Area Track Teams Will Meet In Cisco Saturday For Lobo Relays

Track and field teams from 11 area high schools with girls teams and 10 schools with boys teams are expected to take part Saturday, March 28, in the annual Lobo Relays at the Cisco High School track.

Schools entering girls teams are: Rotan, Early, Anson, Hawley, Cross Plains, Rising Star, Baird, Jim Ned, Winters and Eula. Boys teams from all of the same schools except Anson will be here.

Russell McLeskey, Cisco High School track coach, is the director of the relays. He reported that field events will commence at 9 a.m. and running events at 9:45 a.m. Saturday. The program calls for finals to start at 2 p.m.

Carlton Winkles of Abilene will be the official starter for the meet. Local coaches, teachers and others will help with various duties in holding the meet.

Mr. McLeskey said the Class 3-AAA Early team and

the Class A Rotan team are regarded as the strongest among the boys group, while Early and Winter girls are regarded as top teams.

Cisco High School will have some 35 participants in both the boys and girls events.

Area fans will be welcome to watch the relays from the stands on the west side of the track.

Various Topics Are Discussed At County Commissioners Meeting Monday

Eastland County Commissioners held a regular meeting on Monday, March 23, and discussed a number of items. Present at the meeting were Richard Robinson, Commissioner Pct. 1, Norman Christian, Comm. Pct. 2, L.T. Owen, Comm. Pct. 3, and Billy Bacon, Comm. Pct. 4. County Judge Scott Bailey presided, and JoAnn Johnson recorded minutes.

One of the first persons to appear before the Court was Thelma Sellers, who stated

some of her objection to the Commissioners on their retaining Attorney Bill Hart as a Special Prosecutor on the Debra Garcia Murder Case. Mrs. Sellers said that the material Attorney Hart was gathering was more allegations and gossip than anything else. This type of investigation, she said, was detrimental to some people who were not involved in the case.

Among other things, she said she had worked with Sheriff Johnnie Morren on

the first investigation of the case, and had collected the reward money for the arrest and conviction of Charles LeFlore.

The Commissioners told her that they could not stop the investigation at this point Continued inside...

Cisco United Way Is Long Way From 1987 Goal

The Cisco United Way Fund Drive is still underway and Ivan Webb, president, said that money is coming in slowly, but he is confident that this year's goal of \$15,000 will be met.

A total of \$3,817.50 has been given according to Patsy Hogan at Olney Savings and Ron Patton at First National Bank. Several of the organizations that benefit the youth of Cisco are in need of the money and everyone is

urged to contribute to the United Fund now.

Organizations and the amount of money requested are:

Cisco Public Library--\$1,000.

Red Cross--\$500.

ABC Baseball League--\$1,885.

Cisco Little League--\$1,885.

Cisco Country Club Will Have Spring Luncheon

The Spring Luncheon of the Lake Cisco Country Club will be held at the clubhouse at 12 noon Wednesday, April 1. Bridge and games will begin at 10 a.m.

Members will be called by the hostess committee before noon Monday, March 30, for reservations.

Hostesses will be Evelyn Daniel, Laverne Andrews,

Arlene Fry, Ruth Heidenheimer, Dorothy Jones, Evelyn McGuire, Margie Mitchem, Jessie Pippin, Vernell Reich, Janell Schrader and Gloria Turner.

The luncheon will be catered by Sue Hanlon.

Non-members may make reservations by calling Ruth Heidenheimer (442-1777) or Janelle Schrader (442-3329).

Missionaries Will Speak At Church Sunday

Mr. and Mrs. Robert Hendricks, missionaries with World Gospel Mission to Kenya, will speak at First Evangelical Methodist Church on West Highway 80 at the Sunday morning service, March 29, according to Rev. John Clinton, pastor.

Mr. Hendricks has attended Vennard College, Iowa, and Memphis State College, where he studied engineering. Before the family leaves for Kenya, he will receive the Bachelor of Arts degree in Biblical Literature from Marion College, Indiana.

Mrs. Hendricks (Connie) is a graduate of Asbury College, Kentucky, where she received the Bachelor of Arts degree in biology. She furthered her education by attending the University of Tennessee to become a medical technologist and obtain the Bachelor of Science degree.

The Hendricks have two young sons, Jared, 2 and Evan, 1. When the family

returns to Africa, Mrs. Hendricks will assume her previous responsibilities as a medical technologist at Tenwek Hospital. Mr. Hendricks will be superintendent of construction, and will resume his weekend rural evangelism ministry.

Kenya is World Gospel Mission's largest field with the greatest number of staff and church-related ministries. Extensive work is being done in education, medicine, and evangelism.

World Gospel Mission is an interdenominational missionary organization with 350 missionaries and homeland staff serving in 20 areas around the world. WGM has a Canadian office in New Sarepta, Alberta, and a United Kingdom office in Southport, England. International headquarters are in Marion, Indiana.

Rev. Clinton has invited the public to hear this couple tell of their mission to Kenya.

Cisco Junior College Band To Have Car Wash Sat.

The CJC Wrangler Band will be having a free car wash Saturday, March 28, at the Pride Station on Conrad Hilton Avenue beginning at 9 a.m.

The members of the band have been getting pledges for every car washed. They money they earn will help pay for their trip to Villahermosa, Mexico April 26-May 1.

If anyone wishes to make a pledge they may do so by

getting in touch with any member of the band, or donations will be welcome at the car wash.

Have You Ordered Your Pizza Yet?

If not, see any Cisco High School band member or call LaNelle Anderson at 442-2752 during the day or 442-2011 evenings, or Mike Pittman at 442-2071.

The last date to order pizzas will be Friday, March 27.

NEW CISCO ARCHERY CLUB RANGE--Rick Payne, Robbie Payne and Steve Cozart are practicing with their bows at the club's new range located on East 14th Street.

CISCO ARCHERY CLUB Members Trey Douglas, Shannon Kendall and Rick Payne are rolling hay bales into place at the club's new range on East 14th Street.

Cisco Archery Club Now Have Targets And Shooting Lanes

The Cisco Archery Club had its monthly work day Saturday, Feb. 28, with a light turnout but the members who came accomplished a great deal of work on the entrance to the range on East 14th Street, targets and shooting lanes.

The targets now set up on the range have 65 cm field targets and turkey silhouettes for those wishing to get ready for the upcoming turkey season.

On Sunday, after the work day, the club had a fun shoot which had a good turnout. The members had an en-

joyable afternoon of shooting.

Club dues are \$20.00 adult or family, and \$10.00 for youth high school age or below, semi-annually.

The next monthly meeting will be Tuesday, April 7, at 7 p.m. at Olney Savings.

Wanda's Corner by Wanda Hallmark

On March 18, 1937, a tragedy occurred at the New London public schools. Nearly 300 students and teachers were killed from an explosion that was caused by a natural gas leak.

Mr. Jerry Sitton, who writes the People and Things column for the Press was a reporter for the Kilgore Daily News at that time. He said that a funeral home director had received a call from New London and he stopped by to see if Jerry wanted to go with him. Jerry said they didn't get back until the next day. They had no idea how much destruction there was.

Mr. Sitton wrote a story about the explosion and had to break into an oil company office to make a telephone call to the Dallas and Ft. Worth papers and at first they didn't believe him. They wanted to know how they could confirm the story.

Mr. Sitton's story was eventually sent across America on the AP wire service. He said he had to work on the New London story every day for a month, and that he received calls from England and France about the tragedy.

"It was quite an experience", was how Mr. Sitton described that fateful day.

Don't forget to get your car washed this Saturday, at the Pride Station on Conrad Hilton Ave., beginning at 9:00 a.m. The cost is free.

The Cisco Junior College Band members will be taking donations for washing cars to earn money for their trip to Mexico in April.

I found a note on my desk, and it said that "My daughter said that she bet that I would not put it in my column that her cat got run over."

Well, I didn't write down the child's name and I have been really busy lately and I feel really silly because I don't remember who this was about, but here it is in my column.

