14th Annual Nostalgia Night To Be Presented Friday And Saturday

Director Tim Jones and his trumpet and Pat Owens, vocalist, will be two of the star performers on the program for the 14th annual Nostalgia Night performances that the Cisco Junior College Wrangler Band and Belles will stage Friday and Saturday nights at the Laguna Corral Room.

Both shows will begin at 7 p.m. with dinner being served by the Cisco Junior College cafeteria. Musical entertainment, featuring

nostalgia type music of years gone by, will begin at 8 p.m.

Mr. Jones, a veteran of more than 30 years as a band director and orchestra trumpet player, will play such numbers as "Sugar Blues," always a crowd favorite. Mrs. Owens, also a veteran musician and former director of the Wrangler Belles, has long been a favorite soloist with Cisco area audiences.

A native of Fort Worth,

Mr. Jones holds BM and MM degrees from Hardin-Simmons University. He came to Cisco nine years ago after serving as band director 19 years at Hamlin. Over the years, he has played with orchestras and has appeared for many years in the orchestra for annual West Texas Rehab Center benefit shows. He is a military veteran, a Baptist, a Mason and he and wife Suzanne are the parents of two children. He is president of the Cisco

Country Club. Mrs. Owens is the wife of George Owens, local

business man. She retired a few years ago after serving as director of the Wrangler

Belles for 15 years. Previously, she taught in the Cisco Public Schools. A

native of Anson, Mrs. Owens is a graduate of Hardin-Simmons University where

she was soloist with their famous Cowboy Band. She is a frequent soloist at First Baptist Church and appears often on area programs. She has been among feature performers for Nostalgia Night programs for years.

The Wrangler Band's stage orchestra, directed by Mr. Jones, will provide music for Nostalgia Night performers, including a group of Director Nicki Harle's Wrangler Belles - Belles of the Ball. As in the past, the entire program will be composed of old favorite songs and music.

The first 30 minutes of the program will consist of "listening and dancing" music, after which dessert will be served. The floor show type program will follow dessert.

Reservations may be made by calling Cisco Junior College (442-2567). A large number of reservations had been made for Saturday night, Feb. 21, Monday, and the number for Friday night was growing. Good crowds were expected.

Wranglers To Meet Grayson In Doubleheader Feb. 19

The Wranglers and Lady Wranglers of Cisco Junior College will meet teams from Grayson County Community College in a doubleheader basketball program at CJC Gym Thursday night, Feb. 19. The women's game will commence at 6 p.m. followed at 8 p.m. by the men's game.

The Lady Wranglers have a 9-0 conference record and have wrapped up first place in their division. They are

34-0 in home court appearances the past two years. Grayson is 5-4 in conference.

The Wranglers are 7-5 and in 4th place but still in the hunt for the division title.

The Wranglers scored a 75-to-73 victory over Cooke County JC at Gainesville last Monday night. Mike Knoff had 10 field goals and three free throws for 23 points to be high point scorer. Brenden Downing was just

under him with 22 points. Stats for the game follow: CISCO (78) - Johnny Hudson 2 4 9, Brenden Downing 11 0 22, Thomas Miller 9 1 19, Todd Mannon 2 0 5, Mike Knorr 10 3 23, Totals 32 8 75. COOKE COUNTY (73) - Mike Shelby 15 5 35, Joe Rolle 2 0 4, David Jones 10 0 25, Stacy Stanley 4 1 9, Totals 31 6 73.

Halftime - CJC 30, Cooke 23, 3-point goals - CJC, Hudson, Mannon; Cooke, Jones 5. Fouls - CJC 10, Cooke 15. Fouled out - none. Records - CJC 11-13, 7-5; Cooke 4-9. CJC's next game - host Grayson Thursday at 8 p.m.

Parents To Hold Bake Sales

Senior Class parents will be holding monthly bake sales as fund raisers to benefit the upcoming Project Graduation party after May 29th graduation.

Area seniors have been invited to the graduation party and area parents have begun their work toward helping to organize the affair. This month's bake sale will be held at First National Bank on Friday, Feb. 27.

Anyone wishing to bake items to sale should contact Ginny Page at 442-4484.

Burl Chambers Files As Candidate

Burl Chambers, manager of the family owned Cisco Funeral Home, filed Monday as a candidate for Place 5 on the City Council in the April 4th city election. He is currently serving as an appointed member of the Council.

Mr. Chambers was appointed to the Council in May, 1986, after the resignation of Joe Besselaar. He is a native of Dublin where he finished high school. He attended Cisco and Tarrant County Junior College and is a graduate of the Dallas School of Funeral Services. He is a licensed funeral director.

Married and the father of three children, Mr. Chambers is a member of the Cisco Rotary Club, is serving as president of the Cisco Little League, and he is second vice president of the Chamber of Commerce. He is a member of the Woodmen of the World Lodge. The Chambers own their home at 1401 Bullard.

Dr. John Muller, an official at Cisco Junior College, announced last week as a candidate for Place 6, the other City Council vacancy. Feb. 18th at 5 p.m. is the deadline for Council candidates to file at city hall for a place on the ballot.

Bible Baptist And Faith Baptist Congregations To Merge Sunday

Bible Baptist Church, located at 1609 Ave. E, has merged with Faith Baptist Church, 700 W. 18th Street, according to an announcement from Rev. Jerry Horning, Bible Baptist pastor.

Members, present and voting, of Bible Baptist Church, voted to merge with Faith Baptist Church Sunday night, Feb. 15.

Rev. J. Doyle Roberts is pastor of Faith Baptist

Church. Final services at Bible Baptist Church will be held at 7:30 p.m. Wednesday, Feb. 18.

Rev. Horning has accepted the position of music direc-

tor at New Hope Baptist Church of Silsbee, north of Beaumont.

Due to the merger of Bible Baptist Church into Faith Baptist Church, the inactive members of Bible Baptist wishing to do so may request their letters by calling 442-4783 between the hours of 9 a.m. and noon, and 1 and 5 p.m. on Thursday, Feb. 19, and Friday, Feb. 20.

Fund Drive Started For "Christmas In May"

ANSWER TWO ALARMS
Cisco firemen answered two alarms during the past weekend, Fireman David Gill reported Tuesday. The department sent equipment to Oak Motel on Sunday after receiving a report of smoke in Room 4. Investigation showed that a space heater had been left on and that the room was very warm. Firemen put out a grass fire in the 600 block of West 16th Street at 3:30 p.m. Monday. There was no damage.

A drive for funds for the annual "Christmas in May" program has begun. The project calls for housing repair for the elderly and the handicapped. The program is sponsored by the Cisco Chamber of Commerce and works with many churches in the area and much

volunteer labor. Money contributed to the project by citizens, organizations and businesses in Cisco is spent only for material to make the repairs. The labor is strictly volunteer.

Anyone interested in donating time or money to the project may call the Chamber of Commerce office in Cisco. Appeals have been mailed to Chamber of Commerce members, churches and civic clubs in the area. It is hoped that at least \$3500 can be raised by a March 20 deadline so plans can proceed on the project.

