"DON'T BE A DOPE--SAY NO TO NARCOTICS AND ALCOHOL"--Jerry Morgan, (left) executive vice president of First National Bank, is shown presenting a sheet of colorful stickers to Robert Lindsey, principal of Cisco Elementary School. The stickers depict animals with quotes such as "I Don't Use Drugs," "Say No to Dope," "High on Life, Not Drugs" etc. The bank ordered 1,000 sheets, each containing seven stickers, to be presented to students of Cisco Elementary School. (Staff Photo.)

Annual Cleanup Campaign Is Set For Week Of April 20-24

At their meeting on Tuesday night the City Council designated the week of April 20th as the Spring Clean-up Week for the City of Cisco. During this week the City will be running trucks throughout the city collecting limbs, brush and other large debris set out by city residents. The landfill will be open all day, every day during the clean-up week.

As normal, residents are requested by City Hall to stack their trash and brush on the curb by the street and to have limbs cut to a size which can be handled by one man. City personnel will not go on private property to haul off trash or limbs. Also, residents are asked to please have their trash and brush out for pick-up by Tuesday, April 21st, so the collection of the debris can be completed by the end of the week.

City Hall will be maintaining a special "work order list" for this trash and brush pick-up effort, so any resident who has large items of trash, limbs or brush to be picked up during the clean-up campaign can call City Hall at 442-2111. Please remember, in order for the work crews to complete all the collections during the clean-up week, these special

special and important clean-up effort," said City Manager Michael Moore.

Moore went on to remind the residents of Cisco that the "growing season" is now upon us and with the rains we have received this year, everyone will need to be especially mindful of keep-

"work orders" should be called in as soon as possible. City Hall cannot accept the special pick-up requests after 5 p.m. Thursday, April 23rd.

"The City Council also wanted to take this opportunity to thank all citizens for their participation in this

ing their yards mowed and their property maintained. Moore stated, "When it comes to caring for our property and being responsible property owners, we need to remember that we all live in Cisco together and we must be considerate of our neighbors and our communi-

ty. I believe everyone can and should show pride in their neighborhood and town by simply maintaining their individual properties."

Questions regarding the Spring Clean-up can be directed to City Hall at 442-2111, during normal working hours.

United Way Donations Are Slow Coming In

Donations are slow coming into the Cisco United Way this year. There are a lot of businesses that are no longer here that donated last year and some of the businesses are just not able to donate as much money as they have in the past according to a United Way board member. The total of donations for the United Way so far is \$4,485.57. There are quite a few youth groups that depend on donations from the United Way to help keep their organization going.

So many of Cisco's youth are involved in the Cisco Little League, the Girl's Softball, Boy Scouts and Girls Scouts. And how many adults and children use the

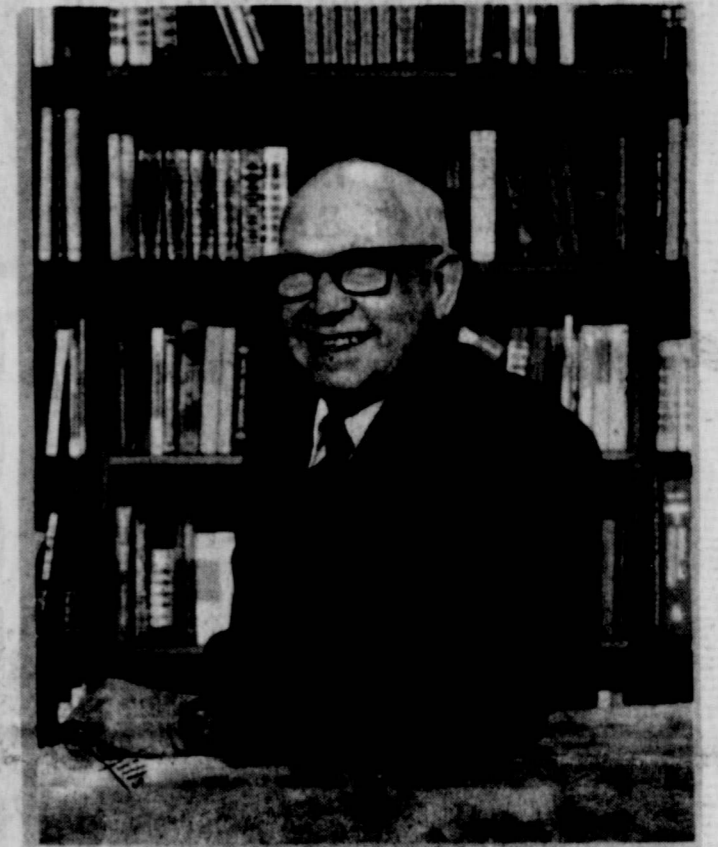

Cisco Public Library? The Cisco Child Care Center is a must for our city so that parents are able to work and know that their children are receiving the care they need. All these organizations depend on the United Way for financial support.

This year's goal is \$15,000. Organizations and the amounts requested are:

Cisco Public Library--\$1,000.
Red Cross--\$500.
ABC Baseball League--\$1,885.
Cisco Little League--\$1,885.
Cisco Girl's Softball--\$1,885.
Cisco Child Care Center--\$800.
Boy Scouts--\$3,000.
Girl Scouts--\$3,000.
West Texas Rehab--\$500.
Cisco Welfare--\$800.

These organizations are in need of our money so that they may help others. Won't you please dig deep in your pockets and give today to the United Way. Donations can be made at the First National Bank, 418 Conrad Hilton to Ron Patton or at Olney Savings at 701 Conrad Hilton to Cindy Renee. Cisco is a giving community and even when times are tough the citizens of Cisco will work hard and give to make sure that the youth of our city will still have the same fine activities that they were able to grow up with.

Give today to the Cisco United Way!

J.D. YARDLEY

J.D. Yardley Was A Leader In Community

J.D. Yardley, former owner of the Spot Restaurant and a leader in the civic affairs of the community of Cisco died Saturday at Humana Hospital in Abilene.

Mr. Yardley moved to Cisco in 1931 to work for O.W. Hampton in Hamp's Cafe located at 1308 Ave. D. He went into partnership with Mr. Hampton in 1938 and in 1939, shortly after the building of the overpass and relocation of Highway 80 on Eighth Street the two of them built the Spot on its present location.

With the out break of World War II, Yardley sold his interest in the cafe to his partner and served in the U.S. Navy until the end of the war. He returned, went into the grocery business, and in 1952 purchased the Spot from Roy Moad.

He made extensive im-

provements at the Spot and enlarged the cafe several times. It was one of the leading and most popular eating places in the area.

He and his wife Winnie Lou closed the Spot in February of 1974 and retired. He served on the state board of directors of the Texas Restaurant Association.

Mr. Yardley was a leader in the community of Cisco serving as a city commissioner and a member of the board of directors of the Cisco Chamber of Commerce. He also was a member of the Cisco Junior College board of regents and a Chamber of Commerce Redcoat. He was an active member of the Cisco Senior Citizens during.

His son, Charles Yardley, lives in Cisco and both of his daughters, Linda Taylor and Janey Moore live in Abilene.

Cisco Folklife Festival Is Set Weekend Of May 2&3

Once again it's Folklife Festival time in Cisco. Lots of activities have been planned for the weekend of May 2 and 3. Mark your calendar and plan to join in the fun.

Saturday's activities begin at 7 a.m. with an old-fashioned chuck wagon breakfast and trail ride, sponsored by the Cisco High School FFA, at the Lake Cisco Park. There will be a charge for the breakfast. At 9 a.m. riders will leave the park for a two mile ride into town. It is not imperative that you ride in the trail ride to enjoy breakfast, but it will be a lot of fun.

At 10 a.m. the Cisco Frontier Jubilee Parade begins. Leading this year's parade

will be the famous Albany Fandangle Calliope. Divisions for the parade include: Band, Auto, Marching Group, Performing Group, Riding Group, Children's Division (costumes), Floats, Trophies will be awarded after the parade.

Immediately following the parade the Cisco Folklife Festival officially opens. There will be food booths, informative demonstrations,

Immediately following the parade the Cisco Folklife Festival officially opens. There will be food booths, informative demonstrations, arts, crafts and lots of enter-

Eastland County Catholics Will Celebrate The Easter Triduum

The Catholic Church has set the time and place for the celebration of the Easter Resurrection of Jesus Christ. Special liturgies will be celebrated on each of these 3 days.

Holy Thursday or Maundy Thursday, commemorates the Last Supper when Jesus gave his Body & Blood in the form of bread and wine to his apostles and the whole Church. It is also the time when Jesus washed the feet of his apostles as a sign of the ministry they must bring to those they would serve in Christ's Name.

The evening Mass of the Lord's Supper will be celebrated at St. Rita's Church in Ranger at 7:30

p.m., April 16. Good Friday is the day on which we celebrate the death of Jesus on the Cross. The Way of the Cross will be held at the Ranger, Eastland, Cisco and Strawn churches at 12 noon. Thus in prayer and spirit we walk with Jesus as did those loyal disciples on the day of his death. At 7:30 p.m. we will celebrate the Lord's Passion at St. Rita's Church in Ranger. This will include the Liturgy of the Word, the Veneration of the Cross and Holy Communion.

The Easter Vigil Service will begin at 9:00 p.m. Saturday, April 18 at St. Rita's in Ranger. The Vigil has four main parts: 1) The service of light when the Easter Candle, representing the Risen

Christ, is lighted from the new fire to symbolize Christ the Light of the World. 2) The Liturgy of the Word which recalls the Old Testament promises of God to Israel and their fulfillment in the Gospel account of Jesus' Resurrection. 3) The Liturgy of Baptism when adults are received into the Church and we can renew our own Baptismal Promises. 4) And finally the Liturgy of the Eucharist when the bread and wine again become the Body & Blood of Jesus Christ, our food for life eternal.

The Easter Vigil Service will take between 1 1/2 and 2 hours. The Public is welcome to attend any or all of these services. Easter Sunday Services will be: 8:00 a.m. Strawn, 9:45 a.m. Eastland, and 11:30 a.m. Cisco.

public notices

COMMODITIES
Commodities will be distributed in Cisco Tuesday, April 21, from 8 to 11 a.m. at the Gaslight Apartments on Conrad Hilton Avenue.

Carbon commodities will be distributed Thursday, April 23, from 1:30 until 2:30 from a van parked near Granny's Grocery.

AARP To Meet Thursday At 6

The Cisco Chapter No. 2447 of the American Association of Retired Persons will hold its regular monthly meeting Thursday, April 16, at 6 p.m. in the Corral Room. The health chairperson, Johnnie Jeffcoat, will be in charge of the program.

Civic League To Meet Saturday For Cleanup

Members of the Cisco Civic League will meet Saturday, April 18, at 9:00 a.m. at the old Rockwell Lumber Yard for a workday. Everyone will need to bring hoes, rakes and other equipment to work outdoors to get the area ready for the Cisco Folklife Festival.

County History Book

Deadline Is Set For May 31

Progress on Eastland County's new history book is moving along nicely even though more volunteers are still needed.

Taylor Publishing Co. Representative Jessie White and County Book Chairman Ron Bailey held meetings throughout the county this week at the various chambers of commerce, working with volunteers in making plans for the publishing of the new and updated history book.

Deadline for submission of family histories for the book is May 31, and details may be secured at either of the Chambers where finished histories may be submitted once completed.

Discussed this week were special plans for a poster contest, a contest to name the book, a cover design committee, a phone committee, a mailing list committee, field representatives, editors, and others.

Persons who are interested in working in either of these fields may contact Bailey who may be reached at 629-2365 after 6 p.m., or the local chamber.

Interest in the book is great and many people are already working on their family histories - but to be complete, it's going to have to include everybody, and everybody is invited and urged to help make this history book complete.

Every segment of Eastland County's history should be up-dated in the book, and every family - whether oldtimers or newcomers - should be included in the book.

The mailing addresses of the five chambers of commerce in Eastland County are as follows:

Cisco Chamber of Commerce-105 E. 4th St.,

Cisco, Texas 76437
Gorman Chamber of Commerce - Box 266, Gorman, Texas 76454

Eastland Chamber of Commerce - 102 S. Seaman, Eastland, Texas 76448

Ranger Chamber of Commerce - P.O. Box 57, Ranger, Texas 76470

Rising Star Chamber of Commerce-Box 65, Rising Star, Texas 76471.

Pizzas Can Be Picked Up Wed. At Chesley Field

Anyone who has not picked up their pizzas from the Cisco Band Boosters' Club may do so Wednesday, April 15, from 5 to 7 p.m. at the concession stand at Chesley Field, according to Mike Pitman, president of the band boosters.

The truck that was to deliver the pizzas to Cisco last Thursday was detained

due to snow storms and did not arrive in Cisco until Friday. Mr. Pittman said that the club tried to notify all those who had ordered pizza but were unable to do so. He offered the club's apology for any inconvenience this delay caused. He added that anyone needing more information may call him after 6 p.m. at 442-2071.

American Cancer Society Fund Drive Is Set

The American Cancer Society Fund Drive will be held April 20-25 in Cisco. Dale Stewart, American Cancer Drive Chairman said there is still a need for volunteers and if anyone wants to help they may call Dale at 442-4280 or stop by his house at 411 East 22nd Street in Cisco.