The annual WTU Management Conference was held February 12-13, at the Abilene Civic Center. Freddy Anderson, a Cisco WTU serviceman, was honored at the Conference with a watch for having completed 30 years of service with WTU.

Cheryl and David Robinson will celebrate their fifth anniversary Friday at home with David cooking a candlelight dinner for two.

My precious Dad passed away last Thursday at Canterbury Villa. He was 80-years old and a very sweet man. I know that our whole family will miss him greatly, but I also know for a fact that we will see him again and when we do, we'll never have to say goodbye again.

He is with our Lord now and he's not hurting anymore and I'm very happy for him. And I've said it before, that is the greatest thing that anyone can say about a loved one who has passed away.

There were some small boys around 10-years of age or so, standing by the side of the road on Front Street while we were going by in the Funeral Procession. These young men were very respectful and stood with their hands over their hearts and with their hats in their hands while we went by. Everyone was very impressed with this. My daughter recognized two of them as Cisco youths and that is something else to be proud of.

Cisco Gun Club News

After significant debate and a lot of work, gun club president Michael Moore reports that the final "General Rules and Procedures" and the schedule for this year's gun club shooting matches have been approved. While most of the general rules for the shooting matches are the same, there have been some significant changes. Some of the more major revisions include clarification of the duties and responsibilities of the club's Rangemaster and Secretary; a better definition of the six different shooting classes/categories used in the matches; a different method of breaking ties in the matches; and a schedule of substantially different types of shooting matches than from last year have been slated.

This year's schedule of tournaments include a variety of matches, with each tournament and match within the tournament being

separate. Last year's matches used accumulated totals which were used in awarding trophies. The club's six scheduled tournaments for 1987 are as follows:

1. April 11th - A "Fun Shoot" with six different events using shotgoun, .22 pistol, large bore pistol, .22 rifle, large bore rifle, and .22 silhouette rifle. Entry fee for members will be \$1.00 per event, winner take all.

2. May 9th - The first "Trophy Shoot" with .22 pistol, large bore pistol and shotgoun events scheduled. There are three different levels of entry fees for this tournament and a trophy awarded for each event.

3. June 13th - This tournament will be a "Members Only Fun Shoot" with the same shooting events as the April 11th match, along with the club's Family Hamburger Cookout to be held within this tournament.

4. July 11th - The second "Trophy Shoot" with the .22 rifle, large bore rifle and a .22 silhouette rifle events scheduled. Members entry fee for this tournament will be \$5.00.

5. August 8th - Another "Fun Shoot" being conducted the same as the match scheduled for April 11th.

6. September 12th - The third and final "Trophy Shoot," this time using the same six shooting events as in the April 11th tournament with first, second and third place trophies being awarded to the overall high scorers. The entry fee for members for this tournament will be \$5.00.

The gun club also has a "Turkey Shoot" scheduled for sometime in October, but the exact date and details of the shoot have not yet been finalized by the club's Shooting Events Committee. The public is invited and encouraged to attend and participate in any and all of the tournaments, but entry fees for non-members of the gun club will be double those for members.

Copies of the Cisco Gun Club's "General Rules and Procedures" and the 1987 shooting matches schedule (with details of each of the tournaments) can be obtained at any of the gun club's regular monthly business meetings which are held on the first Monday of each month in the Community Room of the First National Bank.

Regarding the rules and schedule for the upcoming matches, club president

Moore stated "I think the club's Shooting Events Committee did a tremendous job and I believe they have developed an excellent tournament schedule for this year. I know they spent a lot of thought and time in revising the general rules and setting up the schedule. The matches have a lot of variety and will hopefully attract a lot of participants." Moore also stated that he wanted to remind everyone that as in any shooting tournament, there are certain restrictions and rules to the matches, so anyone who may be interested in participating in the matches are encouraged to attend one of the club's regular meetings or contact any club officer between now and the start of the tournaments. Also, club memberships are always available and they are still only \$10 per year. Memberships can be obtained at Ted & Rex's Store on Hilton Avenue, north of the railroad tracks.

Jeannia Nix Is Named Most Valuable Player

JEANNIA NIX
Jeannia Nix (pictured above) was named the most valuable player in the Northern Texas Junior College Basketball Conference by coaches of the circuit for the past season. She is a sophomore student at Cisco Junior College from Sudan.

Miss Nix was a Region V all-region first team selection and made the all-tournament Region V team. She has been nominated for All-American junior college honors.

One of the Lady Wrangler captains during the past season, Miss Nix started every game in both her freshman and sophomore years. She had an outstanding record in shooting from the field and in free throws. She was the only freshman to make the all-conference and all-regional tournament teams last year. The daughter of Mike and Shawn Nix of Sudan, Jeannia has been offered a number of senior college scholarships for next year, including SMU and the University of Houston in the Southwest Conference.

Eastland Lions Club Meeting

"Soccer-izing" Eastland County is well underway. The equal opportunity sport is growing by leaps and bounds and appears to be destined for a bright future here.

It was a low start, and the county was one of the last in this area to pick up on the game and make it available. Beginning in late 1985, the program now has 405 young people signed up in 27 teams, with youngsters participating from Cisco, Ranger, Eastland, Rising Star and Carbon.

Right now, there are 54 coaches and six certified referees - and more needed to help with the program. Daryl Adams, county president, is looking for willing workers and has a vision for a central county complex someday to provide opportunities for further participation. Speaking to the Eastland Lions Club recently he immediately drew a \$100.00 donation from the club as a team sponsor. He explained that players are required to pay a \$10 sign-up fee to cover insurance coverage.

The sport obviously draws hundreds and hundreds of spectators and would be an attraction for an area. Adams explained that the program began in '85 with 115 kids and eight teams, moving up to 275 and 24 teams quickly. The Eastland County Soccer Association is a member of the North Texas Soccer group and the game provides fast, exciting action for all participants, and is not intended to compete with any other sport.

"Everybody can play soccer," Adams explained, as he outlined the age brackets which affords all participants the opportunity to be a part of teams. The association is looking for a few acres to establish a permanent soccer complex. Interested persons can contact Adams at 647-3223 days and at 442-2475 after 7 p.m.

The Happy Times

By Lillian Cogburn Price

Joe and Birtie Flournoy are pictured in 1909 in the Grapevine Community, southwest of Eastland. This was shortly after their marriage. The Flournoys were the parents of Paula Mae Johnson of Eastland, who wrote this family history.

By Paula Mae Flournoy Johnson

FLOURNOY-French Descendant - Joseph Alexander Flournoy (Joe) was born at Wayland, Stephens Co. Tex. March 17, 1886. Birtie Pearl Ferrell was born in La Casa Community Stephens Co. Tex. June 5, 1891. They married in Grapevine Community, Eastland Co. Tex. Jan. 5, 1909 by Baptist preacher, J.W. Tennyson. Their first child was born at Mangum Nov. 10, 1909, died at 6 wks. of age with Spinal Meningitis. Joe was the son of William Clinton Flournoy and Edwina Anita Elizabeth Willson. William Clinton was the son of Welcome Wright Flournoy and Bianca Elizabeth Virilinda McKenney. Welcome Wright was the son of James Flournoy and Elizabeth Wright. Edwina Willson was the daughter of John Edward Mountjoy Willson and Susan Elizabeth Carter.

Birtie died Dec. 27, 1920, leaving dad-Joe to raise us, and he did just that. George was 9 and Paula was 5 1/2 years. Paula kept house and George helped with chores also. The first place we lived was north of Morton Valley on aunt Ann Quitt's oil lease place. George went to school at Yellow Mound. Joe pumped the well on the lease.