The "Christmas in May" has been recognized as an important program to improve the homes of those in the community who cannot do it themselves. If you can pledge time or money please call 442-2537 or come by the Chamber of Commerce office in the Hilton Center.

AARP To Meet Thurs.

The Cisco Chapter No. 2447 of the American Association of Retired Persons will meet Thursday, February 19, at 6 p.m. at the Corral Room. A covered dish dinner will precede the regular monthly meeting.

Gil Copeland, program chairman, will present a slide film entitled "It's Your Choice," a film designed to provide guidance to anyone planning their personal or loved one's funeral. Burl Chambers and Brad Kimbrough, representing Cisco's two funeral homes, will be the chapter's guests and will answer questions from the members.

Cisco High School Teams Conclude Basketball Season With Conference Play In Cisco Feb. 13

The 1986-87 basketball season ended for the Cisco High School teams as they divided a doubleheader program with Hico High School in conference play at Com-

munity Gym here last Friday night.

The Lady Lobos scored a 60-to-47 victory while the Lobos lost a heart breaker, 59-to-58.

The win gave Coach Lori Whately's Lady Lobos a 5-5 record for conference action and a season's record of 10-12. Scoring for the Cisco team were Edgar 18, Will-

ingham 14, Endsley 14, Shepard 6, Woolley 6, Callarman 1, and Wages 1.

The Lobos of Coach Bryan McCulloch had a 41-to-27 half-time lead after

making 17 of 35 first half shots. It was a different story in the second half as the Lobos could do no better than hit seven of 36 shots to lose by one point.

The 5-5 record was the best for the Lobos in several years and prospects are good for next year as the Lobos will lose only two men through graduation. Only senior members on the squad were Bill White and Ricky Chambers.

Coaches of both men's and women's teams were to meet Wednesday night, Feb. 18, in De Leon to select all-conference teams.

CISCO HIGH SCHOOL VARSITY—Members of the Cisco High School Varsity basketball team are shown in the above picture. The team had a 12-12 record for the season. Coach Bryan McCulloch said he was proud of his team and they had a good year. It has been five years since

the Lobos had a winning season. Pictured are: left to right, Jason Phillips, Roy Boykin, Marcus Watkins, Ricky Chambers, Mark McGinness, Jeff Roark, Kody Wallace, Robert Wages, Bill White, and Coach McCulloch. (Staff Photo)

Commodities To Be Distributed February 24

Commodities will be distributed in Cisco Tuesday, Feb. 24, from 8 until 11 a.m. at the Gaslight Apartments on Conrad Hilton Avenue.

Commodities in Carbon will be distributed Thursday, Feb. 26, from 1:30 to 2:30 p.m. from a van near Granny's Grocery.

County History Book Meetings

Schedule of meetings this week for the County History Book project have been announced by County Chairman Ron Bailey as follows:

- Wednesday, Feb. 18:
 - 9 a.m. First State Bank, Rising Star.
 - 11:45 a.m. Senior Citizens Center, Ranger. (Wednesday afternoon times available for other meetings.)
 - Thursday, Feb. 19:
 - 10 a.m. Eastland Chamber of Commerce.
 - 12 noon, Rotary Club, Cisco.
 - 2 p.m., Olney Savings Conference Room, Cisco.
 - 5 p.m., Gholson Hotel Conference Room, Ranger. (Thursday evening times available.)
- Taylor Publishing Co. Rep. Jessie White will be here for each of the meetings and additional gatherings, which may be scheduled through Bailey at 629-1480.

Bob Bevers To Conduct Course

Bob Bevers will be conducting the 55 Alive Mature Driving course Monday and Tuesday, Feb. 23-24, from 5 until 9 p.m. in the Corral Room.

The course is eight hours of classroom instruction that refine existing skills and develop safe, defensive driving techniques. Produced by the American Association of Retired Persons (AARP), it is conducted throughout the country. 55 Alive teaches preventive measures to use when driving that save lives. It is believed that the individual and community benefits from this course.

Mr. Bevers is a trained volunteer instructor. AARP provides the program and its materials. Anyone interested in taking the two-day course may contact Mr. Bevers at 442-1357.

Golf Scramble Held Saturday

Forty golfers braved the strong winds last Saturday and enjoyed taking part in the first scramble golf tournament of the Cisco County Club's 1987 season, according to a report by Chairman Jim Puryear.

The tournament was won by the Bobby Smith team that posted a score of 12 under par. Playing with Mr. Smith were Lori Whately, Ricky Whately, Robby Robinson and Forrest Starr.

Second place went to Bennie Nichols team that had a score of 10 under par. The Delbert Schaefer team won a pitch-off to take third place with a score of eight under par.

"The golf association would like to thank everyone who participated and we hope that you will continue to take part in the club's activities this year," Mr. Puryear said. "We are looking forward to our March event that will be a shoot-out - a skins type tournament."

Holy Rosary Catholic Church To Offer Taco Dinner Feb 28 In Parish Hall

Texans are traditional folks. And it has long been the tradition that when the weather turns cold, Texans crave Mexican food.

Your cravings will be answered and answered most satisfactorily on Saturday, Feb. 28, when the ladies of Holy Rosary Catholic Church host their taco dinner. As anyone who has

sampled the ladies' cooking at previous dinners or at the Folklife Festival can tell you, the food not only warms your stomach, it is "genuine homemade."

The dinner will be from 4:30 to 7:30 p.m. at the parish hall, 1106 Avenue F. Cost will be \$4 for adults and \$2 for children. Not only will the plates include the authentic mouth-watering

tacos, but also Spanish rice and refried beans cooked by the ladies right before your eyes. Tea and coffee are also included. Even the "salsa" or taco sauce will be homemade.

So, for a good satisfying meal, come by and sample some traditional Tex-Mex cooking at great prices and for a worthy cause.

Recipes

Mrs. Smith of West Covina, California sent these recipes into the Press for the readers who like to cook. She is the mother of Lynn Chisolm of Cisco.

Orange Drop Cookies
 2/3 Cup Shortening
 3/4 Cup Sugar
 1 Egg
 1/2 Cup Orange Juice
 2 Tablespoons Grated Orange Peel
 2 Cups Flour
 1/2 Teaspoon Baking Powder
 1/2 Teaspoon Soda
 1/2 Teaspoon Salt
 Heat over to 400 degrees. Mix all ingredients thoroughly. Drop dough by rounded teaspoons about 2 inches apart onto ungreased baking sheet. Bake 8 to 10 minutes or until almost no imprint remains when touched with finger. Makes four dozen.

another. Now we boast of six beautiful grandchildren. We're na-na and pa-pa to them. And I tell my family, "You're ruining my health - six under the age of six!" Ah, but we love and enjoy them. We take them bicycling, walking, swimming, boating, and fishing. We bird-watch and watch squirrels play hide-and-seek. The children climb our trees, can never wait for a tomato to turn red on the vine, empty the sand from the sand box - and fill our lives with love and laughter here on the quiet side, in the slow land of Lake Brownwood.

