## Cisco Area Receives Light Snowfall Friday

LUNCH ROOM LADY is what the sign on the snowlady says. Randy Boles and Jay Nixon built the snowlady on the steps of the new cafeterium at Cisco Elementary last Friday. The hair is made from lettuce. (Staff Photo)

Snow measuring some four inches blanketed the Cisco area Thursday night and weather forecasters called for continued precipitation through the weekend. Temperatures dropped to around 33 degrees early Friday and were expected to remain between 30 and 40 degrees through Sunday.

delayed the beginning of first classes until 9 a.m. Friday to give everyone time to arrive. Buses ran as usual and no problems turned up, Supt. Ray Saunders reported.

Dr. Henry E. McCullough, president of Cisco Junior College, reported that everything was routine at College Hill. Classes were meeting as usual. Traffic was moving

throughout the area, police reported. The snow was of the "soft" variety due to the temperature and warm ground and this made travel easier. Local firemen had heard of no problems due to

the weather. Weather forecasters had called for snow or rain through the weekend, and the lowest temperatures predicted were in the low 30s.

## Cisco Elementary Teachers Of The Week

JENNY LAWRENCE

PAM JACKSON

Jenny Lawrence is a third grade teacher at Cisco Elementary School. She is currently in her second year of teaching at Cisco.

She is a native of Tyler, Texas and graduated from John Tyler High School. Her claim to fame is that she went to school with Earl Campbell. From high school, she went to Tyler Junior College for two years, and then to The University of Texas at Austin. She graduated from UT with a major in Elementary Education.

Before coming to Cisco, Mrs. Lawrence had taught in three other school districts, Sulphur Springs, Jacksonville and Frankston. While in Sulphur Springs, she completed her Masters Degree at East Texas State University.

Her interests include reading, bowling, golf, swimming, and supporting her husband and children in their activities. "I enjoy teaching in Cisco very much."

Pam Jackson, music teacher at Cisco Elementary School, is a native of Decatur, Texas. Her parents are Virgil and Joan Jackson. She has one brother, Don, and a twin sister, Paula. She attended the Boyd Public Schools, graduating in 1973. In high school, she was editor of the high school newspaper, "The Yellow-jacket," senior class officer, member of Boyd High School Band and band officer her senior year, member of the National Honor Society-The Beta Club, 3 years, member and officer of local and county 4-H clubs for eight years, and was elected Senior Class Favorite.

She attended Tarleton State University, graduating in 1977 with a B.S. degree, specializing in Elementary Education and Music. She was a member of TSU Music Club, Music Club alternate to Student Senate, active member of the Baptist Student Union, adult choir director of Valley Grove Baptist Church and childrens' choir director at Harvey Baptist Church. Miss Jackson taught first and fifth grades two years at Pecos Independent School District before moving to Cisco in 1980. She taught 4th

## Lonnie Peacock Files As Place 6 Candidate On City Council

Lonnie Peacock, owner of the Armstrong-McCall Beauty Supply Co. and a resident of Cisco for three years, filed

Wednesday as a candidate for Place 6 on the City Council in the April 4th city election.

Mr. Peacock and his wife Joyce operate a wholesale beauty supply business in a 100-mile radius of Cisco. Both travel over the territory to service accounts from their headquarters at 207 East 8th Street.

A native of Greenlee, Miss., Mr. Peacock is a veteran of the U.S. Air Force and served in Viet Nam. He attended the University of Mississippi. His wife is the daughter of the Buford Greens and is a native of Cisco. They are the parents of two daughters, Pam and Angie, ages 12 and 16, and a son, Trae, 18, and attend the First Assembly of God Church.

## Applications Are Being Accepted Until Feb. 27

Applications are being accepted until February 27 for the annual "Christmas in May" project according to Linton Batteas, chairman of the program. The project calls for housing repair for the elderly and handicapped. The procedure for selection begins with people who would like to have their houses considered for the project to obtain an application at the Chamber of Commerce office in downtown Cisco and have it filled out and returned. To be qualified for consideration, applicants must be 60 years old or older

or handicapped (if not elderly); must own the home (or in the process of buying it); and have a low income (financially unable to afford repairs, receiving Social Security or Veteran Benefits). Each application will be reviewed and each home will be visited by the selection committee. A survey will be made to determine what repairs are needed. If selected, the home will be included for repair by the volunteer labor force in May.

Mr. Peacock and Dr. John Muller, dean at Cisco Junior College, are candidates for the council place of Bobby Ingram who is not seeking reelection. Bural Chambers, incumbent, is unopposed for Place 5, the other Council vacancy. Wednesday, Feb. 18, was the deadline for candidates to file for the Council.

## Dealing For Dollars Is Extended

Due to good response, this newspaper is extending our "Dealing for Dollars" classified ads through March 31.

The "Dealing for Dollars" classified run in the Eastland Telegram, Ranger Times, and Cisco Press for \$1.00 per issue. They must be 25 words or less, and cash in advance.

If you have something to sell or trade, we urge you to come by and place your ad today.

## Wanda's Corner by Wanda Hallmark

In the last issue of the Press there was a picture on the front page of the Cisco High school Varsity Boy's Basketball team. And Chris Griffith was inadvertently identified as Marcus Watkins. Sorry about that Chris. Also Kelly Darr was not mentioned in the picture either. He is a member of the Varsity Basketball team, but was not available for the picture. Sorry about that Kelly. A lapel pin has been turned into the Press by a woman who found the pin a few years ago at 609 West 4th Street in Cisco. The pin is the type that was worn by mother's of servicemen who served during World War II. If you lost such a pin that has

three stars (for three sons) please stop by and pick it up at the Press during regular business hours. A gentleman called into the Press last week and wanted to know if there are any organizations that collect newspapers. He said that he has quite a few each week to throw away, but he would rather give the papers to someone or some organization that could make money from them. The only place that I know of in this area that will buy papers is in Abilene, but if someone knows of another place and if someone wants some papers to sell, contact me at the Press and I'll get

## Bake Sale To Be Held Fri.

A bake sale to raise funds for Project Graduation will be held Friday, Feb. 27th at

First National Bank. There will be a large selection of various pies, cakes, cookies, breads and other food items. Most of these baked goods freeze well so you can always be prepared for company.

## Commodities To Be Distributed February 24

Commodities will be distributed in Cisco Tuesday, Feb. 24, from 8 until 11 a.m. at the Gaslight Apartments on Conrad Hilton Avenue.

Commodities in Carbon will be distributed Thursday, Feb. 26, from 1:30 to 2:30 p.m. from a van near Granny's Grocery.

Anyone wishing to bake items to sale may contact Ginny Page at #42-4484. Bake goods need to be delivered to the First National Bank by 9:00 a.m. Friday.

## Catholic Church To Offer Taco Dinner Feb 28

Texans are traditional folks. And it has long been the tradition that when the weather turns cold, Texans crave Mexican food.

Your cravings will be answered and answered most satisfactorily on Saturday, Feb. 28, when the ladies of Holy Rosary Catholic Church host their taco dinner. As anyone who has

sampled the ladies' cooking at previous dinners or at the Folklife Festival can tell you, the food not only warms your stomach, it is "genuine homemade."

The dinner will be from 4:30 to 7:30 p.m. at the parish hall, 1106 Avenue F. Cost will be \$4 for adults and \$2 for children. Not only will the plates include the authentic mouth-watering tacos, but also Spanish rice and refried beans cooked by the ladies right before your eyes. Tea and coffee are also included. Even the "salsa" or taco sauce will be homemade.

So, for a good satisfying meal, come by and sample some traditional Tex-Mex cooking at great prices and for a worthy cause.

## Bob Bevers To Conduct Course

Bob Bevers will be conducting the 55 Alive Mature Driving course Monday and Tuesday, Feb. 23-24, from 5 until 9 p.m. in the Corral Room.

The course is eight hours of classroom instruction that refine existing skills and develop safe, defensive driving techniques. Produced by the American Association of Retired Persons (AARP), it is conducted throughout the country. 55 Alive teaches preventive measures to use when driving that save lives. It is believed that the individual and community benefits from this course.

Mr. Bevers is a trained volunteer instructor. AARP provides the program and its materials. Anyone interested in taking the two-day course may contact Mr. Bevers at 442-1357.

## Baptist Missionary To Speak Sunday

Southern Baptist Missionary Ronnie Bostick will be the guest speaker for the

morning worship service at East Cisco Baptist Church, 506 East 11th, Sunday, Feb.

22. Rev. Bostick has served as a Southern Baptist Missionary to Kenya, East Africa for approximately 15 years.

Rev. Bostick is a native of the Cisco area having grown up in the Nimrod community. He graduated from Cisco High School in 1959.

while Mrs. Bostick continues her recovery. They are expected to return to the mission field in late Spring, perhaps May or June.

In the meantime they are looking forward to speaking in as many area churches as possible and visiting with their old friends and making new friends in area churches. The morning worship service at East Cisco Baptist Church will begin at 10:50 a.m. "Everyone is invited to join with us in a time of worship as Bro. Ronnie Bostick shares with us," Rev. Cecil Deadman, pastor said.

Rev. Bostick is well known to the folks of Cisco and enjoys meeting and speaking with Cisco area churches. His visit this time is due to surgery his wife recently underwent. The family is presently living in Abilene.

### CISCO LIONS CLUB

A lesson in CPR (Cardiac-Pulmonary - Respiratory) plus instructions in the prevention of illness and injury constituted the program at the weekly luncheon of the Cisco Lions Club at noon Wednesday at White Elephant Restaurant.

A VCR movie was shown by Lion Earl Ray to present the health program, which

stressed the value of preventive measures to encourage good health practices. Lions voted to send a gift

to the camp for crippled children at Kerrville as a memorial to Dr. Bruce Goleman, who passed away recently at Ranger. Dr. Goleman was a former instructor at Cisco Junior College and was a long-time member of the Cisco Lions Club before moving to Ranger.

President Olin Odum presided at the luncheon.

### REDEEMER LUTHERAN CHURCH

Our worship service begins at 10:30 a.m. Pastor Urban's message is entitled, "The Lord's Final Epiphany" based on Psalm 50:1-6. Sunday School and Bible Class begin at 9:30 a.m.

"March" - It's a good name for a month, as we look forward to the new season about to break. "March" is a good word for the Christian's life too. With the certainty of salvation and hope in Christ Jesus, the Christian can march through every day of life in joy and peace. What about your march with your Savior? Hear more about the relationship on "The Lutheran Hour" with the Rev. Wallace Schultz, associate speaker. Hear it next Sunday at 7:04 a.m. on radio station KSTB (1430) or on KBWT (1380) at 8 a.m. and on KFQX (1470) at 8:30 a.m.

Today, LWML's Prayer Service and Tea at 3 p.m. Monday, Dobson film series at 7:30 p.m. Wednesday, Nursing Home worship is at 10 a.m. Confirmation Class is at 3:30 p.m.

finally dried up around my house. My Japonicas are blooming and the lilac is springing green leaves and my neighbor called me one day this week that her apricot trees were blooming. Mine has almost full blown buds. So I'm afraid no apricots this year.

We are thankful no serious illnesses in the community. Some still have the "bug." Seems its hard to get rid of.

Some excitement! Last Tuesday evening the Bill Lewis went to Abilene as usual to bowl. Bill parked his 84 Mercury station wagon in the parking lot. When the bowling was over he went to get his car. No station wagon! The police were called. On Thursday daughter Kathy Green of Baird went to Sears at Abilene shopping. She parked in the parking lot. Lo and behold, there was Bill's station wagon. She called police. Apparently no harm done except a full tank of gasoline now empty.

### STUDY CLUB MEETS

The Putnam Women's Study Club met in regular session at the Community Center Monday, Feb. 9th, at 2 p.m. There were 12 members and three guests present, Mrs. Lillie Williams and John Petty of Brownwood and Mrs. Douglas Fry of Cisco. The program was brought by Mr. Gilbert Coaland of Lohn, a humorist. It was enjoyed by everyone. Mrs. Margie Weeks and Mrs. Gertrude Petty were hostesses for a social hour. No business was conducted.