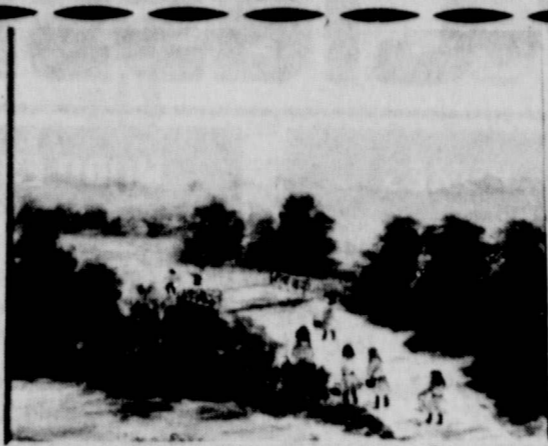

We later moved to Stephens Co. and attended school at Breckwalker and parks. I finished school at Parks in 1934. Dad worked on the railroad and some places was Section Foreman. He would walk 2 or 3 miles to work, then the same in the evening. We sometimes gathered Mesquite beans for our donkey. Once we road our donkey to our aunts in the Necessity community, taking back some fruit jars she had given us some peaches in. Back home that night George got sick and dad ask him what he had for dinner, and he said "P-E-A-C-H-E-S", so dad knew where we had been. Later he let us go back and spend a wk. He would tell me what to cook, so this day I carried peas in a pot to neighbors house and cooked them on her wood stove so I could have them that night. When it was coming up a bad cloud, we would write dad a note and tell where we had gone and to come for us. After walking home and tired, then he had to come

for us to walk us home. Sounds so trying for him.

Once I thought up the idea to pour syrup in plates, smear bread in them and on knives and forks, pour water in and out of glasses, then stack dishes and go on to visit. He knew we did not wash our dishes at dinner time. We would get lonesome and just have to go. He soon caught up with our dirty dish stacking and that we did not spend the day at home. We could not put much by him, so "Yes," we told the truth and by example he taught us how to live. I remember him telling me he wanted us to grow up to be respectable people, to lead instead of letting "Tom, Dick and Harry" lead us. He liked to joke and tease and laugh, but never teased us. He was a friendly person. I would not have you to think he was without fault, but he was a good, thoughtful and caring and concerned father and would have fought for his children. How much more we ought to be grateful for a heavenly father who bled and died on the cross to give us eternal life with him if we make preparation. We lived at Olden before my mother died, and we were walking on the railroad bridge across Colony creek and I was carrying a small pet chicken of my brothers that I had begged to take. I dropped it in the creek bed, so dad and George went down for it. My mother made a shroud for it and put it in a match box and we buried it. What mother now days would take the time to satisfy a child like that. "Little Things Mean a Lot".

Joe Flournoy died Sept. 10, Eastland Memorial Hospital. Birtie was the dau. of D.M. Ferrell and Mary Bamer Shepard and Mary was the dau. of Thaddius Shepard.

Thaddius was the brother of Judge John Shepard of Eastland, and the great great grandfather of Paula

THE WALK TO SCHOOL

By Lillian Cogburn Price
There were fifteen girls and boys who walked down the tree-lined road to school at Oliver Springs. Girls and boys joined the group at the fork of every little road. What a time we had!

There was a big bridge to cross; we were so proud of that bridge. The boys teased the girls and told all kinds of scary tales. There was one little boy, named Debbs Echols, who pestered the girls, especially Iva Pittman and me. He pulled our long hair, grabbed our books, and

told us he hated us and all our kinfolks. One day we caught him, held him high on the bridge, and threatened to push him off if he didn't take it all back. He did, but the next day he said the same thing again, and the next, and the next.

We were supposed to observe. CLOSELY OBSERVE, everything on our way to school each day. We reported our observations in Language class. One day Dever Gilder, one of our gang, rose proudly and said, "I saw a rabbit with a cocklebur in his tail." From that day to this Dever is known as "Cocklebur Gilder."

Oh, we had so much fun as we walked and ran, lunch baskets on arms and book satchels over shoulders, over the two and a half miles of shady, sandy, road. It was a magic road to us, where happy children left echoes of many happy memories.

Area News Briefs

CISCO
The Hilton Community Center will sponsor a trip to Dallas on June 19 to hear the Mormon Tabernacle Choir, performing at Reunion Arena with The Vocal Majority and The Constitution Symphony Orchestra. The mini-tour package will cost \$49, and will include transportation, dinner at the Old Spaghetti Warehouse, the concert tickets, and a \$10 donation to the Hilton Center. Eris Ritchie, President of the Hilton Center Board of Trustees, will handle all arrangements. You may contact Ritchie in person or mail in a \$20 per person deposit for reservations. Mailing Address is: Hilton Community Center, Box 350, Cisco, Tx. 76437. Included with the deposit should be the name, address and telephone number for each person participating.

The Cisco Lions Club will sponsor a pancake supper at the new elementary school cafeteria from 5 to 7:30 p.m. Friday, March 27. Tickets are \$3 and are on sale by Club members, or may be purchased at the door for \$3.50. Proceeds from the supper will be the Lions Club contribution to the Chamber of Commerce Christmas in May project. A committee headed by Lion Ralph Glenn will be in charge of cooking the pancakes. Willard Johnson's Band will be in charge of entertainment during the evening.

There will be a Rummage Sale Friday, April 3 and Saturday, April 4 from 9 a.m. until 6 p.m. at 114 West 8th St. This is a building formerly used as the Song and Psalm Bible Bookstore. The sale, sponsored by the First Evangelical Methodist Women, will have a large collection of clothing and miscellaneous items. There will also be delicious home baked goods for sale. All money made at the sale will be used to buy a sound system for the Evangelical Methodist Church.

Two Cisco Police Officers, Chief Billy Rains and Detective Dale Smith, recently received their Advanced Certificate from the Texas Commission on Law Enforcement Office Standards of Education. Smith received the certificate by completing nine years of law enforcement work and by having obtained 60 points that were turned in. Billy Rains has been with the Cisco Police Department for more than six years, and the Ranger and Rising Star Police Department prior to that. His certificate was for having six years of police work, 120 points, and college hours and law enforcement training.

Three weeks of program for area Junior and Senior High School Bands began at Cisco Junior College on Friday, March 20. Tim Jones, Band Director at CJC, is Director of the annual event. School bands from all over the area were on the Campus on Friday and Saturday, March 22. The Junior High and High School Choir Festival is scheduled for Saturday, March 28. Then on Friday and Saturday, April 3 and 4, around 1,200 musicians are expected on the Campus for the Senior Band Music Festival.

RISING STAR
"Miss Rising Star" will be named at the annual Chamber of Commerce and Agricultural Awards Banquet on Thursday, March 26. The lucky girl will be picked by the Chamber members out of the Junior Class, and will represent the town in various parades and social functions. The candidates include Sheila Green, Jackie Harris, LaQuita Hendricks, Elizabeth Holland, Jennifer Linney, Barbara Majors, Renee O'Connor, Amy West and Danetta Bible. Each of these girls is special in her own way, but only one can be singled out that night. This should be a memorable occasion.

A motion was made during the City Council meeting recently that the City of Rising Star deed the town library to the Saturday Club,

with an attachment that if ever sold the City would have option to purchase. The motion carried 5-0. The Saturday Club was instrumental in providing the Library for the City, and has worked at its maintenance for many years.

RANGER
The Ranger Volunteer Fire Department Ladies Auxiliary will be having a Mexican Dinner on Apr. 5 from 11 a.m. until 2 p.m. at the Ranger High School Cafeteria. Tickets are \$4.50 per person, and can be purchased at the Fire Department or from members of the Auxiliary. Come out and enjoy this dinner and support the Fire Department.

The Ranger Bulldog Baseball Team is still undefeated, with the latest wins over Lingleville and Gordon. Today (March 24) the Bulldogs will face Clyde at 6 p.m. at the RJC Field. The Bulldog Boosters are on hand with popcorn, peanuts, etc. All the Bulldog players are excellent, with special notice in recent games going to Larry Brister, Mario Abila and Steve Williams. Congratulations also go to Coaches Del Pittman and Doyle Russell.