CJC Lady Wranglers

CANDY GAMEL

Another top freshman on the Lady Wrangler basketball team at Cisco Junior College is Candy Gamel, 6-0, of Mason. She was an outstanding student and athlete in high school and made the all-district and all region basketball teams. She was named on the all-state third team. Candy is the daughter of the Clinton Gamels.

LEAH DUNN

Leah Dunn, 6-0 freshman from Azle, is one of the top first-year performers for the Lady Wranglers of Cisco Junior College. She won statewide honors in high school, including being a first-team all-district selection. She went to state in track. She is the daughter of Mr. and Mrs. Henson Dunn of Azle.

WORD OF GOD

The Gifts of the Spirit Now concerning spiritual gifts, brethren, I would not have you ignorant.

Ye know that ye were Gentiles, carried away unto these dumb idols, even as ye were led.

Wherefore I give you to understand, that no man speaking by the Spirit of God calleth Jesus accursed: and that no man can say that Jesus is the Lord, but by the Holy Ghost.

Now there are diversities of gifts, but the same Spirit.

Oklaunion Control Room

STILL OUR BEST CHOICE!

WTU's new power station will soon be on line! The Oklaunion Power Station near Vernon, Texas, will be WTU's first coal-powered plant.

A coal-powered plant was our best option back in the 70's when WTU first began planning for a new power station. At that time a new federal law known as the Fuel Use Act prohibited the use of oil or gas as boiler fuel for new utility plants.

Coal is still our best choice, especially over the long haul. The unlimited supply of clean-burning coal means more stable fuel prices and a continued reliable supply of electric energy for WTU customers.

Poetic Verses...

OUR LITTLE COUNTRY CHURCH

As we walk down the dusty road

On a bright and clear Sunday morn

You can hear voices ringing loud and clear

Singing praises of faith and hope.

As we turned the bend of the road

Our little church come into view

Your heart seem to skip a beat

When you read the sign that welcome you.

Our little church is well hidden

In a cluster of tall pines

Just come in we welcome you

From a world of sin and crime.

Just a little country church

Is in every one of us

Just close your eyes and you will see

Our little country church.

You can be earning tax deferred interest on your life insurance. Ask E.F. Hutton how.

E.F. Hutton Life Insurance Company is now crediting 9.0 percent on the account values of its universal life insurance policies. Think of it: that's better than the 6 percent or 8 percent you'll get today on MONEY MARKET FUNDS, TREASURY BILLS, and CERTIFICATES OF DEPOSIT. And since interest credited to your Hutton Life universal life policy is tax deferred, it grows faster than in taxable vehicles. But unlike these investments, Hutton Life's universal life offers much more. Benefits like:

- Permanent life insurance, providing tax-free estate protection for your beneficiaries.
- Competitive interest rates, guaranteed for one full year
- Tax-free access to your cash value through low-cost policy loans

I've Been Wrong Before

By Gordon Clark

No doubt about it, we do have a serious prison problem here in Texas.

Though it is bad here we aren't alone. Other states have riots because of overcrowding. Along with wondering what must be done we might also ask "WHY?"

A federal judge has mandated conditions which must lead many prisoners to believe that they can demand almost anything and get it. Unless measures are taken to clip the wings of those high flying buzzards on federal benches those convicts may be right. However, letters like I read in the Abilene paper suggesting that prisoners be subjected to conditions we experienced in service simply are unrealistic to the point of fantasy. Sure I slept in a boot camp barracks where the contractor had not finished putting in all the windows and the snow was ankle deep outside. Then I was sent to the tropics where we slept in muddy fox holes with a million or so mosquitoes eating on us. Come on now fellows, I wouldn't wish that on an animal and you know our soft society would never stand for that in peace time. So, let's take a deeper look at the problem.

Have we simply not kept up prison construction in pace with population growth? Or has crime increased disproportionately to population? If the former is the case it would seem that facility growth was neglected or too many were expecting the establishment of the Heavenly Kingdom on Earth altogether too soon. If a disproportionate growth in crime is the case we should discover and then we might attack those causes. Certainly more laws mean more violators but the low rate of convictions has far outstripped increases because of new laws. Thus less laws wouldn't seem to be an answer.

Though I expect some to disagree, a generation of overly permissive parents has contributed to crime. Too many children reach adult age without adult mentality simply because they were never taught the meaning of "NO". Then it is the law which belatedly says it. Doctor Spock wrought much more evil than good. His books along with pornography should be burned. Now, that should surely provoke someone reading this to comment. Come on and spit it out. I just might be shown to be wrong again.

I know of a school bus driver being fired because he separated two boys fighting. I can't say I enjoyed the razor stap used on me for fighting on school grounds but even though I felt I was in the right a few times I never cried to

Mother. She gave me a belting at home if she found out I had engaged in fistfights. NEVER would I have used deadly force we hear of students resorting to today.

Though most of my schooling was in a tough industrial city I never heard of police being called to school and tough teachers might have used excessive force, it was never in self defense.

But our schools nor our prisons are about to turn back the calendar or clock so it will fall to each parent to either raise them right or stand in court while their offspring is sentenced or suffer even worse heartbreak.

Since drugs contribute to much crime it might be that stiffer penalties rigidly enforced could deter crime. However, it has been well said that it is not the severity of punishment that deters but rather an absolute certainty that punishment will swiftly follow the crime. There again we are back to the "rights" of criminals over those of the public.

Is "big government" simply too big to change and the situation past salvage?

The people often goot as when they were uninformed enough to vote for a convicted felon as judge but untouchable federal judge have wrought havoc in our land and certain editors suggestions that all judges be appointed is one I utterly reject.

Self government died in ancient Athens as it later died in Rome. Today we look with horror on Lebanon where it seems that war lords have replaced an organized government. History would seem to indicate that no government will last regardless of form. Little Switzerland alone looks like a survivor. With universal military training and guns in every house they are too small to be aggressive and too tough to attack. Their population is a mixture like our own but with none trying to "control". The crime rate is low and their elections never make big news. But can we learn from their wonderful example?

Well, none of those around them has and I doubt we will either.

Texas Health News And Views

By Roy V. Cartee
Each week we will discuss the latest news release regarding people who are on Medicare or Medicaid. If you have questions write c/o Eastland-Telegram, P.O. Box 29, Eastland, Texas 76448.

Question: I am on Medicaid but my doctor does not accept Medicaid. Can I pay my doctor and submit the bill to Medicaid?
Answer: No, you should have a talk with the Texas Human Resources Office.

Question: I am receiving Social Security. However, I did not sign up for Medicare when I should have. Can I do so now?
Answer: This is a tricky problem. There are open periods when you may sign for Medicare. However, you will probably be required to pay a greater premium. It is suggested you contact the

Social Security representative when he comes to your community.

Question: I am self-employed. I have never paid into the Social Security Fund. Will I be eligible for Social Security?

Answer: You may have a problem with the Internal Revenue Service. If you are self-employed you should have been paying the employer's and employee's share into the Social Security Trust Fund. I suggest you contact the Social Security in Abilene right away.