Mabel Thetford and Mr. and Mrs. Bob Bevers will be canvassing the downtown area for the Cancer Crusade this week and next week. There will be other familiar

people who will be knocking on doors to collect funds next week. If anyone wishes to volunteer for this Cancer Drive they may stop by the Cisco Press, 700 Conrad Hilton Ave., to pick up their volunteer packet and they may get in touch with Dale to see what part of Cisco still needs volunteers.

The American Cancer Society said that everyone should know cancer's warning signals. They are: a

Wanda's Corner

by Wanda Hallmark

It's time to go out to the ball-fields and enjoy an evening of fun. The Cisco Little League will begin their games this Friday. It's really a lot of fun to watch those little ones in T-Ball. Sometimes it's more fun to watch the parents of the little ones.

The schedule for the Cisco Softball League was not ready by presstime, but they will begin playing soon. So make plans to go out and have fun and also encourage our Cisco youth.

I saw Leigh Callarman and Ingrid Valek running Sunday afternoon. They will be going to Stephenville on May 1 and 2 for a regional track meet with the other members of the CHS track team. When they qualify at regional (and they will) they will be able to go to the State Track Meet that will be held on May 15 and 16 in Austin.

There are some very impressive Cisco High School varsity and junior varsity track team members this year.

Mike Pittman, president of the Band Boosters, said that the truck that was due in last Thursday to deliver the pizzas that the CHS Band members sell to make money was snow bound and didn't arrive until Friday.

Mike tried to notify everyone who ordered pizzas but he was unable to do so. He said that they will sell the pizzas on Wednesday, April 15, in the concession stand at the Cisco football field from 5 to 7 p.m.

So if you didn't get your pizza be sure to stop by Wednesday to pick them up.

Over 300 people attended the combined Easter services held last Sunday at First Baptist Church. Rev. Ken Diehm, pastor of the United Methodist Church was the speaker. He gave a very interesting message.

The freeze that surprised everyone a couple of weeks ago really did some damage to the fruit trees, but my mom was wondering how the oak and pecan trees will do after the freeze. I called Crystal Wilbanks from the Eastland County Extension Agency and she said that the oak trees will leaf again, but there probably won't be any acorns on them this year.

Crystal also said that if the pecans trees were budding out when the freeze hit that they will put out secondary buds and on a good strong pecan trees there will be about a 75 percent of the ordinary crop of pecans. But if the tree is small they will probably only produce about 10 to 20 percent of the normal crop of nuts.

CHS Golf A Team Places Second In District 13-AA Tournament

The Cisco High School Golf A-team placed second in the completion of the District 13-AA golf tournament. The tournament was held in Hico for two games and one game in Comanche. Eastland A-team came in first, De Leon third, Eastland B-team fourth, Hico A-team fifth, Dublin sixth, Ranger seventh, Hico B-team eighth and Cisco B-team, ninth.

Cisco's A team total score for the district meets was 1177. Members of the team and their individual scores are:

Steve Abbott- 100, 94, 106, total 300.
 Doug Whitt- 106, 101, 100, total 309.
 Jason Phillips- 107, 97, 108, total 312.
 Lonnie Pevey- 111, 100, 111, total 322.
 Wayne White who teaches the team said the A-team will go to Regional play off held in Stephenville on April 29-30.

Mr. White said the Cisco B-team worked real hard this year and they have learned a lot this year. Team members on the B-team are, Dusty Walton, Aaron Whitley, Dusty Schaefer and Jeff Roark.

Project Graduation Is Planning Rummage Sale For Saturday

Project Graduation is planning to have a rummage sale on Saturday, April 25, from 9 a. m. until 4 p.m. at First United Methodist Church. Barbara Nixon is handling the arrangements.

Items for the rummage sale should have them at the church Friday afternoon, April 24.

Money raised at the sale will be used by Project Graduation.

card of thanks

The children and family of Mr. and Mrs. W.D. Batteas, 301 West 9th Street want to extend our deepest appreciation to the people of Cisco and especially to the Cisco Volunteer Fire Department and Police Department.

In the early morning hours of April 2 they were called to our parents home and the call was answered almost immediately. Our mom and dad escaped the fire with no injuries and were taken care of in the kindest way with the utmost attention. Thanks to their hard work we did manage to save the most important contents of the home- 67 years of memories (pictures, etc...). These men, having already had one fire that night, still worked tirelessly for many hours.

They were most courteous, kind, caring, and considerate at all times, helping in every way possible.

The citizens of Cisco are indeed fortunate to have these men. We do appreciate them so very much and thank them from the bottom of our hearts.

We would also like to express our appreciation for the help and acts of kindness offered by the many friends of our parents. They had many offers of food, money, clothes and furniture.

It is at times like these that make one realize how much friendship and love really mean.

The Children and Family Of
 W.D. & Oneta Batteas

BIG BASS- Bo Wheat, well known local fisherman, caught this bass recently at Lake Cisco. He guessed the fish weighed between 5 and 6 pounds.

Life On The Quiet Side

I WANT MY CHILDREN TO HAVE ALL THE ADVANTAGES I CAN GIVE

By Sandra Prickett (Copied)

I want my children to have all the advantages I can give:

Such as having to earn their own allowance by running errands, cutting lawns.

Such as getting good grades in school - getting them because they want to, and because they know what it would do to me if they didn't.

Such as being proud to be clean and neat and decent.

Such as standing up and standing proud when their country's flag goes by.

Such as addressing elder friends of their parents as "sir" and "ma'am."

Such as having to earn their own way in the world and knowing they have to prepare for it by hard work, hard study, and sacrificing some of the pleasures and ease their friends may get from too indulgent parents.

These are the advantages I want my children to have, because these are the things which will make them self-respecting and self-reliant and successful. And that is the happiness I want them to have.

Daughter Of Civic League Member Tells Of Past Festivals

By SHELLY SMOTHERS

As April rolls around, if you are related to or even know a member of Cisco Civic League, you can tell it is almost time for Folklife Festival. I am the daughter of a charter member, and since this is the 14th festival I can not remember a time knowing anything else.

It is always fun even though it does get hectic. Through the year I have modeled in the Style Show numerous times, dressed like a clown and sold balloons, helped clean tables in the food area, ridden on many floats, and learned to work in several of the demonstrations. In August I have put on my long dress and yellow and white checkered apron, the working outfit for Civic League members during Folklife Festival and made rush

lights and hoe cakes at the Texas Folklife Festival in San Antonio.

Everyone in the Cisco Civic League member's family is involved in the Folklife Festival. I have two older sisters who are now married, have children of their own, and are now members of the Civic League themselves. I expect to see my nieces and nephew doing all the things I have done and having all the fun I have had.

Town & Country To Help With Muscular Dystrophy

In celebration of St. Patrick's Day, Town & Country customers had a chance to help the Muscular Dystrophy Association. From March 1 through March 17, customers could purchase a shamrock mobile with their name on it for \$1.00, to be placed on display in the store. A string of shamrocks hanging from the ceiling in 112 Town & Country stores throughout West Texas and New Mexico netted \$13,935.56 for the Muscular Dystrophy Association. This is an

average of \$124.42 per store.

This program was one of several that Town & Country uses throughout the year to raise funds for the MDA and Jerry's Telethon on Labor Day each year. Over the past six years, Town & Country Food stores has contributed over a quarter of a million dollars to the Muscular Dystrophy Association's search for a cure to neuromuscular diseases.

Keep Lake Cisco Clean

By SANDRA PRICKETT
 Lake Cisco is a beautiful lake. Many live at the lake and enjoy its beauty year round and countless others enjoy it seasonally.

We often read of other lakes and rivers that have become so polluted that swimming and even wading is discouraged.

Most people polluters do not do so intentionally. They just don't think. Let's not be shy about reminding others. I've seen people throw cigarettes, spit tobacco, throw cans and particles of food into the lake, without making a comment. Am I

not as guilty as they? And yes, on occasion, have even thoughtlessly abused our lake.

Throwing cans into the lake or polluting the lake in any way is illegal.

If each boater, swimmer - each person who enjoys Lake Cisco in any way would think twice about polluting, I believe they would choose not to.

Trash containers on docks and boats would also be helpful.

Let's all work together to keep the waters of Lake Cisco pollution free - one of the cleanest lakes in Texas.

Wedding Bells

Sam V. And Addie Fae Collins Celebrate Fortieth

Sam V. and Addie Fae (Mounce) Collins celebrated their Fortieth Wedding Anniversary Wednesday, April 15. They were married April 15, 1947, in Carbon, by Brother Ben Clements. The Collins' have one son and one daughter. Their son and daughter-in-law Vincon L. and Donna live in Odessa.

Their daughter and son-in-law, Audrey Fae and Danny R. Hobbs live in Eastland. They also have seven grandchildren, Mitchell and Brian Collins and Will, Kevin, Bruce, Sam and Leah Hobbs.

Mr. Collins has done farming and ranching and worked for the City of Eastland. Mrs. Collins is a housewife.

4-H Program Sees Much Progress Since 1908

COLLEGE STATION--Leadership and youth development are two major goals of the Texas 4-H Club program, as demonstrated many times during the past 79 years since 4-H training was launched in the state in 1908.

Corn clubs and tomato clubs were the forerunners of present 4-H Clubs in Texas. When the 75th anniversary of 4-H work in the state was observed in 1983 in Austin, a member of the original Jack County Corn Club for boys attended, along with two representatives of the first Milam County Tomato Club for girls.

Ardra Hannah, who had resided for many years in the Burwick community 10 miles west of Jacksboro, represented the Corn Club which was organized in 1908 by the late Marks, a part-time agent of the federal government and also editor of "The Jacksboro News." Hannah and his wife made the trip to Austin on Feb. 16, 1983 to take part in the anniversary observance at the State Capitol.

The Hannahs at that time described the 75 years of youth work--along with the historical 4-H program--as "among the best days of our lives."

Last month, on March 13, Ardra Hannah, then 90 and the last known surviving member of the original 24

Corn Club members, died. Following his early days as a Corn Club member--when he and the other youths assembled by Marks learned and applied newly recommended practices for growing corn for increased yields--he continued his strong interest in youth work as a life-long 4-H supporter.

Memorials in Hannah's name may be made to the Texas 4-H Foundation and sent to Preston Sides, Extension 4-H specialist, 312 USDA Building, College Station, Texas 77843. Sides said the Texas 4-H Foundation Board plans to name a memorial scholarship for Hannah.

Hannah's support to 4-H, as well as his leadership and dedication to the youth program for almost 80 years, had made him a role model for many young Texans, Sides noted. "He certainly made a lasting contribution to youth," Sides said.

Also taking part in the 1983 75th anniversary observance of 4-H work in Texas were two members of the first Milam County Tomato Club, Mrs. W.E. Greenwood of Rockdale and Mrs. Zeta Gandy of Milano. Both of the Tomato Club members are still active and doing well, said Mrs. Chris Holcombe, Milam County Extension agent for home economics.

Farmers To Cut Plantings, Economy Cause

COLLEGE STATION--Farmers intend to cut crop plantings substantially this year because of low prices and abundant supplies and to comply with the government's farm program.

Hay and peanut acreage, however, is expected to increase slightly, says Dr. Carl Anderson, economist with the Texas Agricultural Extension Service, The Texas A&M University System. "Because of depressed farm income, adverse weather and the resulting financial stress, Texas farmers plan to cut acreage much more than farmers across the nation," Anderson points out.

"It is estimated that about 2,900 Texas farmers were forced out of agriculture due to financial distress during 1986," he notes. "About half

of those are in the most intensified farming areas of West Texas. The financial pressure is forcing a drop in cotton acreage in Texas, where half the nation's cotton acreage is usually planted. Texas is the only state across the Cotton Belt reporting a drop in acreage."

Most farmers are participating in the government acreage reduction programs, notes the economist. The Conservation Reserve Program and the 50/92 Program also are contributing to fewer acres planted to crops.

"Despite the cutback in plantings, farm income in 1987 is expected to improve because of large government payments and slightly higher crop and livestock prices," Anderson points out.

Margaret Lamkin-Mark Eaves Wed In Double Ring Ceremony

Margaret Jo Lamkin and Mark Eaves, both of Dallas, were united in marriage in a double ring ceremony at the Emmaus Baptist Church in Poquoson, Virginia at three o'clock in the afternoon on Saturday, March 21, 1987.

Rev. Jack Lawson, Jr. officiated.

The bride is the daughter of Mr. and Mrs. Gordon E. Lamkin, Jr. of Poquoson, and the bridegroom is the son of Mr. and Mrs. Delmon Eaves of Gorman, Texas.

The bride, given in marriage by her father, wore a tea length dress of ivory satin with an overlay of ivory lace. The dropped waistline was accented with an ivory satin bow. She wore a Juliet fingertip veil, and carried a bridal bouquet of a white orchid arrangement on a white bible.

Beth Lamkin of Kitty Hawk, N.C. was her sister's maid of honor. She wore a tea length dress of royal blue silk.

Delmon Eaves, father of the groom, served as best man. Ushers were Gordon Lamkin, III, brother of the bride of Poquoson and Randy Lewis of Ennis, Texas.

The bride's mother wore a light blue dress, and the groom's mother wore a dress of rose pink accented in raspberry color. They wore matching corsages in the raspberry color.