The Citizens For Good Government organization wishes to thank all the candidates and citizens who came out in stormy weather on Monday night, March 16 to the meeting. Among the candidates were David Rogers, Doug Mitchell, Paul Kasper, Bobby Williams, David D. Pickrell, Ed Watson (letter), Ben Lemaster, Ken Parrack, Steve Schooling, Jeralyn Sledge and Ginger King. The candidates took this opportunity to present their views on a number of topics, giving the voters a chance to make a worthwhile decision.

EASTLAND
The Tri-College Opera of Abilene will present Mozart's "The Magic Flute" on Wednesday, April 1, 3 p.m. at the Women's Clubhouse. The Eastland Music Study Club is sponsoring the program, which is designated as Guest Day. Dr. Jayne C. Middleton of Hardin-Simmons University will be the director, with Cheryl Allen of McMurry College the co-director. David Brock of Abilene Christian University will be the accompanist. Students from the Opera Department will be performers.

many as 20 scouts per year in the 20 years he has served in that position.

Area residents will have an opportunity to see Eastland High School's entry in District One-Act play UIL competition, "The Arkansas Bear", on Thursday, Mar. 26 in the High School Auditorium. Performance time will be 7 p.m., and tickets will be \$1 for adults and .50 cents for children under 10. This is a play that children will enjoy and their attendance is encouraged.

The Eastland County VFW Post 4136 will elect officers for the coming year at a meeting on April 1 at 8 p.m. This will be at the Post home, and members are urged to attend.

Mangum Baptist Church will have their monthly singing at 7:00 p.m. Thursday, March 26. All singers and visitors are welcome.

Eastland Calvary Baptist To Celebrate

We will be celebrating our 33rd Anniversary and Homecoming Service on Sunday, March 29, 1987. We hope you will come and be our special guest for this day. Dinner will be served after morning service. Pastor David Henley welcomes all old and new friends to be with us on this special day.

14th Annual Cisco Folk Life Festival Set For May

Cisco's 14th Annual Folklife Festival will be held on Saturday and Sunday, May 2-3. The Festival, held in the downtown historical Rockwell Lumberyard complex, will open immediately after the 10 a.m. downtown parade, and be open until approximately 10 p.m. Sunday hours will be from 12 noon until 5 p.m.

The Folklife Festival will feature pioneer skill demonstrations, homecooked foods, arts and crafts booths and continuous entertainment. One of the visitors' favorites, the antique fashions style show, will be held on Saturday afternoon at 3:30 p.m. and Sunday at 2 p.m. A western musical is planned for Saturday evening from 6:30 to 8:30 p.m. A street dance requiring paid admission will be held Saturday night, May 2.

For more information, please contact the Cisco Chamber of Commerce at 817 442-2537, or write the Cisco Civic League, PO Box 411, Cisco, Texas 76437.

Osborn Earns Prestigious Award

Pierre Osborn, Edward D. Jones & Co.'s Brownwood representative, recently received the firm's prestigious Founding Partner's Award for excellence in sales and service during 1986.

John Bachmann, managing partner of the St. Louis-based investment firm, said, "We're proud to present Pierre with this award which recognizes his hard work in and dedication to our clients in Eastland as well as to the firm as a whole. We consider him an invaluable member of our team."

Osborn, whose office is located at 210 S. Main in Brownwood, joined the firm in 1977. He has a B.S. and a M.S. degree from Texas A&M in Animal Science and is a member of the Brownwood Chamber of Commerce, a member and past director of the Brownwood Rotary Club, a member of the board of directors of the Cherokee Home for Children, a member of the Development Board of Christian Homes in Abilene, and is also active in the Austin Avenue Church of Christ where he serves as a deacon.

"I'm very honored and proud to receive this award," Osborn said. "The conservative philosophy of Edward D. Jones and Co. has allowed me to help the people of Brown County and surrounding communities meet their investment needs in the past, and I look forward to continuing this relationship for many years to come."

Edward D. Jones & Co., which caters to the needs of conservative investors, was founded in 1871. Today, with 1,150 offices in 36 states, it is the largest financial services firm in the nation in terms of retail offices.

I.R.S. To Be Featured In 2-County Publication

A new I.R.S. is coming to Eastland and Callahan Counties!

This one is an **INVENTORY REDUCTION SALE** and you'll be reading all about it in a new publication to be distributed by Callahan and Eastland County Newspapers soon.

Purpose of the publication is to afford all businesses the two counties to offer specials on their over-stocks, white elephants and other general move-outs **ALL AT SPECIAL PRICES!**

A total of 20,000 copies of the special edition will be distributed throughout the two counties. Extra-special, bargain advertising rates will be offered, and the special edition will also contain a business directory of services available in the two counties.

Another feature expected to be popular will be the **DEALING FOR DOLLAR Classified Ads** which have been available recently in several of the Eastland County Newspapers. Details will be issued in forthcoming issues of this newspaper.

The new publication is being planned for a regular mid-month issue which will afford advertisers the opportunity to expand their coverage throughout the two counties.

Copies in addition to regular distribution will also be available at selected locations throughout the Baird, Clyde, Cisco, Eastland, Ranger, Rising Star and Gorman.

To be announced later are plans for **FREE GIFT BASKETS OF GROCERIES** to be given in connection with the giant **AREA PROMOTION**.

Present scheduling calls for the closing for the first issue to be prior to Monday, April 6, on which the pressrun will be made, and distribution made during the second week of April.

Firms and individuals wishing to take advantage of this special opportunity may contact their local newspaper for details at The Baird Star, Cisco Press, Eastland Telegram, Ranger Times and Rising Star.

Pleasant Hill Homemakers Club Meets Thursday, March 12

The Pleasant Hill Homemakers Club met in the home of Twila Lee on Mar. 12, 1987. Seven members attended and all those present wore a hat from a different era. It was interesting to find out where some had been purchased and what year they were worn.

The opening exercise was read by Allene Smith and the devotional was given by Virgie Hale. Minutes were read and approved and the treasurer gave her report.

Merle Campbell reported on the March Council meeting. All members are urged to attend the TEHA District 8 Spring Convention on April 23. The Spring Achievement luncheon will be held at the Woman's Club on May 6th. Ann Folsom will give the program. There will be a meeting March 17th at Eastland National Bank Community Room to make plans for setting up 2 new Homemaker Clubs. Twila Lee, Arleta Shirey and Merle Campbell will attend.

Plans were finalized for the Cisco Stock Show on March 13 and 14. Our club

Thursday, March 26, 1987

will operate the concession stand. We will also host the monthly birthday party at the Cisco Nursing Home, March 19 at 2:30 p.m. Arleta Shirey demonstrated our program

on "Making Collars" which are so popular today. She had many samples to show us plus directions for them. Our next meeting will be in the home of Arleta Shirey on April 9th.

Breckenridge American Plans 5K, 10K Races

Please Fill Out And Mail In Today

PROJECT GRADUATION - 1987

Friday, May 29

Running enthusiasts can mark Apr. 18 on their calendars as the date for the Breckenridge American 5K and 10K races.

A one-mile fun run/walk has also been added by popular demand.

The races will start and end in front of the Breckenridge American offices at 114 E. Elm. The entry fee is \$8 and the entry deadline is Apr. 5. Entry forms should be sent to the Breckenridge American, P.O. Box 871, Breckenridge, Texas 76024. Late entries and runners

who enter on the day of the race will be charged \$10.

Each entry will receive a T-shirt. Trophies will be awarded to the top male and female performer in each of the races and to the top three finishers in each division of each race. A total of 76 trophies will be awarded. Certificates will also be awarded to each of the participants 10 years old or younger.

The course will not pass over any major highways and it will be relatively flat. Miles times will be called out and a

water station will be set up halfway through the 10K race.

There will be six age divisions in each race, 0-10, 11-15, 16-25, 26-35, 35-45 and 46 and over. Trophies will be awarded to both men and women in these divisions in the 5K and 10K races.

Refreshments will also be provided to race participants free of charge.