Some questions are very difficult to answer in a few words. Some weeks we will devote the column to one specific question. In the meantime, send the questions to us and we will get the answer as soon as possible. We will not be able to answer personal letters.

Letter To The Editor

Editor:

For the past year, the Attorney General's Office has stepped up efforts at representing the public interest before the State Board of Insurance. Before that, the public did not have its own spokesman when the Board set insurance rates for everything from automobiles to general liability insurance for businesses. Such public representation is important and should be an integral part of the Board's decision-making process.

The Attorney General is granted the statutory authority to represent the public interest in insurance matters in Article 1.09-1 of the Texas Insurance Code, which says:

"In all rate hearings and policy from proceedings before the Board or the Commissioner of Insurance, the Attorney General may intervene in the public interest."

Although this has been part of Texas law since 1957, no previous Attorney General apparently exercised the statutory privilege. This last year, when I became aware of the huge sums of money being granted to insurance companies in Texas, I decided the time had come to exercise the statutory right to appear before the State Board of Insurance as an advocate on behalf of the public.

Consider these facts: The aggregate amount of increase granted by the State Board of Insurance for workers' compensation insurance companies in Texas in 1985 was 48.7 percent. In December 1986, the State Board of Insurance announced an additional 17.7 percent increase, which means that workers' compensation rates in Texas have gone up by 64.4 percent in just a mere year. Just considering the latest 17.7 percent increase, this means that Texas business owners will be required to pay more than \$380 million more in workers' compensation rates.

I hope that you and your readers agree that this kind of increase deserves and demands attention. Regarding automobile insurance rates, the insurance industry has requested an additional 19.7 percent overall increase, which would translate to an additional \$560 million that the citizens of this state would have to pay, if granted by the State Board of Insurance. I also have intervened in that

case to protect the public interest and have produced testimony that automobile insurance rates should be decreased instead of increased, particularly in light of the facts that more and more of our drivers are wearing their seatbelts and that DWI laws are stiffer than ever before.

The Journal of Commerce recently noted that the property and casualty insurance industry reported an after tax income of \$3 billion for the third quarter of 1986 and that written premiums for the year to date were \$130 billion, up 23 percent from the figure a year ago. These figures are the insurance companies' own numbers, compiled by the Insurers Services Office, which represents 97 percent of the property and casualty insurers.

Another important point to remember is that the assistant attorney general who appears on my behalf before the State Board of Insurance is in an entirely separate division than the attorneys in the Insurance, Banking and Securities Division who regularly represent the State Board of Insurance. It is not uncommon for attorneys general in the United States to perform this function. I might also mention that we have attorneys who represent the Public Utilities Commission, while we have attorneys appearing before the PUC in rate cases representing the State of Texas as a consumer of utilities. Both interests must be protected, and the legislature has given me that responsibility.

Sincerely,
Jim Mattox
Attorney General

Lights From The Christian World

The Golden Gate Bridge was built at a cost of \$35,500,000 and took four years to build. It spans the Pacific Ocean for a distance of 6,450 feet to connect northern California to the peninsula of San Francisco. The floor of the bridge is 220 feet above the water and 90 feet wide. The bridge was designed by Joseph B. Strauss in May, 1937.

Skeptics claimed it couldn't be done. A learned Sanford seismologist declared that the southern

peer was over a geologic fault and would menace the harbor in case of an earthquake. Engineer Strauss, undaunted by his critics, preserved until the project was completed. He celebrated his triumph in a poem called, "Symphony in Steel" which opened with these lines: "Launched amidst a thousand hopes and fears, damned by a myriad of hostile seers. Yet ne'er was its course stayed."

Robert McCluskey, a college professor, was assailed

by students with this question: "Why don't you give yourself to something worthwhile?"

He asked, "What do you consider worthwhile?" They thought for a moment and then answered, "Why don't you build a bridge—or something?"

McCluskey explained, "The bridge has already been built. The towers are remarkable—one was built with a cross-beam at the top. It was soaked with divine blood and seared by judgmental fires. The other tower stands high on the 'delectable mountains of immortality,' and around it on every side flash walls of jasper, and over it the arching rainbow of perpetual peace. The span is the largest ever built by an engineer— It stretches all the way from the road to hell to the gates of heaven. It was built at a terrific cost to the engineer. As the last rough rivet was driven in place by a Roman sledge hammer, the engineer died shouting, 'IT IS FINISHED!' Before His bloody body had been removed from this magnificent super-structure of redemption—the bridge was crossed by a thief. Millions more have crossed since it was finished. For written there in bold letters of fire for all men EVERYWHERE to read it says: 'THERE ARE NO TOLL CHARGES ON THIS BRIDGE — IT IS FREE!'"

Foreasmuch as ye know that ye were not redeemed with corruptible things, as silver and gold—but with the precious blood of Christ, as a lamb without blemish and without spot', (I Peter 1:18-19).

Planning On Retiring?

Planning on retiring? If so, you probably have questions about Social Security. In particular, you may wonder when is the best time to retire and how does one apply?

Only you can decide when to retire. The decision will depend on your financial and family situation, your health, and other factors.

According to Glyn Hammons, district manager in Abilene, Social Security recognizes the need for flexibility in retirement planning and gives you several options. You can receive: reduced benefits as early as 62; full benefits at 65; or more than your full amount if you delay retirement past 65. The people at the Social Security office can give you an estimate of what you might receive at various ages.

Once you decide when to retire, you should apply about 3 months early so your checks will start when you quit working. You can apply by phone, in writing, or by visiting any Social Security

office. You and each eligible dependent will need his or her Social Security card (or a record of the number) and proof of your date of birth, preferably recorded before age 5. You should also have your W-2 form (Wage and Tax Statement), or a copy of your self-employment tax return and proof of filing, for the most recent tax year. If you plan to work some after retirement, an estimate of your expected yearly earnings will be needed.

Reduced benefits can normally start no earlier than the month you apply. If you wait until after 65 to apply, you can get back benefits for up to 6 months but not before the month you age 65.

Even if you do not plan to retire, both you and your spouse should apply for Medicare 2 or 3 months before 65 so you do not lose any of this protection.

If you are younger than your spouse and continue working, he or she can still have Medicare at 65, provided you are at least 62 and will be entitled to benefits when you retire.

More information is available at any Social Security office. The Abilene office is located at 142 S. Pioneer. The phone number is 694-1360.

Action on an amendment raising Hotel Occupancy Tax from 2 to 7 percent has been tabled for further study by the Cisco City Council. Delegations for and against the measure appeared before the City Council at a recent meeting. The extra 5 percent tax was proposed to provide additional funds to help support the Hilton Community Center, a top community tourist attraction. Motel operators spoke in opposition to this tax, saying it would have to be absorbed by the motels for them to remain competitive with motels in adjoining cities. This item is expected to be on the agenda for an early meeting of the Council.

