spinal injuries to find a way to repair and regenerate the spinal cord!"

But the years have given Patsy a long view - different perspective - of her own injury. "I realize that everyone in this world has problems. Mine just take a different form. Emotional problems can also be severe."

The biggest feat of all is that Patsy has kept a healthy mind, and can have this type of insight. Occasionally she hints at how this has been done. "I simply cannot afford to dwell on the past, about why or what might have been. Nor can I sit around worrying too much over what bad things might happen in the future." Her dark eyes become reflective. "Mother and I must have faith that whatever happens, that some provision will be made - that somehow help will be there when we need it. That is the only way to live."

**SEEDS FROM THE SOWER**  
 By Michael A. Guido, Metter, Georgia

A third-grade teacher asked her class, "Why did the Puritans come to America?"  
 "To worship God in their own way," said a boy, "and to make others do the same."  
 But God does not make you worship Him, if you do not want to.  
 You were created by God, and you live in a world made by God. You are what you are because He made you that way.  
 What you do, matters to God. He is always thinking about you and watching everything that concerns you.

Where you go after you die, matters to God. The Bible says, "He is long-suffering to usward, not willing that any should perish, but that all should come to repentance."  
 He wants to save you from sin and its sorrow, the devil and his destructiveness and the grave and its gruesomeness.  
 He wants you to enjoy happiness here and heaven hereafter, for in His presence there is fullness of joy. But the choice is up to you.  
 The Bible says, "Whoever wants to, let Him come." Come to Him, won't you?

### National Living Centers' Nursing Homes Raise More Than \$30,000

HOUSTON--The residents of National Living Centers' nursing homes got busy this spring and raised more than \$30,000 for the American Heart Association during the "Rock 'N Roll Jamboree" fund-raising campaign. The Jamborees, held by 80 individual facilities, featured residents rocking in rocking chairs and rolling in wheelchairs to earn funds pledged for them by local sponsors. The pledges had been solicited earlier by interested community members.

Residents knew their efforts had paid off when the final numbers were tallied and a total of \$31,479.45 was presented to representatives of the heart association.

Although rocking and rolling were the main events, many of the facilities used local resources and held a variety of activities to

help the tornado victims in Wichita Falls.

Plans were made for those who can, to go to Eastland Monday night when Meree Murphy, District Deputy President, makes her official visit.

Those attending were Dollie Cooper, Addie Mae Cooper, Lydia Krauskopf, Ruth Powell, Geneva Leard, Meree Murphy, Thelma Latson, Era Donaway, Ted Hamilton, Mary Stephens, Ruth Bolinger and Vera E. Darr.

increase community involvement. These activities included a circus, autograph sessions with celebrities, and the "kidnappings" and subsequent ransoming of local officials.

The most profitable Jamboree was held at Pinecrest Nursing Home in Daingerfield, where residents raised \$2,129.00. Other successful facilities and the amounts raised at each were: Park Highlands, Athens--\$1,843.74; Green Acres, Huntsville--\$1,650.20; Pavilion, McKinney--\$1,400.00; Blalock- Northwest--\$1,339.45; Green Acres, Bridge City--\$1,110.00; Care Inn, La Grange--\$1,054.11; Willis Convalescent, Willis--\$1,012.30; Cisco Nursing, Cisco--\$922.93; Lynn Lodge, Longview--\$841.00; Pasadena Care, Pasadena--\$804.67.

The residents were enthusiastic about the "Rock 'N Roll Jamboree" because it gave them an opportunity to participate in a fun activity while raising money to fight a disease which has affected almost all of them, at least indirectly. Their families, as well as the volunteers and staff members of National Living Centers, feel that the pride and satisfaction resulting from this project is worth even more than \$31,000.

### Cisco Students Receive Awards From W.C. District

The Upper Leon Soil and Water Conservation District recently presented awards to winners in a poster contest sponsored by the District. Those receiving ribbons from Cisco were students in Mrs. Kirk's and Mrs. Ziehr's fourth grade. The winners were Kathy Choate, daughter of Mr. and Mrs. Jim Choate, first place; Missy Bailey, daughter of Mr. and Mrs. Scott Bailey, second place; Wayne Davis, son of Mr. and Mrs. June Davis, third place; Kelly Cooper, daughter of Mr. and Mrs. Joe Cooper; fourth place and April Cotten, daughter of Mr. and Mrs. Dennis Andrews, fifth place.