Several Breckenridge merchants are also offering hundreds of dollars worth of door prizes, including Pizza Hut, Breckenridge Beverage

Barn, Wal-Mart, Citizens National Bank and Texas American Bank, Affiliated Food Store, Winn-Dixie, #Won Trophies and Team Sports, Mehaffey Sport and Apparel, Downtown Exxon, T Co Gas and Go, and more will be added.

For more information write the Breckenridge American at the aforementioned address or call Don Treul at (817) 559-5412 before 5 p.m. or 559-5585 after 5 p.m. Send in the official registration form as soon as possible.

Large Audience In Attendance At Lloyd London's Concert

A large and appreciative audience applauded Lloyd L. London and Cisco High School's restored Baldwin concert grand piano at a public concert last Sunday afternoon at the high school auditorium.

Mr. London, Cisco business man and long-time community leader, played just about everybody's favorite song in the recital that featured a program of popular and contemporary music. The nine-foot grand piano was in good tune and the tone was outstanding.

During an intermission, Mr. and Mrs. Arlin Bint and son Gerald were presented plaques by Supt. Ray Saunders for their work in restoring the piano. After being stored and unused for several years, the piano was given mechanical repairs by experts and the Bint and Bints did a complete restoration job on the finish.

Mr. Bint, former teacher and superintendent and veteran of some 40 years with the Cisco schools, told about the work, which included some 100 hours of

hand rubbing and other work. He said one more coat of lacquer and a bit of refinishing remains to be done.

Principal Jack Martin, who also helped with the project and was instrumental in arranging the concert, called attention to the work of students in redecorating and repairing the trophy cases and walls in the auditorium halls.

Mr. London was presented a plaque of appreciation for playing the concert. Mayor Joe Wheatley spoke briefly to praise school officials and the Bints for restoring the piano, noting that the community would long be proud of the instrument. The Rev. Harry Garvin, Baptist minister, gave the invocation and the benediction was by the Rev. Williams Weeks, Presbyterian pastor.

The families of the Bint and Mr. London were asked to stand and applauded. Following the concert, the Homemaking Department served refreshments at a reception.

The program of music opened with a medley that included "Rhapsody in Blue," "St. Louis Blues" and "Summertime." This was followed by another medley, including "Ah, Sweet Mystery of Life," "Sweethearts," and "Kiss Me Again."

The program numbers were applauded as Mr. London played such old favorites as "Autumn Leaves," "Always," "Indian Love Call," "September Song," "Desert Song," "Star Dust," "Tenderly," "Easter Parade" and "How Great Thou Art." Each number was dedicated to someone.

FEMC Plans Rummage Sale For April 3-4

There will be a Rummage Sale Friday, April 3, and Saturday, April 4, from 9 a.m. until 6 p.m. at 114 West 8th Street, Cisco. It will be in the old Songs and Psalms Bible Book Store building.

The sale, sponsored by the First Evangelical Methodist Women, will have lots of miscellaneous items including men's, women's and children's clothes along with a complete full-size bed with headboard, frame, box springs and mattress. There will also be a large selection of kitchen and other household items.

According to Wanda Hallmark, president of EMW, there will also be a bake sale during the rummage sale so that everyone can take home delicious baked goods along with several of the bargains that will be offered.

All money made at the rummage sale will be used to buy a sound system for the Evangelical Methodist Church, located on West Hwy 80, across from E. L. Graham Memorial Hospital.

Comptroller Hails Distributor's Indictment

AUSTIN, Tx. -- State Comptroller Bob Bullock hailed the indictment of a Houston gasoline distributor for state fuels tax violations as a first-line defense against tax evasion.

"Indictments on tax violations are just one way of letting folks know that setting up a business in this state doesn't give them a license to steal," Bullock said. "We won't tolerate tax evaders."

Bullock said Houston M. Wisenbaker, Jr., of 16303 Imperial Valley, Houston, was indicted recently by a Harris County grand jury on charges of failure to turn over tax funds collected for sales of gasoline to retail outlets in the Houston area.

Bullock said an investigation by his office show taxes of more than \$79,000 were due on gasoline sold through Wisenbaker's companies during September, October and November of 1986.

Wisenbaker is accused of collecting motor fuels taxes on sales to retailers, but failing to remit the money to the State of Texas. He owned ABCO Energy Corporation, Torrey Chase Investment Corporation and Tejas Oil and Gas Company during the period of the investigation.

Failure to remit tax funds is a third-degree felony punishable upon conviction with a jail sentence of two to ten years and a fine up to \$5,000 for each count.

House Ok's Gramm 65 MPH Speed Limit Bill

WASHINGTON-- The House of Representatives has approved U.S. Sen. Phil Gramm's plan to permit states to boost interstate highway speed limits to 65 miles per hour in rural areas.

"This is a victory for the working men and women of Texas, the people who travel by car," Gramm said of the 217-206 vote.

The bill's potential impact on Texas drivers is far ranging, with 77 percent of the 3,126-mile interstate system in Texas open to a change in the speed limit.

"Under the plan, Texas will once again have the right to choose a 65 mile-per-hour speed limit on a total of 2,422 miles of rural interstate highway," Gramm said following the House vote.

The Senate had repeatedly approved bills to permit states to increase their speed limits, but the House of Representatives had failed to act prior to this month.

The House vote to offer states an option to raise their speed limits means the full highway bill will be returned to the Senate shortly for final approval.

During earlier debate on the issue in the Senate,

Weather Show April 7

The Cisco Volunteer Fire Department will sponsor a Skywarn Weather Program on Tuesday, April 7, from 7 to 9:30 p.m. at the Cisco High School Auditorium. Cisco Fireman Truett Horton said that the program will be a good way for citizens to become informed about Texas weather.

The program will be presented by the National Weather Service (NWS) and the National Oceanographic Atmospheric Administration (NOAA) of Fort Worth. Weather conditions covered in the program will be floods, cold and hot weather, storms, tornados and other types. Mr. Horton said he hopes there will be a big turnout for the Skywarn Program.

Gramm, R-Texas, noted that the energy crisis which originally prompted the federal government to impose the 55-MPH limit "has long ago passed."

"If you set out to drive from Fort Worth to Lubbock at 55 miles per hour, one of two things will happen to you," he said. "You are either going to get discouraged and turn back, or you're going to be run over by somebody going a lot faster than 55 miles an hour."

I've Been Wrong Before

by Gordon S. Clark

Most people never consider whether the US had an Official Language or not. Like most, I always thought it was English. In fact, while in a CCC camp in 1940 I briefly encountered the question when Lt. Wishart laid down his erroneous dictum, "There is entirely too much Mexican chatter going on in camp. You are drawing Uncle Sams pay and you will speak his language. Anyone speaking anything except English will draw 16 hrs. extra duty." That was long before minority rights became a judicial question and the order was enforced.

It wasn't that a single man couldn't understand English but many were more comfortable with the language spoken at home. Maybe, with war clouds gathering Wishart was either "super patriot" or perhaps paranoid thinking he was talked about in a tongue he did not understand. Out of sight he was certainly talked about as his Iron Fist policies were said by some to have caused our camp to fall in inspection from top place in the district to 7th and later even lower. Under Lt. vonHurst we were always top. Each was a strict disciplinarian but in his own way.

As in fact Germans are America's largest ethnic group after those from the British Isles, before the hysterical anti-German persecution of WW I, German was the most popular second language and taught in high schools more than all others combined. In those days bigotry was echoed from pulpits as the popular evangelist of the time, Billy Sunday, said he believed the Kaiser could well be the Anti-Christ. This is hardly

surprising as one bigoted preacher in Eastland Co. was so seeped in Holocaust propaganda that he said that because of Hitler he had lost all respect for the German people. Thus he gratuitously insulted about 1 in 5 Americans who had at least one German ancestor. In fact, his own Anglo blood was probably "contaminated" with German when Anglo and Saxon invaded Britain and pushed the original inhabitants into what is now Wales.