Music of years gone by will be featured at the 14th annual Nostalgia Night programs by the Cisco Junior College Wrangler Stage Band and Wrangler Belles on Feb. 20-21 at the Laguna Hotel's Corral Room. A dinner which includes Chicken Kiev and all the trimmings, will begin the evening's programs at 7 p.m. Musical entertainment will begin at 8 p.m. each night. Tickets, including dinner, are \$9 per person, and reservations must be made. Call Mrs. Pat Dill at 442-2567 for tickets.

RNR Electronics, a new business servicing televisions and VCR's, has been opened by Richard Riggs at 602 Conrad Hilton Ave. Riggs began work in the same location 15 years ago, when it was Caldwell's TV. He has worked for shops in Cisco and McKissack's TV in Abilene. Mr. Riggs will make service calls in Cisco and the surrounding area.

A long-range plan for improving facilities on the campus was approved at a recent meeting of the Cisco Junior College Board of Regents. Various dormitories will have some re-planting, with a new gym floor to be replaced. The gym floor will be replaced, and

the football practice field enlarged for the use of the band in practicing. There will be waxing, cleaning and touch-up in various buildings, and heat and air conditioning equipment installed. This improvement program will reach into 1992. The value of College buildings and contents is reported to have increased from \$2,488,274 during the past few years to the present \$11,705,274.

RANGER

Masonic Lodge No. 738 will have a dinner commemorating George Washington's birthday on Sat., Feb. 21 at 7 p.m. at the First Baptist Church. A covered-dish dinner will be served. Emory Walton, Eastland County District Attorney, will be the special guest. All Lodge members are urged to attend.

Plans are going forward for the annual Chamber of Commerce Banquet, which is scheduled for March 3 at 7 p.m. in the Ranger School Cafeteria. Citizens have turned in nominations for various awards: Educator of the Year, Golden Deeds, and Agriculture Family of the Year. Decisions will be made on nominees, and the very special winners announced during the Banquet. For reservations to the Banquet call the Ranger Chamber of Commerce.

The Eastside Baptist Church, located at 4th and Young Sts., will open their Clothing Closet to the public on Saturday, Feb. 21. Good used clothing will be available here for anyone in need. The Church appreciates all who have contributed to this project.

Members of the Girl Scout Association met at World War II Park Saturday to plant flower bulbs, trees and wild flower seeds. It was a warm and sunny day, and a lot of beautification work was completed. The Fire Department will continue maintenance and mowing on

the Park, which should be very attractive by spring.

A public meeting conducted by the Texas Water Commission was held Tuesday, Feb. 17, at the Community Clubhouse on Pine St. The topic of discussion was a possible hazardous waste site, which is located 5 miles west of Ranger. The proposed site belongs to Sonics International. This location, now that the hearing is over, will be evaluated by the Commission staff for inclusion on the State Superfund Registry. The next update of the registry is tentatively scheduled for Jan. 1988. The sites will be ranked in order of need for cleanup, with corrective action recommended.

The 4-H will begin a Teen Group in Ranger, and the group will meet for six sessions at the school. The time will be right after school until 5 p.m. on Monday and Wednesday. Topics will include Growth and Development, Forming a Self-Concept, Progression Towards Emotional Maturity, Developing Social Relationships, Acquiring Knowledge and Vocational Skills, One Giant Step (Dating), Reasons for Dating and Preparation for Marriage. Mrs. ones, the Ranger school counselor, will be teaching these sessions. There will be films, speakers and jam sessions. All teen-agers are encouraged to come out to these interesting and vital meetings.

The Baird Bearettes are now the District Basketball Champions, having won this title in a game with Carbon on Feb. 10. No date or time for the playoffs has been reported to date. The winning Bearettes were presented with a red-and-white Victory cake in the shape of a basketball, with all their names inscribed on it. A cheerleaders squad including five boys from the high school helped urge the girls on to victory.

The deadline for entries in the Callahan County 4-H Horse Program is March 1. This is for anyone who is interested in showing yearlings at halter or two-year-old Western Pleasure Futurity horses. The horses do not have to be registered. You can show either grade or registered horses any breed. Even ponies may be shown.

Callahan County Commissioners, in a recent meeting, submitted four bridges in the county of possible state approval for replacement. Two of the bridges are located in the Baird Commissioners Precinct and two in the Cross Plains Precinct. Under this program,

Callahan County would have to pay for 20 percent of the cost of replacing or repairing the bridges.

EASTLAND

Many talented Eastland citizens are stepping forward to fill places in the Eastland Fine Arts Association. Assistance is organized in all phases of the planning and improvements of the Majestic Theatre. Richard Denning, sound and lighting technician at the Tarleton State Theatre, was to be at the Majestic on Tuesday, Feb. 17 to speak to the Properties Committee, Eastland Fine Arts Association Board members, and other interested persons. Denning, besides his work at Stephenville, was instrumental in the development of sound and lighting systems for the Granbury Theatre.

The Depot Restaurant is now J.J.'s Express, and the new owner/managers are Mr. and Mrs. Jesse Hernandez. Mrs. Hernandez (Mary) has had eight years experience in cooking in a restaurant, and she and her husband have a number of good dishes to offer the public. Both grew up in this area, but have been living in Nebraska until their return here 8 months ago. They plan to give Senior Citizen discounts and also discounts to businesses they name as "Business of the Week".

Eastland Memorial Library has a special "Parade of America Music" display celebrating American Music Month. A large poster from the Eastland Music Study Club stands above an antique autoharp and a number of books on music. One of these books is a reprint of the old "Sacred Harp" songbook. This display will be up all during the month of February.

Fishing Outdoors

By Terry Wilson

Nine members of the Eastland County Bass Club and two guest made their way down to Oak Creek. A small power plant lake, Oak Creek is known for its lunker size bass. Only problem someone forgot to tell the keeper size bass they were supposed to bite this past Saturday.

Of the nine members who fished only Steve Pennington was able to bring in a 14 1/2 inch bass. Steve's fish was taken on a spinnerbait in shallow water. A number of small fish were reported caught and released by most of the other contestants. Steve Pennington's guest was the winner of the big bass pot with one fish weighing 4.38 pounds. This fish was also taken on a spinner bait in shallow water, and was very close to spawning.

Texas farmers and ranchers interested in participating in the federal Conservation Reserve Program (CRP) may apply during Feb. 9-22, according to the Texas Parks and Wildlife Department.

The CRP is a program administered by the Agricultural Stabilization and Conservation Reserve Program (ASCS), offering landowners opportunity to receive payment for qualifying croplands taken out of production. The CRP offers the dual benefits of erosion control and enhancement of wildlife habitat, said Ron George, CRP coordinator for the department.

Interested landowners should contact their nearest ASCS office. Also, a free leaflet explaining the program and its potential benefits for wildlife is available by writing the Parks and Wildlife Department, 4200 Smith School Road, Austin, Tx. 78744, or by calling toll-free 1-800-792-1112.

Natural pork baits have produced some excellent fish for many anglers. And the styles and shapes are too many to list here. So next time your bait shopping, look for Uncle Josh the choice of champions.

