Election Day Is Saturday, April 4

Approximately 1,000 votes have been forecast for the annual City Council, School Board and Hospital District Election that will be held Saturday, April 4, at the Laguna Hotel in Cisco. Voting will be from 7 a.m. to 7 p.m.

Judges for the election are: City and Hospital, M. L. (Top) Bailey; and school, Vonda Anderson. Approximately 12 persons will serve as clerks to assist with the election. The usual rules and regulations governing elections will prevail.

The official ballot for the Hospital Board lists two candidates for the two vacancies. They are DeAlva Chambers and Dr. Virgel Patrick, the two incumbents. Both are well known in the community.

Bural Chambers, incumbent, is unopposed for reelection to Place Five on the City Council. He is a funeral director and an owner of Cisco Funeral Home and is active in community affairs.

Place Six on the City Council has two candidates running for the place in which

Bobby Ingram has been serving. The candidates are Lonny Peacock and Dr. John Muller.

Mr. Peacock lives with his family at 905 West 8th Street. The Peacocks operate the Armstrong-McCall Beauty Supply business here, opening the business in Cisco three years ago. He is a native of Mississippi where he finished high school and college. He is an Air Force veteran and the father of two daughters, ages 12 and 16. The Peacocks attend the Assembly of God Church.

Dr. Muller is dean of students at Cisco Junior College and has lived in Cisco for 12 years. He is a native of Burk Burnett and a graduate of the University of Missouri (MA and PhD) and North Texas State University (BA). His wife is the former Katherine Fricke, native of Cisco, and they have one daughter. They are members of Redeemer Lutheran Church.

There are three candidates for Place Four on the board of trustees of the Cisco Public Schools - Yolanda Anderson, Clyde Sublett and

Ralph Berry. Mrs. Anderson is the wife of Mike Anderson, local oil man, and they have lived here 11 years. They are the parents of two school age daughters, Shannon, freshman in high school, and Amy, 5th grader. She grew up at Refugio and is a graduate of South Texas Business College, Corpus Christi. She is active in the Civic League and community affairs and is a member of Redeemer Lutheran Church. Mr. Sublett, a native of Weatherford, grew up at Patillo in Erath County. He is a graduate of Tarleton State University and is superintendent of Mitchell Energy and Development Company's natural gasoline plant southeast of Cisco. He and his wife Debra own their home on West 14th Street and have three children,

ages nine, six, and three. He is a Little League Coach and the family attends the Church of Christ.

Mr. Berry, the incumbent, is completing his first term as a board member. He is a native of Cisco and is a graduate of Cisco High School and attended Cisco Junior College. He has been employed for 18 years by Texas Coca Cola Company in Eastland and he is a stock farmer. He has a 15-year old son in high school. He is active in the Cisco Livestock Show Association and is a Methodist.

Candidates for Place Five on the school board are listed as follows: Troy A. Hightower, Danny Ray Schaefer, David Callarman, Ron Rhodes and Tim W. Boersma.

Mr. Hightower and his family moved to Cisco in

1976. He is a native of Lawn, south of Abilene, where he finished high school. He is the father of two children in school, a sophomore and a 6th grader. Mr. Hightower is

Yolanda Anderson Gives Political Statement

YOLANDA ANDERSON

I am Yolanda Anderson, a candidate of CISD Trustee, Place 4.

My husband, Mike, and I have lived in Cisco for eleven years. We have two daughters, Shannon, a freshman and Amy, a fifth grader.

I am a member of Redeemer Lutheran Church. I have been active in P.T.O., Civic League and helped sponsor activities and

special functions while Shannon was in Jr. High.

My reasons for running are simple. I am a concerned parent and want the best possible school system for the children of Cisco.

I am interested in the quality of education, extra-curricular activities and a sound vocational program. Each of these programs will be important to the individual student in attaining their future goals.

It is my belief, in order to achieve these, we must strive to have the best teachers, administrators and facilities possible.

Given the opportunity to serve as a board member, I will strive to keep an open mind when voting as I believe will best benefit our students.

When casting your vote on April 4, I would appreciate your support. Thank you.

Judge Wright Agrees To Step Down As Trial Judge In Garcia Case

Yielding to a request by three defense attorneys, Judge Jim R. Wright of the 91st District Court has disqualified himself as the trial judge for defendants in the Garcia Murder Case. The case was scheduled for trial Monday, April 6.

Attorneys Saul Pullman,

George Gray and Keith Woodley who represent three of five people indicted in connection with the 1981 case filed a request last Friday that Judge Wright step down. He agreed and Charles J. Murray, administrative judge at Fort Worth, has assigned Judge

Claude Williams of Dallas to try the case.

The defense attorneys also requested:

1. A change of trial venue.
2. A delay in beginning the trial.
3. That a gag order be issued to prevent attorneys and witnesses in the case from talking to the news media.
4. That Special Prosecutor

Bill Hart be ordered to reimburse the county for the money he has been paid as special prosecutor.

5. That the court order the Eastland County sheriff to bring Charles LeFlore to Eastland for defense attorneys to interview him.

Attorney Keith Woodley,

CISD Board Of Trustees Hire Buddy Sharp

BUDDY SHARP

Buddy Sharp of Clarendon was named head coach and athletic director of Cisco High School at a special meeting of the board of trustees Monday night at the school library. Supt. Ray Saunders announced Tuesday. He will succeed Doyle Walker, who resigned

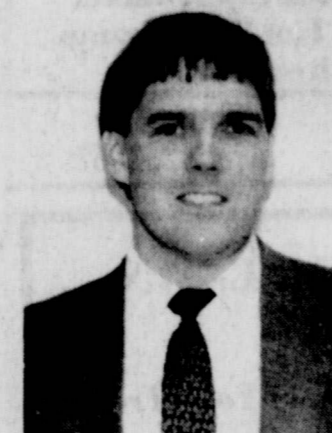

recently. Mr. Sharp, 49, is a native of the Texas Panhandle and finished high school at Pampa. He went to Baylor University to play football and baseball and transferred to West Texas State University after suffering a disabling injury. He graduated from West Texas in 1963.

As a head coach for 14 years at Olton, Sunray, Dalhart, DeLeon and Clarendon, Mr. Sharp has compiled an 82-56-4 record. He has been at Clarendon one year and finished 4th in district with a 4-6 record after being picked to finish last. He won championships at Sunray and Dalhart.

Mr. Sharp's current track team has boys in the regional meet and possibly

Tim Boersma Gives Political Statement

TIM W. BOERSMA

Tim W. Boersma is a candidate for seat number 5, C.I.S.D. School Board. "My wife, Marcia, and I have been Cisco residents for the past three years. Our daughters, Jamie 6, Lori 8, and Stacy 10 years old, all attend the Cisco Elementary School. Because of our daughters' and our friends' children's involvements in the Cisco School System for the next 13-15 years, I feel that it is imperative that I be as involved as possible in the operations and functions of our educational system in Cisco.

Any School Board Election Platform must include as its goals the quality education and maximum educational exposure of each student in the school system. It is obvious that the difference in views and candidates must be based on the mechanisms of achieving and implementing of these goals.

We know that physical plants in themselves do not specifically dictate all students' performances and achievements. Certainly in every setting there are maximum achievers that have reached the pinnacles of education and performance, even from one room school houses without the aid of computers, calculators, electric movie screens or refrigerated drinking fountains, although these are usually the exception. I do believe that our physical plants do indicate to our students, parents and educators alike what priori-

ty we place upon education. I feel we are indicating through our resistance to improve our physical plants that education is not a priority and this will be detrimental to our educational system.

In the last 25-30 years the educators and administrators have been forced to play a much greater role in molding our children's futures. In most cases during the school year teacher-student contact time greatly outweighs parent-student contact time. With this in mind we really need the best educators and administration we can find. The adage 'you get what you pay for' returns again and again. I don't feel that we can afford to short-change the teaching profession. These individuals have to support themselves and their families. Save the few that will remain here because of family ties, we cannot expect quality teachers to stay in a school system if we are not competitive enough to make it financially practical for them to do so. If we shoot for the bottom of the pay scale, we are likely to get what we pay for.

In the last 25 years as parents have abdicated a God-given responsibility to State and Federal governments. We as parents have turned our backs upon parenthood, expecting the Government to educate, clothe, heal, feed and teach moral and social values. We expect our teachers to play our role as parent as well as teacher and disciplinarian. I feel that we need to return that responsibility for education and it control to the place it belongs - to the parents and educators, not the State or Federal Government. The teaching of morals, ethics and integrity belongs in the home, not at the Capitol. Traditional values and ethics are going to have to be the mainstay of

Have you thawed out yet? It seems as though freezing weather is a little harder to take after we've had a few beautiful warm spring days. Of course on some of those beautiful spring days I had my hair rearranged every time I stepped out the door.

Also it's that time of the year when everyone has to keep an eye out on the weather. The next three months, (April, May and June) are the months when the most violent weather will

occur.

It will be a good idea for everyone to attend the Weather Watch program that will be held on Tuesday, April 7, at the High School auditorium, at 7:00 p.m.

David Gill, Cisco fireman, said that Buddy McIntire from the National Weather Service in Fort Worth will give the program and he will also answer questions about the weather after the program.

Danny Schaefer Gives Political Statement

DANNY SCHAEFER

By Lela Latch Lloyd

Danny R. Schaefer, life long resident of Eastland County, is a candidate for Place 5 on the Cisco Independent School Board with excellence as his platform. Election slated April 4.

"I think our schools are good. I have no axe to grind. No special group backs me for the promotion of my vested interest or the ouster of any one individual. I am running because I have three sons who will keep my wife and me closely associated with the Cisco schools for the next 15 years. I want to help in providing those children of ours and those of all other parents with the best physical plants in which to study, and a core of teachers to divest those studies, so that they will be conducive to the highest moral atmosphere possible. I dream of the time when each student in every classroom will be challenged to EXCEL. Along with the classroom excellence, I want us to be TOP NOTCH in all extra curricula activities; STARS in the band; in all University Interscholastic League; in literary and sports contests; and outstanding in the Lobo realm of football, basketball, baseball, and track and field events.