The Upper Leon SWCD annually sponsors a poster contest. All students in the third and fourth grades within the District were eligible to enter. This year, nine of 13 schools in the District were represented with a total of 103 posters.

First through fifth place ribbons are awarded to each grade in every school. From the winning entries, one poster is selected as over-all winner and forwarded to regional competition. Kathy Choate, a fourth grade student from Cisco, was the 1979 over-all winner. Kathy was presented a plaque at the Seventh Annual Conservation Awards Banquet held at PAR at Lake Proctor in February.

### WTU Announces Purchase Of Site For Coal-Fired Electric Generating Plant

West Texas Utilities Company Thursday announced the purchase of a site eight miles southeast of Vernon for construction of a new coal-fired electric generating plant.

The plant will be built on a 1920-acre tract purchased from the W.T. Waggoner Estate. Center of the

### Men In Service

Navy Postal Clerk Second Class Ronald C. Emenaker, whose wife, Barbara, is the daughter of W.T. Mosley of 503 West Second Street, Cisco, Texas, is serving as a crewmember aboard the destroyer USS John Hancock.

The ship was commissioned March 10, 1979, in Pascagoula, Miss., with the director of the U. S. Central Intelligence Agency, Admiral Stansfield Turner as guest speaker.

The Hancock is manned by 250 officers and enlisted men. She is designed primarily for antisubmarine warfare (ASW). Armanent consists of two five-inch guns, ASW torpedo tubes and an ASW rocket launcher. The ship also is capable of carrying a light helicopter for long range detection and attack of submarines.

The 18th ship in her class, the Hancock is named for John Hancock, the first signer of the Declaration of Independence.

The Hancock (DD-981) is 563 feet long, displaces 7,800 tons and can travel at speeds faster than 30 knots. She will be homeported in Charleston, S.C.

Emenaker joined the Navy in October 1969.

site is about three miles southwest of Oklaunion and the same distance from the Fort Worth and Denver Railway.

The land purchase agreement was signed Thursday, April 12, at the Waggoner Building in Vernon by Jerry J. Johnson, WTU vice president and director of administrative services, and by Killen Moore, trustee of the W.T. Waggoner Estate. Other WTU representatives present were Walter Meller, manager of Systems Operations; J.B. Jordan, Jr., chief right-of-way agent; and Sherwyn McNair, director of Information

### Granddaughter Of Ciscoans Wins In Skate Contest

Janna Woolsey, teenage daughter of Mr. and Mrs. Bob Woolsey of Austin was a first place winner in Open Loops at the Roller World's Easter Invitational Meet which was held in Grand Prairie, Texas, on April 13th and 14th. This event was a roller skating competition in which 47 girls from Texas and surrounding states were entered.

Janna has been skating for several years, taking lessons from World Skating Champion Debbie Palm. She has entered competitions in Wichita Falls, Fort Worth and Austin.

Janna is a freshman at Crockett High School in Austin. She is a member of the Tex Ann's, the school drill team, and is a member of the Student Council. She is the granddaughter of Mr. and Mrs. A. J. Woolsey and Mr. and Mrs. Ollie Hughes of Cisco.

Services, all from Abilene; and Sam Russell, the Company's local manager in Vernon.

Meller, whose responsibilities include general supervision of all WTU power plants, said the site near Oklaunion was chosen after an exhaustive study of possible locations by Tippet and Gee, an Abilene consulting engineering firm.

"We are extremely pleased that our plans appear to meet the approval of civic leaders of Vernon and Wilbarger County, as well as the Waggoner Ranch people," Meller said. "Everyone we have dealt with has been most cooperative."

First indication that a power plant would be constructed somewhere in the Lake Kemp-Lake Diversion area came in December, 1976, when it was announced that WTU had contracted for water rights from the lake system. The contract with the City of Wichita Falls and the Wichita County Water Improvement District Number Two provides for WTU to use up to 20,000 acre feet of water per year for power generation. A permit also has been granted by the State Water Rights Commission.

West Texas Utilities is an investor-owned electric company which serves in a 53-county area extending from the Red River to the Rio Grande. General offices are in Abilene. Vernon is in the Company's Panhandle District, which is headquartered in Childress, with A.D. Green as district manager.

...to sign the deed, both buyer and seller are usually in a hurry. But alas! it is then that the buyer demands an abstract and the seller discovers that he has lost his abstract or never had one. **Lights From The Christian World**

By Josephine Cleveland

Friends, Jesus is the healing Christ for a broken world. The author, W. E. McCumber wrote, "Prison, hospitals, orphanages and cemeteries bear terrible witness everywhere to the brokenness of human life."