February 28th the Eastland County Bass Club will be sponsoring an Open Crappie Tournament on Lake Leon. This tournament

is open to everyone. Headquarters will be at the free state ramp at Chock-O-Block. Entry fee will be \$10.00 per person. Entry must be paid prior to 7 a.m. February 28th 1987. Payback will be 1st place 60% of entry fee, 2nd 25% and 3rd 15%. Payback is based on the number of entries. Fishing hours are 6:30 a.m. until 1:30 p.m. Only 10 fish or fewer will be allowed in weigh in line.

COUPON COOKBOOK CORNER

Marion Joyce

Recently, I did an experiment at a dinner party at my home. I used my best silver to perform a "secret switch" in which I served my guests Instant Folgers Coffee Crystals. My guests thought they were being served gourmet brewed coffee. After receiving many compliments about the delicious coffee, I revealed that it was Instant Folgers Coffee. My friends were amazed. They couldn't believe it was instant. They thought it tasted like ground roast coffee. The experience demonstrated that Instant Folgers certainly is rich enough to be served even in America's finest homes and restaurants. Instant Folgers is convenient to use in recipes calling for brewed coffee. Try Instant Folgers to see for yourself.

SUPER SIMPLE SHEET CAKE

- 1/4 cup cooking oil
- 2 eggs
- 1 pkg. 2-layer-size orange cake mix (pudding type)
- 1 1/3 cups prepared Instant FOLGERS Coffee, cooled

Pour oil into 13x9x2-inch baking pan; tilt pan from side to side till oil coats bottom evenly. In prepared pan combine cake mix, eggs, coffee; stir till well blended, about 2 minutes. (Some lumps will remain.) Bake in 350° oven 30 to 40 minutes. Cool. Makes 12 to 16 servings.

FAST MOCHA FROSTING

- 1 1-pound package powdered sugar, sifted (about 4 3/4 cups)
- 1/4 teaspoon salt
- 1/3 cup prepared Instant FOLGERS Coffee
- 1/4 cup butter or margarine, softened
- 1 teaspoon vanilla

In mixing bowl combine sugar, cocoa, and salt. Stir in coffee, butter or margarine, and vanilla till blended. Frost 2 to 9-inch cake layers or one 13x9-inch cake.

Meetings today's needs...

Creativity.

- In times of uncertainty, consumers are careful and a little reluctant to spend. They want to be sure before they buy; they want information. One of the main ways they get information about products, services, prices and values is from advertising. Your's or somebody else's.

- Maybe you figure other retailers in your line are going to cut back their advertising, so it's safe for you, too. Right? Wrong. You're in competition for the consumer's dollar with every other retailer in town, no matter what he sells. People have only so many dollars to spend and if they don't spend them for what you sell, they'll spend them for something else.

- Whether business is good or bad, you have to get your share of whatever business is around.

- Your advertising is part of your sales force. Ads help to pre-sell the customer and help you close the sale faster. They save you time and save you money.

- You say your customer's know you and for a while, at least, they'll keep coming in even if you don't promote? That's partly true, but short-sighted. Remember, one of five Americans moves every year, so there's a steady flow of your customers out of your market and a corresponding influx of new folks who don't know you at all. Tell them about yourself.

- You can't do much about most factors in the marketplace - rent, labor,

costs, price of merchandise, what the competition will do. But one thing you do control is your own promotion. Remember that advertising is not just a cost of doing business. It's a proven sales tool that returns many times your investment in store traffic and sales.

- Remember how long it took you to get started? Once you build up business, you can keep it going with a moderate, consistent advertising program. But if you cut your advertising and lose your hold on the public, you'll find it's much harder to build it up again. It's sort of like starting all over.

- Here's a hard fact to chew on. Over any given period, a company that advertises below the industry average has sales below the industry average.

- Advertising is "news" about products and services. Most shoppers look for this kind of new news in the pages of the newspaper. In plush times, retailers often experiment with other media. But when the going gets tough, they concentrate their efforts in the newspaper because it provides an immediate payoff at the cash register.

- Slow times ahead? There are more Americans working now than ever before. More women working, too, adding to family income. People still need and want goods and services and will spend for them. There is plenty of business out there. Your competitors will be bidding for their share and yours.

Hundreds Of Texas Children Need Homes

Hundreds of Texas children need homes, some temporary, some forever. The Texas Department of Human Services is searching for individuals and families who can provide homes for these children.

Who are these children? Where do they come from? These are children who have been severely abused and neglected and have had to be removed from their biological parents for their own protection. They are children who have been traumatized by very poor parenting practices and most show the effects of chaos, cruelty or disinterest and neglect. They range in age from birth to seventeen. They come from all ethnic groups. They usually have special needs resulting from their damaged background, from physical handicaps, from learning difficulties to emotional and social adjustment problems. Many have been sexually exploited, which creates a whole spectrum of special problems for children, and their caretakers.

What kinds of homes are needed for these children? There is a critical need for individuals and families who will be willing to be licensed as foster homes. These homes receive these children in an emergency situation when they have been removed by a court order from their parents. These homes work toward healing broken hearts and often broken bodies of very traumatized children while Children's Protective Services workers work toward developing a permanent plan for these children to grow up safely. Foster parents are there for children at a time of critical need and have an opportunity to really love and nurture them through a frightening and confusing time. Foster parents are reimbursed for this care at the rate of \$8 a day from birth to age 9 and \$9 a day for ages 10 through 17. All medical expenses are paid.

Adoptive homes are needed also. Some of these children will become free for adoption and permanent homes are needed for them. It is much less expensive to adopt through the Texas Department of Human Services than through private agencies. The children available for adoption are these children who have been through much tragedy and have special needs. They are older children, usually school age, sometimes even up to

teenagers, before they become free for adoption. There is a real need for adoptive homes for older children, minority children, and children with special needs. Incidentally, many foster parents also adopt, so the program is not mutually exclusive.

A growing number of individuals are licensed as foster parents who are also interested in adoption. This makes it possible for the agency to place a child who is likely to become free for adoption into a "Legal Risk" foster home when they initially come into protective care, in order to reduce the number of homes that the child must adjust to. This can be an extremely helpful program for a child, and there is a need for many, many more families and individuals who would be willing to participate in it.

Single persons, families, working mothers, grandparents will all be considered as possible resources for children needing a safe, nurturing home. Training will be provided to meet the needs of abused and neglected children. The need for homes for these children, some temporary, some forever, is critical.

Interested persons are urged to attend an orientation by the Texas Department of Human Services Monday, February 23, at 7 p.m. in the Texas Electric Reddy Room, 113 E. Commerce, Eastland.

Children are our most important resource. Let's give them the love and care they need in order to grow up whole and well.

Senator Glasgow Report From Austin

Senator Bob Glasgow (D-Stephenville) has announced that the Texas Senate is in high gear as several bills have been passed out of the Senate and on to the House of Representatives.

The Senator stated that Senate Bill 215 was passed in response to the current prison crisis. The Texas Department of Corrections is present under contempt order issued by Judge

William Wayne Justice and if the TDC is out of compliance with the Judge's order on March 31, 1987, fines against the State could total as much as \$24 million a month.