### COUNCIL MEETING

The City Council met Monday evening at the City Building. Plans were made for the City Election to be in April at which time three councilmen will be elected. Lets all get out and vote.

Dwayne Donaway wife Laura and baby son of Odessa spent the weekend with grandmother Annie Mae. They will be moving to Abilene soon where he has a job.

Glenn Burnam of Hobbs, New Mexico, spent last weekend with his mother, Ollie Burnam.

Mrs. R. B. Taylor spent the weekend at Sweetwater with Homer and Carolyn, and grandchildren Barry and Kathleen and children.

John and Willa Rice of Gorman visited the G. W. Weeks Tuesday evening. The Baptist Prayer meeting was held at the Weeks home Wednesday evening.

### SHOWER

A bridal shower honoring Linda (Nettles) Senaet of Abilene was held at the Community Center Monday evening. A large crowd attended.

Belinda Maxwell, my little neighbor, celebrated her 13th birthday this week. Many more happy birthdays, Belinda!

Daniel Moore, pastor of the First Methodist Church, Baird, visited the Sid Weathermons and Mrs. R. B. Taylor Thursday.

Mrs. Jewell Mobley of Baird visited Mrs. Taylor Friday morning and they had lunch at the Community Center.

George Lee and Nettie Ramsey of San Antonio are spending the weekend with their parents, Annie Mae Donaway and Jack Ramsey.

## Extenson Program Council Dinner Held

Victoria R. Scott, Community Services Coordinator at Hendrick Medical Center, spoke at the Eastland County Extension Program Council Dinner.

A number of leaders in Eastland County agriculture and community life attended the Extension Program Council dinner at K-Bob's Restaurant on Feb. 12.

They were welcomed by County Agents DeMarquis Gordon, Janet Thomas and Crystal Wilbanks, who had a varied program planned. This included a film, a review of the work of the Program Council, an awards presentation, and a speaker from Hendrick Medical Center.

The Guest Speaker was Victoria R. Scott, Community Services Coordinator, Care Psych Center/Care Unit of Hendrick Center. She gave an informative talk on Stress Management, one of the problems identified by the Program Council in 1986. Charles Walker of Eastland, Chairman of the Program Council Executive Committee, opened the program by introducing various guests. Among these were Ms. Scott, County Commissioners Norman Christian and Richard Robinson, and Joe Taylor of the Eastland National Bank.

He thanked the Birdsong Peanut Corp., Production Credit Association and Eastland National Bank for providing the dinner.

DeMarquis Gordon presented a film with the theme "Voices Speaking Out". It detailed the work in 1986 of the Extension Program Councils (formerly known as Program Building Committees) in every county in Texas.

It told how citizens met elsewhere, just as they did last summer in Eastland County, and identified critical issues their county was faced with. Almost 5,000 problems were identified state-wide, and the most pressing and prevalent ones are being used in a state plan of action for the rest of the decade.

The two top issues in the state were (1) WATER, and (2) RURAL REVITALIZATION.

After the film DeMarquis Gordon told how 52 people, many of them present at the dinner, had worked on identifying issues in Eastland County. Among the top concerns they outlined were WATER, PROFITABILITY, DRUG AND ALCOHOL ABUSE, PARENTING, FAMILY LIFESTYLES, NUTRITION AND HEALTH, and ENVIRONMENTAL CONCERNS.

Some of the most critical issues will be dealt with in county-wide programs for the next four years.

Several Committee Chairmen then spoke about the Extension work of their groups during the year. Dorothy Underwood of Morton Valley spoke of the work of the Home Economics division, stating that 1986 had seen a special emphasis on health education.

Bobby Little of Olden, Chairman of the 4-H and Youth work, spoke of a number of special events for this group during the year. His daughter, LaDawn Lit-

tle, also spoke about some of the Youth activities.

Jay Lafferty of Eastland, Chairman of the Agricultural Committee, talked about various programs to benefit farmers and ranchers. He mentioned that the Cow/Calf Clinic will be held in Eastland County in 1987.

The County Agents then presented certificates of Recognition to their hard-working chairmen: Bobby Little, 4-H and Youth, Dorothy Underwood, Home Economics, Jay Lafferty, Agriculture, Bennie Hagan, Peanut Committee, and Charles Walker, Chairman of the Pecan Grower's Assn. and Chairman of the Executive Committee.

Janet Thomas introduced Victoria Scott, saying that stress was a real problem in the lifestyles of today. Ms. Scott, a lively speaker, drew members of the audience into her discussion with questions directed toward them. They attempted to catalogue stress as "death, divorce, drouth, illness, loss of job, etc."

"Stress," the speaker replied, "is hard to identify. For stress is your reaction to any particular thing in your life."

She showed the audience a book called "Stress Breakers", saying that it contained information on things people can do to live with the stress in their lives. One of these "Breakers" is relaxation.

"Get away from your problems, calm down, focus on yourself, give yourself a break," Victoria Scott said. She reminded her listeners that all stress is not bad - that sometimes it prods us into more effort. But when we have too much of it at any one given time, it is destructive unless properly managed. Sometimes professional help is needed.

Folders were handed out containing various self-tests and information on stress. One of these tests is on "Coping".

After the formal program guests lingered to talk to Ms. Scott and visit with each other. DeMarquis Gordon said that more educational programs on various critical issues will be forthcoming.

## Eastland Manor Popovers Attend First Novice Meet On January 24

Valentine King George Webb and Queen Pauline Stephenson at Eastland Manor.

Friday 13th was a lucky day for two of our residents. Valentine King and Queen were George Webb and Pauline Stephenson. They made a terrific couple. Forty-five residents and their guests enjoyed punch, cookies and beautiful love songs played by Flo Clark. We are especially grateful to Mrs. Clark for filling in as entertainment at the last minute.

We would like everyone to come and hear the Al Anderson Band Tuesday, February 24, at 7:30 p.m. They always put on a terrific show.

As I have been going to various places requesting volunteer help with activities, people keep telling me that in the past, they have sometimes been snubbed or even treated rudely on their visits. It is a shame when this happens because the ones who really end up suffering are the residents.

Following is an article that appeared in Ann Landers' column and written by Judy Vekasy, a registered nurse and activity director:

You say you can't do anything. Can you read? Read to me. My eyes aren't what they used to be.

Can you sing? Good. Help me with the words and I'll sing along.

Can you tell me about your job? I was once a nurse myself.

Can you listen? Wonderful. I'm starved for conversation.

Can you bake a sponge cake or zucchini bread or angel biscuits or make fudge? They aren't on the nursing home menu, but I remember how good they were and I would like to taste them again.

Do you play checkers or dominoes or rummy? Fine, so do I, but there is never anyone who has the time. They are understaffed around here, you know.

Do you play the violin or the flute, or the piano? My hearing is poor but I can hear any kind of music. Even if I fall asleep, you'll know I enjoyed it.

Once we were somebodies, just like you. We were farmers and farmer's wives and teachers, nurses, beauticians, stockbrokers and electricians, bankers and sheriffs, and maybe a few outlaws too. We're not all senile - just old and needing more help than our families can give us. This home, whatever its name, is "home" to us and you're an invited guest.

Please come. The welcome mat is always out and not just on Holidays.

I hope you will keep this and read it again in January, February and every other month of the year. We'll still be here and our needs will be the same.

The Eastland County Popovers competed in the first Novice Meet of the season in Breckenridge on January 24th. Coaches Valerie Wells and Richard McLaughlin would like to congratulate the competitors for their performances and to thank the parents and friends of all the Popovers for their enthusiasm and support. The following are the results on how well the students performed:

## I've Been Wrong Before

By Gordon Clark

But I once read bits from various Oriental philosophers and I honestly think they had some sage advice to give. At least their thinking has passed the test of time. Many things are attractive when new but the shoddy item doesn't survive to become a valuable antique.

How about that word SHODDY? In spinning and weaving, wool scrap and rags can be torn apart, recombed and cleaned to make new cloth but that cloth is named shoddy as opposed to virgin wool. With a bit less elasticity and shorter use-life it may look good.

One of those time tested bits of Oriental wisdom states, "With every desire to do good, the ignorant and foolish succeed only in doing harm." This knowledge that crowns endeavor with success.

If then we evaluate the leadership by the results of many government programs, they don't look so bright. Nor is this to rule out greed and dishonorable intent. For instance, we have long had a "farm program" which is supposedly designed to help the nations farmers. Admittedly some good has been done but it has been far short of what the cost would justify. When such people as a senator or a foreign prince are the biggest recipients of government subsidies and many who derive their only or principal income from the land fail to get anything then tax payers have been deceived. For, NEVER was their intent to fatten the greedy.

Obviously the Congress has either been dishonest or they are so far from the farm as not even to know that you can't feed little pigs and big hogs in the same trough. Unless you separate them by size the big hogs root the little ones out and eat it all. Since full feed, free choice is not practical in a farm program a segregation by size should have been made long ago. Propaganda about not limiting anyone's ability to grow simply is out of place where getting ahead by dipping into tax payers pockets is involved.

I believe we once had a Secretary of Agriculture named Brannon who was reported to have formulated a plan whereby subsidies were to be paid on a given number of "production units." A certain number of head of stock of one kind equaled a unit while another number of head of bushels of each crop would constitute a unit. Obviously one could not fairly equate different kinds of crop or stock but the idea was a limited number of units per farm. So quick and violent were the reactions that Mr. Brannon denied any connection whatsoever with the plan given his name.

As far as I know that was the only idea ever sent up as

a trial balloon on limiting the amount an individual could hog out of the public trough.

Granted that a perfect plan will never be formulated and that in the best laid plans there will be crooks and spoilers. Still, the situation in the nations agricultural segment is such that the need for something new and revolutionary should be clear.

What I expect, however, is that foremost we will get the same old stuff warmed over while the only counter to corporate control will be offers of collectivization with the pseudo blessing of Israeli pattern called Kibutz. The cold fact being that these pilot projects already started by unAmerican elements within the Department of Agriculture with public funds, even after being rejected by Congress are COMMUNISM pure and simple. While Federal officialdom tries to dictate even your thinking in some areas, not one of those with power to stop the Kibutzim and punish those violators of trust has made a move.

You may wonder if just maybe those Zionist directed communes might succeed and become a blue print for American Agriculture. Well, with their ability to disguise expenditures of your tax monies, slight of hand record keeping, and public relations experts who can persuade masses that night is day, how can they miss?

## Lights From The Christian World

Josephine Cleveland

Smallness of stature can be a means of greatness of achievement for good or it can be an achievement for evil.

John Wesley was small of stature who made a great

impact on the society of his day and his endeavors are still evident in today's world. Stalin was small of stature whose achievements brought suffering and despair to millions and today the ripples he made are still going fourth to destroy.

Zaccheus whose story is told in Luke 19 was a tax collector. He was in charge of collecting taxes for the Roman government. He had a quota to collect but was instructed that he could collect a higher amount and all above his quota could be his. He was chief among the publicans. He was rich because he placed extra burdens upon the people. He heard that Jesus was to pass through Jericho. He had a great desire to see Jesus. The crowds were so great they pressed close to Jesus. Because Zaccheus was small of stature he ran ahead of Jesus path and did what appeared undignified. He climbed a sycamore tree to get a glimpse of Jesus.

When Jesus came to the place he looked up and saw

Zaccheus and said to him, "Come down, for today I will go to your house Luke 19:5." Zaccheus was overjoyed. In the presence of Jesus, he said to the Lord, "Behold, Lord, the half of my goods I give to the poor; and if I have taken anything from any man by false accusation, I restore him fourfold. Luke 19:8."