But what is English? Before John Wycliff it was not even a written language and due to the Norman invasion, official papers were written only in Latin or French. The "better classes" in England disdained English as the language of the plow boys. Our English today is an amalgamated mix of several tongues.

English spoken in various parts of Britain can at times confuse Americans. A Scottish burr or Irish brogue might not help either. A few years ago it was decreed that no more telegrams could be sent in Welsh, the Celtic language of the original Britains. Welsh and Scottish separatism persists to this day in what most people consider "England". Great Britain it is but strictly England it is not. The US system of law was founded on English common law. Scottish law is somewhat different. For example in England a jury finds "guilty" or "not guilty". In Scotland the verdict can be "charge not proved" and the defendant is not off the hook by a long shot.

Back to our present question of an OFFICIAL LANGUAGE, some may fear that this means "English Only". The proof that such could not be enforced lies in aforementioned British problems

strike your children? How about teaching Russian also? Some fear the Reds may rule here. So be ready?

You may not think an official language should worry you but if more than one is designated dozens of minorities will want to be included.

Furthermore, as languages were supposed to have separated peoples at the Tower of Babel they can produce violent division within our nation. One might consider the problem faced by the Austro-Hungarian Empire where a dozen languages were used. It was like the United Nations in many ways. Attempting to become modern and democratic they had a parliament. A young Adolph Hitler went stary eyed to Vienna expecting to view democracy in action. He went several times to see what turned out to be organized confusion. Delegates from German, Slavic, Italian, Hungarian, and several other districts rose to shout their views in their own languages while all others talked, read, or slept while waiting their turn to speak and be likewise ignored by those not understanding their lingo.

There was no simultaneous interpretation so that citizens could only learn what had been said by reading the next day's newspaper, provided that is, he could find a paper printed in his language and provided the editor thought what other delegates said was worth translating for his readers and if the paper had reporters fluent enough in so many languages. Small wonder that Hitler described that parliament in Vienna as "A monstrosity of ---- (unprintable) and fire".

His disdain for "democracy" should be more easily understood if not accepted. With the beginning of WWI the inevitable fragmentation took place. Only the German speaking troops were effective. A few others tired but

Lights From The Christian World

By Josephine Cleveland

In Galatians, Paul writes that "we might receive the adoption of sons. And because ye are sons, God hath sent forth the Spirit of His Son into your hearts, crying, Abba, Father" 4:5,6.

How wonderful! When Jesus Christ comes into your heart and life, you have the privilege to call God, "Father."

You can enjoy a loving parent-child relationship with God. You can bring your problems and heartaches to him. Because when God accepts you, He accepts all of your responsibilities and problems, too.

This is not all. But as a child of God, you are free from bondage under the earthy things of this world. You are no longer a slave, but a son.

You may have always thought that God changes you before He adopts you into His family. This is not true. He takes you just as you are ... with your hangups, worries, confusions and fears. He doesn't change you before but after

History seems to ignore their local contributions. Thus he preached a doctrine which was to echo in "Ein Volk, Ein Reich, Ein Fuehrer" a cry of "One people, one government, one leader."

Does history then provide that as Lincoln said a nation can not endure half slave, half free and that a multilingual multi-national state must disintegrate? Basque terrorists in Spain would say No. Communist Russians would say "No" but then, would we want the force that holds more than 29 different peoples together at the Soviet system does.

Our immigration policies were based in good part on opinions as to what people could be assimilated and which ones might not. But that is another problem we may have to face soon.

you are adopted. Then you grow in the knowledge and grace of the Lord Jesus Christ. He begins to shape you, mold you, and make you into His image and likeness.

But there is something even more exciting about being God's child: You are his heir. God is saying: "I have adopted you into my family. You have all the privileges of a child of the King."

Learn to act and look like His child, Friend. Bring your requests to Him with thanksgiving in your heart ... for after all, He is your Father.

Desdemona News

By Vonnie Guthrie

Vonnies Guthrie attended the grave-side service of a great nephew Dwayne Keith Partain, age 25 of Hurst, who was killed in a car wreck. Burial was Friday morning in Victor Cemetery. His father is Charles Partain of Pearl River, Louisiana and his grandmother is Laura Keith Partain of DeLeon. Our sincere sympathy goes out to this family.

Wayne and Karen Eaves attended a meeting Friday and Saturday in Austin. Desdemona Community Center will have a chili and stew supper on Saturday, April 4th. Start serving at 5:00 p.m. This is the same night as the old time musical which begins at 6:00 p.m. All proceeds goes to help repair the building. Visitors are welcome.

David and Robyn Griffith of Odessa are visiting this week with their grandparents, Bernard and Ann Keith and their mother, Tami and Bill Sanders of Stephenville.

This reporter enjoyed a "short" visit last Wednesday with Delores Rushing Miller of Eastland. She attended school in Desdemona.

Fishing Outdoors

By Terry Wilson

Take 6 of your best bass fishermen allow them 5 fish each for a total of 30 fish a day. Area teams meet on Lake Granbury for the Region III T.A.B.C. fish off.

Stephenville Bass Club took top honors in the two day event with 70 pounds of bass. And by the way these gentlemen only had two anglers catch a five fish limit and two anglers didn't even weigh-in Sunday. Congratulations to these gentlemen and we wish them good luck in their bid on Toledo Bend June 6 and 7 for the state title.

Our local, Eastland County Bass Club finished well with 20 pounds of fish nailing down a solid 14th place. Congratulations gentlemen, and better luck next year on beautiful Lake Brownwood.

Spring time angling for these funny little green fish we call black bass can be the most rewarding or the most discouraging. More times than not we see more of the disappointment. Too often the spring fishing will be concentrated to a rather small area or a couple of areas with almost identical conditions. And in this area it has been proved time and time again, you will find these areas in the river section. Perhaps not actually in the river but they could be in the flats just prior to the actual river banks. And as always just when you think you have things figured out, they change all together.

April 2nd the Eastland County Bass Club will hold its monthly meeting on the east side of the square in downtown Eastland. All members are urged to attend as well as any guest who are interested in learning more about the functions of this organization.

March 29th Brownwood Bass Club, open invitation on Lake Brownwood. First place guaranteed \$1,000.00. Entry fee \$18.00 with an optional \$2.00 big bass pot. You can't beat this one folks for the money. Normally if you can catch and weigh-in a fish you receive some type prize. But just the friendly folks you meet here are worth the trip. See you there.

And just a word to the Eastland County Bass Club members who are attempting to qualify for the T.A.B.C. top 6 for 1988. This would be an excellent look at what conditions could be like for the regional tournament. Word is the tournament will be the third weekend in March 1988. Lets get a head start towards winning Regional next year.

Lake Reports: Leon Black Bass good to 6 pounds in coves on the north bank, 2 feet of water and spawning. Crappie slow, catfish good on trotlines, yellow cats starting to move.

Lake Granbury: Black Bass good to 10.2 pounds on jig and pig, most in 2 pound range on buzzy baits and purple and white worms. Crappie slow.

Lake Brownwood: Black bass fair to 4 pounds on rattle-traps and spinners in protected coves, creeks murky, main lake clear, crappie fair in main lakes on jigs and minnows, catfish excellent on cut bait.

Lake Daniels: Black bass

fair to 4 pounds on jig and eel, crappie slow, catfish excellent.

Crankbaits. Some fishermen swear by them...others swear at 'em.

The crankbait's fish-catching prowess is well documented, but some anglers are still frustrated with their lack of results. The following checklist, prepared by the fishing experts at Mariner Outboards, will help fishermen enjoy more success with cranks:

* No one crankbait will perform under all conditions. Anglers should have a wide assortment of crankbaits for shallow, medium and deep water, and a variety of shapes and colors.

* If a crankbait doesn't run perfectly straight through the water, it must be fine-tuned to catch fish. Tuning is best accomplished in a swimming pool or in clear water, where the lure is highly visible. Cast out and retrieve at high speeds. If it runs to the right, use a needle-nose pliers and bend the eye (where the line is attached) in the opposite direction. Several minor adjustments may be necessary before the crankbait runs true.