Today, you too are involved in some way with the brokenness and misery of human existence. But...Praise Him, Friend, because God is involved. Into this world of broken things He sent His only Son, Jesus.

Jesus walked among people as a Healing Christ. Do you have a hurting heart today? There is Hope for you through the power of His Word and Spirit.

Peter, the impetuous follower of Jesus, who was taught first hand by the Master Teacher, shares with us how Jesus handled His own broken, hurting heart when the world responded adversely to Him.

Peter tells us, "Christ suffered for us, leaving us an example, that we should follow His steps; Who did no sin, neither was guile found in His mouth:

Who when He was reviled, reviled not again; when He suffered, He threatened not; but committed Himself to Him that judgeth righteously."

Friend, believe that your hurts are healed through the power of Jesus. Proclaim it! Believe that they have no more dominion over you. Follow His example. When you are reviled, revile not; when you suffer, threaten not; but commit yourself to Him and allow Him instead of yourself to judge all righteously. You need not be a Victim of a broken world. You can be a Victor as you continuously follow His ways.

**DO NOT DISTURB**—Despite its apparent helplessness and natural appeal, wild fawn deer should be left alone and not adopted by humans. Fawns found in the spring sometimes are presumed to be abandoned, but this usually is not the case. Efforts to domesticate wild deer are almost always detrimental to the animal and can result in injury to humans, according to the Texas Parks and Wildlife Department.

**Devastating Tornado In Tex.-  
 Okla. Finds Red Cross At Work**

Seven days after a devastating tornado slammed into the Texas-Oklahoma border area leaving 57 people dead and hundreds injured, the clean-up continues as more than 7800 families try to restore their lives to normal.

Red Cross workers have been working around the clock assisting in the relief operation. Within hours of the tornado's onslaught, local Red Cross staff and volunteers mobilized and began providing first aid, emergency services and food

to victims.

By Wednesday morning, Red Cross staff from all over the country moved in to assist local Red Cross workers. A total of 130 Red Cross staff members were on the job as of Monday, assisted by 5,232 volunteers.

At the height of the disaster, Red Cross had eight shelters open to house the homeless in Texas and Oklahoma. Over 42,000 disaster victims and emergency workers have been fed or sheltered by the Red Cross since the disaster struck.

Red Cross survey teams checked each house to determine the extent of damage and to locate families. A total of 2,882 homes were completely destroyed, an additional 1,018 suffered major damage and more than 2,200 sustained minor damage.

At its Emergency Service Center located in the Clark Student Center on the Midwestern State University campus, Red Cross is providing disbursing orders to disaster victims. These disbursing orders may be exchanged for food, clothing and other necessities at a

store of the victim's choosing. As with all Red Cross aid, these disbursing orders are provided with no expectation of repayment.

Disaster victims who need funds for clothing, rent, transportation, medical care and health needs, occupational supplies, selected basic furnishings and temporary minor repairs so that their homes can be lived in again, are urged to contact the Red Cross.

In addition to providing this immediate assistance, the Red Cross is working in cooperation with the government and other private agencies to assure that more extensive disaster-caused needs will also be met.

Such long-term assistance is being provided by the Red Cross from its center at Midwestern State University and three Federal Disaster Assistance Administration (FCAA) one-stop centers located at 4-H Barn, 1626 Midwestern Parkway, Wichita Falls; Notre Dame High School, 2821 Lansing, Wichita Falls; and Wilbarger Auditorium, Vernon. All of these service centers will remain open until all disaster victims have been serviced, said Jan Beall, Wichita County Chapter manager.

Other highlights of Red Cross relief activities: More than 8,000 inquires from out-of-town relatives of local disaster victims have been received by the Wichita County Red Cross. While many of the inquires have been responded to, residents of the tornado stricken area are encouraged to contact relatives of their own if they have not already done so. In a proclamation released Monday, Wichita Falls

Mayor Kenneth Hill designated Red Cross as the agency to meet human needs of people affected by the tornado. He further urged local individuals, groups and organizations to give Red Cross their full support and cooperation.

Those persons wishing to make a donation to help victims of the tornado should send their contributions to the Wichita County Chapter, P.O. Box 5166, Wichita Falls, 76307. Checks should

be made out to the American Red Cross.