The bride's parents hosted the reception in the church social hall. The bride's table was covered with a white lace over white cloth and featured the three-tiered wedding cake decorated with beautiful fresh flowers and the horse-shoe shaped chocolate groom's cake. Hors d'oeuvres were also served.

The rehearsal dinner was hosted by the groom's parents in the Sheraton Hotel in Hampton, Va. on Friday night.

Following a wedding trip to Acapulco, Mexico, the couple will be at home in Dallas.

The bride is a flight attendant for the Piedmont Airlines and the groom is Head Golf Pro at the Oak Cliff Country Club.

Grandmothers of the couple are Mrs. Carl Styles of Burnsville, N.C. and Mrs. F.C. Eaves of Gorman,

Texas. Deliah Eaves of Ennis, sister of the groom, attended the wedding.

Jail Standards, Funding For Library Items At Commissioners Meeting

An important agenda item at County Commissioners Court on Monday, April 13, concerned Jail Standards and a jail inspection report and compliance of the county facility.

County Judge Scott Bailey, who presided at the meeting, asked Sheriff Don Underwood: "Do you feel like we're in pretty good shape on the last (State) inspection?"

"All except some of the light fixtures, and this is mainly structural," the Sheriff replied.

"We need to bring this jail up to where it will pass inspection no matter what we have to do later," Billy Bacon, commissioner of Pct. 4, said.

Judge Bailey said this would take 20-ft. candlepower lights where the structure now has 12 candlepower, a requirement that was not in effect when the \$1 million building was constructed seven years ago.

The Judge also said that the county had been granted a 30-day extension on the State Jail Standards Commission's order that Eastland County Commissioners bring them a long-range plan for larger jails. This latest extension will expire on May 31.

A wide range of topics occupied the Commissioners during the rest of the morning and afternoon meetings. A group of citizens from the Eastland Memorial Library staff and Friends of the Library group requested that the County increase funding for the library from \$300 per year to \$200 per month or \$2400 per year.

Larry Vernon spoke for the group, telling of the expansion of the Library services and its programs. Eastland Memorial Library is now a member of the Big Country Library System, Vernon explained. He told how Helen Osburn, librarian, a Green Thumb Worker and a staff of 15 volunteer workers keeps the facility open 31 hours per week. He told of the work of Hazel Taylor of the Thursday Afternoon Club, which operates the Library.

Judge Bailey states that the Court would try to work something out on the new budget, but indicated that he felt each Precinct should have an equal share of funds allotted for Libraries, fire protection and indigent care. In the past this has come from Revenue Sharing - now those funds have been phased out.

Richard Robinson, Pct. 1, said: "I belong to your (Library) organization - I'll try to help you."

Other Commissioners also indicated some support.

In other business, the Commissioners gave unanimous approval of the appointment of Dr. Charles Barnes of Rising Star to fill a vacancy in the Child Welfare Board caused by the resignation of Danny Hughes.

Also approved were all necessary expenditures to activate the Eastland County Court, which is expected to be set up as soon as the bill is signed by the Governor. The measure which recently passed the House and Senate, will give concurrent jurisdiction to county and district courts.

Another item on the agenda was a request that the Commissioners close a road in Pct. 4. This is a one-half section of the old Bankhead Highway just out of the Cisco City Limits N.W. of town. Jamie Fry, who spoke for the closing of the road, said that this area had become almost a public nuisance - it was a dump ground on the north edge of Cisco City Cemetery. People also go through there to spotlight and shoot and drink beer.

Norman C. Gilbert spoke against the closing of the road, stating that although he agreed with the conditions described, the road closing and the extra gate it would cause would make it more difficult for him to get to the hospital quickly when he became ill. "Sometimes fifteen minutes can mean the difference between life and death for me," he said.

son seconded the motion. In the vote which followed Norman Christian, Pct. 2, and L.T. Owen, Pct. 3, abstained from approval, which left the vote a tie.

Judge Bailey broke the tie by voting to close the road. He suggested that some negotiation be made on a cattle guard for Mr. Gilbert, but that this lay outside the realm of the county jurisdiction.

Ronnie Ledbetter of Ledbetter Insurance in Cisco discussed the matter of insurance proposals. He said that he was concerned "that we want to hand some business to someone in Austin", meaning the Texas Association of Counties.

Judge Bailey replied that it was his feeling that "we ought to allow the Texas Association of Counties to write any insurance they could." He told how the Association had given \$4800 on rebate in premiums to the

county. Ledbetter replied that his company would have no trouble competing. "Make those people bid on it," he said. "Eastland County has been able to stay in the voluntary market here. The Association is made up of counties who cannot get insurance."

The Court decided to get a hard and fast proposition before making a decision on the matter.

During the meeting Norman Christian reported that he just had one bid on the sale of a Pct. 2 Motor Grader. This was from CDL Construction Co. of Dublin, Texas for \$3500. This sale was approved by the Court.

Also approved was a lease-purchase bid from Hood-King Motor Co. on a 1985 Model Dump Truck which has never been used. This will be for \$739.73 for 60 months, and then the county will

4-H NEWS

By Crystal Wilbanks,
County Agent —

The 4-H Horse Project is having their monthly meeting Saturday, April 8th at 1:00 p.m. at the Ranger Jaycee Arena. Dr. Paul Duncan will present a program on horse health. Everyone is invited to attend and bring your horse if you have one. We will also practice for the upcoming playday schedule for Sunday, April 26th at 1:00 p.m. at the Eastland County Livestock Arena.

have the option of purchasing the vehicle for \$1.

Richard Robinson, who will use the vehicle in Pct. 1, said that this lease will eliminate the need for several small trucks which are now in use.

In a road-crossing approval, Warnie Kanady of Nimrod Drilling Co. was granted permission to cross a county road in Pct. 3 with a pipeline.

Commodities Distribution

EASTLAND: Commodities will be distributed in Eastland on Wednesday, April 22, at the Senior Center on Park Hill. The time will be 8:30 a.m. to 11 a.m.

GORMAN: Commodities will be distributed in Gorman on Wednesday, April 22, from 1:30 to 3 p.m. at the Senior Center.

CARBON: Commodities will be distributed in Carbon on Thursday, April 23, from 1:30 p.m. to 2:30 p.m. from a van parked near Granny's Grocery.

DESDEMONA: Commodities will be distributed in Desdemona on Thursday, April 23, at the Community Center in the old school. The time will be 3 p.m. to 3:30 p.m.

Poet's Corner

EASTER TO ME
As dawn spreads across the morning sky
We see three crosses standing side by side
The pain and suffering showing on each face
When death comes and takes its place

Thunder rolling from hill to hill
Lightning flashing everywhere
His voice comes to answer me
This is my beloved son, in whom I am well pleased

As they lay my Lord in the tomb
My world seems to come to an end
My heart is heavy, my eyes fill with tears
My hopes and dreams seem to disappear

An Angels voice says loud and clear
Why are you staring? He is not here
Good news travels from shore to shore
My Lord lives forever more.
Bob Harbin

Campus Revival To Be Held April 23 & 24 At Baptist Center

PAUL MINTS

RANDY ROGERS

The Baptist Student Union of Cisco Junior College will be sponsoring a Campus Revival April 23-24 at the Baptist Student Center located at the southwest corner of the CJC Campus. Services will begin each evening at 7 p.m.

The theme for this campus revival will be "Giving Our Lives" based on Romans 12:1-2. Preparation work for the campus revival has been under the direction of the HSU Council.

Preacher for the revival services will be Paul Mints, a Junior student at Hardin

Simmons University. Paul is from Sweetwater and is currently serving as a College Intern on the staff of Pioneer Drive Baptist Church in Abilene. He has preached in several area churches and has been involved in mission trips to Montana and Colorado.

The music will be under the direction of Randy Rogers, a Freshman at HSU. Randy is from Dallas and has been actively involved in ministry for the past several years. He has been involved in Choir Tours and served

with a team on a Mission Trip to Africa. He is an accomplished pianist and is also currently serving as a College Intern on the staff at Pioneer Drive Baptist Church in Abilene.

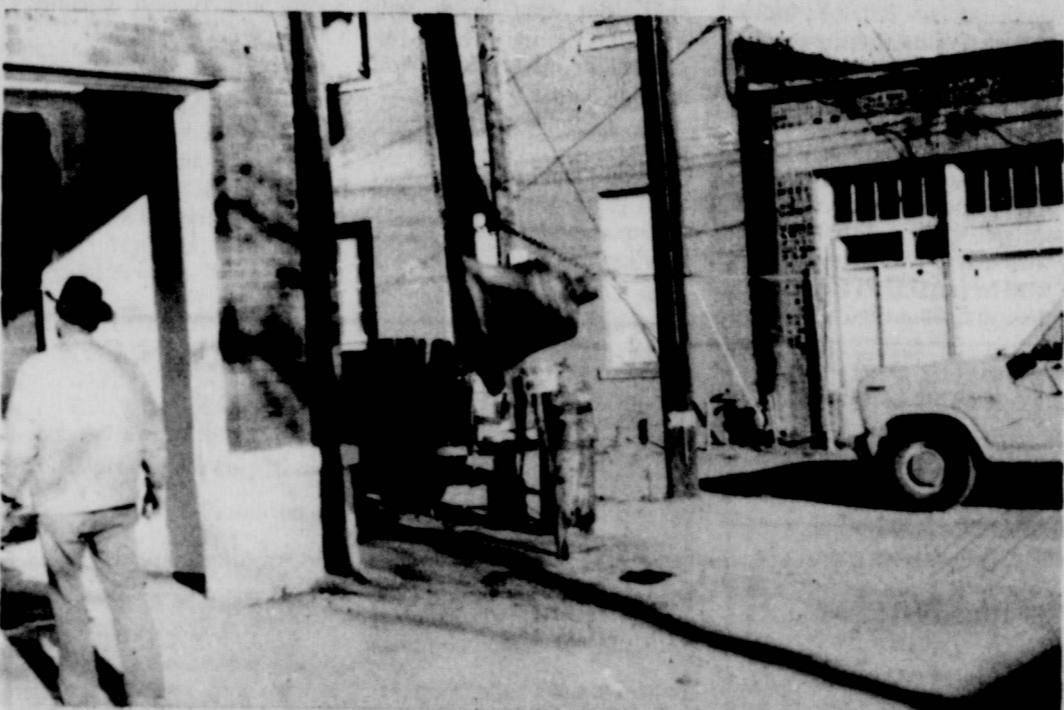

The BSU Council invites everyone to the Cisco area to join them for these special revival services.

Microwave Cooking School To Be April 16

Are you using your microwave to its fullest, or do you use it only to reheat and defrost? A microwave oven can do so much more. The WTU Electric Living Consultants from Abilene will be demonstrating a variety of recipes including complete meals on new Amana Radaranges.

Save yourself time and energy when cooking and cleaning by learning new techniques using the most convenient kitchen appliance, the microwave oven. Microwaves not only save electrical energy, but help you have a cooler kitchen during those air-conditioning months. Come join WTU for free instruction and tasting of the microwaved foods. Everyone attending will receive a microwave brochure full of information and a free gift. A drawing for door prizes will highlight the evening.

Call your WTU local office at 442-1233 to make your reservation. We hope to see you at the Microwave Cooking School on Thursday, April 16, at 7 p.m. at the Conrad Hilton Community Center in Cisco.

CITY OF CISCO EMPLOYEES are shown in the above photo last Friday, lowering the bell that was on top of City Hall located on West 7th Street. The bell had to be removed from the top of the building so the roof could be repaired. The bell was lowered by using a winch truck on the west side of the building to hold the bell with a chain. It took three employees to push the bell over the east side of City Hall and five men on the ground below to keep the bell pulled out from the side of the building with a tow rope. The bell weighs from 300 to 400 pounds. It is in storage now, according to Mike Moore, city manager. It will be cleaned up and then it will be decided what will be done with the bell. The casting date on the bell is 1899. (Staff Photo)

MORAN NEWS

By Mrs. Luke Huskey

Musical

Mrs. John Hightower of Cincinnati, Ohio, Mrs. Morris Smith of Plainview, Mrs. Helen Hodges of Roby and M. H. Gore of Brownwood visited with Mr. and Mrs. Thomas Holland, Melvin and Russell, and Mr. and Mrs. Ezra Weir Saturday.

BINGO

There were no jackpot winners for the bingo games at the American Legion Hall in Moran Friday night. There was a total of 57 players and \$780.00 was given away. Helen Brewer of Cisco and Pearl Blacely of Baird were the winners of the winner take all game, dividing \$247.00. This week the main jackpot will be \$359.00 and the mini jackpot will be \$100.00.

Bingo games are held each Friday night at the American Legion Hall in Moran starting at 7 p.m.

MUSICAL

Remember the Moran Country Musical will be held on Friday night, April 24, at the Moran Community Center with Sid Vick of Breckenridge as master of ceremonies. Admission is free. A concession stand will be open at 6 p.m. with the musical to start at 7 p.m. The public is invited to attend, and all musicians are invited to come and be in the musical.

Mr. and Mrs. Alvin Huskey III of Big Spring spent the weekend with his mother, Mrs. Alvin Huskey, and other relatives.