* Most crankbaits come with an "O-ring" in the eye, which allows the bait to run with maximum side-to-side motion. If a bait doesn't have a ring, one should be inserted, or attach the line with a loop knot.

* Before the first cast, carefully sharpen all hooks. Dull hooks mean fewer fish caught per strike.

* When fishing, select a crankbait that will run at the desired depth. In the case of walleyes, the lures should run close to the bottom.

* The lighter the line, the deeper a crankbait will run. Most anglers prefer 6, 8 or 10-pound line with crankbaits. Anything heavier restricts the plug's action.

* Experiment. Each crankbait brand gives off its own unique action. Finding the exact action can make a big difference.

* Vary the speed at which the crankbait is fished. When trolling, race the engine occasionally to give the bait a different look. When casting, pause momentarily for a stop-and-go effect. Speed affects depth: A fast retrieve means the crankbait will run deeper.

* Change colors. Some colors are more visible to fish under certain light conditions. Change until you find the most productive color for the conditions.

* When trolling, periodically rip the plug through the water with a quick jerk of the rod top, then drop back to normal trolling. That sudden movement will often prompt a strike from an otherwise neutral or following fish.

Crankbaits are extremely effective fish-catchers. Like anything else, there's a right way and wrong way to fish plugs. With a little practice, anglers will discover how to make crankbaits produce results.

Meetings today's needs... Creativity.

- In times of uncertainty, consumers are careful and a little reluctant to spend. They want to be sure before they buy; they want information. One of the main ways they get information about products, services, prices and values is from advertising. Your's or somebody else's.
- Maybe you figure other retailers in your line are going to cut back their advertising, so it's safe for you, too. Right? Wrong. You're in competition for the consumer's dollar with every other retailer in town, no matter what he sells. People have only so many dollars to spend and if they don't spend them for what you sell, they'll spend them for something else.
- Whether business is good or bad, you have to get your share of whatever business is around.
- Your advertising is part of your sales force. Ads help to pre-sell the customer and help you close the sale faster. They save you time and save you money.
- You say your customer's know you and for a while, at least, they'll keep coming in even if you don't promote? That's partly true, but short-sighted. Remember, one of five Americans moves every year, so there's a steady flow of your customers out of your market and a corresponding influx of new folks who don't know you at all. Tell them about yourself.
- You can't do much about most factors in the marketplace-rent, labor, costs, price of merchandise, what the competition will do. But one thing you do control is your own promotion. Remember that advertising is not just a cost of doing business. It's a proven sales tool that returns many times your investment in store traffic and sales.
- Remember how long it took you to get started? Once you build up business, you can keep it going with a moderate, consistent advertising program. But if you cut your advertising and lose your hold on the public, you'll find it's much harder to build it up again. It's sort of like starting all over.
- Here's a hard fact to chew on. Over any given period, a company that advertises below the industry average has sales below the industry average.
- Advertising is "news" about products and services. Most shoppers look for this kind of new news in the pages of the newspaper. In plush times, retailers often experiment with other media. But when the going gets tough, they concentrate their efforts in the newspaper because it provides an immediate payoff at the cash register.
- Slow times ahead? There are more Americans working now than ever before. More women working, too, adding to family income. People still need and want goods and services and will spend for them. There is plenty of business out there. Your competitors will be bidding for their share and yours.

Various Topics At Commissioners Meeting Discussed

- that the Case had to go on to trial. They attempted to assure her that no one would be "railroaded," including her son, and that guilt would have to be proven beyond a doubt on any person convicted.

Also on the agenda was a discussion of jail standards and the latest jail inspection report and compliance. Sheriff Don Underwood reported that everything in the jail was now in compliance with the State Jail Standards Commission ex-

cept that inmate activity areas do not provide 20 ft. candles of light. The Sheriff said that new light fixtures would have to be installed to comply with this requirement.

The Commissioners discussed their trip to Austin Wed., March 25, in which they and Sheriff Underwood

will meet with the State Jail Standards Commission. Comm. Billy Bacon said that he had asked the architect of the present Jail, James Wheeler of Abilene, to also

be in Austin at this meeting. Wheeler had previously offered to attend and learn more of guidelines on any future jail expansion.

In other business, the Commissioners accepted a

bid from Brazos Construction Machine Inc. of Elm Mott, Texas for a grid roller for Pct. 3. The cost will be \$2,000.

The Commissioners voted to authorize a request for In-

urance proposals on county buildings, their contents, and also public officials' Liability Insurance. This request will be advertised in area newspapers, with the proposals opened on April 13.

Truman Gregory from N.W. of Carbon reported to the Commissioners that someone was dumping trash south of his house on a county road which runs from Mangum to an FM Road.

Richard Robinson said that he would talk to the Constable (Bill Hunter) and ask him to find out who is dumping there. The debris will be cleaned up by the county.

Mark Martin appeared for Compressor Rental Service Inc. with a request for permission to cross County Rd.

164 in Pct. 1 with a pipeline. This is about two and one-half miles north and west of Eastland, on property acquired from Kahan Energy. An existing line is to be repaired, and no permit could be found for it. The Commissioners approved Martin's request.

"Love Is A Many Splendored Thing!"
Your Lifescope Says,
"You Can Experience It Yourself!"

The Lord has appeared to me, saying: "Yes, I have loved you with an everlasting love; therefore with lovingkindness I have drawn you."

God demonstrates His own love toward us, in that while we were still sinners, Christ died for us. Jesus said, "The Father Himself loves you, because you have loved Me, and have believed that I came forth from God."

Jesus said, "As the Father loved Me, I also have loved you; abide in My love. If you keep My commandments, you will abide in My love, just as I have kept My Father's commandments and abide in His love. He who has My commandments and keeps them, it is he who loves Me. And he who loves Me will be loved by My Father, and I will love him and manifest Myself to him."

We have known and believed the love that God has for us. God is love, and he who abides in love abides in God, and God in him.

For I am persuaded that neither death nor life, nor angels nor principalities nor powers, nor things present nor things to come, nor height nor depth, nor any other created thing, shall be able to separate us from the love of God which is in Christ Jesus our Lord.

"If you love Me, keep My commandments. And I will pray the Father, and He will give you another Helper, that He may abide with you forever, even the Spirit of truth, whom the world cannot receive, because it neither sees Him nor knows Him; but you know Him, for He dwells with you and will be in you. I will not leave you orphans; I will come to you."

High Winds From Cold Front Cause Little Damage In Cisco

Cisco experienced heavy winds with gusts up to 70-miles per hour last Monday when a cold front passed through this part of Texas. The strong winds caused power lines south of Cisco to

break and fall. A small portion of Cisco was without electricity for a while, but the West Texas Utility linemen had the lines back up in a short time and all power was restored.

The traffic lights on the corner of 8th Street and Conrad Hilton Ave., shown in the above photo, were heavily swinging due to the wind. Television antennas and tree limbs had fallen all over Cisco according to reports.

Reservations For "Noises Off" Get Now

Reservations are now being accepted for Cisco Junior College Drama Department's upcoming dinner theatre production of "Noises Off." This zany new

comedy, written by Michael Frayn, is sure to be a hit after last fall's smash "The

Foreigner" in the new Hilton Community Center.

Preview performances will begin at 7:30 p.m. April 6, 7 and 8. Admission will be \$1. Dinner performances will be given April 9, 10 and 11 with dinner at 7 p.m. and the show at 8 p.m. The tickets will be \$9. The menu will include roast beef, au gratin potatoes, glazed carrots, Waldorf salad, homemade dinner rolls, and cherry pie.

Carroll Brown, director of this recently released farce, said it is a comedy about "a very bad troupe of actors doing a very bad play... badly." "Noises Off" has received much popularity in England and New York for its ingenious way of making every actor's worst nightmare come true. Reservations can be made by calling 442-2567 or 442-2589 after 4 p.m.