Schaefer does not endorse the "No Pass No Play" edict. "That is not new," he said. "That rule has been in effect for years, except the student was penalized for one week of participation and ineligible until he made up his work. I believe that penalizing a student for 6 weeks is too harsh for the student and the team. A six-week period of inactivity virtually removes him from every extra-curricula event

for the semester. He can rarely catch up if he loses that much training in the athletic world, and that much practice in band rehearsal or any other event. I hope that Governor Clements sees fit to relax that rule.

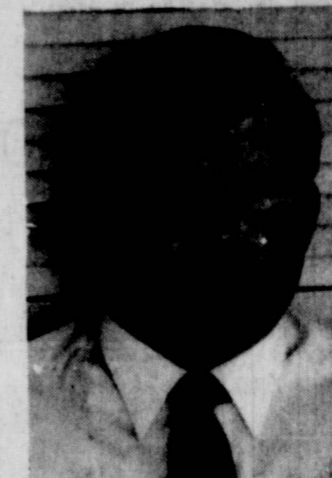

"I also think that the career ladder program should be modified to improve morale among our teachers. The ladder leads to animosity among teachers. I hardly think an evaluating team can correctly appraise teachers with only one or two listings. I think the administrators, especially, the principals who work with the teachers daily are, or should be the ones who decide whether a teacher is doing his job and the degree of excellence in which he performs it. Give the administrators some power. Restore some authority to the classroom teacher. Use the money for the evaluation committees, the success ladder, and the Teacat tests for teachers who want to study beyond their first degree. When they attain a prescribed amount of additional training, award them monetarily. In so doing, the less ambitious ones will gradually weed themselves out. I think this type of winnowing will produce a stronger faculty and enable any ambitious teacher to higher standards.

Danny graduated from Rising Star High School in 1967 and from Cisco Junior College in 1969. He paid his way in college by working as a disc jockey for radio station KSTB in Breckenridge. After finishing CJC, Schaefer enlisted in the USAF in the summer of '69. Military testing showed his strongest aptitude in the field of electronics. Assigned to a special school in Mississippi for a year of intensive training, he earned his A.S. degree in electronics. The B52's on which he served as an airborne radar specialist, were stationed in countries adjoining Viet Nam. He flew on combat missions and still maintains his private pilot's license for a single engine plane.

Schaefer and his wife, Elaine, and their three sons, Sean, Matt and David, live in the Pleasant Hill community

Ron Rhodes Gives Political Statement

RON RHODES

I, Ron Rhodes, take this means of asking the school patrons on Cisco Independent School District to support my candidacy for Place 5 on the Board of Trustees. I am a native of this area, having graduated from Cross Plains High School in 1966. I received an Associate of Arts degree from Cisco Junior College in 1968 and a BBA degree from Texas A&M University in 1970 with a major in Finance.

My father is Gene Rhodes, longtime manager of West Texas Utilities in Cross Plains. I am married to the former Nancy Campbell, daughter of Mr. and Mrs. Douglas Campbell of Cisco. I have three children, Kim, Kelly and Jeremy who attend Cisco schools.

After graduating from Texas A&M, I accepted employment with Texas Electric Service Company where I gained valuable experience in management and budgeting process. I am currently employed as Area Claims Manager for Germania Farm Mutual Insurance; Nancy is associated with the Germania local chapter in Cisco.

In 1980 Nancy and I, concerned with the welfare of our children gave up good jobs in order to return to home territory where our children could grow up in a

small town and attend schools in which they would not be exposed to the problems encountered in city schools. This was the wisest decision we ever made. Our home is directly east of Cisco High School, and we like very much what we see there.

I consider Cisco to be very fortunate in the calibre of school administrators in our school system. If elected trustee, I would hope to support Superintendent Saunders in the fine program he has in operation. Not only is he highly trained and widely experienced, but he is in the position to know first hand the needs in all areas of instruction as well as the rigid limitations imposed by recent legislation and by economic conditions. I feel that groups who pressure for special favors in one particular area of instruction do a dis-service to all students. The prime purpose of any school should be first to provide a strong academic program in the basics and then to expand the curriculum to a balanced program of other subject fields and extra-curricular activities within the framework of funds available and regulations imposed by state law.

I feel that I have the qualifications in background and training to make a real contribution to Cisco schools if I am elected. Having a twin brother who is a school superintendent, I am well aware of the problems small schools face today. I appreciate what Cisco schools are doing for my children, and I would like to share my time and ability in service to these schools.

I shall deeply appreciate your consideration and your vote on April 4.

Sincerely,
Ron Rhodes

education if we are going to continue to turn out quality, educated, productive individuals, we need to scrap humanism and situational ethics and resume the age-old tried and true Judeo-Christian ethics that have been the basis for the establishment of the home and a strong educational background in the past.

I realize these items cannot be changed overnight. But I do feel that the change has to start somewhere. And what better place to start than here with our own children in our own school system. 'As Texas goes so goes the Nation.'

I am not new to the field of education. My mother taught for 25 years and most of my family are educators. They have all played a roll in showing and teaching me the value and marketability of a good, quality education.

I attended Elementary,

Junior and Senior High Schools in Naperville, Illinois, graduating in 1969. I received by B.S. in Human Physiology and Pharmacology from Oklahoma State University, Stillwater, Oklahoma, in 1973. I spent 2 years in post-graduate study at Oklahoma State University from 1973-75 before accepting a position at the Oklahoma College of Osteopathic Medicine and Surgery, receiving my Doctorate in 1978. Following a one year rotating internship at Stevens Park Hospital, Dallas, Texas, in 1979 I returned to Oklahoma and began my family practice. After 4 1/2 years I was recruited by Hendrick Hospital and relocated here, in Cisco, Texas.

I believe that we could find no finer place to raise our family, practice medicine, and worship than here in Cisco. I would look forward to serving as a School Board member, place 5 for you and your children, as well as our own.

on a plot of land that formerly belonged to Elaine's grandfather, Robert Hageman.

Schaefer works full time for Ensearch Exploration as a Pumper I. His work keeps him out in all kinds of weather producing natural gas for home and industry.

Danny, Elaine and their three sons attend First United Methodist Church, where Danny has served as Sunday School superintendent, lay speaker, and as a church trustee. Elaine teaches the High School Sunday School class.

Candidate Danny comes from four generations of Schaefers that have been born in Eastland County. He says of his great, great, great, grandfather, "He arrived in Corpus Christi in the 1860s with a small son and daughter. Overland in a covered wagon, they came to Nimrod where they had heard there was farm land for homesteading and growing cotton. The trio, lately from Germany, built a homestead cabin and began growing cotton. There they stayed until the two little

ones were grown and their father died. They buried him on a neighbor's farmstead with trees marking his grave on the Weiser land. The daughter married and moved to Oregon. Entering Emile Paul stayed on the Nimrod farm. There his 11 children were born and grew to adulthood. Two boys were the sons of his first wife and 7 boys and 2 daughters were the offspring of his second wife, Olga Johnston from Sweden. Four of her nine children still live in Eastland County. Within the age frame of 70 to the late 90s are Conrad of Rising Star and Rudolph, Henry and the two sisters, Annie Schluter and Bertha Reimers, all of Cisco. Danny's parents, Don and Charlene Schaefer own Madison's Western Store in Cisco.

Danny concluded the interview with this, "My wife and I are Christians and hold to the Christian belief that our children are a gift of God and should be brought up in the nurture and admonition of the Lord. A man's children are like jewels in his crown. Elaine and I are blessed to have our children and strive to provide a Godly home for

Cisco FFA Judging Team Enters Tarleton Contest

The Cisco FFA Judging Team went to the Tarleton State University judging contest last week. The contest was open to all schools in Texas. The livestock judging team did well. TSU gave only individual placings, and Shannon Berry placed 14th High Individual in the contest.

The judging teams also went to Sweetwater Judging Contest and Cisco FFA placed sixth in the Sweepstakes. Cisco FFA Livestock Team was just out of the top 10 teams. The Livestock Team is made up of Shannon Berry, Ricky Chambers, Chris Ledbetter, Emory Kea and Ronnie Ingram. Shannon Berry was ninth High Individual.

The Range and Pasture Team placed sixth in the contest. Team members are Debbie Harris, Scott Stuart, Leslie Allen, and Philip Shackelford. The Livestock, Range and Pasture and Land Team

were in Abilene for the ACU Judging Contest Tuesday, March 31. All the judging teams will attend the Bi-Area Judging Contest on Saturday, April 4, at Tarleton State University.

Spaghetti Dinner: Easy As Pie

Try a new approach to the conventional Italian spaghetti dinner by serving hearty Italian Spaghetti Pie.

Italian Spaghetti Pie

6 oz. uncooked spaghetti
1 lb. ground beef
1/4 cup sliced celery
1 1/2-oz. jar prepared spaghetti sauce
4.5-oz. jar Green Giant sliced mushrooms, drained
2 eggs, slightly beaten
1/3 cup grated Parmesan cheese
1/2 teaspoon garlic salt
Parmesan cheese

Heat oven to 350°F. Grease 10-inch pie pan or 9-inch square pan. Cook spaghetti to desired doneness as directed on package; drain. Set aside.

In large skillet, brown ground beef with celery; drain. Stir in prepared spaghetti sauce and mushrooms. Simmer 15 minutes. Combine cooked spaghetti, eggs, 1/3 cup Parmesan cheese and garlic salt; toss lightly. Place spaghetti mixture in prepared pan. Press evenly in bottom and up sides of pan, forming a crust. Pour meat mixture over spaghetti; cover with foil. Bake at 350°F. for 25 to 30 minutes. Remove foil; let stand 5 minutes before serving. Sprinkle with Parmesan cheese. 6 servings.

PUTNAM NEWS

March Weather

March came in like a lamb and it seems to be keeping to the old tradition going out like a lion. This (Friday) is a beautiful day but Charlie Jordan says the rest of the week is going to be bad. The wind, 70 mile gusts that we had Monday did some damage in Putnam, blew a tin roof completely off Arnold Pruett's house and bent his TV antenna. My neighbor says she has some scissor tails, the buffalo clover is blooming, the red buds and lilacs in full bloom—but "The Old Mesquites Ain't Out Yet!!!"

We are sorry to hear of the death of Donna Shackelford at Baird yesterday. Her husband Jiggs was reared at Putnam. Our deepest sympathy to the family.