Mr. and Mrs. Harold Taggart of Toronto, Ohio, visited with their son, Wayne Taggart, Mrs. Taggart, and family last week.

Mr. and Mrs. Mark Stovall and baby of Oklahoma spent the weekend with his parents, Mr. and Mrs. Fred Stovall, Jr.

Walter McCollum of

Breckenridge was greeting friends in Moran Sunday and attended the Methodist Church. He stated that his daughter-in-law, Katherine McCollum, had fallen and broken her leg and was receiving treatment in the Breckenridge hospital. Katherine and Ray are former residents of Moran.

Lila Livingston of Dallas was a visitor in Moran for the weekend.

Mr. and Mrs. Jon Clack and baby of Russellville, Ark., are spending the week with his parents, Rev. and Mrs. Jack Clack.

BAKE SALE

The Gad-A-Bout Club will have a bake sale on Friday, April 17, at the Moran Coffee Shop, starting at 9 a.m., according to a spokesperson for the club.

Mrs. Marie Johnston and daughter of Austin, were recent visitors of her father, Will English, and with Miss Margie English.

Moran and community are having beautiful spring weather with warm days and cool nights. The wild flowers are beginning to bloom, and the countryside will be beautiful in another week or two. Drive around and look.

Mr. and Mrs. Larry Mohon of Houston spent the weekend at their home in Moran.

Obituaries

Don Callaway

CISCO—Funeral services for Don Callaway, 57, of Lake Brownwood were held at 2 p.m. Monday, April 13, 1987, at the Davis-Morris Funeral Home Chapel in Brownwood with Herschel McDonald and Paul Hays officiating. Burial was in Greenleaf Cemetery.

Mr. Callaway died Friday at an Abilene hospital. He was born in Callahan County, and moved to Lake Brownwood 10 years ago.

He was a carpenter. He was a member of the Church of Christ and the Mullin Masonic Lodge No. 806. He was a member of the Veterans of Foreign Wars.

Survivors include his wife, Linda Callaway of Lake Brownwood; two daughters, Donna Lee Smoot of Angleton and Ruth Ann Smalley of Goldthwaite; his mother, Faye Callaway of Cisco; two brothers, Wayne Callaway of Rising Star and Jack Callaway of Germany; a sister, Barbara Nichols of Abilene; three stepdaughters, Rhonda Bush of Lake Brownwood, and Debra Gresham and Sharon Gilbert, both of Brownwood; a stepson, James Sibley of Cisco; and nine grandchildren.

Luther Hayes

CISCO—Luther L. Hayes, 80, of Cisco died Saturday, April 11, 1987, at a Big Spring

hospital. Funeral services were held at 10 a.m. Monday at Oakwood Cemetery with the Rev. Kenneth Breeze, pastor of First Christian Church, officiating, directed by Kimbrough Funeral Home.

Born Nov. 21, 1906, in Seiling, Okla., he moved to Cisco in 1962. He married Linnie Leona Mills June 11, 1943, in Ruston, La. She died April 21, 1984.

He retired from the U.S. Army in 1962 and was a member of the American Legion and the First Christian Church.

Survivors include his friends, Buster and Frances Frailey of Cisco.

John Yardley

CISCO-- John Dalton Yardley, 77, died Saturday, April 11, 1987, at an Abilene hospital. Services were held at 2 p.m. Monday, April 13, 1987, at the First Baptist Church with the Rev. Jesse Cassle officiating, assisted by the Rev. Buddy Sipe. Burial was in Oakwood Cemetery, directed by Kimbrough Funeral Home.

He was born July 15, 1909 in O'Brien. He moved to Cisco in 1923 and married Winnie Lou Rodgers, February 24, 1939 in Cisco.

He owned the Spot restaurant for 42 years. He was a member of the board of regents of Cisco Junior College and a Chamber of Commerce Redcoat. He was a member of the First Baptist Church.

His wife preceded him in death, March 9, 1980.

Survivors include a son, Charles Yardley of Cisco; two daughters, Janey Moore and Linda Taylor, both of Abilene; three brothers, Leo Yardley of Minden, La., Belton Yardley of La Mesa, Calif., and Paul Yardley of Abilene; seven grandchildren and one great grandchild.

Named as pallbearers were Scott Moore, Chris Moore, Randahl Lohse, Linton Battaes, Ike Taylor and Tim Taylor.

Kayla Burgess

GORMAN - Kayla Dale Burgess, infant daughter of Gary Dale and Evelyn Ann Burgess, died Saturday at a De Leon hospital.

Services were held Sunday at the Oaklawn Cemetery with Ron Carroll officiating, directed by Higginbotham Funeral Home.

She was born in De Leon. In addition to her parents, she is survived by three sisters, Shawnda Burgess, Ginger Burgess and Sonya Burgess, all of Gorman; and her grandparents, Frank and Ima Jean Busby of Brownwood and Mrs. Rayford Burgess of Gorman.

Pete Lomeli

RANGER - Pete "Huerta" Lomeli, 42, died Friday at an Abilene hospital.

Services were held Sunday at 2:30 p.m. at the Merriman Baptist Church with the Rev. Chuck Clabourn officiating, assisted by the Rev. Haston Brewer. Burial was in Evergreen Cemetery, directed by Edwards Funeral Home.

Born in Ranger, he was a longtime Eastland County resident.

He was a paving contractor.

Survivors include his wife, Rita Rutledge Lomeli; of Ranger; a son, Pete Lomeli Jr. of Amarillo; two stepdaughters, Annette Lomeli of Amarillo and Amanda Howell of Ranger; four brothers, Johnny Lomeli of Findlay, Ohio, Severro Lomeli of Napoleon, Ohio, and Manuel Hernandez and Victor Huerta, both of Ranger; and two sisters, Lucy Bermudaz of Leipsie, Ohio, and Rita Campa of La Puente, Calif.

Vera Keith

Vera Keith died Monday at her home in Eastland. Service will be held 10:30 a.m. Thursday in Bakker Funeral Home Chapel in Eastland. Rev. Haston Brewer will officiate

assisted by Rev. Dale Noska. Burial will be held in Eastland Cemetery.

She was born in Brown County, Texas and moved to Eastland in 1969 from Big Springs. She was a member of the Bethel Baptist Church and the widow of L.D. Keith. Survivors included one son, M.H. Farmer, Maysville, Ok.; one daughter Dianne Thames,

Fort Worth; three brothers J.D. Bedford, Corsicana, Leo Bedford, Wichita Falls, and Wylie Bedford; two sisters Myrtle Estes, Trinidad and Ella Seymour, Athens, Texas; five grandchildren and five great grandchildren.

Wiley Williams

Services are pending at Cisco Funeral Home for Wiley Williams, 77, of Cisco.

Mr. Williams died Tuesday morning at Hendrick hospital in Abilene.

COUPON COOKBOOK CORNER

Marlon Joyce

CINNAMON ROLLS WITH ICING

One of the most delicious, easy to prepare convenient products on the market is Pillsbury Cinnamon Rolls with Icing. They make a very special treat for your Easter morning brunch. I use them often for desserts and breakfasts with orange juice or milk. There is no more convenient way to get freshly baked cinnamon rolls. The strong cinnamon flavor smells delicious cooking in your oven. The creamy vanilla icing comes ready to spread on top. It is irresistible. You and your family and guests will love its wonderful cinnamon taste, warm freshly baked flavor and delicious icing. Pillsbury Cinnamon Rolls with Icing are something you should always have on hand to make any snack special. To prepare, heat oven to 400°F. Grease around cake pan. Replace any loose topping. Bake at 400°F for 13 to 17 minutes or until golden brown. Remove from pan. Spread hot rolls with icing. Serve warm. To reheat: Wrap in foil, heat at 350°F for 6 to 8 minutes.

EASY CHICKEN PIE (Makes 4 to 6 servings.)

American cuisine has wonderful characteristics which can be attributed to the regional diversity of the people throughout the land. For example, Mid-westerners enjoy hearty food influenced by their German, Polish and Swedish heritages. This Heartland recipe comes from Good Cook Across America, an excellent, colorful cookbook by Kitchen Bouquet® featuring wonderful American cuisine from all over America. You can get this cookbook FREE by sending a self-addressed, stamped, 8" x 10" envelope to: The HVR Company, Corporate Communications, Free Kitchen Bouquet Cookbook Offer, P.O. Box 24305, Oakland, CA 94623

- | | |
|--|-----------------------------|
| 2 chicken breasts, skinned and boned | 1 cup dry white wine |
| 1 small onion, cut up | 1/4 cup butter* |
| 2 carrots, cut in julienne strips | 1/3 cup flour |
| 1 cup fresh garden peas or frozen peas | 1/2 teaspoon salt |
| | 1 teaspoon Kitchen Bouquet® |
| | 1 refrigerated pie crust |

Cook chicken, onion, carrots and peas in 2 cups simmering salted water and wine until tender, about 20 minutes. Drain, reserving broth. Cut chicken into pieces. In a large skillet, melt butter. Blend flour, salt and Kitchen Bouquet®. Add reserved broth all at once. Cook and stir until bubbly and thick. Stir in chicken and vegetables and pour into 2-quart casserole. Refrigerate, if desired, until ready to bake. Fit and shape pie crust over casserole. Brush with Kitchen Bouquet®. Bake at 375°F for 30 minutes. Serve with Bibb lettuce and watercress salad with cucumber dressing. Offer poached apples or pears for dessert with crumbled blue cheese. Make chicken vegetable filling ahead to save last-minute hassle.

Tornado season time for following funnels

WASHINGTON - America's annual tornado chase is getting under way as meteorologists try to track, measure and eventually find ways to predict the devastating whirlwinds that wreak havoc on parts of the nation.

This year's intense research effort lasts from April 1 to June 1, with scientists using equipment as sophisticated as new style radars and computers and as common as balloons and chase vans.

In a typical year, tornadoes kill about 100 people and do millions of dollars in damage. They can strike in any state, although the storms are most common in the Midwest, especially in so-called Tornado Alley, ranging through Nebraska, Kansas, Oklahoma and Texas.

Perhaps the most daring research effort involves placing a package of weather instruments directly in the path of a tornado to measure its strength.

The power of these storms is obvious to anyone who has seen the twisted wreckage and toll of dead and injured in their wake. But until last year no exact measurements had been available, because no weather instruments that happened to encounter a twister ever had survived to tell the tale.

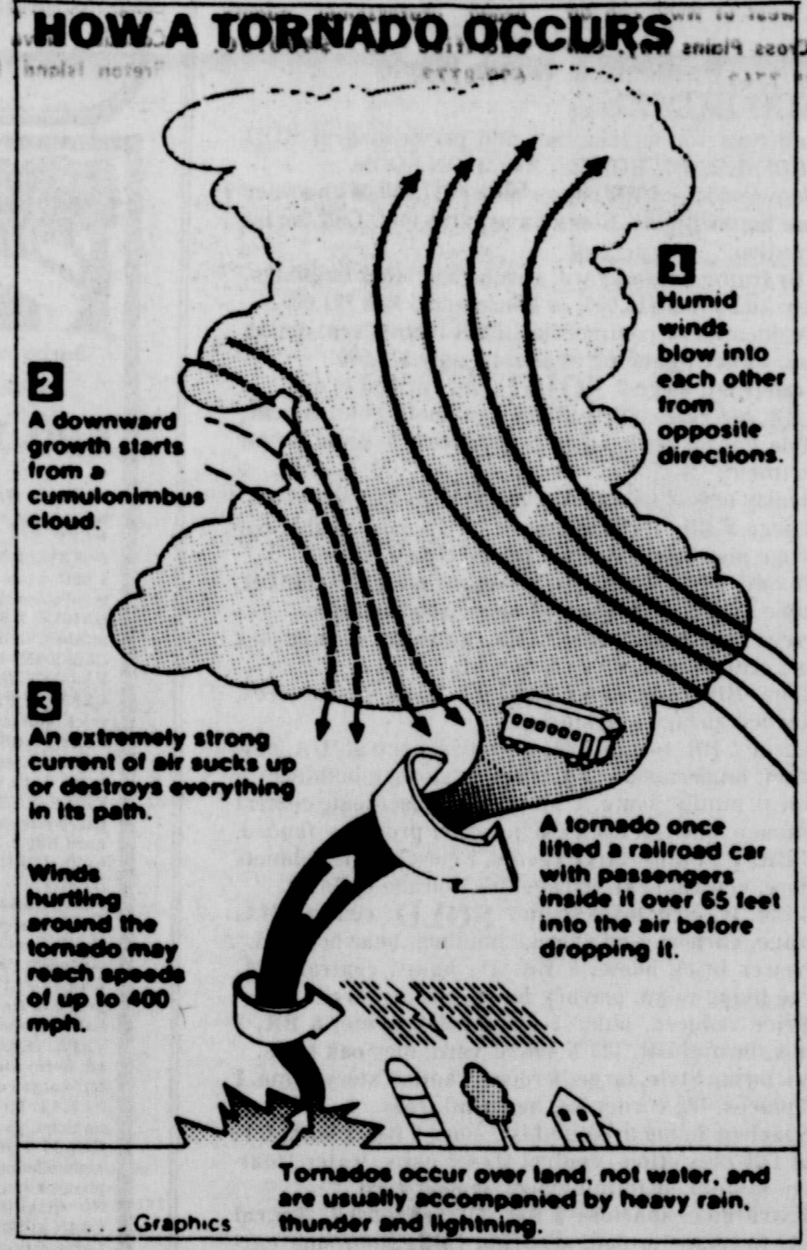

Finally, after several years of trying, the first success in that program was scored near Ardmore, Okla., last April 29, when a specially designed package of instruments was dropped into the path of a tornado by scientists, who then sped to safety.