Another form of donation enabled the Red Cross to make Easter a little happier for many of the children who were affected by Tuesday's storm. The Red Cross was able to distribute thousands of Easter baskets to these children because of the generosity of United Parcel Service employees, local Red Cross chapters and the public who donated the baskets.

## A THOUGHT FOR THE WEEK

By Armo Chambers

Everybody knows people who have been caught in a lie at one time or another. Hardly any one is completely free from falsehood in the course of a lifetime. To lie or not to lie in certain situations is debatable at times, but it is a sad situation when a person is labelled a chronic liar. Various reasons are given for falsehoods but generally, greed and avarice are the culprits.

It has been said telling a lie is like buying a new shirt. When you think you have removed all the pins, there may be an unseen pin left to stick you. Psychologically, a basic distinction between truth and falsehood is that truth does not require a lot of words. Falsehoods usually do. Any lawyer knows perjurers in the witness box are found out because they insist on talking too much. They try to make their lies too convincing.

In recent times, it seems we as people and as a nation, have shown too much disregard for truth. We suggest you look for—and read—our thought next week in which we will comment on the often asked question, "What is truth?" You may find it interesting. Look for it. Read it next week....

MRS. JO BOB MOORE

## Miss Pattie Jane Weathers And Jo Bob Moore Married On Saturday

Miss Pattie Jane Weathers became the bride of Jo Bob Moore in a double ring ceremony performed at 7 p.m. Saturday, April 21, at the First Christian Church in Cisco. Rev. E. A. Sherwood, of Clyde, retired First Christian Church minister, performed the ceremony.

The church was decorated with 15 lighted candelabras entwined in greenery, and flanked on each side by flower baskets filled with orange gladiolus.

Parents of the bride are Mr. and Mrs. Vandell Weathers, 2009 Railroad Avenue, Cisco. Parents of the bridegroom are Bob Moore, Lake Road, Cisco, and Dana Vandam of Levelland.

"Wedding Song" was sung by Amy Philpott and "Today" sung by Jimmy Myers. Ruth Powell was the organist.

## News From The Center

By Lyndell Hicks

Easter season is always an enjoyable time here at the Center, and this year was no exception!

Members of the craft class (Maudie Harrison, Wyma Brazell, Beatrice Evans, Ethel Crow, and Velma

Holdridge), along with staff members, experienced one of the most outstanding sessions ever presented as they assembled together to create Pom Pom chickens and bunnies and balloon mache eggs. It would be worth your time to come by and see just how involved we really got in crafts class! As Mr. W. J. Prange stated, "I don't know as I've ever seen that class of chicken before!"

Thursday, April 12, 3:00 p.m. was a time we had all awaited! It is very seldom that small children visit with us, and it is always a delight to have children around. Thanks to Gertrude Besselaar and the children from the Cisco Day Care Center, and Rev. Pierce from Bible Baptist Church, who volunteered to transport the children, we all had a most enjoyable time!

Earlier that afternoon, residents hid the candy eggs, and one could hear statements such as: "Reckon this one is too high for their little arms to reach?" "That's a good place for the prize egg!" "Are you sure we have enough eggs?"

Then, they arrived - all 35 of them! They were off across the front lawn like a streak of lightning seeing which one could do the other and feeling fortunate if they found only one colorful treat! One of the residents sat gleefully along the sidelines, and was overheard counting, "One-two-three-four..." When asked what he was counting, he remarked, "I'm counting how many times that pink egg has been stepped on!"

It was all over in a flash, but it proved to be

a very exciting afternoon for all involved! Thank you kiddoes, and do visit us again!

Our next special event occurred on Friday, April 13th, and even though it was "Friday the 13th", it proved to be a very lucky day - colorful to say the least! For this was the day of our annual Easter bonnet contest! The morning before the event, hats, donated by Mrs. Orville Robinson, were distributed to eager contestants for decorating. That afternoon, as they filed before the judges, members of the Pleasant Hill Home Demonstration Club, they seemed a bit tense, but proud of their creations!

First place went to Velma Holdridge; second to Daisy Steel; third to Wyma Brazell! The judges stated it was a tough decision and in their true decision, all were winners! Following a parade of contestants through the halls, the residents and staff enjoyed the traditional Easter party sponsored by Pleasant Hill Demonstration Club. Thank you ladies for making our day special!

Another special moment came when members of the East Cisco Baptist Church presented us with Easter basket tray favors. They added such a highlight to Sunday's lunch! Thank you, ladies!