WORD OF GOD

And there are differences of administrations, but the same Lord.

And there are diversities of operations, but it is the same God which worketh all in all.

But the manifestation of the Spirit is given to every man to profit withal.

For to one is given by the Spirit the word of wisdom; to another the word of knowledge by the same Spirit;

To another faith by the same Spirit; to another the gifts of healing by the same Spirit;

THE GOOD CROWD that attended the concert that Mr. Lloyd London played on the restored Baldwin Concert Grand Piano at the high school auditorium last Sunday afternoon felt that Mr. LL was well prepared when he sat down to play. Instead of sheets of music, he placed a list of the tunes he planned to play on the piano music rack.

And Mr. LL played the whole concert without once referring to any music book or sheet. We asked him how much musical training he had received and Mr. LL told us that he took piano lessons two years, stopping when he was in the 5th grade. He reads music but needs to practice to do well with an unfamiliar tune. He has a musical ear and can play anything he can hum.

Mr. LL plays both the organ and piano and has a nice organ as well as a grand piano at their home. He took a course in organ some years ago when CJC had an instructor one year who offered organ lessons.

The concert was outstanding - a fine piano and a good musician. The community owes a debt of gratitude to Mr. Arlin Birt and wife Edna and their son Gerald for their work in restoring the instrument.

IT'S NOT UNUSUAL for the telephone to ring out at the Sutton Crofts home but it's not often that the caller says: This is Sutton Crofts and I'd like to speak with Sutton Crofts."

That's what happened the other day. The caller was Elizabeth Sutton Crofts of Quebec, Canada, and formerly of London, who called to see if she and Cisco's Mr. Crofts had mutual relatives. They compared notes for a time and decided that Cisco Sutton's father and Quebec's Sutton's grandfather were brothers.

The Quebec lady was in Texas to visit a daughter at Texas A&M and heard about Cisco's Crofts. And she decided to call. They plan to meet next time she gets to Texas.

Sut's wife Mary, by the way, is doing nicely after recent eye surgery. Her eye doctor presented her with a video tape of the operation and after seeing it she isn't sure she'd have another.

MR. HUBERT Kennedy, who lives out on 14th Street, has what you could call a backlog. His hobby is working jigsaw puzzles and somebody gave him one recently with 2,500 pieces. And it took some three weeks to put the thing together.

Hubert was intrigued with the big jigsaw puzzle and ran into a deal at a couple of stores and bought 38 of them - 38 2,500-piece puzzles! Maybe he'll finish them this decade... The biggest jigsaw Hubert ever worked had 3,500 pieces. He heard about one with 15,000.

Thanks to Hubert for a writing pen imprinted as follows: "If it's worth doing, do it for money." The Kennedys, Hubert, Pinkie, Snookie, Killer and Smokey Joe.

DOES CJC LADY Wrangler Coach Ronnie Hearne know about Darinda Darr, daughter of the Gene Darrs, who is a star basketball player at Levelland? He does and, he says, she's a junior this year. He was impressed when he saw her play recently... Mrs. Ethel Mae McClelland underwent

eye surgery in Dallas on Monday and was reported to be doing nicely... Mrs. David (Beverly) Turner and two children of Laredo spent last weekend with her husband's parents, the Howard Turners. David, a CPA, was busy at home with people's income tax returns.

A CROWD OF some 50 folks enjoyed a family dinner of barbecued chicken with nice trimmings at the Cisco Country Club last Thursday night. Bingo games provided entertainment after dinner. Winners of bingo prizes included Howard Turner, John McGuire, Cindy Hayes of Fort Worth, Helen Surles, Cam Webb, Tim Jones, Dorcas Sittin, Varge Daniels, Evelyn Daniels, Evelyn McGuire, Beverly Turner, Gloria Turner, and Helen Crawford... Handling the bingo game were Sutton Crofts and Tiffany Thomas.

AN ITEM IN the Lobo Howl feature of The Press last Sunday noted that the student council raised over \$100 to get Principal Jack Martin to kiss a pig. What was that all about? We checked into it and learned that the money raising project had the pig kissing as a bonus for the teacher whose container had the most money. And Mr. Martin won. The pig turned out to be a baby white one with a pink ribbon around its neck. And Mr. Martin duly kissed the pig as students applauded in a special assembly program recently on council election day.

WENT OVER TO Breckenridge last Saturday to see some of the Buckaroo Relays in which CHS track teams participated. Found a big crowd in town as they were also having their rattlesnake roundup. The track stadium was packed as 15 or 20 teams were there to compete.

Driving home, we saw something pretty unusual - two rainbows that seemed to be about a mile apart. Guess there must have been an extra big pot of gold under them.

DR. AND MRS. Ayres Cermin of our town went to Copper Mountain, Colorado, last week. He attended two medical seminars each of seven days and they got in a couple of hours of snow skiing most days. Their son, Banker Jeff Cermin and wife Corey of Grand Prairie, were also there... Mrs. Kitty McCracken was in Abilene one day last week to meet a new grandson - the son of Sharon and Chuck Lamontayne. The Lamontaynes have a five-year old daughter... Mrs. Helen Surles planned to be in Denver March 28th for the wedding of Lori Ann Surles, daughter of the Buddy Surleses and Mrs. HS's granddaughter... Mrs. Eddie Hayes and daughter Miss Cindy Hayes of Fort Worth spent a couple of days last week here in the home of Mrs. EH's sister, the Marshall Joneses.

THE BOARD of directors of the Hilton Community Center met last Friday and looked after routine business, including talking with the restoration contractor about some of the little details of finishing his work. The board also gave approval to the special bus trip to Big D on June 19th to

carry folks to the Mormon Tabernacle Choir program.

AREN'T THE flowering trees and shrubs beautiful around town? That is, if the winds didn't blow them away Monday. The beautiful pinkish tree at the Don Reynolds home out on 19th Street is an ornamental Crabapple, he told us... Many redbud trees are in full bloom over town, and the big white tree in front of the post office is real attractive right now.

local news in brief

FIREMEN CALLED Cisco firemen responded to a call at 7:45 a.m. Tuesday to put out an automobile fire at a residence at 5th and Front Street. The car's engine was extensively damaged, firemen said. Fire department records did not show the name of the car's owner. Firemen went to the White Elephant Restaurant area at 11:45 a.m. Monday to put out a grass fire.

Blood Drive Is Planned For April 9

Public School Choir To Participate In Festival

Fourteen public school choirs are expected to participate Saturday, March 28, in the annual Cisco Junior College Choir Festival. Director Tim Jones reported that the program will begin at 8:20 a.m. with concert playing and sight reading events. Solos and ensembles are scheduled to start at 2 p.m. Choirs accepting invitations included Cisco Elementary, Graham High School, Wylie Middle, Sweetwater 9th Grade, Graham Junior High, Irma Marsh (Fort Worth) Middle, Colorado City Middle, Sweetwater High School, Seymour Junior High, Graham Elementary, Colorado City High School, Eastland Elementary, Eastland First United Methodist Church, and Wylie

6th Grade. Judges for concert playing will be Wyley Peebles and Steve Zell, Cisco Junior College music department, and Wayne White, Cisco High School band director. Mary Tabor of Brownwood will judge sight reading. Some 600 musicians are expected in town for the day. Approximately 1,000 were in Cisco last Friday and Saturday as 12 junior high school bands participated in the annual CJC Junior Music Festival. The event was a good success, Director Jones reported. Twenty-for bands are expected on the CJC campus Friday and Saturday, April 3-4, for the annual senior band festival. Playing will begin at noon on Friday and at 8:15 a.m. on Saturday.

Kiwanis Club Presents Program

Cisco Kiwanis Club presented a railroad safety program to Cisco Elementary School students Thursday.

The film and placards, provided by the Union Pacific Railroad, were shown to the 499 students in grades first through sixth. Following the program, students were graded on what they had learned about railroad safety.