Friend, whenever we meet Jesus our smallness, the littleness of our lives are left behind. The things that cause us to hang on to the pretty things of the world are disregarded. We may be small of stature but we become big in our achievements in the Lord.

Jesus said to Zaccheus, "This day is salvation come to your house Mark 19:9." Beloved, this day salvation can come to your house as you come into Jesus presence. Follow the example of Zaccheus and make a decision to cast aside the smallness of your ways. Let your life become great in achievements for good. As you cast your bread upon the waters you can be assured they will return to you. Joy, peace and contentment follows.

## The Pro And Con Of Tort Reform

After taxes, one of the most controversial issues facing the Texas Legislature this year is tort reform, the movement to reform our state's civil justice system. It is interesting to examine the players on either side of the issue and their motivations.

Their names are surprisingly similar.

The Texas Civil Justice League, umbrella organization for lawsuit reform, is comprised of 80 trade and professional associations, 110 businesses and more than 300 cities and counties. Together, these groups represent the interests of hundreds of thousands of Texans.

The TCJL probably represents the largest, most diverse coalition ever assembled for purposes of passing legislation in Texas. Its members are concerned about correcting what they call the imbalance in our civil justice system. The president of the TCJL is J.P. Word, a former Texas senator and presently executive director of the Consulting Engineers Council of Texas.

The other side is Texans for Civil Justice. It represents a small, but powerful, organization called the Texas Trial Lawyers Association. The TTLA is comprised of 4,500 attorneys who primarily make a living representing plaintiffs in civil cases, in most cases collecting 30-50 percent of the jury award as payment. The executive director of Texans for Civil Justice is Billy Rogers, a political operative who formerly helped run the Walter Mondale campaign in Texas.

Both names sound alike. Their goals and membership could not be more different. This information may help you as you read about the opposing groups in the coming weeks and months.

## TEXAS HEALTH NEWS AND VIEWS

by Roy Cartee  
**QUESTION** I am on Medicare and I have a supplemental insurance policy. Yet, when I was in the hospital I had to pay. Why is this, I thought I was covered 100%.

**ANSWER** The question cannot be answered easy, so we will devote our column to the problem. When you enter the hospital there are two parts of Medicare that will go into effect. Part A (hospital) and Part B (physician and related medical expenses). Part A requires you to pay the first \$520, which is called a deductible, and all personal expenses such as TV, telephone, etc. Most supplemental insurance policies (also called Medigap) insurance policies pay for the deductible only.

If you insist on staying in the hospital longer than the DRG (Diagnosis Related Group) review has determined adequate for that illness, chances are you will

be responsible for the extra days.

Part B concerns the doctor and related expenses. First there is the deductible to be met. This is \$75.00, at present, to satisfy the requirements of Medicare. Usually your supplemental insurance has a deductible also.

Now, it would perhaps be better to give an example of the manner your out-of-pocket expenses may result. So let's say the doctor bill was \$150. Medicare approved \$100. Medicare would pay 80% of the \$100 - \$80.00. You now would owe \$70.00. Normally supplemental insurance would pay 20% of the Medicare approved. Remember the doctor bill is \$150. Medicare has paid \$80 and your insurance has paid \$20. So you would owe a balance of \$50.

## Rappin' Reynolds

**RAPPIN' REYNOLDS**  
 Dear Rappin' Reynolds,  
 I have a serious problem!  
 It appears that the girls are  
 crazy for me! Everytime I  
 turn around, there are girls  
 winking and blowing kisses  
 to me! Do you think it could  
 be the way I dress, talk, act,  
 or what?

Sincerely,  
 Troubled

Dear Troubled,  
 This does not sound like a  
 problem to me. Unless, you  
 are also a girl. In that case,  
 my friend, you have a  
 'mega' problem. If this is the  
 situation I recommend call-  
 ing Dr. Ruth. Here's the

number if you need it-1-800-  
 FOR-RUTH. If your ad-  
 mirers are of the opposite  
 sex, just be thankful they're  
 paying you a massive com-  
 pliment.

Best of Luck!  
 Rappin' Reynolds

Dear Rappin' Reynolds,  
 The current style is to roll  
 our pantans up without wear-  
 ing socks. I want to be ac-  
 cepted but I just don't feel  
 comfortable dressing this  
 way. What should I do?  
 Anti-Trendy

Dear Anti,  
 Hey, if you don't want to  
 roll your pants up, don't. You

may have knobby knees,  
 'vericose veins', or just plain  
 'ole ugly legs. The thing is it  
 doesn't matter how you  
 dress, it's your personality  
 that counts. Pick friends that  
 like you for yourself not the  
 current trends. Good luck  
 and remember, do what's  
 best for YOU.

## Feature Senior

Our feature senior this  
 week is Emory Kea, son of  
 Virginia Kea. Emory enjoys  
 roping, showing and judging  
 livestock, and dancing. His  
 favorite class is Government  
 taught by Coach McLeskey.  
 Emory says he has acquired  
 many friends at CHS, and  
 will miss them all. Good  
 Luck in the future Emory!!

## Banquet A Success

The juniors did a wonder-  
 ful job of putting together the  
 Jr.-Sr. Banquet and prom  
 (along with a little help from  
 their sponsors). Their dinner  
 was delicious, and supplied  
 by Shirley Darr and Staff.  
 The entertainment included  
 reading of the Senior Prop-  
 hies and Junior Will, and  
 a slide show. We hope  
 everyone enjoyed it!

## What's Happening

Well, well, well. Back in  
 the land of CHS once more  
 and guess what...? Track  
 season starts next week, and  
 Coach Hitler should be kill-  
 ing a few eager athletes in  
 their prime.... This past  
 Monday-Wednesday the poor

little freshmen had to take  
 the hideous TEAMS tests....  
 The CHS stage band goes to  
 UIL contest this weekend-  
 we hope they do well.... and  
 .... Kery Campbell is STILL  
 grounded. Well that's all  
 folks.

## New 'Inductees To NJHS

On February 17, Tuesday  
 night, eleven new members  
 were inducted into the Na-  
 tional Junior Honor Society.  
 Students with an 'A' average  
 are asked to join the NJHS,  
 and are initiated by being  
 knapped from class with a  
 bag over their head. Two  
 seniors, Lawrence Wright

and Tracie Eagar, were ad-  
 ded to the club. While nine  
 juniors joined. They were  
 Samantha Hutt, Krista  
 Shepard, Laurie Cagle, Gina  
 Kinser, Christy Purvis,  
 Christy Smith, Ingrid Valek,  
 Kevin Kirk, and our own  
 Rappin' Jill Reynolds. We  
 hope all these students con-  
 tinue to do well in the future.

## Area High School Dance To Be Held Sat.

The Senior Class of Cisco  
 High School, in coordination  
 with the Senior Class  
 parents, is sponsoring their  
 9th Eastland County and  
 Area High School Dance, on  
 Saturday, Feb. 28.

The Saturday night dance  
 will be held at the Corral  
 Room in downtown Cisco  
 from 8 to 11:30 p.m. at the  
 old Laguna Hotel at 400  
 North Conrad Hilton, next  
 door to the First National  
 Bank. The dance is for high  
 school students only.  
 Disc Jockey L&L Light &  
 Sound will provide the music

for the dance. Admission will  
 be \$3.00 per person. Soft  
 drinks will be available.

Cisco has an active group  
 of parents, Parents for  
 Teens, who have sponsored  
 monthly parties for Cisco  
 High School students for the  
 last two years. Senior Class  
 parents who work with  
 Parents for Teens will serve  
 as chaperones, in addition to  
 other interested Senior  
 parents, or parents from  
 other classes. Parents from  
 all surrounding towns are  
 invited to also help chaperone.  
 Definite rules have been

established for high school  
 students as follows:

1. Only high school students will be allowed to attend the dance.
2. Students may leave the dance at any time, however, once a student leaves they may not return.
3. No drugs or alcohol will be allowed.

A "spokes parent" for the Senior class said, "High School parents should be assured that the dance will be well chaperoned and our definite rules will be followed. Please feel secure in

# Fishing Outdoors

Terry L. Wilson

Crappie anglers, the Eastland County Bass Club will be hosting an open crappie tournament February 28th on Lake Leon. This tournament is open to everyone who holds a valid fishing license. For more information you may contact Eddie Green 629-2184.

The calendar says it's still winter, but game fish at Sam Rayburn Reservoir are biting with springtime vigor.

Texas Parks and Wildlife biologist Paul Seidensticker of Jasper said excellent catches have been reported recently for largemouth bass, white bass, hybrid striped bass and crappie.

Department creel surveys, gill net samples and reports from anglers at the big East Texas lake all verify the spring surge.

Large female bass apparently are starting to move into shallow water (4 to 10 feet) and getting more active as the water warms.

Recent catches include an 11-pound two-ounce bass taken by Charlie Dixon of Jasper and a 10.8-pounder by Kelly Ficht of Beaumont.

Gill net samples also produced a 9.6 pounder and several bass in the four to

six-pound class. Numerous bass in the 15 to 18-inch length range also were collected.

Crappie fishing has been outstanding in the river just above the main lake, with heavy catches reported from 10 to 18 feet of water. Many limits of 25 crappie have been reported, and the fish are ranging from 1 1/2 to 2 1/2 pounds.

Large water releases from the dam are causing striped bass and hybrid stripers to congregate in the lower end of the lake, and good numbers of hybrids from 4 to 10 pounds are being caught.

Gill net collections reflect good numbers of white bass in the upper end of the lake as the fish are preparing for spawning runs up the Angelina and Attoyac Rivers.

So if you're looking for that lake that you can catch a good mixed bag, why not try Sam Rayburn and don't forget the family would probably enjoy going too.

Following are the prime fishing times for our area with location adjustments made for Lake Leon.

Feb. 21 Last quarter of morning best.

Peak periods 5:30 a.m. and 6 p.m.  
Feb. 22 Fair 6:29 a.m. and 7:01 p.m.  
Feb. 23 Good 7:28 a.m. and 8:30 p.m.  
Feb. 24 Good 8:23 a.m. and 9:06 p.m.  
Feb. 25 Fair 9:21 a.m. and 10:08 p.m.  
Feb. 27 Very Good 11:29 a.m. and 11:57 p.m.  
Feb. 28 New Moon, good 12:22 p.m. and 12:45 a.m.

Area Lake Reports are picking up some.

Lake Leon: Black bass fair to 9 pounds most around 12-15 inches on rattle traps and spinners. Crappie slow up river better in baited boat houses.

Lake Cisco: Black bass good to 3 pounds on jig and pig some on spinner baits. Crappie and all other species slow.

Lake Brownwood: Black Bass slow to 3 1/2 pounds on spinner baits in 3 feet of water, crappie good numbers in rivers small in size. Smallmouth bass good to 2 pounds on small crankbaits around dam area, hybrid stripers fair to 6 pounds with downriggers.

Lake Proctor: Crappie excellent size and numbers on minnows and jigs. Black bass excellent to 7 pounds on jigs, spinner baits and rattle traps. Catfish fair to 4 pounds on live bait.

For a fun day of fishing, next time out why not tie on a small crappie jig and fish

# Former DPS Trooper Receives 10 Year Probation, \$7500 Fine

A former Department of Public Safety trooper was found guilty of burglary with intent to commit aggravated assault and aggravated kidnapping, earlier this week.

An Eastland County jury of seven women and five men, deliberated less than 2 1/2 hours before finding Hernandez Hernandez, 28, guilty.

The same jury took only 45 minutes to assess a 10-year probationed prison term, and fine of \$7,500. The jury could have assessed as much as life in prison and fined him up to \$10,000.

Hernandez was also ordered to pay court costs totaling \$3,500 and to pay \$2,961 in restitution.

He remained calm as the verdict and punishment was read.

Hernandez was convicted of breaking into the home of Lee Morris, on February 17, 1986.