It turned out to be a relatively weak storm, with wind speeds of 69 miles per hour, but it at least furnished the first experience of exact measurements.

This year the effort continues, with scientists from the National Severe Storms Laboratory in Norman, Okla., hoping to find a more powerful tornado to measure.

The instrument package also measured a drop in air pressure in the Ardmore storm and took photographs. The device is known as TOTO, an acronym for Tornado Observing Tower, a name that also recalls Dorothy's dog, Toto, which was swept up with her in a whirlwind in the Wizard of Oz.

In addition to the renewed observatory studies, a second van-riding group will get underway, launching balloons carrying instruments to obtain meteorological readings in the upper air in the area of twisters.

PAT ISBELL, MEMBER OF THE Cisco Civic League is shown in the above photo giving a spinning wheel demonstration. Try your hand at spinning... several drop spindles will be available at the Cisco Folklife Festival.

League Members Make Old Lumberyard Live

Tumbleweeds and trash were blowing about their feet in 1984 when a small group of Cisco Civic League members first surveyed the historic, abandoned Rockwell Lumber Yard as a prospective site for their Big Country celebration, the Annual Folklife Festival.

Once a vital part of the bustling, early Texas oil, coal, railroad and agricultural community, the lumber yard had long been closed and was falling victim to neglect, disuse and vandalism. Gigantic trumpet

vines had invaded several buildings, producing distorted walls and floors, and prompting the name of a "de-vine" window.

With the blessing of the property's new owners, Cisco Junior College, a steering committee planned and schemed to find ways to make the property safe for public use, restoring it within its character, while keeping it functional for active community use — all within minimally budgeted funds.

An immediate priority was

to clean up weeds, vines, rotting wood and litter. Volunteers consisting of members, husbands, children and friends were quickly enlisted. During one

cold, rainy workday, upright 2x4's were removed from the lumber sheds to make convenient booths which could be used by craftspeople to display their wares, or by those interested in demonstrating pioneer skills. Fill dirt was hauled in by truck in an attempt to solve a standing water problem present under most of

the outbuildings. On several workdays it was not unusual to see lady volunteers swinging shovelfuls of dirt to properly distribute it. Assisted by heavy equipment provided and manned by EnRe Corporation several ditches were cut which were designed to relieve future drainage problems.

Professional carpenters, electricians, plumbers and City of Cisco crews were enlisted to assist with rewiring, replumbing, flooring, reroofing and grounds preparation. Because of limited funds only the most essential work would be accomplished.

Situated on an approximate two acre site, the lumber yard with its buildings and outdoor sheds is a natural location for community activities. Following the erection of two large colorful tents in the center of the complex, the arrival of all the craftspeople with their wares, the Civic League's pioneer displays and the aromatic foods being prepared on the grounds, the area indeed took on a festive atmosphere.

This year as usual the club ladies are actively planning workdays to prepare the historic site for the next phase of revitalization in order to be ready by opening date.

For a West Texas family festival that you won't forget, plan to visit Cisco's Folklife Festival May 2-3, 1987. The Festival opens immediately after a 10 a.m. downtown parade on Saturday, May 2, and will be open also on Sunday, May 3, from 12 noon until 5 p.m. For more information, contact the Cisco Chamber of Commerce at 817-442-2547, or Folklife Festival, Cisco Civic League, PO Box 411, Cisco, Texas 76437.

Track Team To Travel To Stephenville May 1&2

Members of the Cisco High School track team will travel to Stephenville on May 1 and 2 for a regional track meet. The state track meet will be held in Austin on May 15 and 16. Students who will travel to Stephenville and the events they will be participating in are:

card of thanks
We would like to thank everyone for their time and efforts put in during the Blood Drive held at E.L. Graham Memorial Hospital last week.

We would like to thank the Cisco Press for the excellent coverage that they gave the Blood Drive.
We would like to thank the ones who donated blood and to the ones who helped us with the Meek Blood Bank Blood Drive.
Thank you again, the members of the E.L. Graham Hospital Auxiliary.

J.C. McDaniel Of Cisco College Attends Stephenville Meeting

Change begets change. And nowhere is this more true than in mathematics and its teaching, according to the prominent mathematician, Dr. Henry Pollak. The former chief mathematician for Bell Laboratories and former president of the Mathematical Association of America, in an address to the Association's Texas Section meeting at Tarleton State University in Stephenville on April 24, advised his listeners to expect widespread changes in the mathematics taught in schools and colleges due to changes in technology, changes in the applications of mathematics, and changes in mathematics itself.

J. C. McDaniel attended the meeting from Cisco Junior College.

Dr. Pollak, highly respected among international mathematics educators, pointed out that since the advent of the electronic calculator and the computer, it is no longer necessary to spend 1,000 elementary school days teaching addition, subtraction, multiplication, and division. But it will be more important than ever to know

when to multiply or divide. The need to teach probability, understanding of data, and more geometry than at present means that more mathematical specialists will be needed as teachers in the lower grades.

The Mathematical Association of America is a national organization of approximately 25,000 mathematicians and professors of mathematics. The Texas Section of the Association has almost 1,000 members. There were about 250 in attendance at the Stephenville meeting. The program was comprised of six major addresses and 25 contributed papers.

REPRINTED FROM ABILENE REPORTER NEWS

An Easter Sunday tradition

State's 'best' began as one man's vision

By ROY A. JONES II

CISCO — The Kendrick Easter Pageant, an Easter Sunday tradition that has been seen by an estimated 1,000,000 persons, began as one man's vision on a lonely highway.

It was a cold morning in February 1965. A "sleepy" Phil "Shorty" Kendrick was en route to Fort Worth, hauling a truckload of eggs from his family's poultry farm, when he was jolted to his senses.

"All of a sudden, the Lord appeared before me in the road," Shorty said. "He said, 'I've got something for you to do.' He wanted me to present an Easter pageant."

"We'd had a family gospel quartet all my life, and had put on summer musicals at our home for years, but this was a really big production he was talking about," Shorty said.

As soon as he got home, Shorty explained the vision to his parents, Mr. and Mrs. J. H. Kendrick — known to two generations of area gospel music fans as "Mom" and "Pop."

After praying about it overnight, "Pop" made his decision. "He (Shorty) could have asked to turn this place into a beer joint or a dance hall or some thing of detriment. Let's do it."

Thus was born the Kendrick Easter Pageant.

The 23rd annual Easter presentation will be next Sunday. It has been hailed by *Texas Monthly* magazine as the "best outdoor drama in the state."

□□□
If the rest of Shorty's family needed divine reassurance of his vision, they got it the very first year.

The Kendricks rearranged their yard and built two stages — one over the swimming pool for outdoor scenes and another on top of the bathroom for indoor scenes.

To help draw a crowd at the unusual hour of 3:30 on Easter morning, they offered a free brea. fast after the performance.

"We were prepared to feed 500, and 5,000 showed up for the first show," Mrs. Kendrick said. "We were more than a little concerned. Then it got worse. The cook we'd hired didn't show up."

"And the Lord wasn't there with loaves and fishes to feed the multitude."

"But he took care of it," Shorty exclaimed. "What happened was nothing short of a miracle."

"During the crucifixion, (one of the pageant's last scenes), a really bad, blue norther blew in hard and most of the crowd forgot about eating. The cast members helped with the cooking and we fed just under 500."

In subsequent years, the Easter crowd has ranged from a low of 5,000 ("It was 23 degrees that morning," Shorty said,) to a high of more than 20,000.

"The biggest one was in 1970," he said. *Progressive Farmer* magazine had come out with a three-page color story on it in March. We registered people from 26 states that year, but they were coming in so fast we couldn't register them all."

The seating area could accommodate 100,000, and there is parking space for 10,000 cars, Shorty said.

Kent Bridges will portray the crucified Jesus for the ninth year in the 23rd Annual Kendrick Easter Pageant.

Too, the Kendricks regret that this year's visitors will witness some unfortunate pageant history. For the first time, the resurrection scene will not be presented right at sunrise.

When Congress moved the effective date of daylight-saving time from the last Sunday in April to the first Sunday, it shot holes in the pageant's traditional timetable.

"There are types of people you can't get to church if you led them with a rope. But we've had them come here out of curiosity, and write us later that they had surrendered their life to the Lord because of what they'd seen. That's what keeps us going. You can't put a price tag on a soul."

— Mrs. Kendrick

"We thought about changing our starting time to 4:30 to make it work out right, but we decided against it," Shorty said. "We've been starting at 3:30 since the beginning, and that's what folks who come from all over the country would expect."

Trying to be positive, Kendrick said the earlier completion (by 5:30 a.m.) means people who live within an hour or so of the

Time change won't delay pageant start

CISCO — The 23rd annual Kendrick Easter Pageant will begin at 3:30 a.m. Sunday, April 19, at the Kendrick Amphitheater, located midway between Cisco and Eastland on U.S. Highway 80.

"The Life of Christ," from biblical through resurrection, is portrayed in 68 scenes by a cast of Christian people representing several religious denominations.

The drama is non-denominational, with the script taken straight from the King James version of the Bible. Admission to the pageant is free. A free will offering will be collected.

Free parking and overnight camping space is available on the grounds.

Visitors are advised to bring folding chairs or quilts to sit on the grassy slope that faces the 365-foot-long stage.

The stage includes 12 acting areas, including two two-story towers, a miniature, running River of Jordan, and a small Sea of Galilee. A camel, donkeys and sheep lend authenticity to some of the scenes.

For those arriving early, live gospel music will be presented beginning at 1 a.m.

The pageant will conclude about 5:30 a.m., rather than at sunrise as in all previous years.

"We are a casualty of daylight-savings time," said producer Phil "Shorty" Kendrick.

During Easter weekend, the Kendrick Religious Diorama and Museum, also located on the pageant grounds, will be open from 10 a.m. Saturday through 4 p.m. Easter Sunday, except during the pageant presentation.

The diorama includes scenes from the Bible with 140 life-size figures. Admission is \$2.50 for adults and \$2 for children 6 through 11.

For further information, call (817) 629-8672.

out of curiosity, and write us later that they had surrendered their life to the Lord because of what they'd seen. That's what keeps us going. You can't put a price tag on a soul."

"Pop" Kendrick died in 1980 as he was preparing to take the family's camel to Abilene to film a commercial about the pageant. His tomb overlooks the amphitheater.

Shorty has been the producer-director from the beginning, and another son, Pierre, has been the narrator most of the time.

Mom's sister, Dixie LeFevre, has been in the cast for nine years.

The pageant is a family affair for many others, too. Kent Bridges, 26, a licensed vocational nurse from Gorman, will mark his 18th Easter pageant this year, the last eight as the adult Christ. "He started out playing the little boy Jesus," Shorty said.

His parents, George and Jimmie Bridges, and his sister, Rosemary, have been in the cast for more than 16 years.

Dave Loran, a cast member for seven years, said playing Pilate is an emotional experience for him. "He was like a lot of politicians nowadays," he said. "He had to go along with the crowd to be popular."

I've Been Wrong Before

by Gordon S. Clark

Meanings of words change with use so as to render translation of older writings a bit hazardous at times. Some even acquire exact opposite meanings as "hussy" which originally meant a good housewife and later indicated a woman who was a gad-about. Nostalgia once meant violent homesickness of the sort credited with actually causing the death of many of the Hessian soldiers the British brought in to fight against the American revolutionaries. Then the word was used to designate a slightly morbid yearning for the irrecoverable past. Now it has included even the slightly wistful even pleasant recollection. We would hardly consider it morbid if one smile or joke about some of that history of Eastland County, would we? Whether recent past or ancient history it is as beyond recall as recall meaning recovering rather than recollection.

Would you recall the Pepsi singing commercial that went "---nickle nickle, nickle, nickle, trickle, trickle, trickle, trickle---"?

The last nickle Cokes I drank were at the old feed store that I first recall as Castleberry's, then Jake

Heat From The Kitchen

By Bernice Prescott

"When in danger, when in doubt; run in circles, scream and shout."

This appears to be the motto of numerous state government officials, who hysterically claim that unless taxes are increased all government departments, including education, will be shut down.

The loss of revenue from a troubled oil industry coupled with the increasing cost of increasing crime rates has sent our state into a financial tailspin and those in charge of government have yet to find the controls. They have been too busy screaming for a parachute of more taxes.

What if -- when Federal Judge Justice ordered our state to provide more amenities for the criminal element, our state officials said, "NO way"? If Judge Justice imposed his \$800,000 day fine, and our state officials again said, "No", what would Judge Justice have done? Arrested our state? Ousted it from the Union? Or backed down?

The pay-as-we-go rule of our state constitution intended that we live within our means, not increase taxes to maintain a lifestyle to which politicians and bureaucrats

WINNER ANNOUNCED

Patty Flippen, nurses' aide at Eastland Manor, edged out twenty other employees by soliciting the most donations in behalf of the National Arthritis Foundation. Patty brought in \$60 for this worthy cause. In return for her hard work, Patty received a certificate for dinner for two at J.J.'s EXPRESS here in Eastland. Congratulations Patty! We're proud of you.