50th ANNIVERSARY
About 200 guests attended the reception at the Highland Church of Christ at Abilene last Saturday honoring the R. W. Reynolds on their 50th Wedding Anniversary. Their children hosted the affair. The Reynolds lived at Putnam for a long time while he was superintendent of the Putnam school.

Glad to report that Jack Ramsey came home Wednesday from Humana Hospital at Abilene where he had surgery some 10 days ago.

Anita Buchanan returned home Thursday from a few days vacation and skiing trip to Ruidoso, New Mexico.

Mr. and Mrs. Babe Donaway and Mrs. Wilma Stovall of Odessa spent last weekend with their sister, Annie Mae Donaway, and visited their mother, Mrs. Nettie Speegle, at Baird Nursing Home.

Mr. and Mrs. Hubert Donaway and daughter, Dianne of Odessa, visited Annie Mae Tuesday on their way to East Texas where they will spend spring break.

Bill and Dorothy Taylor of Weatherford and Homer Taylor of Sweetwater visited their mother, Mrs. R. B. Taylor Sunday.

Diane Heidelberg and son, Chris of Breckenridge visited their grandmother Ollie Burnam Sunday, also visiting Ollie this week have been Retha and Bill Brown and daughter Charla of Weatherford.

I. G. Mobley celebrated his 83rd birthday this week. Many more, I.G.

The G. W. Weeks have been attending a vacation Bible School at the Baptist Association at Clyde, and also attended a meeting at Cottonwood on Wednesday evening.

We are proud of our Putnam youngsters. Belinda Maxwell and W. L. Jagers played with the Baird Band that won the Sweepstakes at the band contests at Cisco last week.

Remember we have a City Election coming up next week. Be sure and go vote for our city council members.

Clydine Johnson of near Scranton visited her brother, Jack Ramsey, Thursday.

Life On The Quiet Side

By Sandra Prickett

Intelligent friends visited us from West Texas. You know the kind that know all about the stock market and the price of gold and all that important stuff. These well bred city folks and my family went for a swim in my beautiful lake. Actually it's no more my lake than anyone else's, but I can't help thinking of it as such.

We floated around on our inner tubes and their expensive rafts for quite awhile. Tired of the sun, we all climbed out of the clear water and sat visiting for awhile.

Finally the city slicker — I'm not making too much fun, as it wasn't too many years ago that I was considered one — said, "Think I'll go in and shower and get this lake water washed off."

My husband and I exchanged knowing smiles. That same water flows from lines we've installed into the shower, not chlorination, just a home filter.

And that's life on the quiet side (we won't tell) in the slow lane at Lake Brownwood.

AUXILIARY MEETING
The regular meeting of the American Legion Auxiliary will be held on Monday, April 6, beginning at 7 p.m. All members are urged to attend.

Cindy Lancaster and daughters of Dallas visited with friends in Moran last week.

Bill Groda is receiving treatment in the Veterans Hospital in Big Spring.

Mr. and Mrs. James Garrett, Mae Delle Jones, Rhea Cannon and Elma May Huskey attended the reception for Agnew Lee Howard in Albany Sunday.

WEATHER

Moran and community was more or less on a stand still over the weekend as the weather was bad. On Sunday morning, sleet or snow was on the ground with 20 degree temperature. It is predicted that the fruit and gardens have been frozen. People can start their gardens over.

BIRTHDAY CLUB

The regular meeting of the Moran Birthday Club will be held on Tuesday night, April 14, at the Moran Coffee shop at 6:30. All those having birthdays in April will be honored.

BINGO

R. G. Robinson of Scranton was the winner of the main jackpot at the Bingo Games at the American Legion Hall in Moran Friday night. There were 103 players and a total of \$1,670.00 was given away. The winner take all game for \$350.00 was divided between Lula Dickson of Albany and J. F. White of Fort Griffin. This week the main jackpot will be \$322.00 and the mini jackpot will be \$100.00. Bingo games are held each Friday night at the American Legion Hall in Moran starting at 7 p.m.

A REMINDER

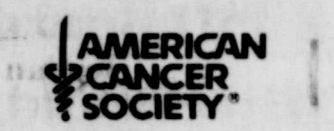

Be sure to move your time forward one hour this weekend. If you wish set the clock up one hour before you retire Saturday night or at 2 a.m. Sunday. If not you will be late for church or work or anything else that you plan to do, but remember to move the time up one hour.

Blood Drive Is Planned For April 9

A blood drive is being planned by the E. L. Graham Memorial Hospital Auxiliary, according to a report from the auxiliary.

The blood drive is scheduled for Thursday, April 9, from 10 a.m. until 4 p.m. at the hospital.

Eastland Woman Given Six-Year Theft Sentence

A former Eastland woman pleaded guilty to felony theft Friday in 91st District Court. Mary Jane Thomas, 28, of Grand Prairie was assessed a six-year prison sentence in the Texas Department of Corrections.

Judge Jim Wright probated her sentence for six years and ordered her to pay a \$500 fine and \$294 in court costs. Under terms of her probation, she must also make restitution of \$9,764.14. According to testimony, she took that amount of money from Wilson Oil Field Service of Ranger while employed there from 1985 until May of 1986.

District Attorney Emory Walton was prosecuting attorney and Wayne Weaver of Stephenville represented Thomas.

Suspected Drug Sellers Arrested

Two Cisco men have been accused of selling drugs while test-driving a friend's pickup truck.

The two had just repaired the truck and were taking it for a test drive Wednesday afternoon, according to Eastland Police Chief Lyndall Underwood.

Underwood said his officers received a tip about the drugs and a description of the Ford pickup truck. After officers stopped the truck, they seized almost 14 grams of what they believe to be methamphetamines.

The two men, who are 28 and 31, were taken to the Eastland County Jail, where they made bonds of \$2,000 each.

Eastland County Man Receives Maximum Penalty For DWI

A jury gave a 42-year-old Eastland County man the maximum penalty Monday for a third felony charge of driving while intoxicated.

The jury found Raymond Brooklyn Stuart, of the Scranton Community, guilty after 10 minutes of deliberation.

After the trial's punishment phase, the jury sentenced Stuart to five years in the Texas Department of Corrections and ordered him to pay a \$5,000 fine. Stuart was arrested Nov. 2, 1986 in the Scranton Community by Trooper Robert Ralls of the Texas Department of Public Safety.

During the punishment phase of the trial, District Attorney Emory Walton showed evidence of Stuart's prior convictions for driving while intoxicated and a conviction for assault with a deadly weapon.

Recipes

CREAM PUFFS
This week I would like to share with you, "the cream puff". Don't let the name fool you; its as versatile as a bag of dried beans - its all in the attitude, like a week of rain, we could hang in the house, dressed like a shlep; near, or in a depressed state, or smile and get the mixing bowl out and tell the kids "you're gonna like this one." If they are the age where food is "in" you are in luck. Try this one you WILL like it - made with many different fillings. I will send this one today, puffs are really best with sea foods. And take a notch off your belt, or jog for a week, because there are a few outrageous desserts. If you would like the other filling recipes, write in and I will be happy to print them out.

CREAM PUFFS
1/2 c. butter (or margarine)
1 c. boiling water
1 c. sifted all purpose flour
1/4 tsp. salt
4 eggs
400° oven
Melt butter in 1 c. boiling water. Add flour and salt all at once, stir vigorously, cook and stir till mix forms a ball that won't separate, remove from heat cool slightly, add eggs one at a time beating well into mix till dough is shiny and smooth.
Drop by heaping tsp., 3 inches apart on greased cookie sheet. Bake 400° til golden brown and puffy, about 30 minutes - remove; split tops; cool on rack. Makes 10.

FILLING FOR PUFF
This is great for a light lunch (or dinner).
1 lg. tin water based tuna, drained
Put into mixing bowl.
Add 2-3 tbsp. salad dressing (more or less if preferred)
1/4 tsp. pepper (and salt if you like)
1/4 c. finely chopped onion
1/4 c. finely chopped celery
(1 tsp. sweet minced pickles - if preferred)
1/2 tsp. vinegar (cider) or lemon juice
Or make the tuna salad however you prefer. Mix well.
When puffs are cooled, slice off tops fill them with the tuna salad. Lay a green leaf of lettuce on plate, but the puff on the leaf, slice tomatoes on top of puff, sprinkle shredded lettuce over top of tomatoes, slice colby or cheddar cheese, cut in triangles and line them along side of plate slightly under puff, and ripe olives on the other side. Serve with a colorful salad, french bread, crackers or breadsticks.
This is good - but most of all fun to make, and the kids will enjoy seeing how the puffs look done, next to the pallid dough it once was. Seriously, you'll enjoy it. Good health to you.
Mary Bostick

HOMESTEAD EXEMPTIONS

CAN LOWER THE PROPERTY TAXES ON YOUR HOME

A homestead exemption lowers the property taxes on your home by lowering its taxable value. For example, if your home is valued at \$50,000 and you receive a \$5,000 homestead exemption, your home will be taxed as if it were worth only \$45,000.

You qualify for a homestead exemption if you owned your home on January 1 and used it as your primary residence on January 1. It doesn't matter whether your home is a house, a condominium or a mobile home.

Exemptions are available to all homeowners to lower their school taxes. Additional exemptions are available to homeowners who are disabled or age 65 and over. Other exemptions may be offered to homeowners by school districts, counties, cities, and special districts. All taxing units offer exemptions to disabled veterans.

EASTLAND COUNTY APPRAISAL DISTRICT
2nd Floor Eastland County Courthouse
P.O. Box 914
Eastland, Texas 76448
629-8597

Apply to your local appraisal district office at the address shown below for all exemptions you may qualify for. Application forms are available there.

If you received a homestead exemption on your present home in 1986, you won't need to apply again for 1987 unless your chief appraiser requires you to reapply.

However, if you passed your 65th birthday or became disabled before January 1, file a new application to receive the additional exemptions.

If you haven't received an exemption on your present home, or if you've moved to a new home, make a new application for 1987.

The deadline for applications is April 30, 1987. Contact your appraisal district before then if you need more time.

For more information, get a free copy of the pamphlet, *Taxpayers' Rights, Remedies, Responsibilities*, at your appraisal district office or from the State Property Tax Board in Austin.