Glasgow stated that the bill will address three major problems relating to the prison crisis: "to ease overcrowding and stabilize the prison population, to emphasize alternatives to TDC incarceration, and to correct

current release policies that endanger the citizenry."

The bill provides for the creation of an "intensive supervision parole" system for those inmates serving a sentence for ten years or less and who would pose no harm to the public. The bill further provides for certain procedures to be followed when the TDC inmate population reaches the 95% capacity level. District Judges would be given wider latitude to authorize intensive probation and extension of probation in lieu of revocation of probation. Other measures authorized by the bill include surveillance parole, home confinement, and electronic monitoring of inmates. Probation officers could modify certain terms and restrictions imposed as conditions of probation.

Another bill passed by the Senate, Senate Bill 16, would establish hospital protocol and procedures for identifying potential organ and tissue donors and for informing potential donors of the option to donate. "This bill could have a significant impact on the lives of those who are waiting for organ and

tissue transplants," Glasgow said.

Senate Bill 172 would exempt lump sum awards and benefits under a life, health, or accident insurance policy from execution or other legal process. Current law exempts insurance payments or benefits only if tendered to the beneficiaries on a weekly, monthly or other periodic basis. This will treat lump sum awards to insurance beneficiaries the same as those made in installment payments.

LET'S PUT A STOP TO IT!

Something's happening across the nation. People are getting fed up with crime, and they're starting to fight back. They're realizing that passively accepting the violence and unlawfulness that occur is an invitation for criminals to continue... that the problem doesn't get solved, it just keeps getting worse.

As an alternative, people are getting together to find safe and effective solutions to deal with the problem. From keeping alert when walking alone on the street to organizing Neighborhood watch groups, there are guidelines and actions you can take to protect yourself and your property and to prevent crime from occurring.

Don't allow yourself to be a victim! Find out what's being done and what you can do to fight back.

The Happy Times

FIRST BLUE NORTHER: Hog Killin' Time!
By Lillian Cogburn Price
The first Blue Norther was a sure sign it was hog-killin' time!

A big fire was built around the big black washpot, so the water could be boiling hot by the time the hog was ready to be scalded and scrapped clean. Neighbors helped each other during this time. Papa had good neighbors and brothers who helped.

When the men went to the hog pen to shoot the hog, the women and girls stayed behind the house with their fingers in their ears so they could not hear the shot. It was soon over, and the hog was ducked in the boiling water, laid on a wagon frame to be scrapped clean as a whistle. Then he was hung on a singletree, fastened to a big tree limb, and cleaned out.

He was now ready for the cutting of the hams, shoulders, and all the other nice cuts. The women trimmed the fat off and cut it into small pieces to be rendered into lard. The bladder was

always saved, washed and trimmed, so the children could enjoy a new balloon. It was blown up with a hallow weed and painted a lovely blue color with bluing. We usually put some dried peas inside so the balloon would rattle when we shook it, or waved it around.

The special lean cuts of pork were laid aside to be ground into sausage the next day. The ground meat was salted and stuffed into long white sacks that Mama made especially for the good old sausage.

The head was cleaned and ground to make into sauce meat (or mincemeat.) Grandma had the local reputation of making the "best sauce ever."

Brians were carefully saved, and were delicious scrambled with eggs. And don't forget the pickled pig's feet. They were lots of work, but no one seemed to mind. Lots of nice cuts were given to neighbors and kinfolks, because there was plenty of pork for everyone.

Senator Glasgow Receives Agriculture Award

Senator Bob Glasgow (D-Stephenville) was recently honored by both the Texas Farmers Union, the Southern Legislative Conference, and the National Conference of State Legislatures.

Senator Glasgow was bestowed the Texas Farmers Union Legislative Award at its recent Convention held in Austin. The distinction is awarded for the Senator's strong support of legislation affecting agriculture in Texas.

Additionally, The Southern Legislative Conference, upon nomination of Lt. Governor Bill Hobby, named Senator Glasgow as an alternate member of its Fiscal Affairs and Government Operations Committee. The

Conference selected the Senator from legislators from throughout the South as well as Puerto Rico.

Lt. Governor Bill Hobby also appointed Senator Glasgow as a member of the Federal Budget and Taxation Committee of the National Conference of State Legislatures.

Commission Levies

\$25,000 In Penalties

The Railroad Commission levied a total of \$25,000 in administrative penalties Monday to 10 companies for problems under Commission pollution and well plugging rules.

Five companies received \$3,000 penalties each for inactive and unplugged wells on leases they operate. Companies charged with the well plugging rule violations in-

cluded Dan Wester Oil and Gas, Inc. of Cisco for a well on the Gearhardt lease, Eastland County.

Three companies agreed to pay penalties without admitting any violation of

I want to thank all of the kind and thoughtful people of the Lacasa Community and surrounding areas for all the lovely gifts and cash that I received at the shower given by Toppie Jackson and J.B. Jones at the Club House at Lacasa on Feb. 12, to replace the things I lost in the fire on Feb. 6th.

Also, I would like to thank the ones who brought or sent the very useful things to me personally.

I don't have words enough to tell you how much I appreciate your kind concern for me.

The article, "Getting an F for Flabby" appearing in the January 16 issue of "Time" sported a small boy along side the article dressed in a foam-padded T shirt that transformed him into an incredible hulk. We've been told that the T-shirt sells at \$19.95 each and are already being snapped up by children eager to flaunt their powerful muscles.

Coach George Allen, chairman of the President's Council on Physical Fitness and Sports says, "It's a disgrace - the lack of youth fitness." In a Harris poll for "Children's" magazine, 40 percent of boys and 70 percent of girls cannot do more than a single pull-up. 19,000 six to 17 year olds took part in this survey. Kids have no endurance, no strength and very little flexibility" says Allen.

Dr. Kenneth Cooper, founder of Dallas Aerobics Center commented, "What's happening to our kids now will reap adverse effects in 10 to 15 years."

Because of our life style children no longer spend time after school playing

Officers And Board Members Elected

January officers and board members were elected for the 1987 Baseball Season. The officers are as follows: Dick Wages, president; Jack Phillips, Steve Cozart and Rick Abbott, vice presidents; Dana Goosen, board member; Lynn Wages, reporter; and Linda Cozart, secretary-treasurer. Board members are the officers named above and Dana and Dennis Goosen. Planning and progress meetings will be held each Thursday at 8:00 p.m. at Traditions Restaurant. All officers and board members and interested parents are encouraged to attend these meetings.

Community interest and support is a vital ingredient in making our summer baseball program both beneficial and successful for our teenage boys.

People n Things

THE REV. Ronnie Bostick, Baptist missionary in Africa for some 15 years, was the guest speaker last Sunday morning at First Baptist Church. As many of you know, he is a graduate of Cisco High School and was a member of the football team back in the 1960s while he was growing up in the Nimrod community.

Ronnie and wife Sally, a native of Rule, came home from Kenya last month and are presently living in Abilene. Mrs. Bostick has undergone surgery twice and is now doing nicely. They're expecting to return to the mission field in May or June but aren't sure where they'll be going. Meanwhile, they're speaking to churches and groups here and there and getting some much needed rest.