After finding Della Sedillo, an acquaintance of both men, in Morris' home, Hernandez pistol-whipped Morris and forced him to drive around town for an hour.

The next morning, Hernandez resigned his position with the D.P.S.

Hernandez testified during the punishment phase of the trial. During the emotional testimony he stated that his marriage had failed just prior to the assault on Morris.

Val Verde County Sheriff J.R. Koag testified for Hernandez. He stated that he

had known Hernandez for years and that he would be an excellent candidate for probation.

El Gloria, a probation officer from Del Rio, also testified for Hernandez.

Hernandez will now live in Del Rio where his family lives.

# Bradford Elected To Membership In American Angus Association

Robert L. Bradford, Ranger, TX, has been elected to membership in the American Angus Association, reports Dick Spader, executive vice-president of the national organization with headquarters in St. Joseph, Missouri.

The American Angus Association, with over 30,000 active adult and junior members, is the largest beef cattle registry association in the world. Its computerized records include detailed information on nearly 11

million registered Angus. The Association records ancestral information and keeps records of production on individual animals for its members. These permanent records help members select and mate the best animals in their herds to produce high quality, efficient breeding cattle which are then recorded with the American Angus Association. Most of these registered Angus are used by the U.S. farmers and ranchers who raise high quality beef for U.S. consumption.

## RISING STAR

The annual Rising Star Livestock Show and Fair will be Saturday, Feb. 28 at the Market Bldg. Food entries will be auctioned off between classes of livestock judging. Fair entries will be released when records are complete from judging. A new category has been added this year - Men's Food. There will be hobbies and crafts on exhibit, along with art, photography, clothing, needlework, and foods prepared by all ages. The youth of the community appreciate the support of the Livestock Raisers Association members and others who make this Fair possible.

A large crowd turned out for a Benefit Luncheon the Senior Citizens gave recently for the Volunteer Ambulance Service. There was lots of delicious food at the Senior Center, and the proceeds totaled \$925. This was donated to help provide supplies and make the insurance payments on the ambulances. In other fundraising projects, a quilt and afghan will be given away in a drawing May 20. Tickets may be purchased from Saturday Club members or from the Emergency Medical Service for a contribution of \$1 each. All proceeds will go to the ambulance fund.

The next Livestock Raisers Association meeting will be Tuesday, March 3, at 7:30 p.m. in the ag room at school. This date was changed from Monday.

## EASTLAND

The Solid Rock Singers from Mangum Baptist Church will be joining the Mid South Boys and the Gibbs Family at the Majestic this Saturday, Feb. 21 at 7:30 p.m. for a Gospel Concert. The Solid Rock group consists of Lois Robinson, pianist, and Joyce Hutchins, Anne Boone, Wanda Hull, Angie Clower, Cheryl Livingston, and Cheryl Mangum, vocalists. You may obtain a ticket at the door for this concert - the first one since the Majestic became the property of the City of Eastland.

Work is progressing on the Majestic, and it is prepared for the Kiwanis Stars of Gospel Music Show this Saturday night. The stage committee, headed by Harold Kennedy, moved the huge movie screen back about eight feet, allowing more room for performers. Kennedy is currently designing a new metal frame which will enable the screen to "fly". Stage curtains now track properly and can be easily moved. Dennis Shumard and the seating committee brought seats in good repair from the balcony to temporarily replace damaged seating downstairs. Work is also continuing on the electrical and lighting systems, and the sound system.

The National Association of Retired Federal Employees (NARFE) will meet at K-Bob's Tuesday, Feb. 24 at 5 p.m. Wyle

Peebles, Head of the Music Department at Cisco Junior College, will bring a program on Scotland 1986. This is expected to be an outstanding program.

The Eastland City Commission declined a request by District Attorney Emory Walton for the city to pay the approx. \$5,800 worth of marker damage at the City Cemetery. Attorney Walton explained that the person who ran his vehicle through the cemetery damaging the markers had been apprehended, tried, and was making payments of \$100 per month toward the repair of the markers. But persons who had markers of family members damaged are asking for re-embursement so that the markers can be replaced, he added. The Commission, however, indicated that the City shouldn't assume the responsibility of paying for the repairs and collecting the payments.

## CISCO

The Bible Baptist Church, located at 1609 Ave. E, has merged with Faith Baptist Church, 700 West 18th St., according to the Rev. Jerry Horning, Bible Baptist Pastor. The Rev. J. Doyle Roberts is Pastor of Faith Baptist Church. Final services at Bible Baptist were held on Wednesday, Feb. 18. Rev. Horning has accepted the position of Music Director at New Hope Baptist Church of Silsbee, north of Beaumont, and will be leaving Cisco for this location soon. The merged Churches

are worshipping together this Sunday.

Senior Class parents will be holding monthly bake sales as fund raisers for the up-coming graduation party to be held after the May 20 graduation. Area seniors have been invited to the party, and area parents are helping organize the affair. This month's bake sale will be held at the First National Bank on Friday, Feb. 27.

A new placard-type sign is out which advertises Eastland County cities - Cisco, Eastland and Ranger. A picture of the Hilton Community Center is featured on the placard, which is about four ft. square. The placard was reportedly put out under Texas Highway Department supervision, and that the Chamber of Commerce has ordered eight of them to be posted in Cisco.

Bob Bevers will be conducting the 55 Alive Mature Driving Course Monday and Tuesday, Feb. 23-24 from 5 until 9 p.m. in the Corral

Room. The course is eight hours of classroom instruction that refine existing skills and develop safe, defensive driving techniques. Mr. Bevers is a trained volunteer instructor, and the AARP provides the program and its materials. Interested persons may contact Mr. Bevers at 442-1357.

All who are hungry for good, authentic Mexican food will want to stop by the Holy Rosary Catholic Church on Saturday, Feb. 28 to eat a taco dinner. Ladies of the Church will be serving this meal from 4:30 p.m. to 7:30 p.m. The cost will be \$4 for adults and \$2 for children. The plates will include Spanish rice and refried beans as well as the tacos and sauce.

**RANGER**  
About 30 residents of the Ranger area met with representatives of the Texas Water Commission to discuss a hazardous waste disposal site which reportedly spread toxins into the air and water several years ago. The public hearing, held in

the Community Clubhouse, indicated that an industrial waste disposal site used by Sonics International may soon be listed on the State's Superfund Registry for cleanup. In the late 1970's tanker trucks brought waste from several states and dumped it into empty oil wells there, 3 mi. west of Ranger. An inspector with the commission found that the soil was contaminated with hydrocarbons. There may also be some contamination in the watershed south of Eastland, for some of the soil from the site was hauled to the landfill there.

There are only two Junior Colleges in the State that

participate in softball: Hill Junior College and Ranger Junior College. There are 215 colleges participating in fast-pitch softball nationwide. The Ranger team played their first game on Feb. 12 against Hill Junior

College in Hillsboro. Ranger defeated Hill Jr. College 5-0 in a double-header. Another game is being played this week on the new field located on the RJC Campus.

**THANK YOU**

**CARD OF THANKS**  
A very special Thank You to all the people who worked so hard in the emergency room last Thursday on our baby, Cal Parker. Thank you to Dr. Robert DeLuca for his efforts and concern to the family. I am so proud of all of you. I feel that you played a very important part in keeping our baby alive. I do not know each of your names but Eastland can be thankful we have the hospital facilities we have and the caring people to use these facilities. Cal Heston is still in ICU in Abilene but much improved. God Bless each and everyone of you!!  
Bren & Beckye Parker  
Rudy & Nema Lu Parker

**CARD OF THANKS**  
The family of Pete Grozier would like to express our appreciation for the prayers, love and concern during the loss of the one we all greatly loved. The calls received and flowers greatly blessed us in a special way. Special thanks to all the employees at the State Department of Highways and Public Transportation and to the nursing staff and other employees of E.L. Graham Memorial Hospital.

**Kokomo News**

By Zalda Jordan

The Kokomo Extension Homemakers Club wishes to express their thanks to the large crowd that came to their stew supper on Saturday night, making it a great success. It always makes us feel good to see so many people enjoying themselves visiting with friends while eating a good supper in the relaxed country setting of the Kokomo Community Center, and at the same time contributing to the worthy projects sponsored by the Club, such as the Gorman and Carbon Fire Departments and the West Texas Rehab Center and other projects as they arise. \$325 was raised.

Gary and Donna Galin of Cleburne were visitors at the Kokomo Baptist Church on Sunday morning and they and Woodrow and Helen Browning rendered the special music.

Gary and Donna Gatlin visited during the weekend with Woodrow, Helen and Gary Browning.

Mr. and Mrs. J.C. Clearman were visitors during last week in Friona with Jackie and Diane Morgan, and Jessie McCafferty of Amarillo joined them in Friona for a visit. The Clearmans also visited with Gary, Nanetta, Cathy and Jo Beth Thompson in Plainview and got to see Jo Beth play basketball. They also visited with Mr. and Mrs. E.V. Carter in Hereford and with friends in Summerfield.

Our sincere sympathy is extended to the family of Mr. Bill Joiner who passed away last Thursday morning.

Roddy, Glenda, Joe and Sheri Miles, J.J. Taylor, Brent Carter and Bobby Smith all of Abilene and Clifford and Lurline Nelson and Gary and Cassie Rasco of Carbon were visitors in the Glenn Jordan home on Saturday night.

Joseph O'Neal of Austin visited on Sunday night with his parents, Bro. and Mrs. Joe O'Neal and with an aunt, Mrs. Albert Hendricks.

Mrs. Bessie Buchanan of Tuscola and Mrs. Doris Bradshaw of Gorman were visiting with Mrs. Albert Hendricks on Monday.

Mr. and Mrs. Vernon Fields and Lindell spent the weekend in Bryan with Mr. and Mrs. Joe Fields, Michael, Caylea, Lisa and Falyn.

There was a wind and rain storm in the community on Saturday night, but it didn't last too long, and I didn't hear of any damage from the storm.

**Desdemona News**

Murry and Gail Stroud of Hallsville visited Saturday with his parents, Glyn and Alpha Thiebaud - also in DelLeon with her father, I.C. Donnegan.

Howard and Estelle Jasper of Portales, New Mexico recently visited her uncle, Glyn and Alpha Thiebaud.

Charles and Sarah Williams, Ben and Ruth Koonce, W.T. and Evelyn Yardley enjoyed Sunday dinner with Lea and Eloise Williams. It was to celebrate Charles and Ruth birthdays.

Maggie Smith was buried Tuesday in Luling. She is a sister to Juanita Thomas. Our sincere sympathy goes out to this family - also to the family of Autury Hood, a long time resident of this area was buried last week.

Mrs. Ruth Craig spent several days recently in DeLeon Hospital following a stroke. She is home now and doing better.

"Happy Birthday" to Odessa Johnson (20th) Neta Gee (21st) Bobbie McKillip (25th) and Myrt Reid (27th) of Baton Rouge, Louisiana. So remember these with your cards and the shut-ins too.

Desdemona Community Center will have musicals first Saturday nite of each month starting March 7th at 6:00 p.m.

## The Happy Times

### GOLDEN BUTTER

By Lillian Cogburn Price  
We had a big gray stone churn that sat on a sunny shelf in the kitchen. When we had collected enough milk to churn we poured it into the churn and placed it in a warm place near the stove until it "turned." When it was ready to be worked I always volunteered (or was appointed,) liking the job if I had a good book to read. Most churners draped a towel around the top to prevent spattering, but that always got in my way so I didn't use one. You are sup-

posed to churn kind of fast as first, then, when little golden speckles appear and grow bigger, you slow down so it can all "gather." If my reading got very exciting I would churn slower and slower and finally stop - to read those good parts. Papa called these books "Ten cent novels." When Mama came in she would say, "You'll never get the butter done until you put that book down." She was right. I would drop that book and churn until the butter grew and formed a big solid mass.