Morgan ran it and Ed Sargent worked there. I took one of the Calif. kinkfolk who had five kids in there just to see his reaction as I put nickles into that machine and handed him and the kids each a bottle. He leaned close and whispered, "Is this for real or is that d--- machine broke?"

Of singing commercials the memory stirs deeper dust as when Mrs. R. was no proud of having a TV before the rest of us common folk got hooked on or by one.

On a second visit I asked her how it was working and she said she was just sick about it. She was deeply religious and it seemed that shortly before I arrived the apple of his mother's eye came into the kitchen singing a catchy beer commercial. A wonderful means of education, the TV.

How about the collision I saw on the old way bridge that used to cross the Leon on north Seaman? They came together with a bang and bounced back. Each surveyed the damage and one seemingly had none. The other allowed that he could beat the bent bumper back in shape easily so they laughed and went their ways.

Today a collision at equal speed would result in endless reports to the Dept. of Public Safety, insurance companies, and maybe suits for whiplash. Repairs? FANTASTIC.

Hard Facts About Easter Eggs

COLLEGE STATION—One of Nature's most nutritionally dense foods may be hiding in your Easter basket, disguised as an egg.

"Eggs are a good source of iron, vitamin A, and riboflavin which are part of the Recommended Dietary Allowance," says Texas A&M University Agricultural Extension Service nutritionist Marilyn Haggard.

Eggs are considered nutritionally dense because of the large amount of nutrients they provide per calorie. This makes them popular with weight conscious consumers.

According to Haggard, they are also light on the budget. By government standards, one dozen large eggs weigh 24 ounces which makes it easy to figure out their cost efficiency. For example, if one dozen large eggs cost 90 cents, that means they are 60 cents a pound, compared to over one dollar a pound for meat and other sources of protein.

"Cholesterol levels should also be considered," cautions Haggard. "Eggs are high in cholesterol, which has been linked to heart disease. If your doctor has put you on a low cholesterol diet, just eat the whites as all the fat and cholesterol are contained in the yolk."

To hard cook eggs, place them in a pan and cover them with an inch of water. Bring them to a boil, simmer for 20 minutes, then cool immediately. Haggard says to make sure the eggs are hard after boiling, but that over-boiling causes the whites to become rubbery.

Hard cooked Easter eggs will last, unpeeled in the refrigerator, up to a week, Haggard mentions. Don't keep them in your basket too long though, they'll only last 2 or 3 days at room temperature.

Merriman Baptist Bible Message

Merriman Baptist Church will be featuring Uncle Bob-O and Aunt Alice, with illustrated Bible messages, songs and clowns tricks along with "Skipper" and "Princess", Sunday, April 19 at 10:30 a.m.

"Skipper" a real live monkey is the only Gospel Monkey known and "Princess" is the Super Dog. Bus rides will be available please call 647-3521 or 629-1124.

Mary Ann Mobley To Endorse Mode O' Day

Mode O' Day, the nation's largest franchisor of women's fashion specialty stores, announces the exclusive signing of Mary Ann Mobley, star of stage, screen, television and former Miss America, as its celebrity spokeswoman.

The Mode O' Day store in Eastland is owned and operated by Ethleen Johnson, who is thrilled to have Mary Ann Mobley affiliated with her Company and her store. Says Ethleen, "Mary Ann Mobley is a woman that my customers can really relate to. Mary Ann is beautiful yes, but more than that, she's hard-working, independent, plus she's a devoted family woman who is gracious and charming. She has personally selected the fashions she wears in our ads, our mailers and our signs, and she looks sensational. Our customers have the opportunity to look as fabulous as a Miss America!"

Says Mary Ann Mobley, "I fondly remember the Mode O' Day store in my home town of Brandon, Mississippi, and the warm, caring woman who owned the store. Mode O' Day stores offer fashion value with incredible personal service that has become hard to find these days. Our stores stand behind their product and their service. I'm proud to be a part of the team."

Mode O' Day, founded in 1932 as the Mode O' Day Company, has a network of over 400 franchised stores in 27 states, selling current fashion at affordable prices in an attractive, inviting retail environment.

Ethleen has owned her Mode O' Day store in Eastland for 11 years.

MARY ANN MOBLEY As a woman who "has it all"—personal and professional success—Mary Ann Mobley is a natural to endorse Mode O' Day's four hundred-plus franchised ladies apparel stores, almost exclusively owned and operated by women. Said Company President Jerry Rogoway: "Mary Ann Mobley has both a rewarding, fulfilling career, and a role she cherishes as wife and mother. She exemplifies the personality and professionally successful American woman Mode O' Day believes in."

Balancing frequent television and film appearances, guest speaking engagements, numerous philanthropic and humanitarian causes, and dedication to her family with her appearances on behalf of Mode O' Day, Mary Ann Mobley is one of the few to make the transition from beauty queen to respected actress. Her extensive musical and dramatic training include acting studies

with the renowned Lee Strasberg and Wynn Handman in New York.

Following her Broadway debut in the musical "Nowhere to Go But Up," Mary Ann grew to love musical theatre, and often guest stars in Broadway-caliber, summer-stock productions of "Brigadoon," "Oklahoma," "Cabaret," and "Hello, Dolly."

Beneath the sweet southern gentility, though, is a strong, courageous woman. Few know that Mary Ann Mobley, guest star on "The Love Boat," "Fantasy Island," "Different Strokes" and other television programs, is also a veteran documentary film maker, frequently braving intolerable conditions to expose famine and deprivation in Cambodia and Africa. A tireless fundraiser for a host of children's charities including SHARE, Inc., the March of Dimes and the United Cerebral Palsy Association, Mary Ann Mobley generously devotes her time and attention to these and other worthy causes.

She is an extraordinary woman, and Mode O' Day is proud she has chosen to represent the Company's four hundred-plus franchises. Mode O' Day storeowners and customers have quite a role model in Mary Ann Mobley.

WORD OF GOD

The Way of Love concluded

But when that which is perfect is come, then that which is in part shall be done away.

When I was a child, I spake as a child, I understood as a child, I thought as a child; but when I became a man, I put away childish things.

For now we see through a glass, darkly; but then face to face; now I know in part; but then shall I know even as also I am known.

And now abideth faith, hope, charity, these three; but the greatest of these is charity.

1 Corinthians 13:10-13

D.F. Eaves Family Attends Wedding Tours Historical Sights

Delmon and Joyce Eaves of the Kokomo Community and their son, Mark Eaves of Dallas and their daughter, Deliah Eaves and her fiancé, Randy Lewis of Ennis departed DFW airport on Wednesday, March 18, 1987 for Poquoson, Virginia and Mark's wedding to Margaret Jo Lamkin on Saturday, March 21.

They landed at Norfolk, Va., rented a car and drove to their hotel in Hampton, Va. They spent Thursday touring Colonial Williamsburg, Va., the restored capital of eighteenth-century Virginia, seeing the original and reconstructed homes, Governor's Palace, shops and buildings of the 1700's. There were craft programs that preserve and demonstrate over thirty eighteenth-century trades and a program of living historical interpretation that brings the colonial past to life. They were dinner guests in the Lamkin home on Thursday evening. Other guests were Mrs.

Lamkin's mother and sister and children.

On Friday, Joyce and Deliah enjoyed a shopping trip while Delmon, Mark, Randy and Pops Lamkin played golf at the Hampton Country Club.

At 6:00 p.m. on Friday, Mr. and Mrs. Eaves hosted the rehearsal dinner for the wedding party in the Sheraton Hotel in Hampton. After the wedding and reception at the Emmaus Baptist Church in Poquoson at 3:00 p.m. on Saturday, they visited in the home of the brides' parents, Mr. and Mrs. Gordon E. Lamkin, Jr. in Poquoson.

Sunday was another day of touring historical sites at Fort Monroe, Va. on Chesapeake Bay and the Visitor Center at the NASA Langley Research Center, a journey into the past and the future. The Center was the home of the first U.S. manned space program, Project Mercury, and the original seven astronauts received their training there. Programs now underway are

developing the technology for an advanced aero-space plane and materials and methods for constructing large structures in space. Leaving Norfolk at 6:00 p.m. on Sunday they arrived back at DFW about 8:00 p.m. took Deliah and Randy to Ennis and then on home to Kokomo for the happy occasion of the wedding and a wonderful vacation trip.

OIL NEWS

NEW TESTS

Expanding Energy Corp., Midland, will drill a wildcat, No. 1 Clydell Lewis, to 3,800 feet in the Duffer 7 miles south of Ranger on a 355-acre lease. It spots 1,300 feet south and 600 feet west, David Butler, A-16.

GAS COMPLETIONS Richey & Co. Inc., Fort Worth, completed No. 2 Livingston in the Snow (Duffer) 8 miles north of Eastland. It spots 2,400 feet north and 1,820 feet west, Section 18, Block 4, H&TC, A-967.

Absolute open flow was 500,000 cubic feet of dry gas from perforations at 3,736-46. Total depth, 3,916 feet; plug back, 3,916; top of pay, 3,736; 4 1/2-inch casing set at 3,914. Acidized with 500 gallons 10 percent MMR; fraced with 17,000 gallons foam and 24,000 pounds sand.

Tops reported: Caddo Lime, 3,135 feet; Marble Falls, 3,428 feet; Ranger Sand, 3,596; Duffer Lime, 3,736.

Grover Chenoweth Co., Ranger, completed No. 1A J. Williamson in the Lake Leon (Duffer) 5 miles south of Ranger. It spots 759 feet south and 7,664 feet west, Elizabeth Finley, A-119.

Absolute open flow was 200,000 cubic feet of .46 degree gravity liquid hydrocarbon and 150,000 cubic feet/barrel of gas-liquid hydro ration gas daily from perforations at 3,369-73 feet. Total depth was 3,652; top of pay, 3,369; 4 1/2-inch casing was set at 3,552. Acidized with 750 gallons 15 percent HCl.

Tops reported: Upper Ranger, 3,104 feet; Lower Ranger, 3,130; Duffer, 3,358.

Thursday, April 16, 1987

Son-Rise Celebration

The Eastland County Christian Center will be celebrating the resurrection of Jesus Christ this year with festivities beginning Saturday evening, April 18. At that time a contemporary Christian music concert will be presented under the stars at the church property on the Miracle Mile across from Wal-Mart. AZANIAH, a musical group from Tulsa, Oklahoma, will be ministering at 7 p.m. Several members of the group have attended Rhema Bible Training Center in Tulsa and have a burden to minister to saint and sinner alike with the goods news of Jesus Christ. Their music style is upbeat and refreshing, designed to meet people's needs where they are. They have written much of their own material and are currently making plans to publish an album.

will be delivering the message and AZANIAH will minister in music. Immediately following the sunrise service, members of the church will be preparing a delicious pancake breakfast for all those who have attended the service.

The normal morning service will begin at 10:00 a.m. with Chester Jones, a 1985 graduate of Rhema Bible Training Center speaking on "Love and Unity in the Body of Christ". Rev. Jones has been a pastor in Goldonna, Louisiana and ministers with a pastor's anointing. Pastor Maugh will close the weekend celebration with the evening service at 6:00 p.m. Sunday.

The church is located on highway 80 east across from the Wal-Mart department store in Eastland and everyone is invited to attend all of the celebration services. Admission is free to the AZANIAH concert on Saturday evening, however a free-will offering will be received to cover their travel expenses and bless them in their ministry.

For 1986, tax reform still allows most taxpayers to take the full \$2,000 IRA deduction...same as before!
Current Rate - 7 1/2% Guaranteed One Year!

IRA: Still The Tax Break To Take.

Anyone not in a qualified retirement plan can still contribute up to \$2,000 and take the full \$2,000 deduction.
Anyone who is in a qualified retirement plan can still contribute to an IRA. The deductible amount depends on your income level. When adjusted gross income is under \$40,000 (\$25,000 for singles), the full \$2,000 deduction can be taken. Married couples can take up to \$4,000 if both work and each earns at least \$2,000.
No deductible IRA contribution can be made by those with adjusted gross incomes of more than \$50,000 (\$35,000 for singles).
When adjusted gross income falls between \$40,000 and \$50,000 (\$25,000 and \$35,000 for singles) the \$2,000 IRA deduction is reduced. These taxpayers can deduct \$200 worth

of IRA contribution for every \$1,000 in income below the \$50,000 and \$35,000 ceilings.
Even if your income level makes you ineligible for a deduction, you can still enjoy the advantages of tax-deferred earnings on your contributions.
Make a contribution by April 15, 1987 and deduct it on your 1986 tax return.
With tax-deductible contributions and tax-deferred earnings, the IRA is still the break to take.
Your local Farm Bureau agent has all the details to help you open an IRA or to rollover an existing IRA to Farm Bureau. We're here to clear up the effects of tax reform on IRA's for you. Call today.

Archaeological Display Set Up

In Hilton Community Center

For the enjoyment of the visitors to the Hilton Community Center in Cisco, the Hilton Board of Trustees has made arrangements with the Texas Institute of Texan Cultures to display "Archeology in Texas" from mid-April to mid-May. The exhibit will be viewable during normal Chamber of Commerce hours and on the weekends during regular building tour hours.