ANNOUNCING
Taxavers Growth Annuity

8.00%
CURRENT RATE

Taxavers Growth Annuity is a single premium deferred annuity that can give you high interest earnings, not subject to current taxes, in a fully guaranteed cash accumulation plan.

SAFETY GUARANTEED

When you put your money into a Taxavers Growth Annuity, your principal and a stated amount of interest are 100% guaranteed at all times. The current interest rate is guaranteed for 12 months from the time you start your plan. And you don't pay tax on your interest until you take it out.

The Taxavers Growth Annuity is issued and guaranteed by Keystone Provident Life Insurance Company, a member of the Travelers family of companies. Keystone is rated A+ (Superior) by A.M. Best, America's premier insurance analyst.

FLEXIBILITY

You can design your Taxavers Growth Annuity plan the way you want it: to provide a lifetime of retirement income for yourself, your spouse or both; to provide a lump sum of cash for a new home or other major purchase; to fund your children's education.

SIMPLE TO START

Starting your Taxavers Growth Annuity is as simple as opening a savings account. Just come in to any Olney Savings office and fill out an application. To find out more, call or stop by any Olney Savings office—but do it today, the current rate is subject to change.

Don't miss the opportunity to discover how Taxavers Growth Annuity can deliver tax advantaged benefits year-after-year.

Endorsed by

OLNEY SAVINGS

Fishing Outdoors

By Terry Wilson

The Brownwood Bass Club would like to say thanks to all the anglers who braved the nasty weather this past weekend to attend their 15th annual Open tournament on Lake Brownwood.

With high winds, sleet, snow, and zero wind chill temperatures fishing was slowed to a crawl to say the least. Of 139 contestants only 42 anglers were able to catch fish 14 inches or larger. The winning weight was 3 fish 10.95 pounds. Big bass for the day was 7 pounds 2 ounces.

Local anglers attending were Chuck Burges, Bob Moore and Terry Wilson, who weighed in fish. Eddie Green, Kevin Weeks, Jay Clark, Jerry King, Herman Dunlap, and Trae Dunlap these gentlemen braved the elements but were unable to land a keeper.

Water temperatures at Lake Brownwood dropped 12 degrees in a two day period. And that hurts, folks. Not only for catching fish, but this spell will most likely have some negative effects on area lakes spawn.

Speaking of area lakes, reports prior to the weather change reports were as follows:

Leon: Bass excellent to 6 pounds on whatever you want to throw, crappie fair on minnows, catfish good to 12 pounds on trotlines.

Proctor: Bass excellent to 8 pounds on jig and pig most around 2 pounds on spinner's, crappie good in main lake brush piles, catfish excellent on minnows.

Hubbard Creek: Bass fair to 7 pounds on topwater, crappie fair in river areas, hybrid stripers fair to 6 pounds on rattling roques, catfish good to 23 pounds on live perch.

Lake Cisco: Bass good to 4 pounds on jigs in river areas. No other reports.

Area tournaments are as follows:

April 4&5 Coors Silver Bullet, Nasworthy Twin Butts, O.C. Fisher and Spence.

April 5th - Big Country Bass Club Hubbard Creek.

April 11th - Snyder Bass Club plus Tye Chamber of Commerce Lake Spence.

April 12th Eastland County Club Tournament

April 12th P.K. Bassmasters Possum Kingdom

April 25-26th Castle Gap Bass Busters Lake Spence.

May 9th Y.M.C.A. Benefit Striper Tournament Lake Spence.

May 9th Eastland County Club Tournament

May 16-17 KEAN Big Bass Classic Hubbard Creek.

May 16-17 High Sky Bass Club Lake Amistad.

As usual with spring comes our Texas winds, and they can sometimes hinder fishing to the point of getting skunked. But, there is an answer.

Tubing can produce some very rewarding days of anglers. Plus the cost to get rigged up is very little. A good quality tube cover runs around \$45.00. Waders cost from around \$6.00 up to \$200.00.

Twin Counties Special To

Arrive April 9

Eastland-Callahan County Newspapers are proud to announce the arrival of The Twin Counties Special at Gate No. 1 track No. 1 on April 9.

The Special is a new publication that will be forthcoming each month around the 15th. It will contain advertising from business of our two counties, a business directory of service type businesses, a restaurant guide, our dealing for dollars classifieds and other features as it grows.

The Special is a guide to Eastland and Callahan County businesses and services to our readers.

We will be printing 20,000 of these guides to be distributed throughout the two counties. Of course they will be in your newspaper, but will also be available at different locations in the counties. The Special will be free for the taking at each location.

Texas Railroads Show Lowest Accident Total In This Decade

Texas railroads logged their lowest accident total of this decade in 1986 according to Railroad Commissioner James E. (Jim) Nugent, who said the 262 accidents recorded last year represent a 34 per cent drop from the 399 mishaps on state rails in 1985.

"The numbers bear out what we told the legislature in 1983, the year they funded our state rail safety program," Nugent said. "We told them federal inspection efforts weren't enough as evidenced by the soaring rail accident statistics in the state."

"The modest budget they approved funded 10 state safety inspectors which increased the number of inspection personnel in Texas by almost 40 per cent," he continued. "We hired seasoned people, gave them the best training available, and you see the result in the dramatic drop in Texas rail accidents last year."

But Nugent said the state's rail safety picture isn't all rosy. The commissioner said

hazardous materials traffic on Texas rails is increasing as is the number of accidents involving those materials. He noted the Commission doesn't have any hazardous materials safety inspectors due to funding limitations.

"There is a dark cloud, a potentially lethal cloud, hanging over the people of Texas as hundreds of thousands of carloads of hazardous chemicals roll through the state each year," Nugent said. The commissioner said statistics compiled at the Commission show that from 1983 to 1986, the number of train accidents in Texas declined by 44 percent. But over the same period, the number of accidents involving trains carrying hazardous materials increased by 222 per cent and the number of hazardous materials cars

derailed increased by 120 per cent.

"I was alarmed to find that accidents involving trains carrying hazardous materials were only eight per cent of all train accidents in Texas in 1983, but that jumped to 45 per cent of all train accidents in 1986," Nugent said.

Commission statistics show that out of 470 rail accidents in 1983, 37 involved trains carrying hazardous materials. In those accidents, 44 cars carrying hazardous materials derailed, seven cars spilled a portion of their contents, and 700 people were evacuated. Last year, of 262 rail accidents in the state, 119 involved trains carrying hazardous material. A total of 97 cars carrying hazardous materials derailed with 17 of

those cars involved in spills. More than 4,000 people were evacuated as a result of the accidents.

Nugent said the Commission has urged the legislature to make rail safety a top priority despite the state's fiscal crunch. "Federal grant funds to the states for their rail safety programs were axed from next year's federal budget at one point," Nugent said. "Only because states like Texas stood tall in protesting those shortsighted cuts were we able to get them restored again. We don't think Texas should risk the safety of its citizens and property by depending on the whims of federal budget-cutters."

The commissioner said the Railroad Commission has asked the legislature to protect the state's rail safety efforts by funding them 100 percent with state funds, if necessary. The Commission has also asked for funds to hire and train hazardous materials inspectors.

Dealing-For-Dollars Ads Expand To 2-Counties

The Dealing-for-Dollars Classified Ads, a popular service that has been featured in Eastland County papers for the past few months will move to the new TWIN-COUNTY SPECIAL monthly publication, which will be distributed in Eastland and Callahan County Newspapers beginning in mid-April.

Format will remain basically the same with customers offered a Classified (word) ad of up to 25 words for \$1.00 per publication, cash in advance. The Dealing-for-Dollars Ads will terminate in the Cisco Press, Eastland Telegram and Ranger Times at the end of March.

I.R.S. (inventory-reduction sale) will be the format of the first twin-county publication and will also afford advertisers in both counties the opportunity of advertising their wares and services to the residents of both counties at special reduced space rates. Advertising copy must be turned in prior to Friday, April 3 for publication in the new edition, which will be distributed at mid-week the following week.

Purpose of the endeavor is to offer an economical vehicle in which merchants can advertise at mid-month each month, a time when their sales need a little extra boost. A pressrun of 20,000 is planned and the publication will be distributed to subscribers of the five newspapers, and additional free copies will be distributed in Clyde, Cisco, Baird, Eastland, Gorman, Ranger and Rising Star.

Individuals and firms wishing to take space advantage of this new two-county service may contact their local newspaper now. A Business Directory of services will also be a part of the new publication.

Details are available NOW at Callahan County Star, Cisco Press, Eastland Telegram, Ranger Times and Rising Star.

GOD'S LOVE

As the sun peaks over the mountains Sending its warmth to a sleeping world We see the start of a new day

Being blessed by our God's love. We see His love is with us In every living thing The flowers blooming on a hillside Blessed by the morning rain.

So lets not forget our brother In telling Him of God's love

By helping out our brother A blessing we may receive from above.

When the final curtain is drawn And we close our eyes in peace We will all know of God's love And the blessing we receive.

Corinth Baptist Church Revival Set For April 5-8

Reverend Benny Hagan, pastor of Corinth Baptist Church, announced that Corinth's SPRING REVIVAL will begin Sunday, April 5 and continue through Wednesday, April 8. Sunday services will be at 11:00 a.m. and 7:00 p.m. Weekday services will be at 7:30 p.m. The theme for this year's revival is "WHO WILL WIN AMERICA?" The revival evangelist will be Ron Bostick and the music minister will be Richard Rossander.

Evangelist Ron Bostick was raised in the Nimrod Community and attended Cisco schools. He is a graduate of Howard Payne University in Brownwood and Southwestern Seminary, Fort Worth, Texas. He was pastor of several Texas churches, including Calvary Baptist Church in Cisco. Ron and his wife, Salli, have most recently served as missionaries to Uganda and Kenya. Upon completion of their current furlough, they plan to go to Australia to serve as missionaries. Ron and Salli have three children and are presently living in Abilene, Texas.

Richard Rossander

Richard Rossander, a talented singer, will lead the worship through music. Richard, his wife, Barbara, and son, Don live in Eastland where Richard has been in the insurance business for sixteen years. He is a member of the First Baptist church and a member of The Conference of Texas Baptist Evangelists and Southern

Baptist Evangelist in which he actively takes part as a music evangelist. Richard has taken part and led singing in revivals in this area of Texas. He also has sung at numerous civic functions and at the Texas Baptist Evangelism Conference Afterglow.