Also special thanks to Rev. Dell Crockett and members of the Redeemer Lutheran Church for special Easter services; the tree cross was beautiful, and helped to remind us of our risen Lord! God bless you for caring!

Thanks to a lot of caring people, C.N.C. experienced a very rewarding Easter sermon. Volunteers are always welcomed and cherished!

Until next time-- Mothers, your day is next!

A Family Enrichment Seminar is planned for Thursday, April 26 and Tuesday, May 1.

The Seminar sessions, scheduled from 7 to 9 p.m., are open to the public, Mrs. Thomas said. They will be in the Texas Electric Service Company Reddy Room in Eastland.

### Art Display At Eastland Chamber

The Eastland Chamber of Commerce will have on display the artistic works of Myrtle Joiner of Snyder, Texas during the month of May, 1979. Mrs. Joiner is an art teacher and teaches in all mediums, her painting are outstanding. The public is cordially invited to come by the office and view these paintings while on display.

Mrs. Joiner said that she enjoys sketching in pencil or watercolor washes and later developing them into paintings. Her husband is an avid fisherman. She says she doesn't fish, but just goes along to paint or sketch in places she could not go by herself.

Her favorite subjects for still life painting are daisies, however many subjects intrigue her and she wants to paint all of them. She said it was difficult to say which is her favorite painting medium. Myrtle said whatever she is working in at the time is her favorite medium.

Mrs. Joiner said it might be popular to be self taught, but she appreciated the training she has had. It helps she says

to understand different techniques and traditions in painting. Some of the artist she has studied under are Harold Roney, Ramon Froman, Budd Biggs, Ben Konis, William Earle, Frederic Taubes, and Robert Gartland.

It was after her four daughters were teenagers, that Myrtle devoted time to

this very enjoyable hobby. Currently she is a member of the Snyder Palette Club, Texas Fine Arts Association and Big Country Art Association. She has won numerous awards in regional competition shows and have paintings hanging in private collections in Texas, New Mexico, Oklahoma, and Arizona.

### The Light Touch

By Clint Bray

A babysitter is usually a teenager who has so little trouble with your kids, you begin to wonder what you're doing wrong.

Any day now, we'll read about a brand-new city opening up on the outskirts of a major shopping center. Policeman giving ticket to driver: "Well, if you're as important as you say you are, you shouldn't have any trouble getting this fixed."

The only thing that's cheaper today than it used to be is money.

Success requires only that you get up one more time than you fall down.

At Bray's in Eastland and Ranger, success is stepping lightly in attractive shoes.

## May-Time Training

(An Editorial)

Perhaps it is significant that the International Distress Signal is "May-Day."

It will be during the first days of May, 1979, that Eastland Countians will have a real opportunity to learn and organize for the protection of their lives and property.

On May 1, at 7 p.m. at the County Commissioners Courtroom, the American Red Cross, through its Eastland County Chapter will conduct a disaster warning planning session, with County Chairman Roy Cartee in charge. Representatives from each town in the county have been especially invited to attend. Others are invited.

On May 3, the Big Country C. B. Club will sponsor a free, public meeting Operation Sky-Warn, a National Weather Service program of training citizens about what to watch for in the sky, and how to take proper precaution.

Both meetings are vitally important, and this

## Sky Warn

Operation Sky Warn, a training program conducted by professional weather observers, will be conducted in Eastland County on Thursday, May 3, and everyone is invited to attend the free, important program, it has been announced.

This will be the third time the program has been taught in this county, and each time, more and more people benefit from the training.

Time will be 7 p.m. at Camp Inspiration (on the west side of Eastland), and there'll be plenty of accommodations for all who can attend.

Fred Pevehouse, president of the sponsoring Big Country C. B. Club, said, "We are glad to be able to bring this training back to our country, and hope that everyone will avail themselves of the opportunity of learning how to use the information."

made devices to malfunction. Civil defense is a way of life in many foreign countries—it's hard to admit, but they're better prepared than we.

Recent severe weather in the form of killer tornadoes prompts us to be extra concerned. Recent derailments causing great chemical scares in other parts of the country reminds that the need for warning systems and plans are badly needed.

The main line of the T&P Railway through this county should prompt us to be ready.

In each town there are some, and it seems a precious few, who are truly dedicated to helping us all be better prepared. Now's the time to get behind these folks and pledge our support to attend the meetings, help plan the needs, and to be totally involved in seeing that "civil defense" is not just a hack-nayed expression, but truly a system of "defending the lives and property of the citizens."