People have been explor-

ing and settling Texas for at least 12,000 years, but less than 500 years of this exciting history are recorded. This exhibit helps explore how archeological research helps today's Texans gain an understanding of the State's first inhabitants. It also teaches how to recognize archeological sites and artifacts, and to protect them, since they are an important part of Texas' heritage.

This exhibit is one of more than a dozen different travel-

ing exhibits available from the Institute of Texas Cultures for display in schools, libraries, businesses and other places. The Institute is a statewide learning and communications center concerned with the ethnic, cultural and folk history of Texas. For more information about traveling exhibits or other programs write the Institute of Texas Cultures, P.O. Box 1226, San Antonio, Texas 78294 or call (512) 226-7651.

Lights From The Christian World

By Josephine Cleveland

Jacob, just before his death, called his sons together and spoke to each of them. He told his first born, "You are as unstable as water, and you will not excel."

Moses said of Gad, "He provided the first part for himself..." (Deut. 33:21). Gad's philosophy was, "I'll fight the Lord's army; I'll be obedient and do everything God expects of me, but first... I've got to set-up myself and family and then I'll be free to give and do more for the Lord. The tribe

of God was pre-occupied with self-will, self-improvement, and self-interests.

Joseph's first-born was Manasseh. He should have received his birthright. But even as a child there was a sad trait developing and Jacob discerned this. Jacob said of Manasseh that he would one day forget the ways of his father, Joseph, and neglect to follow God's ways. As we consider these tribes of Israel we learn that they were unstable in spiritual conviction; never

excelling in the things of God; lukewarm and weak; ruled by selfish needs; neglecting the Word of God, making their own choices instead of trusting God; justifying their own decision; not willing to die out to all that kept them on middle ground.

This spirit is seen among those who refuse the way of the cross. Jesus tells us to "take up our cross and follow Him." He walked the way to Calvary bearing the cross that we might be set free. How can we neglect so great a salvation?

"Marie Family Singers" To Sing At "Sonrise"

Pictured is the Marie Family, gospel singing group from the Dallas metropolitan area scheduled to sing at the Kendrick Religious Pageant "The Life of Christ" on Easter Sunday preceding the pageant presentation. Singing will begin at 1:00 a.m.

Pictured L to R back row: Bob Nowlin, bass guitar with 25 years experience from Ft. Worth; Terry Capps, playing drums for 14 years, Ft. Worth; Millie and Danny Marie recording artist with 3 albums and 10 years singing together, originally from the Mississippi Gulf Coast now residing in Richardson; Richard Barron, steel guitar with 6 years experience from Roanoke; Front row - Stephanie and Chastity Marie, children of Millie and Danny, sings special numbers with the group.

Plan now to come early and hear this religious gospel group sing, witness, and give their testimonies, then see the Life of Christ Pageant for a spirit filled weekend.

We're Fighting For Your Life.

Cisco Senior Class Sponsoring Glasgow Sponsors Several Important House Bills

The Senior Class of Cisco High School, in coordination with Senior Class parents, is sponsoring their 10th Eastland County and Area High School Dance on Saturday, April 18th.

The Saturday night dance will be held at the Corral Room in downtown Cisco from 8 to 11:30 p.m. at the old Laguna Hotel at 400 North Conrad Hilton, next door to the First National Bank. The dance is for high school students only.

Disc Jockey L&L Sight & Sound will provide the music for the dance. Admission will be \$3 per person. Soft drinks will be available.

Cisco has an active group of parents, Parents for Teens, who have sponsored monthly parties for Cisco High School students for the last two years. Senior Class parents who work with Parents for Teens will serve as chaperones, in addition to other interested Senior parents, or parents from all surrounding towns are invited to also help chaperone.

Definite rules have been established for high school students as follows:

1. Only high school students will be allowed to attend the dance.
2. Students may leave the dance at any time, however, once a student leaves they may not return.
3. No drugs or alcohol will be allowed.

Says a "spokes parent" for the Senior class, "High School parents should be assured that the dance will be well chaperoned and our definite rules will be followed. Please feel secure in allowing your teenager to attend our dance, and feel free to join us if you can."

For further information please contact Joe or Jan Cooper at 442-3994 or Gus Smothers at 442-1291.

Senator Bob Glasgow (D-Stephenville) reported that he is the Senate sponsor of several House Bills designed to stimulate the stagnant Texas economy. "These bills will create needed jobs and infuse capital back into the state," Glasgow stated. Glasgow will sponsor H.B. 3, H.B. 4 and H.B. 5 as well as House Joint Resolution 5.

H.B. 4 would create the Texas Department of Commerce which would combine several existing state agencies to promote economic growth and development. "One of the most innovative aspects of this bill is that it will authorize the new Department to make loans to businesses from capital raised from the sale of general revenue bonds," Glasgow said.

The Texas Department of Commerce would be designated as the primary state economic development and marketing agency. The

agency will provide a new level of coordination and review of various economic development functions presently scattered in a number of agencies with a primary emphasis concerning small businesses.

H.B. 5 would give small businesses relief by streamlining the complicated process of obtaining business permits. H.B. 3 would set up a committee to promulgate the economic development policies for Texas. The Resolution which would be placed on the November ballot, if passed, would allow the Legislature to provide assistance to encourage economic development.

Senator Glasgow remarked that the current economic outlook is unlikely to improve unless the state takes a positive and progressive approach to foster new business growth.

Calderon from Guatemala City, Guatemala. Dr. Calderon is the National leader for the Church of God in Guatemala. Dr. Calderon began the work of the Church of God in the early 1950's. Today there is 105 congregation in Guatemala. Services will continue through Easter Sunday, April 19th.

F.F.A. News

Tarleton State University hosted the Area IV and Area VIII Future Farmers of America judging contests Saturday, April on the University Farm facilities. Several hundred FFA members and their sponsors participated in the event which included judging in eight categories: livestock, dairy, dairy products, poultry, land, range and pasture, ag mechanics and farm business management. The top ten individual finishers in each division were recognized in addition to the top ten teams. Winners will advance to the state competitions which are scheduled for later this month. Most of the state meets will be held at Texas A&M University on April 25; however, the State Land and State Range and Pasture judging will be conducted on Saturday, April 16 at Tarleton.

The contests were sponsored by the Department of Agriculture and the Department of Agricultural Education at TSU.

Area teams and placings are as follows:
Carbon - Seventh place team Land.
Cisco - Eighth place - team Ag Mechanics; Eighth place - team Range and Pasture.
Eastland - Nine place team - Poultry.

Ranger - Second place team - Dairy Products; Christina Howell Third High Individual Dairy Products; LaDawn Little Tenth High Individual Dairy Products; Tenth place - team Poultry; First place - team Range and Pasture; Johnny Boynton Second High Individual Range and Pasture; Kyle Compton Third High Individual Range and Pasture; Misty Barrett Sixth High Individual Range and Pasture; Scott Fonville Ninth High Individual Range and Pasture.

Cavanaugh Garza as Clarence Darrow

Cavanaugh Garza To Present One Man Play

Breckenridge actor Cavanaugh Garza will perform the one-man play "Clarence Darrow" at the Conrad N. Hilton Memorial Park and Community Center in Cisco, on Friday, April 24, and Saturday, April 25. The performance for both nights will begin at 8:00 p.m.

The play was written by David W. Rintels. It is based on Irving Stone's biography "Clarence Darrow For The Defense." The play takes place in the office of the famous attorney, Clarence Darrow, as he reminisces over his long and renowned career. Touching on many of his famous trials, including the significant Monkey Trial and the sensational Leopold/Loeb Trial, Darrow reviews much of America's legal history with salty humor, courtroom gusto and human relish. His own private life and many contemporary events, including labor conditions, are woven into this story of a man who accepted unpopular cases and defended unpopular causes. But this champion of dissenters and underdogs was also a writer and lecturer and in his tale he conjures up many famous people of his life and times.

The actor, Cavanaugh Garza, is a 1967 graduate of

Premont High School. He attended Cisco Junior College in Cisco. In 1972, he graduated with a Bachelor of Arts Degree from East Texas State University in Commerce. As a student of theatre at East Texas State, he received the most promising actor award and as a senior he was honored with the theatre department's most prestigious acting award, "The Golden Masque."

While studying for his master's degree, Garza received the American College Theatre Award of Excellence for the play "The Time Of Your Life," which was performed in association with the John F. Kennedy Center for the Performing Arts at the historical Ford's Theatre in Washington, D.C. He has performed Clarence Darrow in several theatres in Texas, including the Abilene Repertory Theatre in Abilene and the Harbor Playhouse in Corpus Christi.

An optional buffet dinner will be available at 6:45 p.m., Friday and Saturday, at the "Puttin' On The Ritz" Restaurant. Ticket prices

for the show are \$2.50 for adults and \$1.00 for children, so that the entire family may attend the production at a reasonable cost. Tickets may be purchased at Southwest Enterprises, Cisco Chamber of Commerce, The Lemon Tree Boutique, the First National Bank, and Cisco Junior College Executive Office in the Fine Arts Building.

"Puttin' On The Ritz," located just south of the Conrad Hilton Community Center will offer a buffet on the evenings of the play at 6:45 p.m., before the play begins. The price is \$7.00 per person. Everyone will need a reservation. The numbers to call for a reservation is 442-4099, or 442-9996, or 442-3647.

THESE PICTURES are of the Cisco Lutheran School pupils and Rev. and Mrs. Reese. He taught the school, according to Mrs. Belle Jar-muth, owner of these pictures, and she believes he should be given a suitable place in the Lutheran history of Cisco as he was a very fine devoted teacher with deep concern for each of his students. Both her sons, Bruce and Don, attended the school.

local news in brief

Ms. Billie Clark and Louise Pryor were weekend visitors in the home of their son and nephew, Mr. and Mrs. Truly Clark and family of Carthage, Texas. While there they enjoyed going on the Azalea Trail in Tyler. The Azalea Trail is a 7½ mile excursion past manicured lawns and gardens, beneath pine trees and old magnolias, along worn brick streets in one of Texas' most attractive cities. The Azaleas were a beautiful blaze of colors; another Azalea Trail feature was rides in carriages. A highlight of the weekend was the Seventh Annual Tyler Heritage on Tour featuring four residences. A lot of pictures were taken and a very good time was enjoyed by all.

births

DARRYL L. DENNIS

Darryl, Phyllis and Justin Dennis are proud to announce the arrival of their son, Darryl Lee Jr., born March 16, 1987, at their home 1003 Ave. A, Cisco, Tex.

weighed 10 pounds and measured 23 inches long. Maternal grandmother is Johnnie Chancellor of Cisco. Maternal grandparents are Mike and Arlene Dennis of Estes Park, Colorado.

JULIE NICHOLS

Mr. and Mrs. Bennie Lee Nichols proudly announce the birth of a daughter, Julie Elizabeth Nichols. She was born Tuesday, April 7, 1987, at 5:28 a.m. at Hendrick Medical Center, Abilene. She weighed eight pounds six ounces and was 20½ inches long.

Julie has one sister, Jennifer Lee Nichols, age 4.

Maternal grandparents are Mr. and Mrs. Eugene W. Oatman, Sr. of Loving, Texas. Paternal grandparents are Mr. and Mrs. Ben A. Nichols of Cisco.

WHO IS THIS YOUNG MAN? Richard Baird, son of Mr. and Mrs. L.D. Baird, of the Scranton Community, presented a program to 187 members of the Senior Center. He also helped celebrate the birthday of Mrs. Maude Bailey. Richard, an accomplished "Fiddler" and known as Yogi Baird, is often on National TV and is an artist at Nashville, Tennessee.

Combined VBS To Be Held

First Christian Church, First Presbyterian Church, and First United Methodist Church will be conducting a combined Vacation Bible School June 8-12. It will be Monday through Friday from 9 to 11:30 a.m. at First Christian Church. Helen Hounshell will serve as

director with Sarah Hounshell, Nanelle Maxwell, and Pat Dentiker assisting as coordinators. All children are welcome and there is no charge.