In announcing the revival, Reverend Hagan stated, "Corinth is in the LIFE-CHANGING business. The living Christ offers to each of us a life worth living, full of joy and meaning." He invites the many friends of the Bosticks and the Rossanders to attend the Corinth revival services.

Corinth Baptist is located midway between Eastland and Cisco, one-fourth mile north of US 80 opposite Kendrick Amphitheater.

"Noises Off"

Reservations

Accepted

Reservations are now being accepted for Cisco Junior College Drama Department's upcoming dinner theatre production of "Noises Off." This zany new comedy, written by Michael Frayn, is sure to be a hit after last fall's smash "The Foreigner" in the new Hilton Community Center.

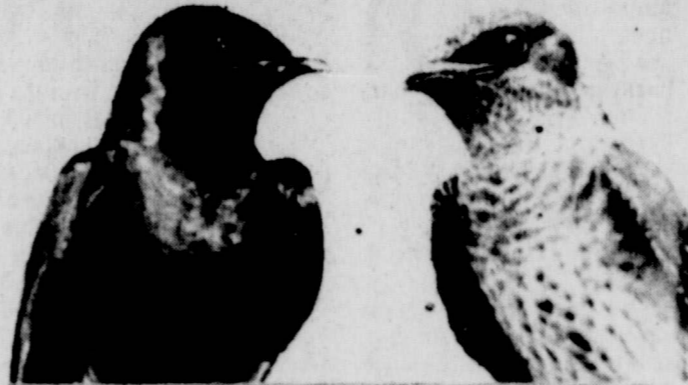

Preview performances will begin at 7:30 p.m. April 6, 7 and 8. Admission will be \$1. Dinner performances will be given April 9, 10 and 11 with dinner at 7 p.m. and the show at 8 p.m. The tickets will be \$9. The menu will include roast beef, au gratin potatoes, glazed carrots, Waldorf salad, homemade dinner rolls, and cherry pie. Caroll Brown, director of this recently released farce, said it is a comedy about "a very bad troupe of actors doing a very bad play... badly." "Noises Off" has received

J.L. Wade Authors Book Tax Return Dependents Must Have Social Security Number

ATTRACTING PURPLE MARTINS

-A new look at
"America's most wanted bird"

J. L. Wade

"Attracting Purple Martins", by J.L. Wade, is a new look at the species Wade made popular more than 20 years ago, and it shows how knowledge about this people-loving swallow has evolved in these two decades.

This is a serious look at the species Wade calls "America's most wanted bird". It's loaded with new information on migration, wintering habits, effective housing, preferred housing locations, problem control, and more.

Wade also made famous the claim that "a purple martin can eat 2,000 mosquitoes a day", and in this book he surveys the best supporting evidence for the martin as a mosquito-eater.

Wade began promoting purple martins in 1962 when he developed an innovative house made of aluminum. During the '60s he organized The Nature Society, invented Purple Martin Time celebrations, produced a movie about martins, and in 1966 published his first book, "What You Should Know About the Purple Martin". During the past two decades he has become identified far and wide with this popular species that inhabits tens of thousands of backyards in the U.S. and Canada.

"Attracting Purple Martins" is hardbound, 6"x9", has 240 pages, with 150 photos and drawings. Suggested retail is \$19.95. ISBN is 0-9616774-0-6. Publisher is The Nature Society, Purple Martin Junction, Griggsville, IL 62340.

Today, most working people and two-thirds of the dependents have a Social Security number. It is used primarily in recording lifetime earnings for entitlement to future Social Security benefits. Also it may be requested for a bank account or savings bond, a driver's license, an application for government benefits, a college entrance examination, or other purposes.

A provision in the Tax Reform Act of 1986 requires you to have a Social Security number for each dependent age 5 and over whom you list on Federal tax returns due after December 31, 1987. Just make sure you have it when you file your tax return early in 1988.

If a dependent does not

have a number, generally you can apply by mail or in person at any Social Security office. If a dependent is 18 or over or was born outside the United States, the application must always be made in person.

Evidence of the dependent's date of birth, U.S. citizenship or lawful alien status, and identity is required. A public, hospital, or religious birth record is usually sufficient for the first two proofs. School, medical, day care and certain other records can be used for identity.

Most school districts in the Big County area have agreed to assist the Social Security Administration in an effort to assign Social Security

numbers to students who do not already have one. Applications will be distributed through the schools to be taken home, completed and returned to the school along with the birth certificate. The documents will be left at the school for the student after proper certification has been made. The school records will be used for identity, so separate documents will not be required to anyone born in the United States.

If you have questions, the Abilene Social Security office is located at 142 S. Pioneer. The telephone number is 698-1360.

RANGER
Forty-three applications for Housing Rehabilitation work have been received by the City of Ranger, according to Mayor Raymond Hart. Applications will be accepted until 5 p.m. on March 31. Ranger has had two other grants from the Texas Department of Community Affairs, and these were used for water piping improvements. The Housing Rehabilitation Grant will provide funds for citizens meeting the requirements listed. Successful applicants are asked to cooperate with the city's efforts to clean up and remove debris and discarded materials now visible on private property.

The Ranger Volunteer Fire Department Ladies Auxiliary will have a Mexican Dinner on Sunday, April 5 from 11 a.m. until 2 p.m. at the Ranger High School Cafeteria. Tickets are \$4.50 each, and can be purchased now at the Ranger Fire Department or from members of the Ladies Auxiliary. If you need to call about tickets, you may phone 647-1423, or 647-5135. Help support the Fire Department and enjoy this delicious meal.

The Eastside Church of Christ, 316 Strawn Rd., is conducting a Five-night series of singing classes through April 3. Jay Bowman, Minister of the North Park Church of Christ in Abilene, will instruct the classes. The sessions will begin at 7:30 p.m. each night, and the public is welcome.

Plans are continuing for the Memorial Services, which will be held on Sunday, May 24 out at Memorial World War II Park on East Highway 80. The Park will be officially re-dedicated as Memorial Park on that day, a title which will honor the servicemen from all wars. The public is invited.

EASTLAND
Two new Extension Homemakers Clubs are now being organized in Eastland County announces Janet Thomas, County Agent. An Eastland Extension Homemakers Morning Club is being organized for young mothers in Eastland on Thursday, April 9 at 10 a.m. in the Eastland National Bank Community Room. Women in the Olden Community are organizing an Afternoon Club on Tuesday, April 21, 2 p.m. at the Olden Community Center. You are invited to join one of these new Clubs. There are no dues, and the Clubs meet once each month for Educational and Home Economics programs, and for fellowship.

Wanda Wheatley, R.N., Instructor of the Vocational Nurse Training Program at Cisco Junior College, has accepted a \$1,000 check from Beverly Enterprises for scholarships in that department. Judy Chaney, Regional Manager of Beverly Enterprises, presented the check. She stated: "This gift is a continuation of a tradition started by Beverly Enterprises several years ago to encourage students to enter vocational nurse training programs."

A revival titled "Alive In Christ" will be held Sunday through Wednesday, April 5-8, at the First Baptist Church in Eastland. Dr. Barry Landrum, pastor of the First Baptist Church in Pasadena, Texas, will be the revival evangelist. Music will be directed by Steve Philips, minister of music at the same church. Services will be held on Sunday morning at 11 a.m., and each evening at 7 p.m. At 11:45 on

weekdays there will be lunch served in the fellowship hall, and all are invited to come. Many other special events are also planned. Dr. Robert Jeffress, the local pastor, and the entire church membership invite everyone to the revival.

The Eastland County Art Association will meet Thursday, April 2 at 7 p.m. at the Eastland National Bank Community Room. Guest artist will be Charles Chupp of DeLeon, a well known artist in the area. He is a charter member of the Texas Wild Bunch and Art Association, which includes a number of western artists. Chupp is also known as a columnist for various newspapers.

The new wastewater treatment plant began operation last week after an official inspection by city officials, project engineers and a Texas Water Development Board inspector. The plant was called "substantially complete", with only the third and final pond needing a little work around the area. This includes fencing the pond area with grass. The plant is costing the city approx. \$1 million, with forty-five percent of the cost covered in a Federal Grant through the Texas Water Development Board. The city's operating costs will be less at the new plant than at the old one, City Manager Mike Moore said.

In a report to the Council, City Manager Mike Moore said that the street department had completed 80 percent of the work needed on the North Shore roads at Lake Cisco. Three more key areas remain to be repaired, and some two weeks will be needed to complete the project. Moore said a long-term solution to the Lake Shore road problem remains to be worked out.

An amendment to the city's Cablevision franchise has been revised, extending the term of the franchise for 25 years after the agreement is approved on final reading. The new agreement provides that the cable company pay a total of five per cent of gross receipts as a tax to the city.

City Manager Mike Moore has prepared a Citizens Emergency Planner, which will serve as a guide for emergency preparation during any time of natural or man-made disaster. The project call for printing 2,500 copies of the Planner for the use of citizens. The Planner covers weather warnings

The final day of business for the Man's Store in Cisco was Saturday, March 28. Bob Elliott, the owner, says he is still looking for someone to buy the business and keep the store open in Cisco. He reports that the only reason he is closing the store is that he wants to retire and take life a little easier. The store was part of the town for a number of years, and built up a reputation as a place to buy clothing of the best quality.

RISING STAR
Ann Murdoch of Rising Star was one of five new members of the International Brangus Board of Directors elected during the IBBA Annual Convention held recently in Houston. Five directors were re-elected to serve and 13 other directors will continue their positions on the Board. Directors serve three-year terms. New officers were also elected for the 2700 member organization. Mrs. Murdoch lives on Murdoch Quarterhorse and Brangus Farm near the Williams community.

Toby Long, outstanding Eastland County 4-H member, has been elected treasurer of the District 8 4-H Council. Toby, the son of Barbara and Tony Long of Rising Star, is currently serving as Chairman of the Eastland County 4-H Council. The election of district officers was held during the Spring Leadership Retreat at the State 4-H Center on Lake Brownwood.