To make the butter I first washed my hands, then took the golden chunk up with a wooden spoon and put it into a bowl. Then I gave it a good beating till all the water was out, washed it and gave it another beating. When the butter was soft but fairly solid I spooned it into our wooden butter mold, the one with the hand carved design. When the butter hardened a bit I turned it out, a perfect, round mound, with a pretty blossom on top. Sometimes, instead of using the mold I put the butter into a bowl, smoothed it on top with a knife dipped in hot water, and showed off my finest artistic skill, with drawings of flowers, fish or animals. I thought my best creation was an unusual long-legged chicken. Did that ever surprise the family! I wouldn't say it was bad or good, but they never let me forget it.

## Medical Perspectives

By Robert Matthews, M.D.

### OSTEOPOROSIS

Osteoporosis is the thinning out of the bones or the loss in total bone mass, very common to the post-menopausal woman in our society. It is responsible for seventy percent of the fractures in women over the age of forty-five, making it a tremendous national health problem. A hip fracture can devastate an elderly person's life. The average hospital stay is twenty-four days, and a fifth of these people will die within a year. One fourth will never be able to walk again. Osteoporosis typically affects a particular type of bone found in the vertebrae of the spine, the hip and the wrist. Fractures of the vertebrae are often not apparent at the time but may eventually cause a "hump back", loss in height, chronic pain and limited mobility. A fracture of the wrist may occur when a person trips and catches himself on the out-stretched hand.

There are a number of factors which are thought to increase one's likelihood of suffering from osteoporosis. Elderly white women are at highest risk, especially those who are of small frame and are light-complexioned. Those who reached menopause at an early age (the average age at menopause is forty-nine) or who had their ovaries surgically removed are also at greater risk. A sedentary life-style, a family history of osteoporosis and a calcium deficiency may predispose to osteoporosis, and the use of alcohol, caffeine and smoking have been cited as culprits.

In an advanced stage, osteoporosis can be seen in routine X-Rays. It can be detected at an earlier stage by more advanced X-Ray techniques such as the CT Scan and something called photon densitometry.

The best way to deal with the devastation of osteoporosis is to prevent it.

This task involves determining who is at risk and treating them prophylactically. The best prevention is estrogen therapy. It significantly reduces the degree of bone loss. Menopause happens to all women, usually between the ages of forty five and fifty-five. It occurs either spontaneously or as a result of surgical removal of the ovaries. Symptoms often include hot flashes, vaginal dryness and such psychosomatic symptoms as depression, irritability and insomnia. Lack of estrogen is thought to be responsible and can also speed the development of cardiovascular disease. Estrogen must be prescribed by a physician. The most commonly-used form of estrogen is a pill brand called Premarin, taken for the first twenty-five days of the month, then skipped for a week in order to lessen any side effects. An estrogen skin patch is also available now but may not protect as well against osteoporosis. The adverse effects of estrogen are usually minor but may include nausea, fluid retention, breast tenderness, change in menstrual pattern and yeast infections, among others. The use of estrogens alone may increase the likelihood of having cancer of the uterus. Another hormone called progesterone (Provera) taken during the last half of the month has been shown to protect against this tendency, so the two hormones, Estrogen and Progesterone, are often prescribed together.

Some studies have also shown that calcium supplementation may decrease the severity of osteoporosis, especially for those who are deficient in calcium. Most women should probably begin taking calcium at about the age of forty; 1000-1500 milligrams a day. Weight-bearing exercise

## CJC To Present "Noises Off" At Dinner Theatre

Cisco Junior College's Theatre Department, under the direction of Carroll Brown, announces the cast for their next dinner theatre production, "NOISES, OFF." The Michael Frayn comedy will be presented April 6-7-8 in preview and April 9, 10 & 11 as dinner theatre.

The cast includes: Kerry Huddleston as Donald Otley of Clyde; Larry Phipps as Lloyd Dallas of Brazoria; Paul Means as Garry Lejuene of Wichita Falls; Cecelia Aragon as Brooke Ashton of Garden City; Jessica Cater as Poppy Taylor of Cisco; Craig Warren as Frederick Fellows of Kermit; Clint Cottom as Bryan Ormsby of Abilene; Jackie Bibby as Tim Allgood of Rising Star and Lonnie Betts as Selsdon Mowbray of Stamford.

Reservations open March 23. Dinner will be served by ARA Food Service at the Hilton Community Center.

(walking or running) is also thought to decrease the severity of osteoporosis.

Osteoporosis can be a devastating condition leading to increased fractures, disability, chronic pain and loss of life. It can be prevented or at least lessened. Not all women are at risk, but those who are, as determined by a physician, should begin preventative treatment at menopause. These women should take the medications prescribed, participate in a regular exercise program and avoid alcohol, cigarettes and caffeine. These measures can add vigor and well-being to the post-menopausal years of life, a period which may represent more than a third of a woman's life.

Carroll Brown, drama director at Cisco Junior College, announces CJC's entry in the upcoming Texas Junior College Speech Theatre Association Festival.

As part of the festival, sophomore students Clint Cottom of Abilene, Kerry Huddleston of Clyde and Craig Warren of Kermit will perform Bag of Dreams. This original play concerns the issue of the putting of a parent (Cottom) into a nursing home by his son

(Huddleston) and how the grandson (Warren) reacts. The part of the nurse will be played by Jessica Cater of Cisco, who also will design makeup for the students. Stage hand and light operator is Larry Phipps of Brazoria.

The 1987 TJCS&TA Festival is hosted by Temple Junior College March 4-7.

Cottom, Huddleston, Phipps and Warren also will audition for senior college scholarships as part of the festival.

## Eastland County Signs Are Placed In I-20 Rest Stops

The above picture sign will be placed in three different locations on Texas Interstate 20 by the Texas State Department of Highways and Transportation. The signs will be placed in the roadside park near Sweetwater on the Eastbound lane of traffic. Another one will be near Abilene in the Rest Stop on the Eastbound lane, and the third will be placed in the Rest Stop near Weatherford on the Westbound lane.

The signs will encourage people to stop in Cisco, Eastland and Ranger. They tell of the history in each city and tells of the tourist stops in each city so that people who are traveling toward Eastland County from both directions will stop.

A chip from a brick of the Mobley Hilton was sent into the Department of Highways so that they color of the Mobley building will be correct.

Don Shepard, Cisco Chamber of Commerce manager, said the chamber has bought an additional eight signs to be placed in and around Cisco. The above sign is in the lobby of the Cisco Steak House and Inn. It will be encased in glass and placed outside the Restaurant for everyone to see.

## Life On The Quiet Side

My son Tim has spent a great deal of time lately filling out a financial statement in order to get a home improvement loan.

His five year old son approached him one late afternoon, hand outstretched, holding a small amount of change. "Daddy, this is all the money I've got," Shaun said sadly.

"I had this picture of Shaun figuring up how much he had," Tim said. "And I know how bad you can feel if you don't have so much to show as you'd like. So I rounded him up a pocketful of change, almost a dollars worth."

My grandson Shaun gave his Dad a big smile, and walked happily outside, fingering the fortune in his pocket, here on the quiet side on the slow lane of Lake Brownwood.

maintains specialist status in the medical specialty of family practice.

ABFP diplomates must continue to show proof of competence in the field of comprehensive, continuing care of the family by being recertified every six years. The family practice specialty was the first to require diplomates to be recertified on a continuing basis.

The written examination is designed to prove the candidate's continuing competence in the basic components of family practice - internal medicine, surgery, obstetrics and gynecology, pediatrics, psychiatry and neurology, and community medicine.

To qualify for certification initially a physician must have successfully completed three years of residency training in family practice and passed an intensive certification examination. There are some 385 residency training programs in teaching hospitals and university medical centers across the United States.

More than 32,000 family physicians now have been certified in the specialty.

DR. AYRES CERMIN

## Nutrition Center

There have been pros and cons in arguing that diet controls cancer. We are not getting into that argument but common sense in good diets is important for all of your health problems.

We should eat foods low in fat especially saturated fat. Fewer vegetable oils should be consumed as well. Let us eat more high fiber foods. Foods like grains cereals and unprocessed fruits and vegetables are very necessary for good health. Eat foods rich in Vitamin A and take less Vitamin A pills as they are potential dangerous. Let us eat more cruciferous vegetables such as cabbage, broccoli and cauliflower. Smoking and drinking are just not good for our health, and reducing consumption of salt cured and smoked foods will be of benefit.

Good health may be part of our eating problem. Let's practice eating properly.

Programs for the week were: dinner music by Lois Holder, Bob Bever and Lydia Krauskopf. Senior Citizens Band and Choir entertained. AARP monthly meeting and covered dish dinner.

Menus for the coming week are:

- Monday -- Oven fried chicken, maracroni/cheese, lettuce tomato salad, green beans, pineapple tidbits, and jello with topping, bread, butter and milk.
- Wednesday -- German sausage with barbecue sauce, blackeyed peas, lettuce tomato salad, squash, mixed fruit, jello with topping, bread, butter and milk.
- Friday -- Beef/brown gravy, sliced beets, broccoli with cheese sauce, pineapple raisin coleslaw, banana cream, bread, butter and milk.

## Hearts, Flowers And Valentines - Looking For Love In All The Wrong Places?

God is love, and anyone who lives in love is living with God and God is living in him. God showed how much He loved us by sending His only Son into this wicked world to bring to us eternal life through His death. In this act we see what real love is: it is not our love for God, but His love for us when He sent His Son to satisfy God's anger against our sins.

Since God loved us as much as that, we surely ought to love each other too. Love comes from God and those who are loving and kind show that they are the children of God. But if a person isn't loving and kind, it shows that he doesn't know God - for God is love.

Beloved, let us love one another, for love is of God; and everyone who loves is born of God and knows God. He who does not love does not know God, for God is love. In this the love of God was manifested toward us, that God has sent His only begotten Son into the world, that we might live through Him. This is love: not that we loved God, but that He loved us and sent His Son to be the propitiation for our sins. Beloved, if God so loved us, we also ought to love one another.

Be full of love for others, following the example of Christ who loved you and gave Himself to God as a sacrifice to take away your sins. And God was pleased, for Christ's love for you was like sweet perfume to Him.

May the Lord make your love to grow and overflow to each other... This will result in your hearts being made strong, sinless and holy by God our Father.

I would like to thank everyone for their prayers for my dad and also thank everyone who is still offering up their prayers for him.

(ED. NOTE: The following is an example of the material that is now being collected for the new Eastland County History Book. Material may be left at local Chambers of Commerce for inclusion.)

By J.C. Poe  
C.B. Poe born, 1854 in Tuscaloosa, Ala. moved to Arkansas at an early age. His father J.T. Poe resigned his office as Justice of the Peace, County and Probate Judge of Saline Co., Arkansas, to fight for the cause of the South in Co. A 11th Arkansas Regiment. The new son was to have his father's name if he never returned.

Time went on and when he enrolled in school the teacher needed to write his name in his Blue Back Speller, asked him for his name. He replied, "I haven't any name, but my brothers and sisters call me Buddy." The children in their play at school "mustered out" as soldiers at war, and Buddy always played the part of Captain. The teacher replied, "Here's where you get a name." She wrote the name "Captain Buddy Poe". It was the only name he had ever known.

The only schooling he received was in a log schoolhouse with split log seats that had no back rest, and he held his book in his

lap. He went to school there three months each summer for several years, and the Blue Back Speller was his only book.

In his early childhood, C.B. Poe had no store-bought clothes, but wore shirt tails that came just below the knees, as was the custom in that day. When he was eleven years old he discarded his shirt tails for his first suit and hat that was woven and made by his mother.

His father gave him eighty acres in Woodland. This he cleared and put into cultivation himself, and built a two room hewn log house and furniture.