Use The Classifieds

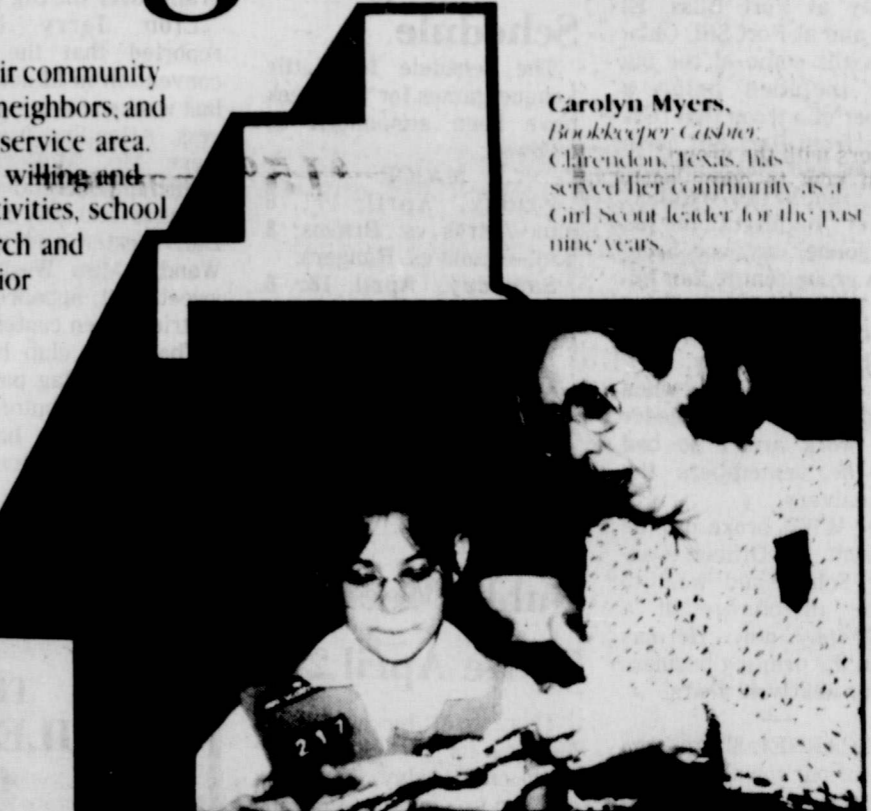

From the Red River to the Rio Grande: WTU people are good neighbors!

West Texas Utilities is proud of its employees and their community involvement. WTU people are working to help their neighbors, and to better their communities throughout the WTU service area. ■ Where there's a need, there's a WTU employee willing and able to help. They're involved in youth athletic activities, school programs, community improvement projects, church and civic affairs, as well as in volunteer work with senior citizens, ambulance services, fire departments and much more. ■ WTU people are truly good neighbors, from the Red River to the Rio Grande.

John Hudson, Serviceman, Hamlin, Texas, is a certification coordinator of training in the volunteer fire department and has served for ten years.

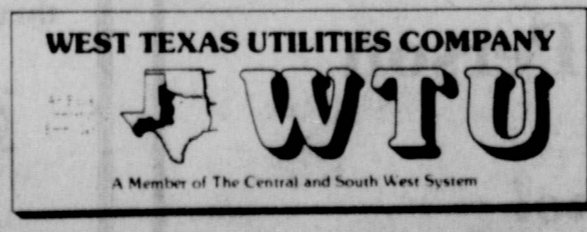

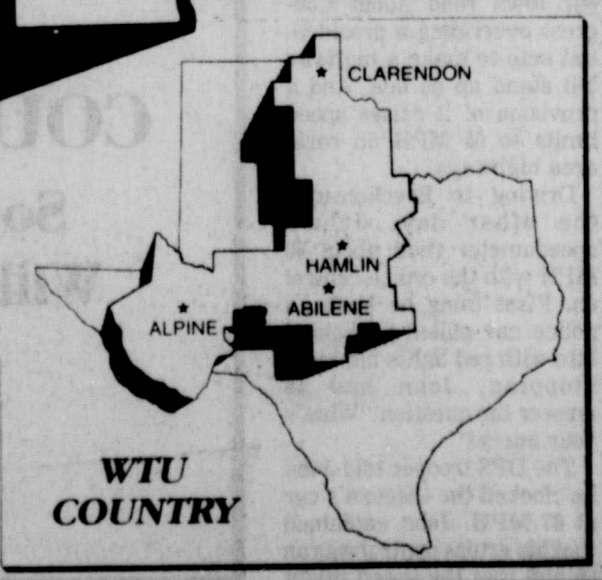

Robert Bryson, Serviceman, Alpine, Texas, is involved in many civic activities with youth, including Little League.

Carolyn Myers, Bookkeeper/Cashier, Clarendon, Texas, has served her community as a Girl Scout leader for the past nine years.

Myra Harris, Accounting Supervisor, Abilene, Texas, is much appreciated by many folks. She is a volunteer in the weatherization program.

People n Things

THERE WILL BE a meeting of the board of directors of the Structural Movers of Texas, an association of house and building moving people, in Cisco on Saturday, April 25. And they'll gather at the home of Mr. Vernon Honea, Cisco member and official, for a dinner at 6 p.m. that day.

Distinguished guests at the meeting will be Mr. James Drake of Houston, president of the International Structural Movers Association, and Mr. Kell Jones of Beaumont, state president.

Mr. Honea plans to invite area house movers to be his guests at the board meeting dinner.

HAS MR. HONEA moved any buildings of note lately? The answer is yes. He has just completed moving a historical residence in the Waco area. Next month, he has a contract to move a large and historical house in the Rockdale area. And he has bid for the contract to move another such building in the Woodville area.

Moving buildings and houses of historical importance especially interests Mr. Honea. He handles the entire jobs alone and takes pride in moving large structures with little or no damage to them. He has long been in this business that was started by his late grandfather and carried on by his late father.

WHEN THINGS GET rough and trying and the wind is blowing hard and he's uncomfortable generally, Mr. J. B. Sifton of Commercial Printing Co. remembers some of his experiences in Uncle Sam's horse cavalry. Soon after high school and just before WWII, he joined the U.S. Army and they decided he should be a horse soldier.

In the course of being a cavalryman, Joe did a tour of duty at Fort Bliss, El Paso, and at Fort Sill, Okla. He recalls some of the big deals included being a member of a troop that rode horses from Fort Sill north 100 miles and back, camping out at night in raw weather. Another highlight of his horse soldier days was being with a group sent to San Antonio to ferry horses from there back to Fort Sill. They rode them all the way. Joe says that days when the automatic press feeder won't work aren't so bad when he remembers the horse cavalry.

After WWII broke out, he was sent to Officer Candidate School and went to Europe in charge of a photography unit. He has been in the printing business here for nearly 40 years.

MR. CARREL Smith, who is one of our town's top and most frequent golfers, watched quite a lot of the big Masters Golf Tournament on TV last weekend. And he concluded that the tourney was more a matter of luck than skill. Many of the golf course greens, which were slick as glass, were on hillsides with dips and slopes.

A missed putt often rolled to the other side and even off the green. Cisco's No. 2 hole has such a slope and when the cup is placed in the middle of it, golfers have quite a hassle trying to score.

In any event, it was interesting to watch the big tourney on TV, Carrel says... The Cisco golf course, by the way, is greener right now than we can remember ever seeing it. Recent and frequent rain showers have done wonders for the grass out there.

MR. JOHN MCGUIRE of our town read about Congress overriding a presidential veto to make a highway bill stand up as law. And a provision of it raises speed limits to 65 MPH on rural area highways.

Driving to Breckenridge the other day, John's speedometer read about 60 MPH with the cruise control on. First thing he knew, a police car pulled up behind him with red lights blinking. Stopping, John had to answer the question "What's your hurry?"

The DPS trooper told John he clocked the Ciscoan's car at 67 MPH. John explained that his cruise control was on 60 and that the speed might

fluctuate between 62 and 58 but, anyhow, the speed limit had been raised to 65 MPH.

The DPser explained that the 65 MPH thing would have to be approved by the Texas Legislature even though the U.S. Congress law was passed. And he gave John a warning ticket and John drove on to Breckenridge with the cruise control holding steady at 55 MPH.

WHAT DOES Dr. Chief Brown of the chiropractic clinic do when he's off on Thursday afternoons? He works! He spent last Thursday afternoon mowing the grass around the big clinic grounds and his nearby home...

Chairman Emma Watts of the Hilton Center's board was at the Mobley last Friday to watch while a new ranger and refrigerator were being installed in the kitchen. Everything is near completion there... District Attorney Emory Walton tells us that people who are given life sentences to prison are eligible for consideration for parole after serving seven and a half years.

THE UNTIMELY passing last Friday night of Mr. J.D. Yardley was a big loss to our community as well as to his family. The long-time business and civic leader exerted a lot of influence for good in our town. He contributed generously of time and money in support of the community.

Mr. Yardley had been serving for a good many years as a member of the board of regents of Cisco Junior College. He was a long-time supporter of the CofC, his First Baptist Church and numerous community functions. His contributions were such that his memory will long be felt and this, we're sure, will provide a measure of comfort for his family and his many friends.

Little League Schedule

The schedule for Little League games for this week have been announced as follows:

MAJOR
Friday, April 17: 6 p.m.—Astros vs. Braves; 8 p.m.—Giants vs. Rangers.
Saturday, April 18: 6 p.m.—Rangers vs. Giants; 8 p.m.—Braves vs. Astros.
MINORS
Monday, April 20: 7 p.m.—Rangers vs. Giants.
Tuesday, April 21: 7 p.m.—Braves vs. Rangers.
T-Ball schedule was unavailable.

Public Meeting To Be April 21

There will be a Public Meeting for the citizens of Cisco on Tuesday, April 21, at 7 p.m. in the Conrad Hilton Community Center. The Hilton Board of Directors met last Friday and made plans to hold the Townhall meeting to tell how the Community Center is being run and other matters that will be of interest to the public.

Eris Ritchie, president of the Hilton Board of Directors, would like to invite everyone to this informative meeting.

WHEN YOU ARE 97 YEARS OLD you can really be a loveable individual, and Mrs. Maude Bailey lives up to all the expectations. A popular member of the Senior Center celebrated her birthday with 187 people helping her. Her son, Judge Scott Bailey, provided cake and ice cream for the large group.

"Citizens' Emergency Planner" Is Distributed

The City of Cisco recently prepared a guide called the "Citizens' Emergency Planner" to help its residents prepare for emergency situations. The guide in-

cludes very helpful, and possibly life-saving, information on how and what to look for in severe weather; and what to do in case of tornados, flash floods, and hazardous material accidents.

Music Program

Is Given To Lions Club

A musical program by Roy Thackerson and Al Anderson provided entertainment at the weekly luncheon of the Cisco Lions Club last Wednesday noon at Henson's Restaurant. Lion Dr. C.M. Cleveland arranged the program and introduced the musicians.

Copies of the Planner have also been provided to the Elementary School, Jr./Sr. High Schools and Cisco Junior College.

Everyone is strongly encouraged to obtain a copy of this informative and useful guide, read it carefully, and then keep it handy for quick reference just in case of some future disaster or emergency.

The Planner was prepared as a public service and is free to the citizens of Cisco. Copies of the Planner can be picked up at the following locations throughout the city: City Hall, Fire Station, First National Bank, Olney Savings, Chamber of Commerce, West Texas Utilities, Lone Star Gas, Senior Citizens Center and the Cisco Press office.

Mr. Thackerson played both the violin and guitar with Mr. Anderson accompanying him. Both are well known musicians and play frequently on C&W programs over the Big Country.

Lion Jerry McBeth reported that the district convention in Mineral Wells last weekend was a good success. Attending from Cisco were Mr. McBeth, zone chairman, Secretary Willard Johnson and Mr. and Mrs. Dan Wester and daughter Wendy, Miss Wester, club sweetheart, appeared in the district queen contest.

The Cisco club has been presented a flag patch as a 10-year contributor to the state Lions eye bank program, Mr. McBeth reported.

The Cisco Chamber of Commerce membership drive will continue through the month of April. Individual memberships are \$25 per year. Business memberships are \$40 and may be paid quarterly. For more information call the Chamber at 442-2537.

Art Students To Display Work At CJC Maner Memorial Library

The students of the Art Department of Cisco Junior College will be exhibiting their work at Maner Memorial Library on the campus of CJC during the months of April and May.

Featured are works from three classes taught by Mrs. Sue Mullinax; Drawing, Design, and Painting. The Drawing class exhibit includes still life, landscapes, portraits, and animals by Linda Brown, Coleman; and Mike Cofresi of Breckenridge. Mike Cofresi was awarded the honor of outstanding art student for the 1986-87 school year.

The Design class is showing works in various media. Tina Walker of Austin presents textural collage with a detailed pencil rendering of the same as an

example of the Design II classwork. Derek Gibson's colored pencil rendering of "shape within shapes" in an advanced design problem. He is from Forney, Texas.

Many of the works by Design I students are done in a technique using wax crayons and black marker with heat applied. Works of this kind are exhibited by James Gay, Brownwood; D'Ann Honeycutt, Lometa; Laura Hutchins, Cisco; Sabrenia Justice, Cisco; Gina Klose, Lometa; Susan McGinn, Rising Star; and Jesus Polendo, San Antonio.

The Design Class also does calligraphy, and examples by D'Ann Honeycutt and Ron Smith of Abilene are being exhibited. Linoblock prints are by Jamie Gay, D'Ann Honeycutt, Laura Hutchens, Sabrina Justrice, Susan McGinn, and Patty Tolar from Stephenville.

The Painting class presents works in oil by Jerry Bacon and Cheryl Casey of Cisco; Doris Elliott, Frances Walters and Dorothy Williams of Eastland and Ellie Green of Moran. Watercolors are by Florine Pearson of Morton

Valley. Cheryl Casey, sophomore art student was awarded the outstanding art student for the 1985-86 school year, and is the outstanding photography student for the 1986-87 school year. Oleta Shirley, director of the library, encourages

everyone who enjoys art to visit this exhibit. This is an excellent opportunity to see the many techniques of art that are taught at Cisco Junior College. Library hours are 8 to 4 and 6 to 9:30 Monday through Thursday, 8 to 4 on Friday and 6:30 to 9:30 on Sunday.