County Popovers Compete In Acrogymnastics Meet

The Eastland County Popovers competed in the Texas Acrogymnastics Meet on March 14th which was hosted by the DeLeon, Gorman and Strawn teams in Gorman.

The Texas Acrogymnastics Association has grown tremendously since last year. There are several new teams in this district which now include the Crowell Tumblers, Quana Dyna Flites, Vernon Dande Lions, Rotan R&R Acrostars, Snyder Springers, Albany Aerials, Breckenridge Bouncers, DeLeon Twisters, Gorman Red Hots, Strawn Acro-nauts, and the Eastland County Popovers.

Marilyn Beggs was very pleased with the results of the meet. Eastland County Popovers placed 3rd out of the 11 teams competing. Quana came in 1st with 97 points, Snyder was 2nd with 94 points and the Popovers were 3rd with 93 points. It was a very successful meet and Coaches Valerie Wells and Richard McLaughlin were extremely proud of the performances of all of the Popovers. Fruit Crop Gone - Pecans Survive Freeze

DeMarquis Gordon, Eastland County Agent, reports that the fruit crop was killed by the cold spell which arrived in Eastland County last Saturday.

By about 5 a.m. Sunday morning the temperature was down to 24 degrees, and stayed there for at least three hours. The high that day was only 36 degrees. Monday mornings low was 22 degrees, and the intense cold lingered on.

"It takes only three hours of a temperature below 28 degrees to kill peaches and most other fruit," the County Agent says. "The only type of fruit that might have escaped is some of the apple trees which hadn't bloomed out. Berries are late coming

out too." Gordon is also concerned about what this unusual late cold wave has done to early gardens, especially tender growth or non-hardy plants such as tomatoes. And at least one gardener has reported that the growth on his potato plants has been killed back to ground level. "Potatoes will sprout back out," Gordon says, "but they usually won't make much after a freeze like that."

He adds that a number of shrubs and other yard plants have their tops severely frozen, with the possibility that the whole plant may die. This includes a holly hedge at his home. All the new leaves on these plants are black.

The pecan trees, however, had fared better. "They were just beginning to break buds," Gordon says. "If any of these first buds are frozen, other will come. They will also have the fruiting part." Sometimes it pays to be a native. Especially if you're trying to survive a late freeze as severe as this one, which reached on to the hill country.

For 1986, tax reform still allows most taxpayers to take the full \$2,000 IRA deduction...same as before!

Current Rate - 7 1/2% Guaranteed One Year!

IRA: Still The Tax Break To Take.

Anyone not in a qualified retirement plan can still contribute up to \$2,000 and take the full \$2,000 deduction.
Anyone who is in a qualified retirement plan can still contribute to an IRA. The deductible amount depends on your income level. When adjusted gross income is under \$40,000 (\$25,000 for singles), the full \$2,000 deduction can be taken. Married couples can take up to \$4,000 if both work and each earns at least \$2,000.
No deductible IRA contribution can be made by those with adjusted gross incomes of more than \$50,000 (\$35,000 for singles).
When adjusted gross income falls between \$40,000 and \$50,000 (\$25,000 and \$35,000 for singles) the \$2,000 IRA deduction is reduced. These taxpayers can deduct \$200 worth of IRA contribution for every \$1,000 in income below the \$50,000 and \$35,000 ceilings.
Even if your income level makes you ineligible for a deduction, you can still enjoy the advantages of tax-deferred earnings on your contributions.
Make a contribution by April 15, 1987 and deduct it on your 1986 tax return.
With tax-deductible contributions and tax deferred earnings, the IRA is still the break to take.
Your local Farm Bureau agent has all the details to help you open an IRA or to rollover an existing IRA to Farm Bureau. We're here to clear up the effects of tax reform on IRA's for you. Call today.

Wrangler Belles Meet Gov. Clements At Ceremony

Governor Bill Clements has officially recognized the Cisco Junior College Wrangler Belles and Band as "Goodwill Ambassadors" to Mexico. During a ceremony at the State Capitol on March 27th, Gov. Clements signed a

proclamation announcing that the group will carry his

good wishes to our neighboring country.

The Cisco Junior College Band and Wrangler Belles are preparing for a six day performing tour to Villahermosa, Mexico in April. The group will be the only performers from the United States to take part in the extravagant Feria del Desar-

rollo de Tabasco, a festival to celebrate and recognize the industry in the Mexican state of Tabasco.

In addition to the 86 college students and faculty members making the trip, a tour group of 40 will also en-

joy the exciting schedule of performances and sightseeing. The tour is exemplary of the efforts made at the college to provide students with an experience in professionalism and cultural education.

HEY FOOL!

Drugs aren't cool.

And if you think they are then you're just fooling yourself. They'll destroy your mind, ruin your health and drain your bankroll... and that's only if you're one of the lucky ones. The not-so-lucky drug users don't live to tell about it. It

doesn't take a college education to get smart about staying away from drugs. So wise up and put your foot down. Drugs are bad news, and anyone with a head on their shoulders can figure it out. Don't let drugs play you for a fool.

51 Attend All-Day AARP Workshop

Fifty one members of the American Association of Retired Persons from area chapters met Thursday, March 26, at the Cisco Senior Center for an all day workshop. Delegates from Albany, Clyde, Cross Plains, Breckenridge, Dublin, Eastland, Granbury and Cisco represented their chapters. Sidney Ward, associate state director of the AARP, presided.

Mr. Ward prefaced his remarks with a brief history of the AARP from its inception in 1958 by Ethel Percy Andrus and listed the many services which are available to the older American, among which are 55/Alive, Tax-Aide Program, Health Advocacy and the Legislative Committee.

A film entitled "How We Listen" was presented, bringing out the fact that although many of us hear, we don't really listen. Listening involves being able to judge without bias, learning another's viewpoint without becoming emotionally upset, and accepting a change in our own attitudes to those of divergent views.

Charles Rasmussen of Granbury, represented the 55/Alive Driver Instruction Course and briefly explained the program and its importance to the older driver whose eyesight, hearing and reflexes have changed during his lifetime. The program enables the older

driver to become aware of these changes and enables them to compensate. A 10 per cent reduction on liability from the insurance companies is given after completion of the course.

Walter Knowlden, overall Tax-Aide coordinator in this area, explained the program and its benefits to the older citizen.

The State Legislative Committee representative, Dr. W. A. Hunt gave a very informative talk on the legislative process. AARP is a non-partisan association and it supports issues - not parties or candidates. He stressed the importance of members to write their legislatures, both state and national, on issues that are important not only to the older citizen but which benefit the younger citizen as well.

The Health Advocacy Committee was represented by Roy Cartee who explained the new methods in which U.S. hospitals are regulated and introduced Sharene Richardson of E.L. Graham Hospital and who is the planner of the program and who is responsible for regulating the following programs:

P.P.S. - Prospective Payment Systems.
P.R.O. - Peer Review Organization.
D.R.G. - Diagnostic Related Group.

I've Been Wrong Before

By Gordon S. Clark
P.T. BARNUM said, "There's a sucker born every minute," and my father add "And two to take him." I have shuddered at times when someone seems so vulnerable.

I was working or at least was being paid at the Brownwood office of Texas Employment Commission when the phone call came from a woman whose voice sounded old and feeble. She wanted some to plant cuttings of lilac and other plants she valued because they had been given by her daughter. A cinch I thought as I began calling the usual list of day labor and spot job applicants. Two hours later I had filled a few more pressing openings but exhausted the list of usually available men and boys. The lady called. The day was hot and the cuttings showing signs of wilting. I reran the list in hopes an out-of-pocket worker had come home. No Luck.

It was a short block or two out of my usual route home so I went by the lady's house and told her I would plant her cuttings. She looked at the dress shirt, neck tie the boots required us to wear, the one hand and asked if I could really dig. When she brought the shovel she learned that I dug quite well and the cuttings were safely planted and watered. "How much did she owe me," to which I stated that she owed nothing. Indeed I assured her that it would be unlawful for me to profit from an order called in to my office. She was amazed to learn that I was not sent by TEC but in effect WAS TEC.

She felt that she simply must do something for me and asked if I would accept some brownies. Since my wife was out of town I enjoyed the goodies. Then she asked my favorite kind of pie.

As we talked she mentioned her house built by her doctor father, her deceased husband, her daughter grown and married to a very successful business man. Then she asked about my church affiliation. When I said, "Baptist," she seemed startled. "But Baptists are so cold," she said.

"Oh, I am sorry if I impress you as cold," to which she quickly assured me that she didn't mean me by any means. Well, there are different sorts in any denomination though those of similar temperament do tend to attract the same.

Suddenly came the question, "Mr. Clark, what should I do with my money?"

I was nonplused, struck speechless by such a question from one of a scant hours acquaintance. She said her children all refused it as their husbands were all wealthy and the money just piled up in the bank. She intended to give generously to her church as she had always exceeded the tithe but didn't want to see a preacher gain unearned wealth. Would I please tell her what to do with that money? I simply could not as financial counseling was far from my field of education. (Agriculture is seldom troubled by excess cash.)

The next day Sherry came to my desk telling me there was an old lady so frail she looked like she would fall over at the front counter wanting to see only me. There she was with a lemon pie from the best bake shop in Brownwood.

Mrs. Scott, my boss, insisted that all such things were divided with the entire office force. My piece of pie was not two fingers wide as all descended on my prize, like vultures. Well, it was very good, what there was of it.

So often I wondered about that dear old soul. What if a P.T. Barnum type with no moral fiber whatever found

that waiting hoard of easy cash? I simply can't understand why her children would leave one so vulnerable to con artists. They must not have realized the peril in this world of eager sharks.

Maybe the lady was fortunate anyhow. Her children at least weren't ready to take all and dump her as many ingrates have. In her children she must have been exceedingly blessed and that is worth more than all the gold.

Lights From The Christian World

By Josephine Cleveland

Have you every fallen in love? If you have been truly in love with someone, you have had an unforgettable experience, even if you have "loved and lost."

Remember how you anticipated the time you would spend with the one you loved? Remember how you wanted to be reunited when circumstances kept you apart?

Maybe you were disappointed because the one you loved failed you. Their love proved to be a selfish love.

Friend, it can be comforting to know that in spite of the maze of circumstances into which one becomes involved, there is one, Jesus Christ, who is waiting, yearning, and doing his best to draw you into His comforting circle of love. You can depend on Him. He never fails.