Rev. Bostick preached Sunday morning and again Sunday night at the local church. The Rev. Harry Garvin, pastor of the Cisco church, has been ill in influenza for the past week and was reported to be some better Monday although he remained in bed.

The Bosticks and the Garvins have spent a lot of time together in Africa and are old and good friends. Rev. Bostick's mother lives in Rising Star.

THE N.T. Emanuels of 809 West 9th Street, Cisco, were in Brownwood last Saturday to attend a noon luncheon of an Airstream Travel Trailer Club. It was a gathering of Airstream folks from over the Big Country and these folks get together every month or two to talk travel.

The group plans to meet next month at a trailer park near Kerrville. They'll go in their trailers, gathering on a Thursday for three days of visiting, programs and sight-seeing. In April, they'll be in Waco. Several other meetings are planned this year.

The Emanuels have been enjoying their travel trailer for several years.

A CELEBRATION, complete with picnic on the grounds and maybe even a goat roping for entertainment, might well be in order for folks living on 9th Street. The contractor laying a cable for SWBellTeleCo. is putting the finishing touches on his job on 9th Street.

It has been a good many months since the 9th Street project began. They've ditched along the north side of the street and put the new cable underground. And they ran into a lot of stone a foot or two under the surface. Digging was especially hard from Avenue N west to Front Street.

In any event, it's nice to see the job winding down and to contemplate normal conditions on 9th Street.

DRINKING coffee out at the Cisco Inn and Steak House the other day we noticed a new and very nice placard type sign that advertises Eastland County cities - Cisco, Eastland and Ranger. And a picture of the Hilton Community Center of Cisco is featured on the placard, which is about four feet square.

Understand the placard was put out under Texas Highway Department supervision and that the Chamber of Commerce ordered eight of them to be posted in Cisco. The Press will see about making a picture of the placard and giving all the dope on it. Very nice, indeed.

IF YOU HAVEN'T shot your quota of quails, you'd better get out your shooting iron and get after them. The 1986-87 season ends next Sunday... Last Friday fell on the 13th day of February... And Monday was a holiday for a few folks - President's Day. It was observed here by the Post Office, First National Bank and Olney Savings. The rest of us just didn't go to the post office or the bank but carried on as usual otherwise. President's Day, as you doubtless know, now takes the place of Feb. 12 (Lincoln's birthday) and Feb. 22nd (Washington's birthday) and is held on a weekend between the two old holidays, giving everybody who observes it a long weekend.

Starr, local business man, telling friends that he and Ken McCulloch went to Coleman one day last week to see a man. They got there near noon time and decided to go first to a restaurant for a bit of lunch.

Within 30 minutes after going to the restaurant, the two Cisco men ran into four people they knew, including the man they went to Coleman to see.

Things just work out good sometimes, huh?

ONE OF HER old Cisco friends reports that Mrs. Eileen Armstrong Connally of Houston was notified the other day that she has won a 16-foot home freezer and 400 pounds of frozen food. Quite a prize, huh? Mrs. Connally grew up in Cisco and finished high school here while her dad worked for the old Humble Pipe Line Company in this area... Rae Gaines, office manager, and Marsha Kindrick, coordinator of Southwest Enterprises summer camps, were also Ciscoans attending the Texas Music Educators convention in San Antonio last weekend. They helped Mr. Eris Ritchie operate a booth at the convention headquarters for the Southwest company of Cisco... Mrs. Ritchie reports that he visited with Mr. Lynn Low, Waco band director who used to direct the Lobo Band in Cisco. All is well with the Low family, reports Mr. Ritchie.

THE NEWSPAPER at Estes Park, Colorado, recently ran a nice picture and story about Paul and Florence Farrow of that community celebrating their 50th wedding anniversary. The Farrowes, you know, are former longtime residents of Cisco, moving in 1973 to

Past Matrons Patrons Officers Are Named

The Past Matrons and Past Patrons Club met Tuesday night, Feb. 10, in the home of Mrs. Reba Steffey. Meeting was called to order by Pearl Pence, and prayer was by Bob Greer.

Officers for the coming year were named as follows: Reba Steffey, president; Mattie Damron, vice president; Pearl Pence, secretary and treasurer; Leslie Lee Greer, send cards; Virgie Gregg, telephone.

Routine business was taken care of and the meeting adjourned. All enjoyed playing "42." Light refreshments were served. Next meeting will be March 10 in the home of Revis and Virgie Gregg. All Past Matrons and Past Patrons are invited to attend.

Estes Park. He was a vice president of First National Bank here and was with the bank some 25 years. They were active in the church and community here before going to Colorado.

The couple was married Dec. 17, 1936, in Ranger and they lived there five years before moving to Cisco. They have three sons. Their son Joe Wayne is a Nazarene pastor in Spokane, Wash., son Larry is a pharmacy supervisor in Denver, and son Keith is with a large carpet dyeing and cleaning company in Bethany, Okla. The Farrowes have six grandsons.

All of their children and grandchildren attended the anniversary, the newspaper reported. You'll want to join us in wishing for the Farrowes many more happy anniversaries.

Legislation To Give County Court Jurisdiction

State legislation to give the Eastland County Court concurrent jurisdiction with the district court is moving toward final passage in Austin and could become effective in a very short time.

Sen. Bob Glasgow guided the bill through the Senate where it was given unanimous approval Monday and State Rep. Jim Parker has reported that he will push the bill through House passage.

Senate Bill No. 113 would permit contested misdemeanor cases to be tried in the county court in an effort to ease the case load in 91st District Court. Both County Judge Scott Bailey and 91st District Judge Jim Wright are in favor of the bill and testified in Austin last week in its behalf.

Rep. Parker will ask for a record vote in the House so that it may be implemented immediately. Without a record vote, the bill could not become effective until after 90 days from passage.

Upon final passage the bill would permit Judge Bailey to try contested cases in his court. Under present law, he can only accept pleas of guilty in County Court.

The bill does not provide separate provisions for the assistant district attorney to try the cases in county court, but presumably the assistant district attorney would be instrumental in prosecuting these misdemeanor cases.

With the concurrent provisions, the case loads between the two courts could be flexible.

On Dean's List

Scott Alan Anderson, son of Mr. and Mrs. Freddie Anderson of Cisco, has been named to the Dean's List at Sam Houston State University for the fall semester.

He is a senior student majoring in agriculture-agriculture education.

The Dean's List consists of all full-time students having grade point average of 3.5 and above.

Men In Service

Navy Master Chief Petty Officer Floyd A. Pruet, son of Arnold F. Pruet of Putnam, Texas, recently returned from a three-month shakedown cruise aboard the Battleship USS Missouri, homeported in Long Beach, Ca.

During the training cruise, which is standard procedure for newly commissioned ships, the Missouri participated in many historical re-enactments and played host to many high ranking officials around the world.

Port visits were made in Hawaii, Australia, Diego Garcia, Italy and Spain.

He joined the Navy in April 1983.