On Dec. 20, 1876, when he was twenty-two years old, and Mary Parlee Daugherty, fifteen, were married at her father's home, where a wedding dinner was served to seventy-five guests. They went to their new home by horse back with her riding behind him. In cash money he had seven dollars and fifty cents. Their household furnishings consisted of two beds, two trunks, a wardrobe in the kitchen, dining table, chairs, skillet and one pot.

An open fire place was used for cooking.

To this union six children were born. They were: J.T., B.B., S.N., Paul, Alice, and Bessie.

While living in Arkansas, C.B. Poe became associated in the Real Estate business.

It was while engaged in this business that he acquired extensive land holdings in Eastland Co. He was also in the logging business in Columbia Co., Ark. where he owned eighty head of oxen and worked sixty men. After eight years of the strenuous life at logging camps his health failed and the doctor ordered him to move to Texas. He sent his family by train, while he and a white renter came in wagons and brought their livestock. They were on the road twenty-four days.

They arrived in Eastland County in Dec. 1897 and settled at Long Branch, near his father and three brothers. There were: I.N., Lee and W.J. Poe.

After a few years at Long Branch he moved to Carbon to educate his children. In Carbon he was engaged in the lumber business, and later entering the grocery business.

In 1905 he was elected County Commissioner of Pre. No. 2 and was commissioned by S.W.T. Lanham, Governor of the State of Texas.

While in Carbon he was a member of Carbon Baptist Church but in later years he held membership in the Long Branch Church for over twenty years. He was a member of the Masonic Lodge at Carbon with Royal arc. membership at Cisco.

He belonged to the old school of Southern Gentlemen, was loyal to his country and its institutions, imbedded with the spirit of the Old South and lived as he thought a man of honor and integrity should, whose word was his bond and his life was a testimony that right living has no substitute.

## Party Given To Benefit Cancer Society

"An Evening in the Country" was the theme of a party given to benefit the American Cancer Society the evening of Feb. 12.

Hostesses included: Mr. and Mrs. Roger Stephenson, Marilyn Brasher, Mr. and Mrs. Roy Gevara, Mr. and Mrs. Brad Stephenson, Mr. and Mrs. Frank Sayre, Mr. and Mrs. Dale Squires, Mr. and Dr. Don Hazelip, and Mr. and Mrs. Royce White.

The event was held at the home of Roger and Sandy Stephenson of Morton Valley.

Red silk tulips surrounded by a fern and highlighted with bright red ceramic hearts decorated the refreshment table. The refreshments were donated to the American Cancer Society by area businesses.

The hostesses extend their sincere thank you to Thrift Mart Bakery, Super Duper, Food Fare, Ranger Meats, The Gusher, The Point and The Unicorn for their help with providing refreshments. Board members want to thank all

those who attended or sent in donations which made the event a big success.

They plan to make the party an annual event. All who participated share the common goal of stamping out cancer in our lifetime.

## Appreciation Given To Rawlins Monument

The Flatwood Cemetery Association would like to express its appreciation to Nancy Deison of Rawlins Monuments for their work at the Flatwood Cemetery. A crew from Rawlins Monuments leveled and reset tombstones at the cemetery which really improved the looks of the

cemetery. Flatwood Cemetery is a perpetual care cemetery for the Flatwood Community.

Contributions or memorials may be made to the cemetery at Box 363, Eastland.

Thanks again to Nancy and the crew from Rawlins Monuments.

**You can be earning tax deferred interest on your life insurance. Ask E.F. Hutton how.**

E.F. Hutton Life Insurance Company is now crediting 9.0 percent on the account values of its universal life insurance policies. Think of it: that's better than the 6 percent or 8 percent you'll get today on MONEY MARKET FUNDS, TREASURY BILLS, and CERTIFICATES OF DEPOSIT. And since interest credited to your Hutton Life universal life policy is tax deferred, it grows faster than in taxable vehicles.

But unlike these investments, Hutton Life's universal life offers much more. Benefits like:

- Permanent life insurance, providing tax-free estate protection for your beneficiaries.
- Competitive interest rates, guaranteed for one full year.
- Tax-free access to your cash value through low-cost policy loans.

# CJC Lady Wranglers

# CJC Basketball Teams Win Games Last Thursday

**NAIDENE TIEMANN**  
Naidene Tiemann, 5-10 freshman from Priddy, is a star member of the Lady Wrangler basketball team at Cisco Junior College. She won numerous honors with the championship Priddy High School team where she was all-district three times, all-region four times, and first team all-state three times. She made Player of the Year in Class 1-A, the Texas Hall of Fame All-Star and Miss Basketball for the state her senior year. She is the daughter of J.C. Tiemann of Priddy.

**STEPHANIE UPSHAW**  
Stephanie Upshaw, 5-7 freshman from Sweetwater, is another first year player who is doing an outstanding job for Coach Ronnie Hearne's Lady Wranglers at Cisco Junior College. She was a member of the district championship team at Sweetwater last year and was selected on an Academic All-American team. In addition, she made the all-district team. In high school, she was an outstanding student in all areas and is continuing in the same way at Cisco Junior College. Stephanie is the daughter of Mr. and Mrs. Larry Upshaw of Eden.

**STACIE SCOTT**  
Stacie Scott is a 5-7 freshman from Vernon who is regarded as one of the top lady basketball players to finish high school there. As a player at Vernon, she was in the state meet her last two years. She was an all-district selection three years and on the all-region first team. She was Player of the Year in her conference and is highly regarded by CJC's Lady Wranglers.

**LARYSSA BLISS**  
Larysa Bliss is a freshman from Canyon and an important member of the Lady Wrangler basketball team. She was an outstanding athlete and student at Canyon High School, making the academic all-American team. She helped her team to a 26-5 record in her senior year and was an all-district selection. She is the daughter of Paulette and Jim Wingate of Amarillo.

Cisco Junior College's men's and women's basketball teams, winners in conference games here Thursday night, will conclude the regular schedule of the 1987 season in doubleheaders Monday night at Hillsboro and at home Thursday night, Feb. 26.

At Hillsboro, the Lady Wranglers will meet Hill County JC's women at 6 p.m., followed at 8 p.m. by the Wranglers and the Hill men. McLennan County JC of Waco will be here for games on Feb. 26th at 6 and 8 p.m.

The Lady Wranglers, who are 10-0 in conference, can clinch a conference title with a victory at Hillsboro. They are 21-5 for the year and have won 35 consecutive home games. The Wranglers are 8-5 in conference and have a good chance to make the playoffs.

The Lady Wranglers scored an impressive 78-to-50 victory over Grayson County JC in the Thursday night game here. Jeannie Nix, sophomore star, was the scoring leader with 18 points, followed closely by Lisa Schoemer with 16.

The Cisco team had a 37-to-18 half-time lead. Coach Ronnie Hearne played every able-bodied Lady Wrangler.

Stats for the women's game follow:  
GRAYSON (50) - Shawn Williams 0 2 2, Paula Henderson 3 1 7, Camellia Bowen 0 3 3, Rissa Thomas 6 1 13, Sandra Walterscheid 1 2 4, Karen Polk 1 1 3, Paula Petee 1 2 4, Lisa Remaldo 3 3 9, Leslie Priebe 2 15, Totals 17 16 50.

Coach Dan Montgomery's Wranglers scored a 92-to-89 victory over Grayson's men. Grayson got off to a fast start and held the lead, which was as much as eight points, until just before half-

time when the Wranglers caught up and had a 46-to-39 advantage at the midway point.

The teams fought on even terms in the second half with Cisco holding the lead most of the time. Mike Knorr hit 13 field goals and added three free throws to score 30 points as the top scorer for the Wranglers. Brenden Downing had 25 points. Grayson's Kevin Goosby

had 17 field goals and one free throw for 35 points to be high scorer in the game.

Stats for the game follow:  
GRAYSON (89) - Dalayne Dona 2 2 6, Kevin Dedmon 1 1 3, Kevin Goosby 17 1 35, Carl Gren 9 3 21, Brian Watson 6 3 15, James McGowan 4 1 9, Totals 39 11 89.

## Representative Bill Would Cut Funds

Local educators and others interested in Junior Colleges are concerned about a State House of Representatives appropriations bill which proposes a cut of 27 percent in state funding to the schools.

A Senate Finance Committee had recommended \$819 million for Junior Colleges, a figure which would maintain current finding levels through 1988-89. Cisco Junior College and Ranger Junior College, along with others in the state, took a nine percent cut for the 1986-87 terms.

Dr. Henry McCullough, President of Cisco Junior College, Dr. Jack Elsom, President of Ranger Junior College joined a group from about 40 Junior Colleges to make a presentation to the Higher Education Committee in Austin Monday.

"We made a request that the Legislature treat us in the same manner that they treat the four year public Universities," Dr. McCullough said.

Four-year schools have been granted current funding plus a two per cent inflation raise.

"There are several things we hope for," said Jack Elsom, RJC President. "We hope the Legislature will act in a responsible manner, and that they will recognize trained personnel. Hopefully they will fund at a level of current services."

Without adequate funding, Elsom added, Ranger Junior College would have to be cut drastically. RJC receives only about 6 1/2 percent of its funding from local taxes.

Local funds for tuition etc. are still less than one-half of the cost of operating the College.

"The State furnishes about 65-75 percent of our cost of operation," Elsom said. "Any heavy cuts from that source will reflect in the amount of services we are able to give."

Both Dr. Elsom and Dr. McCullough report that CJC and RJC have a number of local students enrolled, some commuting and some living on campus. Ranger has around 650 total enrollment, and Cisco has around 650 enrolled on the Cisco campus and 1,000 at all other campuses.

The Colleges make a great impact on academic life in the area, and also a major economic one. A number of local people, in addition to the instructors, are hired on campus. Any slashing of funds will undoubtedly be felt across the whole county.

## Local Church Is Burglarized

Police are investigating a burglary at the Church of the Nazarene on Wednesday night, Feb. 11, according to a report by Chief Billy Rains. There was no forced entry to the building, Mr. Rains said. The building was burglarized between 9:30 p.m. on the 11th and 1 p.m. on the 12th, he added. Missing was some \$40 in money from the office.

Jamie King, Cisco High School student, reported to police on Feb. 12th that his flute valued at \$500 was stolen from the band hall at the high school. Police are investigating, Mr. Rains said.

## New President

### Is Installed

Mrs. Janelle Schrader was installed as the new president of the E.L. Graham Memorial Hospital Auxiliary in ceremonies at the regular meeting Monday, Feb. 16, at the hospital. She succeeded Mrs. Louise Anderson.

Other new officers are: Jenny Page, volunteer coordinator; Ilene Cotton, membership; Thelma Smith, projects chairman; Janice McCullough, programs; Becky Walker, secretary; Kitty McCracken, treasurer; and Pat Isbell, parliamentarian.

Mabel Kuykendall was appointed historian, and Mary Austin and Earlene Gilmore were named to head the gift shop.

Mrs. Anderson gave a history of the Auxiliary from its beginning and told about activities of day one. She presided at the meeting, which was opened with the prayer for hospital auxiliaries and repeated in unison. She presented a gavel to the new president and asked that it be handed down to new leaders in years to come.

Minutes of the last meeting were read and approved and reports were heard from all committee leaders.

A book of prayers was presented to Helen Orr, hospital administrator, by Mrs. Anderson. Mrs. Orr presented a plaque to Mrs. Anderson in appreciation for her contributions as a leader and volunteer in the Auxiliary.

A tea was held following the business meeting, which was the first of 1987. Hospital personnel and the new officers were honored. Some 50 members and visitors attended the event.

# A home winning streak blooms at Cisco JC

Abilene Christian University's 38-game home winning streak may be the longest in the area, but the Cisco Junior College Lady Wranglers are challenging the Wildcats' home success skein.

The Cisco women have won 34 straight games at home and will try to make it 35 in a row Thursday night when they host Grayson.

Ronnie Hearne is in his fifth year as the women's coach at Cisco. And he's certainly enjoyed success there. He has compiled a 59-6 conference record in four-plus seasons. The Lady Wranglers currently lead the Northern Conference with a 9-0 mark and need only to win two of their last three games to clinch a third straight conference championship.