I discovered His circle of love many years ago. I had a problem that kept bothering me. Finally, I said to the Lord, "Will you help me with this?" And the Lord said, "Why don't you give it to me and I will help you handle it." The Lord didn't just help me with the problem, but a great peace came over me. I knew that He loved me with an everlasting love. Bring your needs to Him. He loves you, too.

Texas Libraries Face Crisis In 1987

Texas libraries face a serious funding crisis this year, even though 1987 has been designated "Year of the Reader" by President Ronald Reagan. While Governor Bill Clements has endorsed the President's designation, state budget problems continue to threaten the quality of Texas libraries.

In response to this crisis, members of the Texas Library Association met in Austin recently to participate in TLA's second Biennial Legislative Day.

According to Mary D. Lankford, chairman of the Legislative Committee for TLA, "On this day, delegates representing every area of the state met individually with their legislators to seek support for Texas libraries." Concerns expressed to legislators include cuts in funding, illiteracy problems facing Texans of all ages, and support for appropriations for academic, public, and school libraries.

Delegates emphasized that state funds will be needed to maintain federal funds provided for public libraries. The Texas Library Association represents more than 4,000 librarians serving Texas' academic, public, and special libraries. TLA recognizes the national concern focused on strengthening efforts to provide all Americans with the opportunity to read and endorses this support on federal as well as state levels.

Letter To The Editor

Dear Editor,
I just finished reading the letter to the Editor in your Sunday, March 29th, paper signed Concerned about people. It brought to mind a poem I cut out of the paper in 1978, "Here's to the Kids Who are Different"...As it was Goldie Hawn had a T.V. Special on March 1, 1978 and at the end of the show she recited this Poem in such a very beautiful and touching way, that the T.V. station was flooded with calls, so the Dallas Times Herald printed the Poem on March 6, 1978. I'd like to share it with your Readers:

"HERE'S TO THE KIDS WHO ARE DIFFERENT" by Digby Wolfe - Head writer of the Special and Author of the Poem.

"Here's to the kids who are different;

The kids who don't always get 'A's.

The kids who have ears, Not at all like their peers, Or have noses that go on for days.

Here's to the kids who are different;

The kids who are just out of step.

The kids they all tease, Who have cuts on their knees,

And whose sneakers are constantly wet.

Here's to the kids who are different,

The kids with a mischievous streak.

For when they are grown, As history has shown, It's their difference that makes them unique."

Thanks,
Anita Walton

DEAR EDITOR:

Any article that features history I enjoy. For that reason I always look for "The Happy Times" by Lillian Cogburn Price. She gently brings us the spirit of an earlier time.

"History Sampler" is also giving us an interesting light on how and who made Eastland County what it is today.

At some future time I would like to see a series of articles on the history of old buildings, homes and businesses in the county. (The one about the Okra School's demise was a bit sad.)

Buildings that have survived link us to our past and give us hope that what we build may survive us.

Olney Savings

Announces New

Tax-Saving Program

OLNEY, Texas - Olney Savings has announced the introduction of the Taxavers Program, according to Alan D. Myers, Jr., Chairman and chief executive officer.

The new program initially offers two plans: The Taxavers Growth Annuity, now paying 8 percent interest, provides tax-deferred accumulation of cash; and The Taxavers Classic Life Plan (now paying 7.5 percent) is a single-payment universal life insurance plan structured for tax deferral and

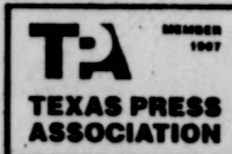

estate benefits.

The Taxavers Program is offered through JMC Insurance Services Corp. of Texas and endorsed by Olney Savings. Although it is not FSLIC insured, the plans are guaranteed; the Annuity by Keystone Provident Life Insurance Company (a member of the Travelers Companies), and the Classic Life Plan by First Penn-Pacific Life Insurance Company.

Myers commented, "Olney Savings is committed to bring our customers the best services available. This new program is another step in serving you better."

He continued, "We invite you to drop by any of our offices and talk it over. We'll answer all your questions."

Olney Savings, with assets in excess of \$1 billion, has offices in Abilene (2), Albany, Anson, Archer City, Azle, Bowie, Boyd, Breckenridge, Bridgeport, Brownwood, Burk Burnett, Cisco, Clyde, Coleman, Comanche, Cross Plains, Crowell, Decatur, De Leon, Eastland, Electra, Gainesville, Graham, Haskell, Holliday, Jacksboro, Nocona, Olney, Ranger, Seymour, Snyder, Stephenville, Throckmorton, Vernon, Weatherford and Wichita Falls (2).

Charles Crawford Chapter Of The D.A.R. Meets March 23

The Charles Crawford Chapter of the National Society of the Daughters of the American Revolution met March 23, 1987 at K-Bob's for a noon luncheon. After a prayer by Ruby Lee Pirtle and the Pledge of Allegiance to the flag of the United States, the minutes from the February meeting was read and approved.

Mrs. Flora McCannies read the message of the NSDAR's President General, Mrs. Anna D. Fleck. "History is the cement which binds the past, the present and the future together." She quoted Emerson, then she quoted Cousins "History is an advanced warning system". "History is now! Are you making history come alive for your children, grandchildren, friends? We must be aware of the past, protect the present, and prepare for the future. We must not rest. It is our responsibility to set the example as American citizens, and stress youth involvement in history."

A National Defense paper was read concerning strategic defense initiative. A plan to build a defense system which can intercept and destroy enemy missiles before they hit us. It is wholly sensible, practicable and rational and essential to the survival of our country.

SDI (Star Wars) is not only wholly defensive - it is also non-nuclear - it cannot kill anybody, all it can do is to save American lives.

After reciting the Preamble to the Constitution and a discussion about the making of an Eastland County History book those present were dismissed to meet next month April 27, 1987 at K-Bob's. Present were members Flora McCannies, Bernice Durham, Sarah May Alford, Ruby Lee Pirtle, Emily Perkins and three visitors made welcome - Linda McCannies, Novella Bigby and Mrs. Richard Donovan.

4-H NEWS

By Crystal Wilbanks, County Agent

As the 4-H program approaches 80 years of existence in Texas, there are reasons to celebrate, says Crystal Wilbanks, county 4-H program leader for the Texas Agricultural Extension Service, The Texas A&M University System.

First, 4-H is the largest youth organization in America with 4.5 million members. As other youth organizations decline in membership, 4-H has continued to grow. Texas boasts 305,000 members.

In the 80-year history of 4-H, 50,000,000 Americans have been members—one out of every six people.

Secondly, 4-H is youth and adults working together.

The 4-H volunteer leader concept is one of the program's strengths. For every one hour of professional employee's time spent in the 4-H program, volunteers contributed 10 hours.

4-H emphasizes families because they are the strength of our country and our way of life. 4-H works to strengthen families.

The third reason to celebrate 4-H, is that it teaches leadership and citizenship. 4-H members and clubs participate in projects to benefit the community, and the international program extends 4-H pathways across our borders. 4-H's ultimate goal is youth leadership development.

Another reason to celebrate 4-H is that 4-H has something for everyone. Through 4-H projects ranging from beef to beekeeping, from forestry to food and nutrition, and from safety to sewing, 4-H members experience "learning by doing." They can select projects and set their own goals. These projects enable 4-H'ers to learn useful skills, the dignity of work, and the satisfaction of responsibility.

Many times a 4-H project will lead to a career.

By comparing accomplishments, 4-H'ers develop higher standards of excellence and the self-confidence to broaden their goals and interests.

4-H is a way of life. Through 4-H, a member gains an attitude and a sense of values—moral and practical—that will remain through life. 4-H then is a way of doing and thinking—a physical and mental way of making our "best better".

For further information on 4-H and how to get involved in this "action" program for youth, contact the local County Extension office.

History Sampler.....

(This is a sample of the type of articles needed for the forthcoming book about families in Eastland County. It was copied from the Cisco Roundup in about 1912. At that time W.E. Mancill was about 74 years old.)

Nelms To Be Honored On Anniversary

Mr. and Mrs. Gaylon Nelms, 507 South Halbryan, Eastland, will be honored with a 25th Anniversary celebration on Sunday, April 5th from 2 to 4 p.m. at the Eastland National Bank Community Room.

Hosts for the occasion will be their children David Nelms and Nancy and T.J. Cummings.

I was born in Covington County, Alabama, April 19, 1838, and grew up in the pine woods. I entered the Confederate Army in July, 1861, and served four years. I came to Texas by water, landing at Galveston on the 13th of December, 1870.--- (clipping torn here—portion missing)—in a wagon, arriving there on Christmas Day, 1870. I lived there six years, and then with four other families moved to Stephens County and settled on Big Sandy, January 1, 1877. We found that country thinly settled. Only a few small farms were opened, and as it had been very dry for several years we found the country destitute of grain or feed of any kind except grass. The range was good but our crowd had only a few head of stock and we had to depend on wild game for most of our meat. Deer and antelope were plentiful and fine, but we had no long range guns to kill them with, so we had to depend on catching rabbits, which we did and I can assure you they were plentiful and ate many of them. Fort Worth was the nearest railroad town but we went to Clifton, Bosque County for our flour and meal. The distance was 120 miles. I lived there nearly five years and practiced medicine all the time. I went far and near on horseback. There were but few roads and no wire fences and everybody took their course and went the nearest way to their destination.

I came to Cisco and bought the lots I now live on the first day of September, 1881, and built a small house and moved my family here the latter days of that month. Frank Jordan and I were building our houses at the same time, and if I am not mistaken, we

are the only two men in Cisco that are living on the same spot we settled on in 1881. The cyclone destroyed my house in April 1893, but I rebuilt again on the same lot. Mr. Jordan's house was not destroyed by the cyclone and he is yet living in the house he built in 1881.

self-employed and formerly operated the Hightower Welding Supply on South Hill. The family lives near I-20 east of town.

Mr. Schaefer is a native of the county and is a graduate of Rising Star High School and Cisco Junior College. After CJC, he joined the Air Force and earned a college degree in Mississippi. He flew combat missions in Vietnam during the conflict. He and his wife, Elaine, have three sons and live at Pleasant Hill, southeast of Cisco. He is employed by Ensearch in oil production. The Schaefers are members of First United Methodist Church.