Cisco owns a 20-5 overall record this season. Two of the three losses have come against seventh-ranked Western Texas College in Snyder, but Cisco also handed the Lady Dusters one of their only three losses this season.

**Al Pickett**  
Sports Editor

"I really like it," Hearne said of coaching at the junior college level. "It's good competition. Hearne was a first-team all-Southland Conference selection for three years at Abilene Christian. Since his collegiate playing days, he's coached in high school at Pampa, Millsap (his hometown) and Jacksboro before moving to Cisco for the 1982-83 season.

Leading the Lady Wranglers this season is 5-7 sophomore point guard Jeannia Nix, who is averaging 17 points and 7 assists a game.

"She's the best player in our conference, without a doubt," Hearne said of Nix. "The Houston coach said she was the best guard he's seen this year, high school or junior college. She's being recruited by a number of major colleges. I'm going to nominate her for all-American."

Two of Hearne's starters are freshmen from this area, 6-0 center Lisa Schoemer from Hawley and 5-10 Naidene Tiemann of Priddy.

"Lisa is the best post player in our conference," added Hearne. "She's a great defensive player and now she's scoring on more than 50 percent of her field goals. She just keeps getting better and better. Naidene was the Player of the Year in Class A last year. She's a great passer and rebounder. She's one of the smartest players I've coached."

The top four teams from both the Northern Conference and the Western Conference will advance to McLennan Junior College in Waco on March 3-5 for a single-elimination regional tournament to decide this region's representative to the National Junior College Athletic Association's national women's tourney in Senatobia, Miss.

While Hearne has enjoyed great success at Cisco, he is yet to take the Lady Wranglers to the national tournament. And that's his goal.

Is this year's team the best he's had at Cisco? "A lot of people think it is," replied Hearne, hedging a little on his answer. "It's an unusual team. I usually only play about seven players. This year I'm playing nine or 10. I've got more depth. Usually our strength is inside. But this team has good balance."

"If we can win regional, it could be our best team," laughed Hearne.

And that would be an understatement.

# People n Things

**LOOKED IN AT** the Henson's Restaurant, formerly the Colony, out on I-20 Thursday afternoon in time to see Mr. Jim Puryear sampling their cooking - such things as shrimp, catfish, frog legs and a few other tasty morsels. He pronounced everything good, and he should be a good judge.

Ken and Ellen Henson and son Keith, who will be the manager, and others were on the job, getting ready to open the business very soon. There will be an announcement in Thursday's Press in the opening. They've done a lot of work, and we know you'll be proud. The Hensons used to live here while he coached basketball at Cisco Junior College.

**SEVERAL CISCOANS** were in Austin last weekend to attend the wedding of Miss Mary Elaine Moore and Mr. Danny Franklin Hardiman. Mrs. Hardiman is the daughter of the Richard Moores who grew up in Cisco and who now live in Austin where he is a bank executive.

The wedding was held at Tarrytown United Methodist Church there. This was followed by a reception at the Austin Club. Both Elaine and Danny are graduates of Texas Tech and they'll make their home at Midland after their honeymoon.

Attending from Cisco were Dr. and Mrs. E. E. Addy, Mr. and Mrs. Sutton Crofts and Mrs. Charlie Ben Cagle, Elaine's grandmother ... Mrs. James Moore of Abilene, her other grandmother, also attended.

**MORGAN AND** Marilyn Fleming are going to become country folks. They've just sold their home at 1405 Mancill Drive to Archie and Marie Russell of Cisco and will be moving in two or three weeks to the Fleming farm home seven miles south on the Rising Star Highway (the old Paul Wende place). Realtor Ann Williams handled the sale.

Marilyn says she knows how to milk cows but doesn't plan to. They're looking forward to living in the country, she added.

**SUNDAY, FEB. 22,** is pulp exchange day for ministers of the Brownwood district Methodist churches. And the Rev. Ken Diehm, pastor of First United Methodist Church in Cisco, will exchange pulpits for the day with the Rev. David Mosser of the First United Methodist Church at De Leon.

So ... Rev. Diehm will be in the De Leon pulpit while Rev. Mosser is in the Cisco pulpit for the day. The two ministers are old friends.

**VANDALS WERE** busy out at Lake Cisco Park last Tuesday night, reports Mr. Joe Wheatley of the Kiwanis Club. A section of the fence around the Kiwanis Miniature Golf Course was knocked down and a vehicle was driven around inside the enclosure.

A panel was removed from the storage shed but there was nothing for anybody to steal. Damage was considerable, however, and repairs will be necessary before the miniature golf course can open in the spring.

Kiwanis Club members, by the way, entertained their wives with a Valentine dinner last Thursday night at Traditions Restaurant. Mr. Don Shepard of the club paid a tribute to the valentines of club members as a program feature ... The club's annual rummage sale will be held March 16th and they're collecting things to be sold. They'll be glad to have any donations of materials. Call Don or Joe.

**MRS. MABEL** Kuykendall of Cisco is visiting her son and family in Wharton. Understand she planned to undergo eye surgery while there. Friends can postcard her at 1414 Crismont, Wharton 77488 ... The motel tax matter will be on the agenda when the City Council holds a regular meeting at 6 p.m. Tuesday at City Hall ... Dr. Henry E. McCullough, president of Cisco Junior College, transacted business in Austin last Monday and in Dallas last Wednesday and Thursday.

**COUNTY JUDGE** Scott Bailey was the speaker for the Ladies Night banquet of the Cisco Rotary Club Thursday night, Feb. 12, at White Elephant Restaurant. In his talk, Mr. Bailey did a lot of reminiscing about days gone by, including interesting bits about the late J.M. Cooper, father of Rotary President Joe Cooper, who was a long-time county agent in Eastland County.

Joe Cooper was the program chairman and introduced Mr. Bailey. They had a good crowd and the lady folks enjoyed the valentine tribute paid them by their husbands.

**YOU'LL BE** pleased to know that Mr. Dale Stewart, local sculptor, has received notice that he has been accepted into the Texas Society of Sculptors with headquarters in Austin.

Last fall, Dale entered the Texas Sesquicentennial Art Exhibition's "Celebrating Texas Sculpture - 150 Years of Liberty," event, sponsored by the Texas society, and Dale's piece, "The Challenge," a Sioux war chief on horse, won a spot in the juried art show. After reviewing several slides of Dale's work, the membership committee unanimously approved Dale's membership application.

The Texas society sponsors art shows throughout the year, giving exposure for the works of accepted artists. It is a great honor to be a member of the society, and we're sure Dale's friends are glad for him.

**THE IMPROVEMENT** program out at the home of Mrs. W. B. (Polly) Wright, corner of Avenue L and 14th Street, includes a new sidewalk and other work outside and inside ... We're checking reports that Matt Johnson of the Post Office staff is considering the entertainment management field ... Quail shooting was pretty good in the Aspermont country last Monday when Ciscoans Bill Philpott and Howard Turner took their bird dogs there for a day of hunting ... Coach Lori

**BACK ON THE** job at Cisco Elementary School this past week was Mrs. Janice Ferguson, teacher, who had been off for six weeks while undergoing surgery in Grand Prairie for a back ailment. And she's doing nicely ... Kevin Kirk, CHS junior, is the 4th member of the Truman Kirk family to make the National Honor Society, an organization for students making A grades ... Mrs. Lillian Bradshaw got a good report when she went to a Temple hospital last week for a routine checkup ... A few Purple Martin scouts have been seen looking over nesting places in Cisco the past few days.

**THE CJC CALENDAR** for the coming week calls for the nomination of Student Government Association officers on Monday and for students to vote Tuesday and Wednesday on the nominees.

**Whatley of the Lady Lobos** took Jan Woolley, one of her star basketballers, to doctors in Abilene the other day for a look at a leg injury.

**local news in brief**

**REMINDER TO CITIZENS**

On September 9, 1986, the City Council passed an ordinance prohibiting the posting of signs on utility poles and public property. As stated in the ordinance, the posting of signs, posters and other such placards on utility poles and public property throughout the city creates an unsightly nuisance, significantly contributes to the litter problem, generally detracts from the beauty of the community, and also creates a hazard to utility company employees who have to climb these poles.

Keeping our city clean and beautiful requires the community-wide effort of our citizens. Your cooperation in this matter would be greatly appreciated.

# Ritchie Family To Be Honored At ACU

Mr. and Mrs. Eris Alton Ritchie, Sr., of Troup, and three generations of their family have been named the 1987 Honor Family at Abilene Christian University.

The Ritchie family will be honored Saturday, Feb. 21, at ACU's annual Parents Day Luncheon.

Ritchie was a track letterman at ACU and graduated in 1932 with a B.A. degree in Bible.

His wife Mary Ethel (Tackett) graduated from ACU in 1931, also with a degree in Bible. While attending the university Mrs. Ritchie worked for then ACU President Batsell Baxter.

Ritchie is with the landscaping service of Troup Nursery. They attend Troup Church of Christ, where he serves as an elder.

The Ritchies' four children all attended ACU. Eris Alton Ritchie, Jr., '57, and his wife Annita (Hartsell), '61, live in Cisco. He is president and owner of Southwest Enterprises and served on the ACU Board of Visitors.

Their son Dr. Joe Tackett Ritchie, '59, and his wife Ann (Allen), who attended from 1957-59, live in Okemos, Mich. He is a professor in the College of Agriculture and Natural Resources at Michigan State University and also serves on ACU's Board of Visitors.

Mrs. Gene (Janelle) Hembree of Troup, attended ACU from 1958-62. Their daughter Judith Ritchie, who attended

in 1960-61, died in 1966.

Six of the Ritchies' eight grandchildren also have attended ACU. Three are currently enrolled at the university: senior Matthew Eris (Matt) Ritchie, freshman Robin Annette Ritchie, and junior Julie Kay (Ritchie) Southworth.

Also, Joe Allen Ritchie of Oklahoma City, Okla., attended ACU from 1962-66. Marcom Earl Herren is a 1965 graduate, and Eris Ritchie Herren attended ACU in 1965-66. Their other grandchildren are Holly and Michael Ritchie of Cisco and Ashley Hembree of Troup.

## Extenson Program Council Dinner Held

Victoria R. Scott, Community Services Coordinator at Hendrick Medical Center, spoke at the Eastland County Extension Program Council Dinner.

A number of leaders in Eastland County agriculture and community life attended the Extension Program Council dinner at K-Bob's Restaurant on Feb. 12.

They were welcomed by County Agents DeMarquis Gordon, Janet Thomas and Crystal Wilbanks, who had a varied program planned. This included a film, a review of the work of the Program Council, an awards presentation, and a speaker from Hendrick Medical Center.

The Guest Speaker was Victoria R. Scott, Community Services Coordinator, Care Psych Center/Care Unit of Hendrick Center. She gave an informative talk on Stress Management, one of the problems identified by the Program Council in 1986.

Charles Walker of Eastland, Chairman of the Program Council Executive Committee, opened the program by introducing various guests. Among these were Ms. Scott, County Commissioners Norman Christian and Richard Robinson, and Joe Taylor of the Eastland National Bank.

He thanked the Birdsong Peanut Corp., Production Credit Association and Eastland National Bank for providing the dinner. DeMarquis Gordon presented a film with the theme "Voices Speaking Out". It detailed the work in 1986 of the Extension Program Councils (formerly known as Program Building Committees) in every county in Texas.

It told how citizens met elsewhere, just as they did last summer in Eastland County, and identified critical issues their county was faced with. Almost 5,000 problems were identified state-wide, and the most pressing and prevalent ones are being used in a state plan of action for the rest of the decade.