David Callarman owns the Callarman Insurance Agency in Cisco. He was born and raised here and was a football and basketball star at Cisco High School. He went to Texas Tech on a baseball scholarship and earned all-Southwest Conference honors as a pitcher. He is a Little League coach. His wife, Judy, is a member of the faculty at Cisco Junior College. They are the parents of three school age

children and own their home on Country Club Ridge. They are Methodists.

Ron Rhodes is a native of the area, finishing high school at Cross Plains. He is a graduate of Cisco Junior College and Texas A&M University where he majored in finance. He is employed as area claims manager for Germania Farm Mutual Insurance. He and his wife Nancy live with their family at 1505 Rodman - across the street from the high school building. He has a twin brother who is a school superintendent. The Rhodes have lived here for seven years.

Dr. Tim W. Boersma, a medical doctor, moved here with his wife and three school age daughters three years ago from Oklahoma. He finished high school in Naperville, Ill., and has a BS from Oklahoma State University and did graduate study there before going to Oklahoma College of Osteopathic Medicine and Surgery where he was graduated in 1978. He has been in medical practice nearly eight years. He is a member of Calvary Baptist Church and is a Rotarian.

Judge Wright Steps Down

From page 1...

representing Pat Starr of Cisco, one of the defendants, said Judge Wright needed to disqualify himself because he had received information about the case while outside the courtroom.

Mr. Woodley said that Charles LeFlore, who received a 65-year sentence in 1982 for his part in the Garcia slaying, talked to Judge Wright in 1984 and that the judge send Attorney Hart to talk to him (LeFlore). Hart was later named special prosecutor by Judge Wright, Mr. Woodley said. Knowledge of LeFlore's statement could subconsciously affect Judge Wright's decisions in trying the case, the attorney believed.

Agreeing to step down, Judge Wright wrote: "There are several things that I could say in response to your letter, but discretion being the better part of valor, I decline to do so. Declining to speak is more than likely the most difficult exercise in restraint ever encountered by me during my lifetime. The Garcia case needs to be

tried and if my stepping down will accomplish that result, then so be it."

Judge Williams was expected in the county this week to rule on other requests of the defense attorneys, including a change of venue, a new trial date, gag order and bringing LeFlore to the county for questioning.

Indicted in the case and scheduled for trial next week were Richard Edward Hinton, Joe Thomas Perry, Brenda Gail Perry Andrews, Pat Starr and Barbara Williams.

Debra Garcia of Cisco was abducted from her job in a convenience store Nov. 29, 1981. Her body was found in a roadside ditch west of Cisco two days later.

Charles and Thomas LeFlore are serving sentences of 65 and 50 years, respectively, in the Texas Department of Corrections for their alleged parts in the slaying.

Breckenridge American Plans 5K, 10K Races

Running enthusiasts can mark Apr. 18 on their calendars as the date for the Breckenridge American 5K and 10K races.

A one-mile fun run/walk has also been added by popular demand.

The races will start and end in front of the Breckenridge American offices at 114 E. Elm. The entry fee is \$8 and the entry deadline is Apr. 5. Entry forms should be sent to the Breckenridge American, P.O. Box 871, Breckenridge, Texas 76024. Late entries and runners

who enter on the day of the race will be charged \$10.

Each entry will receive a T-shirt. Trophies will be awarded to the top male and female performer in each of the races and to the top three finishers in each division of each race. A total of 76 trophies will be awarded. Certificates will also be awarded to each of the participants 10 years old or younger.

The course will not pass over any major highways and it will be relatively flat. Miles times will be called out and a

water station will be set up halfway through the 10K race.

There will be six age divisions in each race, 0-10, 11-15, 16-25, 26-35, 35-45 and 46 and over. Trophies will be awarded to both men and women in these divisions in the 5K and 10K races.

Refreshments will also be provided to race participants free of charge.

Several Breckenridge merchants are also offering hundreds of dollars worth of door prizes, including Pizza Hut, Breckenridge Beverage

Barn, Wal-Mart, Citizens National Bank and Texas American Bank, Affiliated Food Store, Winn-Dixie, #Won Trophies and Team Sports, Mehaffey Sport and Apparel, Downtown Exxon, T Co Gas and Go, and more will be added.

For more information write the Breckenridge American at the aforementioned address or call Don Treul at (817) 559-5412 before 5 p.m. or 559-5585 after 5 p.m.

Send in the official registration form as soon as possible.

THE ODDS ARE better than 50-50 that the Wrangler Belles and Band of Cisco Junior College will be invited to appear in the annual Christmas parade of Macy's Department Store in New York City in 1988. That's the report that Mr. Eris Ritchie, local business man and a leader in promoting trips for the Belles and Band for a number of appearances there, brought home last weekend from New York City.

Mr. and Mrs. Ritchie were in New York City on business for Southwest Enterprises of Cisco and dropped in on the Macy folks while there. The CJC group has made several trips to New York for the Macy parade that's on national television at Thanksgiving time each year. And a large number of parents and fans always go along for a vacation and visit to the Big Apple.

When the Ritchies left DFW for New York, it was windy and cold and overcast weather. In New York, the sun was shining and the temperature didn't require overcoats. When they got back to DFW Airport, the first thing they wanted was an overcoat.

DID THE FREEZE kill the 1987 fruit crop? We figured that it did and County Agent DeMarquis Gordon confirmed our suspicion. Temperatures under 28 degrees for three hours are too much for tender fruit tree buds and new crop fruit — also some garden plants, reported Mr. Gordon.

Area thermometers dropped into the mid-twenties early Sunday and in the low twenties early Monday. The temperature was well below 28 degrees for over three hours Sunday night, according to reports we didn't stay up to check on it.

Mr. Gordon didn't think the 1987 pecan crop will suffer. A few trees had put out some buds, he said, and these were killed. But there will be plenty more buds to come out. Many folks had gardens planted and will lose part of their tender plants.

THE NEW COLD wave arrived Saturday morning soon after buses full of athletes from area schools pulled in at the Cisco High School track for the Lobo Relays. It was windy and blustery to start the day off.

The two-mile race for high school girls was the first event on the program. Most of the dozen or so girls in the race were wearing extra clothing. Rain started falling soon after the race began and most of the eight laps around the track were run in the rain.

One girl's coach handed her a sweat shirt with a hood as she came around on about the third lap. And she put it on as she ran ... Miss Leigh Callarman, CISB track team, took the lead from the start and held it all the way. The rain stopped soon after the race was completed.

It was windy with a cold sting in the air all day Saturday. Despite this, the grandstand was full of spectators and there were cars full of folks watching the event.

THIS COMING Saturday will be election day in Cisco — city, school and hospital. A number of candidates have submitted their names for the school board and like many of you we would like to vote for all of them. Cisco can be assured of a good school board regardless of the election outcome as all of the candidates would make fine board members.

Voting will be at the Laguna Hotel. Since there is one City Council race that is contested and two school board places with contests

HAVE NOTICED spring flowers, including a few Bluebonnets and Indian Paint Brush, putting out. Hope the freeze didn't kill them ... Mrs. S. W. Reynolds of Fort Worth spent last weekend here with her daughter and family, the Olin Odoms ... Mrs. Polly Wright got home last weekend after visiting at Kerrville for several days ... Dale Scott, Church of Christ minister at Albany, will hold a four-day revival beginning Sunday at the Church of Christ. They'll have a covered dish luncheon at noon Sunday in Fellowship Hall at the church.

THE HILTON Community Center reports that only eight reservations have come in for the Dallas trip June 19th to hear the Mormon Choir. And they'll need 47 to fill a bus. The trip costs \$47.00, including a \$10 donation to the Hilton's perpetual care fund, and the ticket covers the bus trip, the choir admission plus a nice dinner. Call the CoC office or Eris Ritchie for a reservation.

THEY COULDN'T make the heating stoves work but more than 80 people attending a community covered dish supper at Scranton Community Center last Saturday night enjoyed the gathering. Nelson and Milder Geist, who served as chairman for the event, took their barbecue cooking machine and a lot of good beef and other folks brought assorted goodies.

The five or six families who have moved into the community in the past year were honorees ... It was their first community supper in 20 years or so, somebody said. And they hope to make the gatherings a regular quarterly event.

Since the heating stoves wouldn't work, the meeting didn't last as long as it might have. But everybody had a hot good food and good fellowship, we were told.

THEY'RE GETTING acquainted with a new member of the Rodney Reynolds family over at Eastland these days. Megan Leigh Reynolds was born March 25th to Rodney and Diana (Clark) Reynolds at Hendricks Hospital in Abilene. And she weighed in at nine pounds and five ounces. Mother and baby are doing nicely, reports Grandmother Rose Clark. There will be a birth announcement about it elsewhere in The Press ... See by the papers that the snake is going to cost the new Colorado River dam lake sponsors 3.7 million dollars over at Coleman and Ballinger. It's hard to believe some of the things our government does ... And Neighbor Jones says if they ever vote a tax on brains he knows some folks who will be able to claim a refund.

will go to the state. As soon as he finishes his obligation with the track squad, he plans to assume his duties in Cisco, Mr. Saunders reported. He appeared before the board of trustees Monday night and signed his contract at the high school Tuesday morning.

Mr. Sharp and his wife Shirley are the parents of two sons, Trent, 20, a student at Baylor, and Clay, 18, a senior at Clarendon. He is a Baptist.

Mr. Saunders said the board was impressed with Mr. Sharp and believes he will do a good job at Cisco High School.

Cisco Junior College Festival To Be Held Friday And Saturday

More than 1,000 musicians from 16 schools are expected to participate Friday and Saturday in the annual Cisco Junior College Senior Music Festival.

Tim Jones, festival director, reported that the program calls for each band to play and judges will grade them on the basis of concert playing and sight reading. A mini-clinic will follow each band's stage performance, except junior high bands. All solo and ensembles will be held upstairs in the Fine Arts Building while bands will play on the auditorium stage.

Weather permitting, twirling and flag corps will hold contests outside. In case of bad weather, they will perform in the gym.

Judges are: Concert playing, Dr. Ed George, Warrant Thaxton and Gary Lewis;