The two top issues in the state were (1) WATER, and (2) RURAL REVITALIZATION. After the film DeMarquis Gordon told how 52 people, many of them present at the dinner, had worked on identifying issues in Eastland County. Among the top concerns they outlined were WATER, PROFITABILITY, DRUG AND ALCOHOL ABUSE, PARENTING, FAMILY LIFESTYLES, NUTRITION AND HEALTH, and ENVIRONMENTAL CONCERNS.

Some of the most critical issues will be dealt with in county-wide programs for the next four years.

Several Committee Chairmen then spoke about the Extension work of their groups during the year. Dorothy Underwood of Morton Valley spoke of the work of the Home Economics division, stating that 1986 had seen a special emphasis on health education.

Bobby Little of Olden, Chairman of the 4-H and Youth work, spoke of a number of special events for this group during the year. His daughter, LaDawn Lit-

le, also spoke about some of the Youth activities.

Jay Lafferty of Eastland, Chairman of the Agricultural Committee, talked about various programs to benefit farmers and ranchers. He mentioned that the Cow/Calf Clinic will be held in Eastland County in 1987.

The County Agents then presented certificates of Recognition to their hard-working chairmen: Bobby Little, 4-H and Youth, Dorothy Underwood, Home Economics, Jay Lafferty, Agriculture, Bennie Hagan, Peanut Committee, and Charles Walker, Chairman of the Pecan Grower's Assn. and Chairman of the Executive Committee.

Janet Thomas introduced Victoria Scott, saying that Stress was a real problem in the lifestyles of today. Ms. Scott, a lively speaker, drew members of the audience into her discussion with questions directed toward them. They attempted to catalogue stress as "death, divorce, drought, illness, loss of job, etc."

"Stress," the speaker replied, "is hard to identify. For stress is your reaction to any particular thing in your life."

She showed the audience a book called "Stress Breakers", saying that it contained information on things people can do to live with the stress in their lives. One of these "Breakers" is relaxation.

"Get away from your problems, calm down, focus on yourself, give yourself a break," Victoria Scott said. She reminded her listeners that all stress is not bad - that sometimes it prods us into more effort. But when we have too much of it at any one given time, it is destructive unless properly managed. Sometimes professional help is needed. Folders were handed out containing various self-tests and information on stress. One of these tests is on "Coping".

After the formal program guests lingered to talk to Ms. Scott and visit with each other. DeMarquis Gordon said that more educational programs on various critical issues will be forthcoming.

## Eastland Manor Popovers Attend First Novice Meet On January 24

Valentine King George Webb and Queen Pauline Stephenson at Eastland Manor.

Friday 13th was a lucky day for two of our residents. Valentine King and Queen were George Webb and Pauline Stephenson. They made a terrific couple. Forty-five residents and their guests enjoyed punch, cookies and beautiful love songs played by Flo Clark. We are especially grateful to Mrs. Clark for filling in as entertainment at the last minute.

We would like everyone to come and hear the Al Anderson Band Tuesday, February 24, at 7:30 p.m. They always put on a terrific show.

As I have been going to various places requesting volunteer help with activities, people keep telling me that in the past, they have sometimes been snubbed or even treated rudely on their visits. It is a shame when this happens because the ones who really end up suffering are the residents.

Following is an article that appeared in Ann Landers' column and written by Judy Vekasy, a registered nurse and activity director:

You say you can't do anything. Can you read? Read to me. My eyes aren't what they used to be.

Can you sing? Good. Help me with the words and I'll sing along.

Can you tell me about your job? I was once a nurse myself.

Can you listen? Wonderful. I'm starved for conversation.

Can you bake a sponge cake or zucchini bread or angel biscuits or make fudge? They aren't on the nursing home menu, but I remember how good they were and I would like to taste them again.

Do you play checkers or dominoes or rummy? Fine, so do I, but there is never anyone who has the time. They are understaffed around here, you know.

Do you play the violin or the flute, or the piano? My hearing is poor but I can hear any kind of music. Even if I fall asleep, you'll know I enjoyed it.

Once we were somebodies, just like you. We were farmers and farmer's wives and teachers, nurses, beauticians, stockbrokers and electricians, bankers and sheriffs, and maybe a few outlaws too. We're not all senile - just old and needing more help than our families can give us. This home, whatever its name, is "home" to us and you're an invited guest.

Please come. The welcome mat is always out and not just on Holidays.

I hope you will keep this and read it again in January, February and every other month of the year. We'll still be here and our needs will be the same.

The Eastland County Popovers competed in the first Novice Meet of the season in Breckenridge on January 24th. Coaches Valerie Wells and Richard McLaughlin would like to congratulate the competitors for their performances and to thank the parents and friends of all the Popovers for their enthusiasm and support. The following are the results on how well the students performed:

## I've Been Wrong Before

By Gordon Clark

But I once read bits from various Oriental philosophers and I honestly think they had some sage advice to give. At least their thinking has passed the test of time. Many things are attractive when new but the shoddy item doesn't survive to become a valuable antique.

How about that word SHODDY? In spinning and weaving, wool scrap and rags can be torn apart, recombed and cleaned to make new cloth but that cloth is named shoddy as opposed to virgin wool. With a bit less elasticity and shorter use-life it may look as good.

One of those time tested bits of Oriental wisdom states, "With every desire to do good, the ignorant and foolish succeed only in doing harm." This knowledge that crowns endeavor with success.

If then we evaluate the leadership by the results of many government programs, they don't look so bright. Nor is this to rule out greed and dishonorable intent.

For instance, we have long had a "farm program" which is supposedly designed to help the nations farmers. Admittedly some good has been done but it has been far short of what the cost would justify. When such people as a senator or a foreign prince are the biggest recipients of government subsidies and many who derive their only or principal income from the land fail to get anything then tax payers have been deceived. For, NEVER was their intent to fatten the greedy.

Obviously the Congress has either been dishonest or they are so far from the farm as not even to know that you can't feed little pigs and big hogs in the same trough. Unless you separate them by size the big hogs root the little ones out and eat it all. Since full feed, free choice is not practical in a farm program a segregation by size should have been made long ago. Propaganda about not limiting anyone's ability to grow simply is out of place where getting ahead by dipping into tax payers pockets is involved.

I believe we once had a Secretary of Agriculture named Brannon who was reported to have formulated a plan whereby subsidies were to be paid on a given number of "production units." A certain number of head of stock of one kind equaled a unit while another number of head of bushels of each crop would constitute a unit. Obviously one could not fairly equate different kinds of crop or stock but the idea was a limited number of units per farm. So quick and violent were the reactions that Mr. Brannon denied any connection whatsoever with the plan given his name.

As far as I know that was the only idea ever sent up as

a trial balloon on limiting the amount an individual could hog out of the public trough.

Granted that a perfect plan will never be formulated and that in the best laid plans there will be crooks and spoilers. Still, the situation in the nations agricultural segment is such that the need for something new and revolutionary should be clear.

What I expect, however, is that foremost we will get the same old stuff warmed over while the only counter to corporate control will be offers of collectivization with the pseudo blessing of Israeli pattern called Kibutz. The cold fact being that these pilot projects already started by unAmerican elements within the Department of Agriculture with public funds, even after being rejected by Congress are COMMUNISM pure and simple. While Federal officialdom tries to dictate even your thinking in some areas, not one of those with power to stop the Kibutzim and punish those violators of trust has made a move.

You may wonder if just maybe those Zionist directed communes might succeed and become a blue print for American Agriculture. Well, with their ability to disguise expenditures of your tax monies, slight of hand record keeping, and public relations experts who can persuade masses that night is day, how can they miss?

## The Pro And Con Of Tort Reform

After taxes, one of the most controversial issues facing the Texas Legislature this year is tort reform, the movement to reform our state's civil justice system. It is interesting to examine the players on either side of the issue and their motivations.

Their names are surprisingly similar. The Texas Civil Justice League, umbrella organization for lawsuit reform, is comprised of 80 trade and professional associations, 110 businesses and more than 300 cities and counties. Together, these groups represent the interests of hundreds of thousands of Texans.

The TCJL probably represents the largest, most diverse coalition ever assembled for purposes of passing legislation in Texas. Its members are concerned about correcting what they call the imbalance in our civil justice system. The president of the TCJL is J.P. Word, a former Texas senator and presently executive director of the Consulting Engineers Council of Texas.

The other side is Texans for Civil Justice. It represents a small, but powerful, organization called the Texas Trial Lawyers Association. The TTLA is comprised of 4,500 attorneys who primarily make a living representing plaintiffs in civil cases, in most cases collecting 30-50 percent of the jury award as payment. The executive director of Texans for Civil Justice is Billy Rogers, a political operative who formerly helped run the Walter Mondale campaign in Texas.

Both names sound alike. Their goals and membership could not be more different. This information may help you as you read about the opposing groups in the coming weeks and months.

## Lights From The Christian World

Josephine Cleveland

Smallness of stature can be a means of greatness of achievement for good or it can be an achievement for evil.

John Wesley was small of stature who made a great

impact on the society of his day and his endeavors are still evident in today's world.

Stalin was small of stature whose achievements brought suffering and despair to millions and today the ripples he made are still going fourth to destroy.

Zaccheus whose story is told in Luke 19 was a tax collector. He was in charge of collecting taxes for the Roman government. He had a quota to collect but was instructed that he could collect a higher amount and all above his quota could be his. He was chief among the publicans. He was rich because he placed extra burdens upon the people. He heard that Jesus was to pass through Jericho. He had a great desire to see Jesus. The crowds were so great they pressed close to Jesus. Because Zaccheus was small of stature he ran ahead of Jesus path and did what appeared undignified. He climbed a sycamore tree to get a glimpse of Jesus.

When Jesus came to the place he looked up and saw

Zaccheus and said to him, "Come down, for today I will go to your house Luke 19:5."

Zaccheus was overjoyed. In the presence of Jesus, he said to the Lord, "Behold, Lord, the half of my goods I give to the poor; and if I have taken anything from any man by false accusation, I restore him fourfold. Luke 19:8."

Friend, whenever we meet Jesus our smallness, the littleness of our lives are left behind. The things that cause us to hang on to the pretty things of the world are discarded. We may be small of stature but we become big in our achievements in the Lord.

Jesus said to Zaccheus, "This day is salvation come to your house Mark 19:9."

Beloved, this day salvation can come to your house as you come into Jesus presence. Follow the example of Zaccheus and make a decision to cast aside the smallness of your ways. Let your life become great in achievements for good. As you cast your bread upon the waters you can be assured they will return to you. Joy, peace and contentment follows.

## TEXAS HEALTH NEWS AND VIEWS

by Roy Cartee  
**QUESTION** I am on Medicare and I have a supplemental insurance policy. Yet, when I was in the hospital I had to pay. Why is this, I thought I was covered 100%.

**ANSWER** The question cannot be answered easy, so we will devote our column to the problem. When you enter the hospital there are two parts of Medicare that will go into effect. Part A (hospital) and Part B (physician and related medical expenses). Part A requires you to pay the first \$520, which is called a deductible, and all personal expenses such as TV, telephone, etc. Most supplemental insurance policies (also called Medigap) insurance policies pay for the deductible only.

If you insist on staying in the hospital longer than the DRG (Diagnosis Related Group) review has determined adequate for that illness, chances are you will

be responsible for the extra days.

Part B concerns the doctor and related expenses. First there is the deductible to be met. This is \$75.00, at present, to satisfy the requirements of Medicare. Usually your supplemental insurance has a deductible also.

Now, it would perhaps be better to give an example of the manner your out-of-pocket expenses may result. So let's say the doctor bill was \$150. Medicare approved \$100. Medicare would pay 80% of the \$100. - \$80.00. You now would owe \$70.00. Normally supplemental insurance would pay 20% of the Medicare approved. Remember the doctor bill is \$150. Medicare has paid \$80 and your insurance has paid \$20. So you would owe a balance of \$50.

If you have questions for this weekly column send them to the Eastland Telegram, P.O. Box 29, Eastland, Texas 76448.
